CONTINUED INSIDE

AGENCY PUBLICATION ON ASSIGNED DAYS OF THE WEEK

The six-month trial period ended August 6. The program is being continued on a voluntary basis (see OFR notice, 41 FR 32914, August 6, 1976). The following agencies have agreed to remain in the program:

Monday	Tuesday	Wednesday	Thursday	Friday
NRC	USDA/ASCS		NRC	USDA/ASCS
DOT/COAST GUARD	USDA/APHIS		DOT/COAST GUARD	USDA/APHIS
DOT/NHTSA	USDA/FNS		DOT/NHTSA	USDA/FNS
DOT/FAA	USDA/REA		DOT/FAA	USDA/REA
DOT/OHMO	CSC		DOT/OHMO	CSC
DOT/OPSO	LABOR		DOT/OPSO	LABOR
	HEW/ADAMHA			HEW/ADAMHA
	HEW/CDC			HEW/CDC
	HEW/FDA			HEW/FDA
	HEW/HRA			HEW/HRA
	HEW/HSA			HEW/HSA
	HEW/NIH			HEW/NIH
	HEW/PHS			HEW/PHS

Documents normally scheduled on a day that will be a Federal holiday will be published the next work day following the holiday.

Comments on this program are still invited. Comments should be submitted to the Day-of-the-Week Program Coordinator, Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20108.

ATTENTION: For questions, corrections, or requests for information please see the list of telephone numbers appearing on opposite page.

federal register

Area Code 202 Phone 523-5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

USDA/AMS—Federal rice inspection services; fees reduction..... 30599; 6–16–77

List of Public Laws

NOTE: No public bills which have become law were received by the Office of the Federal Register for inclusion in today's LIST OF PUBLIC LAWS.

Table of Effective Dates and Time Periods—July 1977

This table is for use in computing dates certain in connection with documents which are published in the FEDERAL REGISTER subject to advance notice requirements or which impose time limits on public response.

Federal Agencies using this table in calculating time requirements for submissions must allow sufficient extra time for FEDERAL REGISTER scheduling procedures.

In computing dates certain, the day after publication counts as one. All succeeding days are counted except that when a date certain falls on a weekend or holiday, it is moved forward to the next Federal business day. (See 1 CFR 18.17)

A new table will be published monthly in the first issue of each month.

Dates of FR publication	15 days after publication	30 days after publication	45 days after publication	60 days after publication	90 days after publication
July 1	July 18	August 1	August 15	August 30	September 29

Title 3—The President

Executive Order 12000 • **June 29, 1977**

Exemption of Arthur S. Flemming from Mandatory Retirement

Arthur S. Flemming, Commissioner on Aging, Department of Health, Education, and Welfare, and Chairman, Commission on Civil Rights, became subject to mandatory retirement for age on June 30, 1975, under the provisions of Section 8335 of Title 5 of the United States Code unless exempted by Executive order. Arthur S. Flemming was exempted from mandatory retirement until June 30, 1976, by Executive Order No. 11869 of June 24, 1975. He was again exempted from mandatory retirement until June 30, 1977, by Executive Order No. 11924 of June 29, 1976.

In my judgment, the public interest requires that Arthur S. Flemming continue to be exempted from such mandatory retirement.

NOW, THEREFORE, by virtue of the authority vested in me by subsection (c) of Section 8335 of Title 5 of the United States Code, I hereby exempt Arthur S. Flemming from mandatory retirement until June 30, 1978.

Jimmy Carter

THE WHITE HOUSE,
June 29, 1977.

[FR Doc.77-19106 Filed 6-30-77;10:33 am]

Executive Order 12001 • June 29, 1977

Transferring Certain Bicentennial Functions to the Secretary of the Interior

By virtue of the authority vested in me by Section 7(b) of the Act of December 11, 1973 (87 Stat. 701), hereinafter referred to as the Act, Section 202(b) of the Budget and Accounting Procedures Act of 1950 (64 Stat. 838, 31 U.S.C. 581c(b)), and Section 301 of Title 3 of the United States Code, and as President of the United States of America it is hereby ordered as follows:

SECTION 1. The Secretary of the Interior, hereinafter referred to as the Secretary, shall, through existing National Park Service programs, provide for the continuation of appropriate commemoration of events relating to the American Revolution until December 31, 1983.

SEC. 2. The Secretary shall administer existing contracts and grants of the American Revolution Bicentennial Administration, hereinafter referred to as ARBA.

SEC. 3. In performing the functions described in Section 1 and 2 of this Order, the Secretary may, in addition to any other available authority, exercise the following powers under the Act which are hereby transferred to him for such purposes until December 31, 1983, except as otherwise provided in subsection (b) of this Section:

(a) All powers described in Section 2(f) of the Act with respect to the expenditure of funds donated to ARBA prior to the effective date of this Order, and the expenditure of revenues received or which may be received pursuant to contracts described in Section 2 of this Order.

(b) Until December 31, 1977, all powers exercised by ARBA prior to the effective date of this Order which relate to enforcement of Section 2(i) of the Act.

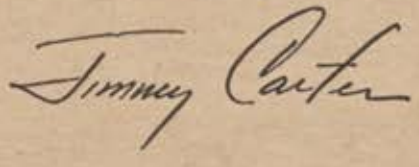
(c) All powers described in Section 5(a) of the Act.

SEC. 4. All personnel, records, property and appropriations, including all funds and revenues described in Section 3(a) of this Order, as relate to the powers and functions assigned or transferred by this Order are hereby transferred to the Secretary.

SEC. 5. The Director of the Office of Management and Budget shall make such determinations and issue such orders as may be necessary or appropriate to carry out the transfers provided by this Order.

SEC. 6. Executive Order No. 11840 of February 18, 1975, is hereby revoked.

SEC. 7. This Order shall be effective June 30, 1977.



THE WHITE HOUSE,
June 29, 1977.

[FR Doc.77-19107 Filed 6-30-77;10:34 am]

rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 1—General Provisions

CHAPTER I—ADMINISTRATIVE COMMITTEE OF THE FEDERAL REGISTER

CFR CHECKLIST

1976/1977 Issuances

This checklist, prepared by the Office of the Federal Register, is published in the first issue of each month. It is arranged in the order of CFR titles, and shows the revision date and price of the volumes of the Code of Federal Regulations issued to date for 1976 and 1977. New units issued during the month are announced on the back cover of the daily FEDERAL REGISTER as they become available.

For a Checklist of current CFR volumes comprising a complete CFR set, see the latest issue of the Cumulative List of CFR Sections Affected, which is revised monthly.

The rate for subscription service to all revised volumes issued for 1977 is $350 domestic, $75 additional for foreign mailing.

Order from Superintendent of Documents, Government Printing Office, Washington, D.C. 20402.

Title 5—Administrative Personnel

CHAPTER I—CIVIL SERVICE COMMISSION

PART 213—EXCEPTED SERVICE

Agency for International Development

AGENCY: Civil Service Commission.

ACTION: Final rule.

SUMMARY: This amendment excepts from the competitive service under Schedule C one position of Special Assistant to the Administrator because the position is confidential in nature.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

William Bohling, (202-632-4533).

Accordingly, 5 CFR 213.3368(a)(5) is amended as set out below:

§ 213.3368 Agency for International Development.

(a) *Office of the Administrator.* * * *

(5) Two Special Assistants to the Administrator.

* * * * *

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954-1958 Comp., p. 218.)

UNITED STATES CIVIL SERVICE COMMISSION,
JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.77-18885 Filed 6-30-77;8:45 am]

PART 213—EXCEPTED SERVICE

Department of Agriculture

AGENCY: Civil Service Commission.

ACTION: Final rule.

SUMMARY: This section is amended to show that one position of Deputy

for Congressional Affairs is excepted under Schedule C because it is confidential in nature.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

William Bohling, (202–632–4533).

Accordingly, 5 CFR 213.3313(c)(14) is added as set out below:

§ 213.3313 Department of Agriculture.

* * * * *

(c) *Office of the Deputy Secretary.* * *

(14) One Deputy for Congressional Affairs.

(5 U.S.C. 3301, 3302; E.O. 10577, 3 CFR 1954–1958 Comp., p. 218.)

UNITED STATES CIVIL SERVICE COMMISSION,
JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.77–18881 Filed 6–30–77;8:45 am]

PART 213—EXCEPTED SERVICE

Department of Defense

AGENCY: Civil Service Commission.

ACTION: Final rule.

SUMMARY: This amendment reestablishes under Schedule C one position of Labor Liaison Advisor to the Director, Defense Civil Preparedness Agency because of the confidential nature of the position.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

William Bohling, (202–632–4533).

Accordingly, 5 CFR 213.3306(e)(4) is added as set out below:

§ 213.3306 Department of Defense.

* * * * *

(e) *Defense Civil Preparedness Agency.* * *

(4) One Labor Liaison Adviser to the Director.

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954–1958 Comp., p. 218.)

UNITED STATES CIVIL SERVICE COMMISSION,
JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.77–18880 Filed 6–30–77;8:45 am]

PART 213—EXCEPTED SERVICE

Federal Energy Administration

AGENCY: Civil Service Commission.

ACTION: Final rule.

SUMMARY: One purpose of this amendment is to change the organizational title of the Office of the Associate Administrator for Policy and Program Evaluation to the Office of the Associate Administrator for Policy and Program Analysis to reflect an organizational redesignation. The other purpose of this amendment is to except from the competitive service under Schedule C one position of Staff Assistant to the Associate Administrator for Policy and Program Analysis because the position is confidential in nature.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

William Bohling, 202–632–4533.

Accordingly, 5 CFR 213.3388(p) is amended and (p)(2) is added as set out below:

§ 213.3388 Federal Energy Administration.

* * * * *

(p) *Office of the Associate Administrator for Policy and Program Analysis.*

(2) One Staff Assistant to the Associate Administrator.

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954–1958 Comp., p. 218).

UNITED STATES CIVIL SERVICE COMMISSION,
JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.77–19037 Filed 6–30–77;8:45 am]

PART 213—EXCEPTED SERVICE

Federal Energy Administration

AGENCY: Civil Service Commission.

ACTION: Final rule.

SUMMARY: This amendment excepts from the competitive service under Schedule C one position of Staff Assistant to the Assistant Administrator for Strategic Petroleum Reserve because the position is confidential in nature.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

William Bohling, 202–632–4533.

Accordingly, 5 CFR 213.3388(m)(2) is added as set out below:

§ 213.3388 Federal Energy Administration.

* * * * *

(m) *Office of the Assistant Administrator for Strategic Petroleum Reserve.* * *

(2) One Staff Assistant to the Assistant Administrator.

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954–1958 Comp., p. 218).

UNITED STATES CIVIL SERVICE COMMISSION,
JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.77–19036 Filed 6–30–77;8:45 am]

PART 213—EXCEPTED SERVICE

Department of Housing and Urban Development

AGENCY: Civil Service Commission.

ACTION: Final rule.

SUMMARY: One purpose of this amendment is to advise that a position recently excepted under Schedule C, Urban Policy Advisor to the Secretary, has policy-determining characteristics in addition to being confidential in nature. The other purpose of this amendment is to except under Schedule C one position of Assistant to the Urban Policy Advisor to the Secretary because the position is confidential in nature.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

William Bohling, (202–632–4533).

Accordingly, 5 CFR 213.3384(a)(62) is amended as set out below:

§ 213.3384 Department of Housing and Urban Development.

(a) *Office of the Secretary.* * *

(62) One Urban Policy Advisor to the Secretary and one Assistant to the Urban Policy Advisor to the Secretary.

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954–1958 Comp., p. 218.)

PART 213—EXCEPTED SERVICE

Department of Housing and Urban Development

AGENCY: Civil Service Commission.

ACTION: Final Rule.

SUMMARY: This amendment excepts from the competitive service under Schedule C the position of Executive Assistant to the Assistant Secretary for Neighborhood Organizations, Voluntary Associations, and Consumer Protection because the position is confidential in nature and has policy-determining characteristics.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

William Bohling (202–632–4533).

Accordingly, 5 CFR 213.3384(1) is added as set out below:

§ 213.3384 Department of Housing and Urban Development.

* * * * *

(1) *Office of the Assistant Secretary for Neighborhood Organizations, Voluntary Associations, and Consumer Protection.* * * *

(1) One Executive Assistant to the Assistant Secretary.

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954–1958 Comp., p. 218.)

PART 213—EXCEPTED SERVICE

Department of State

AGENCY: Civil Service Commission.

ACTION: Final Rule.

SUMMARY: This addition excepts from the competitive service under Schedule C the following positions because they are confidential in nature: one position of Staff Assistant to the Ambassador at Large and Special Representative of the President for the Law of the Sea Conference, two positions of Member of the Policy Planning Staff, one position of Staff Assistant to the U.S. Representative to the Council of the Organization of American States, and one position of Special Assistant to the Assistant Secretary for Public Affairs.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

William Bohling, (202–632–4533).

Accordingly, 5 CFR 213.3304(a)(27) is amended, (a)(29) is added, (h)(2) is amended, and (y)(2) is added as set out below:

§ 213.3304 Department of State.

(a) *Office of the Secretary.* * * *

(27) Two Staff Assistants to the Ambassador at Large and Special Representative of the President for the Law of the Sea Conference.

* * * * *

(29) Two Members of the Policy Planning Staff.

* * * * *

(h) *Bureau of International Organization Affairs.* * * *

(2) One Secretary and Personal Assistant and one Staff Assistant to the U.S. Representative to the Council of the Organization of American States.

* * * * *

(y) *Office of the Assistant Secretary for Public Affairs.* * * *

(2) One Special Assistant to the Assistant Secretary for Public Affairs.

(5 U.S.C. 3301, 3302; E.O. 10577, 3 CFR 1954–1958 Comp., p. 218.)

Title 7—Agriculture

CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Valencia Orange Reg. 562]

PART 908—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This regulation establishes the quantity of California-Arizona Valencia oranges that may be shipped to fresh market during the weekly regulation period July 1–7, 1977. This regulation is needed to provide for orderly marketing of fresh Valencia oranges for the regulation period because of the production and marketing situation confronting the orange industry.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250. 202–447–3545.

SUPPLEMENTARY INFORMATION: (a) *Findings.* (1) pursuant to the amended marketing agreement and Order No. 908, as amended (7 CFR Part 908), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the amended marketing agreement and order, and upon other available information, it is found that the limitation of handling of Valencia oranges, as provided in this regulation will tend to effectuate the declared policy of the act.

(2) The need for this regulation to limit the quantities of Valencia oranges that may be marketed from District 1, District 2, or District 3 during the specified week stems from the production and marketing situation confronting the Valencia orange industry .

(i) The committee has submitted its recommendation for the quantities of Valencia oranges that should be marketed during the specified week. The recommendation, designed to provide equity of marketing opportunity to handlers in all districts, resulted from consideration of the factors covered in the order. The committee further reports the fresh market demand for Valencia oranges is fair. Average f.o.b. price was $3.80 per carton on 664 cars for the week ended June 23, as compared with $3.87 per carton on 829 cars the previous week. Track and rolling supplies at 406 cars were down 75 cars from last week.

(ii) Having considered the recommendation and information submitted by the committee, and other available information, the Secretary finds that the quantities of Valencia oranges which may be handled should be established as provided in this regulation.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this regulation until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553), because the time intervening between the date when information becomes available upon which this regulation is based and the time when this regulation must become effective in order to effectuate the declared policy of the act is insufficient. A reasonable time is permitted for preparation for such effective time; and good cause exists for making the regulation effective as specified. The committee held an open meeting during the current week, after giving due notice, to consider supply and market conditions for Valencia oranges and the need for regulation. Interested persons were afforded an opportunity to submit information and views at this meeting. The recommendation and supporting information for regulation during the period specified were promptly submitted to the Secretary after the meeting was held, and information concerning such provisions and effective time has been provided to handlers of Valencia oranges. It is necessary, to effectuate the declared policy of the act, to make this regulation effective during the period specified. The committee meeting was held on June 28, 1977.

§ 908.862 Valencia Orange Regulation 562.

(b) Order. (1) The quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period July 1, 1977, through July 7, 1977, are hereby fixed as follows:

(i) District 1: 205,000 cartons;

(ii) District 2: 295,000 cartons;

(iii) District 3: Unlimited.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674).

Dated: June 29, 1977.

CHARLES R. BRADER,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[FR Doc.77-18996 Filed 6-29-77;11:57 am]

[Lemon Reg. 99]

PART 910—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Final rule.

SUMMARY: This regulation establishes the quantity of California-Arizona lemons that may be shipped to fresh market during the weekly regulation period July 3–9, 1977. This regulation is needed to provide for orderly marketing of fresh lemons for the regulation period because of the production and marketing situation confronting the lemon industry.

EFFECTIVE DATE: July 3, 1977.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service, U.S. Department of Agriculture, Washington, D.C. 20250. (202–447–3545.)

SUPPLEMENTARY INFORMATION: (a) *Findings.* (1) Pursuant to the amended marketing agreement and Order No. 910, as amended (7 CFR Part 910), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Lemon Administrative Committee established under the amended marketing agreement and order, and upon other available information, it is found that the limitation of handling of such lemons as provided in this regulation will tend to effectuate the declared policy of the act.

(2) The need for this regulation to limit the quantity of lemons that may be marketed during the specified week stems from the production and marketing situation confronting the lemon industry.

(i) The committee has submitted its recommendation for the quantity of lemons it considers advisable to be handled during the specified week. The recommendation resulted from consideration of the factors covered in the order. The committee further reports the demand for lemons is similar to last week with size 165's and smaller good and size 140's and larger steady. Average f.o.b. price was $6.51 per carton the week ended June 25, 1977, compared to $6.55 per carton the previous week. Track and rolling supplies at 240 cars were the same amount as last week.

(ii) Having considered the recommendation and information submitted by the committee, and other available information, the Secretary finds that the quantity of lemons which may be handled should be established as provided in this regulation.

(3) It is further found that it is impracticable and is contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553), because the time intervening between the date when information upon which this regulation is based became available and the time when it must become effective to effectuate the declared policy of the act is insufficient. A reasonable time is permitted, for preparation for the effective time; and good cause exists for making the regulation effective as specified. The committee held an open meeting during the current week, after giving due notice, to consider supply and market conditions for lemons and the need for regulation. Interested persons were afforded an opportunity to submit information and views at this meeting. The recommendation and supporting information for regulation during the period specified were promptly submitted to the Secretary after the meeting was held, and information concerning the provisions and effective time has been provided to handlers of lemons. It is necessary, to effectuate the declared policy of the act, to make this regulation effective as specified. The committee meeting was held on June 28, 1977.

§ 910.399 Lemon Regulation 99.

(b) *Order.* (1) The quantity of lemons grown in California and Arizona which may be handled during the period July 3, 1977, through July 9, 1977, is established at 270,000 cartons.

(2) As used in this section, "handled" and "carton(s)" have the same meaning as when used in the amended marketing agreement and order.

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674.)

Dated: June 29, 1977.

CHARLES R. BRADER,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

CHAPTER XIV—COMMODITY CREDIT CORPORATION, DEPARTMENT OF AGRICULTURE

SUBCHAPTER B—LOANS, PURCHASES, AND OTHER OPERATIONS

PART 1434—HONEY

Subpart—1977 Crop Honey Loan and Purchase Program

AGENCY: Commodity Credit Corporation, USDA.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to set forth (1) the final loan and purchase availability dates, (2) maturity dates, (3) loan and purchase rates, and (4) premiums and discounts under which Commodity Credit Corporation will extend price support for 1977 crop honey. The need for this rule is to satisfy statutory requirements of Section 201 of the Agricultural Act of 1949 which provides that price support shall be available on honey. This final rule will enable producers to obtain price support on 1977 crop honey.

EFFECTIVE DATE: July 1, 1977.

ADDRESS: Grains, Oilseeds, and Cotton Division, ASCS, U.S. Department of Agriculture, 3752–South Building, P.O. Box 2415, Washington, D.C. 20013.

FOR FURTHER INFORMATION CONTACT:

Dalton Ustynik, ASCS, 202–447–9224.

SUPPLEMENTARY INFORMATION: On January 14, 1977, a notice of proposed rulemaking was published in the FEDERAL REGISTER (42 FR 2930) regarding certain determinations for the 1977 crop honey. Such determinations included price support rates based on color, differentials, class, grade, and the program availability period. Eight responses were received concerning the price support rates. After considering the responses and other factors, the price support rate was established at the legal minimum of 60 percent of parity.

The Honey Price Support Regulations for the 1977 and Subsequent Crops which contain regulations of a general nature with respect to loan and purchase operations are supplemented for the 1977 crop of honey as stated herein. The material previously appearing in this subpart in §§ 1434.40 through 1434.44 are revised to read as follows, effective as to 1977 crop honey. The material previously appearing in these sections remains in full force and effect as to the crops to which it was applicable.

Subpart—1977 Crop Honey Loan and Purchase Program

Sec.

1434.40 Purpose.
1434.41 Availability.
1434.42 Maturity of loans.
1434.43 Loan and purchase rates.
1434.44 Discounts.

AUTHORITY: Sec. 4 and 5, 62 Stat. 1070, 1072, as amended. (15 U.S.C. 714 b and c); secs. 201, 401, 63 Stat. 1052, 1054 (7 U.S.C. 1446, 1421).

Subpart—1977 Crop Honey Loan and Purchase Program

§ 1434.40 Purpose.

This subpart contains program provisions which, together with (a) the Honey Price Support Regulations for 1977 and Subsequent Crops, (b) the Cooperative Marketing Association Eligibility Requirements for Price Support in Part 1425 of this chapter, and (c) any amendments to such regulations, set forth the requirements with respect to loans and purchases for 1977 crop honey.

§ 1434.41 Availability.

(a) *Loans.* Producers must request a loan on 1977 crop eligible honey on or before March 31, 1978.

(b) *Purchases.* Producers desiring to offer eligible honey not under loan for purchase must complete a purchase agreement (Form CCC–614) at the county ASCS office on or before June 30, 1978.

§ 1434.42 Maturity of loans.

Unless demand is made earlier, loans on honey will mature on June 30, 1978.

§ 1434.43 Loan and purchase rates.

(a) *Table and nontable honey.* The rate for the quantity of 1977 crop honey placed under loan or acquired under loan or purchase shall be the rate for the respective class and color set forth below:

Class and color	Cents per pound
Table honey:	
1. White and lighter	33.5
2. Extra light amber	32.5
3. Light amber	31.5
4. Other table honey	29.5
Nontable honey	29.5

(b) *Objectionable flavor, fermentation, or caramelization.* The settlement value for a lot of honey delivered under loan or for purchase which grades substandard on account of objectionable flavor, fermentation, or caramelization shall be the lower of its market value as determined by CCC or a value determined on the basis of the loan and purchase rate for nontable honey.

(c) *Grade not certified.* The settlement value for a lot of honey, delivered under loan or for purchase, on which the grade cannot be certified shall be the lower of its market value as determined by CCC or a value as determined on the basis of the loan and purchase rate for nontable honey.

(d) *Substandard.* The rate for a lot of honey delivered under a loan or for purchase which grades substandard on account of defects or moisture or a combination of defects and moisture shall be adjusted by the discounts in § 1434.44.

§ 1434.44 Discounts.

(a) *Defects.* The loan and purchase rate for a lot of honey delivered under a loan or for purchase which grades substandard on account of defects shall be adjusted by the following discount:

	Discount (cents per pound)
Substandard on account of defects	2

(b) *Moisture.* The loan and purchase rate for a lot of honey delivered under a loan or for purchase which contains moisture in excess of 18.5 percent shall be adjusted by the following discounts which shall be in addition to the discount for defects:

Moisture (percent):	Discount (cents per pound)
18.5	0.0
19.0	0.5
19.5	1.0
20.0	1.5
20.5	2.0
21.0	2.5
21.5	3.0
22.0	3.5
22.5	4.0
23.0	4.5
23.5	5.0
24.0	5.5
24.5	6.0

(c) *Commingled storage.* The loan and purchase rate for a lot of honey tendered for loan or purchase by CCC while stored commingled in a warehouse, or delivered to a warehouse in bulk in satisfaction of a farm storage loan, shall be adjusted by the following discount:

	Discount (cents per pound)
Bulk commingled	1.5

NOTE.—The Commodity Credit Corporation has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A-107.

Signed at Washington, D.C., on June 24, 1977.

KEISTER N. ADAMS,
Acting Executive Vice President,
Commodity Credit Corporation.

[FR Doc.77-18831 Filed 6-30-77;8:45 am]

Title 12—Banks and Banking

CHAPTER III—FEDERAL DEPOSIT INSURANCE CORPORATION

PART 309—DISCLOSURE OF INFORMATION

Adoption of Revision of Regulations

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Final rule.

SUMMARY: The Federal Deposit Insurance Corporation revises its regulations on the disclosure of information. The previous regulation had become long and complex as a result of frequent amendment. The revision is intended to simplify and update the format of the regulations.

DATE: Effective on July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Douglas H. Jones, Legal Division, Federal Deposit Insurance Corporation, 550 17th Street NW., Washington, D.C. 20429. (202-389-4433).

SUPPLEMENTARY INFORMATION: Part 309 of the rules and regulations of the Federal Deposit Insurance Corporation ("FDIC") provides the procedures for public disclosure of FDIC records and information and delegates the authority for the release of certain confidential information. The revision is intended to accomplish two things: (1) To simplify and update the procedures followed by the FDIC in disclosing records it maintains; and (2) to clarify and provide greater authority at the divisional level of the FDIC for disclosures which presently require the authorization of the Chairman of the FDIC's Board of Directors.

On April 13, 1977, the FDIC published in the FEDERAL REGISTER (42 FR 19351) notice of its proposed revision of Part 309. Interested parties were given the opportunity to submit, not later than May 13, 1977, data, views and recommendations regarding the proposed revision. No comments were received from the public. One change has been made, however. A new paragraph (a) has been added to § 309.7 of the regulation. This paragraph lists the specific officials within the FDIC upon whom subpoenas or any other legal process are to be served.

The substantive content of the regulation remains largely unchanged as a result of the revision; however, the recodification does provide increased clarity. To facilitate public access, the regulation is divided functionally into seven sections. Included among these are sections providing specifically for the method of access to prescribed public documents, the procedures for using the Freedom of Information Act, and the provisions for disclosing records exempt from the requirements of the Freedom of Information Act. By dividing the regulation in this manner, it is expected that the public will be benefited by both the simpler format and the resulting ease in utilization.

Under these revisions, substantive changes have been made with regard to the level at which confidential information may be disclosed. Under the present regulation, there are only a few narrowly defined and often vague instances in which a Director or Chief of an FDIC Division or Office could disclose information maintained by the FDIC. All other disclosures require the express consent of the Chairman of the FDIC's Board of Directors. The revised regulation both clarifies existing delegations and expands the authority of the Director of the FDIC's Division of Bank Supervision to disclose confidential information and its General Counsel to authorize the disclosure of confidential information in response to a subpoena or other legal process. The revision will enable the FDIC to respond more quickly to those seeking access to confidential information and will free the Chairman of FDIC's Board of Directors from the necessity of reviewing many routine requests for disclosure.

These revisions are authorized under paragraphs "Seventh" and "Tenth" of section 9 of the Federal Deposit Insurance Act, as amended (12 U.S.C. 1819 "Seventh" and "Tenth").

With the exception of several typographical errors and the change referred to in paragraph 2 of the section of SUPPLEMENTARY INFORMATION, the proposed revision has been adopted without change and is set forth below. Because the revision affects only internal FDIC policy, the Board of Directors of the FDIC has determined, pursuant to § 302.6 of the rules and regulations of the FDIC (12 CFR 302.6), that good cause exists for the waiver of the thirty day period before the revision becomes effective.

By Order of the Board of Directors, June 27, 1977.

FEDERAL DEPOSIT INSURANCE CORPORATION,
ALAN R. MILLER,
Executive Secretary.

Sec.

309.1 Purpose and scope.
309.2 Definitions.
309.3 Publication.
309.4 Information made available for public inspection.

Sec.
309.5 Information made available under the Freedom of Information Act.
309.6 Disclosure of exempt records by Corporation personnel.
309.7 Service of process.

§ 309.1 Purpose and scope.

This regulation sets forth the basic policies of the Federal Deposit Insurance Corporation regarding information it maintains and the procedures for obtaining access to such information.

§ 309.2 Definitions.

For purposes of this part:

(a) The term "bank", as used in § 309.6, includes banks that have applied to the Corporation for federal deposit insurance, closed banks, and presently operating banks, and all affiliates of any of the foregoing;

(b) The term "Corporation" means the Federal Deposit Insurance Corporation;

(c) The words "disclose" or "disclosure" means to give access to a record, whether by producing the written record or by verbal discussion of its contents, but, unless specifically stated otherwise, do not extend to the making of copies or verbatim transcriptions of a record;

(d) The term "examination" includes, but is not limited to, formal and informal investigations of irregularities involving suspected violations of Federal or State civil or criminal laws, or unsafe and unsound banking practices, as well as such other investigations as may be conducted pursuant to law;

(e) The term "record" includes records, files, documents, reports, correspondence, books, and accounts, or any portion thereof; and

(f) The term "report of examination" includes, but is not limited to, examination reports resulting from examinations of banks conducted jointly by Corporation examiners and State banking authority examiners, as well as reports resulting from examinations conducted solely by Corporation examiners.

§ 309.3 Publication.

(a) *Information published in the "Federal Register."* In accordance with the requirements of 5 U.S.C. 552(a)(1), the Corporation publishes the following information in the FEDERAL REGISTER for the guidance of the public: (1) Descriptions of its central and field organization and the established places at which, the officers from whom, and the methods whereby, the public may secure information, make submittals or requests, or obtain decisions; (2) statements of the general course and method by which its functions are channeled and determined, including the nature and requirements of all formal and informal procedures available; (3) rules of procedure, descriptions of forms available or the places at which forms may be obtained, and instructions as to the scope and contents of all papers, reports or examinations; (4) substantive rules of general applicability adopted as authorized by law, and statements of general policy or interpretations of general applicability formulated and adopted by the Corporation; (5) every amendment, revision or repeal of the foregoing; and (6) general notices of proposed rulemaking.

(b) *Documents published by the Corporation.* The Corporation periodically publishes a number of documents pertaining to its operations and those of the insured banks it supervises. A current list of Corporation publications may be obtained, at no charge, from the Office of Information, Federal Deposit Insurance Corporation, 550 17th Street, N.W., Washington, D.C. 20429, telephone 202-389-4221.

§ 309.4 Information made available for public inspection.

The following information is available for public inspection and copying during normal business hours at the Office of the Executive Secretary, Records Unit, Federal Deposit Insurance Corporation, 550 17th Street, N.W., Washington, D.C. 20429, or at the appropriate Regional Office of the Corporation for information maintained at those offices:

(a) *Information required by law to be made public.* (1) All final opinions (including concurring and dissenting opinions) and all final orders made in the adjudication of cases;

(2) Those statements of policy and interpretations which have been adopted by the Corporation but have not been published in the FEDERAL REGISTER;

(3) The Corporation's Manual of Examination Policies and Instructions to Liquidators; and

(4) Filings and reports required under the provisions of 12 CFR Part 335 and the Securities and Exchange Act of 1934, as amended (15 U.S.C. 78a), by insured nonmember banks the securities of which are registered with the Corporation pursuant to section 12 of that Act (15 U.S.C. 78l). These filings and reports are available as detailed in § 335.3.

To the extent permitted by law, the Corporation may delete identifying details when it makes available or publishes a final opinion, final order made in the adjudication of a case, statement of policy, interpretation, or staff manual or instruction. In each case the justification for the deletion will be explained in writing.

(b) *Information made available at the Corporation's discretion.* (1) The following reports filed by insured nonmember banks (and certain nonfederally insured banks in the case of reports of condition) on or after January 1, 1973, which would otherwise be exempt from disclosure under the provisions of subsection (b)(8) of the Freedom of Information Act (5 U.S.C. 552(b)(8)): (i) Consolidated Reports of Income for mutual savings banks,[1] (ii) Consolidated Reports of Income for commercial banks,[2] (iii) Reports of Condition for mutual savings banks,[3] (iv) Reports of Condition for commercial banks;[4]

(2) Public files on applications filed with the Corporation. These files are maintained, in accordance with § 303.14(c), at the Regional Office of the Corporation where the applicant bank is located and include information on applications for deposit insurance by proposed new banks, and applications by existing banks to establish branches or to relocate their main or branch offices;

(3) Reports required under section 7(j) of the Federal Deposit Insurance Act (12 U.S.C. 1817(j)) on changes in the control of an insured bank, to the extent that such reports contain; (i) the name of the bank in which control has changed; (ii) the names of the sellers and purchasers of the stock; (iii) the number of shares of stock involved in the transaction; and (iv) the number of shares of issued stock of the bank that are outstanding; and

(4) The following statistical surveys filed by insured banks, which would otherwise be exempt from disclosure under the provisions of subsection (b)(8) of the Freedom of Information Act (5 U.S.C. 552(b)(8)): (i) Summary of Deposits for commercial banks;[5] and Summary of Deposits for mutual savings banks.[6] Requests for information contained in the surveys should be sent to the Chief of the Bank Statistics and Financial Analysis Section, Division of Management Systems and Economic Analysis, Federal Deposit Insurance Corporation, 550 17th Street, NW, Washington, D.C. 20429, telephone 202-389-4545.

(5) All requests for the above information, unless otherwise indicated, should be sent either to the Office of the Executive Secretary, Records Unit, Federal Deposit Insurance Corporation, 550 17th Street, N.W., Washington, D.C. 20429 for information located at the Corporation's Washington office; or, to the appropriate Corporation Regional Office for information under § 309.4(b)(2). A list of the Corporation's Regional Offices is available at no charge from the Office of Information, Federal Deposit Insurance Corporation, 550 17th Street, N.W., Washington, D.C. 20429 (telephone 202-389-4221).

(c) *Index.* The Corporation also maintains and makes available for public inspection and copying a current index of matters covered by § 309.4(a)(1) and (2) which were issued, adopted, or promulgated after July 4, 1967. The Corporation on request will provide copies of

[1] Consolidated Report of Income—Calendar Year (Including Domestic Subsidiaries), Form 73 (Savings).

[2] Consolidated Report of Income—Calendar Year (Including Domestic Subsidiaries), Form 73.

[3] Report of Condition, Form 64 (Savings).

[4] Consolidated Report of Condition of Bank and Domestic Subsidiaries, Form 64.

[5] Summary of Deposits—Commercial Banks, Form 8020/05.

[6] Summary of Deposits—Mutual Savings Banks, Form 8020/46.

the index at the direct cost of duplication as set forth in § 309.5(b). All such requests should be sent to the Office of the Executive Secretary, Records Unit, Federal Deposit Insurance Corporation, 550 17th Street, N.W., Washington, D.C. 20429.

(d) *Fee schedule.* The Corporation will provide copies of any records made available pursuant to this § 309.4 to any person who agrees to pay the cost of searching and duplicating as set forth in § 309.5(b).

§ 309.5 Information Made Available Under the Freedom of Information Act (5 U.S.C. 552).

(a) *Disclosure upon request.* Except for information which is: (1) Published or made available for public inspection pursuant to §§ 309.3 and 309.4 (the availability of which is governed by those sections); (2) held by the Corporation as the receiver of a closed insured bank, or liquidator of assets of an open or closed insured bank; (3) information furnished by another agency which remains the property of that agency; or (4) information exempted from disclosure under § 309.5(f), the Corporation, upon request for any records in the possession or control of the Corporation or any officer, employee, or agent of the Corporation, will make such records available to any person who agrees to pay the costs of searching for [†] (whether or not the search is successful) and duplicating them. The request must be in writing and reasonably describe the records sought. All requtsts for records under this § 309.5(a) should be sent to the Office of the Executive Secretary, Records Unit, Federal Deposit Insurance Corporation, 550 17th Street, N.W., Washington, D.C. 20429.

(b) *Fees for searching and duplicating.* Persons requesting records of the Corporation under § 309.5(a) shall be charged at the rate of (1) $4.50 per hour for searching where clerical personnel are used, (2) $10.00 per hour for searching where supervisory or professional personnel are used, (3) $175.00 per central processing unit hour for computer time used, and (4) 10 cents per page for duplicating. Any request for records should specify an aggregate dollar limit which the person making the request is willing to pay for the costs of searching and duplicating unless such costs are believed to be nominal. Where the Corporation estimates that the cost of searching and duplicating will exceed the aggregate amount specified in the request, or where no dollar amount is specified, the Corporation will promptly advise the person requesting the records of the estimated cost. In addition, whenever the Corporation estimates that the cost of searching and duplicating will exceed $200.00, the person making the request will be required to pay in advance an amount equal to 20 percent of the estimated cost. For purposes of computing the time in which the Corporation must grant or deny a request for records, such a request will not be deemed to have been received by the Corporation until the person requesting the records agrees in writing to pay the cost of searching and duplication, as estimated by the Corporation and, where advance payment is required, until the Corporation receives the advance payment. Upon written request and at fees comparable to those listed in this § 309.5(b), the Corporation will undertake to compile requested information in summary, tabular or other form, unless the Corporation determines, in its discretion, that compliance with such a request would be unduly burdensome or time consuming.

(c) *Waiver or reduction of fees.* Whenever the Corporation determines that furnishing any requested record is in the public interest because it primarily benefits the general public, it may reduce or waive any fees which would normally be imposed. In no event will the Corporation impose a charge for furnishing records when the aggregate fees do not exceed $2.00 for any one request.

(d) *Records of another agency.* If a requested record is the property of another Federal agency or Department, and that agency or Department, either in writing or by regulation, expressly retains ownership of such record, upon receipt of a request for the record the Corporation will promptly inform the requester of this ownership and immediately shall forward the request to the proprietary agency or Department either for processing in accordance with the latter's regulations or for guidance with respect to disposition.

(e) *Records of receiver or liquidator of assets.* If a requested record is held by the Corporation in its capacity as the receiver of a closed insured bank or the liquidator of assets acquired from an open or closed insured bank, upon receipt of a request for the record the Corporation will inform the requester of the capacity in which it holds such record and shall forward the request to the Corporation's Division of Liquidation for processing and disposition. Disclosure of such records shall be subject to appropriate Federal or State law applicable to FDIC as receiver or liquidator as well as to the determination of any Federal or State court having jurisdiction over FDIC or over such record.

(f) *Exempt records.* The Corporation may refuse to grant a request for records which fall within one or more of the following exemptions: [*]

(1) Records which are (i) specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and (ii) are in fact properly classified pursuant to such Executive order;

(2) Records related solely to the internal personnel rules and practices of the Corporation;

(3) Records specifically exempted from disclosure by statute (other than the Privacy Act of 1974, 5 U.S.C. 552a), provided that such statute (i) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (ii) establishes particular criteria for withholding or refers to particular types of matters to be withheld;

(4) Trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(5) Interagency or intraagency memoranda or letters which would not be available by law to a private party in litigation with the Corporation;

(6) Personnel and medical files and similar files (including financial files) the disclosure of which would constitute a clearly unwarranted invasion of personal privacy;

(7) Investigatory records compiled for law enforcement purposes, but only to the extent that disclosure of the records would (i) interfere with enforcement proceedings, (ii) deprive a person of a right to a fair trial or an impartial adjudication, (iii) constitute an unwarranted invasion of personal privacy, (iv) disclose the identity of a confidential source, (v) disclose investigative techniques and procedures, or (vi) endanger the life or physical safety of law enforcement personnel; and

(8) Records contained in or related to examination, operating, or condition reports prepared by or on behalf of, or for the use of, the Corporation or any agency responsible for the regulation or supervision of financial institutions.

To the extent that nonexempt portions of records are reasonably segregable from the exempt portions, the nonexempt portions shall be provided to the person making the request after deletion of the portions which are exempt.

(g) *Denial of requests.* Requests for records will be forwarded by the Executive Secretary to the head of the Corporation Division or Office which has custody of such records. Where it is determined that the requested information may be released, the appropriate Division or Office head will grant access to the information. A request for records may be denied only by the Executive Secretary or his designee, except that a request for records not responded to within 10 business days following its receipt by the Office of the Executive Secretary—by notice to the requester either granting the request, denying the request, or extending the time for making a determination on the request—shall, if the requester chooses to treat such delay in response as a denial, be deemed to have been denied by the head of the Division or Office to

[†] As used in this paragraph, the term "searching for" includes any method of extracting requested information from computerized record systems. The costs of searching for records may include, where applicable, any direct costs associated with their transfer and, where required to maintain the integrity of the Corporation's record systems, their indexing and/or filing.

[*] Classification of a record as exempt from disclosure under the provisions of § 309.5(f) shall not be construed as authority to withhold the record if it is otherwise subject to disclosure under the Privacy Act of 1974 (5 U.S.C. 552a) or other Federal statute, any applicable regulation of FDIC or any other Federal agency having jurisdiction thereof, or any directive or order of any court of competent jurisdiction.

which the request was referred for action.

(h) *Appeals from denials of requests.* A person whose request for records has been denied, in whole or in part, has the right to appeal the denial to the Corporation's Board of Directors within 30 business days following receipt of notification of the denial.* All appeals of denials of requests for records should be forwarded in writing to the Office of the Executive Secretary, Records Unit, Federal Deposit Insurance Corporation, 550 17th Street, N.W., Washington, D.C. 20429.

(i) *Time limits.* (1) *Initial response.* The Corporation will notify the person making the request of its initial determination within 10 business days following the receipt of a request.

(2) *Appeals.* In the case of appeal from an initial denial, the Corporation will notify the appellant of the disposition thereof within 20 business days following receipt of the appeal.

(3) *Extension of time.* Under unusual circumstances the Corporation may require additional time, up to a maximum of 10 business days, to initially determine whether to grant or deny a request or to respond to an appeal of a previous denial. These circumstances would arise only in cases where (i) the records are in facilities, such as field offices or storage centers, that are not part of the Corporation's Washington office, (ii) the records requested are voluminous and are not in close proximity to one another, or (iii) there is a need to consult with another agency or among two or more components of the Corporation having a substantial interest in the determination. The Corporation will promptly give written notification to the person making the request of the estimated date it will make its initial determination and the reasons why additional time is required.

(j) *Contents of denial letters.* Where the Corporation denies, in whole or in part, a request for records, or denies an appeal with respect to a previous denial, the person making the request will be sent written notification of the denial. The written notification will (1) specify whether all or only a specific part of the request or appeal is being denied, (2) set forth the names and titles of each person responsible for the denial (where other than the person who signs the notification), (3) list the exemptions relied upon for the denial, and (4) inform the person making the request of either (i) the right to appeal the initial denial of any part of the request to the Corporation's Board of Directors within 30 business days following receipt of notification of the initial denial, or (ii) the right to judicial review under the Freedom of Information Act with respect to the denial of an appeal.

*This provision shall not be construed as barring the Corporation's Board of Directors from reconsidering the denial on its own motion at any time within the 30-day period.

§ 309.6 Disclosure of Exempt Records by Corporation Personnel.

(a) *Exempt records.* The provisions of § 309.6 apply to any records which are exempt from disclosure under § 309.5(f) regardless of the fact that such records may be subject to disclosure under the Privacy Act of 1974 (5 U.S.C. 552a) or other Federal statute, any applicable regulation of the Corporation or any other Federal agency having jurisdiction thereof, or any directive or order of any court of competent jurisdiction.

(b) *Disclosure prohibited.* Except as provided in this § 309.6 or by Part 310,[10] no officer, employee, or agent of the Corporation shall disclose or permit the disclosure of any exempt records, or information contained therein, to any persons other than those officers, employees, or agents of the Corporation who have a need for such records in the performance of their official duties.

(c) *Disclosure authorized.* The following Corporation personnel are authorized to disclose or, where applicable, to furnish exempt records, subject to the restrictions stated below. Where, pursuant to this § 309.6, exempt records can be disclosed or furnished only in response to a written request from another governmental agency or a private party, the request should be signed by an individual authorized to make the request. The Corporation may require proof of such authorization prior to granting any such request.

(1) *Reports of examination and other exempt records—disclosure to bank.* The Director of the Corporation's Division of Bank Supervision, or anyone designated by him in writing, may disclose or furnish to any director or authorized officer or employee of any bank, information contained in, or copies of, reports of any examination of the bank (except the supervisory section of the report of examination) and other exempt records pertaining to that bank. However, all copies of such reports of examination and other information so furnished to any bank shall remain the property of the Corporation and under no circumstances shall the bank or any of its directors, officers, or employees disclose or otherwise make public in any manner such reports or exempt records without express written authorization from the Director of the Corporation's Division of Bank Supervision as provided in § 309.6 (c)(6).

(2) *Reports of examination and other exempt records—disclosure to other banking agencies.* The Director of the Corporation's Division of Bank Supervision, or anyone designated by him in writing, may disclose to any authorized officer or employee of the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, any Federal Reserve Bank, and any State agency or authority which exercises general supervision over banks, reports of any examination of a bank and other exempt records pertaining to the bank. Copies of reports of examination or any other exempt records may be furnished by the Director of the Corporation's Division of Bank Supervision, or anyone designated by hi min writing, to any State agency or authority which exercises general supervision over banks, to the extent that such reports and records pertain to a State chartered bank supervised by such agency or authority. In all other instances, copies of reports of examination or other exempt records may be furnished by the Director of the Division of Bank Supervision, or anyone designated him in writing, to a Federal or State banking agency or authority only in response to a written request from the head of the agency or authority seeking the record, or anyone whom he designates in writing as authorized to make such a request, which (i) identifies the record or records sought and (ii) gives the reasons for the request.[11] In every instance in which a copy of a report of examination or other exempt record is furnished, it shall remain the property of the Corporation and under no circumstances shall the agency or authority, or any official thereof, disclose or make public in any manner such reports or any portion thereof or other information so furnished.

(3) *Reports of examination and other exempt records—disclosure to nonbanking agencies.* The Director of the Corporation's Division of Bank Supervision, or anyone designated by him in writing, may furnish to the proper Federal or State prosecuting or investigatory authorities copies of exempt records pertaining to irregularities discovered in banks which are believed to constitute violations of any Federal or State civil or crminal law, or unsafe and unsound banking practices. In addition, the Director of the Corporation's Division of Bank Supervision, or anyone designated by him in writing, may disclose to any authorized officer or employee of any Federal or State agency or authority, for good cause shown, reports of any examination of a bank or other exempt records pertaining to that bank, *Provided,* That such disclosure only shall be made in response to a written request (signed by an authorized official of the agency making the request) which (i) identifies the record or records to which access is requested and (ii) gives the reasons for the request.

(4) *Reports of examination and other exempt records—disclosure by Corporation's General Counsel.* The Corporation's General Counsel may disclose to the proper Federal or State prosecuting or investigatory authorities exempt records relating to irregularities discovered in open and closed insured banks believed to constitute violations of any Federal or State statute.

(5) *Reports of examination and other exempt records—disclosure to private*

[10] The procedures for disclosing records under the Privacy Act are separately set forth in Part 310.

[11] The request may be a blanket request for certain categories of records where appropriate.

parties. The Director of the Corporation's Division of Bank Supervision may disclose or furnish copies of reports of any examination of a bank or other exempt records pertaining to that bank to any private party where requested to do so in writing. The Director of the Corporation's Division of Bank Supervision shall furnish copies of the requested record only upon the fulfillment of such terms and conditions as he deems necessary to protect the confidential nature of the record, the financial integrity of the bank to which the record relates, and the legitimate privacy interests of any individual named in such record.

(6) *Reports of examination and other exempt records—disclosure by bank.* The Director of the Corporation's Division of Bank Supervision may authorize any director, officer or employee of a bank to disclose any report of examination or other exempt record in his custody to anyone who is not a director, officer or employee of the bank, under the same conditions as provided in § 309.6(c)(5). Such authorization may be given only in response to a written request from the party seeking the record which specifies the record being sought, the party's interest therein and the party's relationship to the bank to which the record relates. As a condition precedent to giving his authorization, the Director of the Corporation's Division of Bank Supervision may require that both the party seeking disclosure and the director, officer or employee having custody of the record agree to such limitations as the Director of the Corporation's Division of Bank Supervision deems necessary to protect the confidential nature of the record and to prevent unauthorized use thereof or disclosure of any information therein.

(7) *Production of exempt records and testimony of Corporation personnel.* The Corporation's General Counsel, or anyone designated by him in writing, may produce or authorize the production of any exempt record in response to a valid subpoena, court order, or other legal process and may direct any officer, employee, or agent of the Corporation to appear and testify regarding any exempt record at any administrative or judicial hearing or proceeding where such person has been served with a valid subpoena, court order, or other legal process requiring him to so testify, *Provided,* That such testimony shall relate solely to matters of which such individual had knowledge by virtue of his or her employment by the Corporation. The General Counsel, or anyone designated by him in writing, may produce or authorize the production of any exempt record sought in connection with any hearing or proceeding without the service of a subpoena, or other process requiring production, if he determines that the records to be produced are relevant to the hearing or proceeding and that production is in the best interests of justice. Where the General Counsel authorizes the production of any exempt record, or the testimony of any officer, employee or agent of the Corporation relative thereto, pursuant to this § 309.6(c)(7), he shall limit his authorization to so much of the record or testimony as is relevant to the issues at the hearing or proceeding, and he shall give his authorization only upon fulfillment of such conditions as he deems necessary to protect the confidential nature of the record consistent with any requirement that it be produced and made a part of the record of the hearing or proceeding.

(8) *Authority of the Chairman of the Corporation's Board of Directors.* Except where expressly prohibited by law, the Chairman of the Corporation's Board of Directors may authorize the disclosure of any information or the furnishing of copies of any records and, except where disclosure is required by law, he may direct any officer, employee or agent of the Corporation to refuse to disclose any record if it is determined that refusal to permit such disclosure is in the best interests of the Corporation and is not contrary to the public interest.

(9) *Limitations on disclosure.* Any disclosure permitted by this § 309.6(c) is discretionary and nothing in this § 309.6(c) shall be construed as requiring the disclosure of information. Further, nothing in this § 309.6(c) shall be construed as restricting, in any manner, the authority of the Board of Directors, the Chairman of the Board of Directors, the Director of the Corporation's Division of Bank Supervision or anyone designated by him in writing, or the General Counsel or anyone designated by him in writing, in their discretion and in light of the facts and circumstances attendant in any given case, to impose conditions upon and to limit the form, manner, and extent of the disclosures permitted hereunder.

§ 309.7 Service of Process.

(a) *Service.* Any subpoena or other legal process shall be duly issued and served upon either the Executive Secretary, Federal Deposit Insurance Corporation, 550 17th Street, N.W. Washington, D.C. 20429 or the Regional Director of the FDIC region where the legal action from which the subpoena or process was issued, is pending.

(b) *Advice by person served.* If any officer, director, or agent of the Corporation is served with a subpoena, court order, or other process requiring that person's personal attendance as a witness or the production of any exempt record of the Corporation, such person shall promptly advise the Office of the Corporation's General Counsel of such service, of the testimony and records described in the subpoena, and of all relevant facts which may be of assistance to the General Counsel in determining whether the individual in question should be authorized to testify or the records should be produced. Such person should also inform the court or tribunal which issued the process and the attorney for the party upon whose application the process was issued, if known, of the substance of this section. If any person who is not an officer, employee, or agent of the Corporation and who has custody of exempt records belonging to the Corporation is served with a subpoena, court order, or other legal process directing that person to produce such records or to testify with respect thereto, such person should give the same notice to the General Counsel and to the court or tribunal.

(c) *Appearance by person served.* Absent the authorization of the Corporation's General Counsel (or anyone designated by him in writing) to disclose the requested information, any officer, employee, or agent of the Corporation (and any person having custody of exempt records of the Corporation who is not an officer, employee, or agent of the Corporation), who is required to respond to a subpoena, court order, or other legal process, shall attend at the time and place therein specified and respectfully decline to produce any such record or give any testimony with respect thereto, basing such refusal on this section.

[FR Doc. 77-18828 Filed 6-30-77;8:45 am]

PART 310—SAFEGUARDING PERSONAL INFORMATION

Miscellaneous Amendments

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Final rule.

SUMMARY: Section 310.13 of the rules and regulations of the Federal Deposit Insurance Corporation (12 CFR 310.13) identifies the systems of records maintained by the FDIC which are exempt from the disclosure provisions of the Privacy Act of 1974 (5 U.S.C. 552a). The FDIC has renumbered its systems of records and these amendments are intended to correct the regulation's references to specific FDIC systems of records by referencing the new numerical designations of the systems.

DATE: Effective on July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Douglas H. Jones, Legal Division, Federal Deposit Insurance Corporation, 550 17th Street NW., Washington, D.C. 20429. (202-389-4433).

SUPPLEMENTARY INFORMATION: The Privacy Act of 1974 (the "Act," 5 U.S.C. 552a) requires the Federal Deposit Insurance Corporation ("FDIC") to publish rules specifically providing for the exemption from the disclosure provision of the Act of information contained in any FDIC systems of records. 5 U.S.C. 552a(k). Under this requirement, § 310.13 represents the FDIC's systems of records exempted from the requirements of the Act. 12 CFR 310.13. Section 310.13 references the applicable systems of records by numbers assigned to the systems upon their original publication in August 1975. The FDIC has now revised its systems of records and has redesignated the systems with index numbers recommended by the Office of Management and Budget. Accordingly, it is now necessary to amend § 310.13 in order that it accurately reflects the cor-

rect numbers of the systems exempted from the Act.

These amendments reflect merely a change in the numerical identification of the FDIC's systems of records; therefore, the Board of Directors of the FDIC has determined that public participation in the rulemaking is not necessary. Similarly, the amendments have no adverse effect on any individual and the Board of Directors has determined good cause exists for the waiver of any deferred effective date.

12 CFR Part 310 is amended as follows:

1. Section 310.13(a) is amended by deleting "FDIC/2" and inserting "30-64-0002" in lieu thereof and by deleting "FDIC/11" and inserting "30-64-0011" in lieu thereof.

2. Section 310.13(b) is amended by deleting "FDIC/1" and inserting "30-64-0001" in lieu thereof.

3. Section 310.13(c) is amended by deleting "FDIC/9" and inserting "30-64-0009" in lieu thereof.

By order of the Board of Directors, June 27, 1977.

FEDERAL DEPOSIT INSURANCE CORPORATION,
ALAN R. MILLER,
Executive Secretary.

Title 14—Aeronautics and Space

CHAPTER II—CIVIL AERONAUTICS BOARD

SUBCHAPTER A—ECONOMIC REGULATIONS

[Docket 29434; Reg. ER-1004, Amdt. 9]

PART 207—CHARTER TRIPS AND SPECIAL SERVICES

Carrier Charges for Charter Ferry Mileage

AGENCY: Civil Aeronautics Board.

ACTION: Final rule.

SUMMARY: This final rule allows air carriers and charterers to agree in advance on a total charter price, including a stipulated charge for ferry mileage. It was suggested in a rulemaking petition filed by a direct air carrier, United Air Lines.

DATES: Effective: July 31, 1977. Adopted: June 28, 1977.

FOR FURTHER INFORMATION CONTACT:

Stephen L. Babcock, Office of the General Counsel, Civil Aeronautics Board, 1825 Connecticut Avenue NW., Washington, D.C. (202-673-5442).

SUPPLEMENTARY INFORMATION: On June 21, 1976, United Air Lines (United) filed a petition for rulemaking to eliminate the requirement contained in Parts 207, 208, 212, and 214 of the Board's Economic Regulations that a direct air carrier must refund to charterers any charge stated in the contract for ferry mileage, if the mileage is not in fact flown. Answers in support of United's petition were filed by American Airlines, Pan American World Airways, and Trans World Airlines. No answers in opposition were filed. By EDR-310, dated October 15, 1976, the Board issued a notice of proposed rulemaking, proposing that direct carriers and all types of charterers be permitted to agree in advance on a total charter price, including a stipulated charge for ferry mileage, which would not change despite any variance between the estimated mileage and the actual mileage flown.

In accordance with the Notice, comments in general support of the proposed rules were filed by Allegheny Airlines, American Airlines, National Air Carrier Association (NACA),[1] Northwest Airlines, Pan American World Airways, Trans World Airlines, and United Air Lines. No comments were filed in opposition.

Upon consideration, the Board has decided to adopt the rules as proposed, with two modifications discussed below. The tentative findings and conclusions set forth in EDR-310 are incorporated here and made final, except as modified. All requests contained in the comments are denied unless specifically granted here.

The Board's Economic Regulations (14 CFR Part 207, 208, 212, and 214) provide that if a direct carrier's price for chartering an aircraft, computed according to a mileage tariff, includes a charge for ferry mileage, the carrier must refund to to the charterer the charges for ferry mileage not in fact flown. The carrier may not, however, make additional charges for mileage which exceed those stated in the contract, unless the additional mileage is flown for the convenience of, and at the express direction of, the charterer. These two provisions do not apply to single entity charters, but do apply to all other forms of charters. The underlying purpose of these rules has been to ensure fair treatment for charterers in matters in which they have little expertise.[2] If the ferry mileage exceeds that stated in the charter, the added costs have been placed on the carrier since it, rather than the charterer, has knowledge concerning aircraft utilization and positioning problems crucial in determining required ferry mileage.[3]

These rules have, in more recent years, begun to create serious problems for both direct carriers and charterers. Many charter contracts are signed well in advance of the charter operation, in order to allow the charterer to make its final plans. This forces the direct carrier to estimate ferry mileage when the positioning of the aircraft and other operational conditions are not completely known. If the estimate is too low in comparison to the actual ferry mileage flown, the carrier is prohibited from collecting the additional cost from the charterer.

The charter market itself has changed since the promulgation of the current rules. At that time there were primarily two types of charters—pro rata charters, in which an affinity group was the charterer, and single entity charters. The Board applied the refund requirement only to the pro rata charter in order to protect the charter participants from ferry mileage overcharges. Since the single-entity character was presumed to be more sophisticated in charter operations, such protection was considered not to be needed. The charter market has now been greatly expanded, however, with most charters being operated by experienced tour operators or arranged by professional agents who are equipped to assess and assume the risks involved.

In notice of proposed rulemaking EDR-310, the Board proposed amendments which would require the carrier to compute its estimate of ferry mileage on a reasonable and nondiscriminatory basis, stating that basis in the charter contract. It was also proposed to allow a stipulated ferry charge, and to eliminate the requirement for a refund where the estimate exceeded the ferry mileage ultimately flown, as well as to delete the proviso prohibiting additional charges where the ferry mileage flown exceeded the contract estimate, unless the additional mileage was flown at the request of the charterer.

Upon review, the Board considers that the permissive nature of the proposed rule in regard to stipulated ferry charges might permit certain abuses. Specifically, a charter contract could state that the charge for ferry mileage was to be based on actual mileage flown, but with an estimate stated in the contract. The direct carrier could then notify the charterer shortly before departure of the flight that an aircraft then at a very distant point would be utilized, causing the actual ferry mileage to be several times greater than the estimate. The charterer would then have only two options: to accept the additional charge, or to cancel the flight and incur a substantial cancellation penalty.

In order to prevent these possible abuses, we have made two modifications to the proposed rules. In addition to the basis used by the carrier to estimate ferry mileage, the estimated ferry charge itself must also be expressly stated in the contract. Additionally, the proviso at the end of the present rule, which prohibits charges for additional ferry mileage unless the mileage is at the request of the charterer, has been retained. Under the new rule, as modified, the charterer and the carrier can either enter into a contract as is now permitted, or use a predetermined charge for ferry mileage.

We intend that these new rules shall apply only to charter contracts entered into on or after their effective date.

Accordingly, 14 CFR Part 207 is amended as follows:

1. Revise paragraph (a) of § 207.13 to read as follows:

§ 207.13 Terms of service.

(a) The total charter price and other terms of service rendered pursuant to this part shall conform to those set forth in the applicable tariff on file with the Board and in force at the time of the respective charter flight, and the

---

[1] Member carriers joining in NACA's comments were: Evergreen International Airlines, McCulloch International Airlines, Overseas National Airways, Trans International Airlines, and World Airways.

[2] See, ER-659, January 29, 1971, pp. 5-7.

[3] See, PS No. 3, January 7, 1958, p. 2.

contract must be for the entire capacity or for less than the entire capacity (see § 207.11(c)) of one or more aircraft. Where a carrier's charter price includes a charge for ferry mileage, the carrier shall compute the estimate on a reasonable and nondiscriminatory basis, and such charge and basis shall be expressly set forth in the charter contract: *Provided*, That the carrier shall not charge the charterer for ferry mileage flown in addition to that stated in the contract unless such mileage is flown for the convenience of and at the express direction of the charterer. Charter contracts may provide that the stated charge for estimated ferry mileage will be the stipulated charge for ferry mileage (i.e., refunds shall not be paid to charterers for estimated ferry mileage not in fact flown, and charterers shall not be charged additional sums for ferry mileage in excess of the estimate on which the stipulated charge was based).

* * * * *

2. Revise § 207.51 to read as follows:

§ 207.51 Terms of service.

The provisions of paragraph (a) of § 207.13 shall apply to charters under this subpart.

(Secs. 204(a), 401, Federal Aviation Act, as amended, 72 Stat. 743, 754 (as amended); (49 U.S.C. 1324, 1371).)

By the Civil Aeronautics Board.

[Regulation ER-1005, Amdt. 9; Docket No. 29434]

PART 208—TERMS, CONDITIONS AND LIMITATIONS OF CERTIFICATES TO ENGAGE IN SUPPLEMENTAL AIR TRANSPORTATION

Carrier Charges for Charter Ferry Mileage

AGENCY: Civil Aeronautics Board.

ACTION: Final rule.

SUMMARY: This final rule allows air carriers and charterers to agree in advance on a total charter price, including a stipulated charge for ferry mileage. The amendment was suggested in a petition for rulemaking filed by a direct air carrier, United Air Lines. Supplementary information concerning this amendment is given in the preamble to ER-1004, which is being issued simultaneously.

DATES: Effective July 31, 1977. Adopted: June 28, 1977.

FOR FURTHER INFORMATION CONTACT:

Stephen L. Babcock, Office of the General Counsel, Civil Aeronautics Board, 1825 Connecticut Avenue NW., Washington, D.C. 20428. (202-673-5442).

Accordingly, 14 CFR Part 208 is amended as follows:

1. Revise paragraph (b) of § 208.32 to read as follows:

§ 208.32 Tariffs and terms of service.

* * * * *

(b) The total charter price and other terms of service rendered pursuant to this part shall conform to those set forth in the applicable tariff on file with the Board and in force at the time of the respective charter flight, and the contract must be for the entire capacity or for less than the entire capacity (see § 208.6 (c)) of one or more aircraft. Where a carrier's charter price includes a charge for ferry mileage, the carrier shall compute the estimate on a reasonable and nondiscriminatory basis, and such charge and basis shall be expressly set forth in the charter contract: *Provided*, That the carrier shall not charge the charterer for ferry mileage flown in addition to that stated in the contract unless such mileage is flown for the convenience of and at the express direction of the charterer. Charter contracts may provide that the stated charge for estimated ferry mileage will be the stipulated charge for ferry mileage (*i.e.*, refunds shall not be paid to charterers for estimated ferry mileage not in fact flown, and charterers shall not be charged additional sums for ferry mileage in excess of the estimate on which the stipulated charge was based).

* * * * *

2. Revise § 208.301 to read as follows:

§ 208.301 Tariffs and terms of service.

The provisions of § 208.32 shall apply to charters under this subpart, except that paragraphs (e) and (f) shall not be so applicable.

(Secs. 204(a) and 401 of the Federal Aviation Act of 1958, as amended, 72 Stat. 743, 754 (as amended); 49 U.S.C. 1324, 1371.)

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

[Reg. ER-1007, Amdt. 18; Docket 29434]

PART 214—TERMS, CONDITIONS AND LIMITATIONS OF FOREIGN AIR CARRIER PERMITS AUTHORIZING CHARTER TRANSPORTATION ONLY

Carrier Charges For Charter Ferry Mileage

AGENCY: Civil Aeronautics Board.

ACTION: Final rule.

SUMMARY: This final rule allows air carriers and charterers to agree in advance on a total charter price, including a stipulated charge for ferry mileage. The amendment was proposed in a rulemaking petition filed by a direct air carrier, United Air Lines. Supplementary information concerning this amendment is given in the preamble to ER-1004, which is being issued simultaneously.

DATES: Effective: July 31, 1977. Adopted: June 28, 1977.

FOR FURTHER INFORMATION CONTACT:

Stephen L. Babcock, Office of the General Counsel, Civil Aeronautics Board, 1825 Connecticut Avenue NW., Washington, D.C. 20428. (202-673-5442).

Accordingly, 14 CFR Part 214 is amended as follows:

1. Revise paragraph (a) of § 214.14 to read as follows:

§ 214.14 Terms of service.

(a) The total charter price and other terms of service rendered pursuant to this part shall conform to those set forth in the applicable tariff on file with the Board and in force at the time of the respective charter flight, and the contract must be for the entire capacity or for less than the entire capacity (see § 214.7 (b)) of one or more aircraft. Where a carrier's charter price includes a charge for ferry mileage, the carrier shall compute the estimate on a reasonable and nondiscriminatory basis, and such charge and basis shall be expressly set forth in the charter contract: *Provided*, That the carrier shall not charge the charterer for ferry mileage flown in addition to that stated in the contract unless such mileage is flown for the convenience of and at the express direction of the charterer. Charter contracts may provide that the stated charge for estimated ferry mileage will be the stipulated charge for ferry mileage (i.e., refunds shall not be paid to charterers for estimated ferry mileage not in fact flown, and charterers shall not be charged additional sums for ferry mileage in excess of the estimate on which the stipulated charge was based).

* * * * *

2. Revise § 214.41 to read as follows:

§ 214.41 Terms of service.

The provisions of paragraph (a) of § 214.14 shall apply to charters under this subpart.

(Secs. 204(a), 402, Federal Aviation Act, as amended, 72 Stat. 743, 757; (49 U.S.C. 1324, 1372).)

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

[FR Doc.77-18909 Filed 6-30-77;8:45 am]

[Regulation ER-1006, Amdt. 19; Docket No. 29434]

PART 212—CHARTER TRIPS BY FOREIGN AIR CARRIERS

Carrier Charges for Charter Ferry Mileage

AGENCY: Civil Aeronautics Board.

ACTION: Final rule.

SUMMARY: This final rule allows air carriers and charterers to agree in advance on a total charter price, including a stipulated charge for ferry mileage. The amendment was suggested in a rulemaking petition filed by a direct air carrier, United Air Lines. Supplementary information concerning this amendment

is given in the preamble to ER–1004, which is being issued simultaneously.

DATES: Effective: July 31, 1977. Adopted: June 28, 1977.

FOR FURTHER INFORMATION CONTACT:

Stephen L. Babcock, Office of the General Counsel, Civil Aeronautics Board, 1825 Connecticut Avenue, N.W., Washington, D.C. 20428. (202–673–5442.)

Accordingly, 14 CFR Part 212 is amended as follows:

1. Revise paragraph (a) of § 212.10 to read as follows:

§ 212.10 Terms of service.

(a) The total charter price and other terms of service rendered pursuant to this part shall conform to those set forth in the applicable tariff on file with the Board and in force at the time of the respective charter flight, and the contract must be for the entire capacity or for less than the entire capacity (see § 212.8 (b)) of one or more aircraft. Where a carrier's charter price includes a charge for ferry mileage, the carrier shall compute the estimate on a reasonable and nondiscriminatory basis, and such charge and basis shall be expressly set forth in the charter contract: *Provided*, That the carrier shall not charge the charterer for ferry mileage flown in addition to that stated in the contract unless such mileage is flown for the convenience of and at the express direction of the charterer. Charter contracts may provide that the stated charge for estimated ferry mileage will be the stipulated charge for ferry mileage (*i.e.*, refunds shall not be paid to charterers for estimated ferry mileage not in fact flown, and charterers shall not be charged additional sums for ferry mileage in excess of the estimate on which the stipulated charge was based).

* * * * *

2. Revise § 212.51 to read as follows:

§ 212.51 Terms of service.

The provisions of paragraph (a) of § 212.10 shall apply to charters under this subpart.

(Secs. 204(a) and 402 of the Federal Aviation Act, as amended, 72 Stat. 743, 757; 49 U.S.C. 1324, 1372.)

By the Civil Aeronautics Board:

PHYLLIS T. KAYLOR,
Secretary.

[FR Doc.77–18945 Filed 6–30–77;8:45 am]

Title 39—Postal Service

CHAPTER I—U.S. POSTAL SERVICE

PART 243—CONDUCT OF OFFICES

Revocation of Regulations on Vending Stands and Vending Machines

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: This document revokes Postal Service regulations on the establishment of blind stands in postal buildings since they are in conflict with the Randolph-Sheppard Act Amendments of 1974 and regulations implementing that statute issued in March 1977 by the Department of Health, Education and Welfare.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

W. Allen Sanders, 202–245–4636.

SUPPLEMENTAL INFORMATION: On March 23, 1977, the Department of Health, Education and Welfare issued regulations implementing the Randolph-Sheppard Act Amendments of 1974. These implementing regulations, which prescribe requirements and procedures to be followed by the Postal Service (and other Federal agencies) in establishing blind stands in postal buildings, conflict with previously existing postal regulations on the subject at 39 CFR 243.2(g).

Therefore, the latter regulations must be revoked.

§ 243.2 [Amended]

Accordingly, in 39 CFR 243.2 revoke paragraph (g) and redesignate paragraphs (h) and (i) as (g) and (h) respectively.

W. ALLEN SANDERS,
Assistant General Counsel,
Legislative Division.

[FR Doc.77–19007 Filed 6–30–77;8:45 am]

Title 21—Food and Drugs

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

SUBCHAPTER A—GENERAL

[Docket No. 77C–0126]

PART 73—LISTING OF COLOR ADDITIVES EXEMPT FROM CERTIFICATION

PART 81—GENERAL SPECIFICATIONS AND GENERAL RESTRICTIONS FOR PROVISIONAL COLOR ADDITIVES FOR USE IN FOOD, DRUGS, AND COSMETICS

β-Carotene

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: This document amends regulations to "permanently" list β-carotene for safe use in coloring externally applied drugs and in cosmetics generally, including those intended for use in the area of the eye. The Cosmetic, Toiletry and Fragrance Association, Inc., filed a petition for such use.

DATES: Effective August 2, 1977; objections by August 1, 1977.

ADDRESS: Written objections to the Hearing Clerk (HFC–20), Food and Drug Administration, Rm. 4–65, 5600 Fishers Lane, Rockville, Md. 20857.

FOR FURTHER INFORMATION CONTACT:

Gerad L. McCowin, Bureau of Foods (HFF–334), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St., SW., Washington, DC 20204. (202–472–5740).

SUPPLEMENTARY INFORMATION: A notice published in the FEDERAL REGISTER of May 27, 1977 (42 FR 27299) stated that a petition (CAP 6C0121) for the "permanent" listing of β-carotene as a color additive for use in externally applied drugs and in cosmetics generally, including those used in the area of the eye, had been filed by the Cosmetic, Toiletry and Fragrance Association, Inc., 1130, 15th St. NW., Washington, D.C. 20005. The petition was filed pursuant to section 706 of the Federal Food, Drug and Cosmetic Act (21 U.S.C. 376).

The Commissioner of Food and Drugs, having evaluated the data in the petition and other relevant material, concludes that β-carotene is safe and suitable for use, under the conditions prescribed in this order, in coloring externally applied drugs and in coloring cosmetics generally, including drugs and cosmetics intended for use in the area of the eye, and that certification is not necessary for the protection of the public health.

With permanent listing, the provisional entry for "carotene" in § 81.1(g) (21 CFR 81.1(g)) will become obsolete. That entry is being deleted from the regulations.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 706 (b), (c), (d), 74 Stat. 399–403 (21 U.S.C. 376 (b), (c), and (d))) and the transitional provisions of the Color Additive Amendments of 1960 (Title II, Sec. 203, Pub. L. 86–618, 74 Stat. 404–407 (21 U.S.C. 376 note, and under authority delegated to the Commissioner (21 CFR 5.1), Parts 73 and 81 are amended as follows:

1. In Part 73:

a. In § 73.1095 by revising paragraph (b) to read as follows:

§ 73.1095 β-Carotene.

* * * * *

(b) *Uses and restrictions.* The color additive β-carotene may be safely used in coloring drugs generally, including those intended for use in the area of the eye, in amounts consistent with good manufacturing practice.

* * * * *

b. In Subpart C, by adding new § 73.2095 to read as follows:

§ 73.2095 β-Carotene.

(a) *Identity and specifications.* The color additive β-carotene shall conform in identity and specifications to the requirements of §73.94 (a)(1) and (b).

(b) *Use and restrictions.* The color additive β-carotene may be safely used in coloring cosmetics generally, including cosmetics intended for use in the area of the eye, in amounts consistent with good manufacturing practices.

(c) *Labeling.* The color additive and any mixture prepared therefrom intended solely or in part for coloring purposes shall bear, in addition to any information required by law, labeling in accordance with the provisions of § 70.25 of this chapter.

(d) *Exemption from certification.* Certification of this color additive is not necessary for the protection of the public health, and therefore batches thereof are exempt from certification pursuant to section 706(c) of the act.

§ 81.1 [Amended]

2. In Part 81, by amending the table in paragraph (g) of § 81.1 Provisional lists of color additives by deleting the entry for "Carotene."

Any person who will be adversely affected by the foregoing order may at any time on or before August 1, 1977 file with the Hearing Clerk (HFC-20), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, Md. 20857, written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, specify with particularity the provisions of the order deemed objectionable, and state the grounds for the objections. Objections shall be filed in accordance with the requirements of § 71.30 (21 CFR 71.30). If a hearing is requested, the objections shall state the issues for the hearing, shall be supported by grounds factually and legally sufficient to justify the relief sought, and shall include a detailed description and analysis of the factual information intended to be presented in support of the objections in the event that a hearing is held. Four copies of all documents shall be filed and identified with the Hearing Clerk docket number found in brackets in the heading of this order. Reveived objections may be seen in the Hearing Clerk's office between 9 a.m. and 4 p.m., Monday through Friday.

Effective date. This regulation shall become effective August 2, 1977, except as to any provisions that may be stayed by the filing of proper objections. Notice of the filing of objections or lack thereof will be announced by publication in the FEDERAL REGISTER.

(Sec. 706 (b), (c), and (d), Pub. L. 717, 74 Stat. 399-403 (21 U.S.C. 376 (b), (c), and (d)); Pub. L. 86-618, sec. 203, 74 Stat. 404-407 (21 U.S.C. 376 note).)

Dated: June 28, 1977.

JOSEPH P. HILE,
Associate Commissioner for Compliance.

[FR Doc.77-18940 Filed 6-30-77;8:45 am]

[Docket No. 77C-0153]

PART 73—LISTING OF COLOR ADDITIVES EXEMPT FROM CERTIFICATION

PART 81—GENERAL SPECIFICATIONS AND GENERAL RESTRICTIONS FOR PROVISIONAL COLOR ADDITIVES FOR USE IN FOODS, DRUGS, AND COSMETICS

Bronze Powder and Copper Powder

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: This document amends regulations to "permanently" list bronze powder and copper powder for use in externally applied drugs and in cosmetics generally, including those intended for use in the area of the eye. The Cosmetic, Toiletry and Fragrance Association, Inc. filed a petition for such use.

DATES: Effective August 2, 1977; objections by August 1, 1977.

ADDRESS: Written objections to the Hearing Clerk (HFC-20), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, Md. 20857.

FOR FURTHER INFORMATION CONTACT:

Gerad L. McCowin, Bureau of Foods, (HFF-334), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, DC 20204, (202-472-5740).

SUPPLEMENTARY INFORMATION: A notice published in the FEDERAL REGISTER of August 6, 1973 (38 FR 21200) stated that a petition (CAP 8C0083) for the use of bronze powder and copper powder in coloring cosmetics generally, including those intended for use in the area of the eye, had been filed by the Cosmetic, Toiletry and Fragrance Association, Inc., 1133 15th St. NW., Washington, D.C. 20005. The petition was filed pursuant to section 706 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 376). A notice published in the FEDERAL REGISTER of March 5, 1976 (41 FR 9584) amended the filing of this petition to include the additional use of bronze powder and copper powder in all types of cosmetics subject to ingestion. A notice published in the FEDERAL REGISTER of June 17, 1977 (42 FR 30893) amended the filing of this petition to include the use of bronze powder and copper powder in externally applied drugs.

This order "permanently" lists bronze powder and copper powder for use in externally applied drugs and in cosmetics generally, including those for use in the area of the eye, under new §§ 73.1646 and 73.1647 (21 CFR 73.1646 and 73.1647) for drug use and new §§ 73.2646 and 73.2647 (21 CFR 73.2646 and 73.2647) for cosmetic use. The provisional listing of bronze powder and copper powder for use in cosmetics under § 81.1(g) (21 CFR 81.1(g)), which was extended to July 1, 1977 by regulation published in the FEDERAL REGISTER of February 4, 1977 (42 FR 6992) is being deleted because it will become obsolete when this order becomes effective on August 2, 1977, unless this order is stayed by the timely filing of objections.

The Commissioner, having evaluated the data in the petition and other relevant material, concludes that bronze powder and copper powder are safe under the conditions set forth below for use in coloring cosmetics generally and externally applied drugs including cosmetics and drugs for use in the area of the eye, and that certification is not necessary for the protection of the public health.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 706 (b), (c), and (d), 74 Stat. 399-403 (21 U.S.C. 376 (b), (c), (d)) and the transitional provisions of the Color Additive Amendments of 1960 (Title II, Pub. L. 86-618, sec. 203, 74 Stat. 404-407 (21 U.S.C. 376 note)), and under authority delegated to the Commissioner (21 CFR 5.1), Parts 73 and 81 are amended as follows:

1. Part 73 is amended:

a. In Subpart B, by adding new § 73.-1646 to read as follows:

§ 73.1646 Bronze powder.

(a) *Identity.* (1) The color additive bronze powder is a very fine metallic powder prepared from alloys consisting principally of virgin electrolytic copper and zinc with small amounts of the virgin metals aluminum and tin. It contains small amounts of stearic or oleic acid as lubricants.

(2) Color additive mixtures for drug use made with bronze powder may contain only those diluents listed in this subpart as safe and suitable for use in color additive mixtures for coloring externally applied drugs.

(b) *Specifications.* Bronze powder shall conform to the following specifications and shall be free from impurities other than those named to the extent that such impurities may be avoided by good manufacturing practice:

Stearic or oleic acid, not more than 5 percent.
Cadmium (as Cd), not more than 15 parts per million.
Lead (as Pb), not more than 20 parts per million.
Arsenic (as As), not more than 3 parts per million.
Mercury (as Hg), not more than 1 part per million.
Aluminum (as Al), not more than 0.5 percent.
Tin (as Sn), not more than 0.5 percent.
Copper (as Cu), not more than 95 percent and not less than 70 percent.
Zinc (as Zn), not more than 30 percent.

Maximum particle size 45μ (95 percent minimum). Aluminum, zinc, tin, and copper content shall be based on the weight of the dried powder after being thoroughly washed with ether.

(c) *Use and restriction.* Bronze powder may be safely used in coloring externally applied drugs, including those intended for use in the area of the eye, in amounts consistent with good manufacturing practice.

(d) *Labeling.* The color additive and any mixture prepared therefrom intended solely or in part for coloring purposes shall conform to the requirements of § 70.25 of this chapter.

(e) *Exemption from certification.* Certification of the color additive is not necessary for the protection of the public health, and therefore batches thereof are exempt from the certification requirements of section 706(c) of the act.

b. In Subpart B, by adding new § 73.-1647 to read as follows:

§ 73.1647 Copper powder.

(a) *Identity.* (1) The color additive copper powder is a very fine free-flowing metallic powder prepared from virgin electrolytic copper. It contains small amounts of stearic or oleic acid as lubricants.

(2) Color additive mixtures for drug use made with copper powder may con-

tain only those diluents listed in this subpart as safe and suitable for use in color additive mixtures for coloring externally applied drugs.

(b) *Specifications.* Copper powder shall conform to the following specifications and shall be free from impurities other than those named to the extent that such impurities may be avoided by good manufacturing practice.

Stearic or oleic acid, not more than 5 percent.
Cadmium (as Cd), not more than 15 parts per million.
Lead (as Pb), not more than 20 parts per million.
Arsenic (as As), not more than 3 parts per million.
Mercury (as Hg), not more than 1 part per million.
Copper (as Cu), not less than 95 percent.
Maximum particle size 45μ (95 percent minimum).

(c) *Use and restriction.* Copper powder may be safely used in coloring externally applied drugs, including those intended for use in the area of the eye, in amounts consistent with good manufacturing practice.

(d) *Labeling.* The color additive and any mixture prepared therefrom intended soley or in part for coloring purposes shall conform to the requirements of § 70.25 of this chapter.

(e) *Exemption from certification.* Certification of the color additive is not necessary for the protection of the public health, and therefore batches thereof are exempt from the certification requirements of section 706(c) of the act.

C. In Subpart C, by adding new § 73.-2646 to read as follows:

§ 73.2646 Bronze powder.

(a) *Identity and specifications.* The color additive bronze powder shall conform in identity and specifications to the requirements of § 73.1646 (a) (1) and (b).

(b) *Use and restriction.* Bronze powder may be safely used in coloring cosmetics generally, including cosmetics intended for use in the area of the eye, in amounts consistent with good manufacturing practice.

(c) *Labeling.* The color additive and any mixture prepared therefrom intended solely or in part for coloring purposes shall conform to the requirements of § 70.25 of this chapter.

(d) *Exemption from certification.* Certification of the color additive is not necessary for the protection of the public health, and therefore batches thereof are exempt from the certification requirements of section 706(c) of the act.

d. In Subpart C, by adding new § 73.2647 to read as follows:

§ 73.2647 Copper powder.

(a) *Identity and specifications.* The color additive copper powder shall conform in identity and specifications to the requirements of § 73.1647(a) (1) and (b).

(b) *Use and restriction.* Copper powder may be safely used in coloring cosmetics generally, including cosmetics intended for use in the area of the eye, in amounts consistent with good manufacturing practice.

(c) *Labeling.* The color additive and any mixture prepared therefrom intended solely or in part for coloring purposes shall conform to the requirements of § 70.25 of this chapter.

(d) *Exception from certification.* Certification of the color additive is not necessary for the protection of the public health and therefore batches thereof are exempt from the certification requirements of section 706(c) of the act.

§ 81.1 [Amended]

2. In Part 81, paragraph (g) of § 81.1 *Provisional lists of color additives* is amended by deleting from the table the entries "Bronze powder" and "Copper, metallic powder."

Any person who will be adversely affected by the foregoing order may at any time on or before August 1, 1977, file with the Hearing Clerk (HFC-20), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, Md. 20857, written objections thereto. Objections shall show wherein the person filing will be adversely affected by the order, specify with particularity the provisions of the order deemed objectionable, and state the grounds for the objections. Objections shall be filed in accordance with the requirements of § 71.30 (21 CFR 71.30). If a hearing is requested, the objections shall state the issues for the hearing, shall be supported by grounds factually and legally sufficient to justify the relief sought, and shall include a detailed description and analysis of the factual information intended to be presented in support of the objections in the event that a hearing is held. Four copies of all documents shall be filed and identified with the Hearing Clerk docket number found in brackets in the heading of this order. Received objections may be seen in the Hearing Clerk's office, from 9 a.m. to 4 p.m., Monday through Friday.

Effective date: This regulation shall become effective August 2, 1977 except as to any provisions that may be stayed by the filing of proper objections. Notice of filing of objections or lack thereof will be announced by publication in the FEDERAL REGISTER.

(Sec. 706 (b), (c), and (d), 74 Stat. 399-403 (21 U.S.C. 375 (b), (c), and (d)); sec. 203, 74 Stat. 404-407 (21 U.S.C. 376 note).)

Dated: June 28, 1977.

JOSEPH P. HILE,
Associate Commissioner for Compliance.

[FR Doc.77-18941 Filed 6-30-77;8:45 am]

[Docket No. 76N-0366]

PART 81—GENERAL SPECIFICATIONS AND GENERAL RESTRICTIONS FOR PROVISIONAL COLOR ADDITIVES FOR USE IN FOODS, DRUGS, AND COSMETICS

Postponement of Closing Date

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The Commissioner of Food and Drugs is postponing the closing date for the provisional listing of 12 color additives for use in cosmetics. The new closing date will be August 30, 1977. This action is taken to provide for the orderly processing of orders listing the color additives as "permanent" color additives.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Gerad L. McCowin, Bureau of Foods (HFF-334), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204, (202-472-5740).

SUPPLEMENTARY INFORMATION:

The current closing date of July 1, 1977 for the provisional listing of aluminum powder, annatto, bronze powder, carmine, carotene, chromium hydroxide green, chromium oxide greens, copper metallic powder, ferric ferrocyanide, guanine, mica, and zinc oxide was established by regulation published in the FEDERAL REGISTER of February 4, 1977 (42 FR 6992).

The order set forth below will postpone the closing date for the provisional listing of these 12 color additives until August 30, 1977. This postponement will provide time for an orderly processing of the orders for these colors as required by the Federal Food, Drug, and Cosmetic Act. During the time provided by this postponement, there will be an opportunity for objections to the actions being taken with respect to the listing of aluminum powder, annatto, bronze powder, carmine, carotene, chromium hydroxide greeen, chromium oxide greens, copper metallic powder, ferric ferrocyanide, guanine, mica, and zinc oxide and the possible necessity for a response to any objections that might be received before the effective dates.

Because of the shortness of time until the July 1, 1977 closing date, the Commissioner concludes that notice and public procedure on this regulation are impracticable and contrary to the public interest and that good cause exists for issuing this postponement as a final order. The regulation, to be effective on July 1, 1977, will permit the uninterrupted use of the affected color additives during the brief period before the listing regulations become effective. Therefore, in accordance with 5 U.S.C. 553(b) (B) and (d) (1) and (3), this postponement is issued as a final regulation and is being made effective on July 1, 1977.

Therefore, under the transitional provisions of the Color Additive Amendments of 1960 to the Federal Food, Drug, and Cosmetic Act (Title II, Pub. L. 86-618; sec. 203, 74 Stat. 404-407 (21 U.S.C. 376 note)) and under authority delegated to the Commissioner (21 CFR 5.1), Part 81 is amended as follows:

§ 81.1 [Amended]

In § 81.1 *Provisional lists of color additives*, the entries for the closing date

for the color additives aluminum powder, annatto, bronze powder, carmine, carotene, chromium hydroxide green, chromium oxide greens, copper metallic powder, ferric ferrocyanide (iron blue), guanine (pearl essence), mica, and zinc oxide listed in paragraph (g) are changed to read "August 30, 1977."

Effective date: July 1, 1977.

(Sec. 203, 74 Stat. 404-407 (21 U.S.C. 376 note).)

Dated: June 28, 1977.

JOSEPH J. HILE,
Associate Commissioner for Compliance.

[FR Doc.77-18942 Filed 6-30-77;8:45 am]

SUBCHAPTER E—ANIMAL DRUGS, FEEDS, AND RELATED PRODUCTS

[Docket No. 75N-0372]

PART 500—GENERAL

Subpart B—Specific Administrative Rulings and Decisions

HEXACHLOROPHENE

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: This document requires approved new animal drug applications (NADA's) for animal drugs containing hexachlorophene for use in or on animals, with certain exceptions. The regulation results from concern over the known toxicity of hexachlorophene to humans.

EFFECTIVE DATE: August 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Howard Meyers, Bureau of Veterinary Medicine (HFV-214), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, Md. 20857, (301-443-3183).

SUPPLEMENTARY INFORMATION: The Commissioner of Food and Drugs proposed, in the FEDERAL REGISTER of June 23, 1976 (41 FR 25911), new § 500.46 Hexachlorophene in animal drugs to require approved NADA's for animal drugs containing hexachlorophene for use in or on animals, other than as part of a product preservative system at a level of not more than 0.1 percent in topical preparations for use in non-food-producing animals.

The proposed regulation resulted from the Commissioner's concern over the known toxicity of hexachlorophene to humans and the lack of adequate data to support its safe and effective use in or on animals other than as part of a product preservative system at a level of not more than 0.1 percent in topical preparations for use in non-food-producing animals.

Interested persons were given until August 23, 1976, to file written comments on the proposal. One response was received to the proposal, that from a practicing veterinarian who requested moderation of the "extreme stand."

The Commissioner concludes that the regulation as proposed is apropriate. It is the statutory responsibility of the Food and Drug Administration to require that drugs be safe and effective. Because animal drugs containing hexachlorophene above a preservative level of 0.1 percent in non-food-producing animals have not been demonstrated to be safe and effective by current standards such products are new animal drugs requiring approved NADA's for their continued use.

The respondent also made several other comments, which, along with the Commissioner's response, are as follows:

1. Hexachlorophene is clinically effective when used topically for treating a generalized hemolytic staphylococcal infection of the skin of dogs.

The Federal Food, Drug, and Cosmetic Act requires that effectiveness be established by substantial evidence consisting of adequate and well-controlled investigations by experts on which it could reasonably be concluded that the drug has its purported effect (21 U.S.C. 360b(d)(3)). Therefore, opinions, even those of an expert, unless based upon such adequate and well-controlled investigations, do not qualify as substantial evidence establishing effectiveness.

2. Adequate directions for use can be given to protect humans from the potential hazards from use of the drug on animals.

The Commissioner concludes that, until hexachlorophene is shown to be safe and effective for its labeled uses, whether or not adequate directions for use can be given to protect humans from the potential hazards from the use of the drug on animals is irrelevant.

3. The potential hazard to humans is less from contamination with hexachlorophene than with hemolytic staphylococci, which are distributed throughout the house by infected animals.

The Commissioner concludes that the distribution of potentially harmful hemolytic staphylococci throughout the home can be avoided safely by other means.

Therefore, under the Federal Food, Drug, and Cosmetic Act (secs. 512, 701(a), 52 Stat. 1055, 82 Stat. 343-351 (21 U.S.C. 360b, 371(a))) and under authority delegated to the Commissioner (21 CFR 5.1), Part 500 is amended by adding new § 500.46 to read as follows:

§ 500.46 Hexachlorophene in animal drugs.

(a) The Commissioner of Food and Drugs has determined that there are no adequate data to establish that animal drugs containing hexachlorophene are safe and effective for any animal use other than in topical products for use on non-food-producing animals as part of a product preservative system at a level not to exceed 0.1 percent; that there is no information on the potential risk to humans from exposure to hexachlorophene by persons who apply animal products containing the drug at levels higher than 0.1 percent; and that there is likewise no information on human exposure to animals on which these animal drugs have been used and no information on possible residues of hexachlorophene in edible products of food-producing animals treated with new animal drugs that contain any quantity of hexachlorophene.

(b) Animal drugs containing hexachlorophene for other than preservative use on non-food-producing animals at levels not exceeding 0.1 percent are considered new animal drugs and shall be the subject of new animal drug applications (NADA's).

(c) Any person currently marketing animal drugs that contain hexachlorophene other than as part of a product preservative system for products used on non-food-producing animals at a level not exceeding 0.1 percent shall submit a new animal drug application, supplement an existing application, or reformulate the product by September 29, 1977. Each application or supplemental application shall include adequate data to establish that the animal drug is safe and effective. If the animal drug is currently subject to an approved new animal drug application, each reformulation shall require an approved supplemental application. The interim marketing of these animal drugs may continue until the application has been approved, until it has been determined that the application is not approvable under the provisions of § 514.111 of this chapter, or until an existing approved application has been withdrawn.

(d) After September 29, 1977, animal drugs that contain hexachlorophene other than for preservative use on non-food-producing animals at a level not exceeding 0.1 percent that are introduced into interstate commerce shall be deemed to be adulterated within the meaning of section 501(a)(5) of the act (21 U.S.C. 351(a)(5)) unless such animal drug application submitted pursuant to paragraph (c) of this section. Action to withdraw approval of new animal drug applications will be initiated if supplemental new animal drug applications have not been submitted in accordance with this section.

(e) New animal drug applications submitted for animal drugs containing hexachlorophene for use in or on food-producing animals shall include adequate data to assure that edible products from treated animals are safe for human consumption under the labeled conditions of use.

Effective date: This regulation becomes effective August 1, 1977.

(Secs. 512, 701(a), 52 Stat. 1055, 82 Stat. 343-351 (21 U.S.C. 360b, 371(a)).)

Dated: June 27, 1977.

JOSEPH P. HILE,
Associate Commissioner for Compliance.

PART 520—ORAL DOSAGE FORM NEW ANIMAL DRUGS NOT SUBJECT TO CERTIFICATION

Dichlorophene and Toluene Capsules

AGENCY: Food and Drug Administration.

ACTION: Final rule.

SUMMARY: The animal drug regulations are amended to reflect approval of a new animal drug application filed by The Farnam Companies, Inc., providing for safe and effective use of dichlorophene/toluene capsules for treating certain helminth infections in dogs and cats.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Henry C. Hewitt, Bureau of Veterinary Medicine (HFV-112), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, Md. 20857, (301-443-3430).

SUPPLEMENTARY INFORMATION: Under section 512(i) of the Federal Food, Drug, and Cosmetic Act, § 520.580 of the animal drug regulations is amended to reflect approval of a new animal drug application (NADA 107-189V) filed by The Farnam Companies, Inc., 8701 North 29th St., Omaha, NE 68112.

In accordance with § 514.11(e)(2)(ii) (21 CFR 514.11(e)(2)(ii)) of the animal drug regulations, a summary of the safety and effectiveness data and information submitted to support the approval of this application is released publicly. The summary is available for public examination at the office of the Hearing Clerk (HFC-20), Rm. 4-65, 5600 Fishers Lane, Rockville, Md. 20857, between the hours of 9 a.m. and 4 p.m., Monday through Friday.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))), and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.1), § 520.580 is amended by revising paragraph (c)(1) to read as follows:

§ 520.580 Dichlorophene and toluene capsules.

Title 26—Internal Revenue

CHAPTER I—INTERNAL REVENUE SERVICE, DEPARTMENT OF THE TREASURY

PERSONS WITH WHOM HAND CARRIED RETURNS MAY BE FILED

[T.D. 7495]

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document contains amendments to the regulations relating to the place for filing returns and other documents which are filed by hand carrying. These regulations provide necessary guidance for compliance with the law relating to filing requirements for returns and other documents and affect taxpayers generally.

DATE: These regulations are effective on July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. Larry Smith of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue, NW., Washington, D.C. 20224 (Attention: CC:LR:T) (202-566-3909).

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains amendments to regulations promulgated under the authority of section 6091 which relate to the place for filing returns and other documents which are filed by hand carrying. Present regulations generally permit returns and other documents which are filed by hand carrying to be filed only with district directors of internal revenue. The amendments contained in this document permit returns and other documents which are filed by hand carrying to be filed with the heads of area, zone or local offices constituting permanent posts of duty within internal revenue districts as well as with district directors.

DRAFTING INFORMATION

The principal author of this regulation was Mr. Larry Smith of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

ADOPTION OF AMENDMENTS TO THE REGULATIONS

Accordingly, 26 CFR Parts 1, 20, 25, 31, 46, 48, 49, 53 and 301 are amended as follows:

SUBCHAPTER A—INCOME TAX

PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

PARAGRAPH 1. The last sentence of § 1.6031-1(e)(1)(ii) is revised to read as follows:

§ 1.6031-1 Return of partnership income.

* * * * *

(e) *Place and time for filing returns*—(1) *Place for filing* * * *

(ii) *Returns filed with service centers* * * * Returns which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) in accordance with paragraph (e)(1)(i) of this section.

* * * * *

PAR. 2. Paragraph (d)(1) and (2) of § 1.6091-2 is revised to read as follows:

§ 1.6091-2 Place for filing income tax returns.

* * * * *

(d) *Hand-carried returns.* * * *

(1) *Persons other than corporations.* Returns of persons other than corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (a) of this section.

(2) *Corporations.* Returns of corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (b) of this section.

* * * * *

SUBCHAPTER B—ESTATE AND GIFT TAXES

PART 20—ESTATE TAXES

PAR. 3. Paragraph (a)(2) of § 20.6091-1 is revised to read as follows:

§ 20.6091-1 Place for filing returns or other documents.

(a) *General rule.* * * *

(2) The district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) in whose district the decedent was domiciled at the time of his death, if paragraph (1) does not apply.

* * * * *

PART 25—GIFT TAXES

PAR. 4. The last sentence of § 25.6091-1(b) is revised to read as follows:

§ 25.6091-1 Place for filing returns and other documents.

* * * * *

(b) *Returns filed with service centers.* * * * Returns which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) in accordance with paragraph (a) of this section.

* * * * *

SUBCHAPTER C—EMPLOYMENT TAXES

PART 31—EMPLOYMENT TAXES; APPLICABLE ON AND AFTER JANUARY 1, 1955

PAR. 5. Paragraph (e) (1) and (2) of § 31.6091–1 is revised to read as follows:

§ 31.6091–1 Place for filing returns.

* * * * *

(e) *Hand-carried returns.* * * *

(1) *Persons other than corporations.* Returns of persons other than corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (a) of this section.

(2) *Corporations.* Returns of corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (b) of this section.

* * * * *

SUBCHAPTER D—MISCELLANEOUS EXCISE TAXES

PART 46—MISCELLANEOUS EXCISE TAXES PAYABLE BY RETURN

PAR. 6. Paragraph (e) (1) and (2) of § 46.6091–1 is revised to read as follows:

§ 46.6091–1 Place for filing returns.

* * * * *

(e) *Hand-carried returns.* * * *

(1) *Persons other than corporations.* Returns of persons other than corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (a) of this section.

(2) *Corporations.* Returns of corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (b) of this section.

* * * * *

PART 48—MANUFACTURERS AND RETAILERS EXCISE TAXES

PAR. 7. Paragraph (e) (1) and (2) of § 48.6091–1 is revised to read as follows:

§ 48.6091–1 Place for filing returns.

* * * * *

(e) *Hand-carried returns.* * * *

(1) *Persons other than corporations.* Returns of persons other than corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (a) of this section.

(2) *Corporations.* Returns of corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (b) of this section.

* * * * *

PART 49—FACILITIES AND SERVICES EXCISE TAXES

PAR. 8. Paragraph (e) (1) and (2) of § 49.6091–1 is revised to read as follows:

§ 49.6091–1 Place for filing returns.

* * * * *

(e) *Hand-carried returns.* * * *

(1) *Persons other than corporations.* Returns of persons other than corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (a) of this section.

(2) *Corporations.* Returns of corporations which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) as provided in paragraph (b) of this section.

* * * * *

PART 53—FOUNDATION EXCISE TAXES

PAR. 9. The last sentence of § 53.6091–1 (c) is revised to read as follows:

§ 53.6091–1 Place for filing chapter 42 tax returns.

* * * * *

(c) *Returns filed with service centers.* * * * Returns which are filed by hand carrying shall be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) in accordance with paragraph (a) or (b) of this section, whichever is applicable.

* * * * *

SUBCHAPTER F—PROCEDURE AND ADMINISTRATION

PART 301—PROCEDURE AND ADMINISTRATION

PAR. 10. The first sentences of paragraph (b) (1) and (2) of § 301.6091–1 are revised to read as follows:

§ 301.6091–1 Place for filing returns and other documents.

* * * * *

(b) *Exception for hand-carried documents other than returns.* * * *

(1) *Persons other than corporations.* If a document, other than a return, of a person (other than a corporation) is hand carried, and if the document is otherwise required to be filed with a service center, such document may be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) for the internal revenue district in which is located the legal residence or principal place of business of such person, or, in the case of an estate, the internal revenue district in which was the domicile of the decedent at the time of his death. * * *

(2) *Corporations.* If a document, other than a return, of a corporation is hand carried, and if the document is otherwise required to be filed with a service center, such document may be filed with the district director (or with any person assigned the administrative supervision of an area, zone or local office constituting a permanent post of duty within the internal revenue district of such director) for the internal revenue district in which is located the principal place of business or principal office or agency of the corporation.

* * * * *

Because the amendments made by this Treasury decision are permissive, it is unnecessary to issue it with notice and public procedure thereon under subsection (b) of section 553 of title 5 of the United States Code.

(Sec. 6091, 7805, Internal Revenue Code of 1954, (68A Stat. 917; 26 U.S.C. 7805))

WILLIAM E. WILLIAMS,
Acting Commissioner of Internal Revenue.

Approved: June 24, 1977.

LAURENCE N. WOODWORTH,
Assistant Secretary of the Treasury.

PART 31—EMPLOYMENT TAXES; APPLICABLE ON AND AFTER JANUARY 1, 1955

Group-Term Life Insurance, Wage Continuation Payments, and Moving Expenses

AGENCY: Internal Revenue Service, Treasury.

ACTION: Final regulations.

SUMMARY: This document provides final regulations relating to withholding with respect to group-term life insurance, wage continuation payments, and moving expenses. Changes in the applicable tax law were made by the Revenue Act of 1964. These regulations provide necessary guidance for compliance with the law, and affect all persons who may be required to withhold with respect to group-term life insurance, wage continuation payments, and moving expenses.

DATE: The regulations apply retroactively and are effective in accordance

with the effective date provisions for the relevant sections of the Revenue Act of 1964.

FOR FURTHER INFORMATION CONTACT:

Jacob Feldman of the Legislation and Regulations Division, Office of the Chief Counsel, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C. 20224. (Attention: CC:LR:T). (202-566-3459).

SUPPLEMENTARY INFORMATION:

BACKGROUND

On January 14, 1976, the FEDERAL REGISTER published proposed amendments to the Employment Tax Regulations (26 CFR Part 31) under section 3401 of the Internal Revenue Code of 1954, 41 FR 2087. The amendments were proposed to conform the regulations to sections 204(b), 205, and 213(c) of the Revenue Act of 1964 (78 Stat. 36, 38 and 52). A public hearing was held on August 31, 1976. After consideration of all comments regarding the proposed amendments, those amendments are adopted as revised by this Treasury decision.

DISCUSSION

Section 204(b) of the Act added new paragraph (14) to section 3401(a) of the Code to provide an exception from the definition of wages, which are subject to the withholding of income tax, for remuneration paid in the form of group-term life insurance on the lives of employees. Section 31.3401(a)(14)-1(b) of the proposed regulation also provides that the cost of group-term life insurance on the life of an employee's spouse or children is not subject to withholding if it is excludable from the employee's gross income under paragraph (d)(2)(ii)(b) of § 1.61-2 of the Income Tax Regulations (26 CFR Part 1) because it is merely incidental.

Section 205 of the Act amended section 105(d) of the Code to provide new rules for determining the extent to which wage continuation payments made by or on behalf of an employer are excludable from the gross income of an employee. This change necessitates revision of § 31.3401(a)-1(b)(8)(ii) which sets forth the conditions under which employers may refrain from withholding on wage continuation payments to employees.

Section 213(c) of the Act added new paragraph (15) to section 3401(a) of the Code to provide an exception from the definition of wages, which are subject to withholding of income tax, for remuneration paid to or on behalf of an employee for moving expenses if, at the time of payment, it is reasonable to believe that the moving expenses are deductible by the employee under section 217 of the Code.

Several comments were received with respect to the proposed regulations and a public hearing was held on August 31, 1976. After careful consideration it was decided not to adopt any of the suggested changes. However, with respect to withholding on wage continuation payments, the provisions of § 31.3401(a)-1(b)(8)(ii)(a), (b)(1), and (d) have been revised to make clear that the regulations do not reflect the amendments made to section 105(d) of the Code by section 505 of the Tax Reform Act of 1976. The dates in examples (1) and (2) of § 31.3401(a)-1(b)(8)(ii)(b)(2) have likewise been changed to reflect taxable years beginning before January 1, 1977, the effective date for changes to section 105(d) by the Tax Reform Act of 1976, as amended by section 301 of the Tax Reduction and Simplification Act of 1977.

DRAFTING INFORMATION

The principal author of this regulation was Jacob Feldman of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

ADOPTION OF AMENDMENTS TO THE REGULATIONS

Accordingly, the amendments to 26 CFR Part 31 are adopted as proposed subject to the following changes:

PAR. 1. Section 3401(a)-1(b)(8), as set forth in paragraph (1) below is amended by revising the heading of subdivision (ii), the first sentence of subdivision (ii)(a), that portion of subdivision (ii)(b)(1) as precedes (i) thereof, and the heading of subdivision (ii)(d) to read as set forth below, and by amending subdivision (ii)(b)(2) by substituting "1974" for "1976" each time it appears in example (1) and by substituting "1975" for "1977" where it appears in example (2).

(b) *Certain specific items.* * * *

(8) *Amounts paid under wage continuation plans.* * * *

(ii) *Amounts paid after December 31, 1955 and before January 1, 1977—(a) In general.* The term "wage continuation payment", as used in this subdivision, means any payment to an employee which is made after December 31, 1955 and before January 1, 1977, under a wage continuation plan (as defined in paragraph (a)(2)(i) of § 1.105-4 and § 1.105-5 of Part 1 of this chapter (Income Tax Regulations)) for a period of absence from work on account of personal injuries or sickness, to the extent such payment is attributable to contributions made by the employer which were not includible in the employee's gross income or is paid by the employer. * * *

(b) *Amounts paid before January 1, 1977 by employer for whom services are performed for period of absence beginning after December 31, 1963.* (1) Withholding is not required upon the amount of any wage continuation payment for a period of absence beginning after December 31, 1963, paid before January 1, 1977, to an employee directly by the employer for whom he performs services to the extent that such payment is excludable from the gross income of the employee under the provisions of section 105(d) in effect with respect to such payments, provided the records maintained by the employer—* * *

(d) *Amounts paid before January 1, 1977 by person other than the employer for whom services are performed.*

* * * * *

PAR. 2. Section 31.3401(a)(13), as set forth in paragraph 2 of the appendix of the notice of proposed rulemaking, is hereby deleted.

(Sec. 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805.)

WILLIAM E. WILLIAMS,
Acting Commissioner of Internal Revenue.

Approved: June 24, 1977.

LAURENCE N. WOODWORTH,
Assistant Secretary of the Treasury.

PARAGRAPH 1. Paragraph (b) of § 31.3401(a)-1 is amended by revising subparagraph (8)(ii) (a) and (b), by redesignating subparagraph (8)(ii) (c) and (d) as subparagraph (8)(ii) (d) and (e), and by inserting a new subparagraph (8)(ii)(c) immediately after subparagraph (8)(ii)(b). These revised, redesignated, and added provisions read as follows:

§ 31.3401 (a)-1 Wages.

* * * * *

(b) *Certain specific items.* * * *

(8) *Amounts paid under wage continuation plans.* * * *

(ii) *Amounts paid after December 31, 1955 and before January 1, 1977—(a) In general.* The term "wage continuation payment", as used in this subdivision, means any payment to an employee which is made after December 31, 1955, and before January 1, 1977 under a wage continuation plan (as defined in paragraph (a)(2)(i) of § 1.105-4 and § 1.105-5 of Part 1 of this chapter (Income Tax Regulations)) for a period of absence from work on account of personal injuries or sickness, to the extent such payment is attributable to contributions made by the employer which were not includible in the employee's gross income or is paid by the employer. Any such payment, whether or not excluded from the gross income of the employee under section 105(d), constitutes "wages" (unless specifically excepted under any of the numbered paragraphs of section 3401(a) or under section 3402(e)) and withholding thereon is required except as provided in paragraphs (b)(8)(ii) (b), (c), and (d) of this section.

(b) *Amounts paid before January 1, 1977, by employer for whom services are performed for period of absence beginning after December 31, 1963.* (1) With holding is not required upon the amount of any wage continuation payment for a period of absence beginning after December 31, 1963, paid before January 1, 1977, to an employee directly by the employer for whom he performs services to the extent that such payment is excludable from the gross income of the employee under the provisions of section 105(d) in effect with respect to such payments, provided the records maintained by the employer—

(i) Separately show the amount of each such payment and the excludable portion thereof, and

(ii) Contain data substantiating the employee's entitlement to the exclusion provided in section 105(d) with respect to such amount, either by a written statement from the employee specifying whether his absence from work during the period for which the payment was made was due to a personal injury or to sickness and whether he was hospitalized for at least one day during this period; or by any other information which the employer reasonably believes establishes the employee's entitlement to the exclusion under section 105(d). Employers shall not be required to ascertain the accuracy of any written statement submitted by an employee in accordance with this subdivision *(b)(1)(ii)*.

For purposes of this subdivision *(b)(1)*, wage continuation payments reasonably expected by the employer to be made on behalf of the employer by another person after August 1, 1977, the thirtieth day after the publication of this regulation in the FEDERAL REGISTER as a Treasury decision (and, at the option of the employer, such payments reasonably expected to be made prior thereto) shall be taken into account in determining whether the 75 percent test contained in section 105(d) is met and in computing the amount of any wage continuation payment made directly by the employer for whom services are performed by the employee which is within the $75 or $100 weekly rate of exclusion from the gross income of the employee provided in section 105(d). In making this latter computation, the amount excludable under section 105(d) shall be applied first against payments reasonably expected to be made on behalf of the employer by the other person and then, to the extent any part of the exclusion remains, against the payments made directly by the employer. In a case in which wage continuation payments are not paid at a constant rate for the first 30 calendar days of the period of absence, the determination of whether the 75 percent test contained in section 105(d) is met shall be based upon the length of the employee's absence as of the end of the period for which the payment by the employer is made, without regard to the effect which any further extension of such absence may have upon the excludability of the payment.

(2) The computation of the amount of any wage continuation payment with respect to which the employer may refrain from withholding may be illustrated by the following examples:

Example (1). A, an employee of B, normally works Monday through Friday and has a regular weekly rate of wages of $100. On Monday, November 5, 1974, A becomes ill, and as a result is absent from work for two weeks, returning to work on Monday, November 19, 1974. A is not hospitalized. Under B's noncontributory wage continuation plan, A receives no benefits for the first three working days of absence and is paid benefits directly by B at the rate of $85 a week thereafter ($34 for the last two days of the first week of absence and $85 for the second week of absence). No wage continuation payment is made by any other person. Since the benefits are entirely attributable to contributions to the plan by B, such benefits are wage continuation payments in their entirety. The wage continuation payments for the first seven calendar days of absence are not excludable from A's gross income because A was not hospitalized for at least one day during his period of absence, and therefore B must withhold with respect to such payments. Under section 105(d), the wage continuation payments attributable to absence after the first seven calendar days of absence are excludable to the extent that they do not exceed a rate of $75 a week. Under the principles stated in paragraph (e)(6)(iv) of § 1.105-4 of this chapter (Income Tax Regulations), the wage continuation payments in this case are at a rate not in excess of 75 percent ($119\frac{1}{200}$ or 59.5 percent) of A's regular weekly rate of wages. Accordingly, B may refrain from withholding with respect to $75 of the wage continuation payment attributable to the second week of absence.

Example (2). Assume the facts in example (1) except that A is unable to return to work until Monday, February 11, 1975, and that, of the $85 a week of wage continuation payments $35 is paid directly by B and $50 is reasonably expected by B to be paid by C, an insurance company, on behalf of B. In such a case, both the $50 and the $35 payments constitute wage continuation payments and the amount of such payments which is attributable to the first 30 calendar days of absence is at a rate not in excess of 75 percent (323/440 or 73.4 percent) of A's regular weekly rate of wages. Therefore, under section 105(d), the portion of such payments which is attributable to absence after the first seven calendar days of absence is excludable to the extent that it does not exceed a rate of $75 a week for the eighth through the thirtieth calendar day of absence and does not exceed a rate of $100 a week thereafter. B may refrain from withholding with respect to $25 a week (the amount by which the $75 maximum excludable amount exceeds the $50 reasonably expected by B to be paid by C) of his direct payments for the eighth through the thirtieth calendar day of absence. Thereafter, B may refrain from withholding with respect to the entire $35 paid directly by him, since the maximum excludable amount ($100 a week) exceeds the total of payments made by B and payments which B reasonably expects will be made by C.

(c) *Amounts paid by employer for whom services are performed for period of absence beginning before January 1, 1964.* Withholding is not required upon the amount of any wage continuation payment for a period of absence beginning before January 1, 1964, made to an employee directly by the employer for whom he performs services to the extent that such payment is excludable from the gross income of the employee under the provisions of section 105(d) in effect with respect to such payments, provided the records maintained by the employer—

(1) Separately show the amount of each such payment and the excludable portion thereof, and

(2) Contain data substantiating the employee's entitlement to the exclusion provided in section 105(d) with respect to such amount, either by a written statement from the employee specifying whether his absence from work during the period for which the payment was made was due to a personal injury or whether such absence was due to sickness, and, if the latter, whether he was hospitalized for at least one day during this period; or by any other information which the employer reasonably believes establishes the employee's entitlement to the exclusion under section 105(d). Employers shall not be required to ascertain the accuracy of the information contained in any written statement submitted by an employee in accordance with this paragraph (b)(8)(ii) *(c)(2)*. For purposes of this paragraph (b)(8)(ii)(c), the computation of the amount excludable from the gross income of the employee under section 105(d) may be made either on the basis of the wage continuation payments which are made directly by the employer for whom the employee performs services, or on the basis of such payments in conjunction with any wage continuation payments made on behalf of the employer by a person who is regarded as an employer under section 3401(d)(1).

* * * * *

(d) Amounts paid before January 1, 1977 by person other than the employer for whom services are performed. * * *

(e) Cross references. * * *

PAR. 2. Section 31.3401(a)(13)-1 is amended by revising paragraph (b) thereof to read as follows:

§ 31.3401(a)(13)-1 Remuneration for services performed by Peace Corps volunteers.

* * * * *

(b) Sections 5 and 6 of the Peace Corps Act (22 U.S.C. 2504, 2505) provide, in part, as follows:

Sec. 5 *Peace Corps Volunteers* [Peace Corps Act (75 Stat. 613); as amended by sec. 2(b), Act of December 13, 1963 (P.L. 88-200, 77 Stat 359); sec. 2(a), Act of August 24, 1965, (P.L. 89-134, 79 Stat. 549); sec. 3(a), Act of July 24, 1970 (P.L. 91-352, 84 Stat. 464)]

* * * * *

(c) *Readjustment allowances.* Volunteers shall be entitled to receive a readjustment allowance at a rate not to exceed $75 for each month of satisfactory service as determined by the President; except that, in the cases of volunteers who have one or more minor children at the time of their entering a period of pre-enrollment training, one parent shall be entitled to receive a readjustment allowance at a rate not to exceed $125 for each month of satisfactory service as determined by the President. The readjustment allowance of each volunteer shall be payable on his return to the United States: *Provided, however,* That, under such circumstances as the President may determine, the accrued readjustment allowance, or any part thereof, may be paid to the volunteer, members of his family or others, during the period of his service, or prior to his return to the United States. In the event of the volunteer's death during the period of his service, the amount of any unpaid readjustment allowance shall be paid in accordance with the provisions of section 5582(b) of Title 5. For purposes of the Internal Revenue Code of 1954, a volunteer shall be deemed to be paid and to receive each amount of a readjustment allowance to which he is entitled after December 31, 1964, when such amount is trans-

ferred from funds made available under this chapter to the fund from which such readjustment allowance is payable.

* * * * *

Sec. 6. Peace Corps Volunteer Leaders; number; applicability of chapter; benefits [Peace Corps Act (75 Stat. 615), as amended by sec. 3, Act of December 13, 1963 (P.L. 88-200, 77 Stat. 360)] The President may enroll in the Peace Corps qualified citizens or nationals of the United States whose services are required for supervisory or other special duties or responsibilities in connection with programs under this chapter (referred to in this Act as "volunteer leaders"). The ratio of the total number of volunteer leaders to the total number of volunteers in service at any one time shall not exceed one to twenty-five. Except as otherwise provided in this Act, all of the provisions of this Act applicable to volunteers shall be applicable to volunteer leaders, and the term "volunteers" shall include "volunteer leaders": *Provided, however,* That—

(1) Volunteer leaders shall be entitled to receive a readjustment allowance at a rate not to exceed $125 for each month of satisfactory service as determined by the President;

* * * * *

PAR. 3. Section 31.3401(a)(14)-1 which was previously reserved is amended to read as follows:

§ 31.3401(a)(14)-1 Group-term life insurance.

(a) The cost of group-term life insurance on the life of an employee is excepted from wages, and hence is not subject to withholding. For provisions relating generally to such remuneration, and for reporting requirements with respect to such remuneration, see sections 79 and 6052, respectively, and the regulations thereunder in Part 1 of this chapter (Income Tax Regulations).

(b) The cost of group-term life insurance on the life of an employee's spouse or children is not subject to withholding if it is excludable from the employee's gross income because it is merely incidental. See paragraph (d)(2)(ii)(b) of § 1.61-2 in Part 1 of this chapter (Income Tax Regulations).

PAR. 4. Section 31.3401(a)(15)-1 which was previously reserved is amended to read as follows:

§ 31.3401(a)(15)-1 Moving expenses.

(a) An amount paid to or on behalf of an employee after March 4, 1964, either as an advance or a reimbursement, specifically for moving expenses incurred or expected to be incurred is excepted from wages, and hence is not subject to withholding, if (and to the extent that) at the time of payment it is reasonable to believe that a corresponding deduction is or will be allowable to the employee under section 217. The reasonable belief contemplated by the statute may be based upon any evidence reasonably sufficient to induce such belief, even though such evidence may be insufficient upon closer examination by the district director or the courts finally to establish that a deduction is allowable under section 217. The reasonable belief shall be based upon the application of section 217 and the regulations thereunder in Part 1 of this chapter (Income Tax Regulations). When used in this section, the term "moving expenses" has the same meaning as when used in section 217. See § 1.6041-2(a) in Part 1 of this chapter (Income Tax Regulations), relating to return of information as to payments to employees, and § 31.6051-1(e), relating to the reporting of reimbursements of or payments of certain moving expenses.

(b) Except as otherwise provided in paragraph (a) of this section, or in a numbered paragraph of section 3401(a), amounts paid to or on behalf of an employee for moving expenses constitute wages subject to withholding.

SUBCHAPTER D—MISCELLANEOUS EXCISE TAXES

[T.D. 7491]

PART 54—PENSION, ETC., EXCISE TAXES

Exemptions for the Provision of Services or Office Space to Employee Benefit Plans, the Investment of Plan Assets in Bank Deposits, the Provision of Bank Ancillary Services to Plans, and the Transitional Rule for the Provision of Services to Plans

Correction

In FR Doc. 77-17894 appearing at page 32384 in the issue for Friday, June 24, 1977, on page 32389, the title of the signing official should be corrected to read "Acting Commissioner of Internal Revenue."

Title 29—Labor

SUBTITLE A—OFFICE OF THE SECRETARY OF LABOR

PART 94—GENERAL PROVISIONS FOR PROGRAMS UNDER THE COMPREHENSIVE EMPLOYMENT AND TRAINING ACT

Consolidated Table of Contents; Correction

AGENCY: Department of Labor.

ACTION: Correction of regulation.

SUMMARY: On May 13, 1977 at 42 FR 24522 (FR Doc. 77-13797) the Department of Labor published amendments to the regulations at 29 CFR Parts 94, 95 and 99. This document inserts the new table of contents for Part 99 at 29 CFR 94.3 Consolidated table of contents for Parts 94-99. The insertion was inadvertently omitted from the May 13, 1977 publication.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. Hugh Davies, Chief, Division of Program Planning and Design, Room 5322, 601 D Street, NW., 20213. Telephone (202-376-7006).

* * * * *

Accordingly, 29 CFR 94.3 Consolidated table of consolidated table of contents for Parts 94-99 is amended by adding after the table of contents for 29 CFR Part 98 the following new table of contents for 29 CFR Part 99:

§ 94.3 Consolidated table of contents for Parts 94-99.

* * * * *

PART 99—PROGRAMS UNDER TITLE VI OF THE COMPREHENSIVE EMPLOYMENT AND TRAINING ACT

Subpart A—General

Sec.
99.1 Scope and purpose of this Part 99.
99.2 Allocation of funds.
99.3 Eligibility for funds.

Subpart B—Grant Application

99.10 General.
99.11 Planning process; advisory councils.
99.12 Content and description of grant application.
99.13 Application for Federal assistance.
99.14 Comprehensive Title VI plan.
99.15 Assurances and certifications.
99.16 Grant signature sheet.
99.17 Comment and publication procedures relating to submission of grant application.
99.18 Submission of grant application; standards for reviewing grant applications.
99.19 Application approval; application disapproval; grant agreement.
99.20 Use of alternative eligible applicant; services by the Secretary.
99.21 Modifications.

Subpart C—Program Operation Requirements for Prime Sponsors

99.30 General.
99.31 Basic responsibilities of prime sponsors; basic responsibilities of program agents.
99.32 Program performance requirements for prime sponsors.
99.33 Public service job activities in the Title VI level of sustainment.
99.34 Maintenance of effort.
99.35 Linkages with other employment and training programs; training and supportive services.
99.36 Placement goals.
99.37 Compensation and working conditions for participants.
99.38 Place of residence for participants.

Subpart D—Program Operation Requirements Under the Emergency Jobs Programs Extension Act of 1976

99.40 Apportionment of the prime sponsor's allocation.
99.41 Project approval.
99.42 Eligibility for participation in Title VI programs.
99.43 Verification of participant eligibility.
99.44 Special considerations on selection.
99.45 Administrative staff selection and compensation.

Subpart E—Administrative Provisions

99.70 General.
99.71 Payments, financial management systems and audit.
99.72 Reporting requirements.
99.73 Reallocation of funds.
99.74 Allowable Federal costs.
99.75 Grantee contracts and subgrants.
99.76 Allocations of allowable costs among program activities.
99.77 Basic personnel standards for eligible applicants.
99.78 Adjustments in payments.
99.79 Termination of grant and closeout procedures.

Sec.
99.80 Retention of records.
99.81 Program income and procurement standards.
99.82 Nondiscrimination, equal employment opportunities, nepotism and restriction on political activities.
99.83 Assessment and evaluation.
99.84 Hearings and judicial review.

Subpart F—Special Conditions for Grants to Indian Tribes and Alaskan Native Villages

99.90 General.
99.91 Grant responsibility.
99.92 Distribution of funds.
99.93 Eligibility for funds.
99.94 Funding of prime sponsors.
99.95 Participant eligibility.
99.96 Comments and publication procedures relating to submission of application for funding.
99.97 Planning process; advisory councils.
99.98 Travel requirements.
99.99 Nepotism and conflict of interest.
99.100 Nondiscrimination; political activities.
99.101 Subgrants.

Signed at Washington, D.C., this 28th day of June 1977.

ERNEST G. GREEN,
Assistant Secretary for Employment and Training.

[FR Doc.77-18935 Filed 6-30-77;8:45 am]

CHAPTER XVII—OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION, DEPARTMENT OF LABOR

PART 1951—GRANTS FOR IMPLEMENTING STATE APPROVED PLANS

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Final rule.

SUMMARY: This rule amends § 1951.24 (b)(1) of this Part setting forth the cash contributions that are allowable for a State's matching share of the costs of an occupational safety and health program to include funds allocated under the State and Local Fiscal Assistance Amendments of 1976. This change makes the section comply with the 1976 amendments removing the prohibition on use of revenue sharing funds directly or indirectly for the purpose of obtaining Federal funds in matching programs.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Irving Weisblatt, Director, Office of State Programs, Occupational Safety and Health Administration, 200 Constitution Avenue, N.W. Washington, D.C., 20210. (202)-523-8041).

SUPPLEMENTARY INFORMATION: Grants to assist States in administering and enforcing programs for occupational safety and health contained in State plans approved under section 18 of the Occupational Safety and Health Act of 1970 are authorized under section 23(g) of the Act for up to 50% of the total cost to the State of such a program. Section 1951.24(b) of this Part sets forth the sources, including cash contributions, from which a State may derive its matching share for the program, but specifies that funds "originating from another Federal source" may not be counted as part of the State's matching share. Inasmuch as possible conflict exists between this language and the action and explanation of Congress in removing the prohibition of the use of revenue sharing funds as State matching funds, it is necessary to amend it to comply with the purpose of Congress. This purpose was stated as: "Revenue sharing funds are intended to be available for use in essentially the same manner the recipient could use funds from their own sources." (H. Rept. 94-1165, Part I, pp. 9-10; See also Cong. Rec. June 9, 1976, pp. H. 5463, 5465 and Senate Rept. No. 94-1207, p. 19). As the rule conforms Part 1951 to this Congressional purpose, no public notice and comment prior to its effectiveness is necessary.

Accordingly, § 1951.24(b)(1) is amended effective July 1, 1977 to read as follows:

§ 1951.24 Federal share; matching requirements.

* * * * *

(b) * * *

(1) *Cash contributions.* Cash contributions represent the grantee's cash outlay, including the outlay of money contributed to the grantee by other public (other-than-Federal) agencies and institutions and private organizations and individuals, except that funds originating from another Federal source other than General Revenue Sharing funds provided to the State under the State and Local Fiscal Assistance Act of 1972 (Pub. L. 92-512) as amended, or funds provided by a State as its matching share under another Federal grant, may not be counted as part of a State's matching share for grants awarded under this Part.

* * * * *

(Secs. 8(g), 23(g), 84 Stat. 1600, 1614 (29 U.S.C. 657(g), 672(g)))

Signed at Washington, D.C., this 27th day of June 1977.

EULA BINGHAM,
Assistant Secretary of Labor.

[FR Doc.77-18912 Filed 6-30-77;8:45 am]

Title 31—Money and Finance: Treasury

CHAPTER II—FISCAL SERVICE, DEPARTMENT OF THE TREASURY

PART 215—WITHHOLDING OF DISTRICT OF COLUMBIA, STATE, CITY AND COUNTY INCOME OR EMPLOYMENT TAXES BY FEDERAL AGENCIES

Change in Rule To Include District of Columbia, State, and County Withholding

AGENCY: Fiscal Service (FS), Treasury.

ACTION: Final rule.

SUMMARY: This rule establishes procedures for the District of Columbia, States, cities and counties to follow in order to enter into an agreement with the Secretary of the Treasury covering the withholding of District of Columbia, State, city and county income or employment taxes by Federal agencies. A Standard Agreement governing such withholding is also contained in the rule. The rule provides the basis for withholding District of Columbia and State income taxes from the compensation of members of the Armed Forces in accordance with the Tax Reform Act of 1976 and combines District of Columbia, State, city and county withholding provisions into a single rule.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. Allan I. Lund, Government Accounting Systems Staff, Bureau of Government Financial Operations, Room 412, Annex No. 1, Department of the Treasury, Washington, D.C. 20226. (202-566-8374).

SUPPLEMENTARY INFORMATION: On May 2, 1977, the Fiscal Service of the Department of the Treasury published a proposed rule (42 FR 22174) to change 31 CFR 215 to include District of Columbia and State income tax withholding from the compensation of Federal employees and members of the Armed Forces. Subsequent to the publication of the proposed rule, legislation was enacted (Pub. L. 95-30, sec. 408, 91 Stat. 157) which additionally provided for the withholding of county income or employment taxes from the compensation of Federal employees. Accordingly, county tax withholding has been included in the final rule.

DISCUSSION OF MAJOR COMMENTS

1. SHOULD UNIFORM REMITTING FORMS AND PROCEDURES BE ESTABLISHED AND SHOULD A UNIFORM WITHHOLDING CERTIFICATE BE UTILIZED BY THE ARMED FORCES?

The Fiscal Service received comments that the Standard Agreement be revised to provide that Federal agencies remit withheld taxes to all jurisdictions at one time on a standard form and that the Armed Forces be allowed to use Treasury Form W-4 for all members of the Armed Forces in lieu of various forms which may be required by states. The Fiscal Service concluded that under the law (5 U.S.C. 5516, 5517 and 5520) and Executive Order 11997 of June 22, 1977, the Treasury does not have authority to establish such uniform procedures unilaterally. The Federal Government, with respect to the duty of withholding District of Columbia, State, city and county income or employment taxes from the pay of Federal employees and members of the Armed Forces and making returns of the sums withheld, is in fact, an employer for purposes of each taxing jurisdiction. It is incumbent upon Federal employers to adhere to the requirements imposed by each taxing jurisdiction. This fact does not preclude a Federal agency from requesting requirement modifications from a taxing jurisdiction.

2. SHOULD STATES BE SUPPLIED WITH A LIST OF MILITARY PERSONNEL WHICH PROVIDES THE NAME OF THE STATE OF RESIDENCE AT THE TIME OF ENTERING THE ARMED FORCES?

The Fiscal Service received a comment that the Standard Agreement contained in the proposed rule be revised to require that states be supplied with a list of military personnel which provides the state of residence at the time of entering the Armed Forces. This information was, in effect, reported to the states when military departments reported W-2 data for the year ending December 31, 1976. Since the Fiscal Service regards the W-2 information furnished to the states to be a reliable source for establishing legal residence, no revision to the Standard Agreement was made in the final rule.

3. SHOULD STATES BE NOTIFIED ANNUALLY REGARDING MEMBERS OF THE ARMED FORCES ENTERING UPON ACTIVE DUTY?

The Fiscal Service received a comment that the Standard Agreement be revised to require heads of agencies to notify the party state annually of the name, social security number and current mailing address of each member of the Armed Forces entering upon active duty from that state in the previous 12 months. The Fiscal Service concluded that such notification would not conform to the usual fiscal practices of agencies and, therefore, should not be included in the Standard Agreement. However, the Department of Defense will provide the data upon request when a state identifies the name(s) and social security number(s) of the military personnel involved. It should be noted that the income of new military personnel will be reported and the appropriate withholdings provided to the state of residence indicated by the new member upon entering the Armed Forces. If there is a change in the state of residence, the procedure set forth in § 215.10 of the Standard Agreement will be followed. The final rule retains the notification procedure contained in the proposed rule.

The Department of the Treasury has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821, as amended by Executive Order 11949, and OMB Circular A-107.

ADOPTION OF AMENDMENT

Accordingly, 31 CFR 215 is revised to read as follows:

Subpart A—General Information

Sec.
215.1 Scope of part.
215.2 Definitions.

Subpart B—Procedures

215.3 Relationship of Standard Agreement to existing agreements.
215.4 Procedures for entering into a Standard Agreement.
215.5 Procedures for an agreement other than a Standard Agreement.

Subpart C—Standard Agreement

Sec.
215.6 In general.
215.7 Parties.
215.8 Compliance by agencies.
215.9 Withholding certificates.
215.10 Change of legal residence by members of the Armed Forces.
215.11 Agency withholding procedures.
215.12 Miscellaneous provisions.
215.13 Supersession, amendment and termination provisions.

Authority: 5 U.S.C. 5516, 5517, and 5520 and section 4 of Executive Order 11997, June 22, 1977 (42 FR 31759).

Subpart A—General Information

§ 215.1 Scope of part.

This Part relates to agreements between the Secretary of the Treasury and States (including the District of Columbia), cities or counties for withholding of State, city or county income or employment taxes from the compensation of civilian Federal employees, and for the withholding of State income taxes from the compensation of members of the Armed Forces. Subpart A contains general information and definitions. Subpart B prescribes the procedures to be followed in entering into an agreement for the withholding of State, city or county income or employment taxes. Subpart C is the Standard Agreement which the Secretary will enter into with any State, city or county which qualifies to have tax withheld. Requests for deviations from this Standard Agreement will be agreed to by the Secretary only if the State, city or county's unique circumstances require it.

§ 215.2 Definitions.

As used in this Part:

(a) "Agency" means each of the executive agencies and military departments (as defined in 5 U.S.C. 105 and 102, respectively) and the United States Postal Service; and in addition, for city or county withholding purposes only, all elements of the judicial branch.

(b) "City" means any unit of general local government.

(1) Which (A) is classified as a municipality by the United States Bureau of the Census, or

(B) Is a town or township which, in the determination of the Secretary of the Treasury,

(i) Possesses powers and performs functions comparable to those associated with municipalities,

(ii) Is closely settled, and

(iii) Contains within its boundaries no incorporated places as defined by the United States Bureau of the Census; and

(2) Within the political boundaries of which five hundred or more persons are regularly employed by all agencies of the Federal Government.

(c) "City income or employment taxes" means any form of tax for which, under a city ordinance, (1) collection is provided by imposing on employers generally the duty of withholding sums from the pay of employees and making returns of the sums to a designated city officer, department, or instrumentality; and (2) the duty to withhold generally is imposed on the payment of compensation earned within the jurisdiction of the city in the case of employees whose regular place of employment is within such jurisdiction. Whether the tax is described as an income, wage, payroll, earnings, occupational license, or otherwise, is immaterial.

(d) "Compensation" as applied to employees of an agency and members of the Armed Forces means "wages" as defined in 26 U.S.C. 3401(a) and regulations issued thereunder.

(e) "County" means any unit of local general Government which is classified as a county by the Bureau of the Census and within the political boundaries of which 500 or more persons are regularly employed by all agencies of the Federal Government.

(f) "County income or employment taxes" means any form of tax for which, under a county ordinance, (1) collection is provided by imposing on employers generally the duty of withholding sums from the pay of employees and making returns of the sums to a designated county officer, department, or instrumentality; and (2) the duty to withhold generally is imposed on the payment of compensation earned within the jurisdiction of the county in the case of employees whose regular place of employment is within such jurisdiction. Whether the tax is described as an income, wage, payroll, earnings, occupational license, or otherwise, is immaterial.

(g) "District of Columbia income tax" means the income tax imposed under 47 District of Columbia Code, Chapter 15, Subchapter II.

(h)(1) "Employees" for purposes of State, City and county income or employment tax withholding, means all employees of an agency, other than members of the Armed Forces. The term does not include retired personnel, pensioners, annuitants, or similar beneficiaries of the Federal Government, who are not performing active civilian service or persons receiving remuneration for services on a contract-fee basis.

(2) "Employees" for purposes of District of Columbia income tax withholding, means employees as defined in 47 District of Columbia Code 1551c(z).

(i) "Members of the Armed Forces" means all individuals in active duty status (as defined in 10 U.S.C. 101(22)) in regular and reserve components of the Army, Navy, Air Force, Marine Corps and Coast Guard, except members of the National Guard while participating in exercises or performing duty under 32 U.S.C. 502, and members of the Ready Reserve while participating in scheduled drills or training periods or serving on active duty for training under 10 U.S.C. 270(a).

(j) "Ordinance" means an ordinance, order, resolution, or similar instrument which is duly adopted and approved by a city or county in accordance with the constitution and statutes of the state in

which it is located and which has the force of law within such city or county.

(k) "Regular place of Federal employment" means the official duty station, or other place, where an employee actually and normally (i.e., other than in a travel or temporary duty status) performs services, irrespective of residence.

(l) "Secretary" means Secretary of the Treasury and Fiscal Assistant Secretary or his designee.

(m) "State" means a State of the United States or the District of Columbia, unless otherwise specified.

(n) "State income tax" means any form of tax for which, under a State statute, (1) collection is provided, either by imposing on employers generally the duty of withholding sums from the compensation of employees and making returns of such sums to the State or by granting to employers generally the authority to withhold sums from the compensation of employees, if any employee voluntarily elects to have such sums withheld; and (2) the duty to withhold generally is imposed, or the authority to withhold generally is granted, with respect to the compensation of employees who are residents of such State.

Subpart B—Procedures

§ 215.3 Relationship of Standard Agreement to existing agreements.

(a) Subpart C of this Part is the Standard Agreement which the Secretary will enter into with a State, city or county. This Standard Agreement replaces all prior agreements between the Secretary and the State or city covering the withholding of income or employment taxes from the compensation of Federal employees. The Standard Agreement is essentially the same as the prior agreements. A State or city which currently is a party to an agreement with the Secretary covering the withholding of income or employment taxes from the compensation of Federal employees does not need to apply for a new agreement under this Part. A State or city currently a party to an agreement will be presumed to have consented to be bound by the terms of the Standard Agreement (Subpart C). If a State or city, which is currently a party, does not want to be bound by the Standard Agreement, it shall notify the Fiscal Assistant Secretary, Department of the Treasury, Washington, D.C. 20220, in writing over the signature of an officer authorized to bind contractually the State or city within 90 days of the effective date of this Part. The procedures of § 215.5 shall be followed by a State or city which proposes to be bound by an agreement other than the Standard Agreement.

(b) The effective date for the replacement of existing State or city Standard Agreements by the Standard Agreement appearing as Subpart C of this Part is the effective date of this Part. For current other-than-Standard-Agreements, it is 120 days after the effective date of this Part unless an earlier effective date is specifically agreed to or a new agreement, which is other than the Standard Agreement of Subpart C, is entered into as provided in this Subpart.

§ 215.4 Procedures for entering into a Standard Agreement.

(a) A State, city or county which does not have an existing agreement and wishes to enter into a Standard Agreement shall indicate in a letter its agreement to be bound by the provisions of Subpart C. The letter shall be addressed to the Fiscal Assistant Secretary, Department of the Treasury, Washington, D.C. 20220, and be signed by an officer authorized to bind contractually the State, city or county. Copies of all applicable State laws, city or county ordinances and implementing regulations, instructions, and forms shall be enclosed. The letter shall also indicate the title and address of the official whom Federal agencies may contact to obtain forms and other information necessary to implement withholding.

(b) Within 120 days of the receipt of the letter from the State, city or county official, the Fiscal Assistant Secretary will, by letter, notify the State, city or county (1) that the Standard Agreement has been entered into as of the date of the Fiscal Assistant Secretary's letter, or (2) that an agreement cannot be entered into with the State, city or county and the reasons for that determination. The withholding of the State, city or county income or employment tax shall commence within 90 days after the effective date of the agreement.

§ 215.5 Procedures for an agreement other than a Standard Agreement.

(a) If a State, city or county proposes an agreement which varies from the Standard Agreement, the State, city or county shall follow the procedure in section 215.4(a), except that its letter shall indicate which provisions of the Standard Agreement are not acceptable and the basis therefor, and propose substitute provisions.

(b) Within 60 days of the receipt of the letter from the State, city or county official, the Fiscal Assistant Secretary will notify the State, city or county which substitute provisions may be included in the agreement. The State, city or county shall, by letter, notify the Fiscal Assistant Secretary if it accepts such an agreement. When accepted by the State, city or county the effective date of that agreement shall be the date such acceptance letter is received by the Fiscal Assistant Secretary. The withholding of the State, city or county income or employment tax shall commence within 90 days after the effective date of the agreement.

Subpart C—Standard Agreement

§ 215.6 In general.

This Subpart is the text of the Standard Agreement between the Secretary and the State, city or county. The terms used in this agreement are defined in § 215.2 of this Part.

§ 215.7 Parties.

The parties to this agreement are the Secretary and the State, city or county which has entered into this agreement pursuant to 5 U.S.C. 5516, 5517, or 5520 and Executive Order No. 11997 (June 22, 1977).

§ 215.8 Compliance by agencies.

(a) In the case of an agreement with a State, the head of each agency is required to withhold State income taxes from the compensation of (1) employees of such agency who are subject to such taxes and whose regular place of Federal employment is within the State, and (2) members of the Armed Forces who are subject to such taxes and who are legal residents of the State. The foregoing is also applicable with respect to a State whose statutes permit but do not require withholding by employers, provided the employee voluntarily elects to have such tax withheld.

(b) In the case of an agreement with a city or county, the head of each agency is required to withhold city or county income or employment taxes from the compensation of employees of such agency who are subject to such taxes and whose regular place of Federal employment is within the city or county.

(c) In withholding taxes, the head of each agency, except as otherwise provided in this agreement, shall comply with the withholding provisions of the State, city or county income or employment tax statute, regulations, procedural instructions and reciprocal agreements related thereto.

§ 215.9 Withholding certificates.

Each agency may require employees or members of the Armed Forces under its jurisdiction to complete a withholding certificate in order to calculate the amount to be withheld. The agency shall use the withholding certificate which the State, city or county has prescribed. Where the State, city or county has not prescribed a certificate, the agency may use a certificate approved by the Department of the Treasury. The agency may rely on the information in the certificate. Copies of completed certificates shall be provided to the taxing authority by agencies upon request.

§ 215.10 Change of legal residence by members of the Armed Forces.

(a) In determining the legal residence of a member of the Armed Forces for tax withholding purposes, the head of an agency at all times may rely on the agency's current records, which may include a certificate of legal residence. The form of the certificate of legal residence shall be approved by the Department of the Treasury. A change of legal residence of a member of the Armed Forces shall become effective for tax withholding purposes only after a member of the Armed Forces completes a certificate indicating a new legal residence and delivers it to the agency.

(b) Heads of agencies shall notify the State of prior legal residence of the member of the Armed Forces involved on a monthly basis concerning the change of the member's legal residence. The notification shall include the name, social

security number, current mailing address and the new legal residence of such member of the Armed Forces. The effective date of the change in legal residence shall also be included in the notification.

§ 215.11 Agency withholding procedures.

(a) State income tax shall be withheld only on the entire compensation of Federal employees and members of the Armed Forces. Nonresident employees, who under the State income tax law are required to allocate at least three-fourths of their compensation to the State, shall be subject to withholding on their entire compensation. Nonresident employees, who under the State income tax law are required to allocate less than three-fourths of their compensation to the State, may elect to (1) have State income tax withheld on their entire compensation, or (2) have no income tax withheld on their compensation.

(b) In calculating the amount to be withheld from an employee's or a member's compensation, each agency shall use the method prescribed by the State income tax statute or city or county ordinance or a method which produces approximately the tax required to be withheld (1) by the State income tax statute from the compensation of each employee or member of the Armed Forces subject to such income tax, or (2) by the city or county ordinance from the compensation of each employee subject to such income or employment tax.

(c) Where it is the practice of a Federal agency under Federal tax withholding procedure to make returns and payment of the tax on an estimated basis, subject to later adjustment based on audited figures, this practice may be applied with respect to the State, city or county income or employment tax where the agency has made appropriate arrangements with the State, city or county income tax authorities.

(d) Copies of Federal Form W–2, "Wage and Tax Statement", may be used for reporting withheld taxes to the State, city or county.

(e) Withholding shall not be required on wages earned but unpaid at the date of an employee's or member's death.

(f) Withholding of District of Columbia income tax shall not apply to pay of employees who are not residents of the District of Columbia as defined in 47 District of Columbia Code, Chapter 15, Subchapter II.

§ 215.12 Miscellaneous provisions.

Nothing in this agreement shall be deemed:

(a) To require collection by agencies of the United States of delinquent tax liabilities of Federal employees or members of the Armed Forces, or

(b) To consent to the application of any provision of law of the State, city or county which has the effect of (1) imposing more burdensome requirements upon the United States than it imposes on other employers, or (2) subjecting the United States or any of its officers or employees to any penalty or liability, or

(c) To consent to procedures for withholding, filing of returns, and payment of the withheld taxes to a State, city or county that do not conform to the usual fiscal practices of agencies, or

(d) To permit the withholding of city or county income or employment taxes from the pay of a Federal employee who is not a resident of the State in which the city or county is located unless the employee consents to the withholding, or

(e) To permit the withholding of city or county income or employment taxes from the pay of members of the Armed Forces of the United States, or

(f) To allow agencies to accept compensation from a State, city or county for services performed in withholding of State or city or county income or employment taxes.

§ 215.13 Supersession, amendment and termination provisions.

(a) This agreement supersedes any prior agreement between the Secretary of the Treasury and a State or city pursuant to 5 U.S.C. 5516, 5517, or 5520.

(b) This agreement shall be subject to any amendment of 5 U.S.C. 5516, 5517, 5520 or Executive Order No. 11997, and any rules and regulations issued pursuant to them and amendments thereto.

(c) This agreement may be terminated as to a specific State or city or county which is a party to this agreement by providing written notice to that effect to the Secretary at least 90 days prior to the proposed termination.

* * *

This amendment is effective July 1, 1977.

Issued in Washington, D.C. June 27, 1977.

DAVID MOSSO,
Fiscal Assistant Secretary.

Title 32—National Defense

CHAPTER I—OFFICE OF THE SECRETARY OF DEFENSE

SUBCHAPTER R—CHARTERS

PART 354—DEFENSE INTELLIGENCE AGENCY

AGENCY: Office of the Secretary of Defense.

ACTION: Issuance of DoD Charter Directive 5105.21.

SUMMARY: The Secretary of Defense has established the Defense Intelligence Agency and has assigned to it certain responsibilities, functions and authorities. This Directive serves as the instrument that defines the charter of the Defense Intelligence Agency.

EFFECTIVE DATE: May 19, 1977.

FOR FURTHER INFORMATION CONTACT:

Mr. Arthur H. Ehlers, Director for Organizational and Management Planning Office of the Deputy Assistant Secretary of Defense, (ADMINISTRATION), 202–695–4278.

Accordingly, Part 354 reads as follows:

Sec.
354.1 Purpose.
354.2 Mission.
354.3 Responsibilities and functions.
354.4 Organization and administration.
354.5 Relationships.
354.6 Authorities.
354.7 Delegation of authority.

AUTHORITY: 10 U.S.C. Chapter 4.

§ 354.1 Purpose.

Pursuant to the authority vested in the Secretary of Defense under the provisions of title 10, United States Code, the Defense Intelligence Agency (hereinafter "the DIA") is hereby established with responsibilities, functions and authorities as prescribed herein.

§ 354.2 Mission.

The mission of the DIA is to satisfy, or to ensure the satisfaction of, the foreign intelligence requirements of the Secretary of Defense, the Joint Chiefs of Staff, DoD components and other authorized recipients, and to provide the military intelligence contribution to national intelligence.

§ 354.3 Responsibilities and functions.

The Director, DIA, shall advise the Secretary of Defense on intelligence matters. Under his direction and control, the DIA shall:

(a) Produce, or through tasking and coordination ensure the production of foreign intelligence required for support to the DIA mission. This function specifically includes the maintenance of a strong DoD scientific and technical intelligence program. For the purposes of this section, "production" includes the evaluation, correlation, analysis, interpretation and presentation of foreign intelligence.

(b) Provide intelligence and intelligence staff support to the Joint Chiefs of Staff in accordance with their requirements and established procedures.

(c) Ensure that adequate, timely and reliable intelligence is available to the Unified and Specified Commands.

(d) Participate in the DSARC process as established in DoD Directive 5000.2,[1] by providing the Director of Defense Research and Engineering with threat descriptions based on the information derived from intelligence and threat validation in support of systems acquisition.

(e) Supervise the DoD indications system and provide support to the National Military Command System through the National Military Intelligence Center.

(f) Validate, register, assign, recommend priorities for, and monitor the satisfaction of DoD collection requirements, including those requirements assigned under the provisions of DoD Directive S–3115.7.

(g) Provide central management for the Defense Attache System.

---

[1] Filed as part of original. Single copies may be obtained, if needed, from U.S. Naval Publications and Forms Center, 5801 Tabor Avenue, Philadelphia, PA 19120 Attention: Code 301.

(h) Participate in the National Photographic Interpretation Center and the Defense Special Missile and Astronautics Center.

(i) Establish, maintain and operate facilities for DoD imagery indexing, processing, duplication, evaluation exploitation and central repository services in support of DoD and other authorized recipients.

(j) Supervise a DoD-wide intelligence dissemination program and provide centralized dissemination services in support of DoD and other authorized recipients.

(k) Provide intelligence bibliography, reference library, and research services as required to fulfill the DIA mission.

(l) Operate the Defense Intelligence School.

(m) In coordination with other intelligence agencies concerned, recommend plans for intelligence operations, including plans for the use of national intelligence systems to support military operational commanders. As directed, coordinate the execution of approved intelligence operations plans.

(n) Subject to the staff supervision of the Assistant Secretary of Defense (Communications, Command, Control and Intelligence) (ASD(C^3I)), act as manager for all aspects of Defense intelligence production within the General Defense Intelligence Program and recommend changes or improvements in collection systems to the ASD(C^3I).

(o) Act as management authority for all DoD intelligence information systems except those systems dedicated to signals intelligence operations and support functions falling within the scope of DoD Directive S-3115.7.

(p) Establish and operate a DoD career development program for civilian general intelligence personnel; review, coordinate, and evaluate effectiveness of career development programs for military general intelligence personnel; conduct planning and guidance activities in coordination with DoD components on these programs to meet DoD requirements. Provide technical assistance in the development and conduct of DoD general intelligence training.

(q) Provide guidance, in conformance with policies of DoD and the Director of Central Intelligence, to DoD components concerning the release of Defense intelligence information to foreign governments, international organizations and the public.

(r) Administer DoD security policies and programs to protect intelligence and intelligence sources and methods, including direction of the Defense Special Security System.

(s) Adjudicate clearance eligibility for DIA civilian personnel and eligibility for access to compartmented intelligence for all personnel assigned to OSD, OJCS, and the Defense Agencies, with the exception of NSA, including contractors and consultants.

(t) Provide representation on national and international intelligence committees, boards and working groups, as appropriate.

(u) Provide the DoD focal point for relationships with foreign intelligence services.

(v) Prepare and submit to the Secretary of Defense the DIA program and budget.

(w) Ensure that all DIA policies, plans, programs and activities are carried out in accordance with law and the provisions of Executive Orders and other directives from higher authority establishing oversight controls on foreign intelligence activities.

(x) Report to the Inspector General for Defense Intelligence and the General Counsel, Department of Defense, any activities that raise questions of legality or propriety.

(y) Establish and conduct or recommend research development, test and evaluation programs or projects to carry out the responsibilities assigned herein.

(z) Perform such other functions and services as the Secretary of Defense may from time to time assign.

§ 354.4 Organization and administration.

(a) The Director, DIA, shall be appointed by the Secretary of Defense. The DIA shall be authorized such personnel, facilities, funds, and other administrative support as the Secretary of Defense deems necessary.

(b) The Director, DIA, shall report to the Secretary of Defense and the Chairman, Joint Chiefs of Staff. The Director, DIA, shall be under the operational control of the Joint Chiefs of Staff for the purposes of:

(1) Obtaining the intelligence support required to perform the statutory and assigned responsibilities of the Joint Chiefs of Staff; and

(2) Ensuring that adequate, timely and reliable intelligence support is available to the Unified and Specified Commands.

(c) Staff supervision of the DIA for the Secretary of Defense will be exercised by the Assistant Secretary of Defense (Communications, Command, Control and Intelligence) with respect to resources, and by the Assistant Secretary of Defense (International Security Affairs) with respect to policy.

(d) The performance of the Director, DIA, will be evaluated by the Secretary of Defense. The Chairman, JCS, shall report on performance of the Director, DIA, concurrently with the Secretary of Defense's report.

§ 354.5 Relationships.

(a) In the performance of his duties the Director, DIA, shall:

(1) Coordinate actions, as appropriate, with DoD components and governmental agencies having collateral or related functions in the field of his assigned responsibilities.

(2) Maintain liaison for the exchange of information and advice with DoD components and other governmental agencies in the field of his assigned responsibilities.

(b) The Military Departments and other DoD components shall provide such support and assistance to the DIA as may be necessary for carrying out its mission.

§ 354.6 Authorities.

A delegation of the administrative authorities required by the Director, DIA, to administer and direct the operations of the Agency is contained in § 354.7. In the performance of assigned responsibilities and functions, the Director, DIA, is specifically delegated authority to:

(a) Establish, operate and control all organizations and activities assigned to DIA.

(b) Assign tasks and issue instructions and guidance to DoD components as necessary to carry out the functions assigned herein and such additional functions as may be assigned. All such assignments and issuance to a Military Department shall be through the Secretary of Defense or his designee. For activities under the cognizance of the Joint Chiefs of Staff, the Director, DIA, shall function as the intelligence staff officer of the Joint Staff and assign tasks in accordance with procedures of the Joint Chiefs of Staff.

(c) Have free and direct access to and communication with DoD components, the U.S. Intelligence Community, and other executive departments and agencies as necessary.

(d) Obtain from any DoD component such information as may be necessary for the performance of assigned functions, subject to the provisions of DoD Directive 5000.19.[1]

(e) Enter into agreements on intelligence exchanges and cooperation with foreign military intelligence services as required to fulfill the DIA mission.

§ 354.7 Delegation of authority.

Pursuant to the authority vested in the Secretary of Defense, the Director, DIA, or, in the absence of the Director, his designee, is hereby delegated, subject to the direction, authority, and control of the Secretary of Defense, and in accordance with DoD policies, authority as required in the administration and operation of DIA to:

(a) Exercise the power vested in the Secretary of Defense by 5 U.S.C. 302 and 5 U.S.C. 3101 pertaining to the employment, direction and general administration of DIA civilian personnel.

(b) Fix rates of pay for wage rate employees exempted from the Classification Act by 5 U.S.C. 5102, on the basis of rates established under the Coordinated Federal Wage System. DIA, in fixing such rates, shall follow the wage schedule established by the DoD Wage Fixing Authority.

(c) Establish such advisory committees and employ such part-time advisers as approved by the Secretary of Defense for the performance of DIA functions pursuant to the provisions of 10 U.S.C. 173, 5 U.S.C. 3109(b), and the agreement between the DoD and the Civil Service Commission on employment

of experts and consultants, dated March 14, 1975.

(d) Administer oaths of office incident to entrance into the Executive Branch of the Federal Government or any other oath required by law in connection with employment therein, in accordance with the provisions of 5 U.S.C. 2903(b) and designate in writing, as may be necessary, officers and employees of DIA to perform this function.

(e) Establish a DIA Incentive Awards Board and pay cash awards to and incur necessary expenses for the honorary recognition of civilian employees of the Government whose suggestions, inventions, superior accomplishments, or other personal efforts, including special acts or services, benefit or affect DIA or its subordinate activities in accordance with the provisions of 5 U.S.C. 4503 and applicable Civil Service Regulations.

(f) In accordance with the provisions of 5 U.S.C. 7532; Executive Order 10450; and 31 FR 13642:

(1) Designate any position in DIA as a "sensitive" position;

(2) Authorize, in case of any emergency, the appointment to a sensitive position in the DIA for a limited period of time of a person for whom a full field investigation or other appropriate investigation, including the National Agency Check, has not been completed; and

(3) Authorize the suspension, but not terminate the services of, an employee in the interest of national security in positions within DIA.

(g) Clear DIA civilian personnel and such other individuals as may be appropriate for access to classified Defense material and information in accordance with the provisions of DoD Directive 5210.8[1] and Executive Order 11652.

(h) Act as agent for the collection and payment of employment taxes imposed by Chapter 21 of the Internal Revenue Code of 1954, as amended; and as such agent, make all determinations and certifications required or provided for under section 3122 of the Internal Revenue Code of 1954, as amended, and section 205(p) (1) and (2) of the Social Security Act, as amended (42 U.S.C. 405(p) (1) and (2)) with respect to DIA employees.

(i) Authorize and approve overtime work for DIA civilian officers and employees in accordance with the provisions of subchapter V, Chapter 55, title 5, U.S. Code, and applicable Civil Service Regulations.

(j) Authorize and approve:

(1) Travel for DIA civilian employees in accordance with the Joint Travel Regulations, Volume 2, Department of Defense Civilian Personnel.

(2) Temporary duty travel for military personnel assigned or detailed to DIA in accordance with Joint Travel Regulations, Volume I for Members of the Uniformed Services.

(3) Invitational travel to persons serving without compensation whose consultative, advisory, or other highly specialized technical services are required in a capacity that is directly related to or in connection with DIA activities, pursuant to the provisions of 5 U.S.C. 5703.

(k) Approve the expenditure of funds available for travel by military personnel assigned or detailed to DIA for expense incident to attendance at meetings of technical, scientific, professional or other similar organizations in such instances when the approval of the Secretary of Defense or his designee is required by law (37 U.S.C. 412, 5 U.S.C. 4110 and 4111).

(l) Develop, establish, and maintain an active and continuing Records Management Program, pursuant to the provisions of section 506(b) of the Federal Records Act of 1950 (44 U.S.C. 3102).

(m) Establish and use imprest funds for making small purchases of material and services other than personal for DIA when it is determined more advantageous and consistent with the best interests of the Government, in accordance with the provisions of DoD Directive 5100.71.[1]

(n) Authorize the publication of advertisements, notices, or proposals in newspapers, magazines, or other public periodicals as required for the effective administration and operation of DIA (44 U.S.C. 3702).

(o) Establish and maintain appropriate Property Accounts for DIA, and appoint Boards of Survey, approve reports of survey, relieve personal liability, and drop accountability for DIA property contained in the authorized Property Accounts that has been lost, damaged, stolen, destroyed, or otherwise rendered unserviceable, in accordance with applicable laws and regulations.

(p) Promulgate the necessary security regulations for the protection of property and places under the jurisdiction of the Director, DIA, pursuant to subsection III.A. and V.B. of DoD Directive 5200.8.[1]

(q) Establish and maintain, for the functions assigned, an appropriate publications system for the promulgation of regulations, instructions, and reference documents, and changes thereto, pursuant to the policies and procedures prescribed in DoD Directive 5025.1.[1]

(r) Enter into support and services agreements with the Military Departments, other DoD components, or other Government agencies as required for the effective performance of responsibilities and functions assigned to DIA.

(s) Exercise the authority delegated to the Secretary of Defense by the Administrator of the General Services Administration with respect to the disposal of surplus personal property.

The Director, DIA, may redelegate these authorities, as appropriate, and in writing, except as otherwise specifically indicated above or as otherwise provided by law or regulation.

MAURICE W. ROCHE,
Director, Correspondence and Directives, Office of the Assistant Secretary of Defense (Comptroller).

JUNE 17, 1977.

Title 41—Public Contracts and Property Management

CHAPTER 1—FEDERAL PROCUREMENT REGULATIONS

[FPR Amdt. 178]

PART 1–2—PROCUREMENT BY FORMAL ADVERTISING

PART 1–3—PROCUREMENT BY NEGOTIATION

Submission of Bids or Proposals Via Mailgram

AGENCY: General Services Administration.

ACTION: Final rule.

SUMMARY: This amendment of the Federal Procurement Regulations (FPR) provides that the procedures for determining the acceptability of telegraphic bids and proposals and the acceptability of telegraphic modifications and withdrawals of bids and proposals shall apply equally to mailgrams.

The Western Union Telegraph Company and the United States Postal Service have inaugurated a system for the electronic transmission of messages to designated post offices from which the messages are delivered to the addressees through the mail. Since these messages, referred to as mailgrams, have some of the characteristics of both telegrams and letters, it has become necessary to indicate how mailgrams are to be treated.

The decision to treat mailgrams the same as telegrams reflects the similarity of mailgrams to telegrams with respect to the evidence of the bidder's intent to be bound.

The amendment prescribes the necessary changes in Subparts 1–2.2 and 1–3.8 of the FPR.

EFFECTIVE DATE: August 22, 1977.

FOR FURTHER INFORMATION CONTACT:

Philip G. Read, Director of Federal Procurement Regulations (703–557–8947).

Subpart 1–2.2—Solicitation of Bids

1. Section 1–2.201(a)(31) is amended to add a note, as follows:

§ 1–2.201 Preparation of invitations for bids.

* * * * *

(a) * * *

(31) * * *

LATE BIDS, MODIFICATIONS OF BIDS, OR WITHDRAWAL OF BIDS

* * * * *

NOTE.—The term "telegram" includes mailgrams.

* * * * *

2. Section 1–2.202–2 is revised as follows:

§ 1–2.202–2 Telegraphic bids.

(a) As a general rule, telegraphic bids will not be authorized. However, when in the judgement of the contracting officer the date set for opening of bids will not allow bidders sufficient time to prepare and submit bids on the prescribed forms

or when prices are subject to frequent changes, telegraphic bids may be authorized. When such bids are authorized the invitation for bids shall require the bidder to include in the telegraphic bid specific reference to the invitation, the items or sub-items, quantities, and unit prices for which the bid is submitted, the time and place of delivery, and a statement that the bidder agrees to all the terms, conditions, and provisions of the invitation. In order that the contract may be executed on the proper form, the invitation for bids will also provide that telegraphic bids should be confirmed on the prescribed form and submitted promptly to the contracting officer.

(b) The term "telegraphic bids" includes bids or proposals submitted by telegram or by mailgram. Telegram as used herein includes mailgrams.

Subpart 1–2.3—Submission of Bids

3. Section 1–2.301(b) is revised, as follows:

§ 1–2.301 Responsiveness of bids.

* * * * *

(b) Telegraphic bids shall not be considered unless permitted by the invitation for bids. The term "telegraphic bids" includes bids or proposals submitted by telegram or by mailgram.

* * * * *

Subpart 1–3.8—Price Negotiation Policies and Techniques

4. Section 1–3.802–1(a) is amended to add a note, as follows:

§ 1–3.802–1 Consideration of late proposals.

(a) * * *

LATE PROPOSALS, MODIFICATIONS OF PROPOSALS, AND WITHDRAWALS OF PROPOSALS

* * * * *

NOTE.—The term "telegram" includes mailgrams.

* * * * *

5. Section 1–3.802–2(b) is amended to add a note, as follows:

§ 1–3.802–2 Alternate procedures for consideration of late proposals.

* * * * *

(b) * * *

LATE PROPOSALS, MODIFICATIONS OF PROPOSALS, AND WITHDRAWALS OF PROPOSALS

* * * * *

NOTE.—The term "telegram" includes mailgrams.

* * * * *

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c).)

NOTE.—The General Services Administration has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A–107.

Dated: June 30, 1977.

JOEL W. SOLOMON,
Administrator of General Services.

CHAPTER 15—ENVIRONMENTAL PROTECTION AGENCY

[FRL 703–7]

PROCUREMENT

Update and Revisions

AGENCY: Environmental Protection Agency.

ACTION: Final rule.

SUMMARY: This rule updates and revises contract forms to conform with the Federal Procurement Regulations (FPR) prescribed clauses. The revision is reflected in Part 15–16 Procurement Forms. Those contract clauses that are not published in the Federal Procurement Regulations, and that are peculiar to this Agency are now published in Part 15–7 Contract Clauses. The revision of Part 15–16 necessitated an administrative change to Part 15–3, and deletion of clauses and administrative changes to Part 15–60. In addition to the revision of contract forms, the Agency is including in this publication a listing of its miscellaneous forms.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

David S. Taylor, Contracts Policy and Review Branch, Environmental Protection Agency, Washington, D.C. 20460. (202–755–0900).

SUPPLEMENTARY INFORMATION: It is the general policy of the Environmental Protection Agency to provide time for interested persons to participate in the rulemaking process. However, the amendments herein are either administrative procedures affecting only Agency personnel or implementing the requirements of 41 CFR Chapter 1 concerning contract clauses. Because the amendments are administrative in nature, the public rulemaking process is waived in this instance and the amendments stated herein are effective immediately.

(5 U.S.C. 301; 40 U.S.C. 486(c).)

BARBARA BLUM,
Acting Administrator, Environmental Protection Agency.

JUNE 27, 1977.

PART 15–3—PROCUREMENT BY NEGOTIATIONS

§ 15–3.408 [Amended]

Amend § 15–3.408(b) as follows: Change the citation in last sentence to § 15–16.553 in lieu of § 15–16.552.1.

PART 15–7—CONTRACT CLAUSES

The Table of Contents for Part 15–7 is added as follows:

Sec.
15–7.000 Scope of part.

Subpart 15–7.1—Fixed-Price Supply Contracts

15–7.100 Scope of subpart.
15–7.102 Required clauses for use in fixed-price supply contracts.
15–7.102–50 Authorization and consent.
15–7.150 Required clauses for use in fixed-price service contracts.
15–7.150–1 Changes.
15–7.150–2 Inspection of services.
15–7.150–3 Payments.
15–7.150–4 Protection of Government buildings, equipment, and vegetation.

Subpart 15–7.2—Cost-Reimbursement Supply Contracts [Reserved]

Subpart 15–7.3—Fixed-Price Research and Development Contracts

15–7.300 Scope of subpart.
15–7.302 Required clauses.
15–7.302–50 Printing.
15–7.302–51 Rights in data.
15–7.302–52 Data requirements.
15–7.302–53 Background patent rights.
15–7.302–54 Gratuities.
15–7.302–55 Authorization and consent.

Subpart 15–7.4—Cost-Reimbursement Type Research and Development Contracts

15–7.400 Scope of subpart.
15–7.402 Required clauses for use in cost-reimbursement type research and development contracts with fixed fee.
15–7.402–50 Printing.
15–7.402–51 Rights in data.
15–7.402–52 Data requirements.
15–7.402–53 Gratuities.
15–7.402–54 Authorization and consent.
15–7.402–55 Background patent rights.
15–7.402–56 Insurance.
15–7.403 Clauses to be used when applicable.
15–7.403–50 Insurance (Partial Immunity).
15–7.450 Required clauses for use in cost-reimbursement type contracts with educational and other nonprofit institutions.
15–7.450–1 Insurance.
15–7.450–2 Negotiated overhead rates.
15–7.450–3 Printing.
15–7.450–4 Gratuities.
15–7.450–5 Data requirements.
15–7.450–6 Rights in data.
15–7.450–7 Background patent rights.
15–7.450–8 Authorization and consent.
15–7.451 Clauses to be used when applicable.
15–7.451–1 Insurance (Partial Immunity).

Subpart 15–7.5—[Reserved]

Subpart 15–7.6—Fixed-Price Construction Contracts

15–7.600 Scope of subpart.
15–7.602 Required clauses.
15–7.602–50 Composition of contractor.
15–7.602–51 Subcontractors.
15–7.602–52 Samples and certificates.
15–7.602–53 Performance of work by contractor.
15–7.602–54 Use of premises.
15–7.602–55 Safety and health.
15–7.602–56 Guarantees.
15–7.602–57 Layout of work.
15–7.602–58 Cleaning up.
15–7.602–59 Modification proposals—price breakdown.
15–7.602–60 Breakdown for payment estimates.
15–7.602–61 Specifications and drawings.
15–7.602–62 Rights in shop drawings.
15–7.602–63 As-built drawings.
15–7.602–64 Standard references.
15–7.602–65 Progress charts and requirements for overtime work.

Subpart 15–7.50—Architect-Engineer Negotiated Contracts

15–7.5000 Scope of subpart.
15–7.5002 Required clauses.

Sec.
15-7.5002-1 Method of payment.
15-7.5002-2 Composition of contractor.
15-7.5002-3 Gratuities.

AUTHORITY: 40 U.S.C. 486(c).

§ 15-7.000 Scope of part.

This part sets forth uniform EPA contract clauses that are either mandatory or for use when applicable in connection with the procurement of personal property and nonpersonal services (including construction). The same method as in FPR Part 1-7 is used, where possible, to group the clauses. When the FPR grouping cannot be used, the clauses are prescribed in a separate Subpart 15-7.50.

Subpart 15-7.1—Fixed-Price Supply Contracts

§ 15-7.100 Scope of subpart.

This subpart sets forth uniform contract clauses for use in fixed-price supply contracts and fixed-price service contracts other than research and development in addition to those prescribed in FPR 1-7.1. For convenience, these clauses are reproduced on EPA Form 1900-33 and EPA Form 1900-24 respectively.

§ 15-7.102 Required clause for use in fixed-price supply contracts.

§ 15-7.102-50 Authorization and consent.

Insert the following clause in all fixed-price supply contracts.

AUTHORIZATION AND CONSENT

The Government hereby gives its authorization and consent (without prejudice to any rights of indemnification) for all use and manufacture, in the performance of this contract or any part hereof or any amendment hereto or any subcontract hereunder (including any lower-tier subcontract), of any invention described in and covered by a patent of the United States (i) embodied in the structure or composition of any article the delivery of which is accepted by the Government under this contract, or (ii) utilized in the machinery, tools, or methods the use of which necessarily results from compliance by the Contractor or the using subcontractor with (a) specifications or written provisions now or hereafter forming a part of this contract, or (b) specific written instructions given by the Contracting Officer directing the manner of performance. The entire liability to the Government for infringement of a patent of the United States shall be determined solely by the provisions of the indemnity clauses, if any, included in this contract or any subcontract hereunder (including any lower-tier subcontract), and the Government assumes liability for all other infringement to the extent of the authorization and consent hereinabove granted.

§ 15-7.150 Required clauses for use in fixed-price service contracts.

§ 15-7.150-1 Changes.

Insert the following clause only in service contracts other than research and development.

CHANGES

The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes, within the general scope of this contract, in the definition of services to be performed, and the time (i.e., hours of the day, days of the week, etc.) and place of performance thereof. If any such change causes an increase or decrease in the cost of, or the time required for the performance of any part of the work under this contract, whether changed or not changed by any such order, an equitable adjustment shall be made in the contract price or delivery schedule, or both, and the contract shall be modified in writing accordingly. Any claim by the Contractor for adjustment under this clause must be asserted within 30 days from the date of receipt by the Contractor of the notification of change. *Provided, however,* That the Contracting Officer, if he decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment under this contract. Where the cost of property made obsolete or excess as result of a change is included in the Contractor's claim for adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of such property. Failure to agree to any adjustment shall be a dispute concerning a question of fact within the meaning of the clause of this contract entitled "Disputes." However, nothing in this clause shall excuse the Contractor from proceeding with the contract as changed.

§ 15-7.150-2 Inspection of services.

Insert the following clause only in service contracts other than research and development.

INSPECTION OF SERVICES

(a) All services (which term throughout this clause includes services performed, material furnished or utilized in the performance of services, and workmanship in the performance of services) shall be subject to inspection and test by the Government, to the extent practicable at all times and places during the term of the contract. All inspection by the Government shall be made in such a manner as not to unduly delay the work.

(b) If any services performed hereunder are not in conformity with the requirements of this contract, the Government shall have the right to require the Contractor to perform the services again in conformity with the requirements of the contract, at no additional increase in total contract amount. When the services to be performed are of such a nature that the defect cannot be corrected by reperformance of the services, the Government shall have the right to (i) require the Contractor to immediately take all necessary steps to ensure future performance of the services in conformity with the requirements of the contract; and (ii) reduce the contract price to reflect the reduced value of the services performed. In the event the Contractor fails promptly to perform the services again or to take necessary steps to insure future performance of the services in conformity with the requirements of the contract, the Government shall have the right to either (i) by contract or otherwise have the services performed in conformity with the contract requirements and charge to the Contractor any cost occasioned to the Government that is directly related to the performance of such services; or (ii) terminate this contract for default as provided in the clause of this contract entitled "Default."

(c) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services to be performed hereunder. Records of all inspection work by the Contractor shall be kept complete and available to the Government during the term of this contract and for such longer period as may be specified elsewhere in this contract.

§ 15-7.150-3 Payments.

Insert the following clause only in service contracts other than research and development.

PAYMENTS

(a) The Contractor shall be paid, upon submission of proper invoices or vouchers, the price stipulated herein for services rendered in accordance with this contract or for supplies delivered and accepted, less deductions, if any, as herein provided. Unless, otherwise specified, payment will be for any portion of services rendered or supplies accepted for which a price is separately stated in the contract.

(b) In connection with any discount offered, time will be computed from the date of completion of performance of the services or from the date correct invoice or voucher is received in the office specified by the Government, if the latter is later than date of completion of performance. Payment is deemed to be made for the purpose of earning the discount on the date of mailing of the Government check.

§ 15-7.150-4 Protection of Government buildings, equipment, and vegetation.

Insert the following clause only in service contracts other than research and development.

PROTECTION OF GOVERNMENT BUILDINGS, EQUIPMENT, AND VEGETATION

The Contractor shall use reasonable care to avoid damaging existing buildings, equipment, and vegetation (such as trees, shrubs, and grass) on the Government installation. If the Contractor fails to do so and damages any such buildings, equipment, or vegetation, he shall replace or repair the damage at no expense to the Government as directed by the Contracting Officer. If he fails or refuses to make such repair or replacement, the Contractor shall be liable for the cost thereof which may be deducted from the contract price.

Subpart 15-7.2 Cost-Reimbursement Supply Contracts [Reserved]

Subpart 15-7.3—Fixed-Price Research and Development Contracts

§ 15-7.300 Scope of subpart.

This subpart sets forth uniform contract clauses for use in fixed-price research and development contracts in addition to those prescribed in FPR Subpart 1-7.3. For convenience, these clauses are reproduced on EPA Form 1900-22.

§ 15-7.302 Required clauses.

§ 15-7.302-50 Printing.

Insert the following clause in fixed-price research and development contracts.

PRINTING

Unless otherwise specified in this contract, the Contractor shall not engage in, nor subcontract for, any printing (as that term is defined in Title I of the Government Printing and Binding Regulations in effect on the effective date of this contract) in connection with the performance of work under this contract. Provided, however, that performance of a requirement under this contract

involving the duplication of less than 5,000 units of only one page, or less than 25,000 units in the aggregate of multiple pages, such pages not exceeding a maximum image size of 10¾ by 14¼ inches, will not be deemed to be printing.

§ 15–7.302–51 Rights in data.

Insert the following clause in fixed-price research and development contracts.

RIGHTS IN DATA

(a) Definitions. (1) Technical Data, as used in this clause, means recorded information, regardless of form or characteristic, of a scientific or technical nature. It may, for example, document research, experimental, developmental or engineering work; or be usable or used to define a design or process or to procure, produce, support, maintain, or operate material. The data may be graphic or pictorial delineations in media such as drawings or photographs; text in specifications or related performance or design type documents; in machine forms such as punched cards, magnetic tape, computer memory printouts; or may be retained in computer memory. Examples of technical data include research and engineering data, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. Technical data does not include financial, administrative, cost and pricing, and management data, or other information incidental to contract administration.

(2) Limited Rights means rights to use, duplicate, or disclose technical data, in whole or in part, by or for the Government, with the express limitation that such technical data shall not, without the written permission of the party furnishing such technical data, be (a) released or disclosed in whole or in part outside the Government, (b) used in whole or in part by the Government for manufacture or procurement or (c) used by a party other than the Government, except for:

(i) Emergency repair or overhaul work only, by or for the Government, where the item or process concerned is not otherwise reasonably available to enable timely performance of the work, provided that the release or disclosure thereof outside the Government shall be made subject to a prohibition against further use, release or disclosure; or

(ii) Release to a foreign government, as the interest of the United States may require, for emergency repair or overhaul work by or for such government under the conditions of (i) above.

(3) Unlimited Rights means rights to use, duplicate or disclose technical data, in whole or in part, in any manner and for any purpose whatsoever, and to have or permit others to do so.

(b) Government Rights. (1) The Government shall have unlimited rights in: (i) Technical data resulting directly from performance of experimental, developmental or research work which was specified as an element of performance in this or any other Government contract or subcontract;

(ii) Technical data necessary to enable manufacture of end-items, components and modifications, or to enable the performance of processes, when the end-items, components, modifications or processes have been, or are being, developed under this or any other Government contract or subcontract in which experimental, developmental or research work is, or was, specified as an element of contract performance;

(iii) Technical data prepared or required to be delivered under this or any other Government contract or subcontract and constituting corrections or changes to Government-furnished data;

(iv) Technical data pertaining to end-items, components or processes, prepared or required to be delivered under this or any other Government contract or subcontact, for the purpose of identifying sources, size, configuration, mating and attachment characteristics, functional characteristics and performance requirements ("form, fit and function" data, e.g., specification control drawings, catalog sheets, envelope drawings, etc.);

(v) Manuals or instructional materials prepared or required to be delivered under this contract or any subcontract hereunder for installation, operation, maintenance or training purposes;

(vi) Technical data which is in the public domain, or has been or is normally furnished without restriction by the Contractor or subcontractor; and

(vii) Technical data listed or described in an agreement incorporated into the Schedule of this contract, which the parties have predetermined, on the basis of subparagraphs (i) through (vi) above, and agreed will be furnished with unlimited rights.

(2) The Government shall have limited rights in technical data, listed or described in an agreement incorporated into the Schedule of this contract, which the parties have agreed will be furnished with limited rights provided that such piece of data to which limited rights are to be asserted is marked with the following legend in which is inserted the number of the prime contract under which the technical data is to be delivered and the name of the Contractor or subcontractor by whom the technical data was generated:

> This technical data, furnished under United States Government Contract No. ------, shall not, without the written permission of ------, be either (a) used, released or disclosed in whole or in part outside the Government, (b) used in whole or in part by the Government for manufacture or procurement or (c) used by a party other than the Government, except for: (i) Emergency repair or overhaul work only, by or for the Government where the item or process concerned is not otherwise reasonably available to enable timely performance of the work provided that the release or disclosure hereof outside the Government shall be made subject to a prohibition against further use, release, or disclosure; or (ii) release to a foreign government, as the interest of the United States may require, for emergency repair or overhaul work by or for such government under the conditions of (i) above. This legend shall be marked on any reproduction hereof in whole or in part.

No legend shall be marked on, nor shall any limitation on rights of use be asserted as to, any data which the Contractor has previously delivered to the Government without restriction. The limited rights provided for by this paragraph (b)(2) shall not impair the right of the Government to use similar or identical data if such data is or becomes a part of the public domain or public knowledge by publication or otherwise, or is acquired by the Government from other sources, without restrictions. In preparation of the final report (if required under the contract), any and all technical data in which the Government has limited rights as set forth in (b)(2) above, shall be submitted under separate cover with the final report and marked with the legend set forth above. However, the final report shall include a complete disclosure of all materials, processes, and equipment employed in such full, clear, concise, and exact detail, including data such as mathematical, graphic, and written descriptive materials and other means of disclosure appropriate in the circumstances to enable any person skilled in the art to comprehend the results of the work performed under the contract.

(c) Material Covered by Copyright. (1) In addition to the rights granted under the provisions of (b) above, the Contractor agrees to and does hereby grant to the Government, and to its officers, agents, and employees acting within the scope of their official duties, a royalty-free nonexclusive and irrevocable license throughout the world to publish, translate, reproduce, deliver, perform, dispose of, and to authorize others so to do, all technical data now or hereafter covered by copyright.

(2) No copyrighted matter shall be included in technical data furnished hereunder without the written approval of the Contracting Officer unless there has been obtained the written permisison of the copyright owner for the Government to use such copyrighted matter in the manner described in paragraph (c)(1) above.

(3) The Contractor shall report to the Government (or higher-tier Contractor) promptly and in reasonable written detail each notice or claim of copyright infringement received by the Contractor with respect to any technical data delivered hereunder.

(d) Except for those items set forth in (b)(2) above, the Contractor shall not affix any restrictive markings upon any technical data, and if such markings are affixed, the Government shall have the right at any time to modify, remove, obliterate or ignore any such markings.

(e) Relation to Patents. Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(f) Publications. (1) The Contractor shall submit to the Contracting Officer or his designee at least 30 days prior to publication, a copy of each publication and other dissemination of information (other than publicity) that contains information resulting directly or indirectly from a contract supported activity.

(2) Any publication or other dissemination of information shall acknowledge Federal contract assistance by including the following:

> This project has been funded at least in part with Federal funds from the U.S. Environmental Protection Agency under contract number ------. The content of this publication does not necessarily reflect the views or policies of the U.S. Environmental Protection Agency, nor does mention of trade names, commercial products, or organizations imply endorsement by the U.S. Government.

(g) Acquisition of Data from Subcontractors. (1) Whenever any technical data is to be obtained from a subcontractor under this contract, the Contractor shall use this same clause in the subcontract, without alteration, and no other clause shall be used to enlarge or diminish the Government's or the Contractor's rights in that subcontractor data which is required for the Government.

(2) Technical date required to be delivered by a subcontractor shall normally be delivered to the next higher-tier Contractor. However, when there is a requirement in the prime contract, or in any deferred order, for data which may be supplied with limited rights pursuant to (b)(2) above, a subcontractor may fulfill such requirement by submitting such data directly to the Government rather than through the prime Contractor.

(3) The Contractor and higher-tier subcontractors will not use their power to award subcontracts as economic leverage to acquire rights in data from their subcontractors for themselves.

§ 15–7.302–52 Data requirements.

Insert the following clause in fixed-price research and development contracts.

DATA REQUIREMENTS

(a) To the extent that the following data is not elsewhere required to be furnished to the Government under this contract, and is of the type customarily retained in the normal course of business, the Contractor, upon written request of the Contracting Officer at any time during contract performance or within one year after final payment, shall furnish the following:

(1) A set of engineering drawings which will be sufficient to enable the manufacture of items or equipment furnished under this contract (other than components or items of standard commercial design, or items fabricated heretofore) by a firm skilled in the art of manufacturing items or equipment of the general type and character of the items or equipment furnished under this contract or a set of flow sheets and engineering drawings which will be sufficient to enable performance of any process developed with this contract by a firm skilled in the art of practicing processes of the general type and character of such process. Such set or sets of drawings and flow sheets shall be reproducible copies incorporating all changes made in the equipment or process in the form in which it was delivered to the Government.

(2) Any of the following data which is necessary to explain or help Government technical personnel understand any equipment, items, or process developed under the contract and furnished to the Government:

(i) A copy (which shall be a reproducible master if one is so requested) of drawings and other technical data used in or prepared in connection with the development, practice, and testing of any process or processes required under the contract, or with the development, fabrication, and testing of prototype models of equipment or items (other than items of standard commercial design or items fabricated heretofore), if required under the contract.

(ii) A report of all studies made in planning the work, and in developing background research for the work, including citation references to all such background research, and a copy of all compilations, digests, or analyses of such background research compiled in connection with the performance of this contract.

(iii) A copy (which shall be a reproducible master if one is so requested) of design studies, research notes, parameter and tolerance studies, drawings, including Contractor's identification of symbols and markings, specifications, test results, and any other technical information used in any research, development, design, engineering, and testing required in the performance of this contract, including test equipment and related items, together with any information as to safety precautions which may be necessary in connection with the manufacture, storage, or use of the equipment, material, or process, if any, in the event that equipment, material, or process is the subject of research under this contract.

The Contractor shall not be required to furnish any background data which may be described in (ii) and (iii) above unless such data is essential and closely related to the contract work.

(b) All reports, data, and recorded information which are required to be furnished by the Contractor under this provision, as well as all other reports of a technical nature required to be furnished under this contract, are "Technical Data" within the meaning of the clause of the General Provisions of this contract entitled "Rights in Data."

(c) Nothing contained in this "Data Requirements" clause shall require the Contractor to deliver data previously developed by parties other than the Contractor, independently of this contract and acquired by the Contractor prior to this contract under conditions restricting the Contractor's right to disclose the same. Unless otherwise directed by the Contracting Officer if any of the data requested is in the public domain or copyrighted, it will be sufficient for the Contractor to identify the data and furnish a citation as to where it may be found.

(d) Any reproducible copies requested under this "Data Requirements" clauses shall be of a type and prepared in accordance with good commercial practice.

(e) In the event the Contracting Officer requests the delivery of data by the Contractor, as contemplated by (a) above, prior to final payment, such request shall be treated as a change under the clause of this contract entitled "Changes" and an equitable adjustment in the price, if this is a fixed-price contract, or estimated cost and any fixed fee, if this is a cost-type contract, shall be made to cover the cost of preparing drawings called for in (a)(1) above, and of collecting, preparing, editing, duplicating, assembling, and shipping the data requested under (a) above, but only to the extent that the Contractor warrants that such costs were not included in the price (or estimated cost and fixed fee) of the contract. The Contractor shall comply with requests of the Contracting Officer made under (a) above, within one year following final payment, provided that suitable provision is made for reimbursement of the additional costs of complying with such request, together with a reasonable fee or profit thereon, such additional costs being limited to the costs set forth above, and warranted to have been excluded from the price (or estimated cost and fixed fee) of the contract. Any adjustment or payment under this paragraph (e) shall not include any amount for the value of the data, as distinguished from the costs set forth above.

§ 15–7.302–53 Background patent rights.

The clause set forth below, prescribed in § 15–9.107–50, will normally be included in any contract that includes a "Patent Rights–Acquisition by the Government" clause as prescribed in FPR 1–9.107–5.

BACKGROUND PATENT RIGHTS

(a) Definitions. Those definitions set forth in the clause of this contract entitled "Patent Rights," and those set forth below apply to this Background Patent Rights clause.

(1) "Background Patent" means a foreign or domestic patent (regardless of its date of issue relative to the date of this contract):

(i) Which the Contractor, but not the Government, has the right to license to others, and

(ii) Infringement of which cannot be avoided upon the practice of a Subject Invention or Specified Work Object.

(2) "Commercial Item" means:

(i) Any machine, manufacture or composition of matter which, at the time of a request for a license pursuant to section (b) of this clause, has been sold, offered for sale, or otherwise made available commercially to the public in the regular course of business at terms reasonable in the circumstances, and

(ii) Any process which, at the time of a request for a license, is in commercial use, or is offered for commercial use, so the results of the process or the products produced thereby are or will be accessible to the public at terms reasonable in the circumstances.

(3) "Specified Work Object" means the specific processes, methods, machines, manufacture or compositions of matter (including relatively minor modifications thereof) which are the subject of the experimental, developmental, or research work performed under this contract.

(4) "Contractor," as applicable to this clause only, means any individual, partnership, public or private corporation, association, institution, or other entity which is a party to this contract and includes entities controlled by the Contractor. The term "controlled" means the direct or indirect ownership of more than 50 percent of the outstanding stock entitled to vote for the election of directors, or a directing influence over such stock: *Provided, however,* That foreign entities not wholly owned by the Contractor shall not be considered as "controlled" for purposes of this patent clause.

(5) "Government" means the Federal Government of the United States of America.

(6) To "practice an invention or patent" means the right of a licensee on his own behalf to make, have made, use or have used, sell or have sold, or otherwise dispose of according to law, any machine, design, manufacture or composition of matter physically embodying the invention, or to use or have used the process or method comprising the invention.

(7) "Administrator" means the Administrator of the U.S. Environmental Protection Agency or his authorized designee.

(8) "General Counsel" means the General Counsel of the U.S. Environmental Protection Agency or his authorized designee.

(b) Licenses Under Background Patents.

(1) The Contractor agrees that it will make its Background Patent(s) available for use in conjunction with a Subject Invention or Specified Work Object for use in the specific field of technology in which the purpose of this Contract or the work called for or required thereunder falls. This may be done (i) by making available, in quality, quantity, and price, all of which are reasonable in the circumstances, an embodiment of the Subject Invention or Specified Work Object, which incorporates the invention covered by such Background Patent, as a Commercial Item, or (ii) by the sale of an embodiment of such Background Patent as a Commercial Item in a form which can be employed in the practice of a Subject Invention or Specified Work Object or can be so employed with relatively minor modifications, or (iii) by the licensing of the domestic Background Patent(s) at reasonable royalty to responsible applicants on their request.

(2) If the Administrator determines after a hearing that the quality, quantity, or price of embodiments of the Subject Invention or Specified Work Object sold or otherwise made available commercially as set forth in paragraph (b)(1)(i) is unreasonable in the circumstances, he may require the Contractor to license such domestic Background Patent to a responsible applicant at reasonable terms, including a reasonable royalty, but for use only in the specific field of technology in which the purpose of this contract or the work called for thereunder falls, and for use only in connection with (i) a Specified Work Object, or (ii) a Subject Invention.

(3)(i) When a license to practice a domestic Background Patent in conjunction

with a Subject Invention or Specified Work Object is requested, in writing by a responsible applicant, for use in the specific field of technology in which the purpose of this contract or the work called for thereunder falls, and such Background Patent is not available as set forth in paragraph (b)(1)(i) or (ii), the Contractor shall have six (6) months from the date of his receipt of such request to decide whether to make such Background Patent so available. The Contractor shall promptly notify the Contracting Officer, in writing, of any request for a license to practice a Background Patent in conjunction with a Subject Invention or Specified Work Object; such notification shall indicate if the Contractor or his exclusive licensee will comply with (b)(1)(i)(ii).

(ii) If the Contractor decides to make such domestic Background Patent so available either by himself or by either an exclusive or nonexclusive licensee, he shall so notify the Administrator within the said six (6) months, whereupon the Administrator shall then designate the reasonable time within which the Contractor must make such Background Patent available in reasonable quantity and quality, and at a reasonable price. If the Contrctor or his exclusive licensee decides not to make such Background Patent so available, or fails to make it available within the time designated by the Administrator, the Background Patent shall be licensed to a responsible applicant at reasonable terms, including a reasonable royalty, for practice in conjunction with (A) a Specified Work Object, or (B) a Subject Invention, and shall be limited to a specific field of technology in which the purpose of this Contract or the work called for thereunder falls.

(iii) The Contractor agrees to grant or have granted to a designated applicant, upon the written request of the Government, a nonexclusive license at reasonable terms, including reasonable royalties, under any foreign Background Patent in furtherance of any treaty or agreement between the Government of the United States and a foreign government for practice by or on the behalf of such foreign government, if an embodiment of the Background Patent is not commercially available in that country, *Provided, however,* That no such license will be required unless the Administrator determines that issuance of such license is in the national interest. Such license may be limited by the licensor to the practice of such Background Patent in conjunction with a Subject Invention or a Specified Work Object and for use in only the specific field of technology in which the purpose of this contract or the work called for thereunder falls.

(iv) The Contractor agrees it will not seek injunctive relief or other prohibition of the use of a domestic Background Patent in enforcing its rights against any responsible applicant for such license and that it will not join with others in any such action. It is understood and agreed that the foregoing shall not affect the Contractor's right to injunctive relief or other prohibition of the use of Background Patents in areas not connected with the practice of a Subject Invention or Specified Work Object in the specific field of technology in which the purpose of this contract or the work called for thereunder falls, or where the Contractor has made available a Commercial Item as set out in paragraph (b)(1)(i) or (ii).

(4) For use in the specific field of technology in which the purpose of this contract or the work called for thereunder falls, and in conjunction with a Subject Invention or a Specified Work Object, the Contractor agrees to grant to the Government a license under any Background Patent. Such license shall be nonexclusive, nontransferable, royalty-free, and worldwide to practice such Patent which is not available as a Commercial Item as specified in paragraph (b)(1)(ii) for use of the Federal Government in connection with pilot plants, demonstration plants, test beds, and test modules. For all other Government uses, any royalty charged the Government under such license shall be reasonable and shall give due credit and allowance for the Government's contribution, if any, toward the making, commercial development, or enhancement of the invention(s) covered by the Background Patent.

(5) Any license granted under a process Background Patent for use with a Specified Work Object shall be additionally limited to employment of the Background Patent under conditions and parameters reasonably equivalent to those called for or employed under this contract.

(6) It is understood and agreed that the Contractor's obligation to grant licenses under Background Patents shall be limited to the extent of the Contractor's right to grant the same without breaching any unexpired contract it had entered into prior to this contract or prior to the identification of a Background Patent, or without incurring any obligation to another solely on account of said grant. However, where such obligation is the payment of royalties or other compensation, the Contractor's obligation to license his Background Patents shall continue and the reasonable license terms shall include such payments by the applicant as will at least fully compensate the Contractor under said obligation to another.

(7) On the request of the Contracting Officer the Contractor shall identify and describe any license agreement which would limit his right to grant licenses under any Background Patent.

(8) In the event the Contractor has a parent or an affiliated company, which has the right to license a patent which would be a Background Patent if owned by the Contractor, but which is not available as a Commercial Item as specified in paragraph (b)(1)(i) or (ii), and a qualified applicant requests a license under such patent for use in the specific field of technology in which the purpose of this contract or the work called for thereunder falls, and in connection with the use of a Subject Invention or Specified Work Object, the Contractor shall, at the written request of the Government, recommend to his parent company, or affiliated company, as the case may be, the granting of the requested license on reasonable terms, including reasonable royalties, and actively assist and participate with the Government and such applicant, as to technical matters and in liaison functions between the parties, as may reasonably be required in connection with any negotiations for issuance of such license. For the purpose of this paragraph, a parent company is one which owns or controls, through direct or indirect ownership of more than 50 percent of the outstanding stock entitled to vote for the election of directors, another company or other entity; and, affiliated companies are companies or other entities owned or controlled by the same parent company.

(e) All subcontractors agree that the Government is a third party beneficiary of any subcontract clause granting rights to the public or the Government in Background Patents.

§ 15–7.302–54 Gratuities.

Insert the following clause in fixed-price research and development contracts.

GRATUITIES

(a) The Government may by written notice to the Contractor terminate the right of the Contractor to proceed under this contract if it is found, after notice and hearing, by the Administrator or his duly authorized representative, that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor, to any officer or employee of the Government with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending, or making of any determinations with respect to the performing of such contract: *Provided,* That the existence of the facts upon which the Administrator or his duly authorized representative makes such findings shall be in issue and may be reviewed in any competent court.

(b) In the event this contract is terminated as provided in paragraph (a) hereof, the Government shall be entitled (i) to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the contract by the Contractor.

(c) The rights and remedies of the Government provided in this clause shall not be exclusive and are in addition to any rights and remedies provided by law or under this contract.

§ 15–7.302–55 Authorization and consent.

Insert the clause set forth in § 15–7.102–50.

Subpart 15–7.4—Cost-Reimbursement Type Research and Development Contracts

§ 15–7.400 Scope of subpart.

This subpart sets forth uniform contract clauses for use in cost-reimbursement type research and development contracts with fixed fee, and for use if the contract is with an educational or other nonprofit institution. For convenience, these clauses are reproduced on EPA Form 1900–17 and EPA Form 1900–28 respectively.

§ 15–7.402 Required clauses for use in cost-reimbursement type research and development contracts with fixed fee.

§ 15–7.402–50 Printing.

Insert the clause set forth in § 15–7.302–50.

§ 15–7.402–51 Rights in data.

Insert the clause set forth in § 15–7.302–51.

§ 15–7.402–52 Data requirements.

Insert the clause set forth in § 15–7.302–52.

§ 15–7.402–53 Gratuities.

Insert the clause set forth in § 15–7–302–54.

§ 15–7.402–54 Authorization and consent.

Insert the clause set forth in § 15–7.102–50.

§ 15–7.402–55 Background patent rights.

Insert the clause set forth in § 15–7.302–53 in accordance with the conditions prescribed therein.

§ 15–7.402–56 Insurance.

Insert the following clause in all cost-reimbursement type contracts. When special circumstances exist the clause may be used in fixed-price contracts (see FPR 1–10.401).

INSURANCE

(a) The Contractor shall procure and maintain such insurance as is required by law or regulation, including that required by Subpart 1–10.5 of the Federal Procurement Regulations as of the date of execution of this contract, and such insurance as the Contracting Officer prescribes by written direction.

(b) At a minimum, the Contractor shall procure and maintain the following types and amounts of insurance:

(1) Workmen's compensation and occupational disease insurance in amounts sufficient to satisfy State law;

(2) Employer's liability insurance, where available;

(3) Public liability insurance, on the comprehensive form of policy, in the amount of $200,000 per claimant and $500,000 per incident;

(4) When aircraft are used in the performance of the contract, aircraft public and passenger liability insurance, in such form, in such amounts, and for such periods of time as the Contracting Officer may require or approve; and

(5) When vessels are used in the performance of the contract, vessel collision liability and protection and indemnity liability insurance, in such form, in such amounts, and for such periods of time as the Contracting Officer may require or approve.

(c) With respect to any insurance policy all or part of the premiums of which the Contractor proposes to treat as a direct cost under this contract, and with respect to any proposed qualified program of self-insurance, the written approval of the Contracting Officer shall be obtained prior to any claim for payment therefor. The Contractor shall be reimbursed for the portion allocable to this contract.

(d) The terms of any other insurance policy held by the Contractor shall be submitted to the Contracting Officer for review and/or approval upon request of the Contracting Officer.

§ 15–7.403 Clauses to be used when applicable.

§ 15–7.403–50 Insurance (Partial Immunity).

The following clause shall be inserted in those contracts when the contractor has claimed partial immunity from tort liability as a State Agency or as a charitable institution.

INSURANCE (PARTIAL IMMUNITY)

(a) The Contractor shall procure and maintain such insurance as is required by law or regulation, including that required by Subpart 1–10.5 of the Federal Procurement Regulations as of the date of this contract, and such insurance as the Contracting Officer prescribes by written direction.

(b) At a minimum, the Contractor shall procure and maintain the following types and amounts of insurance:

(1) Workmen's compensation and occupational disease insurance in amounts sufficient to satisfy State law;

(2) Employer's liability insurance, where available;

(3) Public liability insurance, on the comprehensive form of policy, in the amount of $200,000 per claimant and $500,000 per incident;

(4) When aircraft are used in the performance of the contract, aircraft public and passenger liability insurance, in such form, in such amounts, and for such periods of time as the Contracting Officer may require or approve; and

(5) When vessels are used in the performance of the contract, vessel collision liability and protection and indemnity liability insurance, in such form, in such amounts, and for such periods of time as the Contracting Officer may require or approve.

(c) With respect to any insurance policy all or part of the premiums of which the Contractor proposes to treat as a direct cost under this contract, and with respect to any proposed qualified program of self-insurance, the written approval of the Contracting Officer shall be obtained prior to any claim for payment therefor. The Contractor shall be reimbursed for the portion allocable to this contract.

(d) The terms of any other insurance policy held by the Contractor shall be submitted to the Contracting Officer for review and/or approval upon request of the Contracting Officer.

(e) Notwithstanding paragraphs (a) and (b) of this clause, the Contractor need not procure or maintain insurance coverage as provided in paragraph (a) of this clause; *Provided*, the Contractor may obtain any insurance coverage he deems necessary subject to approval by the Contracting Officer as to form, amount, and duration, in which event the Contractor shall be reimbursed for the cost of such insurance.

§ 15–7.450 Required clauses for use in cost-reimbursement type contracts with educational and other nonprofit institutions.

§ 15–7.450–1 Insurance.

Insert the clause set forth in § 15–7.402–56 in accordance with the conditions prescribed therein.

§ 15–7.450–2 Negotiated overhead rates.

(a) Notwithstanding the provisions of the clause of this contract entitled, "Allowable Cost and Payment," the allowable indirect costs under this contract shall be obtained by applying negotiated fixed overhead rates for the applicable periods to bases agreed upon by the parties, as specified in the Contract Schedule Article entitled "Negotiated Overhead Rates." A negotiated fixed rate or rates is based on an estimate of the costs which will be incurred during the period for which the rates apply. When the application of the negotiated fixed rates against the actual bases during a given fiscal period produces an amount greater or less than the indirect costs determined for such period, such greater or lesser amounts will be carried forward to a subsequent period.

(b) The Contractor, as soon as possible but not later than 90 days after the expiration of his fiscal year, or such other periods as may be specified in the contract, shall submit to the Cost Review and Policy Branch of the Contracts Management Division, with one copy each to the cognizant audit activity and the cognizant negotiating agency delegated in Attachment "A" of the Federal Management Circular 73–6: Coordinating Indirect Cost Rates and Audit at Educational Institutions, a proposed fixed overhead rate or rates based on the Contractor's actual cost experience during the fiscal year, including adjustments, if any, for amounts carried forward, together with supporting cost data. When the application of the negotiated fixed rates against the actual bases for a given fiscal period produces an amount greater or less than the actual indirect costs determined for that period, such greater or lesser amounts will be carried forward and reflected in the negotiated fixed rates of a subsequent period. Negotiation of the fixed overhead rates by the Contractor and the Government shall be undertaken as promptly as practicable after receipt of the Contractor's proposal.

(c) Allowability of costs and acceptability of cost allocation methods shall be determined in accordance with paragraph (a) (1) of the clause of this contract entitled "Allowable Cost and Payment."

(d) The results of each negotiation shall be set forth in a modification to this contract, which shall specify (1) the agreed fixed overhead rates; (2) the bases to which the rates apply; and (3) the periods for which the rates apply.

(e) Pending establishment of fixed overhead rates for the initial period of contract performance or for any fiscal year or different period agreed to by the parties, the Contractor shall be reimbursed either at (1) the rates fixed for the previous fiscal year or other period; or (2) billing rates acceptable to the Contracting Officer, subject to appropriate adjustment when the final rates for that fiscal year or other periods are established.

(f) Any failure by the parties to agree on any fixed overhead rate or rates or to the amount of any carry forward adjustment under this clause shall not be considered a dispute concerning a question of fact for decision by the Contracting Officer within the meaning of the "Disputes" clause of this contract. If for any fiscal year or other period of contract performance the parties fail to agree to a fixed overhead rate or rates, it is agreed that the allowable indirect costs under this contract shall be obtained by applying negotiated final overhead rates in accordance with the terms of the "Negotiated Overhead Rates—Postdetermined" clause set forth in this Clause _____ and as applicable to educational institutions.

§ 15–7.450–3 Printing.

Insert the clause set forth in § 15–7.302–50.

§ 15–7.450–4 Gratuities.

Insert the clause set forth in § 15–7.302–54.

§ 15–7.450–5 Data requirements.

Insert the clause set forth in § 15–7.302–52.

§ 15–7.450–6 Rights in data.

Insert the clause set forth in § 15–7.302–51.

§ 15–7.450–7 Background patent rights.

Insert the clause set forth in § 15–7.302–53 in accordance with the conditions prescribed therein.

§ 15–7.450–8 Authorization and consent.

Insert the clause set forth in § 15–7.302–50.

§ 15–7.451 Clauses to be used when applicable.

§ 15–7.451–1 Insurance (Partial Immunity).

Insert the clause set forth in § 15–7.403–50 under the conditions prescribed therein.

Subpart 15–7.5—[Reserved]

Subpart 15–7.6—Fixed-Price Construction Contracts

§ 15–7.600 Scope of subpart.

This subpart sets forth uniform contract clauses for use in fixed-price construction contracts in addition to those prescribed in FPR Subpart 1–7.6. For convenience, these clauses are reproduced on EPA Form 1900–32.

§ 15–7.602 Required clauses.

The following clauses shall be inserted in advertised construction contracts.

§ 15–7.602–50 Composition of contractor.

COMPOSITION OF CONTRACTOR

If the Contractor hereunder is comprised of more than one legal entity, such entity shall be jointly and severally liable hereunder.

§ 15–7.602–51 Subcontractors.

SUBCONTRACTORS

(a) The divisions or sections of the specifications are not intended to control the Contractor in dividing the work among his subcontractors, or to limit the work performed by any trade. The Contractor shall be responsible to the Government for acts and omissions of his own employees, and of subcontractors and their employees. He shall also be responsible for the coordination of work of the trades, subcontractors, and material men.

(b) The Contractor shall, without additional expense to the Government, employ Specialty Subcontractors where required by the specifications.

(c) The Government or its representatives will not undertake to settle any differences between the Contractor and his subcontractors, or between subcontractors.

(d) Within 7 days after award of any subcontract either by himself or a subcontractor, the Contractor shall deliver to the Contracting Officer a statement setting forth the name and address of the subcontractor and a summary description of the work subcontracted. The Contractor shall at the same time furnish a statement signed by the subcontractor acknowledging the inclusion in his subcontract of the clauses of this contract entitled "Equal Opportunity," "Davis-Bacon Act," "Contract Work Hours and Safety Standards Act-Overtime Compensation," "Apprentices and Trainees," "Payrolls and Basic Records," "Compliance with Copeland Regulations," "Withholding of Funds," "Subcontracts" and "Contract Termination-Debarment."

(e) Nothing contained in this contract shall be construed as creating any contractual relation between any subcontractor and the Government.

§ 15–7.602–52 Samples and certificates.

SAMPLES AND CERTIFICATES

When required by the specifications or the Contracting Officer, samples, certificates, and test data shall be submitted after award of contract, prepaid, in time for proper action by the Contracting Officer or his designated representative. Certificates and test data shall be submitted in triplicate to show compliance of materials and construction specified with the specified performance requirements. Samples shall be submitted in duplicate by the Contractor, except as otherwise specified, to show compliance with the contract requirements. Materials or equipment for which samples, certifications or test data are required shall not be used in the work until approved in writing by the Contracting Officer.

§ 15–7.602–53 Performance of work by contractor.

PERFORMANCE OF WORK BY CONTRACTOR

The Contractor shall perform on the site, and with his own organization, work equivalent to at least twenty percent (20%) of the total amount of work to be performed under the contract. If, during the progress of the work hereunder, the Contractor requests a reduction in such percentage, and the Contracting Officer determines that it would be to the Government's advantage, the percentage of the work required to be performed by the Contractor may be reduced, provided, written approval of such reduction is obtained by the Contractor from the Contracting Officer.

§ 15–7.602–54 Use of premises.

USE OF PREMISES

(a) The Contractor shall comply with the security requirements and regulations governing the operation of the premises; shall perform his contract activities in such a manner as not to interrupt or interfere with the conduct of Government business; and shall be liable for all damage caused by him to Government Owned Property, both real and personal.

(b) All operations of the Contractor upon Government premises shall be confined to areas authorized or approved by the Contracting Officer. Materials for construction shall be neatly stored and protected against weather.

(c) The Contractor shall, under regulations prescribed by the Contracting Officer, use only established roadways or construct and use such temporary roadways as may be authorized by the Contracting Officer. Where materials are transported in the prosecution of the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any Federal, State or local law or regulation. When it is necessary to cross curbings or sidewalks, protection against damage shall be provided by the Contractor and any damaged roads, curbings, or sidewalks shall be repaired by, or at the expense of the Contractor. The Contractor shall prepare off-the-road areas adjacent to the construction site for parking, storage of equipment and supplies as required during construction and will in no way interfere or block access to any buildings or facilities within the area involved.

(d) Signs and advertisements will not be permitted on the construction site unless approval has been obtained from the Contracting Officer; however, the Contractor shall provide such signs, as required, to expedite deliveries to the contract site, for safety and to prevent interference with Government operations.

(e) The Contractor shall preserve and protect all existing vegetation such as trees, shrubs, and grass on or adjacent to the site except those designated by the Contracting Officer for removal, replacement, or relocation in the course of construction. The Contractor shall be responsible for all cutting or damaging of trees and vegetation, including damage due to careless operation of equipment, stockpiling of materials, or tracking of grass areas by equipment. Any damage to existing structures, utilities, and vegetation caused by the Contractor shall be repaired or restored promptly by and at the expense of the Contractor. If the Contractor fails to act promptly, the Government will make repairs and restoration. The costs of such repairs and restoration shall be charged to the Contractor or deducted from amounts due or to become due.

(f) Temporary buildings, such as storage sheds, shops, and offices, may be erected by the Contractor only with the approval of the Contracting Officer, and shall be built with labor and materials furnished by the Contractor without expense to the Government. Such temporary buildings shall remain the property of the Contractor and shall be removed by him at his expense upon the completion of the work. With the written consent of the Contracting Officer, such buildings may be abandoned and need not be removed.

§ 15–7.602–55 Safety and health.

SAFETY AND HEALTH

(a) In order to protect the life and health of employees and other persons; prevent damage to property, materials, supplies, and equipment; and to avoid work interruptions, the Contractor shall, in the performance of this contract, comply with applicable provisions of Federal, State, and local safety, health, and sanitation laws and codes.

(b) The Contractor shall also comply with all pertinent provisions of the safety and health regulations of the Department of Labor, Occupational Safety and Health Administration, 29 CFR 1926. The Contracting Officer shall notify the Contractor, in writing, of any noncompliance and indicate to the Contractor the action to be taken. The Contractor shall, after receipt of such notice, immediately correct the conditions to which attention has been directed. Such notice, when served on the Contractor or his representative(s) at the site of the work, shall be deemed sufficient.

(c) If the Contractor fails or refuses to comply promptly with requirements, the Contracting Officer may issue an order to suspend all or any part of the work. When satisfactory corrective action is taken an order to resume work will be issued. No part of the time lost due to any such suspension order shall entitle the Contractor to any extension of time for the performance of the contract or to excess costs or damages.

(d) The Contractor shall maintain an accurate record of, and shall immediately report orally or otherwise to the Contracting Officer all causes of death, occupational diseases, or traumatic injury arising out of or in the course of employment incident to the performance of work under the contract. Upon receipt of this notice, the Contracting Officer will forward EPA Form 1440–7 entitled, "Safety Officer's Analysis of Accident" which shall be completed by the Contractor and forwarded to the Contracting Officer within seven (7) days after receipt thereof.

(e) During the performance of work under this contract, the Contractor shall comply with all procedures prescribed by the Contracting Officer for the control and safety of persons visiting the job site and shall comply with such requirements to prevent accidents as may be specified or issued by the Contracting Officer.

(f) The Contractor shall be responsible for insuring that his subcontractors comply with the provisions of this paragraph.

§ 15–7.602–56 Guarantees.

GUARANTEES

(a) Unless otherwise provided in the specifications, the Contractor guarantees all mechanical and electrical work to be in accordance with contract requirements and free from defective or inferior materials, equipment, and workmanship for one year

after the date of final acceptance or the date the equipment or work was placed in use by the Government.

(b) If, within any guarantee period, the Contracting Officer finds that guaranteed work needs to be repaired or changed because of the use of materials, equipment, or workmanship which, in his opinion, are inferior, defective, or not in accordance with the terms of the contract, he shall so inform the Contractor in writing and the Contractor shall promptly and without additional expense to the Government:

(1) Place in a satisfactory condition all of such guaranteed work;

(2) Satisfactorily correct all damage to equipment, the site, the building or contents thereof, which is the result of such unsatisfactory guaranteed work; and

(3) Satisfactorily correct any work, materials, and equipment that are disturbed in fulfilling the guarantee, including any disturbed work, materials, and equipment that may have been guaranteed under another contract.

(c) Should the Contractor fail to proceed promptly in accordance with the guarantee, the Government may have such work performed at the expense of the Contractor.

(d) Any special guarantees that may be required under this contract shall be subject to the stipulations set forth above, insofar as they do not conflict with the provisions of such special guarantees.

(e) The Contractor shall obtain each transferable guarantee or warranty of equipment, materials, or installation thereof which is furnished by any manufacturer, supplier, or installer in the ordinary course of the manufacturer's, supplier's, or installer's business or trade. In addition, the Contractor shall obtain and furnish to the Government all information which is required in order to make any such guarantee or warranty legally binding and effective, and shall submit both the information and the guarantee or warranty to the Government in sufficient time to permit the Government to meet any time limit requirements specified in the guarantee or warranty or, if no time limit is specified, prior to completion and acceptance of all work under this contract.

§ 15–7.602–57 Layout of work.

LAYOUT OF WORK

The Contractor shall lay out his work from Government established base lines and bench marks indicated on the drawings and shall be responsible for all measurements in connection therewith. The Contractor shall furnish, at his own expense, all stakes, templates, platforms, equipment, tools, and materials and labor as may be required in laying out any part of the work from the base lines and bench marks established by the Government. The Contractor will be held responsible for the execution of the work to such lines and grades as may be established or indicated by the Contracting Officer. It shall be the responsibility of the Contractor to maintain and preserve all stakes and other marks established by the Contracting Officer until authorized to remove them. If such marks are destroyed, by the Contractor or through his negligence, prior to their authorized removal, they may be replaced by the Contracting Officer at his discretion. The expense of replacement will be deducted from any amounts due or to become due the Contractor.

§ 15–7.602–58 Cleaning up.

CLEANING UP

(a) The Contractor shall at all times keep the construction area, including storage areas used by him, free from accumulations of waste material or rubbish and prior to completion of the work remove any rubbish from the premises and all tools, scaffolding, equipment, and materials not the property of the Government. Upon completion of the construction the Contractor shall leave the work and premises in a clean, neat, and workmanlike condition satisfactory to the Contracting Officer.

(b) The Contractor agrees to comply with the requirements of guidelines promulgated under section 209 of the Solid Waste Disposal Act as amended (42 U.S.C. 3254e) in carrying out all aspects of construction that take place on Federal property.

§ 15–7.602–59 Modification proposals—Price breakdown.

MODIFICATION PROPOSALS—PRICE BREAKDOWN

The Contractor, in connection with any proposal he makes for a contract modification, shall furnish a price breakdown, itemized as required by the Contracting Officer. Unless otherwise directed, the breakdown shall be in sufficient detail to permit an analysis of all material, labor, equipment, subcontract, and overhead costs, as well as profit, and shall cover all work involved in the modification, whether such work was deleted, added, or changed. Any amount claimed for subcontracts shall be supported by a similar price breakdown. In addition, if the proposal includes a time extension, a justification therefore shall also be furnished. The proposal, together with the price breakdown and time extension justification, shall be furnished by the date specified by the Contracting Officer.

§ 15–7.602–60 Breakdown for payment estimates.

BREAKDOWN FOR PAYMENT ESTIMATES

(a) Before the first payment under the contract becomes due and to further implement Article 44, "Payments to Contractor," of this contract, the Contractor and Contracting Officer shall jointly prepare a schedule of the estimated values of each principal category of the work which when added together equal the total contract price. The values in the schedule will be used only for determining progress payments and shall be in such detail as may be required by the Contracting Officer. The cost of such work as preparatory work, overhead, profit, bonds and insurance, taxes, warranties, and as-built drawings, shall be prorated into items of work through the life of the contract.

(b) Progress payments containing requests for materials shall be accompanied by itemized inventory lists with unit prices and supporting invoices showing unit costs of materials.

(c) The Contracting Officer may request evidence of payments by the Contractor to subcontractors at any time during the contract period.

§ 15–7.602–61 Specifications and drawings.

SPECIFICATIONS AND DRAWINGS

(a) Six sets of contract drawings and specifications will be furnished the Contractor by the Contracting Officer after award of the contract, without charge. Additional sets may be obtained on request at the cost of reproduction. Six copies will be furnished to the Contractor of drawings and specifications revised as a result of changes under the contract.

(b) Omissions from the drawings or specifications or the misdescription of details of work which are manifestly necessary to carry out the intent of the drawings and specifications, or which are customarily performed, shall not relieve the Contractor from performing such omitted or misdescribed details of the work but they shall be performed as if fully and correctly set forth and described in the drawings and specifications.

(c) The Contractor shall check all drawings furnished him immediately upon their receipt and shall promptly notify the Contracting Officer of any discrepancies. Figures marked on drawings shall in general be followed in preference to scale measurements. Large scale drawings shall in general govern over small scale drawings. The Contractor shall compare all drawings and verify the figures before laying out the work and will be responsible for any errors which might have been avoided thereby.

(d) Deviations from the drawings and the dimensions therein given, whether or not errors are believed to exist, shall be made only after written authority is obtained from the Contracting Officer.

§ 15–7.602–62 Rights in shop drawings.

RIGHTS IN SHOP DRAWINGS

(a) Shop drawings for construction means drawings, submitted to the Government by the Construction Contractor, subcontractor or any lower tier subcontractor pursuant to a construction contract, showing in detail (i) the proposed fabrication and assembly of structural elements and (ii) the installation (i.e., form, fit, and attachment details) of materials or equipment. The Government may duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this contract.

(b) This clause, including this paragraph (b), shall be included in all subcontracts hereunder at any tier.

§ 15–7.602–63 As-built drawings.

AS-BUILT DRAWINGS

The Contractor shall maintain during the progress of the work a complete and up-to-date set of record prints, which shall be open to inspection by the Contracting Officer at any time. These prints shall be marked up to record all changes in the work and the exact location of all exposed and concealed pipe runs, valves, plugged outlets, cleanouts and other control points including electrical conduits and ducts, in such manner as will provide a complete, accurate as-built record. The location of pipes or control points concealed underground, under concrete, in chases or above hung ceilings shall be dimensioned. As-built drawing shall be neatly marked with colored pencils or ink, and shall be delivered to the Contracting Officer in a condition satisfactory to him as a condition precedent to final acceptance of the work.

§ 15–7.602–64 Standard references.

STANDARD REFERENCES

(a) Any materials, equipment, or workmanship specified by reference to the number, symbol, or title of any specific Standard shall comply with the latest edition or revision thereof and any amendment or supplement thereto in effect on the date of the Invitation for Bids, except as limited to type, class or grade, or modified in these specifications.

(b) Standards referred to in the specifications are incorporated herein by reference.

(c) "Federal Specifications," "Commercial Standards," and "Simplified Practice Recommendations" can be purchased from the Superintendent of Documents, United States Government Printing Office, Washington, DC 20402. Directions for purchase and the price of each copy are contained in the respective

indexes obtainable from the same source at current prices.

(d) Standards of Associations referred to in the specifications may be obtained directly from the Association.

§ 15–7.602–65 Progress charts and requirements for overtime work.

PROGRESS CHARTS AND REQUIREMENTS FOR OVERTIME WORK

This clause is applicable if the performance time of the contract exceeds 4 weeks and then only to the extent set forth in the schedule of this contract.

(a) The Contractor shall within 5 days or within such time as determined by the Contracting Officer, after date of commencement of work, prepare and submit to the Contracting Officer for approval a practicable schedule, showing the order in which the Contractor proposes to carry on the work, the date on which he will start the several salient features (including procurement of materials, plant, and equipment) and the contemplated dates for completing the same. The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of work scheduled for completion at any time. The Contractor shall enter on the chart the actual progress at such intervals as directed by the Contracting Officer and shall immediately deliver to the Contracting Officer three copies thereof. If the Contractor fails to submit a progress schedule within the time herein prescribed, the Contracting Officer may withhold approval of progress payment estimates until such time as the Contractor submits the required progress schedule.

(b) If, in the opinion of the Contracting Officer, the Contractor falls behind the progress schedule, the Contractor shall take such steps as may be necessary to improve his progress and the Contracting Officer may require him to increase the number of shifts, or overtime operations, days of work, or the amount of construction plant, or all of them, and to submit for approval such supplementary schedule or schedules in chart form as may be deemed necessary to demonstrate the manner in which the agreed rate of progress will be regained, all without additional cost to the Government.

(c) Failure of the Contractor to comply with the requirements of the Contracting Officer under this provision shall be grounds for determination by the Contracting Officer that the Contractor is not prosecuting the work with such diligence as will insure completion within the time specified. Upon such determination the Contracting Officer may terminate the Contractor's right to proceed with the work, or any separable part thereof, in accordance with the clause of the contract entitled "Termination for Default-Damages for Delay-Time Extensions."

Subpart 15–7.50—Architect-Engineer Negotiated Contracts

§ 15–7.5000 Scope of subpart.

This subpart sets forth uniform contract clauses for use in negotiated architect-engineer contracts and are in addition to those prescribed in FPR Subpart 1–16.7. For convenience, these clauses are reproduced on EPA Form 1900–30.

§ 15–7.5002 Required clauses.

§ 15–7.5002–1 Method of payment.

Insert the following clause in negotiated architect-engineer contracts.

METHOD OF PAYMENT

(a) Estimates shall be made monthly of the amount and value of the work and services performed by the Architect-Engineer under this contract, such estimates to be prepared by the Architect-Engineer and accompanied by such supporting data as may be required by the Contracting Officer.

(b) Upon approval of such estimate by the Contracting Officer payment upon properly certified vouchers shall be made to the Architect-Engineer as soon as practicable of 90 percent of the amount as determined above, less all previous payments: *Provided, however*, That if the Contracting Officer determines that the work is substantially complete and that the amount of retained percentages is in excess of the amount considered by him to be adequate for the protection of the Government, he may at his discretion release to the Architect-Engineer such excess amount.

(c) Upon satisfactory completion by the Architect-Engineer of the work called for under the terms of this contract, and upon acceptance of such work by the Contracting Officer, the Architect-Engineer shall be paid the unpaid balance of any money due for such work, including the retained percentages relating to this portion of the work.

(d) Upon satisfactory completion of the construction work and its final acceptance, the Architect-Engineer shall be paid the unpaid balance of any money due hereunder. Prior to such final payment under the contract, or prior settlement upon termination of the contract, and as a condition precedent thereto, the Architect-Engineer shall execute and deliver to the Contracting Officer a release of all claims against the Government arising under or by virtue of this contract, other than such claims, if any, as may be specifically excepted by the Architect-Engineer from the operation of the release in stated amounts to be set forth therein.

§ 15–7.5002–2 Composition of contractor.

Insert the clause set forth in § 15–7.602–50, but substitute "Architect-Engineer" for "Contractor".

§ 15–7.5002–3 Gratuities.

Insert the clause set forth in § 15–7.302–53, but substitute "Architect-Engineer" for "Contractor".

The table of contents for Part 15–16—Procurement Forms is deleted in its entirety and a new table of contents is substituted as follows:

PART 15–16—PROCUREMENT FORMS

Sec.

15–16.000 Scope of part.

Subpart 15–16.1—Forms for Advertised Supply Contracts

15–16.100 Scope of subpart.
15–16.101 Contract forms.
15–16.104–50 Listing of additional provisions to Standard Form 32, General Provisions (Supply Contract) (April 1975 edition).

Subpart 15–16.2—Forms for Negotiated Supply Contracts [Reserved]

Subpart 15–16.3—Purchase and Delivery Order Forms [Reserved]

Subpart 15–16.4—Forms for Advertised Construction Contracts

15–16.400 Scope of subpart.
15–16.401 Contract forms.
15–16.404–50 [Reserved].
15–16.404–51 [Reserved].
15–16.404–52 [Reserved].
15–16.404–53 Listing of alterations and additional provisions to Standards Form 23A, General Provisions (Construction Contract) (April 1975 edition).

Subpart 15–16.5—Forms for Advertised and Negotiated Nonpersonal Service Contracts (Other Than Construction and Architect-Engineer Contracts)

15–16.500 Scope of subpart.
15–16.501 Contract forms.
15–16.550 Additional provisions to Standard Form 32, General Provisions (Service Contract) (April 1975 edition).
15–16.551 Listing of general provisions for a fixed-price type research and development contract.
15–16.552 Listing of general provisions for a cost-reimbursement type research and development contract (with fixed fee).
15–16.553 Letter contract.
15–16.554 General provisions for cost-reimbursement type contracts with educational and other nonprofit institutions.

Subpart 15–16.6—Forms for Leases for Real Property [Reserved]

Subpart 15–16.7—Forms for Negotiated Architect-Engineer Contracts

15–16.700 Scope of subpart.
15–16.701–50 Contract forms.
15–16.703–50 Additional general provisions to Standard Form 253 (April 1975).

Subpart 15–16.8—Miscellaneous Forms

15–16.800 Scope of subpart.
15–16.850 Miscellaneous forms.

AUTHORITY: 40 U.S.C. 486(c).

§ 15–16.000 Scope of part.

This part prescribes the EPA forms used for incorporation of the general provisions in EPA contracts and the additional articles to the general provisions. The clauses are listed for each form in the same arrangement as in the form. A citation following each clause listed identifies it as either an FPR clause, or if prescribed as an additional article to a standard form by FPR, or as an EPA clause. This part also illustrates the format of a letter contract, and identifies and prescribes miscellaneous forms.

Subpart 15–16.1—Forms for Advertised Supply Contracts

§ 15–16.100 Scope of subpart.

This subpart prescribes the EPA form and lists those clauses added to the standard form prescribed by FPR Subpart 1–16.1 for use in procuring supplies by formal advertising.

§ 15–16.101 Contract forms.

The additional provisions listed in § 15–16.104–50 are reproduced on EPA Form 1900–33.

§ 15–16.104–50 Listing of additional provisions to Standard Form 32, General Provisions (Supply Contract) (April 1975 edition).

(a) Additional provisions.

26. Termination for the Government (FPR 1-8.701).
27. Federal, State, and local taxes (FPR 1-11.401-1).
28. Authorization and consent (Subpart 15-7.1).
29. Clean air and water (prescribed by FPR 1-16.101(c)).
30. Disabled veterans and veterans of the Vietnam era (prescribed by FPR 1-16.101(c)).
31. Employment of the handicapped (prescribed by FPR 1-16.101(c)).
32. Convict labor (prescribed by FPR 1-16.101(c)).

(b) Additional clauses prescribed by the FPR shall be added when applicable.

Subpart 15-16.2—Forms for Negotiated Supply Contracts [Reserved]

Subpart 15-16.3—Purchase and Delivery Order Forms [Reserved]

Subpart 15-16.4—Forms for Advertised Construction Contracts

§ 15-16.400 Scope of subpart.

This subpart prescribes the EPA form and lists those clauses added to the standard form prescribed by FPR subpart 1-16.4 for use in procuring construction by formal advertising.

§ 15-16.401 Contract forms.

§ 15-16.404-50 [Reserved]

§ 15-16.404-51 [Reserved]

§ 15-16.404-52 [Reserved]

§ 15-16.404-53 Listing of alterations and additional provisions to Standard Form 23A, General Provisions (Construction Contract) (April 1975 edition).

Additional provisions listed in § 15-16.404-53 are reproduced on EPA Form 1900-32.

(a) Alterations and additional provisions:

7. Payments to Contractor (prescribed by FPR 1-16.401(h)).
15. Convict Labor (prescribed by FPR 1-16.401(h)).
32. Disabled Veterans and Veterans of the Vietnam Era (prescribed by FPR 1-16.401(h)).
33. Clean Air and Water (prescribed by FPR 1-16.401(h)).
34. Employment of the Handicapped.
35. Subcontractor Cost or Pricing Data—Price Adjustments (FPR 1-3.814-3(b)).
36. Price Reduction for Defective Cost or Pricing Data—Price Adjustments (FPR 1-3.814.1(b)).
37. Audit (FPR 1-3.814-2).
38. Composition of Contractor (Subpart 15-7.6).
39. Subcontractors (Subpart 15-7.6).
40. Interest (FPR 1-7.203-30).
41. Notice and Assistance Regarding Patent and Copyright Infringement (FPR 1-7.103-4).
42. Notice to the Government of Labor Disputes (FPR 1-7.203-3).
43. Samples and Certificates (Subpart 15-7.6).
44. Performance of Work By Contractor (Subpart 15-7.6).
45. Use of Premises (Subpart 15-7.6).
46. Safety and Health (Subpart 15-7.6).
47. Guarantees (Subpart 15-7.6).
48. Layout of Work (Subpart 15-7.6).
49. Cleaning Up (Subpart 15-7.6).
50. Modification Proposals—Price Breakdown (Subpart 15-7.6).
51. Breakdown For Payment Estimates (Subpart 15-7.6).
52. Specifications and Drawing (Subpart 15-7.6).
53. Rights In Shop Drawings (Subpart 15-7.6).
54. As-Built Drawings (Subpart 15-7.6).
55. Standard References (Subpart 15-7.6).
56. Progress Charts and Requirements for Overtime Work (Subpart 15-7.6).

(b) Additional clauses prescribed by the FPR shall be added when applicable.

Subpart 15-16.5—Forms for Advertised and Negotiated Nonpersonal Service Contracts (Other Than Construction and Architect-Engineer Contracts)

§ 15-16.500 Scope of subpart.

This subpart prescribes the EPA forms for nonpersonal service contracts, lists additions to Standard Form 32 when used for service contracts, lists clauses incorporated in the general provisions of other categories of nonpersonal service contracts, and illustrates the format of a letter contract.

§ 15-16.501 Contract forms.

The additional provisions to Standard Form 32 are reproduced on EPA Form 1900-24; the listing of clauses for a fixed-price type research contract are reproduced on EPA Form 1900-22; the listing of clauses for a cost-reimbursement type research and development contract with a fixed fee are reproduced on EPA Form 1900-17; the listing of clauses for a cost-reimbursement type contract with educational and other nonprofit institutions are reproduced on EPA Form 1900-28. EPA Form 1900-28 is only used when the contractor receives no fee.

§ 15-16.550 Additional provisions to Standard Form 32, General Provisions (Service Contract) (April 1975 edition).

(a) Additional provisions.

26. Changes (Subpart 15-7.1).
27. Termination for Convenience of the Government (FPR 1-8.705-1).
28. Inspection of Services (Subpart 15-7.1).
29. Insurance (FPR 1-7.303-46).
30. Payments (substitution for clause no. 7 in the Standard Form 32). (Subpart 15-7.1).
31. Interest (FPR 1-7.203-15).
32. Audit (FPR 1-3.814-2).
33. Federal, State, and Local Taxes (FPR 1-11.401-1).
34. Price Reduction for Defective Cost or Pricing Data—Price Adjustments (FPR 1-3.814-1(b)).
35. Disabled Veterans and Veterans of the Vietnam Era (prescribed by FPR 1-16.101(c)).
36. Authorization and Consent (Subpart 15-7.1).
37. Protection of Government Buildings, Equipment, and Vegetation (Subpart 15-7.1).
38. Service Contract Act of 1965, as amended (FPR 1-12.904-1).
39. Government Property (FPR 1-7.303-7(a)).
40. Employment of the Handicapped.
41. Clean Air and Water (prescribed by FPR 1-16.101(c)).
42. Cost Accounting Standards (FPR 1-3.1204(a)).
43. Administration of Cost Accounting Standards (FPR 1-3.1204(b)).
44. Convict Labor (prescribed by FPR 1-16.101(c)).

(b) Additional clauses prescribed by the FPR shall be added when applicable.

§ 15-16.551 Listing of general provisions for a fixed-price type research and development contract.

(a) Listing of general provisions.

(1) Definitions (FPR 1-7.102-1).
(2) Payments (FPR 1-7.302-2).
(3) Standards of Work (FPR 1-7.302-3).
(4) Inspection (FPR 1-7.302-4(b)).
(5) Assignment of Claims (FPR 1-30.703).
(6) Examination of Records by Comptroller General (FPR 1-7.103-3).
(7) Federal, State, and Local Taxes (FPR 1-11.401-1).
(8) Utilization of Small Business Concerns (FPR 1-1.710-3(a)).
(9) Default (FPR 1-8.710).
(10) Termination for Convenience of the Government (FPR 1-8.701).
(11) Disputes (FPR 1-7.102-12).
(12) Buy American Act Supply and Service Contracts (FPR 1-6.104-5).
(13) Convict Labor (FPR 1-12.204).
(14) Walsh-Healey Public Contracts Act (FPR 1-12.605).
(15) Contract Work Hours and Safety Standards Act—Overtime Compensation (FPR 1-12.303).
(16) Equal Opportunity (FPR 1-12.803-2).
(17) Officials Not To Benefit (FPR 1-7.102-17).
(18) Covenant Against Contingent Fees (FPR 1-1.503).
(19) Notice and Assistance Regarding Patent and Copyright Infringement (FPR 1-7.103-4).
(20) Patent Rights—Acquisition by the Government (FPR 1-9.107-5(a)).
(21) Utilization of Labor Surplus Area Concerns (FPR 1-1.805-3(a)).
(22) Pricing of Adjustments (FPR 1-7.102-20).
(23) Utilization of Minority Business Enterprises (FPR 1-1.1310-2(a)).
(24) Payment of Interest on Contractors' Claims (FPR 1-1.322(b)).
(25) Employment of the Handicapped.
(26) Clean Air and Water (FPR 1-1.2302).
(27) Printing (Subpart 15-7.3).
(28) Interest (FPR 1-7.203-15).
(29) Changes (FPR 1-7.304-1).
(30) Rights in Data (Subpart 15-7.3).
(31) Data Requirements (Subpart 15-7.3).
(32) Cost Accounting Standards (FPR 1-3.1204-1).
(33) Administration of Cost Accounting Standards (FPR 1-3.1204-2).
(34) Price Reduction for Defective Cost or Pricing Data (FPR 1-3.814-1(a)).
(35) Subcontractor Cost or Pricing Data (FPR 1-3.814-3).
(36) Audit (FPR 1-3.814-2).
(37) Background Patent Rights (Subpart 15-7.3).
(38) Disabled Veterans and Veterans of the Vietnam Era.
(39) Special Provisions for Educational and Other Nonprofit Institutions (Termination for Convenience of the Government) (FPR 1-8.704-1).
(40) Gratuities (Subpart 15-7.3).
(41) Authorization and Consent (Subpart 15-7.3).

(b) Additional clauses prescribed by the FPR shall be added when applicable.

§ 15-16.552 Listing of general provisions for a cost-reimbursement type research and development contract (with fixed fee).

(a) Listing of general provisions.

(1) Definitions (FPR 1-7.102-1).
(2) Limitation of Cost (FPR 1-7.202-3(a)).
(3) Allowable Cost, Fixed Fee, and Payment (FPR 1-7.202-4).
(4) Standards of Work (FPR 1-7.320-3).
(5) Inspection (FPR 1-7.402-5(c)).
(6) Assignment of Claims (FPR 1-30.703).
(7) Examination of Records by Comptroller General (FPR 1-7.103-3).
(8) Subcontracts (FPR 1-7.402-8).
(9) Utilization of Small Business Concerns (FPR 1-1.710-3(a)).
(10) Utilization of Labor Surplus Area Concerns (FPR 1-1.805-3(a)).

(34) Interest (FPR 1-7.203-15).
(35) Changes (FPR 1-7.404-5).
(36) Rights in Data (Subpart 15-7.4).
(37) Data Requirements (Subpart 15-7.4).
(38) Cost Accounting Standards (FPR 1-3.1204-1).
(39) Negotiated Overhead Rates (FPR 1-3.704.1).
(40) Administration of Cost Accounting Standards (FPR 1-3.1204-2).
(41) Gratuities (Subpart 15-7.4).
(42) Authorization and Consent (Subpart 15-7.4).
(43) Background Patent Rights (Subpart 15-7.4).
(44) Insurance (Subpart 15-7.4).

(b) Additional clauses prescribed by the FPR shall be added when applicable.

§ 15-16.553 Letter contract.

EPA letter contracts shall be prepared in a format similar to that illustrated below. The chief officer responsible for procurement at the contracting activity may authorize modifications of the format, provided that the substance of the paragraphs and articles, therein, are not changed.

(a) *Transmittal letter and signature page.*

ENVIRONMENTAL PROTECTION AGENCY

Date: _____
Letter Contract
Contract No.: _____

(Contractor)

GENTLEMEN: 1. This letter, when accepted by you, will constitute a Letter Contract bearing the contract number shown above, whereby you, as Contractor, agree to furnish to the Government the products or services set forth in the attached Contract Schedule in accordance with the terms, conditions, and administrative provisions set forth in the Schedule and the General Provisions identified in the Schedule which are attached hereto and made a part hereof. This Letter, Schedule, and General Provisions are submitted to you in _____ copies.
(number)

2. If you agree to the terms set forth in the Schedule and General Provisions referenced therein, please indicate your acceptance by signing the original and ____ copies of this letter in the place provided in the lower left corner and return the executed copies to the Contracting Officer who signed this letter on behalf of the United States.

3. It is understood by your acceptance hereof that you will undertake, without delay, to enter into negotiations with the Environmental Protection Agency looking to the execution of a definitive contract and to furnish all cost and price information requested by the Contracting Officer. The form and provisions of the definitive contract which the Environmental Protection Agency intends to use as the basis for negotiation are set forth in the Schedule.

SCHEDULE

ARTICLE I—STATEMENT OF WORK

(Include a complete, detailed description of products and services to be furnished or cite an Exhibit and incorporate by reference.)

ARTICLE II—REPORTS AND DATA

(Specify technical, progress, and financial reports and data required or cite reporting and data requirements as Exhibits and incorporate by reference. Reporting requirements should include report contents, reporting periods, dates of submission, distribution, and approval requirements.)

ARTICLE III—PERIOD OF PERFORMANCE

(Specify number of months or other time period required for total performance or list delivery date for each end item, as applicable. If appropriate, show performance period for each phase of work. See optional ARTICLE I below.)

ARTICLE IV—INSPECTION AND ACCEPTANCE

(Specify where and by whom inspection and acceptance will be performed, e.g.:

a. Final inspection of all items and services called for by this contract will be performed by _____[1] at _____[2].

b. Final acceptance of all items and services called for by this contract will be performed by _____[1] at _____[2].

ARTICLE V—F.O.B. POINT

(State F.O.B. point(s) for each item to be delivered and include any instructions concerning transportation modes and charges; see EPPR 15-19.3. Also, packing, packaging, marking, and shipping instructions may be added or referenced here or stated in a separate ARTICLE, as considered appropriate.)

ARTICLE VI—PAYMENT

(Include the following limitations and appropriate billing instructions.

a. Payments under this Letter Contract shall not exceed $_____.

b. The total price or cost and fee to be negotiated for the definitive contract shall not exceed (insert total dollars).

c. The maximum amount for which the Government will be liable if this Letter Contract is terminated is $_____.

d. Nothing shall be paid under this Letter Contract to the Contractor for profit or fee, except as provided in the Termination clause of this Letter Contract.

e. Specify billing instructions. Note Optional ARTICLE 2 below.

Note optional ARTICLE 7 for use in cost sharing situations.)

ARTICLE VII—TECHNICAL DIRECTION

(If applicable, incorporate an appropriate technical direction article. See optional ARTICLES 4, 5 and 6 below.)

ARTICLE VIII—CONTRACTOR PROJECT DIRECTOR

(This ARTICLE may be added when a "Project Director" is to be named in the contract.

Performance of work required by this Letter Contract shall be conducted under the

---

[1] Insert Project Officer, Contracting Officer, or _____, Representative of the Con-
(name)
tracting Officer as applicable. If appropriate, add the following statement: "For the purpose of this ARTICLE, the Project Officer named in the Administrative Recitals of this contract is the authorized representative of the Contracting Officer."

[2] State place or places of inspection and acceptance.)

direction of Contractor's representative _____. The Government (name) reserves the right to approve any successor.)

ARTICLE IX—SUBCONTRACT CONSENT

To facilitate the review by the Contracting Officer of a proposed subcontract, the Contractor shall submit the information required by Clause _____ entitled "Subcontracts, of the General Provisions, EPA Form _____." The Contracting Officer shall review the request for consent to placement of the subcontract and advise the Contractor of his decision.

(Note: List known subcontractors, if applicable.)

ARTICLE X—PRICING OF PROPRIETARY AND/OR STANDARD ITEMS

Any and all proprietary and/or standard items manufactured by the Contractor, used in connection with the work to be performed under this contract, shall be charged to the contract at prices equal to or less than net prices charged, after the most favorable discount, to any customer for similar quantities of similar items, which prices shall also be equal to or less than the most favorable prices at which the standard items could be obtained from other suppliers.

ARTICLE XI—PUBLICITY AND PUBLICATIONS

It is agreed that the Contractor shall acknowledge Environmental Protection Agency support whenever research projects funded in whole or in part by this contract are publicized in any news media. The Contractor shall include in any publication or on any sign or billboard resulting from the research performed under this contract an acknowledgement identifying the Environmental Protection Agency as the sponsoring agency and the asscociated contract number.

ARTICLE XII—TERMINATION

In addition to the consideration specified in Clause(s) _____ of the General Provisions, EPA Form _____, this Letter Contract shall be terminated by the Government and the termination settled in accordance with that TERMINATION Clause if:

a. The Contracting Officer determines that the parties are unable to agree upon a definitive contract, or

b. This Letter Contract is not superseded by a definitive contract within ninety (90) days after acceptance of this Letter Contract, unless an extension of time is granted by the Contracting Officer.

ARTICLE XIII—CLAUSES INCORPORATED

a. There is incorporated by reference in this Letter Contract all the clauses contained in EPA Form _____, General provisions for a *type* _____ contract, except for changes specified in ARTICLE XIV, entitled "ALTERATIONS."

b. (Identify and reference any other clauses or provisions appropriate to the contract and include such clauses with the SCHEDULE.)

ARTICLE XIV—ALTERATIONS

(Identify alterations, e.g.,

a. The following clauses of EPA Form _____, General Provisions _____, are hereby deleted.

b. Clause _____ of EPA Form _____, General Provisions _____, is hereby deleted and Clause _____ is inserted in lieu thereof and hereby made part of the General Provisions.

c. Add corrections or other changes to clauses.)

ARTICLE XV—DEFINITIVE CONTRACT

a. It is contemplated that a _____ type definitive contract will be negotiated on the basis of the Schedule and General Provisions of this Letter Contract and such additional clauses as are appropriate to the subject matter of this contract. However, the parties are not hereby committed to the negotiation of this type of contract.

b. The Contractor agrees to submit cost and pricing data promptly and to enter into negotiation of a definitive contract no later than _____ (date)

c. It is understood and agreed that pending negotiation of the definitive contract contemplated by this Letter Contract, the Contractor's Proposal No. _____, dated _____, shall remain available for acceptance by the Government. To the extent that the ultimate definitive contract is for the same work covered by the aforesaid proposal, the Contractor agrees to negotiate a period of performance or delivery date and a price or cost and fee no less favorable than offered in the proposal.

ARTICLE XVI—DIRECTION TO PROCEED

Except as otherwise expressly provided to the contrary in this Letter Contract, the Contractor is directed, upon his acceptance of this Letter Contract, to proceed immediately to procure the necessary materials, and to pursue such work with all diligence to the end that the products or services called for under ARTICLE I of the Schedule will be delivered or performed in accordance with ARTICLE III of the Schedule and all other terms of this Letter Contract.

ARTICLE XVII—CONTENTS OF CONTRACT

This contract _____ consists of the (number) following:

Transmittal Letter and Signature Page
Administrative Recitals
Schedule Pages 1 thru _____
General Provisions, EPA Form _____

(d) *Optional articles.* The following optional articles may be used as appropriate, article numbers may be adjusted as required.

ARTICLE 1—LEVEL OF EFFORT

(The following article may be used in CPFF Term Form situations where the total manhours of effort are specified in the scope of work.)

a. The Contractor's contractual obligation is expressed in terms of total manhours to perform the effort set forth in ARTICLE I—SCOPE OF WORK. The Contractor shall provide approximately _____ manhours of direct labor in pursuit of the effort described in ARTICLE I—SCOPE OF WORK, which numbers of manhours shall hereinafter be referred to as the "Level of Effort" for this contract. Provided, however, the Contractor shall provide not less than _____ nor more than _____ manhours of direct labor in pursuit of the effort described in ARTICLE I—SCOPE OF WORK.

b. The parties hereto agree to negotiate an equitable adjustment in the estimated cost and fee of this contract in the event the "Level of Effort" actually expended by the Contractor is less than the number of manhours of direct labor established as the minimum effort in paragraph a. above.

c. It is recognized that the Contractor is not obligated to furnish, nor is the Government required to accept, any manhours of effort in excess of the number of manhours of direct labor established as the maximum in paragraph a. above.

ARTICLE 2—OPTIONAL PARAGRAPH E. TO PAYMENT ARTICLE VI

d. Contractor's invoices or vendor's shipping documents used as invoices shall be prepared in accordance with the attached form entitled, _____, which is attached hereto and made a part of this Letter Contract. Vouchers shall be submitted for certification to the EPA Project Officer, who will forward them to _____ for payment. Payment will be made as provided in Clause _____ of the General Provision, EPA Form _____, except as otherwise provided in this ARTICLE VI. The Contractor shall enter the following statement on the reverse of the voucher.

EPA Project Officer Certificate

I certify to the best of my knowledge and belief that the items for which reimbursement is claimed in this voucher are reasonable and were necessarily incurred in the performance of the related contract; that the Contractor performed the services for which reimbursement is claimed; that all requested reports have been received.

_____ _____
Date Project Officer

ARTICLE 3—F.O.B. POINT

a. The F.O.B. point for all items, except reports furnished pursuant to the Article hereof entitled "REPORTS OF WORK", under this contract is _____.

b. The F.O.B. point for reports furnished pursuant to the Article entitled "REPORTS OF WORK" is as set forth therein.

c. Shipments shall be made on commercial bills of lading. The Contractor shall place the following statement on each commercial bill of lading:

"Transportation hereunder is for the Environmental Protection Agency, and the actual total transportation charges paid to the carrier(s) by the consignor or consignee are to be reimbursed by the Government, pursuant to cost-reimbursable contract No. _____. This may be confirmed by contacting such agency at (insert address of contracting activity).

ARTICLE 4—TECHNICAL DIRECTION

The EPA Project Officer or other authorized individual named in the Administrative Recitals of this contract is responsible for guiding the technical aspects of the project and for general surveillance of the work performed. The Project Officer or named individual is not authorized to make any commitments or any changes which constitute work not within the general scope of this contract, change the expressed terms and conditions incorporated into this contract, or constitute a basis for any increase in contract price or extension of the contract Period of Performance.

ARTICLE 5—TECHNICAL DIRECTION

(The following may be used in all Cost Reimbursement situations except cost sharing and co-sponsored Contracts and RFP's:

The attachment entitled "Technical Direction" is hereby made a part of this contract. At the time of award of this contract, the Contracting Officer will designate a Project Officer who will be responsible for the technical administration of this contract in accordance with the provisions of the attachment entitled "Technical Direction.")

ARTICLE 6—TECHNICAL DIRECTION

(The following article will be used in RFP's and Contracts which involve Cost Sharing or

Co-sponsorship under separate contractual arrangements:

The attachment entitled "Technical Direction" is hereby made a part of this contract. At the time of award of this Government contract, the Contracting Officer will designate a Project Officer who will be responsible for issuing the technical directives for the Government contract in accordance with the provisions of the attachment entitled "Technical Direction.")

ARTICLE 7—PAYMENT

(The following is for use in RFP's and contracts where the Contractor is required to share some portion of costs incurred:

a. The estimated cost for the performance of this contract is $_____. The Contractor agrees to bear without reimbursement by the Government ____ (%) percent of the cost for performance hereunder. Such cost sharing shall be effected as follows:

Public vouchers or invoices submitted in accordance with the provisions of this contract shall show the total cost incurred for the period for which the vouchers or invoice is submitted, the cumulative total of costs incurred through the billing period, and the percentage of costs to be reimbursed by the Government. However, the Government is not obligated to reimburse the Contractor in excess of ____ (%) percent of such amount. The Government shall not be obligated to reimburse the Contractor for the Government's share of the costs in excess of $_____, nor is the Contractor obligated by this contract to expend his own funds in excess of $_____.)

ARTICLE 8—DESIGNATION OF PATENT ADVISOR

The Patent Advisor, Office of General Counsel, Environmental Protection Agency, is hereby designated to represent the Contracting Officer in administering the Patents and Inventions clause of this contract. Correspondence with respect to this clause should be directed to the Patent Advisor with a copy to the Contracting Officer. The requirements of the Patents and Inventions clause regarding the identification and mailing address of the Contracting Officer in subcontracts containing the clause may be satisfied in such subcontracts by including this entire paragraph.

ARTICLE 9—DESIGNATION OF PROPERTY ADMINISTRATOR

_____, Contract Property Administrator, is hereby designated the property administrator for this contract. The Contractor agrees to furnish to the Contract Property Administrator information regarding Government property as specified in this contract and in the manner and to the extent required by the Contract Property Administrator of his duly degisnated successors.

ARTICLE 10—DEFINITIONS

(Define terms, as appropriate.)

§ 15–16.554 General provisions for cost-reimbursement type contracts with educational and other nonprofit institutions.

(a) Listing of general provisions.

(1) Definitions (FPR 1–7.102–1).
(2) Limitation of Cost (FPR 1–7.202–3(a)).
(3) Allowable Cost and Payment (FPR 1–7.402–3(b)).
(4) Standards of Work (FPR 1–7.302–3).
(5) Inspection (FPR 1–7.402–5(c)).
(6) Assignment of Claims (FPR 1–30.703).
(7) Examination of Records by Comptroller General (FPR 1–7.103–3).
(8) Subcontracts (FPR 1–7.402–8).
(9) Utilization of Small Business Concerns (FPR 1–1.710–3(a)).
(10) Termination for Convenience of the Government (FPR 1–8.704–1).
(11) Disputes (FPR 1–7.102–12).
(12) Buy American Act Supply and Service Contracts (FPR 1–6.104–5).
(13) Convict Labor (FPR 1–12.204).
(14) Walsh-Healey Public Contracts Act (FPR 1–12.605).
(15) Contract Work Hours and Safety Standards Act—Overtime Compensation (FPR 1–12.303).
(16) Equal Opportunity (FPR 1–12.803–2).
(17) Officials Not to Benefit (FPR 1–7.102 17).
(18) Covenant Against Contingent Fees (FPR 1–1.503).
(19) Notice and Assistance Regarding Patent and Copyright Infringements (FPR 1–7.103–4).
(20) Patent Rights—Acquisition by the Government (FPR 1–9.107–5(a)).
(21) Insurance (Subpart 15–7.4).
(22) Utilization of Labor Surplus Area Concerns (FPR 1–1.805–3(a)).
(23) Payment for Overtime Premiums (FPR 1–7.202–29).
(24) Competition in Subcontracting (FPR 1–7.202–30).
(25) Audit (FPR 1–3.814–2(a)).
(26) Price Reduction for Defective Cost or Pricing Data (FPR 1–3.814–1(a)).
(27) Subcontractor Cost or Pricing Data (FPR 1–3.814–3).
(28) Utilization of Minority Business Enterprises (FPR 1–1.1310–2(a)).
(29) Disabled Veterans and Veterans of the Vietnam Era.
(30) Payment of Interest on Contractors' Claims (FPR 1–1.322).
(31) Employment of the Handicapped.
(32) Clean Air and Water (FPR 1–1.2302–2).
(33) Negotiated Overhead Rates (FPR 1–3.704–1; FPR 1–3.704–2; Subpart 15–7.4 in respect to "carry forward" adjustment).
(34) Interest (FPR 1–7.203–15).
(35) Cost Accounting Standards (FPR 1–3.1204–1 and FPR 1–3.1204–2).
(36) Changes (FPR 1–7.404–5).
(37) Printing (Subpart 15–7.4).
(38) Gratuities (Subpart 15–7.4).
(39) Data Requirements (Subpart 15–7.4).
(40) Rights in Data (Subpart 15–7.4).
(41) Background Patent Rights (Subpart 15–7.4).
(42) Authorization and Consent (Subpart 15–7.4).

(b) Additional clauses prescribed by the FPR shall be added when applicable.

Subpart 15–16.6—Forms of Leases for Real Property [Reserved]

Subpart 15–16.7—Forms for Negotiated Architect-Engineer Contracts

§ 15–16.700 Scope of subpart.

This subpart prescribes the form and lists those clauses added to the standard form prescribed by FPR Subpart 1–16.7 for negotiating architect-engineer contracts.

§ 15–16.701–50 Contract forms.

The additional provisions listed in § 15–16.703–50 are reproduced on EPA Form 1900–30.

§ 15–16.703–50 Additional general provisions to Standard Form 253 (April 1975).

(a) Additional provisions.

(19) Disabled Veterans and Veterans of the Vietnam Era (prescribed by FPR 1–16.701(b)).
(20) Employment of the Handicapped (prescribed by FPR 1–16.701(b)).
(21) Clean Air and Water (prescribed by FPR 1–16.701(b)).
(22) Audit (FPR 1–3.814–2(a)).
(23) Price Reduction for Defective Cost or Pricing Data (FPR 1–3.814–1(a)).
(24) Subcontractor Cost of Pricing Data (FPR 1–3.814–3).
(25) Method of Payment (Subpart 15–7.50).
(26) Interest (FPR 1–7.203–15).
(27) Composition of Contractor (Subpart 15–7.50).
(28) Gratuities (Subpart 15–7.50).

Subpart 15–16.8—Miscellaneous Forms

§ 15–16.800 Scope of subpart.

This subpart prescribes miscellaneous forms other than procurement contract forms, for use related to the procurement of supplies and services.

§ 15–16.850 Miscellaneous Forms.

The following contract forms shall be used as set forth below.

(a) Form 1900–2, Profit/Fee Objective, shall be prepared by the contract negotiator to complete his prenegotiation profit/fee position on all negotiated contracts.

(b) Form 1900–3, Assignee's Release, is required to be submitted by assignee for cost-reimbursement contracts prior to final payment under the contract.

(c) Form 1900–4, Assignee's Assignment of Refunds, Rebates, Credits and Other Amounts, must accompany the assignee's release prior to final payment under cost-reimbursement contracts.

(d) Form 1900–5, Contractor's Assignment of Refunds, Rebates, and Credits, must be prepared by contractor prior to final payment under cost-reimbursement contracts and must accompany the contractor's release.

(e) Form 1900–6, Contractor's Release, must be submitted by the contractor under cost-reimbursement contracts prior to final payment thereunder.

(f) Form 1900–7, Request for Cost Analysis, shall be prepared by the contract negotiator to request cost advisory services on contract proposals.

(g) Form 1900–8, Procurement Request/Requisition and Form 1900–8A, Continuation Sheet, shall be used for originating all procurements of personal property and nonpersonal services at Headquarters, Regional Offices, and field stations. Detailed instructions are contained in Chapter 1 of the Contracts Management Manual.

(h) Reserved.

(i) Form 1900–10, Contractor's Cumulative Claim and Reconciliation, shall be used for an accounting of the cumulative charges and costs for cost-reimbursement contracts from the inception of the contract to completion. It shall be submitted by the contractor at the time he submits his completion voucher.

(j) Reserved.

(k) Form 1900–12, Technical Evaluation of Bids/Proposals shall be used by the evaluator to provide the technical

evaluation in support of final selection and award of advertised procurements.

(l) Form 1900–13, Worksheet for Small Purchases, shall be used to record and tabulate written and oral quotations in accordance with FPR 1–3.603–2. The form, in original only, shall be prepared by hand and retained in the official procurement file. The "Award Information and Remarks" portion shall be used to record such information as:

(1) Rejection of low offers and technical evaluation;

(2) Justification for noncompetitive procurement; and

(3) Basis for determination of price reasonableness, if other than those listed.

(m) Form 1900–14, Abstract of Bids and Form 1900–14A, Continuation Sheet, shall be used to record the bid information required by FPR 1–2.403. The contracting officer or his authorized representative shall be responsible for abstracting and tabulating all bids. The abstract shall be prepared in duplicate. The original shall be made part of the official procurement file and a legible copy shall be kept in a convenient place for public examination. The following types of information relating to contract award shall be inserted in the "Remarks" block or by attached memorandum:

(1) Responsiveness of lowest acceptable bid;

(2) Responsibility of lowest acceptable bidder and basis for determination;

(3) Citation of applicable paragraph of FPR 1–2.404–2 for rejected bids and technical evaluation.

(4) Correction or waiver of minor information under FPR 1–2.405 and apparent clerical error under FPR 1–2.406–2; and

(5) Late bid determinations. The form may also be used to tabulate proposals received under negotiated procurement.

(n) Reserved.

(o) Reserved.

(p) Form 1900–17, see § 15–16.501.

(q) Form 1900–18, Labor Law Compliance Review, shall be used for construction contracts of $2,000 and over, and be completed by the contracting officer or his authorized representative to assure compliance with 29 CFR 5.6.

(r) Form 1900–19, Contract Memorandum of Transmittal and Check List, shall be used to transmit contractual documents to higher management levels for preaward reviews and approvals. The form is mandatory for submissions to the Director, Contracts Management Division.

(s) Form 1900–20, Contract Check List, shall be prepared by the negotiator for all contracts that are complete and ready for closeout.

(t) Form 1900–21, Contract Records Retirement Notice, shall be completed by the Negotiator, and accompany the contract file for storage and disposal of completed contracts.

(u) Form 1900–22, see § 15–16.501.

(v) Form 1900–23, Statement and Acknowledgment by Contractor, shall be used by construction prime contractors to notify the Government of subcontracts awarded under the contract.

(w) Form 3340–3, Contractor's or Grantee's Invention Disclosure, shall be used by contractors to report inventions made under a contract containing a patents clause. The form should be completed by the contractor within a reasonable time of making the invention.

(x) Form 3340–4, Summary Report of Inventions and Subagreements or Contracts, shall be used by contractors for all contracts containing the patents and inventions clause. The contractor shall submit the report annually and again before final payment under the contract.

(y) Form 1730–1, Report of Nonexpendable Government Property Acquired by Contractor, shall be completed by the contractor and submitted either with the contract voucher, or directly to the property administrator, to report nonexpendable Government property acquired by the contractor.

(z) Form 1900–24, see § 15–16.501.

(aa) Reserved.

(bb) Form 1900–26, Contracting Officer's Evaluation of Contractor Performance, shall be used by the contracting officer to record his evaluation of contractor performance.

(cc) Form 1900–27, Project Officer's Evaluation of Contractor Performance, shall be used by the project officer to record his evaluation of contractor performance.

(dd) Form 1900–28, see § 15–16.501.

(ee) Form 1900–30, see § 15–60.701–50.

(ff) Form 1900–31, Purchase Order Record.

(gg) Form 1900–32, see § 15–16.401.

(hh) Form 1900–33, see § 15–16.101.

(ii) Form 1900–34, Guide for the Preparation of Contractor's Claims for Reimbursement of Costs and Fees Under Cost-Reimbursement Type contracts shall be inserted in all Cost-Reimbursement Type contracts awarded to contractors unfamiliar with the Guide.

(jj) Form 1900–35, Request for Equal Opportunity Clearance of Contract Award is completed by appropriate contracting personnel for all anticipated awards (other than construction) over $1,000,000, to assure that the prospective contractor appears to conform with the equal opportunity clause.

(kk) Form 1900–36, Project Officer Certification is used to provide a means for project officers to advise paying contracting activities whether or not the contractors actually worked on contracts during the periods covered by a submitted voucher.

(ll) Form 1900–37, Record of Procurement Request Review shall be used by the Contracting Officer and Small Business Specialist in reviewing requirements of procurement actions over $2,500 for potential small business participation or small business set-aside.

(mm) Form 1900–38, Procurement Information Notice shall be used as the primary device of the Contracts Management Division to rapidly communicate with field procurement personnel.

(nn) Form 1900–39, Bidder's Mailing Labels, self explanatory.

PART 15–60—GOVERNMENT PROPERTY

1. The table of contents for Part 15–60—Government Property, is revised by deletion of Subpart 15–60.7—Contract Clauses, in its entirety.

§ 15–60.000 [Amended]

2. Section 15–60.000 Scope of Part is amended by deleting the last five words of the first sentence.

3. Section 15–60.102–1 is amended as follows:

§ 15–60.102–1 Prime contractors.

Except for the conditions specified in paragraph (g) of the Government Property clauses set out in FPR 1–7.203–21 (a), 1–7.303–7(a), 1–7.303–7(d), and 1–7.402–25(b), it is EPA policy not to hold a contractor responsible for loss of or damage to Government Property when such property is provided under:

* * * * *

4. Section 15–60.102–2 is amended as follows:

§ 15–60.102–2 Subcontractors.

* * * * *

(b) * * *

(1) Include in any cost-reimbursement type subcontract thereunder provisions similar to those contained in paragraph (g) of the clause in FPR 1–7.203–2(a) or 1–7.402–25(b); and

(2) Include in any fixed-price subcontract meeting the criteria set forth in § 15–60.102–1(a) a provision similar to that contained in FPR 1–7.303–7(b).

* * * * *

§ 15–60.202 [Amended]

5. Section 15–60.202—Procedure, is revised by deleting the words "Subpart 15–60.7" in paragraph (c) and substituting "FPR part 1–7".

§ 15–60.301–6 [Amended]

6. Section 15–60.301–6—Contract schedule articles, is revised by deleting the words "Subpart 15–60.7" in paragraph (a) and substituting "FPR Part 1–7", and deleting the words "Subpart 7 of this Part 15–60" in paragraph (b)(3) and substituting "FPR Part 1–7".

§ 15–60.402 [Amended]

7. Section 15–60.402—Use without change, is revised by deleting the citation "§ 15–60.301–6(5)" in paragraph (b)(2) and substituting "§ 15–60.301(b)(5)".

§ 15–60.604 [Amended]

8. Section 15–60.604—Risk of loss or damage liability is revised by deleting the words "Subpart 15–60.7", and substituting "FPR Part 1–7".

9. Subpart 15–60.7—Contract Clauses, is deleted in its entirety.

Subpart 15–60.7—Contract Clauses [Removed]

Title 47—Telecommunication

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

PART 0—COMMISSION ORGANIZATION

Firm Authorized to Transcribe Proceeding; Address Change

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The FCC amends its rules to reflect changes in the name and address of the firm authorized to transcribe Commission proceedings.

ADDRESS: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

Upton Guthery, Office of General Counsel. (202–632–6444).

SUPPLEMENTARY INFORMATION:

Adopted: June 27, 1977.

Released: June 29, 1977.

Order. In the Matter of Editorial amendment of § 0.465(b), rules and regulations.

1. Effective July 1, 1977, the name, address and phone number of the firm authorized to transcribe Commission proceedings is International Transcription Services, Inc., 4931 Bethesda Avenue, Bethesda, Md. 20014 (301–656–1030). To inform the public of the change, we are amending § 0.465(b) of the rules and regulations to reflect it.

2. Authority for this amendment is contained in sections 4(i), 5(d) and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 155(d) and 303(r), and in § 0.231(d) of the Commission's rules, 47 CFR 0.231(d). Because the amendment is editorial and informational in nature, compliance with the prior notice and effective date provisions of 5 U.S.C. 553 is unnecessary.

3. *Accordingly, it is ordered,* Effective July 1, 1977, That § 0.465(b) is amended as set out below.

RICHARD D. LICHTWARDT,
Executive Director.

In § 0.465(b) of Part 0 of Chapter I of Title 47 of the Code of Federal Regulations, the name and address of the current contractor are revised to read as follows:

International Transcription Services, Inc., 4931 Bethesda Avenue, Bethesda, Md. 20014 (301–656–1030).

[FR Doc.77–18907 Filed 6–30–77;8:45 am]

[Docket No. 20625; RM–2450]

PART 73—RADIO BROADCAST SERVICES

Television Broadcast Station in Visalia, Calif.; Changes Made in Table of Assignments

AGENCY: Federal Communications Commission.

ACTION: Report and order.

SUMMARY: This action reserves the assignment of TV Channel 43 for noncommercial educational use at Visalia, California. The channel was previously used by a commercial station whose authority to operate has terminated.

EFFECTIVE DATE: August 8, 1977.

ADDRESS: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

Mark N. Lipp, Broadcast Bureau. (202–632–7792).

SUPPLEMENTARY INFORMATION:

In the Matter of Amendment of § 73.606(b), Table of Assignments, Television Broadcast Stations. (Visalia, California), report and order (Proceeding Terminated) (42 FR 1291).

Adopted: June 22, 1977.

Released: June 28, 1977.

By the Chief, Broadcast Bureau:

1. The Commission has before it the notice of proposed rulemaking, 40 FR 53596, adopted November 7, 1975, in response to a petition filed by the Tulare County Board of Education, proposing to assign and reserve Channel 59 at Visalia, California, as a first noncommercial educational TV channel. Alternatively, Channel 43 presently assigned at Visalia could be reserved for noncommercial educational use if it were possible to resolve a pending petition for reconsideration regarding the status of Channel 43 at Visalia. Comments have been received from petitioner.

2. The notice indicated that Channel 43 which had been previously licensed to Norwood J. Patterson (formerly Sierra Broadcasting, Inc.) for Station KICU–TV, has been off the air since 1968. Its authority to remain silent expired on December 19, 1970, and the station's call letters were deleted on April 1, 1975. Recently a petition for reconsideration of that action was denied by the Commission on May 4, 1977, FCC 77–311. Although this petition for reconsideration was pending at the time the notice was issued, it has now been resolved and no appeal of that action has been taken.

3. Petitioner has responded that it prefers the assignment of Channel 43 to Visalia since it has acquired broadcasting equipment tuned to that channel and has already prepared engineering studies for a site on Channel 43. It further states that, if Channel 59 were assigned, it would have to bear the expense of revising its engineering studies in order to apply for that channel.

4. We agree with petitioner that, in view of the Commission's action upholding the decision to terminate the broadcast authority of Station KICU–TV, it would be appropriate to make use of Channel 43 in accordance with the interest in it that has been expressed. Supporting data for the reservation of Channel 43 for noncommercial educational use were set forth in the notice and adequately show the need for the proposed utilization. In addition, we do not believe it is necessary at this time to replace Visalia's commercial TV assignment since no interest in operating a commercial station there has been expressed.

§ 73.606 [Amended]

5. Accordingly, *It is ordered,* That effective August 8, 1977, the Television Table of Assignments, § 73.606(b) of the Commission's Rules, is amended, with respect to the city listed below to read as follows:

City	*Channel No.*
Visalia, Calif.	*43

6. Authority for the action taken herein is found in Sections 4(i), 5(d)(1), 303 (g) and (r) and 307(b) of the Communications Act of 1934, as amended, and Section 02.81(b)(6) of the Commission's Rules.

7. *It is further ordered,* That this proceeding is terminated.

(Secs. 4, 5, 303, 48 Stat., as amended, 1066, 1068, 1082; 47 U.S.C. 154, 155, 303.)

FEDERAL COMMUNICATIONS COMMISSION,
WALLACE E. JOHNSON,
Chief, Broadcast Bureau.

[Docket No. 20123; RM–2622]

PART 87—AVIATION SERVICES

Utilization and Assignment of the Aeronautical Advisory and Aeronautical Multicom Frequencies; Correction

AGENCY: Federal Communications Commission.

ACTION: Correction.

SUMMARY: This document corrects the final rule that appeared at page 20469 in the FEDERAL REGISTER of April 20, 1977 (42 FR 20469).

EFFECTIVE DATE: May 20, 1977.

ADDRESS: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

Robert H. McNamara, Safety and Special Radio Services Bureau, (202–632–7197).

SUPPLEMENTARY INFORMATION:

Released: June 28, 1977.

In the matter of utilization and assignment of aeronautical advisory frequencies; amendment of Part 87 of the FCC rules and regulations regarding utilization and assignment of the aeronautical advisory and aeronautical multicom frequencies, Docket No. 20123, RM–2622.

1. In the Appendix to the Report and Order in the above-captioned matter (FCC 77–253) released April 15, 1977, at 42 FR 20469, the frequency 122.950 MHz

was inadvertently omitted and the last subparagraph inadvertently added in Section 87.201(c) and should be corrected to read as follows:

Instruction No. 4:

§ 87.201 Frequencies available.

* * * * *

(c) These frequencies are available to private aircraft stations for communications with aeronautical advisory stations in accordance with Subpart C of this part.

122.700, 122.725, 122.750, 122.800, 122.950, 122.975, 123.000, 123.050 and 123.075 MHz.

* * * * *

2. Additionally, the amendments to footnotes 1 and 2 of § 87.65(a) were inadvertently omitted from the Appendix and should be added to read as follows:

10. Section 87.65(a) is amended as follows:

§ 87.65 Frequency stability.

(a) * * *

* * * * *

[1] The tolerance shown is applicable to all types of transmitters first type accepted after January 1, 1974. Those types of transmitters meeting a tolerance of 0.005 percent which were type accepted before January 1, 1966, and those types of transmitters meeting a tolerance of 0.003 percent first type accepted during the period January 1, 1966, to January 1, 1974, may continue to operate, *Provided, however;* That stations using offset carrier techniques must comply with 0.002 tolerance.

[2] The tolerance shown in the Table is applicable to all types of transmitters first type accepted after January 1, 1974. Transmitters with 0.005 percent tolerance type accepted before January 1, 1974, may continue to be used until further notice.

3. Further, as an additional administrative change, § 87.607(d) of the rules should be corrected to reflect the new frequency assignments in the aeronautical advisory service and included in the Appendix of the subject Report and Order, to read as follows:

§ 87.607 Emergency operation.

* * * * *

(d) The frequencies 122.7, 122.8 and 123.0 MHz may be used, in addition to their normal purposes, * * *

* * * * *

FEDERAL COMMUNICATIONS COMMISSION,
VINCENT J. MULLINS,
Secretary.

[FR Doc.77-18906 Filed 6-30-77;8:45 am]

proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Federal Grain Inspection Service

[7 CFR Part 68]

RICE

Proposed Revision of United States Standards

AGENCY: Federal Grain Inspection Service, USDA.

ACTION: Proposed rule.

SUMMARY: The Department proposes the following revisions in the U.S. Standards for Rice which would (1) Provide rice inspection applicants with an optional grade designation for rice certification, (2) delete total broken kernels as a grade-determining factor in brown rice for processing, (3) change the limits of "other types" of rice in U.S. No. 5 and U.S. No. 6 milled rice so that it applies only to whole rice kernels, and (4) make editorial revisions which are intended to improve the clarity and consistency of the standards. The proposed revisions are intended to further facilitate the marketing of rice.

DATES: Comments by August 1, 1977. Proposed effective date will be August 28, 1977.

ADDRESSES: Send comments, in duplicate, to the Hearing Clerk, U.S. Department of Agriculture, Room 1077, South Building, Washington, D.C. 20250. Comments will be made available for public inspection at the Office of the Hearing Clerk during regular business hours.

FOR FURTHER INFORMATION CONTACT:

N. Gail Jackson, Acting Director, Standardization Division, Federal Grain Inspection Service, Room 0624-S, 1400 Independence Avenue, S.W., Washington, D.C. 20250. (202-447-9329).

SUPPLEMENTARY INFORMATION: The Agricultural Marketing Act of 1946, as amended, provides for the issuance by the Secretary of Agriculture of standards with respect to the quality, condition, quantity, grade, and packaging of agricultural commodities. It further provides for their voluntary use by producers, merchandisers, processors, and consumers in the marketing of these commodities and payment of a fee to cover the cost of the service.

Pursuant to sections 203 and 205 of the Agricultural Marketing Act of 1946, 60 Stat. 1087 and 1090 (7 U.S.C. 1622 and 1624) notice is hereby given according to the administrative procedure provisions of 5 U.S.C., section 553, that the U.S. Department of Agriculture, after comprehensive review and comments and recommendations from the various segments of the rice industry, has under consideration proposed revisions of the U.S. Standards for Rice.

Optional Certification Procedure

Rice sales contracts generally specify the minimum quality of rice to be delivered. At times, sellers find when preparing to load rice for shipment that the supply of a particular grade of rice may be insufficient to meet the quality and quantity requirements specified in the sales contract. When this happens, the shipper may find it necessary to ship rice of a better quality.

Certain segments of the rice industry have stated that current inspection procedures do not give them the necessary flexibility to substitute rice of better quality for that specified under the sales contract. They have also stated that delivery of rice of a better quality than that specified in the sales contract is not objectionable to most buyers, and most rice sales contracts already contain the words "or better" following the agreed-upon rice grade.

The Department, in response to these concerns, is proposing to provide for an optional grade designation in the United States Standards for Rice.

The new optional certification procedure is applicable to all grade designations of rice. The applicant for inspection can obtain the optional certification procedure by requesting it on the application for inspection. The request for the optional certification must be filed prior to the beginning of inspection so the inspector knows how the lot will be certified and can immediately notify the applicant of any certification problem. If no request for either is submitted prior to the beginning of inspection, the current method of certification (option 1) shall be applicable.

Option 1 (Current method). Under the current method, rice offered for inspection is certificated as a specific quality (U.S. grade) e.g., "U.S. No. 2 Long-Grain Milled Rice," "U.S. No. 3 Long-Grain Brown Rice for Processing," etc.

For example: If the sales contract grade specification is for "U.S. No. 3 Long-Grain Milled Rice" and during the inspection of that rice lot the rice inspector finds a portion (sublot, carlot, etc.) of the lot that grades "U.S. No. 2 Long-Grain Milled Rice, the rice would be certificated as follows:

a. The U.S. No. 2 portion would be considered "distinctly different" and would be certificated separately from the remainder of the lot; i.e., "U.S. No. 2 Long-Grain Milled Rice."

b. The remainder of the lot would be certificated "U.S. No. 3 Long-Grain Milled Rice."

Option 2 (New method). Under the proposed method, the rice offered for inspection would be certificated as being a particular quality (U.S. grade) "or better"; e.g., "U.S. No. 3 or better Long-Grain Milled Rice". By requesting this option, the rice shipper would be allowed an unlimited opportunity for delivering a better quality rice. The applicant for inspection, rather than risk separate certification under Option 1, can request inspection and Option 2 certification. For example, if the applicant for inspection requested Option 2 on a lot with a contract grade of U.S. No. 3 Long-Grain Milled Rice and 50 percent of the lot graded U.S. No. 2 and 50 percent graded U.S. No. 3, the lot would be certificated as follows:

a. "U.S. No. 3 or better Long-Grain Milled Rice" would be shown as the grade designation on the inspection certificate.

b. No qualifying statement about the lot's uniformity would be necessary, provided that the lot meets the minimum uniform loading requirements for a "U.S. No. 3" load order grade.

Brown Rice Revision

Most brown rice for processing contracts specify a certain milling yield [1] which must be met. The milling yield is important to the miller, because it can be used to predict how the brown rice for processing will perform in the milling process. The milling yield contains the percentages of whole kernels and the percentage of total milled rice. From the differences of the two figures, the miller can calculate the percentage of broken kernels. Therefore, to perform a test and report the percentage of total broken kernels on a brown rice for processing basis is redundant and unnecessary when the milling yield is reported and contains the percentage of broken kernels which can be expected after milling. However, in the event that the percentage of total broken kernels is needed on the basis of the brown rice for

[1] Milling yield is defined as an estimate of the quantity of whole kernels and total milled rice (whole or broken kernels combined) that are produced in the milling of brown rice for processing to a well milled degree. SOURCE: Rice Inspection Handbook, HB 918-11, effective October 1976, U.S. Department of Agriculture, Federal Grain Inspection Service, Inspection Division, Rice and Commodity Branch, Washington, D.C. 20250.

processing, the Department proposes to show the percentage on the inspection certificate when requested by the applicant for inspection. The current limits for broken kernels removed by a 6 plate (southern production) or a 6½ sieve (western production) would remain in effect. The amount of such material in brown rice for processing provides the miller with needed information about the amount of small broken kernels in the sample.

"OTHER TYPES" CHANGE

In performing an inspection of rice, the inspector examines milled rice samples for the presence of "other types" of rice. "Other types" may be in the form of whole kernels and/or broken kernels. When whole kernels of a type differing from the balance of a sample are found, they function against the "other types" limit. In the case of broken kernels of "other types," a special provision is in effect which specifies that only long-grain broken kernels shall function as "other types" when found in medium- or short-grain milled rice. It further states that only medium- or short-grain broken kernels shall function as "other types" when found in long-grain milled rice. This provision has functioned in a satisfactory manner for some time, because broken kernels of different types (medium- and short-grain broken rice) but of similar size and appearance perform alike in end use. The Department now believes that broken kernels of long-grain should, because of their similar size, appearance, and end-use performance to medium- or short-grain broken kernels, be included in the special provision for milled rice grades of U.S. No. 5 or 6.

Therefore, the Department is proposing that only whole kernels of "other types" be applicable to the milled rice grades of U.S. No. 5 or 6. The current limits of 35 percent and 50 percent for the factor "Broken kernels (total)" will remain in effect for milled rice grades of U.S. No. 5 or 6, respectively. However, most contracts for grades U.S. No. 5 or 6 contain a maximum limit of 20 percent "Broken kernels (total)." Under the proposal, the "Broken kernels (total)" could be of any type up to the limit allowed by the grades of U.S. No. 5 or 6, or the contract requirements.

The Department believes that the change is desirable because: (1) A mixture of broken kernels of "other types," but of similar size and appearance, would not adversely affect the quality of U.S. No. 5 and 6 milled rice; (2) the combining of broken kernels of "other types" will permit more efficient utilization of storage space by millers; and (3) the change, in many instances, should reduce inspection costs by reducing the time required to perform the inspection.

Based on the information stated above, the Department is proposing that the determination of "other types" in grades U.S. No. 5 and 6 milled rice be limited to whole rice kernels.

CHANGES APPLICABLE TO THE ROUGH RICE, BROWN RICE FOR PROCESSING, AND MILLED RICE STANDARDS

1. In § 68.202(h), Part (1); § 68.252(i), Part (1); and § 68.301(j), Part (1); change the wording to remove redundancy and provide clarity while retaining the same intended meaning.

2. In § 68.211(a), § 68.211(b), § 68.262 (a), § 68.262(b), § 68.313(a), and § 68.313 (b), renumber and add a new number (3) to allow the applicant for inspection to request use, in advance of inspection, of the Option 2 grade designation when he wants to fulfill a rice sales contract with "better" quality rice than that specified in the contract.

3. In § 68.212(a), § 68.262(a), and § 68.314(c), add words to help clarify and prevent confusion in the inspection application of the special grade "Parboiled rice."

4. Provide editorial and format changes to add clarity and consisteny to help prevent misinterpretations of the standards.

CHANGES APPLICABLE TO THE ROUGH RICE STANDARDS

In § 68.202(h), Part 2 under "Note" and § 68.211(b) (6) add wording; and in § 68.211(b) insert a new (8).

When inspecting and certificating mixed rough rice, only whole and large broken kernels are analyzed. It is difficult and unnecessary to distinguish rice types in small and medium-sized broken kernels.

CHANGES APPLICABLE TO THE BROWN RICE FOR PROCESSING STANDARDS

In § 68.261, remove the grading factor "total broken kernals" from the grading chart. Since total broken kernels are included in the expression of "milling yield," the Department feels it is not necessary to make an additional total broken kernel determination, unless such a determination is specifically requested by the applicant for inspection.

CHANGES APPLICABLE TO THE MILLED RICE STANDARDS

1. Under "Terms Defined" rearrange § 68.301 "Definition" into two sections—§ 68.301 "Definition of Milled Rice" and § 68.302 "Definition of Other Terms." Renumber the sections, add a new § 68.304 concerning —temporary modifications in equipment and procedures, and reword § 68.307 "Percentages." The above changes are editorial in nature and are intended to make the format of the milled rice standards consistent with those of rough rice and brown rice for processing.

2. In § 68.309 (Milled rice grading chart), § 68.310 (Second head milled rice grading chart), § 68.311 (Screenings milled rice grading chart), and § 68.312 (Brewers milled rice grading chart), change the column designated "Color and Milling Requirements" into two separate columns—one for "Color" and the other for "Milling Requirements." This change is editorial in nature and is intended to emphasize that color and milling requirements are two separate factors.

3. In § 68.301 (j) *"Other types,"* Part 2, change the wording; in § 68.309 (Milled rice grading chart) delete the present "other types" column and replace it with a two-column approach; and in § 68.301 (1), (2), (3), and (4) change the wording to limit the determination of "other types" in U.S. No. 5 and U.S. No. 6 milled rice to whole rice kernels only.

The revised U.S. Standards for Rice are as follows:

UNITED STATES STANDARDS FOR ROUGH RICE

TERMS DEFINED

Sec.
68.201 Definition of rough rice.
68.202 Definition of other terms.

PRINCIPLES GOVERNING APPLICATION OF STANDARDS

68.203 Basis of determination.
68.204 Temporary modifications in equipment and procedures.
68.205 Interpretive line samples.
68.206 Milling requirements.
68.207 Milling yield determination.
68.208 Moisture.
68.209 Percentages.

GRADES, GRADE REQUIREMENTS, AND GRADE DESIGNATIONS

68.210 Grades and grade requirements for the classes of rough rice. (See also § 68.212.)
68.211 Grade designation.

SPECIAL GRADES, SPECIAL GRADE REQUIREMENTS, AND SPECIAL GRADE DESIGNATIONS

68.212 Special grades and requirements.
68.213 Special grade designation.

U.S. STANDARDS FOR BROWN RICE FOR PROCESSING

68.251 Definition of brown rice for processing.
68.252 Definition of other terms.

PRINCIPLES GOVERNING APPLICATION OF STANDARDS

68.253 Basis of determination.
68.254 Temporary modifications in equipment and procedures.
68.255 Broken kernels determination.
68.256 Interpretive line samples.
68.257 Milling requirements.
68.258 Milling yield determination.
68.259 Moisture.
68.260 Percentages.

GRADES, GRADE REQUIREMENTS, AND GRADE DESIGNATIONS

68.261 Grade and grade requirements for the classes of brown rice for processing. (See also § 68.263.)
68.262 Grade designation.

SPECIAL GRADES, SPECIAL GRADE REQUIREMENTS, AND SPECIAL GRADE DESIGNATIONS

68.263 Special grades and special grade requirements.
68.264 Special grade designation.

U.S. STANDARDS FOR MILLED RICE

TERMS DEFINED

AUTHORITY: Secs. 203, 205, Agricultural Marketing Act of 1946, 60 Stat. 1087 and 1090 (7 U.S.C. 1622 and 1624).

UNITED STATES STANDARDS FOR ROUGH RICE[1]

TERMS DEFINED

§ 68.201 Definition of rough rice.

Rice (*Oryza sativa L.*) which consists of 50.0 percent or more of paddy kernels (see § 68.202(i)) of rice.

§ 68.202 Definition of other terms.

For the purposes of these standards, the following terms shall have the meanings stated below:

(a) *Broken kernels.* Kernels of rice which are less than three-fourths of whole kernels.

(b) *Chalky kernels.* Whole or large broken kernels or rice which are one-half or more chalky.

(c) *Classes.* The following four classes:

Long-Grain Rough Rice
Medium-Grain Rough Rice
Short-Grain Rough Rice
Mixed Rough Rice

Classes shall be based on the percentage of whole kernels, large broken kernels, and types of rice.

(1) "Long-grain rough rice" shall consist of rough rice which contains more than 25.0 percent of whole kernels and which, after milling to a well-milled degree, contains not more than 10.0 percent of whole or large broken kernels of medium- or short-grain rice.

(2) "Medium-grain rough rice" shall consist of rough rice which contains more than 25.0 percent of whole kernels and which after milling to a well-milled degree, contains not more than 10.0 percent of whole or large broken kernels of long-grain rice or whole kernels of short-grain rice.

(3) "Short-grain rough rice" shall consist of rough rice which contains more than 25.0 percent of whole kernels and which, after milling to a well-milled degree, contains not more than 10.0 percent of whole or large broken kernels of long-grain rice or whole kernels of medium-grain rice.

(4) "Mixed rough rice" shall consist of rough rice which contains more than 25.0 percent of whole kernels and which, after milling to a well-milled degree, contains more than 10.0 percent of "other types" as defined in paragraph (h) of this section.

(d) *Damaged kernels.* Whole or large broken kernels of rice which are distinctly discolored or damaged by water, insects, heat, or any other means, and whole or large broken kernels of parboiled rice in nonparboiled rice. "Heat-damaged kernels" (see paragraph (e) of this section) shall not function as damaged kernels.

(e) *Heat-damaged kernels.* Whole or large broken kernels of rice which are materially discolored and damaged as a result of heating, and whole or large broken kernels of parboiled rice in nonparboiled rice which are as dark as, or darker in color than, the interpretive line for heat-damaged kernels.

(f) *Milling yield.* An estimate of the quantity of whole kernels and total milled rice (whole and broken kernels combined) that are produced in the milling of rough rice to a well-milled degree.

(g) *Objectionable seeds.* Seeds other than rice, except seeds of *Echinochloa crusgalli* (commonly known as barnyard grass, watergrass, and Japanese millet).

(h) *Other types.* (1) Whole kernels of: (i) Long-grain rice in medium- or short-grain rice, (ii) medium-grain rice in long- or short-grain rice, (iii) short-grain rice in long- or medium-grain rice, and (2) Large broken kernels of long-grain rice in medium- or short-grain rice and large broken kernels of medium- or short-grain rice in long-grain rice.

NOTE.—Large broken kernels of medium-grain rice in short-grain rice and large broken kernels of short-grain rice in medium-grain rice shall not be considered other types.

(i) *Paddy kernels.* Whole or broken unhulled kernels of rice.

(j) *Red rice.* Whole or large broken kernels of rice on which there is an appreciable amount of red bran.

(k) *Seeds.* Whole or broken seeds of any plant other than rice.

(l) *Smutty kernels.* Whole or broken kernels of rice which are distinctly infected by smut.

(m) *Types of rice.* The following three types:

Long grain
Medium grain
Short grain

Types shall be based on the length-width ratio of kernels of rice that are unbroken and the width, thickness, and shape of kernels of rice that are broken as set forth in Inspection Handbook HB 918–11.[2]

[1] Compliance with the provisions of these standards does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act, or other Federal laws.

[2] The following publications are referenced in these standards. Copies will be made available upon request to the Inspection Division, Federal Grain Inspection Service, U.S. Department of Agriculture, 1400 Independence Avenue SW., Washington, D.C. 20250.

(a) Equipment Handbook, effective September 25, 1968, as amended, U.S. Department of Agriculture, Federal Grain Inspection Service.

(b) Inspection Handbook HB 918–11, effective October 1976, U.S. Department of Agriculture, Federal Grain Inspection Service.

(n) *Ungelatinized kernels.* Whole or large broken kernels of parboiled rice with distinct white or chalky areas due to incomplete gelatinization of the starch.

(o) *Whole and large broken kernels.* Rice (including seeds) that (1) passes over a 6 plate (for southern production), or (2) remains on top of a 6 sieve (for western production).

(p) *Whole kernels.* Unbroken kernels of rice and broken kernels of rice which are at least three-fourths of an unbroken kernel.

(q) *6 sieve.* A metal sieve 0.032-inch thick, perforated with rows of round holes 0.0938 ($\frac{15}{64}$) inch in diameter.

(r) *6 plate.* A laminated metal plate 0.142-inch thick, with a top lamina 0.051-inch thick, perforated with rows of round holes 0.0938 ($\frac{15}{64}$) inch in diameter, and a bottom lamina 0.091-inch thick, without perforations.

PRINCIPLES GOVERNING APPLICATION OF STANDARDS

§ 68.203 Basis of determination.

The determination of seeds, objectionable seeds, heat-damaged kernels, red rice and damaged kernels, chalky kernels, other types, color, and the special grade Parboiled rough rice shall be on the basis of the whole and large broken kernels of milled rice that are produced in the milling of rough rice to a well-milled degree. When determining class, the percentage of (a) whole kernels of rough rice shall be determined on the basis of the original sample, and (b) types of rice shall be determined on the basis of the whole and large broken kernels of milled rice that are produced in the milling of rough rice to a well-milled degree. Smutty kernels shall be determined on the basis of the rough rice after it has been cleaned and shelled as set forth in Inspection Handbook HB 918–11,[3] or by any method that is approved by the Administrator as giving equivalent results.[3] All other determinations shall be on the basis of the original sample. Mechanical sizing of kernels shall be adjusted by handpicking as set forth in Inspection Handbook HB 918–11,[3] or by any method that is approved by the Administrator as giving equivalent results.

§ 68.204 Temporary modifications in equipment and procedures.

The equipment and procedures referred to in the rough rice standards are applicable to rice produced and harvested under normal environmental conditions. Abnormal environmental conditions during the production and harvest of rice may require minor temporary modifications in the equipment or procedures to obtain results expected under normal conditions. When these adjustments are necessary, Inspection Division Field Offices, official inspection agencies, and interested parties in the rice industry will be notified promptly in writing of the modification. These modifications shall not include changes in interpretations of identity, class, quality, or condition.

§ 68.205 Interpretive line samples.

Interpretive line samples showing the official scoring line for factors that are determined by visual examinations shall be maintained by the Standardization Division, Federal Grain Inspection Service, U.S. Department of Agriculture, and shall be available for reference in all inspection offices that inspect and grade rice.

§ 68.206 Milling requirements.

In determining milling yield (see § 68.202(f) in rough rice, the degree of milling shall be equal to, or better than, that of the interpretive line sample for "well-milled" rice.

§ 68.207 Milling yield determination.

Milling yield shall be determined by the use of an approved device in accordance with procedures prescribed in Inspection Handbook HB 918–11, and the Equipment Handbook.[3] For the purpose of this paragraph, "approved device" shall include the McGill Miller No. 3 and any other equipment that is approved by the Administrator as giving equivalent results.[3]

NOTE.—Milling yield shall not be determined when the moisture content of the rough rice exceeds 18.0 percent.

§ 68.208 Moisture.

Water content in rough rice as determined by an approved device in accordance with procedures prescribed in the Inspection Handbook HB 918–11,[3] for the purpose of this paragraph, "approved device" shall include the Motomco Moisture Meter and any other equipment that is approved by the Administrator as giving equivalent results.[3]

§ 68.209 Percentages.

Percentages shall be determined on the basis of weight and shall be rounded off as follows:

(a) When the figure to be rounded is followed by a figure greater than 5, round to the next higher figure; e.g., 0.46, report as 0.5.

(b) When the figure to be rounded is followed by a figure less than 5, round to the next lowest figure; e.g., 0.54, report as 0.5.

(c) When the figure to be rounded is followed by the figure 5, round to the nearest even figure; e.g., 0.45, report as 0.4; 0.55, report as 0.6.

All percentages, except for milling yield, shall be stated in whole and tenth percent to the nearest tenth percent. Milling yield shall be stated to the nearest whole percent.

[3] Requests for information concerning approved devices and procedures, criteria for approved devices, and request for approval of devices should be directed to the Standardization Division, Federal Grain Inspection Service, U.S. Department of Agriculture, 1400 Independence Avenue SW., Washington, D.C. 20250.

GRADES, GRADE REQUIREMENTS, AND GRADE DESIGNATIONS

§68.210 Grades and grade requirements for the classes of rough rice. (See also §68.212.)

Grade	Maximum limits of						Color requirements 1/
	Seeds and heat-damaged kernels			Chalky kernels 1/			
	Total (singly or combined)	Heat-damaged kernels and objectionable seeds (singly or combined)	Red rice and damaged kernels (singly or combined)	In long grain rice	In medium or short grain rice	Other types 2/	
	Number in 500 grams	Number in 500 grams	Percent	Percent	Percent	Percent	
U.S. No. 1	4	3	0.5	1.0	2.0	1.0	Shall be white or creamy.
U.S. No. 2	7	5	1.5	2.0	4.0	2.0	May be slightly gray.
U.S. No. 3	10	8	2.5	4.0	6.0	3.0	May be light gray.
U.S. No. 4	27	22	4.0	6.0	8.0	5.0	May be gray or slightly rosy.
U.S. No. 5	37	32	6.0	10.0	10.0	10.0	May be dark gray or rosy.
U.S. No. 6	75	75	15.0 3/	15.0	15.0	10.0	May be dark gray or rosy.
U.S. Sample grade	U.S. Sample grade shall be rough rice which: (a) does not meet the requirements for any of the grades from U.S. No. 1 to U.S. No. 6 inclusive, (b) contains more than 14.0 percent of moisture, (c) is musty, or sour, or heating, (d) has any commercially objectionable foreign odor, or (e) is otherwise of distinctly low quality.						

1/ For the special grade Parboiled rough rice see § 68.212(a)
2/ These limits do not apply to the class Mixed Rough Rice
3/ Rice in grade U.S. No. 6 shall contain not more than 6.0 percent of damaged kernels

§ 68.211 Grade designation.

(a) The grade designation for all classes of rough rice, except Mixed Rough Rice, shall include in the following order: (1) The letters "U.S."; (2) the number of the grade or the words "Sample grade," as warranted; (3) the words "or better" when applicable and requested by the applicant prior to inspection; (4) the class; (5) each applicable special grade (see § 68.213); and (6) a statement of the milling yield.

(b) The grade designation for the class Mixed Rough Rice shall include, in the following order: (1) The letters "U.S."; (2) the number of the grade or the words "Sample grade," as warranted; (3) the words "or better," when applicable and requested by the applicant prior to inspection; (4) the class; (5) each applicable special grade (see § 68.213); (6) the percentage of whole kernels of each type in the order of predominance; (7) the percentage of large broken kernels of each type in the order of predominance; (8) the percent of material removed by the No. 6 sieve or the No. 6 sizing plate; (9) when applicable, the percentage of seeds; and (10) a statement of the milling yield.

NOTE.—Large broken kernels other than long-grain, in Mixed Rough Rice, shall be certificated as "medium or short grain."

SPECIAL GRADES, SPECIAL GRADE REQUIREMENTS, AND SPECIAL GRADE DESIGNATIONS

§ 68.212 Special grades and requirements.

A special grade, when applicable, is supplemental to the grade assigned under § 68.210. Such special grades for rough rice are established and determined as follows:

(a) *Parboiled rough rice.* Parboiled rough rice shall be rough rice in which the starch has been gelatinized by soaking, steaming, and drying. Grades U.S. No. 1 to U.S. No 6, inclusive, shall contain not more than 10.0 percent of ungelatinized kernels. Grades U.S. No. 1 and U.S. No 2 shall contain not more than 0.1 percent, grades U.S. No. 3 and U.S. No. 4 not more than 0.2 percent, and grades U.S. No. 5 and U.S. No 6 not more than 0.5 percent of nonparboiled rice. If the rice is: (1) Not distinctly colored by the parboiling process, it shall be considered "Parboiled Light"; (2) distinctly but not materially colored by the parboiling process, it shall be considered "Parboiled"; (3) materially colored by the parboiling process, it shall be considered "Parboiled Dark." The color levels for "Parboiled Light," "Parboiled," and "Parboiled Dark" rice shall be in accordance with the interpretive line samples for parboiled rice.

NOTE.—The maximum limits for "Chalky kernels," "Heat-damaged kernels," "Kernels damaged by heat," and the "Color requirements" shown in § 68.210 are not applicable to the special grade "Parboiled rough rice."

(b) *Smutty rough rice.* Smutty rough rice shall be rough rice which contains more than 3.0 percent of smutty kernels.

(c) *Weevily rough rice.* Weevily rough rice shall be rough rice which is infested with live weevils or other insects injurious to stored rice.

§ 68.213 Special grade designation.

The grade designation for parboiled, smutty, or weevily rough rice shall include, following the class, the word(s) "Parboiled Light," "Parboiled," "Parboiled Dark," "Smutty," or "Weevily," as warranted, and all other information prescribed in § 68.211.

U.S. STANDARDS FOR BROWN RICE FOR PROCESSING [1]

TERMS DEFINED

§ 68.251 Definition of brown rice for processing.

Rice (*Oryza sativa L.*) which consists of more than 50.0 percent of kernels

[1] Compliance with the provisions of these standards does not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act, or other Federal laws.

of brown rice, and which is intended for processing to milled rice.

§ 68.252 Definition of other terms.

For the purposes of these standards, the following terms shall have the meanings stated below:

(a) *Broken kernels.* Kernels of rice which are less than three-fourths of whole kernels.

(b) *Brown rice.* Whole or broken kernels of rice from which the hulls have been removed.

(c) *Chalky kernels.* Whole or broken kernels of rice which are one-half or more chalky.

(d) *Classes.* There are four classes of brown rice for processing.

Long-Grain Brown Rice for Processing
Medium-Grain Brown Rice for Processing
Short-Grain Brown Rice for Processing
Mixed Brown Rice for Processing

Classes shall be based on the percentage of whole kernels, broken kernals, and types of rice.

(1) "Long-grain brown rice for processing" shall consist of brown rice for processing which contains more than 25.0 percent of whole kernels of brown rice and not more than 10.0 percent of whole or broken kernels of medium- or short-grain rice.

(2) "Medium-grain brown rice for processing" shall consist of brown rice for processing which contains more than 25.0 percent of whole kernels of brown rice and not more than 10.0 percent of whole or broken kernels of long-grain rice or whole kernels of short-grain rice.

(3) "Short-grain brown rice for processing" shall consist of brown rice for processing which contains more than 25.0 percent of whole kernels of brown rice and not more than 10.0 percent of whole or broken kernels of long-grain rice or whole kernels of medium-grain rice.

(4) "Mixed brown rice for processing" shall be brown rice for processing which contains more than 25.0 percent of whole kernels of brown rice and more than 10.0 percent of "other types" as defined in paragraph (i) of this section.

(e) *Damaged kernels.* Whole or broken kernels of rice which are distinctly discolored or damaged by water, insects, heat, or any other means (including parboiled kernels in nonparboiled rice and smutty kernals). "Heat-damaged kernels" (see paragraph (f) of this section) shall not function as damaged kernels.

(f) *Heat-damaged kernels.* Whole or broken kernels of rice which are materially discolored and damaged as a result of heating and parboiled kernels in nonparboiled rice which are as dark as, or darker in color than, the interpretive line for heat-damaged kernels.

(g) *Milling yield.* An estimate of the quantity of whole kernels and total milled rice (whole and broken kernels combined) that is produced in the milling of brown rice for processing to a well-milled degree.

(h) *Objectionable seeds.* Whole or broken seeds other than rice, except seeds of *Echinochloa crusgalli* (commonly known as barnyard grass, watergrass, and Japanese millet).

(i) *Other types.* (1) Whole kernels of: (i) Long-grain rice in medium- or short-grain rice, (ii) medium-grain rice in long- or short-grain rice, (iii) short-grain rice in long- or medium-grain rice, and (2) broken kernels of long-grain rice in medium- or short-grain rice and broken kernels of medium- or short-grain rice in long-grain rice.

NOTE.—Broken kernels of medium-grain rice in short-grain rice and broken kernels of short-grain rice in medium-grain rice shall not be considered other types.

(j) *Paddy kernels.* Whole or broken unhulled kernels of rice.

(k) *Red rice.* Whole or broken kernels of rice on which the bran is distinctly red in color.

(l) *Related material.* All by-products of a paddy kernel, such as the outer glumes, lemma, palea, awn, embryo, and bran layers.

(m) *Seeds.* Whole or broken seeds of any plant other than rice.

(n) *Smutty kernels.* Whole or broken kernels of rice which are distinctly infected by smut.

(o) *Types of rice.* There are three types of brown rice for processing.

Long grain
Medium grain
Short grain

Types shall be based on the length/width ratio of kernels of rice that are unbroken and the width, thickness, and shape of kernels of rice that are broken as set forth in Inspection Handbook HB 918–11.[2]

(p) *Ungelatinized kernels.* Whole or broken kernels of parboiled rice with distinct white or chalky areas due to incomplete gelatinization of the starch.

(q) *Unrelatetd material.* All matter other than rice, related material, and seeds.

(r) *Well-milled kernels.* Whole or broken kernels of rice from which the hulls and practically all of the embryos and the bran layers have been removed.

(s) *Whole kernels.* Unbroken kernels of rice and broken kernels of rice which are at least three-fourths of an unbroken kernel.

(t) *6 plate.* A laminated metal plate 0.142-inch thick, with a top lamina 0.051-inch thick, perforated with rows of round holes 0.0938 ($\frac{6}{64}$) inch in diameter, and a bottom lamina 0.091-inch thick, without perforations.

(u) *6½ sieve.* A metal sieve 0.032-inch thick, perforated with rows of round holes 0.1016 ($\frac{6\frac{1}{2}}{64}$) inch in diameter.

PRINCIPLES GOVERNING APPLICATION OF STANDARDS

§ 68.253 Basis of determination.

The determination of kernels damaged by heat, heat-damaged kernels, parboiled kernels in nonparboiled rice, and the special grade Parboiled brown rice for processing shall be on the basis of the brown rice for processing after it has been milled to a well-milled degree. All other determinations shall be on the basis of the original sample. Mechanical sizing of kernels shall be adjusted by handpicking as set forth in Inspection Handbook HB 918–11 [2] or by any method which gives equivalent results.

§ 68.254 Temporary modifications in equipment and procedures.

The equipment and procedures referred to in the brown rice for processing standards are applicable to rice produced and harvested under normal environmental conditions. Abnormal environmental conditions during the production and harvest of rice may require minor temporary modifications in the equipment or procedures to obtain results expected under normal conditions. When these adjustments are necessary, Inspection Division Field Offices, official inspection agencies, and interested parties in the rice industry will be notified promptly in writing of the modification. These modifications shall not include changes in interpretations of identity, class, quality, or condition.

§ 68.255 Broken kernels determination.

Broken kernels shall be determined by the use of equipment and procedures set forth in Inspection Handbook HB 918–11 [2] or by any method which gives equivalent results.

§ 68.256 Interpretive line samples.

Interpretive line samples showing the official scoring line for factors that are determined by visual observation shall be maintained by the Standardization Division, Federal Grain Inspection Service, U.S. Department of Agriculture, and shall be available for reference in all inspection offices that inspect and grade rice.

§ 68.257 Milling requirements.

In determining milling yield (see § 68.252 (g)) in brown rice for processing, the degree of milling shall be equal to, or better than, that of the interpretive line sample for "well-milled" rice.

§ 68.258 Milling yield determination.

Milling yield shall be determined by the use of an approved device in accordance with procedures prescribed in Inspection Handbook HB 918–11 [2] and the Equipment Handbook.[2] For the purpose of this paragraph, "approved device" shall include the McGill Miller No. 3 and any other equipment that is approved by

[2] The following publications are referenced in these standards. Copies will be made available upon request to the Inspection Division, Federal Grain Inspection Service, U.S. Department of Agriculture, 1400 Independence Avenue SW., Washington, D.C. 20250.

(a) Equipment Handbook, effective September 25, 1968, as amended. U.S. Department of Agriculture, Federal Grain Inspection Service.

(b) Inspection Handbook HB 918–11, effective October 1976, as amended, U.S. Department of Agriculture, Federal Grain Inspection Service.

the Administrator as giving equivalent results.[3]

NOTE.—Milling yield shall not be determined when the moisture content of the brown rice for processing exceeds 18.0 percent.

§ 68.259 Moisture.

Water content in brown rice for processing as determined by an approved device in accordance with procedures prescribed in the Inspection Handbook HB 918-11.[3] For the purpose of this paragraph, "approved device" shall include the Motomco Moisture Meter and any other equipment that is approved by the Administrator as giving equivalent results.[3]

[3] Requests for information concerning approved devices and procedures, criteria for approved devices, and requests for approval of devices should be directed to the Federal Grain Inspection Service, U.S. Department of Agriculture, 1400 Independence Avenue SW., Washington, D.C. 20250.

§ 68.260 Percentages.

Percentages shall be determined on the basis of weight and shall be rounded off as follows:

(a) When the figure to be rounded is followed by a figure greater than 5, round to the next higher figure; e.g., 0.46, report as 0.5.

(b) When the figure to be rounded is followed by a figure less than 5, round to the next lowest figure; e.g., 0.54, report as 0.5.

(c) When the figure to be rounded is followed by the figure 5, round to the nearest even figure; e.g., 0.45, report as 0.4; 0.55, report as 0.6.

All percentages, except for milling yield, shall be stated in whole and tenth percent to the nearest tenth percent. Milling yield shall be stated to the nearest whole percent.

GRADES, GRADE REQUIREMENTS, AND GRADE DESIGNATIONS

§ 68.261 Grade and grade requirements for the classes of brown rice for processing. (See also § 68.263.)

Grade	Maximum limits of --									
	Paddy Kernels		Seeds and heat-damaged kernels			Red rice and damaged kernels (singly or combined)	Chalky Kernels 1/	Broken Kernels Removed by a 6 plate or a 6½ sieve 2/	Other Types 3/	Well-Milled Kernels
			Total (singly or combined)	Heat-damaged kernels	Objectionable seeds					
	Percent	Number in 500 grams	Number in 500 grams	Number in 500 grams	Number in 500 grams	Percent	Percent	Percent	Percent	Percent
U.S. No. 1	---	20	10	1	2	1.0	2.0	1.0	1.0	1.0
U.S. No. 2	2.0	--	40	2	10	2.0	4.0	2.0	2.0	3.0
U.S. No. 3	2.0	--	70	4	20	4.0	6.0	3.0	5.0	10.0
U.S. No. 4	2.0	--	100	8	35	8.0	8.0	4.0	10.0	10.0
U.S. No. 5	2.0	--	150	15	50	15.0	15.0	6.0	10.0	10.0
U.S. Sample grade	U.S. Sample grade shall be brown rice for processing which (a) does not meet the requirements for any of the grades from U.S. No. 1 to U.S. No. 5, inclusive; (b) contains more than 14.5 percent of moisture; (c) is musty, or sour, or heating; (d) has any commercially objectionable foreign odor; (e) contains more than 0.2 percent of related material or more than 0.1 percent of unrelated material; (f) contains live weevils or other live insects; or (g) is otherwise of distinctly low quality.									

1/ For the special grade Parboiled brown rice for processing, see § 68.263(a).
2/ Plates should be used for southern production rice and sieves should be used for western production rice, but any device or method which gives equivalent results may be used.
3/ These limits do not apply to the class Mixed Brown Rice for Processing.

§ 68.262 Grade designation.

(a) The grade designation for all classes of brown rice for processing, except Mixed Brown Rice for Processing, shall include in the following order: (1) The letters "U.S."; (2) the number of the grade or the words "Sample grade," as warranted; (3) the words "or better," when applicable and requested by the applicant prior to inspection; (4) the class; and (5) each applicable special grade (see § 68.264).

(b) The grade designation for the class Mixed Brown Rice for Processing shall include in the following order: (1) The letters "U.S."; (2) the number of the grade or the words "Sample grade," as warranted; (3) the words "or better," when applicable and requested by the applicant prior to inspection; (4) the class; (5) each applicable special grade (see § 68.264); (6) the percentage of whole kernels of each type in the order of predominance and when applicable; (7) the percentage of broken kernels of each type in the order of predominance; and (8) the percentage of seeds, related material, and unrelated material.

NOTE.—Broken kernels other than long grain, in Mixed Brown Rice for Processing, shall be certificated as "medium or short grain."

SPECIAL GRADES, SPECIAL GRADE REQUIREMENTS, AND SPECIAL GRADE DESIGNATIONS

§ 68.263 Special grades and special grade requirements.

A special grade, when applicable, is supplemental to the grade assigned under § 68.262. Such special grades for brown rice for processing are established and determined as follows:

(a) *Parboiled brown rice for processing.* Parboiled brown rice for processing shall be rice in which the starch has been gelatinized by soaking, steaming, and drying. Grades U.S. Nos. 1 to 5, inclusive, shall contain not more than 10.0 percent of ungelatinized kernels. Grades U.S. No. 1 and U.S. No. 2 shall contain not more than 0.1 percent, grades U.S. No. 3 and U.S. No. 4 not more than 0.2 percent, and grade U.S. No. 5 not more than 0.5 percent of nonparboiled rice.

NOTE.—The maximum limits for "chalky kernels," "Heat-damaged kernels," and "Kernels damaged by heat" show in § 68.261 are not applicable to the special grade "Parboiled brown rice for processing."

(b) *Smutty brown rice for processing.* Smutty brown rice for processing shall be rice which contains more than 3.0 percent of smutty kernels.

§ 68.264 Special grade designation.

The grade designation for parboiled or smutty brown rice for processing shall include, following the class, the word(s) "Parboiled" or "Smutty," as warranted, and all other information prescribed in § 68.262.

U.S. STANDARDS FOR MILLED RICE

TERMS DEFINED

§ 68.301 Definition of milled rice.

Whole or broken kernels of rice (*Oryza sativa L.*) from which the hulls and at least the outer bran layers and a part of the germs have been removed and which contain not more than 10.0 percent of seeds, paddy kernels, or foreign material, either singly or combined.

§ 68.302 Definition of other terms.

For the purposes of these standards, the following terms shall have the meanings stated below:

(a) *Broken kernels.* Kernels of rice which are less than three-fourths of whole kernels.

(b) *Brown rice.* Whole or broken kernels of rice from which the hulls have been removed.

(c) *Chalky kernels.* Whole or broken kernels of rice which are one-half or more chalky.

(d) *Classes.* There are seven classes of milled rice. The following four classes shall be based on the percentage of whole kernels, broken kernels, and types of rice:

Long-Grain Milled Rice
Medium-Grain Milled Rice
Short-Grain Milled Rice
Mixed Milled Rice

The following three classes shall be based on the percentage of whole kernels and of broken kernels of different size:

Second-Head Milled Rice
Screenings Milled Rice
Brewers Milled Rice

(1) "Long-grain milled rice" shall consist of milled rice which contains more than 25.0 percent of whole kernels of milled rice and in U.S. Nos. 1 through 4 not more than 10.0 percent of whole or broken kernels of medium- or short-grain rice. U.S. No. 5 and U.S. No. 6 long-grain milled rice shall contain not more than 10.0 percent of whole kernels of medium- or short-grain milled rice (broken kernels do not apply).

(2) "Medium-grain milled rice" shall consist of milled rice which contains more than 25.0 percent of whole kernels of milled rice and in U.S. Nos. 1 through 4 not more than 10.0 percent of whole or broken kernels of long-grain rice or whole kernels of short-grain rice. U.S. No. 5 and U.S. No. 6 medium-grain milled rice shall contain not more than 10.0 percent of whole kernels of long- or short-grain milled rice (broken kernels do not apply).

(3) "Short-grain milled rice" shall consist of milled rice which contains more than 25.0 percent of whole kernels of milled rice and in U.S. Nos. 1 through 4 not more than 10.0 percent of whole or broken kernels of long-grain rice or whole kernels of medium-grain rice. U.S. No. 5 and U.S. No. 6 short-grain milled rice shall contain not more than 10.0 percent of whole kernels of long- or medium-grain milled rice (broken kernels do not apply).

(4) "Mixed milled rice" shall consist of milled rice which contains more than 25.0 percent of whole kernels of milled rice and more than 10.0 percent of "other types" as defined in paragraph (j) of this section. U.S. No. 5 and U.S. No. 6 mixed milled rice shall contain more than 10.0 percent of whole kernels of "other types" (broken kernels do not apply).

(5) "Second-head milled rice" shall consist of milled rice which, when determined in accordance with §§ 68.303 and 68.304, contains:

(i) Not more than (*a*) 25.0 percent of whole kernels, (*b*) 7.0 percent of broken kernels removed by a 6 plate, (*c*) 0.4 percent of broken kernels removed by a 5 plate, and (*d*) 0.05 percent of broken kernels passing through a 4 sieve (southern production); or

(ii) Not more than (*a*) 25.0 percent of whole kernels, (*b*) 50.0 percent of broken kernels passing through a 6½ sieve, and (*c*) 10.0 percent of broken kernels passing through a 6 sieve (western production).

(6) "Screenings milled rice" shall consist of milled rice which, when determined in accordance with §§ 68.303 and 68.304, contains:

(i) Not more than (*a*) 25.0 percent of whole kernels, (*b*) 10.0 percent of broken kernels removed by a 5 plate, and (*c*) 0.2 percent of broken kernels passing through a 4 sieve (southern production); or

(ii) Not more than (*a*) 25.0 percent of whole kernels, (*b*) 15.0 percent of broken kernels passing through a 5½ sieve; and more than (*c*) 50.0 percent of broken kernels passing through a 6½ sieve; and (*d*) 10.0 percent of broken kernels passing through a 6 sieve (western production).

(7) "Brewers milled rice" shall consist of milled rice which, when determined in accordance with §§ 68.303 and 68.304, contains not more than 25.0 percent of whole kernels and which does not meet the kernel-size requirements for the class Second Head Milled Rice or Screenings Milled Rice.

(e) *Damaged kernels.* Whole or broken kernels of rice which are distinctly discolored or damaged by water, insects, heat, or any other means, and parboiled kernels in nonparboiled rice. "Heat-damaged kernels" [see paragraph (g) of this section] shall not function as damaged kernels.

(f) *Foreign material.* All matter other than rice and seeds. Hulls, germs, and bran which have separated from the kernels of rice shall be considered foreign material.

(g) *Heat-damaged kernels.* Whole or broken kernels of rice which are materially discolored and damaged as a result of heating and parboiled kernels in nonparboiled rice which are as dark as, or darker in color than, the interpretive line for heat-damaged kernels.

(h) *Objectionable seeds.* Seeds other than rice, except seeds of *Echinochloa crusgalli* (commonly known as barnyard grass, watergrass, and Japanese millet).

(i) *Other types.* (1) Whole kernels of: (i) Long-grain rice in medium- or short-grain rice, (ii) Medium-grain rice in long- or short-grain rice, (iii) Short-gran rice in long- or medium-grain rice, and (2) broken kernels of long-grain rice in medium- or short-grain rice and broken kernels of medium- or short-grain rice in long-grain rice, except in U.S. No. 5 and U.S. No. 6 milled rice. In U.S. No. 5 and U.S. No. 6 milled, rice, only whole kernels will apply.

NOTE.—Broken kernels of medium-grain rice in short-grain rice and broken kernels of short-grain rice in medium-grain rice shall not be considered other types.

(j) *Paddy kernels.* Whole or broken unhulled kernels of rice and whole or broken kernels of brown rice.

(k) *Red rice.* Whole or broken kernels of rice on which there is an appreciable amount of red bran.

(l) *Seeds.* Whole or broken seeds of any plant other than rice.

(m) *Types of rice.* There are three types of milled rice as follows:

Long grain
Medium grain
Short grain

Types shall be based on the length-width ratio of kernels of rice that are unbroken and the width, thickness, and shape of kernels that are broken, as set forth in the Inspection Handbook HB 918–11.[3]

(n) *Ungelatinized kernels.* Whole or broken kernels of parboiled rice with distinct white or chalky areas due to incomplete gelationization of the starch.

(o) *Well-milled kernels.* Whole or broken kernels of rice from which the hulls and practically all of the germs and the bran layers have been removed.

NOTE.—This factor is determined on an individual kernel basis and applies to the special grade Undermilled milled rice only.

(p) *Whole kernels.* Unbroken kernels of rice and broken kernels of rice which are at least three-fourths of an unbroken kernel.

(q) *5 plate.* A laminated metal plate 0.142-inch thick, with a top lamina,

[3] The following publications are referenced in these standards. Copies will be made available upon request to the Inspection Division, Federal Grain Inspection Service, U.S. Department of Agriculture, 1400 Independence Avenue, SW., Washington, D.C. 20250.

(a) Equipment Handbook, effective September 25, 1968, as amended, U.S. Department of Agriculture, Federal Grain Inspection Service.

(b) Inspection Handbook HB 918–11, effective October 1976, U.S. Department of Agriculture, Federal Grain Inspection Service.

0.051-inch thick, perforated with rows of round holes 0.0781 (5/64) inch in diameter, 5/32 inch from center to center, with each row staggered in relation to the adjacent rows, and a bottom lamina 0.091-inch thick, without perforations.

(r) *6 plate.* A laminated metal plate 0.142-inch thick, with a top lamina 0.051-inch thick, perforated with rows of round holes 0.0938 (6/64) inch in diameter, 5/32 inch from center to center, with each row staggered in relation to the adjacent rows, and a bottom lamina 0.091-inch thick, without perforations.

(s) *2½ sieve.* A metal sieve 0.032-inch thick, perforated with rows of round holes 0.0391 (2½/64) inch in diameter, 0.075-inch from center to center, with each row staggered in relation to the adjacent rows.

(t) *4 sieve.* A metal sieve 0.032-inch thick, perforated with rows of round holes 0.0625 (4/64) inch in diameter, ⅛ inch from center to center, with each row staggered in relation to the adjacent rows.

(u) *5 sieve.* A metal sieve 0.032-inch thick, perforated with rows of round holes 0.0781 (5/64) inch in diameter, 5/32 inch from center to center, with each row staggered in relation to the adjacent rows.

(v) *5½ sieve.* A metal sieve 0.032-inch thick, perforated with rows of round holes 0.0859 (5½/64) inch in diameter, 9/64 inch from center to center, with each row staggered in relation to the adjacent rows.

(w) *6 sieve.* A metal sieve 0.032-inch thick, perforated with rows of round holes 0.0938 (6/64) inch in diameter, 5/32 inch from center to center, with each row staggered in relation to the adjacent rows.

(x) *6½ sieve.* A metal sieve 0.032-inch thick, perforated with rows of round holes 0.1016 (6½/64) inch in diameter, 5/32 inch from center to center, with each row staggered in relation to the adjacent rows.

(y) *30 sieve.* A woven wire cloth sieve having 0.0234-inch openings, with a wire diameter of 0.0153 inch, and meeting the specifications of American Society for Testing and Materials Designation E–11–61, as set forth in the Equipment Handbook.[2]

PRINCIPLES GOVERNING APPLICATION OF STANDARDS

§ 68.303 Basis of determination.

All determinations shall be on the basis of the original sample. Mechanical sizing of kernels shall be adjusted by handpicking, as set forth in the Inspection Handbook HB 918–11,[2] or by any method which gives equivalent results.

§ 68.304 Temporary modifications in equipment and procedures.

The equipment and procedures referred to in the milled rice standards are applicable to rice produced and harvested under normal environmental conditions. Abnormal environmental conditions during the production and harvest of rice may require minor temporary modifications in the equipment or procedures to obtain results expected under normal conditions. When these adjustments are necessary, Federal Grain Inspection Service Field Offices, official inspection agencies, and interested parties in the rice industry will be notified promptly in writing of the modification. These modifications shall not include changes in interpretations of identity, class, quality, or condition.

§ 68.305 Broken kernels determination.

Broken kernels shall be determined by the use of equipment and procedures set forth in the Inspection Handbook HB 918–11,[2] or by any method which gives equivalent results.

§ 68.306 Interpretive line samples.

Interpretive line samples showing the official scoring line for factors that are determined by visual observation shall be maintained by the Standardization Division, Federal Grain Inspection Service, U.S. Department of Agriculture, and shall be available for reference in all inspection offices that inspect and grade rice.

§ 68.307 Milling requirements.

The degree of milling for milled rice; i.e., "well milled," "reasonably well milled," and "lightly milled" shall be equal to, or better than, that of the interpretive line samples for such rice.

§ 68.308 Moisture.

Water content in milled rice as determined by an approved device in accordance with procedures prescribed in the Inspection Handbook HB 918–11.[2] For the purpose of this paragraph, "approved device" shall include the Motomco Moisture Meter and any other equipment that is approved by the Administrator as giving equivalent results.[3]

§ 68.309 Percentages.

Percentages shall be determined on the basis of weight and shall be rounded off as follows:

(a) When the figure to be rounded is followed by a figure greater than 5, round to the next higher figure; e.g., 0.46, report as 0.5.

(b) When the figure to be rounded is followed by a figure less than 5, round to the next lowest figure; e.g., 0.54, report as 0.5.

(c) When the figure to be rounded is followed by the figure 5, round to the nearest even figure; e.g., 0.45, report as 0.4; 0.55, report as 0.6.

All percentages, except for milling yield, shall be stated in whole and tenth percent to the nearest tenth percent. Milling yield shall be stated to the nearest whole percent.

[3] Requests for information concerning approved devices and procedures, criteria for approved devices, and requests for approval of devices should be directed to the Standardization Division, Federal Grain Inspection Service, U.S. Department of Agriculture, 1400 Independence Avenue SW., Washington, D.C. 20250.

§ 68.310 Grades and grade requirements for the classes Long-Grain Milled Rice, Medium-Grain Milled Rice, Short-Grain Milled Rice, and Mixed Milled Rice. (See also § 68.315.)

Grade	Maximum limits of --												
	Seeds, heat-damaged, and paddy kernels (singly or combined)		Red rice and damaged kernels (singly or combined)	Chalky kernels 1/		Broken kernels				Other types 3/		Color Requirements 1/	Milling Requirements (Minimum) 4/
	Total	Heat-damaged kernels and objectionable seeds		In long-grain rice	In medium- or short-grain rice	Total	Removed by a 5 plate 2/	Removed by a 6 plate 2/	Through a 6 sieve 2/	Whole kernels	Whole and broken kernels		
	Number in 500 grams	Number in 500 grams	Percent	Percent	Percent	Percent	Percent	Percent	Percent	Percent	Percent		
U.S. No. 1	2	1	0.5	1.0	2.0	4.0	0.04	0.1	0.1	--	1.0	Shall be white or creamy	Well milled
U.S. No. 2	4	2	1.5	2.0	4.0	7.0	0.06	0.2	0.2	--	2.0	May be slightly gray	Well milled
U.S. No. 3	7	5	2.5	4.0	6.0	15.0	0.1	0.8	0.5	--	3.0	May be light gray	Reasonably well milled
U.S. No. 4	20	15	4.0	6.0	8.0	25.0	0.4	2.0	0.7	--	5.0	May be gray or slightly rosy	Reasonably well milled
U.S. No. 5	30	25	4/ 6.0	10.0	10.0	35.0	0.7	3.0	1.0	10.0	--	May be dark gray or rosy	Lightly milled

U.S. No. 5	75	40	10.0	20.0	May be dark gray or rosy	Lightly milled
U.S. Sample Grade	U.S. Sample Grade shall be milled rice of this class which: (a) does not meet the requirements for any of the grades from U.S. No. 1 to U.S. No. 5 inclusive; (b) contains more than 15.0 percent of moisture; (c) is musty, or sour, or heating; (d) has any commercially objectionable foreign odor; (e) contains more than 0.1 percent of foreign material; (f) contains live or dead weevils or other insects, insect webbing, or insect refuse; or (g) is otherwise of distinctly low quality.					

1/ For the special grade Parboiled milled rice, see §68.315(c).

2/ For the special grade Undermilled milled rice, see §68.315(d).

§68.312 Grades and Grade Requirements for the class Screenings Milled Rice (See also #68.315)

Grade	Maximum limits of —			Color Requirements 1/	Milling Requirements 2/
	Paddy kernels and seeds		Chalky kernels 1/		
	Total (singly or combined)	Objectionable seeds			
	Number in 500 grams	Number in 500 grams	Percent		
U.S. No. 1 3/ 4/	30	20	5.0	Shall be white or creamy	Well milled
U.S. No. 2 3/ 4/	75	50	8.0	May be slightly gray	Well milled
U.S. No. 3 3/ 4/	125	90	12.0	May be light gray or slightly rose	Reasonably well milled
U.S. No. 4 3/ 4/	175	140	20.0	May be gray or rosy	Reasonably well milled
U.S. No. 5	250	200	30.0	May be dark gray or very rosy	Lightly milled
U.S. Sample Grade	U.S. Sample Grade shall be milled rice of this class which: (a) does not meet the requirements for any of the grades from U.S. No. 1 to U.S. No. 5 inclusive; (b) contains more than 15.0 percent of moisture; (c) is musty, or sour, or heating; (d) has any commercially objectionable foreign odor; (e) has a badly damaged or extremely red appearance; (f) contains more than 0.1 percent of foreign material; (g) contains live or dead weevils or other insects, insect webbing, or insect refuse; or (h) is otherwise of distinctly low quality.				

1/ For the special grade Parboiled milled rice see §68.315(c).
2/ For the special grade Undermilled milled rice see §68.315(d).
3/ Grades U.S. No. 1 to U.S. No. 4, inclusive, shall contain not more than 3.0 percent of heat-damaged kernels, kernels damaged by heat and/or parboiled kernels in nonparboiled rice.
4/ Grades U.S. No. 1 to U.S. No. 4, inclusive, shall contain not more than 1.0 percent of material passing through a 30 sieve.

§68.313 Grades and Grade Requirements for the Class Brewers Milled Rice. (See also §68.315)

Grade	Maximum limits of ____ Paddy kernels and seeds		Color Requirements 1/	Minimum Milling Requirements 2/
	Total (singly or combined)	Objectionable seeds		
	Percent	Percent		
U.S. No. 1 3/ 4/ ...	0.5	0.05	Shall be white or creamy	Well milled
U.S. No. 2 3/ 4/ ...	1.0	0.1	May be slightly gray	Well milled
U.S. No. 3 3/ 4/ ...	1.5	0.2	May be light gray or slightly rosy	Reasonably well milled
U.S. No. 4 3/ 4/ ...	3.0	0.4	May be gray or rosy	Reasonably well milled
U.S. No. 5	5.0	1.5	May be dark gray or very rosy	Lightly milled
U.S. Sample Grade ..	U.S. Sample Grade shall be milled rice of this class which: (a) does not meet the requirements for any of the grades from U.S. No. 1 to U.S. No. 5 inclusive; (b) contains more than 15.0 percent of moisture; (c) is musty, or sour, or heating; (d) has any commercially objectionable foreign odor; (e) has a badly damaged or extremely red appearance; (f) contains more than 0.1 percent of foreign material; (g) contains more than 15.0 percent of broken kernels that will pass through a 2 1/2 sieve; (h) contains live or dead weevils or other insects, insect webbing, or insect refuse; or (i) is otherwise of distinctly low quality.			

1/ For the special grade Parboiled milled rice see §68.315(c).
2/ For the special grade Undermilled milled rice see §68.315(d).
3/ Grades U.S. No. 1 to U.S. No. 4, inclusive, shall contain not more than 3.0 percent of heat-damaged kernels, kernels damaged by heat and/or parboiled kernels in nonparboiled rice.
4/ Grades U.S. No. 1 to U.S. No. 4, inclusive, shall contain not more than 1.0 percent of material passing through a 30 sieve. This limit does not apply to the special grade Granulated brewers milled rice.

§ 68.314 Grade designations.

(a) The grade designation for all classes of milled rice, except Mixed Milled Rice, shall include in the following order: (1) The letters "U.S."; (2) the number of the grade or the words "Sample grade," as warranted; (3) the words "or better," when applicable and requested by the applicant prior to inspection; (4) the class; and (5) each applicable special grade (see § 68.316).

(b) The grade designation for the class Mixed Milled Rice shall include, in the following order: (1) The letters "U.S."; (2) the number of the grade or the words "Sample grade," as warranted; (3) the words "or better," when applicable and requested by the applicant prior to inspection; (4) the class; (5) each applicable special grade (see § 68.316); (6) the percentage of whole kernels of each type in the order of predominance and when applicable; (7) the percentage of broken kernels of each type in the order of predominance; and (8) the percentage of seeds and foreign material.

NOTE.—Broken kernels other than long grain, in Mixed Milled Rice, shall be certificated as "medium or short grain."

SPECIAL GRADES, SPECIAL GRADE REQUIREMENTS, AND SPECIAL GRADE DESIGNATIONS

§ 68.315 Special grades and special grade requirements.

A special grade, when applicable, is supplemental to the grade assigned under § 68.314. Such special grades for milled rice are established and determined as follows:

(a) *Coated milled rice.* Coated milled rice shall be milled rice which is coated, in whole or in part, with glucose and talc.

(b) *Granulated brewers milled rice.* Granulated brewers milled rice shall be milled rice which has been crushed or granulated so that 95.0 percent or more will pass through a 5 sieve, 70.0 percent or more will pass through a 4 sieve, and not more than 15.0 percent will pass through a 2½ sieve.

(c) *Parboiled milled rice.* Parboiled milled rice shall be milled rice in which the starch has been gelatinized by soaking, steaming, and drying. Grades U.S. No. 1 to U.S. No. 6, inclusive shall contain not more than 10.0 percent of ungelatinized kernels. Grades U.S. No. 1 and U.S. No. 2 shall contain not more than 0.1 percent, grades U.S. No. 3 and U.S. No. 4 not more than 0.2 percent, and grades U.S. No. 5 and U.S. No. 6 not more than 0.5 percent of nonparboiled rice. If the rice is: (1) Not distinctly colored by the parboiling process, it shall be considered "Parboiled Light"; (2) distinctly but not materially colored by the parboiling process, it shall be considered "Parboiled"; (3) materially colored by the parboiling process, it shall be considered "Parboiled Dark." The color levels for "Parboiled Light," "Parboiled," and "Parboiled Dark" shall be in accordance with the interpretive line samples for parboiled rice.

NOTE.—The maximum limits for "Chalky kernels," "Heat-damaged kernels," "Kernels damaged by heat," and the "Color requirements" in §§ 68.310, 68.311, 68.312, and 68.313 are not applicable to the special grade "Parboiled milled rice."

(d) *Undermilled milled rice.* Undermilled milled rice shall be milled rice which is not equal to the milling requirements for "well milled," "reasonably well milled," and "lightly milled" rice (see § 68.307). Grades U.S. No. 1 and U.S. No. 2 shall contain not more than 2.0 percent, grades U.S. No. 3 and U.S. No. 4 not more than 5.0 percent, grade U.S. No. 5 not more than 10.0 percent, and grade U.S. No. 6 not more than 15.0 percent of well-milled kernels. Grade U.S. No. 5 shall contain not more than 10.0 percent of red rice and damaged kernels (singly or combined) and in no case more than 6.0 percent of damaged kernels.

NOTE.—The "Color and milling requirements" in §§ 68.310, 68.311, 68.312, and 68.313 are not applicable to the special grade "Undermilled milled rice."

§ 68.316 Special grade designation.

The grade designation for coated, granulated brewers, parboiled, or undermilled milled rice shall include, following the class, the word(s) "Coated," "Granulated," "Parboiled Light," "Parboiled," "Parboiled Dark," or "Undermilled," as warranted, and all other information prescribed in § 68.314.

Done at Washington, D.C., June 24, 1977.

DAVID C. MANGUM,
Interim Administrator.

Agricultural Marketing Service

[7 CFR Part 958]

ONIONS GROWN IN CERTAIN DESIGNATED COUNTIES IN IDAHO AND MALHEUR COUNTY, OREGON

Proposed Handling Regulation

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed Rule.

SUMMARY: This proposed regulation would require fresh market shipments of onions grown in certain designated counties in Idaho and Malheur County, Oregon, to be inspected and meet minimum quality and size requirements. The regulation should promote orderly marketing of such onions by keeping less desirable qualities and sizes from being shipped to consumers.

DATE: Comments due July 16, 1977.

ADDRESS: Comments should be sent to: Hearing Clerk, Room 1077 South Building, U.S. Department of Agriculture, Washington, D.C. 20250. Two Copies of all written comments shall be submitted, and they will be made available for public inspection at the Office of the Hearing Clerk during regular business hours.

FOR FURTHER INFORMATION CONTACT:

Charles R. Brader, Deputy Director, Fruit and Vegetable Division, AMS, U.S. Department of Agriculture, Washington, D.C. 20250. Telephone 202-447-3545.

SUPPLEMENTARY INFORMATION: Marketing Agreement No. 130 and Order No. 958, both as amended (7 CFR Part 958), regulate the handling of onions grown in certain designated counties in Idaho and Malheur County, Oregon. It is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). The Idaho-Eastern Oregon Onion Committee, established under the order, is responsible for its local administration.

This notice is based upon recommendations made by the committee at its public meeting in Ontario, Oregon, on June 20, 1977. The recommendations of the committee reflect its appraisal of the composition of the 1977 crop of Idaho-Eastern Oregon onions and the marketing prospects for this season and are consistent with the marketing policy it adopted. Harvesting of onions is expected to begin about August 1.

The grade, size, pack, maturity and inspection requirements proposed herein are necessary to prevent onions of poor quality or less desirable sizes from being distributed in fresh market channels. They would also provide consumers with good quality onions consistent with the overall quality of the crop, and maximize returns to producers for the preferred quality and sizes.

Exceptions are proposed to certain of these requirements to recognize special situations in which such requirements would be inappropriate or unreasonable. Shipments would be allowed to certain special purpose outlets without regard to the grade, size, maturity, pack and inspection requirements, provided that safeguards were met to prevent such onions from reaching unauthorized outlets.

Special purpose shipments are allowed for planting, livestock feed, charity, dehydration, extraction and pickling since such shipments do not normally enter the commercial fresh market channels and no useful purpose would be served by regulating such shipments. Onions for canning and freezing are exempt under the legislative authority for this part.

The proposed regulation is as follows:

§ 958.322 Handling regulation.

During the period August 1, 1977, through April 30, 1978, no person may handle any lot of onions, except braided red onions, unless such onions are at least "moderately cured," as defined in paragraph (f) of this section, and meet the requirements of paragraphs (a) and (b) of this section, or unless such onions are handled in accordance with paragraphs (c), (d), or (e) of this section.

(a) *Grade, size, and pack requirements*—(1) White varieties. U.S. No. 1, 1½ inches minimum diameter; or U.S. No. 2, if not more than 30 percent of the lot is comprised of onions of U.S. No. 1 quality, 1½ inches minimum diameter;

or U.S. No. 2, 1 inch minimum to 2 inches maximum diameter if packed separately.

(2) *Red varieties.* U.S. No. 2 or better grade, 1½ inches minimum diameter.

(3) *All other varieties.* U.S. No. 1, 2¼ inches minimum diameter; or U.S. No. 1, 1½ inches minimum to 2¼ inches maximum diameter, if packed separately; or U.S. No. 2 grade, 3 inches minimum diameter, if not more than 30 percent of the lot is comprised of onions of U.S. No. 1 quality.

(b) *Inspection.* No handler may handle any onions regulated hereunder unless such onions are inspected by the Federal-State Inspection Service and are covered by a valid applicable inspection certificate, except when relieved of such requirement pursuant to paragraphs (c) or (e) of this section.

(c) *Special purpose shipments.* The minimum grade, size, maturity, pack and inspection requirements of this section shall not be applicable to shipments of onions for any of the following purposes: (1) Planting; (2) livestock feed; (3) charity; (4) dehydration; (5) canning; (6) freezing; (7) extraction; and (8) pickling.

(d) *Safeguards.* Each handler making shipments of onions for dehydration, canning, freezing, extraction or pickling pursuant to paragraph (c) of this section shall:

(1) First apply to the committee for and obtain a Certificate of Privilege to make such shipments;

(2) Prepare, on forms furnished by the committee, a report in quadruplicate on each individual shipment to such outlets authorized in paragraph (c) of this section;

(3) Bill or consign each shipment directly to the applicable processor; and

(4) Forward one copy of such report to the committee office and two copies to the processor for signing and returning one copy to the committee office. Failure of the handler or processor to report such shipments by promptly signing and returning the applicable report to the committee office shall be cause for cancellation of such handler's Certificate of Privilege and/or the processor's eligibility to receive further shipments pursuant to such Certificate of Privilege. Upon cancellation of any such Certification of Privilege the handler may appeal to the committee for reconsideration.

(e) *Minimum quantity exception.* Each handler may ship up to, but not to exceed, one ton of onions each day without regard to the inspection and assessment requirements of this part, if such onions meet minimum grade, size, pack and maturity requirements of this section. This exception shall not apply to any portion of a shipment that exceeds one ton of onions.

(f) *Definitions.* The terms "U.S. No. 1" and "U.S. No. 2" have the same meaning as defined in the United States Standards for Grades of Onions (Other Than Bermuda-Granex-Grano and Creole Types), as amended (§§ 51.2830-51.2854 of this title), or the United States Standards for Grades of Bermuda-Granex-Grano Type Onions (§§ 51.3195-51.3209 of this title), whichever is applicable to the particular variety, or variations thereof specified in this section. The term "moderately cured" means the onions are mature and are more nearly well cured than fairly well cured. Other terms used in this section have the same meaning as when used in Marketing Agreement No. 130 and this part.

Dated: June 28, 1977.

CHARLES R. BRADER,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

Rural Electrification Administration

[7 CFR Part 1701]

RURAL ELECTRIC PROGRAM

Proposed New Accounting Interpretation for Purchase Rebates

AGENCY: Rural Electrification Administration, USDA.

ACTION: Proposed rule.

SUMMARY: This action concerns the accounting for purchase rebates from vendors serving Rural Electric Cooperatives. REA has become aware of instances of improper accounting for purchase rebates. The implementation of this guideline will provide uniform accounting procedures for purchase rebates.

DATE: Comments on or before July 8, 1977.

ADDRESS: Submit comments to the Director, Accounting and Auditing Division, Rural Electrification Administration, Room 4307, South Building, U.S. Department of Agriculture, Washington, D.C. 20250; submissions are available for public inspection at the above address during regular business hours.

FOR FURTHER INFORMATION CONTACT:

Mr. Sheldon Chazin, Director, Accounting and Auditing Division, Rural Electrification Administration, Room 4307, South Building, U.S. Department of Agriculture, Washington, D.C. 20250. (202-447-7221).

SUPPLEMENTARY INFORMATION: Notice is hereby given that pursuant to the Rural Electrification Act, as amended (7 U.S.C. 901 et seq.), REA proposes to add Accounting Interpretation No. 114, Accounting for Purchase Rebates, to REA Bulletin 181-3, Accounting Interpretations for Rural Electric Borrowers. Accordingly, REA proposes to amend 7 CFR Part 1701 as follows:

ACCOUNTING FOR PURCHASE REBATES

I. General: Some vendors from whom the electric cooperatives purchase plant materials and supplies and merchandise for resale are making purchase rebates based upon the quantity or dollar volume of purchases. These "quantity discounts" may be by cash or credit memorandum, in the form of prepaid package travel arrangements, or a combination of such methods.

II. Questions and Answers:

1. *Question.* If the purchase rebates are paid in cash or by credit memoranda, is it permissible to credit an "Employee Fund" and use the proceeds for educational or recreational benefits for employees?

Answer. No, the rebate is a reduction of the cost of the material or appliances upon which it was based and should be applied to reduce this cost.

2. *Question.* If the material or appliances are no longer in inventory or cannot be identified, how should the rebate be accounted for?

Answer. If the rebate is based upon the purchase of plant materials and operating supplies such as are normally charged to Account 154, Materials and Supplies—Electric, the credit may be made to Account 163, Stores Expense Undistributed. If the rebate is based upon appliances and equipment held for merchandising or contract work, the credit may be spread over the items in Account 155, Merchandise. However, if part of the items upon which the rebate was based are no longer in stock, to avoid materially distorting the cost of the remaining appliances, part of the credit may be prorated to Account 416, Cost and Expenses of Merchandising, Jobbing and Contract Work, in the ratio of the number of items sold to the quantity in stock.

3. *Question.* If the rebate is in the form of package travel or trip arrangements, how should it be recorded in the books of account?

Answer. The value of the rebate should be estimated and recorded as a reduction of the cost of the material or appliances upon which it was based in the same manner as the cash rebates discussed above. The beneficiary of the travel or trip allowance should be designated by or be in accordance with policy established by the board of directors. The contra charge to the reduction in cost should be to an appropriate account depending upon the relationship of the recipient to the cooperative. For employees, this would be

Account 926, Employee Pensions and Benefits; for directors or patrons Account 930.2, Miscellaneous General Expenses.

4. *Question.* Are travel or trip allowances taxable to the recipient or subject to withholding?

Answer. Such questions should be directed to the Internal Revenue Service giving complete details about the transaction.

Dated: June 13, 1977.

JOSEPH VELLONE,
Assistant Administrator—Administration.

Proposal to Establish New Identity Standards

Correction

In FR Doc. 77-16126 appearing at page 29919 in the issue for Friday, June 10, 1977 make the following corrections:

(1) On page 29920, middle column, in the 6th line of the first full paragraph the reference to "§ 131.45" should have been "§ 131.145".

(2) On page 29922, in § 131.114 (b) (2) was omitted and should be added as follows:

"(b) * * *

"(2) If added, vitamin D shall be present in such quantity that each quart of food contains 400 International Units thereof within limits of good manufacturing practice."

(3) Also, on page 29922, in the third column, in the 7th line of § 131.136(c) "ration" should have read "ratio".

SACCHARIN AND ITS SALTS

Proposed Rule Making; Extension of Comment Period

AGENCY: Food and Drug Administration.

ACTION: Extension of time for comment on proposed rule.

SUMMARY: This document extends the comment period on the Commissioner of Food and Drugs' proposal to restrict the use of saccharin and announces the availability of two recent studies on the safety of saccharin for human consumption, one of which indicates a positive dose- and duration-related correlation between saccharin use and cancer of bladder in human males. This potentially significant finding appears to be consistent with the results of the three animal feeding studies which show that saccharin is a carcinogen and on which the Commissioner relied in proposing to restrict the use of saccharin in food, drugs, and cosmetics (see the FEDERAL REGISTER of April 15, 1977 (42 FR 19996)). The time for submission of public comments on that proposal expired on June 14, 1977, but because of the significance of this new finding, and in order to permit full scientific examination of the two recent studies, the Commissioner is reopening the comment period and inviting the submission of further views on the reliability and significance of the new studies.

DATE: The comment period is extended to August 31, 1977.

ADDRESS: Written comments should be sent (preferably in quadruplicate) to the Hearing Clerk (HFC-20), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT:

GENERAL: Ronald J. Wylie, Compliance Regulations Policy Staff (HFC-10), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857. (301-443-3480).

FOODS: John J. McAuliffe, Bureau of Foods (HFF-334) Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204. (202-472-5690).

HUMAN DRUGS: Paul Fehnel, Bureau of Drugs (HFD-30), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857. (301-443-3640).

COSMETICS: Heinz Eiermann, Bureau of Foods (HFF-440), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204. (202-245-1530).

VETERINARY DRUGS: Edward Ballitch, Bureau of Veterinary Medicine (HFV-231), Food and Drug Administration, Department of Health, Education, and Welfare, 5600 Fishers Lane, Rockville, MD 20857. (301-443-3336).

SUPPLEMENTARY INFORMATION:

I. EXPLANATION OF NOTICE

In the FEDERAL REGISTER of April 15, 1977 (42 FR 1996), the Commissioner of Food and Drugs published a proposal to revoke the interim food additive regulation (21 CFR 180.37) permitting the use of saccharin in certain types of human food; to establish a regulation prohibiting the use of saccharin in food for animals; to eliminate saccharin from all cosmetics and most human drugs and all animal drugs; and to permit the marketing of saccharin as a single-ingredient drug sold over-the-counter pending the submission and final action on new drug applications (NDA's) for such products. This proposal was based primarily on three long-term animal toxicity studies with saccharin conducted by the Wisconsin Alumni Research Foundation, the Food and Drug Administration, and the Health Protection Branch of the Government of Canada. These three studies each indicated that saccharin causes cancer of the bladder in laboratory animals. The Canadian study, the most recent of the three, laid to rest speculation that the increase in cancerous tumors noted in the two earlier studies was attributable to an impurity in the saccharin tested, orthotoluenesulfonamide.

On the basis of these findings, the Commissioner concluded that saccharin could not be considered safe for human or animal consumption as a food additive, or as an ingredient in cosmetics; it should not be an ingredient in any drugs for human use unless a persuasive showing could be made that its use was essential, e.g., to make medications intended for diabetics palatable. The Commissioner also concluded that the unequivocal findings from the Canadian carcinogenicity study triggered the application of the Delaney clause of the Food Additives Amendment of 1958, which forbids the approval of any food additive "if it is found to induce cancer when ingested by man or animal, or if it is found, after tests which are appropriate for the evaluation of the safety of food additives, to induce cancer in man or animal * * *" (21 U.S.C. 348(c)(3)(A)).

Since the publication of the Commissioner's proposal, a panel of expert scientists assembled by the Office of Technology Assessment (OTA) has examined all of the pertinent data on the safety of saccharin, including the Canadian study. The panel concluded, unanimously, that the Canadian study has been well conducted and its results properly assessed, that it demonstrates unequivocally that saccharin is a carcinogen, albeit perhaps weaker than some other cancer-causing compounds, and that it confirms the results of earlier animal studies. The OTA panel also concluded that the then-reported epidemiological studies of the effect of cancer in humans were not sufficiently sensitive to detect an increase of bladder cancer attributable to saccharin consumption of the magnitude suggested by extrapolation of risk from the animal studies, and therefore did not supply a basis for discounting the risk to humans.

In recent weeks, the Commissioner has been advised about two additional epidemiological studies that relate to the effects of saccharin consumption on humans. These studies are discussed in more detail below. One study was directed toward the examination of smoking, occupational exposure and other factors in the epidemiologic pattern of bladder cancer in humans, and incidentally assembled some limited data that have been described as suggesting no positive association between bladder cancer and saccharin use. The other study, a retrospective case-control study

that included more than 600 individuals with bladder cancer and a like number of controls, reports a positive dose- and duration-related correlation between saccharin use and bladder cancer in human males. This study in particular has renewed and heightened the Commissioner's concern about the safety of long-term saccharin consumption. The Commissioner desires to receive comments on and evaluations of the two studies from members of the scientific and medical communities. The Commissioner believes that a short additional delay in the issuance of final regulations produced by this notice is required, for several reasons:

1. The delay will not significantly increase the risk of cancer for any individual who now consumes saccharin. That risk, although a matter for serious concern, appears to be attributable to prolonged consumption of saccharin and to be dose related. During the additional 2 months required to permit scientific evaluation of the new studies the risk to any saccharin user is not likely to increase measurably.

2. From the beginning of this administrative proceeding, the Commissioner has regarded it as essential that the debate about the correctness of the agency's proposed action and the wisdom of the laws on which it rests be based on reliable scientific evidence, and that all of the data supporting the action be subject to the scrutiny of the scientific community. Thus he welcomed the attentive examination provided by the expert panel of the Office of Technology Assessment. The Commissioner believes that the evidence provided by the two new epidemiological studies should be subject to the same kind of external evaluation before it becomes a basis for regulatory action.

3. The new report of human risk from saccharin consumption raises questions about the advisability of the agency's proposal to permit marketing of saccharin as a single ingredient over-the-counter drug. A further period for comment will permit this issue to be fully addressed in light of the new information.

4. Finally, the Commissioner believes that providing an additional period for the submission of comments and the continuation of discussion of the issue should permit wider public understanding of the new evidence regarding human risk and better appreciation of the propriety of the actions the agency has proposed.

II. Discussion of Epidemiology

As noted above, the preliminary results of two recent epidemiological studies have become available since the saacharin proposal published in the Federal Register on April 15, 1977. The role of epidemiological studies in risk assessment was discussed in the proposal. In particular, the preamble to the proposal stated on page 20001:

> The estimated increase risk from this moderate use of saccharin cannot be detected in human epidemiological studies. Such studies usually can only detect increased risks of 200 to 300 percent (i.e., 2 to 3 times the baseline rate) or greater. Even the best feasible epidemiologic study is not likely to detect an increased risk of only 2 to 4 percent over background incidence.

Three studies were referenced: (Kessler, I. I., J. Urology, 115: 143–146, 1976), (Armstrong, B. and R. Doll, Brit. J. Prev. Soc. Med., 28: 233–40, 1974) and (Armstrong, B. et al., Brit. J. Prev. Soc. Med., 30: 151–157, 1976). It was concluded that:

> A common feature of all three epidemiological studies is their comparative insensitivity, which could permit a sharply increased incidence of bladder cancer attributable to consumption of saccharin—on the order of more than 20,000 cases per year in the American population—to go undetected.

The first reference (Kessler) was a retrospective case-control study. The cases comprised 209 Baltimore residents with bladder cancer who were discharged from participating Baltimore hospitals during several years before 1975. An equal number of control individuals were selected from cancer-free hospital patients of the same sex, race, age and current marital status. No significant difference in intake of nonnutritive sweeteners was observed between 157 male cases and controls or 52 female cases and controls. The author notes however that the sample sizes used would only permit the detection of an 80 percent increase in bladder cancer owing to nonutritive sweetener use.

The second reference (Armstrong and Doll) consisted of reports on bladder cancer mortality in relation to cigarette smoking and saccharin consumption among the general population in England and Wales born since 1870. Bladder cancer mortality rates for this general population showed a definite relationship with cigarette smoking but not with saccharin consumption. The third reference (Armstrong, et al.) involved a prospective study of members of the British/Diabetic Association in England and Wales. Diabetics identified between 1965 and 1968 were monitored until 1973. Among the deaths occurring in that period, 128 involved cancer but only four cases of bladder cancer were observed. The authors concluded that the use of saccharin by these diabetics had not increased the risk of cancer.

These referenced studies are not inconsistent with the difficulty of demonstrating a relatively small increase in bladder cancer which might be expected from saccharin consumption in large population groups or in small case-control studies. In contrast, the newly available Canadian epidemiological study derives greater sensitivity from its larger sample, and is therefore deserving of thorough evaluation.

This new Canadian study was coordinated by the Epidemiology Unit of the National Cancer Institute of Canada in cooperation with the University of British Columbia; Dalhouse University, Halifax; and Memorial University, St. Johns, Newfoundland. All nonrecurrent cases of primary bladder cancer newly diagnosed during the period April 1974 to June 1976 in the Canadian provinces of British Columbia, Nova Scotia, and Newfoundland were identified through provincial registries and cooperating pathologists and urologists. Of 821 cases ascertained, 632 were personally interviewed in their homes using identical questionnaires. The 632 cases consisted of 480 males and 152 females. For each case individual, a corresponding control individual was selected, matching as closely as posisble such characteristics as sex, age, and neighborhood of residence. Standardized questionnaires were employed to gather data for case and control individuals on demographic variables, and such other characteristics as residential history, medical history, occupational history, smoking, and use of artificial sweeteners.

The resulting data from the 480 matched pairs of male individuals showed a bladder cancer risk ratio of 1.6 for users of artificial sweeteners (principally saccharin) versus nonusers. This means that there is an estimated 60 percent increase in the risk of bladder cancer associated with the use of artificial sweeteners in males. The risk ratio of 1.6 is statistically significant.

For those males who were saccharin only users (94 percent of users as determined by brand of artificial sweetener used) the risk ratio was 1.7, which is also statistically significant.

For the 152 matched female pairs, the risk ratio was 0.6 which is not statistically significant.

Furthermore, the study indicates that the risk ratios increase with both frequency and duration of saccharin usage, with the trend being statistically significant in both cases.

Finally, the authors estimated the percentage of bladder cancer which might be attributed to the use of artificial sweeteners (mainly saccharin) among those who use such substances. For all males who were classified as users, 7 percent of the bladder cancers which occurred might be ascribed to the use of artificial sweeteners. For diabetic males, however, this estimate is 33 percent.

The apparent significance of this study derives from the association between bladder cancer and saccharin usage in human males which corresponds to the effects shown in males in animal studies. In addition, this association is noteworthy in light of the observed difficulty in detecting relatively small effects in epidemiological studies.

The second new study was by E. L. Wynder and R. Goldsmith (scheduled for publication in Cancer, Vol. 40, September 1977). It is a broad epidemiological study which included patients with bladder cancer. The overall study collected data on "confirmed diagnoses of diseases suspected of being tobacco and/or alcohol related and from matched controls. Control patients had no previous or present history of a tobacco related condition". This hospital case study was conducted between 1969 and 1974 and included 574 male and 158 female bladder cancer patients, and an equal number of matched

controls. The study was amended in 1973 to include questions on the use of saccharin among some of the subjects.

Based on this 1973–74 subset of data, the authors reported that 13 of 132 males with bladder cancer used artificial sweeteners as compared to 16 of 124 matched controls; 4 of 31 females with bladder cancer used artificial sweeteners, and 5 of 29 used artificial sweeteners in the matched control group. The authors concluded that "no association of bladder cancer with artificial sweetener use was found."

The Wynder and Goldsmith study is similar to the Kessler study in that both involve case-control groups of hospital patients, in contrast to the Canadian study which involved case-control groups of individuals selected from the same neighborhood of residence.

III. CONCLUSION

The two epidemiological studies described in the previous section add to the body of scientific evidence relating to the risk of saccharin consumption. The recent study performed under the auspices of the Canadian National Cancer Institute significantly alters and enlarges the basis for decisionmaking, for it appears to confirm—from human experience—the real risk of cancer previously projected solely on the basis of animal studies. While animal studies will continue to supply the primary evidence for regulatory decisionmaking by agencies such as FDA, positive human data deserve even greater attention.

The Commissioner specifically invites comments on these studies from all sectors of the scientific community, as well as from the general public. Because of logistic difficulties in securing and reproducing copies of the final reports of the two studies, these will not immediately be available for public examination in the office of the FDA Hearing Clerk. Copies of both final reports will be on file with the Hearing Clerk no later than Tuesday, July 5, 1977. Additional copies will also then be available for public distribution through FDA's Public Records and Documents Center.

Interested persons may, on or before August 31, 1977, submit to the Hearing Clerk, Food and Drug Administration, Rm. 4–65, 5600 Fishers Lane, Rockville, Md. 20857, written comments (preferably in quadruplicate and identified with the Hearing Clerk docket number found in brackets in the heading of this document) regarding the Commissioner's original proposal and, specifically, the new data discussed in this notice. The envelope containing the comment(s) should be prominently marked "Saccharin." Received comments may be seen in the above office between 9 a.m. and 4 p.m., Monday through Friday.

Dated: June 24, 1977.

DONALD KENNEDY,
Commissioner of Food and Drugs.

[Docket No. 77N-0036]

POTASSIUM IODIDE AND POTASSIUM AND CALCIUM IODATES

Proposed Affirmation of GRAS Status as Direct Human Food Ingredients With Specific Limitations

Correction

In FR Doc. 77–16229 appearing at page 29925 in the issue for Friday, June 10, 1977 make the following corrections:

(1) In the table appearing in the first column of page 29926, in the column head, "LD^{50}" should have read "LD_{50}", and in each of the last two lines "$NaIO^{3}$" should have read "$NaIO_3$".

(2) In the middle column of page 29926, 4 lines from the bottom of the paragraph continued from column one, "demosiderin" should have read "hemosiderin".

(3) In the first column of page 29927, in the 6th, 9th, and 10th lines of the third full paragraph, where the word "iodide" appears change it to read "iodine".

(4) On page 29928, in the first line of § 184.1206 (a) "$Ca(10_3)$" should have read "$Ca(IO_3)$".

[23 CFR Ch. I]

[FHWA Docket No. 77-7]

METRICATION OF NATIONAL STANDARDS FOR TRAFFIC CONTROL DEVICES

Withdrawal of Advance Notice of Proposed Rulemaking

AGENCY: Federal Highway Administration, DOT.

ACTION: Withdrawal of advance notice of proposed rulemaking.

SUMMARY: The purpose of this notice is to announce that the Federal Highway Administration is closing Docket No. 77–7 without further action and does not now intend to institute additional rulemaking proceedings on the subject of conversion of traffic control devices to the metric system.

FOR FURTHER INFORMATION CONTACT:

J. J. Crowley, Director, Office of Traffic Operations, 202–426–0372; or Roberta D. Gabel, Attorney, Office of the Chief Counsel 202–426–0790; Federal Highway Administration, 400 Seventh Street SW., Washington, D.C. 20590. Office hours are 7:45 a.m. to 4:15 p.m. e.s.t., Monday to Friday.

SUPPLEMENTARY INFORMATION: On April 27 and 29, 1977, the Federal Highway Administration issued an advance notice of proposed rulemaking, inviting interested persons to comment on a recommended time table for conversion to the metric system and to advise the public that the FHWA was contemplating revising the Manual on Uniform Traffic Control Devices to establish metric standards for traffic control devices (42 FR 21487, 21627). Upon a preliminary review of the comments received in response to that invitation, the Federal Highway Administration has determined that it would be inappropriate at this time to issue a regulation converting the Manual on Uniform Traffic Control Devices to metric standards. The Advance Notice of Proposed Rulemaking in FHWA Docket No. 77–7 is therefore terminated.

Issued on: June 23, 1977.

WILLIAM M. COX,
Federal Highway Administrator.

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[26 CFR Part 1]

INCOME TAX

Mergers and Consolidations of Plans and Transfers of Plan Assets or Liabilities

AGENCY: Internal Revenue Service, Treasury.

ACTION: Notice of proposed rulemaking.

SUMMARY: This document contains proposed regulations relating to mergers and consolidations of retirement plans and transfers of plan assets or liabilities. Changes in the applicable tax law were made by the Employee Retirement Income Security Act of 1974. The regulations would provide the public with the guidance needed to comply with that Act and would apply to all participants in a retirement plan involved in a marger, consolidation or transfer of plan assets or liabilities.

DATES: Written comments and requests for a public hearing must be delivered or mailed by August 15, 1977. The amendments are proposed to be effective for mergers, consolidations and transfers of assets or liabilities which occur after September 2, 1974.

ADDRESS: Sent comments and requests for a public hearing to: Commissioner of Internal Revenue, Attention: CC:LR:T, Washington, D.C. 20224.

FOR FURTHER INFORMATION CONTACT:

Mrs. Paulette Tino of the Actuarial Division, Office of the Assistant Commissioner (Employee Plans and Exempt Organizations), Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C. 20224. (202–566–4266).

SUPPLEMENTARY INFORMATION:

BACKGROUND

This document contains proposed amendments to the Income Tax Regulations (26 CFR Part 1) under sections 401(a)(12) and 414(l) of the Internal

Revenue Code of 1954. These amendments are proposed to conform the regulations to section 1021(b) of the Employee Retirement Income Security Act of 1974 (88 Stat. 937) and to section 1015 of that Act (88 Stat. 928) ("ERISA"). Section 208 of ERISA contains provisions substantially similar to the provisions of section 414(l) of the Code. The amendments are to be issued under the authority contained in section 7805 of the Internal Revenue Code of 1954 (68A Stat. 917; 26 U.S.C. 7805).

GENERAL RULE

Section 414(l) of the Internal Revenue Code of 1954 provides a rule for a merger or consolidation of a plan with another plan after September 2, 1974. This rule also applies to a transfer of assets or liabilities to another plan after that date. Under this section, if one of these events occurs, a trust which forms a part of a pension, profit-sharing or stock bonus plan will not be qualified under section 401, unless each participant in the plan would receive a minimum benefit if the plan terminated immediately after the merger, consolidation or transfer. This benefit must be equal to or greater than the benefit the participant would have been entitled to receive immediately before the merger, consolidation or transfer if the plan in which he was a participant had then terminated. The same rules apply to an annuity or bond purchase plan described in section 403(a) or 405(a). Under the regulations, the benefits which the participants would receive if the plan terminated are those provided exclusively by the plan assets pursuant to section 4044 of the Employee Retirement Income Security Act of 1974 ("ERISA"). Those benefits do not include benefits that might be provided by plan termination insurance under ERISA.

Section 414(l) applies to a multiemployer plan only to the extent determined by regulations of the Pension Benefit Guaranty Corporation.

SPECIFIC RULES CONCERNING MERGERS

The regulations provide rules in the case of a merger of defined benefit plans. Often, in this situation, some participants would receive smaller benefits after the merger than they would receive before the merger, if the plans had terminated in both instances. This would mean that the requirements of section 414(l) would not be satisfied after the merger unless the distribution of benefits on termination were modified in some manner. The regulations provide for this modification through the use of a special schedule of benefits.

In the case of a merger which normally would require the creation of a special schedule, the regulations provide that the schedule need not be established if data sufficient to create the schedule is maintained. Additionally, the regulations contain a special rule under which the effects of the special schedule may be ignored 5 years after the date of a merger. Similarly, the regulations provide that where data is maintained instead of the special schedule, the data usually need not be maintained for more than 5 years after a merger.

The regulations also set out rules concerning mergers of defined contribution plans, mergers between a defined contribution and defined benefit plan and cases in which these plans are separated into two plans.

SCOPE OF THE REGULATIONS

These regulations consider the effect of section 414(l) of the Code on certain transactions. The regulations do not consider whether these transactions involve other sections of the Code or ERISA. Thus, for example, a particular transaction may not only involve section 414(l), but it may also involve various other Code sections.

RELIANCE ON PROPOSALS

Because of the need for immediate guidance, the rules contained in these proposed regulations may be relied on where the merger or separation of plans is in connection with the transfer of assets or stock, provided that action has been taken before 30 days after publication of the final regulations and compliance with final regulations would create a substantial hardship.

COMMENTS AND REQUESTS FOR A PUBLIC HEARING

Before adoption of these proposed regulations, consideration will be given to any written comments that are submitted (preferably eight copies) to the Commissioner of Internal Revenue. All comments will be available for public inspection and copying. A public hearing will be held upon written request to the Commissioner by any person who has submitted written comments. If a public hearing is held, notice of the time and place will be published in the FEDERAL REGISTER.

DRAFTING INFORMATION

The principal author of these proposed regulations was Norman J. Misher of the Legislation and Regulations Division of the Office of Chief Counsel, Internal Revenue Service. However, personnel from other offices of the Internal Revenue Service and Treasury Department participated in developing the regulation, both on matters of substance and style.

Proposed amendments to the regulations. The proposed amendments to 26 CFR Part 1 are as follows:

PARAGRAPH 1. The following new section is added immediately after § 1.401(a)–11:

§ 1.401(a)–12 Mergers and consolidations of plans and transfers of plan assets.

A trust will not be qualified under section 401 unless the plan of which the trust is a part provides that in the case of any merger or consolidation with, or transfer of assets or liabilities to, another plan after September 2, 1974, each participant in the plan would receive a minimum benefit if the plan terminated immediately after the merger, consolidation, or transfer. This benefit must be equal to or greater than the benefit the participant would have been entitled to receive immediately before the merger, consolidation, or transfer if the plan in which he was a participant had then terminated. This section applies to a multiemployer plan only to the extent determined by the Pension Benefit Guaranty Corporation. For additional rules concerning mergers or consolidations of plans and transfers of plan assets, see section 414(l) and § 1.414(l)–1.

PAR. 2. The following new section is inserted immediately after § 1.414(g)–1:

§ 1.414(l)–1 Mergers and consolidations of plans or transfers of plan assets.

(a) *General rule.* Under section 414(l), (1) A trust which forms a part of a plan will not constitute a qualified trust under section 401, and (2) A plan will not be treated as being qualified under section 403(a) and 405(a), unless, in the case of a merger or consolidation (as defined in paragraph (b)(2) of this section), or a transfer of assets or liabilities (as defined in paragraph (b)(3) of this section), the following condition is satisfied. This condition requires that each participant receive benefits on a termination basis (as defined in paragraph (b)(5) of this section) from the plan immediately after the merger, consolidation or transfer which are equal to or greater than the benefits the participant would receive on a termination basis immediately before the merger, consolidation, or transfer.

(b) *Definitions.* For purposes of this section:

(1) *Single plan.* A plan is a "single plan" if and only if all the plan assets are available to pay benefits to employees who are covered by the plan. For purposes of the preceding sentence, all the assets of a plan will not fail to be available to provide all the benefits of a plan merely because the plan is funded in part or in whole with allocated insurance instruments. A plan will not fail to be a single plan merely because of the following:

(i) The plan has several distinct benefit structures which apply either to the same or different participants,

(ii) The plan has several plan documents,

(iii) Several employers, whether or not affiliated, contribute to the plan,

(iv) The assets of the plan are invested in several trusts or annuity contracts, or

(v) Separate accounting is maintained for purposes of cost allocation but not for purposes of providing benefits under the plan.

However, more than one plan will exist if a portion of the plan assets is not available to pay some of the benefits. This will be so even if each plan has the same benefit structure or plan document, or if all or part of the assets are invested in one trust with separate accounting with respect to each plan.

(2) *Merger or consolidation.* The terms "merger" or "consolidation" means

the combining of two or more plans into a single plan. A merger or consolidation will not occur merely because one or more corporations undergo a reorganization (whether or not taxable). Furthermore, a merger or consolidation will not occur if two plans are not combined into a single plan, such as by using one trust which limits the availability of assets of one plan to provide the benefits only of that plan.

(3) *Transfer of assets or liabilities.* A "transfer of assets or liabilities" occurs when there is a diminution of assets or liabilities with respect to one plan and the acquisition of these assets or the assumption of these liabilities by another plan. For example, the shifting of assets or liabilities pursuant to a reciprocity agreement between two plans in which one plan assumes liabilities of another plan is a transfer of assets or liabilities. However, the shifting of assets between several funding media used for a single plan (such as between trusts, between annuity contracts, or between trusts and annuity contracts) is not a transfer of assets or liabilities.

(4) *Spinoff.* The term "spinoff" means the splitting of a single plan into two or more plans.

(5) *Benefits on a termination basis.* (i) The term "benefits on a termination basis" means the benefits that would be provided exclusively by the plan assets pursuant to section 4044 of the Employee Retirement Income Security Act of 1974 ("ERISA") and the regulations thereunder if the plan terminated. Thus, the term does not include benefits that are guaranteed by the Pension Benefit Guaranty Corporation, but not provided by the plan assets.

(ii) For purposes of determining the benefits on a termination basis, the allocation of assets to various priority categories under section 4044 of ERISA must be made on the basis of reasonable actuarial assumptions. The assumptions used by the Pension Benefit Guaranty Corporation are deemed reasonable for this purpose.

(iii) If a change in the benefit structure of a plan in conjunction with a merger, consolidation, or transfer of assets or liabilities alters the benefits on a termination basis, the change should be designated, at the time the merger, consolidation, or transfer occurs, to be effective either immediately before or immediately after that occurrence. In the event that no designation is made, the change in the benefit structure will be deemed to occur immediately after the merger, consolidation, or transfer of assets or liabilities.

(6) *Lower funded plan.* (i)—The term "lower funded plan" generally means the plan which, immediately prior to the merger, would have its assets exhausted in a higher priority category than the other plan.

(ii) Where two plans, immediately prior to the merger, would have their assets exhausted in the same priority category of section 4044 of ERISA in the event of termination, the lower funded plan is the one in which the assets would satisfy a lesser proportion of the liability allocated to that priority category.

(7) *Priority category.* The term "priority category" means the category of benefits described in each paragraph of section 4044(a) of ERISA. References to higher or highest priority categories refer to those priority categories which receive the first allocation of assets, i.e. the lowest paragraph numbers in section 4044(a).

(8) *Separate accounting of assets.* The term "separate accounting of assets" means the maintenance of an asset account with respect to a given group of participants which is:

(i) Credited with contributions made to the plan on behalf of the participants and with its allocable share of investment income, if any, and

(ii) Charged with benefits paid to the participants, and with its allocable share of investment losses or expenses.

(c) *Application of section 414(l)*—(1) *Two or more plans.* (i) Section 414(l) does not apply unless more than one plan is involved. It also does not apply unless at least one plan assumes liabilities from another plan or obtains assets from another plan (as in a merger or spinoff). For purposes of section 414(l), a transfer of assets or liabilities will not be deemed to occur merely because a defined contribution plan is amended to become a defined benefit plan. This rule will apply even if, under the facts and circumstances of a particular case, a termination of the defined contribution plan will be considered to have occurred for purposes of other provisions of the Code.

(ii) The requirements of this subdivision may be illustrated as follows:

Example. After acquiring Corporation B, Corporation A amends Corporation B's defined benefit plan (Plan B) to provide the same benefits as Corporation A's defined benefit plan (Plan A). The assets of Plan B are transferred to the trust containing the assets of Plan A in such a manner that the assets of each plan: (1) are separately accounted for, and (2) are not available to pay benefits of the other plan. Because of condition (2) there are still two plans and, therefore, a merger did not occur. As a result, section 414(l) does not apply. If at some later date Corporation A were to sell Corporation B and transfer the assets of Plan B that were separately accounted for to another trust or to an annuity contract solely for the purpose of providing Plan B's benefits, this transfer would also not involve section 414(l). This is so because Plan B was a separate plan before the entire transaction and because no plan assumed liabilities or obtained assets from another plan. If, on the other hand, Corporation A merged Plan A and Plan B at the time of the acquisition of Corporation B by deleting condition (2) above, then section 414(l) would apply both to the merger of Plan A and Plan B and to the spinoff of Plan B from the merged plan. The spinoff would have to satisfy the requirements of paragraph (n) of this section, even if the assets attributable to Plan A and Plan B were separately accounted for in order to allocate funding costs.

(2) *Multiemployer plans.* Except to the extent provided by regulations of the Pension Benefit Guaranty Corporation, section 414(l) does not apply to any transaction to the extent that participants either before or after that transaction are covered under a multiemployer plan within the meaning of section 414(f). Until these regulations are issued, section 414(l) does not apply to any of the following situations:

(i) A multiemployer plan is split into two plans, one or both of which are not multiemployer plans, or (ii) A single employer plan is merged into a multiemployer plan.

Therefore, if some (but not all) of the participants in a single employer plan become participants in a multiemployer plan under an agreement in which the multiemployer plan assumes all the liabilities of the single employer plan with respect to these participants and in which some or all of the assets of the single employer plan are transferred to the multiemployer plan, section 414(l) applies, but only with respect to the participants in the single employer plan who did not transfer to the multiemployer plan.

(d) *Merger of defined contribution plans.* In the case of a merger of two or more defined contribution plans, the requirements of section 414(l) will be satisfied if all of the following conditions are met:

(1) The sum of the account balances in each plan equals the fair market value (determined as of the date of the merger) of the entire plan assets.

(2) The assets of each plan are combined to form the assets of the plan as merged.

(3) Immediately after the merger, each participant in the plan as merged has an account balance equal to the sum of the account balances the participant had in the plans immediately prior to merger.

(e) *Merger of defined benefit plans*—(1) *General rule.* Section 414(l) compares the benefits on a termination basis before and after the merger. If the sum of the assets of all plans is not less than the sum of the present values of the accrued benefit (whether or not vested) of all plans, the requirements of section 414(l) will be satisfied merely by combining the assets and preserving each participant's accrued benefits. This is so because all the accrued benefits of the plan as merged are provided on a termination basis by the plan as merged. However, if the sum of the assets of all plans is less than the sum of the present values of the accrued benefits (whether or not vested) in all plans, the accrued benefits in the plan as merged are not provided on a termination basis.

(2) *Special schedule of benefits.* Generally, for some participants, the benefits provided on a termination basis for the plan as merged would be different from the benefits provided on a termination basis in the plans prior to merger if the assets were merely combined and if each participant retained his accrued benefit. Some participants would, therefore, receive greater benefits on a termi-

nation basis as a result of the merger and some other participants would receive smaller benefits. Accordingly, the requirements of section 414(l) would not be satisfied unless the distribution on termination were modified in some manner to prevent any participant from receiving smaller benefits on a termination basis as a result of the merger. This is accomplished through modifying the application of section 4044 of ERISA by inserting a special schedule of benefits.

(f) *Operational rules for the special schedule.* The application of section 4044 of ERISA as modified by the schedule of benefits is accomplished by the following steps:

(1) Section 4044 is applied in the plan as merged through the priority categories fully satisfied by the assets of the lower funded plan immediately prior to the merger.

(2) The assets in the plan as merged are then allocated to the next priority category as a percentage of the value of the benefits that would otherwise be allocated to that priority category. That percentage is the ratio of (i) the assets allocated to the first priority category not fully satisfied by the lower funded plan immediately prior to the merger to (ii) the assets that would have been allocated had that priority category been fully satified.

(3) A schedule of benefits is formed listing participants and scheduled accured benefits. The scheduled accrued benefit is the excess of the benefits provided on a termination basis with respect to any participant from the plans immediately prior to the merger, over the benefits provided on a termination basis in subparagraphs (1) and (2) of this paragraph immediately after the merger. After allocating the assets in accordance with subparagraph (2) of this paragraph, the assets are allocated to the schedule of benefits as follows:

(i) First the assets are allocated to the scheduled benefits to the extent that the participant would have benefits provided in subparagraph (4) of this paragraph if there were no scheduled benefits.

(ii) Then the assets are allocated to the scheduled benefits to the extent that the participant would have benefits provided pursuant to subparagraph (5) of this paragraph if there were no scheduled benefits.

These assets should be allocated first to those scheduled benefits that are in the highest priority category under section 4044.

(4) The assets are then allocated to those benefits in the priority category described in subparagraph (2) of this paragraph with respect to which assets were not allocated. This allocation is made to the extent that these benefits are not associated with benefits in the schedule.

(5) Finally, the assets are allocated in accordance with section 4044 with respect to priority categories lower than the priority category described in subparagraph (4) of this paragraph. This allocation is made to the extent that these benefits are not associated with benefits in the schedule.

(g) *Successive mergers*—(1) *In general.* In the case of a current merger of a defined benefit plan with another defined benefit plan which as a result of a previous merger has a special schedule, the rules of paragraphs (e) and (f) of this section apply as if the schedule were considered a category described in section 4044 of ERISA. Thus, a second schedule may be formed as a result of the current merger. The second schedule will be inserted in the priority category of section 4044 described in paragraph (f)(2) of this section as of the date of the current merger. This priority category may be higher, lower, or within the schedule of benefits existing on account of a previous merger. If this priority schedule is inserted within a schedule of benefits, a new single schedule of benefits replacing the old schedule of benefits would in effect be created.

(2) *Allocation of assets.* Assets in the new schedule of benefits are allocated as follows:

(i) First to the benefits remaining in the old schedule to the extent that there are assets immediately prior to the second merger to satisfy the original benefits,

(ii) Then to the benefits provided on a termination basis from the plans immediately prior to the second merger to the extent that they are not provided before the schedule after the second merger or in subdivision (i) of this subparagraph,

(iii) Then to benefits remaining in the original schedule not included in subdivision (i) of this subparagraph.

(h) *De minimis rule for merger of defined benefit plan*—(1) *In general.* In the case of a merger of a defined benefit plan ("smaller plan") whose liabilities (whether or not vested) are less than 3 percent of the assets of another defined benefit plan ("larger plan") as of at least one day in the larger plan's plan year in which the merger of the two plans occurs, section 414(l) will be deemed to be satisfied if the following condition is met. The condition requires that a special schedule of benefits (consisting of all the benefits that would be provided by the smaller plan on a termination basis just prior to the merger) be payable in a priority category higher than the highest priority category in section 4044 of ERISA. Assets will be allocated to that schedule in accordance with the allocation of assets to scheduled benefits in paragraph (f)(3) of this section.

(2) *Application to a series of mergers.* In the case of a series of such mergers in a given plan year of the larger plan, the rule described in subparagraph (1) of this paragraph will apply only if the sum of the liabilities (whether or not vested) assumed by the larger plan are less than 3 percent of the assets of the larger plan as of at least one day in the plan year of the larger plan in which the mergers occurred.

(3) *Application to a merger occurring over more than one plan year.* In the case of a merger of a smaller plan or a protion thereof with a larger plan designed to occur in steps over more than one plan year of the larger plan, the entire transaction will be deemed to occur in the plan year of the larger plan which contains the first of these steps.

(4) *Liabilities of the smaller plan.* (i) For purposes of subparagraphs (2) and (3) of this paragraph, mergers satisfying paragraphs (e), (f) or (g) of this section will be ignored in determining the sum of the liabilities assumed by the larger plan.

(ii) For purposes of this paragraph, the liabilities of the smaller plan will be determined on the basis of reasonable acturial assumptions described in paragraph (b) (5) (ii) of this section.

(i) *Data maintenance*—(1) *Alternative to the special schedule.* In the case of a merger which would require the creation of a special schedule in order to satisfy section 414 (l), the schedule need not be created at the time of the merger if data sufficient to create the schedule is maintained. The schedule would only have to be created in the event of a subsequent plan termination or a subsequent spinoff. In that case the schedule must be determined as of the date of the merger.

(2) *Required data.* The data that must be maintained depends on the plan. Care should be taken to ensure that each element of data necessary to determine the schedule as of the date of merger is maintained, and an enrolled actuary must so certify to the plan administrator.

(j) *Five year rule*—(1) *Limitation on the required use of the special schedule.* A plan will not fail to satisfy the requirements of section 414(l) merely because the effects of the special schedule created pursuant to paragraphs (e) (2) or (h) of this section are ignored 5 years after the date of a merger. Furthermore, the data maintained pursuant to paragraph (i) of this section need not be maintained for more than 5 years after the merger, if the plan does not have a spinoff or a termination within 5 years.

(2) *Illustration.* If Plans A and B merge to form Plan AB and if Plan AB merges with Plan C 3 years later to form Plan ABC and if Plan ABC terminates 4 years later, the data relating to the merger of Plans A and B need not be maintained for more than 5 years after the merger of Plans A and B. In addition, after 5 years have elapsed after the merger of Plans A and B, the effect of any special schedule created by the merger of Plans A and B on the schedule created by the merger of Plans AB and C may be ignored in determining the later schedule.

(k) *Examples.* The provisions of paragraphs (e) through (j) of this section may be illustrated by the following examples:

Example (1). Plan A, whose assets are $220,000, is to be merged with Plan B, whose assets are $200,000. Plan A has three employees. Plan B has two employees. If Plans A and B were to terminate just prior to the merger, the benefits provided on a termination basis would be as follows:

Priority category of sec. 4044 of ERISA:	(1) Annual accrued benefits			(2) Present value of accrued benefits			(3) Fair market value of assets allocated to priority category	(4) Benefits on a termination basis		
	Plan A									
	EE_1	EE_2	EE_3	EE_1	EE_2	EE_3		EE_1	EE_2	EE_3
3	$10,000			$120,000			$120,000	$10,000		
4	2,000	$4,000		24,000	$44,000		68,000	2,000	$4,000	
5		3,000	$4,000		33,000	$40,000	32,000		[1] 1,135	[3] $1,753
6			1,000			10,000				
Total							220,000	12,000	5,315	1,753
	Plan B									
	EE_4	EE_5		EE_4	EE_5			EE_4	EE_5	
3	$15,000			$195,000			$195,000	$15,000		
4		$5,000			$50,000		5,000		[2] $500	
5		8,000			80,000					
Total							$200,000	$15,000	$500	

[1] $3,000 × $32,000/$73,000

i.e. Accrued benefit × Assets available for priority category 5 / Total present value of accrued benefits in category 5

[2] $4,000 × $32,000/$73,000

[3] $5,000 × $ 5,000/$50,000

Because Plan B's assets are exhausted in a higher priority category than Plan A's assets, Plan B is the lower funded plan. A schedule will, therefore, be inserted in Priority Category 4 of the plan as merged after providing 10% of the benefits provided in category 4, i.e. the ratio of $5,000 assets in Plan B allocated to category 4 to the $50,000 liability in category 4. The schedule would be constructed as follows:

	(1) Benefits on a termination basis before merger	(2) Benefits provided from priority categories higher than category 4	(3) 10 percent of benefits provided in priority category 4	(4) Benefits provided before schedule (2)+(3)	(5) Schedule of benefits (1)−(4)
EE:					
1	$12,000	$10,000	$200	$10,200	$1,800
2	5,315		400	400	4,915
3	1,753				1,753
4	15,000	15,000		15,000	
5	500		500	500	

Example (2). The facts are the same as in Example (1). The plan, however, terminates one year later. Furthermore, no employee has accrued additional benefits during the year except that the $2,000 benefit of EE_1 that was originally in category 4 is now in category 3. The assets would be allocated to the priority categories to the extent that there are assets to cover the following benefits.

Priority termination category	EE_1	EE_2	EE_3	EE_4	EE_5
3	$12,000			$15,000	
10 pct of 4		$400			$500
Schedule of benefits included in balance of category 4		3,600			
Schedule of benefits included in category 5		1,315	$1,753		
Schedule of benefits included in category 6					
Balance of category 4 not included in schedule					4,500
Balance of category 5 not included in schedule		1,685	2,247		8,000
Balance of category 6 not included in schedule			1,000		

(l) *Merger of defined benefit and defined contribution plan.* In the case of a merger of a defined benefit plan with a defined contribution plan, one of the plans before the merger should be converted into the other type of plan (i.e., the defined benefit converted into a defined contribution or the defined contribution converted into a defined benefit) and either paragraph (d) or paragraphs (e) through (j) of this section, whichever is appropriate, should be applied.

(m) *Spinoff of a defined contribution plan.* In the case of a spinoff of a defined contribution plan, the requirements of section 414(l) will be satisfied if after the spinoff—

(1) The sum of the account balances for each of the participants in the resulting plans equals the account balance of the participant in the plan before the spinoff, and

(2) The assets in each of the plans immediately after the spinoff equals the sum of the account balances for all participants in that plan.

(n) *Spinoff of a defined benefit plan*—(1) *General rule.* In the case of a spinoff of a defined benefit plan, the requirements of section 414(l) will be satisfied if—

(i) All of the accrued benefits of each participant are allocated to only one of the spun off plans, and

(ii) The value of the assets allocated to each of the spun off plans is not less than the sum of the present value of the benefits on a termination basis in the plan before the spinoff for all participants in that spunoff plan.

(2) *De minimis rule.* In the case of a spinoff, the requirements of section 414 (l) will be deemed to be satisfied if the value of the assets spun off—

(i) Equals the present value of the accrued benefits spun off (whether or not vested) on the basis of reasonable actuarial assumptions described in paragraph (b)(5)(ii) of this section, and

(ii) In conjunction with other assets spun off during the plan year in accordance with this subparagraph, is less than 3 percent of the assets as of at least one day in that year. Spinoffs occurring in previous or subsequent plan years are ignored if they are not part of a single spinoff designed to occur in steps over more than one plan year.

(3) *Special temporary rule.* In the case of a defined benefit plan maintained for different groups of employees, which is a single plan (as defined in paragraph (b) (1) of this section) and under which there has been separate accounting of assets for each group, a spinoff of the plan on or before July 1, 1978, into a separate plan for each group will be deemed to satisfy section 414 (l) if—

(i) All the liabilities with respect to each group of employees are allocated to separate plan for the group of employees, and

(ii) The assets that are separately accounted for with respect to each group of employees are allocated to the separate plan for that group of employees.

(o) *Transfers of assets or liabilities.* Any transfer of assets or liabilities will for purposes of section 414 (l) be considered as a combination of separate mergers and spinoffs using the rules of paragraphs (d), (e) through (j), (l), (m), or (n) of this section, whichever is appropriate. Thus, if a block of assets and liabilities are transferred from Plan A to Plan B, each of which is a defined benefit plan, the transaction will be considered as a spinoff from Plan A and a merger of one of the spinoff plans with Plan B. The spinoff and merger described in the previous sentence would be subject to the requirements of paragraphs (n) and (e) through (j) of this section, respectively.

(p) *Effective date.* The provisions of this section apply to mergers, consolidations and transfers of assets or liabilities which occur after September 2, 1974.

JEROME KURTZ,
Commissioner of Internal Revenue.

[FR Doc.77-18641 Filed 6-24-77;4:58 pm]

DEPARTMENT OF JUSTICE

Office of the Deputy Attorney General

[28 CFR Part 16]

[Order No. 730-77]

PRODUCTION OR DISCLOSURE OF INFORMATION

Proposed Exemption of System of Records Under the Privacy Act

AGENCY: Department of Justice.

ACTION: Proposed rule.

SUMMARY: The proposed rule would make editorial changes to 28 CFR § 16.71 in order to indicate that certain systems of records previously maintained by the Office of the Deputy Attorney General are now maintained by the Office of the Associate Attorney General. The rule would also add an additional system, "Miscellaneous Attorney Personnel Records System", to the list of systems exempt from certain provisions of the Privacy Act of 1974. This system contains investigatory material compiled for the purpose of determining qualifications of candidates for positions as attorneys in the Department of Justice. The exemption would provide anonymity to persons who supply information concerning these candidates, and would permit the collection of any information which might possibly be relevant in determining the qualifications of candidates.

DATE: Comments must be received on or before August 2, 1977.

ADDRESS: All comments should be sent to: Executive Office, Room 1116, Office of Management and Finance, Department of Justice, Washington, D.C. 20530.

FOR FURTHER INFORMATION CONTACT:

Harry Gastley, Administrative Counsel (202-739-5361).

SUPPLEMENTARY INFORMATION: As the result of a reorganization within the Department of Justice the responsibility for the system of records listed in 28 CFR 16.71(a) has been transferred from the Office of the Deputy Attorney General to the Office of the Associate Attorney General. To reflect this change in responsibility the section will be amended by substituting the word Associate for Deputy, and by changing the system identification acronym and number.

The proposed rule would also exempt an additional system of records from certain provisions of the Privacy Act of 1974. Subsection 3(d)(1) of the Privacy Act of 1974 (5 U.S.C. 552a) provides that any individual may gain access to any information pertaining to himself which is contained in any system of records in the Federal government. Subsection (e) (1) requires that Federal agencies maintain only such information about an individual which is relevant and necessary.

However, under subsection (k)(5) of the Act, the head of an agency may exempt a records system from these provisions if the records system consists of investigatory material compiled solely for the purpose of determining suitability, eligibility or qualifications for Federal employment. This exemption applies only to the extent that disclosure of this material would reveal the identity of a source who had been promised confidentiality.

This exemption is being proposed for the "Miscellaneous Attorney Personnel Records System" since many persons who are contacted will not provide information on a candidate unless they are guaranteed anonymity. The exemption is also being sought because it is impossible to determine in advance what exact information will be of assistance in determining the qualifications of a candidate.

Some records contained in this system may not be subject to exemption. A determination would be made as to the exemption of a specific record at the time a request for access is made.

The authority for this proposed rule is 5 U.S.C. 552a.

Accordingly, it is proposed that 28 CFR § 16.71 be revised to read as follows:

§ 16.71 Exemption of the Office of the Associate Attorney General Systems.

(a) The following systems of records are exempt from 5 U.S.C. 552a(d)(1) and (e)(1):

(1) Appointed Assistant United States Attorneys Personnel System (JUSTICE/AAG-001).

(2) Assistant United States Attorneys Applicant Records System (JUSTICE/AAG-002).

(3) Presidential Appointee Candidate Records System (JUSTICE/AAG-007).

(4) Presidential Appointee Records System (JUSTICE/AAG-008).

(5) Special Candidates for Presidential Appointments Records System (JUSTICE/AAG-009).

(6) United States Judges Records System (JUSTICE/AAG-010).

(7) Miscellaneous Attorney Personnel Records System (JUSTICE/AAG-011).

These exemptions apply only to the extent that information in those systems is subject to exemption pursuant to 5 U.S.C. 552a(k)(5).

(b) Exemptions from the particular subsections are justified for the following reasons:

(1) From subsection (d)(1) because many persons are contacted who, without an assurance of anonymity, refuse to provide information concerning a candidate for a judgeship or assistant U.S. Attorney position. Permitting access to the information supplied by persons after a promise of confidentiality has been given, could reveal the identity of the source of the information and constitute a breach of the promised confidentiality on the part of the Department of Justice. Such breaches ultimately would restrict the free flow of information vital to a determination of a candidate's qualifications and suitability.

(2) From subsection (e)(1) because in the collection of information for investigation and evaluation purposes, it is impossible to determine in advance what exact information may be of assistance in determining the qualifications and suitability of a candidate. Information which may appear irrelevant, when combined with other apparently irrelevant information, can on occasion provide a composite picture of a candidate for a position which assists in determining whether that candidate should be nominated for appointment.

Dated: June 21, 1977.

GRIFFIN B. BELL,
Attorney General.

DEPARTMENT OF DEFENSE

Department of the Air Force

[32 CFR Part 806b]

[AF Reg. 12-35]

PRIVACY ACT OF 1974

Exemption

AGENCY: Department of the Air Force.

ACTION: Proposed rule.

SUMMARY: This document proposes an exemption for a system of records which pertains to Air Force Reserve Officer Training Corps cadets. The exemption is needed to protect the identities of persons who provide data, in confidence, which is used to determine the suitability, eligibility, or qualification of cadets for Federal Military Service.

COMMENTS MUST BE RECEIVED ON OR BEFORE: August 2, 1977.

ADDRESS: Send any comments to the Air Force Privacy Act Office, Directorate of Administration, Headquarters, United States Air Force (HQ USAF/DADMP), Washington, D.C. 20330.

FOR FURTHER INFORMATION CONTACT:

Major Norma L. K. Mokuau, 202-767-4545.

SUPPLEMENTARY INFORMATION: The Department of the Air Force final adopted rulemaking on the Air Force Privacy Act Program was republished by the Office of the Federal Register in Privacy Act Issuances, 1976 Comp, Vol. II, beginning on page 427. It was amended in the FEDERAL REGISTERS of January 31, 1977 (42 FR 5696) and April 29, 1977 (42 FR 21776). Under the authority of the Privacy Act of 1974, Pub. L. 93-579 5 U.S.C. 552a the Air Force now proposes to add paragraph (m) to § 806b.58 in Subpart H of Part 806b, 32 CFR as follows:

§ 806.58 Specific exemptions.

* * * * *

(m) *04501 Cadet Records*—(1) *Exemptions.* Portions of this system of records (Detachment POC Selection Rating Sheets; AFROTC Form 0-24—Disenrollment Review; Memorandum for Record and Staff papers containing staff advice, opinions, or suggestions) are exempt from the following provisions of 5 U.S.C. 552a: (c)(3), (d), (e)(4)(H), (e)(4)(G), and (f), but only to the extent that the disclosure of such material would reveal the identity of a source who furnished information to the Government under an expressed promise that the identity of the source would be held in confidence, or prior to September 27, 1975, under an implied promise that the identity of the source would be held in confidence.

(2) *Authority.* 5 U.S.C. 552a(k)(5).

(3) *Reasons.* The release of information used to determine suitability, eligibility, or disqualification for Federal Military Service would cause the identity of a confidential source to be revealed. The information contained in these documents is considered relevant and necessary to making judicious determinations as to the qualification, eligibility and suitability of cadets for graduation and for commissioning as an officer in the United States Air Force. This information could only be obtained by providing assurance to the source that his or her identity would not be revealed.

JOHN MARTIN,
Acting Under Secretary.

JUNE 24, 1977.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Public Health Service

[42 CFR Part 62]

PUBLIC HEALTH AND NATIONAL HEALTH SERVICE CORPS SCHOLARSHIP TRAINING PROGRAM

Proposed Rulemaking

AGENCY: Public Health Service, HEW.

ACTION: Notice of Proposed Rulemaking.

SUMMARY: The Assistant Secretary for Health, Department of Health, Education, and Welfare, with the approval of the Secretary of Health, Education, and Welfare, proposes to amend the regulations (42 CFR Part 62) implementing the Public Health and National Health Service Corps Scholarship Training Program under section 225 of the Public Health Service Act. This program awards scholarships to individuals who will serve as physicians, dentists, nurses, and other health-related specialists in the National Health Service Corps and other units of the Public Health Service. Based on the Department's experience in administering this program, the proposed amendments are to revise the provisions relating to applicant eligibility and selection criteria, deferments of obligated service, and waiver and suspension of obligations.

DATES: Written comments concerning the proposed regulations are invited and all comments received on or before August 15, 1977, will be considered.

ADDRESSES: Comments must be in writing, preferably in triplicate, and addressed to the Director, Bureau of Health Manpower, Health Resources Administration, 4th Floor, Federal Center Building No. 2, 3700 East West Highway, Hyattsville, Maryland 20782. All comments received will be available for public inspection and copying at the Office of Program Operations, Bureau of Health Manpower, at the above address, weekdays (Federal holidays excepted)

between the hours of 8:30 a.m. and 5 p.m.

FOR FURTHER INFORMATION CONTACT:

Mr. Gary Wold, Chief, PHS Scholarship Program, Bureau of Health Manpower, Room 5-44, at the above address. Telephone: 301-436-6443.

SUPPLEMENTARY INFORMATION: The following major amendments are proposed:

1. Under § 62.3, "Eligibility," it is proposed to omit the separate requirement, which is not required by the statute, that applicants be citizens of the Unied States. This provision is unnecessary in view of the requirement that applicants be eligible for, or hold, appointments as Commissioned Officers in the Regular or Reserve Corps of the Public Health Service or be selected for civilian service in the National Health Service Corps. Also, a proposed addition at § 62.3(d) would require that applicants meet other eligibility criteria which the Secretary may determine from time to time and publish in the FEDERAL REGISTER, in accordance with § 62.6. This requirement is added to assure that individuals in the various health-related disciplines can be utilized during the period of obligated service in a manner which will best meet the needs of the Public Health Service. For example, since under the Act (section 225(e)) an individual must performe the obligated service as either a Commissioner Officer in the Service or as a civilian member of the National Health Service Corps, it may be necessary for the Secretary to require that recipients in a specific discipline be eligible for appointments as officers in the Public Health Service Commissioned Corps, as opposed to civilian service in the National Health Service Corps.

2. It is proposed to amend § 62.4(b) by revising and expanding the criteria by which applicants will be evaluated for selection as Public Health and National Health Service Corps Scholarship recipients. The present regulation calls for evaluation based upon academic performance, faculty recommendation, and work experience. To these three, the Secretary is proposing to add four additional criteria which, together with the present criteria, express more fully the variables which experience has shown indicate potential for an individual's successful performance in meeting the needs of the National Health Service Corps, Indian Health Service, and Bureau of Medical Services as a health care practitioner. These new criteria are: (1) Community background, which relates to the social, economic, and cultural background of the applicant; (2) Career goals, which relates to the stated intention of the applicant for professional practice in particular settings, such as health manpower shortage areas; (3) Graduation date, which relates to the anticipated date the applicant will graduate from professional school relevant to the Department's need to place practitioners in health manpower shortage areas as soon as possible; and (4) Specialty preference, which relates to the applicant's intentions to specialize within the discipline.

3. In recognition of the special needs of American Indian and Alaska Native populations for services provided by health care practitioners, particularly from providers who are themselves American Indians or Alaska Natives, the proposed regulations provide in § 62.4(c) that eligible American Indian and Alaska Native applicants will be given priority in the selection of scholarship recipients.

4. A new subsection (d) is proposed to be added to §62.4 to prohibit recipients of Public Health and National Health Service Corps ("PH/NHSC") Scholarships from receiving concurrent benefits through the health professions and nursing educational loan repayment programs authorized by sections 741(f) and 836(h) of the Public Health Service Act. This prohibition would insure that no recipient of a PH/NHSC Scholarship who is performing the resultant period of obligated service could also receive Federal loan repayment benefits based on the same period of service. This prohibition is not to be construed as preventing a recipient from applying for loan repayment benefits pursuant to section 741(f) or 836(h) following completion of the period of obligated service necessitated by receipt of the PH/NHSC Scholarship, if the recipient is otherwise eligible for section 741(f) or 836(h) benefits at that time; nor would this prohibition apply if the PH/NHSC Scholarship funds have been repaid by the recipient, or if the recipient's obligation has been waived by the Secretary.

5. It is proposed to amend the language of § 62.7(c) to include the factors which will be taken into consideration by the Secretary in determining whether to grant a deferment of the period of obligated service. Previously, this determination was to be made only "for good cause shown." The four factors listed in § 62.7(c)(1) are intended to expand and clarify "good cause" and are self explanatory; however, the process of requesting and receiving deferments is explained below.

In September of their final year in professional school, each of the medical, osteopathic, and dental scholarship recipients will submit a form specifying the type of deferment requested, including the specialty, period of time, and whether the internship (or equivalent) and residency would be served in a Public Health Service (PHS) facility or in a non-PHS facility. Each recipient will be asked to list in priority order several internship and residency options, as desired. The request for deferment will be considered for approval in the priority order specified by the recipient. A committee of representatives from the National Health Service Corps, Indian Health Service, and Bureau of Medical Services will recommend to the Secretary approval of one or more of the options requested for deferment, based on a current analysis of the four listed factors in the regulations. The recipients will be informed of the deferment decisions by mail. By April of the following year, these recipients may request a change of deferment based on the results of the National Intern and Resident Matching Program, Intern Registration Program, or other process for matching graduates in medicine, osteopathy, and dentistry with internship (or equivalent) and residency openings. These requests for change of deferment will be considered using the same four factors.

In addition, § 62.7(c)(1) also contains the limitation included in section 408(b)(2)(C) of Pub. L. 94-484 (October 12, 1976), the Health Professions Educational Assistance Act of 1976, that only those periods of internship and residency served in Public Health Service facilities before September 30, 1976, are creditable in satisfying an active duty service obligation.

6. A new subsection (d) is proposed to be added to § 62.7 to require that recipients show evidence of their participation in the internship (or equivalent) or residency for which they have been deferred in order to retain their deferment.

7. The language of § 62.9 on "waiver or suspension" is proposed to be amended to clarify that the provisions of this section apply both to the service obligation, and to the repayment obligation which results from failure to complete the service obligation or from failure to complete academic training. Also the factors which will be taken into consideration in determining whether to waive or suspend an obligation are proposed to be amended by deleting from the list, consideration of the extent to which the recipient is practicing the profession for which support was provided in a manner which is similar to and consistent with the position which the recipient would have occupied in the Public Health Service or the National Health Service Corps. This consideration is felt to be inappropriate in light of the pressing need to place PH/NHSC Scholarship recipients in PHS-sponsored facilities in health manpower shortage areas.

Other changes have been made of a technical and clarifying nature, and to correct typographical errors in the previous text.

It is, therefore, proposed to amend 42 CFR Part 62 as set forth below:

NOTE.—The Department of Health, Education, and Welfare has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A-107.

Dated: February 25, 1977.

JAMES F. DICKSON III,
Acting Assistant Secretary for Health.

Approved: June 22, 1977.

JOSEPH A. CALIFANO, JR.,
Secretary.

PART 62—PUBLIC HEALTH AND NATIONAL HEALTH SERVICE CORPS SCHOLARSHIP PROGRAM

Sec.
62.1 Applicability.
62.2 Definitions.
62.3 Eligibility.
62.4 Application and selection.
62.5 Scholarship and tuition.
62.6 Designation of health-related disciplines, eligibility criteria, and stipend amount.
62.7 Service obligation and deferment.
62.8 Failure to perform.
62.9 Waiver or suspension.

AUTHORITY: Sec. 215, 58 Stat. 690, as amended; 63 Stat. 35 (42 U.S.C. 216); sec. 225, 86 Stat. 1293 (42 U.S.C. 234).

§ 62.1 Applicability.

The regulations in this part are applicable to scholarships awarded pursuant to section 225 of the Public Health Service Act, which authorizes the Secretary to award scholarships in order to obtain trained physicians, dentists, nurses and members of other health-related disciplines for the National Health Service Corps and other units of the Public Health Service.

§ 62.2 Definitions.

As used in this part, the following terms shall have the following meaning:

(a) "Act" means the Public Health Service Act.

(b) "Academic year" means the traditional, approximately nine-month September to June annual session. For the purpose of computing academic year equivalents for students who, during a twelve-month period, attend for a longer period than the traditional academic year, the academic year will be considered to be of nine-months duration.

(c) "Full-time student" means a student who is enrolled in a school, pursuing a course of study leading to a degree or diploma, and who is enrolled for a sufficient number of credit hours in any semester or other academic term to enable such student to complete the course of study within not more than the number of semesters or other academic terms normally required therefor at the school in which the person is enrolled.

(d) "Indian" means any individual who (1) is a member of a tribe, band, or other organized group of Indians (including those tribes, bands or groups terminated since 1940 and those recognized now or in the future by the State in which they reside) or who is a descendant, in the first or second degree, of any such member, or (2) is an Eskimo or Aleut or other Alaska Native, or (3) is considered by the Secretary of the Interior to be an Indian for any purpose.

(e) "Program" means the Public Health and National Health Service Corps Scholarship Training Program authorized under section 225 of the Act.

(f) "Recipient" means any individual who has received scholarship support under this subpart.

(g) "School" means a public or nonprofit private school of medicine, osteopathy, dentistry, pharmacy, nursing or other health-related discipline which provides a course of study, or a portion thereof, which leads respectively to a degree of Doctor of Medicine, Doctor of Osteopathy, Doctor of Dental Surgery or an equivalent degree, Bachelor of Science in pharmacy or an equivalent degree, an associate degree, diploma, or baccalaureate degree in nursing or an appropriate degree for the particular health-related discipline, and which is accredited or assured accreditation by an accerediting agency or association that is recognized for such purpose by the United States Commissioner of Education, or where appropriate by the Secretary.

(h) "Secretary" means the Secretary of Health, Education, and Welfare and any other officer or employee of the Department of Health, Education, and Welfare to whom the authority involved has been delegated.

(i) "Service" means the United States Public Health Service.

§ 62.3 Eligibility.

To be eligible for a scholarship under this subpart an applicant must:

(a) Be accepted for enrollment, or be enrolled, as a full-time student in a school in the United States or its territories or possessions in a health-related discipline determined by the Secretary to be eligible for support pursuant to § 62.6;

(b) Maintain an acceptable level of academic standing. For the purpose of this paragraph, acceptable level of academic standing means the eligibility of a student to continue in attendance at the school where the student is enrolled in accordance with the school's standards and practices;

(c) Be eligible for, or hold, an appointment as a Commissioned Officer in the Regular or Reserve Corps of the Service or be selected for civilian service in the National Health Service Corps;

(d) Meet such other eligibility criteria as the Secretary may prescribe pursuant to § 62.6, and;

(e) Agree in writing to serve, as described in § 62.7, in the Commissioned Corps of the Service or as a civilian member of the National Health Service Corps.

§ 62.4 Application and selection.

(a) An application for a scholarship under this subpart shall be submitted in such form and at such time as the Secretary may require.

(b) Eligible applicants will be evaluated and selected by the Secretary, taking into consideration an applicant's (1) academic performance, (2) career goals, (3) community background, (4) faculty recommendations, (5) graduation date, (6) relevant work experience, and (7) specialty preference.

(c) In order to meet the needs of the Indian Health Service and other units of the Service for members of health-related disciplines who are Indians, eligible Indian applicants will be given priority in the selection of scholarship recipients under this part.

(d) Individuals who are selected and receive scholarships under this part may not enter into an agreement with the Secretary pursuant to section 741(f) or 836(h) of the Act until either (1) the recipient has completed the service obligation required by § 62.7, (2) the Secretary has recovered from such recipient an amount determined in accordance with § 62.8, or (3) any obligation under this part has been waived in accordance with §62.9. In no case shall a scholarship received under this part be considered an educational loan for purposes of section 741(f) or 836(h) of the Act.

§ 62.5 Scholarship and tuition.

(a) The Secretary may award scholarships for each approved academic year of training, not to exceed four years for any individual recipient. The amount of the scholarship stipend which will be paid monthly shall be an amount, not in excess of the basic pay and allowances of a Commissioned Officer, without dependents, on active duty in pay grade 0–1 with less than two years of service, as established by the Secretary pursuant to § 62.6.

(b) The Secretary will contract or otherwise arrange for the payment of those tuition and other educational fees necessarily incurred by a full-time student.

§ 62.6 Designation of health-related disciplines, eligibility criteria, and stipend amount.

The Secretary will from time to time determine and publish in the FEDERAL REGISTER:

(a) A list of those health-related disciplines for which the Service has need and for which support under this part will be available;

(b) Any other eligibility criteria, in addition to those in § 62.3, as may be necessary to assure that applicants in the various health-related disciplines can be utilized during the period of obligated service in a manner which will meet the needs of the Service; and

(c) The amount of the scholarship stipend for each health-related discipline for which support under this part will be available.

§ 62.7 Service obligation and deferment.

(a) A scholarship recipient is obligated to serve on active duty for one year as a Commissioned Officer in the Service or as a civilian member of the National Health Service Corps following completion of academic training for each academic year of support or fraction thereof received under this program: *Provided*, That in no event shall a recipient serve less than two years.

(b) At least one-half of the total period of obligated service required by paragraph (a) of this section to be performed by each recipient shall be spent providing health care and services: (1) In an area designated under section 329(b) of the Act as a critical health manpower shortage area; (2) as a member of the Indian Health Service or Bureau of

Medical Services and in an area determined by the Secretary (under section 329(b) of the Act or otherwise) to have a health manpower shortage; or (3) in connection with any program designated by the Secretary, for the provision of health care and services in such an area.

(c) (1) For recipients receiving a degree from a school of medicine, osteopathy, or dentistry, the period of obligated service will commence upon completion of their academic training, except that such period may be deferred at the option of the Secretary for good cause shown for a period of time for internship (or equivalent training) and residency. In determining whether to grant a deferment, the Secretary shall take into consideration: (i) The needs of the Service for practitioners trained in various specialties; (ii) the needs in the facilities of the Service and the National Health Service Corps for interns (or equivalent) and residents trained in medicine, osteopathy, and dentistry; (iii) the need of the Service to have recipients begin active duty as soon as practicable; and (iv) the necessity for the participant to complete all or part of an internship (or equivalent) or residency in order to practice the recipient's chosen discipline or a specialty thereof consistent with the needs of the Service. Such periods of internship (or equivalent) and residency shall not be creditable in satisfying an active duty service obligation unless such internship (or equivalent) and residency is served before September 30, 1976, in a facility of the Service or other facility of the National Health Service Corps.

(2) For recipients receiving degrees in disciplines other than medicine, osteopathy, and dentistry, the period of obligated service will commence upon completion of their academic training.

(d) (1) A request for a deferment under this section shall be submitted in such form and at such time as the Secretary may require.

(2) The Secretary shall require, as a condition of deferment, annual verification of the recipient's status in the internship (or equivalent) or residency program.

§ 62.8 Failure to perform.

(a) If, for any reason, a recipient fails to complete an active duty service obligation, such recipient shall be liable for the payment of an amount equal to the scholarship stipend, tuition, and other educational fees paid by the Program, plus interest at the maximum legal prevailing rate running from the date such payments were made. Any amount which the United States is entitled to recover under this paragraph shall be paid to the United States within the three-year period beginning on the date on which it is determined that a breach occurred. For the purpose of this paragraph, maximum legal prevailing rate of interest shall mean the maximum permissible rate specified in the District of Columbia Code for this type of debt on the day of breach.

(b) When a recipient undergoing training in the Program terminates academic training, he shall be liable for repayment to the United States for an amount equal to the scholarship stipend, tuition and other educational fees paid by the Program. Any amount which the United States is entitled to recover under this paragraph shall be paid to the United States within three years of the date of termination of academic training.

§ 62.9 Waiver or suspension.

(a) A recipient who fails to complete an active duty service obligation or who fails to complete academic training may seek waiver or suspension of any obligation incurred pursuant to this part upon written request to the Secretary setting forth the bases, circumstances, and causes which support the requested action.

(b) The Secretary may waive or suspend any obligation with respect to any recipient whenever compliance by such recipient:

(1) Is impossible; or

(2) Would involve extreme hardship to such recipient and if enforcement of such obligation with respect to any such recipient would be against equity and good conscience.

(c) For the purpose of paragraph (b)(1) of this section, compliance with an obligation by a recipient will be deemed impossible, and such compliance will be waived, where the Secretary determines, on the basis of such information and documentation as he may require that the recipient has died or suffers from a physical or mental disability that results in the permanent inability of such recipient to perform the service or other activities which would be necessary in order to comply with the obligation.

(d) For the purpose of paragraph (b)(2) of this section, in determining whether to waive or suspend any or all of the indebtedness or service obligation of a recipient as imposing an undue hardship and being against equity and good conscience, the Secretary, on the basis of such information and documentation as he may require, will take into consideration the following:

(1) The recipient's present financial resources and obligations;

(2) The recipient's estimated future financial resources and obligations; and

(3) The extent to which the recipient has problems of a personal nature, e.g., physical or mental disability, terminal illness in the immediate family, which so introduce on the recipient's ability to perform as to raise a presumption that the individual will be unable to perform the obligation incurred.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 73]

[Docket No. 21239; RM-2803]

FM BROADCAST STATION IN BONITA SPRINGS, FLA.

Order Extending Time for Filing Comments and Reply Comments

AGENCY: Federal Communications Commission.

ACTION: Order.

SUMMARY: This action extends the time for filing comments and reply comments regarding the Notice of Proposed Rulemaking and Order to Show Cause in which it was proposed to assign a Class C FM channel to Bonita Springs, Florida, at the request of Gold Coast Broadcasting Corporation. Separate motions for extension of time were filed by Lee County FM, Inc., Radio South Dade, Inc., and Lighthouse Broadcasting Corporation, in which they stated additional time was necessary in order to complete engineering statements.

DATES: Comments must be received on or before July 18, 1977. Reply comments must be received on or before August 5, 1977.

ADDRESS: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

Mildred B. Nesterak, Broadcast Bureau, (202-632-7792).

SUPPLEMENTARY INFORMATION:

In the matter of amendment of § 73.202(b), Table of Assignments, FM Broadcast Stations. (Bonita Springs, Florida); order extending time for filing comments and reply comments.

Adopted: June 24, 1977.

Released: June 28, 1977.

By the Chief, Broadcast Bureau:

1. The Commission has before it three timely motions requesting extension of time for filing comments regarding the notice of proposed rulemaking and order to show cause in the above-entitled proceeding, 42 FR 26232. The present dates for filing comments and reply comments are June 27, and July 18, 1977, respectively.

2. The requests were filed by Lee County FM, Inc., Radio South Dade, Inc., and Lighthouse Broadcasting Corporation, in which they ask that the date for filing comments be extended to July 5, July 11, and July 18, 1977, respectively.

3. Lee County states that because of several other proceedings before the Commission which have and will continue to occupy its counsel's time, counsel will be unable to complete the comments by the deadline date. Counsel for Radio

South Dade, Inc., states that he proposes to file a counterproposal which would permit the assignment of a new Class C channel in Homestead, Florida, but inasmuch as the feasibility of such a proposal was only recently ascertained, additional time is necessary in order to prepare an engineering statement in support of its proposal. Lighthouse Broadcasting asserts it has sound grounds for opposing the proposed channel reassignment and desires to present its arguments cogently and completely so it has retained the services of a consulting engineer who has outlined several reasons why the proposed change would be undesirable. Lighthouse states that its engineer is unable to complete the work in connection with this matter because of prior commitments requiring considerable out-of-town travel.

3. On the basis of the reasons indicated in the above-mentioned motions, we believe additional time is warranted and will specify a date that will accommodate all three requests. Accordingly, *It is ordered*, That the motions for extension of time for filing comments submitted by Lee County FM, Inc. and Radio South Dade, Inc. and Lighthouse Broadcasting Corporation are granted and the time for filing comments and reply comments is extended to and including July 18, and August 5, 1977, respectively.

4. This action is taken pursuant to authority found in Sections 4(i), 5(d)(1) and 303(r) of the Communications Act of 1934, as amended, and Section 0.281 of the Commission's Rules.

FEDERAL COMMUNICATIONS COMMISSION,
WALLACE E. JOHNSON,
Chief, Broadcast Bureau.

[FR Doc. 77-18839 Filed 6-30-77;8:45 am]

[47 CFR Part 73]

[Docket No. 21136]

EDUCATIONAL BROADCAST STATIONS

Policy Regarding Noncommercial Nature; Extension of Comment Period

AGENCY: Federal Communications Commission.

ACTION: Order.

SUMMARY: Order extends time for filing comments until July 15, 1977, to assure that Public Broadcasting Service (PBS) can comment and collect information needed to fully respond to the Commission's Notice of Inquiry concerning the noncommercial nature of educational broadcasting.

ADDRESS: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

Stephen F. Sewell, Broadcast Bureau (202-632-7048).

SUPPLEMENTARY INFORMATION:

ORDER EXTENDING TIME FOR FILING COMMENTS TO THE NOTICE OF INQUIRY

Adopted: June 24, 1977

Released: June 28, 1977.

In the matter of Commission policy concerening the Noncommercial Nature of Educational Broadcast Stations, Docket No. 21136.

1. The Public Broadcasting Service (PBS) has petitioned for an extension of time until July 15, 1977 to file comments in response to the Notice of Inquiry, 42 FR 15927 (March 24, 1977), FCC 77-162, adopted March 2, 1977, released March 15, 1977. Comments are now due by June 30, 1977.[1]

2. PBS states that this proceeding is of vital importance to education broadcasters and that it needs the brief additional time to complete the gathering of information and the preparation of comments.

3. We believe that the comments of, and information submitted by, PBS will be helpful to the Commission in considering the matters under inquiry. Therefore, we believe that the grant of the extension request will serve the public interest.

4. *Accordingly, it is ordered*, That the period for filing comments in Docket No. 21136 is extended to and including July 15, 1977.

5. This action is taken pursuant to authority found in sections 4(i), 5(d) and 303(r) of the Communications Act of 1934, as amended, and § 0.281 of the Commission's rules.

FEDERAL COMMUNICATIONS COMMISSION,
WALLACE E. JOHNSON,
Chief, Broadcast Bureau.

DEPARTMENT OF AGRICULTURE

Food and Nutrition Service

CHILD CARE FOOD PROGRAM

National Averages Payment Factors and Food Cost Factors for the Period July 1–December 31, 1977

Pursuant to Section 17(b) of the National School Lunch Act (42 U.S.C. 1766 (b)) and § 226.4 and § 226.12(h) of the regulations governing the Child Care Food Program (7 CFR Part 226), notice is hereby given that the national average payment factors and food cost factors for meals served to children attending institutions which participate in the Child Care Food Program during the period July 1–December 31, 1977, shall be as follows:

National average payments for breakfasts served in the program: (a) 11.25 cents for each breakfast served in the program; (b) an additional 21.00 cents for each breakfast served to children from families whose incomes meet the eligibility criteria for reduced price school meals; and (c) an additional 28.00 cents for each breakfast served to children from families whose incomes meet the eligibility criteria for free school meals.

National average payments for lunches and suppers served in the program: (a) 14.00 cents for each lunch and supper served in the program; (b) an additional 53.00 cents for each lunch and supper served to children from families whose incomes meet the eligibility criteria for reduced price school meals; and (c) an additional 63.00 cents for each lunch and supper served to children from families whose incomes meet the eligibility criteria for free school meals.

For supplements served in the program: (a) 5.75 cents for each supplement served; (b) an additional 11.50 cents for each supplement served to children from families whose incomes meet the eligibility criteria for reduced price school meals; and (c) an additional 17.25 cents for each supplement served to children from families whose income meet the criterial for free school meals.

The total amount of payments to be made to each State agency from the sums appropriated for the program shall be based upon these national average payment factors and the number of meals of each type served.

The above factors for breakfasts are identical to those prescribed for breakfasts under the School Breakfast Program; the factors prescribed for lunches and suppers are identical to those prescribed for lunches served under the National School Lunch Program. National average payment factors for supplements are unique to the Child Care Food Program. These factors are adjusted semi-annually to reflect changes in the Consumer Price Index series for food away from home.

Food cost factors for meals served to children attending family and group day care homes whose sponsoring organizations participate in the Child Care Food Program during the period July 1–December 31, 1977, shall be as follows: (a) 44.25 cents for each lunch or supper; (b) 24.75 cents for each breakfast; and (c) 15.00 cents for each supplement.

The above food cost factors may be used by sponsoring organizations for all family and group day care homes under their jurisdiction, in lieu of maintaining records on the actual cost of food used. These factors are adjusted semi-annually to reflect changes in the Consumer Price Index series for food away from home.

Definitions: The terms used in this notice shall have the meanings ascribed to them in the regulations governing the Child Care Food Program (7 CFR Part 226).

(Catalog of Federal Domestic Assistance Program No. 10.558, National Archives Reference Services.)

Effective date: This notice shall be effective as of July 1, 1977.

Dated: June 28, 1977.

CAROL TUCKER FOREMAN,
Assistant Secretary for Food and Consumer Services.

[FR Doc.77-18859 Filed 6-30-77;8:45 am]

NATIONAL SCHOOL LUNCH PROGRAM

National Average Payment for the Period July 1–December 31, 1977

Pursuant to Section 11 of the National School Lunch Act (42 U.S.C. 1759a) and § 210.4 and § 210.11 of the regulations governing the National School Lunch Program (7 CFR Part 210), notice is hereby given of adjustments in the national average factors for payment for lunches and the maximum rates of reimbursements. The national average factors for payment for lunches served during the six-month period July 1–December 31, 1977, to children participating in the National School Lunch Program are as follows: (a) 14.00 cents from general cash-for-food assistance fund for each lunch; (b) an additional 53.00 cents from special cash assistance funds for each reduced price lunch, and (c) an additional 63.00 cents from special cash assistance funds for each free lunch.

The total amount of general cash-for-food assistance payments and special cash assistance payments to be made to each state agency from the sums appropriated therefor, shall be based upon such national average factors.

The above factors represent a 4.9 percent increase in the factors prescribed for the period January–June, 1977. This represents the percent of increase during the six-month period December, 1976–May, 1977 (from 190.0 in November, 1976 to 199.3 in May, 1977) in the series for food away from home of the Consumer Price Index, published by the Bureau of Labor Statistics of the Department of Labor.

For the six-month period July 1–December 31, 1977, (a) the maximum rate of reimbursement from general cash-for-food assistance funds shall be 20.00 cents per lunch served; (b) the maximum per lunch reimbursement (from a combination of general cash for food assistance and special cash assistance funds) shall be 92.00 cents for a free lunch and 82.00 cents for a reduced price lunch.

Definitions. The terms used in this notice shall have the meanings ascribed to them in the regulations governing the National School Lunch Program (7 CFR Part 210) and the regulations for Determining Eligibility for Free and Reduced Price Meals and Free Milk in Schools (7 CFR Part 245).

(Catalog of Federal Domestic Assistance Program No. 10.555, National Archives Reference Services.)

Effective date: This notice shall be effective as of July 1, 1977.

Dated: June 28, 1977.

CAROL TUCKER FOREMAN,
Assistant Secretary for Food, and Consumer Services.

[FR Doc.77-18860 Filed 6-30-77;8:45 am]

SCHOOL BREAKFAST PROGRAM

National Average Payments for the Period July 1–December 31, 1977

Pursuant to Section 11 of the National School Lunch Act (42 U.S.C. 1759a) and § 220.4 and § 220.9 of the regulations governing the School Breakfast Program (7 CFR Part 220), notice is hereby given that the national average payment factors for breakfasts served during the six-month period July 1–December 31, 1977, to children participating in the School Breakfast Program shall be: (a) 11.25 cents for all breakfasts; (b) an additional 21.00 cents for each reduced price breakfast, and (c) an additional 28.00 cents for each free breakfast. The total

amount of breakfast assistance payments to be made to each State agency from the sums appropriated therefor, shall be based upon such national average factors: *Provided, however*, That additional payments shall be made in such amounts as are needed to finance reimbursement rates assigned for especially needy schools under § 220.9.

The above factors represent a 4.9 percent increase in the factors prescribed for the period January 1–June 30, 1977. This represents the percent of increase during the six-month period December 1976 to May 1977 (from 190.0 in November 1976 to 199.3 in May 1977) in the series for food away from home of the Consumer Price Index, published by the Bureau of Labor Statistics of the Department of Labor. For non-especially needy schools, the maximum rates of reimbursement for paid breakfasts, for reduced price breakfasts, and for free breakfasts shall be equal to the respective factors set out above.

For especially needy schools, the maximum rate of reimbursement for paid breakfasts shall be equal to the national average factor for all breakfasts; the maximum rate of reimbursement for reduced price and free breakfasts shall be 40 and 45 cents, respectively.

Definitions. The terms used in this notice shall have the meanings ascribed to them in the regulations governing the School Breakfast Program (7 CFR Part 220) and the regulations for Determining Eligibility for Free and Reduced Price Meals and Free Milk in Schools (7 CFR Part 245).

(Catalog of Federal Domestic Assistance Program No. 10.553, National Archives Reference Services.)

Effective date: This notice shall be effective as of July 1, 1977.

Dated: June 28, 1977.

CAROL TUCKER FOREMAN,
Assistant Secretary for Food and Consumer Services.

Forest Service

LITTLE KERN UNIT—SEQUOIA NATIONAL FOREST, LAND MANAGEMENT PLAN

Availability of Final Environmental Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Forest Service, Department of Agriculture, has prepared a final environmental statement for the Land Management Plan Little Kern Unit, Sequoia National Forest, California. USDA-FS-R5-FES(Adm) 77-1.

The environmental statement concerns the proposed land management plan for 111,763 acres of National Forest lands known as the Little Kern Planning Unit of the Sequoia National Forest, located in Tulare County, California. About 102,000 acres within the Planning Unit have been previously inventoried as "roadless area." Nine alternative land management plans are presented and a preferred alternative identified. The latter recommends that about 49,000 acres of the Planning Unit be studied for inclusion in the wilderness preservation system; that timber on the remaining portion be harvested at the rate of 10.85 million board feet per year; that the Little Kern Golden Trout, a species unique to the Little Kern drainage, be maintained through protective management of stream habitat; that developed as well as dispersed recreation be provided; that automobile as well as trail access be provided to the recreation user of the portion not included in the wilderness study area.

This final environmental statement was transmitted to the Council on Environmental Quality (CEQ) on June 24, 1977.

Copies are available for inspection during regular working hours at the following locations:

USDA, Forest Service, South Agriculture Bldg., Room 3210, 12th St. and Independence Ave., SW., Washington, D.C. 20250.
Forest Supervisor's Office, Sequoia National Forest, 900 W. Grand Avenue, Porterville, CA 93257.
Regional Forester, U.S. Forest Service, Rm. 529, 630 Sansome Street, San Francisco, CA 94111.
District Ranger, U.S. Forest Service, 32588 Highway 190, Porterville, CA 93257.

A limited number of single copies are available upon request to the Forest Supervisor, John Leasure, Sequoia National Forest, 900 W. Grand Avenue, Porterville, CA 93257.

Copies of the environmental statement have been sent to various Federal, State and local agencies as outlined in the CEQ guidelines.

R. W. FEUCHTER,
Deputy Chief, Forest Service.

Packers and Stockyards Administration

HOT SPRINGS COUNTY LIVESTOCK COMMISSION CO., ET AL.

Proposed Posting of Stockyards

Correction

In FR Doc. 77-17641 appearing in the issue of Tuesday, June 21, 1977 on page 31472, the date in the last paragraph should be corrected. The last paragraph should read as follows:

Any person who wishes to submit written data, views, or arguments concerning the proposed rule, may do so by filing them with the Chief, Registrations, Bonds, and Reports Branch, Packers and Stockyards Administration, United States Department of Agriculture, Washington, D.C. 20250, by July 21, 1977.

Rural Electrification Administration

BIG RIVERS ELECTRIC CORP., HENDERSON, KENTUCKY

Final Environmental Impact Statement Supplement

Notice is hereby given that the Rural Electrification Administration has prepared a Final Environmental Impact Statement Supplement in accordance with section 102(2)(C) of the National Environmental Policy Act of 1969, in connection with a commitment to guarantee a $173,364,000 loan to Big Rivers Electric Corporation, P.O. Box 24, Henderson, Kentucky. The loan guarantee is to finance the construction of a 240 MW generating unit at the existing Robert Reid Power Station near Sebree, Kentucky, and approximately 50 miles of 161 kV transmission line and related facilities.

Additional information may be secured on request, submitted to Mr. Richard F. Richter, Assistant Administrator—Electric, Rural Electrification Administration, U.S. Department of Agriculture, Washington, D.C. 20250. The Final Environmental Impact Statement Supplement may be examined during regular business hours at the offices of REA in the South Agriculture Building, 12th Street and Independence Avenue SW., Washington, D.C., Room 4310, or at the borrower's address above.

Final REA action with respect to this matter (including any release of funds) may be taken after thirty (30) days, but only after REA has reached satisfactory conclusions with respect to its environmental effects and after procedural requirements set forth in the National Environmental Policy Act of 1969 have been met.

Dated at Washington, D.C., this June 14, 1977.

DAVID A. HAMIL,
Administrator, Rural Electrification Administration.

Soil Conservation Service

MUD RIVER WATERSHED PROJECT, KENTUCKY

Availability of Negative Declaration

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Soil Conservation Service Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for floodwater retarding structure No. 44 of the Mud River Watershed project, Butler, Logan, Muhlenberg, and Todd Counties, Kentucky.

The environmental assessment of this Federal action indicates that the structure will not create significant adverse local, regional, or national impacts on the environment and that no significant controversy is associated with the structure. As a result of these findings, Mr. Glen E. Murray, State Conservationist, Soil Conservation Service, has determined that the preparation and review of an environmental impact statement is not needed for this structure.

The project concerns a plan for watershed protection and flood prevention.

The planned works of improvement consist of one single-purpose floodwater retarding structure.

The negative declaration is being filed with the Council on Environmental Quality and copies are being sent to various Federal, State, and local agencies. The basic data developed during the environmental assessment is on file and may be reviewed by interested parties at the Soil Conservation Service, 333 Waller Avenue, Lexington, Kentucky 40504. A limited number of copies of the negative declaration is available from the same address to fill single copy requests.

No administrative action on implementation of the proposal will be taken until July 18, 1977.

(Catalog of Federal Domestic Assistance Program No. 10.904, Watershed Protection and Flood Prevention Program, Public Law 83-566, 16 U.S.C. 1001-1008.)

Dated: June 17, 1977.

JOSEPH W. HAAS,
Assistant Administrator for Water Resources, Soil Conservation Service, U.S. Department of Agriculture.

[FR Doc.77-18795 Filed 6-29-77;8:45 am]

PINE LOG TRIBUTARY WATERSHED PROJECT, GEORGIA

Availability of Negative Declaration

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Soil Conservation Service Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for a portion of the remaining measures to be installed in the Pine Log Tributary Watershed project, Bartow, Gordon, and Cherokee Counties, Georgia.

The environmental assessment of this Federal action indicates that this portion of the measures will not create significant adverse local, regional, or national impacts on the environment and that no significant controversy is associated with this portion of the project. As a result of these findings, Mr. Dwight M. Treadway, State Conservationist, Soil Conservation Service, has determined that the preparation and review of an environmental impact statement is not needed for this portion of the project.

The project concerns a plan for watershed protection and flood prevention. The planned works of improvement, as described in the negative declaration include conservation land treatment and floodwater retarding structure No. 86 located in the northwest portion of the project, east of the town of Calhoun, Georgia.

The negative declaration is being filed with the Council on Environmental Quality and copies are being sent to various Federal, State, and local agencies. The basic data developed during the environmental assessment is on file and may be reviewed by interested parties at the Soil Conservation Service, 206 Federal Building, 355 East Hancock Avenue, Athens, Georgia 30603. A limited number of copies is available from the same address to fill single copy requests.

No administrative action on implementation of the proposal will be taken July 18, 1977.

(Catalog of Federal Domestic Assistance Program No. 10.904, Watershed Protection and Flood Prevention Program, Public Law 83-566, 16 U.S.C. 1001-1008.)

Dated: June 17, 1977.

JOSEPH W. HAAS,
Assistant Administrator for Water Resources, Soil Conservation Service, U.S. Department of Agriculture.

[FR Doc.77-18796 Filed 6-30-77;8:45 am]

RICHLAND CREEK WATERSHED PROJECT, TEXAS

Availability of Negative Declaration

Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Soil Conservation Service Guidelines (7 CFR Part 650); the Soil Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Richland Creek Watershed project, Navarro, Ellis, Hill, Limestone, and Freestone Counties, Texas.

The environmental assessment of this Federal action indicates that the project will not create significant adverse local, regional or national impacts on the environment and that no significant controversy is associated with the project. As a result of these findings, Mr. George C. Marks, State Conservationist, Soil Conservation Service, has determined that the preparation and review of an environmental impact statement is not needed for this project.

The project concerns a plan for watershed protection and flood prevention. The remaining planned works of improvement as described in the negative declaration include the installation of floodwater retarding structure Nos. 36, 69, and 143A.

The environmental assessment file is available for inspection during regular working hours at the Soil Conservation Service, USDA, W. R. Poage Federal Bnilding, 101 South Main Street, Temple, Texas 76501. Requests for the negative declaration should be sent to P.O. Box 648, Temple, Texas 76501.

No administrative action on implementation of the proposal will be taken until July 18, 1977.

(Catalog of Federal Domestic Assistance Program No. 10.904, Flood Control Act, Public Law 78-534, 58 Stat. 905.)

Dated: June 17, 1977.

JOSEPH W. HAAS,
Assistant Administrator for Water Resources, Soil Conservation Service, U.S. Department of Agriculture.

CIVIL AERONAUTICS BOARD

[Order 77-6-136, Docket 30564]

AIRLINE TARIFF PUBLISHING CO.

Order

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 28th day of June, 1977.

By letter petition filed March 1, 1977, on behalf of all U.S. scheduled-service certificated air carriers and all motor carriers who might be interested in participating in a consolidated air-motor rules tariff, Airline Tariff Publishing Company (ATP),[1] requests prior Board approval to hold joint airline-motor carrier discussions for the purpose of developing uniform tariff rules for a domestic intermodal rules tariff.

The present outstanding authority granted to ATP member-carriers to discuss uniformity of rules does not include motor carriers, notwithstanding that the scope of ATP's tariff publishing activities has been expanded to include such intermodal tariffs.

The Air Freight Motor Carriers Conference (AFMCC) has filed an answer in support of the discussions.[2] The answer was accompanied by a Motion For Leave to File An Unauthorized Document, which the Board will grant. AFMCC states that a significant number of its members are interested in participating in the proposed joint discussions, and specifically suggests that the discussions embrace liability limits, declared value rules, claim procedures, shipping documents, and all other tariff rules and regulations affecting air/motor service, consistent with the Board's newly prescribed rules and principles set down in the *Liability and Claims Rules and Practices Investigation*, Docket 19923, Order 76—3-139.

Upon consideration of the petition and answer, and other relevant matters, the Board will approve the request for a period of six months.

It is our view that such discussions would be in the public interest. Order 76-3-139 in the *Liability and Claims Rules and Practices Investigation* fixed the monetary limit of liability for direct air carriers at $9.07 per pound per piece, and the air carriers have amended their tariffs accordingly for effectiveness July 12, 1977. At the same time, motor carriers generally, and particularly those

[1] Airline Tariff Publishing Company, Dulles International Airport, P.O. Box 17415, Washington, D.C. 20041.

[2] AFMCC is an association of 55 motor carriers who hold I.C.C. operating authority for traffic having a prior or subsequent movement by air. See Appendix A hereto.

who specialize in prior-or-subsequent-to-air movements, now enjoy a ICC-granted nationwide Released Rate Order (RRO),[4] whereby their liability per shipment is limited to $50, or fifty cents per pound whichever is greater. Thus, the intermodal shipper will be faced with two separate and differing liability regimes, and an agreement to resolve this conflict would appear to be in the public interest. Additionally, there are four joint ICC/CAB air-motor rates and rules tariffs on file with the Board, issued by American Airlines, Flying Tiger, TWA, and United.[5] The liability is joint as to those motor carriers which have joined in one or more of these joint rates and rules tariffs. But here too Order 76-3-139 has created two differing monetary liability regimes—a situation which should be resolved. It should be noted that not all motor carriers are parties to these joint tariffs. As a matter of fact some motor carriers are parties to only one, two, or three of these joint tariffs. See Appendix A hereto.

Accordingly, there are approximately 250 motor carriers who might participate in a joint and through-service air-motor rules tariff which would govern either a combination of the separate air and motor local or local proportional rates, or alternatively, as market pricing needs may dictate, selected joint rates, or both. Moreover, such a joint and through-service air-motor rules tariff would serve to support the present thru-bill practice and would establish a joint documentation and liability regime.

As given in the answer of AFMCC, this situation needs serious and careful attention by the air carriers, as well as the closest cooperation of the interested motor carriers, and we will so condition our approval of the discussions to permit the carriers to pursue these issues.

The Board will not, however, authorize joint discussions on matters involving rates or charges, consistent with our action on Agreement 23157.[6]

Accordingly, pursuant to the Federal Aviation Act of 1958 and particularly sections 204(a), 412 ,and 414 thereof.

It is ordered, that:

1. The motion of the Air Freight Motor Carriers Conference is granted;

2. The petition of ATP to hold joint and through-service air-motor rules tariff discussions is approved, and all U.S. certificated route air carriers engaged in interstate or overseas air transportation, and all motor carriers subject to the Interstate Commerce Act, are authorized to engage in joint discussions with respect to such tariff rules governing intermodal (air-motor) transportation for a period of 6 months from the date of this order, subject to the conditions that:

(a) such discussions may embrace such matters as the joint monetary limit of liability, time limits on the filing of claims and actions at law, claim handling procedures, documentation, and any other relevant rules and practices necessary to facilitate the maximum possible cordination and facilitation of intermodal transportation; but such discussions shall not include any matters which directly or indirectly affect the rates or charges paid by the consumer;

(b) an agenda of matters to be discussed shall be filed with the Board in this docket at least 15 calendar days in advance with respect to any meeting called pursuant to this order; [8] and

(c) any interested person may advise ATP that it is interested in these discussions, and all meeting notices, agendas, minutes, and any agreements reached shall also be mailed to such person, interested shippers and indirect air carriers, with such notices to include an invitation to submit comments upon the agenda matters, and/or to request appointments for personal appearances at the carriers' meetings;

3. The Board reserves the right to have one or more observers in attendance at all meetings of the carriers;

4. Complete and accurate minutes shall be kept of all meetings, and a true copy thereof filed with the Board's Docket Section not later than 15 days after the conclusion of each meeting; and

5. Any agreement or agreements reached as a result of such discussions shall be filed with the Board in accordance with section 412 of the Act and approved by the Board prior to being filed in tariffs or otherwise placed into effect;

6. This order shall be served upon Airline Tariff Publishing Company, all U.S. certificated route air carriers, all domestic air freight forwarders, the Air Freight Motor Carriers Conference, Air Cargo, Inc., and the Interstate Commerce Commission.[9]

This order shall be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

[FR Doc.77-18879 Filed 6-30-77;8:45 am]

[4] ICC RRO MC-638.

[5] The existing joint air-motor domestic rules tariffs are: *American:* Truck-Air Rules Tariff No. 1, MF-ICC No. 1, C.A.B. No. 1, T. R. Phelan, Agent (Phelan's No. 1); governs *combination* rates only; *American:* Truck-Air Rules Tariff No. 1, MF-ICC No. 1, C.A.B. No. 1, W. R. Clarke, Agent (Clarke's No. 1); governs *joint* rates only; *Flying Tiger:* Skyroad Rules Tariff No. 1, MF-ICC No. 1, C.A.B. No. 1, Jerald J. Angel, Agent (Angel's No. 1); governs *joint* rates only; *TWA:* Truck-Air Rules Tariff No. 1, MF-ICC No. 1, C.A.B. No. 1, John R. Barch, Agent (Barch's No. 1); governs *joint* rates only; *United:* Official Joint Air-Motor Rules Tariff No. 1, MF-ICC No. 1, C.A.B. No. 237, Airline Tariff Publishing Company, Agent (ATP No. 1); governs *joint* rates only.

[6] Order 73-4-120, April 27, 1973.

[8] If the air carriers so desire, they may appoint a secretary to represent them for the purposes of preparing meeting notices, agendas, minutes of meetings, and the filing of agreements.

[9] The Board requests that ATP insure that the motor carriers listed in Appendix A are furnished copies of this Order. Appendix A filed as part of the original document.

[Order 77-6-137; Docket 29123]

INTERNATIONAL AIR TRANSPORT ASSOCIATION

Order Denying Petition for Reconsideration

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 28th day of June 1977.

By Order 77-3-54, dated March 9, 1977, the Board approved, in many respects, agreements adopted by the member carriers of the International Air Transport Association (IATA), which established fares over the North Atlantic for the period April 1, 1977 through March 31, 1978. While the Board determined that the combined forecast earnings of Pan American World Airlines, Inc. (Pan American) and Trans World Airlines, Inc. (TWA) warranted fare increases, it disapproved the increase proposed in normal economy fares on the basis of an analysis which demonstrated that they exceeded full cost by more than 20 percent. The Board's analysis was predicated on the combined actual cost of operations of both Pan American and TWA in 1976 between New York and London, at a 50-percent passenger load factor. The carriers' projected cost escalation of six percent was accepted as was an 18-percent dilution in yield, although the Board indicated that the latter appeared excessive. Based on this analysis it was found that the fares proposed would significantly exceed carrier costs, including return on investment, and that disapproval was warranted since to do otherwise "would impose an excessive and unwarranted burden on passengers traveling at these fares—at least until a more exhausive inquiry can be undertaken in the pending investigation" (*North Atlantic Fares Investigation*, Docket 27918.

On May 13, 1977, Pan American filed a motion for leave to file an unauthorized document, which is hereby granted, accompanied by a petition for reconsideration of Order 77-3-54. Pan American alleges that the Board's conclusion to deny the proposed increase in normal economy fares was reached on the basis of a finding that the economic data for a single city-pair market warranted disapproval. Use of only a single market, Pan American contends, represents the establishment of an arbitrary and capricious cost-benchmark for evaluating the proposed fares which is not representative of the costs of the entire North Atlantic market in which the fares apply.

In support of its petition, Pan American states that (1) the cost levels in the New York-London market are not representative of those in the overall North Atlantic market and (2) the selection of the New York-London nonstop market as the cost-determinant has a material impact on the evaluation of the proposed fare increase. Pan American alleges that the New York-London nonstop market is more cost-efficient than other North At-

lantic markets because it involves a higher volume of traffic; permits more frequent utilization of larger, more efficient aircraft; involves no cost-producing intermediate stops; and permits operation at higher sustained speeds, thus minimizing cost per passenger-mile.

Pan American's adjustments to the Board's analysis allegedly reflect actual average stage-length, actual average revenue block-speeds, and actual fleet compositions for the North Atlantic market in total. Pan American contends that, under these circumstances and by using reported costs rather than projected costs for the relevant period, its costs exceed the proposed economy fares by two percent. The fare level would exceed the composite total economic cost for Pan American and TWA by only eight-percent, rather than the 23 percent found by the Board and that this eight percent disparity itself might be inflated. The use of proper cost figures, Pan American contends, would result in a determination that the proposed fares do not exceed full economic cost by an amount sufficient to impose an undue burden upon normal economy-fare passengers.

In answer to Pan American's petition for reconsideration, the member carriers of the National Air Carrier Association (NACA)[1] urge denial on the ground that the petition is untimely and the case without merit. In support of its position, NACA alleges that the New York-London segment is not atypical of U.S.-Europe operations in that the shorter-haul segments beyond the European gateways are operated by Pan American in substantial part for high-yield Fifth Freedom traffic. Accordingly, if Pan American wishes to use shorter stage-length costs it should also use the higher yields which accompany those costs. NACA further alleges that the Board's use of a 50-percent load factor in determining New York-London costs is quite conservative; that Pan American continues to utilize its unrealistic 24-percent dilution figure, which the Board characterized as unreasonably high; and that accepting *arguendo* Pan American's forecast aggregate cost for itself and TWA which is 14 percent higher than the Board's forecast, the proposed fare level is still substantially higher than necessary to cover the full cost of service.

Upon consideration of Pan American's petition and NACA's reply, we find nothing to convince us that the Board erred in its decision to disapprove the normal economy-fare increases, and the petition will therefore be denied. As noted in our discussion in Order 77-3-54, this issue will be subject to exhaustive inquiry in the pending formal investigation.

Pan American petitions for reconsideration essentially on two grounds: (1) that evaluation of the proposed normal economy fares should be made on the basis of its cost of providing total North Atlantic services and (2) that the use of only the New York-London market as a benchmark for evaluation is inappropriate. We are unable to concur with its approach.

Pan American argues that cost levels in the New York-London market are not representative of the North Atlantic market. While we discuss below our choice of the New York-London market as a benchmark, Pan American is actually arguing that nonstop services, regardless of the particular city pair used, are not representative of costs in the North Atlantic market. We do not disagree. However, in this case, the Board is evaluating a specific fare between the United States and Europe; we are not seeking an average North Atlantic cost figure. In this regard, the use of costs reflecting all of the carriers' many-faceted operations, including multistop operations within Europe, Africa and the Middle East, to determine the fare to be charged the normal economy fare transatlantic passenger is inappropriate.

First, as NACA points out, any evaluation of the type Pan American suggests would have to take into account the level of normal economy fares within Europe. Obviously if intra-European services are to be costed on multistop transatlantic flights, the very high intra-European fares must also be considered and factored out.

Furthermore, while multistop flights are of benefit to certain transatlantic passengers, such operations reflect the carriers' managerial aim to maximum profitability and they do not best serve the demands of the business-oriented normal-fare passenger. Thus, to cost a multistop operation on the basis of a 50-percent normal economy-fare load factor and maintain this load factor over every segment of the operation, considering the high yield of intra-Europe fares, places a quite unreasonable cost burden on the economy-fare passenger and would probably place Pan American in a significantly excess earnings position. In any event, Pan American has provided no data or argument which would justify including intra-Europe economy fare segment costs and the matter will be left for resolution in the currently pending investigation.

In addition, Pan American argues that an average stage length of 1,886 miles should be used as the cost base as representative of its transatlantic services. Such a stage length does not reflect any transatlantic flight but places the aircraft over the Atlantic Ocean far short of any landfall. More importantly, virtually all major European cities receive direct nonstop services. Currently 21 foreign destinations receive nonstop services from New York. The U.S. carriers, which generally have the authority to provide competitive services, presently serve 12 of these destinations nonstop.

In view of the foregoing, we believe our use of nonstop operations for the evaluation of transatlantic normal economy fares is appropriate. Furthermore, we consider our use of New York-London services an appropriate benchmarket from which to evaluate normal economy fares. In fact, the use of this city pair by the Board and carriers alike as typical of the North Atlantic fare structure appears to favor rather than disadvantage the carriers. Pan American alleges that New York-London service is more cost efficient than the average because the market involves a higher volume of traffic, permits greater utilization of larger, more efficient aircraft, involves no cost-producing intermediate stops and permits operation at higher sustained speeds thus minimizing cost per passenger mile. These arguments do not sustain Pan American's conclusions.

We are unable to discern any significant cost differences in providing service to London and to other European cities, although this issue can be further developed in the formal investigation. While services to London involve a higher volume of traffic than do other European cities, our use of a 50-percent average passenger load factor takes account of differences in traffic density and, in fact, overstates costs to London. Use of a higher, more realistic load factor reflecting the density of the London market would reduce per passenger costs, thereby further increasing the spread between the proposed economy-fare level and the cost of providing the service. In the same vein, while London involves no cost-producing intermediate stops, our use of the carriers' fare dilution factors, albeit with misgivings about Pan American's high 24 percent compared with 12 percent for TWA, takes this factor into account. Our use of an average dilution factor of 18 percent likewise overstates London costs. Lastly, Pan American's argument that operations to London permit aircraft to be operated at higher sustained speeds is valid only if no other European destination beyond London received nonstop service. Since 21 such destinations currently receive direct nonstop service from New York, it would be expected that fares governing these operations would reflect the usual downward taper in fare per mile considering the greater nonstop distances at higher sustained speeds that are involved. Our analysis of the proposed peak-season normal economy fares indicates, however, that this is not the case. These proposed fares reflect, with only one exception, an inverse taper. Thus our use of New York-London cost as our benchmark is quite conservative and, accordingly, our prior decision will be sustained.

In view, of the above, we conclude that the issues presented by Pan American, are not sufficient to warrant reversal of our disapproval of increases in normal economy fares, in Order 77-3-54, and Pan American's petition will therefore be denied.

Accordingly, *It is ordered*, that:

1. The petition of Pan American World Airways, for reconsideration of Order 77-3-54 be and hereby is denied.

2. The motion of Pan American World Airlines, Inc. for leave to file an otherwise unauthorized document is granted.

[1] Representing Overseas, National Airways, Inc., Trans International Airlines, Inc., and World Airways, Inc.

This order will be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

DEPARTMENT OF COMMERCE

National Fire Prevention and Control Administration

ADVISORY COMMITTEE ON FIRE TRAINING AND EDUCATION FOR THE NATIONAL ACADEMY FOR FIRE PREVENTION AND CONTROL

Open Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following committee meeting:

NAME: Advisory Committee on Fire Training and Education for the National Academy for Fire Prevention and Control (Committee).

DATE OF MEETING: July 25-27, 1977.

PLACE: Edgewater Inn, Pier 67, Seattle, Washington.
TIME: 9 a.m. to 5 p.m.

PROPOSED AGENDA:

July 25, 1977: Receive public comment; review activities of last meeting; staff reports.
July 26, 1977: Committee reports; new business; meetings of subcommittees.
July 27, 1977: Subcommittee reports; determine future requests of staff; selection of next meeting date and location.

The meeting will be open to the public with approximately 20 seats available on a first-come, first-served basis.

Monday, July 25, 1977, from 9 a.m. to 12 noon, has been set aside for public comment, with participation on first-come, first-served basis. Oral presentations shall be limited to 20 minutes per comment or proposal, with additional time being allowed by the Chairman at his discretion, if time permits. Advanced scheduling is encouraged and may be made by contacting: Ms. Jane Sornberger, National Fire Academy, National Fire Prevention and Control Administration, PO Box 19518, Washington, D.C. 20036 (202-643-7541) on or before July 20, 1977.

Minutes of the meeting will be prepared by the Committee and will be available for public viewing in Room 214, National Fire Prevention and Control Administration, 2400 M Street, NW., Washington, D.C. Copies of the minutes will be available upon request 30 days after the meeting.

Dated: June 28, 1977.

HOWARD D. TIPTON,
Administrator, National Fire Prevention and Control Administration.

National Oceanic and Atmospheric Administration

SOVRYBFLOT, MOSCOW, U.S.S.R.

Issuance of a General Permit

On June 17, 1977, a General Permit was issued to Sovrybflot, Moscow, U.S.S.R., to take marine mammals incidental to commercial fishing operations within the United States Fishery Conservation Zone pursuant to 50 CFR Section 216.24 (39 FR 32117-32124), as amended. The General Permit is available for public inspection in the Office of the Director, National Marine Fisheries Service, 3300 Whitehaven Street, NW., Washington, D.C.

Dated: June 17, 1977.

WINFRED H. MEIBOHM,
Associate Director, National Marine Fisheries Service.

[FR Doc.77-18845 Filed 6-30-77;8:45 am]

National Marine Fisheries Service

PUBLIC DISPLAY PERMIT

Receipt of Application

Notice is hereby given that the following Applicant has applied in due form for a Permit to take and import marine mammals for public display as authorized by the Marine Mammal Protection Act of 1972 (16 U.S.C. 1361-1407); and the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR Part 216).

Minnesota Zoological Gardens, 12101 Johnny Cake Ridge Road, Apple Valley, Minnesota 55124, requests to take and import four (4) beluga whales (*Delphinepterus leucas*).

The whales will be maintained in a pool 50 feet by 80 feet by 16 feet with a volume of 408,000 gallons and a holding pool 24 feet in diameter by 9 feet deep with a capacity of 30,000 gallons.

The Zoological Gardens display is currently under construction and is expected to have some 2,000,000 visitors each year with several educational and research programs to be associated with it. The institution is a non-profit general public facility operating as a State agency open seven days a week.

The whales will be collected by a commercial contractor and shipped to Minnesota by commercial aircraft and truck. The animals will be captured with nets in the Hudson Bay Region of Canada.

The arrangements and facilities for transporting and maintaining the marine mammals requested in the above described application have been inspected by a licensed veterinarian, who has certified that such arrangements and facilities are adequate to provide for the well-being of the marine mammals involved.

Documents submitted in connection with the above application are available for review in the following offices: Director, National Marine Fisheries Service, 3300 Whitehaven Street NW., Washington, D.C.; and Regional Director, National Marine Fisheries, Northeast Region, Federal Building, 14 Elm Street, Gloucester, Massachusetts 01930.

Concurrent with the publication of this notice in the FEDERAL REGISTER, the Secretary of Commerce is forwarding copies of this application to the Marine Mammal Commission and the Committee of Scientific Advisors.

Written data or views, or requests for a public hearing on this application should be submitted to the Director, National Marine Fisheries Service, Department of Commerce, Washington, D.C. 20235, within 30 days of the publication of this notice. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular application would be appropriate. The holding of such hearing is at the discretion of the Director.

All statements and opinions contained in this notice in support of this application are summaries of those of the Applicant and do not necessarily reflect the views of the National Marine Fisheries Service.

Dated: June 28, 1977.

ROBERT J. AYERS,
Acting Assistant, Director for Fisheries Management, National Marine Fisheries Service.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

ANNOUNCING ADDITIONAL OFFICIALS AUTHORIZED TO ISSUE VISAS FOR TEXTILE PRODUCTS EXPORTED TO THE UNITED STATES FROM MACAU

Additions to List

JUNE 28, 1977.

AGENCY: Committee for the Implementation of Textile Agreements.
ACTION: Additions to the list of officials authorized to issue visas for cotton, wool and man-made fiber textile products exported from Macau to the United States.

SUMMARY: This action adds the names of Angelo Bemdito Galdino Dias and Joana Maria Sousa Santos to the previously published list of officials who are authorized to issue export visas for cotton, wool and man-made fiber textile products, produced or manufactured in Macau and exported to the United States. A complete list of Macau officials currently so authorized is published as an enclosure to the letter to the Commissioner of Customs which follows this notice.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT: Judith L. McConahy, Interna-

tional Trade Specialist, Office of Textiles, U.S. Department of Commerce, Washington, D.C. 20230. (202–377–5423)

SUPPLEMENTARY INFORMATION: On August 14, 1973, a letter to the Commissioner of Customs from the Chairman of the Committee for the Implementation of Textile Agreements, was published in the FEDERAL REGISTER (38 FR 21962), which established an export visa requirement for cotton, wool, and man-made fiber textile products, produced or manufactured in Macau and exported to the United States under the provisions of the Bilateral Cotton, Wool and Man-Made Fiber Textile Agreement of March 3, 1975, between the Governments of the United States and Portugal. One of the requirements is that the visas must be signed by an authorized official. Macau has requested that the names of Angelo Bemdito Galdino Dias and Joana Maria Sousa Santos be added to the list of officials authorized to issue export visas. In the letter published below the Chairman of the Committee for the Implementation of Textile Agreements directs the Commissioner of Customs to make this change.

ROBERT E. SHEPHERD,
Chairman,, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance.

U.S. DEPARTMENT OF COMMERCE,
THE ASSISTANT SECRETARY FOR DOMESTIC AND INTERNATIONAL BUSINESS,
Washington, D.C., June 28, 1977.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

COMMISSIONER OF CUSTOMS,
Department of the Treasury,
Washington, D.C. 20229

DEAR MR. COMMISSIONER: This directive further amends, but does not cancel, the directive of August 6, 1973 from the Chairman, Committee for the Implementation of Textile Agreements, that directed you to prohibit, under certain specified conditions, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton textiles and cotton textile products in Categories 1–64; wool textile products in Categories 101–126, 128, and 131–132; and man-made fiber textile products in Categories 200–243, produced or manufactured in Macau for which Macau had not issued an appropriate visa. One of the requirements is that each visa include the signature of a Macau official authorized to issue visas. The directive of August 6, 1973 was previously amended by directives of March 6, 1975, April 23, 1975, February 11, 1976 and May 6, 1976.

Under the terms of the Arrangement Regarding International Trade in Textiles done at Geneva on December 20, 1973, pursuant to the Bilateral Cotton, Wool, and Man-Made Fiber Textile Agreement of March 3, 1975, between the Governments of the United States and Portugal, and in accordance with the provisions of Executive Order 11651 of March 3, 1972, the directive of August 6, 1973 is hereby further amended to authorize Angelo Bemdito Galdino Dias and Joana Maria Sousa Santos to issue visas in addition to officials previously designated. A complete list of Macau officials currently authorized to issue visas is enclosed.

The actions taken with respect to the Government of Portugal and with respect to imports of cotton, wool and man-made fiber textile products from Macau have been determined by the Committee for the Implementation of Textile Agreements to involve foreign affairs functions of the United States.

Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the rule-making provisions of 5 U.S.C. 553. This letter will be published in the Federal Register.

Sincerely,

ROBERT E. SHEPHERD,
Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance

Macau Officials Authorized to Issue Visas for Cotton, Wool and Man-Made Fiber Textile Products Exported to the United States:

Joaquim Leonel Ferreira Marinho de Bastos.
Armando Gil Lopes de Campos.
Olivia Maria dos Remedios Cesar.
Angelo Bemdito Galdino Dias.
Jose Bernardino Marques Ferreira.
Jose Francisco Cadorio Ferreira Lino.
Joana Maria Sousa Santos.

[FR Doc.77-18905 Filed 6-30-77;8:45 am]

CERTAIN COTTON, WOOL AND MAN-MADE FIBER TEXTILE PRODUCTS FROM COLOMBIA EFFECTIVE JULY 1, 1977

Establishing Import Restraint Levels

JUNE 30, 1977.

AGENCY: Committee for the Implementation of Textile Agreements.

ACTION: Import restraint levels for certain cotton, wool and man-made fiber textile products from Colombia during the year beginning on July 1, 1977.

SUMMARY: The Bilateral Cotton, Wool and Man-Made Fiber Textile Agreement of May 28, 1975, between the Governments of the United States and Colombia, establishes levels of restraint for certain specified categories of cotton, wool and man-made fiber textile products, produced or manufactured in Colombia and exported to the United States during the three-year period beginning on July 1, 1975 and extending through June 30, 1978. In the letter published below the Chairman of the Committee for the Implementation of Textile Agreements directs the Commissioner of Customs to limit to the designated levels of restraint the amounts of cotton, wool, and man-made fiber textile products in Categories 1–4, 9/10, 22/23, 120, 121, 219, 221, 224, and 229, produced or manufactured in Colombia, which may be entered into the United States for consumption or withdrawn from warehouse for consumption during the twelve-month period beginning on July 1, 1977 and extending through June 30, 1978.

EFFECTIVE DATE: July 1, 1977.

FOR FURTHER INFORMATION CONTACT:

Donald R. Foote, International Trade Specialist, Office of Textiles, U.S. Department of Commerce, Washington, D.C. 20230, 202–377–5423.

ROBERT E. SHEPHERD,
Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance Department of Commerce.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS,
June 30, 1977.

COMMISSIONER OF CUSTOMS
Department of the Treasury,
Washington, D.C.

DEAR MR. COMMISSIONER: Under the terms of the Arrangement Regarding International Trade in Textiles done at Geneva on December 20, 1973, pursuant to the Bilateral Cotton, Wool and Man-Made Fiber Textile Agreement of May 28, 1975, between the Governments of the United States and Colombia, and in accordance with the provisions of Executive Order 11651 of March 3, 1972, you are directed to prohibit, effective on July 1, 1977 and for the twelve-month period extending through June 30, 1978, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton textiles and cotton textile products in Categories 1–4, 9/10, 22/23, wool textile products in Categories 120 and 121, and man-made fiber textile products in Categories 219, 221, 224, and 229 in excess of the following levels of restraint:

Category:	*12-mo level of restraint*
1–4 (pounds)	6,371,617
9/10 (square yards)	7,556,340
22/23 (square yards)	12,593,900
120 (units)	134,130
121 (units)	86,071
219 (dozen)	236,962
221 (dozen)	66,672
224 (pounds)	1,429,290
229 (dozen)	162,367

In carrying out this directive, entries of cotton, wool and man-made fiber textile products in the foregoing categories, produced or manufactured in Colombia and exported to the United States prior to July 1, 1977, shall, to the extent of any unfilled balances, be charged against the levels of restraint established for such goods during the period July 1, 1976 through June 30, 1977. In the event the levels of restraint established for that twelve-month period have been exhausted by previous entries, such goods shall be subject to the levels set forth in this letter.

The levels set forth above are subject to adjustment in the future pursuant to the provisions of the bilateral agreement of May 28, 1975, between the Governments of the United States and Colombia, which provide, in part, that: (1) within the aggregate and applicable group limits, specific limits may be exceeded by designated percentages; (2) specific levels of restraint may be increased for carryover and carryforward up to 11 percent of the applicable category limit; and (3) administrative arrangements or adjustments may be made to resolve minor problems arising in the implementation of the agreement. Any appropriate adjustments under the provisions of the bilateral agreement referred to above will be made to you by letter.

A detailed description of the categories in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on February 3, 1975 (40 FR 5010), as amended on December 31, 1975 (40 FR 60220), December 30,

1971 (41 FR 56881), January 21, 1977 (42 FR 3888), and March 7, 1977 (42 FR 12898).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of Colombia and with respect to imports of cotton, wool and man-made fiber textile products from Colombia have been determined by the Committee for the Implementation of Textile Agreements to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the rule-making provisions of 5 U.S.C. 553. This letter will be published in the FEDERAL REGISTER.

Sincerely,

ROBERT E. SHEPHERD,
Chairman, Committee for the Implementation of Textile Agreements, and Deputy Assistant Secretary for Resources and Trade Assistance.

COMMITTEE FOR PURCHASE FROM THE BLIND AND OTHER SEVERELY HANDICAPPED

PROCUREMENT LIST 1977

Proposed Addition

AGENCY: Committee for Purchase from the Blind and Other Severely Handicapped.

ACTION: Proposed Addition to Procurement List.

SUMMARY: The Committee has received a proposal to add to Procurement List 1977 a service to be provided by workshops for the blind or other severely handicapped.

COMMENTS MUST BE RECEIVED ON OR BEFORE: August 3, 1977.

ADDRESS: Committee for Purchase from the Blind and Other Severely Handicapped, 2009 14th Street, North, Suite 610, Arlington, Virginia 22201.

FOR FURTHER INFORMATION CONTACT:

C. W. Fletcher, (703-557-1145).

SUPPLEMENTARY INFORMATION: This notice is published pursuant to 41 U.S.C. 47(a)(2), 85 Stat. 77.

If the Committee approves the proposed addition, all entities of the Government will be required to procure the service listed below from workshops for the blind or other severely handicapped.

It is proposed to add the following service to Procurement List 1977, November 18, 1976 (41 FR 50975):

SIC 7349

Janitorial/Custodial Service, Naval Air Station, Whidbey Island, Oak Harbor, Washington. For the following buildings only: 12, 18, 100, 103, 108, 110, 113, 116, 124, 126, 365, 369, 371, 385, 386, 960, 961, 975, 994 and 2547.

C. W. FLETCHER,
Executive Director.

COUNCIL ON ENVIRONMENTAL QUALITY

ENVIRONMENTAL IMPACT STATEMENTS

The following is a list of environmental impact statements received by the Council on Environmental Quality from June 20 through June 24, 1977. The date of receipt for each statement is noted in the statement summary. Under Council Guidelines the minimum period for public review and comment on draft environmental impact statements is forty-five (45) days from this FEDERAL REGISTER notice of availability. (August 15, 1977.) The thirty (30) day period for each final statement begins on the day the statement is made available to the Council and to commenting parties.

Copies of individual statements are available for review from the originating agency. Back copies are also available at 10 cents per page from the Environmental Law Institute, 1346 Connecticut Avenue, Washington, D.C. 20036.

The Council on Environmental Quality has completed its report on the environmental impacts of the Proposed Alaska Natural Gas Transportation Systems and has forwarded the report to the President. A limited number of copies of the report are available from the Council.

DEPARTMENT OF AGRICULTURE

Contact: Mr. Errett Deck, Coordinator, Environmental Quality Activities, U.S. Department of Agriculture, Room 307A, Washington, D.C. 20250 (202-447-6827).

ANIMAL AND PLANT HEALTH INSPECTION SERVICE

Draft

New York Animal Import Center, Stewart Airport, Orange County, N.Y., June 20: Proposed is the construction of an Animal Import Center on approximately 75 acres of land at the Stewart Airport near Newburgh, New York. The new facility will replace a present outdated similar facility in Clifton, New Jersey. To provide complete isolation the Import Center will be located within a fenced compound and will contain nineteen buildings. Construction-related impacts are antoicipated. (ELR Order No. 70756.)

FOREST SERVICE

Draft

Fluorospar Prospecting, Lusk Creek Area, Pope County, Ill., June 24: Proposed is approval of an application made by the Ozark-Mahoning Company for a fluorospar prospecting permit on National Forest Lands with the Shawnee National Forest, State of Illinois, Pope County. Application includes tracts of lands which have in the past been recommended in various legislative proposals for inclusion into the Wilderness System. Adverse impacts include increased noise levels and disturbance of soil and vegetation on 4 to 10 acres. (ELR Order No. 70787.)

Final

Skagit, Amendment of Wild and Scenic Rivers Act, Skagit, and Snohomish Counties, Wash., June 22: The proposed action is to amend the Wild and Scenic Rivers Act to include segments of the Skagit, Cascade, Sauk, and Suiattle Rivers of Skagit and Snohomish County, Washington, in the National Wild and Scenic Rivers system. A total of 157.5 miles of rivers and 1,728 acres of property will be added to the system. Comments made by: COE, DOC, HEW, HUD, DOI, EPA, DOT, FPC, NRC, State and local agencies, concerned citizens. (ELR Order No. 70769.)

SOIL CONSERVATION SERVICE

Final

Harquahala Valley Watershed, Maricopa and Yuma Counties, Ariz., June 23: Proposed is a project for watershed protection and flood prevention, including both conservation land treatment and structural measures, in Maricopa and Yuma Counties, Arizona. Conservation land treatment is proposed for 13,000 acres of irrigated cropland and about 200,000 acres of rangeland. The proposed structural program includes two floodwater retarding structures, 1.58 miles of channel work, 4.64 miles of new diversion, and 9.45 miles of levee. About 10,472 acres of land will be required for land easements and rights-of-way. Comments made by: USDA, USA, HEW, DOI, DOT, EPA, State and local agencies, concerned citizens. (ELR Order No. 70773.)

DEPARTMENT OF DEFENSE

ARMY CORPS

Contact: Dr. C. Grant Ash, Office of Environmental Policy Department, Attention: DAEN-CWR-P, Office of the Chief of Engineers, U.S. Army Corps of Engineers, 1000 Independence Avenue SW., Washington, D.C. 20314 (202-693-6795).

Draft

Fiscal years 1978, 1979, Navigation Season Extension Demonstration, June 21: This EIS discusses the demonstration of various methods needed to extend the fiscal years 1978 and 1979 Navigation Season. (It is not in itself an EIS for the extension of the winter navigation season.) Thirty-five methods and associated proposed studies are evaluated. Potential adverse impacts to water quality could result from accidential spills of oil and other toxic cargoes. (Detroit District). (ELR Order No. 70767.)

Slag Filling Permit, Sparrows Point Plant, Baltimore County, Md., June 20: The proposed action is the granting of two permits to the Bethlehem Steel Corporation to create new land in Baltimore Harbor at Sparrows Point by filling two separate sites with slag. Permit No. 30 is for a 45-acre site on the southern side of Sparrows Point to the west of the ore dock basin. Permit No. 27 is for a 7.3-acre site at the southeast corner of Sparrows Point. The action will result in destruction of 52 acres of bottom and water column, as well as an increase in pH in the vicinity of the slag. (Baltimore District.) (ELR Order No. 70757.)

Gulfport Harbor, Channel Deepening, Harrison County, Miss., June 20: Proposed are the deepening and widening of the existing channel to Gulfport Harbor at Gulfport, Mississippi. The present 32- by 300-foot Gulf Entrance Channel would be enlarged to 38 by 400 feet and the channel across Mississippi Sound would be enlarged from 30 by 220 feet to 36 by 300 feet. Adverse effects include destruction of benthic activity in a 340-acre area, and loss of acquatic productivity in 310 acres of the sound. (Alabama District.) (ELR Order No. 70765.)

Final

Cooper Lake and Channels, Texas, June 24: The statement concerns the construction of a multipurpose reservoir and a channel and levees to provide 30-year flood protection for the Sulphur River Basin. Completion of the project will require construction of the reservoir with a dam and spillway works on the South Sulphur River at Mile 23.3, excavation of the spillway outflow channel and realignment of portions of the South

Sulphur and Sulphur Rivers from the outflow channel to upstream of SH 26, and enlargement and/or extension of existing levees. Approximately 19,000 acres of terrestrial habitat will be inundated, and high sediment load will be discharged into Wright Patman Lake. (New Orleans District). Comments made by: DOI, EPA, DOC, USDA, DOT, HEW, AHP, State and local agencies, concerned citizens. (ELR Order No. 70780.)

Upper Baker Project, Skagit River Basin (2), Skagit and Whatcom Counties, Wash., June 24: This revised draft presents potential effects of a proposed modification in the operation of the Upper Baker Dam for flood control purposes. The details of this modification concentrate on providing up to 58,000 additional acre-feet of flood control storage by increasing reservoir drawdown in the period 1 November to 15 November of each year. Environmental impacts associated with the project are expected to be minimal. As a flood threat would still remain, human occupation and development of flood-plain lands are expected to increase significantly. (Seattle District.) Comments made by: FPC, USDA, EPA, DOC, DOI, HUD, AHP, State and local agencies. (ELR Order No. 70782.)

Supplement

San Leandro Marina, Dredging (S-2), Alameda County, Calif., June 6: The statement supplements a final EIS filed with CEQ in December of 1975. The proposed action is land disposal of 325,000 cubic yards of dredge material from the routine maintenance dredging of the Federal Navigation Project at the San Leandro Marina. Adverse effects include disruption of on-site ecosystems; loss of 112 acres of marginal wildlife habitat; temporary inundation of 108 acres of seasonal wetland, with short-term displacement of wildlife; and short term adverse sensory effects on nearby residents. (San Francisco District.) (ELR Order No. 70771.)

Big Sioux River, Sioux City (S-1), Iowa and South Dakota, June 24: This statement supplements a final EIS filed with CEQ in September 1975. Proposed is the construction of channel improvements on the Big Sioux River at Sioux City. The supplement discusses the results and conclusions of the water quality survey, including the potential for water quality degradation. (Omaha District.) (ELR Order No. 70786.)

Wilkerson Creek Bridge Replacement (S-1), North Carolina, June 24: This statement supplements a final EIS filed with CEQ in May 1977. The proposed action is replacement of the Wilkerson Creek Bridge in North Carolina. The supplement evaluates the impacts of the use of new borrow areas. Negative effects include loss of terrestrial wildlife habitat and creation of borrow pit lakes of unknown quality for aquatic life. (Wilmington District.) (ELR Order No. 70781.)

DEPARTMENT OF DEFENSE

NAVY

Contact: Mr. Ed Johnson, Department of the Navy, Room 4B466, Pentagon, Washington, D.C. 20350, (202) 697-3639.

Draft

Ammunition Port Facility, Mariana Island, Trust Territory, June 20: Proposed is the construction of an ammunition port facility at Orote Island located on the western tip of Orote Peninsula. The port would be capable of berthing two ships simultaneously and would have the capacity to handle up to 9,000,000 pounds of net explosive weight with an explosive safety quantity distance of 10,400 feet. The port will have a dredged depth of 45 feet below mean lower low water. The dredging of 21 acres of the reef area to a depth of 45 feet will result in increased turbidity and destruction of 800,000 cubic yards of coral. (ELR Order No. 70763.)

Fleet Ballistic Missile, Kings Bay, Ga. The proposed action consists of the construction and operation of an Atlantic Fleet submarine refit site at Kings Bay, Georgia. Plans call for the basing of one submarine squadron supported by a submarine repair ship and a floating drydock. The statement also considers the possibility of future expansion of operations at the site to accommodate two submarine squadrons, as well as the possible construction and operation of an ashore refit facility to support either one or two submarine squadrons. Adverse impacts include loss of benthic population in the northern navigation channels, displaced wildlife, and socio-economic effects resulting from an increase in population. (ELR Order No. 70792.)

ENVIRONMENTAL PROTECTION AGENCY

Contact: Please refer to the separate notice published by EPA in this issue of the FEDERAL REGISTER for the appropriate EPA contact.

Final

Cranston Wastewater Treatment Facilities, Providence County, R.I., June 6: The proposed action is the consolidation, improvement, and expansion of wastewater treatment facilities in Cranston, Rhode Island. Project plans call for the expansion of treatment plant capacity to 23.0 mgd, with secondary and ammonia removal capabilities. Incineration with on-site ash disposal will be the method of sludge disposal. Negative impacts include a small increase of total suspended particulates, sulfur dioxide and lead in the air, increased use of fuel for solid waste incineration, and loss of 7 sq. miles of forest and farm land. (Region I.) Comments made by: EPA, HUD, DOI, USDA, DOT, DOC, State and local agencies, interested groups and persons. (ELR Order No. 70695.)

GENERAL SERVICES ADMINISTRATION

Contact: Mr. Andrew E. Kauders, Executive Director, Environmental Affairs Division, General Services Administration, 18th and F Streets NW., Washington, D.C. 20405, (202) 566-1100.

Final

W. Denver Metro Area GSA Leasing Program, Jefferson County, Colo., June 20: This statement discusses the cumulative effect of the GSA leasing program in the west Denver metro area. Proposed is the leasing of approximately 350,000 to 400,000 net occupiable square feet of additional office, storage and special purpose space by January 1980 in a 36 square mile delineated area having the following boundaries: Jewell Avenue on the south; Sheriden Boulevard on the east; 32nd Avenue on the north; and McIntyre Street (extended to Jewell Avenue) on the west. The space will be leased during the entire period and throughout the entire delineated area, usually in blocks of 20,000 square feet or more. Comments made by: AHP, USDA, COE, DOC, HEW, DOI, DOT, State and local agencies, concerned citizens. (ELR Order No. 70760.)

DEPARTMENT OF HUD

Contact: Mr. Richard H. Broun, Director, Office of Environmental Quality, Department of Housing and Urban Development, 451 7th Street SW., Washington, D.C. 20410, (202) 755-6308.

Draft

Kendall Square, Cambridge County, Mass., June 24: Proposed is the completion of an on-going urban renewal project approved in 1965 and centered around NASA in the eastern part of the City of Cambridge, Massachusetts. The planned uses of the Kendall Square Urban Renewal Project are light industry, technical and general office space, retail stores, a fire station, possible hotel and residential, and a parking garage. Negative effects include complete relocation of 6 businesses, and construction related impacts. (ELR Order No. 70791.)

Stonefield Subdivision, Charleston County, S.C., June 23: Proposed is the approval of HUD/FHA mortgage insurance for the Stonefield Subdivision in the Charleston area, South Carolina. The development will consist of 1,079 dwelling units on a 330-acre tract of land. Development plans include a golf course with club facilities, tennis courts, swimming pools and a boat basin/marina. Adverse effects will be conversion of open and wooded land to urban use, and some increase in storm water runoff into Clark Sound and Seaside Creek. (ELR Order No. 70777.)

Kenswick Subdivision, Harris County, Tex., June 20: Proposed is the approval of FHA mortgage insurance for the Kenswick subdivision in Harris County, Texas. Plans call for the development of 724 acres into a planned community composed of 2,300 single-family homes with some commercial reserves. In addition to the residences, the subdivision will have recreational facilities to include one bathhouse, one 25-meter swimming pool, playground facilities and tennis courts, as well as some open space. Adverse effects include loss of forestland and an increased demand for fossil fuels through heavy dependence on the automobile for transportation. (ELR Order No. 70764.)

Final

Williamsburg Subdivision, Harris County, Tex., June 22: Proposed is the granting of FHA approval for housing insurance, to the Williamsburg Development Corporation, to be applied to the 2595-acre "Williamsburg Subdivision" in Harris County, Texas. Adverse effects of project development include the disruption of plan and animal communities on the existing site. Projected demand for community services, specifically fire protection and library facilities, will exceed existing capacity. Comments made by: AHP, EPA, COE, USDA, DOI, State and local agencies, concerned citizens. (ELR Order No. 70770.)

The following are Community Development Block Grant statements prepared and circulated directly by applicants pursuant to section 104(h) of the 1974 Housing and Community Development Act. Copies may be obtained from the office of the appropriate local chief executive. (Copies are not available from HUD.)

Section 104(h)

Supplement

Boston, Mass., Demolition, Unsafe Structures (S-1), Massachusetts, June 23: This statements supplements a final EIS submitted to CEQ in January 1976. The proposed action is to demolish 900 abandoned and unsafe residential buildings over a period of two years. The program will be implemented in 7 areas of the city: Roxbury, Dorchester, Jamaica Plain, South Boston, Franklin Field, Upham's Corner, and Mattapan. Demolition will result in increases in noise and dust levels. (ELR Order No. 70774.)

DEPARTMENT OF INTERIOR

Contact: Mr. Bruce Blanchard, Director, Environmental Project Review, Room 5311, Department of the Interior, Washington, D.C. 20240, (202) 343-3891.

BUREAU OF LAND MANAGEMENT

Final

Planet Townsite Land Exchange, Mohave County, Ariz., June 20: The proposal is for

two land exchanges involving a total of 8,660 acres of public land along the Bill Williams River, in order to consolidate private and state holdings for the development by Arizona Ranch and Metal Co. of a planned city of 7,000 families on 11,980 acres. Adverse impacts will include possible minor climatic changes; change in vegetation; diversion of water from agricultural use and degradation of quality; and displacement of wildlife. Comments made by: EPA, USDA, State and local agencies, concerned citizens. (ELR Order No. 70762.)

Colony Development, Oil Shale Resources, Colorado and Utah, June 23: The proposed action is the consideration of a right-of-way permit for an oil shale products pipeline from a plant site in Colorado to Lisbon Valley, Utah. Related to this Federal action would be a 337-acre exchange between BLM and Colony Development Corporation. Adverse impacts include emission of odors characteristic of refining and shale processing, decrease in water quality, destruction of a section of the Middle Fork Creek stream bed, and increased sedimentation. Comments made by: AHP, USDA, COE, DOI, DOT, DOC, State and local agencies, concerned citizens. (ELR Order No. 70772.)

NUCLEAR REGULATORY COMMISSION

Contact: Mr. Voss A. Moore, Division of Reactor Licensing, P-722, NRC, Washington, D.C. 20555, (301) 443-6965.

Draft

Yellow Creek Nuclear Plants, 1 and 2, Tishomingo County, Miss., June 24: The proposed action is the issuance of construction permits to the Tennessee Valley Authority for the construction of the Yellow Nuclear Plants Units 1 and 2. The plant will employ 2 pressurized water reactors to produce up to 3817 megawatts thermal (MWt) from each unit. The exhaust steam will be cooled by mechanical-draft cooling towers with makeup water obtained from the Yellow Creek embayment and discharged to Pickwick Lake. Construction related activities on the site would disturb about 59 hectares. (ELR Order No. 70789.)

Supplement

Midland Plant, U. 1 and 2 (S-2), Midland County, Mich., June 24: This statement supplements a final EIS filed with CEQ in March 1972. The proposed action is the continuance of the construction permits issued on December 15, 1972 to Consumers Power Company for the construction of Midland Plant Units 1 and 2. The supplement assesses energy conservation as an alternative to plant construction and reevaluates the need for power in light of any changed circumstances concerning Dow Chemical Co.'s need for process steam. (ELR Order No. 70783.)

DEPARTMENT OF TRANSPORTATION

Contact: Mr. Martin Convisser, Director, Office of Environmental Affairs, U.S. Department of Transportation, 400 7th Street SW., Washington, D.C. 20590. (202) 426-4357.

FEDERAL HIGHWAY ADMINISTRATION

Draft

Lake City Western Bypass, Columbia County, June 23: The proposed action is construction of a new perimeter highway around the western part of Lake City, Florida. The project would begin from the junction of State Road S-252 and State Road 25 (U.S.-41) south, intersecting S.R. 47, S.R. S-341, S.R. 247, S.R. 10 (U.S. 90), S.R. S-250 and would terminate at the junction of S.R. S-100-A and S.R. 25 (U.S.-41) north. The adverse effects generated by the proposed improvement include loss of agricultural and wood lands, impacts on Lake Harris, and increased air and noise pollution. (Region 4.) (ELR Order No. 70779.)

F.A.S. S-59 (S.R. 17), S.R. 10-U.S. 30, Marshall County, Ind., June 20: Proposed is the relocation of a segment of existing S.R. 17 west of the corporate limits of Plymouth, Indiana. The project improvement would begin at the intersection of S.R. 17 and S.R. 10 immediately north of Culver, and terminate at the intersection of S.R. 17 and U.S. 30. The facility would be a two lane roadway constructed with partial access control and a minimum right-of-way width of 60 feet, and would have a total length of 2.3 to 2.5 miles. Adverse effects include encroachment on wetland vegetation and wildlife, loss of pine tree stands, and the severance of some family farms. (Region 5.) (ELR Order No. 70758.)

Logan Street/DeWitt Road, Kalamazoo St.—I-69, several Counties in Michigan: Proposed is improvement of Logan Street/DeWitt Road from Kalamazoo Street in Lansing to the proposed I-69 in DeWitt Township, a total length of 6 miles. The improvement would provide a fast, safe, and efficient transportation link between I-496 and I-69. Adverse effects include loss of agricultural land, displacement of families and residences, and increases in air and noise pollution. (Region 5.) (ELR Order No. 70766.)

F.A.P. 24, Bonner-Potomac, Missoula County, Montana, June 23: Proposed is construction of a segment of Federal Aid Primary Route No. 24 in Missoula County, Montana. The project begins 6.7 miles northeast of Bonner and extends to the east, 8.8 miles to the vicinity of Potomac. After completion, the new road will have a 40-foot finished top width with two 12-foot traffic lanes and two 8-foot shoulders. The impacts on water quality involved in this project will vary depending on the alternate selected. (Region 8.) (ELR Order No. 70775.)

S.R. 126, New Mexico Forest Highway 12, Sandoval County, N. Mex., June 23: The proposed action involves reconstruction of New Mexico Forest Highway 12 (State Route 126) in Sandoval County, New Mexico. The project would begin at Senorito Divide and continue southeasterly approximately 20 miles to its terminus with existing improved section about one mile east of Fenton Lake. Work will involve grading, placement of drainage structures and asphaltic surfacing for a two-lane primary highway. Adverse impacts include elimination of habitat, crossing a major elk migration route with a higher speed road than now exists, and elimination of wetland habitat on some alternatives. (Region 8.) (ELR Order No. 70776.)

S.T.H. 89, S.T.H. 11—Whitewater Road, Walworth County, Wis., June 21: Proposed is the reconstruction of a 12.5-mile section of a rural two-lane Highway 89 in northwestern Walworth County, Wisconsin. The improved section would begin at the S.T.H. 11 and U.S.H. 14 intersection and extend northerly to the City of Whitewater. Adverse impacts include conversion of 3 acres of woodland, and relocation of 6 families. (ELR Order No. 70768.)

SR 828 (Normandy Dr.), Miami Beach, Dade County, Fla., June 24: The proposed project involves the improvement of a 0.6 mile segment of State Road 828 along an east-west corridor from Rue Versailles to State Road A1A in Miami Beach. The preferred alternative would utilize existing streets east of Indian Creek to develop a one-way pair, thus utilizing the existing bridge over Indian Creek without constructing a new bridge. The project would result in the displacement of 14 businesses and 14 families and increased noise in residential areas. Comments made by: EPA, USCG, USDA, DOT, HEW, State and regional agencies. (ELR Order No. 70785.)

I-390, Genesee Expressway, Monroe County, N.Y., June 20: Proposed is construction of 5.1 miles of interstate Route 390 (Genesee Expressway) between the New York State Thruway (I-90) and the Rochester Outer Loop (I-590) in Henrietta and Brighton, New York. Very little displacement of residential, commercial, and industrial land uses will occur. Construction impacts are anticipated. (Region 1.) Comments made by: DOI, EPA, USDA, HEW, FPC, DOT, HUD, State and local agencies, concerned citizens. (ELR Order No. 70761.)

U.S. 74, Rutherfordton to Columbus, Polk and Rutherford Counties, N.C. June 20: Proposed is the connection of U.S. 74 near Forest City to I-26 near Columbus with a 4-lane freeway type facility. The project is one of two links remaining on U.S. 74 before a 4-lane facility between Asheville and Charlotte is completed. The alternates vary from 17.2 to 17.8 miles in length. Adverse effects include the displacement of 25 to 33 homes and one church. The conversion of 847 to 875 acres of farm and wooded land to highway use will result in the loss of wildlife habitat, premature cutting of timber, and a limited amount of soil erosion. (Region 4.) (85 pages.) Comments made by: USDA, COE, EPA, DOI, HEW, State and local agencies, concerned citizens. (ELR Order No. 70759.)

U.S. 287 and U.S. 84, Anderson County, Tex., June 24: Proposed are improvements on two numbered highway routes within the City of Palestine, Texas. The U.S. 287 portion begins at the intersection of present U.S. 287 with U.S. 79 then proceeds 0.38 mile in a southeasterly direction on proposed new location to intersect with U.S. 84, (Oak St.), approximately midway between Cottage and Debard Streets. The U.S. 84 portion of the route begins at this point and proceeds in an easterly direction to the end of the project at Branberry Street, a distance of 0.68 mile. The relocation of some families and businesses will be required. (Region 6.) Comments made by: DOT, HEW, SOE, USDA, DOI, EPA, State and local agencies, interested parties.
(ELR Order No. 70790.)

U.S. COAST GUARD

Supplement

Prince William Sound Vessel Traffic Service (S-1), June 24: This statement supplements a final EIS filed with CEQ in February 1975, on the Prince William Sound Vessel Traffic Service. The supplement reflects a variety of changes made as a result of reevaluating the original environmental statement and in response to written comments and comments made at the public hearing by other agencies and the public.
(ELR Order No. 70788.)

VETERANS ADMINISTRATION

Contact: (For Housing Programs), Mr. Lyman T. Miller, Assistant Director for Construction and Valuation, Veterans Administration, 810 Vermont Avenue, Washington, D.C. 20420, (202) 389-2691, (For all other programs), Mr. Nicholas Clark, Civil Engineer, Technical Services Division, Engineering Service, Veterans Administration, Washington, D.C. 20420, (202) 389-2086.

Draft

V.A. Hospital, Washington, D.C., June 23: Proposed is the construction of a 120-bed Nursing Home Care Unit (NHCU), Clinical Facilities, and an underground Parking Garage at the Washington, D.C. Veterans Administration Hospital. The NHCU will consist of two 60-bed wings on one level, Clinical Facilities on one level and a basement level. Construction related impacts are anticipated.
(ELR Order No. 70778.)

NICHOLAS C. YOST,
Acting General Counsel.

ALBERT R. DAWE

Limited Exclusive Patent License Granted

Pursuant to the provisions of Part 746 of title 32, Code of Federal Regulations (41 FR 55711–55714, December 22, 1976), the Department of the Navy announces that on June 14, 1977, it granted to Albert R. Dawe of Deerfield, Illinois, a revocable, nonassignable, limited exclusive license for a period of five years under United States Patent Number 3,998,223 entitled "Syringe Apparatus," issued December 21, 1976, to inventor, Albert Rolke Dawe.

Copies of the patent may be obtained for fifty cents ($0.50) from the Commissioner of Patents and Trademarks, Washington, DC 20231.

For further information concerning this notice contact:

Dr. A. C. Williams, Staff Patent Adviser, Office of Naval Research (Code 302), Ballston Tower No. 1, 800 North Quincy Street, Arlington, VA 22217, Telephone No. 202–692–4005.

Dated: June 24, 1977.

K. D. LAWRENCE,
JACC, U.S. Navy, Deputy Assistant Judge Advocate General (Administrative Law).

Office of the Secretary

CHEMICAL PROPULSION ADVISORY COMMITTEE

Meeting

JUNE 27, 1977.

In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92–463) announcement is made of the following meeting. JANNAF Advisory Working Group for Safety and Environmental Protection, Transportation Regulations to be held August 2, 1977, Room 3442, DOT Headquarters, Bldg 400, 7th Street, S.W., Washington, DC.

AGENDA

August 2, 1977, 0930 to 1530: Transportation Regulations Compliance.
August 3, 1977, 0930 to 1530: Transportability Requirements.

Purpose: To review and finalize revision of transportation sections of JANNAF Handbook, "Hazards of Chemical Rockets and Propellants.

The public is invited to attend, and those wishing to make a public statement will be allowed time to do so providing the committee monitor is advised three days before the scheduled meeting. All communications should be addressed to Mr Finch Stowell, HQ US Air Force, Directorate of Transportation, Washington, DC 20330.

PINCH STOWELL,
Chairman, Transportations Committee, JANNAF SEPWG.

[FR Doc.77–18874 Filed 6–30–77;8:45 am]

ENERGY RESEARCH AND DEVELOPMENT ADMINISTRATION

GENERAL ADVISORY COMMITTEE

Meeting

JUNE 28, 1977.

Pursuant to provisions of the Federal Advisory Committee Act (Pub. L. 92–463, 86 Stat. 770) in accordance with the purpose of Section 26 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2036) and Section 104(d) of the Energy Reorganization Act of 1974 (42 U.S.C. 2814), notice is hereby given that the General Advisory Committee will hold a meeting on July 19 and 20 in Washington, D.C. The following constitutes that portion of the Committee's agenda for the above meeting which will be open to the public. The open sessions will be held in Room 8222C at ERDA Headquarters Building, 20 Massachusetts Avenue NW., Washington, D.C.:

JULY 19—20 MASSACHUSETTS AVENUE NW., WASHINGTON, D.C.

10:30–12:30 a.m.—ERDA's Solar Research Programs
2:30– 4:30 p.m.—ERDA's Solar Research Programs

JULY 20—20 MASSACHUSETTS AVENUE, NW., WASHINGTON, D.C.

9:00–5:00 p.m.—GAC's Solar Study

In addition to the above agenda items, the Committee will meet in closed session under the authority of Section 10(d) of Pub. L. 92–463 as follows:

JULY 19

9:00–10:30 a.m.—Briefing by National Academy of Sciences Committee on Nuclear and Alternative Energy Studies (CONAES) (Exemption 4 of 5 U.S.C. 552b(c)).

This session will involve information exempt from disclosure under 5 U.S.C. 552b(c), exemption (4).

I have determined that it is necessary to close this portion of the meeting to receive and discuss information which falls within exemption (4) of 5 U.S.C. 552b(c). Any non-exempt material that may be discussed at this session will be inextricably intertwined with the discussion of exempt material and no further separation is practical. The public interest will be served by closing such portion of the meeting as it is essential to protect such privileged information.

Practical considerations may dictate alterations in the above agenda or schedule.

The Chairman is empowered to conduct the meeting in a manner that in his judgment will facilitate the orderly conduct of business.

With respect to public participation in agenda items, scheduled above, the following requirements shall apply:

(a) Persons wishing to submit written statements on agenda items may do so by mailing 13 copies thereof, postmarked no later than July 15, 1977, to the Secretary, General Advisory Committee, U.S. Energy Research and Development Administration, Washington, D.C. 20545. Comments shall be based on the above agenda items. Minutes of the meeting will be kept open for 30 days for the receipt of written statements for the record.

(b) Information as to whether the meeting has been rescheduled or relocated can be obtained by a prepaid telephone call to the Office of the Secretary of the Committee on 202–376–4678 between 8:30 a.m. and 5 p.m., eastern time. Members of the public who are interested in attending are urged to call since the location or schedule may change.

(c) Questions at the meeting may be propounded only by members of the General Advisory Committee.

(d) Seating to the public will be made available on a first-come, first-served basis.

(e) The use of still motion picture, and television cameras, the physical installation and presence of which will not interfere with the course of the meeting, will be permitted both before and after the meeting and during any recess. The use of such equipment will not, however, be allowed while the meeting is in session.

(f) Copies of the minutes will be made available for copying, following their certification by the Chairman, in accordance with the Federal Advisory Committee Act, at the Energy Research and Development Administration's Public Document Room, 20 Massachusetts Avenue N.W., Washington, D.C. 20545, upon payment of all charges required by law.

HARRY PEEBLES,
Deputy Advisory Committee Management Officer.

[FR Doc.77–18965 Filed 6–30–77;8:45 am]

ENVIRONMENTAL PROTECTION AGENCY

[FRL 752–7]

GRANTS FOR CONSTRUCTION OF TREATMENT WORKS

Funding of Sewage Collection System Projects

This notice is published to advise that the following Program Requirements Memorandum from the Administrator has been distributed to Environmental Protection Agency Regional Offices and became effective June 21, 1977. It summarizes Agency policy on the award of grants for sewage collection system projects under Title II of the Federal Water Pollution Control Act Amendments of 1972 (P.L. 92–500). It sets forth guidance for rigorous review of grant applications to ensure that proposed projects meet the established requirements of the law and regulations.

FOR ADDITIONAL INFORMATION CONTACT:

Mr. Michael B. Cook, Chief, Facility Requirements Branch, Municipal Construction Division (WH–547), Environmental Protection Agency, Washington, D.C. 20460 (202–426–9404).

Dated: June 24, 1977.

THOMAS C. JORLING,
Assistant Administrator for Water and Hazardous Materials.

CONSTRUCTION GRANTS

PROGRAM REQUIREMENTS MEMORANDUM NO. 77-8

JUNE 21, 1977.

Memorandum for Regional Administrators

Subject: Funding of Sewage Collection System Projects

I. Purpose

This memorandum summarizes Agency policy on the award of grants for sewage collection system projects under P.L. 92-500. It sets forth guidance for rigorous review of grant applications to ensure that proposed projects meet the established requirements of the law and regulations.

II. Discussion

Sewage collection system projects may be grant eligible projects under P.L. 92-500 (the Act). Eligibility is limited, however, by Section 211 of the Act which provides for funding of collection systems only 1) for the replacement or major rehabilitation of an existing collection system or 2) for new collection systems in existing communities.

Sewage collection systems are defined in 40 CFR § 35.905-19 as:

For the purpose of § 35.925-13, each, and all, of the common lateral sewers, within a publicly-owned treatment system, which are primarily installed to receive wastewaters directly from facilities which convey wastewater from individual structures or from private property, and which include service connection "Y" fittings designed for connection with those facilities. The facilities which convey wastewater from individual structures or from private property to the public lateral sewer, or its equivalent, are specifically excluded from the definition, with the exception of pumping units, and pressurized lines, for individual structures or groups of structures when such units are cost effective and are owned and maintained by the grantee.

The eligibility of sewage collection system projects is further defined in 40 CFR § 35.925-13 which reads:

That, if the project is for, or includes sewage collection system work, such work (a) is for replacement or major rehabilitation of an existing sewer system pursuant to § 35.927-3(a) and is necessary to the total integrity and performance of the waste treatment works servicing such community, or (b) is for a new sewer system in a community in existence on October 18, 1972, with sufficient existing or planned capacity to adequately treat such collected sewage. Replacement or major rehabilitation of an existing sewer system may be approved only if cost effective and must result in a sewer system design capacity equivalent only to that of the existing system plus a reasonable amount for future growth. A community, for purposes of this section, would include any area with substantial human habitation on October 18, 1972. No award may be made for a new sewer system in a community in existence on October 18, 1972 unless it is further determined by the Regional Administrator that the bulk (generally two-thirds) of the flow design capacity through the sewer system will be for waste waters originating from the community (habitation) in existence on October 18, 1972.

This section of the EPA regulations implements Section 211 of P.L. 92-500.

All treatment works funded under the construction grants program must represent the most cost effective alternative to comply with the requirements of the Act. Treatment works are defined in Section 212 to include sewage collection systems. EPA cost-effectiveness requirements are found in 40 CFR § 35.925-7 and in Appendix A to 40 CFR Part 35.

A large number of new collection system projects have appeared on FY 1977 State project priority lists. The lists contain both individual collection system projects and collection systems associated with treatment plant and interceptor sewer projects. Many of these projects may not meet the eligibility and cost-effectiveness requirements set forth above.

Funding must be denied for all collection system projects which are not grant eligible or not cost-effective. This is important for two reasons. First, the requirements of the regulations must be satisfied. Secondly, the funding of collection system projects not meeting the eligibility and cost-effectiveness requirements will commit limited Federal dollars to projects which provide fewer pollution control benefits than more needed treatment plants and interceptors.

Public disclosure of costs is a fundamental prerequisite for all grants projects, including collection systems. Program Requirements Memorandum 76-3, "Presentation of Local Government Costs of Wastewater Treatment Works in Facility Plans," August 16, 1976, requires that cost information be presented at all public hearings held on facility plans after January 2, 1977. However, public hearings were held on many collection system projects prior to this date. Special measures are necessary to ensure the public is aware of the cost implications of collection systems prior to their approval.

The following policy is to be followed in reviewing future grant applications for collection system projects. This policy supplements all existing Agency regulations and policy statements. It does not levy any fundamentally new requirements, but provides guidance for more rigorous review of grant applications to ensure that proposed projects meet the established requirements of the law and regulations. Compliance with this policy will help to assure that only grant eligible and cost-effective collection system projects are funded by EPA.

III. Policy

EPA policy on the funding of sewage collection systems is as follows:

A. *Substantial human habitation.* New collector sewer projects are eligible for funding only in a community in existence on October 18, 1972, with sufficient existing or planned capacity to treat adequately such collected sewage. The Title II regulation states in Section 35.925-13 that a community would include any area with substantial human habitation on October 18, 1972. The bulk (generally two-thirds) of the flow design capacity through the sewer system is to be for wastewaters originating from the habitation.

The Agency policy is that closely populated areas with average densities of 1.7 persons per acre (one household for every two acres) or more on October 18, 1972, shall be considered to meet the requirement for "substantial human habitation". Population density should be evaluated block by block or, where typical city blocks do not exist, by areas of 5 acres or less. The "two-thirds" rule would apply within each area evaluated when making a decision on collector sewer eligibility.

Densities of less than one household for every two acres rarely result in serious localized pollution or public health problems from the use of properly operated on-site systems. These areas should not be considered to have had, on October 18, 1972, substantial habitation warranting collection sewers from a pollution control standpoint.

B. *Cost-effectiveness.* New collector sewers must be proven in the facility plan to be necessary and cost-effective in addition to being eligible under the definition of "substantial human habitation" and the two-thirds rule.

New collector sewers should be funded only when the systems in use (e.g. septic tanks or raw discharges from homes) for disposal of wastes from the existing population are creating a public health problem, contaminating groundwater, or violating the point source discharge requirements of the Act. Specific documentation of the nature and extent of health, groundwater and discharge probelms must be provided in the facility plan. Where site characteristics are considered to restrict the use of on-site systems, such characteristics, (e.g. groundwater levels, soil permeability, topography, geology, etc.) must be documented by soil maps, historical data and other pertinent information.

The facility plan must also document the nature, number and location of existing disposal systems (e.g. septic tanks) which are malfunctioning. A community survey of individual disposal systems is recommended for this purpose, and is grant eligible.

In addition, the facility plan must demonstrate, where population density is less than 10 persons per acre, that alternatives are clearly less cost-effective than new gravity collector sewer construction and centralized treatment. Such alternatives are cited in the previous Administrator's memorandum of December 30, 1976, subject: "Encouraging Less Costly Wastewater Facilities for Small Communities" and Mr. Rhett's memorandum of August 18, 1976 on "Eligibility of Septic Tanks and other Small Treatment Systems". A draft guidance document accompanied the August 18 memorandum. The draft policy represents the policy of the Agency until issued in final form.

The alternatives to be evaluated include the following:

Measures to improve operation and maintenance of existing septic tanks including more frequent inspections, timely pumpouts, and prohibition of garbage grinders.

New septic tanks.

Holding tanks and "honey wagons".

Various means of upgrading septic tanks, including mounds, alternative leaching fields and pressure sewers.

Other systems to serve individual households or a cluster of households. Such systems incide, for example, wastewater separation, water conservation and recycle systems where feasible.

The facility plan, where applicable, must examine alternatives such as limited sewer service for a portion of a community. For example, septic systems work very well in many small towns except in one isolated area such as a business district where open space for adequate on-site disposal is not available.

C. *Public disclosure of costs.* All projects, including collection systems, on which public hearings were held after January 2, 1977, must comply fully with the requirements of Program Requirements Memorandum 76-3 prior to approval.

Agency policy is to ensure public disclosure of the costs of any collection system projects where a public hearing was held on or before January 2, 1977. Such disclosure shall take the form of a prominently published notice in a local newspaper, and the cost is grant eligible. The Agency shall pay the cost of the notice if necessary to expedite the project.

The notice shall include the estimated monthly charge for operation and maintenance, the estimated monthly debt service charge, the estimated connection charge and the total monthly charge to a typical residential customer for the new collection system being funded and any other associated wastewater facilities required. Such associated facilities would include new treatment

capacity needed to handle the flows from the new collection system.

The charges may be only rough estimates, and may be presented as a range of possible costs when major unknowns exist such as whether or not substantial parts of the project are grant eligible.

IV. *Implementation*

The States are to be advised of the issuance of this policy at once. All pending and future grant applications for collection system projects or projects containing collection systems are to be reviewed for compliance with this policy.

The requirements of sections III-A and III-C are effective immediately.

The requirements of Section III-B are effective immediately for all projects which have received a step 1 facility planning grant but have not yet received approval of their facility plan.

For all other projects, the requirements of section III-B are effective immediately unless the Regional Administrator determines, from information in the facility plan and other sources, that a project is necessary and cost-effective even though the full documentation required by section III-B is not available. In any case, the full requirements of section III-B shall apply without exception to all projects being reviewed for funding after September 30, 1977.

[FRL 754-7]

NATIONAL EMISSIONS DATA SYSTEM

Class Determination Concerning Confidentiality of Information

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: 40 CFR Part 2 Subpart B (41 FR 36906, September 1, 1976) sets out the Environmental Protection Agency (EPA) rules concerning the confidentiality of business information. Under 40 CFR 2.207, the General Counsel has authority to issue class determinations concerning the confidentiality of classes of business information. EPA possesses a large body of information in its National Emissions Data Systems (NEDS). The General Counsel proposes to issue a class determination concerning the confidentiality of the information contained in NEDS. If adopted, the class determination will control how all of the information in NEDS will be treated for purposes of public access. Prior to making a class determination, the General Counsel would like to receive public comment concerning various issues.

DATES: Comments by August 15, 1977.

ADDRESSES: Comments to: Office of General Counsel, Contracts and General Administration Branch (A-134), Environmental Protection Agency, 401 M Street SW., Washington, D.C. 20460.

FOR FURTHER INFORMATION CONTACT:

James Nelson, Office of General Counsel, Contracts and General Administration Branch (A-134), Environmental Protection Agency, 401 M Street SW., Washington, D.C. 20460, (202-755-0794).

SUPPLEMENTARY INFORMATION: For several years EPA has maintained the National Emissions Data System (NEDS). Information is available in NEDS for each point source of air pollution in the United States. The information may be retrieved in the form of a Point Source Report (PSR). Exhibit 1 is a typical PSR. A PSR can be produced from NEDS for each point source and for each emissions point within a point source. The information can also be retrieved in other forms, but the PSR includes all of the information available in NEDS for each point source.

EPA uses the information in NEDS to perform its functions under the Clean Air Act (42 U.S.C. 1857 et seq.). The information in NEDS is sent to EPA by each state. The information is updated periodically with new information from the states and some additional information from other sources. EPA uses the information to monitor performance of point sources, to study state and regional air pollution problems, and to evaluate State Implementation Plans which are submitted to EPA under section 110 of the Act.

Some states have asserted that the information in NEDS is confidential. On the other hand, EPA has received requests from the public under the Freedom of Information Act for copies of the information contained in NEDS. Because of the volume of information in NEDS and the need to respond to pending requests under the Freedom of Information Act, the only solution to the confidentiality question is to issue a class determination to cover all of the information in NEDS.

The following items of information in NEDS are available to the public from other sources or are supplied by EPA for administrative purposes: State, County, AQCR (Air Quality Control Region), City, Name, Address, SIC (Standard Industrial Classification), Ownership, UTM Grid Coordinates, Personal Contact, Plant ID, Point ID, Date of Last Update, Compliance Info, Emergency Control Action Plan, and IPP Process.

Some of the information in NEDS constitutes "emission data" which must be made available to the public under section 114 of the Clean Air Act: SCC (Source Classification Code), Hand Calculated Point Emissions, Allowable Emissions for Point, Stack Parameters, Emission Estimation Methods, Computer Calculated SCC Emissions, Control Device/Method Identification, Control Efficiencies, Source, Normal Operations, Percent Annual Throughput, Fuel Sulphur Content, Fuel Ash Content, and Annual Operating Rate.

Fuel Heat Content is a standard reference that is known once the type of fuel and its sulphur and ash content are known.

The only items of information not included in the above categories are Percent Space Heat, Hourly Maximum Design Rate, and Boiler Design Capacity. These three items of information may be eligible for confidential treatment as trade secrets or commercial or financial information. To find that these items of information are entitled to confidential treatment, EPA must determine that: (1) The businesses in question claim these to be confidential; (2) the businesses have taken reasonable measures to protect the confidentiality of this information and intend to continue to do so; (3) the information is not and has not been reasonably obtainable without the businesses' consent by other persons (other than governmental bodies) by use of legitimate means; (4) no statute requires disclosure of the information; and (5) release of the information by EPA would be likely to cause substantial harm to the competitive positions of the businesses. If these criteria are not met, the information is not confidential and must be available to the public.

Before making this determination, EPA would like to receive public comment concerning the confidentiality issue. Public comment should address the following questions: (1) Is this information claimed to be confidential? (2) Has this information been kept confidential? (3) Is the information reasonably obtainable by legitimate means by other persons without the businesses' consent? (4) Does a statute require disclosure of this information? (5) Would release of this information by EPA be likely to cause substantial harm to the competitive positions of the businesses? In addressing this final question the comments should specify what the harmful effects wold be, why they are substantial, and the casual relationship between the disclosure and the harmful effects.

The comments received in response to this notice will be considered in making the class determination. Comments must be received on or before August 15, 1977. EPA has several outstanding Freedom of Information Act requests for information from NEDS and has an obligation to respond to those requests as quickly as possible. In submitting comments, the public should reference "Class Determination 3-77."

Dated: June 27, 1977.

G. WILLIAM FRICK,
General Counsel.

FEDERAL COUNCIL ON THE AGING

ECONOMICS OF AGING COMMITTEE

Meeting

The Federal Council on the Aging was established by the 1973 amendments to the Older Americans Act of 1965 (Pub. L. 93-29) for the purpose of advising the President, the Secretary of Health, Education, and Welfare, the Commissioner on Aging, and the Congress on matters relating to the special needs of older Americans.

Notice is hereby given pursuant to Pub. L. 92-463 that the Council's Economics of Aging Committee will meet on July 26, from 9:30 a.m.-5 p.m., and on July 27, 1977 from 9:30 a.m.-12:30 p.m. in Room 5051, HEW-North Building, 330 Independence Ave. SW., Washington, D.C. 20201.

The agenda will consist of: Status of Assets Project; Review of Mandatory Retirement Issue; Review of FCA Health Policy Paper; Status of Social Security Financing Proposals; and Review of Energy-Weather Report.

This meeting will be open for public observation.

Further information on the Council may be obtained from: Cleonice Tavani, Executive Director, Federal Council on the Aging, Washington, D.C. 20201, telephone: (202) 245-0441.

Dated: June 16, 1977.

CLEONICE TAVANI,
Executive Director,
Federal Council on the Aging.

FEDERAL ENERGY ADMINISTRATION

ACCOUNTING PRACTICES FOR CRUDE OIL AND NATURAL GAS PRODUCERS

AGENCY: Federal Energy Administration (FEA).

ACTION: Notice.

SUMMARY: Title V, Section 503 of the Act requires that the Securities and Exchange Commission (SEC), in consultation with the FEA, the General Accounting Office and the Federal Power Commission, assure the development and observance of accounting practices to be followed by persons engaged in the production of crude oil or natural gas in the United States.

The Securities and Exchange Commission in Securities Act Release 5837 (appearing at page 33136 in the FEDERAL REGISTER for Wednesday, June 29, 1977) is soliciting comments from interested persons on a number of issues under consideration in connection with the development of these accounting practices.

Title V, Section 505 of the Act amends section 11(c) of the Energy Supply and Environmental Coordination Act of 1974, Pub. L. 93-319, as amended by Pub. L. 94-163 (ESECA) in the following respect: In order to carry out the responsibility under section 11(a) of ESECA to require the reporting of energy information (as defined in section 11(d) of ESECA) to the FEA, the FEA Administrator shall require that persons engaged in whole or in part in the production of crude oil or natural gas (1) keep energy information in accordance with the accounting practices developed by the SEC pursuant to Section 503 of the Act and (2) submit reports with respect to energy information kept in accordance with such practices.

Accordingly, the FEA encourages all interested parties to submit comments to the Securities and Exchange Commission in response to its release, appearing at page 33136 in the FEDERAL REGISTER for Wednesday, June 29, 1977.

DATES: Comments are due by August 12, 1977.

ADDRESSES: Comments should be made in triplicate and sent to George A. Fitzsimmons, Secretary, SEC, Washington, D.C. 20549. All such communications should refer to File No. S7-708 and will be available for public inspection.

FOR FURTHER INFORMATION CONTACT:

Richard C. Adkerson, Office of the Chief Accountant, Securities and Exchange Commission, 500 North Capital Street, Washington, D.C. 20549 (202) 755-1671.

Fred Santogrossi, Office of Energy Information and Analysis, Federal Energy Administration, 12th and Pennsylvania Avenue NW., Washington, D.C. 20461 (202-566-9694).

Issued in Washington, D.C. on June 27, 1977.

ERIC J. FYGI,
Acting General Counsel.

[FR Doc.77-18998 Filed 6-29-77;12:08 pm]

BRIDWELL OIL CO.

Action Taken on Consent Order

Pursuant to 10 CFR 205.197(c), the Federal Energy Administration (FEA) hereby gives notice of final action taken on a Consent Order.

On April 19, 1977, FEA published notice of a Consent Order which was executed between Bridwell Oil Company (Bridwell) and FEA (42 FR 20337 (April 19, 1977)). With that notice, and in accordance with 10 CFR 205.197(c), FEA invited interested persons to comment on the Consent Order. A press release in conformity with 10 CFR 205.197(c) was issued simultaneously.

No comments were received. FEA, therefore, has concluded that the Consent Order as executed between FEA and Bridwell is an appropriate resolution of the compliance proceedings described in the notice published on April 19, 1977 and hereby gives notice that the Consent Order shall become effective as proposed, without modification, upon publication of this Notice in the FEDERAL REGISTER.

Issued in Washington, D.C. June 27, 1977.

ERIC J. FYGI,
Acting General Counsel.

CONSUMER AFFAIRS/SPECIAL IMPACT ADVISORY COMMITTEE

Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770), notice is hereby given that the Consumer Affairs/Special Impact Advisory Committee will meet Friday, July 22, 1977, at 9 a.m., Room 5041, FEA Headquarters, 12th and Pennsylvania Avenue NW., Washington, D.C.

The purpose of the Committee is to provide the Federal Energy Administration with advice concerning the impact of FEA policies and programs on consumers and special impact groups.

The agenda for the meeting is as follows:

1. Old Business—Report on the Status of CA/SI Advisory Committee Recommendations and Requests and FEA Commitments.
2. Pending Policy Issues.
3. Discussion—Analysis and Evaluation of the National Energy Act and the Impact on Consumers and Special Impact Groups.
4. Subcommittee Reports:

Energy Efficiency Standards Conservation and Ecology.
Energy Consumption Problems and Utilities.
Transportation Programs.
Energy Legislation and Regulations.
Consumer Representation.
Energy Consumption and the Disadvantaged.

5. Discussion of FEA Data Systems and Consumer Needs.
6. The Linear Motion Highway of the Future.
7. Items for Discussion at the Next Meeting.
8. Public Comment.

The meeting is open to the public. The Chairman of the Committee is empowered to conduct the meeting in a fashion that will, in his judgment, facilitate the orderly conduct of business. Any member of the public who wishes to file a written statement with the Committee will be permitted to do so, either before or after the meeting. Members of the public who wish to make oral statements should inform Lois Weeks, Director, Advisory Committee Management, 202-566-9969, at least 5 days prior to the meeting and reasonable provision will be made for their appearance on the agenda.

Further information concerning this meeting may be obtained from the Advisory Committee Management Office.

The transcript of the meeting will be available for public review at the Freedom of Information Public Reading Room, Room 2107, FEA, Federal Building, 12th and Pennsylvania Avenue NW., Washington, D.C., between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. Any person may purchase a copy of the transcript from the reporter.

Issued at Washington, D.C., on June 28, 1977.

ERIC J. FYGI,
Acting General Counsel.

[FR Doc.77-18930 Filed 6-30-77;8:45 am]

ENERGY SUPPLY AND ENVIRONMENTAL COORDINATION ACT

Negative Determination of Environmental Impact; Kansas Power and Light Company Lawrence Generating Station, Powerplants 3, 4 and 5

Pursuant to 10 CFR 208.4 and 305.9, the FEA hereby gives notice that it has performed an analysis and review of the environmental impact of the proposed issuance of a Notice of Effectiveness for the prohibition order to Kansas Power and Light Company's Lawrence Generating Station, Powerplants 3, 4 and 5.

On June 30, 1975, the FEA issued prohibition orders to the above-listed powerplants which prohibited the powerplants from burning natural gas or petroleum products as their primary energy source. The prohibition order provided, however, that in accordance with the requirements of 10 CFR Parts 303 and 305, the order would not become effective until either, (1) the Administrator of the Environmental Protection Agency (EPA) notifies the FEA, in accordance with section 119(d)(1)(B) of the Clean Air Act, that a particular powerplant will be able on and after July 1, 1975, to burn coal and to comply with all applicable air pollution requirements without a compliance date extension under section 119, or (2) if no notification is given by EPA, the date that the Administrator of EPA certifies pursuant to section 119(d)(1)(B) of the Clean Air Act is the earliest date that a particular powerplant will be able to comply with all applicable air pollution requirements under section 119 of that Act; *and*, until FEA has performed an analysis of the environmental impact of the issuance of a Notice of Effectiveness, pursuant to 10 CFR 305.9, and has served the powerplant the Notice of Effectiveness, as provided in 10 CFR 303.10(b), 303.37(b) and 305.7.

The FEA has analyzed and reviewed the effect on the human environment of issuance of the Notice of Effectiveness, and has determined it is clear that issuance of a Notice of Effectiveness for the prohibition order to the above listed powerplants is not a "major Federal action significantly affecting the quality of the human environment" within the meaning of the National Environmental Policy Act 42 U.S.C. 4332(2)(C). Therefore, pursuant to 10 CFR 208.4(c) FEA has determined that an environmental impact statement is not required.

Additional copies of this negative determination of environmental impact and copies of the environmental assessment upon which it is based are available upon request from the FEA National Energy Information Center, Room 1404, Federal Building, 12th and Pennsylvania Avenue NW., Washington, D.C. 20461. Copies of the documents are also available for public review in the FEA Freedom of Information Reading Room, Room 2107, 12th and Pennsylvania Avenue NW., Washington, D.C.

Interested persons are invited to submit data, views, or arguments with respect to the environmental impacts of the Notice of Effectiveness and the associated negative determination and environmental assessment to Executive Communications, Box NM, Room 3317, Federal Energy Administration, 12th and Pennsylvania Avenue NW., Washington D.C. 20461.

Comments should be identified on the outside of the envelope and on documents submitted to FEA Executive Communications with the designation, "Negative Determination — Proposed NOE to Kansas Power and Light Company's Lawrence Generating Station, Powerplants 3, 4 and 5." Fifteen copies should be submitted on or before July 21, 1977.

Any information or data considered by the person furnishing it to be confidential must be so identified and submitted in one copy only. The FEA reserves the right to determine the confidential status of the information or data and to treat it according to that determination.

Issued in Washington, D.C., June 27, 1977.

ERIC J. FYGI,
Acting General Counsel,
Federal Energy Administration.

CONSUMER AFFAIRS/SPECIAL IMPACT ADVISORY COMMITTEE SUBCOMMITTEES

Meeting

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770), notice is hereby given that the subcommittees of the Consumer Affairs/Special Impact Advisory Committee will meet Thursday, July 21, 1977, at the location and time indicated below.

The objective of the subcommittees is to make recommendations to the parent Committee with respect to matters concerning consumer aspects of FEA policies and programs.

The agenda and schedule of meetings is as follows:

ENERGY CONSUMPTION PROBLEMS AND UTILITIES

Room 3000A, FEA Headquarters, 12th & Pennsylvania Avenue NW., Washington, D.C., 9 a.m.

Agenda: Discussion and Development of Recommendations on the National Energy Act—Utility Issues.

ENERGY EFFICIENCY STANDARDS CONSERVATION AND ECOLOGY

Room 5041B, FEA Headquarters, 12th & Pennsylvania Avenue NW., Washington, D.C., 9 a.m.

Agenda: Discussion and Development of Recommendations on the National Energy Act—Conservation Issues; State Energy Conservation Plans—Update and Discussion.

TRANSPORTATION PROGRAMS

Room 5041A, FEA Headquarters, 12th & Pennsylvania Avenue NW., Washington, D.C., 9 a.m.

Agenda: Discussion and Development of Recommendations on the National Energy Act—Transportation Programs, Rationing Contingency Plans.

ENERGY LEGISLATION AND REGULATION

Room 3000A, FEA Headquarters, 12th & Pennsylvania Avenue NW., Washington, D.C., 1 p.m.

Agenda: Discussion and Development of Recommendations on the National Energy Act; Proposed FEA Regulations; Other Energy Related Legislation.

ENERGY CONSUMPTION PROBLEMS AND THE DISADVANTAGED

Room 5041B, FEA Headquarters, 12th & Pennsylvania Avenue NW., Washington, D.C., 1 p.m.

Agenda: Discussion and Development of Recommendations on the National Energy Act; Welfare Reform and Implications for the National Energy Plan.

CONSUMER REPRESENTATION

Room 5041A, FEA Headquarters, 12th & Pennsylvania Avenue NW., Washington, D.C., 1 p.m.

Agenda: Discussion and Development of Recommendations on the National Energy Act—Consumer Participation.

The subcommittee meetings are open to the public. The Chairman of each subcommittee is empowered to conduct the meeting in a fashion that will, in his judgment, facilitate the orderly conduct of business. Any member of the public who wishes to file a written statement with a subcommittee will be permitted to do so, either before or after the meeting. Members of the public who wish to make oral statements should inform Lois Weeks, Director, Advisory Committee Management (202) 566-9969, at least 5 days prior to the meeting and reasonable provision will be made for their appearance on the agenda.

Further information concerning these meetings may be obtained from the Advisory Committee Management Office.

The transcript of the meetings will be available for public review at the Freedom of Information Public Reading Room, Room 2107, FEA, Federal Building, 12th and Pennsylvania Avenue NW., Washington, D.C., between the hours of 8 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. Any person may purchase a copy of the transcript from the reporter.

Issued at Washington, D.C., on June 28, 1977.

ERIC J. FYGI,
Acting General Counsel.

[FR Doc.77-18932 Filed 6-30-77;8:45 am]

ENERGY SUPPLY AND ENVIRONMENTAL COORDINATION ACT

Negative Determination of Environmental Impact; Carolina Power and Light Company's Sutton Generating Station, Powerplants 1, 2 and 3

Pursuant to 10 CFR 208.4 and 305.9, the FEA hereby gives notice that it has performed an analysis and review of the environmental impact of the proposed issuance of a Notice of Effectiveness for the prohibition order to Carolina Power and Light Company's Sutton Generating Station, powerplants 1, 2 and 3.

On June 30, 1975, the FEA issued prohibition orders to the above-listed powerplants which prohibited the powerplants from burning natural gas or petroleum products as their primary energy source. The prohibition orders provided, however, that in accordance with the requirements of 10 CFR Parts 303 and 305, the orders would not become effective until either, (1) the Administrator of the Environmental Protection Agency (EPA) notifies the FEA, in accordance with section 119(d)(1)(B) of the Clean Air Act, that a particular powerplant will be able on and after July 1, 1975, to burn coal and to comply with all applicable air pollution requirements without a compliance date extension under section 119, or (2) if no notification is given by EPA, the date that the Administrator of EPA certifies pursuant to section 119(d)(1)(B) of the Clean Air Act is the earliest date that a particular powerplant will be able to comply with all applicable air pollution requirements under section 119 of that Act; and, until FEA has performed an analysis of the environmental impact of the issuance of a Notice of Effectiveness, pursuant to 10 CFR 305.9, and has served the powerplant the Notice of Effectiveness, as provided in 10 CFR 303.10(b), 303.37(b) and 305.7.

The FEA has analyzed and reviewed the effect on the human environment of issuance of the Notice of Effectiveness, and has determined that issuance of a Notice of Effectiveness for the prohibition orders to the above listed powerplants is not a "major Federal action significantly affecting the quality of the human environment" within the meaning of the National Environmental Policy Act, 42 U.S.C. 4332(2)(C). Therefore, pursuant to 10 CFR 208.4(c) FEA has determined that an environmental impact statement is not required.

Additional copies of this negative determination of environmental impact and copies of the environmental assessment upon which it is based are available upon request from the FEA National Energy Information Center, Room 1404, Federal Building, 12th and Pennsylvania Avenue NW., Washington, D.C. 20461. Copies of the documents are also available for public review in the FEA Freedom of Information Reading Room, Room 2107, 12th and Pennsylvania Avenue NW., Washington, D.C.

Interested persons are invited to submit data, views, or arguments with respect to the environmental impacts of the Notice of Effectiveness and the associated negative determination and environmental assessment to Executive Communications, Box NT, Room 3317, Federal Energy Administration, 12th and Pennsylvania Avenue NW., Washington, D.C. 20461.

Comments should be identified on the outside of the envelope and on documents submitted to FEA Executive Communications with the designation, "Negative Determination—Proposed NOE to Carolina Power and Light Company's Sutton Generating Station, Powerplants 1, 2 and 3." Fifteen copies should be submitted on or before July 21, 1977.

Any information or data considered by the person furnishing it to be confidential must be so identified and sumitted in one copy only. The FEA reserves the right to determine the confidential status of the information or data and to treat it according to that determination.

Issued in Washington, D.C. June 28, 1977.

ERIC J. FYGI,
Acting General Counsel,
Federal Energy Administration.

FEDERAL MARITIME COMMISSION

[No 77-19, Agreement No. 10235]

CONSOLIDATED FORWARDERS INTERMODAL CORP.

Correction

In the Commission's June 1, 1977 erratum to the order of investigation in the proceeding, published June 7, 1977 (42 FR 29040), the listing of North Atlantic Baltic Freight Conference as a Protestant should be qualified by the parenthetical statement "(except Seatrain)".

JOSEPH C. POLKING,
Acting Secretary.

[FR Doc.77-18887 Filed 6-30-77;8:45 am]

[Docket No. 77-26]

E. L. MOBLEY, INC.

Order of Investigation and Hearing

E. L. Mobley, Inc. (Licensee), 120 W. Bay Street, Savannah, Georgia, was issued independent ocean freight forwarder license FMC No. 1064R on January 20, 1972.[1] Mr. Elton L. Mobley is President, Treasurer, a Director, and 66⅔ percent shareholder of the licensee corporation. His wife, Virginia J. Mobley, is Secretary, Vice President, a Director, and 33⅓ percent shareholder.[2]

The Commission possesses information which indicates that Mr. Mobley signed the name of a Mr. A. N. Manucy, Jr., to a letter dated June 28, 1976 without having authority from Mr. Manucy to do so. This letter was written on simulated letterhead of "Charleston Overseas Forwarders, Inc.", a firm of which Mr. Manucy was President, for the purpose of inducing the Citizen's & Southern National Bank of Atlanta, Georgia, to clear a letter of credit dated March 24, 1976 covering a shipment of some 5,280 square yards (44 rolls) of carpet shipped by Blue Ridge Carpet Mills, Inc., Ellijay, Georgia (Blue Ridge).[3]

[1] Mr. Elton L. Mobley was licensed as a sole proprietorship between April 26, 1975 and January 20, 1972.

[2] Mr. R. C. Towns of Savannah, Georgia, is also a Director. The Licensee has no other officers, directors, or shareholders.

Charleston Overseas Forwarders, Inc. (Charleston), was also a licensed ocean freight forwarder (FMC No. 751) until February 27, 1976, when it changed its corporate name to International Forwarders, Inc. (FMC No. 751–R).[4] The letter of credit instructions from the foreign consignee of the carpet shipment in question specified that Charleston be engaged to handle the shipment.[5] Blue Ridge, however, gave the shipment to Licensee, which proceeded to process it without notifying International Forwarders, Inc., of this fact.

The June 28, 1976 letter sent to the Citizen's & Southern Bank was addressed "To Whom It May Concern" and falsely certified that Charleston had received payment of $5,085 in ocean freight applicable to the shipment and was purportedly signed by "A. N. Manucy, President." An identical copy of this letter, but with an obviously different version of the unauthorized signature of A. N. Manucy, Jr., was also sent to Blue Ridge. Licensee received a brokerage payment on the shipment from the carrier, and forwarding and other accessorial fees from Blue Ridge.

The above conduct by Mr. Mobley, who controls Licensee in all respects, appears to violate section 510.23(h) of the Commission's rules[6] and reflects unfavorably upon Licensee's fitness to remain a licensed independent ocean freight forwarder.

The Commission also possesses evidence indicating that on several occasions during 1975 and 1976 Licensee failed to pay freight advanced by shippers to the ocean carriers entitled to such monies within the time period specified by section 510.23(f) of the Commission's rules.[7] On at least two other occasions, Licensee failed to promptly remit monies owed to a shipper/client because of the shipper/client's overpayment of ocean freight, conduct which also violates section 510.23(f).[8]

A licensee's repeated failure to adhere to the regulations of this Commission or of other government agencies casts substantial doubt upon its fitness to operate in a position of trust such as that of an independent ocean freight forwarder. Accordingly, the Commission has decided to institute an investigation to thoroughly examine the forwarding activities of E. L. Mobley, Inc., from 1975 until the present, with particular attention to be given to the details surrounding the June 26, 1976 shipment of Blue Ridge Carpet on Kuwait Shipping Company. Findings and conclusions are to be reached on whether Elton L. Mobley forged the signature of A. N. Manucy, Jr.; the extent to which E. L. Mobley, Inc., may have violated sections 510.23 (f) or (h) of the Commission's Rules; whether E. L. Mobley, Inc., possesses sufficient standards of business integrity and scrupulousness to remain a Commission licensee; and whether the license of E. L. Mobley, Inc., should be suspended or revoked.

Wherefore, *it is ordered*, That pursuant to sections 22 and 44(d) of the Shipping Act, 1916 (46 U.S.C. 821, 841(b)), and section 510.9(3) of the Commission's Rules, a proceeding be instituted to resolve the following issues:

Whether Elton L. Mobley forged the signature of A. N. Manucy, Jr., to letters of certification dated June 28, 1976, and, if so, whether said conduct is attributable to E. L. Mobley, Inc.;

(2) Whether E. L. Mobley, Inc., has violated section 510.23 (f) or (h) of the Commission's Rules between January 1, 1975 and the present;

3 Whether, in light of the evidence adduced pursuant to the foregoing issues, E. L. Mobley, Inc., possesses the requisite "fitness" within the meaning of section 44(b) of the Shipping Act, 1916, to remain licensed as an independent ocean freight forwarder;

(4) Whether, in light of the conclusions reached on the foregoing issues, the independent ocean freight forwarder license of E. L. Mobley, Inc., should be suspended or revoked.

and;

It is further ordered, That, E. L. Mobley, Inc., be made the Respondent in this proceeding and that the matter be assigned for public hearing before an Administrative Law Judge at a date and place to be determined by the Administrative Law Judge presiding, but in no event, later than December 27, 1977. The hearing shall include oral testimony and cross-examination in the discretion of the presiding officer only upon a showing that there are genuine issues of material fact that cannot be resolved on the basis of sworn statements, affidavits, depositions, or other documents, or that the nature of the matters in issue is such that an oral hearing and cross-examination are otherwise necessary for the development of an adequate record; and,

It is further ordered, That this order be published in the FEDERAL REGISTER and a copy thereof be served upon E. L. Mobley, Inc.; and,

It is further ordered, That any person other than Respondent and the Commission's Bureau of Hearing Counsel having an interest and desiring to participate in this proceeding may do so by filing a timely petition for leave to intervene pursuant to section 502.72 of the Commission's Rules; and

It is further ordered, That all future notices issued by or on behalf of the Commission, including notice of time and place of hearing or of prehearing conference, shall be mailed directly to all parties of record.

By the Commission.

JOSEPH C. POLKING,
Acting Secretary.

[FR Doc.77-18886 Filed 6-30-77;8:45 am]

[4] The shipment moved via Kuwait Shipping Company from Savannah to Bahrain, Saudi Arabia under Bill of Lading No. 2, dated June 26, 1976.

[5] Mr. Manucy continued as President of the corporation.

[6] The overseas consignee issuing the letter of credit was apparently unaware that Charleston had changed its name to International Forwarders, Inc., at the end of February.

[6] 46 CFR 510.23(h) states: No licensee shall file or assist in the filing of any claim, affidavit, letter of indemnity, or other paper or document with respect to a shipment handled or to be handled, by such licensee, which he has reason to believe is false or fraudulent.

[7] In some cases, payment was over 30 days overdue. 46 CFR 510.23(f) states: Each licensee shall promptly pay over to the ocean-going common carrier or its agent within seven (7) days after the receipt thereof, excluding Saturdays, Sundays, and legal holidays, or within five (5) days after the departure of the vessel from each port of loading, excluding Saturdays, Sundays, and legal holidays, whichever is later, all sums advanced the licensee by its principal for freight and transportation charges, and shall disburse to other person(s) when due all sums advanced by its principal for the payment of any charges, debts or obligations in connection with the forwarding transaction, and shall promptly account to its principal for overpayments, adjustments of charges, reductions in rates, insurance refunds, insurance money paid to the forwarder as the result of claims, proceeds of c.o.d. shipments, drafts, letters of credit, and any other sums due such principal.

[8] These incidents involved a $2,511 refund due to Coronet Carpets on a Pace Lines shipment carried in May, 1976 and a $557.43 refund due the same shipper on an Independent Gulf Line shipment carried in November, 1972. Repayment of neither sum had been made by December 10, 1976, but was accomplished shortly after the matter was brought to Mr. Mobley's attention by a Commission investigator.

FEDERAL MEDIATION AND CONCILIATION SERVICE

ARBITRATION SERVICES ADVISORY COMMITTEE

Meeting

Notice is hereby given that the FMCS Arbitration Services Advisory Committee, in accordance with section 10 of the Federal Advisory Committee Act of October 6, 1972 (Pub. L. 92–463, 86 Stat. 770–776), will meet on Thursday, July 21 and Friday, July 22, 1977 at 9:30 a.m., in Conference Room 412, 2100 K Street NW., Washington, D.C.

The agenda for the meeting is as follows:

I. Regional library of decisions.
II. Labor arbitrator development planning.
III. Publication of decisions.
IV. Recertification for roster of arbitrators.
V. Regional arbitration activity.
VI. Arbitrator symposia.
VII. Fees and charges.
VIII. Arbitration statistics.

This meeting shall be open to the public.

Communications regarding this meeting should be addressed to:

Mr. John Canestraight, Associate Director, Office of Arbitration Services, Federal Mediation and Conciliation Service, Washington, D.C. 20427.

Signed at Washington, D.C., this 27th day of June 1977.

WAYNE L. HORVITZ,
Director.

[FR Doc.77-18808 Filed 6-30-77;8:45 am]

FEDERAL POWER COMMISSION

[Docket No. ER77-278]

ARKANSAS POWER & LIGHT CO.

Settlement Agreement

JUNE 24, 1977.

Take notice that Arkansas Power & Light Company (AP&L) on June 6, 1977, tendered for filing a Settlement Agreement between AP&L and all customer Intervenors in the above captioned proceeding: Conway Corporation, Benton Municipal Light and Water Works, Hope Water and Light Commission, City of North Little Rock, Arkansas, City of Osceola, Arkansas, City of Prescott, Arkansas, City of West Memphis, Arkansas, Farmers Electric Cooperative Corporation, and Mississippi County Electric Cooperative, Inc. AP&L indicates that all of the aforementioned parties have been served with copies of the Settlement Agreement.

Along with the Settlement Agreement, AP&L tendered for filing a motion requesting approval of said Settlement Agreement.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before July 8, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc. 77-18820 Filed 6-30-77;8:45 am]

[Project No. 2552]

CENTRAL MAIN POWER CO.

Application for Approval of Easement Over Project Lands

JUNE 24, 1977.

Public notice is hereby given that an application was filed on May 11, 1977, under the Federal Power Act, 16 U.S.C. 791a-825r, by Central Maine Power Company (Correspondence to: Mr. Jon S. Readnour, Counselor, Central Maine Power Company, Edison Drive, Augusta, Maine 04336) for Commission approval of the grant of an easement over certain lands of the Halifax Project, FPC No. 2552 to the Town of Winslow, Maine (Grantee), for the installation and operation of municipal sewer pipelines. Project No. 2552 is located in the immediate vicinity of the Halifax Dam on the Sebasticook River in the Town of Winslow, Kennebec Countey, Maine.

Applicant proposes to grant a perpetual easement approximately 1,462 feet long and from 20 to 30 feet wide to Grantee for the purpose of constructing a sewer pipeline. The pipeline would consist of two eight-inch-diameter siphon pipes placed side-by-side and parts of a 14-inch sewer line. A 590-foot-long siphon pipe section would extend across and, if possible, would be buried below, the bottom of Sebasticook River. Sections which could not be buried due to the presence of rock would be placed on the river bottom and encased in concrete. The sewer lines would be part of a proposed wastewater treatment facility which would include interceptors, lateral sewers, a pumping station, and a force main. The wastewater treatment facility would be part of the Kennebec Sanitary Treatment District.

Applicant has requested the shortened procedure provided for under § 1.32(b) of the Commission's rules of practice and procedure, 18 CFR 1.32(b) (1976).

Any person desiring to be heard or to make any protest with reference to said application should, on or before August 12, 1977, file with the Federal Power Commission, 825 N. Capitol St. NE., Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure, 18 CFR 1.8 or 1.10 (1976). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in and conferred upon the Federal Power Commission by sections 308 and 309 of the Federal Power Act, 16 U.S.C. 825g and 825h, and the Commission's rules of practice and procedure, specifically § 1.32(b), a hearing on this application may be held before the Commission without further notice if no issue of substance is raised by any request to be heard, protest, or petition filed subsequent to this notice within the time required herein. If an issue of substance is so raised, further notice of hearing will be given.

Under the shortened procedure herein provided for, unless otherwise advised, it will not be necessary for Applicant to appear or be represented at the hearing before the Commission.

The application is on file with the Commission and is available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. RM75-29]

FUEL ADJUSTMENT PROVISIONS IN FPC RATE SCHEDULES

Order Granting Application for Rehearing for Purposes of Further Consideration

JUNE 24, 1977.

On May 26, 1977, Consumer Owned Systems[1] filed an Application for Rehearing of the Commission's order issued on April 26, 1977, terminating the above-captioned proceeding. In view of the diverse issues contained in the application, the Commission shall grant the application solely for the limited purpose of further consideration. This action does not constitute a grant or denial of the application on the merits in whole or in part.

The Commission orders: Rehearing of the April 26, 1977, order in this proceeding is granted for the limited purpose of further consideration.

By the Commission.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-18827 Filed 6-30-77;8:45 am]

[Docket No. CP76-285]

MOUNTAIN FUEL RESOURCES, INC.

Amendment to Application

JUNE 24, 1977.

Take notice that on June 13, 1977, Mountain Fuel Resource, Inc. (Applicant), 180 East First South Street, Salt Lake City, Utah 84139, filed in Docket No. CP76-285 an amendment to its application filed on March 3, 1976 in the instant docket pursuant to section 7 of the Natural Gas Act setting forth certain changes in some of the terms and provisions of the original S-1 agreement dated June 8, 1976, as amended November 5, 1976 between Applicant and Northwest Pipeline Corporation (Northwest), and previously filed with the Commission, all as more fully set forth in the amendment which is on file with the Commission and open to public inspection.

The original application in this proceeding requested a certificate of public convenience and necessity authorizing the acquisition, construction, installation and operation of gas storage facilities in the Dakota formation of the Clay Basin Field, Daggett County, Utah, and the rendition of gas storage service to interested parties. Applicant indicates that the original application has been amended three times prior to this amendment. Applicant states that its third amendment requests authorization of the limited participation of El Paso

[1] Consumer Owned Systems are the municipally and cooperatively owned utilities listed in Appendix A of "Comments of Consumer Owned Systems in Support of Proposed Rulemaking" filed on September 2, 1975, in this docket.

Natural Gas Company (El Paso) in the storage operation provided by Applicant in the Clay Basin Field, Dagget County, Utah. The accelerated development of the Clay Basin Storage Field resulting from El Paso's temporary participation in the project is in exact compliance with the level of development required as result of negotiations and resultant contractual obligations between Applicant and Northwest for storage service to be rendered to Northwest from the Clay Basin Field commencing with the 1978–1979 injection-withdrawal season, and would enable Northwest to receive a volumetrically higher level of service from the Clay Basin Field following the termination of El Paso's temoprary participation in said project, it is said. Applicant indicates that it would have facilities available to support a Northwest storage withdrawal level of 20,000,000 Mcf during the 1978–1979 withdrawal season, it is said.

By this amendment, Applicant states that it and Northwest have agreed to change some of the terms and provisions of their original S–1 agreement dated June 8, 1976, as amended, and that this has been accomplished by a second contract amendment dated April 6, 1977. It is indicated that this contract amendment, provides for a change in certain contract definitions, an increase level of service commencing with the 1978 injection season, an extension of the term of the agreement from 10 to 15 years, a reduction in the depreciation rate, and an increase in the rate of return.

Applicant states that after El Paso's participation has been concluded on April 30, 1978, the configuration of permanent facilities to serve Northwest's storage service requirements would be somewhat different than that previously shown. Listed below are the facilities to be used solely for service to Northwest beginning with the injection season 1978:

ESTIMATED COST OF FACILITIES

LIST OF FACILITIES PROPOSED UNDER THE THIRD AMENDMENT TO THE APPLICATION

1. Pipeline, 14.9 miles 20-in. diameter

Item	Investment [1]
Engineering and survey	$22,000
Right-of-way	7,000
Damages	5,000
Pipe and fittings	1,123,000
Coating (installed)	244,000
Excavation	285,000
Pipelaying	325,000
Inspection	56,000
Assemblies	36,000
Total pipeline	2,103,000

2. Gathering pipelines, 6⅝-in diameter to 26 wells

Item	Investment
Engineering and survey	$73,000
Damages and right-of-way	22,000
Pipe and fittings	1,120,000
Coating (installed)	195,000
Excavation	462,000
Pipelaying	485,000
Inspection	73,000
Total laterals	2,430,000

3. Dehydration units rated at 30 m³/t³/d at 700 lb/in²g and 2,600 lb/in²g maximum working pressure, 26 units

Item	Investment
Engineering and survey	$97,000
Dehydration units	1,612,000
Pipe and fittings	120,000
Installation	504,000
Inspection	75,000
Total dehydration	2,408,000

4. Compressor units 5 at 2,600 hp each (13,000 hp)

Item	Investment
Material:	
Compressor units (5)	$5,775,000
Structures	893,000
Piping	1,467,000
Miscellaneous	375,000
Subtotal, material	8,510,000
Installation/construction	4,040,000
Engineering	220,000
Miscellaneous	100,000
Total compressors	12,870,000

5. Metering and control equipment

Item	Investment
Microwave and communication	$110,000
Metering and control	967,000
Total metering and control	1,077,000

6. Injection withdrawal wells

Item		Investment
Drill 19 wells each	$375,000	$7,125,000
Workover existing wells:		
Unit No. 2	213,000	
Unit No. 3	47,000	
Unit No. 4	210,000	
Unit No. 5	210,000	
Unit No. 6	108,000	
Unit No. 10	114,000	
Subtotal, workover		902,000
Total well investment		8,027,000

7. Facilities transferred to resources from Mountain Fuel

Item	Investment
7 existing wells	$874,000
Measuring facilities	78,000
Total transferred facilities	952,000

Summary of investment

1. Pipeline, 20 in	$2,103,000
2. Gathering pipelines	2,430,000
3. Dehydration	2,408,000
4. Compressors	12,870,000
5. Metering and control	1,077,000
6. Wells	8,027,000
7. Transferred facilities	952,000
Total investment	29,867,000

[1] All investment costs are based upon recent experience of Applicant's parent, Mountain Fuel, in the construction and installation of similar facilities.

The total cost of this modified list of facilities is $29,867,000, and this amount is used as the basis for the estimated cost-of-service to Northwest after April 30, 1977, it is said.

Any person desiring to be heard or to make any protest with reference to said amendment should on or before July 15, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules. All persons who have heretofore filed need not file again.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-18817 Filed 6-30-77;8:45 am]

[Docket No. RI77-71]

N. C. GINTHER, ET AL.

Application for Declaratory Order

JUNE 23, 1977.

Take notice that on May 6, 1977, N.C. Ginther, et al. ("Ginther") filed an application, pursuant to § 1.7(c) of the regulations, for a declaratory order to determine the rate at which Ginther should be permitted to sell natural gas to Tennessee Gas Pipeline Company ("Tennessee") from the Sarco Creek Area, Goliad County, Texas, under the terms of a 1974 contract. According to the application, the original 1949 base agreement between Ginther and Tennessee expired by its own terms in 1969. Thereafter, a 1971 instrument covering sales of essentially the same gas was executed which later became the subject of substantial dispute. Applicants state that in settlement of all outstanding controversies the parties entered into a 1974 gas purchase agreement to supersede the original 1949 base contract and that the 1974 agreement incorporates substantial changes from the 1949 agreement. The application requests a Commission declaration as to whether the 1974 agreement between Tennessee and Ginther, et al., qualifies as a rollover or replacement contract under the provisions of Opinion Nos. 699, et seq., and 770, et seq. (replacement contract ceiling now 53 cents per Mcf, subject to 30% additional for small producer, plus adjustments).

Any person desiring to be heard or to make any protest with reference to said petition should on or before July 13, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any party wishing to become a party to a proceeding, or to participate as a party in any hearing therein, must file a peti-

tion to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-18823 Filed 6-30-77;8:45 am]

[Docket No. ER77-446]

NEVADA POWER CO.

Interconnection Agreement

JUNE 24, 1977.

Take notice that on June 14, 1977, Nevada Power Company (Nevada) tendered for filing an Interconnection Agreement between Nevada and the Tri-State Generation & Transmission Association, Inc. (Tri-State) dated May 12, 1977. Nevada states that the primary purpose of this Interconnection Agreement is to provide for the exchange of generating capacity and energy between the electric systems of the parties.

Nevada states that service may be provided under three Service Schedules:

1. Service Schedule A—Emergency Assistance.
2. Services Schedule B—Economy Energy Interchange.
3. Service Schedule C—Banked Energy.

Nevada requests waiver of the Commission's notice requirements to allow an effective date of May 12, 1977, for this Agreement, with an initial term of one year.

Nevada indicates that copies of this filing were served upon Nevada's jurisdictional customer, the California-Pacific Utilities Company, and upon the Public Service Commission of Nevada.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before July 6, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-18821 Filed 6-30-77;8:45 am]

[Docket No. ER77-448]

NORTHERN STATES POWER CO.

Cancellation

JUNE 24, 1977.

Take notice that Northern States Power Company (NSPC) on June 13, 1977 tendered for filing a notice of cancellation terminating the Short Term Transmission Service Agreement dated November 29, 1976, designated Rate Schedule FPC No. 384, and effective January 20, 1977, between NSPC and the City of Marshall, Minnesota. NSPC states that notice of the proposed cancellation has been served upon the City of Marshall.

Pursuant to § 35.15 of the Commission's regulations (18 CFR), NSPC requests waiver of the notice requirements to allow said proposed cancellation to be effective as of April 20, 1977.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.10). All such petitions or protests should be filed on or before July 6, 1977. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-18825 Filed 6-30-77;8:45 am]

[Docket No. CP77-436]

NORTHWEST PIPELINE CORP.

Application

JUNE 24, 1977.

Take notice that on June 13, 1977, Northwest Pipeline Corporation (Applicant), 315 East Second South, Salt Lake City, Utah 84110, filed in Docket No. CP77-436 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of a new measuring station and the transportation for, and the exchange of natural gas with Pacific Gas Transmission Company (PGT), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Applicant requests authorization to transport for and exchange up to 10,000 Mcf of natural gas per day on a best efforts basis with PGT. Applicant also requests authorization to construct and operate a measuring station to accept the volumes of gas to be delivered by PGT. Applicant states that it would receive for transportation and exchange up to 10,000 Mcf of natural gas per day from PGT and redeliver to PGT equivalent volumes, less certain volumes sold to Applicant, and compressor fuel usage, at an existing point of interconnection between PGT and Applicant. Applicant indicates that it would utilize its existing transmission facilities.

It is stated that PGT has developed or otherwise acquired a new source of gas supply in the Fontenelle area of Lincoln County, Wyoming which is remote from PGT's existing transmission system. In order to make the volumes of natural gas to be purchased in the Fontenelle area available to its transmission system, PGT has entered into a gas transportation and exchange agreement dated January 4, 1977 with Applicant and the agreement is for a primary term ending December 31, 1986, it is said. It is stated that the gas redelivered by displacement by Applicant to PGT would thereafter be transported and sold to PGT's parent company, Pacific Gas and Electric Company. It is indicated that the initial volumes of gas to be delivered would be approximately 2,873 Mcf of natural gas per day.

Applicant states that PGT would deliver the subject gas, for exchange and transportation to Applicant at a point on Applicant's 30-inch mainline to Lincoln County, Wyoming, and that Applicant would redeliver equivalent volumes to PGT, by exchange less such gas as Applicant has elected to purchase from PGT, less volumes for shrinkage and compressor fuel use at an existing point of interconnection between PGT and Applicant located in Spokane County, Washington. It is stated that the volumes of gas to be delivered for exchange and transportation would be balanced on a Btu basis and such balancing would, to the extent possible, be achieved monthly.

It is indicated that PGT would pay Applicant its system average transmission cost, excluding compressor fuel, of 16.03 cents per Mcf for all volumes of gas redelivered to PGT as compensation for rendering the proposed transportation service. In addition PGT would furnish Applicant's compressor fuel associated with the transportation service, i.e. 2 percent of the volumes of gas remaining after deducting the volumes of gas sold to Applicant, it is said.

It is indicated that pursuant to the transportation agreement dated January 4, 1977, Applicant has the option to purchase up to 25 percent of the volumes, delivered by PGT for transportation and exchange, which originated from wells drilled on acreage designated as "Working Interest Acreage Acquired after August 1, 1972". Applicant further indicates that it has exercised its option under the subject agreement to purchase gas from PGT. Applicant states that PGT has informed it that the volumes of natural gas subject to Applicant's option to purchase would be approximately 100 Mcf per day, and that the cost of such gas would be based on PGT's cost of gas purchased in the Fontenelle area, including Btu adjustments, taxes, and other charges allowed, plus a portion of PGT's cost-of-service incurred by PGT in compressing and delivering the gas to Applicant, it is said.

It is stated that all of the gas delivered by PGT to Applicant would be combined with other gas in Applicant's existing pipeline system upstream of Applicant's Opal processing plant and, therefore, would be subject to processing at such

processing plant for the purpose of removing liquid hydrocarbons. It is further stated that as a result of PGT's gas being processed at Applicant's Opal Plant, approximately 5 percent of PGT's gas would be lost as fuel and shrinkage. Applicant states that it would purchase from PGT 5 percent of the volumes delivered to Applicant for transportation and exchange in order to reimburse PGT for the fuel and shrinkage, and that it would pay PGT for said quantity of gas the same price paid by PGT, including the base price, Btu adjustments, taxes and other charges allowed.

Applicant also proposes to construct and operate such measuring facilities that are required to accept the volumes of gas to be delivered to it by PGT. The measuring facilities so constructed would be located on Applicant's 30-inch mainline in Lincoln County, Wyoming, and the estimated cost of constructing the facilities is $37,000 which cost would be financed by funds on hand, it is indicated.

Any person desiring to be heard or to make any protest with reference to said application should on or before July 15, 1977, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervenes that a formal hearing is required, herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearings is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-18826 Filed 6-30-77;8:45 am]

TENNECO ATLANTIC PIPELINE CO. AND TENNESSEE GAS PIPELINE CO.

[Docket Nos. CP77-100—CP77-103]

Shortening Comment Period and Denying Extension of Time for Evidentiary Hearing

JUNE 23, 1977.

On June 6, 1977, Staff Counsel filed a motion to shorten the time in which to file comments on the Draft Environmental Impact Statement (DEIS) to be circulated July 11, 1977, pursuant to the procedural mileposts set by Commission Order issued May 5, 1977, in the above indicated dockets. A response in support of Staff Counsel's motion was filed June 14, 1977, by Tenneco Atlantic Pipeline Company and Tennessee Gas Pipeline Company.

On June 13, 1977, the Natural Resources Council of Maine ("Council") and its co-petitioners filed a motion for an extension of the July 11, 1977, milepost which the May 5 Order set for the beginning of the evidentiary hearing in this proceeding. The motion requested a period of not less than 45 days from the time the DEIS is circulated to the date the evidentiary hearing begins. A response in opposition to Council's motion was filed June 20, 1977, by Tenneco Atlantic Pipeline Company and Tennessee Gas Pipeline Company.

The Commission stated in its May 5 Order its desire to maintain a schedule which will allow a final decision to be reached in this proceeding by the end of 1977. The Commission believes that shortening the DEIS comment period and maintaining the evidentiary hearing milepost will facilitate the issuance of a final decision by the end of this year.

Notice is hereby given that the time for filing comments on the Draft Environmental Impact Statement in the above proceeding is shortened to within 30 days of the date that notice of the Statement's availability appears in the FEDERAL REGISTER. The procedural milepost for the beginning of the evidentiary hearing will remain July 11, 1977, recognizing that the environmental matters will be heard in accordance with the DEIS and FEIS process.

By direction of the Commission.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-18824 Filed 6-30-77;8:45 am]

[Docket No. ER77-311]

UTAH POWER & LIGHT CO.

Order Accepting for Filing, Suspending Proposed Rate Changes, Granting Intervention, and Establishing Procedures

JUNE 23, 1977.

On April 20, 1977,[1] Utah Power & Light Company (Utah) tendered for filing a proposed increase in rates to its FPC Electric Tariff. The Company employs three rate schedules to serve its 24 customers (5 Investor owned utilities, 14 municipalities, 4 cooperatives, and Navajo Tribal Utility Authority) depending upon the delivery voltage: Schedule RS-1, Medium Voltage (2.3 to 33 KV), Schedule RS-2, High Voltage (44 to 138 KV), and Schedule RS-3, Extra High Voltage (138 or higher). The proposed changes result in additional revenues of $7,574,628 (25.02%) for the 12 months succeeding the proposed effective date of May 23, 1977.

Notice of the filing was issued on April 29, 1977, with responses due on or before May 11, 1977.

On April 29, 1977, the Idaho Public Utilities Commission gave notice of its intervention pursuant to § 1.8(a)(1) of the Commission's rules of practice and procedure.

On May 6, 1977, Lincoln Service Corporation (Lincoln) filed a request for an extension of time until June 6, 1977, within which to file a protest and/or petition to intervene. On June 6, 1977, Lincoln asked for further extension until July 6, 1977, and by notice of June 7, the Secretary granted such extension.

Petitions to intervene were filed by Sierra Pacific Power Company, Navajo Tribal Utility Authority, California-Pacific Utilities Company, and Mt. Wheeler Power Company (Petitioners). Petitioners generally assert that a substantial portion of the rate increase relates to inclusion of Construction Work in Progress (CWIP) in rate base by Utah and that Commission policy, pursuant to Order 555, Docket No. RM75-13, is to delete these amounts from rate base, unless such amounts represent investment in pollution control or fuel conversion facilities, or unless the utility has shown in its application that severe financial hardship would result from non-inclusion. Petitioners ask that, should the Commission accept the filing without the inclusion of CWIP, the proposed rates be suspended for the maximum five month period. Petitioners also point out that Utah has pending before the Commission an earlier rate increase application (Docket No. ER76-654) in which the issues of CWIP and rate of return have not been resolved.

Following the issuance of Order 555, Commission policy regarding rate-base treatment of CWIP is to exclude that portion of CWIP which relates to facilities not constructed for pollution control or fuel conversion. Order 555 allows prospective inclusion of other portions of CWIP only upon a showing by the Company of "severe financial difficulty which cannot be otherwise alleviated without materially increasing the cost of electricity to consumers * * * ."[2]

The Commission will allow Utah's inclusion of that part of CWIP relating to

[1] Filing completed on May 24, 1977, with the receipt of additional requested information. See appendix for designations.

[2] Order 555, Docket No. RM75-13, Issued November 8, 1976, at page 16.

pollution control facilities, amounting to about $56 million of the $130 million CWIP total. As to the remainder, Order 555 clearly mandates that any allowable inclusion of CWIP based on the "severe financial difficulty" standard can be prospective only from the date of issuance of a final order or rehearing approving inclusion of such amounts in rate base. If it chooses, Utah may pursue this matter at hearing.

Consistent with Commission order in similiar cases,[2] the Commission will require that Utah refile revised tariff sheets and cost of service data reflecting the reduced rates resulting from the elimination of non-qualifying CWIP from rate base.

Our review indicates that the proposed rates filed by Utah on April 20, 1977, have not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, preferential, or otherwise unlawful. Accordingly, we shall suspend the proposed rates for five months and establish hearing procedures.

The Commission finds: (1) Good cause exists to require Utah Power to file revised tariff sheets based on exclusion of non-pollution control CWIP rate base.

(2) Good cause exists to accept for filing the proposed rates (to be updated by the requirements of subsection 1 above) in docket No. ER77-311 and to suspend those rates for five months until November 21, 1977, when they shall become effective, subject to refund, as hereinafter ordered and conditioned.

(3) It is necessary and proper and in the public interest and to aid in the enforcement of the Federal Power Act that the Commission enter upon a hearing concerning the lawfulness of Idaho's rates as proposed to be revised herein.

(4) Participation in this proceeding by Sierra Pacific Power Company, Navajo Tribal Utility Authority, California-Pacific Utilities Company, and Mt. Wheeler Power Company may be in the public interest.

The Commission orders: (A) Pursuant to the authority of the Federal Power Act, particularly sections 205 and 206 thereof, and the Commission's rules and regulations, a public hearing shall be held concerning the justness and reasonableness of the rates and charges included in the subject filing of Utah as proposed to be revised herein.

(B) Within 30 days of the issuance of this Order, Utah shall file revised rate schedules and revised cost of service data reflecting the reduced rates resulting from the elimination of non-pollution control CWIP from rate base as heretofore discussed.

(C) Pending a hearing and final decision thereon, Utah's filing is hereby accepted for filing and suspended for five months, to become effective on November 21, 1977, subject to refund and subject to the condition that it file revised rates pursuant to Paragraph (B) above.

(D) Intervention status is granted to the Navajo Tribal Utility Authority, Sierra Pacific Power Company, California-Pacific Utilities Company, and Mt. Wheeler Power Company, subject to the rules and regulations of the Commission: *Provided, however,* That participation of such intervenors shall be limited to matters affecting asserted rights and interests and specifically set forth in the petition to intervene: *And provided, further,* That the admission of such intervenors shall not be construed as recognition by the Commission that they might be aggrieved because of any order or orders of the Commission entered in this proceeding.

(E) The Staff shall prepare and serve Top Sheets on all parties for settlement purposes on or before August 23, 1977. (See Administrative Order No. 157.)

(F) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (See Delegation of Authority, 18 CFR 3.5 (d)), shall preside at an initial conference of Top Sheets in a hearing room of the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426. Said Law Judge is authorized to establish all procedural dates and to rule upon all motions, except petitions to intervene, motions to consolidate and sever and motion to dismiss), as provided for in the Rules of Practice and Procedure.

(G) Nothing contained herein shall be construed as limiting the rights of parties to this proceeding regarding the convening of conferences or offers of settlement pursuant to § 1.18 of the Commission's rules of practice and procedure.

(H) The Secretary shall cause prompt publication of this order to be made in the FEDERAL REGISTER.

By the Commission.

KENNETH F. PLUMB,
Secretary.

[FR Doc.77-18818 Filed 6-30-77;8:45 am]

[Docket No. RP77-64]

VALLEY GAS TRANSMISSION, INC.

Order Accepting for Filing and Suspending Proposed Rate Increase, Initiating Hearing, Permitting Interventions, and Establishing Procedures

JUNE 23, 1977.

On April 29, 1977, Valley Gas Transmission, Inc. (Valley) tendered for filing in the above docket proposed changes to its FPC Gas Tariff[1] which would increase its revenues for jurisdictional natural gas sales $290,337 annually based upon costs and volumes for the 12 months ended December 31, 1976, as adjusted. Valley requested that the proposed increases be permitted to become effective June 1, 1977. On May 24, 1977, Valley submitted certain necessary supplementary information in support of its requested increase. On May 27, 1977, the Commission by letter informed Valley that its initial filing was deficient since it did not include data required pursuant to a settlement in Docket No. RP76-41, and was subject to rejection until it was supplemental by the filing of May 24th. The Commission assigned May 24, 1977, as the filing date in this docket. For the reasons stated below the Commission shall accept the proposed rate increase for filing, suspend it for one day, and set the matter for hearing.

Public notice of this filing was issued May 9, 1977, providing for protests or petitions to intervene to be filed on or before May 22, 1977. Petitions to intervene were filed by Tennessee Gas Pipeline Company and National Fuel Gas Supply Corporation. The petitions to intervene will hereinafter be granted. To date no other petitions to intervene, protests or comments have been filed.

Valley states the principal reason for its proposed rate change is an increase in costs of virtually every aspect of its operations. Valley projected a 19 percent decrease in its sales volumes for the adjusted period, and requested an 11.63 percent overall rate of return, with a return on common equity of 15 percent. In addition, Valley requests a 4.91 percent depreciation rate based upon the Unit-of-production method.

Valley submitted statements L, M, and N pursuant to § 154.63 of the Commission's regulations and requests waiver of the regulations so as not to be required to file statements A through K and O. In view of the relatively small amount of increase sought, the time and expense which would be required to prepare the additional statements, and the fact that the statements submitted are fully adequate for purposes herein, the Commission, therefore, finds that good cause exists to grant the requested waiver.

Valley also requested a waiver of § 154.63(b)(3) to permit the filing of Statement P on May 20, 1977, which is more than 15 days after the initial filing date of April 29, 1977. Since the Commission has assigned an official filing date of May 24, 1977, for this docket, the requirements of § 154.63(b)(3) have been met and no waiver is necessary.

In view of its alleged fragile financial condition, Valley requests that any suspension, if deemed necessary, be limited to one day. Valley states that its total 1976 net income amounted to only $743.

Based upon a review of Valley's filing herein, the Commission finds that the proposed higher rates have not been shown to be just and reasonable, and may be unjust, unreasonable, unduly discriminatory or otherwise unlawful. Accordingly, the Commission shall accept Valley's proposed rate increase for filing, suspend its use for one day or until June 25, 1977, when it shall be permitted to become effective subject to refund, and shall set the matter for hearing.

The Commission finds: It is necessary and proper in the public interest and in carrying out the provisions of the Natural Gas Act that the Commission enter

[2] See Commission Order in ER76-404 and ER76-658, issued July 15, 1976.

[1] Tenth Revised Sheet No. 2A and First Revised Sheet Nos. 172 through 176.

upon a hearing concerning the lawfulness of the increased rates and charges proposed by Valley, and that the same be accepted for filing and suspend as hereinafter ordered.

The Commission orders: (A) Pursuant to the authority of the Natural Gas Act, particularly sections 4, 5, 8, and 15 thereof, and the Commission's rules and regulations, a public hearing shall be held concerning the lawfulness of the increased rates proposed herein by Valley.

(B) Pending hearing and decision, Valley's proposed rate increase is accepted for filing and suspended for one day or until June 25, 1977, when it shall be permitted to become effective, subject to refund, upon motion filed by Valley in accordance with the provisions of the Natural Gas Act.

(C) The Commission staff shall prepare and serve top sheets on all parties on or before September 26, 1977.

(D) A Presiding Administrative Law Judge to be designated by the Chief Administrative Law Judge for that purpose (18 CFR 3.5(d)), shall convene a settlement conference in this proceeding to be held within 10 days after the service of top sheets by the staff, in a hearing or conference room of the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426. The Presiding Administrative Law Judge is authorized to establish such further procedural dates as may be necessary and to rule upon all motions (except motions to consolidate, sever, or dismiss), as provided for in the rules of practice and procedure.

(E) Valley's request for waiver of § 154.63(d)(3) of the Commission's regulations as to statements A through K and O is hereby granted.

(F) The petitioners to intervene are permitted to intervene in the captioned proceeding subject to the Commission's rules and regulations: *Provided, however,* That the participation of the intervenors shall be limited to matters affecting asserted rights and interests specifically set forth in the petitions to intervene; *And provided, further,* That the admission of such intervenors shall not be construed as recognition that they might be aggrieved by any order entered in this proceeding.

(G) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

KENNETH F. PLUMB,
Secretary.

FEDERAL RESERVE BOARD

[Docket No. TCR 76-141]

AMERICAN GENERAL INSURANCE CO.

Prior Certification

American General Insurance Company, Houston, Texas ("AG"), has requested a prior certification pursuant to § 1101(b) of the Internal Revenue Code (the "Code"), as amended by Section 2(a) of the Bank Holding Company Tax Act of 1976 (the "Tax Act"), that its proposed divestiture of all of the 2,632,042 nonvoting shares of common stock (the "TCB Shares") of Texas Commerce Bancshares, Inc., Houston, Texas ("TCB"), presently held by AG,[1] through the pro rata distribution of such shares to the holders of common stock of AG, is necessary or appropriate to effectuate the policies of the Bank Holding Company Act (12 U.S.C. 1841 *et seq.*) ("BHC Act").[2]

In connection with this request, the following information is deemed relevant, for purposes of issuing the requested certification:[3]

1. AG is a corporation organized under the laws of the State of Texas on May 8, 1926.

2. AG, directly and through four wholly-owned subsidiaries, acquired ownership or control of a total of 104,363 shares of Texas Commerce Bank, Houston, Texas ("Bank"), by purchase from unrelated parties prior to December 31, 1967. On February 28, 1968, AG and its subsidiaries received 9,523 additional shares of Bank's stock as the result of a stock dividend. On May 17, 1968, AG and 10 of its subsidiaries purchased 807,375 shares, representing approximately 28 per cent of Bank's stock, from Houston Endowment, Inc. Between February 9, 1968 and March 26, 1969, various subsidiaries of AG acquired additional shares of Bank's stock by purchase from unrelated parties. Numerous intercompany sales among AG's subsidiaries occurred between May 17, 1968 and May 13, 1974; however, the only purchase of Bank's stock by AG or its subsidiaries from unrelated parties after July 7, 1970, was 6.0034382 shares acquired on March 4, 1971 to round off fractional shares received by AG and its subsidiaries in connection with the stock dividend of .1034482 shares of Bank stock for each share of Bank stock outstanding paid by Bank on that date.[4] On July 7, 1970, AG, directly and through its subsidiaries, owned or controlled 954,410 shares of Bank's stock, which represented approximately 34.7 per cent of the outstanding voting shares of Bank. On July 7, 1971, as part of the formation of TCB, Bank was merged into a newly created, wholly-owned subsidiary of TCB. Pursuant to the terms of the merger, holders of Bank's stock exchanged their Bank stock for common stock in TCB on a share-for-share basis.[5] On May 30, 1972, pursuant to the previously noted condition of the Board's Order of April 11, 1972, AG and its subsidiaries exchanged their shares of TCB common stock on a share-for-share basis for new Class B stock in TCB, which is in all respects identical to TCB common stock except that while the Class B stock is held by AG and/or its subsidiaries the stock has no voting rights. Upon disposition of the Class B stock by AG and its subsidiaries, the transferee has the right to exchange the Class B stock for TCB common stock on a share-for-share basis. AG has indicated that no gain or loss was recognized on the exchange of the TCB common stock for the Class B stock.[6]

3. AG became a bank holding company on December 31, 1970 as a result of the 1970 Amendments to the BHC Act, by virtue of its direct and indirect ownership and control at that time of more than 25 percent of the outstanding voting shares of Bank, and it registered as

[1] By Order of April 11, 1972, the Board determined that AG had ceased to be a bank holding company for purposes of the BHC Act. The Board's determination was conditioned, in part, upon AG exchanging all voting shares of TCB then held by AG for a new class of shares of TCB that would be nonvoting while held by AG. AG was further required to divest of all its nonvoting shares of TCB by December 31, 1980. See 58 Federal Reserve Bulletin 487 (1972).

[2] By Order of April 14, 1977 (42 FR 20662), the Board approved a plan submitted by AG, whereby AG would divest its interest in TCB through distributions to AG's common shareholders at a rate of not less than one TCB share for every 100 shares of AG common stock owned. AG has committed to divest itself of all interest in TCB by December 31, 1980.

[3] This information derives from AG's correspondence with the Board concerning its request for this certification, AG's Registration Statement filed with the Board pursuant to the BHC Act, and other records of the Board.

[4] Under subsection (c) of § 1101 of the Code, property acquired after July 7, 1970 generally does not qualify for the tax benefits of § 1101(b) when distributed by an otherwise qualified bank holding company. However, where such property was acquired by a qualified bank holding company in a transaction in which gain was not recognized under § 305(a) of the Code, then § 1101(b) is applicable. AG has indicated that pursuant to § 305(a) of the Code, no gain was recognized as a result of the March 4, 1971 stock dividend declared by Bank in which AG received 98,738 additional shares of Bank's stock.

[5] In connection with the formation of TCB, a ruling was obtained from the Internal Revenue Service that the transaction whereby TCB acquired control of Bank and Bank's stockholders exchanged their shares of Bank's stock for common stock of TCB was a qualified tax-free reorganization pursuant to § 368(a)(1)(A) of the Code. Accordingly, even though the TCB stock was received by AG after July 7, 1970, it nevertheless qualifies as property eligible for the tax benefits provided in § 1101(b) of the Code, by virtue of § 1101(c) of the Code, since it was received in a reorganization described in § 368(a)(1)(A) of the Code and no gain was recognized by AG.

[6] AG has indicated that for accounting and tax purposes, this exchange of its TCB common stock for Class B stock was treated as a recapitalization under § 368(a)(1)(E) of the Code. Accordingly, even though the Class B stock was acquired by AG after July 7, 1970, it would nevertheless qualify as property eligible for the tax benefits provided in § 1101(b) of the Code, by virtue of § 1101(c), since the Class B stock was received in a transaction described in § 368(a)(1)(E) of the Code in which no gain was recognized.

such with the Board as a bank holding company on August 23, 1971. AG would have been a bank holding company on July 7, 1970 if the BHC Act Amendments of 1970 had been in effect on such date, by virtue of its direct and indirect ownership and control on that date of more than 25 percent of the outstanding voting shares of Bank.

4. AG holds property acquired by it on or before July 7, 1970, the disposition of which would be necessary or appropriate to effectuate section 4 of the BHC Act if AG were to continue to be a bank holding company beyond December 31, 1980, which property is "prohibited property" within the meaning of § 1103(c) of the Code.

5. AG has committed to divest itself of all interest in TCB by December 31, 1980, and no director, officer or policymaking employee of AG does or will serve in a similar capacity with TCB or any of its subsidiaries. Moreover, no officer, director, or policymaking employee of AG, or a person owning 25 percent or more of the shares of AG or any combination of such persons, does or will own or control, directly or indirectly, 25 percent or more of the voting shares of TCB or any of its subsidiaries.

On the basis of the foregoing information, it is hereby certified that:

(A) AG is a qualified bank holding corporation, within the meaning of subsection (b) of § 1103 of the Code, and satisfies the requirements of that subsection; [1]

(B) the shares of TCB that AG proposes to distribute to its shareholders are all or part of the property by reason of which AG controls (within the meaning of section 2(a) of the BHC Act) a bank or a bank holding company; and

(C) the distribution of such shares is necessary or appropriate to effectuate the policies of the BHC Act.

This certification is based upon the representations made to the Board by AG and upon the facts set forth above. In the event the Board should determine that facts material to this certification are otherwise than as represented by AG, or that AG has failed to disclose to the Board other material facts, it may revoke this certification.

By order of the Board of Governors, acting through its General Counsel, pursuant to delegated authority (12 CFR 265.2(b)(3)), effective June 23, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

[FR Doc.77-18890 Filed 6-30-77;8:45 am]

[1] Although the Board determined in 1972 that AG had ceased to be a bank holding company for purposes of the BHC Act, that determination was conditioned upon AG's divestiture by December 31, 1980 of the new class of nonvoting shares it was to acquire as another condition of that determination. Accordingly, until all conditions of the Board's determination have been satisfied, the Board believes that for purposes of the Tax Act AG should be deemed to continue to control TCB, even though the Board has for regulatory purposes treated the conversion of AG's stock in TCB to nonvoting shares as sufficient basis for relieving AG from the controls of the BHC Act pending final divestiture of those shares.

BRENTWOOD BANCSHARES CORP.

Formation of Bank Holding Company and Commencement of Nonbanking Activity

Brentwood Bancshares Corporation, St. Louis, Missouri, has applied for the Board's approval under Section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company through acquisition of 80 per cent or more of the voting shares of Brentwood Bank, Brentwood, Missouri. Brentwood Bancshares Corporation also proposes to engage de novo as agent or broker in the sale of credit life and credit accident and health insurance sold in connection with extensions of credit by Brentwood Bank, in accordance with § 225.4(a)(9) of the Board's Regulation Y. The factors that are considered in acting on the application are set forth in Sections 3(c) and 4(c)(8) of the Act (12 U.S.C. 1842(c) and 1843(c)(8)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of St. Louis. Any person wishing to comment on the application should submit views in writing to the Reserve Bank, to be received not later than July 25, 1977.

Board of Governors of the Federal Reserve System, June 23, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

[FR Doc.77-18894 Filed 6-30-77;8:45 am]

NATIONAL CITY CORP.

Acquisition of Bank

National City Corporation, Cleveland, Ohio, has applied for the Board's approval under section 3(a)(3) of the Bank Holding Company Act (12 U.S.C. 1842(a)(3)) to acquire 100 per cent, less directors' qualifying shares, of the voting shares of National Union Bank, Columbiana, Ohio. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Cleveland. Any person wishing to comment on the application should submit views in writing to the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, to be received not later than July 22, 1977.

Board of Governors of the Federal Reserve System, June 24, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

[FR Doc.77-18893 Filed 6-30-77;8:45 am]

NEW PARENT CO.

Formation of Bank Holding Company

New Parent Company, Cincinnati, Ohio, has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company by acquiring 100 percent, less directors' qualifying shares, of the voting shares of D. H. Baldwin Company, Cincinnati, Ohio, a registered multi-bank holding company with twelve Colorado banking subsidiaries. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

New Parent Company, Cincinnati, Ohio, has also applied, pursuant to section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) and § 225.4(b)(2) of the Board's Regulation Y (12 CFR 225.4(b)(2)), for permission to indirectly acquire voting shares of the following nonbanking subsidiaries of D. H. Baldwin Company: Computer Congenerics Corporation of Colorado (data processing activities), located in Denver and Grand Junction, Colorado; C. C. Fletcher Mortgage Company (mortgage banking activities), Cincinnati, Ohio; Baldwin Finance Company and its subsidiary, The Baldwin Company (real and/or personal property leasing and consumer finance activities), both located in Cincinnati, Ohio; FMC-Baldwin Leasing Company (personal property leasing activities), Chicago, Illinois; and Louisville Mortgage Service Company (mortgage banking and credit-related insurance activities), Louisville, Kentucky. Notice of these applications was published on the following dates in the following newspapers circulated in their respective communities: on June 3, 1977, in The Rocky Mountain News, Denver, Colorado; on June 5, 1977, in The Daily Sentinel, Grand Junction, Colorado; on June 6, 1977, in The Cincinnati Enquirer, Cincinnati, Ohio; on June 6, 1977, in both The Courier Journal and The Louisville Times, Louisville, Kentucky; and on June 8, 1977, in the Chicago Tribune, Chicago, Illinois.

Applicant states that the proposed subsidiaries would continue to engage in their respective activities as indicated above. Such activities have been specified by the Board in § 225.4(a) of Regulation Y as permissible for bank holding companies, subject to Board approval of individual proposals in accordance with the procedures of § 225.4(b).

Interested persons may express their views on the question whether consummation of the proposal can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." Any request for a hearing on this question should be accompanied by a statement summarizing

the evidence the person requesting the hearing proposes to submit or to elicit at the hearing and a statement of the reasons why this matter should not be resolved without a hearing.

The application may be inspected at the offices of the Board of Governors or at the Federal Reserve Bank of Kansas City.

Any views or requests for hearing should be submitted in writing and received by the Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than July 22, 1977.

Board of Governors of the Federal Reserve System, June 24, 1977.

GRIFFITH L. GARWOOD,
Deputy Secretary of the Board.

[Docket No. TCR 76-109]

TRANSOHIO FINANCIAL CORP.

Prior and Final Certifications

Transohio Financial Corporation, Cleveland, Ohio ("Transohio"), as the successor in interest to Union Financial Corporation, Cleveland, Ohio ("Union"), has requested a prior certification pursuant to § 6158(a) of the Internal Revenue Code (the "Code"), as amended by section 3(a) of the Bank Holding Company Tax Act of 1976 (the "Tax Act"), that the sale on May 31, 1974, by Union of Port Clinton National Bank ("Bank"), to Union Commerce Corporation, Cleveland, Ohio ("Commerce"), was necessary or appropriate to effectuate the policies of the Bank Holding Company Act (12 U.S.C. 1841 et seq.) ("BHC Act"). Transohio has also requested a final certification pursuant to § 6158(c)(2) of the Code that Union has (before the expiration of the period prohibited property is permitted under the BHC Act to be held by a bank holding company) ceased to be a bank holding company.[1]

In connection with these requests, the following information is deemed relevant for purposes of issuing the requested certification: [2]

1. Transohio is a corporation organized under the laws of the State of Delaware on December 22, 1970. Union was a corporation organized under the laws of the State of Ohio on January 25, 1960.

2. Between August 25, 1964, and April 2, 1970, Union acquired ownership and control of 69,534 shares, representing 86.9 per cent of the outstanding voting shares, of Bank.

3. Union became a bank holding company on December 31, 1970, as a result of the 1970 Amendments to the BHC Act, by virtue of its ownership and control at that time of more than 25 per cent of the outstanding voting shares of Bank, and it registered as such with the Board on September 1, 1971. Union would have been a bank holding company on July 7, 1970, if the BHC Act Amendments of 1970 had been in effect on such date, by virtue of its ownership and control on that date of more than 25 per cent of the voting shares of Bank.

4. On May 31, 1974, Union sold 79,358 shares,[2] representing 99.2 per cent of the total outstanding voting shares, of Bank to Commerce for cash.

5. On May 31, 1974, Union held property acquired by it on or before July 7, 1970, the disposition of which would, but for the proviso of Section 4(a)(2) of the BHC Act, have been necessary or appropriate to effectuate Section 4 of the BHC Act if Union were to have remained a bank holding company beyond December 31, 1980, and which property would, but for such proviso, have been "prohibited property" within the meaning of §§ 6158(f)(1) and 1103(c) of the Code. Section 1103(g) of the Code provides that any bank holding company may elect, for purposes of Part VIII of subchapter O of chapter 1 of the Code, to have the determination whether property is "prohibited property" or is property eligible to be distributed without recognition of gain under § 1101(b)(1) of the Code, made under the BHC Act as if such Act did not contain the proviso of Section 4(a)(2) thereof. Transohio, as successor to Union, has represented that it will make such an election.[4]

6. On June 11, 1974, Union and Transohio merged pursuant to the laws of Ohio and Delaware with Transohio continuing as the surviving corporation. Pursuant to contract and the laws of Ohio and Delaware, Transohio succeeded to all the properties, assets, and rights and liabilities of Union.

7. Neither Transohio nor any subsidiary of Transohio holds any interest in Bank, Commerce, or any subsidiary of Commerce, or in any other bank or any company that controls a bank.

8. Neither Commerce, nor any subsidiary of Commerce, including Bank, holds any interest in Transohio or any subsidiary of Transohio.

9. No officer, director (including honorary or advisory director) or employee with policymaking functions of Transohio or any subsidiary of Transohio also holds any such position with Commerce or any subsidiary of Commerce, including Bank, or with any other bank or any company that owns a bank.

10. Transohio does not control in any manner the election of a majority of directors, or exercise a controlling influence over the management or policies, of Commerce, including Bank, or of any other bank or company that controls a bank.

On the basis of the foregoing, it is certified that:

(A) at the time of its sale of the shares of Bank to Commerce, Union was a qualified bank holding corporation, within the meaning of subsection (b) of section 1103 of the Code, and satisfied the requirements of that subsection;

(B) the shares of Bank that Union sold to Commerce were all or part of the property by reason of which Union controlled (within the meaning of section 2(a) of the BHC Act) a bank or bank holding company;

(C) the sale of the shares of Bank by Union was necessary or appropriate to effectuate the policies of the BHC Act;

(D) Union has (before the expiration of the period prohibited is permitted under the BHC Act to be held by a bank holding company) ceased to be a bank holding company; and

(E) Union has disposed of all banking property.

This certification is based upon the representations made to the Board by Transohio and upon the facts set forth above, and is conditioned upon Transohio making the election required by § 1103(g) of the Code at such time and in such manner as the Secretary of the Treasury or his delegate may by regulations prescribe. In the event the Board should hereafter determine that facts material to this certification are otherwise than as represented by Transohio, or that Transohio has failed to disclose to the Board other material facts, it may revoke this certification.

By order of the Board of Governors acting through its General Counsel, pursuant to delegated authority (12 CFR 265.2(b)(3)) effective June 24, 1977.

RUTH A. REISTER,
Assistant Secretary of the Board.

[FR Doc.77-18891 Filed 6-30-77;8:45 am]

[1] Pursuant to sections 2(d)(2) and 3(e)(2) of the Tax Act, in the case of any sale that takes place on or before December 31, 1976 (the 90th day after the date of the enactment of the Tax Act), the certification described in § 6158(a) shall be treated as made before the sale, and the certification described in § 6158(c)(2) shall be treated as following the calendar year in which the last such sale occurred, if application for such certification was made before the close of December 31, 1976. Transohio's application for such certifications was received by the Board on December 10, 1976.

[2] This information derives from Transohio's correspondence with the Board concerning its request for this certification, Union's Registration Statement filed with the Board pursuant to the BHC Act, and other records of the Board.

[2] Of the 79,358 shares of Bank sold by Union on May 31, 1974, 9,824 shares had been acquired by Union after July 7, 1970.

[4] Section 1103(g) requires that an election thereunder be made "at such time and in such manner as the Secretary [of the Treasury] or his delegate may by regulations prescribe." As of this date, no such regulations have been promulgated.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

ADVISORY COMMITTEE

Meeting

AGENCY: Food and Drug Administration.

ACTION: Notice.

SUMMARY: This notice announces a forthcoming meeting of a public advi-

sory committee of the Food and Drug Administration (FDA). This notice also sets forth a summary of the procedures governing committee meetings and methods by which interested persons may participate in open public hearings conducted by the committees and is issued under section 10(a) (1) and (2) of the Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770-776 (5 U.S.C. App. I)), and FDA regulations (21 CFR Part 14) relating to advisory committees. The following advisory committee meeting is announced:

Committee name	Date, time, and place	Type of meeting and contact person
Gastrointestinal Drugs Advisory Committee, Subcommittee on Hepatotoxicity.	July 18 and 19, 9 a.m., Conference room C, Parklawn Bldg., 5600 Fishers Lane, Rockville, Md.	Open public hearing July 18, 9 a.m. to 10 a.m.; open committee discussion July 18, 10 a.m. to 5 p.m., July 19, 9 a.m. to 5 p.m.; Joan C. Standaert (HFD-110), 5600 Fishers Lane, Rockville, Md. 20857, 301-443-4790.

General function of the committee. Reviews and evaluates available data concerning the safety and effectiveness of marketed investigational prescription drugs for use in gastrointestinal diseases.

Agenda.—Open public hearing. Any interested persons may present data, information, or views, orally or in writing, on issues pending before the committee.

Open committee discussion. Discussion of preclinical testing guidelines.

FDA public advisory committee meetings may have as many as four separable portions: (1) An open public hearing, (2) an open committee discussion, (3) a closed presentation of data, and (4) a closed committee deliberation. Every advisory committee meeting shall have an open public hearing portion. Whether or not it also includes any of the other three portions will depend upon the specific meeting involved. There are no closed portions for the meeting announced in this notice. The dates and times reserved for the open portions of the committee meeting are listed above.

The open public hearing portion of each meeting shall be at least 1 hour long unless public participation does not last that long. It is emphasized, however, that the 1 hour time limit for an open public hearing represents a minimum rather than a maximum time for public participation, and an open public hearing may last for whatever longer period the committee chairman determines will facilitate the committee's work.

The meeting of the advisory committee shall be conducted, insofar as is practical, in accordance with the agenda published in this FEDERAL REGISTER notice. Changes in the agenda will be announced at the beginning of the open portion of the meeting.

Any interested person who wishes to be assured of the right to make an oral presentation at the open public hearing portion of a meeting shall inform the contact person listed above, either orally or in writing, prior to the meeting. Any person attending the hearing who does no in advance of the meeting request an opportunity to speak will be allowed to make an oral presentation at the hearing's conclusion, if time permits, at the chairman's discretion.

Persons interested in specific agenda items to be discussed in open session may ascertain from the contact person the approximate time of discussion.

A list of committee members and summary minutes of the meeting may be obtained from the Public Records and Documents Center (HFC-18), 5600 Fishers Lane, Rockville, Md. 20857, between the hours of 9 a.m. and 4 p.m., Monday through Friday. The FDA regulations relating to public advisory committees may be found in 21 CFR Part 14.

Dated: June 24, 1977.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner for Compliance.

[FR Doc.77-18672 Filed 6-30-77;8:45 am]

[Docket No. 77F-0175]

CALLAWAY CHEMICAL CO.

Filing of Food Additive Petition

AGENCY: Food and Drug Administration.

ACTION: Notice.

SUMMARY: The Callaway Chemical Co. has filed a petition proposing that the food additive regulations be amended to provide for the safe use of dimethylol propionic acid as a comonomer of polyester resin coatings for paper and paperboard.

FOR FURTHER INFORMATION CONTACT:

John J. McAuliffe, Bureau of Foods (HFF-334), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204. (202-472-5690).

SUPPLEMENTARY INFORMATION: Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 409 (b)(5), 72 Stat. 1786 (21 U.S.C. 348(b)(5))), notice is given that a petition (FAP 6B3240) has been filed by the Callaway Chemical Co., P.O. Box 2335, Columbus, GA 31902, proposing that § 176.170 *Components of paper and paperboard in contact with aqueous and fatty foods* (21 CFR 176.170, formerly § 121.2526 prior to recodification published in the FEDERAL REGISTER of March 15, 1977 (42 FR 14302)), be amended by providing for the safe use of dimethylol propionic acid as a comonomer in polyester resin coatings of paper and paperboard.

The environmental impact analysis report and other relevant material have been reviewed, and it has been determined that the proposed use of the additive will not have a significant environmental impact. Copies of the environmental impact analysis report may be seen in the office of the Assistant Commissioner for Public Affairs, Rm. 15B-42 or the office of the Hearing Clerk (HFC-20), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20857, between the hours of 9 a.m. and 4 p.m., Monday through Friday.

Dated: June 21, 1977.

HOWARD R. ROBERTS,
Acting Director Bureau of Foods.

[Docket No. 75N-0319]

COTHYROBAL

Refusal To Approve New Drug Application

Correction

In FR Doc.77-15688, appearing at page 28602 in the issue for Friday, June 3, 1977, make the following changes:

1. In the third column of page 28603, 8th line of the second full paragraph, the last word now reading "financial", should be "final".

2. On page 28609, second column 4th full paragraph entitled, *"Conclusion"*, the section number in the 7th line now reading "§ 314.11(a)(5)(ii)", should be "§ 314.111 (a)(5)(ii)".

3. On page 28611 in the second column, paragraph no. "2", in the 13th line, the section reference should be "§ 314.111(a)(5)(ii)(*a*)(2)(*ii*)", instead of "§ 314.111 (a)(5)(ii)(a)(2)(ii)".

4. On page 28167 in the third column, the second full paragraph, the parenthetical phrase in the 6th line should be "(Exceptions as 165".

5. On page 28621 in the first column, the third line above the first full paragraph starting with *"Diabetic retinopathy * * *"*, the page numbers should be "911-912".

6. In the same column, the 8th line above the first full paragraph starting with *"Diabetic retinopaty * * *"*, the line should be "been used for 25 years without any show-".

7. On page 28623 in the 5th full paragraph of the second column, the 7th line should read "through (6) and (d) (1) through (6) of the act and the regulation".

HEALTH RESEARCH GROUP

Filing of Petition Concerning Color Additives

AGENCY: Food and Drug Administration.

ACTION: Notice.

SUMMARY: The Health Research Group has filed a petition that proposes the revocation of regulations listing six color additives for use in food.

FOR FURTHER INFORMATION CONTACT:

Gerad L. McCowin, Bureau of Foods (HFF-334), Food and Drug Administration, Department of Health, Education, and Welfare, 200 C St. SW., Washington, D.C. 20204. (202-472-5740).

SUPPLEMENTARY INFORMATION: Pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (sec. 706 (d), 74 Stat. 402 (21 U.S.C. 376(d))), notice is given that a petition (Docket No. 77P-0015) has been filed by the Health Research Group, 2000 P St. NW., Washington, D.C. 20036, proposing an immediate revocation of the color additive regulations for FD&C Blue No. 1, § 74.101 (21 CFR 74.101, formerly 21 CFR 8.206 prior to recodification published in the FEDERAL REGISTER of March 22, 1977 (42 FR 15553)); Orange B, § 74.250 (formerly § 8.202 prior to recodification); Citrus Red No. 2, § 74.302 (formerly § 8.201 prior to recodificaiton); FD&C Red No. 3, § 74.303 (formerly § 8.242 prior to recodification); FD&C Red No. 40, § 74.340 (formerly § 8.244 prior to recodification); and FD&C Yellow No. 5, § 74.705 (formerly § 8.275 prior to recodification). In addition, the petitioner has requested the institution of full and competent toxicological studies on each of the colors that are listed for food use and exempt from certification.

A copy of the petition and supporting material submitted by the Health Research Group is on file under Docket No. 77P-0015 at the office of the Hearing Clerk (HFC-20), Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20857 and may be viewed between 9 a.m. and 4 p.m., Monday through Friday.

Dated: June 24, 1977.

HOWARD R. ROBERTS,
Acting Director Bureau of Foods.

Office of Education

EMERGENCY SCHOOL AID

Closing Date for Receipt of Applications for the Magnet Schools, University/Business Cooperation and Neutral Site Planning Projects

Under the authority of section 704(d) of the Emergency School Aid ("ESAA;" Title VII of Pub. L. 92-318, as amended (20 U.S.C. 1601-1619)), the Commissioner invites applications from local educational agencies for grants relating to magnet schools, university/business cooperation, and neutral site planning.

Applications must be received by the U.S. Office of Education Application Control Center in Washington, D.C., on or before August 12, 1977.

A. APPLICATIONS SENT BY MAIL

Applications sent by mail should be addressed as follows: U.S. Office of Education, Application Control Center, 400 Maryland Avenue, S.W., Washington, D.C. 20202; Attention 13.589 (for Magnet Schools, University/Business Cooperation) or 13.590 (for Neutral Site Planning). An application sent by mail will be considered to have been received on time if:

(1) The application was sent by registered or certified mail not later than August 8, 1977, as evidenced by the U.S. Postal Service postmark on the wrapper or envelope, or on the original receipt from the U.S. Postal Service; or

(2) The application is received on or before the closing date by either the Department of Health, Education, and Welfare, or the U.S. Office of Education mailrooms in Washington, D.C. In establishing the date of receipt, the Commissioner will rely on the time-date stamp of such mailroom or other documentary evidence of receipt maintained by the Department of Health, Education, and Welfare or the U.S. Office of Education.

B. HAND DELIVERED APPLICATIONS

Hand delivered applications must be taken to the U.S. Office of Education Application Control Center, Room 5673, Regional Office Building Three, 7th and D Streets SW., Washington, D.C. Hand delivered applications will be accepted daily between the hours of 8 a.m. and 4 p.m. Washington, D.C. time, except Saturdays, Sundays, and Federal holidays. Applications will not be accepted after 4 p.m. on the closing date.

C. PROGRAM INFORMATION AND FORMS

Information and application forms may be obtained from the Special Projects Branch, Equal Educational Opportunity Programs, Room 2017, 400 Maryland Avenue SW., Washington, D.C. 20202.

D. PROGRAM INFORMATION

A total of $7,500,000 is available to support projects solicited by this notice. Of this amount, $500,000 is reserved for neutral site planning activities. The remaining $7,000,000 is available for activities relating to magnet schools or university/business cooperation.

E. PROJECT PERIODS

Grant awards made pursuant to this notice will be for projects beginning no earlier than September 1, 1977 and ending no later than June 30, 1978.

F. APPLICABLE REGULATIONS

Grant awards made pursuant to this notice will be subject to the following regulations:

(1) Regulations relating generally to programs under the Emergency School Aid Act (45 CFR Part 185) and in particular, Subpart L of those regulations, and

(2) The Office of Education General Provisions regulations (45 CFR Parts 100, 100a and appendices), except to the extent that those regulations are inconsistent with 45 CFR Part 185.

(Catalog of Federal Domestic Assistance Numbers 13.589 and 13.590 Emergency School Aid—Magnet Schools, University/Business Cooperation and Neutral Site Planning)

(20 U.S.C. 1601-1619)

Dated: June 22, 1977.

ERNEST L. BOYER,
U.S. Commissioner of Education.

NATIONAL ADVISORY COUNCIL ON VOCATIONAL EDUCATION

Meeting

AGENCY: National Advisory Council on Vocational Education.

ACTION: Notice of public meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda of forthcoming meetings of the National Advisory Council on Vocational Education. It also describes the functions of the Council. Notice of these meetings is required under the Federal Advisory Committee Act (5 U.S.C. Appendix 1, 10(a)). This document is intended to notify the general public of their opportunity to attend.

DATES: August 3, 1977, 9 a.m. to 5 p.m. and on August 4, 1977 from 9 a.m. to 12 noon.

ADDRESS: Cascades Motor House, Williamsburg, Virginia.

FOR FURTHER INFORMATION CONTACT:

Diane Gelet, NACVE Staff, 425 13th Street NW., Suite 412, Washington, D.C. 20004. (202) 376-8873.

The National Advisory Council on Vocational Education is established under Section 104 of the Vocational Education Amendments of 1968, P.L. 90-576. The Council is directed to:

(A) Advise the Commissioner concerning the administration of, preparation of general regulations for, and operation of, vocational education programs supported with assistance under this title;

(B) Review the administration and operation of vocational education programs under this title, including the effectiveness of such programs in meeting the purposes for which they are established and operated, make recommendations with respect thereto, and make annual reports of its findings and recommendations (including recommendations for changes in the provisions of this title) to the Secretary for transmittal to the Congress; and

(C) Conduct independent evaluations of programs carried out under this title and publish and distribute the results thereof.

Under the authority of Section 10(d) of the Federal Advisory Committee Act (P.L. 92-463), and clauses (2) and (6) of subsection (c) of Section 552 b of Title 5 of the United States Code, the 2:00 P.M. to 5:00 P.M. session of the Council on August 3, 1977 will be closed to the public. Closure of this section of the Council meeting is to discuss internal personnel matters and if open to the public would constitute a clearly unwarranted invasion of personal privacy, which is exempt from disclosure under 5 U.S.C. 552b(c)(6). The remainder of the Council meeting, from 9:00 A.M. to 12:00 Noon on August 3, 1977 and from 9:00 A.M. to 12:00 Noon on August 4, 1977, will be open to the public.

The meeting of the National Advisory Council on Vocational Education on Au-

gust 3–4, 1977 will include the following agenda items:

AUGUST 3, 1977—MORNING

Report of the Executive Director
Planning for Council Activities for the coming year

AFTERNOON

Closed Session

AUGUST 4, 1977—MORNING

Planning for Council Activities for the coming year continued

Records shall be kept of all Council proceedings and shall be available 14 days after the meeting for public inspection at the office of the National Advisory Council on Vocational Education located at 425–13th Street, NW., Suite 412, Washington, D.C. 20004.

Signed at Washington, D.C. on June 10, 1977.

REGINALD E. PETTY,
Executive Director.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of Interstate Land Sales Registration

[Docket No. ER-77-8]

BLUE LAKE CORP.

Hearing

In the matter of: Blue Lake, Harrison County, Mississippi, Blue Lake Corporation, Respondent, OILSR No. 0-04423-28-83.

Pursuant to 15 U.S.C. 1706(e) and 24 CFR 1720.165(b) Notice is hereby given that:

1. Blue Lake, Harrison County, Mississippi, Blue Lake Corporation, its officers and agents, hereinafter referred to as "Respondent," being subject to the provisions of the Interstate Land Sales Full Disclosure Act (Pub. L. 90-448) (15 U.S.C. 1701, et seq.) received a Notice of Suspension dated May 20, 1977, which was sent to the developer pursuant to 15 U.S.C. 1706(b), 24 CFR 1710.45(a)(1) and 1720.120 based on information obtained by the Office of Interstate Land Sales Registration showing that the statement of Record adn Property Report for Blue Lake, contain untrue statements of material fact or omit to state material facts required to be stated therein or necessary to make the statements therein not misleading.

2. The Respondent filed an Answer received June 15, 1977, in response to the Notice of Proceedings and Opportunity for Hearing.

3. In said Answer the Respondent requested a hearing on the allegations contained in the Notice of Proceedings and Opportunity for Hearing.

4. Therefore, pursuant to the provisions of 15 U.S.C. 1706(d) and 24 CFR 1720.160(d): *It is hereby ordered*, That a public hearing for the purpose of taking evidence on the questions set forth in the Notice of Proceedings and Opportunity for Hearing will be held before Judge James W. Mast, in Room 7146, Department of HUD, 451 Seventh Street SW., Washington, D.C. on July 5, 1977 at 10 a.m.

5. The following time and procedure is applicable to such hearing: The parties are directed to file all affidavits and a list of all witnesses with the Hearing Clerk, HUD Building, Room 10278, Washington, D.C. 20410 on or before June 30, 1977. Copies of all documents filed should be served at the same time on all parties of record.

6. The Respondent is hereby notified that failure to appear at the above scheduled hearing shall be deemed a default and the proceedings shall be determined against Respondent, the allegations of which shall be deemed to be true, and an order Suspending the Statement of Record, herein identified, shall be issued pursuant to 24 CFR 1710.45(b)(1).

This Notice shall be served upon the Respondent forthwith pursuant to 24 CFR 1720.440.

Dated: June 20, 1977.

By the Secretary.

JAMES W. MAST,
Chief, Administrative Law Judge.

[Docket No. N-77-763]

INDIAN SPRINGS LAND CO.

Hearing

Indian Springs I and II, Indian Springs Land Company, Respondent, OILSR No. 0-01499-05-103, ED-77-6-IS.

Pursuant to 15 U.S.C. 1706(e) and 24 CFR 1720.165(b) Notice is hereby given that:

1. Indian Springs I and II, Indian Springs Land Company, its officers and agents, hereinafter referred to as "Respondent," being subject to the provisions of the Interstate Land Sales Full Disclosure Act (Pub. L. 90-448) (15 U.S.C. 1701 et seq.) received a Notice of Suspension dated May 12, 1977, which was sent to the developer pursuant to 15 U.S.C. 1706(b), 24 CFR 1710.45(a)(1) and 1720.120 based on information obtained by the Office of Interstate Land Sales Registration showing that the statement of Record and Property Report for Indian Springs I and II, contain untrue statements of material fact or omit to state material facts required to be stated therein or necessary to make the statements therein not misleading.

2. The Respondent filed an Answer received May 12, 1977, in response to the Notice of Proceedings and Opportunity for Hearing.

3. In said Answer the Respondent requested a hearing on the allegations contained in the Notice of Proceedings and Opportunity for Hearing.

4. Therefore, pursuant to the provisions of 15 U.S.C. 1706(d) and 24 CFR 1720.160(d): *It is hereby ordered*, That a public hearing for the purpose of taking evidence on the questions set forth in the Notice of Proceedings and Opportunity for Hearing will be held before Judge James W. Mast, in Room 7143, Department of HUD, 451 Seventh Street SW., Washington, D.C. on August 3, 1977 at 10 a.m.

5. The following time and procedure is applicable to such hearing: The parties are directed to file all affidavits and a list of all witnesses with the Hearing Clerk, HUD Building, Room 10278, Washington, D.C. 20410 on or before July 15, 1977. Copies of all documents filed should be served at the same time on all parties of record.

6. The Respondent is hereby notified that failure to appear at the above scheduled hearing shall be deemed a default and the proceedings shall be determined against Respondent, the allegations of which shall be deemed to be true, and an order Suspending the Statement of Record, herein identified, shall be issued pursuant to 24 CFR 1710.45(b)(1).

This Notice shall be served upon the Respondent forthwith pursuant to 24 CFR 1720.440.

Dated: June 9, 1977.

By the Secretary.

JAMES W. MAST,
Chief, Administrative Law Judge.

INTERNATIONAL TRADE COMMISSION

[TA-203-3]

STAINLESS STEEL AND ALLOY TOOL STEEL

Notice of Investigation and Hearing

Correction

In FR Doc. 77-18019 appearing in the issue of Friday, June 24, 1977 on page

32323, the date in the last paragraph, the first sentence should read "August 23, 1977".

INTERNATIONAL TRADE COMMISSION

[337-TA-23]

CERTAIN COLOR TELEVISION RECEIVING SETS

Oral Argument on Proposed Consent Orders

Notice is hereby given—

(1) On June 6, 1977 the presiding officer certified proposed consent orders to the Commission, entered into by certain respondents. These orders were the subject of a Notice of Proposed Consent Orders, published in the FEDERAL REGISTER on June 13, 1977 (42 FR 30262). On June 16, 1977 the presiding officer certified additional proposed consent orders to the Commission, entered into by the remaining respondents to this investigation.

(2) The Commission will hold oral argument on the terms of the proposed consent orders. The oral argument will be held at 10:00 am. E.D.T., on Tuesday, July 5, 1977, in the Commission's Hearing Room, U.S. International Trade Commission Building, 701 E Street NW., Washington, D.C. 20436.

(3) The Commission will hear argument on the following issues, among others:

(a) The proposed orders lack a provision waiving the requirement that the Commission determine whether or not there is a violation of section 337.

(b) The proposed consent orders lack a provision providing that the allegations of the complaint may be used to construe the terms of the orders.

(c) Is the proscription of "unlawful" activity sufficient to protect the public interest?

(d) Does the Commission have the authority under Title 44 of the United States Code and its implementing regulations to return the compliance reports to the suppliers thereof?

(e) Are the reporting and inspection requirements adequate to provide a factual basis for monitoring compliance with these orders?

(f) Should not the MIC order also provide reporting and inspection requirements?

(g) What basis is there for the differences between the proposed order entered into by Melco and the proposed orders entered into by the other respondents?

(h) Should the Commission rely on the authority conferred upon it by 19 U.S.C. 1337(f) and 19 U.S.C. 1333 in issuing any consent orders in its section 337 investigation?

Written statements summarizing a person's argument will be considered if received no later than 10:00 a.m., edt, on Tuesday, July 5, 1977.

By order of the Commission.

Issued: June 30, 1977.

KENNETH R. MASON,
Secretary.

[FR Doc. 77-19091 Filed 6-30-77; 10:03 am]

DEPARTMENT OF JUSTICE

Office of the Attorney General

[Order No. 729-77]

PRIVACY ACT OF 1974

Notice of Systems of Records

Due to a reorganization within the Department of Justice, changes are proposed to the notices of 14 systems of records which were previously published under the Privacy Act of 1974 (5 U.S.C. 552a) in the March 4, 1977, issue of the FEDERAL REGISTER (42 FR 12782-12790).

The records systems listed below have been transferred from the Office of the Deputy Attorney General to the Office of the Associate Attorney General. No changes have been made to the categories of records in the system, the categories of individuals covered, the routine uses, or the policies and practices for storing, retrieving, accessing, retaining and disposing of records. Therefore, no system reports have been filed.

The following portions of the systems notices are reprinted to reflect the change in responsibility for maintenance of the systems.

JUSTICE/DAG-001 becomes JUSTICE/AAG-001

System name:

Appointed Assistant United States Attorney Personnel System.

System location:

Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

System manager(s) and address:

Deputy Associate Attorney General, Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

JUSTICE/DAG-002 becomes JUSTICE/AAG-002

System name:

Assistant United States Attorney Applicant Records System.

System location:

Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

System manager(s) and address:

Deputy Associate Attorney General, Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

JUSTICE/DAG-005 becomes JUSTICE/AAG-003

System name:

Honor Program Applicant System.

System location:

Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

System manager(s) and address:

Honor Program Director, Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

JUSTICE/DAG-006 becomes JUSTICE/AAG-004

System name:

Master Index File of Names.

System location:

Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

System manager(s) and address:

Deputy Associate Attorney General, Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

Notification procedure:

Address all inquiries to the Deputy Associate Attorney General; Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

Record access procedures:

A request for access to these records should be directed orally or in writing to the Deputy Associate Attorney General. When requests are in writing, the envelope and letter should clearly be marked "Privacy Access Request".

Contesting record procedures:

Individuals desiring to contest or amend information maintained in the system should direct their request to the Deputy Associate Attorney General, stating clearly and concisely what information is being contested, the reason for contesting it, and the proposed amendment(s) to the information.

JUSTICE/DAG-007 becomes JUSTICE/AAG-005

System name:

Presidential Appointee Candidate Records System.

System location:

Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

System manager(s) and address:

Deputy Associate Attorney General, Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

Record access procedure:

A request for access to non-exempt portions of records from this system should be directed orally or in writing

to the Deputy Associate Attorney General. When requests are in writing, the envelope and letter should be clearly marked "Privacy Access Request".

Contesting record procedures:

Individuals desiring to contest or amend information maintained in the system should direct their request to the Deputy Associate Attorney General, stating clearly and concisely what information is being contested, the reason for contesting it, and the proposed amendment(s) to the information.

JUSTICE/DAG–008 becomes JUSTICE/AAG–006

System name:

Presidential Appointee Records System.

System location:

Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue N.W., Washington, D.C. 20530.

System manager(s) and address:

Deputy Associate Attorney General, Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

Retention and disposal:

The personnel section of these records is retained indefinitely at the Office of the Associate Attorney General, except in the instance of an appointee who resigns or dies, in which case that section is sent to the St. Louis Records Center for indefinite storage. All other sections of the folders, in the instance where an appointee dies or resigns, are sent to the Suitland, Maryland Records Center for five years and then destroyed.

Record access procedures:

A request for access to non-exempt portions of records from this system should be directed orally or in writing to the Deputy Associate Attorney General. When requests are in writing, the envelope and letter should be clearly marked "Privacy Access Request".

Contesting record procedures:

Individuals desiring to contest or amend information maintained in the system should direct their request to the Deputy Associate Attorney General, stating clearly and concisely what information is being contested, the reason for contesting it, and the proposed amendment(s) to the information.

JUSTICE/DAG–009 becomes JUSTICE/AAG–007

System name:

Special Candidates for Presidential Appointments Records System.

System location:

Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue N.W., Washington, D.C. 20530.

System manager(s) and address:

Deputy Associate Attorney General, Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

Record access procedures:

A request for access to non-exempt portions of records from this system should be directed orally or in writing to the Deputy Associate Attorney General. When requests are in writing, the envelope and letter should be clearly marked "Privacy Access Request".

Contesting record procedures:

Individuals desiring to contest or amend information maintained in the system should direct their request to the Deputy Associate Attorney General, stating clearly and concisely what information is being contested, the reason for contesting it, and the proposed amendment(s) to the information.

JUSTICE/DAG–101 becomes JUSTICE/AAG–008

System name:

Summer Intern Program Records System.

System location:

Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

System manager(s) and address:

Deputy Associate Attorney General, Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

Record access procedures:

A request for access to these records should be directed orally or in writing to the Deputy Associate Attorney General. When requests are in writing, the envelope and letter should clearly be marked "Privacy Access Request".

Contesting record procedures:

Individuals desiring to contest or amend information maintained in the system should direct their request to the Deputy Associate Attorney General, stating clearly and concisely what information is being contested, the reason for contesting it, and the proposed amendment(s) to the information.

JUSTICE/DAG–011 becomes JUSTICE/AAG–009

System name:

United States Judge and Department of Justice Presidential Appointee Records.

System location:

Office of the Associate Attorney General, United States Dearment of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

System manager(s) and address:

Deputy Associate Attorney General; Office of the Associate Attorney General; United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

Record access procedures:

A request for access to these records should be directed orally or in writing to the Deputy Associate Attorney General. When requests are in writing, the envelope and letter should clearly be marked "Privacy Access Request."

Contesting record procedures:

Individuals desiring to contest or amend information maintained in the system should direct their request to the Deputy Associate Attorney General, stating clearly and concisely what information is being contested, the reason for contesting it, and the proposed amendment(s) to the information.

JUSTICE/DAG–012 becomes JUSTICE/AAG–010

System name:

United States Judges Records System.

System location:

Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue NW., Washington, D.C. 20530.

System manager(s) and address:

Deputy Associate Attorney General, Office of the Associate Attorney General, United States Department of Justice, 10th and Constitution Avenue, NW., Washington, D.C. 20530.

Record access procedures:

A request for access to non-exempt portions of records from this system should be directed orally or in writing to the Deputy Associate Attorney General. When requests are in writing, the envelope and letter should be clearly marked "Privacy Access Request".

Contesting record procedures:

Individuals desiring to contest or amend information maintained in the system should direct their request to the Deputy Associate Attorney General, stating clearly and concisely what information is being contested, the reason for contesting it, and the proposed amendment(s) to the information.

DEPARTMENT OF LABOR

Employment and Training Administration

EMPLOYMENT TRANSFER AND BUSINESS COMPETITION DETERMINATIONS UNDER THE RURAL DEVELOPMENT ACT

Applications

The organizations listed in the attachment have applied to the Secretary of Agriculture for financial assistance in the form of grants, loans, or loan guarantees in order to establish or improve facilities at the locations listed for the purposes given in the attached list. The financial assistance would be authorized by the Consolidated Farm and Rural Development Act, as amended, 7 U.S.C. 1924(b), 1932, or 1942(b).

The Act requires the Secretary of Labor to determine whether such Federal assistance is calculated to or is likely to result in the transfer from one area to another of any employment or business activity provided by operations of the applicant. It is permissible to assist the establishment of a new branch, affiliate or subsidiary, only if this will not result in increased unemployment in the place of present operations and there is no reason to believe the new facility is being established with the intention of closing down an operating facility.

The Act also prohibits such assistance if the Secretary of Labor determines that it is calculated to or is likely to result in an increase in the production of goods, materials, or commodities, or the availability of services or facilities in the area, when there is not sufficient demand for such goods, materials, commodities, services, or facilities to employ the efficient capacity of existing competitive commercial or industrial enterprises, unless such financial or other assistance will not have an adverse effect upon existing competitive enterprises in the area.

The Secretary of Labor's review and certification procedures are set forth at 29 CFR Part 75. In determining whether the applications should be approved or denied, the Secretary will take into consideration the following factors:

(1) The overall employment and unemployment situation in the local area in which the proposed facility will be located.

2. Employment trends in the same industry in the local area.

3. The potential effect of the new facility upon the local labor market, with particular emphasis upon its potential impact upon competitive enterprises in the same area.

4. The competitive effect upon other facilities in the same industry located in other areas (where such competition is a factor).

5. In the case of applications involving the establishment of branch plants or facilities operated by the applicant.

All persons wishing to bring to the attention of the Secretary of Labor any information pertinent to the determinations which must be made regarding these applications are invited to submit such information in writing within two weeks of publication of this notice to: Deputy Assistant Secretary for Employment and Training, 601 D St. NW., Washington, D.C. 20213.

Signed at Washington, D.C., this 27th day of June 1977.

ERNEST G. GREEN,
Assistant Secretary for Employment and Training.

Applications received during the week ending June 24, 1977

Name of applicant	Location of enterprise	Principal product or activity
Null Manufacturing Corp. (tenant of Catawba County).	Newton, N.C.	Manufacture of wood furniture.
Paintsville Grocery Co., Inc. (tenant of city of Paintsville).	Paintsville, Ky.	Wholesale grocery.
Anderson's Peanuts (tenant of the town of Gosben).	Gosben, Ala.	Food processor.
Thomas Farm & Garden Supply	Yazoo City, Miss.	Wholesale distribution of agricultural farm supplies.
Farmland Ag-Services, Inc.	Johns, N.C.	Production of agricultural chemicals.
Pilot Furniture Co., Inc.	Newton, N.C.	Manufacture of upholstered furniture.
Northfield Inn, Inc.	Northfield, Minn.	Motor inn with restaurant, lounge, and banquet facilities.

JOHN DOE, I, ET AL. V. F. RAY MARSHALL

Availability of Report

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: The purpose of this notice is to inform the public that the report ordered to be prepared by the U. S. District Court for the District of Columbia on January 12, 1977, in the case of *John Doe, I, et al.* v. *F. Ray Marshall* is being made available to the public.

ADDRESSES: Members of the public who wish to receive copies of the report should write to Mr. William B. Lewis, Administrator, United States Employment Service, U.S. Department of Labor, Room 8000, 601 D Street NW., Washington, D.C. 20213, Attention: William E. Daley, Supervisory Manpower Development Specialist. Members of the public may also see the report by calling Mr. Daley at 202-376-6297 and requesting an appointment.

FOR FURTHER INFORMATION CONTACT:

William E. Daley, Supervisor Manpower Development Specialist, U.S. Department of Labor, Room 8410, 601 D Street NW., Washington, D.C. 20213. Telephone 202-376-6297.

SUPPLEMENTARY INFORMATION: On February 11, 1975, John Doe, I, et al., plaintiffs, brought suit against the Secretary of Labor alleging that he had breached his duty with regard to the Wagner-Peyser Act, 29 U.S.C. § 49 et seq. and the regulations regarding the temporary employment of foreign workers, 20 CFR § 602.10-602.10b. On January 12, 1977, the U.S. District Court for the District of Columbia ordered the Secretary of Labor to prepare a report to the Court. The report was to set forth the Secretary's conclusion and reasons as to whether or not a prior report prepared by Department of Labor personnel before the onset of the case (the Sugarman report) provided a reliable basis for further investigation and possible enforcement action against certain employers of foreign cane cutters in the South Florida 1973-1974 sugar cane harvest. The report to the Court has now been completed. This notice notifies the public that they may have access to the report.

Signed at Washington, D.C. this 27th day of June 1977.

WILLIAM B. LEWIS,
Administrator, United States Employment Service.

Occupational Safety and Health Administration

[V-77-8]

CLARK GRAVE VAULT CO.

Application

AGENCY: Occupational Safety and Health Administration, Department of Labor.

ACTIONS: (1) Notice of application for variance and interim order. (2) Grant of interim order.

SUMMARY: This notice announces the application of The Clark Grave Vault Company for a variance and interim order pending a decision on the application for a variance from the standard prescribed in 29 CFR 1910.22(c) and 1910.23(c)(3) concerning guardrails. It also announces the granting of an interim order until a decision is rendered on the application for variance.

DATES: The effective date of the interim order is July 1, 1977. The last date for interested persons to submit comments is August 1, 1977. The last date for affected employers and employees to request a hearing on the application is August 1, 1977.

ADDRESSES: Send comments or requests for a hearing to: Office of Variance Determination, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N-3668, Washington, D.C. 20210.

FOR FURTHER INFORMATION CONTACT:

Mr. James J. Concannon, Director, Office of Variance Determination, at the above address. Telephone 202-523-7121.

or the following Regional and Area Offices:

U.S. Department of Labor, Occupational Safety and Health Administration, 32nd Floor, Room 3263, 230 South Dearborn Street, Chicago, Illinois 60604.

U.S. Department of Labor, Occupational Safety and Health Administration 360 S. 3rd Street, Room 109, Columbus, Ohio 43215.

NOTICE OF APPLICATION

Notice is hereby given that The Clark Grave Vault Company, 375 East Fifth Avenue, Columbus, Ohio 43201 has made application pursuant to section 6(d) of the Occupational Safety and Health Act of 1970 (84 Stat. 1596; 29 U.S.C. 655) and 29 CFR 1905.11 for a variance, and interim order pending a decision on the application for a variance, from the standards prescribed in 29 CFR 1910.22 (c) and .23(c)(3) guarding of galvanizing tanks.

The address of the place of employment that will be affected by the application is as follows:

The Clark Grave Vault Company,
375 East Fifth Avenue,
Columbus, Ohio 43201.

The applicant certifies that employees who would be affected by the variance have been notified of the application by giving a copy of it to their authorized employee representative, and by posting a copy at all places where notices to employees are normally posted. Employees have also been informed of their right to petition the Assistant Secretary for a hearing.

Regarding the merits of the application, the applicant contends that it is providing a place of employment as safe as that required by §§1910.22(c) and 1910.23(c)(3). Section 22(c) requires that covers and or guardrails shall be provided to protect personnel from the hazard of open pits, tanks, vats, ditches, etc. Section 1910.23(c)(3) requires that galvanizing tanks and similar hazards be guarded with a standard railing and toeboard.

The applicant states that it operates a galvanizing tank which has 30 inch side height and 31½ ledge width. The applicant contends that the erection of a 42 inch guardrail around its galvanizing tank would seriously interfere with the moving of items into and out of the tank and with the skimming of the zinc. However, the applicant contents that the combination of 30 inch side height and a 31½ inch ledge width will provide protection to employees as safe as that which would be provided by using a standard 42 inch guardrail and toeboard.

GRANT OF INTERIM ORDER

It appears from the application for a variance and interim order that the use of the galvanizing tank described in the application will provide to the affected employees a place of employment as safe as that which would be provided if the applicant complied with 29 CFR 1910.22 (c) and 1910.23(c)(2). It further appears that an interim order is necessary to prevent undue hardship to the applicant and its employees pending a decision on the variance. Therefore it is ordered, pursuant to the authority in section 6(d) of the Occupational Safety and Health Act of 1970, in 29 CFR 1905.-11(c) and in Secretary of Labor's Order No. 8-76 (41 FR 25059), that The Clark Grave Vault Company be, and it is hereby, authorized to continue use of its galvanizing tank which has sides 30 inches high from the floor and ledges 31½ inches wide in lieu of the 42 inch guardrail required by 29 CFR 1910.22(c) and 29 CFR 1910.23(c)(3) *provided*, That:

(1) No employee shall walk, step, or sit on the ledge around the tank.

(2) Training and information regarding the hazards associated with and the prohibition against walking, stepping, or sitting on the ledge around the tank shall be provided for current employees within one week of the effective date of the variance, for new employees at the time of their initial assignment, and for all employees on a quarterly basis after their initial training.

The Clark Grave Vault Company shall give notice of this interim order to employees affected thereby by the same means required to be used to inform them of the application for a variance.

This interim order shall remain in effect until a decision is rendered on the application for a variance.

Signed at Washington, D.C., this 27th day of June 1977.

EULA BINGHAM,
Assistant Secretary of Labor.

[FR Doc.77-18869 Filed 6-30-77;8:45 am]

KENTUCKY STANDARDS

Approval

1. *Background.* Part 1953 of Title 29, Code of Federal Regulations prescribes procedures under section 18 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 667) (hereinafter called the Act) by which the Regional Administrator for Occupational Safety and Health (hereinafter called the Regional Administrator) under a delegation of authority from the Assistant Secretary of Labor for Occupational Safety and Health (hereinafter called the Assistant Secretary) (29 CFR 1953.4) will review and approve standards promulgated pursuant to a State plan which has been approved in accordance with section 18(c) of the Act and 29 CFR Part 1902. On July 31, 1973, notice was published in the FEDERAL REGISTER (38 FR 20322) of the approval of the Kentucky plan and the adoption of Subpart Q to Part 1952 containing the decision.

The Kentucky plan provides for the adoption of Federal standards as State standards after public hearing. Section 1953.20 of 29 CFR provides that "where any alteration in the Federal program could have an adverse impact on the 'at least as effective as' status of the State program, a program change supplement to a State plan shall be required."

The State has submitted by letters dated September 21, 1976; October 27, 1976; and November 4, 1976; from James R. Yocom, Commissioner, Kentucky Department of Labor, to Donald E. MacKenzie, Regional Administrator, and incorporated as a part of the plan amended State standards comparable to amendments to Federal standards. The State submission, in addition to updating State standards, includes the repromulgation of all previously approved State standards. The updated standards covered by this notice which are comparable to Federal amended standards are: amendment to § 1910.1001(i), Asbestos, dated March 19, 1976; deletion of § 1910.184(f)(6), Slings, dated March 30, 1976; § 1910.401 through § 1910.441, Emergency Temporary Standard for Diving Operations, dated June 15, 1976; a new Subpart D to Part 1928, Guarding Farm Field Equipment, dated March 9, 1976; corrections to § 1928.57 (a)(5), (a)(11)(ii) and (d)(2)(i), Guarding of Farm Field Equipment, dated March 16, 1976; amendments to § 1928.57 (a)(3), and (a)(4), Guardin gof Farm Field Equipment, dated June 4, 1976.

The Kentucky plan also provides for the adoption of State standards which are at least as effective as comparable Federal standards promulgated under section 6 of the Act. Included with the response to Federal changes, the State submitted State initiated additions to the standards. Section 2, added to Part 1910, requires the use of a safety tire rack or cage, and gives requirements for changing and charging storage batteries (for automotive-type battery charging installations and in-vehicle charging of batteries). Section 1910.137 was amended by adding specifications for rubber protective equipment for electrical workers.

These Standards were promulgated by Standards Board meetings on March 23, 1976; June 24, 1976; July 14, 1976; and filed with the Legislative Research Commission on April 14, 1976; July 12, 1976; and August 12, 1976 for publication in the Kentucky Administrative Register on May 1, 1976; August 1, 1976; and September 1, 1976; pursuant to the Kentucky Occupational Safety and Health Act and Chapter 13, Kentucky Revised Statutes.

2. *Decision.* Having reviewed the State submission in comparison with the Federal standards, it has been determined that: (1) Those standards repromulgated by the State are identical to State standards previously approved on November 17, 1975 (41 FR 1980, January 13, 1976) and October 21, 1976 (41 FR 51625, November 23, 1976), (2) updated standards are identical to the Federal standards with the following additions which have been found to be consistent with the Federal standards:

(a) Safety tire racks or cages are required when inflating, mounting or dismounting tires installed on split rims equipped with locking rings; Part 1910.

(b) Requirements for changing and charging automotive-type batteries include: areas designated for the purpose; adequate flushing/drenching water with 25 feet; adequate ventilation; specific personal protective equipment, tools, and instructional signs; Part 1910.

(c) Rubber protective equipment used by electrical workers must meet certain specifications in construction and use; Part 1910.

The State standards are hereby approved.

3. *Location of supplement for inspection and copying.* A copy of the standards supplement along with the approved plan, may be inspected and copied during normal business hours at the following locations: Office of the Commissioner of Labor, Kentucky Department of Labor, Capital Plaza Towers, 12th Floor, Frankfort, Kentucky 40601; Office of the Regional Administrator, Suite 587, 1375 Peachtree Street NE., Atlanta, Georgia 30309; and Office of the Director of Federal Compliance and State Programs, Room N3608, 200 Constitution Avenue NW., Washington, D.C. 20210.

4. *Public participation.* Under 29 CFR 1953.2(c) the Assistant Secretary may prescribe alternative procedures to expedite the review process or for other good cause which may be consistent with applicable laws. The Assistant Secretary finds good cause exists for not publishing the supplement to the Kentucky State Plan as a proposed change and in making the Regional Administrator's approval effective upon publication for the following reasons:

1. The standards are essentially identical to the Federal standards and are deemed to be at least as effective.

2. The standards were adopted in accordance with procedural requirements of State law and further participation would be unnecessary.

The decision is effective July 1, 1977.

(Sec. 18, Pub. L. 91-596; 84 Stat. 1608 (29 U.S.C. 667).)

Signed at Atlanta, Ga., this 24th day of February 1977.

ALAN C. MCMILLAN,
Acting Regional Administrator.

[FR Doc.77-18866 Filed 6-30-77;8:45 am]

KENTUCKY STANDARDS

Approval

1. *Background.* Part 1953 of Title 29, Code of Federal Regulations prescribes procedures under section 18 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 667) (hereinafter called the Act) by which the Regional Administrator for Occupational Safety and Health (hereinafter called the Regional Administrator) under a delegation of

authority from the Assistant Secretary of Labor for Occupational Safety and Health (hereinafter called the Assistant Secretary) (29 CFR 1953.4) will review and approve standards promulgated pursuant to a State plan which has been approved in accordance with section 18 (c) of the Act and 29 CFR Part 1902. On July 31, 1973, notice was published in the FEDERAL REGISTER (38 FR 20322) of the approval of the Kentucky plan and the adoption of Subpart Q to Part 1952 containing the decision.

The Kentucky plan provides for the adoption of Federal standards as State standards after public hearing. Section 1953.20 of 29 CFR provides that "where any alteration in the Federal program could have an adverse impact on the 'at least as effective as' status of the State program, a program change supplement to a State plan shall be required."

The State has submitted by letter dated February 15, 1977, from James R. Yocom, Commissioner, Kentucky Department of Labor, to Donald E. MacKenzie, Regional Administrator, and incorporated as a part of the plan amended State standards comparable to amendments to Federal standards. The State submission, in addition to updating State standards, includes the repromulgation of all previously approved State standards. The updated standards covered by this notice comparable to Federal standards are: § 1910.1029, Exposure to Coke Oven Emissions, dated October 22, 1976; amendment to § 1928.57, Guarding of Farm Field Equipment, dated October 22, 1976.

The Kentucky plan also provides for the adoption of State standards which are at least as effective as comparable Federal standards promulgated under section 6 of the Act. Included with the response to Federal changes, the State submitted the following State initiated additions to the standards: (a) § 1910.1005(c)(7), has been amended to change the temperature of a single solution of 4,4'methylene bis (2-Chloroaniline) above which a regulated area must be established from 120° F to 120° C; (The parallel Federal standard, 29 CFR 1910.1005 was revoked on August 20, 1976—41 FR 35184.) (b) § 1910.101 (b) has been amended to change the reference from pamphlet P–1–1965 to P–1–1974.

These standards were promulgated by Standards Board meetings on December 1, 1976, and filed with the Legislative Research Commission on December 15, 1976, for publication in the Kentucky Administrative Register on January 1, 1977; pursuant to the Kentucky Occupational Safety and Health Act and Chapter 13, Kentucky Revised Statutes.

2. *Decision.* Having reviewed the State submission in comparison with the Federal standards, it has been determined that: (1) Those standards repromulgated by the State are identical to State standards previously on November 17, 1975 (41 FR 1980, January 13, 1976) and October 21, 1976 (41 FR 51625, November 23, 1976), (2) updated standards are identical to the Federal standards with the exception of the change in reference in § 1910.101(b) (from pamphlet P–1–1965 to pamphlet P–1–1974) which has been found consistent with the Federal standard, and (3) amendment to § 1910.1005(c)(7) modifying the temperature requirement from 120° F to 120° C is acceptable since there is no existing Federal standard against which to evaluate effectiveness. Therefore, the State standards are hereby approved.

3. *Location of supplement for inspection and copying.* A copy of the standards supplement along with the approved plan, may be inspected and copied during normal business hours at the following locations: Office of the Commissioner of Labor, Kentucky Department of Labor, Capital Plaza Towers, 12th Floor, Frankfort, Kentucky 40601; Office of the Regional Administrator, Suite 587, 1375 Peachtree Street NE., Atlanta, Georgia 30309; and Office of the Director of Federal Compliance and State Programs, the exception of the change in reference Room N3608, 200 Constitution Avenue NW., Washington, D.C. 20210.

4. *Public participation.* Under 29 CFR 1953.2(c) the Assistant Secretary may prescribe alternative procedures to expedite the review process or for other good cause which may be consistent with applicable laws. The Assistant Secretary finds good cause exists for not publishing the supplement to the Kentucky State Plan as a proposed change and in making the Regional Administrator's approval effective upon publication for the following reasons:

1. The standards are essentially identical to the Federal standards and are deemed to be at least as effective.

2. The standards were adopted in accordance with procedural requirements of State law and further participation would be unnecessary.

The decision is effective July 1, 1977.

(Sec. 18, Pub. L. 91–596; 84 Stat. 1608 (29 U.S.C. 667).)

Signed at Atlanta, Ga., this 20th day of April 1977.

DONALD E. MACKENZIE,
Regional Administrator.

[FR Doc.77-18867 Filed 6-30-77;8:45 am]

NORTH CAROLINA STANDARDS

Approval

1. *Background.* Part 1953 of Title 29, Code of Federal Regulations prescribes procedures under section 18 of the Occupational Safety and Health Act of 1970 (hereinafter called the Act) by which the Regional Administrator for Occupational Safety and Health (hereinafter called the Regional Administrator) under a delegation of authority from the Assistant Secretary of Labor for Occupational Safety and Health (hereinafter called the Assistant Secretary), (29 CFR 1953.4) will review and approve standards promulgated pursuant to a State plan which has been approved in accordance with section 18(c) of the Act and 29 CFR Part 1902. On February 1, 1973, notice was published in the FEDERAL REGISTER (38 FR 3041) of the approval of the North Carolina plan and the adoption of Subpart I to Part 1952 containing the decision.

The North Carolina plan provides for the adoption of Federal standards as State standards by reference. Section 1953.20 of 29 CFR provides that "where any alteration in the Federal program could have an adverse impact on the 'at least as effective as' status of the State program, a program change supplement to a State plan shall be required." In response to Federal standards changes, the State has submitted by letter dated March 22, 1977, from John C. Brooks, Commissioner, North Carolina Department of Labor, to Donald E. MacKenzie, Regional Administrator, and incorporated as a part of the plan State standards comparable to the following Federal standards: deletion of § 1910.1005, 4,4'methylene bis (2-chloroaniline), and deletion of laboratory provisions contained in paragraph (c)(6) of § 1910.1003 through § 1910.1016, dated August 20, 1976; amendment to § 1928.57, Guarding of Farm Field Equipment, dated October 22, 1976; § 1910.1029, Exposure to Coke Oven Emissions, dated October 22, 1976; revocation of Subpart T of Part 1910, Emergency Temporary Standard for Diving Operations, dated November 5, 1976; § 1910.309 and § 1926.400, National Electrical Code—ground-fault protection, dated December 21, 1976; corrections to § 1910.1029, Coke Oven emissions, dated January 18, 1977.

These standards were promulgated by filing with the North Carolina Attorney General on November 1, 1976; November 18, 1976; January 5, 1977; February 1, 1977, respectively, pursuant to the North Carolina Occupational Safety and Health Act of 1973 (Chapter 295, General Statutes).

2. *Decision.* Having reviewed the State submission in comparison with Federal standards, it has been determined that the State standards are identical to the Federal standards and are hereby approved.

3. *Location of supplement for inspection and copying.* A copy of the standards supplement along with the approved plan, may be inspected and copied during normal buiness hours at the following locations: Office of the Commissioner of Labor, North Carolina Department of Labor, 11 West Edenton, Raleigh, North Carolina 27611; Office of the Regional Administrator, Suite 587, 1375 Peachtree Street NE., Atlanta, Georgia 30309; and Office of the Director of Federal Compliance and State Programs, Room N3112, 200 Constitution Avenue NW., Washington, D.C. 20210.

4. *Public participation.* Under 29 CFR 1953.2(c) the Assistant Secretary may prescribe alternative procedures to expedite the review process or for other good cause which may be consistent with applicable laws. The Assistant Secretary finds good cause exists for not publishing the supplement to the North Carolina State Plan as a proposed change and making the Regional Administrator's ap-

proval effective upon publication for the following reasons:

1. The standards are identical to the Federal standards and are therefore deemed to be at least as effective.

2. The standards were adopted in accordance with procedural requirements of State law and further participation would be unnecessary.

This decision is effective July 1, 1977.

(Sec. 18, Pub. L. 91-596, 84 Stat. 1608 (29 U.S.C. 667).)

Signed at Atlanta, Ga., this 20th day of April 1977.

DONALD E. MACKENZIE,
Regional Administrator.

Application

AGENCY: Occupational Safety and Health Administration, Department of Labor.

ACTIONS: (1) Notice of application for variance and interim order; (2) Grant of Interim Order.

SUMMARY: This notice announces the application of The West Company for a variance and interim order pending a decision on the application for a variance from the standard prescribed in 29 CFR 1910.217(c)(3)(i)(*e*) concerning machine guarding.

It also announces the granting of an interim order until a decision is rendered on the application for variance.

DATES: The effective date of the interim order is July 1, 1977. The last date for interested persons to submit comments is August 1, 1977. The last date for affected employers and employees to request a hearing on the application is August 1, 1977.

ADDRESSES: Send comments or requests for a hearing to:

Office of Variance Determination, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Room N3668, Washington, D.C. 20210.

FOR FURTHER INFORMATION CONTACT:

Mr. James J. Concannon, Director, Office of Variance Determination, at the above address, telephone: 202-523-7121.

I. NOTICE OF APPLICATION

Notice is hereby given that The West Company, West Bridge Street, Phoenixville, Pa. 19460 has made application pursuant to section 6(d) of the Occupational Safety and Health Act of 1970 (84 Stat. 1596; 29 U.S.C. 655) and 29 CFR 1905.11 for a variance, and interim order pending a decision on the application for a variance, from the standards prescribed in 29 CFR 1910.217(c)(3)(i)(*e*) mechanical power presses, point of operation.

The addresses of the places of employment that will be affected by the application are as follows:

The West Company, Incorporated, West Bridge Street, Phoenixville, Pa. 19460.
The West Company, Incorporated, 10th and G Streets, Millville, New Jersey 08332.
The West Company, Incorporated, P.O. Box 698, Kearney, Nebraska 68847.
The West Company, Incorporated, North Carolina State Road, Kinston, North Carolina 28501.
The West Company, Incorporated, 5111 Park Street, N., St. Petersburg, Florida 33709.

The applicant certifies that employees who would be affected by the variance have been notified of the application by giving a copy of it to their authorized employee representative, and by posting a copy at all places where notices to employees are normally posted. Employees have also been informed of their right to petition the Assistant Secretary for a hearing.

Regarding the merits of the application, the applicant contends that it is providing a place of employment as safe as that required by § 1910.217(c)(3)(i)(*e*) which requires that application of both of the operator's hands to machine operating controls and locating such controls at such a safety distance from the point of operation that the slide completes the downward travel or stops before the operator can reach into the point of operation with his hands. The applicant states that it uses O.B.I. powered presses with full revolution clutches. They are used in the manufacturing of its line of molded rubber pharmaceutical products. The applicant further states these presses are equipped with controls which confrom to OSHA Regulations. These controls are of a two hand, single stroke, non-repeat type. Uniform inspections which conform with § 1910.217(e)(1)(i) and (ii) are regularly performed on the presses. The presses operate at 90 R.P.M., a few operate at 40 R.P.M., which is necessary for the products trimmed. They have three engaging points per revolution.

The applicant states that it bases its justification for the variance application on the use, by the Company, of a safety device which is not required by the standards, and which the Company claims does result in the operations being as safe as that required by the subject section. This device consists of two pieces of 9" pipe, each weighing about 1½ pounds (hereinafter called safety blocks or blocks) which are used as safety stops between the upper and lower die shoes. The Company contends that these safety blocks are an integral part of the operation of all of the presses operated in the Company's plants. It further contends that the safety distance (DM) calculated using the formula contained in the above referenced OSHA Regulations yields a figure of 35.3 inches for the presses in question. If the variance sought were to be granted the resulting distance would be reduced to approximately 24 inches. The procedure for using the blocks is to grasp one in each hand, remove them from their location between the die shoes, trip the press by depressing the presses hand controls with pipe ends, and return the blocks to the safety position between the die shoes after the press has made its stroke. The Company contends that these blocks are a most important safety feature; since they provide a positive assurance against accidental tripping of the press by any cause, when hands are in the die. The applicant further contends that the safety blocks will not create an additional hazard if the press should trip when they are in position, because the presses are equipped with lightened fly wheels and only two or three or four or six drive belts. In addition, the belts are loosened so they would slip if they met resistance from the pipes.

The Company contends that because the specified safety distance for locations of the hand trips on 90 R.P.M. presses with the engaging points is 35.3 inches and the distance is 79" for 40 R.P.M. presses it states that these distances are not feasible in its operation for the following reasons:

(1) The operators cannot reach 35 or 79 inches from a sitting position, as these presses must be operated.

(2) If the trips were located this far from the operator, they would be removed from the operator's zone of con-

trol, and could be inadvertently tripped by other persons or objects.

(3) Reaching this distance with the pipes, which weigh 1½ pounds, fatigues the operations unacceptably.

For these reasons, the Company has developed a sliding gate device to prevent the operator from reaching in the die after it is tripped. This gate drops by gravity, with spring assist so that it falls very fast, and well ahead of the calculated reaction time for the approximately (15) inches distances that the hand trips are located from the die pinch point. The method of operation is to have the gate held up by latches which are attached to the front of the press ram. These latches are tripped by an air cylinder that is actuated from the same valves which trip the press. When the press strokes, the latches on the ram again engage the catches on the gate at the bottom of the stroke, and raise the gate with the ram upward movement.

The measured time for the gate to fall is .15 seconds. This figure was obtained by the use of a digital timer. The factor Tm in the distance formula therefore is .15 seconds. Dm then is 9 inches. The trips on the presses are located twelve to fifteen inches from the pinch point and therefore are at a safe distance as required by the regulations.

The Company states that it has considered other safety devices and have found that they are not as safe as the method employed or are not feasible when applied to the Company's operation.

The Company cites an excellent safety record which it has had with the described method and without a barrier or gate.

The applicant believes that from the information provided by its application that it has clearly shown how conditions, practices, means, method operations and processes used provide employment and places of employment to employees which are as safe as and healthful as that required by the standard from which the variance is sought.

II. GRANT OF INTERIM ORDER

It appears from the application for a variance and interim order and from a visit to the worksite to observe the presses equipped with guarding as described in the application, that, as required by section 6(d) of the Act, the operation of O.B.I. mechanical power presses guarded as described in the variance will provide to the affected employees a place of employment as safe as that which would be provided if the applicant complied with 29 CFR 1910.217 (c) (3) (i) (e). It further appears that an interim order is necessary to prevent undue hardship to the applicant and its employees pending a decision on the variance. Therefore it is ordered, pursuant to the authority in section 6(d) of the Occupational Safety and Health Act of 1970, in 29 CFR 1905.11(c) and in Secretary of Labor's Order No. 8-76 (41 FR 25059), that The West Company be, and it is hereby, authorized to operate its O.B.I. powered presses with 2 hand controls located at less than the required distance from the die areas, provided that the following controls are in operation:

(1) Two 9" pipes shall be placed between the upper and lower die shoes before the operator places his hands in the die area;

(2) The presses shall be equipped with lightened fly wheels and 2 or 3 loosened drive belts out of a possible 4 or 6 drive belts;

(3) The pipes shall be removed and used to depress the hand controls, thus tripping the press;

(4) The presses shall be equipped with a sliding gate device which drops when the press is tripped, preventing access to the die area;

(5) The closing time for the gates shall be ±.15 seconds. This time shall be routinely checked as part of the maintenance checks and necessary adjustments or repairs made to maintain the closing speed; and,

(6) The two hand controls shall be located not less than 15 inches from the die area.

The West Company shall give notice of this interim order to employees affected thereby by the same means required to be used to inform them of the application for a variance.

This interim order shall remain in effect until a decision is rendered on the application for a variance.

Signed at Washington, D.C. this 27th day of June, 1977.

EULA BINGHAM,
Assistant Secretary of Labor.

[TA-W-1991]

BENSON SHOE COMPANY, INC.

Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1991: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on April 1, 1977 in response to a worker petition received on that date which was filed on behalf of workers and former workers producing women's shoes at Benson Shoe Company, Incorporated, Lynn, Massachusetts.

The Notice of Investigation was published in the Federal Register on May 16, 1977 (42 FR 23215). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Benson Shoe Company, its customers, the U.S. International Trade Commission, the U.S. Department of Commerce, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales

or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that all of the above criteria have been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

The average number of production workers declined 3.0 percent from 1974 to 1975 and increased 5.7 percent from 1975 to 1976. Employment declined 16.7 percent in the last quarter of 1976 compared to the same quarter of 1975 and declined 15.4 percent in the first quarter of 1977 compared to the same quarter of 1976. Employment began to decline in September 1976.

The average number of office and salaried workers at Benson declined 3.2 percent from 1974 to 1975 and declined 3.3 percent from 1975 to 1976.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Sales and production of women's shoes at Benson declined 11.7 percent and 12.5 percent respectively, from 1974 to 1975 and then increased 6.1 percent and 13.9 percent, respectively, from 1975 to 1976.

Production increased in each of the first three quarters of 1976 when compared to the respective quarter of 1975. Production declined in the fourth quarter of 1976 compared to the same quarter of 1975.

Sales and production declined 8.7 percent and 13.1 percent, respectively, in the first quarter of 1977 compared to the same quarter of 1976.

INCREASED IMPORTS

Imports of women's and misses' nonrubber footwear, except athletic, increased absolutely from 1972 to 1973, declined from 1973 to 1974, and then increased each year from 1974 to 1976. The ratio of imports to domestic production declined from 114.1 percent in 1975 to 106.3 percent in 1976.

CONTRIBUTED IMPORTANTLY

The recent finding of the International Trade Commission based on the very high penetration of imported shoes is that customers of domestic manufacturers such as the Benson Shoe Company increasingly shifted from domestically produced shoes to imported shoes. Customers who decreased purchases of women's shoes from Benson Shoe in 1976 indicated that they increased purchases of imported shoes from 1975 to 1976. Specifically, import purchases increased in the last quarter of 1976 and the first quarter of 1977 compared to the respective quarter of the previous year.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with women's shoes produced at Benson Shoe contributed importantly to the total or partial separation of the workers at Benson Shoe Company, Lynn, Massachusetts. In accordance with the provisions of the Act, I make the following certification:

All workers at Benson Shoe Company, Incorporated, Lynn, Massachusetts who became totally or partially separated from employment on or after September 10, 1976 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C. this 20th day of June 1977.

HARRY GRUBERT,
Director, Office of Foreign Economic Research.

[FR Doc.77-18053 Filed 6-27-77;8:45 am]

[TA-W-1618]

JOSEPH M. CORCORAN, INC.

Notice of Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1618: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on January 31, 1977 in response to a worker petition received on January 25, 1977 which was filed by the International Association of Marble, Slate and Stone Polishers, Rubbers and Sawyers, Tile and Marble Setters' Helpers and Marble Mosaic and Terrazzo Workers' Helpers on behalf of workers and former workers fabricating marble and slate at Joseph M. Corcoran, Incorporated, Huntington Station, New York.

The Notice of Investigation was published in the FEDERAL REGISTER on February 18, 1977 (42 FR 10078). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from information and publications provided by officials of Joseph M. Corcoran, Incorporated, the U.S. Department of the Interior, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in such workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the workers' firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation revealed that although criteria (1), (2), and (3) have been met, criterion (4) has not been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Employment of full-time workers at the Corcoran shop remained unchanged during 1976. There were no layoffs or short work weeks for the full-time workers at the shop in 1976. On January 6, 1977 the marble polisher was laid off due to temporary lack of work at the shop. Employment of full-time workers at the shop increased to 1976 levels in March 1977 and increased again in May 1977.

SALES OR PRODUCTION, OR BOTH, HAVE DECLINED ABSOLUTELY

Total dollar sales by Corcoran, including fabrication and installation costs, declined 21 percent from 1975 to 1976 and 78 percent in January 1977 compared to January 1976.

INCREASED IMPORTS

Imports of marble, breccia, onyx, and travertine increased annually in dollar value from 1972 through 1974, declined in 1975, and rose in 1976. Imports increased from $18,942 thousand in 1975 to $19,810 thousand in 1976 and rose from $4,955 thousand in the first quarter of 1976 to $5,003 thousand in the first quarter of 1977. The ratio of imports to domestic production decreased from 103.7 percent in 1975 to 100.4 percent in 1976.

Imports of building slate increased annually in dollar value from 1972 through 1974 and declined annually from 1974 through 1976. Imports decreased from $6,597 thousand in 1975 to 5,880 thousand in 1976 and declined from $1,342 thousand in the first quarter of 1976 to $1,089 thousand in the first quarter of 1977. In 1975 the ratio of imports to domestic production was 122.2 percent.

CONTRIBUTED IMPORTANTLY

The petition was filed on behalf of the former marble polisher at the Corcoran marble shop, who was laid off due to temporary lack of work at the shop on January 6, 1977.

The Department's investigation revealed that Corcoran buys imports of rough and of pre-polished marble slabs. Imports of rough marble slabs are cut to size, cleaned, and polished at the shop just as marble slabs from domestic sources.

Imports of pre-polished marble slabs accounted for less than five percent of total raw materials purchased by Corcoran in 1976. All imports of pre-polished marble slabs have to be cut to size at the shop, and furthermore, some of the

newly cut slabs need cleaning or repolishing at the shop before installation. Thus, imports of pre-polished marble did not eliminate the need for a marble polisher at the shop; employment of full-time workers at the shop rose in March 1977 and again in May 1977.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with the marble and slate fabricated at Joseph M. Corcoran, Incorporated, Huntington Station, New York did not contribute importantly to the total or partial separations of the workers at such plant.

Signed at Washington, D.C. this 17th day of June 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration, and Planning.

[FR Doc. 77-18502 Filed 6-27-77; 8:45 am]

[TA-W-1737]

LINDA-JO SHOE COMPANY, INC.

Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, the Department of Labor herein presents the results of TA-W-1737: investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on March 3, 1977 in response to a worker petition received on February 22, 1977, which was filed by the United States Shoe Workers of America on behalf of workers and former workers producing women's sport shoes at Linda-Jo Shoe Company, Incorporated, Gainesville, Texas.

The notice of investigation was published in the FEDERAL REGISTER on March 22, 1977 (42 FR 15477). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Linda-Jo Shoe Company, Incorporated, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The Department's investigation revealed that all four criteria have been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

The average number of production workers at the Gainesville and Forestburg plants declined 5.0 percent in 1975 compared to 1974, and further declined 8.3 percent in 1976 compared to 1975. The average number of hours worked per week by each worker declined 0.8 percent in 1975 compared to 1974, and further declined 3.4 percent in 1976 compared to 1975.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Production at Linda-Jo Shoe Company declined 18.5 percent in 1975 compared to 1974, and further declined 7.9 percent in 1976 compared to 1975.

INCREASED IMPORTS

Imports of women's nonrubber footwear, except athletic, increased to 206.2 million pairs in 1973 from the 192.9 million pairs in 1972. Imports then decreased in 1974 to 179.8 million pairs before increasing to 183.5 million pairs in 1975 and to 183.8 million pairs in 1976.

CONTRIBUTED IMPORTANTLY

A survey of customers of Linda-Jo Shoe Company revealed that several customers decreased purchases from the subject firm while increasing purchases of imported women's casual shoes.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increased imports like or directly competitive with women's casual shoes produced at Lindo-Jo Shoe Company, Incorporated, Gainesville, Texas contributed importantly to the total or partial separations of the workers of the company. In accordance with the provisions of the Act, I make the following certification:

All workers at the Gainesville and Forestburg, Texas plants of Linda-Joe Shoe Company, Incorporated, who became totally or partially separated from employment on or after July 25, 1976 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

Signed at Washington, D.C. this 20th day of June 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[FR Doc.77-18501 Filed 6-27-77;8:45 am]

[TA-W-1807]

MESSINGER BEARINGS, INC.

Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, the Department of Labor herein presents the results of TA-W-1807: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on March 15, 1977 in response to a worker petition received on March 10, 1977 which was filed by the United Steelworkers of America on behalf of workers and former workers producing specialty bearings at Messinger Bearings, Incorporated, Philadelphia, Pennsylvania.

The notice of investigation was published in the FEDERAL REGISTER on April 5, 1977 (42 FR 18155). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Messinger Bearings, Incorporated, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

Without regard to whether any of the other criteria have been met, criterion (3) has not been met.

Messinger Bearings, Incorporated, located in Philadelphia, Pennsylvania, manufactures specialty ball, roller and combination type anti-friction bearings with outer diameters from four inches to over 300 inches.

The Department's investigation revealed that there are few, if any, imports of specialty bearings—those bearings over four inches in diameter—except as part of a piece of machinery.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude

that imports of articles like or directly competitive with the specialty bearings manufactured at Messinger Bearings, Incorporated, Philadelphia, Pennsylvania, have not increased as required for certification under Section 222 of the Trade Act of 1974.

Signed at Washington, D.C., this 21st day of June 1977.

HARRY GRUBERT,
Director, Office of Foreign Economic Policy.

[TA-W-1487]

REPUBLIC STEEL CORP.

Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1487: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on December 15, 1976 in response to a worker petition received on December 15, 1976 which was filed by the United Steelworkers of America on behalf of workers and former workers producing various steel products at the Gulfsteel Works, Gadsden, Alabama plant of the Southern district of Republic Steel Corporation.

The Notice of Investigation was published in the FEDERAL REGISTER on January 11, 1977 (42 FR 2380). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Republic Steel Corporation, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that criteria two (2) and four (4) were not met for carbon hot rolled sheet, carbon cold rolled sheet and galvanized steel products. Criterion four (4) was not met for carbon steel plate and alloy steel plate.

SIGNIFICENT TOTAL OR PARTIAL SEPARATIONS

Total employment of production workers at the Gulfsteel Works plant declined 8 percent from 1974 to 1975 and declined 1 percent from 1975 to 1976.

Workers are not identifiable by product line.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Shipments of carbon hot rolled sheet declined 26 percent from 1974 to 1975 and then increased 9 percent from 1975 to 1976.

Shipments of carbon cold rolled sheet declined 17 percent from 1974 to 1975 and then increased 42 percent from 1975 to 1976.

Shipments of galvanized sheet declined 54 percent from 1974 to 1975 and then increased 27 percent from 1975 to 1976.

Combined shipments of the above three products increased in each quarter of 1976 compared to the like quarter of 1975.

Shipments of carbon plate declined 21 percent from 1974 to 1975 and declined 26 percent from 1975 to 1976.

Shipments of alloy plate increased 13 percent from 1974 to 1975 and then declined 32 percent from 1975 to 1976.

Total raw steel production at the Gulfsteel Works plant declined 14 percent from 1974 to 1975 and declined 8 percent from 1975 to 1976.

INCREASED IMPORTS

Imports of carbon cold rolled sheet declined absolutely and relative to domestic shipments from 1972 to 1973 and declined absolutely from 1973 to 1974 and from 1974 to 1975. Imports increased 14 percent from 1975 to 1976. The ratio of imports to domestic shipments and consumption declined from 16.5 percent and 14.2 percent, respectively, in 1975 to 13.2 percent and 11.7 percent, respectively, in 1976.

Imports of carbon hot rolled sheet declined absolutely and relative to domestic shipments from 1972 to 1973 and declined absolutely from 1973 to 1974 and from 1974 to 1975. Imports increased 8 percent from 1975 to 1976. The ratio of imports to domestic shipments and consumption declined from 14.0 percent and 12.4 percent, respectively, in 1975 to 11.3 percent and 10.2 percent, respectively, in 1976.

Imports of galvanized steel sheet and strip declined absolutely and relative to domestic shipments from 1972 to 1973, increased absolutely and relatively from 1973 to 1974 and then declined 42 percent from 1974 to 1975. Imports increased 99 percent from 1975 to 1976. The ratio of imports to domestic shipments and consumption increased from 19.9 percent and 16.7 percent, respectively, in 1975 to 28.3 percent and 22.2 percent, respectively, in 1976.

Imports of carbon steel plate declined absolutely and relative to domestic shipments from 1972 to 1973, increased absolutely and relatively from 1973 to 1974 and then declined absolutely from 1974 to 1975. Imports increased 15 percent from 1975 to 1976. The ratio of imports to domestic shipments and consumption increased from 19.4 percent and 16.6 percent respectively, in 1975 to 27.7 percent and 21.9 percent respectively, in 1976.

Imports of alloy steel plate increased absolutely and relative to domestic shipments in each year from 1972 through 1975. Imports declined 5 percent from 1975 to 1976. The ratio of imports to domestic shipments and consumption declined from 15.5 percent and 16.1 percent, respectively, in 1975 to 15.2 percent and 15.8 percent, respectively, in 1976.

CONTRIBUTED IMPORTANTLY

Shipments of carbon hot rolled sheet, carbon cold rolled sheet, and galvanized steel from the Gulfsteel Works plant each increased in 1976 compared to 1975. Customers of the Southern district were contacted regarding their purchases of the above products. None of these customers purchased imports of hot rolled sheet, cold rolled sheet, or galvanized steel during the period 1974 through 1976.

Shipments of carbon steel plate and alloy steel plate from the Gulfsteel Works plant each declined in 1976 compared to 1975. Customers of the Southern district were contacted regarding their purchases of steel plate. None of the customers purchased imports of steel plate during the period 1974 through 1976.

Declines in steel plate shipments from the Gulfsteel Works plant of Republic Steel coincide with trends in the domestic steel industry. Declines in total domestic shipments of carbon and alloy steel plate in 1975 and 1976 can be attributed to decreased orders from the industrial machinery and construction industries along with decreased orders from steel service centers.

Steel service centers (distributors), the machinery and equipment industry, and the construction industry represented approximately 15 percent, 14 percent, and 8 percent, respectively, of Republic Steel's total steel shipments in 1975 and 1976.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with carbon hot rolled sheet, carbon cold rolled sheet, galvanized steel, carbon steel plate and alloy steel plate produced at the Gulfsteel Works, Gadsden, Alabama plant of Republic Steel Corporation did not contribute importantly to the total or partial separation of workers of that plant.

Signed at Washington, D.C., this 21st day of June 1977.

HARRY GRUBERT,
Director, Office of Foreign Economic Policy.

[TA-W-1491]

REPUBLIC STEEL CORP.

Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1491: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on December 15, 1976 in response to a worker petition received on that date which was filed by the United Steelworkers of America on behalf of workers and former workers producing various steel products at the Mahoning Valley District, Youngstown, Ohio plant of the Republic Steel Corporation, Cleveland, Ohio.

The notice of investigation was published in the FEDERAL REGISTER on January 11, 1977 (42 FR 2378). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of the Republic Steel Corporation, And its customers, the United Steelworkers of America, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that all of the above criteria have been met with regard to the production of pipe and tubing. It has further revealed that without regard to whether any of the other criteria have been met, criterion (3) has not been met in regard to the production of carbon bars.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Average employment at the Youngstown, Ohio plant declined 11.2 percent from 1974 to 1975 and declined 12.5 percent from 1974 to 1976. Workers are not separately identifiable by product line.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Total shipments at the Youngstown, Ohio plant declined 38.0 percent from 1974 to 1975 and 39.0 percent from 1975 to 1976.

Carbon pipe and tubing accounted for 79.3 percent of total shipments in 1976; carbon bars were 20.2 percent of total shipments and alloy pipe and tubing and bars accounted for the remaining portion of shipments.

Shipments of carbon pipe and tubing declined 32.6 percent from 1974 to 1975 and declined 43.2 percent from 1975 to 1976.

Shipments of carbon bars declined 54.9 percent from 1974 to 1975 and declined 11.5 percent from 1975 to 1976.

INCREASED IMPORTS

Imports of carbon steel pipe and tubing declined absolutely from 1972 to 1973, increased from 1973 to 1974, declined 13.4 percent from 1974 to 1975 and then increased 18.0 percent from 1975 to 1976. The ratio of imports to domestic shipments and consumption increased from 22.8 percent and 20.8 percent, respectively, in 1975 to 35.8 percent and 28.0 percent, respectively, in 1976.

Imports of carbon hot and cold rolled steel bars declined absolutely and relative to domestic shipments and consumption in each year from 1972 through 1976. Imports declined 37.1 percent from 1974 to 1975 and declined 7.0 percent from 1975 to 1976. The ratio of imports to domestic shipments and consumption declined from 7.7 percent and 7.2 percent, respectively, in 1975 to 6.6 percent and 6.3 percent, respectively, in 1976.

CONTRIBUTED IMPORTANTLY

Shipments of carbon steel bars at Republic Steel's Mahoning Valley District plants have followed the trend in the industry from 1974 through 1976. Industry wide demand for carbon steel bars is dependent upon demand from the automobile and machine industries and upon orders from steel service centers.

Markets served by Republic Steel are predominantly the automobile industry, distributors (steel service centers) and the machinery and equipment industry. These three markets accounted for over 50 percent of Republic's total shipments in 1972 through 1976.

Domestic shipments fell in 1975 due to decreased demand from the automobile industry as well as reduced orders from steel service centers. Steel service centers reduced orders as they attempted to readjust high inventory levels. Shipments increased in 1976 due to the recovery of, and increased demand from, the automobile industry.

Customers who purchased pipe and tubing from Republic Steel's Youngstown, Ohio plant indicated that either they purchased imported pipe and tubing in 1975 or 1976 or that their competitors were purchasing imports. Customers stated that imports have had influence on the marketing of pipe and tubing in the United States. Due to the lower price of foreign steel, domestic consumers are buying imported steel and tubing.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increases of imports like or directly competitive with pipe and tubing produced at the Youngstown, Ohio plant of Republic Steel contributed importantly to the total or partial separation of workers of the plant. In accordance with the provisions of the Act, I make the following certification:

All workers at the Mahoning Valley District, Youngstown, Ohio plant of Republic Steel Corporation engaged in employment related to the production of pipe and tubing who became totally or partially separated from employment on or after November 15, 1975 are eligible to apply for adjustment assistance under Title II, Chapter 2 of the Trade Act of 1974.

I further conclude that imports of articles like or directly competitive with carbon bars produced at the Youngstown, Ohio plant of the Republic Steel Corporation have not increased, as required for certification under Section 222 of the Trade Act of 1974. Therefore, those workers engaged in employment related to the production of carbon bars are denied eligibility to apply for adjustment assistance.

Signed at Washington, D.C., this 17th day of June 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[TA-W-1824]

ROSEMARIE DRESS CO.

Notice of Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1824: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on March 18, 1977 in response to a worker petition received on March 18, 1977 which was filed by the International Ladies' Garment Workers Union on behalf of and former workers producing women's dresses at Rosemarie Dress Company #2, Wilkes-Barre, Pennsylvania.

The notice of investigation was published in the FEDERAL REGISTER on April

5, 1977 (42 FR 18153). No Public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Rosemarie Dress Company #2, its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation has revealed that the first, second and third criterion have been met, the fourth criterion has not been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Rosemarie Dress Company No. 2 employs piecework and hourly workers. Employment data are available for the period of October 1976 to March 1977 but not prior to October 1976 due to a fire which occurred in 1976. Employment remained unchanged from February 1977 to March 1977.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Production data covering the period prior to May 1976 were not available because of a fire in 1976. Production declined 18.4 percent in January 1977 compared to the previous month.

INCREASED IMPORTS

Imports of women's and misses' dresses which include ladies' dresses declined absolutely from 1972 to 1973 and then increased absolutely each year from 1974 to 1976 compared to the levels of the previous year. Imports remained the same relative to domestic production and consumption from 1975 to 1976. Imports increased absolutely during the first quarter of 1977 compared to the first quarter of 1976.

CONTRIBUTED IMPORTANTLY

The evidence developed during the course of the investigation revealed that the apparel manufacturers who contracted with Rosemarie Dress Company No. 2 do contract work with firms outside the United States and do not import finished products for sale to their customers. These manufacturers reduced contracts with Rosemarie Dress Company No. 2 and increased contracts with other domestic contractors from 1975 to 1976.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increase of imports like or directly competitive with women's dresses produced at Rosemarie Dress Company No. 2 Wilkes-Barre, Pennsylvania did contribute importantly to the total or partial separations of the workers at that firm.

Signed at Washington, D.C., this 20th day of June 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[FR Doc.77-18499 Filed 6-29-77;8:45 am]

[TA-W-1825]

ROSMAR MANUFACTURING CO.

Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results or TA-W-1825: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on March 18, 1977 in response to a worker petition received on March 18, 1977 which was filed by the International Ladies' Garment Workers Union on behalf of workers and former workers producing women's dresses at Rosmar Manufacturing Co., Wilkes-Barre, Pa.

The notice of investigation was published in the FEDERAL REGISTER on April 5, 1977 (41 FR 18158). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Rosmar Manufacturing Co., its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in such workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales, production, or both, of the firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation revealed that although the first, second and third criteria have been met, the fourth criterion has not been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Average employment of production workers at Rosmar Manufacturing Company (Rosmar) declined 9.3 percent from 1974 to 1975 and declined 5.1 percent from 1975 to 1976.

Average quarterly employment declined in the first quarter of 1977 compared to the same respective quarters of the previous year.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Production of women's dresses at Rosmar is based on the contracts received from clothing manufacturers. Sales of women's dresses declined 15.9 percent from 1974 to 1975 increased 9.6 percent from 1975 to 1976. Sales declined 37.1 percent in the first quarter of 1977 compared to the first quarter of 1976.

INCREASED IMPORTS

Imports of women's and misses' dresses declined absolutely from 1972 to 1973 and then increased absolutely in each year from 1974 to 1976 compared to the levels of the previous year. Imports remained the same relative to domestic production and consumption from 1975 to 1976. Imports increased absolutely during the first quarter of 1977 compared to the first quarter of 1976.

CONTRIBUTED IMPORTANTLY

The evidence developed during the course of the Department's investigation revealed that the apparel manufacturers for which Rosmar Manufacturing Company did contract work did not contract with foreign manufacturers and did not import finished products. The manufacturers that reduced contracts with Rosmar Manufacturing Company in 1976 increased contracts with other domestic firms. One manufacturer increased contracts with Rosmar Manufacturing Company from 1975 to 1976.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that increased imports of articles like or directly competitive with women's dresses produced at Rosmar Manufacturing Co., Wilkes-Barre, Pa. did not contribute to the total or partial separations of the workers at that firm.

Signed at Washington, D.C., this 21st of June 1977.

HARRY GRUBERT,
Director, Office of Foreign Economic Research.

[FR Doc.77-18865 Filed 6-30-77;8:45 am]

[TA-W-1818]

SHARON LEE APPAREL CO.

Notice of Negative Determination Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 the Department of Labor herein presents the results of TA-W-1818: Investigation regarding certification of eligibility to apply for worker adjustment assistance as prescribed in Section 222 of the Act.

The investigation was initiated on March 18, 1977 in response to a worker petition received on March 16, 1977 which was filed by the International Ladies Garment Workers Union on behalf of workers and former workers producing junior dresses at Sharon Lee Apparel Co., Plains, Pa.

The notice of investigation was published in the FEDERAL REGISTER on April 5, 1977 (42 FR 18158). No public hearing was requested and none was held.

The information upon which the determination was made was obtained principally from officials of Sharon Lee Apparel Co., its customers, the U.S. Department of Commerce, the U.S. International Trade Commission, industry analysts, and Department files.

In order to make an affirmative determination and issue a certification of eligibility to apply for adjustment assistance, each of the group eligibility requirements of Section 222 of the Trade Act of 1974 must be met:

(1) That a significant number or proportion of the workers in such workers' firm, or an appropriate subdivision thereof, have become totally or partially separated, or are threatened to become totally or partially separated;

(2) That sales, production, or both, of the firm or subdivision have decreased absolutely;

(3) That articles like or directly competitive with those produced by the firm or subdivision are being imported in increased quantities, either actual or relative to domestic production; and

(4) That such increased imports have contributed importantly to the separations, or threat thereof, and to the decrease in sales or production. The term "contributed importantly" means a cause which is important but not necessarily more important than any other cause.

The investigation revealed that although the first, second and third criteria have been met, the fourth criterion has not been met.

SIGNIFICANT TOTAL OR PARTIAL SEPARATIONS

Employment of production workers at Sharon Lee Apparel Co. declined 3.0 percent from 1974 to 1975 and declined 12.5 percent from 1975 to 1976. Employment remained the same in the first quarter of 1977 compared to the same quarter in 1976.

SALES OR PRODUCTION, OR BOTH, HAVE DECREASED ABSOLUTELY

Production of junior dresses at Sharon Lee Apparel Co. is based on the contracts placed by a clothing manufacturer. Sales increased 8.6 percent from 1974 to 1975 and then declined 22.2 percent from 1975 to 1976.

INCREASED IMPORTS

Imports of women's and misses' dresses declined absolutely from 1972 to 1973 and then increased absolutely in each year from 1974 to 1976 compared to the levels of the previous year. Imports increased absolutely during the first quarter of 1977 compared to the same quarter of 1976. Imports remained the same relative to domestic production and consumption from 1975 to 1976.

CONTRIBUTED IMPORTANTLY

The evidence developed during the course of the Department's investigation revealed that the apparel manufacturer who contracted Sharon Lee Apparel Co. for cutting and sewing junior dresses reduced contracts with Sharon Lee Apparel Co. in 1976 in favor of other domestic contractors. Contracts with other domestic contractors increased from 1975 to 1976. The inability of Sharon Lee Apparel to compete effectively with other domestic contractors resulted in production and employment declines in 1976 compared to 1975.

CONCLUSION

After careful review of the facts obtained in the investigation, I conclude that imports of articles like or directly competitive with junior dresses produced at Sharon Lee Apparel Company, Plains, Pennsylvania did not contribute importantly to the total or partial separations of the workers of that firm.

Signed at Washington, D.C., this 20th day of June 1977.

JAMES F. TAYLOR,
Director, Office of Management, Administration and Planning.

[FR Doc.77-18498 Filed 6-27-77;8:45 am]

Wage and Hour Division

(Administrative Order No. 650)

INDUSTRY COMMITTEES FOR VARIOUS INDUSTRIES IN PUERTO RICO

Appointment; Convention; Notice of Hearing

1. Pursuant to section 5 of the Fair Labor Standards Act of 1938, as amended (29 U.S.C. 205), Reorganization Plan No. 6 of 1950 (3 CFR 1949–53 Comp., p. 1004), and 29 CFR 511, I hereby appoint the following industry committees for the indicated industries:

Committee No.	*Industry*
141-A	Gloves and mittens.
141-B	Leather, leather goods and related products.
142	Men's and boys' clothing and related products.

2. These industries are defined as indicated below:

a. The gloves and mittens industry is defined as the manufacture from any material of gloves and mittens made by knitting, crocheting, cutting, sewing, embroidering, or other processes: *Provided, however*, That the industry shall not include the manufacture of sport and athletic gloves and mitts, or the manufacture of rubber or molded plastic gloves and mittens.

b. The leather, leather goods, and related products industry is defined as the curing, tanning, or other processing of hides, skins, leather, or furs, and the manufacture of products therefrom; the manufacture from artificial leather, fabric, plastics, paper or paperboard, or similar materials of trunks, suitcases, brief cases, wallets, billfolds, coin purses, card cases, key cases, cigarette cases, watch straps, pouches, tie cases, toilet kits, checkbook covers, sport and athletic gloves and mittens, belts (except fabric belts), and like articles; and the manufacture of baseballs, softballs, footballs, and basketballs covered with leather, artificial leather, fabric, plastics, or similar materials: *Provided, however*, That the industry shall not include any product or activity included in the jewelry and miscellaneous products manufacturing industry; the women's outerwear, needlework, and miscellaneous fabricated textile products industry; the rubber footwear industry; the non-rubber footwear industry; the gloves and mittens industry; or the rubber and fabricated plastic products industry, as defined in the wage orders for those industries in Puerto Rico.

c. The men's and boys' clothing and related products industry is defined as the manufacture from any material of men's and boys' clothing, furnishings, accessories, and related products: *Provided, however*, That the industry shall not include the manufacture of handmade straw hats, gloves, hosiery, footwear, belts (except fabric), sweaters, handkerchiefs, scarves, mufflers, or any product or activity included in the children's dress and related products industry in Puerto Rico; the military hats and caps industry in Puerto Rico; or in the women's and children's underwear and women's blouse industry in Puerto Rico.

3. Pursuant of Section 8 of the Fair Labor Standards Act of 1938 (29 U.S.C. 208), Reorganization Plan No. 6 of 1950 (3 CFR 1949–53 Comp., p. 1004), and 29 CFR Part 511, I hereby:

a. Convene the above-appointed industry committees.

b. Refer to the industry committees the question of the minimum rates of wages to be fixed for the above-mentioned industries in Puerto Rico.

c. Gives notice of the hearings to be held by the several committees at the times and place indicated. The committees shall investigate conditions in the industries, and the committees, or any authorized subcommittee thereof, shall hear witnesses and receive such evidence as may be necessary or appropriate to enable the committees to perform their duties and functions under the aforementioned Act.

Industry Committee No. 141-A will meet in executive session to commence its investigation at 9 a.m. and begin its public hearing at 10 a.m. on Monday, August 8, 1977.

Following this hearing Industry Committee No. 141–B will immediately convene to conduct its investigation and begin its public hearing.

Industry Committee No. 142 will meet in executive session to commence its investigation at 9 a.m. and begin its public hearing at 10 a.m. on Monday, August 15, 1977.

These dates are subject to change depending upon developments in connection with proposed amendments to the FLSA now under consideration in the U.S. Congress.

The hearings will take place in the offices of the Wage and Hour Division on the fourth floor of the New Federal Office Building, Carlos Chardon Street, Hato Rey, Puerto Rico.

4. The rate or rates recommended by the committees shall not exceed the rates prescribed by sections 6(a) and 6(b) of the Act, namely $2.30 an hour after December 31, 1976.

Each industry committee shall recommend to the Administrator of the Wage and Hour Division of the Department of Labor the highest minimum wage rates for the industry which it determines, having due regard to economic and competitive conditions, will not substantially curtail employment in the industry, and will not give any industry in Puerto Rico a competitive advantage over any industry in the United States outside Puerto Rico, the Virgin Islands, or American Samoa; except that each committee shall recommend the minimum rates prescribed in section 6(a) or section 6(b), unless there is substantial documentary evidence including pertinent unabridged profit and loss statements and balance sheets for a representative period of years which establishes that the industry or a predominant portion thereof, is unable to pay the wage.

5. Whenever an industry committee finds that a higher minimum wage may be determined for employees engaged in certain activities in the industry than may be determined for other employees in that industry, the committee shall recommend such reasonable classifications within the industry as it determines to be necessary for the purpose of fixing for each classification the highest minimum wage rate that can be determined for it under the principles set forth herein and in 29 CFR 511.10 which will not give a competitive advantage to any group in the industry. No classification shall be made, however, and no minimum wage rate shall be fixed solely on a regional basis or on the basis of age or sex. In determining whether there should be classifications within an industry, in making such classification, and in determining the minimum wage rate for such classifications, the industry committee shall consider, among other relevant factors, the following: (a) Competitive conditions as affected by transportation, living, and production costs; (b) Wages established for work of like or comparable character by collective labor agreements negotiated between employers and employees by representatives of their own choosing; and (c) Wages paid for work of like or comparable character by employers who voluntarily maintain minimum wage standards in the industry.

6. The Administrator shall prepare an economic report for the industry committees containing such data as he is able to assemble pertinent to the matters referred to them. Copies of such reports may be obtained at the national and Puerto Rican offices of the Wage and Hour Division of the Department of Labor as soon as they are completed and prior to the hearings. The industry committees shall take official notice of the facts stated in the economic reports to the extent that they are not refuted at the hearing.

7. The procedure of industry committees shall be governed by 29 CFR Part 511. Interested persons wishing to participate in the hearings shall file prehearing statements, as provided in 29 CFR 511.8 containing the data specified in that section not later than 10 days before the first hearing date set for each committee as set forth in this notice of hearing i.e. July 29, 1977 for matters to be considered by Industry Committees No. 141–A and 141–B; and August 5, 1977 for matters to be considered by Industry Committee No. 142.

These dates are also subject to change in the event of legislative developments regarding amendments to the Fair Labor Standards Act.

Signed at Washington, D.C., this 27th day of June, 1977.

RAY MARSHALL,
Secretary of Labor.

OFFICE OF MANAGEMENT AND BUDGET

FEDERAL DATA PROCESSING REORGANIZATION STUDY

Request for Comments

AGENCY: Office of Management and Budget.

ACTION: Request for Comments.

SUMMARY: The President's Reorganization Project has initiated a major study of Federal data processing organization, management and policies. This announcement requests public comments on the data processing issues, problems and solutions that should be considered by this study.

DATE: All comments should be received on or before July 30, 1977.

ADDRESS: Submit comments to: Office of Management and Budget, Information Systems Division, Washington, D.C. 20503

FOR FURTHER INFORMATION CONTACT:

Kenneth B. Allen, Information Systems Division, Office of Management and Budget, Washington, D.C. 20503. Telephone 202–395–3785.

SUPPLEMENTARY INFORMATION: The Federal Data Processing Reorganization Project will be a comprehensive reexamination of Federal data processing and it is anticipated that the full study, including initial implementation of recommendations, will take 10–12 months. The project will focus on:

1. Improving productivity in the delivery of governmental services through the application of computer technology,
2. Improving the acquisition, management and use of these resources, and
3. Eliminating duplication and overlap in agency jurisdictions dealing with computer issues.

The project will be organized into a small, full-time project management staff and a number of issue-oriented task forces. The study will be conducted by the Office of Management and Budget.

In order to assure maximum public participation in this study, persons who are interested in the management of Federal data processing resources are invited to submit comments and suggestions on the issues, problems, and/or solutions that the project staff should consider.

To assist individuals in preparing their comments, a preliminary list of issues that have previously been identified is provided below. This list is not intended to be comprehensive and individuals are free to use or ignore it as appropriate.

VELMA N. BALDWIN,
Assistant to the Director for Administration.

PRELIMINARY LIST OF FEDERAL DATA PROCESSING ISSUES

Data processing planning process
Requirements definition
Economic analysis (justification for use of data processing)
Evaluation of alternative sources of computer support (sharing, private sector, in-house, etc.)
Evaluation of alternative methods of procurement (full competition, brand name or equal, sole make and model, sole source, etc.)
Evaluation of alternative methods of financing procurements (outright purchase, lease, lease with option to purchase, lease to purchase, etc.)
Central agency (OMB, GSA, NBS) vs. user agency responsibilities
Central agency (OMB, GSA, NBS) policies and regulations
Convergence of data processing and telecommunications
Application life-cycle vs. equipment life cycle planning and management
Data processing application program evaluation
Integration of program and data processing budgets
Management audits of data processing operation
Processing of agency procurement requests
Delegations of procurement authority to agencies
Data processing planning and budget information
Interim upgrade policy
Software conversion cost policy
Software development and acquisition
Goals and objectives of standards program
Standards enforcement authority
Computer resources management systems

Data processing work accounting systems
Data processing job classifications
Certification of data processing personnel
Career development and training
Computer security policy
Full cost recovery policy
Data processing fund policy
Functional performance specifications policy
Software Exchange Program

POSTAL SERVICE

INTERNATIONAL POSTAL RATES

Increase in Rate

Pursuant to its authority under 39 U.S.C. 407, and consistent with announced plans, which were published in the FEDERAL REGISTER on June 21, 1977 (42 FR 31506), to place into effect the sixth step of phased postage rate increases for certain classes of domestic mail, the Postal Service intends to increase the rate for the first pound of surface printed matter to Mexico and PUAS (Postal Union of the Americas and Spain) countries. Accordingly, effective July 6, 1977, the surface printed matter rate to Mexico and PUAS countries for books and sheet music weighing up to one pound will be increased to 30 cents.

W. ALLEN SANDERS,
Assistant General Counsel,
Legislative Division.

SECURITIES AND EXCHANGE COMMISSION

[Rel. No. 34-13672; File No. SR-CBOE-77-14]

CHICAGO BOARD OPTIONS EXCHANGE, INC.

Self-Regulatory Organizations; Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975), notice is hereby given that on June 13, 1977, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission a proposed rule change as follows:

STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

The proposed rule change will provide for the trading of stocks and other non-option securities on the floor of the CBOE.

Many of the specific rule amendments set forth in the proposed rule change are editorial or conforming in nature, revising a number of present CBOE rules to reflect the fact that equity securities, in addition to option securities, are proposed to be traded on the CBOE floor. The terms of substance of the proposed rule change are set forth below.

The proposal would permit trading in securities listed on the CBOE or admitted to unlisted trading privileges. As a general proposition, CBOE intends to apply for unlisted trading privileges in these securities, rather than formally listing them. To be eligible for trading on the CBOE, non-option securities must satisfy existing CBOE standards applicable to the maintenance of approval of underlying securities in respect to options trading.

In addition to the security itself, warrants, rights and other non-option securities exchangeable or convertible into that security will also be eligible for trading. Where a non-option security ceases to meet the eligibility requirements, the Board of Directors will have the discretion to delist the security or remove it from unlisted trading privileges.

With respect to clearance and settlement of non-option security trades, it is proposed that each clearing member will designate the clearing agency to which its transactions (and those for which it has clearing responsibilities) are to be submitted for clearing. It is anticipated that the CBOE will develop arrangements for clearing with the designated agencies. In conformance with the practice on other exchanges, settlement would be permitted in the following manner—"cash," "regular way," "seller's option' 'and on a "when issued" basis.

The proposed rule change provides for the use of market, limit and contingency orders, as is presently the case with options trading on the CBOE. The proposal also provides for the use of "hedge" orders, defined as orders to take offsetting positions on a share for share basis in a particular option contract and its related underlying security.

The rule change proposes to permit the market-maker in a particular class or classes of options to act as market-maker in the related underlying securities as well. Similarly, Board Brokers who have been appointed to particular options would be appointed to act as such with respect to the related underlying securities. As a result, trading in both an option contract and its underlying security will take place at the same trading post.

Consistent with the CBOE's separation of broker and dealer functions on the trading floor, the proposal would extend the prohibition on a market-maker's acting as a market-maker and a floor broker on the same business day to executions involving (i) an option contract and its related underlying security and (ii) the same non-option security.

EXCHANGE'S STATEMENT OF GENERAL PURPOSE

The general purpose of the proposed rule change is to enable CBOE to keep pace with competitive developments by providing a framework for CBOE to trade stocks, particularly those stocks which are underlying securities for options listed on CBOE. The proposed change provides for the same market-makers to act as such in both options and their related underlying securities, and will make possible the execution on one floor of combination orders in a particular option and its related underlying security.

Among the developments contributing to CBOE's determination to establish a stock trading capability are the plans of the New York Stock Exchange to develop its own options market and the proposal of the National Association of Securities Dealers (coupled with the tentative decision of the Securities and Exchange Commission to remove restrictions on off-board trading) to create an off-board market in options in conjunction with the existing (and potentially enlarged) off-board market for stocks.

CBOE has expressed its opposition and will continue to oppose both of these developments, and it is not certain at the present time whether either of them will be effectuated or in what form. Nonetheless, CBOE must proceed to establish a unified stock and option capability so that it will be in a position to meet competition, in whatever forms it may take.

EXCHANGE'S BASIS FOR PROPOSED RULE CHANGE

The basis uder the Act for adopting the proposed rule change is (a) the Congressional finding in Section 11A(a)(1)(C)(ii) that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to assure fair competition among exchange markets, and between exchange markets and markets other than exchange markets, and (b) the requirement of Section 6(b)(5) that rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The competitive climate is changing rapidly, and currently includes proposals by the New York Stock Exchange and the National Association of Securities Dealers to expand their markets to include options, and proposals by certain exchanges now trading options to reduce or eliminate barriers that prevent the trading of stocks and options together. CBOE has elsewhere raised serious questions as to whether certain of these competitive developments are consistent with the public interest and the protection of investors, and those questions have yet to be answered. Reflecting these competitive developments, CBOE is proposing to amend its rules so as to permit it to trade the stocks that underlie options thereby permitting it to compete more effectively with other exchanges and with market centers away from any exchange. The proposed rule change is patterned after existing CBOE rules so as to meet the standards of Section 6(b)(5) as those standards may develop in connection with the combined trading of stocks and options.

The framework for trading stocks on CBOE provided by the proposed rule change was developed by a task force comprised of representatives drawn from the various types of CBOE members. No comments have been received with respect to the proposed rule change.

CBOE does not believe that any burden on competition is imposed by the proposed rule changes.

On or before August 8, 1977, or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the above-mentioned self-regulatory organization consents, the Commission will:

(A) by order approve such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with the Secretary of the Commission, Securities and Exchange Commission, Washington, D.C. 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street NW., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the above-mentioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted on or before July 25, 1977.

GEORGE A. FITZSIMMONS,
Secretary.

JUNE 24, 1977.

[FR Doc.77-18922 Filed 6-30-77;8:45 am]

[Rel. No. 13673; SR-CBOE-77-6]

CHICAGO BOARD OPTIONS EXCHANGE, INC.

Order Approving Proposed Rule Change

JUNE 24, 1977.

On March 28, 1977, the Chicago Board Options Exchange, Inc. ("CBOE") LaSalle at Jackson, Chicago, Illinois 60604, filed with the Commission, pursuant to Section 19(b) of the Securities Exchange Act of 1934 (the "Act"), as amended by the Securities Acts Amendments of 1975, and Rule 19b-4 thereunder, copies of a proposed rule change. The proposed rule change would among other things, provide for the award of Board Broker appointments on the basis of competitive bidding, compensation of Board Brokers by the CBOE and imposition of exchange fees upon members who utilize the services of Board Brokers.[1]

Notice of the proposed rule change together with the terms of substance of the proposed rule change was given by publication of a Commission Release (Securities Exchange Act Release No. 13434, (April 6, 1977)) and by publication in the FEDERAL REGISTER (42 Fed. Reg. 20870, (April 22, 1977)). Comments were received on May 17, 1977 from the Board Brokers Association of the CBOE in objection to the proposed rule change.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to national securities exchanges, and in particular, the requirements of Section 6 and the rules and regulations thereunder.[2]

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change filed with the Commission on March 28, 1977, be, and it hereby is, approved.

By the Commission.

GEORGE A. FITZSIMMONS,
Secretary.

[FR Doc.77-18918 Filed 6-30-77; 8:45 am]

[Release No. 9827; 812-4136]

EDPR SHAREHOLDERS' RETENTION TRUST

Application for an Order Exempting Proposed Transaction From Provisions of Section 17(a) and Permitting Such Transaction

Notice is hereby given that EDPR Shareholders' Retention Trust ("Applicant") c/o John W. Belash, Gaston Snow & Ely Bartlett, One Federal Street, Boston, Massachusetts 02110, a registered investment company, filed an application on May 17, 1977, and amendments thereto on June 15, 1977 and June 22, 1977, pursuant to section 17(b) of the Investment Company Act of 1940 ("Act"), for an order exempting the proposed extension and modification of an option held by Applicant to purchase certain securities from EDP Resources, Inc. ("Resources") from the provisions of Section 17(a) of the Act and, pursuant to Rule 17d-1 under the Act, for an order permitting such transaction. All interested parties are referred to the application on file with the Commission for a statement of the representations contained therein, which are summarized below.

Applicant is a trust organized and existing under the laws of New York pursuant to a declaration of trust made as of December 13, 1973 by Howard T. Bahse, W. Bryan Satterlee, Jr. and Allan W. Steere (the "Trustees"). It was granted a conditional order (Investment Company Act Release No. 8217, January 31, 1974), pursuant to Section 6(c) of the Act, exempting it from all the provisions of the Act except Sections 8(a), 17, and 36.

Applicant was established for the benefit of shareholders of Resources, whose shares were purchased through a tender offer made by Greyhound Computer Corporation, the present parent of Resources. At the closing in 1974, Applicant was given an option, exercisable until February 4, 1977, to purchase from Resources certain stock of Tele/Resources, Inc. ("T/R") and Iomec, Inc. for a price of $652,500. The stock of Iomec, Inc. was subsequently acquired by Data 100 Corporation ("Data 100"), causing shares of Data 100 to be substituted for the Iomec, Inc. shares.

Applicant represents that such option was its only significant asset and was not exercised because the equity interests represented by the option did not have sufficient value to enable the Trustees to borrow or otherwise obtain the cash needed to pay the exercise price. However, prior to February 4, 1977, the Trustees entered into negotiations with Resources, which owns the 1,130,000 shares or approximately 35.5% of the shares presently outstanding of T/R and the 6,125 shares of Data 100 which were subject to the option, in an effort to preserve some economic benefits for the beneficiaries of Applicant. Applicant states that as a result of these negotiations, Resources agreed, subject to issuance of an order by the Commission, to extend the option to the earlier of (i) December 31, 1979 or (ii) the fifth business day of domestic securities trading after the date of effectiveness under the Securities Act of 1933 of the first effective registration statement of T/R relating to an underwritten public offering of T/R securities. In consideration for the extension, Resources established the following conditions:

(1) Payment of $50,000 to Resources by or on behalf of Applicant;

(2) Release from the option of the 6,125 shares of Data 100 effective February 3, 1977; and

(3) Modification of the exercise price so that such price will be the sum of (i) $600,000 plus (ii) the amount obtained by subtracting $600,000 from the then fair market value of the T/R shares, dividing the remainder by two and subtracting the "Company's selling expense share," as defined in the letters offering such extension.

Applicant represents that the offer of extension extends to the earlier of (i) the date of closing (ii) the termination of any proceedings before the Commis-

[1] The Commission notes that the proposed rule change does not attempt to delineate the particular terms which will govern the proposed bidding system and award of Board Broker appointments nor does it set forth the precise amount or level of fees or assessments which the exchange will levy upon its members for use of services provided by Board Brokers. Hence, actual implementation by the CBOE of the enabling authority proposed in the instant rule filing will be contingent upon the submission of subsequent proposed rule changes which address these areas.

[2] In its comments on the proposed rule change, the Board Brokers Association (an organization consisting of 28 of the CBOE's 32 Board Broker members) contended, among other things, that the CBOE had acted to deprive Board Brokers of certain "vested rights." It is clear, however, that any "right" a Board Broker may have in continuing to act as such on the CBOE floor is acquired under, and remains subject to, the governing rules of the exchange, so long as these rules are consistent with the substantive requirements of the Act and rules and regulations thereunder and are adopted pursuant to applicable procedural requirements. We find that the instant rule change satisfies these procedural and substantive prerequisites. We note further that specific terms to implement the enabling authority approved here have yet to be proposed by the CBOE. (*See* note 1 *supra*.) At such time, of course, the Board Brokers Association may again urge any objections which they deem pertinent to such subsequent rule filings.

sion required to permit Applicant to enter into the transaction with an unfavorable determination or (iii) July 29, 1977.

Applicant asserts that it has and will have virtually no assets other than $100 unless it can accept the renegotiated option offered by Resources. In order to be able to do so, Applicant states that it has negotiated with T/R an agreement whereby, if this application is granted, T/R will make avaliable to Applicant or for its benefit $60,500 ($50,000 to pay to Resources and $10,500 to pay legal and other expenses) and will execute an agreement giving Applicant, subject to certain conditions, the right to cause to be included in any registration statement filed by T/R under the Securities Act of 1933 any shares of T/R purchased or purchasable by Applicant upon exercise of the option. Applicant represents that in consideration for the $60,500 and the registration rights, Applicant, when and if the option is exercised, will (i) transfer or cause Resources to transfer to T/R 110,000 of the T/R shares subject to the option; (ii) agree to pay a proportionate share of the expenses relating to registration of the T/R shares under the Securities Act of 1933; (iii) give T/R a right of first refusal for thirty days with respect to any proposed sale by Applicant of 350,000 or more shares of T/R common stock in a single block; and (iv) agree to certain other conditions in connection with any registered offering of T/R's common stock.

Applicant states that its present Trustees are W. Bryan Satterlee ("Satterlee") and Allan W. Steere ("Steere"); that Satterlee is president, chief executive officer and a director of T/R; that Steere is a director of T/R; and that both Satterlee and Steere are controlling persons of Applicant. Applicant further states that Satterlee and Steere, by reason of their official positions with T/R, may be deemed to be part of a group which controls T/R. Pursuant to the terms of the renegotiated option, so long as such option remains outstanding, Applicant will have all voting rights with respect to the optioned securities. Thus, Applicant and T/R may be deemed to be under common control and Applicant may be deemed to control more than five percent of the votign securities of T/R and therefore Applicant and T/R could be considered "affiliated persons" of each other within the meaning of Section 2(a)(3) of the Act. Applicant further states that Resources may be deemed to own more than five percent of the voting shares of T/R. Accordingly, Resources would be an affiliated person of T/R within the meaning of Section 2(a)(3) of the Act.

Section 17(a) of the Act, in pertinent part, prohibits an affiliated person of a registered investment company or an affiliated person of such affiliated person, acting as principal, from knowingly selling any security or other property to such registered company or knowingly purchasing any security or other property from such registered company. Section 17(b) of the Act provides, however, that the Commission, upon application, may exempt a proposed transaction from Section 17(a) of the Act if evidence establishes that the terms of the proposed transaction are reasonable and fair, do not involve overreaching by any person concerned, and are consistent with the policy of each registered investment company concerned, and with the general purposes of the Act.

Section 17(d) of the Act and Rule 17d-1 thereunder make it unlawful for a registered investment company and an affiliated person of such company or an affiliated person of such affiliated person to enter into a joint transaction unless an application has been filed with the Commission and an order granting such application has been issued. In passing upon such application, the Commission will consider whether the participation of such registered investment company in such joint enterprise or joint arrangement is on a basis different from, or less advantageous than, that of other participants and whether such participation is consistent with the provisions, policies and purposes of the Act.

Applicant states that the proposed transaction may be deemed to involve the sale by Resources, an affiliated person of an affiliated person of Applicant, of a security to Applicant, and the purchase by T/R, an affiliated person of Applicant, from Applicant of a security in the nature of a contingent right to acquire 110,000 of the T/R shares. Applicant also states that the proposed transaction might be deemed a joint and several transaction among Applicant, T/R and Resources. Accordingly, Applicant requests an order exempting the transactions from Section 17(a) and permitting the joint transaction pursuant to Rule 17d-1.

Applicant represents that the proposed transaction is fair and reasonable to its beneficiaries because it creates a possibility of some eventual benefit to them, whereas they will have nothing at all if the proposed transaction does not take place.

Applicant asserts that the transaction is fair and equitable to Resources because Resources (1) will receive adequate compensation for the renegotiated option and (2) will be benefited by the involvement of T/R in the transaction to the extent that said involvement will increase the likelihood of a public offering of T/R's common stock, an eventuality that would improve the possibility of Resources turning a relatively illiquid investment into cash. Applicant states that the proposed transaction is fair and equitable to T/R since it offers T/R an opportunity to arrange for the dispersal of a relatively large block of common stock in an orderly fashion and to have the possibility of, in effect, acquiring 110,000 of its shares of $.55 per share, the approximate fair market value of said shares on February 3, 1977.

Applicant further asserts that the relief requested is appropriate because the terms of the proposed transaction are reasonable and fair to it and to Resources and T/R and do not involve any overreaching on the part of Applicant or Resources or T/R. Applicant argues that an order will enable the parties to effect a transaction which was negotiated at arms length. Applicant was exempted from the requirements of filing a registration statement and reports under the Act so that there is no recital of investment policy, as such, on file with the Commission. However, Applicant asserts that the proposed transaction is consistent with its original intent which was to preserve for its beneficiaries an interest in certain portfolio securities held by Resources. Applicant further asserts that the granting of the application and the issuance of an order under Rule 17d-1 would be consistent with the provisions, policies and purposes of the Act and that, to the extent that the participation of Applicant is different from that of T/R and Resources, it is not less advantageous than their participation because the transaction has the effect of preserving a possibility of benefit for the beneficiaries of Applicant which they would otherwise lose.

Notice is further given that any interested person may, not later than July 22, 1977, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the matter accompanied by a statement as to the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail upon Applicant at the address stated above. Proof of such service (by affidavit or, in case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request. As provided by Rule 0-5 of the Rules and Regulations promulgated under the Act, an order disposing of the application will be issued as of course following said date unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive any notices and orders issued in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

[FR Doc.77-18925 Filed 6-30-77;8:45 am]

[File No. 81-261]

LOCAL FINANCE CORP.

Application and Opportunity for Hearing

JUNE 27, 1977.

Notice is hereby given that Local Finance Corporation ("Applicant") has

filed an application pursuant to section 12(h) of the Securities Exchange Act of 1934, as amended (the "1934 Act") for exemption from section 15(d) of the 1934 Act, commencing with the annual report on Form 10–K otherwise required for the period ended December 31, 1976.

Section 15(d) provides that each issuer which has filed a registration statement which has become effective pursuant to the Securities Act of 1933, as amended, shall file with the Commission in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of investors, such supplementary and periodic information, documents, and reports as may be required pursuant to Section 13 of the 1934 Act in respect of a security registered pursuant to Section 12 of the 1934 Act.

Section 12(h) empowers the Commission to exempt in whole or in part, any issuer or class of issuers from Section 15 (d) if the Commission finds, by reason of the number of public investors, amount of trading interest in the securities, the nature and extent of the activities of the issuer, or otherwise, that such exemption is not inconsistent with the public interest or the protection of investors.

The Applicant states, in part:

1. Applicant, an Indiana corporation, offered $20,000,000 principal amount of Subordinated Capital Notes, Series A, B, C, and D (the "Notes") pursuant to a registration statement on Form S–1 which became effective on June 30, 1975.

2. The Notes are the only class of outstanding securities of Applicant for which Section 13 reports are required under Section 15(d) of the 1934 Act.

3. On January 21, 1977, Post-Effective Amendment No. 2 to the above Registration Statement became effective for the purpose of removing from registration the $14,857,770 principal amount of the Notes remaining unsold upon termination of the offering.

4. Pursuant to the terms of the applicable Indenture and notice given thereunder, all of the outstanding Notes were called for redemption as of January 28, 1977. Interest on the Notes has ceased to accrue. The remaining Notes will be paid and redeemed when surrendered to the Applicant by their holders pursuant to the terms of the redemption notice.

5. Applicant's Form 8–K reports disclosed that at January 31, February 28, and March 31, 1977 there were, respectively, $891,400, $82,500 and $68,500 principal amount of Notes outstanding.

6. On February 24, 1977 there were 31 holders of the Notes remaining.

7. There is no trading or trading interest in the Notes.

In the absence of an exemption, Applicant would be required to file a report on Form 10–K for the period ended December 31, 1976 and to file certain periodic reports with the Commission pursuant to Section 15(d) of the 1934 Act.

Accordingly, Applicant believes that the exemptive order which it has requested is appropriate because there is no substantial interest of the investing public to be further protected, and no further need for the dissemination of the information contained in Section 13 reports.

For a more detailed statement of the information presented, all persons are referred to said application which is on file in the offices of the Commission at 500 North Capitol Street, Washington, D.C.

Notice is further given that any interested person not later than July 25, 1977, may submit to the Commission in writing his views or any substantial facts bearing on this application or the desirability of a hearing thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 500 North Capitol Street NW., Washington, D.C. 20549, and should state briefly the nature of the interest of the person submitting such information or requesting the hearing, the reason for such request, and the issues of fact and law raised by the application which he desires to controvert. At any time after said date, an order granting the application may be issued upon request or upon the Commission's own motion.

By the Commission.

GEORGE A. FITZSIMMONS,
Secretary.

[Release No. 34-13697; File No. SR-MSRB-77-7]

MUNICIPAL SECURITIES RULEMAKING BOARD

Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94–29, 16 (June 4, 1975), notice is hereby given that on June 28, 1977, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission a proposed rule change as follows:

STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

The amendment to rule A–13 filed by the Municipal Securities Rulemaking Board (the "Board") reduces the fee to be paid by a municipal securities broker or municipal securities dealer under rule A–13 from .003% ($0.3 per $1,000) to .002% ($.02 per $1,000) of the face amount of all municipal securities which are purchased from an issuer as part of a new issue by or through such municipal securities broker or municipal securities dealer and which have a final stated maturity of not less than two years from the date of the securities.

STATEMENT OF BASIS AND PURPOSE

The basis and purpose of the foregoing proposed rule change are as follows:

PURPOSE OF PROPOSED RULE CHANGE

The purpose of the proposed rule change is to reduce the assessment rate under rule A–13. Rule A–13 provides a continuing source of revenue to defray the costs and expenses of operating and administering the Board.

BASIS UNDER THE ACT FOR PROPOSED RULE CHANGE

The Board has adopted the proposed rule change pursuant to sections 15B(b)(2)(I) and 15B(b)(2)(J) of the Securities Exchange Act of 1934, as amended (the "Act"). Section 15B(b)(2)(J) of the Act authorizes and directs the Board to adopt rules providing for the assessment of municipal securities brokers and municipal securities dealers to defray the costs and expenses of operating and administering the Board. Section 15B(b)(2)(I) authorizes and directs the Board to adopt rules providing for the operation and administration of the Board.

COMMENTS RECEIVED FROM MEMBERS, PARTICIPANTS, OR OTHERS ON PROPOSED RULE CHANGE

Comments have not been solicited or received on the proposed rule change.

BURDEN ON COMPETITION

In the opinion of the Board, the proposed rule change does not constitute a burden on competition.

The foregoing rule change has become effective, pursuant to section 19(b)(3)(A) of the Act. At any time within sixty days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with the Secretary of the Commission, Securities and Exchange Commission, Washington, D.C. 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street NW., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the above-mentioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted within 30 days of the date of this publication.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

JUNE 29, 1977.

NATIONAL MARKET ADVISORY BOARD

Meeting

This is to give notice, pursuant to Section 10(a) of the Federal Advisory Committee Act, 5 U.S.C. App. 1 10(a), that

the National Market Advisory Board will conduct open meetings on July 18 and 19, August 15 and 16 and September 19 and 20, 1977, in Room 776, 500 North Capitol Street, Washington, D.C. Initial notice of the July meeting was published in the FEDERAL REGISTER on May 11, 1977.

The summarized agenda for the August and September meetings will be published in the FEDERAL REGISTER at a later date. The summarized agenda for the July meeting is as follows:

1. Discussion of the Board's response to Securities Exchange Act Release No. 13662 regarding the removal of off-board trading restrictions.
2. Discussion of regulation of specialists and market makers in light of the removal of off-board trading restrictions.
3. Discussion of what constitutes an effective composite quotation system for listed securities.
4. Discussion of a broker's obligation to obtain "best execution" for its customer.
5. Discussion of such other matters as may properly be brought before the Board.

Further information may be obtained by writing Martin L. Budd, Executive Director, National Market Advisory Board Staff, Securities and Exchange Commission, Washington, D.C. 20549.

GEORGE A. FITZSIMMONS,
Secretary.

[Rel. No. 34-13674; File No. SR-NYSE-77-17]

NEW YORK STOCK EXCHANGE, INC.

Self-Regulatory Organizations; Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975), notice is hereby given that on June 20, 1977, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission proposed rule changes as follows:

EXCHANGE'S STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGES

GENERAL

The New York Stock Exchange (NYSE or the Exchange) has developed a plan for the trading of options on the Floor of the Exchange. Under this plan the Options Clearing Corporation (OCC) will be the issuer and primary obligor of the options that will be traded on the NYSE. Such options will also be exercised through the OCC. Thus, all option transactions occurring on the Floor of the NYSE will be subject to the provisions of the "by-laws" and rules of the OCC as well as the Constitution and rules of the Exchange. In this regard, the Exchange has also developed a series of proposed new rules that will relate to options trading.

The Exchange intends to commence its program with call options on twenty-five (25) underlying stocks which meet the criteria contained in a proposed rule regarding "approval of underlying stocks." Generally, these criteria will ensure that underlying stocks on which NYSE options will be traded will be characterized by a substantial number of outstanding shares which are widely held and actively traded.

The Exchange also plans to expand its options program by seeking Commission approval, from time to time, to trade options on additional underlying securities (i.e., add to the 25 underlying stocks on which options will be traded under the NYSEs initial program).

Trading System; Market Participants.—The trading system selected by the Exchange for its options program will be structured around competing Options Market-Makers, Competitive Traders and floor brokers. The limit order "books" for option contracts will be handled by Exchange employees to be known as Order Book Officials. Appropriate regulations pertaining to each such market participant are included in the proposed new options rules.

Options Market-Makers.—The purpose of an Options Market-Maker will be to make transactions, as a dealer, that contribute to the maintenance of fair and orderly markets in option contracts on the Floor of the Exchange. A Market-Maker, while on the Floor, will have a full-time obligation in this regard. Thus, while on the Floor, he will not be permitted to handle orders (whether in option contracts or otherwise) as a broker, nor trade directly in any other security (such as stocks, bonds, etc.).

It is noted that on other exchanges that utilize market-makers, the market-makers are not proscribed from handling option orders on any agency basis. They are prohibited (on other exchanges), however, from acting as both an agent and a dealer in the same class of options during the same day. The Exchange believes that the coupling of the flexibility to act as either a dealer or agent together with a prohibition against acting as both on the same day, in the same class of optons, has a draw-back insofar as market-makers are concerned because their primary obligation is the maintenance of fair and orderly markets (a dealer function) in the various options traded. Obviously, a market-maker could not fulfill this obligation in any class of option, on any day, wherein he has acted as an agent on that day.

The Exchange will create "zones" on the Floor where particular classes of options are to be traded. A member will be permitted to register with the Exchange as a Market-Maker in any one or more options traded in the same zone—but not in different zones.

With respect to each option in which he is registered, a Market-Maker will have a *continuous* obligation to deal when there exists a lack of price continuity, a temporary disparity between the supply of and demand for an option contract, or a temporary distortion of the price relationships between option contracts of the same class. To help define these obligations more specifically the Exchange's proposed rule relating to Market-Makers contains standards as to the maximum differences that should be permitted to exist between the bid and offer for an option contract. The NYSE's standards in this regard are more stringent than those which exist on other exchanges. Market-Makers will also be subject to a continuity requirement.

The Exchange's "zoning" requirement is to ensure that a market-maker's ability to fulfill his *continuous* obligation, to maintain fair and orderly markets in any and all classes of options in which he is registered, will not be impaired by a logistics problem.

At least fifty percent (50%) of a Market-Maker's trading activity will have to be in options in which he is registered; and, his obligations with respect to such options will take precedence over his other Market-Maker obligations.

With respect to options in which he is not registered, a Market-Maker will be expected to assist in the maintenance of a fair and orderly market whenever he is called upon to do so by a Floor Official. Moreover, whenever a Market-Maker enters the trading Crowd in an option in which he is not registered, whether voluntarily or at the request of a Floor Official, he will be subject to the same obligations that would apply if he were registered in that option.

Competitive Traders.—Competitive Traders, appropriately regulated, will be permitted to deal for their own account, while on the Floor, in option contracts and will, thus, provide additional capital, depth, liquidity and competitiveness to the NYSE options market.

Whenever a Competitive Trader enters the trading Crowd in a particular option, in other than a brokerage capacity, he will be subject to the same obligations as an Options Market-Maker. Specifically, under the proposed NYSE options trading system, options transactions of a Competitive Trader will be regulated in substantially the same manner as the transactions of an Options Market-Maker in classes of options in which the market-maker is not registered.

The only other exchange that utilizes Competitive Traders in its options market is the American Stock Exchange (on the AMEX they are known as Registered Traders). The AMEX appears to impose on its Registered Traders all—or substantially all—of the requirements that pertain to such members trading in the stock market *plus* all of the requirements that pertain to options market-makers. This appears to be unnecessary from a regulatory viewpoint.

Floor Brokers.—Floor Brokers in the NYSE options market will fulfill their traditional roles of handling orders on an agency basis.

Order Book Officials.—Order Book Officials (OBO) will be Exchange employees responsible for maintaining the limit order "books"; properly executing orders placed in the books; displaying bids and offers; and observing the markets—with respect to options to which they are as-

signed. In connection with his responsibility to observe the markets in options to which he is assigned, an OBO will report promptly to an Exchange Floor Official (or where appropriate to Exchange supervisory or surveillance personnel) whenever there is any unusual activity, transactions or price change or there are other unusual market conditions or circumstances which appear detrimental to the maintenance of a fair, orderly and competitive market.

The OBO will also be responsible for arranging orders (including public market orders that are given to him by members) at openings and reopenings. This is expected to facilitate business and the establishment of a fair opening (or reopening) price. However, except in the case of openings and reopenings, the OBO would only be permitted to accept public *limit* orders for execution. In addition, the OBO will be responsible for conducting so-called "trading rotations."

Appropriate provisions have been incorporated into Exchange rules to permit members and member organizations, within specific limits and under certain conditions, to make claims against the Exchange for errors and omissions of Order Book Officials.

OPRA.—It is the present intention of the Exchange to include in its options trading facility the capability of transmitting options last sale data over the Consolidated Options Tape network administered by the Options Price Reporting Authority (OPRA).

Other Rules.—In addition to the proposed rules that would pertain to Options Market-Makers, Competitive Traders and Order Book Officials, which have been summarized in the immediately preceding section on the "Trading System," the salient features of other proposed new rules, which are key elements of the Exchange's plan for trading options are summarized below, as follows:

Important Times.—The time during which options will be traded on the NYSE Floor will coincide with the trading hours of the Exchange's stock market. Currently, trading on the Floor begins at 10 a.m. and ends at 4 p.m., Eastern Time. However, no transaction in a particular series of options will be permitted after 3 p.m. on the business day prior to the expiration date of that series. The expiration date and time for any particular series of options will be determined in accordance with the rules of the OCC.

Series of Options Open for Trading.—At the commencement of trading on the Exchange of a particular class of options, series of options therein having three different expiration months, at three-month intervals, will be opened. The expiration-month cycle that will be used by the NYSE will be January, April, July, and October. However, where the NYSE commences trading in an option already traded on another exchange ("dual" trading), the expiration-month cycle that will be used by the NYSE will be the same as that used by the other exchange(s). Additional series, having a duration (life) of nine months may be opened for trading at or about the time a prior series expires. The exercise price of each series opened for trading will be reasonably close to the price of the underlying stock at the time the Exchange opens the series. Additional series may be opened for trading as the market price of the underlying stock moves substantially from the initial exercise price or prices. In this regard, exercise prices will generally be fixed at 5-point intervals for underlying securities trading at prices up to $100 and at 10-point intervals for underlying securities trading at prices over $100.

Adjustments.—The unit of trading and the exercise price initially established for option contracts will be subject to adjustments in accordance with the rules of the OCC. Generally, under OCC rules, adjustments are made in the case of stock dividends, stock splits and other similar distributions. However, no adjustments are made in the case of cash dividends.

Position Limits.—No person, acting alone or in concert with others, will be permitted to hold, control or be obligated in respect of more than 1,000 option contracts, relating to the same underlying security, on the same side of the market.

Exercise Limits.—No person, acting alone or in concert with others will be permitted to exercise, within any five consecutive business days, aggregate long positions in excess of 1,000 option contracts of any particular class.

Out-of-the-Money Options.—Except as specifically provided for in Exchange rules, "opening" purchase and/or writing transactions will not be permitted in any option contract that is more than $5 out-of-the-money and the previous day's closing price of such option was less than $0.50.

Other Restrictions.—In addition, the Exchange will have the authority to impose such other restrictions, on option transactions or the exercise of option contracts, as it deems advisable in the interests of maintaining fair and orderly markets or otherwise in the public interest or for the protection of investors.

Halts and Suspensions.—The Exchange also will have the authority to halt or suspend all trading on the Floor in any option whenever it deems such action appropriate in the interests of fair and orderly markets or otherwise in the public interest or to protect investors.

Priority of Bids and Offers.—Limit orders on the book will have priority over orders in the trading Crowd, at the same price except that, at openings, market orders may be given priority and, under certain conditions, a so-called "spread" or "straddle" order will have priority over the book.

Customer Account Rules.—Before accepting any order from a customer for the purchase or sale (writing) of an options contract, the customer's account must be specifically approved in writing by a Registered Options Principal for options trading. In connection with the approval of customer accounts, the individual servicing such accounts is required to make reasonable effort to ascertain essential facts relative to the customer, his financial situation and investment objectives. A record of the information obtained must be maintained by the member or member organization. A current prospectus of the Options Clearing Corporation must be delivered to the customer, and an account agreement must be obtained from the customer. The account agreement must specify that (1) the customer is aware of and agrees to be bound by the rules of the Exchange relating to trading and the rules of the OCC, (2) the customer agrees not to violate position or exercise limits, and (3) the customer acknowledges receipt of a current prospectus. Customer accounts are required to be diligently supervised by a Registered Options Principal, and all orders in such accounts are subject to such supervision. In connection with customer orders, member organization personnel shall not recommend any options transaction which is unsuitable for such customer. Customer suitability will be determined by reasonable inquiry concerning the customer's investment objectives, financial situation and needs, and any other information known by such member organization personnel. There are specific requirements regarding suitability standards for writing uncovered call contracts or any put contracts. In addition to the general requirements regarding discretionary accounts currently in Exchange rules, specific requirements are also included regarding discretionary power exercised by member organization personnel with respect to customer options trading.

Accounts of Exchange Employees.—Proposed Rule 729 extends the requirements of Rule 407 to options accounts and transactions and thus requires prior employer approval for Exchange employees to open options accounts.

Options Advertising.—Proposed Rule 794 is a specific rule relating to the options advertising of member organizations. It requires that all advertising, market letters and sales literature issued by a member organization pertaining to options be approved in advance by a Registered Options Principal. The language and content standards established are in addition to those contained in Rule 474A relating to more generic member advertising. Members are reminded that rules under the '33 Act specify that advertisements must be limited to general descriptions of options and that a prospectus must be offered. Written material in excess of such general advertising must be preceded or accompanied by a prospectus. The special risk factors attendant to options transactions must be included in any written material which purports to include any benefits or potential advantages to options trading. Suitability should also be reflected in any communication dealing with the uses of options.

The Exchange proposes that the same regulatory philosophy apply to options advertising as general member advertising—the responsibility for approval of advertising rests with member organiza-

tion management. The Exchange's surveillance procedures for advertising language would be performed after the fact on a sampling basis. The Exchange also offers pre-approved review of advertising and sales literature at the request of member organizations. This review service is almost unanimously subscribed to. The fact that options represent a vehicle with a higher degree of risk than certain other types of securities is reflected in the expanded standards in Rule 794.

Examination Standards and Procedures.—Each member organization doing a public options business will be required to qualify a Registered Options Principal under proposed Rule 720. However, the NYSE amended Rule 342 in August, 1976 to require "an examination acceptable to the Exchange which demonstrates competency to supervise a specific sales department or activity". The Information Memo introducing this amendment to the membership referred specifically to Registered Options Principals. Therefore, proposed Rule 720 will not present any procedural change. Proposed Rule 720A will require a Registered Representative to have adequate knowledge in the trading of options contracts in order to conduct a public business therein. The Exchange considers the Series VII Registered Representative Examination as adequate in measuring an applicant's knowledge.

Puts Trading.—In view of the fact that put trading commenced on other options exchanges on June 3, 1977, the NYSE, for competitive reasons, should be permitted to include put options trading in its initial program, if it so desires.

Exchange's Statement of Basis and Purpose.—The basis and purpose of the proposed rule changes are as follows:

Purpose of Proposed Rule Changes.—The purpose of the proposed rule changes is to provide the regulatory framework for an options market on the Floor of the Exchange.

Basis Under the Act for Proposed Rule Changes.—The proposed rule changes relate to Section 6(b)(1) of the Securities Exchange Act of 1934, as amended, in that they would provide a regulatory framework for an options market on the Floor of the Exchange. Thus, the proposed rule changes would give the Exchange the capacity to be able to carry out the purposes of the Act and to comply, and to enforce compliance by Exchange members and persons associated with members, with the provisions of the Act, the rules and regulations thereunder, and the rules of the Exchange.

Comments Received from Members, Participants or Others on Proposed Rule Changes.—On April 15, 1977, the Exchange distributed the proposed rule changes to Exchange members and member organizations and solicited written comments thereon. Written comments received by the Exchange are summarized below, as follows:

Some commentators opposed the NYSE's entry into options on such grounds as, another options exchange and/or more extensive "dual" trading of options are not needed. Other commentators favor the NYSE's entry into options for such reasons as the NYSE would make an ideal environment for trading options and that an NYSE options market would serve to enhance the benefits of the existing auction market process on the Floor for stocks.

Opinions were also offered with respect to specific details in the proposed rules such as:

The term "life" of an option contract should be for a period of more than one year in order to allow investors to take advantage of new tax provisions for long-term capital gains and losses.

The fixed 5-points out-of-the-money standard for determining a restricted option should be replaced with a varying standard that coincides with the strike-price interval for the option.

The Series VII Registered Representative examination is inadequate to test the applicant's knowledge of options trading.

Member organizations should not be required to obtain information on the option positions maintained by all members of an investment partnership or investment club.

"Stopping" should be permitted since it benefits the public interest.

Having both Competitive Traders and Market-Makers seems superfluous.

Under the proposed limits of liability for OBO errors, retail orders should be given priority over block orders.

Spread and straddle orders should not be given priority over the "book."

The margin rule should differentiate between conventional options and those to be traded over NASDAQ which will have the characteristics of listed options.

The Exchange has considered each of the comments received and those that seem appropriate are reflected in the proposed changes.

Burden On Competition.—The proposed rule changes will not impose any burden on competition.

On or before August 8, 1977, or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the above mentioned self-regulatory organization consents, the Commission will:

(A) by order approve such proposed rule changes, or

(B) institute proceedings to determine whether the proposed rule changes should be disapproved.

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons desiring to make written submissions should file six copies thereof with the Secretary of the Commission, Securities and Exchange Commission, Washington, D.C. 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street NW., Washington, D.C. Copies of such filings will also be available for inspection and copying at the principal office of the above mentioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted on or before August 1, 1977.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

JUNE 24, 1977.

OPTIONS CLEARING CORP.

Self-Regulatory Organizations; Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975), notice is hereby given that on June 10, 1977, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission a proposed rule change as follows:

STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

Pursuant to Article III, Section 8 of the By-Laws of The Options Clearing Corporation ("OCC"), and in accordance with the principles set forth in Article IX, Section 9 of said By-Laws, the Board of Directors of OCC has determined to revise OCC's clearing fees by reducing the fee for transactions executed at prices of $1.00 or more from $0.15 per contract to $0.11 per contract. The reduction is to become effective with the July, 1977 billing (covering the month of June, 1977).

STATEMENT OF BASIS AND PURPOSE

The basis and purpose of the foregoing proposed rule change is as follows:

The purpose of the fee reduction is to adjust OCC's clearing fees to a level more closely approximating OCC's operating costs, while at the same time enabling OCC to maintain capital, surplus and reserves sufficient for its needs and consistent with the principles set forth in Article IX, Section 9 of its By-Laws.

OCC believes that the reduction of clearing fees for transactions executed at prices of $1.00 or more is reasonable in light of OCC's anticipated revenues from clearing fees and its anticipated operating costs and other needs. The fee reduction is applicable only to transactions executed at prices of $1.00 or more because the previously established fees for transactions executed at prices under $1.00 ($.095 per contract) and for market maker scratch transactions ($.015 per contract) approximate the cost to OCC of handling such contracts, and it is believed that any reduction of those fees at this time would result in a negative margin on such transactions. Accordingly, OCC believes that the proposed fee reduction allocates reasonable fees in an equitable manner among OCC's Clearing Members.

Comments were not and are not intended to be solicited with respect to the proposed fee reduction.

OCC does not believe that the proposed fee reduction would impose any burden on competition.

The foregoing rule change has become effective, pursuant to Section 19 (b)(3) of the Securities Exchange Act of 1934. At any time within sixty days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Securities Exchange Act of 1934.

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with the Secretary of the Commission, Securities and Exchange Commission, Washington, D.C., 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street, N.W., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the above-mentioned self-regulatory organization.

All submissions should refer to the file number referenced in the caption above and should be submitted on or before August 25, 1977.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

JUNE 27, 1977.

[FR Doc.77-18923 Filed 6-30-77;8:45 am]

OPTIONS CLEARING CORP.

Self-Regulatory Organizations; Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975), notice is hereby given that on June 10, 1977, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission proposed rule changes as follows:

STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGES

The proposed rule changes amend OCC's Participant Exchange Agreement, Stockholders Agreement and Rules to permit participation in OCC by registered national securities associations. In addition, the proposed rule change eliminates obsolete representations regarding Exchanges' selection standards for underlying securities and updates reference to the Exchanges' former 9b-1 plans.

STATEMENT OF BASIS AND PURPOSE

The basis and purpose of the foregoing proposed rule changes is as follows:

The purpose of the proposed amendments to the Participant Exchange Agreement and the Stockholders Agreement is to permit registered national securities associations to qualify as Participating Exchanges and to permit OCC's Participating Exchanges to select securities traded primarily in the over-the-counter market, which have been designated as "OTC Margin Stocks", as underlying securities for options issued by OCC. In addition, the proposed amendment would eliminate obsolete representations regarding the Exchanges' selection standards for underlying securities and update references to the Exchanges' former 9b-1 plans.

The proposed amendments to Article I, Sections 1(f), (o) and (ggg) and Article VII, Sections 1 and 5 of the By-Laws and Rule 602 are technical changes necessitated by the eligibility of national securities associations to become Participating Exchanges and the addition of securities traded primarily in the over-the-counter market as underlying securities.

The agreement that the NASD waive the provisions of Section 16 of the Participant Exchange Agreement is necessitated by the NASD's intention to clear its transactions in New York City.

A number of OCC's Participating Exchanges have filed, pursuant to Rule 19b-4, proposals for the trading of options on securities traded primarily in the over-the-counter market and the National Association of Securities Dealers has filed a proposal to trade options through its NASDAQ system. If those proposals are approved, the proposed rule change filed herein will be necessary for their implementation.

Formal comments were not and are not intended to be solicited with respect to the proposed rule change.

OCC does not believe that the proposed rule change would impose any burden on competition.

On or before August 8, 1977, or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the above-mentioned self-regulatory organization consents, the Commission will: (A) by order approve such proposed rule change; or (B) institute proceedings to determine whether the proposed rule change should be disapproved.

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with the Secretary of the Commission, Securities and Exchange Commission, Washington, D.C. 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street NW., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the above-mentioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted on or before August 25, 1977.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

[Rel. No. 34-13680; File No. SR-OCC-77-7]

OPTIONS CLEARING CORP.

Self-Regulatory Organizations; Proposed Rule Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), as amended by Pub. L. No. 94-29, 16 (June 4, 1975), notice is hereby given that on June 7, 1977, the above-mentioned self-regulatory organization filed with the Securities and Exchange Commission a proposed rule change as follows:

STATEMENT OF THE TERMS OF SUBSTANCE OF THE PROPOSED RULE CHANGE

The proposed rule change would update and simplify OCC's Rule 610 (dealing with the deposit of underlying securities), Rule 1106(d) (dealing with the disposition of short positions in accounts of suspended Clearing Members) and Rule 1107 (dealing with exercise transactions to which a suspended Clearing Member is a party).

STATEMENT OF BASIS AND PURPOSE

The basis and purpose of the foregoing proposed rule change is as follows:

The purpose of the proposed rule change is to update and simplify OCC's rules with respect to the deposit of underlying securities by writers of call option contracts. In addition, the proposed rule change would establish a procedure for the allocation of a suspended Clearing Member's pending exercise assignments to covered short positions in the Clearing Member's accounts in cases where OCC is unable to determine the manner in which the assignments were allocated by the Clearing Member.

Rule 610.—The proposed amendments to Rule 610 are intended to make express provision for the "third-party pledge" system, described below, and to simplify the Rule generally by eliminating unnecessary provisions.

In recent months, OCC and various securities depositories have developed a "third-party pledge" system which provides writers of covered call options with an alternative to the filing of escrow receipts. Under that system, a customer which writes a call option may deposit the underlying securities with a securities depository instead of a bank. The deposit may be made directly, if the customer is a depository participant, or indirectly, through the customer's custodian. The securities are then transferred or pledged by book entry to OCC, for the account of the Clearing Member which carries the customer's short position, thus relieving the Clearing Member (and the customer's broker, if the customer traded through a non-Clearing

Member) of the need to deposit margin in respect of that position. Under Rule 610 in its current form, third-party pledges may be viewed as a form of specific deposit, made by the customer on the Clearing Member's behalf, rather than by the Clearing Member directly. However, since third-party pledges originate with the customer, they should more properly be treated as a form of escrow deposit. The proposed rule change would expressly recognize third-party pledges, treating them as escrow deposits except where the context requires otherwise.

The remainder of the proposed amendments to Rule 610 are intended to simplify the Rule by eliminating unnecessary provisions. The amendments to subsections (f) and (g) (which would be redesignated as (e) and (f), respectively) would eliminate the requirement that a Clearing Member making a specific deposit or a bulk deposit obtain a special agreement from the depository acknowledging OCC's rights with respect to the deposited securities. In accepting specific and bulk deposits, a depository performs an essentially ministerial function. Its only obligation is to carry out the instructions of the participant to whose account the securities are credited, in accordance with its rules. Accordingly, such rights as may exist between OCC and the depositor do not affect the depository, and OCC has nothing to gain from the depository's acknowledgment of those rights. The proposed amendment to Rule 610(g) would substitute, in place of the agreements which are currently called for, a requirement that the depository acknowledge that the deposited securities have been transferred or pledged by book entry to OCC and will be held subject to its instructions.

In addition, the proposed amendment to Rule 610 would eliminate the requirement that a Clearing Member making a specific deposit secure an agreement from the customer for whose account the deposit is being made specifying the option contracts covered by the deposit and acknowledging OCC's rights with respect to the deposited securities. OCC believes that that requirement imposes an unnecessary burden on Clearing Members—particularly in view of the practice of "rolling over" specific deposits to cover new positions when the positions previously covered are closed out or expire. A customer whose account is approved for options trading is required under Exchange rules to execute an account agreement in which he acknowledges that his account is to be handled in accordance with the Rules of OCC. Given the specificity of OCC's rules with respect to the disposition of specific deposits, OCC believes that separate customer agreements acknowledging OCC's rights with respect to each deposit are unnecessary. Accordingly, the proposed rule change would eliminate the requirement for separate customer agreements and substitute a general provision that the deposit of an underlying security constitutes the depositing Clearing Member's representation that the deposit has been duly authorized by the customer.

The proposed amendment to Rule 610 would also simplify the provisions of the Rule dealing with escrow receipts by eliminating redundant and otherwise non-essential language. Finally, the proposed amendment would revise Rule 610 (1) by deleting language dealing with situations covered by Rule 1107, as proposed to be amended herein, and would conform the remaining provisions of Rule 610(1) to the revised definition of "escrow receipt" in Rule 610(h), as proposed to be amended.

Rule 1106. The purpose of the proposed amendment to Rule 1106(d) is to clarify the provisions of that subsection, without effecting any change in substance.

Rule 1107. The purpose of the proposed amendment to Rule 1107 is to update its provisions generally and to provide a fair procedure for allocating a suspended Clearing Member's pending assignments to covered short positions in the Clearing Member's accounts.

Rule 1107 generally provides procedures for dealing with exercised option contracts which were exercised by or assigned to a suspended Clearing Member prior to suspension. Under OCC's present procedures, all exercises are settled through correspondent clearing corporations. OCC reports each exercise to the designated clearing corporations of the exercising and assigned Clearing Members; and by agreement with OCC, a clearing corporation to which an exercise is reported becomes unconditionally obligated to effect settlement on behalf of the Clearing Member for whose account the exercise was reported at the opening of business on the business day preceding the exercise settlement date, unless the Clearing Member was suspended by the correspondent clearing corporation prior to that time. A correspondent clearing corporation may become obligated to effect settlement even though it effects a timely suspension, if it fails to give OCC prompt notice thereof. Accordingly, notwithstanding the suspension of a Clearing Member by OCC and by its designated clearing corporation, there may be some pending exercise transactions for which the suspended Clearing Member's designated clearing corporation is obligated to effect settlement. Proposed Rule 1107(a) would provide that those transactions would proceed to settlement in the ordinary course.

The remainder of Rule 1107, as proposed to be amended herein, deals with exercises for which a correspondent clearing corporation is not obligated. Its provisions may be summarized as follows:

1. If the suspended Clearing Member was the exercising Clearing Member, the assigned Clearing Member is required to close out the exercise transaction by selling out (in the case of a call) or buying in (in the case of a put) the underlying securities and to pay the difference between the close-out proceeds and the exercise price to OCC, for credit to the suspended Clearing Member's liquidating settlement account.

2. If the suspended Clearing Member was the assigned Clearing Member, OCC will attempt to determine the particular short position to which the assignment was allocated by the Clearing Member and the manner in which that position was covered (i.e. by margin deposits, bulk deposits, unsegregated long positions, specific deposit or escrow deposit). If the position was covered by margin deposits, unsegregated long positions or bulk deposits (all of which are required under Chapter XI of OCC's Rules to be converted by OCC into cash on the Clearing Member's suspension), the exercising Clearing Member would be required to close out the exercise transaction as described above, and any loss on the close-out would be paid out of the suspended Clearing Member's liquidating settlement account. If the position was covered by a specific deposit or an escrow deposit, OCC would obtain delivery of the underlying securities and complete the exercise transaction on behalf of the suspended Clearing Member.

3. If OCC is unable to determine how a pending assignment was allocated by the suspended clearing Member, OCC would itself allocate the assignment among the short positions of that series in the suspended clearing Member's accounts. In doing so, OCC would presume (to the extent that such a presumption is tenable) that the Clearing Member had complied with Rule 610(k) and promptly withdrawn any bank escrow receipt covering a position to which an exercise notice was allocated. Accordingly, OCC would allocate pending assignments to positions covered by bank escrow receipts only to the extent that the number of contracts covered by the assignment exceeded the number of contracts covered by forms of margin or deposits in lieu of margin other than bank escrow receipts (in which event the presumption referred to above would be untenable). Because of the possibility that the suspended Clearing Member may have effected an allocation prior to its suspension, but OCC may be unable to reconstruct that allocation on a prompt basis, Rule 1107 would provide that any allocation made pursuant to that Rule by OCC would supercede any contrary allocation by the Clearing Member.

The proposed rule change relates to OCC's capacity to facilitate the prompt and accurate clearance and settlement of securities transactions for which it is responsible and contributes to the protection of investors and the public interest by updating and simplifying procedures provided for in OCC's Rules.

Comments were not and are not intended to be solicited with respect to the proposed rule change.

OCC does not believe that the proposed rule change imposes any burden on competition.

On or before August 8, 1977. Or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the abovementioned self-regulatory organization consents, the Commission will: (A) By order approve such proposed rule change; or (B) Institute proceedings to determine whether the proposed rule change should be disapproved.

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons desiring to make written submissions should file 6 copies thereof with the Secretary of the Commission, Securities and Ex-

change Commission, Washington, D.C., 20549. Copies of the filing with respect to the foregoing and of all written submissions will be available for inspection and copying in the Public Reference Room, 1100 L Street NW., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the above-mentioned self-regulatory organization. All submissions should refer to the file number referenced in the caption above and should be submitted on or before July 25, 1977.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

PHILADELPHIA STOCK EXCHANGE, INC.

Applications for Unlisted Trading Privileges and Opportunity for Hearing

JUNE 24, 1977.

The above named national securities exchange has filed applications with the Securities and Exchange Commission pursuant to Section 12(f)(1)(B) of the Securities Exchange Act of 1934 and Rule 12f-1 thereunder, for unlisted trading privileges in the securities of the companies as set forth below, which securities are listed and registered on one or more other national securities exchanges:

Dutch Boy, Inc., Common Stock, No Par Value, File No. 7-4957.

Victor Comptometer Corporation, Common Stock, $1 Par Value, File No. 7-4958.

Upon receipt of a request, on or before July 10, 1977 from any interested person, the Commission will determine whether the application with respect to any of the companies named shall be set down for hearing. Any such request should state briefly the title of the security in which he is interested, the nature of the interest of the person making the request, and the position he proposes to take at the hearing, if ordered. In addition, any interested person may submit his views or any additional facts bearing on any of the said applications by means of a letter addressed to the Secretary, Securities and Exchange Commission, Washington, D.C. 20549 not later than the date specified. If no one requests a hearing with respect to any particular application, such application will be determined by order of the Commission on the basis of the facts stated therein and other information contained in the official files of the Commission pertaining thereto.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

GEORGE A. FITZSIMMONS,
Secretary.

[Release No. 34-13686, 35-20092, IC-9828]

RE-EXAMINATION OF RULES RELATING TO SHAREHOLDER COMMUNICATIONS, SHAREHOLDER PARTICIPATION IN THE CORPORATE ELECTORAL PROCESS AND CORPORATE GOVERNANCE GENERALLY

AGENCY: Securities and Exchange Commission.

ACTION: Extension of Comment Period.

SUMMARY: In Securities Exchange Act Release No. 13482 (April 28, 1977), 42 FR 23901 (May 11, 1977), the Commission had requested the submission by July 1, 1977 of written statements from interested members of the public on the subjects of shareholder communications, shareholder participation in the corporate electoral process and corporate governance. The Commission had requested the submission of such written statements preparatory to holding public hearings. The Commission, having considered a number of requests to extend the comment period, has extended the comment period as follows:

(1) Any person who wishes to have his views considered by the Commission in connection with its formulation of specific issues to be explored at the public hearings must submit on or before August 1, 1977 a written statement of such views, which may be in summary or outline form;

(2) Any person who wishes to testify at the public hearings is encouraged to submit on or before August 1, 1977 a written statement outlining the issues as to which such person intends to testify. The Commisison will issue an order at a later date specifying procedures for the hearings, and failure to submit a written statement by August 1, 1977 will not foreclose an interested person from testifying at the hearings in accordance with such procedures; and

(3) All other persons who wish to submit written statements may do so at any time prior to the termination of this proceeding and such statements will be made part of the public record of the proceeding.

ADDRESSES: All communications should be submitted in triplicate to George A. Fitzsimmons, Secretary, Securities and Exchange Commission, 500 North Capitol Street, NW., Washington, D.C. 20549. Such communications should refer to File No. S7-693, and will be available for public inspection at the Commission's Public Reference Room, 1100 L Street, NW., Washington, D.C. 20549.

FOR FURTHER INFORMATION CONTACT:

Richard B. Nesson, Division of Corporation Finance, Securities and Exchange Commission, Washington, D.C. 20549 (202-755-1742).

SUPPLEMENTARY INFORMATION: The public hearings which are tentatively scheduled to commence in September, 1977, and which are intended to be held in several cities in various parts of the country, are for the purpose of giving the Commission the benefit of the views of interested members of the public with respect to the subjects of shareholder communications, shareholder participation in the corporate electoral process and, more generally, corporate governance in order to assist the Commission in a broad re-examination of Regulation 14A (17 CFR 240.14a-1 et seq.) promulgated under section 14(a) of the Securities Exchange Act of 1934 ("Exchange Act") (15 U.S.C. 78a et seq., as amended by Pub. L. No. 94-29 (June 4, 1975)) relating to the solicitation of proxies and other applicable statutory provisions, rules and regulations. At the conclusion of these hearings, the Commission will determine whether it is necessary or appropriate in the public interest or for the protection of investors to propose amendments to Regulation 14A, to propose amendments to other applicable rules or to recommend legislation to Congress.

By the Commission.

GEORGE A. FITZSIMMONS,
Secretary.

[Rel. No. 5839; File No. 18-2]

SALOMON BROTHERS PROFIT SHARING PLAN

Filing of Application for an Order Exempting Interests or Participations

JUNE 24, 1977.

Notice is hereby given that Salomon Brothers, One New York Plaza New York, N.Y. 10004, an investment banking firm and registered broker-dealer organized as a New York limited partnership, ("Applicant"), has by application dated May 17, 1976 and by letters supplementing the Application dated June 28, 1976 and March 10, 1977, applied under Section 3(a)(2) of the Securities Act of 1933 (the "Act"), for an order declaring that interests or participations in the Salomon Brothers Profit Sharing Plan (the "Plan") are exempt from the provisions of Section 5 of the Act. All interested persons are referred to those documents, which are on file with the Commission, for the facts and representations contained therein, which are summarized below.

I. INTRODUCTION

The Plan, as of October 1, 1976, covered 998 active participants, of whom 951 were employees and 47 were general partners of Applicant. In addition, the Plan covers one limited partner who is also a fulltime employee. Heretofore, all contributions to the Plan on behalf of participants have been made by Applicant. The Commission staff, by letter dated October 29, 1975, took a no-action position with respect to registration of interests in the Plan under Section 5 of the Act. Applicant now intends to amend the Plan to allow participants to make voluntary personal contributions to the extent permissible under the Internal Revenue Code of 1954 (the "Code").

The Plan is of the type commonly referred to as a "Keogh" plan, which covers persons (in this case Applicant's general partners) who are employees within the meaning of Section 401(c)(1) of the Code, and therefore is excepted from the exemption from the registration provisions of the Act provided by Section 3(a)(2) of the Act for interests or participations in certain employee benefit plans of corporation employers. Section 3(a)(2) also provides, however, that "the Commission, by rules and regulations or order, shall exempt from the provisions of (Section 5 of the Act) any interest or participation issued in connection with a stock bonus, pension, profit-sharing, or annuity plan which covers employees some or all of whom are employees within the meaning of (S)ection 401(c)(1) of the (Code), if and to the extent that the Commission determines this to be necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of (the Act)."

II. DESCRIPTION AND ADMINISTRATION OF THE PLAN

The Plan has been maintained for a number of years as a profit-sharing plan qualified under Section 401 of the Code. Applicant intends to request a ruling from the Internal Revenue Service (the "IRS") that the changes Applicant proposes to make in the Plan will not affect the Plan's tax-qualified status.

Applicant contributes to the Plan on behalf of covered employees in accordance with a formula based on Applicant's net profits for the year, although Applicant has retained discretion to contribute additional amounts as well as to terminate contributions completely. Applicant's contributions to the Plan are allocated among the employee participants on the basis of their years of service and salaries. Applicant also contributes to the Plan on behalf of partner participants. The basis for computing contributions on behalf of partners differs from that used to compute employee-related contributions, subject, however, to compliance with the Code requirement that partner-related contributions not represent a higher percentage of compensation than employee-related contributions.

As proposed to be amended, the Plan will also allow participants to make voluntary personal contributions to the extent permissible under the Code. Under the Code, an active participant may contribute up to 10% of the participant's compensation (limited to $100,000) received while a participant, but not more than permitted under Section 415 of the Code during each plan year. The amendment will permit each participant to direct the investment of his voluntary contributions in the same manner as permitted regarding funds in the Plan attributable to Applicant's contributions, as described below.

Funds held by the Plan are divided between fixed income and equity investments pursuant to separate elections by each participant. The Plan's fixed income investment is currently a group annuity of the type commonly referred to as a guaranteed investment contract with an insurance company. The remaining assets in the Plan are invested in an equity fund under two arrangements entered into by the Plan's trustees, consisting of four partners and two non-partner employees of Applicant who are appointed by and subject to removal by Applicant. Under both arrangements, the funds are held by a bank, and are not invested in any collective or commingled fund containing assets other than assets of the Plan. In one instance, the bank also has investment discretion over the funds it holds. In the second instance, investment discretion over the funds is exercised by a registered investment adviser.

The trustees have the power to appoint and to remove bank custodians and investment managers. The Plan explicitly provides that no investments are permitted in Applicant or any of its affiliates. The Plan provides that, if and when generally permitted by Applicant, participants in the Plan will be permitted to direct that portions of their vested interests in the Plan take the form of life insurance contracts.

Aside from the authority to manage and control Plan assets, which the Plan vests in the trustees, the Plan is administered by Applicant. In connection therewith and in connection with designing the Plan, Applicant for many years has employed outside legal counsel and accountants. Applicant also has retained full power to amend the Plan, subject to restraints imposed by the Code and the Employee Retirement Income Security Act of 1974 ("ERISA") and to the condition that no amendment enlarge the trustees' liabilities without the trustees' consent.

The Plan is subject to the reporting and disclosure provisions, as well as other requirements of ERISA. These disclosure provisions require that participants be provided various information about the Plan and its investments, including (1) a summary plan description written to be understandable to the average plan participant and sufficiently comprehensive to apprise Plan participants of their rights and obligations under the Plan and, upon request, a copy of the full plan description filed with the Department of Labor ("DOL"); (2) a summary of the latest annual report filed with DOL and the IRS, which summary must apprise participants of their right to obtain a copy of the full annual report upon request; (3) a statement, upon request, of the total nonforfeitable benefits accrued under the Plan; and (4) upon request, any reports and other basic documents under which the Plan is maintained and operated.

In the past, Applicant has furnished participants a booklet describing the principal provisions of the Plan. Applicant will continue to provide this booklet to participants, updated to incorporate the summary plan description requirements of ERISA. Applicant also will provide a copy of the Plan, as amended, to all active participants within 90 days after receipt by Applicant of a favorable ruling from the IRS on the tax-empt status of the Plan. In addition, as soon as practicable after every valuation date, each active participant will be furnished with a statement showing his interest in the Plan, including the proportions thereof attributable to contributions and investment results, as well as the extent of his individual vesting. These statements will indicate the investment results accruing to the participant under each of the funds in which his assets were invested. Applicant also will make available to participants upon request the latest interim financial statements of the Plan's investment funds, including detailed schedules of assets.

III. APPLICANT'S ARGUMENTS

Applicant contends that although the Plan, because Applicant's partners participate in it, literally falls within the Keogh plan exception to the Section 3(a)(2) exemption, the legislative history of Section 3(a)(2) does not suggest any intent on the part of Congress to require that interests in single-employer Keogh plans be registered under the Act. Rather, Congress excepted interests issued in connection with Keogh plans

from the Section 3(a)(2) exemption primarily out of concern over interests or participations in commingled or collective Keogh funds which might be marketed by sponsoring financial institutions to self-employed persons unsophisticated in the securities field. Applicant contends that the characteristics of the Plan are essentially typical of plans maintained by many single corporate employers for which section 3(a)(2) provides an exemption, and that the concerns which resulted in Section 3(a)(2)'s inapplicability to Keogh plans generally do not require registration of interests in Applicant's Plan.

Applicant further contends that if the Plan were amended, as permitted by the Code, to exclude Applicant's partners, or if Applicant was a corporation, the Keogh plan exception to the Section 3(a)(2) exemption would not apply. Applicant asserts that the Plan is not a master or prototype plan marketed to the public by a sponsoring financial institution, that Plan assets are not invested in any such master or prototype plan and that the Plan, like the similar plans of large corporations, has been specifically tailored to meet Applicant's own particular requirements. Applicant argues, therefore, that to treat the Plan differently from a corporate plan merely because Applicant is organized as a partnership would exalt form over substance. Applicant contends that the Commission's exemptive authority under Section 3(a)(2) appears designed to permit the Commission to exempt plans like Applicant's where a substantial employer that is similar to a large corporation in all respects except for its form of organization, and which is sophisticated in complex financial and securities matters, creates and designs a plan for its employees and partners.

Finally, Applicant states that the disclosures required by ERISA and the other disclosures to be made to Plan participants are additional grounds for granting the requested exemption.

Applicant concludes that under the circumstances, granting the requested exemptive order would be appropriate in the public interest, consistent with the protection of investors and the purpose fairly intended by the policy and provisions of the Act.

Notice is further given that any interested person may, not later than July 25, 1977, at 5:30 p.m., submit to the Commission in writing a request for a hearing on the application, accompanied by a statement of the nature of his interest, the reasons for such request, and the issues, if any, of fact or law proposed to be controverted, or he may request that he be notified if the Commission shall order a hearing thereon. Any such communication should be addressed to: George A. Fitzsimmons, Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request shall be served personally or by mail upon Salomon Brothers, One New York Plaza, New York, New York 10004, Attention: Donald M. Feuerstein, Esq. Proof of such service (by affidavit or, in the case of an attorney-at-law, by certificate) shall be filed contemporaneously with the request.

An order disposing of the matter will be issued as of course following said date unless the Commission thereafter orders a hearing upon request or upon the Commission's own motion. Persons who request a hearing, or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

By the Commission.

GEORGE A. FITZSIMMONS,
Secretary.

OCEANIC CAPITAL CORP.

Filing of Application for an Exemption of a Conflict of Interest Transaction

Notice is hereby given that Oceanic Capital Corporation (OCC), 300 Montgomery Street, San Francisco, California 94104, a Federal licensee under the Small Business Investment Act of 1958, as amended (Act), has filed with the Small Business Administration (SBA) an application pursuant to § 107.1004 of the Regulations governing small business investment companies (13 CFR 107.1004 (1977)), for an exemption of a conflict of interest transaction.

OCC has invested $150,000 in Hampton Court Knits (HCK), 2346 Cotner Avenue, Los Angeles, California 90064. The transaction falls within the purview of § 107.1004 of the Regulations because part of the proceeds were used to pay off a short-term loan made by one of OCC's associates, Overseas Technology, Inc.

Notice is hereby given that any person may, not later than July 18, 1977, submit to SBA in writing, comments on the transaction. Any such comments should be addressed to: Deputy Associate Administrator for Investment, Small Business Administration, 1441 L Street, NW., Washington, D.C. 20416.

A copy of this Notice shall be published in a newspaper of general circulation in both Los Angeles and San Francisco, California.

(Catalog of Federal Domestic Assistance Program No. 59.011, Small Business Investment Companies)

Dated: June 27, 1977.

[Application No. 01/01-5177]

SEICA CO.

Application for a License To Operate as a Small Business Investment Company

An application for a license to operate as a small business investment company under section 301(d) of the Small Business Investment Act of 1958, as amended (Act) (15 U.S.C. 661 et seq.) has been filed by Seica Company (Applicant) with the Small Business Administration (SBA) pursuant to 13 CFR 107.102 (1977).

The officers and directors are as follows:

Samuel J. Phillips, President and Director, 11 Old Village Road, Acton, Massachusetts 01720.

George M. Phillips, Vice President, Director, 4 Higate Road, Chelmsford, Massachusetts 02122.

Morton M. Winthrop, Secretary, Treasurer, Music Mountain Road, Falls Village, Connecticut 06031.

The applicant will maintain an office at 411 Massachusetts Avenue, Acton, Massachusetts 01720 and begin operations with paid-in capital and paid-in surplus derived from the sale of 1,000 shares of common stock at $500 per share to the Acton Corporation, an operator of TV cable systems and manufacturer of food snacks.

As a small business investment company under section 301(d) of the Act, the applicant has been organized and chartered solely for the purpose of performing the functions and conducting the activities contemplated under the Act, as amended, from time to time, and will provide assistance solely to small business concerns which will contribute to a well-balanced national economy by facilitating ownership in such concerns by persons whose participation in the free enterprise system is hampered because of social or economic disadvantages.

Matters involved in SBA's consideration of the Applicant include the general business reputation and character of the proposed owner and management and the probability of successful operations of the Applicant under this man-

agement, including adequate profitability and financial soundness, in accordance with the Act and SBA rules and regulations.

Any person may, not later than July 18, 1977, submit to SBA written comments on the proposed Applicant. Any such communication should be addressed to the Deputy Associate Administrator for Investment, 1441 L Street NW., Washington, D.C. 20416.

A copy of this notice shall be published in a newspaper of general circulation in Acton, Massachusetts.

[License No. 05/05-0116]

TAMCO INVESTORS (SBIC), INC.

Issuance of a Small Business Investment Company License

On March 14, 1977, a notice was published in the FEDERAL REGISTER (42 FR 13890) stating that an application had been filed by Tamco Investors (SBIC), Inc., 375 Victoria Road, Youngstown, Ohio 44515, with the Small Business Administration (SBA) pursuant to § 107.102 of the regulations governing small business investment companies (13 CFR 107.102 (1977)) for a license as a small business investment company.

Interested parties were given until close of business March 29, 1977, to submit their comments to SBA. No comments were received.

Notice is hereby given that, pursuant to section 301(c) of the Small Business Investment Act of 1958, as amended, after having considered the application and all other pertinent information, SBA issued License No. 05/05-0116 on June 21, 1977, to Tamco Investors (SBIC), Inc., to operate as a small business investment company.

Federal Highway Administration

[FHWA Docket No. 76-9]

BAYONNE BRIDGE, GOETHALS BRIDGE, GEORGE WASHINGTON BRIDGE AND OUTERBRIDGE CROSSING TOLLS

Order

AGENCY: Federal Highway Administration, DOT.

ACTION: Order.

SUMMARY: This order informs all parties that the docket in this proceeding will now be located in Washington, D.C., and establishes the address to which documents should be sent.

EFFECTIVE DATE: June 24, 1977.

ADDRESS: All documents filed in this proceeding should be addressed to: Federal Highway Administration, Room 4230, HCC-10, 400 Seventh Street, SW., Washington, D.C. 20590, ATTN: FHWA Docket 76-9.

FOR FURTHER INFORMATION CONTACT:

Francis J. Mulcahy, Attorney, Office of the Chief, Counsel (202-426-0824), Federal Highway Administration, 400 Seventh Street SW., Washington, D.C. 20590. Office hours are 7:45 a.m. to 4:15 p.m. ET, Monday-Friday.

The following Order is issued in this case:

ORDER IN THE MATTER OF THE BAYONNE BRIDGE, GOETHALS BRIDGE, GEORGE WASHINGTON BRIDGE AND OUTERBRIDGE CROSSING TOLLS

Pursuant to an Order dated May 28, 1976, and published in the FEDERAL REGISTER (41 FR 22857, June 7, 1976), a public docket in this proceeding was established in New York City. Since this docket must be available to the Federal Highway Administrator in determining whether to accept or reject the recommended decision and order of the Administrative Law Judge pursuant to 49 CFR 310.13, the docket has been moved to Washington, D.C.

Parties should continue to serve copies of all documents on the public docket in addition to the submission of documents to the Federal Highway Administrator. All documents should be addressed to: Federal Highway Administration, Room 4230, HCC-10, 400 Seventh Street SW., Washington, D.C. 20590. ATTN: FHWA Docket Number 76-9.

All documents on file will be available for public inspection at the above address during normal business hours from 7:45 a.m. to 4:15 p.m. ET, Monday-Friday.

WILLIAM M. COX,
Federal Highway Administrator.

INTERSTATE COMMERCE COMMISSION

Office of Hearings

[Notice No. 427]

ASSIGNMENT OF HEARINGS

JUNE 28, 1977.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested.

MC 78947 (Sub-No. 14), Elliott Bros. Truck Line, Inc., application dismissed.

MC-F-13154, Shaffer Trucking, Inc.—Purchase—Tempco Transportation, Inc., now being assigned September 13, 1977 (4 days), at Louisville, Kentucky, in a hearing room to be later designated.

MC 134906, Cape Air Freight, Incorporated and MC 134906 (Subs-1, 2, 3, 4, 5, 6, and 7), Cape Air Freight, Incorporated, now being assigned September 19, 1977 (1 week) at Louisville, Kentucky, in a hearing room to be later designated.

MC 136168 (Sub-No. 11), Wilson Certified Express, Inc., now being assigned October 12, 1977 (1 day) for hearing in Omaha, Nebraska, in a hearing room to be later designated.

MC 142899 (Sub-No. 2), Corrugated Carriers, Inc., now being assigned October 13, 1977 (2 days) for hearing in Omaha, Nebraska in a hearing room to be later designated.

MC 118495 (Sub-No. 5), Copper Freight Lines, Inc., now assigned September 19, 1977 in Anchorage, Alaska is cancelled and application dismissed.

MC 139495 (Sub-No. 181), National Carriers, Inc., now assigned September 15, 1977 at Chicago, Illinois is now being postponed indefinitely.

MC 105045 (Sub-No. 64), R. L. Jeffries Trucking Co., Inc., now being assigned September 14, 1977 (1 day) for hearing in Dallas, Texas, in a hearing room to be later designated.

MC 4405 (Sub-No. 551), Dealers Transit, Inc., now being assigned September 15, 1977 (2 days) for hearing in Dallas, Texas, in a hearing room to be later designated.

H. G. HOMME, Jr.,
Acting Secretary.

[FR Doc.77-18904 Filed 6-30-77;8:45 am]

[Amendment No. 10 to Exemption No. 95]

BESSEMER AND LAKE ERIE RAILROAD CO. AND NORFOLK AND WESTERN RAILWAY CO.

Exemption Under Provision of Rule 19 of the Mandatory Car Service Rules Ordered in Ex Parte No. 241

Upon further consideration of Exemption No. 95 issued February 5, 1975.

It is ordered, That, under the authority vested in me by Car Service Rule 19, Exemption No. 95 to the Mandatory Car Service Rules ordered in Ex Parte No. 241, be, and it is hereby amended to expire September 30, 1977.

This amendment shall become effective June 30, 1977.

Issued at Washington, D.C., June 23, 1977.

INTERSTATE COMMERCE COMMISSION,
JOEL E. BURNS,
Agent.

[FR Doc.77-18902 Filed 6-30-77;8:45 am]

FOURTH SECTION APPLICATION FOR RELIEF

JUNE 28, 1977.

An application, as summarized below, has been filed requesting relief from the requirements of Section 4 of the Interstate Commerce Act to permit common carriers named or described in the application to maintain higher rates and charges at intermediate points than those sought to be established at more distant points.

Protests to the granting of an application must be prepared in accordance with Rule 40 of the General Rules of Practice (49 CFR 1100.40) and filed by July 18, 1977.

FSA No. 43389—*Joint Water-Rail Container Rates—Black Sea Shipping Company.* Filed by Black Sea Shipping Company (No. 6), for itself and interested rail carriers.

Rates on general commodities, from railroad terminals at U.S. Pacific Coast ports, to ports in the Middle East, also ports in the Karachi, Pakistan/Rangoon Burma Range.

Grounds for relief—Water competition.

Tariff—Black Sea Shipping Company Pac/M. East joint container tariff No. 4, I.C.C. No. 4, F.M.C. No. 20.

Rates are published to become effective on July 24, 1977.

By the Commission.

H. G. HOMME, Jr.,
Acting Secretary.

[FR Doc.77-18901 Filed 6-30-77;8:45 am]

[AB 123]

CHICAGO PRODUCE TERMINAL CO.

Abandonment of Railroad Operations

JUNE 17, 1977.

The Interstate Commerce Commission hereby gives notice that its Section of Energy and Environment has concluded that the proposed abandonment by the Chicago Produce Terminal Company of operations in the city of Chicago, all in Cook County, Ill., if approved by the Commission, does not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4321, et seq., and that preparation of a detailed environmental impact statement will not be required under section 4332(2)(C) of the NEPA.

It was concluded, among other things, that the environmental impacts of the proposed action are consider insignificant because service provided by the Chicago Produce Terminal Company can be provided by alternate terminal locations in the general area. There may be some increased fuel consumption by motor carriers but the increase is considered insignificant. There are no other negative environmental impacts associated with the subject abandonment. The subject site has been considered suitable for alternate public use following abandonment.

This conclusion is contained in a staff-prepared environmental threshold assessment survey, which is available on request to the Interstate Commerce Commission, Office of Proceedings, Washington, D.C. 20423; telephone 202-275-7011.

Interested persons may comment on this matter by filing their statements in writing with the Interstate Commerce Commission, Washington, D.C. 20423 on or before August 1, 1977.

It should be emphasized that the environmental threshold assessment survey represents an evaluation of the environmental issues in the proceeding and does not purport to resolve the issue of whether the present or future public convenience and necessity permit discontinuance of the line proposed for abandonment. Consequently, comments on the environmental study should be limited to discussion of the presence or absence of environmental impacts and reasonable alternatives.

H. G. HOMME, Jr.,
Acting Secretary.

[FR Doc.77-18899 Filed 6-30-77;8:45 am]

[AB 83 (Sub-No. 3)]

MAINE CENTRAL RAILROAD CO.

Abandonment Between North Anson and Bingham, in Somerset County, Maine

JUNE 20, 1977.

The Interstate Commerce Commission hereby gives notice that comments received in response to the environmental threshold assessment survey (TAS) in the above-entitled proceeding have not caused the Commission's Section of Energy and Environment to modify its previous conclusion that this proceeding does not represent a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969, 42 U.S.C. 4321, et seq.

Said comments, which were made by the North Kennebec Regional Planning Commission, have been responded to in an addendum to the TAS which is available upon request to the Office of Proceedings, Interstate Commerce Commission, Washington, D.C. 20423; telephone 202-275-7011.

H. G. HOMME, Jr.,
Acting Secretary.

[Notice No. 188]

MOTOR CARRIER TRANSFER PROCEEDINGS

JULY 1, 1977.

Application filed for temporary authority under Section 210a(b) in connection with transfer application under Section 212(b) and Transfer Rules, 49 CFR Part 1132:

No. MC-FC-76638. By application filed June 28, 1977, BROWN LINES, INC., 22 First Street West, Kalispell, MT 59901, seeks temporary authority to transfer the operating rights of Lyle H. Hacke, an individual, D/B/A BROWN BUS LINES, 606 Montana Avenue, Libby, MT 59923, under section 210a(b). The transfer to Brown Lines, Inc., of the operating rights of Lyle H. Hacke, an individual, d/b/a Brown Bus Lines, is presently pending.

By the Commission.

1

AGENCY HOLDING THE MEETING: Consumer Product Safety Commission.

DATE AND TIME: June 28, 1977, 4:15 p.m.

LOCATION: 3rd Floor Hearing Room, 1111 18th Street NW., Washington, D.C.

STATUS: Closed.

MATTERS CONSIDERED:

The Commission met with Commission staff to discuss the recent court decision in *National Society for the Prevention of Blindness, Inc., et al* vs. *CPSC* (nos. 76-1495, 76-1723, and 76-1788, United States Court of Appeals for the District of Columbia). The court decision remanded to the Commission the record in CPSC Docket No. 74-3, concerning the Commission's fireworks regulation. The meeting involved discussion of possible courses of Commission action relating to the court decision and the Commission's disposition of this formal agency adjudication. In voting to hold this meeting, the Commission determined that Agency business required that the meeting be held without the normal seven days advance notice and that the meeting should be closed.

CONTACT PERSON FOR ADDITIONAL INFORMATION:

Sadye Dunn, Deputy Secretary, Office of the Secretary, Suite 300, 1111 18th Street NW., Washington, D.C. 20207. Telephone 202-634-7700.

[S-790-77 Filed 6-29-77;10:30 am]

2

AGENCY HOLDING THE MEETING: Federal Communications Commission.

TIME AND DATE: 4 p.m., Wednesday, June 22, 1977.

PLACE: Room 856, 1919 M Street NW., Washington, D.C.

STATUS: Emergency Closed Meeting.

MATTER TO BE CONSIDERED:

Staff assignments, Network Inquiry.

The prompt and orderly conduct of Commission business did not permit announcement prior to this meeting.

CONTACT PERSON FOR MORE INFORMATION:

Samuel M. Sharkey, FCC Public Information Officer, telephone number 202-632-7260.

Issued: June 24, 1977.

[S-787-77 Filed 6-29-77;9:27 am]

3

AGENCY HOLDING THE MEETING: Federal Communications Commission.

TIME AND DATE: 9:30 a.m., Thursday, June 30, 1977.

PLACE: Room 856, 1919 M Street NW., Washington, D.C.

STATUS: Open Commission Meeting.

MATTER TO BE CONSIDERED:

Agenda, Item No., and Subject

* * * * *

Common Carrier—4—Further modification of procedures to be followed in developing the Commission's comprehensive facilities construction and use plan for transatlantic communication requirements through year-end 1985 (Docket No. 18875).

The prompt and orderly conduct of Commission business requires that less than 7-days notice be given consideration of this additional item.

CONTACT PERSON FOR MORE INFORMATION:

Samuel M. Sharkey, FCC Public Information Officer, telephone number 202-632-7260.

Issued: June 27, 1977.

[S-788-77 Filed 6-29-77;9:27 am]

4

AGENCY HOLDING THE MEETING: Federal Communications Commission.

TIME AND DATE: 9:30 a.m., Wednesday, June 29, 1977.

PLACE: Room 856, 1919 M Street NW., Washington, D.C.

STATUS: Special Open Commission Meeting.

CHANGES IN THE MEETING: Revision of June 29, 1977, Special Open Meeting, Public Notice.

Discussion of rulemaking in Docket No. 21002 concerning possible amendment of Section 76.13 relating to the certification process, and Section 76.31 relating to the Commission's franchise standards.

Consideration of the above matter on June 29th has been cancelled and has been rescheduled for July 19, 1977.

In place of the above item, the Commission will on June 29th consider the following agenda items which were originally scheduled for June 28th.

Agenda, Item No., and *Subject*

Special—1—Reconsideration of Third Report and Order in Docket No. 19995 relating to cable television network nonduplication protection against television stations available off the air in the cable community.

Special—2—Petition for Waiver, filed by Quinebaug Valley Cablevision, Inc., operator of a cable television system at Southbridge, Massachusetts; and Opposition to Petition for Waiver, filed by Springfield Television Broadcasting Corporation, (WWLP, NBC, Channel 22) Springfield, Massachusetts.

Special—3—Petition for Waiver of Nonduplication Exclusivity Requirements as Demanded, filed on behalf of Community Service, Inc., operator of a cable television system at Frankfort, Kentucky; and Request for Order to Show Cause, filed on behalf of Starr WTVQ-TV, Inc.

Special—4—Request for Declaratory Ruling and Petition for Waiver filed by Capitol Cablevision Corp., operator of cable television systems at Charleston, South Charleston, and Dunbar, West Virginia; and Request for Special Relief, filed by Gateway Communications, Inc., (WOWK-TV, ABC, Channel 13) Huntington, West Virginia.

Special—5—Petition(s) for Special Relief, filed by Hornell Television Service, Inc., operator of a cable television system at Hornell, New York; and Opposition to Petition for Special Relief, filed by WENY, Inc., (WENY-TV, ABC, Channel 36) Elmira, New York.

Special—6—Petition for Special Relief, filed by Avenue TV Cable Service Inc., operator of a cable television system at Ventura, California; and Opposition to Petition for Special Relief, filed by Key Television, Inc., (KEYT, ABC, Channel 3) Santa Barbara, California.

CONTACT PERSON FOR MORE INFORMATION:

Samuel M. Sharkey, FCC Public Information Officer, telephone number 202-632-7260.

Issued: June 27, 1977.

[S-789-77 Filed 6-29-77;9:27 am]

5

AGENCY HOLDING THE MEETING: Federal Power Commission.

FEDERAL REGISTER CITATION OF PREVIOUS ANNOUNCEMENT: (42 FR 32614).

PREVIOUSLY-ANNOUNCED TIME AND DATE OF MEETING: 1 p.m., June 28, 1977.

CHANGE IN THE MEETING: The following items have been added:

Item No., Docket No., and Company

P-9B.—ER76-714, Indiana & Michigan Electric Company.
P-18B.—E-9594, Georgia Power Company.
P-36.—P-2595, Wisconsin Public Service Corporation.
G-62.—CP76-363, Transcontinental Gas Pipe Line Corporation.
G-63.—RP76-86, *General Motors Corporation v. Natural Gas Pipeline Company of America.*
G-64.—RI75-109, Murphy Oil Corporation.
G-65.—RP71-107 (PGA 76-1), Northern Natural Gas Company.
G-66.—CP76-418, et al., United Gas Pipeline Company, et al.
A-1.—Election of New Vice President.

KENNETH F. PLUMB,
Secretary.

6

AGENCY HOLDING THE MEETING: Board of Governors of the Federal Reserve System.

TIME AND DATE: 10 a.m., Wednesday, July 6, 1977.

PLACE: 20th Street and Constitution Avenue NW., Washington, D.C. 20551.

STATUS: Closed.

MATTERS TO BE CONSIDERED:

1. Proposed sale of the building currently occupied by the Federal Reserve Bank of Boston.
2. Alternatives to the proposed building plans for the Federal Reserve Bank of San Francisco.
3. Any agenda items carried forward from a previously announced meeting.

CONTACT PERSON FOR MORE INFORMATION:

Mr. Joseph R. Coyne, Assistant to the Board. (202-452-3204).

JUNE 28, 1977.

GRIFFITH GARWOOD,
Deputy Secretary of the Board.

[S-784-77 Filed 6-29-77;9:27 am]

7

AGENCY HOLDING THE MEETING: Occupational Safety and Health Review Commission.

TIME AND DATE: 2 p.m., July 8, 1977.

PLACE: Room 1101, 1825 K Street NW., Washington, D.C.

STATUS: This meeting is subject to being closed by a vote of the Commissioners taken at the beginning of the meeting.

MATTERS TO BE CONSIDERED: Discussion of specific cases in the Commission adjudication process.

CONTACT PERSONS FOR MORE INFORMATION:

Mrs. Nori Heuberger or Ms. Lottie Richardson. (202-634-7970).

Dated: June 28, 1977.

8

AGENCY HOLDING THE MEETING: Postal Service.

The Board of Governors of the United States Postal Service, pursuant to its Bylaws (39 CFR 7.5 (as amended, 42 FR 12863)) and the Government in the Sunshine Act (5 U.S.C. 552b), hereby gives notice that it intends to hold a meeting at 9 a.m. on Wednesday, July 6, 1977, in the Benjamin Franklin Room, 11th Floor, Postal Service Headquarters, 475 L'Enfant Plaza SW., Washington, D.C. 20260. The meeting is open to the public. The Board expects to discuss the matters stated in the Agenda which is set forth below. Requests for information about the meeting should be addressed to the Secretary of the Board, Louis A. Cox, at 202-245-4632.

AGENDA:

1. Opening Prayer.
2. Minutes of the Previous Meeting.
3. Remarks of the Postmaster General. (In keeping with its consistent practice, the Board's agenda provides this opportunity for the Postmaster General to inform the members of miscellaneous current developments concerning the Postal Service. He might report, for example, the occurrence of a recent Congressional hearing, the appointment or assignment of a key official, or the effect on postal operations of unusual weather or a major strike in the transportation industry. Nothing that requires a decision by the Board is brought up under this item.)
4. Request for a Recommended Decision on Changes in Postal Rates and Services. (Mr. Osborne, Assistant Postmaster General (Rates and Classification), will present a report on a possible filing within the Postal Rate Commission for adjustment in postal rates and fees for postal services.)
5. Report on Possible Elimination of Saturday Deliveries. (Mr. Morris, Regional Postmaster General (Western Region), will present a report on the potential economic consequences of possible elimination of Saturday deliveries.)
6. Recommended Decision of the Postal Rate Commission Concerning Express Mail and Mailgram. (Commission Docket Nos. MC76-1—4.) (The Governors will consider the Commission's Recommended Decision of June 15, 1977, concerning a Stipulated Proposal for Express Mail and Mailgram; the Recommended Decision would change the Domestic Mail Classification Schedule to include provisions for Express Mail.)
7. Proposed Filings with the Postal Rate Commission to Postpone for Six Months the Effective Date of the Prohibition on Mailing Items Less Than .007 Inches Thick. (The Board will consider a recommendation by postal management that the Rate Commission be requested to recommend a modification to the Domestic Mail Classification Schedule so as to enable postponement of the effective date of the .007 inch minimum thickness standard from April 15, 1978, to October 15, 1978.)
8. Review of Public Affairs and Communications Programs. (Mr. Byrne, Assistant Postmaster General (Public and Employee Communications Department), will report on developments in the communications area.)
9. Review of Cost-Reduction Programs. (Mr. Ulsaker, Senior Assistant Postmaster General (Manpower and Cost Control Group), and Mr. Dorsey, Senior Assistant Postmaster General (Operations Group), will report on cost control accomplishments.)
10. Review of Service Improvement Programs. (Mr. Ellington, Senior Assistant Postmaster General (Administration Group), and Mr. Dorsey, Senior Assistant Postmaster General (Operations Group), will present a review of programs to expand and improve services which the USPS provides the public.)
11. Report of the Consumer Advocate. (Mr. Chadwick, Consumer Advocate, will report on the activities of the Office of Consumer Affairs. This report was scheduled for the Board meeting on May 3, 1977, but time did not permit the Board to consider it on that date.)

LOUIS A. COX,
Secretary.

[S-780-77 Filed 6-29-77;9:27 am]

9

AGENCY HOLDING THE MEETING: Postal Service.

The Committee on Postal Rates of the Board of Governors of the United States Postal Service, pursuant to the Bylaws of the Board (39 CFR 5.2, 7.5 (as amended, 42 FR 12862, 12863)) and the Government in the Sunshine Act (5 U.S.C. 552b), hereby gives notice that it intends to hold a meeting at 8:15 a.m. on Wednesday, July 6, 1977, in the Benjamin Franklin Room, 11th Floor, Postal Service Headquarters, 475 L'Enfant Plaza SW., Washington, D.C. 20260. The meeting is open to the public. Requests for information about the meeting should be addressed to the Secretary of the Board, Louis A. Cox, at 202-245-4632.

The Committee will discuss the Recommended Decision of the Postal Rate Commission, Nos. MC76-1, MC76-2, MC76-3, MC76-4, concerning stipulated proposal for express mail and mailgram. This Committee meeting is to be held in anticipation of a meeting of the Board of Governors which is scheduled to com-

mence at 9 a.m. on the same day. The Commission's Recommended Decision is on the agenda for the Board meeting.

LOUIS A. COX,
Secretary.

[S-781-77 Filed 6-29-77;9:27 am]

10

AGENCY HOLDING THE MEETING: Securities and Exchange Commission.

TIME AND DATE: June 28, 1977, 2:30 p.m.

PLACE: Room 825, 500 North Capitol Street, Washington, D.C.

STATUS: Closed meeting.

SUBJECT: Matter regarding registration statement bearing enforcement implications. Commissioners Loomis, Evans, and Pollack determined that Commission business required consideration of this matter and that no earlier notice thereof was possible.

FRIDAY, JULY 1, 1977

PART II

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

■

EMERGENCY SCHOOL AID

Grant Awards for Fiscal Year 1977

Title 45—Public Welfare

CHAPTER I—OFFICE OF EDUCATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

PART 185—EMERGENCY SCHOOL AID

AGENCY: Office of Education, HEW.

ACTION: Final rule.

SUMMARY: The regulations in this document are for the purpose of governing the award of fiscal year 1977 grants for the planning and operation of magnet schools, cooperative programs between local educational agencies and universities or businesses, and the planning of neutral site schools. These activities are authorized by amendments to the Emergency School Aid Act contained in the Education Amendments of 1976.

EFFECTIVE DATE: As required by section 431(d) of the General Education Provisions Act, as amended (20 U.S.C. 1232(d)), these regulations have been transmitted to the Congress concurrently with the publication of this document in the FEDERAL REGISTER. That section provides that regulations subject to it become effective on the forty-fifth day following transmission, subject to the provisions in that section concerning Congressional action and adjournment.

ADDRESSES: Any comments or questions concerning these regulations should be directed to Thomas W. Fagan, Room 2017, FOB–6, 400 Maryland Avenue SW., Washington, D.C. 20202.

FOR FURTHER INFORMATION CONTACT:

Thomas W. Fagan. (202–245–2465.)

SUPPLEMENTARY INFORMATION: Under the authority of the Emergency School Aid Act ("ESAA"; 20 U.S.C. 1601 et seq.) and, in particular, the 1976 amendments to that statute contained in section 321(c) of Pub. L. 94–482, the Commissioner (to whom the Assistant Secretary has delegated functions under the ESAA) amends the regulations in 45 CFR Part 185 by adding a new Subpart L as set forth below.

PUBLIC AND ADVISORY COUNCIL PARTICIPATION

A notice of Intent to Issue Regulations to implement the 1976 amendments to the ESAA was published in the FEDERAL REGISTER on November 22, 1976 (41 FR 51550). Five commenters responded with suggestions concerning magnet schools, university/business cooperation, or neutral site planning, and the Commissioner has considered these suggestions in developing the regulations in this document. In addition, the Commissioner has received and considered the advice of the National Advisory Council on Equality of Educational Opportunity (NACEEO) respecting these regulations. For the reasons described below, the Commissioner issues the regulations in this document as a final rule. He anticipates further participation by the public and the NACEEO in connection with the publication of proposed regulations to govern the award of funds in subsequent fiscal years.

DEFINITIONS

Definitions of some terms used in Subpart L are contained in existing regulations pertaining to the Emergency School Aid Act. See, in particular, § 185.02. However, § 185.101 in Subpart L contains definitions of certain terms used in that Subpart alone. The definitions of "magnet school" and "neutral site school" are taken from the 1976 amendments to the statute. The definition of a "special curriculum" required for a magnet school permits the award of a grant in connection with a school that offers a course of study embracing either special subject matter or a special teaching methodology. The "special curriculum" need not be unique. An applicant may seek funds in connection with more than one school offering the same curriculum, or schools offering different curricula, so long as the curriculum at each school is not generally available in the applicant's schools.

The definition of "special curriculum" excludes curricula designed solely for handicapped students or for students of limited English-speaking ability because students are assigned to these curricula by virtue of their special educational needs. In order to ensure that a magnet school is open to students of various ethnic and economic backgrounds, the definition of "special curriculum" also excludes one in which a student is unable to participate because of his or her limited English-speaking ability or limited financial resources. Finally, the definition excludes a curriculum which fails to provide for a participating student's meeting the requirements for completion of elementary or secondary education in the same period as other students enrolled in the applicant's schools. This provision is designed to ensure that a student's enrollment in a magnet school will result in no academic penalty either in the magnet school or in another school to which the student transfers after enrolling in the magnet school.

ELIGIBILITY

Section 135.102 sets out the eligibility requirements for a grant under Subpart L. It provides that only a local educational agency may apply for such a grant, and that the applicant must comply with the civil rights related limitations on eligibility applicable to any educational agency seeking ESAA assistance.

In the case of a grant to conduct educational programs in a magnet school, a further eligibility requirement obtains. Under the statute, this kind of grant may be used only in connection with a school or education center that offers a special curriculum "capable of attracting substantial numbers of students of different racial backgrounds" (20 U.S.C. 1619(9)). Section 185.102(c) requires that the enrollment of a magnet school include substantial numbers of students from different racial backgrounds 60 days after the beginning of the first school term during the project period. The purpose of this provision is to ensure that the curriculum of the school is truly capable of attracting a racially diverse student body, and thereby to ensure that grant funds are used for the purposes permitted by the statute. The Commissioner encourages applicants for magnet school grants to take the necessary steps to attract a racially diverse student body to each school before the beginning of the school term, and anticipates that applicants will be successful in this regard. However, the Commissioner recognizes that precise enrollment figures are difficult to ascertain before school opens, that some students enroll after that date, and that a limited number of students may be attracted to one school after fist enrolling in another. For these reasons, he has determined that the capability of a curriculum to attract a racially diverse student body should be assessed 60 days after the beginning of the school term.

Under § 185.102(c), minority group students may constitute between 20 and 50 percent of the enrollment of a magnet school. If the applicant enrolls in its schools students from more than one minority group, the minority group enrollment of the magnet school must generally reflect the minority group enrollment in the applicant's schools as a whole. In establishing these requirements, the Commissioner has been guided, first, by the purposes of the Emergency School Aid Act set out at 20 U.S.C. 1601(b) and, in particular, 20 U.S.C. 1601(b)(2):

> To encourage the voluntary elimination, reduction, or prevention of minority group isolation in elementary and secondary schools with substantial proportions of minority group students.

In view of the purposes of the statute, the Commissioner has determined that funds may not be used in connection with a minority group isolated school as that term is defined in the statute. (See 20 U.S.C. 1619(11) and § 185.02(g) of the ESAA regulations.) Therefore, the regulations establish a ceiling of 50 percent for the minority group enrollment in a magnet school.

In establishing a floor of 20 percent minority enrollment in a magnet school, the Commissioner has been guided by the views of experts in school desegregation. For example, Dr. Thomas Pettigrew, in testimony before Congress prior to the enactment of the ESAA, expressed his opinion that the optimum minority group enrollment in a school was not less than 20 percent. (Hearings before the Select Committee on Equal Educational Opportunity of the United States Senate on Equal Educational Opportunity, 91st Cong., 2d Sess., Pt. 2, at 769 (1970).) More recently Dr. Charles V. Willie cited the same percentage figure as the lower limit of a sufficient minority group enrollment range. (Willie, Charles V. "Racial Balance or Quality Education". "The University of Chicago School Review" 84 (1976):319.)

The regulations require a recipient of a grant to conduct educational programs in a magnet school to report the

enrollment of the school as of the 60th day after the beginning of the school term. If a racially diverse student body as described above has not been attracted to a school by that time, the grant is terminated insofar as it relates to that school.

Authorized Activities

Section 185.103 sets out the activities for which funds awarded under Subpart L may be used. These activities fall into three major categories set out at 20 U.S.C. 1606(a) (13)–(15):

1. Planning and design of, and conduct of programs in, magnet schools;
2. The pairing of schools and programs with specific colleges and universities and with leading businesses; and
3. The development of plans for neutral site schools.

These activities, like those under other ESAA programs, may be assisted only if they would not otherwise be funded and are designed to carry out the purposes of the statute. Limited repair and minor remodeling or alteration of existing facilities may be assisted in connection with activities otherwise authorized.

The regulations amplify each of the three major categories of authorized activities. In the case of magnet schools both educational and architectural planning, as well as related activities, may be assisted. The conduct of educational programs in a magnet school may also be assisted, so long as the applicant's fiscal effort per student for students enrolled in the magnet school will be no less than that for students enrolled in comparable schools. This restriction is designed to ensure that ESAA funds are not used as a substitute for non-Federal funds.

In the case of university/business cooperation, the regulations do not delimit the kinds of cooperative educational programs which may be assisted. However, taking into account the purposes of the statute, the Commissioner has determined that these programs must be designed to benefit students or staff in a magnet school, a school affected by a plan described in 20 U.S.C. 1605(a), or a minority group isolated school.

The regulations relating to neutral site planning distinguish between planning activities, which may be assisted, and activities that occur after planning has been completed, which may not.

Activities may be assisted only in connection with a school planned to have the enrollment characteristics described above for a magnet school, and one which will be equally accessible to students from all racial groups.

Applications and Funding Criteria

Section 185.104 sets out the information and assurances required to be included in an application for a grant under Subpart L. It provides that an applicant under Subpart L must include enrollment data needed for the evaluation of its application, as well as the information required of local educational agences under other ESAA programs.

Section 185.105 sets out objective criteria for use in evaluating applications for grants relating to magnet schools or university/business cooperation. The objective criteria are designed to measure the net change in minority group isolation in the applicant's schools over two periods. For fiscal year 1977 grants these periods are: (1) fiscal year 1975 compared to fiscal year 1978 (when the assisted activities would be carried out), and (2) fiscal year 1977 compared to fiscal year 1978. The elimination, reduction, or prevention of isolation in the latter period has twice the weight of that in the former. Thus, the criteria emphasize the efficacy and comprehensiveness of the applicant's efforts to address minority group isolation, and the need arising from those efforts.

Each application under Subpart L is also evaluated, in whole or in part, on the basis of other criteria. An application for a grant relating to magnet schools or university/business cooperation is evaluated on the basis of the educational criteria set out in § 185.106 as well as the objective criteria described above. An application for a grant relating to neutral site planning is evaluated only on the basis of the criteria set out in § 185.107.

Section 185.108 sets out the funding procedures for the award of grants under Subpart L. It provides for an annual reservation of a proportion of available funds for neutral site planning. Applications for grants relating to magnet schools or university/business cooperation are evaluated separately from applications for grants relating to neutral site planning. Awards are made to the highest ranking applicants in each of these two categories. However, in the case of applications for grants relating to magnet schools or university/business cooperation, the regulations provide for the award of at least five grants where a sufficient number of meritorious applications has been submitted. The purpose of this provision is to ensure that the needs of a number of applicants are met to some extent, and to provide a basis for evaluating the program in its initial phase.

Other Provisions

Sections 185.109 and 185.110 incorporate the requirements for public and advisory committee participation and nonpublic school participation, respectively, that apply to any local educational agency seeking ESAA assistance.

Waiver of Proposed Rulemaking Procedures

In accordance with section 431(b)(2)(A) of the General Education Provisions Act ("GEPA"; 20 U.S.C. 1232(b)(2)(A)) it has been the practice of the Office of Education to offer interested parties the opportunity to review and comment on proposed regulations. For the reasons described below, the Commissioner finds that resort to this practice in connection with the regulations contained in this document is impracticable and contrary to the public interest under 5 U.S.C. 553(b).

The regulations contained in this document are needed to govern the award of $7,500,000 appropriated by the Supplemental Appropriations Act, 1977 (Pub. L. 95–26, enacted May 4, 1977) in a timely and prudent fashion. These funds are the first to be appropriated to carry out the new activities authorized by amendments to the ESAA contained in section 321(c) of the Education Amendments of 1976 (Pub. L. 94–482, enacted October 12, 1976). Under section 301 of the appropriations statute, the funds remain available for obligation by the Office of Education until September 30, 1977. Regulations governing the obligation of these funds must therefore be in effect before that date.

Practical considerations relating to the use of the funds by local educational agencies demand that the regulations be in effect well in advance of September 30. Like funds appropriated for other programs under the ESAA, the funds at issue here are, in the main, for use in connection with school years which typically begin in early September. Further, applicants for these funds need to know sometime prior to the beginning of their proposed projects whether, and to what extent, Federal financial support for those projects will be forthcoming. Staff must be hired, materials and equipment must be acquired, and plans must be made. These considerations require that the regulations be in effect, and fiscal year 1977 grants for the newly authorized activities be made, as early as possible.

The regulations in this document are subject to the delayed effective date provisions contained in section 431(d) of the GEPA (20 U.S.C. 1232(d)). While the period of delay specified in section 431(d) is 45 days, a delay of up to 84 days can occur as a result of the provisions in that section concerning Congressional adjournment. The period of delay runs from the promulgation of final regulations. Resort to proposed rulemaking procedures would entail an additional delay in the effective date of the regulations arising from: (1) the period for public comment, and (2) a further period for the review of any comments received and republication of the regulations in final form.

Considering the time required to solicit public comment and to engage in a conscientious reconsideration of the regulations in the light of any comments received, and considering the delayed effective date provisions of section 431(d), it appears that final regulations could not take effect, following proposed rulemaking procedures, in time to govern timely awards of assistance for the coming school year. Therefore, the Commissioner for good cause finds that resort to proposed rulemaking procedures with respect to the regulations in this document would be impracticable and contrary to the public interest within the meaning of 5 U.S.C. 553(b).

While these regulations are issued as a final rule, the Commissioner welcomes comments on them at any time. These comments should be directed to the address set out at the beginning of this

document. Following the expiration of fiscal year 1977 the Commissioner will develop proposed regulations to govern the award of funds in subsequent fiscal years, taking into account any comments received.

NOTE.—The Commissioner has determined that this document does not contain a major proposal requiring preparation of an Inflationary Impact Statement under Executive Order 11821 and OMB Circular A-107.

Accordingly, 45 CFR Part 185 is amended as set forth below.

(Catalog of Federal Domestic Assistance Numbers 13.589—Magnet Schools, University/Business Cooperation and 13.590—Neutral Site Planning.)

Dated: June 13, 1977.

ERNEST L. BOYER,
U.S. Commissioner of Education.

Approved: June 14, 1977.

MARY F. BERRY,
Assistant Secretary for Education.

Approved: June 21, 1977.

JOSEPH A. CALIFANO, Jr.,
Secretary of Health, Education, and Welfare.

1. The Table of Contents is amended by adding at the end thereof the following:

Subpart L—Magnet Schools, University/Business Cooperation, and Neutral Site Planning

185.101 Definitions.
185.102 Eligibility.
185.103 Authorized activities.
185.104 Applications.
185.105 Objective criteria—magnet schools and university/business cooperation.
185.106 Educational criteria — magnet schools university/business cooperation
185.107 Neutral site planning criteria.
185.108 Funding procedures.
185.109 Public and advisory committee participation.
185.110 Nonpublic school participation.

AUTHORITY: Emergency School Aid Act ("ESAA"; 20 U.S.C. 1601 et seq.) 1976 amendments to Sec. 32(c) of Pub. L. 94-482.

2. A new Subpart L is added, as follows:

Subpart L—Magnet Schools, University/Business Cooperation, and Neutral Site Planning

§ 185.101 Definitions.

The following definitions apply to terms used in this subpart:

"Magnet school" means a school or education center that offers a special curriculum capable of attracting substantial numbers of students of different racial backgrounds.

"Neutral site school" means a school that is located so as to be accessible to substantial numbers of students of different racial backgrounds.

"Special curriculum" means a course of study embracing subject matter or a teaching methodology that is not generally offered to students of the same age or grade level, and in the same local educational agency, as the students to whom the special curriculum is offered. This term does not include—

(1) A course of study designed solely for handicapped students or for students of limited English-speaking ability; or

(2) A course of study in which any student is unable to participate because of his or her limited English-speaking ability; or

(3) A course of study in which any student is unable to participate because of his or her limited financial resources; or

(4) A course of study which fails to provide for a participating student's meeting the requirements for completion of elementary or secondary education in the same period as other students enrolled in the applicant's schools.

(20 U.S.C. 1603(d), 1619(9), 1619(12).)

§ 185.102 Eligibility.

(a) Any local educational agency may apply for a grant under this subpart.

(20 U.S.C. 1603(d), H.R. Rep. No. 94-1701, 94th Cong., 2d Sess. 231 (1976).)

(b) The provisions of § 185.43 (limitations on eligibility), § 185.44 (waivers of ineligibility), and § 185.46 (determinations of ineligibility prior to award to assistance) apply to any local educational agency seeking a grant under this subpart.

(20 U.S.C. 1603(d), 1605(d).)

(c) In the case of a grant for activities described in § 185.103(a) relating to the conduct of educational programs in a magnet school, the Assistant Secretary will consider the curriculum of a magnet school to be capable of attracting substantial numbers of students of different racial backgrounds only if, 60 days after the beginning of the first school term during the project period, the enrollment of the school meets the following requirements:

(1) Minority group students constitute no less than 20 percent and no more than 50 percent of the enrollment;

(2) The ratios of the number of students from each minority group to the total number of minority group students enrolled in the magnet school generally reflect the ratios among minority group students enrolled in all the schools of the recipient; and

(3) No student has been compelled to enroll in the magnet school, or to enroll in another school after enrolling in the magnet school.

If the enrollment of any school does not meet these requirements, the Assistant Secretary shall terminate the grant in accordance with § 185.45 insofar as it relates to that school.

(d) A recipient of a grant for activities described in § 185.103(a) relating to the conduct of educational programs in a magnet school shall submit to the Assistant Secretary a report showing the number of nonminority group students and the number of students from each minority group who were enrolled at each magnet school to which the grant relates on the 60th day after the beginning of the first school term during the project period. The recipient shall submit this report within 75 days after the beginning of that school term unless the Assistant Secretary, for good cause shown, sets a later date for submission.

(20 U.S.C. 1603(d), 1607(a)(13), 1619(9).)

§ 185.103 Authorized activities.

Funds awarded under this subpart may be used for the activities described in this section if those activities would not otherwise be funded and if they are designed to carry out the purposes described in § 185.01 (relating, generally, to the elimination of minority group segregation, discrimination, and isolation and the effects thereof). No more than 10 percent of the funds awarded under this subpart may be used for the repair and minor remodeling or alteration of facilities.

(a) *Magnet schools.* (1) Funds may be used for the following three activities:

(i) The planning and design of one or more magnet schools;

(ii) The conduct of educational programs in one or more magnet schools; and

(iii) The repair and minor remodeling or alteration (as defined in § 185.12(d)) of existing school facilities in connection with the conduct of educational programs in one or more magnet schools.

(2) The planning and design of a magnet school includes, but is not limited to, the following activities:

(i) Planning and design of educational programs for the school;

(ii) Architectural design of new or modified facilities to house the school;

(iii) Surveys and studies relating to the establishment or improvement of the school; and

(iv) Recruitment of students and staff for the school.

(3) The Assistant Secretary shall award funds for the conduct of educational programs in a magnet school only if the applicant's fiscal effort per student for students enrolled at a magnet school is no less than its fiscal effort per student for students enrolled at all schools serving students of the same age or grade level operated by the applicant in the fiscal year for which it seeks assistance under this subpart. For the purpose of this subparagraph, "fiscal effort per student" means the expenditure for free public education, including expenditures for administration, instruction, attendance and health services, pupil transportation services, operation and maintenance of plant, fixed charges, and net expenditures to cover deficits for food services and student body activities (but not including expenditures for community services, capital outlay and debt service, or any expenditure from funds granted under any Federal program of assistance) divided by the number of students with respect to whom the computation is made.

(b) *University/business cooperation.* Funds may be used for—

(1) The conduct of educational programs by the applicant, in cooperation with one or more colleges, universities, or leading businesses, for the benefit of

students enrolled, or staff employed, in—

(i) A magnet school assisted under this subpart;

(ii) A school affected by a plan or project described in § 185.11 or § 185.31 (a); or

(iii) A minority group isolated school (as defined in § 185.02(g)); and

(2) The repair and minor remodeling or alteration (as defined in § 185.12(d)) of facilities in connection with the conduct of these educational programs.

(c) *Neutral site planning.* (1) Funds may be used for the development of plans for one or more neutral site schools, including but not limited to the following activities:

(i) Surveys and studies to determine the location of the school;

(ii) Planning educational programs for the school;

(iii) Architectural design of facilities to house the school; and

(iv) The repair and minor remodeling or alteration (as defined in § 185.12(d)) of facilities in connection with the development of plans for the school.

(2) Funds may be used only in connection with a school planned to have the following characteristics:

(i) Minority group students will constitute no less than 20 percent and no more than 50 percent of the enrollment of the school;

(ii) The ratios of the number of students from each minority group to the total number of minority group students who will be enrolled in the school generally reflect the ratios among minority group students who will be enrolled in all the schools of the recipient; and

(iii) The school will be equally accessible to nonminority group students and students from each minority group who will be enrolled in it.

(3) Funds may not be used for—

(i) The acquisition or improvement of a site for the school;

(ii) The construction of facilities to house the school;

(iii) The acquisition of equipment for the school; or

(iv) Any activity related to the operation of the school.

(20 U.S.C. 1601(b), 1603(d), 1606(a) (12)-(15), 1619 (10) and (12); 122 CONG. REC. S16870, S16872 (daily ed. Sept. 28, 1976), H11691, H11699 (daily ed. Sept. 29, 1976).)

§ 185.104 Applications.

(a) An applicant for a grant under this subpart shall include in its application a description of the activities for which it seeks assistance and the information described in §§ 185.109 and 185.110.

(b) The provisions of § 185.13 (a) through (n), relating to applications, apply to any applicant for a grant under this subpart. An applicant shall include in its application the information and assurances required by those provisions.

(c) In the case of an application for a grant to carry out activities described in § 185.103 (a) or (b) relating to magnet schools and university/business cooperation respectively, the applicant shall include in its application the information described in this paragraph.

(1) Except as provided in subparagraph (2) of this paragraph, the applicant shall include—

(i) The number of minority group students and the total number of students enrolled or to be enrolled in each of its schools in the following years:

(A) "Base year I" (meaning the third fiscal year prior to the fiscal year for which an applicant seeks assistance under this subpart);

(B) "Base year II" (meaning the fiscal year immediately prior to the fiscal year for which an applicant seeks assistance under this subpart); and

(C) The "project year" (meaning the fiscal year for which an applicant seeks assistance under this subpart); and

(ii) A description of the basis for its enrollment projections for the project year.

(2) (i) If an applicant is eligible for assistance under this part under a plan described in § 185.11(b)(3) or a project described in § 185.11(d) and chooses to rely on that plan or project in its application for assistance under this subpart, it shall include the number of minority group students and the total number of students who would be enrolled, in the project year, in each of its schools—

(A) If the plan or project were implemented; and (B) if the plan or project were not implemented.

(ii) If the applicant chooses to rely solely on that plan or project, it is not required to include the information described in subparagraph (1) of this paragraph.

(d) Both an applicant for a grant under this subpart and the Assistant Secretary shall make the application and all correspondence and other written materials relating to it readily available to the public.

(20 U.S.C. 1603(d), 1609 (a) and (b), 1612, 1605(d), 1228.)

§ 185.105 Objective criteria—magnet schools and university/business cooperation.

(a) (1) In evaluating an application for a grant under this subpart to carry out activities described in § 185.103 (a) or (b) relating to magnet schools and university/business cooperation respectively, the Assistant Secretary shall assign the application up to 90 points for the net change in isolation in the applicant's schools between base year I and the project year, and between base year II and the project year. ("Base year I," "base year II," and "project year" are defined at § 185.104.)

(2) The Assistant Secretary shall assign points for net change in isolation on the basis of the procedure described in this section.

(b) From the information required to be included in an application under § 185.103(c), the minority group percentage of the enrollment of each of the applicant's schools in base year I is computed. The number of minority group students enrolled in schools within each percentage range in Column A of Table I is determined. The number of students in each percentage range is then multiplied by the corresponding weight in Column B of Table I. The resulting weighted numbers are added. The sum is then divided by the total number of minority group students enrolled in the applicant's schools for that year.

TABLE I

Column A, minority group percentage:	*Column B, Weight*
95 or more	0
At least 90 but less than 95	.1
At least 85 but less than 90	.2
At least 80 but less than 85	.3
At least 75 but less than 80	.4
At least 70 but less than 75	.5
At least 65 but less than 70	.6
At least 60 but less than 65	.7
At least 55 but less than 60	.8
More than 50 but less than 55	.9
50 or less	1.0

(c) The computation described in paragraph (b) of this section is repeated using the number of minority group students to be enrolled in the applicant's schools in the project year.

(d) The result of the computation for base year I is subtracted from the result of the computation for the project year to determine the net change in isolation between base year I and the project year. Using Table II, the Assistant Secretary assigns the application the number of points in Columb B which corresponds to the applicant's net change in isolation in Column A.

TABLE II

Column A, net change in isolation:	*Column B, points*
96 to 100	29
91 to 95.99	30
86 to 90.00	27
81 to 85.99	26
76 to 80.99	24
71 to 75.99	23
66 to 70.99	21
61 to 65.99	20
56 to 60.99	18
51 to 55.99	17
45 to 50.99	15
41 to 44.99	14
36 to 40.99	12
31 to 35.99	11
26 to 30.99	9
21 to 25.99	8
15 to 20.99	6
11 to 14.99	5
6 to 10.99	3
4 to 5.99	2
0 to 3.99	1

(e) The computation described in paragraph (b) of this section is repeated using the number of minority group students enrolled in the applicant's schools in base year II. The result of this computation is subtracted from the result of the computation for the project year to determine the net change in isolation between base year II and the project year. Using Table II, the Assistant Secretary assigns the application the number of points in Column B which corresponds to the applicant's net change in isolation in Column A multiplied by two.

(f) If the applicant relies on either a plan described in § 185.11(b)(3) or a project described in § 185.11(d), or both,

and on the reduction or elimination of minority group isolation, the Assistant Secretary assigns the application points on the basis of the computations described in paragraphs (b) through (e) of this section using as project year data the enrollment data based on implementation of the plan or project.

(g) If the applicant relies solely on a plan described in § 185.11(b)(3) or a project described in § 185.11(d), or both, the Assistant Secretary assigns the application points on the basis of the computations described in paragraphs (b) through (e) of this section—

(1) Using as base year I and base year II data the enrollment data based on no implementation of the plan or project; and

(2) Using as project year data the enrollment data based on implementation of the plan or project.

(20 U.S.C. 1601(b), 1603(d), 1606(a) (12)–(14), 1609(c) (1)–(4).)

§ 185.106 Educational criteria—magnet schools and university/business cooperation.

In evaluating an application for a grant under this subpart to carry out activities described in § 185.103 (a) or (b) relating to magnet schools and university/business cooperation respectively, the Assistant Secretary shall assign the application up to 70 points on the basis of the following criteria:

(a) *Need assessment (10 points).* (1) The magnitude of the need for the activities proposed in the application (5 points; and

(2) The extent to which the need is supported by objective evidence (5 points).

(b) *Statement of objectives (10 points).* (1) The extent to which the applicant sets out specific, measurable objectives related to the need assessed (4 points);

(2) The extent to which the objectives realistically address the need assessed (3 points); and

(3) The extent to which the objectives were developed by persons with relevant experience and persons from all racial and ethnic populations to be served by the proposed activities (3 points).

(c) *Activities (36 points).*—(1) *Project design (24 points).* (i) The extent to which the proposed activities are unique (4 points);

(ii) The thoroughness of the applicant's planning for the proposed activities and the extent to which those activities will be coordinated with other efforts by the applicant to eliminate, reduce, or prevent minority group isolation (4 points);

(iii) The extent to which the proposed activities will promote interracial and intercultural contact and understanding (3 points);

(iv) The extent to which the proposed activities will meet the needs of individual students, including students of varying levels of achievement (4 points);

(v) The extent to which the proposed activities will reflect the interests of parents, students, and other members of the community (3 points);

(vi) The extent to which the curriculum to which the proposed activities relate includes materials pertinent to the racial and ethnic composition of the schools or community to be served (2 points);

(vii) The extent to which instruction in basic skills is integrated into the proposed activities (2 points); and

(viii) The extent to which the proposed activities provide for cooperative planning among teachers and other staff to meet the needs of individual students (2 points).

(2) *Staffing (6 points).* (i) The extent to which the applicant sets out an adequate staffing plan, including specific job responsibilities and provisions for making maximum use of present staff capabilities (2 points);

(ii) The extent to which the proposed activities will be conducted by staff which reflect the racial and ethnic composition of the schools or community to be served (2 points);

(iii) The extent to which the proposed activities include necessary staff training (2 points).

(3) *Parent and Community Involvement (6 points).* (i) The extent to which the applicant will involve parents and students in carrying out the proposed activities, as by employing parents as instructional aides in the classroom and informing parents and students of progress made in carrying out the proposed activities (2 points);

(ii) The extent to which the applicant will involve in the proposed activities public and private agencies in the community which have previously been involved in activities related to the elimination, reduction, or prevention of minority group isolation (2 points); and

(iii) The extent to which the applicant delineates specific opportunities for the participation in the proposed activities of the advisory committee described in § 185.41 (2 points).

(d) *Management (8 points).* (1) The extent to which the amount of funds requested is of sufficient magnitude in relation to the number of participants to be served to give substantial promise of achieving the stated objectives, and is reasonable in relation to the expected benefits (2 points);

(2) The extent to which the applicant has made all possible efforts to minimize the amount of funds requested for the purchase of equipment to carry out the proposed activities (2 points);

(3) The extent to which the applicant sets out a detailed and realistic schedule of implementation (2 points); and

(4) The extent to which the applicant sets out a plan for meeting the logistical requirements for the proposed activities, including a description of adequate and conveniently available facilities and equipment (2 points).

(e) *Evaluation (6 points).* The extent to which the applicant sets out a format for objective, quantifiable measurement of the success of the proposed activities in achieving the stated objectives, including—

(1) A timetable for the compilation of data for evaluation and a method for continuing review of the proposed activities in the light of that data (2 points);

(2) A description of instruments to be used for evaluation of the proposed activities (and of the method for validating these instruments where necessary), or a description of the procedure to be employed in selecting these instruments (2 points; and

(3) Provisions for the comparison of evaluation results with norms, control group performance, results of other programs, or other external standards (2 points).

(20 U.S.C. 1601(b), 1603(d), 1606(a) (12)–(14), 1609(c) (1), (2), (4), and (6).)

§ 185.107 Neutral site planning criteria.

In evaluating an application for a grant under this subpart to carry out activities described in § 185.103(c) relating to neutral site planning, the Assistant Secretary shall assign the application up to 100 points on the basis of the following criteria:

(a) *Need assessment (20 points).* (1) The magnitude of the need for the activities proposed in the application (10 points); and

(2) The extent to which the need is supported by objective evidence, including demographic data (10 points).

(b) *Statement of objectives (5 points).* (1) The extent to which the applicant sets out specific, measurable objectives related to the need assessed (2 points);

(2) The extent to which the objectives realistically address the need assessed (1 point); and

(3) The extent to which the objectives were developed by persons with relevant experience and persons from all racial and ethnic populations to be served by the proposed activities (2 points).

(c) *Activities (60 points).*—(1) *Project design (35 points).* (i) The extent to which the proposed activities will be coordinated with other efforts by the applicant to eliminate, reduce, or prevent minority group isolation (5 points);

(ii) The extent to which the proposed activities will be coordinated with the applicant's other planning activities, including those related to building use (5 points);

(iii) The extent to which the proposed activities will be coordinated with the planning activities of both other governmental agencies and the private sector to ensure that a neutral site school to which the proposed activities relate will have the characteristics described in § 185.103(c)(3) for an extended period (10 points);

(iv) The extent to which the proposed activities will assist in eliminating, reducing, or preventing minority group isolation in the schools of more than one local educational agency (5 points);

(v) The extent to which the proposed activities, including any educational planning activities, will reflect the interests of parents, students and other

member of the community (5 points); and

(vi) The extent to which the applicant provides evidence of a commitment to implement any plan developed with assistance under this subpart (5 points).

(2) *Staffing (10 points).* (i) The extent to which the applicant sets out an adequate staffing plan, including specific job responsibilities and provisions for making maximum use of present staff capabilities (4 points);

(ii) The extent to which the proposed activities will be conducted by staff which reflect the racial and ethnic composition of the community to be served (3 points); and

(iii) The extent to which the proposed activities include necessary staff training (3 points).

(3) Parent and community involvement (15 points). (i) The extent to which the applicant will involve parents and students in carrying out the proposed activities (5 points);

(ii) The extent to which the applicant will involve in the proposed activities public and private agencies which have previously been involved in activities related to the elimination, reduction, or prevention of minority group isolation (5 points); and

(iii) The extent to which the applicant delineates specific opportunities for the participation in the proposed activities of the advisory committee described in § 185.41 (5 points).

(d) *Management (10 points).* (1) The extent to which the amount of funds requested is of sufficient magnitude in relation to the stated objectives to give substantial promise of achieving those objectives, and is reasonable in relation to the expected benefits (2 points);

(2) The extent to which the applicant has made all possible efforts to minimize the amount of funds requested for the purchase of equipment to carry out the proposed activities (2 points);

(3) The extent to which the applicant sets out a detailed and realistic schedule of implementation (2 points); and

(4) The extent to which the applicant sets out a plan for meeting the logistical requirements for the proposed activities, including a description of adequate and conveniently available facilities and equipment (4 points).

(e) *Evaluation (5 points).* The extent to which the applicant sets out a format for objective, quantifiable measurement of the success of the proposed activities in achieving the stated objectives, including—

(1) A timetable for the compilation of data for evaluation and a method for continuing review of the proposed activities in the light of that data (3 points); and

(2) A description of instruments to be used for evaluation of the proposed activities (and of the method for validating these instruments where necessary), or a description of the procedure to be employed in selecting these instruments (2 points).

(20 U.S.C. 1601(b), 1603(d), 1606(a) (12) and (15), 1609(c) (1)–(4) and (6).)

§ 185.108 Funding procedures.

(a) The Assistant Secretary shall make any grant under this subpart from funds appropriated under section 704(d) of the Act. The Assistant Secretary will announce, by publication of a notice in the FEDERAL REGISTER:

(1) The amount of funds, if any, available for grants under this subpart in any fiscal year;

(2) The proportion of those funds which the Assistant Secretary will reserve for grants to carry out activities described in § 185.103(c) relating to neutral site planning;

(3) The project period for grants under this subpart; and

(4) The deadline for receipt of applications for these grants.

(b) (1) The Assistant Secretary shall separately evaluate applications for grants to carry out—

(i) Activities described in § 185.103(a) or (b) relating to magnet schools and university/business cooperation respectively; and

(ii) Activities described in § 185.103(c) relating to neutral site planning.

(2) The Assistant Secretary shall make grants to eligible applicants in each category on the basis of their ranking under the criteria in this subpart. However, the Assistant Secretary shall not be required to approve any application which contains proposed activities that afford insubstantial promise of achieving the purposes described in § 185.01, as measured by the criteria in this subpart.

(c) The Assistant Secretary shall fix the amount of each grant on the basis of the additional cost (as defined in § 185.13(a)(1)) of carrying out authorized activities. However, if in any fiscal year at least five applicants have submitted applications for grants to carry out activities described in § 185.103 (a) or (b) relating to magnet schools and university/business cooperation respectively, and if their applications are otherwise approvable, the Assistant Secretary shall make no fewer than five grants for those activities. If the amount needed to fund all authorized activities proposed by the five highest ranking applicants exceeds the amount of funds available, the Assistant Secretary shall reduce the amount of each grant by an equal proportion.

(d) The Assistant Secretary shall not finally disapprove in whole or in part an application for a grant under this subpart without first notifying the applicant of the specific reasons for disapproval and affording the applicant an appropriate opportunity to modify its application.

(20 U.S.C. 1601(b), 1603(d), 1606(a) (12)–(15), 1609(a)(4), 1609(c), 1609(d)(2), 1609(e).)

§ 185.109 Public and advisory committee participation.

The provisions of § 185.41 apply to any applicant for a grant under this subpart. An applicant shall include in its application the information and assurances required by those provisions.

(20 U.S.C. 1609(a)(2), 1609(a)(3), 1609(b).)

§ 185.110 Nonpublic school participation.

The provisions of § 185.42 apply to any applicant for a grant under this subpart. An applicant shall include in its application the information and assurances required by those provisions.

(20 U.S.C. 1609(a)(12), 1685(d), 1611(c).)

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

■

HISTORIC PRESERVATION LOANS

Insurance of Financial Institutions

COLLEGE HOUSING PROGRAM

Criteria for Financial Relief

Title 24—Housing and Urban Development

CHAPTER II—OFFICE OF ASSISTANT SECRETARY FOR HOUSING—FEDERAL HOUSING COMMISSIONER

[Docket No. R-77-389]

PART 201—PROPERTY IMPROVEMENT AND MOBILE HOME LOANS

Historic Preservation Loans

AGENCY: Department of Housing and Urban Development.

ACTION: Final rule.

SUMMARY: This regulation will implement changes to the National Housing Act, to provide for the insurance of financial institutions making loans for the preservation of historic residential structures.

EFFECTIVE DATE: July 29, 1977.

FOR FURTHER INFORMATION CONTACT:

Christopher LaMartina, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, D.C. 20410. (202-755-8686).

SUPPLEMENTARY INFORMATION: The Department of Housing and Urban Development gave notice on May 10, 1976, at 41 FR 19188, that it was proposing to amend subtitle B of Title 24 of the Code of Federal Regulations, Chapter II, Subpart B, Part 201, "Property Improvement and Mobile Home Loans", and add a new Subpart E, "Historic Preservation Loans."

The Department received twenty-one (21) comments in response to the May 10, 1976 publication. The comment period closed on June 11, 1976. All comments were carefully considered. A number of comments were not addressed to the substance of the proposed rule but sought information regarding the eligibility of specific properties. Other comments suggested changes such as provisions for 100% insurance of loans which would not be permitted under the applicable provisions of the National Housing Act, as amended, 12 U.S.C. 1703.

One comment suggested reducing the period after which approval would be assumed from 30 to 10 days. After consultation with representatives of the Department of the Interior, which has the lead role in historic preservation matters, the provision for a waiting period has been deleted as being unnecessary.

It was also suggested that the State Historic Preservation Officer's review be made by the chief executive officer of the municipality in which the historic structure is located. This suggestion would introduce an element of complexity that could result in a delay in processing loans and was not adopted. Section 201.1606 has, however, been revised to provide for review of the proposed improvements "by any other person authorized by the Secretary of the Interior."

Suggestions were also made that there be an appraisal of each historic structure and that there be a reduction in the maximum permissible interest rate where a loan is secured by a first mortgage. These suggestions were not adopted as it is not contemplated that a significant number of loans will be secured by first mortgages; in such an event lending institutions could be expected to fix an interest rate below the maximum permitted in the regulations.

A commenter suggested that the regulations incorporate the guidelines promulgated by the National Park Service Office of Archeology and Historic Preservation. These guidelines will be made available to each loan applicant; however, it would be inappropriate to incorporate the guidelines into the regulations.

A commenter suggested that review by the State Historic Preservation Officer be waived for loans of less than $10,000. The suggestion was not adopted as one of the functions of the State Historic Preservation Officer is to verify that the structure in question is in fact a historic structure, without regard to the amount of the loan. In this connection it is noted that if no more than $10,000 is needed, the owner of an historic property may apply for either a Historic Preservation Loan or a basic Title I property improvement loan. The latter may be used to improve either a non-residential or a residential structure and does not require the preliminary approval of the State Historic Preservation Officer.

Several commenters suggested that the restriction of the program to residential structures be deleted. Section 4(a) of the Emergency Home Purchase Assistance Act of 1974, Pub. L. 93-449, amending section 2(a) of the National Housing Act, 12 U.S.C. 1703, provides that "the term 'historic structures' means residential structures which are registered in the National Register of Historic Places or which are certified by the Secretary of the Interior to conform to National Register criteria * * *" The extension of the program to non-residential structures is therefore precluded.

It was also suggested that the maximum amount per family unit be fixed at a sum greater than $15,000. The Emergency Home Purchase Assistance Act of 1974 provides that "a loan shall involve an amount not exceeding $15,000 per family unit . . . and have a maturity not exceeding fifteen years and thirty-two days." Consequently, this suggestion cannot be adopted.

A suggestion was made that any building that had been used in the past as a residential structure be deemed an eligible structure. Since the enabling legislation restricts loans to residential structures, it has been determined that loans should be limited to structures presently used as residential structures or which will be residential structures when restored or rehabilitated.

It was also suggested that § 201.1605 (1), which had permitted a residential structure to have an incidental non-residential use not to exceed 10 percent of the total usable floor area of the building, be expanded to permit non-residential space available in the structure to be at least 49 percent. After careful consideration permissible non-residential space has been increased to 20 percent. In view of the restriction of the Act relative to residential structures it was determined that an increase in permissible non-residential space in excess of 20 percent would not be in order.

Comments were also received regarding the proposed maximum loan limit per structure of $30,000. After careful consideration it was determined that increasing the maximum loan limit per structure to $45,000 would make the program more useful.

Several commenters raised questions regarding the operation of the historic preservation program by the Department of the Interior. The Emergency Home Purchase Assistance Act of 1974 limits eligible loans under the historic preservation loan program to the criteria established by the Secretary of the Interior. HUD is not authorized to change this criteria.

A suggestion was made that the review fee of $25.00 that may be collected from the borrower by the State Historic Preservation Officer as authorized in § 201.1606 be paid by HUD rather than the loan applicant. This suggestion was not adopted as the National Housing Act does not authorize such a payment.

A commenter suggested that where improvements are solely to the interior of the historic structure, a review by the State Historic Preservation Officer would not be necessary. Since the interior of the structure may have historic features that are desirable to retain, this suggestion was not adopted.

A suggestion was made that residential structures within a historic district listed in the National Register of Historic Places be deemed eligible. The Secretary of the Interior has determined that all residential structures located within districts that the Secretary of the Interior has determined eligible for listing in the National Register are "certified by the Secretary of the Interior to conform to National Register criteria" for purposes of qualifying as "historic structures" eligible for historic preservation loans. These structures will therefore be eligible under this program.

Other comments and suggestions were made relating to the administration of the National Register of Historic Places by the Department of the Interior. HUD will furnish Department of the Interior material to institutions and loan applicants interested in historic preservation loans, but it cannot, of course, act in such matters.

A Finding of Inapplicability respecting the National Environmental Policy Act of 1969 has been made in accordance with HUD procedures. A copy of this Finding of Inapplicability will be available for public inspection during regular business hours in the Office of the Rules Docket Clerk, Office of the Secretary, Room 5218, Department of Housing and Urban Development, 451 7th Street SW., Washington, D.C. 20410.

NOTE.—It is hereby certified that the economic and inflationary impacts of this regulation have been carefully evaluated in accordance with Executive Order No. 11821.

Accordingly, 24 CFR is amended as follows:

1. In § 201.12 paragraph (b) is amended as follows:

§ 201.12 Insurance reserve.

* * * * *

(b) There shall be maintained for each insured a general insurance reserve which shall equal 10 percent of the aggregate amount advanced on all eligible loans originated by such insured pursuant to the provisions of the regulations in Subparts A, B, C, D, and E of this part on or after March 1, 1950, and prior to the expiration of the Commissioner's authority to insure under the provisions of this Act, less the amount of all claims approved for payment in connection with such loans and less the amount of any adjustments made pursuant to paragraph (c) of this section.

* * * * *

2. A new Subpart E is added to read as follows:

Subpart E—Historic Preservation Loans

Sec.

201.1600 Purpose.
201.1605 Definitions.
201.1606 Eligibility requirements.
201.1610 Eligible notes.

201.1680 Claims.
201.1685 Flood insurance.
201.1690 Administrative reports and examination.
201.1695 Amendments.

AUTHORITY: Sec. 7(d) Housing and Urban Development Act (42 U.S.C. 3535(d)); sec. 2(a) of the National Housing Act, as amended, 12 U.S.C. 1703.

§ 201.1600 Purpose.

The purpose of this subpart is to establish the amount of the maximum insurable historic preservation loan for residential historic structures and to regulate the transactions related to the making and insuring of such loans.

§ 201.1605 Definitions.

As used in the regulations in this Subpart, the term:

(a) "Act" means the National Housing Act, as amended.

(b) [Reserved.]

(c) "Commissioner" means the Federal Housing Commissioner or his duly authorized representative.

(d) "Contract of Insurance" includes all of the provisions of the regulations in this part and the applicable provisions of the Act.

(e) "Insured" means a financial institution holding a Contract of Insurance under Title I of the Act.

(f) "Loan" means an advance of funds or credit.

(g) "Direct loan" means a loan applied for by and disbursed directly to the borrower or borrowers where:

(1) The credit application, signed by the borrower or borrowers, if filled out by:

(i) The borrower or borrowers;

(ii) A maker of the note other than a borrower; or

(iii) A person acting at the direction of a borrower who has no financial interest, directly or indirectly, in the contract for the repair, alteration or improvement of the borrower's property; and

(2) The proceeds are delivered directly to such borrower or borrowers without the intervention or participation of an intermediary.

(i) "Note" includes a note or other evidence or indebtedness.

(ii) "Payment" includes a deposit to an account or fund which represents the full or partial repayment of a loan.

(iii) "Borrower" means one who applies for and receives a loan in reliance upon the provisions of the Act and who has an interest of at least one-third of one of the following types of ownership in the property to be improved.

(A) A fee title,

(B) A life estate,

(C) A fee title or life estate subject to mortgage, deed of trust, or other lien securing a debt,

(D) A mutually binding contract for the purchase of the property by the borrower where the borrower is rightfully in possession and the purchase price is payable in installments, or

(E) A lease having a fixed term, expiring not less than six calendar months after the maturity of the loan, if the lessor indicates in writing his consent to the making of the improvements and procurement of the loan.

(h) "Rehabilitation" means the process of returning a structure to a state of utility, through repair or alteration, which makes possible an efficient contemporary use. In rehabilitation, those portions of the property important in illustrating historic, architectural, and cultural values are preserved or restored.

(i) "Preservation" means the process of sustaining the form and extent of a structure essentially as it now exists. Preservation aims at halting further deterioration and providing structural stability, but does not contemplate significant rebuilding.

(j) "Restoration" means the process of accurately recovering the form and details of a structure as it appeared at a particular period of time by removing later work and by replacing missing original work.

(k) "Historic structure" means a residential structure which is registered in the National Register of Historic Places or which is certified by the Secretary of the Interior to conform to National Register criteria.

(l) "Residential structure" means a building that is used or will be used, after rehabilitation, preservation, or restoration, as a dwelling place for one or more families. The building may have an incidental non-residential use not to exceed 20 pecent of the total usable floor area of the building.

§ 201.1606 Eligibility requirements.

(a) Loans shall be made only for the rehabilitation, preservation or restoration of historic residential structures. The proposed improvements to the historic structure shall be reviewed by the State Historic Preservation Officer (SHPO), or by any other person authorized by the Secretary of the Interior, in the state where the historic structure is located.

(b) The review shall be for the purpose of determining that the structure is an historic residential structure eligible under the program and that the proposed improvements are in conformance with the criteria set by the Secretary of the Interior for rehabilitation of historic structures.

(c) A review fee of not to exceed $25 may be collected from the borrower by the State Historic Preservation Officer, or by any other person authorized by the Secretary of the Interior pursuant to paragraph (a).

§ 201.1610 Eligible notes.

(a) *Validity.* The note shall bear the genuine signature of the borrower as maker, shall be valid and enforceable against the borrower or borrowers and shall be in compliance with all applicable federal, state and local laws. The note shall be complete and regular on its face. The signatures of all parties to the note must be genuine. If the note is executed for and on behalf of a corporation or in a representative capacity, the note must create a binding obligation of the principal.

(b) *Acceleration clause.* The note shall contain a provision for acceleration of maturity, at the option of the holder, in the event of default in the payment of any installation upon the due date thereof.

(c) *Payments.* The note shall be payable in equal installments due monthly, every 2 weeks, or weekly, unless a different payment schedule is approved by the Commissioner. The first payment shall be due no later than 2 months from the date of the note. The note may provide for a first or final payment in an amount other than the regular installment. In such instances, the installment shall not be less than ½ nor more than 1½ times the amount of the regular installment.

§ 201.1611 Prior approval by Commissioner.

The approval of the Commissioner is required prior to disbursing any loan which will increase the total obligation of a borrower, co-maker or co-signer of any note under this part or subpart to more than $15,000 exclusive of financing charges.

§ 201.1612 Security.

Loans in excess of $7,500, exclusive of financing charges, shall be secured by a recorded lien upon the improved property. The proceeds of an insured loan shall not be used to supplement an uninsured obligation of the borrower created in connection with the proposed improvements, rehabilitation, preservation or restoration, if the payment of the uninsured obligation is secured by a lien, unless the insured loan is to be secured by a lien which has priority over the lien of the uninsured obligation.

§ 201.1613 Election of action.

Where a real estate mortgage, deed of trust, judgment lien, or any other security device has been used to secure the payment of a loan, the insured may not, except with the approval of the Commissioner, both proceed against such security and also make claim under its Contract of Insurance, but shall elect which procedure it desires to pursue.

§ 201.1615 Maximum loan amount and terms.

(a) The maximum loan amount shall not exceed the lesser of $15,000 per family unit in a residential structure or $45,000 per residential structure.

(b) The final maturity of a note shall not be less than 6 calendar months from the date of the note nor more than 15 years and 32 days from the date of the note.

§ 201.1620 Late charges.

The note may provide for a late charge, not to exceed 5 cents for each $1.00 of each installment 10 days in arrears. No late charge on a past due installment may be accrued in excess of $15.00. In lieu of late charges, notes may provide for interest on past due installments at a rate not in excess of the contract rate of the note. The borrower must be billed for penalties collected as such and evidence of such billing must be in the file.

§ 201.1625 Financing charges.

(a) *Maximum financing charges.* The maximum permissible financing charge, exclusive of fees and charges as provided by paragraph (b) of this section, which may be directly or indirectly paid to, or collected by the insured in connection with the loan transaction, shall not exceed a 12 percent annual rate. No points or discounts of any kind may be assessed or collected in connection with the loan transaction. Finance charges for individual loans shall be made in accordance with tables of calculation issued by the Commissioner.

(b) *Permissible additional charges.* If the insured takes security in the nature of a real estate mortgage, deed of trust, or other security device for the purpose of securing the payment of eligible loans, the insured may collect from the borrower, in addition to the maximum permissible financing charge, the following expenses actually incurred by the insured in connection with the transaction: Recording or filing fees, documentary tax stamps, title examination charges and hazard insurance premiums. These costs or expenses shall not be paid from the proceeds of the loan or included in the face amount of the note and shall not be included by the insured as a portion of a claim under the Contract of Insurance. If such costs or expenses are assessed against the borrower, the proper evidence thereof shall be in the file.

(c) *Repayment rebate.* If a note is paid in full prior to maturity, the insured shall rebate the full unearned finance charge, except that where the law of the jurisdiction permits an acquisition or minimum retained charge, such charge may be deducted from the rebate. An insured is not required to make rebates of less than $1 except upon application of the borrower.

§ 201.1630 Architectural fees.

The costs of a loan may include architectural and engineering services and the costs of obtaining building permits where such services or permits are directly connected with eligible alterations, repairs or improvements financed in accordance with the regulations in this part.

§ 201.1635 Credits and collections.

(a) *Credit application.* Prior to making a loan the insured shall obtain a dated credit application executed by the borrower on a form approved by the Commissioner. A separate credit application is required for each loan made or note purchased. In addition, the loan file must contain either a commercial credit report on the borrower or evidence of the lender's investigation of the borrower's credit.

(b) *Credit investigation.* The credit information relied upon by the insured must, in its judgment, clearly show the borrower to be solvent, with reasonable ability to pay the obligation and in other respects a reasonable credit risk. If, after the loan is made, an insured who acted in good faith discovers any material misstatement or misuses of the proceeds of the loan by the borrower, dealer, or others, the eligibility of the note for insurance will not be affected. However, the insured shall promptly report such discovery to the Commissioner.

(c) *Outstanding FHA and direct Federal obligations.* The proceeds of a loan shall not be disbursed if the insured has knowledge that the borrower is past due more than 15 days as to either principal or interest with respect to any obligation owing to, or insured by, any department or agency of the Federal Government. Nothing contained herein shall prevent the making of a loan otherwise eligible, even though the borrower is in default under such an obligation by reason of his military service, if the approval of the Commissioner is obtained.

(d) *Reliance on credit application.* An insured acting in good faith may, in the absence of information to the contrary, rely upon all statements of fact made by the borrower, which are called for by the borrower's credit application, in determining the eligibility of the loan.

§ 201.1640 Refinancing.

(a) *General requirements.* New obligations to liquidate loans previously reported for insurance will be covered by insurance if the new obligations meet the requirements of all applicable regulations in this part and the special provisions of this section.

(b) *Rebate.* The full unearned finance charge on the original note shall be refunded to the borrower. If no additional advance is made, a handling charge not in excess of $25.00 may be collected from the borrower.

(c) *Maximum maturity.* A loan may be refinanced for an additional period not in excess of 15 years and 32 days from the date of the refinancing, if the term of the new note does not extend 25 years from the date of the original note.

(d) *Special cases.* The Commissioner may, upon presentation of the facts, approve the refinancing or refinancing and consolidation of any loan or loans upon such terms and conditions as he may determine within the limits provided by the Act.

§ 201.1645 Direct loan.

A loan may only involve a direct loan obtained by the borrower directly from the insured.

§ 201.1650 [Reserved]

§ 201.1655 Report of loans.

Loans shall be reported on the prescribed form to the Federal Housing Administration at Washington, D.C., within 31 days from the date of the note or date upon which it was purchased. Any loan which is refinanced shall likewise be reported on the prescribed form within 31 days from the date of such transfer. If the loan or note is not in default, the Commissioner may, in his discretion, accept a late report.

§ 201.1660 Rate of insurance charge.

The insured shall pay to the Commissioner an insurance charge equal to fifty-five one hundredths (0.55) of 1 percent per annum of the net proceeds of any eligible loan reported and acknowledged for insurance. In computing the insurance charge, no charge shall be made for a period of 14 days or less, and a charge for a month shall be made for a period of more than 14 days.

§ 201.1665 Payment of insurance charges.

(a) *Single payment.* On loans having a maturity of 25 months or less, the insurance charge for the entire time of the loan shall be paid within 25 days after the date the Commissioner acknowledges to the insured institution the receipt of the report of the loan.

(b) *Installment payments.* On loans having a maturity in excess of 25 months the insurance charge shall be payable in installments. The first installment shall be equal to the charge for one year and shall be paid within 25 days of acknowledgment of the loan report. The second and succeeding installments shall be paid

within 25 days after billing on an annual basis.

§ 201.1670 Refund or abatement of insurance charge.

An insured shall be entitled to a refund or abatement of insurance charges only in the following instances:

(a) Where the obligation has been refinanced, the unearned portion of the insurance charge on the original obligation shall be credited to the charge on the refinanced loan.

(b) Where the obligation is prepaid in full or an insurance claim is filed, insurance charges falling due after such prepayment or claim shall be abated.

(c) Where a loan (or a portion thereof) is found to be ineligible for insurance, insurance charges paid on the ineligible portion shall be refunded. Such refund shall be made, however, only if a claim is denied by the Commissioner or the ineligibility is reported by the insured promptly upon discovery. In no event shall an insurance charge be refunded on the basis of loan ineligibility where the application for refund is made after the loan has been paid in full.

(d) *Notes transferred.* Any adjustment of the insurance charge already paid on any obligation transferred between insureds shall be made by the insureds, except that any unpaid installments of the insurance charge shall be paid by the purchasing insured.

(e) *Limit on charge to borrower.* The insurance charge paid by the insured shall not be passed on to the borrower, if such action would cause the total payments for which the borrower is liable to exceed the maximum permissible amount which may be collected for interest, discount, and all other charges in connection with the transaction.

§ 201.1675 Insurance reserve.

All of the provisions of § 201.12 with respect to the maintenance for each insured lender of a general insurance reserve shall apply with respect to loans reported for insurance under this subpart. The aggregate amount of loans advanced by an insured lender, for the purposes of determining its general insurance reserve, shall include loans reported for insurance under all subparts of this part.

§ 201.1680 Claims.

(a) *Claim application.* A claim for reimbursement for loss on an eligible loan shall be made on a form approved by the Commissioner, and shall be executed by a duly qualified officer of the insured. The claim shall be accompanied by the insured's complete credit and collection file pertaining to the transaction.

(b) *Claim after default.* A claim may be filed after default, provided demand has been made upon the borrowed for the full unpaid balance of the note. For the purpose of determining the date of default, any payments received on an account, including payments on judgments predicated thereon, shall be applied to the earliest unpaid installment.

(c) *Maximum claim period.* A claim shall be filed no later than 6 months after the due date of the final installment provided for in the note.

(d) *Extension of maximum claim period.* Upon presentation to the Commissioner of the facts of a particular case within the allowable claim period prescribed in this section, he may, in his discretion, extend the time within which a claim must be made, provided that in computing the claim no interest will be allowed for the period of such extension.

(e) *Claim amount.* An insured will be reimbursed for its losses on loans made in accordance with the regulations in this part up to the amount of its reserve as established by § 201.12. The amount of reimbursement is determined by adding the items in subparagraphs (1), (2), (3) and (4) as follows:

(1) 90 percent of the net unpaid amount of the loan actually made or the actual purchase price of the note, whichever is the lesser.

(2) 90 percent of the uncollected interest earned up to the date of default plus 90 percent of the interest, computed at 7 percent per annum on the outstanding balance, computed from the date of default to:

(i) The date of the claim application or for a period of 9 months and 31 days following such default date, whichever is the lesser, or

(ii) The date of certification of the claim for payment, in a case where an otherwise eligible claim has been held in suspense by the Commissioner pending a determination of the eligibility for insurance, of other claims or loans, or by an investigation of the insured's loan or claim activities.

(3) Uncollected court costs, including fees paid for issuing, serving, and filing summons.

(4) Attorney's fees actually paid not exceeding:

(i) Twenty-five percent of the amount collected by the attorney on the defaulted note, if the borrower is liable for the payment of such fee under the laws of the jurisdiction applicable to the note, and if the insured has not waived its claim against the borrower for such fees.

(ii) $50 or 15 percent of the balance due on the note, whichever is the lesser, if a judgment is secured by suit.

(iii) $25 for expenses in recording assignments of security to the United States.

(f) *Assignment of documents.* The note and any security held or judgment taken must be assigned in its entirety and if any claim has been filed in bankruptcy, insolvency, or probate proceedings, such claim shall likewise be assigned to the United States of America.

(g) *Form of assignment.* The following forms of assignment properly dated shall be used in assigning a note, judgment, real estate mortgage, deed of trust, or any other security device in event of claim:

All rights, title, and interest of the undersigned is hereby assigned (without warranty, except that the note qualifies for insurance) to the United States of America.

(Financial institution)

By ----------

Title ----------

Date ----------

NOTE.—If this form is not valid or generally accepted in the jurisdiction involved, a form which is valid and generally acceptable shall be used.

(h) *Recordation.* Where security has been taken or a proof of claim filed, the insured shall place on record an assignment to the United States of America of said security or proof of claim prior to filing claim for insurance benefits.

§ 201.1685 Flood insurance.

No loans shall be made or refinanced for construction, rehabilitation, preservation or restoration of any structure located in an area that has been identified by the Secretary of Housing and Urban Development as an area having special flood hazards unless the community in which the area is situated is participating in the National Flood Insurance Program, and such insurance is obtained by the borrower. The amount of flood insurance required need not exceed the principal balance of the loan and need not be required beyond term of the loan.

§ 201.1690 Administrative reports and examination.

The Commissioner may at any time call upon an insured for such reports as the Commissioner may deem to be necessary in connection with the regulations in this subpart. The Commissioner may inspect the books or accounts of the insured as they pertain to the loans reported for insurance.

§ 201.1695 Amendments.

After consultation with the Secretary of the Interior, the regulations in this subpart may be amended by the Commissioner at any time, but such amendment shall not adversely affect the insurance privileges of an insured with respect to any loan previously made or in the process of being made. Unless otherwise provided, an amendment shall be applicable to any loan or the refinancing of any loan, when the loan or note is made pursuant to an application dated on or after the effective date of such amendment.

Issued at Washington, D.C. June 21, 1977.

MORTON BARUCH,
Deputy Assistant Secretary for Housing—Federal Housing Commissioner.

[Docket No. R-77-423]

PART 279—COLLEGE HOUSING

Financial Relief and Loan Modification

AGENCY: Development of Housing and Urban Development.

ACTION: Final rule.

SUMMARY: This rule establishes criteria upon which we will consider granting a borrower's request for financial relief and/or loan modification under the College Housing Program. We have received a substantial number of these requests. Decentralized HUD Field Offices will now be able to provide uniformity of treatment for similarly situated borrowers consistent with protecting the Government's interest.

EFFECTIVE DATE: July 28, 1977.

FOR FURTHER INFORMATION CONTACT:

John E. Pisano, Program Analyst, HUD-Held Mortgage Division, Office of Loan Management, Assistant Secretary for Housing-Federal Housing Commissioner, Department of Housing and Urban Development, 451 7th Street, SW., Washington, D.C. (202-755-5866).

SUPPLEMENTARY INFORMATION: Notice was given on November 24, 1976 in the FEDERAL REGISTER (41 FR 51988) of a proposed rule to amend Part 279 by designating the existing sections 279.1 through 279.8 under a new Subpart A—College Housing Loans and Debt Service Grants—and adding a new Subpart F—Financial Relief and Loan Modification which would include §§ 279.60 through 279.66.

All comments received with respect to the proposed rule were carefully considered. The following is a discussion of the principal comments and the changes that were made.

1. It was suggested that § 279.61(b) be modified to exclude the Revenue Fund Account requirement. The suggestion was not adopted because the Department considers this requirement essential to prevent the comingling of project and general operation funds thereby enabling HUD to identify project related revenues for debt service obligations.

2. It was suggested that § 279.66 be modified to include the term "candidate status" (applicant for accreditation) as a condition whereby HUD would not require repayment of the loan in full. The suggestion was not adopted because "candidate status" by itself does not prevent HUD from demanding repayment if a borrower is in default. Further, the term "Borrower" as defined in § 279.60 includes institutions which have candidate status.

3. It was suggested that § 279.62(b) be modified to use 60 days in lieu of 90 days. The suggestion was not adopted because the Department considers the 90 days requirement necessary to properly review all aspects of the request, seek additional data when necessary and process the request and the subsequent decision thereof.

4. It was suggested that under § 279.65 (b) we approve any alternative plan which is no less favorable to HUD's financial interest than prevailing conditions. This suggestion was not adopted since an alternative use is approved so that the borrower may be able to meet HUD loan requirements, which necessitates an improvement in prevailing conditions. However the provision that an alternative use be in the best financial interest of HUD has been deleted as confusing. So long as loan requirements are met we prefer an alternative use by the borrower, or another eligible educational institution even though, for example, leasing a HUD assisted facility at market rates to another entity might be considered more in HUD's financial interest.

5. It was suggested that § 279.65(a) of the regulation should provide for HUD approval of alternative use where "maximum utilization of all HUD-assisted facilities of the Borrower can be achieved only by alternative use of one or more of such facilities." Although the present regulations would not preclude the making or approval of such requests, where justified, the HUD-assisted facilities should normally continue in the use for which the Federal loan and subsidized interest rate is provided, where a default situation is not involved.

6. The same condition was added to § 279.65(b)(3) that is found in § 279.65 (b)(1) to make clear that preference for an alternative use by another eligible educational institution, as with the borrower, will only be given if the use will generate sufficient pledged revenues to meet the requirements of the HUD loan.

The Department has determined that this regulation does not have a substantial environmental impact. A copy of the Finding of Inapplicability is available for public inspection during regular business hours in the Office of the Rules Docket Clerk, Office of the Secretary, Room 5218, Department of Housing and Urban Development, 451 7th Street, SW., Washington, D.C. 20410.

It is hereby certified that the economic and inflationary impacts of this regulation have been carefully evaluated in accordance with Executive Order No. 11821.

Accordingly, 24 CFR Part 279 is amended as follows:

1. The existing §§ 279.1 through 279.8 are designated under a new heading as follows:

Subpart A—College Housing Loans and Debt Service Grants

* * * * *

2. A new Subpart F is added as follows:

Subpart A—College Housing Loans and Debt Service Grants

* * * * *

Subpart F—Financial Relief and Loan Modification

Sec.
279.60 Definitions.
279.61 Borrower's obligations.
279.62 Requests for loan modification or deferment.
279.63 Financial relief.
279.64 Refinancing.
279.65 Alternative use of facilities.
279.66 Closing of educational institution.

AUTHORITY: Title IV of the Housing Act of 1950 (12 U.S.C. 1749 et. seq.); sec. 7(d), Department of HUD Act (42 U.S.C 3535(d)).

Subpart F—Financial Relief and Loan Modification

§ 279.60 Definitions.

As used in this subpart, the terms defined in § 279.1 shall have the same meaning as in Subpart A of this part.

Bond resolution means the formal undertaking of a public body with respect to bond indebtedness.

Borrower means an educational institution as defined in Section 404(b) of the Housing Act of 1950 which has obtained a College Housing loan.

Default remedies means the remedial actions which the Government (or the Trustee on its behalf) is authorized to take under the Bond Resolution, Trust Indenture, or Note/Mortgage in the event the Borrower defaults in its obligations thereunder.

Deferment means a written undertaking by the Government with respect to any loan or loans made to a Borrower (or by the Trustee on its behalf) that it will not exercise its Default Remedies for a specified period of time notwithstanding the existence of specified financial defaults (e.g., non-payment of principal or interest, or failure to make reserve fund deposits), subject to specified conditions (e.g., payment of interest only, partial payment of principal, change in use). The granting of the Deferment will permit only those financial defaults specified therein to continue for the specified period limited to one year and the Borrower must comply in all other respects with the HUD requirements under its loan or loans.

Field office means any HUD Regional, Area or Insuring Office which is delegated loan servicing responsibilities under the College Housing Program.

HUD-assisted facility means any facility which is a part of a project assisted with a College Housing loan and any other facilities the revenues of which are pledged to or otherwise secure repayment of the HUD loan.

Loan agreement means the contract between HUD and a Borrower setting forth the terms and conditions of the HUD loan.

Loan requirement means any obligation of a Borrower under its Loan Agreement, Bond Resolution, Trust Indenture, and/or Note/Mortgage.

Note/mortgage means the formal undertakings of certain private college and nonprofit corporation Borrowers with respect to a College Housing loan.

Trustee means a banking or other corporation legally authorized to exercise corporate trust powers which is designated as a Trustee under a Trust Indenture.

Trust indenture means the formal undertakings of most private colleges, some public colleges, and some nonprofit corporation Borrowers with respect to their College Housing loans.

§ 279.61 Borrower's obligations.

(a) *Loan policy.* College Housing loans are repayable over a 40-year period (in some cases 50 years). In making such loans, HUD requires that each loan shall

be of sound value and so secured as to reasonably assure repayment. The basic security for each loan is a pledge of project revenues augmented to the extent necessary by the pledge of revenues or income from other facilities or sources or other assets. In the case of private colleges, a first mortgage is obtained on the HUD-assisted facilities and any other facilities the revenues of which are pledged to secure repayment of a HUD loan.

(b) *Flow of funds.* The Loan Agreement (and subsequently the Trust Indenture, Bond Resolution or Note/ Mortgage) provides for a flow of funds. All pledged revenues are required to be deposited into the Revenue Fund Account, and may be disbursed only in accordance with the Loan Requirements. In the case of a net income pledge, current expenses of the pledged facilities are payable as a first charge; in the case of a gross income pledge, the required deposit into the Bond and Interest Sinking Fund (BISF) is a first charge. Semiannual payments in specified amounts are required to be made into the BISF (usually annual payments equivalent to 125 percent of average annual debt service) until the reserve is fully established, and thereafter sums sufficient for debt service requirements. Available revenues remaining after payment of current expenses and BISF deposits are deposited into a Repair and Replacement Reserve Account in a specified amount based on estimated repair and replacement requirements for the project. Provision is made for use of residual funds in the Revenue Fund Account which may be limited to accelerated retirement of the HUD loan, may also include expenditures relating to the Borrower's housing system and may additionally include use for any lawful purpose. Provision may also be made for pledge of endowment funds or securities or for a Collateral Account.

(c) *Nonfinancial obligations.* In addition to the obligation to make the required payments and deposits a Borrower's obligations include undertakings deemed necessary to effectuate the statutory purposes, to safeguard the security for the loan, and to assure repayment. These obligations include:

(1) Maintenance of the Borrower's corporate existence and status as an eligible educational institution;

(2) Use of the HUD-assisted facilities for the purposes for which the loan was made, unless another use is approved by HUD;

(3) Adoption and enforcement of parietal rules, rental rates and charges for use of the HUD-assisted facilities;

(4) Physical protection of the HUD-assisted facilities including insurance coverage, repair and maintenance;

(5) Covenant not to encumber, lease or sell the HUD-assisted facilities;

(6) Maintenance of proper books and records and submission of reports to HUD.

§ 279.62 Requests for loan modification or deferment.

(a) *Financial relief.* A Borrower seeking a Deferment shall make a request therefor in writing to the appropriate HUD Field Office not less than 90 days prior to the date on which it anticipates that it will be unable to meet any payment or deposit requirement. A Borrower which has heretofore obtained a Deferment shall file such request at least 90 days prior to the expiration of its current Deferment. Each request for Deferment shall establish to the satisfaction of HUD that the Borrower has satisfied the criteria for granting financial relief set forth in § 279.63(a) below.

(b) *Changed use.* A Borrower which proposes to make a change in the use of a HUD-assisted facility either affecting the pledged revenues or involving an ineligible use under the College Housing Program shall make a request in writing to the appropriate Field Office at least 90 days prior to the date on which the changed use is proposed.

(c) *Other loan modifications.* A Borrower desiring a modification or waiver of the HUD Loan Requirements other than those described in paragraphs (a) and (b) of this section shall make a request in writing to the appropriate HUD Field Office at least 60 days prior to the date on which the need for such modification or waiver will arise except that, where the non-compliance is the result of conditions beyond the control of the Borrower, such written request shall be made promptly upon such occurrence.

§ 279.63 Financial relief.

(a) *Criteria for granting financial relief.* Deferments with respect to Defaults in a Borrower's financial obligations under its Loan Requirements may be granted: *Provided,* That the following conditions are satisfied.

(1) The Borrower is operating as an eligible educational institution as defined in section 404(b) of the Housing Act of 1950; and in § 279.1(e);

(2) The Borrower is utilizing the HUD-assisted facilities for an eligible purpose as defined in section 404 of the Housing Act of 1950 and in § 279.1, or other purpose approved by HUD;

(3) The pledged revenues of the HUD-assisted facilities, any pledged revenues from other facilities, and any pledged funds or securities are being properly accounted for and applied in accordance with the Loan Requirements;

(4) The Borrower is in full compliance with its Non-financial Obligations under its Loan Requirements including specifically those set forth in § 279.61(c) hereof, except as otherwise approved by HUD;

(5) The Borrower submits a plan of operation and financial data pursuant to which HUD determines that it is making satisfactory progress towards remedying the conditions giving rise to the defaults and that financial stability will be obtained.

(b) *Relief granted.* A Deferment may be granted to a Borrower who has satisfied the criteria set forth in paragraph (a) of this section as follows:

(1) Deferment of interest, and/or principal payments and/or reserve fund deposit requirements may be granted for a period not to exceed one year;

(2) Deferment of such payments and/or deposit requirements may be granted only to the extent that the pledged revenues or other sources are insufficient to provide sufficient funds to meet these requirements. The order in which such available funds shall be applied is set forth in paragraph (e) of this section;

(3) Interest and/or principal payments may be deferred only to the extent that there are not sufficient funds or other assets in any reserve fund or collateral account established pursuant to the Loan Requirements for such payments;

(4) The Borrower must comply with all the conditions set forth in § 279.63(a)(1) through (4) (and all conditions or requirements set forth in the Deferment) during any period for which a Deferment is provided.

(c) *Prohibited relief.* Financial Relief shall not include:

(1) Use of pledged revenues for any purpose other than as provided under the Loan Requirements;

(2) Creation of a lien on the HUD-assisted facilities prior to, on a parity with, or subordinate to the HUD lien;

(3) Release of any security deemed reasonably necessary to assure repayment of the HUD loan;

(4) Release of obligors, co-obligors, or guarantors on the HUD loan; or

(5) Write-down or forgiveness of principal or interest;

(6) The term of a loan may not be extended, except as provided under § 279.64.

(d) *Source of funds.* Where insufficient funds are available in the BISF to make interest and principal payments on a loan, the following sources shall be utilized, generally in the order specified:

(1) Cash and/or investments in the Repair and Replacement Reserve Account;

(2) Investments in the BISF;

(3) Cash and/or investments in any Collateral Account established to provide a Debt Service Reserve;

(4) Pledged endowment funds or securities.

(e) *Application of funds.* Available funds shall be applied toward the indebtedness and other Loan Requirements in the following order:

(1) Available funds shall be applied first to interest payments on the unpaid balance of the debt;

(2) Any funds remaining after payment of interest shall be applied in the following order;

(i) To principal payments in direct order of maturity;

(ii) To reestablishment of the Debt Service Reserve and Collateral Account;

(iii) To reestablishment of the Repair and Replacement Reserve Account.

§ 279.64 Refinancing.

Normally, delinquent loans will not be refinanced but delinquencies will be paid from available funds as provided in § 279.63(c) above. In circumstances where a Borrower demonstrates that sufficient pledged funds or other sources will be available to meet the required payments and deposits under the refinanced loan, but it cannot pay off all accumu-

lated delinquencies within a reasonable period, consideration will be given to refinancing the loan, if requested by a Borrower. The end maturity may be extended up to the 50-year statutory maximum loan term, if permissible under state law, but may not be extended beyond such 50-year term. Any such refinancing shall be based on substantially level annual debt service payments except in exceptional circumstances approved by the Government. A refinancing debt service schedule may not provide for ballooning a final payment which exceeds substantially the level of periodic payments required by the debt service schedule.

§ 279.65 Alternative use of facilities.

(a) *Alternative use.* Any use of a HUD-assisted facility for other than an eligible use under the College Housing Program requires HUD approval. HUD will approve and may require an alternative use of a HUD-assisted facility where this is deemed necessary to prevent a default in the HUD loan. Such alternative uses may include use by the Borrower for an ineligible purpose, such as for classrooms, or leasing or sale to another entity, and should normally be of a temporary nature so that the facility may be returned to an eligible use when feasible.

(b) Selection of alternative uses. Upon making a determination that an alternative use is appropriate, HUD will consider other feasible alternative uses as well as the one proposed by the Borrower. In deciding which alternative use to approve HUD will be guided by the following:

(1) Preference will be given to an alternative use by the Borrower if that use will generate sufficient pledged revenues for the requirements of the HUD loan;

(2) Preference will be given to an alternative use not involving major alteration, long-term lease, or sale, which would prevent the facility from being returned to an eligible use;

(3) If an alternative use by the Borrower is not feasible, preference will be given to use by another eligible educational institution if that use will generate sufficient pledged revenues for the requirements of the HUD loan.

(c) Terms of alternative use—(1) Leasing. If the HUD-assisted facility is leased to another entity, all of the net proceeds of the lease shall be applied to repayment of the HUD loan. If the HUD-assisted facility is leased to a leasee, other than a leasee which is an eligible educational institution under the Act, the leasee shall provide for payment of a rental at rates not substantially below those which would be charged in the market area for comparable facilities financed at market rates of interest.

(2) *Sale.* If a HUD-assisted facility is sold to another eligible educational institution, the purchaser will be permitted to assume the HUD loan provided that the HUD loan is reasonably assured of repayment. In the event of sale of a facility to a purchaser other than an eligible educational institution, the related HUD loan shall be repaid in full except that, where full repayment is not financially feasible, the repayment requirements shall be in the Government's best financial interest.

§ 279.66 Closing of educational institution.

When an educational institution ceases to maintain its existence or accreditation and/or to conduct its normal and customary educational activities, either entirely or at one or more locations where HUD facilities are situated, repayment in full of the HUD loan shall be required, except as otherwise provided hereinafter. Assumption of the indebtedness by an eligible educational institution will be permissible where HUD determines that the loan will be reasonably assured of repayment. Release of guarantors or co-obligors in connection with such transfer will not be permissible except in exceptional circumstances approved by HUD where such action is determined to be necessary to accomplish a transfer and is in HUD's best financial interest. Assumption of the indebtedness by an entity other than an eligible education institution affiliated with the Borrower may be approved only as a means of avoiding financial loss to HUD. The terms of any such assumption shall require elimination of the loan to the greatest extent possible, taking into consideration proposed use of the HUD-assisted facilities and the financial resources and capability of the affiliated entity.

Issued at Washington, D.C., June 21, 1977.

LAWRENCE B. SIMONS,
Assistant Secretary for Housing-Federal Housing Commissioner.

■

SOLAR HEATING AND DOMESTIC HOT WATER SYSTEMS

Intermediate Supplement to Minimum Property Standards

Title 24—Housing and Urban Development

CHAPTER II—OFFICE OF THE ASSISTANT SECRETARY FOR HOUSING—FEDERAL HOUSING COMMISSIONER, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. R-77-459]

PART 200—INTERMEDIATE MINIMUM PROPERTY STANDARDS FOR SOLAR HEATING AND DOMESTIC HOT WATER SYSTEMS

Intermediate Supplement to HUD's Minimum Property Standards; Publication and Availability

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, Department of Housing and Urban Development.

ACTION: Final rulemaking.

SUMMARY: This rule adopts the Intermediate Minimum Property Standards for Solar Heating and Domestic Hot Water Systems (S/MPS). The basic MPS define the minimum level of quality acceptable for single family residences, multifamily residences, nursing homes, and intermediate care facilities designed and constructed under HUD programs. The S/MPS is needed to provide a companion technical basis for the planning and design of solar heating and domestic hot water systems.

EFFECTIVE DATE: July 30, 1977.

FOR FURTHER INFORMATION CONTACT:

Mervin W. Dizenfeld, Mechanical Engineer Office of Housing (Architecture and Engineering Division), Department of Housing and Urban Development, 451 7th Street, SW., Washington, D.C. 20410. Phone number (202) 755-6590.

SUPPLEMENTARY INFORMATION: On July 12, 1976, HUD published a notice (41 FR 28570) of its intention to develop new supplementary intermediate minimum property standards for solar heating and domestic hot water systems (S/MPS). The primary purpose of the proposed standards is to describe the aspects of solar planning and design that differ from conventional systems. The S/MPS are based on current state-of-the-art practice and on nationally recognized standards. The S/MPS, 4930.2, is intended as a temporary, (to be superseded at a later date) supplement to the Minimum Property Standards (MPS) for One-and-Two-Family Dwellings, 4900.1, the Minimum Property Standards for Multifamily Housing, 4910.1, and the Minimum Property Standards for Care-Type Housing, 4920.1

The S/MPS are incorporated by reference into 24 CFR 200.929 of the Code of Federal Regulations. Accordingly, 24 CFR 200.929(b) is amended to read as follows:

(b) *Identification.* The Minimum Property Standards have been published in four volumes:

(1) MPS for One- and Two Family Dwellings 4900.1

(2) MPS for Multifamily Dwellings 4910.1

(3) MPS for Care-Type Housing 4920.1

(4) Intermediate Minimum Property Standards for Solar Heating and Domestic Hot Water Systems (S/MPS) 4930.2. This volume applies to buildings containing one or more living units, nursing homes, and intermediate care facilities.

In general, the chapters and divisions of the S/MPS parallel the chapters and divisions of the MPS. Within divisions, however, the S/MPS list solar topics sequentially and do not follow the MPS numbering. This permits introduction of new topics in a manner clearly related to the MPS while avoiding a cumbersome effect.

Fifty comments were received in response to the notice published in July 12, 1976. A number of commenters raised questions or made suggestions which led to changes from the proposed standards. Additionally, in order to improve the organization of the S/MPS a number of sections, tables and figures have been relocated and redesignated within the document and others deleted or added. They are identified in tables for easy reference.

The discussion of comments will be referenced to the old section number and the number applicable currently to the subject matter will be shown in parentheses.

DISCUSSION OF MAJOR COMMENTS

All comments were read, reviewed, and considered. In a number of instances, the comments were of a minor or editorial nature and were of assistance in the preparation of the reviewed document but are not reviewed in this discussion. Some of the comments were of general commendation and others were of general criticism. Being non specific, these are not discussed further. A number of comments related experiences of the respondent with solar energy and made no specific recommended changes. In a number of instances, comments were made which would have been answered had the respondent read the S/MPS document in conjunction with the MPS as is the intended use as pointed out in S-100 of the S/MPS. The current document has been made applicable to the MPS for Care-Type Housing 4920.1. The only substantive change caused by this inclusion of care-type housing is reflected in the requirements for domestic hot water temperatures in § 615-1.4.2.

GENERAL COMMENTS

Three commenters felt the issuance of the document might be premature because of the infant state of the industry. It was felt that the size and state of development evidenced by the demonstration program and current private installations and the need for guide criteria for Federal programs indicated that preliminary standards were needed. This suggestion was not recognized; however, provisions were included at the beginning of the document in Chapter 1 to allow variations to the standards for new and innovative technologies.

A number of comments were received which related to the derivation of the document from and close relationship to the HUD Minimum Property Standards, 4900.1, and 4910.1. Included in this category were comments on the way standards were referenced, the complexity of the document, and the treatment of architectural concerns. It was felt that by structuring the document similar to the HUD MPS, a basis for industry familiarity was established.

Several comments were made on the organization of the document and the use of the commentary following the statement of the criteria. One commenter felt these were most helpful, and another feared that they might be used to set a standard. It was felt that due to the newness of the topics to many of those who must use the document that explanatory notes clearly set off in italics and with their advisory nature explained in the preface would be helpful.

A number of comments were concerned with the flexibility and adaptability of the standard, how it would be changed as the state-of-the-art changed and how judgmental issues raised by the standard would be handled. These are valid concerns but they were felt to be covered by the existing mechanisms employed by HUD in administering the MPS. Periodic revisions are a part of this administration as is a process for review and acceptance of new and innovative technologies. To aid in this understanding, reference to the review process was included in Chapter 1.

A comment was made that the standard was not well suited to multi-family installations because of their greater complexity. It was felt that though the total complexity is greater, the principles of design and elements of construction are covered by using several basic elements and thus the standard was applicable. Also, a number of the paragraphs are considerations that are applicable to multi-family installations exclusively and these have been set off in a special typeface.

Comments were made by several commenters on sections throughout the document with regard to their applicability to passive solar energy systems. The state of understanding of passive systems, in a quantitative sense, is not well advanced and thus it was difficult to develop meaningful criteria in a number of areas. An effort was made wherever possible to provide the latitude that would allow the consideration of passive systems. Of particular note in this regard are the sections on Thermal and Moisture Protection (S-607) and Thermal Design (S-615-1). It was also felt that the provisions of S-101, Variations to Standards, and S-501-4, Documentation of Performance, would be helpful in the case of passive systems.

One commenter suggested the desirability of using system and/or subsystem performance measures rather than tests on materials and components as a means for judging the suitability of a design. This was recognized as a desirable goal for a performance based standard and in fact many of the sections in Chapter 5 (Materials) are keyed to the 30-day collector thermal stability test (S-515-2.1.2) which is of the nature suggested. In other areas, tests are under development and should be incorporated in future revisions of the document.

CHAPTER 3—SITE DESIGN

S-303—LAND USE

A number of comments were received concerning the wording used and the fact that many of the criteria were judgmental. This section closely parallels the MPS in form and text and was felt to be appropriate since these land use criteria are meaningful in solar installations as well as conventional. Minor changes were made to improve clarity of meaning.

CHAPTER 4—BUILDING DESIGN

S-401—PASSIVE SOLAR SYSTEMS

A number of comments were received concerning the recommended surface temperature limits. Most commenters suggested raising the temperature limits. These limits are placed on surfaces in the living spaces of the building and do not govern conditions in other locations. It was felt that the temperatures given and the latitude allowed in other areas is sufficient for both active and passive installations. This section was moved to section S-615-1.6.2 and 615-1.6.3 where it relates directly to the preceding section on design air temperatures for passive systems.

S-405-7—FIRESTOPPING

Several commenters questioned the need for firestopping of all collectors. The intent of the section is that solar system components shall not decrease the effectiveness of firestopping that is currently required by the MPS. The paragraph was revised to clarify the intent.

CHAPTER 5—MATERIALS

S-500—GENERAL

Comments were received suggesting that: (1) adhesives be included along with other materials in Chapter 5, (2) the standards in Appendix E only be mentioned in the specific sections of the chapter to which they are applicable, and (3) criteria for alternative materials be specifically set forth. In addition, some commenters had the impression that all components and materials would have to undergo extensive laboratory testing to meet the intent of this chapter. Although adhesives are not mentioned specifically in Chapter 5, the general criteria in S-515-1.1 through S-515-1.10 apply to all materials, including adhesives, if they are used in the system. Subsection S-500-1 mentions Appendix E standards to conform to the established MPS format and to inform the reader that the standards mentioned in the chapter are compiled in one location. Criteria for alternative or special materials are set forth in the general provisions of S-500-3. It was felt that the document, as written, covers the comments received with the exception of those concerned about extensive testing. To satisfy these commenters, a new section, S-501-4, Documentation of Performance, has been added.

S-501—GENERAL REQUIREMENTS

S-501-1—GENERAL

Objection was made to the use of the term "acceptable durability." The commenter suggested that an acceptable design life be stated for each component or material and that solar equipment be required to have lifetimes of 20 years or more. However, the purpose of the S/MPS is to help ensure that materials will perform their intended functions for a period of time that is at least as long as that intended by the manufacturer or designer. Therefore, to specify a minimum design life for all materials would ignore the possible cost effectiveness of replacing or repairing components or materials. Accordingly, no change was made.

S-501-2—LABELING

Numerous comments were received regarding the extensive labeling required of components and materials. In general, the readers felt that less labeling should be required. It was agreed that less labeling was desirable and thus all labeling requirements were reviewed and revised to minimize the extent of labeling. Reference to the "Federal Hazardous Substance Labeling Act," Pub. L. 86-613, was deleted from this section and is now referenced in S-515-8.1.1 and S-615-8.1.2.

S-508—DOORS, WINDOWS, GLAZING PANELS

One commenter stated that some control screens are not louvered. Another commenter suggested deleting the section. The first comment appears valid but the section should not be deleted since solar control screening must provide this performance if it is to control insect entry as well. Therefore, the section was retained and the word "louvered" was deleted.

S-515—MECHANICAL SOLAR-POWERED EQUIPMENT

Commenters suggested that the terms "significantly impair" and "intended design life" be more clearly defined. Also, it was suggested that the criteria listed under 515-1 be made more specific. It was agreed that the above terms should be more clearly defined. The criteria (S-515-1.1 through S-515-1.10) were intended to identify general requirements to be met, as applicable, by all materials and components. These criteria are needed to state requirements for materials not specifically covered in the chapter. Therefore, the terms "significantly impair" and "intended design life" are more fully described in Appendix D under "significant (deterioration, loss, etc.)" and "design life." New sections were added to cover fire safety and leakage, S-515-1.1 and S-515-1.10.

S-515-1.3—TEMPERATURE AND PRESSURE RESISTANCE

Commenters felt that the use of no-flow conditions ruled out the use of many commonly used heat transfer fluids and that no-flow conditions may not be experienced if the system is designed to prevent stagnation. The requirement does not preclude the addition of new heat transfer fluid if it is degraded and hence, many fluids will not be ruled out for this reason. However, in general, materials exposed to stagnation conditions should be stable at those temperatures. No-flow testing of collectors with heat dump provisions is generally performed with those provisions included. The section was revised to provide more latitude in responding to these conditions.

S515-1.4—MATERIALS COMPATIBILITY

Comments were that: (1) Provisions should be made to allow for bimetallic connections which are properly protected, and (2) the wording should include effect of temperature fluctuations. The criterion does not preclude the use of properly joined bimetallic connections. However, the second comment appears valid. The wording of the criterion was changed to reflect the second comment.

S-515-1.8—SOIL CORROSION

Commenters suggested that components should have their intended design life specified because of inconvenience and expense of underground repairs or replacement. It is not the purpose of the S/MPS to specify design life. The criteria were changed to reflect an extended expected design life.

S-515-2—COLLECTORS

S-515-2.1—GENERAL

A suggestion was made that the commentary should indicate that consideration must be given in the system design to the need for re-roofing under non-integral roof mounted collectors. This appears valid but the comment is covered under S-601-3.1.

S-515-2.1.1—LABELING

Numerous commenters indicated that the labeling required on collectors was too extensive. Other readers felt the labeling should be more extensive. It was agreed that the data required on collector labels were excessive. The criterion was revised to reduce the data required on labels. However, other data needed are identified for inclusion in technical data sheets.

S-515-2.1.2—THERMAL STABILITY

Extensive commentary was received on this criterion. Some commenters believed the no-flow test is too stringent particularly since collectors with heat dump provisions may not experience stagnation temperatures. Other readers felt the test should be made more stringent. Some felt a 10 percent reduction in the intercept was too severe a requirement, while others suggested a maximum allowable change of 5 percent. Also, a commenter suggested that the error of the thermal performance test is such that a small change cannot be detected. Suggestions were made to both include and omit fluid during the 30-day exposure. Also, some readers felt the 30-day aging procedure should be better specified, i.e. cleaning of glazing, mounting procedures, etc. It was agreed that the procedures should be presented more clearly. However, it was felt that a no-flow test is needed because such conditions are often experienced in actual operations. The test procedure was modified substantially to reflect pertinent comments of the readers. In particular, procedures for preparation of collectors prior to the 30-day exposure were presented. Due to lack of definitive test data under stagnation conditions, there remain questions as to the relevance of many of the comments. Therefore, the revised procedure reflects the best judgment based on the existing technology.

S-515.2.2—COVER PLATES

S-515-2.2.1—GENERAL

One commenter observed that the cover plate section covers too wide a range of materials. Also, a reader suggested adding more complete data in Table S-515-2.2 regarding length of life. Also, suggestions were made for revising numbers in the table. A broad range of materials must be covered by the section because numerous materials could be used. The length of life of materials is heavily dependent upon the system and climate in which they are used. Definitive length of life data are not available. The length of life data in Table S-515-2.2 were deleted. Property values included in Table S-515-2.2 were revised to reflect reader comments. The table was moved to Appendix B (Table B-1).

S-515-2.2.3 (NONE)—LABELING AND PRODUCT DESCRIPTION

Numerous comments were received concerning the special requirements of this section. In particular, need for information on chemical composition, fire resistance, flammability and flame spread to be provided was questioned as a considerable burden and of questionable value unless specific test procedures are referenced. It was agreed that this section singled out properties of cover plates rather extensively and it was deleted. Many of the information headings are covered in the general labeling and data sheet requirements or by compliance with other provisions.

S-515-2.2.7 (515-2.2.3.2)—UV STABILITY

Comments were received to the effect that computations of solar transmittance should be based on air mass 2 and that a weathering test is needed. These appear to be valid comments and changes were incorporated to reflect them. In particular, three aging procedures were added.

S-515-2.2.8 (615-2.1.4)—DIRT RETENTION

One commenter suggested the criteria be omitted because dirt retention is a factor beyond the control of the contractor or manufacturer. Others suggested locating water faucets within 100 feet of collectors to allow for periodic washing. Still others suggested editorial changes. Dirt retention may be a factor resulting in reduction of solar transmittance. However, data are inconclusive at present. Despite the fact that dirt retention may be beyond the control of contrac-

tors or manufacturers, if dirt is a potential problem, the owner of the system should be advised of means to overcome or reduce the problem. Editorial changes were made in the commentary and the section moved to 615–2.1.4.

S–515–2.2.9 (515–2.1.3)—OUTGASSING OF VOLATILES

A comment was made that a decrease in thermal efficiency of 2 percent cannot be measured by the recommended test method. This is true and, therefore, the value of 2 percent was deleted.

S–515–2.2.10 (615–2.1.9)—CONDENSATION

One commenter suggested that moisture condensation on covers is not a problem because it is vaporized by sunlight. Another pointed out that the criterion should be specifically made for moisture (excluding other volatiles). Another reader questioned the application of the criterion to passive systems. Recently conducted field investigations have shown that the condensed moisture does *not* necessarily evaporate when heated by sunlight. The second comment appears valid. The section was modified to include moisture buildup.

S–515–2.2.11 (405–12) FLAME SPREAD

Comment was received that this section was most applicable when evaluated as a roof assembly. This appears to be a valid comment and the section was rewritten to reflect this and relocated as S–405–12.

S–515–2.3—ABSORBER PLATE

S–515–2.3.1 (515–2.3.2.1) THERMAL STABILITY

A comment was received that the test should be performed at the minimum service temperature as well as at no-flow temperatures. The temperature differentials experienced in stagnation testing may be substantial. The criterion was revised to clarify the evaluation procedure.

S–515–2.3.3 (515–2.3.2.3)—COMPATIBILITY WITH TRANSFER MEDIUM

Numerous comments were received on the tables associated with this requirement and on the commentary. Corrosion is a complex phenomenon and the kinetics of the corrosion process are dependent on a large number of variables. As a consequence, in the absence of specific operating conditions, it is not possible to specify materials selection criteria. Rather, it is only possible to provide guidelines which indicate use conditions generally considered to be acceptable or unacceptable for a given class of metals. Significant revisions were made in the tables and the commentary to reflect the readers' comments.

S–515–2.4—ABSORPTIVE COATINGS

S–515–2.4.2 (515–2.4.2.1)—THERMAL STABILITY

A commenter said that documentation is needed to demonstrate the validity of the evaluation tests mentioned in the criteria. The tests mentioned are accepted standards by ASTM for evaluating coatings. Despite the fact that data are desirable for addressing the comment, no such data are yet available. No changes were made in this section.

S–515–2.4.3 (515–2.4.2.2)—UV STABILITY

One commenter said the proposed tests are merely screening tests. Other comments were that the aging test should also permit outdoor exposure and other acceptable methods. Another reader felt the criterion should be omitted because the UV stability could be determined as in the thermal stability test. The first two comments appear valid. It is felt, however, that a 30-day stagnation test is not adequate for determining UV stability of coatings. The requirement was revised substantially. In particular, three methods of aging have been provided.

S–515–2.4.4 (515–2.4.2.3)—MOISTURE STABILITY

One commenter indicated that if the coating cannot pass the recommended test, then long-term tests will be necessary. The recommended test is an ASTM standard and is judged to be a useful evaluation tool, therefore, no changes were made.

S–515–2.5—COLLECTOR ENCLOSURE

One commenter suggested adding a requirement to protect components of collectors or buildings from moisture in open collectors. Another said a section on how to install the enclosure is needed. Another indicated that no cracking at all should be allowed if the collector is used as the roofing membrane. The first comment appears valid. There are many ways to install an enclosure. The S/MPS is not an appropriate document for listing them. The final comment is already covered by the criterion. A new requirement on leakage has been added (S–515–1.10). The format of the collector enclosure section was revised and appears in S–515–2.5.1.

S–515–2.6—REFLECTIVE SURFACES

One commenter suggested considering the effects of airborne abrasives, cleaning, etc. on the surfaces. Another indicated the 10 percent loss of reflectance is rather restrictive. A reader expressed concern regarding size of hail used for tests. The first and third comment appear valid. The 10 percent loss in reflectance is judged to be a reasonable level. The effects of airborne abrasives, etc. are covered in the general requirements (S–515–1.5, S–515–1.7). The criterion for hail resistance was deleted since it was covered in S–601–7.

S–515–3—ENERGY TRANSPORT SYSTEM

S–515–3.1—APPLICABLE STANDARDS FOR LIQUID SYSTEMS

S–515–3.1.2—OTHER STANDARDS

A commenter indicated concern that some materials are excluded by Appendix Table B–4. The S/MPS are not intended to exclude specific materials and the tables are recommendations only. Editorial modifications were made in the Appendix tables.

S–515.3.1.4 (S–515–3.2.2)—CHEMICAL AND PHYSICAL COMPATIBILITY

One reader indicated that some degradation should be allowed. Another suggested cathodic protection as a means of possibly avoiding problems. These are valid suggestions and the wording of the criterion was changed to reflect the first comment. The second comment is addressed by S–515–1.8.

S–515–3.2 (S–515–3.3) APPLICABLE STANDARDS FOR AIR SYSTEMS

A comment that SMACNA be referenced in the criterion was adopted. The reference to humidifiers was questioned and sections 515–3.2.2 and 515–3.2.3 deleted.

S–515–6—PUMPS AND FANS

A comment was made that heat pump criteria should be included in another location in the document. It was felt that heat pumps are standard equipment and that specially noted requirements are not necessary in this document. Thus, such references were deleted and 515–6.2 redesignated 515–6.1.

S–515–7—THERMAL STORAGE UNITS

S–515–7.1—GENERAL

A reader expressed the view that storage units should not be required to last for the lifetime of the building, as indicated in the commentary. The commentary pointed out that, if storage units are inaccessible for replacement, they should perform their function for the lifetime of the building. Although this was not a requirement for the storage unit, it is believed to be a reasonable expectation. The commentary was deleted.

S–515–7.2—APPLICABLE STANDARDS

A commenter questioned why fiber reinforced plastics (FRP) were excluded from consideration as pressure vessels. Appendix Table B–6 contains references to existing standards that may be applicable to materials used in storage units. A standard for FRP at high pressure was not found in the literature. This does not preclude the use of FRP if it can be shown to meet the intent of the criteria in Section S–515–7. Appendix Table B–6 was modified and reference to ASHRAE 94–77 included in the section.

S–515–7.3 (515–7.4.1) CONTAMINATION

The requirements of the U.S. Public Health Service Drinking Water Standards have been made applicable to liquid systems.

S–515–7.4 (515–7.4.2) MATERIALS COMPATIBILITY

One commenter noted that the statement in S–515–7.4a is not pertinent if the thermal storage system is not in contact with the heat transfer medium. Another comment was that Tables S–515–2.3.2 and S–515–2.3.3 may not include materials used for passive systems. Also, a commenter indicated that limits of performance should be stated. These are valid comments, however, it is not pos-

sible to specify limits of materials performance at the present time. Even if materials used for storage units are not specifically mentioned in tables, they may be used after appropriate testing. Revisions were made to reflect the comments.

S–515.8—HEAT TRANSFER FLUIDS

S–515–8.1—GENERAL

The provisions of 515–8.1.2 have been relocated in 515–8.1 and 515–8.1.2 deleted.

S–515–8.1.1—LABELING

Some comments indicated that more information should be included on labels. Others said less should be included. It was felt that a list of compatible materials is not needed and the criterion was modified to reflect the comments. All items except health and safety warnings may be given on a technical data sheet instead of on the container itself.

S–515–8.2.2—FLASH POINT

A number of commenters questioned the requirement for a minimum heat transfer fluid flash point of 400 F. Although system design is the most important safety factor, it is felt that for residential systems, the fluid should be maintained below its flash point. Therefore, the 400 F requirement has been eliminated and the required flash point has been set as a function of maximum system temperature.

S–515–8.2.4—FLUID DISPOSAL—BIODEGRADABILITY AND AQUATIC QUALITY

Comments were received questioning the strictness of these requirements, the validity of using five-day BOD as a measure and the appropriateness of the paragraph's location in Chapter 5. It was felt that these comments raised valid issues and that the basic safety provisions were satisfactorily covered in Subsection S–615–9. For these reasons, the section has been deleted.

S–515–8.3 (515–8.3.1)—CHANGES IN HEAT TRANSFER FLUID

One commenter expressed the opinion that the subsection eliminates the use of many fluids now being used. Several editorial comments were received and one reader referred to published data. The criterion does not eliminate the use of any heat transfer fluid. It states the level of performance expected. All editorial comments were included in the revision. Also, the wording was changed to more clearly state the level of performance expected.

S–515–8.5 (515–8.3.3)—THERMAL STABILITY

One commenter said the criterion should note the effect of fluid on the complete system. Another objected to the use of the term design life. These are valid comments and the criterion was reworded to reflect them.

S–515–9—HEAT EXCHANGERS

A reader indicated that the section should not require double walled heat exchangers. An explanatory commentary was added in 515–9.1. This requirement is similar to that of S–615–10.1.1 and is also discussed under that heading.

S–515–11—INSULATION/THERMAL AND MOISTURE PROTECTION

S–515–11.1.1—FLAME SPREAD CLASSIFICATION

A number of comments were received on this section. Some readers recommended that the flame spread ratings and test methods be made less stringent while others stated that the section was not stringent enough. It is felt that this section in conjunction with Subsection S–607–3, Building Insulation, represents the best insulation standard currently available. Additional introductory remarks have been made in 515–11.1 to clarify the relationship between S–515–11.1.1 and S–607–3.

S–515–11.2—MATERIALS PERFORMANCE

S–515–11.2.1 (515–11.2.1.1)—GENERAL

An objection was made to the references to outgassing problems resulting from freon and to the reference to CO_2 blown insulation. The comments appear valid and appropriate changes were made.

S–515–11.2.2 (515–11.2.1.1)—THERMAL STABILITY

Commenters suggested the evaluation be more clearly tied to the 30-day stagnation test. This suggestion is valid and the section was revised to reflect the comment.

S–515–11.3 (515–11.2.2.)—PIPE OR DUCT INSULATION

Commenters suggested adding a requirement for weathering of insulation. This is a valid comment and is covered by Section S–515–1.2. A commentary referring to the ASHRAE Handbook of Fundamentals was added.

S–515–13—ORGAN COUPLING HOSES

One commenter suggested a more definitive test for thermal stability be included. Another indicated that ASTM D1149–64 (1970) may not be useful for durability testing. Like many existing standard tests, there is some question as to the relevance of these tests to materials for solar systems. However, these tests are believed to be useful in view of the present technology. No substantive changes were made to the section.

CHAPTER 6—CONSTRUCTION

S–600—GENERAL

S–600–1—LABELING

Several commenters suggested ways to clarify and make more consistent the requirements of this section. The suggestions were reflected in revisions made.

S–600–2—ALTERNATIVE CONSTRUCTION

A commenter asked that the method of appeal in the case of variation to standards be described. This was done through the addition of a new section, S–102, Product and Design Modifications.

S–600–3—INSTALLATION, OPERATION, AND MAINTENANCE MANUAL

Comments on this section concerned additional requirements for system clean out and questions regarding its applicability to passive systems. System clean out is covered in S–615–10, Plumbing, and it is felt that the section adequately covers the needs of passive installations. S–600–3 has been expanded to detail the scope of manual to be provided to specified persons.

S–600–4—REPLACEMENT PARTS

A commenter observed that there is no time limit placed on the availability of parts and this would force a manufacturer to maintain an inventory of replacement parts for an indefinite period. The MPS does not specifically indicate that a manufacturer has to maintain an inventory.

S–600–6—SAFETY AND HEALTH REQUIREMENTS

S–600–6.3—PROTECTION FROM HEATED COMPONENTS

Several commenters recommended that this section should be applied only to accessible components. The suggestion is valid and the section was revised. A suggestion was made to provide safety identification on fill caps and drains of pressurized systems. The section was amended to note this comment.

S–600–6.4—SYSTEM COMPONENT CLEARANCES

Comments were received concerning the inclusion of appliances not covered by the referenced standard and the applicability of the requirement to passive systems. The comments appear valid and this section was rewritten to reflect these suggestions.

S–601—GENERAL STRUCTURAL REQUIREMENTS

S–601–4—WIND LOADS

S–601–4.1—FLAT PLATE COLLECTORS MOUNTED ON ROOFS AND WALLS

S–601–4.1.3

A comment was received that this provision did not adequately cover inflatable collectors. The question of internal pressure on an inflatable collector does not appear to be serious. Inflatable collectors would presumably imply a continuous surface capable of resisting pressure, therefore, no wind should be able to infiltrate and create an internal pressure. A further comment noted the need to consider internal pressure when collectors form an integral part of the roof structure. The section was revised to reflect these comments.

S–601–6—SEISMIC LOADS

Comment was made that this subsection did not agree with the MPS. This comment was correct and the section was revised to make it consistent with the MPS.

S–601–7—HAIL LOADS

Several comments were received questioning the basis of this subsection and

its severity. It was suggested that the loading values be reduced by ½ and that an allowable failure rate be specified. Data, which are not presently available, would be needed to specify a failure rate. The level of load resistance required of collectors is similar to that provided by conventional roofing for all but the central states "hail belt." For these reasons, the comments were not adopted but the section was revised for greater clarity and broadened to cover reflector surfaces and lenses as well as cover plates.

S-601-9—THERMAL DISTORTION

Comments on this subsection were concerned with its lack of definition. The section was revised to alleviate these concerns.

S-601-12—STORAGE TANKS

Several comments were received on this subsection suggesting the need for testing guidelines, greater latitude in accommodating new and innovative designs, and the inclusion of thermal stresses. The section was revised in consideration of these comments with reference to Section S-615-10.10 for leak testing, expanded coverage for non-pressurized and rock-bed storage, and coverage of thermal stresses.

S-607—THERMAL AND MOISTURE PROTECTION

Several comments were received which expressed concern over the allowed variation in insulation values, and some conflicts with other sections concerning areas of application. One comment suggested that efficient operation of movable insulation might be an appropriate requirement in this section. It was felt that this was best covered under thermal design, and no change was made in this regard. The sections on insulation values and areas of application were revised and rewritten to clarify their applicability. A section concerning fire resistance was removed from S-515-11 and incorporated in S-607-3.1 and rewritten to eliminate conflicting requirements. A needed section on waterproofing storage tanks and reservoirs was added.

S-615—MECHANICAL

S-615-1—THERMAL DESIGN

S-615-1.1—GENERAL

Three comments were received concerning the oversizing of solar energy systems by designing the complete heating system to meet design winter *24-hour* heating loads in terms of collector and storage size. The requirement has been retained but the commentary has been rewritten to clearly indicate that the solar energy system is designed on the basis of the *average* 24 hour heating load for the peak heating month. Another comment suggested the use of additional building thermal insulation with solar systems. While this is highly desirable, the use of building thermal insulation is covered in Section 607-3 of the MPS and it is not the intent of this document to alter the non-solar building aspects.

S-615-1.2—BACK-UP

The questions related to the role of the back-up system and the capability to provide up to 100 percent of the heating requirements were raised partly because of confusion between the auxiliary role and the back-up role. Both the requirement and commentary were modified to state that the solar energy system contribution shall be completely backed up with reliable auxiliary thermal energy subsystem capable of meeting heating and hot water requirements. Back-up for cooling is not required because the document does not include cooling. Additional comments related to the effect of demand on utilities and aggravation of peak loads is addressed throughout Section S-615-1.3.

S-615-1.3—SYSTEM CAPACITY—SPACE HEATING

S-615-1.3.1—AUXILIARY ENERGY SUBSYSTEM

The comments regarding the use of auxiliary energy to minimize peak energy loads were very appropriate. A statement was added to the commentary to emphasize the benefits gained by coordinating the auxiliary energy usage from on-line, utility supplied sources with non-peak times. Further suggested limitations on the capacity of auxiliary heating or hot water systems are not desirable at this time because of the lack of experimental data on practical ratios of solar contribution to total load for various climatic regions. The influence of tolerable comfort levels, control system capabilities and building energy budgets will significantly effect pertinent absolute standards.

S-615-1.3.2 A AND B—SOLAR ENERGY SYSTEM

Several comments on the accuracy and detail of methods for calculating the building load and solar energy system performance were received. Suggestions ranged from the use of hourly data to "a simple calculation would suffice." The concern with the complexity of calculations is appreciated but the initial prescribed minimum use of average monthly climatic data and loads at the maximum time period, when these were based upon correlations using more detailed analysis procedures, represents a compromise in complexity and cost until more experimental evidence is available. It is not the intent that every single family dwelling be analyzed if data for a similarly constructed dwelling and climatic region are available. However, the sizing significance in terms of initial and life cycle cost for a solar energy system is such that more precise prediction of heating loads is required. Procedures such as the one used in Appendix A use monthly average conditions based upon hourly correlations to predict average performance over several years.

The comment that a system field test procedure be added in this section is not considered practical for the current stage in the development of systems. Many systems are assembled in the field with variations in construction, installation and controls an dthe components originate from a variety of manufacturers.

S-615-1.4—SYSTEM CAPACITY—DOMESTIC HOT WATER HEATING

S-615-1.4.1—AUXILIARY ENERGY SUBSYSTEM

The comments and the response for domestic hot water (DHW) heating systems are generally the same as for space heating described in paragraph S-615-1.3. A commentary statement was added indicating that the minimum acceptable DHW storage was as listed in the MPS but that solar energy systems generally have larger storage through the use of preheater containers.

S-615-1.4.2 A, B, AND C—SOLAR ENERGY SYSTEM

Many comments were directed at the design DHW demand, source water temperature and delivered hot water temperature. Since these parameters are so variable with individual requirements and local conditions, the original criteria were established as typical for design purposes where specific site values were unknown. In order to provide demands more realistic of dwelling or apartment size, a table was added listing the minimum demand to be used. A table of source water temperatures was added to Appendix A to provide an indication of the values found in fourteen U.S. cities. The specification of delivery temperature of 140F aroused the greatest concern because of its impact on solar collector efficiency. Although many residential requirements can be satisfied with about 120F temperature, the 140F is a HUD requirement to meet the needs for certain types of appliances and changes in the MPS will be required before the DHW system design temperature can be altered.

Another comment suggested a required minimum flat plate collector area and storage volume as a function of the number of bedrooms. After performing calculations of the requirements and performance with climatic region, solar energy system and component characteristics and cost factors, it was decided that additional experience is desirable before establishing such minimums for size or performance.

S-615-1.5—SYSTEM CAPACITY—COMBINED SPACE AND DOMESTIC HOT WATER HEATING SYSTEMS

Concern was expressed by one commenter that electrical operating energy was selected for comparison with the thermal performance predictions. In reality, the intent is to determine how much electrical energy was required to operate the system.

S-615-1.6—ENVIRONMENTAL CONDITIONS—PASSIVE SYSTEMS

One comment on this section questioned what "indoor design condition" referred to but as indicated in the subsections, space temperature is the only design condition discussed. Other com-

ments suggested clarification of the use of the words "fluctuations" and "gradients" when used in conjunction with temperature. The criteria and commentary were carefully rewritten to indicate that temperature gradients were the primary method of transferring energy in and that temperature fluctuations and differences resulted from this passive control method. Therefore, although large temperature extremes may be tolerated in non-occupied spaces, provisions are required to maintain the MPS design conditions during occupancy.

As suggested by another commenter an additional criteria, S–615–1.9 "Excess Collected Energy," was added to provide for the dumping of excess collected thermal energy.

S–615–1.8—SYSTEM SHUTDOWN

Several commenters objected to the provisions that the shut down of the heating or DHW systems in one unit shall not interfere with the system function in other units. Because it may not have been clear, the word solar was added to clearly identify that the provision applied to the solar energy system and it is not intended to be different from the MPS for conventional systems.

S–615–2—COLLECTORS

S–615–2.1—GENERAL PROVISIONS

S–615–2.1.1—DESIGN FLOW RATES

Two comments suggested that uniform flow rates can be achieved through the use of properly designed collector manifolds and that a limitation in unbalance be established. A tolerance of ±20 percent in flow rate variation from design was added as well as modifying the criteria to indicate that the design or other provisions shall be used to obtain acceptable flow.

S–615–2.1.2—TILT AND ORIENTATION

Several additional considerations were suggested and added to the commentary regarding considerations of collector orientation. These included morning and evening fog or local architectural restrictions. The use of an adjustable collector is a further design option.

S–615–2.1.3—SHADING

Comments indicating that the shading criteria needed design limits was acknowledged by adding to the commentary a design goal of not reducing the collected useful thermal energy by more than 5 percent by shading during the month of peak load requirements.

S–615–2.2—COLLECTOR THERMAL PERFORMANCE

S–615–2.2.1—GENERAL

It was suggested that a separate criterion be established for thermosyphon systems since they are technically passive systems. This comment was valid, therefore, a section, S–615–2.2.5, Passive: Component (Thermosyphon) Systems, has been included in this document. The added section and commentary describe collector performance tests but detailed system performance test methods are not currently available. The commentary identifies some of the key considerations for designing or evaluating a thermosyphon system.

S–615–2.2.2—COLLECTOR: COMPONENT

Concern was expressed about the lack of thermal performance test methods for collectors when combined with storage and passive type collectors. Admittedly, adequate test methods are not available for integrated type collector units but the document would certainly be remiss if it did not acknowledge or permit their use. It should be realized that the collector test method (ASHRAE Standard 93–77) was accepted during the final preparation stages of this document and as other test methods become available, they will be included. Because of the need to gain experience with the available test method in various climatic regions and collector types, it has been cited in the commentary only and analytical performance predictions are required.

Pertinent comments were made regarding the acuracy of the ASHRAE Standard 93–77 and the commentary that states a ±5% accuracy is desirable. The comments argued that the method is not accurate to ±5%. It has been demonstrated that test data on the same collector can be obtained to within a couple percent when exposed to the "same" conditions. The difficulty in applying the test procedure is that the environmental exposure conditions cannot be adequately characterized or controlled and that variations in performance for currently allowable outdoor exposure conditions result in a spread of loss coefficient data of ±15%. In order to minimize this spread in data for the evaluation of collector degradation, measurements before and after exposure are required in the same climatic region and by the same measurement apparatus.

S–615–7—THERMAL STORAGE

S–615–7.1—GENERAL

A comment suggested that considerations of algae, mold, etc. related to health or increased heat transfer film coefficients be added. Section S–615–7.2, Applicable Standards, citing appropriate MPS design standards, was added to cover these factors. Statements regarding the design lifetime of inaccessible storage systems have been removed from this section.

S–615–7.3—THERMAL STORAGE REQUIREMENTS

A number of comments were received which were critical of the establishment of a minimum storage capacity for residences. However, after careful consideration of the size specified as a minimum, the major benefit of thermal storage from either collectors or other conventional sources at non-peak hours and the importance of incorporating the design of the thermal energy storage into newly constructed buildings, it was decided that the advantages of specifying some storage capability outweighed the possibility of seriously impacting solar energy system design innovations. A description of the basis for calculating the storage capacity was added to section 615–7.3.1. Commentary was added in 615–7.3.3 to indicate that less storage could be used if justified on the basis of system efficiency.

S–615–7.3.4—THERMAL ENERGY LOSS

Conflicting comments were received regarding the magnitude of the losses from thermal storage. Some comments indicated 10% was too high for externally placed tanks, others indicated it was too low, and one comment suggested it be determined strictly by cost. At the suggestion of another commenter, the requirement was made mandatory for externally located tanks only to be based upon an average 24 hour winter design day. The commentary was expanded to state that thermal losses from containers within the building can be helpful in the winter and harmful in the summer and must also be considered in the design. Losses for passive systems should also be considered but they are generally peculiar to each design and require individual determination.

S–615–7.4—TANK DRAINAGE

Two commenters were concerned whether the drainage requirement was adaptable to plastic bags and storage drums. Another commenter suggested that equal provisions be made for underground storage. As stated, the requirement clearly applies to all storage containers. The commentary was expanded to cover the underground rock storage containers.

S–615–7.6—INLET AND OUTLET LOCATION

The suggestion that the inlet and outlet connections to the storage tanks be designed and located to prevent thermal "short-circuiting" was incorporated as a separate requirement.

S–615–8—HEAT TRANSFER FLUIDS

S–615–8.1—TOXIC AND/OR FLAMMABLE MEDIA

S–615–8.1.2—DETECTION OF TOXIC AND/OR FLAMMABLE FLUIDS

Several comments were received concerning the strictness of this requirement. Some felt that this requirement was more demanding than those for conventional heating systems. Solar installations may involve the use of heat transfer fluids that are new and unusual to residential applications. Some may be toxic or combustible and may be in systems operating at high temperatures in configurations that are not familiar to occupants or service personnel. For these reasons, it was felt that recognition was a necessary requirement. The section was modified to require recognition of leaks and thus the warning of occupants. Further clarification was also made of its applicability to toxic and combustible fluids.

S–615–9—WASTE DISPOSAL

Ambiguous terminology and excessive application requirements were the sub-

stance of several comments made on this section. In some instances, an improper interpretation of the requirement led to the comment, in others it was felt that valid points had been raised. The section was revised to require catchment for toxic and/or combustible fluids from pressure relief valves, service drainage, and identifiable leakage.

S–615–10—PLUMBING

S–615–10.1—HANDLING OF NON-POTABLE SUBSTANCES

S–615–10.1.1—SEPARATION OF CIRCULATION LOOPS

In the process of revision, this section became the subject of several comments. The commenters felt that the requirement of a double wall between potable and non-potable circulation loops was overly restrictive and in some instances counter to the prevention of contamination. While it is conceivable under some circumstances to have contamination with double wall systems, this is currently the method with most widespread code acceptance and it was felt that without a broader knowledge base of actual installation configurations, the double wall provision should be retained. The section was revised to allow systems which offer equivalent safety. This provision should allow latitude for innovative designs that provide a safe installation.

S–615–10.3 (615–10.5)—SYSTEM DRAINAGE

Commentary suggested that drainage of all components would be difficult to achieve. It is believed that with proper system design, this should not be difficult and consequently, the requirement was not changed.

S–615–10.5 (615–10.7)—PROVISION OF VALVES AND FITTINGS

S–615–10.5.4 (615–10.8)—SYSTEM CLEANING

Comments which were received on the stringency and application of this requirement raised valid points. The section was rewritten as Section S–615–10.8, System Cleaning, to more accurately reflect the desired procedures.

S–615–11 AUXILIARY ENERGY SYSTEMS

The comment indicated that the interconnections between the auxiliary and solar heating systems be included. An additional requirement (Section S–615–7.7, Auxiliary Energy Location) was added to specify the locations of heating elements or heat inlets into storage. Another requirement, Section S–615–11.2, System Interconnections, was added to cover excessive temperature, pressure, or safety aspects of integration of these two systems. Other portions of the integration are covered by the MPS as referenced.

S–615–12—HEAT EXCHANGERS

S–615–12.1—SIZING

One commenter objected to any statement regarding heat exchanger sizing, while another indicated the specification of a minimum effectiveness value of 0.7 was precluding the development of inexpensive, low effectiveness devices. This extremely important system component has not received sufficient emphasis in many designs and, therefore, the method of calculating the effectiveness has been retained. The specification of a minimum effectiveness was moved to the commentary but indicated to be a typical value. Further illustrations of determining the effectiveness were incorporated in Appendix A. The calculation procedure does not apply to passive systems as mentioned by one comment.

S–615–12.2—HANDLING OF NON-POTABLE FLUIDS

The several comments received under this heading have been discussed under Section S–615–10.1.1, Separation of Circulation Loops. A new section S–615–12.2 has been added and titled, Protection Against Maximum Temperature, Pressure and Vacuum.

S–615–13—AIR DISTRIBUTION

S–615–13.2—DUST AND DIRT PREVENTION

The requirement for air filters on the outlet of rock bed storage could be very detrimental to the function of passive systems as was pointed out by one commenter. The section was revised to correct this requirement.

S–615–14—CONTROLS AND INSTRUMENTATION

A number of comments were received on this section concerning location of protective devices, definition of flammable and combustible fluids, and modification or deletion of the temperature relief requirement. It was felt that pressure relief was adequate and the section was rewritten with temperature relief eliminated and with additional commentary added to clarify the pressure relief requirement including questions of location or protective devices.

Several comments were received concerning the requirement for differential thermostat controls stating that this was an undesirably narrow requirement. The comments appear to be valid and the section has been revised.

APPENDIX A—CALCULATION PROCEDURES FOR DETERMINING THE THERMAL PERFORMANCE OF SOLAR DOMESTIC HOT WATER AND SPACE HEATING SYSTEMS

The interest and general agreement in providing a simplified procedure for evaluating solar energy system performance indicated the need and usefulness of Appendix A. Comments that the scope should be increased to cover a larger number of system types was accommodated by adding specific examples for an air heating system and a domestic hot water system. Correlation studies have been performed to apply the f-chart method to systems that are similar to the types described in the Appendix. Increasing the scope of the examples, as suggested by several commenters, to include heat pump assisted systems and passive systems, will be done as the correlation data and f-chart curves are prepared.

It must be emphasized that the applications of the procedure described in Appendix A are to evaluate systems performance and are not intended to size or optimize the system performance as some of the comments inferred. The comments regarding the complexity of determining factors such as available insolation, building loads and collector parameters have been addressed by expanding explanations or data for each of the pertinent sections. For instance, US maps showing the average daily insolation for each month were added for use in geographic areas where specific data are not available or where calculations from extraterrestrial values are not warranted. Appreciation of local differences in insolation and seasonal or annual variations of 20% must be considered in applying the data for short term predictions. Methods of applying collector thermal performance data, expressed in terms of the amount of absorbed solar energy ($F_R\tau\alpha$) and thermal energy loss (F_RU_L) for the system operating conditions, are described for any collector. Some additional collector data may be required if significant angular or spectral sensitivities are an inherent characteristic associated with all-day performance.

A few commenters suggested alternative procedures (referenced in the document) as being simpler or more comprehensive. A relatively large variety of system performance prediction methods are available with specific features. However, the f-chart method was selected for illustration purposes because it represents the greatest potential use in terms of collector characteristics, validity by correlation with detailed analysis and computational versatility (either computer or hand calculation). It is expected that experimental results over the next five years will result in modification and improvement of all prediction methods to provide accurate design and evaluation methods.

APPENDIX B—MATERIALS TABLES

TABLE B—THERMAL STORAGE UNIT CONTAINERS

A comment was received that suggested that wood containers may be useful for both liquid and air. A commenter questioned whether or not liners could be used and if FRP vessels could be used under high pressure. The table is included as a guide to help in identifying standards for materials that may be used in storage units. However, the table does not exclude liners or FRP vessels under high pressure. These would be covered under Criterion S–101–1. Several changes were made in the table; one for clarification and one to include wood.

TABLE B–5—TYPICAL HEAT TRANSFER FLUIDS

A comment was made that flash point may be dependent upon viscosity; therefore, the data should reflect the test conditions. This is a valid observation; however, manufacturer's data do not always describe test conditions used to obtain data. A footnote was added to note this comment. A comment was received concerning the definition of toxic and nontoxic heat transfer fluids, particularly

water with inhibitors. The concern appears valid and the table was revised to reflect this. Also, editorial changes were made.

TABLE B–6—TYPICAL CORROSION INHIBITORS

Numerous comments were made with suggestions for additions or deletions. However, upon examination of these comments, it was decided that it is not possible to present inhibitor data in a generalized table and the table was deleted.

TABLE B–7—COMPARATIVE CHARACTERISTICS AND PROPERTIES OF SEALING COMPONENTS

It was suggested that the heading, "Silicone," be revised to include both one and two part materials. Also, numerous suggestions were made for revising the data in the table. The table was revised to reflect these comments.

TABLE B–8—UPPER TEMPERATURE LIMITS FOR INSULATION MATERIALS

A commenter suggested the table be deleted. Because of the difficulty of finding authenticating test data for the values listed, it was decided to delete the table.

APPENDIX C—ILLUSTRATED DEFINITIONS

Several comments were received suggesting changes to and the rewording of certain terms on the illustrated drawings. It was decided to redo a number of the drawings for greater clarity and change certain terms. The "solar window" drawing was corrected.

APPENDIX D—DEFINITIONS

Two comments were received about Appendix D. The first commenter suggested that the definition of "design life" be more specific. The second suggested that the relationship of the three types of collectors (combined, component, and integrated) to active and passive solar systems be stated. Though the definition of "design life" was not modified, its usage in the criteria was greatly reduced and a definition was added to describe what was meant by "significant (determination, loss, etc.)" in performance. The comment on collector types was reflected in changes made in these definitions.

An official, historic file of the Minimum Property Standards, the revisions and supplements including S/MPS is available in the Office of Technical Support, Room 6160, Department of Housing and Urban Development, Washington, D.C. and in each HUD Regional, Area, and Insuring Office. A copy of the standards, revisions, and supplements is also maintained in the Office of the Federal Register, Washington, D.C. Copies of the MPS, the revisions, and supplements can be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

A Finding of Inapplicability respecting the National Environmental Policy Act of 1969 was made in connection with the proposed rule and is applicable to this final rule. A copy of this Finding of Inapplicability will be available for public inspection during regular business hours in the Office of the Rules Docket Clerk, Office of the Secretary, Room 5218, Department of Housing and Urban Development, 451 7th Street, SW., Washington, D.C. 20410.

NOTE.—It is hereby certified that the economic and inflationary impacts of this final rule have been carefully evaluated in accordance with Executive Order No. 11821. (Sec. 7(d), Department of Housing and Urban Development Act (42 U.S.C. 3535(d)).)

Issued at Washington, D.C., June 23, 1977.

LAWRENCE B. SIMONS,
Assistant Secretary for Housing—Federal Housing Commissioner.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

■

EDUCATIONAL TELEVISION— EMERGENCY SCHOOL AID

Title 45—Public Welfare

CHAPTER I—OFFICE OF EDUCATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

PART 185—EMERGENCY SCHOOL AID—EDUCATIONAL TELEVISION

AGENCY: Office of Education, HEW.

ACTION: Final Regulations.

SUMMARY: This regulation governs financial assistance to eligible applicants for the development and production of integrated children's television programs of cognitive and affective educational value. The changes are being made in response to concerns of the constituent community and to conform the regulations to prevailing television industry practices.

EFFECTIVE DATE: Pursuant to section 431(d) of the General Education Provisions Act, as amended (20 U.S.C. 1232 (d)), this regulation has been transmitted to the Congress concurrently with the publication in the FEDERAL REGISTER. That section provides that regulations subject thereto shall become effective on the forty-fifth day following the date of such transmission, subject to the provisions therein concerning Congressional action and adjournment.

FOR FURTHER INFORMATION CONTACT:

Dave Berkman, Bureau of Elementary and Secondary Education, Room 2011, Federal Office Building 6, 400 Maryland Avenue, S.W., Washington, D.C. 20202. (202/245-2465).

SUPPLEMENTARY INFORMATION: Notice of proposed rulemaking was published in the FEDERAL REGISTER on October 20, 1976 at 41 FR 46317 which amended Subpart H of Part 185 of Title 45 of the Code of Federal Regulations. Interested parties were given 45 days after October 20, 1976 to submit comments, suggestions, or objections. Six letters containing 29 suggestions and comments were received. A summary of these comments and responses is discussed in this document.

SUMMARY OF COMMENTS AND RESPONSES

1. *Comment.—Categories—§ 185.72(a)(1).* One commenter suggested that the inclusion of a new category would discourage proposers from applying for initial funding since there would be only limited opportunity to obtain additional funding in subsequent years. This category limits continuations of previously funded national series to one per year in those years when proposals in this category are requested. This category also excludes the possibility of continuations in other years.

Response. No change is made in the proposed rule. Under the previous regulations, a disproportionate share of funding was paid for continuations. In the most recent year, all national series funded were continuations. This new regulation makes it possible to fund a prior recipient in a year when proposals for the national continuation category are invited. It also makes it possible to guarantee funding of new national series to meet previously unmet needs. It should also be noted that a previously funded national bilingual series is eligible for funding in any year when proposals in the bilingual category are invited. For these reasons, the limitation of "no more than one contract" per category will be retained.

2. *Comment.—Continuation categories—§ 185.72.* It was suggested that the continuation categories should allow for automatic, non-competitive funding.

Response. No change was made in the proposed rule. Applicants for national or regional series continuation funding are required to go through the same competitive process as other applicants in order to assure annual competitive television programming. In other words, merely because an applicant has been funded in a prior year, will not assure funding in a subsequent year.

3. *Comment.—Continuation of regional categories—§ 185.72.* It was suggested that the inclusion of a continuation "regional" category can give unfair advantage to producers of previously funded "regional" series.

Response. No change was made in the proposed rule. Under the previous regulations, in which old and new regional series could compete against each other, it was possible that the category could be dominated by continuation fundings. The regulations now make it possible to assure the funding of up to three new regional series as well as for the continuation of two series funded in a prior year.

4. *Comment.—New categories—§ 185.72(a).* It was suggested that additional new categories should be established for funding to insure maximum latitude for consideration of content ideas.

Response. No change was made in the proposed rule. The national categories which allow for either cognitive or affective programming intended for elementary or secondary age students, and the virtually unlimited regional categories, would seem to allow almost unlimited program content possibilities. While proposals will not be invited in all national categories each year, it is expected that before this legislative authorization expires, proposals in each of these categories will be invited at least once.

5. *Comment.—Category for linguistic and grammatical deficiencies—§ 185.72(a)(1).* It was suggested that the former programming category concerned with "linguistic and grammatical deficiencies" be retained.

Response. No change was made in the proposed rule. Programming designed to meet such needs can be submitted in either of the two national "cognitive" categories or in the new "regional," categories.

6. *Comment.—National bilingual program category—§ 185.72(a)(6).* It was suggested there is no need for a national bilingual program category and that bilingual programming continue to be funded under other national categories.

Response. No change was made in the proposed rule. The inclusion of such a category insures the possibility of funding at least one bilingual series in a given year, and avoids the imbalance created by a situation whereby bilingual programming competes and is awarded funding in more than one category.

7. *Comment.—Limitation of awards by ethnic grouping—§ 185.72(b).* It was suggested that the regulations would no longer limit awards in a given year to one series directed at one racial or ethnic group unless the Assistant Secretary for Education makes an exception.

Response. No change was made in the proposed rule. Section 185.72(b)(2) which speaks to these concerns is retained.

8. *Comment.—Amount of regional award—§ 185.72(b)(3).* It was suggested that there is no need to increase the maximum amount for a "regional" award to $300,000. It was also suggested that there was no need to increase the maximum amount for "regional" continuation series.

Response. No change was made in the proposed rule. The rate of inflation since the previous limit of $250,000 was set over four years ago, makes it necessary to increase the maximum amount to $300,000 for both new and continuation series funded under the "regional" categories.

9. *Comment.—Authority of Assistant Secretary for limiting usage—§ 185.72(c).* A commenter suggested that the authority of the Assistan. Secretary with respect to authorizing a lesser usage when the cost of obtaining such rights proves excessive, be broadened to permit a lesser usage for reasons other than excessive cost.

Response. No change was made in the proposed rule. Section 711(b)(1) of Title VII, Pub. L. 92-318 (20 U.S.C. 1610(b)(1)) mandates that all programming produced under that section be made reasonably available, free of charge, to the user. The purpose of § 185.72(c)(2) is to abide by the congressional intent with respect to the free availability to users. To add additional bases for flexibility, other than a cost factor, would not be within the province of the Assistant Secretary's authority.

10. *Comment.—Public station usage rights—§ 185.72(c)(2).* It was noted that the proposed rule does not make it clear that the period of minimum public station usage rights commences with the first broadcast by any public station.

Response. A technical change to this effect has been made in the proposed rule to reflect that usage rights commence with the first broadcast by any public station.

11. *Comment.—Commercial stations—§ 185.72(c)(2).* It was suggested that the provision mandating minimum commercial station use rights be limited to sustaining carriage. It was further suggested that commercial broadcasters not be allowed, as is the case in public television, to sell air time to cover the cost of transmitting a series, in return for which the entity paying for the air time receives a credit.

Response. No change was made in the proposed rule. The government cannot

prohibit the selling of air time under such an arrangement. However, because of the excessive cost for producers to obtain such a use right from talent unions, there is no requirement that producers of series produced under the Emergency School Aid Act educational television contracts do so.

12. *Comment.—Right of first refusal—§ 185.72(c)(2)(ii).* A commenter suggested that the phrase "exercise the right of first refusal" suggests that a station exercising the right has agreed to carry the program.

Response. A change has been made in the proposed rule to clarify this concept. The phrase "right of first refusal" as used in § 185.72(c)(2)(ii) means that a program has been offered to local public stations in the coverage area through a national or regional public network feed, and the local public stations have refused to carry the program. It is at this point that the "right" would be exercised.

13. *Comment.—Commercial station transmissions — § 185.72(c)(2)(ii).* A commenter requested clarification with respect to governing commercial station transmissions where a series is not carried by any public television station serving a coverage area.

Response. A technical change has been made in the proposed rule to indicate that this usage right applies only where a series is carried by public stations as the result of national or regional public network origination.

14. *Comment—In-school audiovisual use—§ 185.72(c)(2)(iii).* It was suggested that the requirement in the prior regulations which mandated that the producer obtain unrestricted in-school audiovisual rights be retained.

Response. No change was made in the proposed rule. Talent unions will not, as a matter of principle, grant any use rights in perpetuity. Twelve years seems a reasonable limit for usage which will comply with the congressional intent to make the series reasonably available free of charge. It is doubtful if any series would prove useful beyond that period of time. The twelve year limitation does not affect series produced in non-union situations. In these cases, which include a majority of series funded to date, in-school audiovisual use rights remain in perpetuity.

15. *Comment.—Distribution of programming—§ 185.72(c)(3).* It was suggested that it is inappropriate for the Office of Education to be jointly involved with procedures in program distribution, and that its role be limited only to situations where the producer is not making the programs it has produced reasonably available.

Response. No change was made in the proposed rule. The primary responsibility for distribution is, of course, with the producer. However, the Office of Education's efforts in distribution frequently involve attempts to coordinate distribution of programs produced by more than one producer. Further, insofar as funding generally covers a period which ceases when production is completed, producers may not be financially able to continue to pursue distribution efforts, and the Office of Education must assume this responsibility. Joint efforts by the Office of Education and the producers to enhance distribution result in wider distribution and airing than if just one party concerned itself with such an effort, and, therefore, such a joint effort furthers the legislative mandate which encourages maximum distribution of ESAA-TV programming.

16. *Comment.—Programming exclusivity—§ 185.72(c)(3).* It was suggested that the provision of a 13 week guarantee of per program exclusivity to each station in a market carrying a series, be expanded to allow exclusivity for the period necessary to complete a first run of all the programs in a series.

Response. It is the view of the Office of Education that 13 weeks of exclusivity per program is regarded as a use limitation which provides reasonable exclusivity, without violating the legislative requirement that programs be made reasonably available to all users.

17. *Comment.—Distribution costs—§ 185.72(c)(3).* It was suggested that a distributor should be allowed to include the cost of developing promotional materials, shipping, handling, tape duplication and related expenses in the fee structure they develop to arrive at the distribution costs charged to broadcast and nonbroadcast users.

Response. Incidental costs such as those incurred for shipping, handling, tape duplication and the development of promotional materials are allowable, and agree with the condition that the production be made reasonably available free of charge. Promotional costs are allowed, except where they result in an excessive price increase.

18. *Comment.—Retention of video tapes—§ 185.72(e).* It was suggested that producers be allowed to retain two, rather than one set of 2 inch tapes.

Response. The purpose for allowing producers to retain a set of tapes is to guarantee that the government cannot mandate delivery to itself of all tapes and thereby suppress the broadcast of a program. Allowing producers to retain a single set accomplishes this purpose.

19. *Comment.—Delivery of video tape cassettes—§ 185.72(e).* It was suggested that language be added which would clarify that the cassettes required to be delivered during series production may be used by the Office of Education solely for the purpose of ensuring that production is proceeding on schedule.

Response. No change is made in the proposed rule. The purpose of requiring cassette delivery during production is to ensure that production is proceeding on schedule. Any concern that the Office of Education is requiring this deliverable in order to interfere with the producer's right to exercise sole responsibility for content matters is unwarranted because the disclaimer in § 185.72(f) precludes the Office of Education from exercising any control over the content of the programming.

20. *Comment.—Delivery of programming scripts—§ 185.72(e).* It was suggested that the delivery of scripts not be required until completion of production, since to require earlier delivery could be "construed as * * * control of content by the U.S. Office of Education."

Response. No change is made in the proposed rule. Script delivery is not required until production terminates. In § 185.72(e), it is stated that scripts (item (8)) "must be provided to the Assistant Secretary at the conclusion of the recipient's production activity."

21. *Comment.—Teacher guide materials—§ 185.72(e)(6).* It was suggested that teacher guide materials requested not be limited to a single page.

Response. The limitation of one page for the teacher guide in § 185.72(e)(6) has been deleted. However, programming produced under these regulations is intended primarily for home viewing rather than in-school use. The expense of producing, reproducing and distributing extensive teacher guides for programming which is viewed overwhelmingly in non-instructional settings would result in an unnecessary diversion of funds from production. There is no longer a restriction of one page per program. Instead, it is suggested that a brief guide be prepared. The definition of brevity will be left to the producer.

22. *Comment.—Disclaimer—§ 185.72(f).* It was suggested that the language of the disclaimer and the statement that the language reflects the Assistant Secretary's position does not fully guarantee a producer's independence with regard to content.

Response. No change was made in the proposed rule. The language of the disclaimer and the language following is understood to guarantee a producer's sole control over content.

23. *Comment.—Disclaimer—§ 185.72(f).* It was suggested that the disclaimer and the statement that this reflects the Assistant Secretary's intent, would preclude any governmental monitoring of productions "for taste and sensitivity."

Response. No change was made in the proposed rule. Producers are designated to receive funding only after an intensive competitive procedure based on published criteria which assures that only highly qualified organizations are funded. Neither "taste" nor "sensitivity" is specifically listed as a criterion in these regulations. Therefore, once an organization receives funding, it would be inappropriate for the government to impose its standards on those of the producer in such areas as "taste and sensitivity."

24. *Comment.—Deletion of citation.* It was noted that the deletion of the reference to § 185.13(a) in § 185.73(b) also requires a similar deletion in § 185.74(f).

Response. A technical change has been made to reflect this suggestion.

25. *Comment.—Indirect cost rates—§ 185.73(b).* It was suggested that the allowance of indirect cost rates to entities other than local educational agencies by deleting reference to § 185.13(a) is unfair because "most independent producers are profit-making organizations."

Response. No change was made in the proposed rule. The statute limits eligibility to nonprofit agencies, organizations and institutions. Therefore, profit-making organizations may not apply for funding under these regulations. (20 U.S.C. 1610(b))

26. *Comment.—Indirect costs.* It was suggested that producers continue to be required to break out "overhead" as indirect costs pursuant to §§ 185.73(b) and 185.13(a).

Response. To allow producers to use indirect cost rates brings the cost principles under these regulations in closer alignment with both accepted industry practice and other Office of Education television funding procedures. Local educational agencies, as required under the legislation, will continue to itemize all additional costs normally subsumed under "overhead," as stipulated pursuant to §§ 185.73(c) and 185.13(a).

27. *Comment.—Point awards for advisory committee and scheduling—§185.74(c)(4) and § 185.74(d).* It was suggested that under the criteria, points awarded for advisory committee participation and scheduling remain the same.

Response. No change was made in the proposed rule. Based on past experience, the Office of Education feels that the new scores for these two criteria more adequately reflect the scope and latitude of the activities with which they are concerned.

28. *Comments.—Retention of staff after pilot phase—§ 185.77.* It was suggested that additional flexibility be added to allow producers to make commitments to third parties beyond the pilot phase of production in order that producers can retain talent and staff during the period between the time a pilot program is delivered and a post-pilot continuation decision is made.

Response. No change was made in the proposed rule. This section allows producers to retain staff during this period until the continuation decision is rendered.

29. *Comment.—Post pilot phase copyright and distribution.* It was suggested that the present regulation does not clarify what rights the producer of a pilot has in a case where post-pilot production is not allowed. More specifically, the commenter wants to know if a producer retains a right to distribute that pilot for broadcast, or if such a producer has a right to retain copyright of the pilot production if copyright has been secured at the pilot stage.

Response. No change was made in the proposed rule. Nothing in the regulation differentiates between pilot and post-pilot productions. A producer currently has the right to distribute pilot materials as long as the proper disclaimer is published and as long as other conditions (such as making the production reasonably available, free of charge) are met. Any copyright matters would be subject to the appropriate sections of the General Education Provisions Regulations found in 45 CFR 100a.217, 45 CFR 100a.219, and 45 CFR 100a.234 and the guidelines mentioned in those sections.

30. *Technical changes.* It should also be noted that two additional technical changes have been made. The first, § 185.72(a)(6) states that the bilingual category is open to programming intended for children of all ages, not just those of elementary school age. The second eliminates a paragraph included, by error, in the proposed regulations, (No. 7 under § 185.74). The correct material, as stated in the proposed revision in § 185.74(d), remains.

31. *Rescission of guidelines.* The Commissioner of Education published guidelines for the Emergency School Aid Act Educational Television Program on February 11, 1976 at 41 FR 6111–6114. These guidelines are hereby rescinded except to the extent that applicants and contractors relied on them prior to this notice.

32. Only certain sections and paragraphs of subpart H were published for comment. However, for the ease of the reader, the entire revised text of Subpart H is published below.

After consideration of all comments, 45 CFR Subpart H of Part 185 is amended to read as set forth below.

NOTE.—The Office of Education has determined that this document does not contain a major proposal requiring perparation of an Inflation Impact Statement under Executive Order 11821 and OMB Circular A–107.

(Catalog of Federal Domestic Assistance No. 13.530 Emergency School Aid Act—Educational Television)

Dated: April 26, 1977.

MARY F. BERRY,
Assistant Secretary for Education.

Approved: June 27, 1977.

JOSEPH A. CALIFANO, Jr.,
Secretary of Health, Education, and Welfare.

Subpart H—Educational Television

Sec.

185.71 Eligibility for funds.
185.72 Authorized activities and areas of concern.
185.73 Proposals.
185.74 Criteria for awards.
185.75 Advisory committees.
185.76 Limitations on eligibility.
185.77 Required approval by Assistant Secretary of pilot materials.

Subpart H—Educational Television

§ 185.71 Eligibility for funds.

(a) Any public or private nonprofit agency, institution, or organization with the capability of providing expertise in the development of television programming and with access to facilities necessary for such development may apply for a contract from funds reserved pursuant to § 185.95(b)(3) to pay the cost of development and production of integrated children's television programs of cognitive and affective educational value. For purposes of this subpart, "programs of cognitive and affective educational value" are those which teach concrete academic skills and encourage interracial and interethnic understanding.

(20 U.S.C. 1610(a), (b)(1); Senate Rept. No. 92–61, p. 24)

(b) No more than ten contracts shall be awarded pursuant to this subpart during any fiscal year.

(20 U.S.C. 1610(b)(1))

§ 185.72 Authorized activities and areas of concern.

(a) Funds made available under this subpart shall be used to pay the normal and necessary expenses of researching, planning, writing, editing, staging, directing, performing, producing, reproducing, and distributing integrated children's television programs where such activities would not otherwise be funded and are designed to carry out the purposes described in § 185.01. Such programs shall compose television series of standard length programs in any fiscal year from one or more of the following categories as announced each year in the FEDERAL REGISTER:

(1) Additional programs of a national series (i.e., intended for national distribution) previously assisted under the Act (other than a series described in paragraph (a)(6) of this section);

(2) A national series (i.e., intended for national distribution) other than a series described in paragraphs (a)(1) and (a)(6) of this section, to improve the cognitive skills of minority and nonminority groups elementary school age children in one or more areas, such as mathematics, science, social studies, or language;

(3) A national series (i.e., intended for national distribution) other than a series described in paragraphs (a)(1) and (a)(6) of this section, to improve the cognitive skills of minority and nonminority group secondary school age children in one or more areas, such as mathematics, science, social studies, or language;

(4) A national series (i.e., intended for national distribution) other than a series described in paragraphs (a)(1) and (a)(6) of this section, to foster interracial and inter-ethnic understanding among elementary school age children;

(5) A national series (i.e., intended for national distribution) other than a series described in subparagraphs (a)(1) and (a)(6) of this section, to foster interracial and inter-ethnic understanding among secondary school age children;

ries described in paragraphs (a)(1)

(6) A national (i.e., intended for national distributors) children's bilingual series of cognitive and/or affective education value. A bilingual series is a series consisting of programs which contain no more than 60 percent of its content in one of the two languages it offers;

(7) Up to three new "regional" series intended for less than nationwide utilization meeting the special needs of subgroups of minority groups as defined in § 185.02(f) which may be unique to a particular geographic region; or

(8) Additional programs from up to two "regional" series previously funded under the Act intended for less than nationwide utilization meeting the special needs of subgroups of minority groups as defined in § 185.02(f) which may be unique to a particular geographic region.

(20 U.S.C. 1610(b)(1).)

(b) (1) No more than one contract for a standard-length series shall be awarded for any one of the areas of concern described in paragraphs (a) (1), (2), (3), (4), (5), and (6) of this section in any fiscal year, and no more than a maximum of five contracts shall be awarded for "regional" programming as described in subparagraphs (a) (7) and (a) (8) of this section in any fiscal year, unless the Assistant Secretary determines that the proposals pending for additional contracts for programming directed to the same area of concern are of exceptional merit or promise.

(2) No more than one contract shall be awarded for television programming directed to a particular racial or ethnic group in a particular geographical area in any fiscal year, unless the Assistant Secretary determines that the proposals pending for additional contracts for programming directed to the same group in the same area are of exceptional merit or promise.

(3) No contract awarded for "regional" programming as described in paragraphs (a) (7) and (a) (8) of this section shall exceed $300,000 in amount.

(20 U.S.C. 1610(b) (1))

(c) (1) Television programs developed in whole or in part with funds made available under this subpart shall be made reasonably available for transmission, free of charge, and shall not be transmitted under commercial sponsorship. Broadcast and nonbroadcast users of such programs may not be charged any cost beyond (i) the cost of tape duplication and, (ii) where there is a contract between a recipient and a talent union as described in paragraph (c) (2) of this section, the cost of payments to members of such talent union for usages beyond those usages specified in such contract.

(2) Any contract between a recipient of funds under this subpart and a talent union must allow at least the following usages of the television programs assisted (except in cases where the Assistant Secretary finds that the cost of such usages would be excessive and authorizes lesser usages), charges for which may not be passed on to users:

(i) Six years of usage by public television stations (a year of usage being defined, for this purpose, as unrestricted use during three separate weeks of any given program within a series) this six-year period to commence with the first broadcast by any public station;

(ii) One broadcast by any single commercial television station (in addition to the commercial station broadcasts in subdivision (iv) of this subparagraph) where there is no public television serving that station's coverage area or where all public television stations serving that station's coverage area have exercised a right of first refusal of a regional or national public network feed;

(iii) Twelve years of unrestricted use in in-school audiovisual contexts, including transmission by education-dedicated, local origination CATV channels and Instructional Television Fixed Service systems; and

(iv) One broadcast in each of two three-year periods over commercial stations in any coverage area, including network originated broadcasts.

(3) Arrangements for making the television programs developed with funds under this subpart reasonably available for transmission, free of charge, shall be undertaken by the recipient and shall be subject to the approval of the Assistant Secretary; however, the Assistant Secretary may in addition assume the responsibility for making such arrangements if such action is deemed appropriate. A recipient may not restrict usages, except as provided in paragraph (c) (1) of this section or by an agreement giving exclusivity to the first station in a coverage area the right to broadcast a program (whether or not the result of a network origination), until the thirteenth week following the week in which each such program is first broadcast.

(4) For purposes of this paragraph, where the costs of transmission are met by a commercial firm, a brief statement to that effect at the beginning or end of such transmission shall not be considered commercial sponsorship.

(5) No television program developed in whole or in part with funds made available under this subpart shall be used or transmitted in such a manner as to result in a financial benefit to any person or organization.

(20 U.S.C. 1610(b) (2); Senate Rept. No. 92-61, pp. 24-25)

(d) Funds made available under this subpart shall not be used for construction, repair, or remodeling of any building or facility, or for the purchase of any equipment which has a useful life of more than one year and is not consumed in use, except where it can be demonstrated that the purchase of specific items of equipment will cost less than their rental. For purposes of this paragraph, "construction, repair, or remodeling" includes construction of buildings and facilities and structural alterations, renovations, and remaking of existing buildings and facilities or space therein.

(20 U.S.C. 1610(b) (1))

(e) *Deliverables.* Recipients of funds under this subpart must produce the following items, of which those described in subparagraphs (3), (4), (6), and (7) of this paragraph must be provided to the Assistant Secretary at intervals specified by the Assistant Secretary, and of which those described in subparagraphs (1), (2) (except for one dub which may be retained by the recipient), (5), and (8) must be provided to the Assistant Secretary at the conclusion of the recipient's production activity:

(1) One master two-inch color, highband video tape of each production in the series;

(2) Four first generation two-inch color highband video tape dubs of each production in the series (except that only two dubs shall be required for programming described in § 185.72(a) (7) and (8));

(3) One three-quarter-inch cassette tape of each production in the series;

(4) One three-quarter-inch cassette tape of a pilot production;

(5) Three one-minute promotional spots, with a 30-second liftout of each, to be delivered as:

(i) A composite tape of all six spots on a two-inch highband color, master video tape;

(ii) Four composite tapes of all six spots as first generation two-inch highband color, video tape dubs (except that only two tapes shall be required for programming described in § 185.72(a) (7) and (8)); and

(iii) A three-quarter inch composite video tape of all six spots;

(6) Five copies of brief teacher guide materials in final form for each production;

(7) Five copies of pilot production test results; and

(8) One set of final scripts.

(20 U.S.C. 1610(b) (1))

(f) *Disclaimer.* Each program in a series assisted under this subpart must carry the following disclaimer: "This program was produced by [*Name of Recipient*] under a contract from the U.S. Department of Health, Education, and Welfare, Office of Education. The content of this program is the responsibility of the contractor and no official endorsement by the Department, or the Office of Education, is to be inferred." Such language reflects the position of the Assistant Secretary.

(20 U.S.C. 1610(b) (1))

§ 185.73 Proposals.

(a) *General.* (1) A proposer for a contract under this subpart for any fiscal year shall submit to the Assistant Secretary a proposal therefor for that fiscal year, which proposal shall be in a form specified by the Assistant Secretary and shall contain such information and set forth such policies and procedures as will assure that the proposer will use funds received under this subpart only for the activities described in § 185.72.

(2) The proposal must make provision for production of prototypical pilot materials.

(20 U.S.C. 1610(b) (1))

(b) *Basic assurances.* Proposals for funds under this subpart shall comply with the requirements of § 185.13 (b), (c), (d), (f), (h), (k) (1) (i) and (ii), (k) (2), and (m).

(20 U.S.C. 1609(a), 1610(b) (1))

(c) *Assurances by local educational agencies.* Proposals by local educational agencies for funds under this subpart shall comply with the requirements of § 185.13 (a), (g), (i), (j), (k) (1) (iii), (k) (3), (l), and (n), in addition to the requirements specified in paragraphs (b) and (e) of this section. Such proposals, together with all correspondence and other written materials relating thereto, shall be made readily available to the public by the proposer and the Assistant Secretary.

(20 U.S.C. 1609(a), 1610(b) (1))

(d) *Assurance by other proposers.* Proposals by public or private nonprofit agencies, institutions, or organizations (other than local educational agencies) under this subpart shall comply with the requirements of § 185.63(b) (2) and (5) in addition to the requirements specified in paragraphs (b) and (e) of this section.

(20 U.S.C. 1609(a) and 1610(b)(1))

(e) *Additional information and assurances.* Proposals for funds under this subpart shall contain the following information, in addition to the assurances and information required by the other applicable paragraphs of this section:

(1) A detailed description of the integrated children's television programs to be developed and produced with funds made available under this subpart, together with an identification of the audience to be reached by such programs and a statement of the educational and other gains to be achieved;

(2) A statement of the name, address, position, duties, prior experience in educational television and school and community affairs, and race of all persons permanently employed (or to be employed) in positions of responsibility by the proposer on the development, production, and administrative staffs of the project;

(3) A detailed description of the evaluation procedures to be employed by the proposer pursuant to § 185.77 in measuring and evaluating the program appeal of, and the educational and other changes to be achieved by, the television programs for which funds are sought;

(4) A statement of (i) past activities engaged in by the proposer or its officers or employees indicating the relative capability of the proposer to provide expertise in the development of integrated children's television programming, and to develop and produce the proposed television programs, and (ii) the access of the proposer to facilities necessary for such development and production;

(5) A budget detailing all costs of the proposed project; and

(6) For programming described in § 185.72(a) (1) and (8), a three-quarter inch videotape cassette of two programs previously assisted if of half-hour or quarter-hour length, or one program previously assisted if of one-hour length.

(20 U.S.C. 1610(b) (1) and (3))

(f) *Proposal procedure.* The Assistant Secretary may require the information described in this section to be submitted either in a single proposal or sequentially, and may require additional information and assurances of selected proposers.

(20 U.S.C. 1610(b)(1))

§ 185.74 Criteria for awards.

In reviewing and approving proposals for contracts under this subpart, the Assistant Secretary shall apply the following criteria:

(a) *Needs assessment (10 points).* The extent to which the proposer has undertaken a comprehensive assessment, on the basis of test data, audience surveys, and other objective evidence, of the educational and other needs of the target population, and the magnitude of the needs so assessed.

(20 U.S.C. 1610(b)(1))

(b) *Statement of objectives (15 points).* The degree to which the proposer sets forth specific objectives which:

(1) articulate with the needs described by the proposer in its proposal;

(2) are capable of attainment through the proposed television series; and

(3) are shown to have been derived by persons possessing relevant professional and experiential background, and who include, to a significant degree, persons representative of the racial and ethnic populations to be served by the series.

(20 U.S.C. 1610(b)(1), 1610(b)(3)(A))

(c) *Activities (16 points)*—(1) *Program content and design (40 points).* The extent to which the proposed television programming promises to reach the expected or potential target audience and to encourage and sustain the participation, interest, and educational and other growth of such audience, and the extent to which the programming can stand by itself as effective instruction without the necessity for teacher assistance;

(2) *Staffing (19 points).* (i) The extent to which the proposal sets out an overall staff plan clearly delineating positions and responsibilities and maximizing staff capabilities;

(ii) The extent to which minority group persons will occupy key creative, administrative and executive decision-making project positions; and

(iii) The extent to which provision is made for on-the-job-training, in full-time positions over the entire project period, to enable such trainees to become qualified to assume positions of technical and professional responsibility;

(3) *Supplementary materials (2 points).* The extent to which the proposal sets forth a plan for developing a guide which will provide teachers employing the series in classroom work with suggestions for varied, realistic and effective ancillary classroom activity; and

(4) *Advisory committee participation (5 points).* The extent to which the proposal (i) clearly delineates specific opportunities for continuing advisory committee participation in the development and evaluation of the proposed television programming in addition to those required by § 185.75, and (ii) includes evidence that such participation has been encouraged and has in fact occurred.

(20 U.S.C. 1610(b)(1), 1610(b)(3)(A))

(d) *Scheduling (4 points).* The quality of a detailed flow chart or milestone chart, submitted with the proposal, of activities sufficient to accomplish all proposed tasks.

(20 U.S.C. 1610(b)(1))

(e) *Formative evaluation (5 points).* The extent to which the proposal sets out a detailed format, including specific study design, for applying formative evaluation techniques prior to and during a pilot phase of production of the proposed television programming, in order to determine the production and presentation techniques which offer the greatest promise of achieving the stated objectives.

(20 U.S.C. 1610(b)(1), 1610(b)(3)(C))

(f) *Funding criteria.* In determining amounts to be awarded to proposers for funds under this subpart, the Assistant Secretary shall consider the additional cost to each proposer of effectively developing and producing its proposed television programming, in relation to the amount of funds available under this subpart and the other proposals for such funding pending before him. The Assistant Secretary shall not be required to approve any proposal which does not meet the requirements of the Act or this part, or which sets forth proposed television programming of such insufficient promise for achieving the purposes of the Act that its approval is not warranted, or which sets forth projected costs that are unreasonable in relation to projected outcomes, or which is not supported by a record of past activities engaged in by the proposer or its officers or employees indicating capability for implementing the proposal. In applying the criterion set out in this paragraph, the Assistant Secretary shall award funds to proposers (whose proposals meet such requirements and are of sufficient promise to warrant approval) in order of their ranking on the basis of the criteria set out in this section until the sums available for the purposes of this subpart have been exhausted.

(20 U.S.C. 1610(b)(1))

(g) In making the determinations required under this section, the Assistant Secretary is authorized to purchase or utilize the services, recommendations, and advice of experts in the areas of education, educational television, and human relations from the Department, other Federal agencies, State or local governmental units, or the private sector.

(20 U.S.C. 1610(b) (1) and (3))

§ 185.75 Advisory committees.

(a) Public or private nonprofit agencies, institutions, or organizations (other than local educational agencies) submitting proposals for contracts under this subpart shall comply with the requirements as to advisory committee participation set forth in § 185.65, except as follows:

(1) References in said section to a "district-wide advisory committee" shall be understood to be references to an advisory committee representing the entire area to be served by the proposed television programming, and references in said section to a "program, project, or activity" shall be understood to refer to the proposed television programming for which funds are sought.

(2) (i) The requirements of § 185.65(b) shall not apply to proposals submitted under this subpart. References in § 185.65 to paragraph (b) of said section shall

be understood to refer to the provisions of this subparagraph (2).

(ii) A proposer shall designate at least five civic or community organizations, each of which shall select a member of the proposer's advisory committee. The civic or community organizations which participate in the selection process shall, when taken together rather than considered individually, be broadly representative of the minority and nonminority communities to be served.

(iii) A committee formed under this paragraph must be composed of equal numbers of nonminority group members and of members from each minority group substantially represented in the area to be served by the proposed television programming. At least 50 percent of the nonstudent members of such committee, to be selected by the proposer, shall be parents of children at whom the proposed television programming for which funds are sought will be directed.

(iv) Where the proposed television programming will be directed at secondary school age students, at least 50 percent of the total membership of the committee, to be selected by the proposer, must be secondary school students enrolled in a secondary school or schools located within the area to be served by the proposed television programming. Among such student members there must be equal numbers of nonminority group persons and persons from each minority group substantially represented in the area to be served by the proposed television programming.

(3) The post-award consultation described in § 185.65(d) shall be at least once every three months.

(20 U.S.C. 1610(b)(1))

(b) Local educational agencies submitting proposals for contracts under this subpart shall comply with the requirements as to advisory committee participation and public hearings set forth in § 185.41 (a) through (g), except as follows:

(1) References in said section to a "district-wide advisory committee" shall be understood to be references to an advisory committee representing the entire area to be served by the proposed television programming, and references in said section to a "program, project, or activity" shall be understood to refer to the proposed television programming for which funds are sought.

(2) The designation of teachers pursuant to § 185.41(c)(2) and students (who must be designated only where the proposed television programming will be directed at secondary school age students) pursuant to § 185.41(c)(4) shall be with reference to the entire area to be served by the proposed television programming.

(3) The post-award consultation described in § 185.41(e) shall be at least once every three months.

(20 U.S.C. 1609(a) (2) and (3), 1609(b))

§ 185.76 Limitations on eligibility.

The limitations on eligibility set forth in § 185.43 shall apply to educational agencies submitting proposals for funds under this subpart. The provisions of § 185.44 as to waiver of ineligibility shall apply to local educational agencies submitting proposals for funds under this subpart. The provisions of § 185.45 as to termination of assistance shall apply to all recipients of assistance under this subpart.

(20 U.S.C 1605(d), 1609 a) and b), 1610b)1))

§ 185.77 Required approval by Assistant Secretary of pilot materials.

A recipient of funds under this subpart must produce prototypical pilot materials at times specified by the Assistant Secretary. A recipient of funds for additional programs of a series previously assisted under the Act may use for this purpose a program produced with its most recent assistance. The recipient must then conduct an evaluation of such materials to serve as the formative evaluation for the series. No commitments by the recipient relating to production activity beyond the conduct of this evaluation will be recognized by the Assistant Secretary unless a favorable decision on project continuation is made by the Assistant Secretary. Any party with whom the recipient enters into a commitment for such production activity prior to such a favorable decision must be informed of this possibility of nonrecognition at the time the commitment is entered into. An unfavorable decision on project continuation shall be a basis for termination pursuant to § 185.45.

(20 U.S.C. 1609(a)(15), 1610(b)(1), 1610(b)(3)(C))

THE PRESIDENT

■

REORGANIZATION OF EXECUTIVE BRANCH

Presidential Memorandums on Comprehensive Review of Administrative Services Delivery, Federal Law Enforcement, Human Services Program, and Local Development Programs

Title 3—The President

Memorandum of June 29, 1977

Comprehensive Review of Administrative Services Delivery

Memorandum for the Heads of Executive Departments and Agencies

THE WHITE HOUSE,
Washington, June 29, 1977.

I have directed my Reorganization Project staff at the Office of Management and Budget to begin a comprehensive review of the management of administrative services within the Federal Government. The project will be administered jointly by OMB and the Administrator of the General Services Administration.

A preliminary staff review indicates significant problems with existing services. It has been 30 years since the first Hoover study led to the creation of the General Services Administration; it is time to reexamine the objectives and benefits of our present system in light of those years of operating experience.

A major objective of the study is to improve the delivery of administrative services to Federal agencies. It will assess the roles of the General Services Administration and others in the provision of services related to real and personal property, automated data processing, telecommunications, and records management.

The Project will rely heavily on the advice and counsel of the Congress, Federal Departments and Agencies, State and local officials, interested private organizations, and the public. Your agencies are the principal consumers of Federal administrative services. You have expressed your concerns about their quality. This is your opportunity to help improve them.

You may be asked to contribute time, resources, and staff assistance to this effort. If so, I hope you will make your best effort to ensure its successful completion.

My Reorganization Project staff will contact you or an appropriate member of your staff shortly to discuss the appropriate role of your department or agency in the study.

I consider this to be a high priority matter. I know I can count on your cooperation and assistance.

In order to inform all affected parties that this review is underway, I have directed that this memorandum be published in the FEDERAL REGISTER.

Jimmy Carter

[FR Doc.77-18992 Filed 6-29-77; 11:51 am]

Memorandum of June 29, 1977

Comprehensive Review of Federal Law Enforcement

Memorandum for the Heads of Executive Departments and Agencies

THE WHITE HOUSE,
Washington, June 29, 1977.

I have directed my Reorganization Project staff at the Office of Management and Budget to begin a comprehensive review of all Federal law enforcement missions, tasks, and priorities.

Today there is considerable jurisdictional ambiguity, overlap, and possible duplication among Federal organizations performing police or investigative activities. There are at least 75 different Federal agencies and 164,000 federal employees involved in police or investigative work. Our goal is to make these functions more responsive to both individual rights and Federal law enforcement priorities. This effort will help us determine how best to structure these agencies to do so.

A major objective will be to re-examine the Federal role in law enforcement in light of the responsibilities and capabilities of State and local agencies. The Federal Government ought not to duplicate or overlap State and local law enforcement functions unnecessarily.

The Project will rely heavily on the advice and counsel of the Congress, Federal Departments and Agencies, State and local officials, interested private organizations, and the public.

You may be asked to contribute time, resources, and staff assistance to this effort. If so, I hope you will make your best effort to ensure its successful completion.

My Reorganization Project staff will contact you or an appropriate member of your staff shortly to discuss the appropriate role of your department or agency in the study.

I consider this to be a high priority matter. I know I can count on your cooperation and assistance.

In order to inform all affected parties that this review is underway, I have directed that this memorandum be published in the FEDERAL REGISTER.

Jimmy Carter

[FR Doc.77-18993 Filed 6-29-77; 11:52 am]

Memorandum of June 29, 1977

Comprehensive Review of Human Services Programs

Memorandum for the Heads of Executive Departments and Agencies

THE WHITE HOUSE,
Washington, June 29, 1977.

I have directed my Reorganization Project staff to begin a study of the organization and delivery of human services. These services, ranging from day care to job training, are intended to help people whose special needs are not met by income assistance and health financing programs. This study will be coordinated closely with efforts underway to develop welfare and national health insurance proposals.

The Federal Government spends about $22 billion on more than 100 human services programs administered by ten departments and agencies. The numerous planning, administrative and eligibility requirements of these programs create fragmentation, waste, and confusion.

With your help, this study will lead to a more logical program structure at the Federal level and the delivery of services to families and individuals who need them in a simpler, more comprehensive, and efficient way.

The success of this project will depend to a large extent on the cooperation and assistance of Federal departments and agencies, state and local officials, interested groups and individual citizens.

You may be asked to contribute time, resources, and staff assistance to this effort. If so, I hope you will make your best effort to ensure its successful completion.

My Reorganization Project staff will contact you or an appropriate member of your staff shortly to discuss the appropriate role of your department or agency in the study.

I consider this to be a high priority matter. I know I can count on your support.

In order to inform all affected parties that this review is underway, I have directed that this memorandum be published in the FEDERAL REGISTER.

Jimmy Carter

[FR Doc.77-18994 Filed 6-29-77;11:53 am]

Memorandum of June 29, 1977

Comprehensive Review of Local Development Programs

Memorandum for the Heads of Executive Departments and Agencies

THE WHITE HOUSE,
Washington, June 29, 1977.

I have directed my Reorganization Project staff at the Office of Management and Budget to begin a thorough review of the organization and structure of the major Federal local development programs, including the community economic development programs.

These programs have several problems, including jurisdictional uncertainty, duplication of effort, and lack of coordination.

This review will focus on the programs that comprise the core of the Federal local development assistance package:

- Business promotion, where over 100 different programs in more than ten different agencies provide financial and managerial assistance to businesses.
- Public facilities investment, where, for example, there are 46 sewage-related programs alone, dispensing about $6 billion through seven agencies in five departments, two independent agencies and eight regional commissions.
- Housing, where there are at least 77 different programs, administered by 15 different agencies and overseen by three separate government-chartered secondary mortgage agencies.
- Transportation, where 60 grant assistance programs are channelled through six semi-autonomous operating administrations of the Department of Transportation and an additional network of 25 agencies.
- Employment and training, where ten agencies administer 24 programs.

By examining how these various local development programs actually fit together at the local level, the project will identify ways to improve the Federal Government's contribution to community development, and help sort out the appropriate roles and responsibilities of Federal and non-Federal officials in this area.

The effort will need the active participation of State and local officials, the Congress, Federal Departments and Agencies, and the public.

You may be asked to contribute time, resources, and staff assistance to this effort. If so, I hope you will make your best effort to ensure its successful completion.

My Reorganization Project staff will contact you or an appropriate member of your staff shortly to discuss the appropriate role of your department or agency in the study.

I consider this to be a high priority matter. I know I can count on your support.

In order to inform all affected parties that this review is underway, I have directed that this memorandum be published in the FEDERAL REGISTER.

EMPLOYEE BENEFIT PLANS

Class Exemption from Prohibitions Respecting Certain Transactions in Which Multiemployer and Multiple Employer Plans Are Involved

DEPARTMENT OF LABOR

Pension and Welfare Benefit Programs

[Prohibited Transaction Exemption 77-10]

EMPLOYEE BENEFIT PLANS

Class Exemption From Prohibitions Respecting Certain Transactions in Which Multiemployer and Multiple Employer Plans Are Involved Pursuant to Application Filed by National Coordinating Committee for Multiemployer Plans (Application No. L-562)

AGENCY: Department of Labor.

ACTION: Grant of class exemption.

SUMMARY: This exemption, which complements a class exemption issued in March, 1976 (41 FR 12740, March 26, 1976), enables a multiple employer plan to share office space and administrative services and goods, to lease office space or provide administrative services or to sell or lease goods to a participating employee organization, participating employer, or participating employer association, or to another multiple employer plan, provided certain conditions are met. In the absence of this exemption, certain aspects of these transactions might be prohibited by section 406(b)(2) of the Employee Retirement Income Security Act of 1974 (the Act).

FOR FURTHER INFORMATION CONTACT:

Mr. Daniel J. Shapiro, Room C-4508, Plan Benefits Security Division, Office of the Solicitor, Department of Labor, 200 Constitution Avenue NW., Washington, D.C. 20210. (202-523-7931).

SUPPLEMENTARY INFORMATION: On May 3, 1977, notice was published in the FEDERAL REGISTER (42 FR 22428) that the Department of Labor had under consideration a proposed class exemption from the restrictions of section 406(b)(2) of the Act. The proposed class exemption, which was requested in an application (No. L-562) filed by the National Coordinating Committee for Multiemployer Plans, would have exempted the sharing of office space and administrative services and goods, leasing of office space or the provision of administrative services or sale or leasing of goods by a multiple employer plan to a participating employee organization, participating employer, or participating employer association, or to another such multiple employer plan which is a party in interest with respect to such plan or plans.

The application was filed and the exemption was proposed in accordance with the procedures set forth in ERISA Procedure 75-1 (40 FR 18471, April 28, 1975). All interested persons were invited to submit comments on the proposed exemption.

COMMENTS RECEIVED

Several comments were received with regard to the proposed exemption, all supporting the grant of the exemption. Two commentators, while supporting the exemption, suggested certain changes.

1. *Leasing of office space.* Two commentators noted that the proposed class exemption was intended to be identical in scope to that granted in part C of Prohibited Transaction Exemption 76-1 (41 FR 12740, Mar. 26, 1976). In this respect, they observed that the proposed class exemption did not effectively permit plans to lease office space to participating employers. The comments also noted, as did the application, that the typical situation for which the exemption should be applicable involves the leasing of a single parcel of real property to an employer. Under this circumstance, however, the leasing of office space would fail to satisfy the definition of "qualifying employer real property" because it would not be geographically dispersed and, thus, would fail to meet one of the conditions imposed by the proposed exemption. The Department has accepted these comments. Accordingly, paragraph (b)(2) of section I of the proposal, which would have required more than one parcel of employer real property, has been deleted. As revised, the class exemption now affords relief from the prohibitions of section 406(b)(2) for the leasing of any office space by multiple employer plans to participating employers without regard to whether such office space constitutes qualifying employer real property under section 407(d)(4) of the Act. It is emphasized, however, that any such lease still must satisfy the conditions of section I(c) of part C of Prohibited Transaction Exemption 76-1 to be exempt from the provisions of sections 406(a)(1)(E), 406(a)(2) and 407(a) of the Act.

2. *Sharing of office space, goods or services between related multiple employer plans.* One comment suggested that the proposed exemption be broadened to permit related plans, which are not necessarily parties in interest with respect to one another, to share office space, goods and administrative services on a pro-rata basis. The comment indicated that when related plans share office space, goods or administrative services on a pro-rata basis, even if they are not parties in interest (as defined in section 3(14) of the Act) with respect to one another, common trustees may face a problem under section 406(b)(2) because the trustees, in determining the allocation of costs, will be representing parties with adverse interests. The comment has been accepted and incorporated in this class exemption because the Department believes that it is desirable to have common trustees who are familiar with the industry and the relationships of the plans, and the exemption, as granted, contains sufficient safeguards so as to minimize potential abuses.

GENERAL INFORMATION

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption granted under section 408(a) of the Act does not relieve a fiduciary or other party in interest with respect to a plan to which the exemption is applicable from certain other provisions of the Act, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary responsibility provisions of section 404 of the Act which, among other things, require a fiduciary to discharge his duties respecting the plan solely in the interest of the plan's participants and beneficiaries and in a prudent fashion in accordance with section 404(a)(1)(B) of the Act.

(2) This exemption does not extend to transactions prohibited under sections 406(a), 406(b)(1) and (3) and section 407(a) of the Act. However, see part C of Prohibited Transaction Exemption 76-1 (41 FR 12740, March 26, 1976) for an exemption from the restrictions of sections 406(a) and 407(a) for the transactions described herein.

(3) The exemption set forth herein is supplemental to, and not in derogation of, any other provisions of the Act, including statutory exemptions and transitional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction.

(4) The class exemption is applicable to a particular transaction only if the transaction satisfies the conditions specified in the class exemption.

(5) In accordance with section 408(a) of the Act, and based upon the entire record, including the written comments submitted in response to the notice of May 3, 1977, the Department makes the following determinations:

(i) The class exemption set forth herein is administratively feasible;

(ii) It is in the interests of plans and of their participants and beneficiaries; and

(iii) It is protective of the rights of participants and beneficiaries of plans.

EXEMPTION

Accordingly, the following exemption is hereby granted under authority of section 408(a) of the Act and in accordance with the procedures set forth in ERISA Procedure 75-1 (40 FR 18471, April 28, 1975):

Sec. I—Prospective. Effective June 12, 1975, the restrictions of section 406(b)(2) of the Act shall not apply to the sharing of office space, administrative services or goods or the leasing of office space or the provision of administrative services or sale or leasing of goods by a multiple employer plan established in accordance with the requirements for representation on the board of trustees imposed by section 302(c)(5) of the Labor Management Relations Act, 1947 (LMRA) to a participating employee organization, participating employer, or participating employer association, or to another such multiple employer plan which is a party in interest with respect to the plan or to which it is related by virtue of having common trustees, provided that the following conditions are met:

(a) With respect to the sharing of office space, administrative services and goods, the costs of securing such space, services and goods are assessed and paid on a prorata basis with respect to each

party's use of such pace, services and goods.

(b) With respect to the leasing of such office space or the provision of such administrative services or other sale or leasing of goods, the plan receives reasonable compensation for such leasing, or the provision of such services or the sale or leasing of such goods. Solely for purposes of this exemption, "reasonable compensation" need not include a profit which would ordinarily have been received in an arm's-length transaction, but must be sufficient to reimburse the plan for its costs.

(c) With respect to the sharing of office space, administrative services or goods or the leasing of office space or the provision of administrative services or the sale or leasing of goods, the arrangement allows any plan which is a party to the transaction to terminate the transaction on reasonably short notice under the circumstances.

(d) Any plan which shares office space, administrative services or goods or is the lessor of such office space or which provides such administrative services or goods, maintains or causes to be maintained during the period of such sharing arrangement or lease or of such provision of services or sale or leasing of goods and for a period of six years from the date of termination of such sharing arrangement or lease or such provision of services or sale or lease of goods, such records as are necessary to enable the persons described in paragraph (e) of this section to determine whether the conditions of this exemption have been met, except that (1) a prohibited transaction will not be deemed to have occurred if, due to circumstances beyond the control of the plan fiduciaries, such records are lost or destroyed prior to the end of such six-year period, and (2) such participating employee organization, participating employer, participating employer association, or other plan shall not be subject to the civil penalty which may be assessed under section 502(i) of the Act if such records are not maintained, or are not available for examination as required by paragraph (e) below.

(e) Notwithstanding anything to the contrary in subsections (a)(2) and (b) of section 504 of the Act, the records referred to in paragraph (d) are unconditionally available at their customary location for examination during normal business hours by (1) the Department of Labor, (2) plan participants and beneficiaries, (3) any employer of plan participants and beneficiaries, and (4) any employee organization any of whose members are covered by the plan, or (5) any duly authorized employees or representatives of a person described in subparagraphs (1) through (4) of this paragraph.

Sec. II. Retroactive. Effective January 1, 1975, the restrictions of sections 406 (b)(2) of the Act shall not apply to the sharing of office space, administrative services or goods or the leasing of office space or the provision of administrative services or the sale or leasing of goods by a multiple employer plan established in accordance with the requirements for representation on the board of trustees imposed by section 302(c)(5) of the LMRA to a participating employee organization, participating employer, or participating employer association, or to another such multiple employer plan which is a party in interest with respect to the plan or to which it is related by virtue of having common trustees, which occurred before June 12, 1975, or which occurred before October 1, 1975 pursuant to a binding arrangement entered into before June 2, 1975, provided that such transaction was:

(a) Of a type that was ordinarily and cusomarily engaged in by multiple employer plans before January 1, 1975; and

(b) At the time it was entered into, not a prohibited transaction within the meaning of section 503(b) of the Internal Revenue Code or the corresponding provisions of prior law, except that solely for purposes of this exemption the terms of such arrangement need not provide for a profit which would ordinarily have been received by the plan in an arm's-length transaction, provided that the compensation received by the plan is otherwise reasonable.

Sec. III. Definitions. For purposes of sections I and II above, the term "multiple employer plan" shall mean an employee benefit plan which is a multiemployer plan within the meaning of section 3(37) of the Act, or a plan which meets the requirements of at least subsections 3(37)(A) (i), (ii) and (v) of the Act.

Signed at Washington, D.C., this 23rd day of June, 1977.

IAN D. LANOFF,
Administrator, Pension and Welfare Benefit Programs, Department of Labor.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

■

SECTION 8 AND SECTION 23 HOUSING ASSISTANCE PAYMENTS PROGRAM

Fair Market Rents

Title 24—Housing and Urban Development

CHAPTER VIII—OFFICE OF ASSISTANT SECRETARY FOR HOUSING—FEDERAL HOUSING COMMISSIONER, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. R-77-311]

PART 803—SECTION 23 HOUSING ASSISTANCE PAYMENTS PROGRAM

PART 888—SECTION 8 HOUSING ASSISTANCE PAYMENTS PROGRAM—FAIR MARKET RENTS AND CONTRACT RENT AUTOMATIC ANNUAL ADJUSTMENT FACTORS

Amendment of Schedule B—Section 8 Existing Housing and Section 23 Existing Housing

AGENCY: Department of Housing and Urban Development (HUD).

ACTION: Final rule.

SUMMARY: HUD is amending the Schedules that set forth the Fair Market Rents for the Section 23 and Section 8 Housing Assistance Payments Programs for Existing Housing.

These schedules were recalculated for all market areas in the United States on the basis of changes in Consumer Price Indexes for rents and utilities, and requests from HUD field offices and the general public. The revised schedules were published for comment on May 4, 1977.

Fair Market Rents are intended to reflect the average rents currently being charged for available standard units of modest (non-luxury) nature with suitable amenities in the applicable county or Standard Metropolitan Statistical Area.

EFFECTIVE DATE: March 29, 1977.

FOR FURTHER INFORMATION CONTACT:

Bernard Horn, Acting Director, Office of Economic and Market Analysis, PD&R, HUD, Washington, D.C. 20410. (202-755-5816.)

SUPPLEMENTARY INFORMATION: HUD gave notice on May 4, 1977, at 42 FR 22704 that it was proposing to amend Title 24 of the Code of Federal Regulations by revising Part 803, Schedule B and Part 888, Schedule B. The comment period closed May 18, 1977.

By the deadline, the Department had received 189 comments from the general public and HUD field offices in response to the May 4 publication.

HUD recognizes that there is an immediate need to revise the schedules to reflect changes in market conditions since the last general revision to the Fair Market Rent Schedules was published on March 29, 1976.

To avoid additional delay HUD has determined to publish for effect the schedules as published for comment on May 4, 1977. Nothwithstanding the determination to publish for effect, all comments received are being carefully considered, and the Fair Market Rent Schedules will be amended in the near future for those market areas for which amendments are determined to be warranted. This procedure is necessary because: (1) the large number of comments received makes a rapid analysis of comments received on the proposed Fair Market Rent Schedules impractical, and (2) in many cases, additional justification and/or verification from HUD field offices of the data submitted is necessary prior to publication of revised schedules.

Since HUD is obligated under Section 8 of the U.S. Housing Act of 1937 to publish Fair Market Rents for all Fair Market Rent areas annually, and since the percentage change in Fair Market Rents is the basis for Annual Adjustments of Contract Rents for units under lease in the Section 8 Program, the revised schedules are retroactive to March 29, 1977, one year after the last general revision.

It should be noted that: (1) an Owner who qualifies for an Annual Adjustment is not automatically eligible for an adjustment in the amount of the percentage change in the Fair Market Rents, and (2) there must be compliance with the requirements in § 382.106 concerning Fair Market Rent and rent reasonableness limitations. Annual Adjustments may be authorized by Public Housing Agencies (PHAs) retroactive to any anniversary date after March 28, 1977, provided that the owner now has the legal right to terminate the tenancy.

A Finding of Inapplicability regarding the National Environmental Policy Act of 1969 has been made in accordance with HUD procedures. A copy of this Finding of Inapplicability will be available for public inspection during regular business hours at the office of the Rules Docket Clerk, Office of the Secretary, Room 5218, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, D.C. 20510. It is hereby certified that the economic and inflationary impacts of this regulation have been carefully evaluated in accordance with Executive Order 11821.

Accordingly, Title 24, Part 888, Schedule B and Part 803, Schedule B are revised as set forth below.

(Sec. 7(d), Department of HUD Act (42 U.S.C. 3535(d)).)

NOTE.—The Fair Market Rents for five and six bedroom units are calculated as follows:

(1) Five bedrooms—150 percent of two bedroom Fair Market Rent.

(2) Six bedrooms—175 percent of two bedroom Fair Market Rent.

Issued at Washington, D.C., June 20, 1977.

PAUL WILLIAMS,
Acting Assistant Secretary for Housing—Federal Housing Commissioner.

DEPARTMENT OF THE TREASURY

Fiscal Service

Bureau of Government Financial Operations

■

SURETY COMPANIES ANNUAL LIST

Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies

DEPARTMENT OF THE TREASURY

FISCAL SERVICE, BUREAU OF GOVERNMENT FINANCIAL OPERATIONS

(Dept. Circular 570; 1977 Rev.)

COMPANIES HOLDING CERTIFICATES OF AUTHORITY AS ACCEPTABLE SURETIES ON FEDERAL BONDS AND AS ACCEPTABLE REINSURING COMPANIES

July 1, 1977

This circular is published annually, as of July 1, solely for the information of Federal bond-approving officers and persons required to give bonds to the United States. Copies of this circular may be obtained from: Audit Staff, Bureau of Government Financial Operations, Department of the Treasury, Washington, D. C. 20226. Telephone: (202) 634-5978. Interim changes in the circular are published in the FEDERAL REGISTER as they occur.

The following companies have complied with the law and the regulations of the Treasury Department and are acceptable as sureties on Federal bonds, to the extent and with respect to the localities indicated.

D. A. PAGLIAI,

Commissioner
Bureau of Government
Financial Operations

FOOTNOTES

1* American International Insurance Company, New York, N.Y. -- changed its name to AIU Insurance Company (see Federal Register of May 4, 1977, pgs. 22614-22615)

2* General Fire and Casualty Company, Carle Place, N.Y. -- changed its name to Allianz Insurance Company (see Federal Register of March 29, 1977, pg. 16691)

3* Mohawk Insurance Company, Allentown, Pa. -- changed its name to National American Insurance Company of New York (see Federal Register of October 1, 1976, pg. 43423)

4* The Manhattan Fire and Marine Insurance Company, Stamford, Conn. -- changed its name to Puritan Insurance Company (see Federal Register of December 2, 1976, pg. 52949)

NOTES

(a) All certificates of authority expire June 30, and are renewable July 1, annually. Companies holding certificates of authority as acceptable sureties on Federal bonds are also acceptable as reinsuring companies.

(b) Treasury requirements do not limit the penal sum of bonds which surety companies may execute. The net retention, however, cannot exceed the underwriting limitation, and excess risks must be protected by coinsurance, reinsurance, or other methods in accordance with Treasury Circular 297, Revised February 4, 1977 (31 CFR Section 223.10, Section 223.11). When excess risks on bonds in favor of the United States are protected by reinsurance, such reinsurance is to be effected by use of a Treasury reinsurance form to be filed with the bond or within 45 days thereafter. Risks in excess of the limit fixed herein must be reported for the quarter in which they are executed. In protecting such excess, the rating in force on the date of the execution of the risk will govern absolutely. This limit applies until a new rating is established by the Treasury Department.

(c) A surety company must be licensed in the State or other area in which it executes (signs) a bond, but need not be licensed in the State or other area in which the principal resides or where the contract is to be performed (28 Op. Atty. Gen. 127, Dec. 24, 1909; 31 CFR Section 223.5(b)). The term "other areas" includes the Canal Zone, District of Columbia, Guam, Puerto Rico, and the Virgin Islands.

(d) Process agents are required in the following districts: Where principal resides; where the obligation is to be performed; and in the District of Columbia where the bond is returnable or filed. No process agent is required in the State or other area wherein the company is incorporated (31 CFR Section 224.2). Letters "n, s, e, m, c, and w" preceding names of States indicate respectively the Northern, Southern, Eastern, Middle, Central, and Western judicial districts of States indicated. If letters do not precede names of States, process agents have been appointed in all judicial districts of such States.

■

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

Index to General Wage Determination Decisions and Modifications as of June 3, 1977 and General Wage Determination Decisions

DEPARTMENT OF LABOR

Employment Standards Administration

GENERAL WAGE DETERMINATION DECISIONS AND MODIFICATIONS

Index as of June 3, 1977

There is set forth below an index to general wage determination decisions and modifications as published in the FEDERAL REGISTER pursuant to the Davis-Bacon and related Acts. The index lists general wage determination decisions and modifications by State and County. An updated index is published on the first Friday of each month.

The index is published for the convenience of the public and the Department of Labor will endeavor to keep it accurate and up to date. In the event the data in the index and published general decisions do not coincide, the published general decisions shall control.

ABBREVIATIONS

(B)—Building Construction
(D)—Dredging
(F)—Flood Control Construction
(H)—Heavy Construction
(Hw)—Highway Construction
(R)—Residential Construction
Mod.—Modification
(HE)—Heavy Engineering
(LE)—Light Engineering
(U)—Utility
(W&S)—Water and Sewer

Signed at Washington, D.C., this 24th day of June 1977.

RAY J. DOLAN,
Assistant Administrator,
Wage and Hour Division.

MINIMUM WAGES FOR FEDERAL AND FEDERALLY ASSISTED CONSTRUCTION

General Wage Determination Decisions

General Wage Determination Decisions of the Secretary of Labor specify, in accordance with applicable law and on the basis of information available to the Department of Labor from its study of local wage conditions and from other sources, the basic hourly wage rates and fringe benefit payments which are determined to be prevailing for the described classes of laborers and mechanics employed in construction activity of the character and in the localities specified therein.

The determinations in these decisions of such prevailing rates and fringe benefits have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates, (37 FR 21138) and of Secretary of Labor's Orders 12–71 and 15–71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in effective date as prescribed in that section, because the necessity to issue construction industry wage determination frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General Wage Determination Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision together with any modifications issued subsequent to its publication date shall be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR, Part 5. The wage rates contained therein shall be the minimum paid under such contract by contractors and subcontractors on the work.

MODIFICATIONS AND SUPERSEDEAS DECISIONS TO GENERAL WAGE DETERMINATION DECISIONS

Modifications and Supersedeas Decisions to General Wage Determination Decisions are based upon information obtained concerning changes in prevailing hourly wage rates and fringe benefit payments since the decisions were issued.

The determinations of prevailing rates and fringe benefits made in the Modifications and Supersedeas Decisions have been made by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR 1.1 (including the statutes listed at 36 FR 306 following Secretary of Labor's Order No. 24–70) containing provisions for the payment of wages which are dependent upon determination by the Secretary of Labor under the Davis-Bacon Act; and pursuant to the provisions of Part 1 of Subtitle A of Title 29 of Code of Federal Regulations, Procedure for Predetermination of Wage Rates (37 FR 21138) and of Secretary of Labor's Orders 13–71 and 15–71 (36 FR 8755, 8756). The prevailing rates and fringe benefits determined in foregoing General Wage Determination Decisions, as hereby modified, and/or superseded shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged in contract work of the character and in the localities described therein.

Modifications and Supersedeas Decisions are effective from their date of publication in the FEDERAL REGISTER without limitation as to time and are to be used in accordance with the provisions of 29 CFR Parts 1 and 5.

Any person, organization, or governmental agency having an interest in the wages determined as prevailing is encouraged to submit wage rate information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Office of Special Wage Standards, Division of Wage Determinations, Washington, D.C. 20210. The cause for not utilizing the rule-making procedures prescribed in 5 U.S.C. 553 has been set forth in the original General Wage Determination Decision.

MODIFICATIONS TO GENERAL WAGE DETERMINATION DECISIONS

The numbers of the decisions being modified and their dates of publication in the FEDERAL REGISTER are listed with each State.

LABORERS
(Heavy and Highway Construction)

Group 1: Minimum Labor, including Caissons to 8'; Carrying Reinforcing Rods; Work on Cross Culverts, connections and side drains in connection with highway work, whether corrugated metal or concrete pipe; Fence Erectors; Metal Mesh; Dowel Bars; Tie Bars and Chairs in concrete paving; Flagman directing traffic; Nursery Man including seeding, mulching and planting of trees, shrubs and flowers; Stake Chaser; Gabion Baskets and Reno Mattressess; Pipe plants and yards, stringing of pipe on skids, handling and signaling on pipe line work

Group 2: Chuck Tenders, Nippers, Core and Diamond Drill Helpers, Powdermen Helpers; Hot Asphalt Labor, Rakers, Boxtenders, Asphalt Curb Machines, Potmen (not mechanical); Multi-plate Culvert Pipe; Air, gas and electrical tool operators; Barco Hammers; Spaders, electric hammers; Air Tampers; Cutting Torches on demolition work; Caissons 8' to 12'; Cofferdams; Power operated Concrete Buggies; Operators of concrete saws on pavement (other than gang saws); Timber and Chain Saws; Stresser or Stretcherman on Post Tension or Prestressed Concrete on or off jobsite; Tool Room Man and Checkers; Cement Finisher Helper; Sand Blaster; Sand Blaster Helper; Concrete processing material; Monitor; Spotters; Signalmen; Dumpmen; Transverse Concrete Conveyor Operator; Mechanical Grouters; Boring Machine (air hydraulic); Automatic Concrete Power Curbing Machine; Jack Hammer; Vibrators; Paving Breakers; Frostproofing; Any laborer performing bridge work over 40' above the ground or above a floor and working from a Bos'n Chair; Swing Stage, Life Belt or Block and Tackle as safety requirement. (All lines and safety belts used shall be of a type approved by State and Federal laws); Gunniting and Shotcrete Helpers; Caissons over 12'; Scalers; Timbermen, underpinning and shoring; Form-setters and/or stringmen on roads, highways, streets and airport runways; Distribution, placing and hooking of landing mats; Bull Float (hand operated) and Center Expansion Machines; Grade Checkers if required by employer; Pipe Wrappers; Dopers; Jeep Holiday Detector Men, Bandage Makers; Laborers working in trenches on all pipe lines, sewer, water, gas, oil, telephone conduit, Pen Stock, Siphons, drainage lines, Caulkers, Yarners, Fine Graders, air, gas, electric and hydraulic tools, Boring Machines, Hydraulic Jacks, Drills, Tampers, and similar operated tools; Wiping of Joint Concrete Pipe, inside and out; Labor, applicable to pipe coating or wrapping, plants and yards; Enamelers of pipe, inside and out

LABORERS (Cont'd)
(Heavy and Highway Construction)

Group 3: Powdermen and Blasters; Gunnite Nozzlemen; Shotcrete Operator; Pipe Layer on truck pipe lines in connection with highway work; Relining Pipe; Mixer Man; Pipelayer; Hydro-broom

Group 4: Wagon Drills and Air Tracks; Jack Hammer Operators in Caissons over 12'; Bellers and Stemmen; Licensed Powdermen; Diamond and Core Drills powered by air

Group 5: Any work, other than on bridges, performed by Laborers working from a Bos'n Chair, Swinging Stage, Life Belt or Block and Tackle as a safety requirement. All lines and safety belts used shall be of a type approved by State and Federal laws; Pugs and Galleys in Dams

LABORERS
(Tunnels)

Group 1: Outside Labor

Group 2: Minimum Tunnel Labor, Dry Houseman

Group 3: Cable or Hose Tenders, Chuck Tenders, Concrete Laborers, Dumpmen, Whirley Pump Operators

Group 4: Helpers on Shotcrete, Gunniting and Sand Blasting; Helpers, Core and Diamond Drills; Pot Tenders

Group 5: Cement Finisher Helper, applying or concrete processing materials

Group 6: Collapsible from movers and setters, Miners, Machine Men and Bit Grinders, Nippers, Powdermen and Blasters, Reinforcing Steel Setters, Timbermen (steel or wood tunnel support, including the placement of sheeting when required) and all cutting and welding that is incidental to the Miner's work; Tunnel Liner Plate Setters; Vibrator Men, internal and external; Unloading, stopping and starting of Moran Agitator Cars; Diamond and Core Drill Operators; Cement Finisher (underground); Shotcrete Operator; Gunnite Nozzlemen, Sand Blasters, Pump Concrete placement Men

LABORERS (Cont'd)
(Shafts, Raises, Missile Silos and all Underground Work other than Tunnels)

Group 1: Laborers, Topmen, Bottommen and Cagers

Group 2: Chucktenders, Concrete Laborers, Whirley Pump Operators

Group 3: Helpers in Shotcrete Gunniting and Sand Blasting; Helpers on Core and Diamond Drills; Pot Tenders; Cement Finisher Helpers; applying of Concrete processing material

Group 4: Collapsible form movers and setters, Miners, Machine Men and Bit Grinders, Nippers, Powdermen and Blasters, Reinforcing Steel Setters, Timbermen (steel or wood tunnel support, including the placement of sheeting when required) and all cutting and welding that is incidental to the Miner's work; Liner plate Setters; Vibrator Men, internal and external

Group 5: Diamond and Core Drill Operators; Cement Finisher (underground); Gunnite Nozzlemen; Shotcrete Operators; Sand Blasters and Pump Concrete Placement Men

Group 6: Any employee performing work underground from a Bos'n Chair, Swinging Stage, Life Belt or Block and Tackle as a safety requirement. (All lines and safety belts used shall be of a type approved by State and Federal laws)

POWER EQUIPMENT OPERATORS
(Other than for work in Tunnels, Shafts and Raises)

Group 1: Air Compressor; Asphalt Screed; Oiler; Brakeman; Drill Operator - smaller than Williams MP and similar; Helper to Heavy Duty Mechanic and/or Welder; Operators of 5 or more light plants, Welding Machines, Generators, single unit conveyor; Pumps; Vacuum Well Point System; Tractor, under 70 HP with or without attachments

Group 2: Conveyor, handling building materials; Ditch Witch and similar Trenching Machine; Fireman or Tank Heater, road; Forklift; Haulage Motor Man; Pugmill; Portable Screening Plant with or without a spray bar; Screening Plants, with classifier; Self-propelled Roller, rubber-tired under 5 tons

Group 3: Asphalt Plant; Backfiller, Bituminous Spreader or Laydown Machine; Cableway Signalman; Caisson Drill; Williams MP, similar and larger; C.M.I. and similar; Concrete Batching Plants; Concrete finish Machine; Concrete Gang Saws on concrete paving; Concrete Mixer, less than 1 yd.; Concrete Placement Pumps, under 8 inches; Distributors, Bituminous Surfaces; Drill, Diamond or Core; Drill Rigs, rotary, churn, or cable tool; Elevating Graders, Equipment Lubricating and service Engineer; Engineer Fireman; Grout Machine; Gunnite Machine; Hoist, 1 drum; Hydraulic Backhoes, wheel mounted under 3/4 yd.; Loader, Barber Green, etc.; Loader up to and including 6 cu. yds.; Machine Doctor; Mechanic; Motor Grader/Blade, rough; Road Stabilization Machine; Rollers, self-propelled, all types over 5 tons; Sandblasting Machine; single unit portable crusher, with or without washer; Tie Tamper, wheel mounted; Tractor, 70 HP and over with or without attachments; Trenching Machine Operator; Welder; Winch on truck

Group 4: Cable operated Crane, track mounted; Cable operated power Shovels, Draglines, Clamshells, and Backhoes, 5 cu. yds. and under; Concrete Mixer over 1 cu. yd.; Concrete Paver 34B or similar; Concrete Placement Pumps, 8 inches and over; Crane, 50 tons and under; Hoist, 2 drums; Hydraulic Backhoe, 3/4 yd. and over; Loader, over 6 cu. yds.; Mechanic-welder, heavy duty; Mixer mobile; Motor Grader/blade, finish; Multiple unit portable Crusher, with or without washer; Piledriver; Scrapers, single bowl under 40 cu. yds.; Self-propelled Hydraulic Crane; Tractor with sideboom; Truck mounted Hydraulic Crane

POWER EQUIPMENT OPERATORS (Cont'd)
(Other than for work in Tnnels, Shafts and Raises)

Group 5: Cable operated power Shovels, Draglines, Clamshells and Backhoes over 5 cu. yds.; Crane, over 50 tons carrier mounted; Derrick; Electric rail type Tower Crane; Hoist, 3 drum or more; Quad Nine and similar push unit; Scrapers - single bowl including pups 40 cu. yds. and tandem bowls and over

Group 6: Cableway; Climbing Tower Crane; Crawler or truck mounted Tower Crane; Wheel Excavator, Tower Crane, truck type

POWER EQUIPMENT OPERATORS (Cont'd)
(For work in Tunnels, Shafts and Raises)

Group 1: Brakeman

Group 2: Motorman

Group 3: Compressor (900 CFM and over) serving Tunnels, Shafts and Raises

Group 4: Air Tractors; Grout Machine; Gunnite Machine; Jumbo Form; Mechanic; Welder

Group 5: Concrete Placement Pumps, 8" and over discharge; Mechanic-Welder, heavy duty; Mucking Machines and Front End-Loaders, underground; Slusher; Mine Hoist Operator

Group 6: Mole

LABORERS (Cont'd)
Zone Descriptions

AREA A

Adams, Arapahoe, Boulder, Denver, Lake, Larimer and Summit Counties. Douglas and Jefferson Counties lying north of the south line of Township 7 south; Elbert County lying West of the east line of Range 65 West and North of the south line of Township 7 south. Weld County lying south and west of the following described line: Beginning at the northwest corner of Township 4 North, Range 68 West of the 6th p.m.; thence east along the north line of said Township six (6) miles, more or less, to the east line of said Township; thence south along the east line of said Township three (3) miles, more or less, to the southeast corner of Section 13, Township 4 North, Range 68 West; thence east along the eastwest center line of Township 4 North, Range 67 West, six (6) miles, more or less, to the east line of said Township; thence south along the east line of Range 67 West, being the east lines of Township 4 North, 3 North, 2 North, and 1 North, Range 67 West, sixteen (16) miles to the southeast corner of Section 1, Township 1 North, Range 67 West; thence east and parallel to the Base Line twelve (12) miles, more or less, to the southeast corner of Section 1, Township 1 North, Range 65 West; thence south along the east line of Range 65 West, five (5) miles, more or less, to the Base Line being the south line of Weld County.

Zone 1: That area encompassed by 0 to 30 driving miles from the main Post Office in each of the following Cities: Boulder, Denver, Dillon, Englewood, Fort Collins, Golden, Greeley and Leadville

Zone 2: That area encompassed by 30 to 70 driving miles from the main Post Office of above named Cities

Zone 3: That area encompassed by 70 driving miles and over from the main Post Office of above named Cities.

AREA B

Douglas, Elbert, Jefferson, and Weld Counties lying outside of the area as described in Area A, and all of Clear Creek, Eagle, Gilpin, Grand, Morgan and Park Counties

Zone 1: That area encompassed by 0 to 30 driving miles from the main Post Office in each of the following Cities: Eagle, Fort Morgan, Golden Grandby, Greeley and Vail.

Zone 2: That area encompassed by 30 to 70 driving miles from main Post Office of above named Cities.

Zone 3: That area encompassed by 70 driving miles and over from the main Post Office in above named Cities.

LABORERS (Cont'd)

GROUP DESCRIPTION For ALL COUNTIES

Group 1: Watchmen tending Heaters and Pumps

Group 2: Building Construction Laborer

Group 3: Laborers - Underpinning and Shoring eight (8) feet or more below working surface.
Power Tool Operators of all mechanical, air, gas and electrical tools, including Self-propelled Buggies and Cement Finishers Tenders. Laborers preparing and placing of stone or any other Aggregate in sand bed to be used as exposed face of tilt-up panels.
Burners on Demolition and Welders, Gunnite Nozzleman and Sandblasters.

Group 4: Pipelayers on Building Construction

Group 5: Jackhammer Operator for Underpinning and Shoring over twelve (12) feet below working surface, Bellers and Stemmers on Caisson Work.

Group 6: Tender, Mason and Plaster

POWER EQUIPMENT OPERATORS
(Other than for work in Tunnels, Shafts and Raises)

Group 1: Air Compressor; Asphalt Screed; Oiler; Brakeman; Drill Operator - smaller than Williams MF and similar; Helper to Heavy Duty Mechanic and/or Welder; Operators of 5 or more light plants, Welding Machines, Generators, single unit conveyor; Pumps; Vacuum Well Point System; Tractor, under 70 HP with or without attachments

Group 2: Conveyor, handling building materials; Ditch Witch and similar Trenching Machine; Fireman or Tank Heater, road; Forklift; Haulage Motor Man; Pugmill; Portable Screening Plant with or without a spray bar; Screening Plants, with classifier; Self-propelled Roller, rubber-tired under 5 tons

Group 3: Asphalt Plant; Backfiller, Bituminous Spreader or Laydown Machine; Cableway Signalman; Caisson Drill; Williams MF, similar and larger; C.M.I. and similar; Concrete Batching Plants; Concrete finish Machine; Concrete Gang Saws on concrete paving; Concrete Mixer, less than 1 yd.; Concrete Placement Pumps, under 8 inches; Distributors, Bituminous Surfaces; Drill, Diamond or Core; Drill Rigs, rotary, churn, or cable tool; Elevating Graders, Equipment Lubricating and service Engineer; Engineer Fireman; Grout Machine; Gunnite Machine; Hoist, 1 drum; Hydraulic Backhoes, wheel mounted under 3/4 yd.; Loader, Barber Green, etc.; Loader up to and including 6 cu. yds.; Machine Doctor; Mechanic; Motor Grader/Blade, rough; Road Stabilization Machine; Rollers, self-propelled, all types over 5 tons; Sandblasting Machine; single unit portable crusher, with or without washer; Tie Tamper, wheel mounted; Tractor, 70 HP and over with or without attachments; Trenching Machine Operator; Welder; Winch on truck

Group 4: Cable operated Crane, track mounted; Cable operated power Shovels, Draglines, Clamshells, and Backhoes, 5 cu. yds. and under; Concrete Mixer over 1 cu. yd.; Concrete Paver 34E or similar; Concrete Placement Pumps, 8 inches and over; Crane, 50 tons and under; Hoist, 2 drums; Hydraulic Backhoe, 3/4 yd. and over; Loader, over 6 cu. yds.; Mechanic-welder, heavy duty; Mixer mobile; Motor Grader/blade, finish; Multiple unit portable Crusher, with or without washer; Piledriver; Scrapers, single bowl under 40 cu. yds.; Self-propelled Hydraulic Crane; Tractor with sideboom; Truck mounted Hydraulic Crane

POWER EQUIPMENT OPERATORS (Cont'd)
(Other than for work in Tunnels, Shafts and Raises)

Group 5: Cable operated power Shovels, Draglines, Clamshells and Backhoes over 5 cu. yds.; Crane, over 50 tons carrier mounted; Derrick; Electric rail type Tower Crane; Hoist, 3 drum or more; Quad Nine and similar push unit; Scrapers - single bowl including pups 40 cu. yds. and tandem bowls and over

Group 6: Cableway; Climbing Tower Crane; Crawler or truck mounted Tower Crane; Wheel Excavator, Tower Crane, truck type

POWER EQUIPMENT OPERATORS (Cont'd)
(For work in Tunnels, Shafts and Raises)

Group 1: Brakeman

Group 2: Motorman

Group 3: Compressor (900 CFM and over) serving Tunnels, Shafts and Raises

Group 4: Air Tractors; Grout Machine; Gunnite Machine; Jumbo Form; Mechanic; Welder

Group 5: Concrete Placement Pumps, 8" and over discharge; Mechanic-Welder, heavy duty; Mucking Machines and Front End Loaders, underground; Slusher; Mine Hoist Operator

Group 6: Mole

*ZONE DESCRIPTIONS
Power Equipment Operators and Truck Drivers

A. Counties entirely within Zone 1:

Boulder	Douglas	Larimer
Clear Creek	Gilpin	Morgan
Denver	Jefferson	Weld

B. Counties entirely within Zone 2:
Grand Lake Park Summit

C. Legal description of the portions of Adams, Arapahoe, Eagle and Elbert Counties which are included within zone 1, as follows:
All of Adams, Arapahoe, Elbert Counties lying west of the Township line between R59W and R60W of the 7th Guide Meridian West; and all of Eagle County lying west of the Township line between R80W and R81W of the 10th Guide Meridian West

D. Legal description of the portions of Adams, Arapahoe, Eagle and Elbert Counties which are includes within Zone 2, as follows:
All of Adams, Arapahoe, Elbert Counties lying East of the Township line between R59W and R60W of the 8th Guide Meridian West, and all of Eagle County lying East of the Township line between R80W and R81W of the 9th Guide Meridian West

ZONE 1: That area encompassed by 0 to 30 driving miles from the main Post Office in each of the following Cities: Pueblo and Trinidad.

ZONE 2: That area encompassed by 30 to 70 driving miles from the main Post Office in the above named Cities

ZONE 3: That area encompassed by 70 driving miles and over from the main Post Office in the above named Cities.

LABORERS [Cont'd]

GROUP DESCRIPTION For ALL COUNTIES

Group 1: Watchmen tending Heaters and Pumps

Group 2: Building Construction Laborer

Group 3: Laborers - Underpinning and Shoring eight (8) feet or more below working surface.
Power Tool Operators of all mechanical, air, gas and electrical tools, including Self-propelled Buggies and Cement Finishers Tenders. Laborers preparing and placing of stone or any other Aggregate in sand bed to be used as exposed face of tilt-up panels.
Burners on Demolition and Welders, Gunnite Nozzleman and Sandblasters.

Group 4: Pipelayers on Building Construction

Group 5: Jackhammer Operator for Underpinning and Shoring over twelve (12) feet below working surface, Bellers and Stemmers on Caisson Work.

Group 6: Tender, Mason and Plaster

POWER EQUIPMENT OPERATORS
(Other than for work in Tunnels, Shafts and Raises)

Group 1: Air Compressor; Asphalt Screed; Oiler; Brakeman; Drill Operator - smaller than Williams MF and similar; Helper to Heavy Duty Mechanic and/or Welder; Operators of 5 or more light plants, Welding Machines, Generators, single unit conveyor; Pumps; Vacuum Well Point System; Tractor, under 70 HP with or without attachments

Group 2: Conveyor, handling building materials; Ditch Witch and similar Trenching Machine; Fireman or Tank Heater, road; Forklift; Haulage Motor Man; Pugmill; Portable Screening Plant with or without a spray bar; Screening Plants, with classifier; Self-propelled Roller, rubber-tired under 5 tons

Group 3: Asphalt Plant; Backfiller, Bituminous Spreader or Laydown Machine; Cableway Signalman; Caisson Drill; Williams MF, similar and larger; C.M.I. and similar; Concrete Batching Plants; Concrete finish Machine; Concrete Gang Saws on concrete paving; Concrete Mixer, less than 1 yd.; Concrete Placement Pumps, under 8 inches; Distributors, Bituminous Surfaces; Drill, Diamond or Core; Drill Rigs, rotary, churn, or cable tool; Elevating Graders, Equipment Lubricating and service Engineer; Engineer Fireman; Grout Machine; Gunnite Machine; Hoist, 1 drum; Hydraulic Backhoes, wheel mounted under 3/4 yd.; Loader, Barber Green, etc.; Loader up to and including 6 cu. yds.; Machine Doctor; Mechanic; Motor Grader/Blade, rough; Road Stabilization Machine; Rollers, self-propelled, all types over 5 tons; Sandblasting Machine; single unit portable crusher, with or without washer; Tie Tamper, wheel mounted; Tractor, 70 HP and over with or without attachments; Trenching Machine Operator; Welder; Winch on truck

Group 4: Cable operated Crane, track mounted; Cable operated power Shovels, Draglines, Clamshells, and Backhoes, 5 cu. yds. and under; Concrete Mixer over 1 cu. yd.; Concrete Paver 34E or similar; Concrete Placement Pumps, 8 inches and over; Crane, 50 tons and under; Hoist, 2 drums; Hydraulic Backhoe, 3/4 yd. and over; Loader, over 6 cu. yds.; Mechanic-welder, heavy duty; Mixer mobile; Motor Grader/blade, finish; Multiple unit portable Crusher, with or without washer; Piledriver; Scrapers, single bowl under 40 cu. yds.; Self-propelled Hydraulic Crane; Tractor with sideboom; Truck mounted Hydraulic Crane

POWER EQUIPMENT OPERATORS (Cont'd)
(Other than for work in Tunnels, Shafts and Raises)

Group 5: Cable operated power Shovels, Draglines, Clamshells and Backhoes over 5 cu. yds.; Crane, over 50 tons carrier mounted; Derrick; Electric rail type Tower Crane; Hoist, 3 drum or more; Quad Nine and similar push unit; Scrapers - single bowl including pups 40 cu. yds. and tandem bowls and over

Group 6: Cableway; Climbing Tower Crane; Crawler or truck mounted Tower Crane; Wheel Excavator, Tower Crane, truck type

POWER EQUIPMENT OPERATORS (Cont'd)
(For work in Tunnels, Shafts and Raises)

Group 1: Brakeman

Group 2: Motorman

Group 3: Compressor (900 CFM and over) serving Tunnels, Shafts and Raises

Group 4: Air Tractors; Grout Machine; Gunnite Machine; Jumbo Form; Mechanic; Welder

Group 5: Concrete Placement Pumps, 8" and over discharge; Mechanic-Welder, heavy duty; Mucking Machines and Front End Loaders, underground; Slusher; Mine Hoist Operator

Group 6: Mole

POWER EQUIPMENT OPERATORS (Building Construction)

CLASSIFICATION DEFINITIONS

Group 1 - Asphalt paver and spreader, asphalt plant mixer operator, asphalt plant operator, back fillers, backhoe, all types, barber-green loader (similar type), blade-power, all types, boats-power, boilers (2), boring machines (all types), cableways, cherry pickers (all types), chip spreader, clamshells, combination concrete hoist and mixer such as mixermobile (with tower, 500 per hour additional, compressors (2), 105 ft. or over not more than 20' apart, compressors tandem (any sizes), compressors single, truck mounted, concrete ready-mixed plant, portable (job site); concrete mixer paver, crane-overhead, crusher, rock, derricks, and derrick-cars (power operated), ditching machines, dozers, draglines, dredges - any type power grade-all - similar types, hoist, endless chain - power operated with power travel, loaders - all types, locomotives all types, mechanic and welder, mucking machine, orange peels, piledrivers - all types; pumps - material all types, push cats, scoops all types, self-propelled rotary drill, shovel, power, side boom, skimmer scoop, testhole machine, throttle man

Group 2 - A-frame trucks, boilers (1), brooms-power operated (all types), chip spreader (front man), clef plane operator, compressors (1) 105° or over, concrete saws, (self-propelled), conveyor operator, crab-power operated, curb finishing machine, firemen on rigs, flex plane, floating machine, form grader, fork lift - all types and sizes (except masonry), greaser, hoist, hoist, endless chain-power operated, hopper-power operated, hydra hammer (all types), lad-a-vator - similar type, mixers with side loaders, jennies, sub-grader, tractors over 50 h.p.,pumps (with well points); pump: rollers - all types, siphons, jets

Group 3 - Oiler

Group 4 - Fork lift-masonry

Group 5 - Oiler driver all types

POWER EQUIPMENT OPERATORS CLASSIFICATION DEFINITIONS CONTD:

Group 6 - Tractors (except when hauling material) less than 50 h.p.

Group 7 - Clamshells, 80 ft. of boom or over (including jib), crane or rigs 80 ft. of boom or over (including jib), draglines, 80 ft. of boom or over (including jib), piledrivers, 80 ft. of boom or over (including jib)

Group 8 - Cranes or rigs, over 200 ft of boom

Group 9 - Hoists each additional drum over 1 drum

Group 10 - Mater Mechanic

Group 11 - Crane - tower or climbing

Group 12 - Ready mixed concrete plants; (a) crane operator, (b) loader operator, (c) plant man, (d) conveyor operator

Group 7	10.60	.50	1.00	.75	.10
Group 8	10.10	.50	1.00	.75	.10

CLASSIFICATION DEFINITIONS

POWER EQUIPMENT OPERATORS:

Group 1 - Asphalt paver and spreader, asphalt plant console operator, auto grader, backhoe, blade operator, all types, boilers - 2; booster pump or dredge, boring machine (truck or crane mounted), bulldozer operator, clamshell operator, compressor maintenance operator - 2; concrete plant operator, central mix, concrete mixer, paver, crane operator, derrick or derrick trucks, ditching machine, dragline operator, dredge engineman, dredge operator, drill cat with compressor mounted on cat, drilling or boring machine, rotary, self-propelled, high loader-fork lift, hoisting engine - 2 active drums, locomotive operator, standard gauge, mechanics and welders, field or shop, maintenance operator, mucking machine, piledriver operator, pitman crane operator, pump-2, quad-trac, scoop operator all types, scoops in tandem, self-propelled rotary drill (Leroy or equal - not air tac); shovel operator, side discharge spreader, sideboom cats, skimer scoop operator, slip-form paver (GOMACO, BMI, or equal), throttle man, truck crane welding machine maintenance operator - 2

POWER EQUIPMENT OPERATORS (CONTD):
Site Preparation and Grading

Group 2 - A-frame truck asphalt hot mix silo, asphalt plant fireman, drum or boiler, asphalt plant mixer operator, asphalt plant man, asphalt roller operator, backfiller operator, chip spreader, concrete batch plant, dry power operator, concrete mixer operator, skiploader, concrete pump operator, crusher operator, elevating grader operator, greaser, hoisting engine-1 drum, latourneau rooter, multiple compactor, pavement breaker, self-propelled, of the hydra-hammer or similar type, power shield, pug mill operator, stump cutting machine, towboat operator, tractor operator over 50 h.p.

Group 3 - Boilers - 1 chip spreader (front man), churn drill operator, compressor maintenance operator - 1, concrete saws, self-propelled, conveyor operator, distributor operator, finishing machine operator, fireman, rig, float operator, form grader operator, pump, pump maintenance operator, other than dredge, roller operator, other than high type asphalt, screening and washing plant operator, self-propelled street broom or sweeper, siphons and jets, sub-grading machine operator, tank car heater operator operators - combination boiler and booster, tractor, 50 h.p. or less, without attachments, vibrating machine operator, mat hand, welding machine maintenance operator-1

Group 4 - Mechanic's helpers, oiler

Group 5 - Oiler, driver, all types

Group 6 - Clamshells, 3 yds. capacity or over, crane or rigs, 80 ft of boom or over (including jib), draglines, 3 yds. capacity or over, piledrivers, 80 ft. of boom or over (including jib), shovels, 3 yds capacity or over

Group 7 - Cranes or rigs, over 200 ft of boom (including jib)

Group 8- Hoists (each additional drum over 1 drum)

Men working in tunnels or shafts (not air shafts or coffer dams) of twenty-five (25) ft. or more in length or depth will be paid fifty cents (50¢) per hour above the regular classification

DECISION NO. KY77-1088

PAID HOLIDAYS: (WHERE APPLICABLE)

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day

FOOTNOTES:

a. Six paid holidays: A through F.

b. Employer contributes 4% of regular hourly rate to vacation pay credit for employee who has worked in business more than 5 years. Employer contributes 2% of regular hourly rate to vacation pay credit for employee who has worked in business less than 5 years.

c. Nine paid holidays: A through F plus Washington's Birthday, Good Friday and Christmas Eve, providing employee has worked 30 full days during the 90 calendar days prior to the holiday, and the regular scheduled work days immediately preceding and following the holiday.

d. Employer contribution of $16.50 per week per employee on payroll 30 days or more.

e. Employer contribution of $17.00 per week per employee on payroll 30 days or more

f. Paid Vacation: 1 year of employment - 1 week; 2 years to 10 years employment - 2 weeks; 10 years to 15 years employment - 3 weeks; 15 years or more of employment - 4 weeks.

CLASSIFICATION DEFINITIONS

POWER EQUIPMENT OPERATORS (ZONE 1)

Group 1 - Backhoe; cableway; crane, crawler or truck; crane, hydraulic-truck or cruiser mounted-16 tons & over; crane, locomotive; derrick; steam; derrick car & derrick boat; dragline; dredge; gradall, crawler or tire mounted; locomotive, gas, steam & other power; pile driver, land or floating; scoop, skimmer; shovel, power (steam, gas electric or other powers); switch boat; whirley; air tugger w/air compressor; anchor placing barge; asphalt spreader; athey force feed loader (self-propelled); backfilling machine; boat operator-push boat or tow boat (job site); boiler, high pressure breaking in period; boom truck, placing or erecting; boring machine, footing foundation; bullfloat; cherry picker, combination concrete hoist & mixer such as mixermobile; compressors, two, not more than 50 ft. apart; compressor-welder combination; concrete breaker (truck or tractor mounted); concrete pump, such as pumpcrete machine; concrete spreader; conveyor, large (not self-propelled) hoisting or moving brick and concrete into, or into and on floor level, one or both; crane, hydraulic-rough terrain, self-propelled; crane hydraulic-truck or cruiser mounted-under 16 tons; drilling machines, self-powered, used for earth or rock drilling or boring (wagon drills and any hand drills obtaining power from other sources including concrete breakers, jack-hammers and barco equipment no engineer required); elevating grader; engine man, dredge; excavator or powerbelt machine; finishing machine, self-propelled oscillating screed; forklift; grader, road with power blade; highlift; hoist, concrete and brick (brick cages on concrete skips operating in or on tower, towermobile, or similar equipment); hoist, stack; hydro-hammer; lad-a-vator, hoisting brick or concrete; loading machine (such as barber-greene); mixer-mobile,mucking machine, pipe cleaning machine; pipe wrapping machine; plant, asphalt; plant, concrete producing or ready-mix-job site; plant, heating-job site; plant-mixing-job site; plant, power generating-job site; pumps, two self-powered, over 2" through 6"; pumps, electric submersible, one through three, over 6"; quad-track; roller, asphalt, top or subgrade; scoop tractor drawn; spreader bos; subgrader; tie tamper; tractor-crawler, or wheel type with or without power unit, power take-offs, and attachments regardless of size; trenching machine, tunnel boring machine; vibrating machine, automatic, automatic propelled; welding machines (gasoline or diesel) more than one but not over four (regardless of size); well drilling machine.

Group 2 - Air tugger w/plant air; boiler, for power or heating on construction projects; boiler, temporary; compressor, air-one; compressor, air (mounted on truck); concrete saw, self-propelled; conveyor, large (not self-propelled); conveyor, large (not self-propelled) moving brick and concrete (distributing) on floor level; curb finishing machine; ditch paving machine; elevator (building construction or alteration); endless chain hoist; fireman; form grader; generator, one over 30 KW or any number developing over 30 KW; greaser; hoist, one drum regardless of size (except brick or concrete); lad-a-vator, other hoising; manlift; mixer, asphalt, over 8 cu. ft. capacity; mixer, if two or more mixers of one bag capacity or less are used by one employer on job, an operator is required; mixer, without side loader, 2 bag capacity or more; mixer with side loader, regardless of size, not paver; oiler on dredge; oiler on truck crane; pug mill operator; pump, push-self-powered, automatic controller over 2" during use in connection with construction work; sweeper, street; welding machine, one over 400 amp.; winch operating from truck.

Group 3 - Boat operator-outboard motor (job-site); conveyor (such as con-vey-it); regardless of how used; oiler; sweeper, floor

CLASSIFICATION DEFINITIONS

POWER EQUIPMENT OPERATORS (CONTD.):

Group 4 - (a)Air pressure; oiler engineer operating under ten pounds. (b)Air pressure, oiler engineer operating over ten pounds. (c)Air pressure engineer operating under ten pounds. (d)Air pressure engineer operating over ten pounds. (e)Crane-pile driving and extracting; crane using rock socket tool, dragline-7 cu. yds. & over, shovel, power-7 cu. yds. and over, crane, climbing (such as linden), derrick, diesel, gas or electric hoisting material or erecting steel 150' or more above ground, hoist, three or more drums; scoop, tandem; tractor, tandem crawler.

Crane, with boom (including jib) over 100' from pin to pin (add 1¢ per foot to maximum of 1.00) above basic rate for cranes.

Work in tunnel or tunnel shaft, .50¢ above base rate.

BUILDING CONSTRUCTION POWER EQUIPMENT OPERATORS'S CLASSIFICATION DEFINITION

Group 1 - Firemen oilers; greasers; mechanic's helpers; industrial type tractor without attachments
Group 2 - Pumps - 4 inches and over
Group 3 - Industrial type tractor with attachments
Group 4 - Forklift or similar type equipment
Group 5 - Compressors - 300 cu. ft. or over, or a serier of compressors equalling 300 cu. ft. or over
Group 6 - Economobile
Group 7 - Single drum trucks or boom hoists; winch trucks; concrete pumps
Group 8 - One drum hoists; air tugger; mixer with capacity or 1 yard or more; Blade graders; bulldozers; front end loaders; hydraulic backhoe on industrial type tractor
Group 9 - Rubber tired earth moving equipment; hydrocrane
Group 10 - Two drum hoists; mechanics; cranes; piledrivers; shovels; draglines; clamshells; oragne peel; backhoe; all shovel type equipment; all derricks and cranes

D - FOOTNOTE:
Employees who are on the employer's payroll on the scheduled work day immediately preceding or following New Years Day; Fourth of July, Labor Day; and Christmas Day or days celebrated as sech holidays, shall received eight hours pay at straight time rate; also shall receive eight hours pay for memorial day and thanksgiving day.

DECISION NO. NY77-3003

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Holidays: A through F.

b. Employer contributes 4% of basic hourly rate for 5 years or more of service or 2% basic hourly rate after 6 months to 5 years of service as Vacation Pay Credit.

c. Holidays: A through F; Washington's Birthday, Good Friday and Christmas eve, providing employee has worked 30 full days during the 90 calendar days prior to the holiday and the regular schedule work days immediately preceding and following the holiday.

d. Holidays: A through F; Washington's Birthday, Election Day for President of the United States and Election of Governor of New York State; provided employee works the day before and after the holiday.

e. After one year, one weeks vacation; 2 years, 6 days vacation; 3 years, 7 days vacation; up to 2 weeks maximum vacation after completion of the 5th year, full vacations are earned by a driver who works 1040 hours or more in the calendar year, vacation will be prorated for either 1 or 2 weeks of vacation on the basis of using the number of hours worked as the numerator and 1040 as the denominator.

f. Holidays: A through F, Friday after Thanksgiving Day except where the employee is laid off 2 or more weeks prior to the holiday, however employees laid off less than 2 weeks prior to Election Day will automatically be eligible for the subsequent Friday after Thanksgiving as a paid holiday even through laid off.

g. Holidays: B and D.

CLASS B
Bull float, chain saw, concrete aggregate, bin, concrete bootman, gin buggy, hand or machine vibrator, jackhammer, mason tender, mortar mixer, pavement breaker, handlers of all steel mesh, small generators for laborers' tools, installation of bridge drainage pipe, pipelayers, vibrator type rollers, tamper, drill doctor, tail or screw op. on asphalt paver, water pump op. (1½" and single diaphragm), nozzle (asphalt, gunnite, seeding and sand blasting), laborers on chain link fence erection, rock splitter and power unit, pusher type concrete saw and all other gas, electric, oil and air tool operators, wrecking laborer.

CLASS C
All rock or drilling machine operators (except quarry master and similar type), acetylene torch op., asphalt raker, powderman.

CLASS D
Blasters, form setters, stone or granite curb setters.

BUILDING CONSTRUCTION - POWER EQUIPMENT OPERATORS :

GROUP I - Cranes (cable and hydraulic, climbing and tower)

I - A 121 ft. and under
I - B 121 ft. and 151 ft.
I - C 151 ft. and 201 ft.
I - D 201 ft. and 251 ft.
I - E 251 ft. and 301 ft.
I - F 301 ft. and 351 ft.
I - G 351 ft. and 401 ft.
I - H 401 ft. and 451 ft.

GROUP II - Air tugger, derrick, dredge, big generator plant, cableway, backhoe, clamshell, dragline, shovel and similar machines over 3/8 cubic yards capacity (factory rating), bridge crane (all types), caisson auger and similar type machine, forklift (with factory rating of 15 ft. or more of lift), hoist (on steel erection), mucking machines, roor carrier (and similar types), three drum hoist (when all three drums are in use)

GROUP III - A frame truck, backfilling machine, hoist (1 or 2 drums), barber green and similar typer machine, maintenance engineer (mechanic), mechanical slurry machines (all kinds), belt crete and similar type machines, bituminous spreading machine, post hole digger, bulldozer, carry all type scraper, core drill, pumps, (regardless of motive power) no more than (4) in number not to exceed 20 inches in total capacity), fine grade and finish rollers, side boom tractor, stone crusher, compressors: 4 not to exceed 2000 cfm combined capacity 3 or less with more than 1200 CFM, but not to exceed 2000 CFM, concrete mixer, concrete placer, concrete pumps, tournadozer and similar types, crane-hoe-shovel 3/8 yd. capacity or less (factory rating), tournapull and similar types, dinky locomotives (all types), tower-mobile and similar types, elevating grader, elevator trenching machines, fine grade machines (all kinds), welder, front end loader, forklift with factory rating of less than 15 feet of lift, well drill, well point system, high pressure boiler, side boom. Exception: single electric pumps up to and including 4 inches not be manned.

GROUP IV - Any combination (not to exceed 3 pieces of equipment), welding, machine or mechanical conveyor (over 12 ft in length), fireman, belt crete generator, mechanical heater, roller (fill & grade), pumps (regardless of motive power) no more than (3) in number, not to exceed twelve inches total capacity, rubber tired tractor, compressor 3 or less, not to exceed 1200 CFM combined capacity, longitudinal float, Exception: single gasoline driven welding machines up to 300 amps need not be manned.

GROUP IV	8.27	.90	.60	a	.1

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTES:

a. Paid Holidays A through F; providing the employee works the working before and after the holiday.

POWER EQUIPMENT OPERATORS: HEAVY AND HIGHWAY CONSTRUCTION

Group I - Automated concrete spreader (CMI), automatic fine grader, backhoe (except tractor mounted, rubber tired), belt placer (CMI type), blacktop plant (automated), cableway, caisson auger, central mix concrete plant (automated), cherry picker (over 5 tons capacity), concrete pump (6" or c crane, cranes & derricks (steel erection), dragline, dredge, dual drum paver, excavator (all purpose-hydraulically operated, (gradall or similar fork lift (factor rated 15 ft. and over), front end loader 4 c.y. and ove head tower (sauerman or equal) hoist (2 or 3 drum), mine hoist, mucking machine or mole, over head crane (gantry or straddle type), piledriver, power grader, quarry master (or equivalent), scraper, shovel, sideboom, slip form paver (if second man is needed, he shall be an oiler), tractor drawn belt type loader, truck crane, tunnel shovel.

Group II - Backhoe (tractor mounted, rubber tired), bituminous spreader an mixer, blacktop plant (non-automated), blast or rotary drill truck or tractor mounted), boring machine, cage-hoist, central mix plant (non-auto mated and all concrete batching plants), cherry picker (5 tons capacity and under), compressors (4 or less) exceeding 2000 C.F.M. combined capaci concrete paver (over 16S), concrete pump (under 8"), crusher, diesel power unit, drill rigs (tractor mounted), front end loader (under 4 c.y.) hi-pressure - boiler (15 lobs. and over), hoist (one drum) Kelman plant loader and similar type loaders (if another man is required to clean screen or to maintain the equipment, he shall be an oiler), locomotive maintenance/engineer/fireman/welder, mixer (for stablized base self-propelled), monorail machine, plant engineer, pump crete, ready mix concrete plant, refrigeration equipment (for soil stabilization), road wilderer, roller (all above subgrade), tractor with dozer and/or push c trenches, tugger-hoist, winch, winch cat.

DECISION NO. KY77-3004

POWER EQUIPMENT OPERATORS: HEAVY AND HIGHWAY CONSTRUCTION CONT'D.

Group III - A-frame truck, compressors (4 not to exceed 2000 C.F.M. combined capacity or 3 or less with more than 1200 C.F.M. but not to exceed 2000 C.F.M.), compressors (any size but subject to other provisions for compressors), dust collectors, generators, pumps, welding machines (4 of any type of combination), concrete pavement spreaders and finishers, conveyer, drill-core, drill-well, electric pumps used in conjunction with well point system, farm tractor with accessories, fine grade machine, fork lift (under 15 ft.), gunite machine, hammers (hydraulic-self-propelled), post hole digger and post driver, power sweeper, roller (grade and fill), submersible electric pump (when used in lieu of well point system), tractor with towed accessories, vibratory compactor, vibro tamp, well point.

Group IV - Aggregate plant, boiler (used in conjunction with production), cement and bin operator, compressors (3 or less not to exceed 1200 C.F.M. combined capacity), compressor (any size, but subject to other provisions for compressors) dust collectors, generator pumps, welding machines (3 or less of any type or combination), concrete paver or mixer (16S and under), concrete saw (self-propelled), fireman, form tamper, hydraulic pump (jacking system), lighting plants, mulching machine, oiler parapet- (concrete or pavement grinder), power broom (towed), power heaterman, revinius widener shell winder, steam cleaner, tractor.

DECISION NO. KY77-3004

TRUCK DRIVERS: HEAVY AND HIGHWAY CONSTRUCTION	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	App. Tr.
CLASS 1	$8.04	.65	.70	a	
CLASS 2	8.09	.65	.70	a	
CLASS 3	8.14	.65	.70	a	
CLASS 4	8.89	.65	.70	a	
CLASS 5	8.44	.65	.70	a	

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTE:
a. Paid Holidays A through F, provided the employee has worked the working day before and after the holiday.

TRUCK DRIVERS: HEAVY AND HIGHWAY CONSTRUCTION:

CLASS 1
Warehouseman, yardmen, truck helpers, pickups, panel trucks, flatboy material trucks (straight jobs), single axel dump trucks, dumpsters, material checker and receivers, greasers, truck firemen, mechanic helpers and parts chaser.

CLASS 2
Tandems, batch trucks, mechanics and dispatcher.

CLASS 3
Semi-trailers, low-boy trucks, asphalt distributor trucks, agitator, mixer trucks and dumpcrete type vehicles, truck mechanic.

CLASS 4
Specialized earth moving equipment - euclid type or similar off-highway equipment, where not self loaded, and straddle (ross) carrier.

CLASS 5
Off-highway tandem back-dump, twin engine equipment and double-hitched equipment where not self loaded.

STATE: NEW YORK COUNTY: ONEIDA
DECISION NO.: NY77-3081 DATE: DATE OF PUBLICATION
Supersedes Decision No. NY77-3010 dated February 11, 1977 in 42 FR 8961.
DESCRIPTION OF WORK: Building Construction, (excluding single family homes and garden type apartments up to and including 4 stories), heavy and highway construction.

POWER EQUIPMENT OPERATORS BUILDING CONSTRUCTION					
CLASS 1	$10.03	.95	.60	a	.05
CLASS 2	9.53	.95	.60	a	.05
CLASS 3	8.51	.95	.60	a	.05

POWER EQUIPMENT OPERATORS: Building Construction

CLASS 1
Asphalt and blacktop roller; automated concrete spreader (CMI or equivalent); Automated fine grade machine (CM); Backhoe; Belt placer; Blacktop spreader (such as Barber Greene and BawKnox) Blacktop plant (automated); Blast or rotary drill (truck or cat mounted); Boom truck; Cableway; Caisson auger; Carry-all-scraper-self loading; Central Mix plant (automated); Cherry picker over five (5) ton capacity; Compressors; Pump; Generator or welding machine (when used in a battery of not more than four (4); Crane; Crusher-cock; Derrick; Diesel power unit; Dragline; Dredge; Dual drum paver; Elevating grader (self-propelledto towed); Elevator hoist - two cage; Excavator - all purpose - hydraulically operated; Fork lift (factory rating 15 ft. or more); Front end loader (4 c.y. and over); Gradall; Grader (power); Head tower (Saur man or equal); Hoist (2 or 3 drums); Locomotive; Maintenance engineer; Maintenance welder; Mine hoist; Mucking machine or mole; Overhead crane fixed permanent; Pile driver; Quarry Master or equivalent; Refrigeration Equipment - for soil stabilization; Shovel; Side boom; Slip form paver; Straddle buggy (Ross carrier, Lumber carrier) Tractor drawn belt type loader (Euclid loader); Trenching machine (digging capacity of over 4 ft. depth); Truck crane operator; Tunnel shovel; Vibro or sonic hammer controls (when not mounted in proximity to the rig operators)

CLASS 2
"A" Frame truck; Blacktop plant non-automatic); Boring machine; Bulldozer; Cage hoist; Carry-all scraper; Central mix plant (non-automated); Cherry picker five (5) tons and under; Compressor (315 c.f. and over); Concrete paver (single drum over 16S); Concrete pump; Core boring machine; Drill rigs-tractor mounted; Elevator - as a material hoist; Forklift (factory rating less than 15 ft.); Front end loader (under 4 cu. yds.); Gunnite machine; High pressure boiler (15 lbs. and over); Hoist (one

DECISION NO. NY77-3081

POWER EQUIPMENT OPERATORS: Building Construction (CONT'D)

CLASS 2 (Cont'd)

drum); Hydraulic breaking hammer; (Drop hammer); Kolman plant loader (screening gravel); maintenance grease man; mixer for stabilized base - self propelled (seaman mixer); Monorail machine; Parapet concrete or pavement grinder post hole digger (truck or tractor mounted); Post driver (truck or tractor mounted); Power sweeper (Wayne or similar); Pump 4" and over; Pump-crete or squeeze-crete; Road widner (front end of grader or self-propelled); Shell winder (motorized); Snorkel (overhead arms); Roller; Trenching machine (digging capacity of 4 ft. or less); Tugger hoist vibro tamp; Well drill; Well point system (submersible pumps when used in lieu of well-point system); Winch (motor driven); Winch cat; Winch truck

CLASS 3

Compressor (under 315 cu. ft.); Concrete paver or mixer (under 16S); Concrete pavement spreaders and finishers (not automated); Conveyor (over 12 ft.); Electric submersible pump (4" and over); Farm tractor with or without accessories; Fine grade machine (not automated); Fireman; Form tamper; Generator (2,500 watts and over); Hydraulic pump; Mechanical heaters - more than two (2) mechanical heaters or any mechanical heater or heaters whose combined output exceeds 640.000 BTU per hour (manufacturer's rating); Mulching machine; Oiler; Power driven welding machine - 300 amp. and over (other than all electric); One welding machine under 300 amp. will not require an engineer unless in a battery); Power heaterman (hay drier) Pump (under 4"); Revinius widner (road widner); Steam cleaner or Jenny; Tractor with ot without towed accessories

FOOTNOTE:

a. Holidays: New Year's Day; Memocial Day; Independence Day; Labor Day; Thanksgiving Day and Christmas Day, providing employee has worked 5 consecutive working days before and the working day after the holiday.

TRUCK DRIVERS: HEAVY AND HIGHWAY CONSTRUCTION					
CLASS 1	$ 8.04	.65	.70	a	
CLASS 2	8.09	.65	.70	a	
CLASS 3	8.14	.65	.70	a	
CLASS 4	8.29	.65	.70	a	
CLASS 5	3.44	.65	.70	a	

TRUCK DRIVERS: HEAVY AND HIGHWAY CONSTRUCTION

CLASS 1
Warehouseman, yardmen, truck helpers, pickups, panel trucks, flatboy material trucks (straight jobs), single axel dump trucks, dumpsters, material checkers and receivers, greasers, truck tiremen, mechanic helpers and parts chaser

CLASS 2
Tandems, batch trucks, mechanics and dispatcher

CLASS 3
Semi-trailers, low-boy trucks, asphalt distributor trucks, agitator, mixer trucks and dumpcrete type vehicles, truck mechanic

CLASS 4
Specialized earth moving equipment - euclid type or similar off-highway equipment, where not self loaded, and straddle (ross) carrier

CLASS 5
Off-highway tandem back-dump, twin engine equipment and double-hitched equipment where not self loaded

PAID HOLIDAYS:
A-New Year's Day; B-Memorial Day; C-InDependence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day.

FOOTNOTE:
a. Holidays A through F, provided the employee has worked the working day before and after the holiday.

SUPERSEDEAS DECISION

STATE: NEW YORK COUNTY: ORANGE
DECISION NO.: NY77-3084 DATE: DATE OF PUBLICATION
Supersedes Decision No. NY77-3014 dated February 11, 1977 in 42 FR 8966
DESCRIPTION OF WORK: Building Construction, (does not include single family homes and garden type apartments up to and including 4 stories), Heavy and Highway Construction.

	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	Education and/or Appr. Tr.
Asbestos Workers	$13.29	5%	10%		
Boilermakers	12.33	5%	15%	7%	.02
Bricklayers:					
All that portion bounded on the east by the Hudson River to the Woodbury Twp. line south of Bear Mt., thence along this line to to the Tuxedo Twp. line, thence along this line to a point south of Lake Minnisha, thence due west to the Lehigh-Hudson River R.R. line, thence northerly along this R.R. line to Maybrook, then northerly along the Penn Central R.R. line to the Ulster County line and along this line easterly to the starting point, the Hudson River. All that portion lying within these boundaries including the towns on the East side of the above named R.R. lines:					
Bricklayers, Cement Masons, Plasterers, and Stonemasons:					
(Building)	9.95	1.10	1.10		
(Heavy and Highway)	10.20	1.10	1.10	*	
Starting at the junction of Ulster County, Sullivan County, and Orange County, along Ulster County line, southeast to the New York, New Haven, and Hartford R.R. line to a point south of Wisner, thence east to the top of the Dellvale Mt. Range, thence southerly to the New Jersey State line, including the Towns of Warwick, New Milford, & Dellvale:					
Bricklayers, Cement Masons, Plasterers, and Stonemasons:					
(Building)	10.00	.83	1.53		
(Heavy and Highway)	10.25	.83	1.53	*

DECISION NO. NY77-3084

PAID HOLIDAYS:

A-New Year's Day; B-Memorial Day; C-Independence Day; D-Labor Day; E-Thanksgiving Day; F-Christmas Day

FOOTNOTES:

a. Holidays: A through F; Lincoln's Birthday, Washington's Birthday, Armistice Day, Columbus Day and Election Day.

b. In the event of a death in the family of the member of the unit he shall be paid 3 days wages, family means husband, wife, mother, father, sister, brother or children. Wages are only paid on the condition that the member of the unit attends the funeral of the deceased.

c. Employee contributes $7.00 per day to Annuity Fund.

d. Employee contributes 6.4% of basic hourly rate for 5 years or more service or 4.2% basic hourly rate for 6 months to 5 years of service as Vacation Pay Credit.

e. Election day shall be observed in accordance with New York State Law.

f. Holidays: A through F; Washington's Birthday; X-Mas Eve; and Good Friday, providing employee has worked 30 full days during the 90 calendar days prior to the holiday, and the regularly scheduled work days immediately preceding and following the holiday.

g. Holidays: A through F; Washington's Birthday, Election Day for President of the United States and Election of Governor of New York (provided employee works the day before and the day after the holiday).

h. Holidays: New Year's Eve & X-Mas Eve.

i. Holidays: A through F; Lincoln's Birthday; Washington's Birthday; Good Friday; Columbus Day, providing employee works any one of three days preceeding or following the holiday.

j. Two hours off with pay on General Election Day, provided the employee has received 4 hours pay that day.

k. Employees employed on the last legal working day before Christmas Day and New Year's Day, and who report to work on such days, shall receive 3 hours pay.

DECISION NO. NY77-3084	Basic Hourly Rates	Fringe Benefits Payments

Group IX	8.15	.45	.50		.12
Group X	7.85	.45	.50		.12

POWER EQUIPMENT OPERATORS CLASSIFICATION DEFINITIONS

GROUP I - All crane type equipment with 200' of boom or over (including jib)
GROUP II - All crane type equipment with 150-200' of boom (including jib)
GROUP III -All crane type equipment with 100-150' of boom (including jib), all tower cranes and all crane type equipment of 3 cu. yd. or more (as rates by mfg.), sideboom (booms 30' & over), guy derrick
GROUP IV - Heavy duty mechanic welder, crane-hook & overhead monorail, whirley, panel board batch plant operator, piledriver engineer, dragline, shovel, clamshell, backhoe, sideboom (under 30'), gradall, hydro crane, cherry picker, hoists while operating 2 or more drums, hoists while doing stack & chimney work (1 or 2 drums), power driven hole digger (with 30' and longer mast)

POWER EQUIPMENT OPERATORS CLASSIFICATION DEFINITIONS (CONT'D)

GROUP V - Motor patrol (blade), fork lift (35' and over), dozer (engine h.p. 65 of over). fordson tractor or like equipment with hoe or loader equipment or ditcher, scraper type equipment, tournapull, DW 10, 15, 16, 20, 21 and similar rubber-tired equipment, Euclid, TS-24 and similar, loader operator or Hi-lift (Engine h.p. 65 or over), asphalt lay machine, tail boom, conveyor-multiple, panel board control, power driven hole digger with less than 30' mast, trenching machine, concrete pump - boom type

GROUP VI - Locomotive engineer, boring machine, tug boat, mixer, 18 cu. ft. and over, sand barge, dredging machine, tugger, hoist - when operating one drum, welding machine, 3 to 6, air compressor, 3 to 5, 500 cu. ft. and under, air compressor, over 500 cu. ft., (1) pump battery, 3 to 6, fork lift, bobcat and similar equipment, generator plant engineers, diesel electric, winch truck with a frame, roller,all types, outside elevator or building type of personnel hoist, concrete buster or tamper, heaters under jurisdiction of operators, engineers, firemen, boiler operator, crushing plants, oiler distributor, pulvimixer, farmer tractor-with or without attachments, batch plant operator - duel, continous or belt bulk handling, screed operator, concrete pump, form grader, screening plant, well point pump operator, signal man on large whirleys when and if required, operator for rotary drilling machines when operated from console or machines

Engineers for machines not listed under the above classifications shall receive the scale comparable to these classifications.

GROUP VII - Greaser, tilt top trailer operator

GROUP VIII - Permanent elevator - building type (automatic, concrete mixer, with hopper less than 18 cu. ft., air compressor, 500 cu. ft. and under (1 or 2) welding machine (1 or 2), pump (1 or 2), fuelman, conveyor operator-single continuous belt bulk handling

GROUP IX - Asphalt lay machine back end man, helpers

GROUP X - Truck crane oiler driver or truck crane oiler

Health and Welfare	$ 1.00
Pension	1.00
Vacation	.50
Apprenticeship Training	.05

*SEE ZONE DESCRIPTION - following Truck Drivers classifications.

POWER EQUIPMENT OPERATORS

Group 1: Oiler, including Plant, Crane, Crusher, Guardrail equipment, and Trenching Machine; Assistant Conveyor Operator; Crusher Feederman; Deckhand; Self-propelled Scaffolding Operator; Guardrail Punch Oiler; Pump Operator, under 4"; Brakeman; Switchman; Parts Man (tool room)

Group 2: Blade Operator, pulled type; Truck Crane Oiler-driver, 25 ton capacity or over; Crane Fireman, (all equipment except floating); A-Frame Truck Operator, single drum; Tugger or Coffin type Hoist Operator; Driller Helper; Auger Oiler; Boatman; Fork Lift or Lumber Stacker Operator (on job site); Oiler, combination Guardrail Machines; Temporary Heating Plant Operator; Grade Oiler, required to check grade; Grade Checker; Tar Pot Fireman; Tar Pot Fireman (power agitated); H.D. Repairman Helper; Welder's Helper; Helicopter Radioman (ground); Roller Operator, grading of base rock (not asphalt)

Group 3: Asphalt Plant Fireman; Pugmill Operator (any type); Truck mounted Asphalt Spreader, with Screed; Compressor Operator (any power), under 2,250 cu. ft. total capacity; Conveyor Operator; Mixer Box Operator (C.T.B., Dry Batch, etc.); Cement Hog; Concrete Saw; Concrete Curing Machine (riding type); Wire Mat or Brooming Machine; Ross Carrier Operator (on job site); Bucket Elevator Loader, Barber-Greene and similar types; Hydraulic Pipe Press; Pump Operator (any power), 4" and over; Hydrostatic Pump; Motorman; Ballast Jack Tamper; Bell Boy phones, etc.; Tamping Machine, mechanical self-propelled; Hygrographic Seeder Machine, straw, pulp or seed; Broom Operator, self-propelled (on job site); Air Filtration Equipment; Welding Machine Operator

POWER EQUIPMENT OPERATORS (Cont'd)

Group 4: Screed Operator; Compactor, including Vibratory; Compressor (any power) over 1,250 cu. ft. total capacity; Combination Mixer and Compressor, Gunnite work; Concrete Mixer Operator, single drum, under five bag capacity; Helicopter Hoist Operator; Floating Equipment Fireman; Lull Hi-lift Operator or similar type; Fork Lift, over 5 ton; Service Oiler (greaser); Hydra Hammer or similar types; Pavement Breaker; Pump Operator, more than 5 (any size); Locomotive, under 40 ton.; Roller Operator, Oiling, C.T.B.

Group 5: Extrusion Machine; Wagner Pactor or similar type (without blade); Concrete Batch Plant Quality Control Operator; Power Jumbo, Setting Slip Forms, etc. in tunnels; Slip Form Pumps, Power driven Hydraulic Lifting Device for concrete forms; Hoist, single drum; Elevator Operator; Pulvamixer or similar types; Chip Spreading Machine Operator; Lime Spreading (on job site); Sweeper (Wayne type) Self-propelled (on job site); Tractor, rubber-tired 50 H.P. Flywheel and under; Trenching Machine, maximum digging capacity 3 ft. depth.

Group 6: Asphalt Burner and Reconditioner; Pavement Grinder and/or Grooving Machine (riding type); Cast-in-place Pipe Laying Machine; Maginnis Internal Full Slab Vibrator; Concrete Finishing Machine, Clary, Johnson, Bidwell, Burgess Bridge Deck or similar type; Curb Machine, Mechanical Berm, Curb and/or Curb and Gutter; Concrete Joint Machine; Concrete Planer; Concrete Paving Machine; Concrete Spreader; Loaders, rubber-tired type, 2½ cu. yds. and under; Rock Spreaders, self-propelled.

Group 7: Roller(any asphalt mix); Beltcrete; Pumpcrete Operator (any type); Cement Pump, Fuller-Kenyon and similar; Concrete Pump; Grouting Machine; Concrete Mixer, single drum, five bag capacity and over; Tower Mobile Operator; A-Frame Truck double drum; Boom Truck; Churn Drill and Earth Boring Machine; Hydraulic Backhoe, wheel type 3/8 cu. yds. and under with or without front end attachments 2½ cu. yds. and under (Ford, John Deere, Case type); Elevating Grader, Tractor towed requiring operator or grader; Pot Rammer; Ballast Regulator; Ballast Tamper, Multiple-purpose; Track Liner; Tie Spacer; Shuttle Car; Locomotive, 40 tons and over

POWER EQUIPMENT OPERATORS (Cont'd)

Group 8: Diesel-Electric Engineer, Plant, Crusher, Generator, Floating; Batch Plant and/or wet mix, one and two drum; Generator Operator; Belt Loaders, Kolman and Ko Cal types; Asphalt Paver Operator

Group 9: Bulldozer; Drill Cat Operator; Side-boom Cat; Compactor, with blade; Concrete Cooling Machine; Chicago Boom and similar types; Lift Slab Machine; Boom type Lifting Device, 5 ton capacity or less; Cherry Picker or similar type Crane-hoist, 5 ton capacity or less; Grizzley Crusher; Crusher Plant; Drill Doctor; Boring Machine; Guard-rail Punch and Auger (all types); Surface Heater and Planer; Hydraulic Backhoe, truck type 3/8 cu. yd.; Loader, front end and overhead, 2½ cu. yds. and under 4 cu. yds.; Hammer Operator; Pipe Cleaning, Doping, Bending and Wrapping Machines; Bolt-threading Machine; Drill Doctor (bit grinder); H.D. Mechanic and Welder; Machine Tool Operator; Stationary Drag Scraper; Tractor, rubber-tired over 50 H.P. flywheel; Tractor with boom attachment; Trench Machine, maximum digging capacity over 3 ft. depth; Asphalt Plant Operator

Group 10: Bulldozer, twin engine (TC12 and similar); Cable Plow (any type); Compactor, multi-engine; Jack Operator, Elevating Barges; Barge Operator, self-unloading; Combination H.D. Mechanic-Welder, when dispatched and/or when required to do both; Rubber-tired dozers and Pushers (Michigan, Cat, Hough type); Driller-Percussion, Diamond, Core, Cable, Rotary and similar type

Group 11: Mixer Mobile; Concrete Breaker; Crane Operator, 25 tons and under; Combination Guardrail Machines, i.e., Punch, Auger, etc.; Shovel; Dragline; Clamshell, Hoe, etc., under 1 cu. yd.; Grade-alls, under 1 cu. yd.; Mucking Machine (tunnel)

Group 12: Blade Operator; Batch Plant and/or Wet Mix, 3 units or more; Reinforced Tank Banding Machine (K-17 or similar); Hoist, two or more drums; Elevating Loader, Athey and similar; Piledriver (not crane type); Rubber-tired Scraper, single and twin engine, Single Scraper, with Push-pull attachments, self-loader, Paddle Wheel, Auger type; Blade mounted Spreaders, Ulrich and similar types; Shield Operator

POWER EQUIPMENT OPERATORS (Cont'd)

Group 13: Blade Operator, finish; Blade, externally controlled by electronic, mechanical hydraulic means; Blade, Multi-engines; Concrete Paving Road Mixer; Derrick, under 100 tons; Hoist, Stiff Leg, Guy Derrick or similar, 50 tons and over; Cableway Operator 25 ton and over; Crane, over 25 ton and including 50 tons; Piledriver Operator; Floating Clamshell, etc. under 3 cu. yds.; Floating Crane (derrick barge), less than 30 ton; Elevating Grader, operated by tractor operator, Sierra, Euclid, or similar; Back Filling Machine; Shovel, etc. 1 cu. yd. and less than 3 cu. yds.; Grade-all, 1 cu. yd. and over; Bridge Crane Operator, Locomotive Crane, Gantry and Overhead

Group 14: Tower Crane Operator; Rubber-tired Scraper, with Tandem Scrapers, self-loading, Paddle Wheel, Auger type, Finish and/or 2 or more units

Group 15: Rock Bound Operator; Loader, 4 cu. yds., but less than 6 cu. yds.

Group 16: Autograder or "Trimmer"; Tandem Bulldozer, Quad-nine and similar; Automatic Concrete Slip Form Paver; Concrete Canal Line; Cableway, 25 ton and over; Crane, over 40 ton and including 100 ton; Whirley, 80 ton and under; Floating Clamshell, etc., 3 cu. yds. and over; Floating Crane (derrick barge) 30 ton but less than 80 ton; Loader, 6 cu. yds., but less than 12 cu. yds.; Rubber-tired Scraper, with Tandem Scrapers, Multi-engine; Shovel, etc., 3 cu. yds. but less than 5 cu. yds.; Wheel Excavator, under 750 cu. yds. per hour

Group 17: Crane over 100 ton and including 200 ton; Whirley over 80 ton and including 150 ton; Floating Crane (derrick barge) 80 ton less than 150 ton; Loader, 12 cu. yds. and over; Shovel, etc., 5 cu. yds. and over; Canal Trimmer

Group 18: Crane, over 200 ton; Whirley, 150 ton and over; Floating Crane 150 ton but less than 250 ton; Wheel Excavator, over 750 cu. yds. per hour; Band Wagons, in conjunction with Wheel Excavator

Group 19: Helicopter, when used in erecting work; Floating Crane 250 ton and over; Remote Controlled Earth Moving Equipment; Underwater Equipment, remote or otherwise

FRINGE BENEFITS:

Health & Welfare	$ .68
Pension	.70
Vacation	.60
Apprenticeship Training	.05

*SEE ZONE DESCRIPTION - following Truck Drivers Classifications.

TRUCK DRIVERS

Group 1: Battery Rebuilders; Bus or Manhaul Driver; Concrete Buggies (power operated); Dump Trucks, side, end and bottom dumps, including Semi-trucks and Trains or combinations thereof: 6 cu. yds. and under, Lift Jitneys, Fork Lifts (all sizes in loading, unloading and transporting material on job site); Loader and/or Leverman on concrete dry batch plant (manually operated); Pilot Car; Solo Flat Bed and misc. Body Trucks, 0-10 tons; Truck Helper; Truck Mechanic Helper; Warehouseman (warehouse parts, tool men and parts chaser, checkers and receivers); Water Wagons (rated capacity) - up to 1,600 gallons

Group 2: "A" Frame of Hydra-lift Truck with Load bearing surface; Lubrication Man, Fuel Truck Driver, Tireman, Wash Rack, Steam Cleaner or combinations; Team Drivers

Group 3: Dump Trucks, side, end and bottom dumps, including Semi-trucks and Trains or combinations thereof: over 6 cu. yds. and including 10 cu. yds.; Slurry Truck Driver or Leverman; Transit Mix, and wet or dry mix trucks: 5 cu. yds. and under; Tireman (full-time basis); Water Wagons (rated capacity) - 1,600 to 3,000 gallons

Group 4: Flaherty Spreader Driver or Leverman; Lowbed Equipment, Flat Bed Semi-trailer, Truck and Trailers of doubles transporting equipment or wet or dry materials; Lumber Carrier Driver - Straddle Carrier (used in loading, unloading and transporting of materials on job site); Oil Distributor Driver or Leverman; Water Wagons (rated capacity) - 3,000 to 5,000 gallons

Group 5: Dumpsters of similar equipment, all sizes; Transit Mix and wet or dry trucks, over 5 cu. yds. and including 7 cu. yds.

Group 6: Dump Trucks, side, end and bottom dumps, including Semi Trucks and Trains of combinations thereof: over 10 cu. yds. and including 20 cu. yds.; Transit Mix and wet or dry mix truck, over7 cu. yds. and including 9 cu. yds.; Truck Mechanic-Welder - Body Repairman; Water Wagons (rated capacity 5000 to 7000 gallons

TRUCK DRIVERS

Group 7: Dump Trucks, side, end and bottom dumps, including Semi Trucks and Trains or combinations thereof: over 20 cu. yds. and including 30 cu. yds.; Transit Mix and wet or dry mix trucks, over 9 cu. yds. and including 11 cu. yds.; Water Wagons (rated capacity), over 7000 gallons to 10,000 gallons

Group 8: Dump Trucks, side, end and bottom dumps, including Semi Trucks and Trains or combinations thereof: over 30 cu. yds. and including 40 cu. yds.; Transit Mix and wet or dry mix trucks, over 11 cu. yds. and including 15 cu. yds.; Water Wagons (rated capacity), over 10,000 gallons to 15,000 gallons

Group 9: Dump Trucks, side, end and bottom dumps, including Semi Trucks and Trains or combination thereof: over 40 cu. yds. and including 50 cu. yds.; Transit Mix and wet or dry mix trucks, over 13 cu. yds. and including 15 cu. yds.

Group 10: Dump Trucks, side, end and bottom dumps, including Semi Trucks and Trains or combinations thereof: over 50 cu. yds. and including 60 cu. yds.

Group 11: Dump Trucks, side, end and bottom dumps, including Semi Trucks and Trains or combinations thereof: over 60 cu. yds. and including 70 cu. yds.

Group 12: Dump Trucks, side, end and bottom dumps, including Semi Trucks and Trains or combinations thereof: over 70 cu. yds. and including 80 cu. yds.

Group 13: Dump Trucks, side, end and bottom dumps, including Semi Trucks and Trains or combinations thereof: over 80 cu. yds. and including 90 cu. yds.

Group 14: Dump Trucks, side, end and bottom dumps, including Semi Trucks and Trains or combinations thereof: over 90 cu. yds. and including 100 cu. yds.

Drivers and Helpers (handling sacked cement - add $.15 per hour)

Winch Truck - takes classification of Truck on which Winch is mounted.

LABORERS
POWER EQUIPMENT OPERATORS
TRUCK DRIVERS

ZONE WAGE SCALE

Portland Only

Zone A - All jobs or projects located within 25 miles of the City Hall of Portland

Zone C - More than 25 miles but less than 35 miles from City Hall

Zone D - More than 35 miles but less than 45 miles from City Hall

Zone E - More than 45 miles but less than 75 miles from City Hall

Zone F - More than 75 miles from City Hall

Eugene and Salem Only

Zone A - All jobs or projects located within 20 miles of the respective City Hall

Zone B - More than 20 miles but less than 25 miles from the respective City Hall

Zone C - More than 35 miles but less than 45 miles from the respective City Hall

Zone D - More than 35 miles but less than 45 miles from the respective City Hall

Zone E - More than 45 miles but less than 75 miles from the respective City Hall

POWER EQUIPMENT OPERATORS

Group 1: Auger Machine Operator (post holes, etc.); Batch Bin Weighman, Scalesman or Hopperman; Beginner Operator; Brakeman and Helper; Crusher Oiler; Oiler; Utility; Screed Operator; Tractor Operators (farm, crawler or wheel type, 60 HSP (drawbar) or less with or without use of power attachments, except for use of back hoe or bucket)

Group 2: Broom Operators, self-propelled; Cableway Signalman (bellboy); Concrete Saw (self-propelled); Fireman; Power Loader, belt and bucket type

Group 3: Air Compressor over 315 cu. ft. capacity; Chip Spreader Operator; Form Grader Operator; Joint Machine Operator; Longitudinal Float Operator; Mixer Operator Concrete (under one yard); Helper (welder or heavy duty); Roller Operators, self-propelled (pneumatic, rubber tired, sheep foot, vibratory or combination type); Tire Repairman

Group 4: Pump Operator (all others)

Group 5: Conveyor Belt Operator; Fork Lift and Lumber Staker; Screening Plant Operator

Group 6: A-Frame Truck; Tractor Operators (farm, crawler or wheel type, over 60 HSP (drawbar) without use of power attachments

Group 7: Oiler, Lead Utility

Group 8: Gunnite and Grout Machine Operator; Mulching Machine Operator; Oil Distributor

Group 9: Front End Loader (up to and including 1½ cu. yds.); Pavement Breakers, Hydro-tamper and similar type machines; Pumps, well points

Group 10: Hoist Operator (one drum)

POWER EQUIPMENT OPERATORS (Cont'd)

Group 11: Haulage Motorman and Industrial type Motormen; Motor Patrol Operator (all others); Pump Operator (in tunnels, shafts, raises); Hydro type Cranes (up to 15 tons)

Group 12: Air Compressor, two or more machines or tunnels, shafts, raises of plant Operator; Asphalt Plant Operator; Bituminous Lay-down Machine Operator; CMI Machine and similar; Concrete Batch Plant; Concrete Finish Machine Operator; Concrete Multi Blade Span Saw (Hunt process or similar); Concrete Spreader and Paver Operator; Curbser Operator; Drilling Machine, integrated (Core, Rotary, Caisson, Diamond); Elevating Grader; Front End Loader (over 1½ cu. yds.); Jumbo Form Operator; Mixer Operator, base course pug mill type; Mixer Bituminous Operator (travel plant); Mixer Operator Concrete (over one yard); Motor Patrol Operator (finish); Mucking Machine Operator (all types); Pneumatic Guns; Pumpcrete Operator; Roller Operator, (tandem steel wheel, three axle or three wheel); Scraper Equipment (all types); Shovels, Draglines, Cranes, Piledrivers, all truck mounted cranes, (manufacturers' rating) up to 3½ yards, all attachments; Hydro type Cranes, (15 ton and over); Shuttle Car Operator; Subgrade Machine Operator (power); Tractor Operator, all with use of power attachments and including Pushcat, Dozer, Tournadozer, etc. (The use power attachment shall not include disking, pulling or rollers, and similar unskilled actions); Trenching Machine Operator; Wash Plant Operator

Group 13: Welder, Machine Doctor

Group 14: Hoist Operator (two or more drums of shafts or raises); Repairman; Mechanics; Machine Doctors, Welders and Helper; Heavy Duty Mechanic, Machine Doctor

Group 15: Cableway Operators; Mixer Dual Drum; Cranes, (Whirley, Gantry, Stiffleg, Overhead traveling)

Group 16: Shovels, Draglines, Cranes, Piledrivers, all truck mounted Cranes (manufacturer's rating) 3½ yards to 7 cu. yds., all attachments; Wheel Excavator Operator

Group 17: Shovels, Draglines, Cranes, Piledrivers, all truck mounted Cranes, (manufacturer's rating) 7 cu. yds. and over, all attachments

TRUCK DRIVERS	Basic Hourly Rates	Fringe Benefits Payments			
		H & W	Pensions	Vacation	Education and/or Appr. Tr.
Pick-up Truck Drivers (when used for hauling)	$ 5.45	.25	.35
