Register for orders

AGENCY PUBLICATION ON ASSIGNED DAYS OF THE WEEK

The following agencies have agreed to publish all documents on two assigned days of the week (Monday/Thursday or Tuesday/Friday). This is a voluntary program. (See OFR notice 41 FR 32914, August 6, 1976.)

Monday	Tuesday	Wednesday	Thursday	Friday
DOT/COAST GUARD	USDA/ASCS		DOT/COAST GUARD	USDA/ASCS
DOT/NHTSA	USDA/APHIS		DOT/NHTSA	USDA/APHIS
DOT/FAA	USDA/FNS		DOT/FAA	USDA/FNS
DOT/OHMO	USDA/FSQS		DOT/OHMO	USDA/FSQS
DOT/OPSO	USDA/REA		DOT/OPSO	USDA/REA
	CSC			CSC
	LABOR			LABOR
	HEW/ADAMHA			HEW/ADAMHA
	HEW/CDC			HEW/CDC
	HEW/FDA			HEW/FDA
	HEW/HRA			HEW/HRA
	HEW/HSA			HEW/HSA
	HEW/NIH			HEW/NIH
	HEW/PHS			HEW/PHS

Documents normally scheduled for publication on a day that will be a Federal holiday will be published the next work day following the holiday.

Comments on this program are still invited. Comments should be submitted to the Day-of-the-Week Program Coordinator, Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408.

ATTENTION: For questions, corrections, or requests for information please see the list of telephone numbers appearing on opposite page.

federal register

Phone 523-5240

Area Code 202

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for \$5.00 per month or \$50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

NOTE: No public bills which have become
law were received by the Office of the Feder-
al Register for inclusion in today's List of
PUBLIC LAWS.

rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

[1505-01]

Title 10—Energy

CHAPTER I—NUCLEAR REGULATORY COMMISSION

PART 170—FEES FOR FACILITIES AND MATERIALS LICENSEES AND OTHER REGULATORY SERVICES UNDER THE ATOMIC ENERGY ACT OF 1954, AS AMENDED

Revision of Fee Schedule

Correction

In FR Doc. 78-4355, appearing at page 7210, in the issue for Tuesday, February 21, 1978, make the following corrections:

1. On page 7217, third column, first paragraph under "Rulemaking Petitions", thirteenth line, "RPM" should read "PRM"; second paragraph, sixteenth line, insert after "in", the following: "their letter of February 7, 1975 and granted".

2. On page 7218, second column, ninth line, "Part 1" should read "Part 71".

3. On page 7220, first line of footnote 1, the word after "is" should read "filed".

4. On page 7223, in 4C of the table (Waste disposal), the fees opposite "Renewal" and "Amendment" should read "150" and "40" respectively.

5. On page 7224, in the table, insert ³ after "Amendments"; move paragraph E up so that it aligns with "Application200"; fourth line of footnote 3, insert a comma after "forma".

6. On page 7225, in 1(b) of § 170.32, first line, "21 per year" should read "1 per year"; and in 3A (Byproduct material), "1600" and "1 per year" should be aligned with "Large program", and "780" and "Do." should be aligned with "Small program".

[1505-01]

Title 19—Customs Duties

CHAPTER I—UNITED STATES CUSTOMS SERVICE, DEPARTMENT OF THE TREASURY

[T.D. 78-53]

PART 141—ENTRY OF MERCHANDISE

Documents and Information Required To Be Filed at the Time of Importation of Certain Articles of Steel, Amended

Correction

In FR Doc. 78-3890 appearing at page 6065 in the issue for Monday, February 13, 1978, on page 6069, third column, third line of § 141.89(b), insert "5520" after "(Customs Form)"; in § 141.89(b)(2)(N), "Pipe" should be lower cased; and in (b)(2)(FF), "Electric Coated" should be lower cased.

[1505-01]

Title 25—Indians

CHAPTER I—BUREAU OF INDIAN AFFAIRS, DEPARTMENT OF THE INTERIOR

PART 183—LEASING OF OSAGE RESERVATION LANDS FOR OIL AND GAS MINING

Revision of Regulations

Correction

In FR Doc. 78-5175 appearing at page 8135 in the issue for Tuesday, February 28, 1978, make the following corrections:

1. On page 8135, first column, second paragraph of "SUPPLEMENTARY INFORMATION", the word "on" should read "of"; third column, seventh line of § 183.6(a), delete the period after "however" and insert a comma in its place.

2. On page 8136, third column, first line of § 183.11(b)(2), delete "T3".

3. On page 8137, first column, twenty-third line of § 183.19(b), "\$ 163.20" should read "\$ 183.20".

[3810-71]

Title 32—Department of Defense

CHAPTER VI—DEPARTMENT OF THE NAVY

SUBCHAPTER F—ISLANDS UNDER NAVY JURISDICTION

PART 763—RULES GOVERNING PUBLIC ACCESS

Entry Regulations for Kahoolawe Island, Hawaii; Correction

AGENCY: Department of the Navy, Department of Defense.

ACTION: Correction.

SUMMARY: This correction changes the official who should be contacted for further information regarding the "Entry Regulations for Kahoolawe Island, Hawaii." This correction is needed so that the proper official may be contacted.

FOR FURTHER INFORMATION CONTACT:

Comdr. E. M. Byrne, JAGC, U.S. Navy, Administrative Law Division (Code 133), Office of the Judge Advocate General, Department of the Navy, Washington, D.C. 20370, telephone 202-694-5745.

SUPPLEMENTARY INFORMATION: In the "FOR FURTHER INFORMATION CONTACT" section of the preamble of the FEDERAL REGISTER Document establishing 32 CFR Part 763, the wrong official was listed. Accordingly, the following correction is made:

1. In FR Doc 78-2350 appearing at page 3705 in the FEDERAL REGISTER for Friday, January 27, 1978, the official listed in the "FOR FURTHER INFORMATION CONTACT" section is changed to the following:

Lt. Thomas A. Morrison, JAGC, U.S. Navy, Naval Legal Service Office, Pearl Harbor, Hawaii 96860, telephone 808-471-0291.

Dated: March 16, 1978.

K. D. LAWRENCE,
Captain, JAGC, U.S. Navy,
Deputy Assistant Judge Advocate General (Administrative Law).

[6560-01]

Title 40—Protection of Environment

CHAPTER I—ENVIRONMENTAL
PROTECTION AGENCY

SUBCHAPTER C—AIR PROGRAMS

[FRL 860-71]

PART 52—APPROVAL AND PROMUL-
GATION OF IMPLEMENTATION
PLANS

Massachusetts Revision

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a revision which amends the Massachusetts Implementation Plan to conform to EPA guidelines for prevention of air pollution emergency episodes and the Pollutant Standards Index (PSI) reporting system. The Significant Harm level for photochemical oxidants is changed to 1,200 $\mu\text{g}/\text{m}^3$ (0.6 ppm), 1-hour average. The Emergency level is set at 1,000 $\mu\text{g}/\text{m}^3$ (0.5 ppm), 1-hour average and the Alert level is 400 $\mu\text{g}/\text{m}^3$ (0.2 ppm), 1-hour average.

EFFECTIVE DATE: April 21, 1978.

FOR FURTHER INFORMATION
CONTACT:

Deborah Ikehara, Air Branch, EPA, Region I, Room 2113, JFK Federal Building, Boston, Mass. 02203, 617-223-5609.

SUPPLEMENTARY INFORMATION: On May 31, 1972 (37 FR 10872), pursuant to section 110 of the Clean Air Act and 40 CFR Part 51, the Administrator approved, with exceptions, the Massachusetts Implementation Plan for the attainment of National Ambient Air Quality Standards (NAAQS). A revision to the plan was submitted by the Commissioner of the Massachusetts Department of Environmental Quality Engineering (Massachusetts Department) on September 15, 1976.

The revision amends the "Regulations for the Prevention and/or Abatement of Air Pollution Episode and Air Pollution Incident Emergencies," which define Significant Harm levels for air contaminants and specify actions to be taken when pollutant concentrations reach predetermined Alert, Warning, and Emergency levels. The regulations and amendments were described in a Notice of Proposed Rulemaking published in the FEDERAL REGISTER by the Regional Administrator on November 16, 1977 (42 FR 59310). In that Notice the Regional Administrator proposed approval of the revision, since the changes are consistent with EPA guidelines.

The Significant Harm level for photochemical oxidants was previously de-

finied by 1-hour, 2-hour and 4-hour average concentrations. The 2-hour and 4-hour levels have been eliminated, and the 1-hour average concentration is changed from 1,400 $\mu\text{g}/\text{m}^3$ (0.7 ppm) to 1,200 $\mu\text{g}/\text{m}^3$ (0.6 ppm). Consequently, the Emergency level was lowered from 1,200 $\mu\text{g}/\text{m}^3$ (0.6 ppm) to 1,000 $\mu\text{g}/\text{m}^3$ (0.5 ppm), 1-hour average concentration.

The Massachusetts Department changed the Alert level for photochemical oxidants from 200 $\mu\text{g}/\text{m}^3$ (0.1 ppm) to 400 $\mu\text{g}/\text{m}^3$ (0.2 ppm), 1-hour average concentration, which is consistent with levels established by the neighboring states of Connecticut and Rhode Island, and with the guidelines for the Pollutant Standards Index (PSI) reporting system, developed by EPA and adopted by the Massachusetts Department.

In addition, other action strategies specified for the Alert, Warning, and Emergency levels are modified so as to be pollutant-specific.

No comments were received during the 30-day public comment period.

After evaluation of the State's submittal, the Administrator has determined that the Massachusetts revision meets the requirements of the Clean Air Act and 40 CFR Part 51. Accordingly, this revision is approved as a revision to the Massachusetts Implementation Plan.

(Sec. 110(a), Clean Air Act, as amended (42 U.S.C. 7410).)

Dated: March 10, 1978.

DOUGLAS M. COSTLE,
Administrator.

Part 52 of Chapter I, Title 40, Code of Federal Regulations, is amended as follows:

Subpart W—Massachusetts

1. A new subparagraph (14) is added in § 52.1120(c) to read as follows:

§ 52.1120 Identification of Plan.

* * * * *

(c) The plan revisions listed below were submitted on the dates specified.

* * * * *

(14) Revisions to "Regulations for the Prevention and/or Abatement of Air Pollution Episode and Air Pollution Incident Emergencies," submitted on September 15, 1976 by the Commissioner of the Massachusetts Department of Environmental Quality Engineering.

[FR Doc. 78-7449 Filed 3-21-78; 8:45 am]

[6560-01]

[FRL 865-4]

PART 52—APPROVAL AND PROMUL-
GATION OF IMPLEMENTATION
PLANSCalifornia Plan Revision: Kern County
Air Pollution Control DistrictAGENCY: Environmental Protection
Agency.

ACTION: Final rulemaking.

SUMMARY: The Environmental Protection Agency (EPA) takes final action to approve and, where appropriate, disapprove or take no action on changes to the Kern County Air Pollution Control District (APCD) portion of the California State Implementation Plan (SIP) submitted by the Governor's designee. The intended effect of this action is to update rules and regulations and to correct certain deficiencies in the SIP.

EFFECTIVE DATE: April 21, 1978.

FOR FURTHER INFORMATION
CONTACT:

Frank M. Covington, Director, Air and Hazardous Materials Division, Environmental Protection Agency, 215 Fremont Street, San Francisco, Calif. 94105. Attn.: David R. Souten, 415-556-7288.

SUPPLEMENTARY INFORMATION: On July 6, 1977, at 42 FR 34530, EPA published a Notice of Proposed Rulemaking for revisions to the Kern County Air Pollution Control District's Rules and Regulations submitted on November 10, 1976, by the California Air Resources Board for inclusion in the California SIP.

The changes contained in this submittal and being acted on by this notice include the following: procedural changes which renumber California Health and Safety Code citations are made in thirteen rules; definitions have been changed; the procedures for handling confidential information are modified; procedures for making air pollution records available to the public are added; and additional exceptions to those operations classified as agricultural burning are added.

Pursuant to section 110 of the Clean Air Act as amended, and 40 CFR part 51, the Administrator is required to approve or disapprove the regulations as State Implementation Plan revisions.

Regulation V, Procedure Before the Hearing Board, contains procedures by which variances from emission limits may be obtained. While EPA is approving the changes to Regulation V (Rules 501 and 511), each variance must satisfy the requirements of section 110 of the Clean Air Act and 40 CFR part 51 in order to be approved by EPA as a revision to the SIP.

Since Rule 504, Contents of Petitions, submitted on November 10, 1976, was inadvertently omitted from the Notice of Proposed Rulemaking on July 6, 1977, it will be acted on in a future FEDERAL REGISTER notice.

Regulations concerning new source review and in-stack monitoring are not being acted on at this time. These regulations will be addressed in separate FEDERAL REGISTER notices.

A list of the rules initially considered for this notice was published as part of the Notice of Proposed Rulemaking and can be found in 42 FR 34530 (July 6, 1977). The proposed rulemaking provided 30 days for public comment. No comments were received.

It is the purpose of this final rulemaking to approve all of the changes contained in the November 10, 1976, submittal for Kern County and to incorporate them into the California SIP, with the exception of the rules discussed below.

Rules 402(c) and 402(e), are disapproved because they exempt "agricultural operations" and "other equipment used in agricultural operations" from the visible emissions rule. These terms are not defined in the Kern County APCD rules and regulations; therefore, paragraphs (c) and (e) could be interpreted to exempt stationary sources to which the rules and regulations now apply. No data has been submitted which demonstrates that these exemptions will not interfere with attainment and maintenance of the National Ambient Air Quality Standards.

The revision to Rule 417(I)(A), Exceptions, adds a new exemption to the "agricultural burning" definition for the operation and maintenance of a water delivery system. Since no analysis accompanied this revision to show that the additional type of open outdoor fires would not interfere with the attainment and maintenance of the National Ambient Air Quality Standards, it is being disapproved.

The California Air Resources Board has certified that the public hearing requirements of 40 CFR 51.4 have been satisfied.

(Secs. 110, 301(a) of the Clean Air Act, as amended (42 U.S.C. 7410, 7601(a).))

Dated: March 10, 1978.

DOUGLAS M. COSTLE,
Administrator.

Subpart F of Part 52 of chapter 1, title 40 of the Code of Federal Regulations is amended as follows:

Subpart F—California

1. Section 52.220, paragraph (c)(35)(xiii) is added as follows:

§ 52.220 Identification of plan.

.....
(c) ***

(35) ***
(xiii) Kern County APCD.
(A) New or amended Rules 102, 102(d), 102(o), 103, 103.1, 104 to 105, 110, 112, 301(f), 305(a), 402 (c) and (e), 417(I)(A), 417(II)(B)(L), 501, and 511.

.....
2. Section 52.236, paragraphs (b)(3)(ii) and (b)(4)(i) are added as follows:

§ 52.236 Rules and regulations.

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

California Plan Revision: Santa Barbara County Air Pollution Control District (APCD)

AGENCY: U.S. Environmental Protection Agency.

ACTION: Final rulemaking.

SUMMARY: The Environmental Protection Agency (EPA) takes final action to approve and, where appropriate, disapprove or take no action on re-

visions to the Santa Barbara County APCD portion of the California State Implementation Plan (SIP) submitted by the Governor's designee. The intended effect of this action is to update rules and regulations, and to correct certain deficiencies in the SIP.

EFFECTIVE DATE: April 21, 1978.

FOR FURTHER INFORMATION CONTACT:

Frank M. Covington, Director, Air and Hazardous Materials Division, U.S. Environmental Protection Agency, Region IX, 215 Fremont Street, San Francisco, Calif. 94105, Attention: David R. Souten, 415-556-7288.

SUPPLEMENTARY INFORMATION: On July 6, 1977 (42 FR 34529), EPA published a notice of proposed rulemaking for revisions to the rules and regulations of the Santa Barbara County APCD submitted by the California Air Resources Board (ARB) on July 25, 1973, January 22, 1974, April 10, 1975, February 10, 1976 and April 21, 1976 for inclusion in the California SIP. Along with the July 25, 1973 submittal, the Santa Barbara County APCD included a complete set of rules that had been approved for the SIP in 1972. These rules were mistakenly listed as proposed revisions in the proposed rulemaking notice. In this final rulemaking notice, only the actual revisions will be considered. The actual revisions were listed as "further revision" in the July 6, 1977 notice of proposed rulemaking and are now identified, with the exception of those rules not being acted upon, in Section 52.220, Identification of Plan, of this notice.

Revisions on rules concerning new source review, emergency episodes and gasoline vapor recovery have been submitted; however, no action is being taken at this time as these rules will be acted upon in separate FEDERAL REGISTER notices.

The changes contained in the aforementioned submittals that are acted upon by this notice include the following:

(a) Some existing definitions are amended and some new definitions are introduced.

(b) Amendments are made to the rules controlling open burning including agricultural burning.

(c) Additions are made to the list of exceptions to the visible emission rule.

(d) The rules on limiting the sulfur content of fuels are modified.

(e) The rules for controlling organic solvents are modified.

(f) Obsolete effective dates are dropped.

(g) A number of rules are redesignated.

A list of the rules being considered by this action was published as part of the July 6, 1977 notice of proposed ru-

lemaking. The proposed rulemaking provided 30 days for public comments. Comments were received from the Santa Barbara County APCD requesting explanation of the proposed disapproval actions in the EPA evaluation report on certain open burning rules, and raising objections to the proposed disapproval in the same report of Rules 32 (a) and (d), Sulfur Content of Fuels—Southern Area, and Rules 32.1 (a) and (d), Sulfur Content of Fuels—Northern Area. According to the APCD, these rules would exempt the use of high sulfur fuels as reactants in chemical processes from sulfur content limitations on the grounds that sulfur dioxide emissions from such activities would remain controlled by other rules. Upon closer examination, EPA concurred that the exemptions contained in Rules 32.1 (a) and (d) for the Northern Area were adequately controlled by Rule 19, Specific Contaminants, and agreed to change the proposed action on these two rules from disapproval to approval. However, the exemptions contained in Rules 32 (a) and (d) for the Southern Area were not controlled anywhere because paragraph (a) for the control of sulfur dioxide was deleted on May 30, 1972 from Rule 19-A, which controlled specific contaminants in the Southern Area. Accordingly, EPA upheld the earlier proposed disapproval of Rules 32 (a) and (d).

Pursuant to Section 110 of the Clean Air Act, as amended, and 40 CFR Part 51, the Administrator is required to approve or disapprove the submitted regulations as SIP revisions.

It is the purpose of this notice to approve all the revisions contained in the July 25, 1973, January 22, 1974, April 10, 1975, February 10, 1976 and April 21, 1976 submittals, and incorporate them into the California SIP, with the exception of those rules not being acted upon and those rules being disapproved as discussed below.

No action is being taken on Rule 40(4), (m), Agricultural Burning, in the July 25, 1973 submittal and Rule 19.1, Odorous Organic Sulfides, in the April 21, 1976 submittal because, being "nuisance" regulations, these rules are not specifically directed at the attainment and maintenance of the National Ambient Air Quality Standards (NAAQS) and thus are not appropriate for inclusion in the SIP.

Rule 2(b), Open burning in Agricultural Operations, in the July 25, 1973 submittal is disapproved because the new definition is extended to cover two previously prohibited categories of burning: (a) Burning of grass and weeds in or adjacent to fields, and (b) burning of materials intimately related to growing or harvesting of crops, such as, trays for raisins, fruit protection paper, etc. This extension of the coverage would cause relaxation in the

control of open burning if the definition is inserted into the control regulations. This new definition should be disapproved because no analysis has been submitted by the District demonstrating that this relaxation will not interfere with the attainment and maintenance of the NAAQS. Further, the two phrases "adjacent to fields" and "intimately related to" are undefined and could render the control regulations unenforceable. This provides further grounds for disapproving the new definition. The previously approved Rule 2(b), Agricultural Wastes, in the February 21, 1972 submittal is retained.

Rule 40(3), Agricultural Burning, in the July 25, 1973 submittal is disapproved because substitution of the term "open burning in agricultural operations" as defined in Rule 2(b) results in relaxation of the control on open burning and no analysis has been submitted to demonstrate that this relaxation will not interfere with the attainment and maintenance of the NAAQS. The previously approved Rule 40(3), Agricultural Burning, in the February 21, 1972 submittal is retained.

Rule 40(4)(a), Agricultural Burning, in the July 25, 1973 submittal is amended to make special allowance for range improvement burning to be carried out on days designated by the ARB as "no-burn" days between January 1 and May 31, providing that more than 50 percent of the land has been brush treated. This amendment is disapproved because the rule is made less stringent without any showing that the exemption will not interfere with the attainment and maintenance of the NAAQS. In addition, the revision permits the Air Pollution Control Officer (APCO) to grant a special agricultural burning permit on days designated by the ARB as "no-burn" days in the presence of a threatened economic loss. Economic factors are an impermissible basis upon which to condition the granting of variances from emission limitations absent a showing that all other requirements of § 110 of the Clean Air Act as well as the NAAQS will be met. Without requiring compliance with § 110 and NAAQS, the "economic loss" exemption provides unfettered discretion in the APCO to authorize open burning on "no-burn" days and thus must be disapproved. The previously approved Rule 40(4)(a), Agricultural Burning, in the February 21, 1972 submittal is retained.

Rule 40(4)(c), Agricultural Burning, in the July 25, 1973 submittal is a new rule which exempts the burning of empty pesticide containers and sacks from the "no-burn" day requirements. It is disapproved because this exemption is not supported by an adequate control strategy demonstration.

Rule 40(4)(e), Agricultural Burning, in the July 25, 1973 submittal is disapproved because substitution of the term "open burning in agricultural operations" as defined in Rule 2(b) and the inclusion of packaging materials in agricultural wastes relax the control on open burning; and no analysis has been submitted to demonstrate that this relaxation will not interfere with the attainment and maintenance of the NAAQS. The analogous Rule 40(4)(c), Agricultural Burning, previously approved in the February 21, 1972 submittal is retained.

Rule 40(4)(l), Agricultural Burning, in the July 25, 1973 submittal, which exempts range improvement and forest management burning from the "sunrise to two hours before sunset" limitation, is disapproved because these exemptions are not supported by any analysis indicating non-interference with the attainment and maintenance of the NAAQS. The analogous Rule 40(4)(g), Agricultural Burning, previously approved in the February 21, 1972 submittal is retained.

Rule 22, Exceptions, in the January 22, 1974 submittal is disapproved because it adds two new exemptions to the visible emission rule, namely, backyard burning and right of way burning, without supporting the exemptions with an adequate control strategy. The previously approved Rule 22, Exceptions, in the February 21, 1972 submittal is retained.

Rule 24.1, Open Fires—Residential Dry Vegetation Burning, and Rule 24.2, Right of Way Burning, in the January 22, 1974 submittal are disapproved because these two new rules allow two previously prohibited categories of open burning to be carried out, without an adequate control strategy. Further, Rule 24.2 allows right of way burning to be carried out on "no-burn" days should there be "good cause" for doing so. Without requiring compliance with all the requirements of § 110 of the Clean Air Act as well as the NAAQS, the "good cause" exemption provides unfettered discretion in the APCO to authorize open burning on "no-burn" days and thus must be disapproved. Finally, the term "good cause" is not defined and it could render the control regulation unenforceable. This provides additional grounds for disapproving the rule.

Finally, Rule 32, Sulfur Content of Fuels—Southern Area, in the April 10, 1975 submittal adds three new exemptions (a, d, and f) to the sulfur content limitations. Exemption (f) is approved because it requires equivalent removal of sulfur compounds from combustion products. No increase in emissions will result from the introduction of this additional exemption. However, the addition of exemptions (a) and (d), involving the use of high sulfur fuels as reactants in chemical processes which

are not controlled by any District rule, represents a relaxation of the control on emissions of sulfur compounds and must be disapproved in the absence of an analysis indicating that these exemptions will not interfere with the attainment and maintenance of the NAAQS.

Certification has been received from the ARB that the public hearing requirements of 40 CFR 51.4 have been satisfied.

(Sec. 110, 301(a), Clean Air Act, as amended (42 U.S.C. 7410, 7601(a).))

Dated: March 10, 1978.

DOUGLAS M. COSTLE,
Administrator.

Subpart F of Part 52 of Chapter I, Title 40, of the Code of Federal Regulations is amended as follows:

Subpart F—California

1. Section 52.220, paragraphs (c)(21)(xvi), (c)(23)(ii), (c)(27)(x), (c)(30)(xi) and (c)(31)(vii) are added as follows:

§ 52.220 Identification of plan.

(c) * * *
(21) * * *
(xvi) Santa Barbara County APCD
(A) Rules 2(a, b, k, l, m, n, o, p, q, r, s, t, u, v, w), 40 [with the exception of 40(4)(m)]

(23) * * *
(ii) Santa Barbara County APCD
(A) Rules 22, 24.1, 24.2

(27) * * *
(x) Santa Barbara County APCD
(A) Rules 32, 36, 36.3, 36.4, 36.5, 37, 38

(30) * * *
(xi) Santa Barbara County APCD
(A) Rule 32.1

(31) * * *
(vii) Santa Barbara County APCD
(B) Rule 2(x)

2. Section 52.231, paragraph (a)(2)(ii) is added as follows:

§ 52.231 Regulations: Sulfur oxides.
(a) * * *
(2) * * *
(ii) Santa Barbara County APCD

(A) Rules 32 (a) and (d), Sulfur Content of Fuels—Southern Area, submitted on April 10, 1975.

3. Section 52.273, paragraph (a)(6)(ii) and paragraph (b) are added as follows:

§ 52.273 Open burning.

(a) * * *
(6) * * *
(ii) Santa Barbara County APCD.

(A) Rules 40(4)(a), and 40(4)(l), both under the title Agricultural Burning, submitted on July 25, 1973 are disapproved. The analogous Rules 40(4)(a), and 40(4)(g), both under the title Agricultural Burning, previously approved in the February 21, 1972 submittal are retained. In addition, the new Rule 40(4)(c), Agricultural Burning, in the July 25, 1973 submittal is also disapproved.

(B) Rule 22, Exceptions, submitted on January 22, 1974 is disapproved; while the analogous Rule 22, Exceptions, previously approved in the February 21, 1972 submittal is retained.

(C) Rule 24.1, Open Fires—Residential Dry Vegetation Burning, and Rule 24.2, Right of Way Burning, submitted on January 22, 1974 are disapproved.

(b) The following rules or portions of rules are disapproved because they relax the control on open burning (including agricultural burning) without accompanying analyses demonstrating that these relaxations will not interfere with the attainment and maintenance of the National Ambient Air Quality Standards:

(1) South Central Coast Intrastate AQCR:

(i) Santa Barbara APCD.
(A) Rule 2(b), Open Burning in Agricultural Operations; Rule 40(3), Agricultural Burning; and Rule 40(4)(e), Agricultural Burning, submitted on July 25, 1973 are disapproved. The analogous Rule 2(b), Agricultural Wastes; Rule 40(3), Agricultural Burning; and Rule 40(4)(c), Agricultural Burning, previously approved in the February 21, 1972 submittal are retained.

[FR Doc. 78-7451 Filed 3-21-78; 8:45 am]

[6560-01]

[FRL 866-3]

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

Tennessee: Adoption of Continuous Monitoring Regulations

AGENCY: Environmental Protection Agency.

ACTION: Final rulemaking.

SUMMARY: The Administrator of the Environmental Protection Agency (EPA) announces approval of the Metropolitan Nashville-Davidson County Health Department's (the Department) modified regulations to specify under what conditions the continuous monitoring requirements apply to steam generating facilities. This action approving the Department's continuous monitoring regulations is taken in accordance with EPA regulations which require the States to revise their air implementation plans to provide for the installation, calibration, maintenance, and operation of equipment for continuously monitoring and recording emissions.

EFFECTIVE DATE: March 22, 1978.

ADDRESSES: Copies of the material submitted by the Nashville agency are available for public inspection during normal business hours at the following locations: Air and Hazardous Materials Division, EPA, Region IV, 345 Courtland Street NE., Atlanta, Ga. 30308; Public Information Reference Unit, Library Systems Branch, EPA (PM-213), 401 M Street SW., Washington, D.C. 20460; Metropolitan Health Department, 311 23rd Avenue North, Nashville, Tenn. 37203.

FOR FURTHER INFORMATION CONTACT:

Mr. Tom Helms, Chief, Air Programs Branch, EPA, Region IV, 345 Courtland Street NE., Atlanta, Ga. 30308, 404-881-3043.

SUPPLEMENTARY INFORMATION: On October 6, 1975, the Environmental Protection Agency (EPA) promulgated regulations which require the States to revise their air implementation plans to provide for the installation, calibration, maintenance, and operation of equipment for continuously monitoring and recording emissions. These regulations require the owner or operator of specific sources subject to continuous emission monitoring and recording requirements to maintain a file of all pertinent information. The Metropolitan Nashville-Davidson County Health Department responded by adopting, after public notice and public hearing, continuous monitoring regulations.

The provisions of the regulations were described in a notice of proposed rulemaking in the FEDERAL REGISTER of October 4, 1977 (42 FR 53981). Comments were received pointing out the need for further clarification regarding applicability. In response, the Metropolitan Nashville-Davidson County Health Department modified the regulations to specify under what conditions the continuous monitoring requirements apply to steam generating facilities. The purpose of this notice is to announce the Administrator's approval of these regulations.

Regulation No. 6, "Emission Monitoring of Stationary Sources," adopted by the Metropolitan Nashville-Davidson County Health Department, essentially incorporates the minimum Federal requirements for continuous monitoring. The sources subject to Regulation No. 6 are incinerators and fossil-fuel fired steam generators with a total plant heat input rated capacity of 250 million BTU's per hour or greater, except in certain instances so designated in the regulations. (Nitric acid plants and sulfuric acid plants are not included because there are none in Davidson County.) The Administrator's review of these materials indicates that implementation of the present revision will have no adverse impact on the attainment and maintenance of the National Ambient Air Quality Standards. Accordingly, this revision is approved.

Dated: March 10, 1978.

DOUGLAS M. COSTLE,
Administrator.

Chapter I of Part 52, Code of Federal Regulations, is amended as follows:

Subpart RR—Tennessee

In § 52.2220 paragraph (c) is amended by adding subparagraph (28) as follows:

§ 52.2220 Identification of plan.

* * * * *

(c) * * *

(28) Regulations providing for continuous monitoring by existing sources, submitted on May 22, 1977, by the Division of Air Pollution Control of the Tennessee Department of Public Health for the Metropolitan Health Department of Nashville and Davidson County.

Title 41—Public Contracts and Property Management

CHAPTER 101—FEDERAL PROPERTY MANAGEMENT REGULATIONS

SUBCHAPTER D—PUBLIC BUILDINGS AND SPACE

[FPMR Amendment D-65]

PART 101-21—FEDERAL BUILDINGS FUND

Billing Procedures for Reimbursable Charges

AGENCY: General Services Administration.

ACTION: Final rule.

SUMMARY: GSA is changing its billing procedures in connection with reimbursable charges in order to comply with a Department of the Treasury objective which is to simplify accounting procedures in the government by eliminating unnecessary paperwork among government agencies. This change enables GSA to receive immediate payment for reimbursable services, and to easily permit the customer agency to rectify any erroneous charges appearing on its billing statement through the chargeback process.

EFFECTIVE DATE: March 22, 1978.

FOR FURTHER INFORMATION CONTACT:

J. Klass, Financial Management Division, Office of the Executive Director, Public Buildings Service, General Services Administration, Washington, D.C. 20405, 202-566-1540.

Subpart 101-21.6—Billings, Payments, and Related Budgeting Information for Space and Services Furnished by the General Services Administration.

Section 101-21.604 (a) and (b) are amended to read as follows:

§ 101-21.604 Billing procedures for reimbursable charges.

(a) Charges for reimbursable services are billed to the level of organization within an agency which relates to a Department of the Treasury assigned 8-digit station symbol (SIBAC agencies). This is accomplished under the Simplified Intragovernmental Billing and Collection (SIBAC) procedure. (See Treasury Fiscal Requirements Manual, Part VI, Chapter 5000.) Non-SIBAC agencies are charged for reimbursable services by GSA billing directly to the agency paying office cited on the reimbursable work authorization request. (See § 101-21.4901-2957, GSA Form 2957, Reimbursable Work Authorization.)

(b) GSA Form 789, Statement, Voucher, and Schedule of Withdrawals and Credits is used for billing purposes for non-SIBAC agencies. (See illustration at § 101-2.4902-789.)

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c).)

NOTE.—The General Services Administration has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under OMB Circular A-107.

Dated: March 8, 1978.

JAY SOLOMON,
*Administrator of
General Services.*

[6820-24]

SUBCHAPTER H—UTILIZATION AND DISPOSAL

[FPMR Amendment H-109]

PART 101-45—SALE, ABANDONMENT, OR DESTRUCTION OF PERSONAL PROPERTY

Subpart 101-45.7—Submission of Bids

SUBMISSION OF BIDS BY MAILGRAM

AGENCY: General Services Administration.

ACTION: Final rule.

SUMMARY: This regulation provides for the equal treatment of mailgrams and telegrams with respect to bids submitted in response to advertised sales of Government-owned personal property. Similar provisions in the Federal Procurement Regulations (FPR) have been changed to include mailgrams. This regulation takes the necessary action to conform the FPMR to the FPR.

EFFECTIVE DATE: March 22, 1978.

FOR FURTHER INFORMATION CONTACT:

Mr. John I. Tait, Director, Regulations and Management Control Division, Office of the Executive Director, Federal Supply Service, General Services Administration, Washington, D.C. 20406, 703-557-1914.

1. Section 101-45.701(b) is revised as follows:

§ 101-45.701 Responsiveness of bids.

(b) Telegraphic or telephonic bids shall not be considered unless otherwise provided in the invitation for bids. (See § 101-45.4901-114C, item No. 3 entitled "Consideration of Bids.") The term "telegraphic bids" includes bids submitted by telegram or by mail-

gram. The following statement should be included in all invitations for bids: "The terms 'telegraphic bid' and 'telegraphic notice' include bids and notices by telegram or by mailgram."

2. Section 101-45.702 is revised as follows:

§ 101-45.702 Time of bid submission.

Bids shall be submitted so as to be received by the contracting officer not later than the exact time set for opening of bids. When telegraphic bids are authorized and such a bid is received by telephone from the receiving telegraph office not later than the time set for opening of bids, it shall be considered only if the bid is confirmed by receipt of a copy of the telegram or mailgram which formed the basis for the telephone call.

3. Section 101-45.703-4 is revised as follows:

§ 101-45.703-4 Handcarried bids.

A late handcarried bid or any other late bid not submitted by mail, telegram, or mailgram shall not be considered for award.

4. Section 101-45.704(a) is revised as follows:

§ 101-45.704 Modification or withdrawal of bids.

(a) Bids may be modified or withdrawn by written or telegraphic notice received by the contracting officer not later than the exact time set for opening of bids (in the instance of sealed bid sales) or not later than the exact time set for the receipt of mailed-in or telegraphic bids (in the instance of spot bid and auction sales where such bids are authorized). A telegraphic modification or withdrawal of a bid received by telephone from the receiving telegraph office not later than the time set for opening of bids shall be considered only if the message is confirmed by receipt of a copy of the written telegram or mailgram which formed the basis for the telephone call. Modifications received by telegram or mailgram (including a record of those telephoned by the telegraph company) shall be sealed in an envelope by a proper official who shall write thereon the date and time of receipt and by whom received, the invitation for bids, number, and his signature. No information contained therein shall be disclosed before the time set for bid opening or for the start of the sale. The term "telegraphic notice" includes modifications and withdrawals submitted by telegram or mailgram. The following statement should be included in all invitations for bids: "The terms 'telegraphic bid' and 'telegraphic notice' include bids

and notices by telegram or by mailgram."

5. Section 101-45.705(b) is revised as follows:

§ 101-45.705 Late modifications and withdrawals.

(b) Mailed-in, telegraphic, and mailgram modifications or withdrawals which are received by the contracting officer after the time set for the start of a spot bid or auction sale shall not be considered, regardless of the cause of delay.

(Sec. 205(c), 63 Stat. 390; 40 U.S.C. 486(c).)

NOTE.—The General Services Administration has determined that this document does not contain a major proposal requiring preparation of an Inflation Impact Statement under OMB Circular A-107.

Dated: March 10, 1978.

ROBERT T. GRIFFIN,
Acting Administrator of
General Services.

[FR Doc. 78-7532 Filed 3-21-78; 8:45 am]

[4310-09]

Title 43—Public Lands: Interior

CHAPTER I—BUREAU OF RECLAMATION, DEPARTMENT OF INTERIOR

PART 419—ADMINISTRATIVE CLAIMS UNDER PUBLIC WORKS APPROPRIATION ACT FOR TETON DAM

Processing Claims for Loss or Damage: Failure of Teton Dam

AGENCY: Bureau of Reclamation, Department of the Interior.

ACTION: Final rule.

SUMMARY: This rule amends the Teton Dam claims regulations published on July 14, 1976, in 41 FR 29084, by deleting the Blackfoot, Idaho, office from the list of Bureau of Reclamation offices where administrative claims may be filed and from the list of offices where copies of the regulations are available.

DATE: These rules are effective March 22, 1978.

FOR FURTHER INFORMATION CONTACT:

Roy H. Boyd, Bureau of Reclamation, Department of the Interior, Washington, D.C. 20240, 202-343-5471.

SUPPLEMENTARY INFORMATION: Claimant contacts with the Blackfoot office have declined to a number which can be adequately handled by

mail, through telephone calls, or by personal contacts with the Idaho Falls, Idaho, office. Therefore, it has been determined that the claims office in Blackfoot, Idaho, is no longer needed. The primary author of this document is Dorothy Selfridge, Regional Organization Management Officer, Division of Personnel and Management, 208-384-1910.

Accordingly, §§ 419.1-0(a) and 419.12 of Part 419, Title 43, Code of Federal Regulations, are revised to read as follows:

§ 419.1-0 When presented.

(a) *Filing.* An administrative claim shall be deemed to have been presented when the Idaho Falls or Rexburg offices, or such other offices as the Bureau may designate, receive from a claimant an executed form to be prescribed by the Secretary or other written notification of such claim, accompanied by a request for a specific amount of money damages for injury to or loss of property, for personal injury, or for death alleged to have occurred as a result of the incident.

§ 419.12 Publication.

In order to assure that information concerning the rights of claimants and procedures to be followed reach all prospective claimants, these regulations shall be published at least once a week for 4 consecutive weeks in newspapers with general circulation in the State of Idaho. In addition, brochures and pamphlets explaining rights of claimants and procedures to be followed will be distributed in the major disaster area. Copies of these regulations shall be available at the Idaho Falls and Rexburg offices of the Bureau.

Dated: March 16, 1978.

DANIEL P. BEARD,
Deputy Assistant
Secretary of the Interior.

[FR Doc. 78-7490 Filed 3-21-78; 8:45 am]

[4310-84]

CHAPTER II—BUREAU OF LAND MANAGEMENT, DEPARTMENT OF THE INTERIOR

ALASKA

Waiver of Regulations To Extend Selection Deadline Under the Alaska Native Claims Settlement Act

AGENCY: Bureau of Land Management (Interior).

ACTION: Waiver of regulations to extend selection deadline.

SUMMARY: This waiver of regulations extends the deadline for filing

RULES AND REGULATIONS

section 14(h)(8) land selections under the Alaska Native Claims Settlement Act to and including September 18, 1978.

EFFECTIVE DATE: March 17, 1978.

FOR FURTHER INFORMATION CONTACT:

Beau McClure, 202-343-3078 or Bob Sorenson, Bureau of Land Management, 555 Cordova Street, Anchorage, Alaska 99501.

As part of a general review by the Department of the Interior of the implementation of the Alaska Native Claims Settlement Act (ANCSA), certain policy questions have recently been decided. In order for the affected Native Corporations to take advantage of certain of the resolved policy questions, an extension of selection time under section 14(h)(8) of the ANCSA is appropriate.

It is hereby ordered, under the provisions of 43 CFR 2650.0-8, that the time for filing applications for selection under 14(h)(8) of the ANCSA, as specified in 43 CFR 2653.4(c), which was previously extended to March 20, 1978, is further extended to and including September 18, 1978. All applications must be filed in the appropriate office of the Bureau of Land Management by 4 p.m., Alaska Daylight Saving Time, September 18, 1978.

JAMES A. JOSEPH,
Acting Secretary of the Interior.

MARCH 17, 1978.

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 20149]

PART 89—PUBLIC SAFETY RADIO SERVICES

PART 91—INDUSTRIAL RADIO SERVICES

Making Available Four 173 MHz Splinter Frequencies to the Local Government and Manufacturers Radio Services for Telemetry and Remote Control Operations; Correction

AGENCY: Federal Communications Commission.

ACTION: Errata.

SUMMARY: This errata corrects the Business Radio Service frequency

table by adding two frequencies and limitation 51 on two other frequencies inadvertently dropped in the appendix to the Second Report and Order in Docket 20149.

EFFECTIVE DATE: September 6, 1977.

ADDRESS: Federal Communications Commission Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

Arthur C. King, Industrial and Public Safety Rules Division, Safety and Special Radio Services Bureau, 202-632-6497.

Released: March 15, 1978.

In the matter of amendment of parts 89 and 91 of the Commission's rules and regulations to make available four 173 MHz splinter frequencies to the Local Government and Manufacturers Radio Services for telemetry and remote control operations, Docket No. 20149.

In the Appendix to the Second Report and Order in this proceeding (FCC 77-518, published at 42 FR 42200, August 22, 1977, two frequencies were omitted from the frequency table in §91.554(a) and limitation 51 omitted on two other frequencies in that table.

Title 49—Transportation

CHAPTER X—INTERSTATE
COMMERCE COMMISSION

SUBCHAPTER A—GENERAL RULES AND
REGULATIONS

[Service Order No. 1311]

PART 1033—CAR SERVICE

Chicago, Milwaukee, St. Paul & Pacific Railroad Co. Authorized To Operate Unit-Grain Train Comprised of 70 Cars

AGENCY: Interstate Commerce Commission.

ACTION: Emergency Order (Service Order No. 1311).

SUMMARY: The Chicago, Milwaukee, St. Paul & Pacific Railroad Co. handles shipments of grain under a tariff provision which requires 75 cars to be operated in each unit-grain train. Service Order No. 1311 authorizes MILW to waive the 75-car requirement for one trip, and to handle 70 cars in this train.

DATES: Effective 12:01 a.m., March 17, 1978. Expires 11:59 p.m., April 30, 1978.

FOR FURTHER INFORMATION CONTACT:

C. C. Robinson, Chief, Utilization and Distribution Branch, Interstate Commerce Commission, Washington, D.C. 20423, telephone 202-275-7840, Telex 89-2742.

SUPPLEMENTARY INFORMATION:

The Order is printed in full below. At a Session of the Interstate Commission, Railroad Service Board, held in Washington, D.C., on the 16th day of March 1978.

An acute shortage of covered hopper cars for transporting shipments of grain, grain products, soybeans, or soybean meal exists on the Chicago, Milwaukee, St. Paul & Pacific Railroad Co. (MILW). That line has published certain rates in MILW Grain Tariff 18710-D, ICC B-8483, Item 320-B, which require unit-grain train shipments of 6937.5 tons with 75 cars in each shipment. The 75-car requirement of this tariff is preventing the MILW from assembling the required cars account a number of the cars operating in this unit train were damaged in a derailment. The MILW has requested authority to waive the 75-car requirement of this tariff item for one trip, and to permit movement of this unit-grain train comprising a total of 70 cars.

It is the opinion of the Commission that an emergency exists requiring immediate action to promote car service in the interest of the public and the commerce of the people. Accordingly, the Commission finds that notice and

public procedure are impracticable and contrary to the public interest, and that good cause exists for making this order effective upon less than thirty days' notice.

It is ordered, That:

§ 1033.1311 Service Order No. 1311.

(a) *Chicago, Milwaukee, St. Paul & Pacific Railroad Co. authorized to operate unit-grain train comprised of 70 cars.* The Chicago, Milwaukee, St. Paul & Pacific Railroad Co. (MILW) is authorized to waive the 75-car requirement for shipments published in Item 320-B of MILW Grain Tariff 18710-D, ICC B-8483, supplements thereto or reissues thereof. MILW is authorized to operate one unit-grain train of 70 cars with a minimum tonnage of 6,475 tons from Hartley, Iowa, to Reserve, La. All other provisions of that tariff shall remain fully in effect.

(b) *Rules and Regulations Suspend- ed.* The operation of all other tariff provisions or of other rules and regulations insofar as they conflict with the provisions of this order, is hereby suspended.

(c) *Application.* The provisions of this order shall apply to intrastate, interstate, and foreign commerce.

(d) *Effective date.* This order shall become effective at 12:01 a.m., March 17, 1978.

(e) *Expiration date.* The provisions of this order shall expire at 11:59 p.m., April 30, 1978, unless otherwise modified, changed, or suspended by order of this Commission.

(49 U.S.C. 1(10-17).)

It is further ordered, That a copy of this order and direction shall be served upon the Association of American Railroads, Car Service Division, as agent of all railroads subscribing to the car service and car hire agreement under the terms of that agreement, and upon the American Short Line Railroad Association; and that notice of this order shall be given to the general public by depositing a copy in the Office of the Secretary of the Commission at Washington, D.C., and by filing it with the Director, Office of the Federal Register.

By the Commission, Railroad Service Board, members Joel E. Burns, Robert S. Turkington and John R. Michael. Member Joel E. Burns not participating.

H. G. HOMME, Jr.,
Acting Secretary.

Title 50—Wildlife and Fisheries

CHAPTER I—U.S. FISH AND WILDLIFE SERVICE, DEPARTMENT OF THE INTERIOR

PART 33—SPORT FISHING

Opening of Quivira National Wildlife Refuge, Kans., to Sport Fishing

Correction

In FR Doc. 78-4885 appearing at page 7647 in the issue for Friday, February 24, 1978; on page 7647, third column, in the paragraph numbered "1" of § 33.5, the date "May 31, 1978" should read "May 1, 1978".

[4310-55]

PART 33—SPORT FISHING

Opening of Certain National Wildlife Refuges to Sport Fishing: New York, New Jersey and Pennsylvania

AGENCY: U.S. Fish and Wildlife Service, Department of the Interior.

ACTION: Special regulations.

SUMMARY: The Director has determined that the opening to sport fishing of certain National Wildlife Refuges in New York, New Jersey and Pennsylvania is compatible with the objectives for which the areas were established, will utilize a renewable natural resource, and will provide additional recreational opportunity to the public.

DATES: January 1, 1978 through December 31, 1978.

ADDRESSES: Contact the Refuge Manager at the address and/or telephone number listed below in the body of Special Regulations.

FOR FURTHER INFORMATION CONTACT:

Howard N. Larsen, Regional Director, U.S. Fish and Wildlife Service, One Gateway Center, Suite 700, Newton Corner, Mass. 02158, 617-965-5100, Ext. 200.

SUPPLEMENTARY INFORMATION: Sport fishing is permitted on the National Wildlife Refuges indicated below in accordance with 50 CFR 33 and the following Special Regulations. Portions of refuges which are open to sport fishing are designated by signs and/or shown on maps available from the addresses indicated below and from the Regional Director, U.S. Fish and Wildlife Service, One Gateway Center, Suite 700, Newton Corner, Mass. 02158. Sport fishing shall be in

accordance with all applicable State and Federal regulations subject to the following special conditions:

§ 33.5 Special regulations; sport fishing; for individual wildlife refuge areas.

Sport fishing is permitted on the following areas: Erie National Wildlife Refuge, R.D. 2, Box 191, Guys Mills, Pa. 16327. Contact William McCoy, Refuge Manager, at 814-789-3585. Special conditions: Refuge areas designated by signs are open to fishing. Boats are permitted in Lake Creek above Sugar Lake and above the Pool 9 dike where designated by signs. Fishing in Pools 9 and K is permitted only from the second Saturday in June to September 15. For public safety reasons, Pools 9 and K will be open to ice fishing at the discretion of the refuge manager. Daily ice fishing permits must be secured from the refuge manager.

Iroquois National Wildlife Refuge, R.F.D. 1, Basom, N.Y. 14013. Contact Edwin H. Chandler, Refuge Manager, at 716-948-9154. Special conditions: Refuge areas designated by signs are open to fishing during daylight hours only. All areas, except the Feeder Canal and Oak Orchard Creek, are closed to fishing from March 1 through July 14, 1978, and from October 1 through November 30, 1978. Ice fishing will be permitted only on Ringneck, Schoolhouse, and Center Marshes. Ice fishing will only be permitted during the period December 15 through the last day of February. No boats or other flotation devices will be permitted, except that boats without motors may be used on Oak Orchard Creek from Knowlesville Road to a wire 2 miles westward. Firearms are not permitted in boats. With the exception of ice fishing, fishing on refuge impoundments will be limited to posted areas on dikes and roads. No wading or swimming is permitted. Leaving boats, structures, or other equipment overnight on the refuge is not permitted.

Montezuma National Wildlife Refuge, R.D. 1, Box 1411, Seneca Falls, N.Y. 13148. Contact Gene Hocutt, Refuge Manager, at 315-568-5987. Special conditions: Sport fishing in State waters is permitted from the refuge at locations designated by signs.

Brigantine National Wildlife Refuge, Great Creek Road, P.O. Box 72, Oceanville, N.J. 08231. Contact Gaylord Inman, Refuge Manager, at 609-652-1665. Special conditions: Saltwater sport fishing is permitted from the beach on Holgate peninsula and Little Beach Island, except from those areas posted as closed. Saltwater sport fishing from the auto tour route is prohibited. Freshwater sport fishing from the South Dike of the William Vogt Pool is permitted during daylight

hours from July 20 through September 21, 1978. The possession of fish or minnows for use as bait is not permitted. Freshwater fishermen may park at the headquarters and South Tower parking areas only.

Oyster Bay National Wildlife Refuge, Oyster Bay, N.Y., under administration of Target Rock National Wildlife Refuge, Target Rock Road, R.F.D. No. 3, Huntington, Long Island, N.Y. 11743. Contact Roger Steelman, Refuge Manager, at 516-271-2409. Special conditions: Sport fishing from the shore of the Oyster Bay Mill Pond is permitted during daylight hours.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33. The public is invited to offer suggestions and comments at any time.

NOTE.—The U.S. Fish and Wildlife Service has determined that this document does not contain a major proposal requiring preparation of an economic impact statement under Executive Order 11949 and OMB Circular A-107.

Dated: March 10, 1978.

WILLIAM C. ASHE,
Acting Regional Director,
U.S. Fish and Wildlife Service.

[3510-22]

CHAPTER IV—FISHERY CONSERVATION AND MANAGEMENT, NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION, DEPARTMENT OF COMMERCE

PART 611—FOREIGN FISHING

Final Rulemaking

AGENCY: National Oceanic and Atmospheric Administration/Commerce.

ACTION: Final rulemaking.

SUMMARY: This document amends the foreign fishing regulations by establishing a conservation and management system for billfishes and sharks in the U.S. fishery conservation zone (FCZ) in the Atlantic Ocean, Gulf of Mexico, and Caribbean Sea. It also establishes the total allowable level of foreign fishing (TALFF) for sharks in that same area. These regulations are intended to foster the development of sound conservation practices by foreign fishermen.

EFFECTIVE DATE: March 20, 1978.

FOR FURTHER INFORMATION CONTACT:

Mr. William H. Stevenson, Regional Director, Southeast Region, National Marine Fisheries Service, NOAA,

Duval Building, 9450 Koger Boulevard, St. Petersburg, Fla. 33702.

SUPPLEMENTARY INFORMATION: Proposed rulemaking was published in the FEDERAL REGISTER on January 24, 1978 (43 FR 3292), pertaining to the incidental catching of billfishes and sharks by foreign fishermen engaging in the tuna longline fisheries within the FCZ. Since the proposed regulations were published, it appears that there will be at least one directed fishery for sharks. The regulations have been revised to accommodate this fishery.

Several comments were received from sportsmen's organizations, from industry groups, from foreign governments, and from interested persons.

Certain of those comments were directed more to the scientific basis of the Preliminary Management Plan than to the implementing regulations.

The comments pertaining to the regulations can be grouped.

1. Several comments objected to the requirement that foreign fishermen must have permits even though they did not have any allocations (i.e., they could not retain any species other than tuna).

Section 201(a) of the Fishery Conservation and Management Act of 1976, 16 U.S.C. 1801 et seq., as amended ("Act") states, in part, " * * * no foreign fishing is authorized within the fishery conservation zone * * * unless such foreign fishing * * * is conducted under and in accordance with, a valid and applicable permit * * * ". "Fishing" is defined, in relevant part, as "the catching, taking, or harvesting of fish; * * * any other activity which can reasonably be expected to result in the catching, taking, or harvesting of fish * * * ". (emphasis added)

It is immaterial whether the foreign fishermen desire to catch only tunas (which generally are not "fish" under the Act); any longlining for tunas will inevitably result in the incidental catching of other species. It is that activity which these regulations seek to control. It is also for this reason that the definition of "fishing" in 50 CFR 611.2 of the regulations is being amended by inserting the words "catching or" so that the revised definition now reads in part " * * * be expected to result in the catching or removal * * * ".

2. Restrictions on incidental catch would impair the ability of foreign longline fishermen to catch tuna.

Compliance with the regulations will require some additional effort on the part of foreign fishermen; for example, their participation in check-in, reporting requirements, and billfish release procedures. However, foreign fishermen should be able to comply with these regulations with minimum disruption of their normal tuna fishing activities.

3. Reporting requirements too stringent.

These requirements have been moderated in the final regulations in response to the comments received.

4. Regulations should not prejudice U.S. international legal position on coastal state control of highly migratory tuna.

This involves the issue of gear selectivity. Both purse seining and bait fishing are highly species selective. Longlining is not. Consequently, the Department of Commerce believes that imposing minimal regulations on longlining activities will not adversely affect the U.S. international position on this issue.

5. Regulations still allow killing of billfishes.

It is true that some billfish will be injured or killed due to the longline gear. It is believed, however, that the development of sound conservation practices by foreign fishermen, which these regulations are intended to foster, will in the long run, conserve billfish rather than destroy them.

NOTE.—The appropriate amended Environmental Impact Statements have been filed with the Environmental Protection Agency. The Department of Commerce has determined that this document does not contain a major proposal requiring preparation of an Economic Impact Statement under Executive Orders 11821 and 11949, and OMB Circular A-107.

Signed at Washington, D.C., this 17th day of March 1978.

WINFRED H. MEIBOHM,
Associate Director, National
Marine Fisheries Service.

50 CFR Part 611 is amended as follows:

1. Part 611 Table of Contents which appears in 42 FR 60683 should be corrected by deleting word "South" in heading for Subpart D so corrected heading reads:

Subpart D—Atlantic, Caribbean, and Gulf of Mexico

§ 611.2 [Amended]

2. Section 611.2(p)(1) on page 60683, second line, insert words "catching or" between the words "the" and "removal," so the amended line reads " * * * be expected to result in the catching or removal * * *".

3. Section 611.2 add at end

• • • • •
(ee) "billfish" means all species of:

- Marlin
- Spearfish
- Sailfish
- Swordfish

§ 611.9 [Amended]

4. Section 611.9 on page 60687 Appendix I—"Other Pelagic Fish" column, strike entry for items 244 and 252, substitute the following:

244 Spanish mackerel . . . *Scomberomorus maculatus*

252 Sailfish . . . *Istiophorus platypterus*

Add the following:

254 Longbill spearfish . . . *Tetrapturus pfluegeri*

"Other Fish" column, insert the following"

462 * * *

463 Longfin mako shark . . . *Isurus paucus*

464 Shortfin mako shark . . . *Isurus oxyrinchus*

465 Blue shark . . . *Prionace glauca*

469 * * *

5. Section 611.9 on page 60688 Appendix II—Add:

Code No.	Name	Figure No.
05 * * *		
06	Atlantic area 17	4
07	Atlantic area 16	4
08	Atlantic area 15	4
09	Gulf of Mexico area 14	4
10	Gulf of Mexico area 13	4
11	Gulf of Mexico area 12	4
12	Caribbean area 11	4

Insert Figure 4, "Fishing Areas of the Atlantic, Caribbean, and Gulf of Mexico" following Figure 3 on p. 60689.

§ 611.50 [Amended]

6. Section 611.50(a) on page 60692 strike period at end, substitute a comma, and add at end of the sentence the following: "except for the longline fishery which is regulated under § 611.60."

7. Section 611.60 insert, beginning on page 60695 as follows:

Subpart D—Atlantic, Caribbean, and Gulf of Mexico

§ 611.60 Atlantic Billfish and Sharks.

(a) *Purpose.* This section regulates all foreign longline fishing conducted under a Governing International Fishery Agreement which involves the catching of any species of billfishes, sharks, or other fish in the fishery conservation zone (FCZ) of the United States in the Atlantic Ocean, Gulf of Mexico, and Caribbean Sea.

(b) *Authorized fishery.*—(1) *Total allowable level of foreign fishing.* The TALFF for all species of shark in the aggregate, is 1,150 metric tons.

(2) *National allocation.* Foreign vessels may engage in fishing for sharks in the Atlantic Ocean, Gulf of Mexico, and Caribbean Sea in accordance with the TALFF in subparagraph (1) of this paragraph and the following national allocations: [Reserved].

(c) *Prohibited species.* (1) All species of fish over which the United States exercises exclusive fishery management authority and for which there is no applicable national allocation are prohibited species and shall be treated in accordance with § 611.13. Sharks

caught in excess of an applicable national allocation are prohibited species.

(2) Unless otherwise specifically instructed by a U.S. observer or authorized officer:

(i) All billfish and all prohibited sharks must be released with a minimum of injury regardless of the condition of the fish; and

(ii) Release must be effected by cutting the line (or by other appropriate means) without removing the fish from the water.

(3) As a means of rebutting the presumption of § 611.13(c), a vessel may store all prohibited species caught outside the FCZ in a separate part of the hold that can be sealed, and may have its holds inspected and sealed before commencing fishing in the FCZ. Seals affixed during such inspection shall be maintained in an unbroken condition during the time the fishing vessel is in the FCZ. Such inspections may be obtained at Venice or New Orleans, La., Key West, Fla., Mayaguez, P.R., or Norfolk, Va., upon 48 hours advance notification to the:

Regional Director, Southeast Region, National Marine Fisheries Service, Duval Building, 9450 Koger Boulevard, St. Petersburg, Fla. 33702. Telephone: 813-893-3145.

(4) Additional ports for hold inspection may be arranged with the Regional Director.

(5) The designation of ports for hold inspections does not modify the port entry arrangements or requirements (if any) of Governing International Fishery Agreements or the notification requirements of any other laws or regulations of the United States.

(d) *Open area.* Foreign fishing authorized under this subpart may be conducted in that portion of the FCZ in the Atlantic Ocean, Gulf of Mexico, and Caribbean Sea beyond 12 nautical miles from the baseline used to measure the U.S. territorial sea.

(e) *Open season.* Foreign fishing authorized under this subpart may begin on the effective date of these regulations and will terminate at 0500 G.M.T., January 1, 1979, except that any retention of shark shall terminate when the applicable national allocation has been reached. The fishery closure procedures in § 611.15(a) do not apply to this subpart.

(f) *Statistical reporting.* (1) Each foreign nation holding an allocation shall require its fishing vessels to meet the following recordkeeping and reporting requirements:

- (i) All the requirements of § 611.9.
- (ii) The submission of a quarterly report (data summarized weekly by one degree squares) containing the following information:
 - (A) Number of hooks set,
 - (B) Number of sharks caught,
 - (C) Number of billfishes (by species code) caught and released,

RULES AND REGULATIONS

(D) Number of billfishes (by species code) released alive.

(E) Number of fish (by species code), other than tunas, billfishes, and sharks, caught and released.

(iii) In addition to the above requirements, a quarterly summary of vessel activities designating the following information is required:

(A) Permit number of each vessel fishing.

(B) For each successive day of the reporting period, the noon-day loca-

tion (within 0.1 degree of latitude and longitude) of each vessel in the fishery.

(2) Each foreign fishing vessel of a nation without an allocation is exempt from the requirements of § 611.9 (d) and (e) but shall provide the quarterly reports described in paragraph (f)(1) (ii) and (iii) of this section.

(3) All reports shall be submitted to:

Center Director, Southeast Fisheries Center, National Marine Fisheries Service,

NOAA, 75 Virginia Beach Drive, Miami, Fla. 33149. Telephone: 305-361-5761,

on the following schedule:

(i) The weekly catch report required by § 611.9(e), from foreign nations with an allocation, shall be submitted as specified in that section.

(ii) The quarterly reports required by paragraphs (f)(1) (ii), (iii) and (f)(2) of this section shall be submitted not later than 60 days from the end of the quarter for which the report is being made.

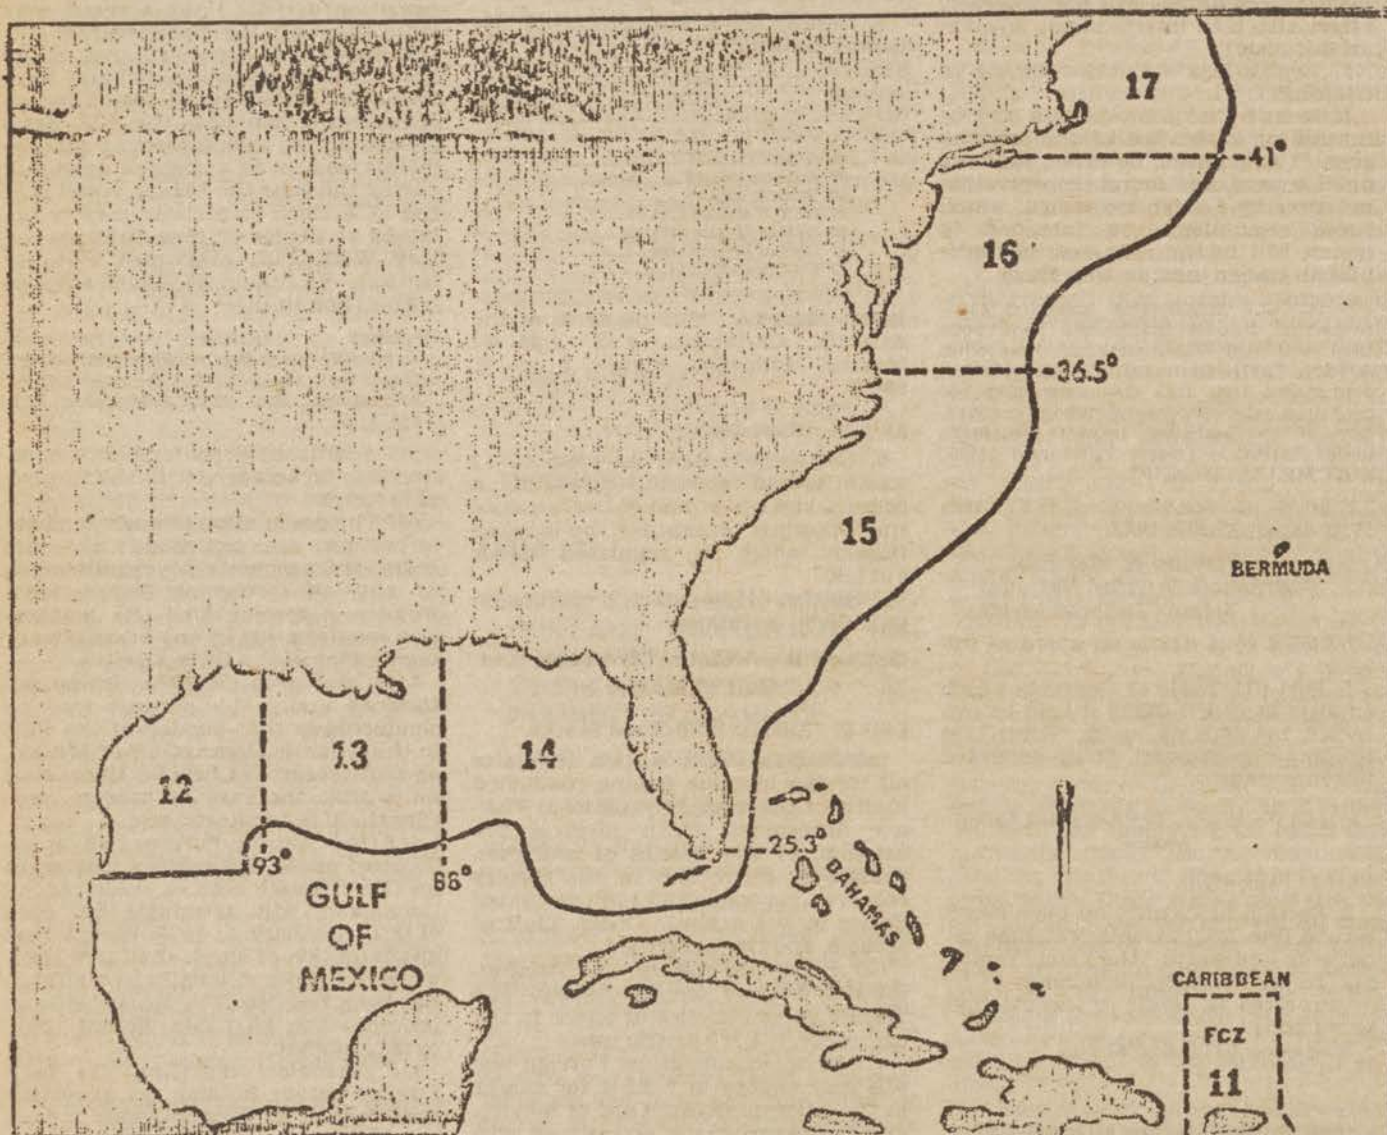

Figure 4. Fishing Areas of the Atlantic, Caribbean, and Gulf of Mexico.

[3410-11]

Title 36—Parks, Forests, and Public Property

CHAPTER II—FOREST SERVICE, DEPARTMENT OF AGRICULTURE

PART 215—EXTERNAL RELATIONS

Subpart A—Grants to States for Establishing Young Adult Conservation Corps (YACC) Program

AGENCY: Forest Service, Department of Agriculture.

ACTION: Final rule.

SUMMARY: The Forest Service issues regulations for grants to States for establishing Young Adult Conservation Corps (YACC) grant programs as required by a recent amendment to the Comprehensive Employment and Training Act of 1973. This new program assists the States and other units of local government in providing employment and other benefits to youths who would not otherwise be currently productively employed.

DATES: Effective Date—March 22, 1978. Comments due—April 21, 1978.

ADDRESSES: Comments may be submitted during the 30-day period subsequent to this publication date. Comments must be in writing and submitted to: Leon H. Anderson, Human Resource Programs, U.S. Department of Agriculture, Forest Service, P.O. Box 2417, Washington, D.C. 20013.

FOR FURTHER INFORMATION CONTACT:

Robert J. Johnson, Human Resource Programs, U.S. Department of Agriculture, Forest Service, P.O. Box 2417, Washington, D.C. 20013. Phone Number: 202-447-9801.

SUPPLEMENTARY INFORMATION: This rulemaking creates Part 215 of 36 CFR which consists of regulations which implement the Young Adult Conservation Corps (YACC) grant program for State projects.

The YACC program is authorized by Title I of the Youth Employment and Demonstration Projects Act of 1977 (91 Stat. 627) which amends the Comprehensive Employment and Training Act (CETA) of 1973 (87 Stat. 839) by adding a new Title VIII. This new program assists the States and other units of local government in providing employment and other benefits to youths who would not otherwise be currently productively employed. The youths are engaged in a period of service during which they perform useful conservation work and assist in completing other projects of a public nature affecting both Federal and non-Federal public lands and waters, or projects limited to non-Federal public lands and waters.

These regulations were developed in consultation with the Department of Labor and are consistent with the overall program regulations published in 29 CFR, Parts 94 and 97b. The Department of the Interior also will publish identical YACC State grant program regulations which will appear in 43 CFR.

Because of the high percentage of unemployment among the youth of the nation, it is considered vital to move as rapidly as possible to implement the Young Adult Conservation Corps. To achieve this, the Forest Service USDA finds that it is in the public interest to publish these regulations in final form (5 U.S.C. 553(b)(3)(B)). For the same reason, good cause exists for these rules to become effective immediately (5 U.S.C. 553(d)(3)). Eligible grantees should plan their programs and roles to comply with these rules.

Pursuant to the authority conveyed to the Secretary of Agriculture by Interagency Agreement with the Secretary of Labor, this document sets forth the Federal regulations governing operation of the grant program component of the Young Adult Conservation Corps.

Accordingly, Title 36 of the Code of Federal Regulations is amended by adding the following new Part 215:

PART 215—EXTERNAL RELATIONS

Subpart A—Grants to States for Establishing Young Adult Conservation Corps (YACC) Program

Sec.

- 215.1 Introduction.
- 215.2 Definitions.
- 215.3 Program purpose and objectives.
- 215.4 Program operation requirements.
- 215.5 Administrative requirement.
- 215.6 Request for grant.
- 215.7 Application format, instructions, and guidelines.
- 215.8 Program reporting requirements.
- 215.9 Consideration and criteria for awarding grants.

AUTHORITY: Pub. L. 95-93, sec. 806, 91 Stat. 630 (29 U.S.C. 801).

Subpart A—Grants to States for Establishing Young Adult Conservation Corps

§ 215.1 Introduction.

(a) The Young Adult Conservation Corps (YACC) is authorized by Title I of the Youth Employment and Demonstration Projects Act of 1977, (Pub. L. 95-93), which amends the Comprehensive Employment and Training Act (CETA) of 1973 by adding a new Title VIII.

(b) The Young Adult Conservation Corps (YACC) is a year-round employment program for young men and women aged 16 through 23 inclusive. Financial assistance is available through grants-in-aid for employment and work to be performed on projects

affecting both Federal and non-Federal public lands and waters or projects limited to non-Federal public lands and waters. YACC grants do not require matching.

(c) The YACC grant program is jointly managed by the Secretaries of Agriculture and Interior under an interagency agreement with the Secretary of Labor.

(d) Thirty percent of the sums appropriated to carry out the YACC program for any fiscal year will be available for grants during such year. Grant funds will be allocated on the basis of the total youth population within each State. State YACC programs must consist of both residential and nonresidential projects. At least 25 percent of the State YACC program must be residential by September 30, 1978.

§ 215.2 Definitions.

The terms used in these regulations are defined as follows:

(a) *Act*. The Comprehensive Employment and Training Act of 1973, as amended.

(b) *YACC*. Young Adult Conservation Corps.

(c) *Secretaries*. The Secretaries of Agriculture and Interior, or their designated representatives. The YACC program is managed within Agriculture by the Forest Service, and within Interior, by the Office of Youth Programs.

(d) *State*. Any of the several States of the United States, District of Columbia, Commonwealth of Puerto Rico, Virgin Islands, Guam, American Samoa, and the Trust Territories of the Pacific Islands and the Northern Marianas.

(e) *Refugee/parolee*. An alien who is admitted into the United States under the immigration and Nationality Act, and who is legally authorized to take permanent employment in the United States.

(f) *Enrollee*. An individual enrolled in the YACC grant program.

(g) *Grant*. Funding furnished by the Secretaries to a State pursuant to the Act in order to carry out the YACC program.

(h) *Grantee*. Any State recipient of a grant for the operation of a YACC program affecting both Federal and non-Federal public lands and waters, or projects limited to non-Federal public lands and waters as designated by the Governor in each State.

(i) *Sub-grantee*. Any unit of general local government or any public agency or organization or any private, non-profit agency or organization which has been in existence at least 2 years which has successfully applied to a State for funds to operate a YACC project affecting both Federal and non-Federal public lands and waters within that State or projects limited

to non-Federal public lands and waters.

(j) *Contractor.* Any public agency or organization, or any private non-profit agency or organization which has been in existence for at least 2 years and is under contract with the grantee or subgrantee for the conduct of a YACC project affecting both Federal and non-Federal public lands or waters, or projects limited to non-Federal public lands and waters.

(k) *State grant program.* The YACC program consisting of one or more projects operated by a State with Federal funding.

(l) *Project.* A YACC residential camp operation or nonresidential project:

(1) *Residential Camp.* A YACC facility established and maintained to provide 7 days-per-week, 24 hours-per-day residential support services for enrollees.

(2) *Nonresidential project.* A designated area from which daily work activities are assigned and to/from which nonresidential enrollees commute daily.

(m) *In-consultation-with.* Advance discussion shall occur on the matter under consideration.

(n) *Non-Federal Public Lands and Waters.* Any lands or waters within the territorial limits of a State owned either in fee simple by a State or political subdivision thereof or over which a State or political subdivision thereof has, as determined by the Secretaries, sufficient long-term jurisdiction so that improvements made as the result of a grant will accrue primarily to the benefit of the public as a whole. Federally-owned public lands and waters administered by a State or political subdivision thereof under agreements with a Department or Agency of the Federal Government are eligible under such definition if the Secretaries determine that the State or political subdivision thereof is entitled or is likely to retain administrative responsibility for an extended period of time sufficient to justify treatment as non-Federal public lands or waters.

(o) *Total Youth Population.* Number of youth in a State ages 16 through 23, consistent with the most current Bureau of Census estimate.

(p) *Labor.* United States Department of Labor.

(q) *Interior.* United States Department of the Interior.

(r) *Forest Service.* Agency within the United States Department of Agriculture.

§ 215.3 Program purpose and objectives.

It is the purpose of the Young Adult Conservation Corps to provide employment and other benefits to youths of both sexes from all social, economic and racial classifications who would not otherwise be currently productive-

ly employed. The youths will be employed for a period of service during which they engage in useful conservation work which would otherwise be accomplished if adequate funding were made available.

§ 215.4 Program operation requirements.

(a) The State agencies cooperating with Forest Service and Interior having natural resource management responsibilities should be involved in the planning and implementation of the program.

(b) Grantees shall be responsible for the management of each Corps camp and project, final selection of enrollees, determination of enrollee work assignments, training, discipline and termination, and camp operations in accordance with this part and guidelines issued by Forest Service and Interior.

(1) Grantees shall assure that YACC program activities will not result in the displacement of employed workers (including partial displacement such as reduction in the hours of non-over-time work or wages or employment benefits), or result in the substitution of YACC funds for other funds in connection with work that would otherwise be performed, or substitute jobs assisted under YACC for existing Federally-assisted jobs, or result in the hiring of any youth when any other person is on layoff from the same or any substantially equivalent job.

(2) Grantees shall assure that the activities in which the YACC enrollees are employed will result in an increase in employment opportunities over those opportunities which would otherwise be available.

(3) In addition, Grantees shall see that YACC enrollees do not, at the same time, share common facilities or property with, or work with members of the Job Corps, under Title IV of the Act, except in emergency situations as outlined in paragraph (1)(4)(i) of this section.

(c) *Enrollee Eligibility:* Membership in the Corps will be limited to youths between the ages of 16 to 23, inclusive who are unemployed at the time of application. Citizens, lawfully permanent residents of the United States, or lawfully admitted refugees or parolees, may apply for enrollment. Applicants also must be capable of carrying out the work of the Corps for the estimated duration of their enrollment.

(d) *Candidate Recruitment and Referral:* (1) Interested youth may apply to their local Employment Service/Job Service for enrollment. State Employment Security Agencies (SESA) and their local Employment Service/Job Service (ES/JS) offices shall take applications for YACC from all interested youth and shall refer all candidates who self-certify that they meet eligi-

bility requirements to Grantees for selection of those to be enrolled. Self-certification by applicants ages 16 through 18 who have left school shall include an assurance that they did not leave school for the purpose of enrolling in the Corps. Such referrals shall include all interested youth, including veterans, from both sexes, and all social, economic, and racial classifications. Labor shall recruit candidates for YACC through the SESA and their local ES/JS offices, prime sponsors qualified under Section 102 of the Act, sponsors of Native-American programs qualified under Section 302 of the Act, sponsors of migrant and seasonal farmworkers programs under Section 303 of the Act, Agriculture and Interior, and such other agencies and organizations as deemed appropriate by Labor. All candidates must be referred through the local ES/JS offices.

(2) An equitable proportion of candidates shall be referred from each State, based on the State's total youth population. For YACC program purposes, total youth population is the number of youth, 16 through 23, as determined on the basis of the best available data. Youth of both sexes and of all social, economic, and racial classifications shall be referred equitably.

(e) *Enrollee Selection:* Grantees shall—

(1) Notify ES offices when openings are available;

(2) Select enrollees for the Corps only from those candidates referred by Labor and, in selection and assignment, shall provide, to the extent feasible, for equitable participation for youth of both sexes and of all social, economic, and racial classifications, and for equitable participation of youth from each State;

(3) Notify selected applicants of the date, time and place to which they should report for work, and that enrollees must provide their own transportation to and from the project or camp;

(4) Require that enrollees complete physical examinations prior to official enrollment (expenses, if any, for the physical examination will be borne by the prospective enrollee);

(5) Require parental consent for those youth who have not yet reached the age of majority as defined by State law;

(6) Require enrollees to provide their own clothing, with the exception of certain safety equipment which will be furnished;

(7) Notify the referring ES/JS office as soon as possible but no later than 30 days after receipt of application, which applicants have been selected and have reported for employment and which have not been so selected.

Preference in enrollee selection shall be given to applicants in rural and

urban areas having substantial unemployment rates equal to or in excess of 6.5 per centum as determined by the Department of Labor. Grantees shall comply with Section 808 of the Act, concerning antidiscrimination.

(f) Enrollment Duration: (1) Grantees shall assure that no individual is enrolled in the Corps for a total period of more than 12 months. Such period may be completed in up to three separate enrollment periods so long as the youth meets the eligibility requirements at the time of each separate enrollment. An individual who attains age 24 while enrolled may remain in the program to complete the current period of enrollment.

(2) No youth shall be enrolled if he or she desires such enrollment only for the normal periods between school terms.

(g) Corpsmember Activities. Grantees shall assure that work project activities on which YACC enrollees are employed are consistent with the Forest and Rangeland Renewable Resource Planning Act of 1974, as amended by the National Forest Management Act of 1976. Enrollees will be assigned to work projects which are designed to diminish the backlog of work in such fields as:

- (1) Tree nursery operations, planting, pruning, thinning and other silvicultural measures;
- (2) Wildlife habitat improvement and preservation;
- (3) Range management improvements;
- (4) Recreation development, rehabilitation and maintenance;
- (5) Fish habitat and culture measures;
- (6) Forest insect and disease prevention and control;
- (7) Road and trail maintenance and improvements;
- (8) General sanitation, cleanup, and maintenance and improvements;
- (9) Erosion control and flood damage;
- (10) Drought damage measures; and
- (11) Other natural disaster damage measures.

(h) Project Criteria. YACC projects will be operated on a residential and nonresidential basis. Each project location will be jointly approved by Forest Service and Interior through their Regional/Area Offices. To the maximum extent practicable, projects shall:

- (1) Be labor-intensive;
- (2) Be projects for which work plans exist or can be readily developed;
- (3) Be able to be initiated promptly;
- (4) Be productive with positive impacts on both the Enrollee as well as the Corps from the standpoint of work performed and benefit to participating youth;
- (5) Provide work experience to participants in skill areas required for the projects;

(6) If a residential camp, to the maximum extent feasible, be located in areas where existing residential facilities are available. The use of existing but unoccupied or underutilized Federal, State and local government facilities and equipment shall be maximized; such utilization is subject to the approval of the Federal agency, State or local government having administrative control thereof;

(7) If a non-residential project, be located within acceptable normal commuting distance from the geographic center of areas of substantial unemployment as designated by Labor;

(8) Be similar to activities of persons employed in seasonal and part-time work by Federal natural resource agencies.

(i) Cooperation with agencies and institutions: (1) Grantees shall, to the extent feasible, arrange for local linkages with educational systems, CETA and other employment and training programs, employment service offices, local apprenticeship sponsors and information centers, and employers, in order to arrange for the provision of available services to enrollees, both during non-work hours while enrolled, and after termination from YACC. Grantees shall establish procedures to ensure that enrollees are made aware of established linkages and related information and opportunities.

(2) Grantees shall notify appropriate local ES/JS offices regarding enrollee status, in advance of the end of the enrollment period or upon termination and shall, to the extent feasible, assist the enrollee in making contact with ES/JS or other organizations to enhance the possibilities for placement.

(3) Labor shall work with the Department of Health, Education, and Welfare to make suitable arrangements whereby academic credit may be awarded by educational institutions and agencies for competencies derived from work experience obtained through the YACC program. Labor shall also encourage Grantees, through Forest Service and Interior, to make necessary arrangements with local education agencies so that academic credit for such work experience may be granted.

(j) Enrollee wages and hours of work: (1) Grantees shall assure that enrollees in the State Grant Program are paid at the Federal minimum wage rate specified in section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended. As an exception, Grantees shall provide for an additional cost-of-living adjustment for enrollees in the State of Alaska, not to exceed 25 percent of the Federal Wage Rate.

(2) Wages in the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa and the Northern Marianas shall be consistent with provisions of Federal, State, or local laws,

otherwise applicable. Wages in the Trust Territory of the Pacific Islands shall be consistent with local law, except on Eniwetok and Kwajalein Atoll where section 6(a)(1) of the Fair Labor Standards Act applies.

(3) As an incentive, Grantees may authorize incremental increases, above the minimum wage, for a limited number of enrollees, to reflect additional responsibilities or competencies. For this purpose, two promotional categories may be established: (1) Enrollee Leader, and (2) Enrollee Assistant Leader. No more than 15 percent of the enrollment of any individual camp or project shall be given such increases. For each enrollee thus compensated, the wage increase shall be 50 percent for the enrollee leader and 15 percent for the enrollee assistant leader of the applicable basic hourly minimum wage.

(4) Grantees shall reduce enrollee wages for each hour of unexcused absence.

(5) Enrollees assigned to residential camps may be required to assume responsibility for housekeeping and maintenance duties. Such duties shall not be considered compensable, unless scheduled during the regular work day, in which case enrollees shall be paid at the same rate as for regular work assignments.

(6) Enrollees may not be required to work more than 8 hours per day or 40 hours per week, except that Grantees may authorize overtime which shall not exceed 10 hours per week per enrollee in which event they shall pay them at his or her regular rate.

(7) Enrollees assigned to residential camps shall be charged for daily food and lodging as follows: 75 cents per meal furnished and 75 cents per day for lodging. Grantees shall arrange for payment of such charges by payroll deduction.

(8) Grantees shall establish a collection procedure for collecting payments made by program staff and visitors for meals, lodging or other items requiring reimbursement. Amounts collected shall be treated as program income and shall be netted against total YACC program outlays by Grantees.

(9) Income taxes shall be withheld from enrollee wages pursuant to the Federal Internal Revenue Code of 1954 (26 U.S.C. 1 et seq.) and such State income tax laws as are applicable. Grantees shall provide each enrollee with the forms required to effect income tax deductions and withholding exemptions and shall assure that appropriate wage and tax statements are provided to enrollees.

(10) Forest Service and Interior shall assure that the payroll procedures for both the Federal and State programs are the same. State and local grantees shall utilize the payroll forms used by the Federal Government for payment

of enrollees in accordance with the guidelines issued by Forest Service and Interior as appropriate.

(1) Grantees may utilize the payroll services of the Administrative Service Center (ASC), Bureau of Reclamation, P.O. Box 11568, Salt Lake City, Utah 84147 for enrollee pay at no direct cost to the Grantee. Grantees may elect to payroll the enrollees through their own payroll system if the payroll system is consistent with regulations contained herein. Those Grantees electing to payroll enrollees through ASC will be furnished appropriate forms and instructions.

(k) Enrollee Leave: (1) Grantees shall provide enrollees with paid annual leave at a rate of 4 hours for every full pay period which shall consist of two normal work weeks. Accrual shall commence at the beginning of the first full pay period after the day of official enrollment, and shall end on the date of official termination. Such leave may be accrued up to a maximum of 13 days for 52 weeks of uninterrupted enrollment. Enrollees may use accrued leave at any time, subject to approval by the Grantee, but shall use all accrued leave prior to each formal termination. Accrued leave may be used for such purposes as personal business and sick time. The date of formal termination shall be the final date upon which the youth is eligible to receive pay, whether this is a work day or an accrued but unused leave day. Compensation shall not be paid for unused accrued leave.

(2) Grantees may grant administrative leave with pay for enrollee participation in job search and employment development activities. Such leave with pay is to be counted as time in employment.

(3) Emergency or administrative leave without pay may be granted at the discretion of the Grantee. Such leave without pay shall not be counted as time in employment.

(4) Grantees shall pay enrollees for all regular State holidays, if they are in a pay status for 8 hours on the workdays immediately preceding and following the holiday. Approved leave with pay shall count as time in employment for approved paid holidays. Such holidays shall not count as annual leave.

(l) Federal status of enrollees: Except as otherwise specifically provided in this sub-part, YACC enrollees in the State Grant Program shall not be deemed Federal employees, and shall not be subject to the provisions of law relating to Federal employment including those regarding hours of work, rates of compensation, leave, unemployment compensation, and Federal employee benefits. Enrollees in the State Grant Program shall be considered Federal employees for the following purposes:

(1) For purposes of section 5911 of Title 5 of the United States Code, relating to allowances for living quarters, enrollees whose housing is provided by the Federal Government shall be deemed civil employees of the United States within the meaning of the term "employee" as defined in that Section, and provisions of that Section shall apply.

(2) For purposes of the Internal Revenue Code of 1954 (26 U.S.C. 1 et seq.) and Title II of the Social Security Act (42 U.S.C. 401 et seq.), enrollees shall be deemed employees of the United States, and any service performed by a person as an enrollee shall be deemed to be performed in the employ of the United States.

(3) For purposes of Chapter 171 of Title 28 of the United States Code, relating to tort claims procedures, enrollees in the State Grant Program shall be deemed employees of the United States within the meaning of the term "employee of the Government" as defined in section 2671 of Title 28 United States Code, and provisions of that Chapter shall apply.

(i) In the event an enrollee is alleged to be involved in the damage, loss or destruction of the property of others or of causing personal injury to or the death of other individual(s) while in the performance of duty, claims may be filed by the owner(s) of the property, the injured person(s) or by a duly authorized agent or legal representative of the claimant to the Grantee who shall collect all of the facts and submit the claim to the Regional/Area Offices, Forest Service and Interior for appropriate action.

(ii) Tort claims shall be made on Standard Form 95, Claim for Damage or Injury form or a similar document, supported by necessary justification.

(4) For purposes of Subchapter 1 of Chapter 81 of Title 5 of the United States Code, relating to compensation to Federal employees for work injuries, enrollees in the State Grant Program shall be deemed employees of the United States within the meaning of the term "employee" as defined in section 8101 of Title 5, United States Code and provisions of that subchapter shall apply, except that the term "performance of duty" shall not include any act of an enrollee while absent without authorization from the enrollee's assigned post of duty, but shall include time spent participating in an activity (including an activity while on pass or during travel to or from such post of duty) authorized by or under the direction of YACC program staff.

(i) Residential enrollees are generally considered under Federal Employees Compensation Act to be Federal employees from the time each begins Government authorized travel to the assigned YACC camp, to the time each

completed Government authorized travel after termination from the program. Residential enrollees shall be generally considered in "performance of duty" at all times, during any and all of their activities, 24 hours a day, 7 days a week, except when they are absent without authorization from their assigned post of duty. Whether a residential enrollee is in "performance of duty" shall be determined by the Office of Workers' Compensation Programs (OWCP).

(ii) Nonresidential enrollees, after official enrollment are generally considered, under Federal Employees Compensation Act (FECA), to be in "performance of duty" as Federal employees from the time they arrive daily at the designated area from which activities are assigned, until they leave such designated area or activity. Nonresidential enrollees are generally not covered by FECA while commuting between a designated area/authorized activity and their residence. Whether a nonresidential enrollee is in "performance of duty" shall be determined by OWCP.

(iii) Whenever an enrollee is injured, develops an occupation related illness, or dies while in the performance of duty, the Grantee shall immediately comply with the procedures set out in the Employment Standards Administration regulations of 20 CFR Chapter 1. The Grantee shall also see that a thorough investigation of the circumstances, and a medical evaluation are made, and shall see that required forms are submitted to the Regional/Area Offices, Forest Service and Interior, for appropriate action.

(iv) If an enrollee dies, the Grantee, in addition to making proper notifications, in accordance with procedures established by Forest Service and Interior, shall:

(A) Notify the appropriate district office of Workers' Compensation Programs (OWCP) through the Regional/Area Office, Forest Service and Interior of the death and the circumstances surrounding it, and file appropriate forms with that office;

(B) Be responsible for assuring that the next of kin is informed of benefits which may be available from Federal Employees' Compensation;

(C) Consult the decedent's family as to the final disposition of the remains before any final action is taken in this regard; and

(D) If the next of kin refuses to accept the remains, arrange for burial at a site close to the camp/project and at a cost not to exceed the amount authorized in section 8134(a) of the Federal Employees' Compensation Act (FECA).

(v) Safety and Health: (A) Grantees shall assure that enrollees are not required or permitted to work or receive services in buildings or surroundings

or under conditions which are unsanitary, hazardous, or lack proper ventilation. Such work or services shall be conducted or provided in accordance with the standards set forth in the regulations under the Occupational Safety and Health Act of 29 CFR parts 1910, 1926, and 1960 subpart B.

(B) Grantees shall conduct safety and health inspections of every residential camp and work project area connected therewith, at least annually, consistent with the requirements of 29 CFR 1960.26(d).

(C) Grantees shall issue such items of protective and safety clothing and equipment to enrollees as are necessary and appropriate to insure a maximum of safety in field and construction activities, including, at a minimum, hard hats, gloves, and boots. Grantees shall also see that proper use of such clothing and equipment is taught to enrollees and enforced. Enrollees are expected to provide all other clothing.

(D) Grantees shall provide complete safety orientation to enrollees in all work situations to alert them to any hazards to which they may be exposed.

(vi) Residential Living Conditions: (A) Grantees shall provide for residential support facilities and services which ensure healthful and secure living conditions, 7 days a week, 24 hours a day.

(B) Grantees shall assure that all residential facilities are well maintained and shall comply with applicable Federal, State and local safety, health, and housing codes for multipurpose group residences. Adequate supervision and assistance are to be provided for the safety and welfare of the enrollees.

(vii) Enrollee Services: Grantees shall provide enrollees with such transportation related to camp and/or project operations, lodging, subsistence, medical treatment and other services, supplies, equipment and facilities as may be needed consistent with this Part.

(viii) Enrollee Complaints: Grantees shall establish procedures for resolving enrollee complaints and issues which arise between the grantee and any enrollee regarding adverse action, civil rights, equal employment opportunity, enrollment, or upgrading from the time at which their referrals are received from ES/JS to the time of formal termination. Such procedure shall: (1) provide the enrollee with the opportunity for an informal conference, (2) provide prior notice of intended adverse action against the enrollee setting forth the grounds and permitting response, (3) provide an opportunity for a formal hearing, and if the enrollee is not satisfied, with an opportunity for an appeal and (4) provide an offer of assistance in preparation for hearings and appeals.

(ix) Emergency Disaster Work: (A) Grantees may utilize enrollees aged 18 years and over to perform work in emergency disaster situations. Enrollees may volunteer but may not be required to participate while natural disasters are occurring; enrollees may, however, be required to perform work on damage which has been caused by such disasters. The use of YACC enrollees in such activities must provide for qualified supervision and training for the enrollee. All such activity shall be conducted in accordance with regular Grantee policy, and procedures shall meet health, safety and work standards established by Labor in 29 CFR 97B, 22, 23, 24, and 25.

(B) Such enrollees shall be used only to supplement compensated firefighters, and shall be paid at the rates set by the Grantee as established in pay plans for emergency firefighters, in accordance with established policies, procedures and practices.

(C) No YACC enrollee is required to work for a greater number of hours per day than other firefighters.

(D) Cost incurred in using YACC enrollees in emergency disaster situations shall be borne by the funds of the benefitting organizations whenever possible; however, YACC funds may be used to provide such assistance subject to the approval of the Secretaries.

(E) Grantees shall see that the work activity of enrollees under age 18 is in compliance with Hazardous Occupation Orders issued pursuant to the Fair Labor Standards Act (29 CFR 570.50 et seq.).

(F) All YACC work and services are to be conducted consistent with the requirement of the Occupational Health & Safety Act (29 CFR 1910, 1926, and 1960 subpart B).

(x) Prohibited Activities: Grantees shall not permit YACC enrollees to participate in emergency relief in connection with labor stoppages, strikes, riots, or civil disturbances. Enrollees shall not participate in activities on private property except as incidental to emergency work provided for in subsection (i).

(xi) Transportation: Grantees shall assign selected enrollees to the residential camps nearest to their home as practicable; and to nonresidential projects within normal commuting distance from their homes. Daily transportation to and from home and work site for nonresidential enrollees may not be provided, except from established staging areas to work site and return to staging area. YACC will not pay the initial transportation from home to residential camp; however, residential YACC enrollees may be advanced a portion of their wages for the purpose of traveling to the camp upon a determination by the grantee that the youth is in need thereof. Grantees

shall arrange for repayment of such advances by payroll deduction.

(xii) Project Identification: Buildings, campgrounds and other permanent projects shall be marked with appropriate signs identifying each project as built by or under construction by the YACC.

(xiii) Post termination assistance. Grantees shall notify appropriate local ES/JS offices regarding enrollee status, in advance of the end of the enrollment period or upon termination and shall, to the extent feasible, assist the enrollee in making contact with ES/JS or other organizations to enhance the possibilities for placement.

§ 215.5 Administrative requirements.

(a) The Governor in each state shall designate the State agency having program administration responsibility as the recipient YACC grantee. The non-Federal component of YACC in each State will be carried out by the designated agency. Other State agencies, lower tier governmental organizations, units of local government, any public agency or any private nonprofit agency or organization which has been in operation at least 2 years, may apply to the designated State agency for a YACC sub-grant or contract.

(b) At least 25 percent of the enrollees in each State YACC program must be residential by September 30, 1978. However, the Secretaries may waive this residential requirement where State funding allocations provide for minimum enrollment numbers. Cost per enrollee limitations imposed on Forest Service and Interior in the total program will also be applicable to Grantee programs; limitation information will be furnished through planning advice to Grantees.

(c) All grantee camp/project site selections/locations shall be approved by Forest Service and Interior through their Regional/Area Offices.

(d) Federal Management Circular (FMC) 74-4 and Office of Management and Budget Circular (OMB) A-102 (formerly FMC 74-7) are applicable to all grants, agreements, and contracts entered into under this Part. Copies of these documents can be obtained through any of the several regional offices of the Secretaries.

(e) Grantees shall establish procedures to ensure that operational directives, guidelines, controls, and records, including appropriate and sufficient enrollee records, are established, promulgated, and maintained, in accordance with established policies and procedures contained herein and consistent with the requirements in Attachment C to OMB Circular A-102.

(f) "Request for advance or reimbursement" as outlined in Attachment H to OMB Circular A-102 will be used to obtain advance funding or for reimbursement. Advances are limited to 30-

RULES AND REGULATIONS

day needs and may not be made before approval of the grant application.

(g) Except where specifically excluded in Circulars 74-4 and A-102, grantees shall impose the requirements of this Part on all State and local government subgrantees and contractors. Grantees are responsible for administering their subgrants and contracts under these guidelines, and shall make a periodic review of all non-Federal YACC projects under its administrative control during each operating year.

§ 215.6 Request for grant.

(a) All States will be given an opportunity to participate in the program. Thirty percent of each appropriation will be allocated among the States on the basis of total youth population as defined in § 215.2(o) of this Part.

(b) States may apply for grants under the program in accordance with Attachment M of OMB Circular A-102. Forms and instructions may be obtained from either Forest Service or Interior Regional/Area locations throughout the country.

(c) The Grantee shall submit a consolidated application for all YACC projects included in its program.

(d) Allocated grant funds not needed by a State may be reallocated to another State at the discretion of the Secretaries. The Secretaries may choose to reallocate such funds to any one or several of the applicants in order to maximize employment. Section 215.9 of this part shall also apply to fund reallocation.

(e) The Secretaries have designated officials at their respective Regional/Area Offices to receive and approve State applications for YACC grants. These officials must jointly act on all applications and will furnish technical assistance and advice concerning all YACC program matters. The names and addresses of these designated Federal officials will be furnished to each State.

(f) The initial YACC State Grant Program year shall be from April 1, 1978, to March 31, 1979. Program years beginning in fiscal year 1979 will be consistent with the Federal fiscal year (October 1 to September 30).

§ 215.7 Application format, instructions and guidelines.

Grant applications will be made using the Office of Management and Budget approved form entitled "Application for Federal Assistance" (short form)—Attachment M, Exhibit M-5 of OMB Circular A-102, Uniform Administrative Requirements for Grants-in-aid to States and Local Governments. The application form consists of 4 parts. The application shall be prepared in accordance with Attachment M and the following supplemental criteria:

(a) PART III—PROGRAM NARRATIVE STATEMENT

Complete a consolidated description of all Grant projects summarizing all Grantee, sub-grantees, and contractor projects.

Complete a separate profile for each project location and each residential or non-residential project which will include the following information:

Name of Grantee, Sub-grantee or Contractor for each project.

Type Project—Residential or Nonresidential.

The name of the Project Manager/Camp Director.

The project number—number projects consecutively.

The name and address for the project.

The project location—show county, nearest city or town, and State.

The land ownership class(es) benefiting from the program—State, County, municipal or other non-Federal public (identify).

The number of enrollees at full project capacity.

The planned start-up date.

The type of work enrollees will engage in—the primary mission of the project, brief explanation of units of expected accomplishments and any hazards that might be encountered.

The Staff—Show official position titles, the tour of duty days and hours, and a brief description of the duties and/or responsibilities for all project staff.

Health and Safety—A statement as to the project's conformance to Health and Safety policies and procedures which are consistent with the standards set forth in the Secretaries' Regulations.

(b) Priority should be given to project proposals according to the following general work categories.

(1) Conservation projects which protect or expand the availability of natural resources and/or enhance the care and use thereof.

(2) Projects designed for general sanitation, clean-up maintenance and/or improvements.

§ 215.8 Program reporting requirements.

Grantees shall submit the following reports to the Secretaries quarterly within 15 days after the end of December, March, June, and September. In addition, a final report is required within 60 days from the end of each grant period. Forms for completing the reports will be supplied to the grantee at time of grant award. The required reports are:

(a) Quarterly Financial and Program Progress Reports: (1) *Financial Status*. Grantees shall submit a quarterly accrual basis "Financial Status Report" and a final report.

(2) *Enrollee Characteristics and Program Progress*. Based on the payroll data system, Administrative Service Center (ASC) provides a quarterly summary of enrollee characteristics and program progress to Forest Service, Departments of the Interior, and Labor within 15 days of the end of the quarter. For States not using the ASC, the same data is required to be submitted to the ASC. All States shall submit the required final report.

(b) "YACC Work Accomplishment" (YACC Form 5): The purpose of this form is to provide program data such

as enrollee man-years worked and quantity of work accomplished as expressed in normal units of measure. Instructions regarding this report will accompany the form.

(c) The reporting requirements contained herein have been approved by the Office of Management and Budget in accordance with the Federal Reports Act of 1942.

§ 215.9 Consideration and criteria for awarding grants.

(a) The decision by the Secretaries' designated officials for award of YACC grants will consider the following:

(1) Amount of grant funds appropriated and available.

(2) The total youth population ages 16 to 23, inclusive, in each State in relation to the total for all States.

(3) The ability of State agencies to operate at the funding level provided in any given Federal Fiscal Year.

(4) The quality of each proposed project in terms of meeting program objectives as reflected in each application. After the initial grant year, actual performance of the Grantee in administering the YACC program in prior years will be considered.

(5) The cost to the Federal Government of the State program in relation to the quality and quantity of projects proposed.

(6) The following imposed limitations: (1) National average cost per enrollee, (2) Percent in residential program.

(7) The capability and past performance by Grantees in meeting their responsibilities as required by FMC 74-4 and OMB Circular A-102.

(8) Project Location Approval. Each project location will be approved by Forest Service and Interior through their Regional/Area Offices.

(b) The demonstrated capability of the Grantee to establish and implement an effective mechanism to assure equal employment opportunity in staff hiring by the Grantee or any subgrantees will be considered prior to award. If the Grantee's performance is found to be so unsatisfactory or inadequate as to warrant denial, suspension, modification or termination, then appropriate action will be taken in accordance with the regulations implementing Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000(d).

NOTE.—The Department of Agriculture has determined that the publication of this rule is not a major Federal action significantly affecting the quality of the human environment and that a detailed statement pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(c)) is not required.

M. RUPERT CUTLER,
Assistant Secretary.

MARCH 17, 1978.

proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules

[6320-01]

CIVIL AERONAUTICS BOARD

[14 CFR Part 241]

[EDR-335B; Docket No. 30240; Dated: March 16, 1978]

AIRLINE LOBBYING COSTS

Accounting and Reporting Requirements

AGENCY: Civil Aeronautics Board.

ACTION: Supplemental Notice of Proposed Rulemaking.

SUMMARY: This notice invites the filing of additional comments from interested persons in this proceeding, which concerns accounting and reporting requirements regarding airline lobbying costs. This action has been undertaken upon the recommendation of several of the persons commenting in this proceeding, and should be helpful in allowing the Board to assess fully the issues presented by this proposed rule.

DATES: Comments by April 21, 1978. Comments and other relevant information received after this date will be considered by the Board only to the extent practicable.

ADDRESSES: Twenty copies of comments should be sent to: Docket 30240, Docket Section, Civil Aeronautics Board, Washington, D.C. 20428. Individuals may submit their views as consumers without filing multiple copies. Comments may be examined at the Dockets Section, Civil Aeronautics Board, Room 711, Universal Building, 1825 Connecticut Avenue NW., Washington, D.C., as soon as they are received.

FOR FURTHER INFORMATION CONTACT:

Richard Juhnke, Rates and Agreements Division, Office of the General Counsel, Civil Aeronautics Board, 1825 Connecticut Avenue NW., Washington, D.C. 20428, 202-673-5436.

SUPPLEMENTARY INFORMATION: By Notice of Proposed Rulemaking EDR-335, 42 FR 46339, September 15, 1977, the Board proposed a rule which would require the carriers to report lobbying expenses in a separate, non-operating account, thereby excluding these expenses from the costs allowable for ratemaking purposes.

On December 21, 1977 the Aviation Consumer Action Project (ACAP) filed a motion for leave to file a reply comment addressing the constitutional issues involved in EDR-335 as raised in the comments of the Air Transport Association of America (ATA) and United Airlines. Motions to strike and reply comments of ACAP were subsequently filed by ATA, United, and Delta Airlines.

In rulemaking proceedings, it is desirable to encourage as much public comment as practicable, and thus it is the Board's practice to grant motions to file unauthorized documents.¹ Here, ACAP has sought to comment on an important issue that was first raised in the comments to EDR-335. Accordingly, the Board has decided to grant ACAP's motion for leave to file and to deny the subsequent motion to strike. In addition, the Board invites further comments from any interested persons, to be submitted within 30 days of the publication date of this notice.

(Sec. 204(a), Federal Aviation Act of 1958, as amended, 72 Stat. 743, (49 U.S.C. 1324).)

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

lowing the Board to assess fully the issues presented by this proposed rule.

DATE: Comments by April 21, 1978. Comments and other relevant information received after this date will be considered by the Board only to the extent practicable.

ADDRESSES: Twenty copies of comments should be sent to: Docket 31333, Docket Section, Civil Aeronautics Board, Washington, D.C. 20428. Individuals may submit their views as consumers without filing multiple copies. Comments may be examined at the Docket Section, Civil Aeronautics Board, Room 711, Universal Building, 1825 Connecticut Avenue NW., Washington, D.C., as soon as they are received.

FOR FURTHER INFORMATION CONTACT:

Richard Juhnke, Rates and Agreements Division, Office of the General Counsel, Civil Aeronautics Board, 1825 Connecticut Avenue NW., Washington, D.C. 20428, 202-673-5436.

SUPPLEMENTARY INFORMATION:

By Advance Notice of Proposed Rulemaking EDR-336/PSDR-50, 42 FR 46345, September 15, 1977, the Board asked interested parties to discuss: (1) a workable definition of institutional advertising; (2) whether institutional advertising should be treated as a non-operating expense, and thus excluded from costs for ratemaking purposes; (3) the merits of establishing a ratemaking standard for advertising expenses; and (4) the problems involved in deciding how much advertising is desirable in the air transportation industry.

Several of the comments received by the Board concerned themselves with a variety of constitutional issues which have been raised by EDR-336. The Board, recognizing the need to afford these issues maximum consideration, has decided to invite further comments from all interested persons in this proceeding. Comments should be filed within 30 days of publication of this notice.

(Sec. 204(a) of the Federal Aviation Act of 1958, as amended, 72 Stat. 743, 49 U.S.C. 1324.)

By the Civil Aeronautics Board.

FOOD ADVERTISING**Publication of Presiding Officer's
Report Regarding Proposed Trade
Regulation Rule (Phase I)**

AGENCY: Federal Trade Commission.

ACTION: Publication of Presiding Officer's Report.

SUMMARY: On March 2, 1976, the Presiding Officer published in the FEDERAL REGISTER (41 FR 8980) final notice of the proposed trade regulation rulemaking proceeding. The Presiding Officer's Report, required by the Commission's Rules of Practice for rulemaking (16 CFR 1.13(f)) consisting of his summary, findings and conclusions with regard to the proposed revised rule (Phase I) and to those issues designated by him has been made public and placed on Public Record 215-40. When completed, the staff's report on the rulemaking record and its recommendations to the Commission also will be made public and notice thereof published in the FEDERAL REGISTER. The Presiding Officer's Report has not been reviewed or adopted by either the Bureau of Consumer Protection or the Commission itself and its publication should not be interpreted as reflecting the present views of the Commission or any individual Commissioner.

DATE: The 60-day period which the rules of practice for rulemaking (16 CFR 1.13(g)) provide for public comment on both the report by the Presiding Officer and the report of the staff will not commence until the staff's report has been made public

and placed on the public record. Therefore, comment on the Presiding Officer's report alone would be considered premature at this time.

**ENVIRONMENTAL PROTECTION
AGENCY**

[40 CFR Part 52]

[FRL 869-11]

**APPROVAL AND PROMULGATION
OF IMPLEMENTATION PLANS****Tennessee: Proposed Plan Revisions**

AGENCY: Environmental Protection Agency.

ACTION: Proposed rulemaking.

SUMMARY: During the spring of 1975, EPA held discussions with the local air pollution control agencies in Tennessee concerning their program plans for fiscal year 1976. At that time, they were given information intended to help them develop a satisfactory procedure for assuming the implementation and enforcement of EPA's New Source Performance Standards (NSPS) and National Emissions Standards for Hazardous Air Pollutants (NESHAPS), as well as the new source review provisions of 40 CFR 52.21 (Regulation for the Prevention of Significant Air Quality Deterioration). The Nashville-Davidson County Metropolitan Health Department and the Knox County Department of Air Pollution Control responded by adopting, after public notice and public hearing, regulations intended to provide equivalents to the Federal regulations and by submitting them for approval as proposed implementation plan revisions. The purpose of this notice is to announce the regulations as proposed rulemaking and to solicit public comment on them.

DATE: Comments must be received on or before April 21, 1978, to be considered.

ADDRESSES: Written comments on the proposed revisions should be addressed to Mr. Tom Helms of EPA's Region IV Air Programs Branch in Atlanta (see address below). Copies of materials submitted by Tennessee may

be examined during normal business hours at the following locations: Public Information Reference Unit, Library Systems Branch, EPA (PM-213), 401 M Street SW., Washington, D.C. 20460; EPA, Region IV, 345 Courtland Street, Atlanta, Ga. 30308; Nashville-Davidson County Metropolitan Health Department, Air Pollution Control Division, 311 23d Avenue North, Nashville, Tenn. 37203; and Knox County Department of Air Pollution Control, 701 East Vine Avenue, Suite 205B, Knoxville, Tenn. 37915.

Mr. Tom Helms, Chief, Air Programs
Branch, EPA, Region IV, 345 Court-
land Street NE., Atlanta, Ga. 30308,
404-881-3043.

SUPPLEMENTARY INFORMATION:

On June 18, 1976, the Technical Secretary of the Tennessee Air Pollution Control Board submitted to EPA Region IV, as proposed implementation plan revisions, the changes which the Metropolitan Board of Health, Nashville and Davidson County, had made in its regulations with a view to receiving delegation of authority to administer NSPS, NESHAPS, and the Prevention of Significant Air Quality Deterioration regulations. These changes consist of the addition of Regulation No. 4, which reproduces the bulk of 40 CFR part 61 as then constituted, except that the latter's provisions for beryllium emissions from rocket motor firing are omitted, and Regulation No. 5, which reads as follows: "No person shall construct or operate any stationary source in such a manner as to fail to comply with any applicable standard of performance or any other requirement established by the Environmental Protection Agency pursuant to section 111 of the Federal Clean Air Act." Furthermore, a new Regulation No. 3 (New Source Review) is added; this requires a 30-day public comment period for the sources subject to the Significant Deterioration regulations when they apply for a construction permit within Davidson County.

On August 13, 1976, the Technical Secretary of the Tennessee Air Pollution Control Board submitted to EPA Region IV, as proposed implementation plan revisions, changes which the Knox County Air Pollution Control Board had made in its regulations with a view to receiving a delegation of authority to administer NSPS and NESHAPS. These changes consist of the deletion of existing section 5.0, Hazardous Air Contaminants, which is replaced by a new section 35.0 entitled Regulation of Hazardous Air Contaminants; and the addition of a section 40.0, Regulation for the Performance of New Stationary Sources.

The new section 35.0 is in two parts. The first reads as follows: "35.1 No

person shall cause, suffer, allow, or permit emission into the atmosphere of any material or from any operation listed in section 35.2 in such a manner as to fail to comply with the applicable emission standards and permitting, testing, and reporting requirements established by the Environmental Protection Agency." Section 35.2 lists asbestos, beryllium, rocket motor firing, and mercury, as specified in 40 CFR part 61, as the materials and operations subject to this regulation.

Section 40.0 is constructed in similar fashion; section 40.1 contains language concerning NSPS which is patterned on the language of section 35.1, and refers to the listing of source categories given in section 40.2; the latter portion of the regulation lists the source categories found in subparts A through Z and AA of 40 CFR part 60.

The public is invited to submit written comments on the proposed Tennessee revisions, specifically, on their suitability as instruments for assuring implementation by these two local agencies of Federal New Source Performance Standards, National Emission Standards for Hazardous Air Pollutants, and the new source review requirements of 40 CFR 52.21.

(Sec. 110(a), Clean Air Act (42 U.S.C. 7410(a)).)

Dated: March 3, 1978.

JOHN C. WHITE,
Regional Administrator.

[Docket No. 21264; FCC 78-1691]

JURISDICTIONAL SEPARATIONS

Integration of Rates and Services for
the Provision of Communications
by Authorized Common Carriers
Between the United States Main-
land and Hawaii, Alaska, and
Puerto Rico/Virgin Islands

AGENCY: Federal Communications Commission.

ACTION: Order, Docket No. 21264, Integration of Rates and Services.

SUMMARY: This document announces that the Commission has accepted the nomination of Mr. William A. Hepburn for appointment to the Joint Board established in this proceeding. Mr. Hepburn will succeed Mr. Gustav A. Danielson as a member of the Board.

EFFECTIVE DATE: N/A.

FOR FURTHER INFORMATION
CONTACT:

Francis L. Young, Common Carrier
Bureau, 202-632-5550.

Adopted: March 6, 1978.

Released: March 7, 1978.

Order. In the matter of integration of rates and services for the provision of communications by authorized Common Carriers between the United States Mainland and Hawaii, Alaska, and Puerto Rico/Virgin Islands, Docket No. 21264.¹

1. The Commission has instituted a Federal-State Joint Board in the captioned proceeding pursuant to section 410(c) of the Communications Act of 1934, as amended. Gustav A. Danielson, former Chairman, Virgin Islands Public Service Commission, was nominated to serve on the Joint Board by the National Association of Regulatory Utility Commissioners (NARUC) and was appointed to the Joint Board by the Commission. NARUC has nominated William A. Hepburn of the Virgin Islands Public Service Commission to succeed Mr. Danielson as a member of the Joint Board. By this Order the Commission accepts the nomination of William A. Hepburn and appoints him to the Joint Board.

2. Accordingly, it is ordered, That William A. Hepburn is appointed to the Federal-State Joint Board instituted in F.C.C. Docket No. 21264.

FEDERAL COMMUNICATIONS
COMMISSION,
WILLIAM J. TRICARICO,
Secretary.

[BC Docket No. 78-93; RM-3011]

FM BROADCAST STATION IN
GREENVILLE, KENTUCKY

Proposed Changes in Table of
Assignments

AGENCY: Federal Communications Commission.

ACTION: Notice of proposed rulemaking.

SUMMARY: Action herein proposes the assignment of a Class A channel to Greenville, Ky., as that community's first FM assignment. Petitioner, Hayward F. Spinks, states the proposed channel would provide for an FM station which could bring a first full-time local aural broadcast service to Greenville.

DATES: Comments must be filed on or before May 9, 1978, and reply comments on or before May 30, 1978.

¹See 43 FR 5011, February 7, 1978.

ADDRESSES: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION
CONTACT:

Mildred B. Nesterak, Broadcasting
Bureau, 202-632-7792.

SUPPLEMENTARY INFORMATION:

Adopted: March 8, 1978.

Released: March 15, 1978.

In the matter of amendment of § 73.202(b), *Table of Assignments*, FM Broadcast Stations. (Greenville, Ky.), BC Docket No. 78-93, RM-3011.

1. *Petitioner, proposal, comments.*
(a) *Notice of Proposed Rule Making* is given concerning amendment of the FM Table of Assignments (§ 73.202(b) of the Commission's rules) as it relates to Greenville, Ky.

(b) Petition for rulemaking¹ was filed on behalf of Hayward F. Spinks ("petitioner"), seeking the assignment of Channel 288A to Greenville, Ky., as its first FM assignment. No responses to the petition were received.

(c) Channel 288A could be assigned to Greenville in conformity with the minimum distance separation requirements, provided the transmitter site is located 13 kilometers (8 miles) south-east of Greenville.

(d) Since the station must be located some distance from Greenville, petitioner should indicate whether there are any obstructions to the signal propagation from the intended site (§ 73.315(b)). As supporting evidence, profile graphs should also be included.

2. *Community data*—(a) Location. Greenville, seat of Muhlenberg County, is located approximately 97 kilometers (60 miles) southeast of Evansville, Ind.

(b) Population. Greenville—3,811; Muhlenberg County—27,074.²

(c) Local broadcast service. There is no local aural broadcast service in Greenville.

3. Petitioner states the proposed station would provide local news and weather forecasts; a local outlet for programs and announcements to assist local civic organizations; local sports; farm market reports; local advertising; and local religious programming.

4. In light of the above information and the fact that the proposed FM channel assignment would provide Greenville an opportunity to acquire a first full-time local aural station, the Commission believes it appropriate to propose amending the FM Table of Assignments, § 73.202(b) of the rules, with regard to Greenville, Ky., as follows:

¹Public Notice of the petition was given on December 14, 1977, Report No. 1093.

²Population figures were taken from the 1970 U.S. Census.

City; Greenville, Ky. Channel No. present — proposed 288A.

5. Authority to institute rulemaking proceedings; showings required; cut-off procedures; and filing requirements are contained in the attached Appendix below and are incorporated herein.

NOTE.—A showing of continuing interest is required by paragraph 2 of the Appendix below before a channel will be assigned.

6. Interested parties may file comments on or before May 9, 1978, and reply comments on or before May 30, 1978.

FEDERAL COMMUNICATIONS
COMMISSION,
WALLACE E. JOHNSON,
Chief, Broadcast Bureau.

APPENDIX

1. Pursuant to authority found in sections 4(i), 5(d)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and § 0.281(b)(6) of the Commission's rules, it is proposed to amend the FM Table of Assignments, § 73.202(b) of the Commission's Rules and Regulations, as set forth in the Notice of Proposed Rule Making to which this Appendix is attached.

2. *Showings required.* Comments are invited on the proposal(s) discussed in the Notice of Proposed Rule Making to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed assignment is also expected to file comments even if it only re-submits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is assigned, and, if authorized, to build the station promptly. Failure to file may lead to denial of the request.

3. *Cut-off procedures.* The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See § 1.402(d) of Commission rules.)

(b) With respect to petitions for rule making which conflict with the proposal(s) in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

4. *Comments and reply comments; service.* Pursuant to applicable procedures set out in § 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached. All submissions by parties to this proceeding or persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. Comments shall be served on the petitioner by the person filing the comments. Reply comments shall be served on the person(s) who filed comments to

which the reply is directed. Such comments and reply comments shall be accompanied by a certificate of service. (See § 1.420(a), (b) and (c) of the Commission rules.)

5. *Number of copies.* In accordance with the provisions of § 1.420 of the Commission's rules and regulations, an original and four copies of all comments, reply comments, pleadings, briefs, or other documents shall be furnished the Commission.

6. *Public inspection of filings.* All filings made in this proceeding will be available for examination by interested parties during regular business hours in the Commission's Public Reference Room at its headquarters, 1919 M Street, NW., Washington, D.C.

[Docket No. 21474; RM-1968; RM-2810]

ANNUAL EMPLOYMENT FORMS

Amending FCC Form 395 and Instructions; Order Extending Time for Filing Comments and Reply Comments

AGENCY: Federal Communications Commission.

ACTION: Order.

SUMMARY: Action taken herein extends the time for filing comments and reply comments in a rule making proceeding concerning the amendment of the Annual Employment Form (FCC Form 395). Petitioner, the law firm of McKenna, Wilkinson & Kittner, states that the additional time is needed so that it can review and prepare the comments for its clients.

DATES: Comments must be received on or before April 24, 1978. Reply comments must be received on or before May 24, 1978.

ADDRESSES: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

Mildred B. Nesterak, Broadcast Bureau, 202-632-7792.

SUPPLEMENTARY INFORMATION:

Adopted: March 15, 1978.

Released: March 16, 1978.

In the matter of petition for Rule Making to Amend FCC Form 395 and Instructions, Docket No. 21474, RM-1968, RM-2810.¹

1. On November 9, 1977, the Commission adopted a *Notice of Proposed Rule Making*, 42 FR 60168, concerning the above-captioned proceeding to consider revisions in the Commission's Annual Employment Form (FCC Form 395). The present dates for filing

¹ See 43 FR 1511, January 10, 1978.

comments and reply comments are March 24 and April 21, 1978, respectively.

2. On March 13, 1978, the law firm of McKenna, Wilkinson and Kittner ("McKenna"), on behalf of various broadcast clients, filed a request seeking the extension of time for filing comments to and including April 24, 1978. McKenna states that it has been actively engaged in a dialogue with geographically dispersed broadcast licensees (involving the collection and analysis of important employment data) in an effort to prepare constructive comments concerning Form 395 revisions. It states the additional time is necessary so that it can complete this process and prepare the comments for its clients.

3. We are of the view that the public interest would be served by this extension so that McKenna, Wilkinson and Kittner may file any information which could well be helpful to the Commission in reaching a decision in this proceeding.

4. *Accordingly, it is order,* That the dates for filing comments and reply comments in Docket No. 21474 are extended to and including April 24, 1978, and May 24, 1978, respectively.

(Secs. 4, 5, 303, 48 Stat., as amended, 1066, 1068, 1082; (47 U.S.C. 154, 155, 303).)

STATIONS ON LANDS IN THE MARITIME SERVICES AND ALASKA—PUBLIC FIXED STATIONS

Permitting Limited Coast Station Licensees Who Service Ship Radio Station To Use, for Brief Ship Radio Station Checks, Any Frequency Authorized To Be Used by the Ship Station Being Serviced

AGENCY: Federal Communications Commission.

ACTION: Report and order.

SUMMARY: In response to a request by Beacon Marine Corporation it was proposed that the rules be amended to permit limited coast station licensees who service ship radio stations to use any frequency authorized to be used by the ship station being serviced, for ship station tests. This action terminates this proceeding without amending the rules as proposed due to an apparent lack of industry wide support

for the proposal and possible interference problems. However, in order to provide for its particular needs, Beacon Marine Corporation is granted a rule waiver to operate substantially as requested.

EFFECTIVE DATE: None (Rules remain unchanged).

ADDRESSES: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT:

Robert H. McNamara, Safety and Special Radio Services Bureau, 202-632-7197.

SUPPLEMENTARY INFORMATION:

REPORT AND ORDER—(PROCEEDING TERMINATED)

Adopted: March 8, 1978.

Released: March 21, 1978.

In the matter of Amendment of Part 81 of the rules to permit limited coast station licensees who service ship radio stations to use, for brief ship radio station checks, any frequency authorized to be used by the ship station being serviced, Docket No. 21465, RM-2880.

1. A Notice of Proposed Rule Making in the above-captioned matter was released November 8, 1977, and published in the FEDERAL REGISTER on November 11, 1977, at 42 FR 58770. The specified time for filing comments and reply comments has expired.

2. The subject amendment of part 81 was proposed in response to a request by Beacon Marine Corporation (Beacon) the licensee of limited coast station KTD569 who sells and services marine communications equipment. In essence the proposed amendment would permit limited coast station licensees who service and maintain ship radio equipment to make brief tests on any frequency authorized to be used by the particular ship station being serviced. Presently § 81.355(d) of the rules allows the subject limited coast station licensees to conduct ship station radio checks only on the VHF frequencies generally available for assignment to limited coast stations. Radio checks are not authorized for other categories of marine use, including intership frequencies; public correspondence frequencies; and HF frequencies.

3. Beacon submits that ship radio receivers can develop problems during installation despite complete checks in a maintenance shop and, thus, a final check on one or more of the latter categories of frequencies after installation is often desirable. Therefore, as stated in the Notice of Proposed Rule Making, the Commission proposed to amend the rules substantially as requested because it appeared such tests would not lead to undue congestion or interference problems on the concerned maritime frequencies. This view rested on the continued requirements for full compliance with the testing procedures described in Rule 83.365 and the coordination of the tests on an assigned limited coast station working frequency. Further, it appeared that such a rule change possibly would be of benefit to ship station licensees.

4. The only comment received was filed by the Central Committee On Telecommunications of the American Petroleum Institute (API). API is composed of representatives of 40 of the nation's leading petroleum and natural gas companies, many of which operate substantial maritime fleets. API concurs with Beacon Marine's rationale that the existing rule provisions should be expanded to permit ship radio receiver tests on all frequencies authorized to be employed by the ship station. It concludes that the expansion of the existing rule would not result in the development of undue congestion or interference, provided licensees continue to make arrangements for such radio checks on assigned working frequencies and conduct the tests in full compliance with the procedures set forth in Rule 83.365. In that the Commission intends to continue these conditions in force, API supports the proposed amendment.

5. No comments were received from other licensees of limited coast stations who service ship radio stations. Nor were comments received from some of the other classes of station licensees and maritime interests who would be expected to be concerned with such an amendment to the rules. In view of the lack of industry wide input, the Commission feels that it is not in the public interest, at this time, to authorize all limited coast station licensees who service ship radio equipment to conduct radio checks on any and all maritime frequencies. This

view is reinforced by the fact that there is at least some potential for the development of interference and congestion problems. Therefore, the Commission believes that under the circumstances the better approach is to grant Beacon a rule waiver and authority to conduct brief radio checks substantially as requested, and terminate this proceeding.

6. The basis for the waiver is the obvious increase in safety, efficiency, and convenience that would result from a final check of ship station receivers on other than the frequencies currently available for such purposes. This action satisfy Beacon's expressed needs without making all marine frequencies generally available for test purposes to every limited coast station licensee who services radio equipment. In addition this will provide the Commission and other concerned maritime interests with an opportunity to observe the effects of such frequency usage. Should a like proposal be advanced at some time in the future, the Commission will be in a better position to evaluate its merits.

7. Accordingly, it is ordered, That pursuant to § 1.3 of the Commission's rules, the provisions of § 81.355(d) which limit the frequencies available for brief ship radio station checks, are waived for an indefinite period for the Beacon Marine Corporation, licensee of limited coast station KTD569, to utilize any frequency authorized to be used by the ship station being serviced, for such ship radio station tests. However, it is emphasized that the conditions contained in Rule 81.355(d) which require (1) arrangements for radio checks be made on the assigned and limited coast station working frequency and (2) radio station checks be made in full compliance with the testing provisions of Rule 83.365, are in no way diminished by this action. In addition, this waiver may be terminated at any time by the Commission if, at its discretion, the need for such action arises. A copy of this document should be retained with limited coast station KTD569's license.

8. It is further ordered, That this proceeding is terminated.

FEDERAL COMMUNICATIONS
COMMISSION,
WILLIAM J. TRICARICO,
Secretary.

ARMS CONTROL AND DISARMAMENT AGENCY

GENERAL ADVISORY COMMITTEE

Meeting

Notice is hereby given in accordance with section 10(a) (2) of the Federal Advisory Committee Act, 5 U.S.C. App. I, (the Act) and paragraph 8B of Office of Management and Budget Circular No. A-63 (Revised March 27, 1974) (the OMB Circular), that a meeting of the General Advisory Committee (GAC) is scheduled to be held on April 13, 1978 from 9 a.m. to 6 p.m. and on April 14, 1978 from 9 a.m. to 6 p.m. at 2201 C Street NW., Washington, D.C., in Room 7516.

The purpose of the meeting is for the GAC to receive briefings and hold discussions concerning arms control and related issues which will involve national security matters classified in accordance with Executive Order 11652 dated March 10, 1972.

The meeting will be closed to the public in accordance with the determination of even date made by the Acting Director of the Arms Control and Disarmament Agency pursuant to section 10 (d) of the Act and paragraph 8d(2) of the OMB Circular that the meeting will be concerned with matters of the type described in 5 U.S.C. 552(b)(1). This determination was made pursuant to a delegation of authority from the Office of Management and Budget dated June 25, 1973 issued under the authority of Executive Order 11769 dated February 21, 1974.

Dated: March 15, 1978.

SIDNEY D. ANDERSON,
Advisory Committee Management
Officer, Arms Control
and Disarmament Agency.

[3410-02]

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

GRAIN STANDARDS

Seed Grain

AGENCY: Federal Grain Inspection Service.

ACTION: Notice.

SUMMARY: This action will waive the inspection and weighing requirements on export seed grain when certain merchandising requirements are met. The waiver will not impair the objectives of the U.S. Grain Standards Act, as amended, 7 U.S.C. 71 et seq.

EFFECTIVE DATE: March 21, 1978.

FOR FURTHER INFORMATION CONTACT:

David R. Galliard (Program Operations), USDA, FGIS, 14th and Independence Avenue SW., South Agriculture Building, Room 1628, Washington, D.C. 20250, telephone 202-447-9164.

SUPPLEMENTARY INFORMATION:

Pursuant to section 5 of the U.S. Grain Standards Act, as amended, 7 U.S.C. 71 et seq. (hereinafter referred to as the Act), all grain exported from the United States must be officially inspected and weighed unless waived by the Administrator of the Federal Grain Inspection Service (hereinafter referred to as FGIS). Grain is defined under the Act as corn, wheat, rye, oats, barley, flaxseed, grain sorghum, soybeans, triticale, mixed grain, and other food grains, feed grains, and oilseeds for which United States Standards are established. Most grain exported from the United States is used for animal feed or human consumption and is invoiced by U.S. official grade designation. Seed grain, which is not used for consumption purposes, is generally not sold or consigned for sale by official grade, but rather invoiced by description and generally packed in sacks.

Section 5 further provides that the Administrator may waive the inspection requirements on export grain when grain is not exported by grade if export contracts of the parties provide that no inspection shall be required and a copy of the contract is furnished to the Administrator prior to shipment. In addition, the Administrator may waive the inspection and weighing requirements under circumstances which would not impair the objectives of the Act.

Seed grain is rarely, if ever, sold by official grade and there is considerable time and expense involved by FGIS in reviewing the numerous requests for the mandatory inspection waiver, and since seed grain is generally packed in sacks, the Administrator has determined that in order to facilitate the

trading in grain, seed grain should be exempted from the inspection and weighing requirements at export. Accordingly, seed grain which meets the following requirements is hereby exempted from the weighing and inspection requirements.

1. All seed grain sold or consigned for sale must be invoiced as seed;
2. All seed grain must be labeled with respect to kind, variety, purity, germination, and net weight;
3. All seed grain must be identified for seeding purposes on the shipper's export declaration; and
4. Upon request, copies of the contract, invoice, bill of lading, shipper's export declaration, and related merchandising and shipping documents must be made available to FGIS.

In view of the fact that this exemption from the inspection and weighing requirements does not add additional restrictions to individuals subject to the requirements of the Act, and in order to facilitate the export merchandising of seed grain, it is found that the notice and public procedure thereon is impracticable and contrary to the public interest and good cause exists for waiving the inspection and weighing requirements of seed grain meeting the above criteria.

This exemption is effective March 16, 1978.

L. E. BARTELT,
Administrator.

Forest Service

TEN YEAR TIMBER RESOURCE MANAGEMENT PLAN SHELTON COOPERATIVE SUSTAINED YIELD UNIT

Availability of Draft Environmental Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the Forest Service, Department of Agriculture, has prepared a draft environmental statement for Ten Year Timber Resource Management Plan Shelton Cooperative Sustained Yield Unit, USDA-FS-R6-DES (Adm)-78-10.

The environmental statement concerns a proposed update of the Ten Year Timber Resource Management Plan Shelton Cooperative Sustained Yield Unit. The preferred alternative includes an increase in the annual sustained timber yield for the Unit of 18.8

million cubic feet (96 million board feet). The Forest Service portion of this increase is 0.7 million cubic feet (3.9 million feet).

The draft environmental statement was transmitted to EPA on March 14, 1978.

Copies are available for inspection during regular working hours at the following locations: USDA, Forest Service, South Agriculture Bldg., Room 3210, 12th St. and Independence Ave. SW., Washington, D.C. 20013. USDA, Forest Service, Pacific Northwest Region, 319 Southwest Pine Street, Portland, Oregon 97204. USDA, Forest Service, Olympic National Forest, 801 South Capitol Way, Olympia, Washington 98507.

A limited number of single copies are available upon request to Forest Supervisor Richard D. Beaubien, Olympic National Forest, P.O. Box 2288, Olympia, Wash. 98507.

Copies of the environmental statement have been sent to various Federal, State, and local agencies as outlined in the CEQ guidelines.

Comments are invited from the public, and from State and local agencies which are authorized to develop and enforce environmental standards, and from Federal agencies having jurisdiction by law or special expertise with respect to any environmental impact involved for which comments have not been requested specifically.

Comments concerning the proposed action and requests for additional information should be addressed to: Forest Supervisor Richard D. Beaubien, Olympic National Forest, P.O. Box 2288, Olympia, Wash. 98507. Comments must be received by May 13, 1978 in order to be considered in the preparation of the final environmental statement.

Dated: March 14, 1978.

CARL N. WILSON,
Director, Planning, Programming
and Budgeting.

[6320-01]

CIVIL AERONAUTICS BOARD

[Order No. 78-3-76; Docket Nos. 31857, 31858, etc.]

AAT AIRLINES, INC., ET EL.

Order Denying Applications

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 16th day of March, 1978. Applications of AAT Airlines, Inc., Air Cargo Hawaii, Inc., Air Express, Inc., Appalachian Airlines, Inc., CF Air Freight, Inc., Swift Air Charter, Inc., Tailwinds, Inc., and Zia Airlines Co. for section 418 grandfather certificates. Application of AAT Airlines,

Inc. for an exemption from section 418, Docket Nos. 31857, 31858, 31785, 31908, 31847, 31880, 31881, 31893, 31922, 31925, and 31859.

ORDER DENYING APPLICATIONS

On November 9, 1977, President Carter signed into law Pub. L. 95-163. Under section 17 of the law, a new section 418 is added to the Act. Section 418(a)(2) states that the Board must issue an all-cargo air service certificate to any carrier operating under a section 416 exemption that has provided scheduled all-cargo air service continuously for the year ended November 9, 1977, and applies for such authority within 45 days after enactment of the law.

We have examined the information provided by the applicants and other interested parties in the above-referenced dockets and find that the applications must be denied.¹ The applications of AAT Airlines (Dockets 31857, 31858), Air Cargo Hawaii, Air Express, Appalachian Airlines, Swift Air Charter, and Zia Airlines are being denied because they have not provided continuous scheduled all-cargo air service for the year ended November 9, 1977. Tailwinds has provided on-demand rather than scheduled service. Finally, CF Air Freight is an air freight forwarder and, as explained in Order 77-12-102, December 20, 1977, the grandfather provisions of section 418 are limited to direct air carriers.

We will also deny AAT Airlines' request for an exemption under section 416 from the eligibility requirements for a grandfather certificate under section 418. As we explained in Order 78-2-49, February 9, 1978, the Board has no discretion in the issuance of grandfather certificates under section 418. Also, Congress has established a process which potentially excludes no U.S. citizen from obtaining a section 418 certificate because those that are not eligible to receive it may apply within a year and receive an all-cargo service certificate if they meet a fitness requirement (§ 418(a)(3)). Under the prevailing statutory scheme and in the absence of any justification for the Board's use of its exemption authority under section 416, AAT's application for an exemption must be denied.

Accordingly, it is ordered that: 1. The applications of AAT Airlines d.b.a. Air Sunshine, Air Cargo Hawaii, Air Express, Appalachian Airlines, CF Air Freight, Swift Air Charter, Tailwinds, and Zia Airlines be denied; and 2. The application of AAT Airlines d.b.a. Air Sunshine for an exemption under section 416 of the Act be denied.

This order shall be published in the FEDERAL REGISTER.

¹The applicants are free, of course, to apply in November 1978 for all-cargo service certificates under section 418(a)(3).

All Members concurred.

By the Civil Aeronautics Board:

PHYLLIS T. KAYLOR,
Secretary.

[FR Doc. 78-7563 Filed 3-21-78; 8:45 am]

[6320-01]

[Order No. 78-3-68; Docket Nos. 31116, 31936, 32264]

ALLEGHENY AIRLINES, INC.

Order Consolidating and Setting Applications for Hearing in Accordance With Subpart M Procedures

Adopted by the Civil Aeronautics Board at its office in Washington, D.C. on the 16th day of March, 1978.

On July 12, 1977, Allegheny Airlines filed an application under Subpart M of Part 302 of the Board's Procedural Regulations requesting an amendment to its certificate of public convenience and necessity to permit nonstop service between Nashville and Cleveland. By Order 77-7-125, July 26, 1977, we stayed further procedural steps in this docket and directed Allegheny to file a revised service list with the Board. By Order 77-11-119, November 23, 1977, we directed that further procedural steps in accordance with Subpart M procedures be taken.

On December 30, 1977, Southern Airways filed an application in 31936 for nonstop Nashville-Cleveland authority and a motion to consolidate its application with Allegheny's Subpart M application.

The Metropolitan Nashville Airport Authority filed an answer in support of Allegheny's application. American Airlines and Southern filed answers in opposition. American, the incumbent in the market, argues that Allegheny's service proposal would result in significant economic losses in both forecast years; that the diversionary impact of Allegheny's services on American's one-stop flights could result in an overall drop in through service; and that the application should be denied or, alternatively, set for hearing, then denied. Southern argues it is better suited to provide Nashville-Cleveland authority and that its application should be granted and Allegheny's denied.¹

Allegheny filed an answer in opposition to Southern's application. It states that, as a matter of first priority, the Board should apply its restriction removal policy to Allegheny's Cleveland-Nashville authority; that the markets integrate better with its system than with Southern's; and that Southern's proposal will not produce substantial profits.

We have decided to set Allegheny's application for hearing under the pro-

¹Allegheny filed a reply to American's answer.

cedures prescribed by Subpart M and to consolidate Southern's application with Allegheny's.

Accordingly, it is ordered that: 1. A proceeding to be known as the *Nashville-Cleveland Subpart M Proceeding*, Docket 32264 be set for hearing at a time and place to be designated later.

2. The applications of Allegheny Airlines, Docket 31116, and Southern Airways, in Docket 31936, be consolidated with the proceeding instituted in paragraph 1 above, and

3. The motion of Southern Airways to consolidate its application in Docket 31936 with Allegheny's application in Docket 31116 be granted.

This order shall be published in the FEDERAL REGISTER.

All Members concurred.

By the Civil Aeronautics Board:

PHYLLIS T. KAYLOR,
Secretary.

[FR Doc. 78-7564 Filed 3-21-78; 8:45 am]

[6320-01]

[Order No. 78-3-69; Docket No. 32262]

CONTINENTAL AIR LINES, INC. ON BEHALF OF AIR MICRONESIA, INC.

Order of Investigation and Suspension

Adopted by the Civil Aeronautics Board at its office in Washington, D.C., on the 16th day of March 1978.

By tariff revisions¹ marked to become effective April 2 and September 1, 1987, Continental Air Lines, Inc., (Continental) on behalf of Air Micronesia, Inc. proposes to revise the passenger-fare structure and level of passenger fares for travel throughout the Trust Territory and from Honolulu to the Trust Territory.

Upon consideration of all relevant matters, the Board concludes that the proposed fares may be unlawful and should be suspended pending investigation.

While Continental has explained in considerable detail how it costed its operations in this ratemaking entity, the fact is that the fare structure proposed deviates substantially from its alleged cost structure. The proposal would increase fares in markets which, by Continental's own calculations, are already above cost. We recognize that Continental's operation to and within the Trust Territory is unique. It may be that other considerations warrant a departure from realistically cost-based fares in this particular circumstance. If so and to what extent is a complex issue which cannot be resolved within the time constraints of a tariff filing. We intend to pursue our review of the

¹Revisions to Air Micronesia Passenger Rules and Fares Tariff No. AMPRT-1, CAB No. 70.

proposal as rapidly as possible and to dispose of the matter promptly on its merits.

Accordingly, pursuant to the Federal Aviation Act of 1958, and particularly sections 204(a), 403, 404, and 1002.

It is ordered, That: 1. An investigation be instituted to determine whether the fares and provisions described in the attached Appendix, rules, regulations and practices affecting such fares and provisions, are or will be unjust, unreasonable, or unjustly discriminatory, unduly preferential, unduly prejudicial, or otherwise unlawful, and, if found to be unlawful, to determine and prescribe the lawful fares and provisions, and rules, regulations, or practices affecting such fares and provisions;

2. Pending hearing and decision by the Board, the fares and provisions described in the Appendix are suspended and their use deferred to and including June 30, 1978, unless otherwise ordered by the Board, and that no changes be made therein during the period of suspension except by order or special permission of the Board;

3. The investigation be assigned before an administrative law judge of the Board at a time and place hereafter to be assigned; and

4. A copy of this order be placed in the aforesaid tariff and be served upon Air Micronesia, Inc., Continental Air Lines, Inc., the Department of the Interior, the Trust Territory of the Pacific Islands, and the Commonwealth of the Northern Mariana Islands, which are hereby made parties to this proceeding.

This order shall be published in the FEDERAL REGISTER.

By the Civil Aeronautics Board.

PHYLLIS T. KAYLOR,
Secretary.

DEPARTMENT OF COMMERCE

Bureau of the Census

CENSUS ADVISORY COMMITTEE OF THE AMERICAN ECONOMIC ASSOCIATION

Public Meeting

Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C., Appendix I, 1976), notice is hereby given that the Census Advisory Committee of the American Economic Association will convene on April 14, 1978, at 9:15 a.m. in Room 2424, Federal Building 3 at the Bureau of the Census in Suitland, Md.

The Census Advisory Committee of the American Economic Association advises the Director, Bureau of the Census, on technical matters, accuracy levels, and conceptual problems concerning the economic censuses; reviews major aspects of the Bureau's programs, and advises on the role of the analysis within the Bureau and the need for providing data in more detail.

The Committee is composed of 15 members of the American Economic Association.

The agenda for the meeting, which is scheduled to adjourn at 4:30 p.m., is: (1) Introductory remarks by the Director of the Census Bureau, including: staff changes, major budget program development, status of proposed legislation affecting the Census Bureau, and other topics of current interest; (2) status of planning for the 1980 census; (3) issues in adjusting population counts; (4) establishment of a Census Bureau Office of Economic

Analysis; (5) status of GNP improvement recommendations; (6) reorganization of the Federal Statistical System; (7) program priorities and user/producer relationships; (8) Committee discussion and recommendations; and (9) date and place for the next meeting.

The meeting will be open to the public, and a brief period will be set aside for public comment and questions. Extensive questions or statements must be submitted in writing to the Committee Control Officer at least 3 days prior to the meeting.

Persons planning to attend and wishing additional information concerning this meeting or who wish to submit written statements may contact the Committee Control Officer, Mr. Elmer Biles, Senior Economic Advisor, Bureau of the Census, Room 3061, Federal Building 3, Suitland, Md. (Mail address: Washington, D.C. 20233.) Telephone 301-763-7184.

Dated: March 16, 1978.

MANUEL D. PLOTKIN,
Director, Bureau of the Census.

[FR Doc. 78-7498 Filed 3-21-78; 8:45 am]

[3510-07]

SURVEY TO COMPILE REGISTRATION AND VOTING STATISTICS

Notice is hereby given that the Bureau of the Census will conduct a survey to collect registration and voting statistics. This survey will be conducted under the provisions of section 207 of the Voting Rights Act of 1965, as amended, 42 U.S.C. 1973aa-5. The survey shall cover a count of citizens of voting age, race or color, and specified minority groups, and a determination of the extent to which such persons are registered to vote and have voted in the elections surveyed.

In accordance with administrative procedure, 5 U.S.C. 553, notice and hearing on this survey are unnecessary since the survey is required by law. It shall begin not earlier than November 8, 1978, and will be taken in the jurisdictions listed below.

Copies of the proposed forms and a description of the collection methods are available upon request to the Director, Bureau of the Census, Washington, D.C. 20233.

Dated: March 16, 1978.

MANUEL D. PLOTKIN,
Director,
Bureau of the Census.

Industry and Trade Administration

[Docket Nos. 564, 565]

JACOB KELMER ET AL.

Order To Extend Denial Period

Jacob Kelmer, d.b.a. Excel Industries, 66 Hanita Street, Haifa, Israel, and/or, P.O. Box 11369, Tel Aviv, Israel, Docket No. 564, and Byron Williams, a.k.a. Bryan Williamson, Bay Laboratories, B&Y (Gates) Electronic Developments, 64 Harcourt Street, Dublin, Ireland, and/or, 26 Uxbridge Road, Ealing, London, W.5, England, 3

Middlefield, London, England, Docket No. 565.

Jacob Kelmer and his affiliated companies were denied all export privileges by order appearing in 37 FR 16511, August 15, 1972. Byron Williams was denied by order published in 33 FR 12146, August 28, 1968. In "Mahmud Ahmad et al.", 43 FR 19899, April 15, 1977, it was proposed to terminate the denial orders on May 31, 1978, except that "the period of denial, for such reasons as may be deemed appropriate, may be terminated at an earlier date or extended." Review of respondents' files impels me to extend the denial periods.

The Compliance Division requested amendment of the cited orders to extend the period of denial. It showed reasonable cause to believe that respondents, together with others, and contrary to the Export Administration Act and implementing regulations, conspired unlawfully to export controlled electronic devices to unapproved destinations and end users, all without proper validated licenses. One alleged illegal shipment was intercepted by Customs authorities and confiscated. These activities are being considered by a Federal Grand Jury; indictments against the alleged conspirators, including the respondents herein, are anticipated. I also note that the Compliance Division is conducting an on-going investigation and proposes to issue charging letters soon. The Hearing Commissioner considered the foregoing and the records upon which respondents were previously denied export privileges. He notes that the allegations of participating in illegal exportations, if established, would justify an extended period of denial. He recommends the periods of denial in each case be extended to afford final Justice Department and Grand Jury consideration and further investigation by the Compliance Division.

After consideration of the Commissioner's report and recommendation, I find it reasonably necessary in the public interest and to achieve effective enforcement of the Export Administration Act and regulations to continue respondents' denial status as indicated below. Therefore, pursuant to the authority delegated to me, 15 CFR Part 388: *It is ordered,*

Jacob Kelmer and Byron Williams and their affiliated companies are continued in denied status for an extended period terminating on May 31, 1981. The aforesaid Orders are amended accordingly. This Order is effective immediately.

The Compliance Division is instructed to complete its investigation and report as soon as possible to the Hearing Commissioner whether it believes the allegations can be supported and proceedings will be initiated. Respondents, of course, may petition the

Hearing Commissioner for consideration of any evidence they may submit in their own behalf or for a hearing to present and consider any relevant and material evidence and for an earlier reinstatement of export privileges.

Dated: February 17, 1978.

RAUER H. MEYER,
Director, Office of
Export Administration.

[FR Doc. 78-7461 Filed 3-21-78; 8:45 am]

[3510-25]

[No. 566]

FRANZ EGGELING ET AL.

Order Denial Period Extended

In the matter of Franz Eggeling, Hintere Zollamstrasse 17, Postfach 239, Vienna III, Austria, and Renweg 2, 8001, Zurich, Switzerland, and Memisco Anstalt, a.k.a. Memisco FL 9490, Vaduz, Liechtenstein, No. 566.

Franz Eggeling and his controlled and/or affiliated company, Memisco Anstalt, a.k.a. Memisco, were denied all export privileges by order appearing in 32 FR 7223 (May 13, 1967). In "Mahmud Ahmad et al.", 43 FR 19899 (April 15, 1977) it was proposed to terminate the denial order on May 31, 1978, except that "the period of denial, for such reasons as may be deemed appropriate, may be terminated at an earlier date or extended." Review of the respondents' case record impels me to extend the denial period.

The Compliance Division requested that respondents' period of denial be extended. It showed probable cause to believe that the parties acted in violation of the Export Administration Act and the regulations by exporting controlled electronic devices of U.S. manufacture to unapproved destinations and end users. The alleged exportations were effected without validated licenses and were unlawful. The Compliance Division is conducting an ongoing investigation; it proposes to issue a charging letter soon.

The Hearing Commissioner considered the foregoing and the records upon which respondents were previously denied export privileges. He notes that the allegation of participating in illegal exportations, if established, would justify an extended period of denial. He recommends the period of denial be extended to allow the Compliance Division to conduct further investigations.

After consideration of the Commissioner's report and recommendation, I find it reasonably necessary in the public interest and to achieve effective enforcement of the Export Administration Act and regulations to continue respondents' denial status as indicated below. Therefore, pursuant to the authority delegated to me, 15 CFR Part 388: *It is Ordered*

Franz Eggeling and Memisco Anstalt, a.k.a., Memisco are continued in denied status for an extended period terminating on May 31, 1981. The aforesaid orders are amended accordingly. This Order is effective immediately.

The Compliance Division is instructed to complete its investigation and report as soon as possible to the Hearing Commissioner whether it believes the allegations can be supported and a charging letter will be issued. Respondents, of course, may petition the Hearing Commissioner for consideration of any evidence they may submit in their own behalf or for a hearing to present and consider any relevant and material evidence and for earlier reinstatement of export privileges.

Dated: March 2, 1978.

RAUER H. MEYER,
Director, Office of
Export Administration.

BRIGHAM YOUNG UNIVERSITY

Decision on Application for Duty-Free Entry of
Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR Part 301).

A copy of the record pertaining to this decision is available for public review between 8:30 a.m. and 5 p.m. in Room 6886C of the Department of Commerce Building, at 14th Street and Constitution Avenue NW., Washington, D.C. 20230.

Docket No.: 78-00008. Applicant: Brigham Young University, Provo, Utah 84602. Article: Sodev Programmable Circulating Thermostat, Model CT-C and Sodev Circulating Pump Unit, Model PC-B. Manufacturer: Sodev Inc., Canada. Intended use of article: The article is intended to be used to measure the volume changes when nonelectrolytic liquids such as benzene, carbon tetrachloride, hexane, etc., are mixed. Densities will be measured with the densimeter from which these excess volumes can be calculated. The object of the research is to use thermodynamic measurements to better understand the nature of molecular interactions in liquid mixtures and hence, be able to predict their properties. The article will also be used by both graduate and undergraduate chemistry students in the courses Chemistry 598, Special Problems; Chemistry 697, Master's Candidates

Research; Chemistry 797, Dissertation for Ph. D. Degree.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States. Reasons: The foreign article provides capabilities for use of small quantities of bath fluid (maximum 100 milliliters), a rapid programmable temperature change (positive or negative 0.01 to one degree centigrade (°C)/minute at resolution 0.001°C), and temperature control with +0.001°C. The National Bureau of Standards advises in its memorandum dated February 3, 1978 that (1) all the capabilities of the article described above are pertinent to the applicant's intended purposes and (2) it knows of no domestic instrument or apparatus which provides all of the pertinent capabilities of the article.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

CONNECTICUT VISUAL HEALTH CENTER, INC.

Decision on Application for Duty-Free Entry of
Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR Part 301).

A copy of the record pertaining to this decision is available for public review between 8:30 a.m. and 5 p.m. in Room 6886C of the Department of Commerce Building, at 14th and Constitution Avenue NW., Washington, D.C. 20230.

Docket No.: 78-00016. Applicant: Connecticut Visual Health Center, Inc. (CVHC), 1177 Broad Street, Bridgeport, Conn. 06604. Article: Friedman Visual Field Analyser. Manufacturer: Clement Clarke International Ltd., United Kingdom. Intended use of article: The article is intended to be used to identify extent of visual fields under various conditions in a mass

study of patients to detect abnormalities. The objectives of the investigation is to identify patients with ocular diseases so that treatment programs can be instituted as early as possible to prevent blindness. Periodic seminars on Glucoma Detection will be conducted in which the article is a principle diagnostic tool. In addition, the article will be used daily in a clinical environment to teach the intern population at CVHC how to use the equipment and how to interpret its data.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States. Reasons: The foreign article provides the capability of plotting central field defects at the threshold of vision by varying the strength of the stimulus (electronic flash varied in intensity by the use of the neutral density filters from 0 to 4.8 log units in step of 0.2). The Department of Health, Education, and Welfare advises in its memorandum dated January 5, 1978 that (a) the capability of the article described above is pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign article for the applicant's intended use.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR Part 301).

A copy of the record pertaining to this decision is available for public review between 8:30 a.m. and 5 p.m. in Room 6886C of the Department of Commerce Building, at 14th and Con-

stitution Avenue NW., Washington, D.C. 20230.

Docket No.: 78-00020. Applicant: U.S. Department of the Interior Bureau of Geological Survey, National Center, MS 526, 12201 Sunrise Valley Drive, Reston, Va. 22092. Article: Photomapper Series-2. Manufacturer: Instronics Ltd., Canada. Intended use of article: The article is intended to be used to analyze aerial photographs by digitally-controlled optics that transform the images on the photographs to orthographic view of the images from points above the earth's surface. This technique is employed to produce orthophotos, contour sheets, and digital terrain models. These products are used by scientists to analyze spatial features of the earth's surface.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States. Reasons: The foreign article provides digital correlation of spatial displacement between homologous images plus slope correcting capability. The National Bureau of Standards advises in its memorandum dated February 14, 1978 that (1) the capabilities of the article described above are pertinent to the applicant's intended purposes and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign article for the applicant's intended use.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

NATIONAL RADIO ASTRONOMY OBSERVATORY

Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR Part 301).

A copy of the record pertaining to this decision is available for public

review between 8:30 a.m. and 5 p.m. in Room 6886C of the Department of Commerce Building, at 14th and Constitution Avenue NW., Washington, D.C. 20230.

Docket No. 78-00015. Applicant: National Radio Astronomy Observatory, Associated Universities, Inc., Edgemont Road, Charlottesville, Va. 22901. Article: Carcinotron Tube, Model CO-10 (backward wave oscillator) and accessories. Manufacturer: Thomson-CSF Electron Tubes, France. Intended use of article: The article will be used in connection with the development of receivers in the 200-250 GHz range which are required for research in radio astronomy in the higher millimeter wave frequencies. Specifically, the article will be used as a swept signal source for measuring the performance of receiver components and as a pump for down-converters operating in the 200-500 GHz frequency range.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The foreign article provides a frequency in the range between 202-232 gigahertz. The National Bureau of Standards (NBS) advises in its memorandum dated February 9, 1978 that (1) the capability of the article described above is pertinent to the applicant's research purposes and (2) it knows of no domestic instrument of equivalent scientific value to the foreign article for the applicant's intended use. The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

UNIVERSITY OF CALIFORNIA—LOS ALAMOS

Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (15 CFR Part 301).

A copy of the record pertaining to this decision is available for public review between 8:30 a.m. and 5 p.m. in Room 6886C of the Department of Commerce Building, at 14th and Constitution Avenue NW., Washington, D.C. 20230.

Docket No. 78-00041. Applicant: University of California—Los Alamos Scientific Laboratory, P.O. Box 990, Los Alamos, N. Mex. 87545. Article: TEA-103-2 CO₂ Laser and Accessories. Manufacturer: Lumonics Research Ltd. Canada. Intended Use of Article: The article is intended to be used to demonstrate the scientific and economic feasibility of laser-induced separation of uranium isotopes. The article will be the basic tool for generating the necessary wavelengths for a selective photoseparation process.

Comments: No comments have been received with respect to this application.

Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States.

Reasons: The foreign article provided a high power level (>20 joule/pulse). The National Bureau of Standards (NBS) advises in its memorandum dated February 27, 1978 that the specification of the article described above is pertinent to the applicant's intended purposes. NBS also advises that it knows of no domestic instrument of equivalent scientific value to the foreign article for the applicant's intended use. The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purpose as this article is intended to be used, which is being manufactured in the United States.

Maritime Administration

[Docket No. S-598]

Notice is hereby given that Waterman Steamship Corp. (Waterman), a New York corporation, has filed with the Maritime Administration by letters dated January 26, 1978 and February 28, 1978, an amendment to its application of May 28, 1976, and applications of March 3, 1977, requesting the amendment of its Operating-Differential Subsidy Agreement, Contract No. MA/MSB-115, to permit Waterman to provide certain privilege service in connection with its subsidized service on Trade Route (TR) 18 (U.S. Atlantic

and Gulf/Red Sea, Persian Gulf, and India). Waterman is currently authorized under Contract No. MA/MSB-115 to make a minimum of 30 and a maximum of 40 sailings per annum on TR 18. Three C9 LASH type vessels and four C4 breakbulk type vessels are permanently assigned to the contract.

Waterman's application of May 28, 1976 was noticed in the FEDERAL REGISTER on July 6, 1976 (41 FR 27767 and 27768) under Docket No. S-514. The Notice stated that Waterman had requested amendment of Contract No. MA/MSB-115 to include the privilege of serving (a) and (b) below in connection with its subsidized service on TR 18:

(a) *Trade Area No. 2—Great Lakes/West, South, and East Africa.* Between U.S. ports on the Great Lakes and St. Lawrence River, intermediate Canadian Great Lakes ports and other Canadian ports along the general track and ports in Africa from the southern border of Morocco to Cape Guardafui in the Somali Republic, including Madeira, Canary, Cape Verde, and other islands adjacent to the West Africa Coast, the Islands of Ascension and St. Helena in the South Atlantic, the Malagasy Republic, and adjacent islands in the Indian Ocean not east of 60° East Longitude.

(b) *Trade Area No. 4—Great Lakes/Red Sea, Persian Gulf, and India.* Between U.S. ports on the Great Lakes and St. Lawrence River, intermediate Canadian Great Lakes ports and other Canadian ports along the general track and ports in Southwest Asia from Suez to Burma, inclusive, and Africa on the Red Sea and Gulf of Aden.

Waterman's application of March 3, 1977 was noticed in the FEDERAL REGISTER on March 23, 1977 (42 FR 15722) under Docket No. S-551. The Notice stated that Waterman had requested amendment of Contract No. MA/MSB-115 so as to modify its TR 18 subsidized service to include ports in South and East Africa from Capetown to Cape Guardafui (inclusive) including the Malagasy Republic and adjacent islands in the Indian Ocean not east of 60° East Longitude.

Waterman's second application of March 3, 1977 was noticed in the FEDERAL REGISTER on March 28, 1977 (42 FR 16463) under Docket No. S-554. The Notice stated that Waterman had requested amendment of Contract No. MA/MSB-115 so as to modify its subsidized service on TR 18 to include ports in the Arab Republic of Egypt on the Mediterranean Sea.

By letter dated January 26, 1978, Waterman has amended its operating-differential subsidy applications in Docket Nos. S-514, S-551, and S-554, stating as follows:

Waterman further proposes to add two or three conventional breakbulk vessels, suit-

able for operation in this trade, to its Trade route 18 subsidized fleet, which vessels would be available for the proposed Trade route 18 privilege call services.

The two or three conventional breakbulk vessels would be utilized to provide the currently authorized minimum/maximum of 30/40 sailings including the privileges sought in Dockets Nos. S-514, S-551, and S-554.

By letter dated February 28, 1978, Waterman has advised that it does not propose to make in excess of 32 annual privilege calls for the Great Lakes service covered in Docket No. S-514, or in excess of 40 annual privilege calls at South and East African ports in Docket No. S-551 and at Mediterranean Egyptian ports in Docket No. S-554.

Interested parties may inspect this application in the Office of the Secretary, Maritime Subsidy Board, Room 3099-B, Department of Commerce Building, 14th and E Streets NW., Washington, D.C. 20230.

Any person, firm, or corporation having an interest in such application who desires to offer views and comments thereon for consideration by the Maritime Subsidy Board should submit such views and comments in writing, in triplicate, to the Secretary, Maritime Subsidy Board, by the close of business on March 30, 1978. The Maritime Subsidy Board will consider such views and comments and take such action with respect thereto as may be deemed appropriate.

All parties who are presently intervenors with standing in Docket Nos. S-514, S-551, and S-554 will be deemed to have standing with respect to the applications for services covered by those Dockets as herein modified.

(Catalog of Federal Domestic Assistance Program No. 11.504, Operating-Differential Subsidy (ODS).)

By Order of the Maritime Subsidy Board.

Dated: March 16, 1978.

ROBERT J. PATTON, JR.,
Assistant Secretary.

MID ATLANTIC FISHERY MANAGEMENT COUNCIL

Public Meeting

The Mid Atlantic Fishery Management Council, established by section 302 of the Fishery Conservation and Management Act of 1976 (Pub. L. 94-265) will hold a Surf Clam Advisory Panel meeting on April 7, 1978 at the Quality Inn, U.S. Route 13 and Lockerman Street, Dover, Del. 19901. The meeting starts at 1 p.m. and will adjourn at approximately 6 p.m.

Proposed Agenda: (1) Review of moratorium provision in the plan; (2) Review of enforcement procedures; (3) Update of resource assessment and coordination needed on future surveys; (4) Discussion of draft procedures and criteria for closing surf clam beds; and (5) Advantages and disadvantages of vessel quotas and the split fishing season proposed.

Meeting is open to the public. For more information on seating, changes to the agenda, or written comments, contact John Bryson, Executive Director, Mid Atlantic Fishery Management Council, Room 2115 Federal Building, North and New Streets, Dover, Del. 19001, 302-674-2331.

Dated: March 17, 1978.

WESTERN PACIFIC FISHERY MANAGEMENT COUNCIL'S SCIENTIFIC AND STATISTICAL COMMITTEE

Public Meeting

The Scientific and Statistical Committee of the Western Pacific Fishery Management Council, established by section 302 of the Fishery Conservation and Management Act of 1976 (Pub. L. 94-265), will meet on April 10 and 11, 1978, at the Honolulu Laboratory of the Southwest Fisheries Center, National Marine Fisheries Service, 2570 Dole Street, Honolulu, Hawaii. The meeting starts at 9 a.m. on April 10 and will adjourn at about 4 p.m. on April 11.

Proposed Agenda: (1) Report on Decisions of the Tenth Council Meeting; (2) Review of progress on Fishery Management Plans for billfish, spiny lobster and precious coral; and (3) Review of preparations for planning management of seamount groundfish and bottomfish fisheries.

Meeting is open to the public. For more information on seating, changes to the agenda, or written comments, contact Wilvan G. Van Campen, Executive Director, Western Pacific Fishery Management Council, Room 1506, 1164 Bishop Street, Honolulu, Hawaii 96813, 808-523-1368.

Dated: March 17, 1978.

WINFRED H. MEIBOHM,
Associate Director,
National Marine Fisheries Service.

GOVERNMENT-OWNED INVENTIONS

Notice of Availability for Licensing

The inventions listed below are owned by the U.S. Government and are available for domestic and possibly foreign licensing in accordance with the licensing policies of the agency-sponsors.

Copies of the patents cited are available from the Commissioner of Patents and Trademarks, Washington, D.C. 20231, for \$0.50 each. Requests for copies of patents must include the patent number.

Copies of the patent applications can be purchased from the National Technical Information Service (NTIS), Springfield, Va. 22161 for \$4 (\$8 outside North American Continent). Requests for copies of patent applications must include the Patent application number. Claims are deleted from patent application copies sold to the public to avoid premature disclosure in the event of an interference before the Patent and Trademark Office. Claims and other technical data will usually be made available to serious prospective licensees by the agency which filed the case.

Requests for licensing information on a particular invention should be directed to the address cited for the agency-sponsor.

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

ANNOUNCING IMPORT RESTRAINT LEVELS UNDER NEW MULTIFIBER AGREEMENT WITH THE POLISH PEOPLE'S REPUBLIC

MARCH 17, 1978.

AGENCY: Committee for the Implementation of Textile Agreements.

ACTION: Establishing import restraint levels for certain cotton, wool and man-made fiber textile products during the twelve-month period beginning on January 1, 1978, pursuant to a new multifiber agreement.

SUMMARY: On January 9 and 12, 1978, the Governments of the United States and the Polish People's Republic exchanged notes establishing a new bilateral cotton, wool and manmade

fiber textile agreement for the period beginning on January 1, 1978 and extending through December 31, 1980. Among the provisions of the agreement are those establishing specific levels of restraint for cotton textile products in Categories 333, 335, 338, and 339; wool textile products in Categories 410, 433, 435, 440, 443/643/644, 444, 445, 446, 447, and 459; and man-made fiber textile products in Categories 634, 635, 638, 639, 645/646, 647, 648, and 659, produced or manufactured in Poland and exported to the United States during the twelve-month period beginning on January 1, 1978. Designated annual consultation levels have been established for cotton textile products in Categories 340, 347, and 359 and wool textile products in Category 434. Accordingly, in the letter published below the Chairman of the Committee for the Implementation of Textile Agreements directs the Commissioner of Customs to prohibit entry for consumption, or withdrawal from warehouse for consumption, of cotton, wool and man-made fiber textile products in Categories 333, 335, 338, 339, 340, 347, 359, 410, 433, 434, 435, 440, 443/643/644, 444, 445, 446, 447, 459, 634, 635, 638, 639, 645/646, 647, 648, and 659 in excess of the designated twelve-month levels of restraint.

(A detailed description of the textile categories in terms of T.S.U.S.A. numbers was published in the FEDERAL REGISTER on January 4, 1978 (43 FR 884), as amended on January 25, 1978 (43 FR 3421), and March 3, 1978 (43 FR 8828).)

This letter and the actions taken pursuant to it are not designed to implement all of the provisions of the bilateral agreement, but are designed to assist only in the implementation of certain of its provisions.

EFFECTIVE DATE: April 3, 1978.

Department of the Treasury,
Washington, D.C.

March 17, 1978.

DEAR MR. COMMISSIONER: Under the terms of the Arrangement Regarding International Trade in Textiles done at Geneva on December 20, 1973, as extended on December 15, 1977, pursuant to the Bilateral Cotton, Wool and Man-Made Fiber Agreement of January 9, and 12, 1978, between the Governments of the United States and the Polish People's Republic; and in accordance

with the provisions of Executive Order 11651 of March 3, 1972, as amended by Executive Order 11951 of January 6, 1977, you are directed to prohibit, effective on April 3, 1978, and for the twelve-month period beginning on January 1, 1978 and extending through December 31, 1978, entry into the United States for consumption and withdrawal from warehouse for consumption of cotton, wool and man-made fiber textile products in the following categories, produced or manufactured in Poland, in excess of the indicated levels of restraint:

Category	12-mo level of restraint ¹
333	60,773 doz.
335	30,024 doz.
338	576,389 doz. of which not more than 180,556 doz. shall be in T.S.U.S.A. No. 380.0650.
339	191,667 doz.
340	62,500 doz.
347	60,000 doz.
359	330,000 lb.
410	1,600,000 yd. ²
433	83,333 numbers.
434	44,444 numbers.
435	66,667 numbers.
440	8,250 doz.
443/643/644	151,500
444	55,556 numbers.
445	5,435 doz.
446	4,755 doz.
447	133,333 numbers.
459	100,000 lb.
634	101,895 doz. of which not more than 34,746 doz. shall be in T.S.U.S.A. Nos. 380.0405, 380.8101, 380.8109, 380.8111, and 791.7460 and not more than 36,320 shall be in the remaining T.S.U.S.A. numbers comprising Category 634.
635	53,269 doz.
638/639	4,320,415 yd. ² equivalent of which not more than 225,889 doz. shall be in Category 638 and not more than 155,628 doz. shall be in Category 639.
645/646	70,388 doz.
647	101,124 doz. of which not more than 39,326 doz. shall be in T.S.U.S.A. Nos. 380.0468, 380.0469, 380.5184, 380.8449, 380.8456, 380.8457, and 791.7480.
648	56,180 doz. of which not more than 22,472 doz. shall be in T.S.U.S.A. Nos. 382.0475, 382.0481, 382.0483, 382.4286, 382.7258, 382.8129, 382.8136, 382.8138, and 791.7481.
659	128,205 lb.

¹The levels of restraint have not been adjusted to account for entries made prior to April 3, 1978.

Entries of cotton, wool and man-made fiber textile products in the foregoing categories, produced or manufactured in Poland and exported to the United States prior to January 1, 1978, shall not be subject to this directive.

Cotton, wool and man-made fiber textile products in the foregoing categories which have been released from the custody of the U.S. Customs Service under the provisions of 19 U.S.C. 1448(b) before April 3, 1978, shall not be denied entry under this directive.

The levels of restraint set forth above are subject to adjustment in the future according to the provisions of the bilateral agreement of January 9, and 12, 1978 between the Governments of the United States and the Polish People's Republic, which provide, in part, that: (1) within the aggregate and applicable group limits of the agreement, specific levels of restraint may be exceeded by designated percentages; (2) these levels may

be also be increased for carryover and carry-forward; and (3) administrative arrangements or adjustments may be made to resolve minor problems arising in the implementation of the agreement. Any appropriate adjustments under the provisions of the bilateral agreement will be made to you by letter.

A description of the categories in terms of T.S.U.S.A. numbers and factors for converting category units into equivalent square yards was published in the FEDERAL REGISTER on January 4, 1978 (43 FR 884), as amended on January 25, 1978 (43 FR 3421) and March 3, 1978 (43 FR 8828).

In carrying out the above directions, entry into the United States for consumption shall be construed to include entry for consumption into the Commonwealth of Puerto Rico.

The actions taken with respect to the Government of the Polish People's Republic and with respect to imports of cotton, wool and man-made fiber textile products from Poland have been determined by the Committee for the Implementation of Textile Agreements to involve foreign affairs functions of the United States. Therefore, the directions to the Commissioner of Customs, being necessary to the implementation of such actions, fall within the foreign affairs exception to the rule-making provisions of 5 U.S.C. 553. This letter will be published in the FEDERAL REGISTER.

Sincerely,

EDWARD GOTTFRIED,
Acting Chairman, Committee for the
Implementation of Textile Agree-
ments.

DEPARTMENT OF ENERGY

CASES FILED WITH OFFICE OF ADMINISTRATIVE REVIEW

Week of March 3 Through March 10, 1978

Notice is hereby given that during the week of March 3 through March 10, 1978, the appeals and applications for exception or other relief listed in the Appendix to this Notice were filed with the Office of Administrative Review of the Economic Regulatory Administration of the Department of Energy.

Under the DOE's procedural regulations, 10 CFR Part 205, any person who will be aggrieved by the DOE action sought in this case may file with the DOE written comments on the application within ten days of service of notice, as prescribed in the procedural regulations. For purposes of those regulations, the date of service of notice shall be deemed to be the date of publication of this Notice or the date of receipt by an aggrieved person of actual notice, whichever occurs first. All such comments shall be filed with the Office of Administrative Review, Economic Regulatory Administration, Department of Energy, Washington, D.C. 20461.

MARCH 16, 1978.

MELVIN GOLDSTEIN,
Director,
Office of Administrative Review.

APPENDIX.—List of cases received by the Office of Administrative Review

[Week of Mar. 3 through Mar. 10, 1978]

Date	Name and location of applicant	Case No.	Type of submission
Mar. 3, 1978	City of Long Beach, Calif., Long Beach, Calif. If granted: The city of Long Beach, Calif. would be permitted to sell the crude oil produced from the Fault Block III Unit located in Los Angeles County, Calif., at upper tier ceiling prices.	DXE-0859	Extension of the relief granted in <i>City of Long Beach, Calif.</i> , 1 DOE par. 81,025 (Nov. 21, 1977).
Do	Delta Drilling Co., Dallas, Tex. If granted: The applicant would be permitted to increase its prices to reflect nonproduct cost increases incurred in producing natural gas liquids and natural gas liquid products at its Etexas plant.	DXE-0862	Extension of the relief granted in <i>Delta Drilling Co.</i> , Case No. FXE-4804 (decided Nov. 2, 1977) (unreported decision).
Do	Don's Service Station, Cunningham, Ky. If granted: Don's Service Station would not be required to file Form EIA-8 (Retail Motor Fuels Service Station Survey).	DEE-0863	Exception to the reporting requirements.
Do	New England Petroleum Corp., Washington, D.C. If granted: New England Petroleum Corp. would be permitted to earn additional entitlements on its imports of residual fuel oil and refined petroleum products refined for its account at the Bahamas Oil Refining Co.	DEE-0861	Exception from the entitlements program.
Do	Tenneco Oil Co., Houston, Tex. If granted: Tenneco Oil Co. would be permitted to sell the crude oil produced from the State Lease located in St. Mary Parish, La., at upper tier ceiling prices.	DXE-0860	Extension of the relief granted in <i>Tenneco Oil Co.</i> , 1 DOE par. 81,018 (Nov. 7, 1977).
Do	Whitco, Inc., Dallas, Tex. If granted: Whitco would receive an extension of the relief granted in the DOE's Jan. 24, 1978 decision and order which would require the Sun Co. to continue supplying Whitco, Inc. directly without the use of an intermediate supplier.	DXE-0856	Extension of the relief granted in <i>Whitco, Inc.</i> , 1 DOE par. — (Jan. 24, 1978).
Mar. 6, 1978	Alberts Super Service, Oconomowoc, Wis. If granted: Alberts Super Service would not be required to file Form EIA-8 (Retail Motor Fuels Service Station Survey).	DEE-0864	Exception to the reporting requirements.
Do	American Petrofina, Inc., Washington, D.C. If granted: American Petrofina, Inc. would receive an exception from 10 CFR 211.67 with respect to the firm's entitlements purchase obligations for the period April 1978 through December 1978.	DEE-0867	Exception from the entitlements program.
Do	Tenneco Oil Co., Houston, Tex. If granted: The applicant would be permitted to increase its prices to reflect nonproduct cost increases incurred in producing natural gas liquids and natural gas liquid products at its Chesterville, La Porte, Lake Bouef, Leabo, Mayfield, Mermentau, Normanna, Pearce, Prentice, South Fullerton, Stephens and Ward plants.	DXE-0874 through DXE-0885	Extension of the relief granted in <i>Tenneco Oil Co.</i> , Case Nos. FXE-4737 through FXE-4749 (decided Nov. 4, 1977) (unreported decision). <i>Tenneco Oil Co.</i> , Case Nos. FXE-4287 through FXE-4288 (decided June 30, 1977) (unreported decision).
Do	Tenneco Oil Co., Houston, Tex. If granted: Tenneco Oil Co. would be permitted to increase its prices to reflect nonproduct cost increases in excess of \$0.005 per gallon for natural gas liquid products produced at the Ames, Altonah, Heyser, Hobart Ranch, Red Fish Bay and Yscloskey plants.	DEE-0868 through DEE-0873	Price exception (sec. 212.165).
Do	Victory Service Station, Minneapolis, Minn. If granted: Victory Service Station would not be required to file Form EIA-8 (Retail Motor Fuels Service Station Survey).	DEE-0865	Exception to the reporting requirements.
Do	Weber's Super Service, Grand Rapids, Mich. If granted: Weber's Super Service would not be required to file Form EIA-8 (Retail Motor Fuels Service Station Survey).	DEE-0866	Do.
Mar. 7, 1978	U.S. Department of the Interior, Washington, D.C. If granted: The relief granted in the DOE's Feb. 2, 1978 decision and order would be modified with respect to the effective date of the relief.	DMR-0016	Modification of the relief granted in <i>U.S. Department of the Interior</i> , 1 DOE par. — (Feb. 2, 1978).
Do	Wm. T. Burton Industries, Inc., Sulphur, La. If granted: Wm. T. Burton Industries, Inc. would be permitted to sell the crude oil produced from the Simon Pass located in St. Martin Parish, La., at upper tier ceiling prices.	DEE-0886	Price exception (sec. 212.73).
Mar. 8, 1978	Carter Brothers, Inc., Alexandria, Va. If granted: Carter Brothers, Inc. would be entitled to discovery in connection with its challenge to the proposed remedial order issued by DOE region VII on Jan. 27, 1977.	DRD-0002	Motion for discovery.
Do	City of Long Beach, Calif., Long Beach, Calif. If granted: The city of Long Beach, Calif. would be permitted to sell the crude oil produced from the Non-Unit Properties located in the Wilmington Oil Field of Long Beach, Calif., at upper tier ceiling prices.	DEE-0891	Price exception (sec. 212.73).
Do	Dooley Oil Co., Port Smith, Ark. If granted: Dooley Oil Co. would not be required to file Form EIA-8 (Retail Motor Fuels Service Station Survey).	DEE-0887	Exception to the reporting requirements.
Do	Ely Crude Oil Co., Ely, Nev. If granted: The crude oil produced and sold by the Ely Crude Oil Co. from	DXE-0892	Extension of the relief granted in <i>Ely Crude Oil Co.</i> , 1 DOE par. 81,026 (Nov. 22, 1977).

APPENDIX.—List of cases received by the Office of Administrative Review—Continued

[Week of Mar. 3 through Mar. 10, 1978]

Date	Name and location of applicant	Case No.	Type of submission
Mar. 8, 1978	Federal lease Nos. 012318-B and 012321-A in the Eagle Springs Field in the State of Nevada will be exempt from the provisions of 10 CFR 211.67.		
Do	H. & M. Oil Co., Pocatello, Idaho. If granted: H. & M. Oil Co. would be permitted to increase its prices above the maximum levels allowed under the Mandatory Petroleum Price regulations.	DEE-0893	Price exception (sec. 212.92).
Do	Highway Mobil, Bottineau, N. Dak. If granted: Highway Mobil would not be required to file Form EIA-8 (Retail Motor Fuels Service Station Survey).	DEE-0888	Exception to the reporting requirements.
Do	Knowles Oil Co., Inc., Seymour, Ind. If granted: DOE's Office of Administrative Review would review DOE region V's denial of Knowles Oil Co.'s application to quash a subpoena which was issued to the firm on Dec. 22, 1977.	DSG-0013	Special redress.
Do	Theodore McKelney, West Creek, N.J. If granted: Theodore McKelney would not be required to file Form EIA-8 (Retail Motor Fuels Service Station Survey).	DEE-0889	Exception to the reporting requirements.
Do	Sabre Refining, Inc., Bakersfield, Calif. If granted: The DOE would review the entitlements exception relief granted to Sabre Refining, Inc. during its 1977 fiscal year in order to determine whether the level of exception relief approved was appropriate.	DEX-0044	Supplemental order in <i>Sabre Refining, Inc.</i> , 6 FEA par. 83,031 (July 5, 1977).
Do	Standard Oil Co. (Indiana), Chicago, Ill. If granted: Standard Oil Co. (Indiana) would be permitted to sell the crude oil produced from the Cottonwood Creek Phosphoria Unit and the Sleepy Hollow Lansing Unit located in Washakie County, Wyo., and Red Willow County, Nebr., at upper tier ceiling prices.	DEE-0894 and DEE-0895	Price exception (sec. 212.73).
Do	Sun Co., Inc., Dallas, Tex. If granted: The applicant would be permitted to increase its prices to reflect nonproduct cost increases incurred in producing natural gas liquids and natural gas liquid products at its Elmwood plant.	DXE-0896	Extension of the relief granted in <i>Sun Co., Inc.</i> , Case No. DEE-0038 (decided Dec. 20, 1977) (unreported decision).
Do	Terry Oil Co., Los Angeles, Calif. If granted: Terry Oil Co.'s wells located in the Bandini and East Los Angeles fields would be classified as stripper well properties.	DEE-0900 and DEE-0901	Price exception (sec. 212.73).
Do	Texaco, Inc., Houston, Tex. If granted: The applicant would be permitted to increase its prices to reflect nonproduct cost increases incurred in producing natural gas liquids and natural gas liquid products at its Indian Basin, Kettleman Hills, and Shields Canyon Gas plants.	DXE-0897 through DXE-0899	Extension of the relief granted in <i>Sun Co., Inc.</i> , Case No. FEE-4829 (decided Dec. 6, 1977) (unreported decision). <i>Sun Co., Inc.</i> , Case Nos. FXE-4567 and FXE-4571 (decided Nov. 4, 1977) (unreported decision).
Do	Eugene R. Vosburgh, Dalton, Mass. If granted: Eugene R. Vosburgh would not be required to file Form EIA-8 (Retail Motor Fuels Service Station Survey).	DEE-0890	Exception to the reporting requirements.
Mar. 9, 1978	Charter Oil Co., Jacksonville, Fla. If granted: Charter Oil Co. would receive a stay of a portion of its entitlement obligations pending a final determination on its application for exception (DXE-0491).	DEX-0043	Supplemental order.
Mar. 10, 1978	Laketon Asphalt Refining, Inc., Evansville, Ind. If granted: The decision and order which the FEA issued to Laketon Asphalt Refining, Inc. on Feb. 23, 1977 would be reopened for additional review.	DEX-0045	Supplemental order in <i>Laketon Asphalt Refining, Inc.</i> , 5 FEA par. 80,558 (Feb. 23, 1977).

NOTICES OF OBJECTION RECEIVED

[Week of Mar. 3 through Mar. 10, 1978]

Date	Name and location of applicant	Case No.
Mar. 3, 1978	Gas Engine and Compressor Service, Longview, Tex.	FEE-4046.
	Laketon Asphalt Refining, Inc., Evansville, Ind.	DXE-0424.
Mar. 7, 1978	Newhall Refining Co., Inc., Dallas, Tex.	DXE-0418.
Mar. 8, 1978	Suburban Propane Gas Corp., San Antonio, Tex.	DEE-0321.
	Lee Williams Gas Co., Eagle Lake Fla.	DEO-0007.
Mar. 9, 1978	Panhandle Eastern Pipe Line Co., Houston, Tex.	DEE-0349 through DEE-0352.

PROPOSED REMEDIAL ORDERS

Mar. 8, 1978	Penn Del Fuel Oil Co., New York, N.Y.	DRO-0008.

Economic Regulatory Administration

[ERA Docket No. 77-006-LNG; FPC Docket Nos. CP77-330, et al.]

EL PASO EASTERN COMPANY, ET AL.

Notice of Oral Argument on Proposal To Import Liquefied Natural Gas Into United States From Algeria

AGENCY: Department of Energy, Economic Regulatory Administration.

ACTION: Notice of oral argument on exceptions to the Administrative Law Judge's Decision.

SUMMARY: The Economic Regulatory Administration (ERA) of the Department of Energy (DOE) gives notice of oral argument in *El Paso Eastern Company, et al.* on applications for authority to import liquefied natural gas (LNG) from Algeria into the United States, authority to construct and operate an LNG terminal and other facilities on Matagorda Bay, Tex., and authority to sell the imported LNG for resale in inter-state commerce.

DATES: Oral Argument, April 17, 1978, 9:30 a.m. at:

Federal Building, Federal Tax Court, Room 7006, 515 Rusk Avenue, Houston, Tex. Requests to Argue, April 3, 1978.

Address requests to Speak at Oral Argument to:

Office of Public Hearings Management, Box SL, Department of Energy, Room 2313, 2000 M Street NW., Washington, D.C. 20461. Notification on Requests to Argue, April 6, 1978.

FOR FURTHER INFORMATION CONTACT:

Finn K. Neilsen, 2000 M Street NW., Room 6318, Washington, D.C. 20461. Telephone, 202-254-9730.

Martin S. Kaufman, Office of General Counsel, 12th and Pennsylvania Ave. NW., Room 5116, Washington, D.C. 20461. Telephone, 202-566-9380.

SUPPLEMENTARY INFORMATION:

A. BACKGROUND

In 1976 and 1977, El Paso Eastern Co., El Paso LNG Terminal Co. and El Paso Natural Gas Co. (hereinafter re-

ferred to collectively and individually as El Paso) filed applications and amended applications pursuant to sections 3 and 7 of the Natural Gas Act for authority to import LNG into the United States from Algeria; to construct, own and operate facilities for the receipt, storage, and regasification of the LNG at the proposed LaSalle Terminal on Matagorda Bay near Port O'Conner, Tex.; to construct additional pipeline and compression facilities; to transport; and to sell the resulting volumes of natural gas to customers in the State of California, the State of Texas and elsewhere. United Gas Pipe Line Co. and United LNG Co. (hereinafter referred to collectively and individually as United) filed applications, pursuant to section 7 of the Natural Gas Act, to sell some of the imported natural gas in inter-state commerce and to construct certain pipeline connecting facilities near Victoria, Tex.

The Federal Power Commission (FPC) consolidated all of these various proceedings and allowed intervenors in any one of them to intervene in the consolidated proceeding. The consolidated proceedings are hereafter referred to as "*El Paso II*." Hearings began on March 17, 1977, and were concluded on September 19, 1977.

On October 1, 1977, DOE was activated pursuant to Executive Order No. 12009, September 13, 1977, (42 FR 46267) and the function to approve natural gas importation under section 3 of the Natural Gas Act was automatically transferred to and vested in the Secretary of Energy pursuant to sections 301 and 402(f) of the Department of Energy Organization Act (Pub. L. 95-91) (the Act). The Secretary immediately delegated to the Federal Energy Regulatory Commission (FERC) the authority to carry out this function with respect to cases pending before it (DOE Delegation Order No. 0204-1, par. 11, October 1, 1977). By a DOE Final Rule issued October 1, 1977, entitled "Transfer of Proceedings to the Secretary of Energy and the Federal Energy Regulatory Commission" *El Paso II* was to continue under FERC jurisdiction until after the timely filing of all briefs on and opposing exceptions to the initial decision of the presiding Administrative Law Judge. Judge Walter T. Southworth issued an initial decision on October 25, 1977, in which

he approved, subject to conditions, the applications as amended under sections 3 and 7 of the Natural Gas Act. All briefs on exceptions and opposing exceptions to the initial decision were filed with the FERC by November 28, 1977. On December 7, 1977, the record in *El Paso II* was forwarded to DOE in compliance with the Final Rule.

Pursuant to paragraph 6 of DOE Delegation Order No. 0204-4, issued October 1, 1977, the Secretary has delegated the authority to issue a final order in this proceeding to the Administrator of the ERA.

Notice is hereby given that ERA will hear oral argument with respect to the issues which are present in this proceeding. The determination to be reached by ERA in this matter will be based upon the present record in this proceeding as forwarded to DOE on December 7, 1977, and upon any subsequent additions to the record which may be appropriate. In particular ERA requests that the oral argument of the parties be focused upon the issues designated in section B of this Notice. The hearing to receive oral argument with respect to these issues will be held at 9:30 a.m., April 17, 1978, at Houston, Texas, and to continue the following day at the same time and location if necessary.

B. ISSUES TO WHICH ARGUMENT IS REQUESTED

I. ISSUES RELATING TO NEED FOR AND SUPPLY OF NATURAL GAS IN MARKET AREAS SERVED BY EL PASO AND UNITED

(1) Are the volumes of LNG from the proposed project needed in order adequately to serve the markets and each of the priority customer classifications which El Paso and United intend to serve?

(2) Would a market exist for all of the volumes of LNG involved in the project if the gas were priced incrementally (a) at the wholesale level; or (b) at the retail level?

(3) Is a project economically feasible if approval is given only for importation of the portion of the natural gas which is designated for either (a) the El Paso market area; or (b) the United market area?

(4) Would the project, at its present design capacity, be economically feasible if approval were given for the im-

portation of a smaller volume of LNG than requested by the applicants?

(5) What reductions, if any, can be made in the design capacity of the project without impairing its economic feasibility?

(6) What contingency plans, if any, should be required as an integral part of the project in order to protect the areas to be served by El Paso and United from interruptions in supply?

(7) Should approval of the project be conditioned upon Sonatrach's agreement pursuant to a binding contingency plan to allocate LNG among alternative foreign customers during periods of reduced or suspended supply arising from technical problems?

II. COST AND PRICE ISSUES RELATING TO SONATRACH CONTRACT WITH EL PASO

(1) Is a sales contract which affords the seller the higher of a cost-based "floor price" or a commodity-based "invoice price" in the public interest?

(2) Is the "invoice price" mechanism, which includes a price escalator tied to specific price quotations for No. 2 and No. 6 fuel oil in New York Harbor consistent with the public interest? In addressing this issue, particular attention might be given to whether any f.o.b. price escalator formula should be based upon (a) any crude oil or petroleum product prices; (b) a broad index of general economic conditions such as the Consumer Price Index or the Wholesale Price Index; or (c) any other relevant index.

(3) Assuming a price escalator based upon petroleum product prices should be approved, is the specific price quotation mechanism designated in the Sonatrach sales contract a reasonable basis for such a price escalator?

(4) Is a "floor price" mechanism which includes a price escalator formula based upon Sonatrach's undetermined capital investment, operating and maintenance costs for its facilities in Algeria in the public interest?

(5) Is a "floor price" mechanism which includes a price escalator formula based upon the currency adjustment specified in the Sonatrach contract in the public interest?

III. ISSUES RELATING TO SHIPPING COSTS

(1) Should full cost-of-service pricing be permitted for the construction, operation and maintenance costs associated with the shipping component of the project?

(2) Should the automatic pass-through of all ship construction cost increases be permitted?

(3) Is the method used by El Paso to establish the freight rate for the vessels which it will own in the public interest?

(4) Is it in the public interest to permit Sonatrach to establish a freight rate for the vessels which it will own on the basis of the freight rate established by El Paso?

IV. COST AND PRICE ISSUES RELATING TO IMPORTATION, TERMINALLING AND REGASIFICATION OF LNG AND RESALE OF NATURAL GAS

(1) Would the public interest be better served by requiring incremental pricing or rolled-in pricing at the wholesale level for the natural gas involved in this proceeding?

(2) Would the public interest be served by a pricing mechanism which requires low priority industrial customers to pay a rate which is higher than the rate paid by higher priority customers?

(3) Should the automatic pass-through of all service-related costs involved in the importation, terminalling, regasification and resale into interstate commerce be permitted in this case?

(4) Should the decision of the Administrative Law Judge be modified so as to include as a condition of the cost-plus pricing mechanism safeguards to protect consumers against paying for inefficient operations or excessive costs?

(5) To what extent should the risk of project failure and of supply curtailments be borne by (a) El Paso; (b) United; (c) the customers of El Paso and United; and (d) the ultimate consumers of the natural gas involved in this proceeding?

(6) Would the public interest be served by approval of the contractual provisions which permit the return on and return of equity during periods of reduced or suspended delivery?

(7) Should potential domestic and foreign cost savings and tax benefits associated with the proposed project, such as liberal depreciation and investment tax credits, be passed through to consumers?

(8) In the event of damage to any of the facilities or vessels within the jurisdiction of the United States, or to any vessels involved in the transportation of LNG, (a) what obligation do the applicants have to promptly restore the facility so that natural gas will continue to be furnished to purchasers as contemplated by the project; and (b) to what extent if any should the costs involved in restoring such service to be passed through to consumers?

V. ISSUES RELATING TO EFFECT OF PROPOSED PROJECT ON U.S. BALANCE-OF-PAYMENTS

(1) What would be the effect on the U.S. balance-of-payments of approval of the project?

(2) What effect would the denial of the present application have on the U.S. balance-of-payments both in the short run and the long run?

VI. ENVIRONMENTAL AND SAFETY ISSUES

(1) Were proper procedures followed in considering the environmental impact of the proposed project?

(2) Did state and local governments have adequate opportunity to address the environmental impact issues?

(3) Were alternative site locations for the terminal, regasification and storage facilities adequately considered?

(4) Does the record show that adequate consideration was given to the environmental impact of the secondary development which the proposed facilities and deep channelization of Matagorda Bay might attract to the Port O'Connor area?

(5) Does the record adequately consider the direct environmental effect of the dredging and deep channelization of Matagorda Bay?

(6) Was adequate consideration given to the impact of the project on the safety and health of the residents of the surrounding area?

(7) Are there sufficient safeguards within the scope of the project to ensure that third parties will be reimbursed for damage caused to them as a result of accidents?

(8) Should approval of the project be conditioned upon the submission and approval of a Final Safety Analysis Report?

C. REQUESTS TO SPEAK

Requests to argue must be filed with the Office of Public Hearing Management, Box SL, Department of Energy, Room 2313, 2000 M Street, NW., Washington, D.C. 20461, on or before April 3, 1978. Indicate the issues which will be addressed, and the argument time desired, and a person (with address and phone number) to accept ERA notification of the grant of argument time and the allotted time for argument. ERA will provide this notification by April 6, 1978.

ERA reserves the right to limit the number of persons to be heard and to establish the procedures governing the conduct of the argument. Argument may be limited, based on the number of persons requesting argument time and the amount of time sought. The Administrator of ERA or his designee will be the presiding official at this argument, and will determine and announce procedural rules to be followed in the oral argument at the commencement of the argument.

A transcript of the argument will be made and may be purchased from the reporter. The entire record of the oral argument will be retained by DOE and will be made available for inspection at the DOE Freedom of Information Office, Room 2107, 12th and Pennsylvania Avenue NW., Washington, D.C. 20461, between the hours of 8 a.m. and 4:30 p.m., Monday through Friday.

Issued in Washington, D.C., March 14, 1978.

DAVID J. BARDIN,
Administrator, Economic
Regulatory Administration.

PESTICIDE PROGRAMS

**Notice of Approval of Application to Register
Pesticide Product Containing a New Active
Ingredient**

On December 21, 1976, notice was given (41 FR 55570) that Zoecon Corp., 975 California Avenue, Palo Alto, Calif. 94304, had filed an application (EPA File Symbol No. 20954-T) with the Environmental Protection Agency (EPA) to register the pesticide product "ZOECON Insect and Mite Houseplant Mist," containing 0.075% of the active ingredient hexadecyl cyclopropanecarboxylate which was not previously registered at the time of submission, and 0.100% methoprene [isopropyl (E,E)-11-methoxy-3,7,11-trimethyl-2,4-dodecadienoate and 0.050% (5-benzyl-3-furyl) methyl 2,2-dimethyl-3-(2-methyl propenyl)-cyclopropanecarboxylate which were previously registered.

This application was approved May 10, 1977, and the product has been assigned the EPA Registration No. 20954-7. "ZOECON Insect and Mite Houseplant Mist" is classified for general use for control of insects and mites on houseplants.

A copy of the approved label and the data references used to support registration are available for public inspection in the office of the Federal Register Section, Technical Services Division (WH-569), Office of Pesticide Programs, (EPA) Room 401, East Tower, 401 M Street SW., Washington D.C. 20460. The data and other scientific information used to support registration, except for the material specifically protected by section 10 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), will be available for public inspection in accordance with section 3(c)(2) of FIFRA. Requests for data must be made in accordance with the provisions of the Freedom of Information Act and must be addressed to the Freedom of Information Office (A-101), EPA, 401 M Street SW., Washington D.C. 20460. Such requests should: (1) identify the product by name and registration number, and (2) specify the data or information desired.

Dated: March 14, 1978.

STATE WATER QUALITY STANDARDS

Adoptions and Approvals; Corrections

In the FEDERAL REGISTER of Friday, October 28, 1977 (42 FR 56786) the U.S. Environmental Protection Agency published a list containing the dates of State adoption and Federal approval for State Water Quality Standards. In this listing, the following corrections should be made:

1. On page 56790, immediately following the paragraph entitled "Mississippi", the following two paragraphs should be inserted:

MISSOURI

(a) State water quality standards for the navigable waters of the State of Missouri are those adopted by Missouri on May 25, 1973, and approved by the EPA on July 13, 1973, which are contained in the document entitled "Missouri Water Quality Standards, Missouri Clean Water Commission, June 1973," except the EPA exempts from consideration that portion of section IV of the standards which refers to the application of a "no discharge" policy to the Big Piney River and its tributaries.

MONTANA

(a) State water quality standards for the navigable waters of the State of Montana are those adopted by Montana on July 13, 1973, and July 19, 1974, and approved by the EPA on June 4, 1974, and September 23, 1974, which are contained in the document entitled "MAC 16-2.14(10)-S14480, Water Quality Standards."

2. On page 56791, the paragraph entitled "Oregon" is corrected to read as follows:

OREGON

State water quality standards for the navigable waters of the State of Oregon are those adopted by Oregon on July 15, 1973, and December 20, 1976, and approved in part by EPA on July 15, 1973, and July 18, 1977, which are contained in the documents entitled:

(1) "Standards of Quality for Public Waters of Oregon and Disposal therein of Sewage and Industrial Wastes, Oregon Administrative Rules, Chapter 340, Division 4, Subdivision I, amended July 15, 1973"; and

(2) "State Water Quality Management Plan; Beneficial uses, Policies, Standards, and Treatment Criteria for Oregon," December 1976.

Dated: March 13, 1978.

WATER PROGRAMS

**Determination of Primary Enforcement
Responsibility, State of Wisconsin**

This public notice is issued under section 1413 of the Safe Drinking Water Act as amended through 1977, Pub. L. 95-190 (amending 42 U.S.C. 300, et seq.), and 40 CFR 142.10, National Interim Primary Drinking Water Regulations, published at 41 FR 2918 on January 20, 1976.

A submission, dated December 9, 1977, has been received from the Secretary of the Wisconsin Department of Natural Resources, requesting a determination that the Wisconsin Department of Natural Resources has met requirements for primary enforcement responsibility for public water systems in the State of Wisconsin, in accordance with the provisions of this Act.

In response, I determined on January 20, 1978, that the Wisconsin Department of Natural Resources has met all conditions of the Safe Drinking Water Act and subsequent regulations for the assumption of primary enforcement responsibility for public water systems in the State of Wisconsin. The State—

(1) Has adopted drinking water regulations which are no less stringent than the National Interim Primary Drinking Water Regulations;

(2) Has adopted and will implement adequate procedures for the enforcement of such State regulations, including adequate monitoring and inspections;

(3) Will keep such records and make such reports as required;

(4) Will issue variances and exemptions in accordance with the provisions of the National Interim Primary Drinking Water Regulations;

(5) Has adopted and can implement an adequate plan for the provision of safe drinking water under emergency circumstances.

A copy of my preliminary determination was published at 43 FR 4109, on January 31, 1978. At that time, I asked for public comment and scheduled a public hearing to consider this application. The hearing was held on February 17, 1978. No comments adverse to my preliminary decision have been received, either during the public comment period or at the public hearing.

Therefore, I am affirming my determination that the Wisconsin Department of Natural Resources has met all conditions of the Safe Drinking Water

Act and subsequent regulations for the assumption of primary enforcement responsibility for public water systems in the State of Wisconsin.

Dated: March 14, 1978.

VALDAS V. ADAMKUS,
Acting Regional Administrator,
Region V, Environmental Protection Agency.

[FRL 869-3]

REPORT BY TSCA INTERAGENCY TESTING COMMITTEE

Extension of Comment Period; Availability of Documents

AGENCY: Environmental Protection Agency.

ACTION: Extension of comment period; availability of documents.

SUMMARY: On October 12, 1977, EPA published a notice in the FEDERAL REGISTER inviting all interested persons to submit comments within 90 days on a report by the Toxic Sub-

stances Control Act (TSCA) Interagency Testing Committee (ITC).

Also in the October 12, 1977 FEDERAL REGISTER notice, EPA announced that dossiers for specific chemicals, containing references used in developing the ITC report, would be available. On January 25, 1978, EPA published a notice in the FEDERAL REGISTER extending the deadline for comments on the ITC report from January 12 to March 12, 1978.

Due to the short period of availability of the dossiers several persons have requested EPA to grant additional time in which to prepare comments. Accordingly, this notice extends the deadline for comments on the ITC report from March 12 to March 31, 1978. Written comments shall bear the identifying notation OTS-040002 and should be submitted to the U.S. Environmental Protection Agency, Office of Toxic Substances (TS-788), 401 M Street SW., Washington, D.C. 20460, attention: Joan Urquhart. All written comments will be available for public inspection in Room 623 East Tower, at the same address, between 8:30 a.m. and 4:30 p.m., weekdays.

Although there was some delay in obtaining printed copies of the dos-

siers, they have been received, and copies have been mailed to those persons whose requests were received through March 10. Single copies of the volume containing all 10 dossiers are still available. They may be ordered from the Industry Assistance Office, OTS (TS-788), Environmental Protection Agency, 401 M Street SW., Washington, D.C. 20460, or you may telephone toll free 800-424-9065. In Washington, D.C., call 554-1404. Additional copies may be obtained from the National Technical Information Service (NTIS), Springfield, Va. 22161, 703-557-4650. Reference should be made to document number PB-275-367. Price per printed copy is \$13 for those copies mailed to addressees in the United States and \$26 for those copies mailed to addressees outside the United States. Microfiche copies are \$3 for those copies mailed to addressees in the United States and \$4.50 for those copies mailed to addressees outside the United States.

Dated: March 14, 1978.

STEVEN D. JELLINEK,
Assistant Administrator
for Toxic Substances.

FM AND TV TRANSLATOR APPLICATIONS READY AND AVAILABLE FOR PROCESSING

Adopted: March 7, 1978.

Released: March 16, 1978.

By the Chief, Broadcast Bureau.

Notice is hereby given pursuant to section 1.572(c) and 1.573(d) of the Commission's rules, that on April 25, 1978, the TV and FM translator applications listed in the attached appendix will be considered as ready and available for processing. Pursuant to section 1.227(b)(1) and section 1.519(b) of the Commission's rules, an application, in order to be considered with any application appearing on the attached list or with any other application on file by the close of business on April 24, 1978, which involves a conflict necessitating a hearing with any application on this list, must be substantially complete and submitted for filing at the offices of the Commission in Washington, D.C., by the close of business on April 24, 1978. The attention of prospective applicants is direct-

ed to the fact that some contemplated proposals may not be eligible for consideration with an application appearing in the attached appendix by reason of conflicts between the listed applications and applications appearing in previous notices published pursuant to section 1.573(d) of the Commission's rules.

The attention of any party in interest desiring to file pleadings concerning any pending TV and FM translator application, pursuant to section 309(d)(1) of the Communications Act of 1934, as amended, is directed to section 1.580(i) of the Commission's rules for provisions governing the time for filing and other requirements relating to such pleadings.

FEDERAL COMMUNICATIONS
COMMISSION,
WILLIAM J. TRICARICO,
Secretary.

[6712-01]

CABLE TELEVISION "PROOF-OF-PERFORMANCE" TESTS

MARCH 16, 1978.

In conjunction with recent informal matters before the Commission staff,

the annual performance test documentation from several cable television operators was reviewed. Our observations regarding these test documents and others reviewed during the last 2 years, suggest that there are some common problems which should be brought to the attention of all cable television operators. On the whole, the tests appear to be conscientiously performed, with the test results indicating that the systems are operating within the Commission's technical specifications. However, in matters relating to the recording of the measurements and to good engineering practice, some occasional deficiencies were noted.

In accordance with section 76.601 of the Commission's rules, a cable TV operator must perform tests which demonstrate "the extent to which the system complies with all the technical [specifications] set forth in section 76.605" of the rules. The written record of this "demonstration" must be kept at the operator's local business office and made available to any authorized Commission representative. Because this written record is a demonstration of compliance with the rules, it is often referred to as a "proof-of-performance". This proof of performance record should be maintained in such a way that FCC field personnel visiting a cable system or personnel reviewing a written submission would have ready access to the following information:

Part 1—Description of measurement instrumentation and its calibration, with calibration results.

Part 2—Description of measurement techniques, either by reference to specific published procedures on file at the cable television system or by specific description.

Part 3—Results of measurements. For each parameter for which measurements are required under section 76.605 of the rules, the following information should be clearly presented:

(1) Specification of the parameter and reference to the relevant paragraph of section 76.605.

(2) If appropriate, why measurement need not be made. For example, frequency measurements need not be made if the cable system uses no equipment which would alter the frequency of the intercepted television broadcast signals.

(3) Statement of measurement uncertainties, indicating uncertainties of equipment calibration.

(4) Time of day, weather, and temperature conditions, if appropriate.

(5) If measured values are expressed in terms of a relative unit such as decibels, the reference level must be indi-

cated. For example, +5dB(10³/75W); +5dB (milliwatt); or +5dBmV.¹

(6) It is recommended that values before and after any system adjustment be recorded.

(7) A statement of the cable operator's judgment that the parameter measured is (or is not) within the tolerance or value set in the FCC specifications, with a brief explanation if needed.

FEDERAL COMMUNICATIONS
COMMISSION,
WILLIAM J. TRICARICO,
Secretary.

[6730-01]

FEDERAL MARITIME COMMISSION

AGREEMENT FILED

The Federal Maritime Commission hereby gives notice that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement and the justification offered therefor at the Washington Office of the Federal Maritime Commission, 1100 L Street NW., Room 10126, or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, La., San Francisco, Calif., and San Juan, P.R. Interested parties may submit comments on the agreement, including requests for hearing, to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, on or before April 3, 1978, in which this notice appears. Comments should include facts and arguments concerning the approval, modification, or disapproval of the proposed agreement. Comments shall discuss with particularity allegations that the agreement is unjustly discriminatory or unfair as between carriers, shippers, exporters, importers, or ports, or between exporters from the United States and their foreign competitors, or operates to the detriment of the commerce of the United States, or is contrary to the public interest, or is in violation of the Act.

A copy of any comments should also be forwarded to the party filing the agreement and the statement should indicate that this has been done.

AGREEMENT NO. T-3576-1.

FILING PARTY: Amy Loeserman Klein, Galland, Kharasch, Calkins &

¹The International Radio Consultative Committee (CCIR) suggests that the reference power level be stated in parentheses following the symbol "dB." See report 650, limits on the use of the term "Decibel," CCIR XIIIth Plenary Assembly, Geneva (1974), Vol. XII.

Short, 1054 31st Street NW., Washington, D.C. 20007.

SUMMARY: Agreement No. T-3576-1 modifies the basic agreement between the Board of Commissioners of the Port of New Orleans (Port) and Puerto Rico Maritime Shipping Authority (PRMSA) which provides for the Port's 25-year renewable term lease to PRMSA of France Road Berth No. 4, Container Terminal, at the Port of New Orleans, La. Inasmuch as PRMSA will be unable to make use of a container crane, as previously anticipated, PRMSA will negotiate an agreement with Sea-Land Service, Inc. (Sea-Land) for the temporary use of Sea-Land's wharf and container cranes at France Road Terminal Berth No. 1 in order to avoid any interruption in PRMSA's service at the Port of New Orleans. The modification provides that Port will give PRMSA a credit against rent in an amount equal to the charges which are paid to Sea-Land for PRMSA's use of the Berth No. 1 wharf, but not to exceed the amount of dockage and wharfage which would be applicable at Port's public wharves. The credit will be given from the effective date of Agreement No. T-3576-1 until August 15, 1978.

Dated: March 17, 1978.

By order of the Federal Maritime Commission.

FRANCIS C. HURNEY,
Secretary.

[Independent Ocean Freight Forwarder
License No. 327]

IMPORT & EXPORT SERVICE CO.

Order of Revocation

The bond issued in favor of Clarence Sieswerda d.b.a. Import & Export Service Co., 1300 Burton St., S.E., Grand Rapids, Mich. 49507, FMC No. 327, was cancelled effective March 8, 1978.

By letter dated February 8, 1978, the licensee was advised by the Federal maritime Commission that Independent Ocean Freight Forwarder License No. 327 would be automatically revoked or suspended unless a valid surety bond was filed with the Commission on or before March 8, 1978.

Section 44(c), Shipping Act, 1916, provides that no independent ocean freight forwarder license shall remain in force unless a valid bond is in effect and on file with the Commission. Rule 510.9 of Federal maritime Commission General Order 4, further provides that a license will be automatically revoked or suspended for failure of a licensee to maintain a valid bond on file.

The licensee has failed to furnish a valid surety bond.

By virtue of authority vested in me by the Federal maritime Commission

as set forth in Manual of Orders, Commission Order No. 201.1 (Revised), § 5.01(d) dated August 8, 1977;

It is ordered, that Independent Ocean Freight Forwarder License No. 327 be and is hereby revoked effective March 8, 1978.

It is further ordered, that Independent Ocean Freight Forwarder License No. 327 issued to Clarence Sieswerda d.b.a. Import & Export Service Co. be returned to the Commission for cancellation.

It is further ordered, that a copy of this Order be published in the FEDERAL REGISTER and served upon Clarence Sieswerda d.b.a. Import & Export Service Co.

ROBERT M. SKALL,
Deputy Director, Bureau of
Certification & Licensing.

FEDERAL PREVAILING RATE
ADVISORY COMMITTEE

OPEN COMMITTEE MEETINGS

Pursuant to the provisions of section 10 of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that meetings of the Federal Prevailing Rate Advisory Committee will be held on: Thursday, April 6, 1978, Thursday, April 20, 1978, and Thursday, April 27, 1978.

The meetings will convene at 10 a.m., and will be held in Room 5A06A, Civil Service Commission Building, 1900 E Street NW., Washington, D.C.

The Federal Prevailing Rate Advisory Committee is composed of a Chairman, representatives of five labor unions holding exclusive bargaining rights for Federal blue-collar employees, and representatives of five Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee's primary responsibility is to review the prevailing rate system and other matters pertinent to the establishment of prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the Civil Service Commission thereon.

These scheduled meetings will convene in open session with both labor and management representatives attending. During the meeting either the labor members or the management members may caucus separately with the Chairman to devise strategy and formulate positions. Premature disclosure of the matters discussed in these caucuses would impair to an unacceptable degree the ability of the Committee to reach a consensus on the matters being considered and disrupt substantially the disposition of its business. Therefore, these caucuses will be closed to the public on the basis of a determination made by the

Chairman of the Civil Service Commission under the provisions of Section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463) and 5 U.S.C. section 552b(c)(9)(B). These caucuses may, depending on the issues involved, constitute a substantial portion of the meeting.

Annually, the Committee publishes for the Civil Service Commission, the President, and Congress a comprehensive report of pay issues discussed, concluded recommendations thereon, and related activities. These reports are also available to the public, upon written request to the Committee Secretary.

Members of the public are invited to submit material in writing to the Chairman concerning Federal Wage System pay matters felt to be deserving of the Committee's attention. Additional information concerning this meeting may be obtained by contacting the Secretary, Federal Prevailing Rate Advisory Committee, Room 1338, 1900 E Street NW., Washington, D.C. 20415, 202-632-9710.

JEROME H. ROSS,
Chairman, Federal Prevailing
Rate Advisory Committee.

MARCH 16, 1978.

[6750-01]

FEDERAL TRADE COMMISSION

CIGARETTE ADVERTISING AND OTHER PROMOTIONAL PRACTICES

Announcement of Decision

AGENCY: Federal Trade Commission.

ACTION: Announcement of decision regarding cigarette testing methodology.

SUMMARY: The Federal Trade Commission has decided not to modify the

depth to which cigarettes are inserted into its smoking machine during testing.

ANNOUNCEMENT: On April 25, 1977 (42 FR 21155) the Commission published the results of a special retest of Kent Golden Lights cigarettes. This was accompanied by the announcement that the Commission has considered and tentatively rejected the suggestion by Lorillard that the standard insertion depth utilized when smoking cigarettes on the FTC's smoking machine be decreased whenever the efficacy of a cigarette's ventilated filtration system would be impaired by a standard depth insertion which would cover up some of the cigarette's ventilation areas.

When the Commission announced the commencement of its formal cigarette testing program on July 13, 1967, it made the following statement:

The purpose of testing is not to determine the amount of "tar" and nicotine inhaled by any human smoker, but rather to determine the amount of "tar" and nicotine generated when a cigarette is smoked by machine in accordance with the prescribed method.

The point of this statement was that the FTC's "tar" and nicotine values represented valid standards for making comparisons among different cigarettes. Thus, if the consumer smoked each different cigarette the same way, he would inhale "tar" and nicotine in amounts proportional to the relative values of the FTC figures. A person who smoked a 10 mg "tar" cigarette would ingest half the "tar" he would by smoking a 20 mg "tar" cigarette providing he smoked the same way.

The development of cigarettes with ventilation areas within 11 mm of the tip has complicated this simple relationship. For example, if the FTC smoking machine covers some of the ventilation areas, it may derive a "tar" value of 8 mg. One who smokes such a cigarette without covering any of its ventilation areas will inhale less "tar" than he would from a nonventilated 8 mg cigarette if smoked in precisely the same way. The opposite effect would be created if the smoker covered ventilation areas that the FTC smoking machine did not cover. Lorillard's suggestion that the standard insertion depth be varied raised the question of what insertion depth should be followed in order to insure that the FTC "tar" and nicotine figures remain fair relative valuations of the "tar" and nicotine smokers inhale, assuming that all else remains equal.

Concurrent with the April 25, 1977, announcement, letters were sent to the seven major domestic cigarette producers soliciting their comments.

The Commission's staff followed up with a May 10, 1977, letter soliciting comments. That letter was sent to the 78 persons on a staff-maintained ciga-

rette mailing list. This staff letter set forth the procedures that would be utilized in considering further the insertion depth issue.

The staff letter also explained that, because of the structure of the current FTC smoking machine, an 11 mm insertion into the cigarette machine has the effect of placing the airtight seal (the dental dam of the cigarette holder) at 8 mm. This is so because the dental dam is recessed 3 mm into the front face of the machine. Thus, air can flow into that 3 mm portion of the cigarette outside the dental dam but inside the front face of the machine, except for that portion of the cigarette which is resting on the lower front edge of the front face of the machine.

Comments were received from one government official and the seven major companies, American Brands, Inc.; Brown & Williamson Tobacco Corp.; Liggett Group, Inc.; Philip Morris, Inc.; and R. J. Reynolds Industries, Inc., felt that the insertion depth should not be varied. Lorillard was the only company to support any variance in the FTC's standard insertion depth. Lorillard cited the Commission's July 31, 1967, statement (quoted above) as "consistent with the position that considerations relating to the manner in which consumers smoke are not relevant to the insertion depth issue." Lorillard then discussed the FTC method, referring to the paper published by FTC scientific staff members in the 1969 Journal of the Association of Official Analytical Chemists. Lorillard argued that the article "clearly reflects the intention on the part of the Commission laboratory to create a variable standard by which to modify the insertion depth to conform to the new technology using filtration systems with air vent holes or visible perforations." The pertinent part of that article read as follows: "Cigarettes manufactured with air vent holes must be inserted carefully to prevent covering holes while smoking."

As to this latter point, Harold Pillsbury, the primary author of the staff article and the person who has always been in charge of the FTC's lab, has advised that the admonition not to cover up holes was merely an attempt to prevent sloppy insertions which exceeded 11 mm. The primary insertion depth consideration was the distance needed to insert the cigarette so that it was flush with the inner end of the tube portion of the holder. The then existing perforations were all at least 12 mm from the filter tip.

The Commission also disagrees with Lorillard's assertion that the July 31, 1967, Commission statement is consistent with the position that the manner in which consumers smoke is not relevant to the insertion depth

issue. As noted above, insertion depth on the smoking machine and in actual use by consumers can affect the validity of comparisons between cigarettes based on their FTC "tar" and nicotine figures. As Philip Morris noted in its comment:

The cigarette paper on nonfilter cigarettes is inherently porous and therefore the depth of cigarette insertion in the cigarette holder is critical to tar delivery in machine smoking. To change the procedure for nonfilter cigarettes from the standard 11 mm at this time, could give rise to lack of continuity of results on previous tests. Since a number of brands of filter cigarettes use porous tipping paper, changing the depth of cigarette insertion for filter cigarettes from 11 mm would likewise cause a lack of continuity with previous results.

The Commission shares the concern expressed that a change in the insertion depth would cause a lack of continuity with previous test results, and has determined not to make any changes in the absence of information indicating that a new insertion depth would be more consistent with the manner in which smokers insert cigarettes in actual use. The Commission's earlier FEDERAL REGISTER notice solicited comments on this issue, but none was submitted.

Since the Commission lacks information bearing on the question of whether a new insertion depth would be more consistent with smoking patterns, it has determined not to change the standard in place since 1967. At any rate, the standard currently utilized (8 mm total interference, 3 mm additional partial interference) is not very far from Lorillard's recommended 7.5 mm. In fact, the last two times tested, the FTC lab determined Kent Golden Light's at Lorillard's target "tar" value of 8 mg. In addition, the Commission notes that CORESTA, a standards setting organization of European countries and tobacco companies inserts all cigarettes 9 mm, with no variation.

By direction of the Commission.

Dated: March 6, 1978.

CAROL M. THOMAS,
Secretary.

**GENERAL SERVICES
ADMINISTRATION**

[Federal Property Management Regs.,
Temporary Reg. F-465]

SECRETARY OF DEFENSE

Delegation of Authority

Purpose. This regulation delegates authority to the Secretary of Defense to represent the interests of the executive agencies of the Federal Government in a gas rate increase proceeding.

2. *Effective date.* This regulation is effective immediately.

3. *Delegation.* (a) Pursuant to the authority vested in me by the Federal Property and Administrative Services Act of 1949, 63 Stat. 377, as amended, particularly sections 201 (a)(4) and 205(d) (40 U.S.C. 481(a)(4) and 486(d)), authority is delegated to the Secretary of Defense to represent the consumer interests of the executive agencies of the Federal Government before the Minnesota Public Service Commission involving the application of the Minnesota Gas Co. for an increase in rates.

(b) The Secretary of Defense may redelegate this authority to any officer, official, or employee of the Department of Defense.

(c) This authority shall be exercised in accordance with the policies, procedures, and controls prescribed by the General Services Administration, and shall be exercised in cooperation with the responsible officers, officials, and employees thereof.

JAY SOLOMON,
Administrator of
General Services.

**DEPARTMENT OF HEALTH,
EDUCATION, AND WELFARE**

Health Care Financing Administration

**STATEWIDE PROFESSIONAL STANDARDS
REVIEW COUNCIL OF CALIFORNIA**

**Request for Nominations for Public Member
Positions on the Council**

There are four public representatives of the statewide council. Membership terms for two of those representatives will expire on September 30, 1978.

Professional Standards Review Organizations (PSROs) review medical care services paid for under the medicare, medicaid, and maternal and child health and crippled children services programs in order to assure that those services are medically necessary, of acceptable quality, and provided at the appropriate level of care.

Statewide councils are established in States that have three or more PSROs to: (1) Help to coordinate PSRO activities and disseminate information among them; (2) assist the Secretary in the development of uniform data gathering and operating procedures; (3) review certain determinations and recommendations made by PSROs as a result of their reviews of medical care; (4) work with doctors and other practitioners and with medical facilities so that they will assure that medical care provided is necessary, appropriate, and of acceptable quality; and (5) assist the Secretary to carry out several of his responsibilities, including the evaluation of the PSROs' review activities and the designation of replacement PSROs when necessary.

Nominees for public representatives are considered on the basis of whether they are:

(1) Knowledgeable about health care provided in California under the medicare, medicaid, and maternal and child health and crippled children services programs;

(2) Willing and able to represent the interests of the public; and

(3) Willing and able to discharge the responsibilities of membership in the Statewide Council.

Special consideration will be given to qualified individuals who are not affiliated with:

(1) Organizations and groups that must, under law, be represented on the Council (PSROs and physician groups); or

(2) Organizations and groups that are represented on the Council's Advisory Group (hospitals and other health care facilities and health care practitioners other than physicians).

Please include biographical data which demonstrate each nominee's qualifications, particularly their knowledge of health care in the State

and their willingness and ability to represent the interests of the public. Persons or organizations may submit nominations to:

Philip Nathanson, Acting Regional Administrator, Health Care Financing Administration, 100 Van Ness Avenue, 9th Floor, San Francisco, Calif. 94102.

After consideration of all nominations received within 60 days of this notice, the Secretary will appoint two new public representatives.

For further information about the nature and functions of the Council and the role of public members in Council activities, please call the Office of the Regional Administrator, HCFA, 415-556-0255.

Dated: March 15, 1978.

Office of Education

VOCATIONAL EDUCATION—PROGRAMS OF NATIONAL SIGNIFICANCE

Request for Comments on Possible Project Priorities

AGENCY: Office of Education, DHEW.

ACTION: Request for comments on possible project Priorities.

SUMMARY: The Commissioner of Education is requesting comments on possible project priorities for contracts for fiscal year 1979 under the Vocational Education Act. This request gives advance notice of three broad program areas in which priorities for projects of national significance are being considered. This request also gives the public an opportunity to provide suggestions and comments on needed projects in these three broad program areas.

DATE: Comments must be received on or before April 21, 1978.

ADDRESS: Comments should be addressed to the Director, Division of Research and Demonstration, Bureau of Occupational and Adult Education, Office of Education, Room 5042, ROB-3, Washington, D.C. 20202.

FOR FURTHER INFORMATION CONTACT:

Howard F. Hjelm, 202-245-9634.

SUPPLEMENTARY INFORMATION:

The following program areas in which priorities for projects of national significance are being considered under the Vocational Education Act, as amended by Pub. L. 94-482, subpart 2, section 171(a), are subject to possible changes.

PROGRAM AREAS

1. *Equal access and opportunity in vocational education for traditionally by-passed and isolated groups such as minority youth, women, and handicapped learners.* Expanded educational opportunities for participation in quality vocational education programs need improved design, development, testing, and demonstration in order to reduce: (1) High unemployment rates among minority youth, especially in urban areas; (2) the over-emphasis on training women for traditional occupations; and (3) the barriers to meaningful occupational training for handicapped learners. Issues of Federal concern are the upgrading of State and local systems for providing vocational guidance information; expansion and strengthening of vocational training programs which mainstream handicapped learners; and increasing the enrollment of women in a wide variety of programs preparing for non-traditional employment opportunities.

2. *Stimulation of excellence in vocational education programs.* New and changing occupational opportunities; emerging scientific and economic developments affecting work processes and requirements; and issues involving educational technology and the teaching/learning process are indications of needed improvements in the content and delivery of vocational education. The creation and implementation of strategies and materials supportive of the expanded school concept, innovation, and flexibility in vocational education programs, including their coordination with State and local curriculum management and development, are activities of national significance in the encouragement of excellence.

3. *Improved utilization of resources available to vocational education.* The structures of vocational education, its productivity, and its linkages to existing social, economic and governing institutions are evidence of efficient and effective program management. Program improvement activities of national significance include the develop-

ment of new ways to facilitate coordination and articulation in planning and evaluation; the stimulation of greater diversity in program organization; and the forging of new relationships among vocational education, work environments and social services available in local communities.

INVITATION TO COMMENT

Persons or organizations wishing to provide comments and suggestions on the possible project priorities are invited to send the comments and suggestions in the form of letters, briefs, or memoranda to the Office of Education at the address included above. Proposals should not be submitted. If proposals are submitted, they will be returned to the sender without review. In order to be assured of full consideration, comments must be received on or before the date the comment period ends.

Social Security Administration

ENGLISH LANGUAGE AND EMPLOYMENT SERVICES FOR INDOCHINESE REFUGEES

Availability of Funding

AGENCY: Office of Family Assistance, Social Security Administration, HEW.

ACTION: Notice of availability of funding.

SUMMARY: This document governs the award of grants to public and private non-profit agencies for the purpose of operating English language and employment services for Indochinese refugees in fiscal year 1978, in order to assist refugees in resettling in the United States and in gaining skills and education necessary to become self-reliant.

COMMENT DATE: Public comments must be received on or before April 21, 1978.

ADDRESS: Comments should be addressed to Director, Special Programs Staff, Office of Family Assistance, Social Security Administration, Room 1124 Donohoe Building, HEW, 330 Independence Avenue, SW., Washington, D.C. 20201. Comments received in response to this notice will be available for inspection at the above office, Mondays through Fridays between 8:30 a.m. and 5 p.m.

FOR FURTHER INFORMATION CONTACT:

Gerard R. Wynne, 202-472-2417.

I. PURPOSE AND SCOPE

This notice describes the availability of national funding for special projects and programs of English language instruction, training, and employment services for Indochinese refugees. The objective of such projects and programs is to assist refugees in resettling in the United States and in gaining skills and education necessary to become self-reliant.

Funding will be available through the Special Programs Staff, Office of Family Assistance, Social Security Administration, HEW, for project grant awards to public and non-profit private agencies for intensive employment assistance activities for Indochinese refugees currently receiving cash assistance or likely to receive such assistance in the future.

In addition to addressing the problem of refugee unemployment which results in the need for public cash assistance, these projects will also attack the problem of refugee underemployment by upgrading refugee vocational skills and earning power to the point where supplementary cash assistance is no longer needed by working refugees.

Projects to be funded will be those which emphasize direct job placement whenever possible and provide work-related English language and vocational training leading to secure jobs with advancement potential and the usual range of employee fringe benefits.

II. AUTHORIZATION

Funds for the activities listed below are authorized under the Indochina Migration and Refugee Assistance Act of 1975, Pub. L. 94-23 as amended by Pub. L. 95-145. Specifically, that act authorizes funds to be appropriated to the Department of Health, Education, and Welfare for the performance of functions set forth in the Migration and Refugee Assistance Act of 1962, Pub. L. 87-510. It is intended that the grants be for up to 12 months from the date of award.

III. ELIGIBLE GRANTEES

Section 2(c) of Pub. L. 95-145 states that special projects and programs are to be "administered in whole or in part by State or local public agencies or by private voluntary agencies participating in the Indochina Refugee Assistance Program, to assist refugees in resettling and in gaining skills and education necessary to become self-reliant."

Eligible grantees are State and local governments, public and incorporated non-profit private agencies, or any combination of these. Private for-profit agencies or firms are not eligible for grants.

IV. ALLOTMENT OF FUNDS

Project grant applications will be funded on merit, as outlined in Item IX, "Criteria for Evaluating Applications." Funds will be made available among the 10 HEW regions, taking into account the number of refugee cases receiving cash assistance.

Based on the percentage of the National cash assistance caseload in each region, it is estimated that the funding that could be available among the HEW regions for new projects pursuant to this notice will be as follows:

Region	Percent of total cash assistance	Amounts
Region I.....	2.234	\$67,000
Region II.....	2.109	63,000
Region III.....	9.664	296,000
Region IV.....	5.253	158,000
Region V.....	8.922	268,000
Region VI.....	8.841	259,000
Region VII.....	5.035	151,000
Region VIII.....	3.444	103,000
Region IX.....	45.021	1,351,000
Region X.....	9.677	290,000

V. ELIGIBLE PROJECTS

Proposed projects must provide for direct services to refugees and must be designed to move employable adult refugees receiving cash assistance, likely to receive cash assistance, or in need of employment services into permanent full-time employment, and to upgrade the earning power of currently underemployed refugees.

Allowable activities include:

(1) Identification and employability assessment of eligible adults.

(2) Job placement services.

(3) Provision of English language training, provided that such training emphasizes the teaching of English that is essential to the attainment of employment, including language training which is related to the needs of a specific occupation.

(4) Vocational training.

(5) Vocational counseling, testing, employment-enhancing job training, skill training, and follow-up counseling. Special emphasis on career planning, with the goal of steady advance-

ment in a field of specialty, is strongly encouraged.

The payment of stipends is not an allowable activity.

Project plans must show how the selected activities will support the objectives as outlined in Section I, "Purpose and Scope" above. A range of services and a mix of activities that reflect the individual needs of each area to be served are encouraged. Jointly funded or supported activities are allowed and encouraged.

Creation of advisory boards, made up of representatives from the Indo-Chinese community, the public sector, and the private sector (such as voluntary agencies, labor organizations and employers) is required for all projects.

Intent to contract with third parties (including profit-making organizations) must be fully described in the grant application. If, subsequent to the grant, the grantee desires to enter into a contract with a third party, a contract amendment must be submitted through the Regional Commissioner, SSA, and approved by the Director, Special Programs Staff, Office of Family Assistance, as outlined in Chapter 1-430 of the HEW Grants Administration Manual.

VI. DEFINITION OF A REFUGEE

For the purpose of participation in these projects, refugees are defined as: "Aliens who (A) because of persecution or on account of race, religion, or political opinion, fled from Cambodia, Vietnam, or Laos; (B) cannot return there because of fear of persecution on account of race, religion, or political opinion."

To be eligible, a refugee must have status as described by one of the following: (1) An individual with parole, voluntary departure, or conditional entry status as indicated by an Immigration and Naturalization Service (INS) Form I-94; (2) An individual admitted to the United States with permanent resident status on or after April 8, 1975, or an individual who has permanent residence status as a result of adjustment of status under Pub. L. 95-145, as indicated by INS Form I-151 or I-551.

VII. ELIGIBLE PARTICIPANTS

Consistent with the scope and purpose of the authorizing legislation, the eligible participants shall be:

(1) Unemployed, employable adult refugees receiving public cash assistance or likely to receive public cash assistance.

(2) Underemployed adult refugees needing job upgrading to achieve or maintain self-sufficiency.

(3) Underemployed adult refugees needing job upgrading to achieve career potential.

(4) Minors age 16 or 17 who are not in school.

VIII. APPLICATION SUBMISSION AND APPROVAL PROCEDURES

Eligible applicants may request grant applications and information from the HEW Regional Offices listed at the end of this notice, or from the Special Programs Staff, Office of Family Assistance, Social Security Administration, Room 1124, Donohoe Building, HEW, 330 Independence Avenue SW., Washington, D.C. 20201.

Applications must be received by the Regional Commissioner, Social Security Administration, by 5 p.m., May 31, 1978. No grant application will be accepted after this date.

Regional panels to be convened by the Regional Commissioners, Social Security Administration, will review, evaluate, and rank the proposals received, based on (1) the criteria outlined in Item IX of this notice; (2) the needs of the refugee population within the region; and (3) existing resources available to refugees in the target area. The review panel's recommendations and the Regional Commissioners' concurrence and/or comments will be forwarded to the Director, Special Programs Staff, Office of Family Assistance for review. Upon the Director's approval, the grant awards will be issued no later than June 30, 1978.

IX. CRITERIA FOR EVALUATING APPLICATIONS

Project grant applications will be evaluated on the following criteria:

1. Familiarity and experience of the applicant organization in Indochinese refugee resettlement, manpower programs, and/or teaching English as a second language.

0-10 Points

2. Qualifications of applicant organization in operating human service programs, including:

- a. Provision of direct services.
- b. Project administration.
- c. Monitoring of subcontracts, if applicable.
- d. Training and supervision of staff.
- e. Demonstration of commitment and responsiveness to refugee concerns through implementation of Advisory Boards, feedback mechanisms, and program evaluation.

0-15 Points

3. Projected impact of the proposed program in increasing self-sufficiency and reducing dependency—i.e., specific project objectives.

0-15 Points

4. Qualifications of individual professional personnel.

0-10 Points

5. Understanding and analysis of the problem, in light of local conditions and the needs of the target population to be served.

0-10 Points

6. The extent to which the grant application outlines a clear and achievable plan to reduce unemployment and/or underemployment among target adult refugees.

0-15 Points

7. The extent to which the proposed project mobilizes, coordinates, and expands existing resources and activities which are providing, or could provide, services to refugees, including:

a. Ongoing activities funded through the Office of Family Assistance and Office of Education under the Refugee Assistance Program.

b. State or local resettlement task forces or committees.

c. Voluntary efforts undertaken by VOLAGs, other resettlement agencies, and Indochinese associations and coalitions.

0-15 Points

8. Comprehensiveness and coordination of proposed project components.

0-10 Points

9. Adequacy and accessibility of facilities and other resources.

0-10 Points

10. Reasonableness of estimated costs in relation to anticipated results (cost/benefit ratio).

0-15 Points

Selection of a State for a grant award does not preclude a grant award to other public or non-profit private agencies within the State. Applicants must demonstrate their willingness and intention to work cooperatively with other agencies serving the same population.

X. APPLICATION CONTENT

All applicants will use the Federal Management Circular 74-7 from "Application for Federal Assistance (Non-Construction Program)" in submitting project proposals. Grant applications must include the following:

(1) *Description of the applicant organization.* Description of the proposer (public agency, private non-profit, consortium). If other than a public agency, description of its organizational mandate, funding sources, principal officers, address, and telephone number. A description of the advisory board's makeup, the selection process used for its members, and the Board's function. If the applicant is a unit of a larger institution, assurances must be provided that the operation and objectives of the project will not be subordinated to other institutional objectives.

(2) *Applicant experience with Indochinese refugees.* Description of other projects or experience which the applicant has had in serving the Indochinese refugee population.

(3) *Identification of the target population.* Includes estimates of the number of people to be served (compared to the total refugee population in the area), number receiving cash assistance, and other relevant distinctions, such as:

- a. Number unemployed and underemployed.
- b. Heads of households and secondary wage earners.
- c. Sex and family status.
- d. Native language (Vietnamese, Cambodian, Lao, H'mong).

This section will include an explanation of the methodology and data sources used in arriving at the estimates.

(4) *Project objectives.* Description of proposed project objectives, including the number of enrollees who will achieve each of the listed objectives.

(5) *Existing service deliverers.* Brief overview of existing services to Indo-Chinese refugees which have bearing on the proposed project. Where other service projects are in operation, proposer should provide assurances that either:

a. Coordinative linkages with such projects have been arranged (demonstrated by letters of commitment or support or descriptions of working agreements), or

b. The proposed project is not in competition with, nor duplicative of, existing projects.

(6) *Work plan.* A work plan to meet the project objectives including identification of all service deliverers and a procedure to insure service linkages. A description of proposed contracting with third parties should be included. The work plan should describe in detail the proposed services and components, such as:

a. *Outreach and recruitment.* Description of how proposer plans to locate and recruit the target population, along with a schedule of enrollment goals.

b. *Intake and assessment.* Description of how proposer plans to determine eligibility and make assessments of enrollee needs, including assessment tools or proposed tests.

c. *Counseling and career planning.* Description of how proposer plans to provide counseling and career planning services. If already developed, samples should be included of Employment Plan or Career Plan forms which will be completed for enrollees.

d. *Language training.* Description of how proposer plans to deal with the language problems of the refugees. If ESL programs are planned, description of class sizes, amount of instruction, and assurances that classes will be refugee-specific.

e. *Vocational training.* If proposed, description of how proposer plans to provide or arrange for vocational training, including skill areas, length

of training, and likelihood of related employment.

f. *Job development and placement.* Description of how proposer plans to develop jobs, or other positive alternatives (such as on-the-job training or higher education). Description of placement methodology.

g. *Follow-up.* Description of how proposer plans to maintain follow-up contacts and records for ninety days after all placements.

(7) *Supportive services.* Supportive services required, with an indication of how they will be provided.

(8) *Management plan.* A plan for fiscal and program management to accomplish the program objectives. The program management plan should describe how the proposer plans to administer the project, train and supervise staff, monitor subcontracts (if proposed), maintain records, and evaluate performance.

(9) *Program budget.*

XI. RECORDS AND REPORTS

Grantees will be required to maintain such fiscal and operational records as are necessary for Federal monitoring and auditing of the grants. This record-keeping shall include but is not limited to:

(1) Individual case records on all refugees counted as enrolled and receiving services. At a minimum these records must include identification data; career planning and counseling data; services provided; progress reports; job referrals; job placements; and follow-up.

(2) Monthly program progress reports, due 10 days after the last calendar day of each month. The monthly report shall include:

a. A narrative statement of project status; progress achieved, problems encountered, and proposed actions to resolve problems.

b. The number of refugees receiving services, including current enrollment and cumulative totals for each service provided by the grant project.

c. The number of refugees placed in jobs and hourly wage rates.

d. Of those placed, the number still employed 30, 60, and 90 days after job placement.

e. A cash assistance status report of the refugees served.

(3) Fiscal reports.

(4) Fiscal reports.

(5) Additional reports as required for effective Federal monitoring.

XII. CONDITIONS OF AWARD

All grants made under this announcement will be subject to:

(1) The HEW regulations in 45 CFR, Part 74, "Administration of Grants."

(2) The SRS "Grants Administration Policies," HEW Publication No. 77-04001, reprinted 1977, and as may be amended or revised by SSA.

Copies of these documents may be inspected in the offices of Regional Commissioners, SSA, or of the Special Programs Staff, Office of Family Assistance, HEW, Room 1124 Donohoe Building, 400 Sixth Street SW., Washington, D.C.

XIII. ADDITIONAL INFORMATION

Additional information and grant applications can be obtained from the following persons in the HEW Regional Offices:

REGION I

Tran Phuc Truong or Sydney Henkel, John F. Kennedy Federal Bldg., Government Center, Boston Mass. 02003, telephone 617-223-6833, FTS 8-223-6833.

REGION II

Georgianna Gleason, HEW Regional Office, 26 Federal Plaza, New York, N.Y. 10007, telephone 212-264-7202, FTS 8-264-7202.

REGION III

Robert T. Clifford, Office of Family Assistance, SSA, P.O. Box 8788, Philadelphia, Pa. 19101, telephone 215-596-1304, FTS 8-596-1304.

REGION IV

Hoang T. Phan, Marietta Tower, 101 Marietta St. NW., Atlanta, Ga. 30323, telephone 404-221-2351, FTS 8-242-2351.

REGION V

Gene Niewoehner, HEW Regional Office, 300 South Wacker Dr., Chicago, Ill. 60606, telephone 312-353-5182, FTS 8-353-5182.

REGION VI

Jim Kelley or Rick Cline, HEW Regional Office, 1200 Main Tower Bldg., Dallas, Tex. 75202, telephone 214-767-4301, FTS 8-729-4301.

REGION VII

Don Belknap, HEW Regional Office, 601 East 12th St., Kansas City, Mo. 64106, telephone 816-374-2795, FTS 8-758-5975.

REGION VIII

Rod Underwood, HEW Regional Office, 1961 Stout St., Denver, Colo. 80202, telephone 303-837-5591, FTS 8-327-5591.

REGION IX

George Killingsworth, 25th Floor, 100 Van Ness Ave., San Francisco, Calif. 94102, telephone 415-556-8582, FTS 8-556-8582.

REGION X

Son Van Do, Arcade Plaza, 1321 Second Ave., Seattle, Wash. 98101, telephone 206-442-5734, FTS 8-399-5734.

Dated: March 16, 1978.

**DEPARTMENT OF HOUSING AND
URBAN DEVELOPMENT**

Federal Insurance Administration

[Docket No. N-78-842]

**MANDATORY PURCHASE OF FLOOD
INSURANCE**

Guidelines; Revision and Correction

AGENCY: Federal Insurance Administration, Department of Housing and Urban Development.

ACTION: Notice.

SUMMARY: This revision and correction to the revised Guidelines published in Docket No. N-78-842 appearing at page 7142 in the FEDERAL REGISTER of Friday, February 17, 1978 are being made so as to more accurately articulate the effect of certain of the amendments to P.L. 95-128, the Housing and Community Development Act of 1977, affecting the National Flood Insurance Program.

EFFECTIVE DATE: March 22, 1978.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard W. Krimm, Assistant Administrator for Flood Insurance, Office of Flood Insurance, Federal Insurance Administration, Washington, D.C. 20410, 202-755-5581.

SUPPLEMENTARY INFORMATION: In transposing matter from previous guidelines on the mandatory purchase of flood insurance issued by the Federal Insurance Administration (39 FR 26186-93, July 17, 1974) there was inadvertently included in the February 17, 1978 issuance matter which is no longer accurate, in view of section 703(a) of Pub. L. 95-128. In addition, matter was added to the February 17, 1978 issuance which is extraneous to the Federal Insurance Administration's issuance, it being more properly reserved for exposition by the Federal Disaster Assistance Administration.

REVISION: In Docket No. N-78-842 appearing at page 7142 in the FEDERAL REGISTER of Friday, February 17, 1978, the following change should be made:

On page 7142, under the heading "Supplementary Information" the sixth paragraph is changed to read as follows:

The first, section 703(b) of Pub. L. 95-128, amended the definition of "financial assistance for acquisition or construction purposes" under the Flood Disaster Protection Act of 1973 (Pub. L. 93-234) to exclude disaster assistance pursuant to the Disaster Relief Act of 1974 (Pub. L. 93-288) unless flood-related.

CORRECTION

On page 7146, paragraph B(4)(g) of "General Guidelines for Lenders" is amended to read as follows:

(g) When a loan is made after March 2, 1974, and is subject to the insurance purchase requirement of the Act and the community in which the property is located loses its eligibility for the sale of flood insurance, flood insurance is no longer available at the time of policy renewal. Such an existing loan does not have to be called in those circumstances.

Dated: March 14, 1978.

(42 U.S.C. 4128.)

New Community Development Corporation

[Docket No. N-78-851]

RIVERTON NEW COMMUNITY

Intent to Supplement Environmental Impact Statement

The U.S. Department of Housing and Urban Development, New Community Development Corporation, Washington, D.C., intends to issue a Supplement to the Final Environmental Impact Statement for the Riverton New Community which is located approximately 10 miles south of downtown Rochester, in the township of Henrietta in Monroe County, N.Y.

The Supplement will evaluate the impact of certain actions HUD is contemplating with respect to the proposed Plan of Acquisition and Disposition for the Riverton project.

The new community project as originally planned consisted of 2,437 acres and had been planned to include about 8,000 dwelling units and about 25,600 population over 16 years. Current development consists of about 360 residential units on 90 acres, a community center and various recreation facilities, and approximately 1,200 residents.

Copies of the Supplement will be available in the near future. The comment period on the Supplement will be 30 calendar days.

A final EIS for Riverton was issued on November 19, 1971, and a Special Environmental Clearance was completed on March 13, 1974. Copies are available for review at the New Community Development Corporation, HUD, and in Riverton at the office of Riverton Community Association, Inc., 1 Drumlin Square, West Henrietta, N.Y. 14586, telephone 716-359-2090.

Comments concerning this Notice are invited from all affected and interested parties. Please send comments by April 6, 1978, to: Earl DeMaris, Deputy Administrator for Project Support and Development, New Community Development Corporation, Room 7134, U.S. Department of Housing and Urban Development, 451 Seventh Street SW., Washington, D.C. 20410.

Telephone inquiries about this Notice may be directed to Raymond G. Hay, Environmental Clearance Officer (alternate), 202-755-6876.

Issued at Washington, D.C., March 16, 1978.

WILLIAM J. WHITE,

*General Manager, New Community
Development Corporation.*

Office of the Secretary

[Docket No. N-78-850]

OFFICE OF ASSISTANT SECRETARY FOR COMMUNITY PLANNING AND DEVELOPMENT

Amendment to Delegation of Authority

AGENCY: Department of Housing and Urban Development.

ACTION: Notice—Amendment to Delegation of Authority.

SUMMARY: The authority of the Assistant Secretary for Community Planning and Development to administer the Community Development Block Grant Program is by this Notice amended to reflect a delegation to the Assistant Secretary for Neighborhoods, Voluntary Associations and Consumer Protection, published concurrently with this Notice, to administer \$5 million of the Secretary's Discretionary Fund in a structured program of contracts for technical assistance with approved neighborhood organizations.

EFFECTIVE DATE: March 22, 1978.

FOR FURTHER INFORMATION CONTACT:

Joseph McNeely, Director, Neighborhood Development, Office of Neighborhoods, Voluntary Associations, and Consumer Protection, Room 4234, 451 7th Street SW., Washington, D.C. 20410, 202-755-8227.

SUPPLEMENTAL INFORMATION: Section 107 of the Housing and Community Development Act of 1974 (42 U.S.C. 5307) established a "Secretary's Discretionary Fund" consisting of 2 percent of the Community Development Block Grant appropriations for 1975-1977. The Secretary was given authority to use this fund to make grants for specified purposes. The authority of the Secretary to administer the Secretary's Fund, with certain exceptions pertaining to New Communities, has been delegated to the Assistant Secretary for Community Planning and Development. (40 FR 5385, February 5, 1975; as amended by 40 FR 37074, August 5, 1975; 40 FR 54606, November 25, 1975; 41 FR 15959, April 12, 1976; and 42 FR 45037, September 8, 1977.)

Section 107 was amended in 1977 (Pub. L. 95-128) to increase the Secretary's Fund to 3 percent of Block Grant appropriations for 1977-1980 and to add to the number of permitted uses of the Fund. A new section 107(a)(8) was added permitting the Secretary to make grants or contracts for technical assistance relating to overall community development strategy.

By Notice published concurrently with this Notice, the Assistant Secretary for Neighborhoods, Voluntary Associations and Consumer Protection is being delegated the authority, under section 107(a)(8) to administer \$5 million of the Secretary's Discretionary Fund concurrently with the Assistant Secretary for Community Planning and Development in a program of direct HUD contract with approved neighborhood organizations. These contracts will be for the purpose of providing technical assistance, such as management support, training, or planning expertise, in connection with community development. The concurrence of the Assistant Secretary for Community Planning and Development shall be limited to determining whether proposed contracts are consistent with the statutory authority granted to the Secretary under the Act.

This Notice amends the authority of the Assistant Secretary for Community Planning and Development with respect to section 107(a)(8) to reflect the concurrent delegation to the Assistant Secretary for Neighborhoods, Voluntary Associations and Consumer Protection.

Accordingly, the delegation of authority to the Assistant Secretary for Community Planning and Development, published on February 5, 1975, at 41 FR 5385, as amended on August 25, 1975 (40 FR 37074), on November 25, 1975 (40 FR 54606), on April 12, 1976 (41 FR 15359), and on September 8, 1977 (42 FR 45037) is amended as follows:

By redesignating section B(4) as section B(5) and adding a new section B(4) as follows:

(4) With respect to section 107(a)(8) of the Housing and Community Development Act of 1974 (42 U.S.C. 5307(a)(8)), the Assistant Secretary for Neighborhoods, Voluntary Associations, and Consumer Protection has been delegated authority to administer \$5 million of the Secretary's Discretionary Fund in a structured program of contracts for technical assistance with approved neighborhood organizations concurrently with the Assistant Secretary for Community Planning and Development whose concurrence shall be limited to determining whether a proposed contract is consistent with the statutory authority granted to the Secretary.

(Section 7(d), Department of HUD Act, 42 U.S.C. 3535(d).)

Issued at Washington, D.C. March 16, 1978.

PATRICIA ROBERTS HARRIS,
*Secretary, Department of
Housing and Urban Development.*

[Docket No. N-78-849]

**OFFICE OF ASSISTANT SECRETARY FOR
NEIGHBORHOODS, VOLUNTARY ASSOCIATIONS,
AND CONSUMER PROTECTION**

Delegation of Authority

AGENCY: Department of Housing and Urban Development.

ACTION: Notice—Delegation of Authority.

SUMMARY: This Notice delegates to the Assistant Secretary for Neighborhoods, Voluntary Associations, and Consumer Protection the authority to administer a new program of direct HUD contracts with approved neighborhood organizations for technical assistance in connection with community development. This new program will be implemented pursuant to a 1977 amendment to the Community Development Block Grant Program.

EFFECTIVE DATE: March 22, 1978.

FOR FURTHER INFORMATION CONTACT:

Joseph McNeely, Director, Neighborhood Development, Office of the Assistant Secretary for Neighborhoods, Voluntary Associations, and Consumer Protection, 451 7th Street SW., Washington, D.C. 20410, 202-755-8227.

SUPPLEMENTAL INFORMATION: Section 107 of the Housing and Community Development Act of 1974 (42 U.S.C. 5307) established a "Secretary's Discretionary Fund" consisting of two percent of the Community Development Block Grant appropriations for 1975-1977. The Secretary was given the authority to use this fund to make grants for specified purposes. The authority of the Secretary to administer the Secretary's Fund, with certain exceptions pertaining to New Communities, has been delegated to the Assistant Secretary for Community Planning and Development (40 FR 5385, February 5, 1975; as amended by 40 FR 37074, August 25, 1975; 40 FR 54606, November 25, 1975; 41 FR 15959, April 12, 1976; and 42 FR 45037, September 8, 1977).

Section 107 was amended in 1977 (Pub. L. 95-128) to increase the Secretary's Fund to three percent of Block Grant appropriations for 1977-1980 and to add to the number of permitted

uses of the fund. A new section 107(a)(8) was added permitting the Secretary to make grants or contracts for technical assistance relating to overall community development strategy.

This Notice delegates to the Assistant Secretary for Neighborhoods, Voluntary Associations and Consumer Protection the authority, under section 107(a)(8) to administer \$5,000,000 of the Secretary's Discretionary Fund concurrently with the Assistant Secretary for Community Planning and Development in a program of direct HUD contracts with approved neighborhood organizations. These contracts will be for the purpose of providing technical assistance, such as management support, training, or planning expertise, in connection with community development. The concurrence of the Assistant Secretary for Community Planning and Development shall be limited to determining whether proposed contracts are consistent with the statutory authority granted to the Secretary under the Act.

Accordingly, the delegation of authority to the Assistant Secretary for Neighborhoods, Voluntary Associations and Consumer Protection, published on May 12, 1976, at 41 FR 19365, as amended on July 22, 1977, at 42 FR 37603, is amended by adding under Section B a new subsection (4) as follows:

(4) Section 107(a)(8) of the Housing and Community Development Act of 1974 (42 U.S.C. 5307(a)(8)) for the purpose of administering \$5,000,000 of the Secretary's Discretionary Fund in a structured program of contracts for technical assistance with approved neighborhood organizations, concurrently with the Assistant Secretary for Community Planning and Development whose concurrence shall be limited to determining whether a proposed contract is consistent with the statutory authority granted to the Secretary.

(Sec. 7(d), Department of HUD, 42 U.S.C. 3535(d).)

Issued at Washington, D.C., March 16, 1978.

PATRICIA ROBERTS HARRIS,
*Secretary, Department of
Housing and Urban Development.*

[4310-84]

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[AA-6687-A]

ALASKA

Alaska Native Claims Selection

I. SECTION 14(h) (1) APPLICATION
REJECTED IN ENTIRETY

On December 22, 1961, the State of Alaska filed general purposes selection applications A-056408, A-056412 and A-056431, all as amended, pursuant to section 6 (b) of the Alaska Statehood Act of July 7, 1958 (72 Stat. 339, 340; 48 U.S.C. ch. 2, sec. 6(b) (1970)). The State selected certain lands in Ts. 32 and 33 S., R. 24 W., Seward Meridian. On February 18, 1964, a decision granting tentative approval was issued for certain lands selected by the State in T. 33 S., R. 24 W., Seward Meridian (A-056431); and on March 20, 1964, a decision granting tentative approval was issued for certain lands in T. 32 S., R. 24 W., Seward Meridian (A-056412).

Subsequently, the lands described below were withdrawn for and properly selected by the village of Old Harbor as set forth in part IV of this decision. On December 16, 1975, Koniag, Inc., filed selection application AA-10581, as amended, pursuant to section 14(h)(1) of the Alaska Native Claims Settlement Act of December 18, 1971 (85 Stat. 688, 704; 43 U.S.C. 1601, 1613(h) (Supp. V, 1975)). Section 14(h) and Departmental regulations issued thereunder provide that the Secretary of the Interior is authorized to withdraw and convey unreserved and unappropriated public lands. Since the lands encompassed in the subject section 14(h)(1) application had been properly selected by and tentatively approved to the State of Alaska under the Alaska Statehood Act, and since the lands were subsequently withdrawn for and properly selected by Old Harbor Native Corporation under the Alaska Native Claims Settlement Act, regional selected application AA-10581, filed by Koniag, Inc., must be and is hereby rejected in its entirety:

SEWARD MERIDIAN, ALASKA (UNSURVEYED)

T. 32 S., R. 24 W.,
Sec. 33, W $\frac{1}{2}$.

Containing approximately 250 acres.

T. 33 S., R. 24 W.,

Sec. 5, W $\frac{1}{2}$;
Sec. 6, E $\frac{1}{2}$;
Sec. 7, E $\frac{1}{2}$;
Sec. 8, W $\frac{1}{2}$;
Sec. 15, W $\frac{1}{2}$;
Sec. 16;
Sec. 17, N $\frac{1}{2}$.Containing approximately 1,395 acres.
Aggregating approximately 1,645 acres.

When this decision becomes final, the aforementioned section 14(h)(1) application will be closed of record.

II. VILLAGE SELECTION APPLICATIONS
REJECTED IN PART

On December 16, 1975, Kaguyak, Inc., filed selection application AA-6672-A2 and AA-6672-B2 pursuant to section 12(b) of the Alaska Native Claims Settlement Act of December 18, 1971 (85 Stat. 688, 701; 43 U.S.C. 1601, 1611 (Supp. V, 1975)) for lands located in T. 35 S., Rs. 23 and 25 W., Seward Meridian and T. 33 S., R. 23 W., Seward Meridian, among others.

Section 12(b) provides that each village corporation shall select the acreage allocated to it from the lands withdrawn by section 11(a) of the Act. The lands described below are outside the area that was withdrawn under section 11(a) for the village of Kaguyak, or that could be withdrawn based on Kaguyak's selection of T. 38 S., R. 28 W., Seward Meridian, as its core township (T. 38 S., R. 29 W., Seward Meridian was withdrawn by the Department of the Interior as Kaguyak's core township).

Therefore, village selection applications AA-6672-A2 and AA-6672-B2, filed by Kaguyak, Inc., are rejected as to the following described lands:

SEWARD MERIDIAN, ALASKA (UNSURVEYED)

VILLAGE SELECTION AA-6672-A2

T. 35 S., R. 23 W.,
Secs. 7, 8, and 17.

Containing approximately 1,904 acres.

T. 35 S., R. 25 W.,
Secs. 15, 16, and 34.

Containing approximately 1,920 acres.

VILLAGE SELECTION AA-6672-B2

T. 33 S., R. 23 W.,
Sec. 7.Containing approximately 10 acres.
Aggregating approximately 3,834 acres.

Further action on the subject selections by Kaguyak, Inc., as to those lands not rejected herein, will be taken at a later date.

III. TENTATIVE APPROVALS RESCINDED
IN PART; STATE SELECTION APPLICATIONS
REJECTED IN PART

The State of Alaska filed general purposes selection applications AA-3002, as amended, on July 1, 1968, and A-056431 and A-056432, both as amended, on December 22, 1961, pursuant to section 6(b) of the Alaska Statehood Act of July 7, 1958 (72 Stat. 339, 340; 48 U.S.C. ch. 2, sec. 6(b) (1970)). These applications selected lands near the Native village of Old Harbor. On February 18, 1964, a decision granting tentative approval was issued for certain lands within T. 33 S., R. 24 W., Seward Meridian (A-056431).

On December 18, 1971, section 11 of the Alaska Native Claims Settlement Act (85 Stat. 688, 696; 43 U.S.C. 1601, 1610 (Supp. V, (1975))), withdrew the lands surrounding the village of Old Harbor, including the lands in the sub-

ject State selections, for Native selection.

The following described lands, which are State selected and which are tentatively approved in part, have been properly selected under village selection application AA-6687-A as set forth in part IV of this decision. Further, as to lands within the Kodiak National Wildlife Refuge (Public Land Order 1634), the State applications, as amended, fail to properly select vacant, unappropriated, and unreserved lands (72 Stat. 339, 340; 48 U.S.C. ch. 2, sec. 6(b) (1970)). Accordingly, the tentative approval given in the decision of February 18, 1964, is hereby rescinded in part and State selection applications AA-3002, A-056431 and A-056432 are rejected as to the following described lands:

LANDS OUTSIDE THE KODIAK NATIONAL
WILDLIFE REFUGE (PLO 1634)

SEWARD MERIDIAN, ALASKA (UNSURVEYED)

STATE SELECTION A-056432

T. 33 S., R. 23 W.,
Sec. 7 (fractional), all.

Containing approximately 10 acres.

STATE SELECTION A-056431

T. 33 S., R. 24 W.,
Secs. 6 and 7 (fractional), all;
Sec. 18 (fractional), that portion outside
PLO 1634.

Containing approximately 659 acres.

STATE SELECTION AA-3002

Amended U.S. Survey No. 4656, Alaska.
Containing 475.29 acres.T. 34 S., R. 23 W.,
Secs. 31, 32 and 33 (fractional), all.

ment AA-7509.
Containing approximately 2,719 acres.

T. 36 S., R. 26 W.,
Secs. 6 and 7 (fractional), all.
Containing approximately 155 acres.
Aggregating approximately 24,040 acres
within PLO 1634.

The State-selected lands herein ag-
gregate approximately 82,815 acres, of
which 58,775 acres were properly se-
lected by the State outside the Kodiak
National Wildlife Refuge prior to the
lands' being withdrawn by the Alaska
Native Claims Settlement Act. Further
action on the subject State selection
applications, as to those lands not re-
jected herein, will be taken at a later
date.

IV. LANDS PROPER FOR VILLAGE SELEC-
TION APPROVED FOR INTERIM CONVEY-
ANCE OR PATENT

On September 10, 1974, Old Harbor
Native Corporation filed village selec-
tion application AA-6687-A, as amend-
ed, under the provisions of section
12(a) of the Alaska Native Claims Set-

tlement Act of December 18, 1971 (85
Stat. 688, 701; 43 U.S.C. 1601, 1611(a)
(Supp. V, 1975)), for lands located near
the village, including lands within the
above-referenced State selections and
within the Kodiak National Wildlife
Refuge (Public Land Order 1634). The
application was amended on December
13, 1974, to give a new description of
the lands to be selected and to super-
sede the previously filed application.

Section 12(a)(1) of the Alaska Native
Claims Settlement Act provides that
village selections shall be made from
lands withdrawn by section 11(a). Sec-
tion 11(a)(2) withdrew for possible se-
lection by the Native corporation
those lands that have been selected
by, or tentatively approved to, but not
yet patented to, the State under the
Alaska Statehood Act. Section 12(a)(1)
further provides that no village may
select more than 69,120 acres from
lands withdrawn by section 11(a)(2)
and not more than 69,120 acres from
the National Wildlife Refuge System.

As to the lands described below, the
application, as amended, submitted by
the Old Harbor Native Corp. is prop-
erly filed and meets the requirements
of the Alaska Native Claims Settlement
Act and of the regulations issued pur-
suant thereto. These lands do not in-
clude any lawful entry perfected
under or being maintained in compli-
ance with Federal laws leading to ac-
quisition of title.

This decision approves approximate-
ly 34,960 acres of national wildlife
refuge system lands for conveyance to
the Old Harbor Native Corp., for a cu-
mulative total of approximately 34,960
acres, and approximately 58,775 acres
of land that has been properly selec-
ted by and tentatively approved in part
to the State, for a cumulative total of
58,775 acres. Neither of these exceed
the 69,120 acres permitted under sec-
tion 12(a)(1).

In view of the foregoing, the surface
estate of the following described lands,
selected pursuant to section 12(a) and
aggregating approximately 93,925
acres, is considered proper for acqui-
sition by the Old Harbor Native Corpo-
ration and is hereby approved for con-
veyance pursuant to section 14(a) of
the Alaska Native Claims Settlement
Act:

LANDS OUTSIDE THE KODIAK NATIONAL
WILDLIFE REFUGE (PLO 1634)

Amended U.S. Survey No. 4656, Alaska.
Containing 475.29 acres.

SEWARD MERIDIAN, ALASKA (UNSURVEYED)

- T. 36 S., R. 26 W., secs. 6 and 7 (fractional), all. Containing approximately 155 acres.

Aggregating approximately 34,960 acres within PLO 1634.

Total aggregated acreage, approximately 93,925 acres.

The conveyance issued for the surface estate of the lands described above shall contain the following reservations to the United States:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States. Act of August 30, 1890, 26 Stat. 391; 43 U.S.C. 945.

2. A right-of-way thereon for the construction of railroads, telegraph, and telephone lines, as prescribed and directed by the Act of March 12, 1914, 38 Stat. 305.

3. The subsurface estate therein, and all rights, privileges, immunities, and appurtenances, of whatsoever nature, accruing unto said estate pursuant to the Alaska Native Claims Settlement Act of December 18, 1971 (85 Stat. 688, 704; 43 U.S.C. 1601, 1613(f) (Supp. V, 1975)).

4. Pursuant to section 17(b) of the Alaska Native Claims Settlement Act of December 18, 1971 (85 Stat. 688, 708; 43 U.S.C. 1601, 1616(b) (Supp. V, 1975)), the following public easements, referenced by easement identification number (EIN) on the easement maps in case file AA-6687-EE, are reserved to the United States and subject to further regulation thereby:

- a. (EIN 6 D9, E) A one (1) acre site easement upland of the ordinary high water mark in section 14, T. 33 S., R. 25 W., Seward Meridian on the shore of Kiliuda Bay. The site is for camping, staging, and vehicle use.

- b. (EIN 7 E, D9) An easement for a proposed access trail twenty-five (25) feet in width from site EIN 6 D9, E on the shore of Kiliuda Bay northwesterly along the right bank of an unnamed stream to public land in section 15, T. 33 S., R. 25 W., Seward Meridian and continuing on in the same manner to public lands farther north. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

- c. (EIN 9a D1, D9, C6, C4) An easement for a proposed access trail twenty-five (25) feet in width from the south shore of Kiliuda Bay in section 30, T. 33 S., R. 23 W., Seward Meridian, southerly to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

- d. (EIN 9b D9) An easement for a proposed access trail twenty-five (25) feet in width from the south shore of Kiliuda Bay in section 28, T. 33 S., R. 24 W., Seward Meridian, southwest to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

- e. (EIN 10 D9) An easement for a proposed access trail twenty-five (25) feet in width from the north shore of Sitkalidak Strait in section 13, T. 34 S., R. 24 W., Seward Meridian northwest to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

- f. (EIN 11 D9) An easement for a proposed access trail twenty-five (25) feet in width from the north shore of Sitkalidak Strait in section 20, T. 34 S., R. 24 W., Seward Meridian northerly to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

g. (EIN 12 D9 L) A streamside easement twenty-five (25) feet in width upland of and parallel to the ordinary high water mark on all banks and an easement on the entire bed of an unnamed stream from its outlet at the head of Midway Bay extending 1½ miles upstream to the eastern border of section 8, T. 34 S., R. 25 W., Seward Meridian. Purpose is to provide for public use of waters having highly significant present recreational use.

h. (EIN 13 D9) A one (1) acre site easement upland of the ordinary high water mark in section 16, T. 34 S., R. 25 W., Seward Meridian at the outlet of an unnamed stream flowing into Midway Bay. The site has an additional twenty-five (25) foot wide easement on the bed of the unnamed stream along the entire stream waterfront. The site is for camping, staging, and vehicle use.

i. (EIN 15 D9) An easement for proposed access trail twenty-five (25) feet in width from site EIN 17 D9 on the shore of Barling Bay northerly to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

j. (EIN 17 D9) A one (1) acre site easement upland of the ordinary high water mark in section 27, T. 34 S., R. 26 W., Seward Meridian on the shore of Barling Bay. The site is for camping, staging, and vehicle use.

k. (EIN 18a D1, D9, C6, C4) An easement for a proposed access trail twenty-five (25) feet in width from site EIN 17 D9 on the shore of Barling Bay southwesterly to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

l. (EIN 18b D1, D9, C6, C4) An easement for a proposed access trail twenty-five (25) feet in width from the shore of Three Saints Bay in section 6, T. 35 S., R. 26 W., Seward Meridian northeasterly to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

m. (EIN 18c D1, D9, C6, C4) An easement for a proposed access trail twenty-five (25) feet in width from the shore of Three Saints Bay in section 18, T. 35 S., R. 26 W., Seward Meridian northeast to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

n. (EIN 18d D9) An easement for a proposed access trail twenty-five (25) feet in width from site EIN 17 D9 on the shore of Barling Bay westerly to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

o. (EIN 20 C5, D9) A continuous linear easement twenty-five (25) feet in width upland of and parallel to the mean high tide line in order to provide access to and along the marine coast-

line and use of such shore for purposes such as beaching of watercraft or aircraft, travel along the shore, recreation, and other similar uses. Deviations from the waterline are permitted when specific conditions so require, e.g., impassable topography or waterfront obstruction. This easement is subject to the right of the owner of the servient estate to build upon such easement a facility for public or private purposes, such right to be exercised reasonably and without undue or unnecessary interference with or obstruction of the easement. When access along the marine coastline easement is to be obstructed, the owner of the servient estate will be obligated to convey to the United States an acceptable alternate access route, at no cost to the United States, prior to the creation of such obstruction.

p. (EIN 27 D1, D9, C6, C4) An easement for a proposed access trail twenty-five (25) feet in width from streamside EIN 12 D9, L in section 8, T. 34 S., R. 25 W., Seward Meridian northerly along the left bank of an unnamed stream to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

q. (EIN 29 C) The right of the United States to enter upon the lands herein granted for cadastral, geodetic, or other survey purposes is reserved, together with the right to do all things necessary in connection therewith.

r. (EIN 30a E) A one (1) acre site easement upland of the ordinary high water mark in sections 14 and 23, T. 35 S., R. 25 W., Seward Meridian on the shore of McCord Bay. The site is for camping, staging, and vehicle use.

s. (EIN 30b E) A one (1) acre site easement upland of the ordinary high water mark in section 33, T. 35 S., R. 25 W., Seward Meridian on the shore of Sitkalida Lagoon. The site is for camping, staging, and vehicle use.

t. (EIN 30c E) An easement for an existing access trail fifty (50) feet in width from site EIN 30a E on the shore of McCord Bay southwesterly to site EIN 30b E on the shore of Sitkalida Lagoon and continuing on southwesterly to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

u. (EIN 31 E) An easement for an existing access trail fifty (50) feet in width from site EIN 30a E on the shore of McCord Bay southerly to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

v. (EIN 32a E) A one (1) acre site easement upland of the ordinary high water mark at Nunamiut, section 24, T. 35 S., R. 27 W., Seward Meridian on the shore of Three Saints Bay. The site is for camping, staging, and vehicle use.

w. (EIN 32b E) An easement for a proposed access trail twenty-five (25) feet in width from site EIN 32a E on the shore of Three Saints Bay westerly to public lands. The usage of roads and trails will be controlled by applicable State or Federal law or regulation.

The grant of lands shall be subject to:

1. Issuance of a patent confirming the boundary description of the lands hereinabove granted after approval and filing by the Bureau of Land Management of the official plat of survey covering such lands;

2. Valid existing rights, therein, if any, including but not limited to those created by any lease (including a lease issued under section 6(g) of the Alaska Statehood Act of July 7, 1958 (72 Stat. 339, 341; 48 U.S.C. ch. 2, sec. 6(g) (1970))), contract, permit, right-of-way, or easement, and the right of the lessee, contractee, permittee, or grantee to the complete enjoyment of all rights, privileges, and benefits thereby granted to him;

3. Grazing lease A-050255 to Kenneth Arndt on Sitkalidak Island (excluding U.S. Surveys 2897 and 1743) under the act of March 4, 1927 (44 Stat. 1452; 48 U.S.C. 471, 471a and 471o);

4. Requirements of section 22(g) of the Alaska Native Claims Settlement Act of December 18, 1971 (85 Stat. 688, 714; 43 U.S.C. 1601, 1621(g) (Supp. V, 1975)), that (a) the portion of the above-described lands which has been withdrawn by PLO 1634 on May 9, 1958, and is now a part of the Kodiak National Wildlife Refuge, remains subject to the laws and regulations governing use and development of such Refuge, and that (b) The United States reserve from the conveyance the right of first refusal if the said portion of land in such Refuge, or any part thereof, is ever sold by the above-named village corporation;

5. Requirements of section 14(c) of the Alaska Native Claims Settlement Act of December 18, 1971 (85 Stat. 688, 703; 43 U.S.C. 1601, 1613(c) (Supp. V, 1975)), that the grantee hereunder convey those portions, if any, of the lands hereinabove granted, as are prescribed in said section; and

6. The terms and conditions of the agreement dated November 12, 1976, between the Secretary of the Interior; Koniag, Inc.; Old Harbor Native Corporation; and other Koniag village corporations. A copy of the agreement shall be attached to and become a part of the conveyance document and shall be recorded therewith. A copy of the agreement is located in the Bureau of Land Management easement case file for Old Harbor Native Corporation, serialized AA-6687-EE. Any person wishing to examine this agreement may do so at the Bureau of Land Management, Alaska State Office, 555 Cordova Street, Anchorage, Alaska 99501.

The lands conveyed will include Three Saints Bay Archeological Site in the SE $\frac{1}{4}$ of section 25, T. 35 S., R. 27 W., Seward Meridian. The site, which is identified on Bureau of Land Management plats as serial No. AA-16638 is in the National Register of Historic Places.

Old Harbor Native Corporation is entitled to conveyance of 115,200 acres of land selected pursuant to section 12(a) of the Alaska Native Claims Settlement Act; to date, 93,925 acres of this entitlement have been approved for conveyance. The remaining entitlement will be conveyed at a later date.

Conveyance to the subsurface estate of the lands described above, excluding those lands which have been withdrawn by PLO 1634 and which are reserved thereby as a national wildlife refuge, will be granted to Koniag, Inc., at the same time conveyance is granted to Old Harbor Native Corporation for the surface estate and shall be subject to the same conditions as the surface conveyance. Section 12(a)(1) provides that when a village corporation selects the surface estate of lands within the national wildlife refuge system, the regional corporation may make selections of the subsurface estate, in an equal acreage, from other lands withdrawn by section 11(a) within the region.

There are no inland water bodies considered to be navigable within the lands described.

In accordance with Departmental regulation 43 CFR 2650.7(d), notice of this decision is being published once in the FEDERAL REGISTER and once a week, for four (4) consecutive weeks, in the Anchorage Times and in the Kodiak Mirror. Any party claiming a property interest in lands affected by this decision may appeal the decision to the Alaska Native Claims Appeal Board, P.O. Box 2433, Anchorage, Alaska 99510, with a copy served upon both the Bureau of Land Management, Alaska State Office, 555 Cordova Street, Pouch 7-512, Anchorage, Alaska 99510 and the Regional Solicitor, Office of the Solicitor, 510 L Street, Suite 408, Anchorage, Alaska 99501; also:

1. Any party receiving service of this decision shall have 30 days from the receipt of this decision to file an appeal.

2. Any unknown parties, any parties unable to be located after reasonable efforts have been expended to locate, and any parties who failed or refused to sign the return receipt shall have until April 21, 1978, to file an appeal.

3. Any party known or unknown who may claim a property interest which is adversely affected by this decision shall be deemed to have waived those rights which were adversely affected unless an appeal is timely filed with the Alaska native claims Appeal Board.

4. If Old Harbor Native Corporation or Koniag, Inc., objects to any easement which is identified herein for reservation in the conveyance, which is subject to the discretion of the State Director and not reserved pursuant to an express Secretarial directive, a request for reconsideration must be filed within 30 days from receipt of service with the State Director, Bureau of Land Management, 555 Cordova Street, Pouch 7-512, Anchorage, Alaska 99510. A copy of the request should be served upon the Regional Solicitor, Office of the Solicitor, 510 L Street, Suite 408, Anchorage, Alaska 99501. If a request for reconsideration is not filed it will be deemed that the right to contest any such easement has been waived.

If an appeal is taken, the adverse parties to be served with a copy of the notice of appeal are:

Kaguyak, Inc., P.O. Box 2694, Kodiak, Alaska 99615.

Koniag, Inc., P.O. Box 746, Kodiak, Alaska 99615.

State of Alaska, Division of Lands, 323 East Fourth Avenue, Anchorage, Alaska 99501.
Old Harbor Native Corp., Box 69, Old Harbor, Alaska 99643.

To avoid summary dismissal of the appeal, there must be strict compliance with the regulations governing such appeals. Further information on the manner of, and requirements for, filing an appeal may be obtained from the Bureau of Land Management, 555 Cordova Street, Pouch 7-512, Anchorage, Alaska 99510.

NEW ORLEANS OCS OFFICE

Pending Receipt of Coral Application

Notice is hereby given that the Bureau of Land Management has advertised for a competitive procurement under Requests for Proposals Number AA551-RP8-4 covering dredging operations leading to a "Live Bottom" study to assist in identifying biologically sensitive regions by instrumental means. These operations will be conducted on the Georgia Embayment which is situated on the Outer Continental Shelf in the South Atlantic Area off the coasts of North Carolina, South Carolina, Georgia and Northern Florida. The specific areas of these dredging operations are more particularly described as follows:

Official protraction diagram, block and location

NI 17-12 James Island, 198, 32°45' N., 78°53' W.

NI 17-12 James Island, 380, 32°34' N., 78°34' W.

NI 17-12 James Island, 463, 32°30' N., 78°50' W.

NH 17-2 Brunswick, 912, 31°05' N., 80°13' W.

These areas are located about forty geographical miles offshore. It is not the purpose of this proposed scientific research program to collect coral. However, it is anticipated that coral specimens will inadvertently be damaged or taken during the dredging operations. A rock dredge will be used. In view of the above the party awarded the contract will be required to make application for a permit under 43 CFR 6224, Viable Coral Communities located on the Outer Continental Shelf.

A contract is expected to be awarded about May 1978 and the dredging will be completed about October 1978. Additional information regarding this proposed operation and pending application may be obtained during normal business hours at the New Orleans Outer Continental Shelf Office, 500 Camp Street, Suite 841, New Orleans, La., 70130. However, any information designated as proprietary, and not subject to public inspection, may be excluded.

Notice is hereby given of this proposed dredging operation and interested persons may comment thereon by submitting written data, views or arguments to the Manager, New Orleans OCS Office at the above address. All relevant comments received within 30 days of this publication will be considered.

Dated: March 13, 1978.

JOHN L. RANKIN,
*Manager, New Orleans Outer
Continental Shelf Office.*

NEVADA

**Designation of Grimes Point Recreation Site;
Correction**

MARCH 14, 1978.

In FR Doc. 78-5440 appearing at page 8593 in the issue of Thursday, March 2, 1978, the described lands is corrected to read as follows:

MT. DIABLO MERIDIAN, NEVADA

T. 18 N., R. 30 E.

Sec. 15: W $\frac{1}{2}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$;

Sec. 21: SW $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, S $\frac{1}{2}$.

National Park Service
**BOSTON NATIONAL HISTORICAL PARK
 ADVISORY COMMISSION**

Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act, Pub. L. 92-463, that a meeting of the Boston National Historical Park Advisory Commission will be held at 8 p.m. on April 5, 1978 at Building 5, Charlestown Navy Yard, Boston, Mass.

The Commission was established by Pub. L. 93-431 to advise the Secretary of the Interior on matters relating to the development of the Boston National Historical Park.

The members of the Advisory Commission are as follows:

Mr. Richard Berenson, Chairman, Brookline, Mass.
 Dr. Evelyn Murphy, Lexington, Mass.
 Mr. Byron Rushing, Boston, Mass.
 Mrs. Katharine Kane, Boston, Mass.
 Mr. Maurice O'Shea, Charlestown, Mass.
 Ms. Gail Seybold, Boston, Mass.
 Mr. Guy Beninati, Boston, Mass.

The major item to be discussed at this meeting is:

To hear comments from the general public concerning plans for the development of the Charlestown Navy Yard.

The meeting will be open to the public. Any member of the public may file with the committee a written statement concerning the matter to be discussed.

Persons wishing further information concerning this meeting, or who wish to submit written statements, may contact Hugh D. Gurney, Superintendent, Boston National Historical Park at 617-223-1128. Minutes of the meeting will be available for public inspection four weeks after the meeting at the office of the Superintendent, 15 State Street, Boston, Mass.

Dated: March 7, 1978.

DENNIS P. GALVIN,
*Acting Regional Director,
 North Atlantic Region.*

**MINING PLAN OF OPERATIONS AT DEATH
 VALLEY NATIONAL MONUMENT**

Availability

Notice is hereby given that pursuant to the provisions of section 2 of the Act of September 28, 1976, 16 U.S.C. 1901 et seq., and in accordance with the provisions of § 9.17 of 36 CFR part 9, Desert Minerals, Inc., has filed a Plan of Operations in support of proposed mining activities on lands embracing its Big Talc Mining Claim

Group within the Death Valley National Monument, to replace an initial Plan of Operations that was rejected. This new plan is available for public inspection during normal business hours at the Death Valley National Monument Headquarters, Death Valley, Calif.

Dated: January 27, 1978.

DONALD M. SPALDING,
*Superintendent,
 Death Valley National Monument*

Dated: February 28, 1978.

HOWARD H. CHAPMAN,
*Regional Director,
 Western Region.*

**OZARK NATIONAL SCENIC RIVERWAYS
 ADVISORY COMMISSION**

Meeting

Notice is hereby given in accordance with Pub. L. 99-463 that a meeting of the Ozark National Scenic Riverways Advisory Commission will be held on Friday, April 7, 1978, at 10 a.m. (CDT) at the Riverways' Headquarters on U.S. Highway 60 in Van Buren, Mo.

The Commission was established by Pub. L. 88-429 to meet and consult with the Secretary of the Interior on general policies and specific matters related to the administration and development of the Ozark National Scenic Riverways.

The members of the Commission are:

Dr. Oscar Hawksley, Warrensburg, Mo. (Chairman).
 Mr. Kirby Hart, Houston, Mo.
 Mr. James A. Roark, Hunter, Mo.
 Mr. Carlton E. Bay, Salem, Mo.
 Mr. Edward Hodge, Eminence, Mo.
 Mr. William Hall, Kansas City, Mo.
 Mr. Henry Luepke, Jr., St. Louis, Mo.

Matters to be discussed at this meeting include:

1. Status—General Development Planning.
2. Public Involvement Plans.
3. Status Report—Resource Management Plan.
4. Park Budget Review.

The meeting will be open to the public. Any member of the public may file with the Commission prior to the meeting a written statement concerning the matters to be discussed. Persons wishing further information concerning the meeting or who wish to submit written statements, may contact Arthur L. Sullivan, Superintendent, Ozark National Scenic Riverways, P.O. Box 490, Van Buren, Mo. 63965, telephone area code 616-352-9611. Minutes of the meeting will be available for public inspection 4 weeks after the meeting at Ozark National Scenic Riverways headquarters in Van Buren, Mo.

Dated: March 9, 1978.

MERRILL D. BEAL,
*Regional Director,
 Midwest Region.*

**PROPOSED KEALIA NATIONAL WILDLIFE
 REFUGE**

Availability of Draft Environmental Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, Pub. L. 91-190, the Department of the Interior has prepared a draft environmental impact statement for the proposed Kealia National Wildlife Refuge, Hawaii, and invites written comments on or before May 8, 1978.

The U.S. Fish and Wildlife Service, Department of the Interior, proposes to acquire 511 acres of land in Maui County, Hawaii, to be included in a National Wildlife Refuge for the protection of Fish and Wildlife and to provide limited opportunities for wildlife oriented recreation within the open space. Habitat for the Endangered Hawaiian Coot and Hawaiian Stilt would be preserved under the proposal.

Copies of the draft statement are available for inspection at the following locations:

Regional Director, U.S. Fish and Wildlife Service, Lloyd 500 Building, Suite 1692, 500 Northeast Multnomah Street, Portland, Ore. 97232.

Refuge Manager, Hawaiian Islands National Wildlife Refuge, 337 Uluniu Street, Kailua, Oahu, Hawaii 96734.

U.S. Fish and Wildlife Service, Division of National Wildlife Refuges, Room 2353, Interior building 18th and C Streets NW., Washington, D.C. 20240.

A limited number of single copies are available and may be obtained by writing to the Washington, D.C., address, Attention: EIS Coordinator.

Dated: March 15, 1978.

LARRY E. MEIEROTTO,
*Deputy Assistant
 Secretary of the Interior.*

**Office of Surface Mining Reclamation and
 Enforcement**

CONSOLIDATION COAL CO., ET AL.**Petitions To Initiate Rulemaking**

AGENCY: Office of Surface Mining Reclamation and Enforcement, Department of the Interior.

ACTION: Notice seeking comments on petitions.

SUMMARY: In accordance with the rules and regulations of the Office of Surface Mining Reclamation and Enforcement, 30 CFR § 700.12(c), notice is hereby given that this Office is now seeking comments from the public concerning petitions submitted by Consolidation Coal Co., Ohio Mining & Reclamation Association, the Mining & Reclamation Council of America, Peabody Coal Co., Illinois Coal Association, and Mid-West Coal Producers Institute, Inc., and Amherst Coal Co., et al.

Consolidation Coal Co., Ohio Mining & Reclamation Association, the Mining & Reclamation Council of America, and Illinois Coal Association, and Mid-West Coal Producers Institute, Inc., request amendment of 30 CFR § 710.11(d)(2) to extend the dates for the submission of reconstruction plans and the completion of reconstruction for preexisting, nonconforming structures.

Peabody Coal Co. and Amherst Coal Co., et al., suggest that many of the regulatory provisions are arbitrary capricious, or otherwise illegal and request certain changes in accordance with their general allegations.

The Mining & Reclamation Council of America also seeks an extension of the deadline for submitting applications for exemptions as small operators under 30 CFR § 710.12(d).

DATES: Comments must be received by April 21, 1978.

ADDRESS: Interested persons should address their comments to the Director, Office of Surface Mining Reclamation and Enforcement, U.S. Department of the Interior, 18th and C Streets NW., Washington, D.C. 20240, 202-343-4237. The petitions and all comments in response to this notice will be available for public inspection during normal business hours at the foregoing address.

FOR FURTHER INFORMATION CONTACT:

John Beattie, 202-343-5207.

SUPPLEMENTARY INFORMATION: Consolidation Coal Co., Ohio Mining & Reclamation Association, the Mining & Reclamation Council of America, and Illinois Coal Association, and Mid-West Coal Producers Institute, Inc., have petitioned the Director, Office of Surface Mining Reclamation and Enforcement, to amend 30 CFR § 710.11(d)(2) (ii) and (iv) which, as originally promulgated, established February 3, 1978, as the deadline for submitting plans for the reconstruction of preexisting, nonconforming structures, and November 4, 1978, as the deadline for completing reconstruction begun on or before May 4, 1978.

Consolidated Coal Co., Illinois Coal Association, and Mid-West Coal Pro-

ducers Institute, Inc., propose that the deadline for submitting plans be extended to November 1, 1978; that the deadline for the completion of reconstruction be extended until November 1, 1979; and that § 710.11(d)(2) be further amended to allow for extensions of either or both of their proposed deadlines upon a determination by the regulatory authority that additional time is required for the completion of sound and economical design, engineering, procurement, and construction work.

Ohio Mining & Reclamation Association proposes to change the date for submitting reconstruction plans to July 1, 1978, and the date for completion of reconstruction to July 1, 1979, provided that reconstruction should be started and completed as soon as individual circumstances warrant. The Association proposes that § 710.11(d)(2)(iv) should also provide that the regulatory authority may, for good cause shown, extend either or both of the proposed dates.

The Mining & Reclamation Council of America proposes the repeal of the February 3, 1978, deadline contained in both § 710.11(d)(2)(ii) and § 710.12(d) in favor of a 6-month delay. The Council therefore proposes that the deadlines for submitting reconstruction plans and applying for an exemption as a small operator be extended to July 3, 1978.

It should be noted that effective February 27, 1978, the Director, Office of Surface Mining Reclamation and Enforcement, promulgated interim final rules revising the dates for submitting plans and beginning reconstruction on sedimentation ponds or related preexisting, nonconforming structures or facilities which are used in connection with or to facilitate mining (43 FR 8090, 8091). New § 710.11(d)(3) requires that all sedimentation ponds and related preexisting, nonconforming structures or facilities shall comply with the performance standards and the provisions of § 710.11(d)(2) unless the permittee submits a written statement to the regulatory authority and to the Director by May 3, 1978, demonstrating that it is physically impossible to bring the structure or facility into compliance by May 3, 1978, and setting forth proposed steps to be taken in reconstructing the structure and a proposed reconstruction schedule. If the regulatory authority makes a written finding that it would be impossible to bring the structure or facility into compliance by May 3, 1978, and the permittee will perform the work in accordance with a plan designed by a professional engineer, the date for beginning reconstruction will be extended to June 3, 1978. However, the date for completing reconstruction has not been changed and remains November 4, 1978.

Effective February 7, 1978, the Director, Office of Surface Mining Reclamation and Enforcement, promulgated a new rule which extended the filing date for submitting applications for small operator exemptions to March 1, 1978 (43 FR 5000).

Amherst Coal Company, et al., request the repeal or amendment of certain provisions of the rules on grounds that they violate the fifth and tenth amendments to the Constitution, are arbitrary and capricious, or are contrary to the purpose and intent of the Surface Mining Control and Reclamation Act of 1977. Specifically, they allege the definitions of "imminent danger to the health and safety of the public," "significant, imminent environmental harm to land, air or water resources," "aquifer," "groundwater," "roads," "toxic-forming materials," and "toxic-mine drainage" contained in § 700.5 and § 710.5 are contrary to the purpose and intent of the Act or subject to arbitrary and capricious application of the rules.

Section 710.11(a) is asserted to be vague and ambiguous which will result in an arbitrary and capricious application of the rules. Section 710.11(d) is opposed on the grounds that: (1) It is contrary to the provisions of section 502(c) of the Act in that reconstruction of preexisting, nonconforming structures would result in more environmental harm than if they were permitted to continue in their present state, and (2) its application will constitute a taking of private property without just compensation in violation of the fifth and tenth amendments.

Section 715.13(b) is claimed to arbitrarily place the burden on operators to determine and remedy existing, nonconforming conditions and require restoration of the land to a higher use, contrary to section 515(b)(2) of the Act and in violation of the fifth and tenth amendments. The criteria contained in § 715.13(d) are challenged as being broader than those contained in section 515(c) of the Act and, therefore, are arbitrary and capricious. Similarly, the standards in § 715.14 (a), (b), and (c) are alleged to be contrary to the intent of the Act because these standards prevent compliance with sections 515(b)(3) and 515(d)(2) of the Act. Section 715.15(a)(9) is opposed on the grounds that it is expressly contrary to section 515(b)(22)(H) of the Act. Amherst asserts that § 715.15(b) is arbitrary and capricious because it imposes inappropriate limitations on surface mining which are without technical justification. It is alleged that § 715.16(a)(1) is outside the scope of the Act as indicated by § 515(b)(5) of the Act and not subject to inclusion in the initial regulatory program. Section 715.16(a)(2) is alleged to be contrary to the intent of the Act because it should only apply to prime farmlands. Sec-

tions 715.17, 715.17(a), 715.17(b), 715.17(c), and 715.17(e) are alleged to be contrary to § 515(b)(10) of the Act as exceeding the scope of that section of the Act. Likewise, §§ 715.17(d)(3), 715.17(e)(8), 715.17(f), 715.17(i), and 715.17(n) are asserted to be contrary to express provisions of the Act. Sections 715.17(l) and 715.19 are alleged to be incompatible and contrary to the provisions of § 515(b) (17) and (18) and section 515(b)(15) of the Act, respectively.

It is suggested that § 716.7 is outside the scope of the Act's authority to impose a prime Farmland standard during the initial regulatory period.

Section 717.11 et seq. is alleged to be void because it was promulgated without notice and an opportunity to comment as required by § 501 of the Act.

Sections 721.12, 721.13, and 721.14 are said to violate the fourth and fifth amendments to the Constitution.

Sections 722.11 (c) and (d) and 722.13 are opposed on the grounds that they are in direct conflict with § 521(a)(2) of the Act. Similarly, §§ 722.12(d) and 722.15(a) are alleged to be in direct conflict with §§ 521(a)(3) and 521(a)(5) of the Act, respectively. Sections 722.14, 722.16(d)(2), and 722.17 are alleged to be in violation of the fifth amendment.

It is contended that § 723.1 et seq. violates the fifth amendment and the penalty provisions of § 518 of the Act.

Amherst generally alleges that the rules are void because: (1) they violate the tenth amendment and Congress finding that the primary governmental responsibility for surface mining rules should rest with the States; (2) they were promulgated pursuant to an invalid delegation of the legislative function; and (3) they were promulgated without preparation of an economic impact statement, to the extent the rules set forth a regulatory procedure other than an interim regulatory program.

Peabody Coal Co. suggests changes in areas relating to land reclamation, use of explosives, and hydrologic functions.

In the land reclamation area, Peabody identifies five problems: Lands disturbed prior to the effective date of the regulations, post-mining productivity of reclaimed lands, mulch, revegetation to prevent erosion, and prime farmland grandfather rights.

For the disturbed lands problem, Peabody suggests that § 715.16 be revised by adding a new subsection stating that the requirements of that section shall not apply to land disturbed prior to the effective date of the regulations. For post-mining productivity, Peabody suggests that § 715.13(b) and 25 CFR 177.104(b) be amended to exclude any reference to improper management as a basis for determining the

premining use of land. Peabody argues that the mulching requirement in § 715.20(d) is overly broad and therefore should be revised to provide that mulch will be used in regraded and topsoiled areas only where it will assist revegetation by controlling erosion, and where used, mulch will be anchored to the soil surface where appropriate to ensure effective protection of the soil and vegetation. Peabody alleges there is no authority in the Act requiring stable soil surfaces to be obtained in reclamation in areas where the soil is not by nature stable nor is there statutory authority for prohibiting mining in those areas, which would be the effect that such a requirement would have. Therefore, Peabody requests that 30 CFR 715.20(a)(2) and 25 CFR 177.110(a)(2) be amended to provide that vegetative cover shall be capable of stabilizing the soil surface with respect to erosion only where practical under natural climate and soil conditions existing in the area to be reclaimed. Peabody claims that § 716.7(a)(2) of the regulations ignores the statutory grandfather exemption for existing surface mining operations. As a result, it proposes deleting § 716.7(a)(2) (i) and (ii) and putting in a new subsection which would state that permit renewals or revisions shall only include those areas that are contiguous to and a normal extension of mining operations covered by a permit or mining plan approved prior to August 3, 1977.

For explosives use, Peabody suggests changes in distance and airblast limitations, and blasting personnel requirements. Peabody maintains the distance limitations are contrary to the Act and would propose to revise § 715.19(e)(1)(vii) to provide distances of 300, 100 and 500 feet in (A), (B), and (C), respectively, and allow for lesser distances as approved by the regulatory authority upon a demonstration of no probable harm to persons or property. Peabody also suggests amending § 715.19(e)(1)(vi) to allow a 136 decibel linear-peak at any occupied man-made dwelling or structure located within one-half mile of the permit area. Peabody asserts this change is necessary because recent literature on airblast damage only supports a finding that 136 decibels is the lowest level at which the possibility of damage to persons or property exists. Lower levels, it is asserted, only result in subjective complaints of annoyance. Finally, Peabody suggests: (1) that § 715.19(a)(3)(v) be revised to require blasting personnel to have obtained a certificate of completion of training and qualification where required and made available by State law or the regulatory authority; (2) that § 715.19(a)(3)(ii) be amended by deleting the "mature judgment" provision; and (3) that § 715.19(a)(3) be revised to

provide a more definite statement to cover only those persons who actually use or handle explosives or detonators and to be consistent with MESA regulations. In this regard, Peabody suggests that § 715.19(a)(3) be entirely deleted because the section may be construed as contradictory to MESA regulations governing the same area and, in event of an overlap or contradiction, the Act requires that no OSM regulation may supersede, modify or repeal any employee safety regulations adopted by MESA.

For hydrologic functions, Peabody first suggests that the requirement in § 715.17(a) that effluent limitations must be satisfied until revegetation requirements of § 715.20 have been met is arbitrary and a sharp departure from EPA water pollution control requirements. As a result, Peabody proposes that OSM work with EPA to establish realistic effluent limits for the revegetation process. Next, Peabody argues that the provisions in §§ 715.17(a) and 717.17(a), and in 25 CFR 177.108(a) requiring treatment of alkaline water for manganese is in contrast to EPA water pollution control rules and available literature. Peabody suggests that OSM should at least eliminate control of manganese in alkaline waters when downstream testing shows that the limitation is met before the water is drawn off for residential or commercial use. Peabody also requests that, if existing sedimentation ponds must comply with new design criteria and if the present manganese requirements are retained, OSM establish a date for compliance for the construction of manganese neutralization facilities that realistically comports with the establishment of its final sedimentation pond requirements. Lastly, Peabody seeks to eliminate the prohibition against impounding waste material in dams or having used waste as dam material prior to the compliance date of May 3, 1978. It is Peabody's position that there is no provision in the Act prohibiting the impoundment of waste by dams and that there is also no statutory authority which would allow OSM to require conformance of existing structures to the general performance standards contained in section 515 of the Act. Therefore, Peabody would amend §§ 715.18 and 717.18, and 25 CFR 177.109 to provide that no waste material should be used in dams constructed after May 3, 1978, without the approval of the regulatory authority.

In regard to the petitions submitted by Amherst Coal Company, et al., and Peabody Coal Co., interested persons and petitioners should note and consider the amendments to §§ 715.17 (c) and (e), and 717.17 (c) and (e) promulgated February 27, 1978 as interim final rules. (43 FR 8090, 8091-93.)

These petitions are being considered under the authority of section 201(g) of the Act and 30 CFR 700.12 of the rules and regulations of the Office of Surface Mining Reclamation and Enforcement.

It should also be understood, however, that the opportunity to submit and comment on petitions does not affect or defer the finality of the rules or their amendments during the petitioning process.

Comments should include relevant data for affected mines and should be addressed to the specific issues raised. At the close of the comment period, a determination will be made regarding the necessity of conducting a further investigation or holding a public hearing. However, it is anticipated that the comments will provide a sufficient basis for a final decision on these petitions, which will be made shortly after the close of the comment period.

Dated: March 20, 1978.

WALTER N. HEINE,
Director, Office of Surface
Mining Reclamation and En-
forcement.

**INTERNATIONAL TRADE
COMMISSION**

[TA-201-33]

BICYCLE TIRES AND TUBES

Investigation and Hearing

Investigation instituted. Following receipt of a petition of March 2, 1978, filed on behalf of Carlisle Tire and Rubber Co., Division of Carlisle Corp., Carlisle, Pa., the United States International Trade Commission on March 16, 1978, instituted an investigation under section 201(b) of the Trade Act of 1974 to determine whether pneumatic bicycle tires, provided for in item 772.48 of the Tariff Schedules of the United States (TSUS), or tubes for bicycle tires, provided for in TSUS item 772.57, are being imported into the United States in such increased quantities as to be a substantial cause of serious injury, or the threat thereof, to the domestic industry producing articles like or directly competitive with the imported articles.

Public hearing ordered. A public hearing in connection with this investigation will be held in Washington, D.C., at 9:30 a.m., e.d.t., on Tuesday, June 6, 1978, in the Hearing Room, U.S. International Trade Commission Building, 701 E Street, NW. Requests for appearances at the hearing should be received in writing by the Secretary of the Commission at his office in Washington not later than noon, Wednesday, May 31, 1978.

There will be a prehearing conference in connection with this investigation which will be held in Washington, D.C., at 9:30 a.m., e.d.t., on Wednesday, May 31, 1978, in Room 117, U.S. International Trade Commission Building, 701 E Street, NW.

Inspection of petition. The petition filed in this case is available for public inspection at the Office of the Secretary, U.S. International Trade Commission, and at the New York City Office of the U.S. International Trade Commission, located at 6 World Trade Center.

Issued: March 17, 1978.

By order of the Commission:

KENNETH R. MASON,
Secretary.

[Investigation No. 337-TA-45]

CERTAIN COMBINATION LOCKS

Continuance of Preliminary Conference

Notice is hereby given that the Preliminary Conference in this matter previously scheduled for March 14, 1978 is continued until March 30, 1978 at 10 a.m., in the ALJ Hearing Room, Room 610, Bicentennial Building, 600 E Street NW., Washington, D.C. Notice of this Preliminary Conference was first made in the Notice of Consolidated Preliminary Conference issued March 3, 1978 and published in the FEDERAL REGISTER at 43 FR 9541. The purpose of this preliminary conference is to establish a discovery schedule, to discuss the procedures to be followed in pursuing such discovery, to set the dates for the Prehearing Conference and Temporary Relief Hearing, and to resolve any other matters necessary to the conduct of this investigation.

If any questions should arise not covered by these instructions, the parties or their counsel shall call the chambers of the undersigned Presiding Officer.

The Secretary shall serve a copy of this notice upon parties of record and shall publish this notice in the FEDERAL REGISTER.

Issued: March 17, 1978.

JUDGE DONALD K. DUVAL,
Presiding Officer.

[7020-02]

[337-TA-35]

CERTAIN MOLDED GOLF BALLS

**Notice and Order Concerning Procedure for
Commission Action**

Notice is hereby given that on February 10, 1978, the Presiding Officer in

investigation No. 337-TA-35 (Certain Molded Golf Balls), an investigation being conducted by the United States International Trade Commission under the authority of section 337 of the Tariff Act of 1930, issued his recommended determination that:

1. The Commission determine that there is a violation of section 337 in the importation or sale in the United States of certain molded golf balls meeting the claims of U.S. Letters Patent 3,313,545; and, further

2. The Commission grant complainant's and the investigative staff's motion for summary determination (Motion Docket No. 35-3) under Commission rule 210.50 on all issues; and, further

3. The Commission dismiss certain enumerated respondents in the investigation for the reason that they have not been shown to be involved in the manufacture, importation or sale of infringing products.

An addendum to the recommended determination removing certain respondents, who had inadvertently been included with other enumerated respondents not shown to be involved in the manufacture, importation or sale of molded golf balls in violation of section 337, was issued by the Presiding Officer on February 23, 1978. The Presiding Officer has certified the evidentiary record to the Commission for its consideration. Copies of the Presiding Officer's recommended determination and the addendum to the recommended determination may be obtained by interested persons by contacting the Office of the Secretary to the Commission, 701 E Street, NW., Washington, D.C. 20436, telephone 202-523-0161.

Requests for oral argument and oral presentation. At present, no oral argument is planned with respect to the recommended determination of the presiding officer concerning whether, in this matter, there is a violation of section 337 of the Tariff Act of 1930. Similarly, no oral presentation is planned with respect to the subject matter of section 210.14(a) of the Commission's Rules of Practice and Procedure (19 CFR §210.14(a)) concerning relief, bonding and the public interest factors set forth in sections 337(d) and (f) of the Tariff Act of 1930, as amended (19 U.S.C. 1337), which the Commission is to consider in the event it determines that there should be relief. However, the Commission will consider requests for an oral argument or an oral presentation if received by the Secretary of the Commission not later than April 21, 1978.

Written submissions from the parties, other interested persons, Government agencies and departments, Governments or the public with respect to the recommended determination and

the subject matter of subsections (a)(1), and (a)(2), and (a)(3) of §210.14 of the Commission's Rules of Practice and Procedure (19 CFR 210.14(a) (1), (2), and (3)) (i.e., with respect to remedy, bonding, and the public interest) will be considered by the Commission if received not later than May 8, 1978.

Notice of the Commission's institution of the investigation was published in the FEDERAL REGISTER of July 6, 1977 (42 FR 34558).

Issued March 17, 1978.

By order of the Commission:

KENNETH R. MASON,
Secretary.

[FR Doc. 78-7590 Filed 3-21-78; 8:45 am]

[7020-02]

[Investigation 337-TA-3]

DOXYCYCLINE

Preliminary Conference

Notice is hereby given that a Preliminary Conference will be held in connection with the above styled investigation at 10 a.m. on Thursday, April 6, 1978 in Room 610 Bicentennial Building, 600 E Street NW., Washington, D.C. Notice of this investigation was published in the FEDERAL REGISTER on February 21, 1978 (43 FR 7273). The purposes of this preliminary conference are to hear oral arguments on any pending motions, to define the issues, to establish a discovery schedule, and to resolve any other matters necessary to the conduct of this investigation.

If any questions should arise not covered by these instructions, the parties or their counsel shall call the chambers of the undersigned Presiding Officer.

The Secretary shall serve a copy of this Notice upon all parties of record and shall publish it in the FEDERAL REGISTER.

Issued March 17, 1978.

JUDGE DONALD K. DUVALL,
Presiding Officer.

[4410-01]

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. 77-29]

ALFRED TENNYSON SMURTHWAITE, N.D.

Revocation of Registration

On August 16, 1977, the Administrator of the Drug Enforcement Administration (DEA) directed to Alfred Tennyson Smurthwaite, N.D. (Respondent), an Order to Show Cause propos-

ing to revoke the Respondent's DEA Certificate of Registration for reason that on August 5, 1977, in the U.S. District Court for the District of Utah, he was convicted of 11 counts of violating 21 U.S.C. 841(a)(1), felony offenses relating to controlled substances. The Respondent, through counsel, requested a hearing on the issues raised by the Order to Show Cause.

During the pendency of pre-hearing proceedings before the Administrative Law Judge, counsel for the Government advised the Administrative Law Judge and opposing counsel that the Government had been advised of the revocation of Respondent's license to practice Naturopathy in the State of Utah and that it was the Government's intention to assert this additional cause as a basis for revocation of the Respondent's DEA registration. Urging that revocation of a registrant's State license is an uncontestable ground for revocation of a DEA registration, counsel for the Government filed with the Administrative Law Judge, and served on Respondent's counsel, a motion for termination in the nature of a motion for summary judgment. This motion was not opposed by the Respondent and, on February 17, 1978, the Administrative Law Judge terminated all proceedings in this matter then pending before him and referred this record to the Administrator.

Pursuant to 21 CFR 1316.66, the Administrator hereby publishes his Final Order in this matter based upon the following findings of fact and conclusions of law.

On December 1, 1977, the Director of the Department of Registration of the State of Utah revoked the Respondent's license to practice as a Naturopathic Physician and Surgeon in the State of Utah. Pursuant to Sections 58-12-36 and 58-37-6, Utah Code Annotated, the Respondent's authorization to dispense, administer, and prescribe controlled substances was revoked and canceled upon revocation of his license to practice as a Naturopathic Physician and Surgeon.

State authorization to handle controlled substances is a prerequisite to the issuance and retention of a Federal controlled substances registration. 21 U.S.C. 823, 824(a)(3). For this reason, and for further reason that the Respondent stands convicted of felony violations of the Controlled Substances Act, it is the Administrator's decision that the Respondent's DEA registration must be revoked.

Accordingly, pursuant to the authority vested in the Attorney General, and redelegated to the Administrator of the Drug Enforcement Administration, the Administrator hereby orders that the DEA Certificate of Registration of Alfred Tennyson Smurthwaite, N.D. (AS3130337), be, and it hereby is, revoked, effective immediately.

Dated: March 15, 1978.

PETER B. BENSINGER,
Administrator,
Drug Enforcement Administration.

Law Enforcement Assistance Administration
NATIONAL INSTITUTE OF LAW ENFORCEMENT
AND CRIMINAL JUSTICE

Competitive Research Grant; Solicitation

The National Institute of Law Enforcement and Criminal Justice announces a competitive research grant to analyze the rate of and reasons for dismissals of criminal cases in a nationwide sample of jurisdictions. The goal of the project is to provide insight into the reasons for the seemingly high attrition rate of criminal cases and to analyze the effect the attrition rate has on the criminal justice system.

The solicitation asks for the submission of full proposals. In order to be considered all proposals must be post-marked no later than May 31, 1978. The project is scheduled to run for 17 months; the funding level will be approximately \$250,000. Please be advised, however, that LEAA policy stipulates that profitmaking organizations are not eligible for National Institute grants.

Copies of the solicitation and additional information can be obtained by contacting:

Robert R. Duncan, Adjudication Division,
NILECJ, 633 Indiana Avenue NW., Wash-
ington, D.C. 20531, 202-376-3860.

BLAIR EWING,
Deputy Director, NILECJ.

[FR Doc. 78-7464 Filed 3-21-78; 8:45 am]

[4410-18]

NATIONAL INSTITUTE OF LAW ENFORCEMENT
AND CRIMINAL JUSTICE

Solicitation

The National Institute of Law Enforcement and Criminal Justice announces a competitive research grant program for two studies of criminal sentencing practices. For the first study, proposals are being solicited for an examination of the impact of sentencing guidelines on the courts' local discretionary system. The grant for this research will be awarded in August 1978 with funding support not to exceed \$250,000 for an 18 month study. For the second study, proposals are being solicited to examine the conceptual and measurement issues involved in comparing two different sentencing approaches, sentencing guidelines and determinate sentencing. The grant for this research will be awarded

in October 1978 with funding support not to exceed \$100,000 for a 12 month study.

Formal applications will be requested following a peer review process in accordance with the criteria set forth in this solicitation. In order to be considered, all proposals must be post-marked no later than May 31, 1978. Because this is a research grant program, profitmaking organizations are prohibited by LEAA policy from receiving funding support.

Further information and copies of the solicitation can be obtained by contacting: Director, Adjudication Division, Office of Research Programs, NILECJ, 633 Indiana Avenue, NW., Washington, D.C. 20531 202-376-3860.

BLAIR EWING,
Acting Director, NILECJ.

NATIONAL ADVISORY COMMITTEE ON OCEANS AND ATMOSPHERE

Meeting

MARCH 20, 1978.

Pursuant to sec. 10(a)(2) of the Federal Advisory Committee Act, 5 U.S.C. App I (Supp V, 1975), notice is hereby given that the National Advisory Committee on Oceans and Atmosphere (NACOA) will hold a meeting Monday and Tuesday, April 10-11, 1978. These sessions will be open to the public and will be held in Room 416 of Page Building No. 1, 2001 Wisconsin Avenue NW., Washington, D.C., beginning at 9 a.m. on both days.

The Committee, consisting of 18 non-Federal members, appointed by the President from State and local governments, industry, science, and other appropriate areas, was established by Congress by Pub. L. 95-63, on July 5, 1977. Its duties are to: (1) Undertake a continuing review, on a selective basis, of national ocean policy, coastal zone management, and the status of the marine and atmospheric science and service programs of the United States; (2) advise the Secretary of Commerce with respect to the carrying out of the programs administered by the National Oceanic and Atmospheric Administration; and (3) submit an annual report to the President and to the Congress setting forth an assessment, on a selective basis, of the status of the Nation's marine and atmospheric activities, and submit such other reports as may from time to time be requested by the President or the Congress.

The agenda will include the following topics:

APRIL 10, 1978

0900—NACOA work plan and guidelines—Chairman.

1030—Working groups: Policy, planning, and organization, Mr. Marne Dubs, discussion leader; Atmosphere and climate, Dr. Werner Baum, discussion leader; Ocean R. & D., Dr. John Knauss, discussion leader; Ocean management and use, Dr. Evelyn Murphy, discussion leader.

1200—Lunch.

1300—Working groups (continued).

1700—Adjourn.

APRIL 11, 1978

0900—Working groups (continued).

1030—Plenary session: Reports of working groups; plans for the future.

1200—Lunch.

1300—Plenary session (continued).

1600—Adjourn.

DOUGLAS L. BROOKS,
Executive Director.

[FR Doc. 78-7784 Filed 3-21-78; 8:45 am]

[4110-02]

NATIONAL ADVISORY COUNCIL ON INDIAN EDUCATION

MEETING

AGENCY: National Advisory Council on Indian Education.

ACTION: Notice.

SUMMARY: The notice sets forth the schedule and proposed agenda of the forthcoming meeting of the National Advisory Council on Indian Education. It also describes the functions of the Council. Notice of these meetings is required under the Federal Advisory Committee Act (5 U.S.C. Appendix I, section 10(a)(2)). This document is intended to notify the general public of their opportunity to attend.

DATES: Full Council Meeting: April 7 and 8, 1978, 8:30 a.m. to 5 p.m. Closed and April 9, 1978, 8:30 a.m. to 3 p.m. Closed.

ADDRESS: Suite 326, 425 13th Street NW., Washington, D.C. 20004.

FOR FURTHER INFORMATION CONTACT:

Stuart A. Tonemah, Executive Director, National Advisory Council on Indian Education, Suite 326, 425 13th Street NW., Washington, D.C. 20004, 202-376-8882.

The National Advisory Council on Indian Education is established under section 442 of the Indian Education Act, title IV of Pub. L. 92-318 (20 U.S.C. 1231g).

The Council is directed to:

(1) Submit to the Commissioner of Education a list of nominees for the position of Deputy Commissioner of the Office of Indian Education/OE;

(2) Advise the Commissioner of Education with respect to the administration (including the development of regulations and of administrative practices and policies) of any program in which Indian children or adults participate from which they can benefit, including title III of the Act of September 30,

1950 (Pub. L. 81-874) and section 810, title VIII of the Elementary and Secondary Education Act of 1965 (as added by title IV of Pub. L. 92-318 and amended by Pub. L. 93-380), and with respect to adequate funding thereof;

(3) Review applications for assistance under title III of the Act of September 30, 1950 (Pub. L. 81-874), section 810 of title VIII of the Elementary and Secondary Education Act of 1965 as amended and section 314 of the Adult Education Act (as added by title IV of Pub. L. 92-318), and make recommendations to the Commissioner with respect to their approval;

(4) Evaluate programs and projects carried out under any program of the Department of Health, Education, and Welfare in which Indian children or adults can participate or from which they can benefit, and disseminate the results of such evaluations;

(5) Provide technical assistance to local educational agencies and to Indian educational agencies, institutions, and organizations to assist them in improving the education of Indian children;

(6) Assist the Commissioner of Education in developing criteria and regulations for the administration and evaluation of grants made under section 303(b) of the Act of September 30, 1950 (Pub. L. 81-874) as added by title IV, part A, of Pub. L. 92-318;

(7) Submit to Congress not later than June 30 of each year a report on its activities, which shall include any recommendations it may deem necessary for the improvement of Federal education programs in which Indian children and adults participate, or from which they can benefit, which report shall include a statement of the Council's recommendations to the Commissioner with respect to the funding of any such program; and

(8) Be consulted by the Commissioner of Education regarding the definition of the term "Indian," as follows:

Sec. 453 (title IV, Pub. L. 92-318). For the purpose of this title, the term "Indian" means any individual who (1) is a member of a tribe, band, or other organized group of Indians, including those tribes, bands, or groups terminated since 1940 and those recognized now or in the future by the State in which they reside, or who is a descendant, in the first or second degree, of any such member, or (2) is considered by the Secretary of the Interior to be an Indian for any purpose, or (3) is an Eskimo or Aleut or other Alaska Native, or (4) is determined to be an Indian under regulations promulgated by the Commissioner, after consultation with the National Advisory Council on Indian Education, which regulations shall further define the term "Indian."

The April 7-9, 1978, meeting of the National Advisory Council on Indian Education shall be closed to the public, since the Council members will be reviewing proposals that must be held in confidence, under the authority of section 10(d) of the Federal Advisory Committee Act (5 U.S.C. Appendix I) and under the exemptions contained in the Government in the Sunshine Act, section 552(b)(4) and (6) of title 5 U.S.C.

The proposed agenda includes:

(1) Review the Indian Education Act proposals submitted under Parts B, C, and part A (Non-LEAs) (title IV, Pub. L. 92-318) and under sections 422(a) and 423(a) of the Act, as added by Pub. L. 93-380.

(2) Recommendations to the Commissioner with respect to their approval.

Records shall be kept of all Council proceedings and shall be available 14 days after the meeting to the public at the office of the National Advisory Council on Indian Education located at 425 13th Street NW., Washington, D.C. 20004.

Dated signed: Washington, D.C., March 17, 1978.

STUART A. TONEMAH,
Executive Director, National Advisory Council on Indian Education.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-293]

BOSTON EDISON CO.

Issuance of Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 30 to Facility Operating License No. DPR-35, issued to Boston Edison Co. (the licensee), which revised the Technical Specifications for operation of the Pilgrim Nuclear Power Station (the facility) located near Plymouth, Mass. The amendment is effective as of its date of issuance.

The amendment consists of administrative changes to the Technical Specifications to: (1) delete the requirement for an Annual Operating Report, while retaining the specific requirement for an Annual Report of Occupational Exposure, (2) modify the submittal date for the Monthly Operating Report to the 15th instead of the 10th of the month following the calendar month covered by the report, (3) incorporate editorial and administrative items relating to previous errors, title changes, and deletion of completed items, and (4) delete the Respiratory Protection Program based on your compliance with 10 CFR 20.103 since this item is now covered by 10 CFR 20.103 of Part 20 of the Commission's regulations.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated October 28, 1977, (2) Amendment No. 30 to License No. DPR-35, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., and at the Plymouth Public Library on North Street in Plymouth, Mass. 02360. A single copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Md., this 9th day of March 1978.

For the Nuclear Regulatory Commission.

DENNIS L. ZIEMANN,
*Chief, Operating Reactors
Branch No. 2, Division of Operating Reactors.*

[FR Doc. 78-7526 Filed 3-21-78; 8:45 am]

[7590-01]

[Docket No. 502-55]

CONSUMERS POWER CO.

Issuance of Amendment to Provisional Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 37 to Provisional Operating License No. DPR-20, issued to Consumers Power Co., (the licensee), which revised Technical Specifications for operation of the Palisades Plant, (the facility) located in Covert Township, Van Buren County, MI. The amendment is effective as of its date of issuance.

The amendment incorporates fire protection Technical Specifications on the existing fire protection equipment and adds administrative controls related to fire protection at the facility. This action is being taken pending completion of the Commission's overall fire protection review of the facility.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are

set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated March 31, 1977, as supplemented December 15, 1977, (2) Amendment No. 37 to License No. DPR-20, and (3) the Commission's related Safety Evaluation dated November 25, 1977. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Md., this 1st day of March 1978.

For the Nuclear Regulatory Commission.

[7590-01]

[Docket No. 50-320]

METROPOLITAN EDISON CO., ET AL.

Three Mile Island Nuclear Station, Unit 2 Issuance of Amendment to Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment 2 to Facility Operating License No. DPR-73, issued to the Metropolitan Edison Co., Jersey Central Power & Light Co., and Pennsylvania Electric Co., for operating of the Three Mile Island Nuclear Station, Unit 2 (the facility), located in Dauphin County, Pa. The amendment is effective as of its date of issuance.

The license is amended by deleting certain conditions which have been satisfied, by requiring implementation of features to improve the capability of the fire protection system, and by correcting errata in and completing certain Technical Specifications.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are

set forth in the license amendment. This amendment removes certain temporary restrictions on operating at full rated power which were conditions to the Facility Operating License No. DPR-73, issuance of which was covered by the Notice of Issuance published in the FEDERAL REGISTER on February 17, 1978 (43 FR 7073).

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51(d)(4), and environmental statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) Amendment No. 2 to Facility Operating License No. DPR-73, and (2) the Commission's related safety evaluation supporting Amendment No. 2 to Facility Operating License No. DPR-73. These items are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., and at the State Library of Pennsylvania, Commonwealth and Walnut Streets, Harrisburg, Pa. 17126. A copy of items (1) and (2) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Project Management.

Dated at Bethesda, Md., this 10th day of March 1978.

For the Nuclear Regulatory Commission.

CARL STAHLER,

Acting Chief, Light Water Reactors Branch 4, Division of Project Management.

ATOMIC SAFETY AND LICENSING APPEALS BOARDS

Reviews of Decisions and Actions; Order

Pursuant to 10 CFR 2.786(b)(5), the Commission extends the time for consideration of all pending or hereafter filed petitions for review of decisions or actions by an Atomic Safety and Licensing Appeal Board. Any such petition properly filed in accordance with 10 CFR 2.786 shall not be deemed denied until April 21, 1978, or until twenty (20) days after it is filed, whichever is later. The time in which the Commission may, pursuant to 10 CFR 2.786(a), review on its own motion any decision or action of an Atomic Safety and Licensing Appeal Board presently subject to such review or hereafter issued is hereby extended until April 21, 1978, or thirty (30) days after the date of the decision, which-

ever is later. The time in which the Commission may, pursuant to 10 CFR 2.206(c), review on its own motion any denial of enforcement action by an Office Director presently subject to such review or hereafter issued is hereby extended until April 21, 1978, or twenty (20) days after such denial, whichever is later.

It is so ordered.¹

Dated at Washington, D.C., this 16th day of March 1978.

For the Commission.

SAMUEL J. CHILK,
Secretary of the Commission.

[Docket No. 50-245]

NORTHEAST NUCLEAR ENERGY CO., ET AL.

Issuance of Amendment to Provisional Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 46 to Provisional Operating License No. DPR-21, issued to Northeast Nuclear Energy Co., the Hartford Electric Light Co., Western Massachusetts Electric Co., and Connecticut Light & Power Co. (the licensees), which revised Technical Specifications for operation of the Millstone Nuclear Power Station, Unit No. 1 (the facility) located in Waterford, Conn. The amendment is effective as of its date of issuance.

The amendment revised the Technical Specifications for the facility to allow the core spray system to be out of service whenever compensating requirements are satisfied.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant envi-

¹This Order was approved at a public Commission meeting on March 16, 1978. Three Commissioners voted in this matter: Acting Chairman Glinesky and Commissioner Bradford were physically present in the Commissioners' Conference Room at 1717 H Street, and Dr. Hendrie, who is currently hospitalized, participated via a conference telephone connection. Commissioner Kennedy, although not present, had previously been given the substance of this Order and had indicated his agreement with its intent.

ronmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated February 1, 1978, and supplement thereto dated February 21, 1978, (2) Amendment No. 46 to License No. DPR-21, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., and at the Waterford Public Library, Rope Ferry Road, Route 156, Waterford, Conn. 06385. A single copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Md., this 10th day of March 1978.

For the Nuclear Regulatory Commission.

[Docket No. 50-272]

PUBLIC SERVICE ELECTRIC & GAS CO.

Establishment of Atomic Safety and Licensing Board to Rule on Petitions

Pursuant to delegation by the Commission dated December 29, 1972, published in the FEDERAL REGISTER (37 FR 28710) and §§ 2.105, 2.700, 2.702, 2.714, 2.714a, 2.717, and 2.721 of the Commission's Regulations, all as amended, an Atomic Safety and Licensing Board is being established to rule on petitions and/or requests for leave to intervene in the following proceeding:

PUBLIC SERVICE ELECTRIC & GAS CO.

(SALEM NUCLEAR GENERATING STATION, UNIT 1)

Proposed Issuance of Amendment to Facility Operating License No. DPR-70.

This action is in reference to a notice published by the Commission on February 8, 1978, in the FEDERAL REGISTER (43 FR 5443) entitled "Proposed Issuance of Amendment to Facility Operating License".

The Chairman of this Board and his address is as follows:

Gary L. Milhollin, Esq., 1815 Jefferson Street, Madison, Wis. 53711.

The other members of the Board and their addresses are as follows:

Mr. Glenn O. Bright, Atomic Safety and Licensing Board Panel, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555.
Dr. James C. Lamb III, 313 Woodhaven Road, Chapel Hill, N.C. 27514.

Dated at Bethesda, Md., this 16th day of March 1978.

[Docket No. 50-244]

ROCHESTER GAS & ELECTRIC CORP.

Issuance of Amendment to Provisional Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 15 to Provisional Operating License No. DPR-18 issued to Rochester Gas & Electric Corp. which revised Technical Specifications for operation of the R. E. Ginna Plant located in Wayne County, N.Y. The amendment is effective as of the date of issuance.

The amendment incorporates fire protection Technical Specifications on the existing fire protection equipment and adds administrative controls related to fire protection at the facility. This action is being taken pending completion of the Commission's overall fire protection review of the facility.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement, or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated July 19, 1977, as supplemented December 13, 1977, (2) Amendment No. 15 to License No. DPR-61, and (3) the Commission's related Safety Evaluation dated November 25, 1977. All of these items are available for public inspection at the

Commission's Public Document Room, 1717 H Street NW., Washington, D.C., and at the Rochester Public Library, 115 South Avenue, Rochester, N.Y. 14627. A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. Attention: Director, Division of Operating Reactors.

Dated at Bethesda, Md., this 1st day or March 1978.

For the Nuclear Regulatory Commission.

[Docket No. 50-244]

ROCHESTER GAS & ELECTRIC CORP.

Issuance of Amendment to Provisional Operating License

The U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 16 to Provisional Operating License No. DPR-18, issued to Rochester Gas & Electric Corp. (the licensee), which revised Technical Specifications for operation of the R. E. Ginna Plant (facility) located in Wayne County, N.Y. The amendment is effective as of its date of issuance.

The amendment changed the Technical Specifications to:

1. Delete the requirement for an Annual Operating Report, while retaining the specific requirement for an Annual Report of Occupational Exposure,

2. Modify the submittal date for the Monthly Operating Report to the 15th instead of the 10th of the month following the calendar month covered by the report,

3. Delete the Respiratory Protection Program based on your compliance with 10 CFR 20.103 since this item is now included in 10 CFR Part 20 of the Commission's regulations, and

4. Add a shock suppressor (snubber) to the safety-related listing of suppressors in Specification 3.13-1.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment was not required since the amendment does not involve a significant hazards consideration.

The Commission has determined that the issuance of this amendment will not result in any significant environmental impact and that pursuant to 10 CFR 51.5(d)(4) an environmental impact statement or negative declaration and environmental impact appraisal need not be prepared in connection with issuance of this amendment.

For further details with respect to this action, see (1) the application for amendment dated November 28, 1977, (2) Amendment No. 16 to License No. DPR-18, and (3) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C., and at the Rochester Public Library, 115 South Avenue, Rochester, N.Y. 14627.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555. Attention: Director, Division of Operating Reactors.

[7590-01]

ADVISORY COMMITTEE ON REACTOR SAFEGUARDS

Meeting

In accordance with the purposes of sections 29 and 182b of the Atomic Energy Act (42 U.S.C. 2039, 2232b), the Advisory Committee on Reactor Safeguards will hold a meeting on April 6-7, 1978, in Room 1046, 1717 H Street NW., Washington, D.C.

The agenda for the subject meeting will be as follows:

THURSDAY, APRIL 6, 1978

8:30 A.M.-9:15 A.M. EXECUTIVE SESSION (OPEN)

The Committee will hear and discuss the report of the ACRS Chairman regarding miscellaneous matters relating to ACRS activities. The Committee will hear and discuss the report of the ACRS Subcommittee and consultants who may be present regarding the request for an operating license for the Arkansas Nuclear One, unit 2 powerplant. Portions of this session will be closed if necessary to discuss proprietary information applicable to this project.

9:15 A.M.-12:15 A.M. AND 1:15 P.M.-2:15 P.M.
ARKANSAS NUCLEAR ONE, UNIT 2 (OPEN)

The Committee will hear and discuss presentations by representatives of the NRC staff and the applicant related to the request for operation of Arkansas Nuclear

One, unit 2. Portions of this session will be closed if necessary to discuss proprietary information applicable to this matter.

2:15 P.M.-2:45 P.M. EXECUTIVE SESSION (OPEN)

The Committee will discuss the report of its Subcommittee and consultants who may be present regarding the liquid pathway generic study for floating and land-based nuclear powerplants (NUREG-0440). Portions of this session will be closed if required to protect proprietary information regarding this matter.

2:45 P.M.-5 P.M. LIQUID PATHWAY GENERIC STUDY (OPEN)

The Committee will hear and discuss reports of representatives of the NRC staff and offshore power systems regarding the liquid pathway generic study (NUREG-0440) concerning impacts of accidental radioactive releases to the hydrosphere from floating and land-based nuclear powerplants. Portions of this session will be closed if required to discuss proprietary information regarding this matter.

5 P.M.-6:30 P.M. EXECUTIVE SESSION (OPEN)

The Committee will hear and discuss reports of Subcommittees, working groups, and members on a number of generic matters related to reactor safety including review of NRC siting policies and practices, proposed changes in NRC regulatory guides, and NRC procedures for review of proposed operations at increased power levels. This portion of the meeting will be open to the public. The Committee will also discuss its proposed report to the NRC regarding operation of Arkansas Nuclear One, unit 2. This session will be closed to discuss matters involved in an adjudicatory proceeding.

FRIDAY, APRIL 7, 1978

8:30 A.M.-11 A.M. MEETING WITH NRC STAFF (OPEN)

The Committee will hear presentations from and hold discussions with members of the Nuclear Regulatory Commission staff regarding recent licensing actions and operating experience including reports of increased microseismic activity in the vicinity of the Oconee nuclear plant, failure of a burnable poison-rod assembly in the Crystal River nuclear plant and the implementation of ACRS recommendations regarding the Davis-Besse nuclear power station, unit 1. The NRC staff will also report to the ACRS on generic matters related to nuclear powerplant safety including development of criteria for instrumentation to follow the course of a serious accident, and criteria for combination of dynamic loads in the design of nuclear powerplants. The future schedule for ACRS activities and topics proposed for consideration by the Committee will also be discussed.

11 A.M.-11:30 A.M. EXECUTIVE SESSION (OPEN)

The Committee will hear and discuss the report of its Subcommittee and consultants who may be present regarding the request for operation of the McGuire nuclear station, units 1 and 2. Portions of this session will be closed if necessary to discuss proprietary information applicable to this project.

11:30 A.M.-12:30 P.M. AND 1:30 P.M.-4 P.M.: MCGUIRE STATION, UNITS 1 AND 2 (OPEN)

The Committee will hear and discuss reports of representatives of the NRC staff

and the applicant regarding the request for an operating license for the McGuire nuclear station, units 1 and 2. Portions of this session will be closed if necessary to discuss proprietary information applicable to this matter.

4 P.M.-6:30 P.M.: EXECUTIVE SESSION (OPEN/CLOSED)

The Committee will discuss its proposed reports to NRC regarding Arkansas Nuclear One, Unit 2 and the McGuire nuclear station, units 1 and 2. This session will be closed to discuss matters involved in adjudicatory proceedings.

The Committee will discuss reports of its members regarding miscellaneous ACRS activities such as proposed reorganization of ACRS Subcommittees and working groups and the qualifications of candidates proposed for appointment to the Committee. Portions of this session will be closed to discuss material which if released would represent an unwarranted invasion of personal privacy.

Procedures for the conduct of and participation in ACRS meetings were outlined in the FEDERAL REGISTER on October 31, 1977, page 56972. In accordance with these procedures, oral or written statements may be presented by members of the public, recordings will be permitted only during those portions of the meeting when a transcript is being kept, and questions may be asked only by members of the Committee, its consultants, and staff. Persons desiring to make oral statements should notify the ACRS Executive Director as far in advance as practicable so that appropriate arrangements can be made to allow the necessary time during the meeting for such statements.

I have determined in accordance with section 10(d) of Pub. L. 92-463 that it is necessary to close portions of the meeting as noted above to protect proprietary information (5 U.S.C. 552b(c)(4)), to permit discussion of matters involved in adjudicatory proceedings (5 U.S.C. 552b(c)(10)), and to protect information the release of which would represent an unwarranted invasion of personal privacy (5 U.S.C. 552b(c)(6)). Separation of factual information from information considered exempt from disclosure during closed portions of the meeting is not considered practical.

Background information concerning items to be considered during this meeting can be found in documents on file and available for public inspection in the Nuclear Regulatory Commission's Public Document Room, 1717 H Street NW., Washington, D.C. 20555, and in the following public document rooms:

MCGUIRE NUCLEAR STATION UNITS 1 AND 2

Public Library of Charlotte and Mecklenburg County, 310 North Tryon Street, Charlotte, N.C. 28202.

ARKANSAS NUCLEAR ONE, UNIT 2

Arkansas polytechnic college, Russellville, Ark. 72801.

Further information regarding topics to be discussed, whether the meeting has been cancelled or rescheduled, the Chairman's ruling on requests for the opportunity to present oral statements and the time allotted therefor can be obtained by a prepaid telephone call to the ACRS Executive Director, Mr. Raymond F. Fraley, telephone 202-634-1371, between 8:15 a.m. and 5 p.m. e.s.t.

Dated: March 20, 1978.

JOHN C. HOYLE,
Advisory Committee
Management Officer.

SMALL BUSINESS ADMINISTRATION

[License No. 06/06-0175]

SMALL BUSINESS INVESTMENT CAPITAL, INC.

Filing of Application for Approval of a Conflict of Interest Transaction Between Associates

Notice is hereby given, pursuant to §107.1004 of the regulations governing small business investment companies (13 CFR 107.1004 (1977)), by the Small Business Administration (SBA) of a conflict of interest transaction between the Small Business Investment Capital, Inc. (Licensee), 10003 New Benton Highway, Little Rock, Ark. 72203, a Federal Licensee under the Small Business Investment Act of 1958, as amended (the Act) (15 U.S.C. 661 et seq.), and an Associate.

The Licensee was licensed by SBA on March 6, 1975. It is wholly owned by Shur-Valu Stamps, Inc., 10003 New Benton Highway, Little Rock, Ark. 72203, which in turn is owned approximately 45 percent by Affiliated Food Stores, Inc., a cooperative of retail grocers, and 55 percent by present and former members of the cooperative.

It is proposed that the Licensee loan \$150,000 to Mr. Jerry Kelly to build a

new retail grocery store in Wynne, Ark. Mr. Kelly is the son of Norman W. Kelly, who is a Director of the Licensee, Shur-Valu Stamps, Inc., and Affiliated Food Stores, Inc. As such, Jerry Kelly is considered to be an Associate of the Licensee as defined in §107.3(e) of SBA's rules and regulations.

The proposed financing falls within the purview of §107.1004(b)(1) of the regulations and requires a written exemption from SBA. SBA is considering a request for such exemption.

Notice is further given that any person may, not later than April 6, 1978, submit to SBA in writing, comments on the proposed transaction. Any such communication should be addressed to: Associate Administrator for Finance and Investment, Small Business Administration, 1441 L Street NW., Washington, D.C. 20416.

A copy of this Notice shall be published in a newspaper of general circulation in Wynne, Ark. and Little Rock, Ark.

(Catalog of Federal Domestic Assistance Program No. 59.011, Small Business Investment Companies.)

Dated: March 14, 1978.

DEPARTMENT OF STATE

Agency for International Development

[Redelegation of Authority No. 99.1.80, Amdt. No. 1]

AID AFFAIRS OFFICER FOR CARIBBEAN REGIONAL PROGRAMS, BRIDGETOWN, BARBADOS

Redelegation of Authority Regarding Contracting Functions

Pursuant to the authority delegated to me under Redelegation of Authority No. 99.1 (38 FR 12836) from the Assistant Administrator for Program and

Management Services of the Agency for International Development, I hereby amend Redelegation of Authority No. 99.1.80 dated August 19, 1976 (38 FR 27628), as follows:

1. The first paragraph is hereby amended to reflect the following changes:

(a) The last two words in the first paragraph are deleted, i.e. "or approve:".

(b) Subhead 1 is revised to read as follows: "1. U.S. Government contracts, grants, and amendments thereto: *Provided*, That the aggregate amount of each individual contract or grant does not exceed \$50,000 or local currency equivalent."

(c) Subhead 2 is revised to read as follows: "2. Contracts with individuals for the services of the individual alone: *Provided*, That the aggregate amount of each individual contract does not exceed \$100,000 or local currency equivalent."

(d) Subhead 3 is deleted in its entirety.

2. The third paragraph is revised to read as follows: "The authority delegated herein is to be exercised in accordance with regulations, procedures, and policies established or modified and promulgated within AID and is not in derogation of the authority of the Director of the Office of Contract Management to exercise any of the functions herein redelegated."

Except as provided herein, the Redelegation of Authority remains unchanged and continues in full force and effect.

This amendment is effective on the date of signature.

Dated: March 10, 1978.

**Redelegation of Authority Regarding
Contracting Functions**

Pursuant to the authority delegated to me under Redelegation of Authority No. 99.1 (38 FR 12836) from the Assistant Administrator for Program and Management Services of the Agency for International Development, I hereby further amend Redelegation of Authority No. 99.1.37 dated September 26, 1973 (38 FR 27628) as follows:

1. The first paragraph is hereby amended to reflect the following changes:

(a) The last two words in the first paragraph are deleted, i.e. "or approve."

(b) Subhead 1 is revised to read as follows:

"1. U.S. Government contracts, grants, and amendments thereto: *Provided*, That the aggregate amount of each individual contract or grant does not exceed \$100,000 or local currency equivalent."

(c) Subhead 2 is revised to read as follows:

"2. Contracts with individuals for the services of the individual alone: *Provided*, That the aggregate amount of each individual contract does not exceed \$100,000 or local currency equivalent."

(d) Subhead 3 is deleted in its entirety from Amendment No. 1 dated March 9, 1976.

2. The third paragraph is revised to read as follows:

"The authority delegated herein is to be exercised in accordance with reg-

ulations, procedures, and policies established or modified and promulgated within AID and is not in derogation of the authority of the Director of the Office of Contract Management to exercise any of the functions herein re-delegated."

Except as provided herein, the Redelegation of Authority remains unchanged and continues in full force and effect.

This amendment is effective on the date of signature.

Dated: March 10, 1978.

HUGH L. DWELLEY,
Director, Office of
Contract Management.

[Redelegation of Authority No. 99.1.39,
Amdt. No. 2]

MISSION DIRECTOR, USAID, COSTA RICA

**Redelegation of Authority Regarding
Contracting Functions**

Pursuant to the authority delegated to me under Redelegation of Authority No. 99.1 (38 FR 12836) from the Assistant Administrator for Program and Management Services of the Agency for International Development, I hereby further amend Redelegation of Authority No. 99.1.39 dated September 26, 1973 (38 FR 27628) as follows:

1. Delete all references to "AID Affairs Officer" and substitute in lieu thereof "Mission Director."

2. The first paragraph is hereby amended to reflect the following changes:

(a) The last two words in the first paragraph are deleted, i.e. "or approve."

(b) Subhead 1 is revised to read as follows:

"1. U.S. Government contracts, grants, and amendments thereto: *Provided*, That the aggregate amount of each individual contract or grant does not exceed \$100,000 or local currency equivalent."

(c) Subhead 2 is revised to read as follows:

"2. Contracts with individuals for the services of the individual alone: *Provided*, That the aggregate amount of each individual contract does not exceed \$100,000 or local currency equivalent."

(d) Subhead 3 is deleted in its entirety from Amendment No. 1 dated March 9, 1976.

3. The third paragraph is revised to read as follows:

"The authority delegated herein is to be exercised in accordance with regulations, procedures, and policies established or modified and promulgated with AID and is not in derogation of the authority of the Director of the

Office of Contract Management to exercise any of the functions herein re-delegated."

Except as provided herein, the Redelegation of Authority remains unchanged and continues in full force and effect.

This amendment is effective on the date of signature.

Dated: March 10, 1978.

HUGH L. DWELLEY,
Director, Office of
Contract Management.

[Redelegation of Authority No. 99.1.40,
Amdt. No. 2]

**MISSION DIRECTOR, USAID, DOMINICAN
REPUBLIC**

**Redelegation of Authority Regarding
Contracting Functions**

Pursuant to the authority delegated to me under Redelegation of Authority No. 99.1 (38 FR 12836) from the Assistant Administrator for Program and Management Services of the Agency for International Development, I hereby further amend Redelegation of Authority No. 99.1.40 dated September 28, 1973 (38 FR 27628) as follows:

1. The first paragraph is hereby amended to reflect the following changes:

(a) The last two words in the first paragraph are deleted, i.e., "or approve:".

(b) Subhead 1 is revised to read as follows:

"1. U.S. Government contracts, grants, and amendments thereto: *Provided*, That the aggregate amount of each individual contract or grant does not exceed \$100,000 or local currency equivalent."

(c) Subhead 2 is revised to read as follows:

"2. Contracts with individuals for the services of the individual alone: *Provided*, That the aggregate amount of each individual contract does not exceed \$100,000 or local currency equivalent."

(d) Subhead 3 is deleted in its entirety from Amendment No. 1 dated March 9, 1976.

2. The third paragraph is revised to read as follows:

"The authority delegated herein is to be exercised in accordance with regulations, procedures, and policies established or modified and promulgated within AID and is not in derogation of the authority of the Director of the Office of Contract Management to exercise any of the functions herein re-delegated."

Except as provided herein, the Redelegation of Authority remains unchanged and continues in full force and effect.

This amendment is effective on the date of signature.

Dated: March 10, 1978.

SECRETARY OF STATE'S ADVISORY COMMITTEE ON PRIVATE INTERNATIONAL LAW, STUDY GROUP ON HOTELKEEPERS' LIABILITY

Meeting

The meeting of the Study Group on Hotelkeepers' Liability, a subgroup of the Secretary of State's advisory Committee on Private International Law, announced in Vol. 43, No. 35, of the FEDERAL REGISTER of February 21, 1978, has been rescheduled for Wednesday, March 29, 1978, at 10:30 a.m., in room 5519 of the Department of State. Members of the general public may attend up to the limits of the capacity of the meeting room and participate in the discussion subject to instructions of the Chairman.

The Study Group will review the UNIDROIT preliminary Draft Convention on the Hotelkeeper's Contract in its current form and discuss the applicability of the future instrument on the Hotelkeeper's Contract to contracts concluded between tour organizers and hotelkeepers and its relations with the 1970 international Convention on the Travel Contract.

Entrance to the Department of State Building is controlled. Members of the general public should use the C Street entrance, and entry will be facilitated if arrangements are made in advance. It is requested that members of the general public who plan to attend the meeting inform their name, affiliation, and address to Ms. Dorothy Fagan, Office of the Legal Adviser, Department of State, prior to March 29, 1978. The telephone number is area code 202-632-8134.

Dated: March 16, 1978.

RICHARD D. KEARNEY,
Chairman.

[4830-01]

DEPARTMENT OF TREASURY

Internal Revenue Service

TAX RETURN FORMS

Public Hearings and Request for Forms Suggestions

PUBLIC HEARINGS ON FORMS 1040 AND 1040A

As part of its annual forms review process, the Internal Revenue Service will hold public hearings to receive comments and suggestions concerning the individual income tax returns, Form 1040 (and related schedules) and Form 1040A, in four separate cities on Thursday, April 27. The hearings will be held in Columbia, S.C.; Columbus, Ohio; Denver, Colo.; and Des Moines, Iowa, beginning at 10 a.m. local time.

The Service has under consideration recommendations that, if adopted, would require substantial changes in Schedule F (Form 1040). It would therefore be appreciated if farm groups and others who will participate in the hearings at Columbia and Des Moines will give special attention to providing any comments and suggestions they may have on Schedule F.

A person wishing to speak at one of these hearings should write or call the Internal Revenue Service at the address or phone number given below for the city of the particular hearings he or she plans to attend. If IRS is contacted by letter, the letter should be marked "Attention: Public Hearings on Forms" and should give both the return address and telephone number of the person desiring to speak.

The addresses and phone numbers to contact IRS regarding the hearings, as well as the hearing locations, are listed below:

COLUMBIA

Internal Revenue Service, P.O. Box 386, Columbia, S.C. 29202; phone, 803-765-5703.
Hearing location: University of South Carolina, Law School auditorium, Law School Bldg., Green and Main St., Columbia, S.C.

COLUMBUS

Internal Revenue Service, 200 North High St., Columbus, Ohio 43215; phone, 614-469-5707.
Hearing location: Room 305, same address.

DENVER

Internal Revenue Service, 1050 17th St., Denver, Colo. 80202; phone 303-837-5801.
Hearing location: Room 2330, Federal Bldg., 1961 Stout St., Denver, Colo.

DES MOINES

Internal Revenue Service, P.O. Box 1337, Federal Bldg., 210 Walnut St., Des Moines, Iowa 50305; phone, 515-284-4710.
Hearing location: Room 113, same address.

Although not required, it would be helpful to receive a copy of any written comments and suggestions a

speaker may prepare. These should be sent to the appropriate mailing address listed above or may be left with the hearing panel on the day of the hearing.

In order to afford as many speakers as possible a chance to participate, each speaker's remarks will be limited to 10 minutes. Persons who have advised IRS that they wish to speak at the hearings will be notified in advance concerning the approximate time for their scheduled appearance. The last date for submitting requests to speak is April 18. However, if there is time remaining after scheduled speakers have been heard, the remaining time will be offered to persons in attendance not previously scheduled who wish to speak.

The panel for each hearing will be made up of representatives from the District Director's Office concerned and the National Office in Washington, D.C.

REQUEST FOR WRITTEN FORMS SUGGESTIONS

In addition to receiving comments at the public hearings, the Service also desires to receive written comments and suggestions on Forms 1040 and 1040A and all other tax return forms from those persons unable to attend the hearings. These written submissions should be self-explanatory and in sufficient detail to communicate clearly what is being suggested. Careful consideration will be given to all comments and suggestions received. However, individual responses to the submissions will not be made because of the volume of correspondence involved.

In order to meet our work schedule and early printing deadlines, it is requested that written submissions be made on or before May 1, 1978.

Comments and suggestions should be sent to the Chairman, Tax Forms Coordinating Committee, Room 5577, Internal Revenue Service, 1111 Constitution Avenue NW., Washington, D.C. 20224. Further information concerning this notice may be obtained by calling 202-566-6254.

Dated: March 15, 1978.

S. A. WINBORNE,
Acting Assistant Commissioner
(Technical).

6. The Deputy Secretary, the Under Secretary for Monetary Affairs, the Under Secretary, the General Counsel,

and the Assistant Secretaries are authorized to perform any functions the Secretary is authorized to perform. Each of these officials shall perform functions under this authority in his own capacity and under his own title and shall be responsible for referring to the Secretary any matter on which actions should appropriately be taken by the Secretary. Each of these officials will ordinarily perform under this authority only functions which arise out of, relate to, or concern the activities or functions of, or the laws administered by or relating to the bureaus, offices, or other organizational units over which he has supervision. Any action heretofore taken by any of these officials in his own capacity and under his own title is hereby affirmed and ratified as the action of the Secretary.

7. The following officers shall, in the order of succession indicated, act as Secretary of the Treasury in case of the death, resignation, absence, or sickness of the Secretary and other officers succeeding him, until a successor is appointed, or until the absence or sickness shall cease:

- A. Deputy Secretary.
- B. Under Secretary for Monetary Affairs.
- C. Under Secretary.
- D. General Counsel.
- E. Assistant Secretaries, or Deputy Under Secretaries, appointed by the President with Senate confirmation, in the order in which they took the oath of office as Assistant Secretary, or Deputy Under Secretary.

8. Treasury Department Orders No. 190 (Revision 14), July 1, 1977, and No. 250, May 3, 1977 are rescinded effective this date.

Dated: March 16, 1978.

W. MICHAEL BLUMENTHAL,
Secretary of the Treasury.

WATER RESOURCES COUNCIL

FLOODPLAIN MANAGEMENT

Guidelines for Implementing Executive Order No. 11988; Correction

In the FEDERAL REGISTER, of Friday, February 10, 1978 (43 FR 6030), Part VI on page 6031 in the following addition should be inserted as the final item in the Executive Summary and immediately before the Acknowledgment:

THESE GUIDELINES DO NOT INTEND:

- TO PROHIBIT floodplain development in all cases, but rather to create a consistent government policy against such development under most circumstances.

LEO M. EISEL,
Director.

**INTERSTATE COMMERCE
COMMISSION**

Office of Hearings

[Notice No. 616]

ASSIGNMENT OF HEARINGS

MARCH 17, 1978.

Cases assigned for hearing, postponement, cancellation or oral argument appear below and will be published only once. This list contains prospective assignments only and does not include cases previously assigned hearing dates. The hearings will be on the issues as presently reflected in the Official Docket of the Commission. An attempt will be made to publish notices of cancellation of hearings as promptly as possible, but interested parties should take appropriate steps to insure that they are notified of cancellation or postponements of hearings in which they are interested.

- MC 135797 (Sub-No. 73), J. B. Hunt Transport, Inc., is now assigned for hearing May 16, 1978 (1 day) at Kansas City, MO, at a location to be later designated.
- MC 106074 (Sub-No. 48), B. & P. Motor Lines, Inc.; MC 115162 (Sub-No. 394), Poole Truck Line, Inc.; and MC 123407 (Sub-No. 409), Sawyer Transport, Inc., are now assigned for hearing May 17, 1978 (3 days) at Kansas City, MO, at a location to be later designated.
- MC 52460 (Sub-No. 199), Ellex Transportation, Inc.; MC 112822 (Sub-No. 436), Bray Lines, Inc.; MC 114632 (Sub-No. 119), Apple Lines, Inc.; MC 117119 (Sub-No. 654), Willis Shaw Frozen Express, Inc.; MC 117815 (Sub-No. 266), Pulley Freight Lines, Inc.; MC 117954 (Sub-No. 25), H. L. Herrin, Jr., d.b.a. H. L. Herrin Trucking Company; MC 118142 (Sub-No. 155), M. Bruenger & Co., Inc.; MC 119741 (Sub-No. 83), Green Field Transport Company, Inc.; MC 120181 (Sub-No. 7), Main Line Hauling Co., Inc.; MC 134286 (Sub-No. 29), Illini Express, Inc.; MC 134477 (Sub-No. 189), Schanno Transportation, Inc.; MC 134755 (Sub-No. 113), Charter Express, Inc.; MC 139495 (Sub-No. 267), National Carriers, Inc.; MC 140033 (Sub-No. 31), Cox Refrigerated Express, Inc.; MC 143701, William Oberste, Inc. and MC 143702, All Freight Systems, Inc., are now assigned for hearing May 22, 1978 (2 days) at Kansas City, MO, at a location to be later designated.
- MC-F-13304, Becker Corp.—Control and Merger—Royal Transportation, Inc., is now assigned for hearing May 24, 1978 (3 days) at Kansas City, MO, at a location to be later designated.
- MC 143539, Republic Delivery Service, now assigned April 24, 1978, at Washington, DC is postponed to April 26, 1978, at the Offices of the Interstate Commerce Commission, Washington, DC.
- MC 85465 (Sub-No. 62), West Nebraska Express, Inc., now assigned April 5, 1978, at Denver, CO is postponed to May 10, 1978 (3 days), at Denver, CO in a hearing room to be later designated.
- MC 107993 (Sub-No. 58), J. J. Willis Trucking Company, application dismissed.

AB 1 (Sub-No. 62), Chicago, and North Western Transportation Co. abandonment near Conover and Phelps, in Vilas County, WI, now assigned May 8, 1978, at Eagle River, WI is postponed to June 12, 1978 (1 week), at 9:30 a.m. local time, at Eagle River, WI, in a hearing room to be later designated.

- MC 116915 (Sub-No. 42), Eck Miller Transportation Corp., now being assigned May 9, 1978 (1 day), at Omaha, NE, in a hearing room to be later designated.
- MC 48958 (Sub-No. 138), Illinois-California Express, Inc., now being assigned May 10, 1978 (3 days), at Omaha, NE in a hearing room to be later designated.
- MC 143916, McQuade Heavy Hauling, Inc., now being assigned May 15, 1978 (1 week), at Omaha, NE in a hearing room to be later designated.
- MC 142268 (Sub-No. 28), Borski Bulk Transport, Inc., is now assigned for hearing April 19, 1978 (1 day) at Chicago, IL, and will be held in Room 204A, Everett McKinley Dirksen Building, 219 South Dearborn Street.

[7035-01]

[Docket No. AB-6 (Sub-No. 44)]

BURLINGTON NORTHERN, INC.—ABANDONMENT BETWEEN CAMBON AND WEST FRANKFORT, IL

Notice of Findings

Notice is hereby given pursuant to section 1a(6)(a) of the Interstate Commerce Act (49 U.S.C. 1a(6)(a)) that by an order entered on January 19, 1978,

a finding, which is administratively final, was made by the Commission, Review Board Number 5, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission in *Oregon Short Line R. Co.—Abandonment—Goshen*, 354 ICC 76 (1977), the present and future public convenience and necessity permit the abandonment by the Burlington Northern Inc. of the line of railroad between milepost 1.0 near Cambon and milepost 4.99 near West Frankfort on the east end of the line located in Franklin County, IL. A certificate of abandonment will be issued to the Burlington Northern, Inc. based on the above-described finding of abandonment, April 21, 1978, unless within 30 days from the date of publication, the Commission further finds that:

(1) A financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) It is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad.

If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the FEDERAL REGISTER on March 31, 1976, at 41 FR 13691. All interested persons are advised to follow the instructions contained therein as well as the instructions contained in the above-referenced order.

H. G. HOMME, Jr.,
Acting Secretary.

[7035-01]

FOURTH SECTION APPLICATIONS FOR RELIEF

MARCH 17, 1978.

These applications for long- and short-haul relief have been filed with the ICC.

Protests are due at the ICC on or before April 6, 1978.

FSA No. 43519, Western Trunk Line Committee, Agent's No. A-2748, rates on grain and grain products, from, to, and between points in southwestern and western trunk line territories, in Sup. 253 to its tariff 120-L, ICC A-4868, and in other agency and individual lines' tariffs named in the application, to become effective April 12, 1978, and later. Grounds for relief—revised rate structure.

FSA No. 43520, Southwestern Freight Bureau, Agent's No. B-737, rates on hexamethylene diamine solution, from stations in Texas to Waynesboro, Va., in Sup. 11 to its tariff 11-I, ICC 5300, to become effective April 12, 1978. Grounds for relief—market competition.

FSA No. 43521, Traffic Executive Association-Eastern Railroads, Agent's E.R. No. 3067, rates on soda ash, from East St. Louis, Ill., and St. Louis, Mo., to Fairmont, W. Va., in Sup. 305 to its tariff 400-S, ICC C-382, to become effective April 15, 1978. Grounds for relief—water-truck competition.

FSA No. 43522, Traffic Executive Association-Eastern Railroads, Agent's E.R. No. 3066, rates on newsprint paper, from Saint John, N.B., Canada, to stations in Florida, Georgia, and South Carolina, in Sup. 84 to Canadian Freight Association tariff 760, ICC 325, to become effective April 23, 1978. Grounds for relief—water competition.

By the Commission.

H. G. HOMME, Jr.,
Acting Secretary.

[FR Doc. 78-7578 Filed 3-21-78; 8:45 am]

[7035-01]

[Docket No. AB-1 (Sub-No. 52)]

CHICAGO AND NORTH WESTERN TRANSPORTATION CO. ABANDONMENT BETWEEN ROSEMERE AND FOREST JUNCTION IN MANITOWOC AND CALUMET COUNTIES, WI

Findings

Notice is hereby given pursuant to section 1a(6)(a) of the Interstate Commerce Act (49 USC 1a(6)(a)) that by an order entered on October 19, 1977, a finding, which is administratively final, was made by the Administrative Law Judge, stating that, subject to the conditions for the protection of railway employees prescribed by the Commission in *Oregon Short Line R. Co.—Abandonment—Goshen*, 354 ICC 76 (1977), and to the condition that CNW shall give the protestants or any other responsible parties an opportunity to purchase the entire line of railroad sought to be abandoned, or in the alternative that segment of the line between Brillion, WI, and the Wickes

Lumber Center at Forest Junction, WI, for the net salvage value of \$800,000 or \$170,000, respectively, the present and future convenience and necessity permits abandonment by the Chicago and North Western Transportation Co. of its line of railroad from Rosemere, WI, 4,000 feet west of milepost 78.9 to Forest Junction, WI, milepost 105.2, approximately 25.6 miles in length, in Manitowoc and Calumet Counties, WI. A certificate of abandonment will be issued to the Chicago and North Western Transportation Co. based on the above-described finding of Abandonment, April 21, 1978, unless within 30 days from the date of publication, the Commission further finds that:

(1) A financially responsible person (including a government entity) has offered financial assistance (in the form of a rail service continuation payment) to enable the rail service involved to be continued; and

(2) It is likely that such proffered assistance would:

(a) Cover the difference between the revenues which are attributable to such line of railroad and the avoidable cost of providing rail freight service on such line, together with a reasonable return on the value of such line, or

(b) Cover the acquisition cost of all or any portion of such line of railroad.

If the Commission so finds, the issuance of a certificate of abandonment will be postponed for such reasonable time, not to exceed 6 months, as is necessary to enable such person or entity to enter into a binding agreement, with the carrier seeking such abandonment, to provide such assistance or to purchase such line and to provide for the continued operation of rail services over such line. Upon notification to the Commission of the execution of such an assistance or acquisition and operating agreement, the Commission shall postpone the issuance of such a certificate for such period of time as such an agreement (including any extensions or modifications) is in effect. Information and procedures regarding the financial assistance for continued rail service or the acquisition of the involved rail line are contained in the Notice of the Commission entitled "Procedures for Pending Rail Abandonment Cases" published in the FEDERAL REGISTER on March 31, 1976, at 41 FR 13691. All interested persons are advised to follow the instructions contained therein as well as the instructions contained in the above-referenced order.

[7035-01]

[Amendment No. 5]

MIDDLEWEST MOTOR FREIGHT BUREAU—AGREEMENT

Section 5a Application No. 34

MARCH 10, 1978.

The Commission is in receipt of an application in this proceeding for approval of amendments to the approved agreement.

Filed February 8, 1978 by: G. D. Michalson, Midwest Motor Freight Bureau, Attorney in Fact, P.O. Box 647, Kansas City, Mo. 64141; Roland Rice (of Counsel), Suite 501, Perpetual Building, Washington, D.C. 20004.

The amendment involves: Changes in the bylaws and rate and tariff procedure to remove certain restrictions on territorial jurisdiction and to comply with Ex Parte 297, 349 ICC 811 and 351, ICC 437.

The complete application may be inspected at the office of the Commission in Washington, D.C.

Any person desiring to protest and participate in this proceeding shall notify the Commission in writing on or before April 11, 1978. As provided by the general rules of practice of the Commission, persons other than applicants should fully disclose their interest, and the position they intend to take with respect to the application. Otherwise, the Commission, in its discretion, may proceed to investigation and determine the matters involved, without public hearing.

By the Commission.

H. G. HOMME, Jr.,
Acting Secretary.

[FR Doc. 78-7575 Filed 3-21-78; 8:45 am]

[7035-01]

[Amendment No. 7]

NATIONAL BUS TRAFFIC ASSOCIATION, INC.—AGREEMENT

Section 5a Application No. 9

MARCH 10, 1978.

The Commission is in receipt of an application in this proceeding for approval of amendments to the approved agreement.

Filed February 23, 1978, by: P. J. Campbell, National Bus Traffic Association, Inc., 506 South Wabash Avenue, Chicago, Ill. 60605, Attorney in Fact; Drew L. Carraway, John S. Fessenden, John W. McFadden, Jr. (of Counsel), 1600 Wilson Boulevard, Arlington, Va. 22209.

The amendment involves: Revising the articles of association and bylaws or to reflect modification of the corporate organizational structure by creating a new corporate officer, viz. a president who will serve as chief ex-

executive officer of the association. Elimination of the positions of vice chairman, treasurer, and auditor from list of officers described in present bylaws.

The complete application may be inspected at the office of the Commission in Washington, D.C.

Any person desiring to protest and participate in this proceeding shall notify the Commission in writing on or before April 11, 1978. As provided by the general rules of practice of the Commission, persons other than applicants should fully disclose their interest, and the position they intend to take with respect to the application. Otherwise, the Commission, in its discretion, may proceed to investigate and determine the matters involved, without public hearing.

By the Commission.

H. G. HOMME, Jr.,
Acting Secretary.

TRANSPORTATION OF "WASTE" PRODUCTS FOR REUSE OR RECYCLING

Special Certificate Letter Notice(s)

The following letter notices request participation in a special certificate of public convenience and necessity for the transportation of "waste" products for reuse or recycling in furtherance of a recognized pollution control program under the Commission's regulations (49 CFR 1062) promulgated in "Waste" Products, Ex Parte No. MC 85, 124 MCC 583 (1976).

An original and one copy of protests (including protestant's complete argument and evidence) against applicant's participation may be filed with the Interstate Commerce Commission on or before April 11, 1978. A copy must also be served upon applicant or its representative. Protests against the applicant's participation will not operate to stay commencement of the proposed operation.

If the applicant is not otherwise informed by the Commission, operations may commence within 30 days of the date of its notice in the FEDERAL REGISTER, subject to its tariff publication effective date.

P-1-78 (Special certificate—waste products), filed February 10, 1978. Applicant: TMI TRANSPORT CORP., 050 3d Avenue West, Dickinson, ND 58601. Applicant's representative: Gene P. Johnson, P.O. Box 2471, Fargo, ND 58102. Authority sought to operate pursuant to a certificate of public convenience and necessity authorizing operations in interstate or foreign commerce, as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Waste or scrap paper* (except commodities in bulk), for reuse or recycling, between points in the United States (except AK and HI), in furtherance of a recognized pollution control program sponsored by: (1) Diversified Insulation Inc. of Hamel, MN; (2) Thermo-Pac Insulation Mfg. of Fargo, ND; (3) Sun-Tec Industries of Aurora, CO; and (4) Northland Cellulose Insulation Inc. of Valley City, ND, for the purpose of transporting scrap or waste paper and recycling it into cellulose insulation.

P-2-78 (Special certificate—waste products), filed February 16, 1978. Applicant: MURLIN HINTZ, 1435 Second Avenue NE., Valley City, ND 58072. Applicant's representative: Gene P. Johnson, P.O. Box 2471, Fargo, ND 58102. Authority sought to operate pursuant to a certificate of public convenience and necessity authorizing operations in interstate or foreign commerce, as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Waste or scrap newspaper*, for reuse or recycling (except commodities in bulk), from points in MN to Valley

City, ND, in furtherance of a recognized pollution control program sponsored by Northland Cellulose Insulation Inc. of Valley City, ND, for the purpose of transporting waste or scrap newspaper and recycling it into cellulose insulation.

P-3-78 (Special certificate—waste products), filed February 17, 1978. Applicant: MCKAY'S TRUCK LINE, INC., 908 North Pacific Hwy, P.O. Box 634, Albany, OR 97321. Applicant's representative: Lawrence V. Smart, Jr., 419 Northwest 23d Avenue, Portland, OR 97210. Authority sought to operate pursuant to a certificate of public convenience and necessity authorizing operations in interstate or foreign commerce, as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Waste or scrap paper* for recycling or reuse, from points in WA, CA, and ID, to points in OR, in furtherance of a recognized pollution control program sponsored by Western Kraft Paper Group, a division of Willamette Industries, of Albany, OR, for the purpose of recycling waste or scrap paper into useable fiber.

P-4-78 (Special certificate—waste products), filed February 27, 1978. Applicant: MIDWEST OIL TRANSIT, INC., P.O. Box 68123, Indianapolis, IN 46268. Applicant's representative: Willis K. Kunz, 320 North Meridian Street, Indianapolis, IN 46204. Authority sought to operate pursuant to a certificate of public convenience and necessity authorizing operations in interstate or foreign commerce, as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Waste products*, in bulk and in drums, for recycling and reuse, from points in AL, AR, GA, IL, IA, KS, KY, MI, MN, MO, NY, OH, PA, TN, VA, WV, and WI, to Columbus and Indianapolis, IN, in furtherance of a recognized pollution control program sponsored by ILWD, Inc. (formerly Industrial Liquid Waste Disposal, Co.) of Indianapolis, IN, for the purpose of recycling liquid waste products.

P-5-78 (Special certificate—waste products), filed February 27, 1978. Applicant: INDIANA LIQUID TRANSPORT, INC., P.O. Box 168, Columbus, IN 47201. Applicant's representative: Willis K. Kunz, 320 North Meridian Street, Indianapolis, IN 46204. Authority sought to operate pursuant to a certificate of public convenience and necessity authorizing operations in interstate or foreign commerce, as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Waste products*, in bulk and in drums, for recycling and reuse, from points in AL, AR, GA, IL, IA, KS, KY, MI, MN, MO, NY, OH, PA, TN, VA, WV, and WI, to Columbus and Indianapolis, IN, in furtherance of a recognized pollu-

tion control program sponsored by ILWD, Inc. (formerly Industrial Liquid Waste Disposal, Co.) of Indianapolis, IN, for the purpose of recycling liquid waste products.

By the Commission.

H. G. HOMME, Jr.,
Acting Secretary.

[Docket No. AB-149 (Sub-No. 1)]

**WINSTON-SALEM SOUTHBOUND RAILWAY
CO. ABANDONMENT OF A LINE OF RAIL-
ROAD LOCATED IN ANSON COUNTY, NC**

Notice of Findings

Notice is hereby given pursuant to section 1a of the Interstate Commerce Act (49 U.S.C. 1a) that by a Certificate and Order dated March 7, 1978, a finding, which is administratively final, was made by the Commission, Review Board Number 5, stating that, subject

to the conditions for the protection of railway employees prescribed by the Commission in *Oregon Short Line R. Co.—Abandonment—Goshen*, 354 ICC 76 (1977) and further that Winston-Salem Southbound Railway Co. may not exercise the authority granted herein until approval of the pending directly related application in Finance Docket No. 28693 and institution of operation thereunder, the present and future public convenience and necessity permit the abandonment by the Winston-Salem Southbound Railway Co. of a line of railroad known as Winston-Salem Southbound Mainline extending from railroad milepost 87.18 to milepost 88.41, a distance of 1.23 miles in Anson County, NC. A certificate of public convenience and necessity permitting abandonment was issued to the Winston-Salem Southbound Railway Co. Since no investigation was instituted, the requirement of §1121.38(a) of the Regulations that publication of notice of abandonment decisions in the FEDERAL REGISTER be

made only after such a decision becomes administratively final was waived.

Upon receipt by the carrier of an actual offer of financial assistance, the carrier shall make available to the offeror the records, accounts, appraisals, working papers, and other documents used in preparing Exhibit I §1121.45 of the Regulations. Such documents shall be made available during regular business hours at a time and place mutually agreeable to the parties.

The offer must be filed and served no later than 15 days after publication of this Notice. The offer, as filed, shall contain information required pursuant to §1121.38(b) (2) and (3) of the Regulations. If no such offer is received, the certificate of public convenience and necessity authorizing abandonment shall become effective 45 days from the date of this publication.

H. G. HOMME, Jr.,
Acting Secretary.

2

[M-109, Amdt. 4; Mar. 16, 1978]

NOTICE OF DELETION OF ITEMS FROM THE MARCH 16, 1978 AGENDA

CIVIL AERONAUTICS BOARD.

TIME AND DATE: 10 a.m., March 16, 1978.

PLACE: Room 1027, 1825 Connecticut Avenue NW., Washington, D.C. 20428.

SUBJECT: 4a. Boston/Philadelphia/New York/Washington-Puerto Rico/Virgin Islands Service Investigation. 4b. Docket 30697, Caribbean Service Investigation.

STATUS: Open.

PERSON TO CONTACT:

Phyllis T. Kaylor, the Secretary,
202-673-5068.

SUPPLEMENTARY INFORMATION:

The staff requests that Items 4a (Boston/Philadelphia/New York/Washington-Puerto Rico/Virgin Islands Service Investigation) and 4b (Docket 30697, Caribbean Service Investigation) be deleted from the Sunshine Meeting Calendar for March 16, 1978, and be placed on the calendar for March 23. Revisions are required in Item 4a which cannot be completed prior to the March 16 meeting. Since the two items are interrelated and must be considered at the same time, the following Members have voted that agency business requires the deletion of these items from the March 16, 1978, agenda and that no earlier announcement of these deletions was possible:

Chairman, Alfred E. Kahn

Vice Chairman, G. Joseph Minetti
Member, Lee R. West
Member, Richard J. O'Melia
Member, Elizabeth E. Bailey

[M-109, Amdt. 5; Mar. 17, 1978]

NOTICE OF DELETION OF ITEM FROM THE
MARCH 16, 1978, AGENDA

CIVIL AERONAUTICS BOARD.

TIME AND DATE: 10 a.m., March 16,
1978.

PLACE: Room 1027, 1825 Connecticut
Avenue NW., Washington, D.C.
20428. SUBJECT: 26. Docket 31205,
Advance Notice of Proposed Rulemak-
ing on Model Corporate Disclosure
Regulations, issued July 28, 1977
(Memot o. 6897-B, BAS, BPDA,

STATUS: Open.

PERSON TO CONTACT:

Phyllis T. Kaylor, the Secretary,
202-673-5068.

SUPPLEMENTARY INFORMATION:

At the Board meeting, three Members
disqualified themselves from consid-
eration of that item because of interest
held by their respective spouses. Be-
cause there was not a quorum avail-
able to participate in the discussion of
Item 26, the following Members voted
that agency business required the de-
letion of that item from the Board's
agenda on less than seven days' notice
and that no earlier announcement of
the deletion was possible:

Chairman, Alfred E. Kahn

FEDERAL COMMUNICATIONS
COMMISSION.

TIME AND DATE: Follows 9:30 a.m.,
special open Commission meeting,
Thursday, March 16, 1978.

PLACE: Room 856, 1919 M Street
NW., Washington, D.C.

STATUS: Emergency closed Commis-
sion meeting.

MATTERS TO BE CONSIDERED:

Agenda, Item No., and Subject

General—1—Discussion of possible appeal of
Midwest Video Corp. v. FCC.

Complaints and Compliance—1—Results of
investigation concerning the broadcast by

the CBS Television Network of the four
"Heavyweight Championship of Tennis"
matches.

Complaints and Compliance—2—Results of
investigation concerning the broadcast by
the ABC Television Network of the
"United States Boxing Championships".

The prompt and orderly conduct of Com-
mission business requires that less than 7-
days notice be given.

CONTACT PERSON FOR MORE IN-
FORMATION:

Samuel M. Sharkey, FCC Public In-
formation Office, telephone 202-
632-7260.

Issued: March 15, 1978.

SECURITIES AND EXCHANGE
COMMISSION.DATE AND TIME: March 17, 1978,
2:30 p.m.

STATUS: Closed meeting.

The Commission will hold a closed meeting at 2:30 p.m. on Friday, March 17, 1978, to consider the following matter:

Discussion of injunctive action.

The General Counsel of the Commission, or his designee has certified that, in his opinion the above matter to be considered at the closed meeting may be so considered pursuant to one or more of the exemptions set forth in 5 U.S.C. 552b(c)(4)(8)(9)(A) and (10) and 17 CFR 200.402(a)(8)(9)(i) and (10).

Commissioners Loomis, Evans, and Pollack determined that Commission business required consideration of this matter and that no earlier notice thereof was possible.

MARCH 17, 1978.

[24 CFR Part 1917]

[Docket No. FI-4006]

**NATIONAL FLOOD INSURANCE
PROGRAM**

**Proposed Flood Elevation Determinations
for the Town of Manassas,
Prince William County, Va.**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Town of Manassas, Prince William County, Va.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the Town Hall, 9027 Center Street, Manassas, Va.

Send comments to: Honorable Harry J. Parrish, Mayor of Manassas, 9007 Center Street, Manassas, Va. 22110.

**FOR FURTHER INFORMATION
CONTACT:**

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Town of Manassas, Prince William County, Va., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (title XIII of the Housing and Urban Development Act

of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Russia Branch.....	Liberia Ave., downstream.	237
	19,300 ft upstream of confluence with Bull Run.	300
Tributary to Russia Branch.	Confluence with Russia Branch.	251
	Quarry Rd., downstream.	257
	Southern RR., upstream.	262
	925 ft upstream of confluence with Russia Branch.	269
Cockrell Branch....	Downstream corporate limits.	234
	Lucasville Rd., upstream.	241
	Route 234, upstream.	283
Winters Branch.....	6,800 ft upstream of corporate limits.	246
	Grant Ave., upstream.	273
	Main St.....	285
	12,900 ft upstream of corporate limits.	300
Cannon Branch....	Downstream corporate limits.	187
	Goodwin Dr., upstream.	195
Tributary to Cannon Branch.	Confluence with Cannon Branch.	195
	2,000 ft upstream of confluence with Cannon Branch.	P205
	Upstream of driveway, 2,560 ft above confluence with Cannon Branch.	211
Tributary No. 1 to Flat Branch.	Downstream corporate limits.	232
	9,800 ft above confluence with Flat Branch.	P248
	Upstream of private driveway.	257

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
	12,300 ft above confluence with Flat Branch.	269
	13,050 ft above confluence with Flat Branch.	285
Tributary A to Flat Branch, tributary No. 1.	Confluence with Flat Branch, tributary No. 1.	257
	1,140 ft upstream of confluence.	273
Tributary No. 2 to Flat Branch.	Downstream corporate limits.	189
	Stonewall Rd., downstream.	P216
	Stonewall Rd., upstream.	225
Tributary B to Flat Branch, tributary No. 2.	Confluence with Flat Branch, tributary No. 2.	225
	Grant Ave., upstream.	250
	Traveller St., upstream.	272
Tributary No. 3 to Flat Branch.	Downstream corporate limits.	202
	Park Ave., upstream.	P249
Tributary C to Flat Branch, tributary No. 3.	Downstream corporate limits.	201
	Diggs Rd., downstream.	P216
	Diggs Rd., upstream.	224
	Stonewall Rd., upstream.	248
	Peabody St.....	268
	Grant Ave., upstream.	278

**NATIONAL FLOOD INSURANCE
PROGRAM**

**Proposed Flood Elevation Determinations
for the City of Conyers, Rockdale
County, Ga.**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the city of Conyers, Rockdale County, Ga. These base (100-year) flood elevations are the basis for the flood plain

management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, Conyers, Ga. Send comments to: Mayor George A. Owens, P.O. Box 518, Conyers, Ga. 30207.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the city of Conyers, Ga., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Almand Creek.....	Flat Shoals Rd '....	768
	Confluence with Tanyard branch.	769

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Tanyard Branch....	Interstate 20.....	814
	West Ave., southwest.	821
Tanyard Branch Tributary.	Dogwood Dr.....	824
	Baker St.....	859
Boar Tusk Creek...	East View Rd '.....	790
	Rowland Dr.....	804
Boar Tusk Creek Tributary.	Pine Log Rd.....	824
	Confluence with Boar Tusk Creek.	791
North Conyers Tributary.	Corporate limits, furthest downstream crossing.	778
	Corporate limits, furthest upstream crossing.	840

¹Upstream side.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the Village of Cahokia, St. Clair County, Ill.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the village of Cahokia, St. Clair County, Ill. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the Cahokia Village Hall, 103 Main Street, Cahokia, Ill. Send comments to: Hon. Michael King, Mayor of Cahokia, 103 Main Street, Cahokia, Ill. 62206.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the village of Cahokia, St. Clair County, Ill., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Areas of shallow flooding due to rainfall.	South of the intersection of Capgill Rd. and the Illinois Central Gulf RR., running parallel to the railroad to corporate limits.	397
	Between Dead Creek and Falling Springs Rd. south of Edward Pl. extending slightly south of Mildred Ave.	405
	West of Dead Creek in the area of Barber St.	405
	Between Falling Springs Rd. and corporate limits, north of Judith La.	405

PROPOSED RULES

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
	Between northern corporate limits and Bi-State Parks Airport, extending from hanger area to southeastern corporate limits.	406
	Between Missouri Pacific RR. and Terminal Railroad Association of St. Louis, south of 7th St.	406
	Between Range Lane and Lasalle Dr., east of Missouri Pacific RR.	408
	400 ft. on either side of St. Michael Rd., between Ellen St. and St. Stephen Dr.	409
	Between Camp Jackson Rd. and William St., bordered by Carol Rd. and Annunciation Ct.	409
	Area bordered by Armard Dr., Melvin Dr., Andrews Dr., and Reiber Rd., and southern corporate limits.	406
	Area extending approximately 1,200 ft. on either side of Goose Lake Ditch.	406
Mississippi River...	Upstream corporate limits.	423
	Downstream corporate limits.	422

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Loves Park, Winnebago County, Ill.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the city of Loves Park, Winnebago County, Ill. These base (100-year) flood elevations are the basis for the flood plain management measures

that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the national flood insurance program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Loves Park City Hall, 540 Loves Park Drive, Loves Park, Ill. Send comments to: Hon. Joseph F. Sinkiawic, Mayor of Loves Park, 540 Loves Park Drive, Loves Park, Ill. 61111.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll-free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the city of Loves Park, Winnebago County, Ill., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Rock River	Downstream corporate limits. Riverside Blvd	709 711

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
	Upstream corporate limits.	712
Main drainage ditch.	Upstream of Pearl Ave.	718 724
	Upstream of Riverside Blvd.	
	Upstream of Elm Ave.	729
	Private factor road.	731

[Docket No. FI-4024]

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the Village of Buffalo Grove, Cook and Lake Counties, Ill.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Village of Buffalo Grove, Cook and Lake Counties, Ill. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the Village Office, 50 Raupp Boulevard, Buffalo Grove, Ill. Send comments to: Mr. Edward Fabish, Village President of Buffalo Grove, 50 Raupp Boulevard, Buffalo Grove, Ill. 60090.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Village of Buffalo Grove, Cook and Lake Counties, Ill. in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Buffalo Creek.....	Buffalo Grove Rd.	669
	Raupp Blvd	673
	Lake-Cook Rd	678
	Confluence of Farrington ditch.	678
	Confluence of Aspen ditch.	689
	Arlington Heights Rd (corporate limits).	691
	Corporate limits (upstream of Checker Rd).	712
Farrington ditch...	Confluence with Buffalo Creek.	678
	Corporate limits (2,600 ft upstream of Checker Rd).	681
White Pine ditch...	St. Marys Parkway.	678
	Bernard Dr. (upstream).	681
	Corporate limits (2,000 ft upstream of Bernard Dr.).	687
	Dundee Rd (upstream).	691

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development

Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: January 17, 1978.

PATRICIA ROBERTS HARRIS,
Secretary.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Coralville, Johnson County, Iowa

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Coralville, Johnson County, Iowa.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall; Office of Public Works, Office of City Clerk, Office of City Engineer, Coralville, Iowa.

Send comments to: Mayor R. E. Myers, P.O. Box 5127, Coralville, Iowa 52241.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator

gives notice of the proposed determinations of base (100-year) flood elevations for the City of Coralville, Johnson County, Iowa, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Iowa River.....	Just upstream of Coralville City Dam.	655
Do.....	Just downstream of Interstate 80 bridge.	658
Morrison Creek	Just upstream of State Highway 6 and 218.	664
Do.....	Approximately 80 ft downstream of 8th St.	688
Biscuit Creek	Just upstream of 5th St.	657
Do.....	Just upstream of 6th St.	667
Do.....	Just upstream of 7th St.	668
Clear Creek	Approximately 150 ft upstream of 1st Avenue Bridge.	654
Do.....	Just upstream of U.S. Highway 6 bridge.	655
Clear Creek	Approximately 100 ft upstream of Camp Cardinal Rd.	663
Oakdale Creek.....	Just upstream of U.S. Highway 6 and 218.	679
Do.....	Approximately 200 ft upstream of 25th St.	684

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance

Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: November 29, 1977.

**PROPOSED FLOOD ELEVATION
DETERMINATIONS**

**City of Newton, Harvey County,
Kans.**

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Newton, Harvey County, Kans.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, Newton, Kans.

SEND COMMENTS TO: The Honorable Gilbert Buller, Mayor, City of Newton, City Hall, Newton, Kansas 67114.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Newton, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood In-

urance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing building and their contents.

The proposed base (100-year) flood elevations for selected location are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Sand Creek.....	0.9 mile downstream of Atchison, Topeka & Santa Fe RR.	1403

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Edwardsville, Wyandotte County, Kans.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the pro-

posed base (100-year) flood elevations listed below for selected locations in the city of Edwardsville, Wyandotte County, Kans.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NIFP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the City Hall, Edwardsville, Kans.

Send comments to: Hon. Lindy Trent, Mayor, city of Edwardsville, 943 Kouns Lane, Edwardsville, Kans. 66111.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the city of Edwardsville, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for elected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum	
Kansas River	Eastern corporate limit..	766	
	At Ninth St.....	767	
	Western corporate limit..	769	
West Mission Creek.	Mouth at Kansas River..	768	
	225 ft downstream of Lake of the Forest Rd.	769	
	2,900 ft upstream of Lake of the Forest Rd. (Bonner Springs-Edwardsville corporate limit).	773	
	Betts Creek	Mouth at Kansas River..	767
		At the Union Pacific RR. Bridge.	773
1,200 ft upstream of Kaw Dr.		775	
1,600 ft upstream of Kaw Dr.		781	
3,200 ft upstream of Kaw Dr.		784	
	6,350 ft upstream of Kaw Dr.	796	
	9,100 ft upstream of Kaw Dr.	815	
	10,750 ft upstream of Kaw Dr.	822	

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Ashland, Boyd County, Ky.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the city of Ashland, Boyd County, Ky. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed

rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Clerk's Office, Ashland, Ky.

Send comments to: Mayor David Welch, 1700 Greenup Ave., P.O. Box 1839, Ashland, Ky.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the city of Ashland, Boyd County, Ky., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Long Branch Creek.	Just upstream 9th St.....	553
Ohio River	Just upstream Ashland-Coal Grove Bridge.	547
	Confluence of Keys Creek.	549

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Ad-

ministrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974.)

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the Town of Sharon, Norfolk County, Mass.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Town of Sharon, Norfolk County, Mass.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the Town Engineer's Office, Town Hall, 90 South Main Street, Sharon Mass.

Send comments to: Mr. Norman Katz, Chairman, Board of Selectmen, Town Hall, 90 South Main Street, Sharon, Mass. 02067.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Town of Sharon, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added

section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing building and their contents.

The proposed base (100-year) flood elevations for selected location are:

Source of flooding	Location	Elevation, in feet, national geodetic vertical datum
Neponset River.....	Sharon/Norwood corporate limits.	48
Beaver Brook.....	40 ft downstream of Norwood St.	210
	Norwood St.....	217
	3,000 ft upstream of Norwood St.	217
Billings Brook.....	925 ft downstream of Mitchell Rd.	257
	Mitchell Rd.....	260
	Laurel Rd.....	263
	65 ft downstream of South Walpole St.	264
	400 ft upstream of South Walpole St.	264
Branch of Billing Brook.	1,530 ft downstream of Barefoot Hill Rd (at dirt road).	241
	Barefoot Hill Rd.....	247
	120 ft downstream of Wolomolopog St.	250
	Up stream side of Wolomolopog St.	259
Canoe River.....	924 ft upstream of southern corporate limits.	237
	1,980 ft upstream of southern corporate limits.	242
	3,790 ft upstream of southern corporate limits.	250
Massapoag Brook..	2,190 ft downstream of Billings St at wooden footbridge.	173
	925 ft downstream of Billings St.	184
	95 ft upstream of Billings St.	194
	65 ft downstream of first spillway and footbridge at Mann's pond.	200
	105 ft upstream of first spillway and footbridge at Mann's pond.	214
	1,000 ft upstream of first spillway and footbridge at Mann's pond.	214

Source of flooding	Location	Elevation, in feet, national geodetic vertical datum
Massapoag Brook..	40 ft downstream of Massapoag Brook dam.	230
	Upstream side of Massapoag Brook dam.	234
	40 ft downstream of spillway and footbridge at Hammer Shop pond.	243
	Upstream side of spillway and footbridge at Hammer Shop pond.	251
	At Quincy St 230 ft downstream of Massapoag Lake.	253
Massapoag Lake....	Entire lake.....	255
Sucker Brook.....	65 ft downstream of Massapoag Ave.	255
	Massapoag Ave.....	257
	170 ft downstream of Vine St.	263
	75 ft upstream of Vine St.	269
	1,230 ft upstream of Vine St.	270

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the Town of Concord, Middlesex County, Mass.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Town of Concord, Middlesex County, Mass.

These base (100-year) flood elevations are the basis for the flood plain management measured that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain

qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Town Planner's Office, Town House, Concord, Mass.

SEND COMMENTS TO: Mr. Paul J. Flynn, Town Manager, Town of Concord, Town House, Concord, Mass. 01742. Attention: Mr. Kevin Hurley, Town Planner.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Town of Concord, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected location are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Concord River	North corporate limit	119
	Near Silver Hill Rd.	120
	100 ft upstream of Lowell Rd.	121

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Sudbury River	Confluence with Concord River.	121
	Main St.	121
	Sidbury Rd.	122
	Pitchburgh Turnpike.	122
	Southeast corporate limits.	122

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Northfield, Rice County, Minn.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the city of Northfield, Rice County, Minn.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps or other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, 304 South Division Street, Northfield, Minn.

Send comments to: Mayor Keith Covey, City Hall, 304 South Division Street, Northfield, Minn. 55057.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the city of Northfield, Minn., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are re-

quired. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Cannon River	2d St.....	904
	4th St.....	905
	5th St. (downstream side)	911
	5th St. (upstream side)...	915
	State Highway 3.....	916

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: January 16, 1978.

PATRICIA ROBERTS HARRIS,
Secretary.

[FR Doc. 78-6988 Filed 3-21-78; 8:45 am]

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the city of Lake Elmo, Minn., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the food plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Eagle Point Lake Fork.	50 ft upstream of Kevin Ave. North.	901
	Levee Rd	901
	Upstream side of Ivy Ave. North.	908
	Upstream side of 28th St. North.	908
Lake Elmo	75 ft upstream of Stillwater Blvd. North.	921
	East of Lake Elmo Ave. North.	889
	Downs Lake	893
Lake Jane	Northwest of the intersection of Manning Ave. North and 20th St.	893
	North of 45th St. North.	925
Sunfish Lake	North of Stillwater Blvd	894
Lake Olson and Lake De Montreville.	50th St. North	931

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the Village of Lewis and Clark, Buchanan County, Mo.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Village of Lewis and Clark, Buchanan County, Mo.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the home of the City Clerk, 400 Lake Crest Boulevard, Lewis and Clark Village, Rushville, Mo.

Send Comments to: The Honorable Jack Burkhart, Mayor, Village of Lewis and Clark, 108 Lake Shore Drive, Rushville, Mo. 64484.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Village of Lewis and Clark, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures re-

quired by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Missouri River	Southern corporate limit at Missouri Highway 45.	788
	At intersection of Lake Shore Dr. and Cedar St.	790

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: January 13, 1978.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in Jackson County, Mo.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the Na-

tional Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at County Planning and Zoning Office, First Floor, County Court House (Annex), 306 W. Kansas, Independence, Mo.

Send comments to: Hon. Mike White, County Executive, Jackson County, 415 East 12th, Room 200, Kansas City, Mo. 64106.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street, SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for Jackson County in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 of the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by the Federal, State or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of Flooding	Location	Elevation in feet, national geodetic vertical datum
Fire Prairie Creek.	At the western corporate limits of Levasy, Mo.	723
	At O'Donnell Rd.....	724
	150 ft upstream of Buckner-Tarsney Rd.	730

Source of Flooding	Location	Elevation in feet, national geodetic vertical datum
	At U.S. 24 (westbound)...	731
	325 ft upstream of U.S. 24 (eastbound).	732
Mill Creek	At the southern corporate limits of Sugar Creek Mo.	774
	1800 ft downstream of Quarry Rd.	783
	Just upstream of Quarry Rd.	799
	750 ft upstream of Quarry Rd.	803
Missouri River	At the western corporate limit of Levasy, Mo.	713
	At the Atchison, Topeka, & Santa Fe RR.	718
	3.8 miles upstream of Atchison, Topeka, & Santa Fe RR.	723
	5.7 miles downstream of confluence of Mill Creek.	726
	At confluence of Mill Creek.	732
	2.4 miles upstream of confluence of Mill Creek.	735

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: January 13, 1978.

PATRICIA ROBERTS HARRIS,
Secretary.

NATIONAL FLOOD INSURANCE PROGRAM

Revision of Proposed Flood Elevation Determinations for the City of Sherwood, Pulaski County, Ark.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Sherwood, Pulaski County, Ark. Due to recent engineering analysis, this proposed rule revises the proposed determinations of base (100-year) flood elevations published in the FEDERAL REGISTER at 42 FR 16106 on March 24, 1977, and in The Sherwood Voice published on April 28, 1977, and May 5, 1977, and hence supersedes those previously published rules.

DATES: The period for comment will be ninety (90) days following the second publication of this notice in a newspaper of local circulation in the above-named community.

ADDRESS: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base flood elevations are available for review at the Sherwood City Hall, 201 Country Club, Sherwood, Ark.

Send comments to: Honorable William Hensen, Mayor of Sherwood, 201 Country Club, Sherwood, Ark. 72116.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: Proposed base (100-year) flood elevations are listed below for selected locations in the City of Sherwood, Pulaski County, Ark., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a)).

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Five Mile Creek.....	Upstream corporate limits.	251
	McAlmont Ave	251
	Downstream corporate limits.	251
Five Mile Creek, tributary 1.	Upstream corporate limits.	266
	Brookwood Dr.....	253
	U.S. 67 and 167.....	252
	Cemetery Rd.....	251
Woodruff Creek	East Lee Ave.....	336
	Club Rd.....	294
	North Beverly St.	274
	Windchime Dr.....	257
	U.S. 67 and 167.....	251

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Woodruff Creek, tributary 1.	Wildwood Ave.....	253
Woodruff Creek, tributary 2.	Upstream corporate limits.	272

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Newman, Stanislaus County, Calif.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Newman, Stanislaus County, Calif. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, 1200 O Street, Newman, Calif. Send comments to: Mr. John Bingham, City Manager, City of Newman, City Hall, P.O. Box 787, Newman, Calif. 95360.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Newman, Calif., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Depth in feet, above ground level
Shallow overland flow from Orestimba Creek.	Intersection State Route 33* and Inyo Ave.	3
	West of Fig Lane at Ruth and Lucille Aves.	3
	Stanislaus St. and State Route 33*.	2
	Yolo St. and State Route 33*.	2
	Merced and O Sts	1
	Mariposa St. and State Route 33*.	1
	Tulare St. and State Route 33*.	1

*N St.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended; 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: November 29, 1977.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Santa Barbara, Santa Barbara County, Calif.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Santa Barbara, Santa Barbara County, Calif. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Division of Land Usage, 630 Laguna Street, Santa Barbara, Calif. Send comments to: Mr. Richard Thomas, City Administrator, City of Santa Barbara, P.O. Drawer PP, Santa Barbara, Calif. 93102.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Santa Barbara, Calif., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-

448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Winters, Yolo County, Calif.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Winters, Yolo County, Calif.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, 318 First Street, Winters, Calif. Send comments to: Mr. Mike Jones, City Administrator, City of Winters, City Hall, 318 First Street, Winters, Calif. 95694.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Winters, Calif., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)),

42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Dry Creek.....	Confluence with Putah Creek. Wooden bridge south of Russel St. (upstream side).	121
	State Highway 120 (upstream).	131

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the Town of Woodside, San Mateo County, Calif.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the town of Woodside, San Mateo County, Calif. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in

the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Town Hall, 2925 Woodside Road, Woodside, Calif. 94062. Send comments to: Mr. Robert Myers, Town Administrator, town of Woodside, Town Hall, 2925 Woodside Road, Woodside, Calif. 94062.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the town of Woodside, Calif., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Dry Creek.....	Mountain Home Rd.	358
	Woodside Rd. ¹	359
do. ²	363
Bear Gulch Creek.	Woodside Rd. ¹	469
do. ²	476

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
West Union Creek.do.....	385
	Kings Mountain Rd. ¹ .	419
do. ²	422
Corte Madera Creek.	Corporate limits...	368
Sausal Creek.....	Family Farm Rd. (downstream crossing).	349
	Family Farm Rd. (upstream crossing).	367

¹ Downstream side.
² Upstream side.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: January 13, 1978.

PATRICIA ROBERTS HARRIS,
Secretary.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Vallejo, Solano County, Calif.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the city of Vallejo, Solano County, Calif. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall,

555 Santa Clara Street, Vallejo, Calif. Send comments to: Mayor Florence E. Douglas, City Hall, 555 Santa Clara Street, Vallejo, Calif. 94590

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the city of Vallejo, Calif., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer on insurance of existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Tributary to American Canyon Creek.	Corcoran Ave.....	75
	Fairgrounds Dr	83
Chabot Creek	Sonoma Blvd	12
	Broadway	18
	Walnut St.....	23

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for San Joaquin County, Calif.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in San Joaquin County, Calif.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or

show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Planning Department, Public Works Building, Stockton, Calif.

Send comments to: Mr. Robert S. Hunter, San Joaquin County Planning Director, Public Works Building, 1810 East Hazelton Street, Stockton, Calif. 95206.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for San Joaquin County, Calif., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Stockton, San Joaquin County, Calif

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the City of Stockton, San Joaquin County, Calif.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, Stockton, Calif. Send comments to: Mr. Jack Laven, Administrative Assistant, City of Stockton, City Hall, Stockton, Calif. 95202.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Ad-

ministrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW. Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the City of Stockton, Calif., in accordance with section 110 of the flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by §1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
San Joaquin River	Navy Dr	8
	State Highway 4	11
Lower Mosher Creek	Interstate highway 5.	7
	Thornton Rd	10
	Lower Sacramento Rd.	13
	West Lane	18

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the Town of Wellington, Larimer County, Colo.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Town of Wellington, Larimer County, Colo.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at Town Hall, 3733 Cleveland Avenue, Wellington, Colo. Send comments to: Mayor Robert H. Eyestone, Town Hall, 3733 Cleveland Avenue, Wellington, Colo. 80549.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Town of Wellington, Colo., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Coal Creek.....	Corporate limits...	5,180
Boxelder Creek.....	Colorado and Southern RR.	5,190
	Cleveland Ave. (upstream side).	5,201
	Cleveland Ave. (downstream side).	5,198

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the Unincorporated Areas of San Miguel County, Colo.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Unincorporated Areas of San Miguel County, Colo.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATE: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESS: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at County Planning Office, County Court House, 305 West Colorado Avenue, Telluride, Colo. Send comments to: Mr. R. Tillman Reed, Chairman, San Miguel County, Board of County Commissioners, County Court House, 305 West Colorado Avenue, Telluride, Colo. 81435.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the Unincorporated Areas of San Miguel County, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
San Miguel River near Placerville.	3,200 ft downstream of confluence of Slaughterhouse Gulch.	7,205
	1,200 ft downstream of confluence of Slaughterhouse Gulch.	7,230
	At confluence of Slaughterhouse Gulch.	7,244
	1,800 ft upstream of confluence of Slaughterhouse Gulch.	7,262
	At confluence of Leopard Creek.	7,272
	At bridge No. 1 at Placerville.	7,300
	800 ft upstream of bridge at Placerville.	7,304
	2,900 ft upstream of bridge No. 1 at Placerville.	7,324
	4,900 ft upstream of bridge No. 1 at Placerville.	7,352
	6,100 ft downstream of confluence of Fall Creek.	7,380
Leopard Creek.....	3,300 ft downstream of confluence of Fall Creek.	7,409
	1,400 ft downstream of confluence of Fall Creek.	7,428
	At confluence of Fall Creek.	7,444
	At bridge No. 2.	7,452
	440 ft upstream of confluence of Fall Creek.	7,483
	3,070 ft upstream of confluence of Fall Creek.	7,528
	At downstream corporate limits of saw pit.	7,528
	100 ft downstream of bridge No. 3 at saw pit.	7,542
	Bridge No. 3 at saw pit.	7,550
	910 ft upstream of bridge No. 3 of saw pit.	7,557
Fall Creek.....	At confluence with the San Miguel River.	7,272
	40 ft upstream of Highway 145 bridge No. 5.	7,277
	1,660 ft upstream of Highway 145 bridge No. 5.	7,301
	3,180 ft upstream of Highway 145 bridge No. 5.	7,323
	4,980 ft upstream of highway 145 bridge No. 5.	7,357
Fall Creek.....	6,600 ft upstream of Highway 145 bridge No. 5.	7,386
	At confluence with San Miguel River.	7,444
	280 ft upstream of confluence with San Miguel River.	7,450

[Docket No. FI-3984]

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the Town of Leipsic, Kent County, Del.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the town of Leipsic, Kent County, Del.

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps and other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at the Leipsic Volunteer Fire Company, radio room, Main Street, Leipsic, Del. Send comments to: Mayor Horace E. Pugh, Sr., 758 North Dupont Highway, Dover, Del. 19901.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the town of Leipsic, Del., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change

any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Delaware Bay	Route 9 Bridge.....	9
	Front Street	9
	Bridge.	

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: January 16, 1978.

PATRICIA ROBERTS HARRIS,
Secretary.

NATIONAL FLOOD INSURANCE PROGRAM

Proposed Flood Elevation Determinations for the City of Ocoee, Orange County, Fla.

AGENCY: Federal Insurance Administration, HUD.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the city of Ocoee, Orange County, Fla. These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The period for comment will be ninety (90) days following the second publication of this proposed

rule in a newspaper of local circulation in the above-named community.

ADDRESSES: Maps or other information showing the detailed outlines of the flood-prone areas and the proposed base (100-year) flood elevations are available for review at City Hall, 150 Lake Shore Drive, Ocoee, Fla. Send comments to: Mayor William Breeze, City Hall, 150 Lake Shore Drive, Ocoee, Fla. 32761.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or toll free line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION:

The Federal Insurance Administrator gives notice of the proposed determinations of base (100-year) flood elevations for the city of Ocoee, Fla., in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93-234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90-448)), 42 U.S.C. 4001-4128, and 24 CFR 1917.4(a).

These elevations, together with the flood plain management measures required by § 1910.3 of the program regulations, are the minimum that are required. They should not be construed to mean the community must change any existing ordinances that are more stringent in their flood plain management requirements. The community may at any time enact stricter requirements on its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:

Source of flooding	Location	Elevation in feet, national geodetic vertical datum
Stream "A"	Bluford Ave. ¹	113
do ²	101
	Oakland Ave. ³	119
Stream "B" (swamp).....	No physical features.	116
Stream "C"	Palm Dr	117
Starke Lake.....	Areas along the shore.	101
Spring Lake.....do.....	121
Peach Lake.....do.....	149
Lake Moxie.....do.....	142
Lake Bennet.....do.....	118

¹Upstream side.

²Downstream side.

(National Flood Insurance Act of 1968 (Title XIII of Housing and Urban Development Act of 1968), effective January 28, 1969 (33 FR 17804, November 28, 1968), as amended (42 U.S.C. 4001-4128); and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, February 27, 1969, as amended (39 FR 2787, January 24, 1974).)

Issued: January 16, 1978.

PATRICIA ROBERTS HARRIS,
Secretary.
