DEPARTMENT OF ENERGY

Notice of Floodplain/Wetland Involvement for Operable Unit 2 Remedial Action At the Fernald Environmental Management Project

AGENCY: U.S. Department of Energy (DOE), Fernald Area Office.

ACTION: Notice of Floodplain/Wetland Involvement.

SUMMARY: The Fernald Environmental Management Project (FEMP), located approximately 18 miles (29 kilometers) northwest of downtown Cincinnati, Ohio, is divided into five operable units which will involve various removal and remedial actions. The subject of this Notice of Involvement is Operable Unit 2. The purpose of the Operable Unit 2 Remedial Action is to reduce risks to human health and the environment. Operable Unit 2 is defined by five subunits or areas: the Solid Waste Landfill, Lime Sludge Ponds, Inactive Flyash Pile, South Field, and Active Flyash Pile. The proposed Remedial Action Alternatives for Operable Unit 2 consist of excavation and disposal of Operable Unit 2 waste in an on-property disposal facility. Waste exceeding waste acceptance criteria would be disposed of off site.

Excavation activities involving the Solid Waste Landfill, Lime Sludge Ponds, and support facilities (i.e., pipeline and haul road) would impact wetland areas. Remedial activities involving the Inactive Flyash Pile, South Field, and Active Flyash Pile could impact floodplain areas. In accordance with 10 CFR 1022, "Compliance with Floodplain/Wetland Environmental Review Requirements," DOE will prepare the respective Floodplain/Wetland Assessment for the Operable Unit 2 Remedial Action and the appropriate Statements of Findings. The proposed activities will be performed in such a manner to avoid or minimize potential harm to or within wetland and floodplain areas. Maps and additional information are available from the DOE at the address below.

DATES: Written comments must be received by the DOE at the following address on or before January 19, 1995.

ADDRESSES: Mail comments and requests for further information to: Mr. Wally Quaid, Acting Associate Director, Office of Safety & Assessment,
