[Docket No. RP95-99-000]**Koch Gateway Pipeline Co.; Notice of Annual Storage Report**

December 28, 1994.

Take notice that on December 22, 1994, Koch Gateway Pipeline Company (KGPC), tendered for filing its report pursuant to the Commission's Order dated October 1, 1993, in Docket No. RS92-26-000.

KGPC states that the order required KGPC to file a study within 60 days after the end of its first year of operation under restructured services that indicates the amount of storage capacity and deliverability that was actually used and provides a basis for KGPC's plan to use 10 Bcf of retained storage capacity, or some other specified amount, for system operations in future years.

KGPC states that it has been operating under Order No. 636 since November 1, 1993. KGPC also states that the report analyzes the storage activity from November 1, 1993 through October 31, 1994 and supports the retention of 10 Bcf to maintain the operational integrity of KGPC's system.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with 18 CFR 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before January 19, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the public reference room.

[Docket No. RP94-105-007]

**Ozark Gas Transmission System
Notice of Proposed Changes in FERC
Gas Tariff**

December 28, 1994.

Take notice that on December 22, 1994, Ozark Gas Transmission System (Ozark), tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, the following revised tariff sheets with a proposed effective date of January 1, 1995:

Ninth Revised Sheet No. 4
Second Revised Sheet No. 38
Second Revised Sheet No. 86

Ozark states that the purpose of Ninth Revised Sheet No. 4 is to implement, in advance of approval of settlement, rates equal to the rates which Ozark has recently negotiated with the Commission Staff to fully resolve and terminate its rate case in Docket No. RP94-105. The settlement, and thus the filing, provides for a decrease in Ozark's rates compared to its currently effective rates and compared to the rates which Ozark filed in compliance with the Commission's July 7, 1994, order in Docket No. RP94-105, but did not move into effect.

Ozark states that good cause exists for the Commission to waive its 30-day notice provision and accept the primary sheet to be effective January 1, 1995. Ozark requests that if the Commission

does not accept Ninth Revised Sheet No. 4 to be effective January 1, 1995, then the tariff sheet be accepted effective February 1, 1995, so that the rate change will still go into effect on the first of a month.

Ozark further states that Second Revised Sheet Nos. 38 and 86 are proposed to provide a minor change in wording to reflect the fact that the demand charge to firm shippers under Rate Schedules T-1 and FTS, as provided on Ninth Revised Sheet No. 4 and in the Settlement rates, no longer reflects the Docket No. RS92-72 allocation of fixed costs to interruptible service but rather, reflect the fixed costs allocated to interruptible service agreed to between Ozark and the Commission Staff and reflected in the Settlement.

Ozark states that copies of the filing were served upon Ozark's jurisdictional customers and interested state regulatory commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure. All such protests should be filed on or before January 5, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

**South Georgia Natural Gas Co.; Notice
of Proposed Changes to FERC Gas
Tariff**

December 28, 1994.

Take notice that on December 22, 1994, South Georgia Natural Gas Company (South Georgia), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets, to be effective as of December 5, 1994:

First Sub. First Revised Sheet Nos. 15-16
First Sub. First Revised Sheet Nos. 33-34

South Georgia states that the purpose of this filing is to comply with the Order issued by the Commission in the

captioned proceeding on December 8, 1994. The Order required South Georgia (1) to revise its midday nomination proposal to reinstate the provision allowing shippers to cancel their nominations on four hours prior notice and to remove the limitation on shippers decreasing their nominations midday, and (2) to provide that South Georgia will use its best efforts to continue IT service beyond the 4-hour notice period required for interruptions.

South Georgia states that copies of the filing will be served upon its shippers, interested state commissions and all parties to the proceeding.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR Section 385.211). All such protests should be filed on or before January 5, 1995. Protests will not be considered by the Commission in determining the parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Office of Energy Research

**Energy Research Financial Assistance
Program Notice 95-10: Innovations in
Toroidal Magnetic Confinement
Systems**

AGENCY: U.S. Department of Energy (DOE).

ACTION: Notice inviting grant applications.

SUMMARY: The Office of Fusion Energy (OFE) of the Office of Energy Research (ER), U.S. Department of Energy (DOE) announces its interest in receiving grant applications for innovative experiments in toroidal magnetic confinement systems. These applications may be either to continue research on existing experimental devices or to start new experimental projects. Institutions with grants in experimental toroidal magnetic research who wish to continue to conduct toroidal experiments will need to submit new grant applications in response to this Notice.

The Office of Fusion Energy is interested in applications for innovative research that have the possibility of leading to improved toroidal magnetic fusion power plants (this includes tokamak based power plants with
