

within two business days of the date the order should have been executed rather than three business days. Claims which involve a lack of comparison of a reported transaction will need to be made within two business days of the original trade rather than three business days.

The CHX's implementation of the proposed rule change will be consistent with the June 1995 T+3 conversion schedule which the National Securities Clearing Corporation has developed for industry use. The schedule is as follows.

Trade date	Settlement cycle	Settlement date
June 2 Friday	5 day ..	June 9 Friday.
June 5 Monday .	4 day ..	June 9 Friday.
June 6 Tuesday	4 day ..	June 12 Monday.
June 7 Wednesday.	3 day ..	June 12 Monday.

If the Commission determines to alter the exemptions currently provided in Rule 15c6-1, CHX may need to undertake additional rule amendments. It is intended that the proposed rule change become effective the same date as Rule 15c6-1.

CHX believes that the proposed rule change is consistent with Section 6(b)(5) of the Act in that it protects investors and the public interest by reducing the risk to clearing corporations, their members, and public investors which is inherent in settling securities transactions. This is accomplished by reducing the time period for settlement of most securities transactions which will correspondingly decrease the number of unsettled trades in the clearance and settlement system at any given time.

The proposed change also is consistent with proposed rule 15c6-1 which requires brokers or dealers to settle most securities transactions no later than the third business day after the date of the contract unless otherwise expressly agreed to by the parties at the time of the transaction.

CHX does not believe that the proposed rule change will impose a burden on competition.

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by New York Stock Exchange, Inc., Philadelphia Stock Exchange, Inc., Pacific Stock Exchange, Inc., Boston Stock Exchange, Inc., Chicago Stock Exchange, Inc., and National Association of Securities Dealers, Inc. Relating to Short Interest Reporting Requirements

December 23, 1994.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"), 15 U.S.C. § 78s(b)(1), notice is hereby given that on October 27, 1994, the New York Stock Exchange, Inc., Philadelphia Stock Exchange, Inc., Pacific Stock Exchange, Inc., Boston Stock Exchange, Inc., Chicago Stock Exchange, Inc., and National Association of Securities Dealers, Inc. (the "SROs")¹ filed with the Securities and Exchange Commission ("Commission") the proposed rule change as describe in Items I, II and III below, which Items have been prepared by the self-regulatory organizations. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule changes consist of (1) revisions to the rules of the SROs with existing short interest reporting requirements, and (2) adoption of short interest reporting rules for the SROs currently without any such requirement. All of the proposed rule changes will require members and member organizations of the SROs to report short interest positions to the SROs if the particular SRO is the designated examining authority for that member.²

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the SROs included statements concerning the purpose of and basis for the proposed rule change and discussed any

¹ The self-regulatory organizations listed herein will collectively be referred to as the ("SROs").

² The NASD, however requires reporting for all members of their short positions not otherwise reported to another SRO, irrespective of its DEA status. comments they received on the proposed rule changes. The text of these statements may be examined at the places specified in Item IV below. The SROs have prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The current NYSE and NASD rules require clearing member firms to report positions resulting from short sales, as that term is defined in Rule 3b-3 of the Securities Exchange Act of 1934, in Exchange listed securities and, with respect to the NASD, securities included in the NASDAQ System. Such reports are required on a monthly basis, submitted via electronic transmission of the data through the Securities Industry Automation Corporation ("SIAC"). The SROs utilize such data, in general, to surveil market activity. In addition, the NYSE publishes a monthly release of short interest information as a service to listed companies, the investing public, market professionals and other interested parties.

The SROs have worked closely with each other as members of the Inter-Market Surveillance Group ("ISG"), a group which includes representatives of every U.S. securities self-regulatory organization, to address problems that reach across marketplaces. ISG members have identified uniform short position reporting as an important surveillance tool that can be utilized to good effect in monitoring possible anomalous trading situations. Each member of the ISG is planning to adopt similar provisions.

Generally, the SROs propose to require all members to report short interest positions to the SRO that is the designated examining authority ("DEA") for that member. In addition, most SROs will require those members for which the SRO is not the DEA to report to the SRO which is its DEA, unless that SRO does not have a reporting requirement. In cases where no reporting is required by the DEA, the member would be required to report short position information to the SRO where it is a member irrespective of its non-DEA status.

Reports to the SROs would primarily include listed and registered securities, not otherwise reported to another SRO. Reporting would be required at such times as designated by the SROs.

Finally, most rules would clarify that both proprietary and customer positions must be reported.

The full text of each SRO's proposed rule change is available at the Commission's Public Reference Room and at the offices of each respective SRO.

2. Statutory Basis

The SROs believe that the basis under the Securities Exchange Act of 1934 (the "Act") for the proposed rule changes is the requirement under Section 6(b)(5) and 15A(b)(6), as applicable, that an SRO have rules that are designed to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest. The proposed rule changes are consistent with these objectives in that they would enhance the Exchanges' regulatory and surveillance capabilities with respect to short interest reporting, augment market transparency for certain securities, enable investors to make more informed decisions, and provide greater disclosure for regulatory purposes.

B. Self-Regulatory Organization's Statement on Burden on Competition

The SROs do not believe that the proposed rule changes will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The SROs have neither solicited nor received written comments on the proposed rule changes.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve the proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and

arguments concerning the foregoing. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. § 552, will be available for inspection and copying at the Commission's Public Reference Section, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of such filing will also be available for inspection and copying at the principal office of each SRO. All submissions should refer to File No. SR-NYSE-94-39; SR-Phlx-94-29; SR-PSE-94-34; SR-BSE-94-15; SR-CHX-94-28; SR-NASD-94-67, as applicable, and should be submitted by January 25, 1995.

For the Commission, by the Division of Market Regulations, pursuant to delegated authority.
