

Inc., 2621 North Belt Hwy., St. Joseph, MO 64506, has filed ANADA 200-008 which provides for use of oxytetracycline injection as follows: intramuscular or intravenous use in beef and nonlactating dairy cattle for the treatment of pneumonia and shipping fever associated with *Pasteurella* spp. and *Hemophilus* spp.; infectious bovine keratoconjunctivitis (pinkeye) caused by *Moraxella bovis*; foot rot and diphtheria caused by *Fusobacterium necrophorum*; bacterial enteritis (scours) caused by *Escherichia coli*; wooden tongue caused by *Actinobacillus lignieresii*; leptospirosis caused by *Leptospira pomona*; and wound infections and acute metritis caused by strains of staphylococci and streptococci organisms sensitive to oxytetracycline-intramuscular use in swine for treatment of bacterial enteritis (scours, colibacillosis) caused by *E. coli*; pneumonia caused by *P. multocida*; and leptospirosis caused by *L. pomona*-intramuscular use in sows for control of infectious enteritis (baby pig scours, colibacillosis) in suckling pigs caused by *E. coli*.

Boehringer Ingelheim's ANADA 200-008 for oxytetracycline injection (OXY-TET 200/BIO-MYCIN 200) is approved as a generic copy of Pfizer's NADA 113-232 for oxytetracycline injection (Liquamycin LA-200). The ANADA is approved as of November 16, 1994, and the regulations are amended by revising § 522.1660(b) and (c)(2)(iii) (21 CFR 522.1660(b) and (c)(2)(iii)) to reflect the approval. The basis for approval is discussed in the freedom of information summary.

In accordance with the freedom of information provisions of part 20 (21 CFR part 20) and § 514.11(e)(2)(ii) (21 CFR 514.11(e)(2)(ii)), a summary of safety and effectiveness data and information submitted to support approval of this application may be seen in the Dockets Management Branch (HFA-305), Food and Drug Administration, rm. 1-23, 12420 Parklawn Dr., Rockville, MD 20857, between 9 a.m. and 4 p.m., Monday through Friday.

The agency has carefully considered the potential environmental effects of this action. FDA has concluded that the action will not have a significant impact on the human environment, and that an environmental impact statement is not required. The agency's finding of no significant impact and the evidence supporting that finding, contained in an environmental assessment, may be seen in the Dockets Management Branch (address above) between 9 a.m. and 4 p.m., Monday through Friday.

[FHWA Docket No. 94-33]

RIN 2125-AD45

National Standards for Traffic Control Devices; Revision of the Manual on Uniform Traffic Control Devices; Temporary Traffic Signals

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Interim final rule with request for comments.

SUMMARY: This document incorporates by reference an amendment to Part VI of the Manual on Uniform Traffic Control Devices (MUTCD). This amendment is intended to revise the section of the MUTCD concerning temporary traffic signals in order to permit the use of certain temporary signalling devices

that were inadvertently excluded by an earlier revision to Part VI. The MUTCD is recognized as the national standard for traffic control on all public roads. Public comments are invited on this action.

DATES: This interim final rule is effective January 4, 1995.

Comments must be submitted on or before March 6, 1995.

Incorporation by reference of the publications listed in the regulations is approved by the Director of the Federal Register as of January 4, 1995.

ADDRESSES: Submit written, signed comments to FHWA Docket No. 94-33, Federal Highway Administration, Office of the Chief Counsel, room 4232, HCC-10, 400 Seventh Street, SW., Washington, DC 20590. All comments received will be available for examination at the above address between 8:30 a.m. and 3:30 p.m., e.t., Monday through Friday except Federal holidays. Those desiring notification of receipt of comments must include a self-addressed, stamped postcard.

FOR FURTHER INFORMATION CONTACT: Mr. Michael E. Robinson, Office of Highway Safety, (202) 366-0411, or Mr. Wilbert Baccus, Office of Chief Counsel, (202) 366-0780, Federal Highway Administration, 400 Seventh Street, SW., room 3419, Washington, DC 20590. Office hours are from 7:45 a.m. to 4:15 p.m., e.t., except Federal holidays.

SUPPLEMENTARY INFORMATION: The MUTCD is available for inspection and copying as prescribed in 49 CFR Part 7, appendix D. Part VI of the MUTCD may be purchased for \$16.00 from the Superintendent of Documents, U. S. Government Printing Office, Washington, DC 20402, Stock No. 050-001-00516-3.

The FHWA both receives and initiates requests for amendments to the MUTCD. Each request is assigned an identification number which indicates, by Roman numeral, the organizational part of the MUTCD affected and, by Arabic numeral, the order in which the request was received (e.g., Request VIII-9).

This amendment contains corrections to Part VI of the MUTCD, Standards and Guides for Traffic Control for Street and Highway Construction, Maintenance, Utility, and Incident Management Operations. Part VI sets forth principles and prescribes standards for temporary traffic control zone operations on streets and highways in the United States. Also, part VI addresses the design, administration, and operation of street and highway temporary traffic control plans and projects. Previous **Federal Register** actions regarding changes to

part VI are contained in FHWA docket number 89-1, Notice No. 7, published at 58 FR 6508 on December 10, 1993.

The text change resulting from this amendment to the MUTCD has been titled "1988 MUTCD Revision 4, dated November 1, 1994." It will be available from the Government Printing Office (GPO), Superintendent of Documents, Washington, D.C. 20402, (202) 783-3238. Everyone currently appearing on the FHWA, Office of Highway Safety, **Federal Register** mailing list will be sent a copy.

Discussion of Amendment

Part VI of the MUTCD was revised on September 3, 1993, and incorporated by reference in 23 CFR part 655 on December 10, 1993 (58 FR 64085). As revised, the last paragraph in section 6F-8c read:

One-way traffic flow requires an all-red interval of sufficient duration for traffic to clear the portion of the temporary traffic control zone controlled by the traffic signals. To avoid the display of conflicting signals at each end of the temporary traffic control zone, traffic signals shall be either hard-wired or controlled by radio signals.

The FHWA has since learned that the last sentence of the section inadvertently disallowed the use of certain temporary signaling devices now in use. While they employ neither hard-wiring nor radio signals, these devices are considered to be as safe and effective as those devices covered by the September 3, 1993, version of section 6F-8c. In order to allow the use of such devices, the last sentence of the paragraph has been removed and replaced with the following sentence:

Safeguards shall be incorporated to avoid the display of conflicting signals at each end of the temporary traffic control zone.

As revised, the section imposes a performance standard, and not a design standard, on all such devices. This document incorporates the revised Part VI into 23 CFR part 655. With the current emphasis on repairing the Nation's highways and improving safety in temporary traffic control zone areas, an updated and accurate part VI will better serve the highway community.

Rulemaking Analyses and Notices

The Administrative Procedure Act (APA), 5 U.S.C. 551 *et seq.*, allows agencies engaged in rulemaking to dispense with prior notice and opportunity for comment when the agency for good cause finds that such procedures are impracticable, unnecessary, or contrary to the public interest. 5 U.S.C. 553(b)(3)(B).

The FHWA has determined that providing prior notice to the public on

this action would be contrary to the public interest. This action will incorporate by reference into 23 CFR part 655 a revised version of Part VI of the MUTCD. The September 3, 1993, version inadvertently excluded the use of certain safe and effective traffic control devices in highway work zones. This was not the intent of the revision and therefore Part VI is being revised again to allow the use of these devices. Any further delay in revising Part VI would cause undue economic harm to those who manufacture and sell the types of traffic control devices excluded by the September 1993 language of Part VI.

Public comment, however, is solicited on this action. Comments received will be carefully considered in evaluating whether any further changes to this amendment are necessary.

Executive Order 12866 (Regulatory Planning and Review) and DOT Regulatory Policies and Procedures

The FHWA has determined that this document does not constitute a significant regulatory action within the meaning of Executive Order 12866, nor is it significant within the meaning of Department of Transportation regulatory policies and procedures. Although this action will allow the use of alternative signalling devices not permitted under the September 3, 1993, version of Part VI of the MUTCD, the FHWA anticipates that this action will not affect the total number of signalling devices deployed. By permitting public and private entities to choose from a wider array of signalling devices, these entities may be able to make more cost-effective choices in the future. Accordingly, it is anticipated that the overall economic impact of this rulemaking will be minimal, but positive. For these reasons, the FHWA has determined that a full regulatory evaluation is not required.

Regulatory Flexibility Act

In compliance with the Regulatory Flexibility Act (Pub. L. 96-354, 5 U.S.C. 601-612), the FHWA has evaluated the effects of this rule on small entities. This action will allow a few small companies to market signalling devices not allowed under the September 3, 1993, version of Part VI. Based on the evaluation, the FHWA hereby certifies that this action will not have a significant economic impact on a substantial number of small entities. The need to further evaluate economic consequences will be reviewed on the basis of the comments submitted in response to this interim final rule.

Executive Order 12612 (Federalism Assessment)

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that this action does not have sufficient federalism implications to warrant the preparation of a federalism assessment. The MUTCD is incorporated by reference in 23 CFR part 655, subpart F, which requires that changes to the national standards issued by the FHWA shall be adopted by the States or other Federal agencies within two years of issuance. This proposed amendment is in keeping with the Secretary of Transportation's authority under 23 U.S.C. 109(d) and 315 to promulgate uniform guidelines to promote the safe and efficient use of the highway. Therefore, nothing in this document would preempt any State laws, regulations, or requirements.

Executive Order 12372 (Intergovernmental Review)

Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.

Paperwork Reduction Act

This action does not contain a collection of information requirement for purposes of the Paperwork Reduction Act of 1980, 44 U.S.C. 3501 *et seq.*

National Environmental Policy Act

The agency has analyzed this action for the purpose of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and has determined that this action would not have any effect on the quality of the environment.

Regulation Identification Number

A regulation identification number (RIN) is assigned to each regulatory action listed in the Unified Agenda of Federal Regulations. The Regulatory Information Service Center publishes the Unified Agenda in April and October of each year. The RIN contained in the heading of this document can be used to cross reference this action with the Unified Agenda.

DEPARTMENT OF EDUCATION

34 CFR Parts 74 and 80

Education Department General Administrative Regulations; Cost Principles for Educational Institutions

AGENCY: Department of Education.

ACTION: Announcement regarding amendments to certain cost principles.

SUMMARY: The Secretary announces revisions to Office of Management and Budget (OMB) Circular A-21, "Cost Principles for Educational Institutions," which is used by the Department of Education in administering grant programs. The preambles to previously published final rulemaking documents specified Circular A-21 as amended through certain dates as the text of the Circular used for Department of Education programs. The Secretary specifies in this document subsequent OMB amendments to Circular A-21 and adopts those amendments for grant programs administered by the Department.

EFFECTIVE DATE: This notice takes effect on February 3, 1995.

FOR FURTHER INFORMATION CONTACT:

Glenn Riley, U.S. Department of Education, 600 Independence Avenue, SW., room 3636, ROB-3, Washington, DC 20202-4700. Telephone: (202) 708-7640. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION: On July 6, 1994, the Secretary published a revision to Part 74—Administration of Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations (59 FR 34722). Also, on March 11, 1988, the Secretary published a new Part 80—Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments (53 FR 8071). These documents established OMB Circular A-21 as the cost principles used by the Department of Education for educational institutions (34 CFR 74.27, 80.22). The preamble to the 1988 document specified all OMB amendments to Circular A-21 as amended through December 2, 1986 and the preamble to the 1994 document all amendments made by OMB to Circular A-21 through October 3, 1991. Each of these preambles adopted for Department of Education programs the text of A-21 as amended through the dates specified in those publications.

On July 26, 1993, OMB published amendments to Circular A-21 at 58 FR 39996. This notice adopts for 34 CFR part 80 the changes made by OMB on October 3, 1991 and July 26, 1993, and adopts for 34 CFR part 74 the changes made by OMB on July 26, 1993. The changes adopted in this announcement bind all recipients of Department grants and cooperative agreements to the requirements of Circular A-21 as amended through July 26, 1993. These

cost principles apply to educational institutions, except to the extent program regulations or the Department's administrative regulations require a different outcome.

OMB Circular A-21 was originally published in the **Federal Register** on March 6, 1979, at 44 FR 12368. It has been amended several times prior to the amendment made on July 26, 1993, as follows: On August 3, 1982, at 47 FR 33658, on June 9, 1986, at 51 FR 20908, on December 2, 1986, at 51 FR 43487, and on October 3, 1991, at 56 FR 50224. The circular, as amended, is adopted by the Department. It is available by calling the Publications Unit for the Executive Office of the President at (202) 395-7332, or by writing the Executive Office of the President, Publications, room 2200, New Executive Office Building, 725 17th Street, NW., Washington, DC 20503.

Waiver of Notice and Comment

It is the practice of the Secretary to offer interested parties the opportunity to comment on proposed actions in accordance with the Administrative Procedure Act (5 U.S.C. 553). However, since an opportunity was previously provided by OMB for public comment on the October 1991 changes to the Circular at 56 FR 22618 on May 15, 1991 and at 56 FR 29530 on June 27, 1991 and, regarding the July 1993 amendments, an opportunity was previously provided by OMB for public comment on that amendment to OMB Circular A-21 (57 FR 58394; December 9, 1992), the Secretary finds that soliciting further public comment with respect to adoption of the revised circular is unnecessary and contrary to the public interest under 5 U.S.C. 553(b)(B).
