BILLING CODE 6450-01-P

Federal Energy Regulatory Commission

[Docket No. ES95-16-000]

Cambridge Electric Light Co.; Notice of Application

December 29, 1994.

Take notice that on December 23, 1994, Cambridge Electric Light Company filed an application under § 204 of the Federal Power Act seeking authorization to issue not more than \$35 million of short-term debt during a two-year period commencing on the effective authorization date and maturing less than one year after the date of issuance.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, D.C. 20426 in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before January 23, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. RP95-100-000]

Midwestern Gas Transmission Co.; Notice of Rate Filing

December 29, 1994.

Take notice that on December 22, 1994, Midwestern Gas Transmission Company (Midwestern), filed its Fourth Revised Sheet No. 5 and First Revised Sheet Nos. 35, 41, 52, 102, 103, and 104, of Second Revised Volume No. 1 of its FERC Gas Tariff, with a proposed

effective date of December 1, 1994. Midwestern states that it is filing these sheets to eliminate its Take or Pay Volumetric Surcharge.

Midwestern states that it filed a Stipulation and Agreement governing resolution of take-or-pay matters in Docket No. RP91-78 on October 17, 1991, providing in part that Midwestern would collect \$600,000 through its volumetric surcharge. The Commission approved the Stipulation by order dated June 25, 1992. *Midwestern Gas Transmission Co.*, 59 FERC 61, 358 (1994). Midwestern states that it has collected the \$600,000 through its volumetric surcharge and now seeks to eliminate the volumetric surcharge and all references to it in its tariff.

Midwestern requests a waiver of the thirty day notice period for tariff changes so that the proposed changes can go into effect December 1, 1994.

Midwestern states that copies of the filing have been mailed to all of its jurisdictional customers and affected state regulatory commission.

Any person desiring to be heard or to make any protest with reference to said filing should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Sections 211 and 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211 and 385.214. All such petitions or protests should be filed on or before January 6, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to this proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file and available for public inspection.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

Federal Energy Regulatory Commission

[Docket No. QF95-41-000]

Nelson Industrial Steam Co. Notice of Application for Commission Certification of Qualifying Status of a Small Power Production Facility

December 29, 1994.

On December 19, 1994, Nelson Industrial Steam Company of 3400 Houston River Road, Westlake, Louisiana, submitted for filing an application for certification of a facility as a qualifying small power production facility pursuant to Section 292.207(b) of the Commission's Regulations and Section 3(17) of the Federal Power Act. No determination has been made that the submittal constitutes a complete filing.

According to the applicant, the small power production facility, which will be located in Westlake, Louisiana, will consist of a circulating fluidized bed combustion boiler and a steam turbine generator. The net electric power production capacity of the facility will be approximately 150 MW. The primary energy source of the facility will be petroleum coke, a by-product from the refining of crude oil.

Any person desiring to be heard or objecting to the granting of qualifying status should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with rules 211 and 214 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed within 30 days after the date of publication of this notice in the Federal Register and must be served on the applicant. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
