Title: (EPA ICR No. 1391.03; OMB No. 2040-0118). This is a request for renewal of a currently approved information collection without any change in the substance or in the method of collection.

Abstract: Title VI of the Clean Water Act authorizes EPA to provide grants to States for the establishment of State Water Pollution Control Revolving Funds (SRFs). Before receiving a capitalization grant for its revolving fund, a State must agree to contribute partial funding of its own, and to meet certain accounting, compliance, and enforcement commitments. States must provide EPA with an Intended Use Plan/Capitalization Grant Agreement, Annual Reports, and perform and report on annually State financial and compliance audits. Upon approval of the capitalization grant application, each State establishes its SRF program.

Local communities submit applications to their State for SRF financial assistance. Typically, the local community applicants are required to submit a project description, cost estimate, disbursement and construction schedules, an analysis of environmental and cost impacts, and a description of their financial capability and repayment plans. States review these applications for their conformance with the Intended Use Plan, as well as for their

environmental impacts and the applicant's financial status. If an application meets a State's requirements, the State prepares the appropriate loan agreement documents.

Burden Statement: The public reporting burden for this collection of information is estimated to average 60 hours per response for reporting, and 50 hours per recordkeeper annually. This estimate includes the time needed to review instructions, search existing data sources, gather and maintain the data needed, and complete and review the collection of information.

Respondents: State and local government agencies.

Estimate No. of Respondents: 51 State and 1,224 local government agencies.

Estimated No. of Responses per Respondent: An average of 24 per State government and one per local government agency.

Estimated Total Annual Burden on Respondents: 153,340 hours.

Frequency of Collection: Annually.

Send comments regarding the burden estimate, or any other aspect of the information collection, including suggestions for reducing the burden, to:

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the receipt of test data on refractory ceramic fibers (RCFs) (CAS No. 142844-00-6), submitted pursuant to a Testing Consent Order under the Toxic Substances Control Act (TSCA). Publication of this notice is in compliance with section 4(d) of TSCA.

FOR FURTHER INFORMATION CONTACT: James B. Willis, Acting Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. E-545B, 401 M St., SW., Washington, DC 20460, (202) 554-1404, TDD (202) 554-0551.

SUPPLEMENTARY INFORMATION: Section 4(d) of TSCA requires EPA to publish a notice in the **Federal Register** reporting the receipt of test data submitted pursuant to test rules promulgated under section 4(a) within 15 days after it is received. Under 40 CFR 790.60, all results of testing conducted pursuant to a consent order must be announced to the public in accordance with the procedures specified in section 4(d) of TSCA.

I. Test Data Submissions

Test data for refractory ceramic fibers (RCFs) were submitted by three member companies of the Refractory Ceramic Fiber Coalition (RCFC) (Carborundum Company, Premier Refractories and Chemicals, Incorporated, and Thermal Ceramics, Incorporated) pursuant to a Testing Consent Order at 40 CFR 799.5000. They were received by EPA on December 23, 1994. The submission describes workplace exposure monitoring data from RCFC company facilities, as well as from their customers' facilities. The customers selected include those chosen at random and those who specifically requested monitoring. Air monitoring samples were collected from employees engaged in RCF fiber production and processing, or use in functional categories such as forming, finishing, and installation.

RCFs are used as insulation for industrial insulation applications such as high temperature furnaces, heaters, and kilns. RCFs are also used in automotive applications, aerospace uses, and in certain commercial appliances such as self-cleaning ovens.

EPA has initiated its review and evaluation process for these data submissions. At this time, the Agency is unable to provide any determination as to the completeness of the submissions.

II. Public Record

EPA has established a public record for this TSCA section 4(d) receipt of data notice (docket number OPPTS-44615). This record includes copies of all data reported in this notice. The record is available for inspection from 12 noon to 4 p.m., Monday through Friday, except legal holidays, in the TSCA Nonconfidential Information Center (NCIC) (also known as the TSCA Public Docket Office), Rm. FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 94-136, FCC 94-298]

AGENCY: Federal Communications Commission.

ACTION: Notice of Hearing Designation Order.

SUMMARY: Cellular application of Ellis Thompson Corporation (Thompson) is designated for hearing. The Commission has determined that a substantial and material question of fact exists as to whether American Cellular Network Corporation (Amcell) is a real-party-in-interest in Thompson's application. The hearing will examine the relationship between Thompson and Amcell and determine whether Thompson has the requisite character qualifications necessary to hold the cellular license for Frequency Block A in Market 134, Atlantic City, New Jersey.

ADDRESSES: Federal Communications Commission, Washington, D.C. 20554.

FOR FURTHER INFORMATION CONTACT: Joseph Weber, Mobile Services Division, Common Carrier Bureau (202) 418-1300.

Summary of Memorandum Opinion and Order and Hearing Designation Order

The Commission has designated for hearing the application of Ellis Thompson Corporation for facilities in the Domestic Public Cellular Radio Telecommunications Service on Frequency Block A in Market No. 134, Atlantic City, New Jersey. The Commission found that the evidence in

the case disclosed a pattern of circumstances raising a substantial and material question of fact as to whether Thompson permitted American Cellular Network Corporation (Amcell) to become a real-party-in-interest in its application. Those circumstances included: (1) Amcell's status as the prospective purchaser of the system; (2) the failure of Thompson to receive profits; (3) Amcell's substantial financial exposure; (4) Amcell's specific assumption of control over litigation related to its management; (5) Amcell's broad management responsibilities under a long-term agreement; and (6) the consolidation of the facilities and staff of the Atlantic City system and Amcell's operations in adjacent areas.

Because the Commission believes that a substantial and material question of fact exists about the relationship between Thompson and Amcell, it has designated an issue for hearing to determine whether Amcell is a real-party-in-interest in Thompson's application. The hearing will also determine, based upon the evidence, whether Thompson has the necessary qualifications to hold the license for Block A in Market No. 134, Atlantic City, New Jersey.

Pursuant to Section 309(e) of the Communications Act of 1934, as amended, Thompson's application has been designated for hearing upon the following issue listed below:

To determine whether American Cellular Network Corporation is a real-party-in-interest in the application of Ellis Thompson Corporation for a cellular radio system on frequency Block A in Atlantic City, New Jersey and, if so, the effect thereof on Ellis Thompson corporation's qualifications to be a Commission licensee.

The Commission further noted that the applicant and parties to this proceeding may avail themselves of an opportunity to be heard by filing written notices of appearance under 47 CFR 1.221(c), within 20 days of the mailing of this order by the Secretary of the Commission.

William F. Caton,

Acting Secretary.
