

arrangement. In addition, commenters should discuss whether this form of split billing should be available to resellers of access service, or should be limited to customers seeking to share dedicated facilities for their own use. Commenters should also address methods to ensure that Feature Group A and B users are not double-billed for their use of the same facilities.

In addition, the Commission seeks comment on whether the type of split billing and shared network arrangements offered by NYNEX and Southwestern Bell adequately address customer needs for such arrangements. It also invites parties to comment on whether similar or modified arrangements should be offered by all LECs. Commenters should specifically address whether the "host/secondary customer of record" arrangement, under which a single IXC serves as the "host" customer of record, and is responsible for service arrangement and control, would satisfy the access customers' needs for sharing and resale of dedicated transport facilities. Commenters should also discuss how such offerings could be expanded or improved to meet customer needs. Commenters advocating that there be a single, host customer of record for the access service should specifically discuss how this split billing arrangement would apply to voice-grade access for Feature Group A and B services.

Finally, the Commission seeks comment on any other form of split billing that commenters believe would achieve the goals it has identified. Of particular interest would be any split billing prototype under consideration by the industry's OBF. Commenters who do not support a requirement that the LECs include in their tariffs procedures for offering split billing and shared network configurations should discuss alternative ways to satisfy LEC provision of these arrangements.

2. Procedural Matters

Ex Parte. This is a non-restricted notice and comment rulemaking. *Ex parte* presentations are permitted, except during the Sunshine period, provided they are disclosed as provided in the Commission's rules. See generally, 47 CFR 1.1202, 1.1203, and 1.1206(a).

Notice and Comment Provision.

Notice is given of the proposed changes in the Commission's policies regarding split billing. Comment is invited on the proposals pursuant to Sections 1, 4 (i) and (j), 201-205, 218, and 403 of the Communications Act as amended, 47 U.S.C. §§ 151.1 54(i) and (j), 201-205, 218, and 403. To file formally in this proceeding, parties must file an original and five copies of all comments, reply comments, and supporting comments. Parties wanting each Commissioner to receive a personal copy of their comments must file an original plus nine copies. All comments and reply comments should be sent to the Office of the Secretary. In addition, parties should file two copies of any such pleadings with the Tariff Division, Common Carrier Bureau, Room 518, 1919 M Street, N.W., Washington, DC 20554. Comments and reply comments will be available for public inspection during regular business hours in the FCC Reference Center, Room 239, 1919 M Street, NW., Washington, DC.

Regulatory Flexibility Act. The Regulatory Flexibility Act of 1980 does not apply to this rulemaking proceeding because the proposed rule amendments, if promulgated, would not have a significant economic impact on a substantial number of small business entities, as defined by Section 601(3) of the Regulatory Flexibility Act. Carriers providing interstate transport services directly subject to the proposed rule amendment do not qualify as small businesses since they are dominant in their field of operation. The Commission will, however, take appropriate steps to ensure that the special circumstances of the smaller local exchange carriers are carefully considered in resolving those issues. The Secretary shall send a copy of this Supplemental Notice of Proposed Rulemaking, including the certification, to the Chief Counsel for Advocacy of the Small Business Administration in accordance with paragraph 603(a) of the Regulatory Flexibility Act. Pub.L. No. 96-354, 94 Stat. 1164, 5 U.S.C. Section 601 et seq. (1981).

Petition for Rulemaking—Interlining by Motor Contract Carriers

AGENCY: Interstate Commerce Commission.

ACTION: Advance notice of proposed rulemaking.

SUMMARY: The Commission issues an advance notice of proposed rulemaking to examine restrictions against interlining between common and contract motor carriers. The Commission will consider whether there is a need for revisions in present rules and what revisions can be made in view of statutory restrictions. This proceeding is instituted in response to a petition asking the Commission to remove the present restrictions. Following receipt of public comments, the Commission will decide whether any changes to the present rules are warranted. If so, a notice of proposed rulemaking will be issued. Otherwise, the proceeding will be discontinued.

DATES: Any person interested in participating in this proceeding as a party of record may file comments by March 7, 1995.

ADDRESSES: Send an original and 10 copies of pleadings referring to Ex Parte No. MC-214 to: Office of the Secretary, Case Control Branch, Interstate Commerce Commission, 1201 Constitution Avenue, NW., Washington, DC 20423.

Regulatory Flexibility

Because this is not a notice of proposed rulemaking within the meaning of the Regulatory Flexibility

Act (5 U.S.C. 601 *et seq.*), we need not conduct at this point an examination of impacts on small business. However, we welcome any comments regarding small entity considerations embodied in that Act.

Environmental and Energy Considerations

Issuing this notice will not significantly affect either the quality of the human environment or the conservation of energy resources because the notice merely seeks information and is not proposing any change in current rules or policy. We preliminarily conclude that, even if we subsequently decide to grant the relief sought by petitioners, an environmental assessment would not be necessary under our regulations because the proposed action would not result in changes in carrier operations that exceed the thresholds established in our regulations. See 49 CFR 1105.6(c)(2). We invite comments on the environmental and energy impacts of the proposal.

Authority: 49 U.S.C. 10321 and 10526, and 5 U.S.C. 553.

Decided: December 16, 1994.

By the Commission, Chairman McDonald, Vice Chairman Morgan, and Commissioners Simmons and Owen.

Vernon A. Williams,
Secretary.

Background

Section 4(b)(5)(E) of the Act requires that a public hearing be held on the proposal to list the Arkansas River Basin population of the Arkansas River shiner as an endangered species, if requested within 45 days of the proposal's publication in the **Federal Register**. In order to accommodate the presently scheduled public hearings, the Service extends the public comment period. Written comments may be submitted from January 6, 1995 through February 3, 1995, to the State Supervisor (see **ADDRESSES** above).

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

SUMMARY: NMFS finds that a petition to remove the shortnose sturgeon (*Acipenser brevirostrum*) population in the Kennebec River system (Androscoggin, Kennebec and Sheepscot Rivers) from the Endangered Species List presents substantial information indicating that the requested action may be warranted. To ensure that this status review is complete, NMFS is soliciting information and data regarding the petitioned stock of shortnose sturgeon.

DATES: Comments and information must be received by March 7, 1995.

ADDRESSES: Copies of the petition are available from, and information should be submitted to, Chief, Habitat and Protected Resources Division, NMFS, One Blackburn Drive, Gloucester, MA 01930-2298.
