**[Docket No. CP95-138-000]**

**Natural Gas Pipeline Co. of America; Notice of Application**

January 6, 1995.

Take notice that on December 29, 1994, Natural Gas Pipeline Company of America (Natural), 701 East 22nd Street, Lombard, Illinois 60148, filed in Docket No. CP95-138-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon by sale an offshore pipeline lateral and appurtenant facilities located offshore Texas, all as more fully set forth in the application on file with the Commission and open to public inspection.

Natural proposes to abandon by sale to NCX Company, Inc. (NCX), a 0.95 mile pipeline lateral in High Island, Block A-270 (HI A-270). It is stated that the lateral was constructed under Natural's budget certificate in Docket No. CP80-86-000, to gain access to gas supplies from Chevron U.S.A. Inc. (Chevron) and to transport gas for itself and for Tennessee Gas Pipeline Company (Tennessee), which was also receiving gas supplies from Chevron, through the High Island Offshore System. It is asserted that NCX is one of the working interest owners in HI A-270 and the operator of the platform. It is explained that NCX would purchase the facilities for \$550,000. It is stated that NCX is requesting in a separate petition that the Commission issue a declaratory order making a determination that the lateral be considered a non-jurisdictional gathering facility.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 27, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas

Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Natural to appear or be represented at the hearing.

Take notice that on January 6, 1995, Southern California Edison Company (Edison) filed a Petition For Enforcement pursuant to Section 210(h) of the Public Utility Regulatory Policies Act of 1978 (PURPA). Edison asserts that these new contracts will require payments above its avoided cost and will dramatically increase stranded costs in a soon to be restructured electric utility industry. Edison requests the Commission to relieve Edison and its customers from these California Commission orders which it asserts violate both PURPA and this Commission's regulations. 18 CFR Part 292.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214).
