

(RMP) for the Grand Resource Area, Grand and San Juan Counties, Utah. The Proposed Amendment is for the purpose of (1) livestock grazing use adjustments; (2) flexibility to modify grazing season; and (3) allowance to consider future proposals for livestock use adjustments.

The Livestock Requirements under current management actions are proposed to be amended. The proposed plan amendment would (1) allow for Livestock Grazing Use Adjustments on the following livestock grazing allotments: Cisco, Bogart, Diamond, Cottonwood, Main Canyon, Middle Canyon, South Sand Flats, North Sand Flats, Between The Creeks, and Arth's Pasture. A portion of the forage previously reserved for livestock would be reallocated to non-livestock purposes (enhancement of wildlife, riparian vegetation, watershed, and recreation values). In total, over 6,000 Animal Unit Months are proposed to be reallocated from livestock to non-livestock purposes; (2) allow additional flexibility to modify the grazing season of use for individual allotments; and (3) allow for future proposals to make adjustments in Livestock Grazing Use within the resource area.
