Notice of Intent to Prepare a Draft Environmental Impact Statement (DEIS) for Projects and Activities Associated With Future Programs at Aberdeen Proving Ground

AGENCY: Department of the Army, DOD.

ACTION: Notice of Intent.

SUMMARY: In accordance with Public Law 91–190, the National Environmental Policy Act of 1969, the Draft Environmental Impact Statement (DEIS) is being prepared to evaluate environmental implications of future decisions regarding operation of Aberdeen Proving Ground. The DEIS will focus on impacts of planned future activities at Aberdeen Proving Ground; development alternatives for the installation Master Plan; development potential of the installation in terms of environmental carrying capacity; and specific concerns regarding risk. Issues to be considered in the proposed action include acceptance of those new programs projected for the installation to include modernization or removal of outdated facilities, and improvements to infrastructure, utilities and service necessary to accommodate the new missions and changes in existing test and evaluation missions. All missions on the installation will be considered including the Combat Systems Test Activity, the Chemical and Biological Defense Command and the Army Research Laboratory. The Army will conduct several small group scoping workshops prior to preparing the Environmental Impact statement. The first step will be to determine the appropriate scope of issues, activities and alternatives to be addressed. Among the anticipated areas to be evaluated are public health risks and public safety, noise, shock and vibration, water quality, air quality, hazardous materials management and disposal, biological resources including threatened and endangered species social and economic effects, and historic and archaeological resources. During the scoping process, the Army will ask other agencies that have regulatory interest in Aberdeen Proving Ground to participate in scoping.

DATES: Written public comments and suggestions can be submitted by February 13, 1995 to the address shown below.

ADDRESSES: Commander, Aberdeen Proving Ground Support Activity, ATTN: STEAP–SH–ER (Edward L. Newell, Jr.) Aberdeen Proving Ground, Maryland 21005–5423.

FOR FURTHER INFORMATION CONTACT: Mr. Edward L. Newell, Jr., (410) 278–6756.

Dated: January 4, 1995.

Lewis D. Walker,

Deputy Assistant Secretary of the Army (Environmental, Safety and Occupational Health), OASA (I,L&E).

Intent To Prepare a Draft Environmental Impact Statement for Proposed Construction at Camp Atterbury, Edinburgh, Indiana

AGENCY: Department of the Army, Department of Defense.

ACTION: Notice of Intent.

SUMMARY: This Notice of Intent is for the preparation of a Draft Environmental Impact Statement (DEIS) for proposed Army National Guard projects at Camp Atterbury, Edinburgh, Indiana. The proposal includes renovation and rehabitiation of existing facilities, range improvements, demolition and construction of facilities, and development of ranges.

Lead Agencies are: The Military Department of Indiana and the National Guard Bureau.

Various alternatives have been developed for consideration regarding the proposed projects at Camp Atterbury. The following constitutes a list of those alternatives to be considered in the DEIS:

(1) No action,

(2) Continued use and improvement of facilities and

(3) Alternative locations off-site.

Resource categories that will be analyzed include: physical environment, water quality, groundwater, air quality, biological resources, land use, socioeconomic, noise, and cultural resources.

SCOPING: The Military Department of Indiana will conduct public scoping meetings relating to the proposed actions. Public participation in the EIS process is essential to assist the decision maker in defining the scope of analysis considered in the DEIS.

Interested individuals, governmental agencies, and private organizations are invited to submit information and comments on this proposed action for consideration by the National Guard Bureau. Information that would assist the National Guard Bureau in analyzing the potential significant environmental consequences are solicited. This includes information on other environmental studies planned or competed in the area of the Camp Atterbury; other alternatives; potential impacts associated with the proposed action; and recommended mitigation measures.

Concerned individuals and agencies may express their views either by writing to the designated point of contact or participating in public
