

Department must publish a notice of a court decision which is not "in harmony" with a Department determination, and must suspend liquidation of entries pending a "conclusive" court decision. The CIT's decisions on July 8, 1993, December 10, 1993, and March 4, 1994, constitute decisions not in harmony with the Department's final results. Publication of this notice fulfills this obligation.

Pursuant to the decision in *Timken*, the Department must continue the suspension of liquidation of the subject merchandise pending the later of the expiration of the period for appeal or the conclusion of any appeal. Further, absent an appeal, or, if appealed, upon a "conclusive" court decision affirming the CIT's opinion, the Department will amend the final affirmative results of the first administrative review of the antidumping duty order on antifriction bearings (other than tapered roller bearings) and parts thereof from Italy to reflect the amended margins of the Department's redeterminations on remand, which were affirmed by the CIT.

Dated: January 9, 1995.

Paul L. Joffe,

Deputy Assistant Secretary for Import Administration.

Ferrosilicon From Venezuela; Termination of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of termination of antidumping duty administrative review.

SUMMARY: On August 24, 1994, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on ferrosilicon from Venezuela. The Department is now terminating this review.

EFFECTIVE DATE: January 13, 1995.

FOR FURTHER INFORMATION CONTACT: Maureen McPhillips or John Kugelman, Office of Antidumping Compliance, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, Washington, D.C. 20230, telephone (202) 482-5253.

SUPPLEMENTARY INFORMATION:

Background

On August 24, 1994, the Department published in the **Federal Register** a notice of initiation of administrative review (59 FR 43537) of the antidumping duty order on ferrosilicon from Venezuela at the request of a respondent, CVG-Venzolana de Ferrosilicio, C.A. (Fesilven). This notice stated that the Department would review merchandise sold in the United States by Fesilven during the period December 29, 1992 through May 31, 1994.

Fesilven subsequently withdrew its request for review on October 25, 1994. Under CFR 353.22(a)(5) (1994), a party requesting a review may withdraw that request no later than 90 days after the date of publication on the notice of initiation. Because Fesilven's withdrawal occurred within the time frame specified in 19 CFR 353.22(a)(5), and no other interested party has requested an administrative review for this period, the Department is now terminating this review.

This notice is published pursuant to 19 CFR 353.22(a)(5).

Dated: December 29, 1994.

Roland L. McDonald,

Acting Deputy Assistant Secretary for Compliance.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Addition

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Addition to the Procurement List.

SUMMARY: This action adds to the Procurement List a service to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

EFFECTIVE DATE: February 13, 1995.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403, 1735 Jefferson Davis Highway, Arlington, Virginia 22202-3461.

FOR FURTHER INFORMATION CONTACT: Beverly Milkman (703) 603-7740.

SUPPLEMENTARY INFORMATION: On November 18, 1994, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice

(59 FR 59757) of proposed addition to the Procurement List. Comments were received from the current contractor for this service. The contractor indicated that loss of the contract would have a significant impact on its business because it is concentrating on improving its better performing contracts rather than developing new business. The contractor noted that it does employ some people with disabilities, although it questioned how the nonprofit agency designated by the Committee will be able to perform the switchboard and information operations of this service using people with severe disabilities. The contractor noted that the switchboard uses lights and sounds, so sight and hearing capabilities are required, and the switchboard equipment requires dexterity to process calls efficiently. The contractor indicated that the small workroom space does not promote the use of wheel chairs or special equipment, and the requirement to respond to emergency calls makes the use of people with mental disabilities inappropriate. The contractor also expressed concerns that addition of the service to the Procurement List would dramatically increase the Government's costs to acquire the same level of service the contractor is providing, and it indicated that its contacts with the nonprofit agency showed the latter did not understand the requirements of the service.

This contract represents a very small percentage of the contractor's total sales. Even considering the impact of another switchboard service added to the Procurement List in 1992 where the commenting contractor also held the contract and allowing for a possibly greater impact because of the contractor's business plan, the level of impact on the contractor does not amount to a level which the Committee considers to be severe adverse impact.

The Committee appreciates the fact that the contractor has hired some people with disabilities to perform this contract. The nonprofit agency will consider employing these people. However, addition of the service to the Procurement List will guarantee that the service will be provided by people with severe disabilities, while a competitive contractor would be free to terminate its disabled workers for any reason.

The nonprofit agency plans to use people with physical disabilities to perform the switchboard services. It has taken into account the dexterity requirement in its staffing plans. The nonprofit agency will not hire anyone who is totally blind or totally deaf. The nonprofit agency considers the

switchboard room to be large enough to permit the use of wheelchairs, and the Government has agreed to modify the room if that proves necessary.

Nonprofit agencies are required to provide services to the Government under the Committee's program at a fair market price determined by the Committee, and the nonprofit agency in question has agreed to do so. Consequently, there will not be the dramatic increase in price the contractor predicted.

The nonprofit agency performing the service has long been a successful participant in the Committee's program. It has hired a project manager with many years of experience in telephone operations to manage the project who has established good relations with Government people at the job site. The nonprofit agency, with the assistance of its central nonprofit agency, has devised a plan of operation to meet the needs of the service. Consequently, the Committee believes that the concerns expressed by the contractor about the nonprofit agency's ability to do the job, which may have been based on an early contact with the agency, do not provide a basis for deeming the nonprofit agency incapable of performing the service.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the service, fair market price, and impact of the addition on the current or most recent contractors, the Committee has determined that the services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48d and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the service to the Government.
2. The action does not appear to have a severe economic impact on current contractors for the service.
3. The action will result in authorizing small entities to furnish the service to the Government.
4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the service proposed for addition to the Procurement List.

Accordingly, the following service is hereby added to the Procurement List: Switchboard Operation, Department of Veterans Affairs Medical Center, 4300

West 7th Street, North Little Rock, Arkansas.

This action does not affect current contracts awarded prior to the effective date of this addition or options exercised under those contracts.

Beverly L. Milkman,
Executive Director.

SUPPLEMENTARY INFORMATION: On July 22, November 18, 28 and December 10, 1994, the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (59 FR 37465, 59758, 60782 and 64932) of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodities, military resale commodity and services, fair market price, and impact of the additions on the current or most recent contractors, the Committee has determined that the commodities, military resale commodity and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48d and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities, military resale commodity and services to the Government.
2. The action does not appear to have a severe economic impact on current

contractors for the commodities, military resale commodity and services.

3. The action will result in authorizing small entities to furnish the commodities, military resale commodity and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities, military resale commodity and services proposed for addition to the Procurement List.

Accordingly, the following commodities, military resale commodity and services are hereby added to the Procurement List:
