Hoechst Celanese Corp., Coventry, Rhode Island; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on December 10, 1994, applicable to all workers of the subject firm. The certification notice will soon be published in the Federal Register.

At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. The findings show that a coverage overlap exists with TA-W-29,301 which was issued on March 4, 1994 for workers of the Intermediates I Building of Hoechst Celanese Corporation in Coventry, Rhode Island.

Accordingly, the Department is amending the certification to properly reflect the correct worker group.

The amended notice applicable to TA-W-30,410 is hereby issued as follows:

All workers of Hoechst Celanese Corporation in Coventry, Rhode Island, except those workers of Hoechst Celanese in the Intermediates I Building who are currently certified under TA-W-29,301, who became totally or partially separated from employment on or after October 3, 1993 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC., this 4th day of January 1995.

Linmar Petroleum Co.; Revised Determination on Reconsideration

On December 13, 1994, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the former workers of the subject firm. The notice

was published in the Federal Register on December 27, 1994 (59 FR 66559).

Investigation findings show that all production ceased on September 1, 1994 when all production workers were laid off.

U.S. imports of crude oil and natural gas increased absolutely and relative to domestic shipments in the first eight months of 1994 compared to the same period in 1993.

On reconsideration, the Department surveyed the subject firm's major declining customers for the relevant period. The survey findings show that customers accounting for a substantial portion of the subject firm's sales in 1994 increased their import purchases of crude oil while reducing their purchases from the subject firm.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that the former workers of Linmar Petroleum Company in Roosevelt, Utah and Denver, Colorado were adversely affected by increased imports of articles like or directly competitive with the crude oil produced at the Linmar Petroleum Company.

All workers of Linmar Petroleum Company, in Roosevelt, Utah and Denver, Colorado who became totally or partially separated from employment on or after August 19, 1993 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC, this 10th day of January 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.
