[Docket No. I-95-163]

#### Intended Environmental Impact Statement, The Guadalupe Neighborhood Project, City of Salt Lake City, Utah

The Department of Housing and Urban Development gives notice that the City of Salt Lake City, Utah, Capital Planning and Programming Division, intends to prepare a Draft Environmental Impact Statement (EIS) for the Guadalupe Neighborhood Project having a total of approximately 120 acres. This Notice is in accordance with regulations of the Council on Environmental Quality as described in 40 CFR Parts 1500-1508. Federal agencies having jurisdiction by law, special expertise, or other special interest should report their interests and indicate their readiness to aid in the EIS effort as a "Cooperating Agency".

A Draft Environmental Impact Statement will be completed for the proposed action described herein. Comments relating to the Draft EIS are requested and will be accepted by the contact person listed below. When the Draft EIS is completed, a notice will be sent to individuals and groups known to have an interest in the project and to appropriate local, State, and Federal agencies. The purpose of this notice will be to solicit comments on the Draft EIS and particularly on the environmental impact issues identified therein. Any person or agency interested in receiving a notice and making comment on the Draft EIS should contact the person listed below.

Title of action: The Guadalupe Neighborhood Project.

Location: From North Temple Street to 600 North and from 500 West to Interstate 15 in Salt Lake City, Utah. Including 120 acres.

The project currently includes both residential and commercial uses. Commercial areas are located primarily along major street frontages, 600 North, 500 West, and North Temple, while the remainder of the area is occupied by residential uses.

### Description of Action

The Draft Environmental Impact Statement will examine the social, economic and environmental impacts on Salt Lake City of projects proposed in the Guadalupe Neighborhood. The EIS will also examine what social, economic, and environmental impact the surrounding area will have on the Guadalupe Neighborhood.

The purpose of the Guadalupe Neighborhood Project is to have a positive impact on the social and economic conditions and trends in the area. This will be accomplished with the assistance of City programs and the use of some Federal funds.

The focus will be on four areas.

1. Demolition of dilapidated residential structures;
2. Rehabilitation of certain other residential structures;
3. Construction of new affordable residential units; and
4. Development of affordable, special use, housing.

### Need for the EIS

Environmental Assessments for specific projects within the area have identified certain noise concerns. The project area has a freeway on the west boundary and railroad tracks on the east boundary. The EIS will specifically address noise issues.

### Alternatives

Alternative #1—No Project. The project site would remain in its current state under this alternative. A majority of the project area would remain undeveloped with many of the existing residential units in need of repair.

Alternative #2—Relocate Project Area. Federal funds would be used to assist in the development of affordable housing in another target area within the City.

Alternative #3—The Proposed Project. This alternative would include the development of the Guadalupe Neighborhood as outlined above. Incorporating any necessary mitigation identified in the EIS.

### Scoping

This Notice is part of the process used for scoping the EIS. Responses will help determine significant environmental issues, identify data which the EIS should address, and help identify cooperating agencies.

The Draft Environmental Impact Statement will be published upon completion and will be on file, and available for public inspection at the address listed below. Copies may also be obtained, upon request, at the same address.

Contact Person: Craig A. Hinckley, Environmental Planner, Salt Lake City Planning Division, 451 South State Street, Room 406 Salt Lake City, Utah 84111

Phone: (801) 535-6409

Facsimile: (801) 535-6174

This Notice shall be effective for one year. If one year after the publication of the Notice in the **Federal Register** a Draft EIS has not been filed on the project, then the Notice for that project shall be cancelled. If a draft EIS is expected more than one year after the publication of this Notice, a new and updated Notice must be published.

Dated: January 12, 1995.

**Richard H. Broun,**

Director, Office of Community Viability.

### Office of the Assistant Secretary for Community Planning and Development

[Docket No. N-95-1917; FR-3778-N-20]

#### Federal Property Suitable as Facilities to Assist the Homeless

**AGENCY:** Office of the Assistant Secretary for Community Planning and Development, HUD.

**ACTION:** Notice.

**SUMMARY:** This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

**ADDRESSES:** For further information, contact William Molster, room 7256, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410; telephone (202) 708-1226; TDD number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

**SUPPLEMENTARY INFORMATION:** In accordance with 56 FR 23789 (May 24, 1991) and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published

in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Judy Breitman, Division of Health Facilities Planning, U.S. Public Health Service, HHS, room 17A-10, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 56 FR 23789 (May 24, 1991).

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-

800-927-7588 for detailed instructions or write a letter to William Molster at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (*i.e.*, acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: Corps of Engineers: Bob Swieconeck, Headquarters, Army Corps of Engineers, Attn: CERE-MC, Room 4224, 20 Massachusetts Ave. NW, Washington, DC 20314-1000; (202) 272-1753; Dept. of Energy: Tom Knox, Acting Team Leader, Facilities Planning and Acquisition Branch, FM-20, Forrestal Bldg., Room 6H-058, Washington, DC 20585; (202) 586-1191; (These are not toll-free numbers).

Dated: January 13, 1995.
