

C. Give a status report on the task at each meeting of ARAC held to consider rotorcraft issues.

The Secretary of Transportation has determined that the formation and use of the ARAC are necessary in the public interest in connection with the performance of duties imposed on the FAA by law. Meetings of ARAC will be open to the public except as authorized by section 10(d) of the Federal Advisory Committee Act. Meeting of the Performance and Handling Qualities Requirements Working Group will not be open to the public, except to the extent that individuals with an interest and expertise are selected to participate. No public announcement of working group meetings will be made.

Issued in Washington, DC, on January 13, 1995.

Chris A. Christie,

Executive Director, Aviation Rulemaking Advisory Committee.

BILLING CODE 4910-13-M

Aviation Rulemaking Advisory Committee; Rotorcraft Gross Weight and Passenger Issues Working Group

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of establishment of the Rotorcraft Gross Weight and Passenger Issues Working Group.

SUMMARY: Notice is given of the establishment of the Rotorcraft Gross Weight and Passenger Issues Working Group and new tasks assigned to the Aviation Rulemaking Advisory Committee (ARAC). This notice informs the public of the activities of ARAC.

FOR FURTHER INFORMATION CONTACT: Mr. Mark Schilling, Manager, Rotorcraft Standards Staff, 2601 Meacham Boulevard, Fort Worth, Texas, telephone number (817) 222-5110.

SUPPLEMENTARY INFORMATION: The Federal Aviation Administration (FAA) has established an Aviation Rulemaking Advisory Committee (ARAC) (56 FR 2190, January 22, 1991; and 58 FR 9230, February 19, 1993). One area the ARAC deals with is rotorcraft issues. These issues involve the airworthiness standards for normal and transport category rotorcraft in parts 27 and 29 of the Federal Aviation Regulations, which are the responsibility of the Director, Aircraft Certification Service, FAA

Task

The Gross Weight and Passenger Issues for Rotorcraft Working Group is charged with recommending to ARAC new or revised requirements for

increasing the gross weight and passenger limitations for normal category rotorcraft. The products of this exercise are intended to be harmonized standards, acceptable to both the FAA and the Joint Aviation Authorities.

Specifically, the task is as follows:

Review Title 14 Code of Federal Regulations part 27 and supporting policy and guidance material to determine the appropriate course of action to be taken for rulemaking and/or policy relative to the issue of increasing the gross weight and passenger limitations for normal category rotorcraft.

ARAC recommendations to the FAA should be accompanied by appropriate documents. Recommendations for rulemaking should be accompanied by a complete draft of the notice(s) of proposed rulemaking, including the benefit/cost analysis and other required analyses. Recommendations for the issuance of guidance material should be accompanied by a complete draft advisory circular.

ARAC has formed the Rotorcraft Gross Weight and Passenger Issues Working Group to analyze and recommend to it solutions to issues contained in the assigned tasks. If ARAC accepts the working group's recommendations, it forwards them to the FAA.

ARAC working groups are comprised of technical experts on the subject matter. A working group member need not necessarily be a representative of one of the member organizations of ARAC. An individual who has expertise in the subject matter and wishes to become a member of the working group should write the person listed under the caption **FOR FURTHER INFORMATION CONTACT** expressing that desire, describing his or her interest in the task, and the expertise he or she would bring to the working group. The request will be reviewed by the assistant chair and working group leader, and the individual will be advised whether or not the request can be accommodated.

Working Group Reports

Each working group formed to consider ARAC tasks is expected to comply with the procedures adopted by ARAC and given to the working group chair. As part of the procedures, the working group is expected to:

A. Recommend time line(s) for completion of the task, including rationale, for consideration at the meeting of the ARAC to consider rotorcraft issues held following publication of this notice.

B. Give a detailed conceptual presentation on the task to the ARAC

before proceeding with the work stated under item C below.

C. Give a status report on the task at each meeting of ARAC held to consider rotorcraft issues.

The Secretary of Transportation has determined that the formation and use of the ARAC are necessary in the public interest in connection with the performance of duties imposed on the FAA by law. Meetings of ARAC will be open to the public except as authorized by section 10(d) of the Federal Advisory Committee Act. Meetings of the Rotorcraft Gross Weight and Passenger Issues Working Group will not be open to the public, except to the extent that individuals with an interest and expertise are selected to participate. No public announcement of working group meetings will be made.

Issued in Washington, DC, on January 13, 1995.

Chris A. Christie,

Executive Director, Aviation Rulemaking Advisory Committee.
