

EPA notes that the information collected in connection with this preliminary decision also shows that a subcategory of asbestos processing sources, the friction product manufacturing subcategory, has individual facilities which emit more than 10 tons/year of a single non-asbestos HAP or more than 25 tons per year of a collection of non-asbestos HAPs (methyl chloroform, methyl ethyl ketone, formaldehyde, phenol, and toluene). Therefore, EPA intends to add this subcategory to the source category list as a major source category in a general revision to the source category list that is currently being developed.

III. Administrative Requirements

A. Docket

The docket (Docket no. A-94-69) is an organized and complete file of all the information submitted to or otherwise considered by the Agency in the development of this proposed revision to the initial list of categories of sources. The principal purpose of this docket is to allow interested parties to identify and locate documents that serve as a record of the process engaged in by the Agency to publish today's proposed revision to the initial list and schedule.

B. Executive Order 12866

Under Executive Order (E.O.) 12866, the EPA must determine whether the proposed regulatory action is "significant" and therefore, subject to the Office of Management and Budget (OMB) review and the requirements of the Executive Order. The Order defines "significant" regulatory action as one that is likely to lead to a rule that may:

- (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety in State, local, or tribal governments or communities;
- (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency;
- (3) Materially alter the budgetary impact of entitlements, grants, user fees or loan programs or the rights and obligations of recipients thereof; or
- (4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in the Executive Order.

Pursuant to the terms of Executive Order 12866, OMB has determined that this action is "significant". As such, this action was submitted to OMB for review. Changes made in response to OMB suggestions or recommendations are documented in the public record.

C. Paperwork Reduction Act

This action does not contain any information collection requirements subject to OMB review under the Paperwork Reduction Act, 5 U.S.C. 3501 *et seq.*

D. Regulatory Flexibility Act Compliance

Pursuant to 5 U.S.C. 605(6), I hereby certify that this action will not have a significant economic impact on a substantial number of small entities because it imposes no new requirements.
