SUPPLEMENTARY INFORMATION: EPA issued a notice, published in the **Federal Register** of December 14, 1994 (59 FR 64405), that announced the receipt of a petition submitted by Rohm and Haas Co. that requested the revocation of section 409 food additive regulations established under the Federal Food, Drug and Cosmetic Act (FFDCA) for oxyfluorfen in or on cottonseed oil, mint oil, and soybean oil. Rohm and Haas Co. has requested a 60-day extension of the original 30-day comment period, which was set to expire on January 13, 1995, to complete two processing studies. EPA is granting the 60-day extension of the comment period because the additional data may be useful to EPA in ruling on the petition.

It should also be noted that in the **Federal Register** of July 1, 1994, EPA issued a proposed rule to revoke the section 409 food additive regulation for oxyfluorfen in or on cottonseed oil, mint oil, and soybean oil because oxyfluorfen induces cancer in animals. Therefore, this food additive regulation violates the Delaney clause in section 409 of the FFDCA.

Authority: 21 U.S.C. 346a and 348.

Dated: January 12, 1995.
