

a dust control agent for rough rice at an application rate of 800 parts per million.

The potential environmental impact of this action is being reviewed. To encourage public participation consistent with regulations promulgated under the National Environmental Policy Act (40 CFR 1501.4(b)), the agency is placing the environmental assessment submitted with the petition that is the subject of this notice on public display at the Dockets Management Branch (address above) for public review and comment. Interested persons may, on or before February 24, 1995, submit to the Dockets Management Branch (address above) written comments. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday. FDA will also place on public display any amendments to, or comments on, the petitioner's environmental assessment without further announcement in the **Federal Register**. If, based on its review, the agency finds that an environmental impact statement is not required and this petition results in a regulation, the notice of availability of the agency's finding of no significant impact and the evidence supporting that finding will be published with the final regulation in the **Federal Register** in accordance with 21 CFR 25.40(c).

Dated: January 13, 1995.

Food and Drug Administration

[Docket No. 94D-0300]

International Harmonization; Draft Policy on Standards; Availability; Correction

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice; correction.

SUMMARY: The Food and Drug Administration (FDA) is correcting a notice that appeared in the **Federal Register** of November 28, 1994 (59 FR 60870). The document provided a draft policy statement of the agency's development and use of standards with

respect to international harmonization of regulatory requirements and guidelines. Specifically, the draft policy addressed the conditions under which FDA participates with standards bodies outside of FDA, domestic or international, in the development of standards applicable to products regulated by FDA. The document was published with some typographical and inadvertent errors. This document corrects those errors.

FOR FURTHER INFORMATION CONTACT:

Linda Horton, International Policy Staff (HF-23), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301-443-2831.

In FR Doc. 94-29116, appearing on page 60870, in the **Federal Register** of November 28, 1994, the following corrections are made:

1. On page 60872, in the second column, in the eighth line from the bottom, the word "Biologic" is corrected to read "Biologics"; in the third column, in the first full paragraph, in the 21st line, the acronym "(PhMA)" is corrected to read "(PhRMA)"; and in the same column, beginning in the second line from the bottom, the words "standardizing the safety-related terminology used in adverse experience reporting" are corrected to read "standardizing medical definitions and adverse experience reporting".

2. On page 60873, in the first column, in the first full paragraph, in the fourth line from the bottom of the paragraph, the word "Device" is corrected to read "Devices".

Dated: January 18, 1995.

William K. Hubbard,

Interim Deputy Commissioner for Policy.
