### Nolan River Watershed, Johnson County, TX

**AGENCY:** Natural Resources Conservation Service.

**ACTION:** Notice of a finding of no significant impact.

**SUMMARY:** Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR part 1500); and the Natural Resources Conservation Service Guidelines (7 CFR part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Nolan River Watershed, Johnson County, Texas.

The project will improve surface water quality in and below the watershed by assisting in a program to reduce the pollutant load from 29 of the 36 dairies in the watershed. The plan will provide financial and technical assistance to install animal waste management systems and associated land treatment practices on 29 dairy farms. Implementation of the plan will be accomplished through the local soil and water conservation district. This project will be supplemented by the Agricultural Conservation Program in

the watershed. The plan will be applied during a ten year period.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Harry W. Oneth.
