DG&E/Slocum Limited Partnership; Slocum, TX and TA-W-30,339A Dallas Gas & Electric, Inc. Dallas TX; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Certification of Eligibility to apply for Worker Adjustment Assistance on December 12, 1994, applicable to all workers of the subject firm. The certification notice will soon be published in the **Federal Register**.

At the request of the company, the Department reviewed the certification for workers of the subject firm. The sales, production and employment data for the Dallas, Texas office was included with the initial investigation; accordingly, the Dallas office met all three of the Worker Group Eligibility Requirements of the Trade Act for certification.

Therefore, the Department is amending the certification by including the Dallas, Texas location of Dallas Gas & Electric, Inc.

The amended notice applicable to TA-W-30,339 is hereby issued as follows:

All workers of DG&E/Slocum Limited Partnership, Slocum, Texas and the Dallas, Texas Office of Dallas Gas & Electric, Inc., engaged in employment related to the production of crude oil who became totally or partially separated from employment on or after September 6, 1993 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, D.C. this 13th day of January 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

Intera Information Technologies, Inc., Denver, CO; Notice of Affirmative Determination Regarding Application for Reconsideration

On November 15, 1994, one of the petitioners requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance for workers at the subject firm. The Department's Negative Determination was issued on November 4, 1994 and published in the **Federal Register** on November 16, 1994 (59 FR 59252).

New findings show that Intera performed exploration activities and conducted testings at the well site for unaffiliated firms in the oil industry.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, D.C., this 13th day of January 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.
