4. Pesticide Residue Study (15 months) of Monthly Rice Production Volumes from Operating U.S. Rice Mills—New—As part of the Food and Drug Administration's (FDA) continuing effort to improve the pesticide program, monitoring studies are needed. Department of Agriculture inspectors, which regularly inspect mills, have obtained monthly samples from known domestic rice production mills over a 15-month period. Under section 706 of the Social Security Act (the Act), the Secretary of Health and Human Services (the Secretary) appoints the Council every 4 years. The Council examines issues affecting the Social Security Old-Age, Survivors, and Disability Insurance (OASDI) programs, as well as the Medicare program and impacts on the Medicaid program, which were created under the Act.

In addition, the Secretary has asked the Council specifically to address the following:

- Social Security financing issues, including developing recommendations for improving the long-range financial status of the OASDI programs;
- General program issues such as the relative equity and adequacy of Social Security benefits for persons at various income levels, in various family situations, and various age cohorts, taking into account such factors as the

increased labor force participation of women, lower marriage rates, increased likelihood of divorce, and higher poverty rates of aged women.

In addressing these topics, the Secretary suggested that the Council may wish to analyze the relative roles of the public and private sectors in providing retirement income, how policies in both sectors affect retirement decisions and the economic status of the elderly, and how the disability insurance program provisions and the availability of health insurance and health care costs affect such matters.

The Council is composed of 12 members in addition to the chairman: Robert Ball, Joan Bok, Ann Combs, Edith Fierst, Gloria Johnson, Thomas Jones, George Kourprias, Sylvester Schieber, Gerald Shea, Marc Twinney, Fidel Vargas, and Carolyn Weaver. The chairman is Edward Gramlich.

#### Notice of Funding Availability for Fiscal Year 1995 for Innovative Project Funding Under the Innovative Homeless Initiatives Demonstration Program; Notice of Extension of Deadline for Applications

**AGENCY:** Office of the Assistant Secretary for Community Planning and Development, HUD.

**ACTION:** Notice of funding availability (NOFA); Extension of deadline for applications.

**SUMMARY:** On January 25, 1995 (60 FR 4996), the Department published in the **Federal Register**, a Notice that announced the availability of \$25 million in funds for applications for Innovative Project Funding under the Innovative Homeless Initiatives Demonstration Program. These funds will be awarded competitively for innovative programs designed to provide aggressive outreach to homeless persons living on the streets or in other places not designed for, or ordinarily used as, regular sleeping accommodations for human beings; provide intensive needs assessments; connect these people with existing community resources when available; and, if necessary, provide additional housing and services for them.

For reasons set forth in the January 25, 1995 NOFA, and reiterated in this notice, there is a short application period for this funding. The January 25, 1995 NOFA provided for an application deadline of February 6, 1995. The Department, however, had intended to provide for an application deadline of February 13, 1995. Accordingly, the purpose of this notice is to extend the application due date until 6 p.m. local time on February 13, 1995. (See the January 25, 1995 published NOFA for all additional requirements.)

**DEADLINE DATES:** All applications received at HUD Headquarters, Office of Community Planning and Development, at the address shown in the "Addresses" section of this NOFA by 6 p.m. local time on February 13, 1995 will be considered for funding. HUD will treat as ineligible for consideration applications that are received after the deadline. However, any application received at that address within 24 hours after the deadline will be considered for funding if the applicant can show there were circumstances beyond its control that delayed delivery of the application, such as the failure of a delivery service to deliver the application on or before the specified date. *Applications may not be sent by facsimile (FAX).*

The Department has established a short application period for this NOFA in an effort to make funding quickly available to applicants who are in need of funding to assist homeless persons, especially during this time when harsh weather conditions necessitate greater and more immediate assistance to homeless persons.

**ADDRESSES:** A completed application must be submitted to the following address: Processing and Control Unit,
