

resolution of the matter. OSM notes, however, that the *Taylor* decision was vacated on jurisdictional grounds by the U.S. District Court for the Eastern District of Kentucky. *Coal Mac. Inc. v. Babbitt*, Civil No. 93-117 (October 3, 1994). The implications of these and other right-of-entry cases for Federal and State programs is under review by OSM.

The two environmental commenters who generally supported the Kringlen petition raised issues and made several rulemaking suggestions which were beyond the narrow scope of the Kringlen petition. OSM is, however, concerned that these comments may reflect some misunderstanding of the operation of the current rules. Therefore, OSM wishes to respond to the comments as follows:

(a) One environmental commenter would require that the permit applicant conduct a record search to ensure that the permit information is accurate and complete as implicitly required by sections 507(b) 1) and (2) and 507(b) (9) and (13) of the Act. OSM readily acknowledges that many times the need for the permit applicant to conduct a record search is implicit in fulfilling the information requirements of the cited sections.

However, there are many other times when a record search would reasonably not be necessary and, therefore, should not be required. For example, one commenter opposing the petition noted that documents dispositive to right-of-entry disputes providing for right-of-way, temporary easements, etc., are often not recorded in the courthouse and therefore would not be included among the petitioner's requested documents of record.

(b) This same environmental commenter opposed the current provisions of 30 CFR 778.15 which specifically require only that the application contain a description of the documents upon which the applicant bases his legal right to enter and begin surface coal mining operations. The commenter faults the preamble logic of the proposed and final § 778.15 which considered and rejected the required submission in *all* cases of actual copies of right-of-entry documents relied upon. 43 FR 41692, September 18, 1978, and 44 FR 15028, March 13, 1979. The commenter argues that the permit applicant should be required to submit in all cases, or at a bare minimum in *disputed* cases, the actual copies of all right-of-entry documents relied upon. For the reasons expressed in its 1978 and 1979 preambles and as echoed by another commenter opposing the instant petition, OSM continues to believe that the required submission of all right-of-entry documents in all cases would often impose a significant and unnecessary burden on the permit applicant.

In support of its argument for the required submission of all right-of-entry documents in *disputed* cases, the prior environmental commenter expressed particular concern that once a right-of-

entry dispute arose, the regulatory authority might not have authority under 30 CFR 778.15 to require actual copies of the documents but would have to rely merely on a description of documents upon which the asserted applicant right-of-entry was based. The major industry commenter opposing the petition reviewed the 1979 preamble discussion of proposed 30 CFR 778.15 and concluded that the regulatory authority currently has authority to request such copies to resolve a dispute of fact as to whether a legal right claimed by the applicant exists. OSM concurs that the preamble discussions of proposed and final section 778.15 support this conclusion. 43 FR 41692, September 18, 1978, and 44 FR 15028, March 13, 1979.

Indeed, in most cases it would be difficult to conceive of the regulatory authority being able to resolve such disputes without viewing actual copies of documents relied upon for right-of-entry. Of course, because of the proviso clause in paragraph 507(b)(9) of the Act, such a determination of fact would not mean that the regulatory authority was making a legal determination about the right to enter. 43 FR 41692, September 18, 1978. With regard to the concerns raised by the petitioner, OSM has found that, with the exception of a few instances where the State counterpart to 30 CFR 778.15 was improperly applied in the State of Kentucky, the rule has generally worked to protect the rights of landowners as required by section 102(b) of the Act.

(c) The prior environmental commenter also requested that OSM: (1) Provide clarification as to the appropriate interpretation of existing procedures in the event of a dispute as to right-of-entry information in a permit application; and (2) conduct a national study of the right-of-entry issues raised by the petitioner and commenters. As noted above, these requests extend far beyond the narrow scope of the instant petition.

(d) The other environmental commenter suggested that the regulatory authority check and substantiate all submitted ownership documentation for completeness and authenticity. OSM experience indicates that this is not necessary on a routine basis and should be carried out only when needed. The regulatory authority does not have the manpower to do this on a routine basis nor the statutory authority to resolve the property disputes which could result from efforts to authenticate ownership documentation.

Summary

The information available to OSM indicates that the incident that prompted the petition represents a problem localized in the State of Kentucky. Requiring the applicant in all

cases to include documentation with public records identifying the surface owners of the property they propose to mine as well as the property contiguous to the proposed mining property as requested by the petitioner would often impose a substantial and unnecessary burden, particularly to coal companies and regulatory authorities involved in the permitting of large Western mines. Since the incident that prompted the petition, Kentucky has instituted a new policy which requires that when a surface owner files a protest to the issuance of a permit the Natural Resources and Environmental Protection Cabinet must make a determination as to whether the applicant has made a *prima facie* showing that he has the right to enter and mine the property. These facts lead us to conclude that there is insufficient basis for the national rulemaking requested by the petitioner. OSM shall, through its oversight program, evaluate Kentucky's protection of landowner rights to make certain that the State regulations as implemented are as effective as the Federal regulations in protecting those rights. In addition, OSM is reviewing the implications for Federal and State programs of recent court and IBLA decisions on right-of-entry issues. This petition and comments thereto shall become part of the record as OSM conducts oversight of the Kentucky State Program.

[FR Doc. 95-2213 Filed 1-27-95; 8:45 am]

BILLING CODE 4310-05-M

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-7124]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, FEMA.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (100-year) flood elevations and proposed base flood elevation modifications for the communities listed below. The base (100-year) flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-2756.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) proposes to make determinations of base (100-year) flood elevations and modified base flood elevations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director, Mitigation Directorate, certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to

establish and maintain community eligibility in the National Flood Insurance Program. As a result, a regulatory flexibility analysis has not been prepared.

Regulatory Classification

This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612 Federalism

This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This proposed rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

PROPOSED BASE (100-YEAR) FLOOD ELEVATIONS

Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD)
NEW JERSEY	
South Belmar (Borough), Monmouth County	
Polly Pod and Lake Como: Entire shoreline within community	*10
Maps available for inspection at the Office of Administration, 1730 F Street, South Belmar, New Jersey.	

PROPOSED BASE (100-YEAR) FLOOD ELEVATIONS—Continued

Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD)
Send comments to The Honorable James Graham, Mayor of the Borough of South Belmar, P.O. Box 569, South Belmar, New Jersey 07719.	
OHIO	
Laurelville (Village), Hocking County	
<i>Laurel Run:</i> Approximately 960 feet downstream of downstream corporate limits at the confluence of Salt Creek	
	*742
Approximately 50 feet upstream of upstream corporate limits	
	*745
<i>Salt Creek:</i> Approximately 0.5 mile downstream of the confluence with Laurel Run	
	*736
At the confluence of Laurel Run	
	*742
Maps available for inspection at the Office of the Mayor, Laurelville, Ohio	
Send comments to The Honorable Robert West, Mayor of the Village of Laurelville, Office of the Mayor, Laurelville, Ohio 43135.	
OHIO	
Meigs County (Unincorporated Areas)	
<i>Ohio River:</i> Approximately 5.0 river miles downstream of U.S. Route 33	
	*574
Approximately 4.5 river miles upstream of Belleville Dam ..	
	*603
Maps available for inspection at the Commissioner's Office, Courthouse, Second Street, Pomeroy, Ohio.	
Send comments to Mr. Fred Hoffman, President, Meigs County Board of Commissioners, Courthouse, Second Street, Pomeroy, Ohio 45769.	

§ 67.4 [Amended]

3. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified
Connecticut	Bozrah (Town) New London County.	Yantic River	At downstream corporate limits	*119	*120
			Approximately 0.6 mile upstream of corporate limits.	*121	*122
			Approximately 100 feet upstream of State Route 608.	None	*165
			Approximately 1,900 feet upstream of Gilman Dam.	None	*243

Maps available for inspection at the Town Hall, Bozrah, Connecticut.

Send comments to Mr. Raymond C. Barber, First Selectman of the Town of Bozrah, Town Hall, Bozrah, Connecticut 06334.

Delaware	Dewey Beach (Town) Sussex County.	Atlantic Ocean	Approximately 100 feet east of the intersection of Read Avenue and State Route 1.	*8	Depth 2'
----------------	-----------------------------------	----------------------	---	----	----------

Maps available for inspection at the Town Hall, 105 Rodney Avenue, Dewey Beach, Delaware.

Send comments to The Honorable James Lavelle, Mayor of the Town of Dewey Beach, 105 Rodney Avenue, Dewey Beach, Delaware 19971.

Delaware	Fenwick Island (Town) Sussex County.	Atlantic Ocean	Approximately 500 feet east of the intersection of James Street and State Route 1.	*11	*13
			Approximately 100 feet west of the intersection of Essex Street and Bunting Avenue.	*10	Depth 2'

Maps available for inspection at the Town Hall, 800 Coastal Highway, Fenwick Island, Delaware.

Send comments to The Honorable James Elliott, Mayor of the Town of Fenwick Island, 800 Coastal Highway, Fenwick Island, Delaware 19944.

Delaware	Sussex County (Unincorporated Areas).	Atlantic Ocean	Approximately 100 feet east of the intersection of Palmer Avenue and State Route 1.	*9	Depth 2'
----------------	---------------------------------------	----------------------	---	----	----------

Maps available for inspection at the Planning and Zoning Office, Courthouse Circle, Georgetown, Delaware.

Send comments to Mr. Robert Stickels, Sussex County Administrator, P.O. Box 589, Georgetown, Delaware 19947.

Florida	Seminole County (Unincorporated Areas).	Mud Lake	Entire shoreline within county	None	*85
		Howell Creek	Approximately 1,250 feet downstream of Dyson Drive.	*33	*30
			Approximately 0.66 mile downstream of Red Bud Lake Road.	*36	*35
		Lake Lotus	Entire shoreline within community	None	*64
		Little Wekiva River	Approximately 200 feet upstream of State Route 431.	None	*64
			Approximately 900 feet upstream of State Route 431.	None	*64
Soldier Creek	At upstream side of State Route 427	*28	*27		
	Approximately 150 feet upstream of CSX Transportation.	*41	*42		

Maps available for inspection at the Seminole County Development Review Department, County Services Building, Room W225, 1101 East First Street, Sanford, Florida.

Send comments to Mr. Ron H. Rabun, Seminole County Manager, 1101 East First Street, Sanford, Florida 32771.

Georgia	Columbia County (Unincorporated Areas).	Savannah River	Approximately 0.8 mile downstream of the City of Augusta dam and locks.	*164	*151
			Approximately 2,500 feet downstream of Thurmond Dam.	None	*203
		Watery Branch	At its mouth at the Savannah River	*196	*192
			Approximately 600 feet upstream of Point Comfort Road.	*196	*195
		Jones Creek	At its mouth	*198	*193
			Approximately 4,200 feet upstream of its mouth.	*198	*197
		Bettys Branch	At its mouth	*204	*197
			Approximately 0.5 mile upstream of Bettys Branch Road.	*204	*203
		Uchee Creek	At its mouth	*205	*198
			Approximately 250 feet upstream of Washington Road.	*205	*204

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified

Maps available for inspection at the Engineering Services, 630 Washington West Drive, Evans, Georgia.
 Send comments to Mr. Richard Reynolds, Chairman of the Columbia County Board of Commissioners, P.O. Box 498, Evans, Georgia 30809.

Illinois	Elmhurst (City) DuPage County.	Salt Creek	Approximately 0.4 mile downstream of State Route 56 (Butterfield Road).	*663	*662
			Approximately 0.54 mile upstream of State Route 64 (North Avenue).	*675	*673
		Sugar Creek	At the confluence with Salt Creek	*664	*663
			At State Route 83 (Robert Kingery Expressway).	*665	*664

Maps available for inspection at the Public Works Department, Elmhurst City Hall, 209 North York Street, Elmhurst, Illinois.
 Send comments to The Honorable Thomas D. Marcucci, Mayor of the City of Elmhurst, 209 North York Street, Elmhurst, Illinois 60126-2759.

Illinois	Hampshire (Village) Kane County.	Hampshire Creek	Approximately 0.25 mile downstream of State Street.	None	*879
			Approximately 0.59 mile upstream of Rowell Road.	None	*906
		Hampshire Creek Tributary No. 1.	Approximately 375 feet downstream of Keyes Drive.	None	*898
			Approximately 720 feet upstream of Keyes Drive.	None	*904

Maps available for inspection at the Village Hall, 234 South State Street, Hampshire, Illinois.
 Send comments to The Honorable William P. Schmidt, Mayor of the Village of Hampshire, Village Hall, P.O. Box 457, 234 South State Street, Hampshire, Illinois 60140-0457.

Indiana	Franklin County (Unincorporated Areas).	Whitewater River	At confluence of East Fork Whitewater River.	None	*622	
			Approximately 800 feet upstream of confluence of Salt Creek.	None	*680	
		East Fork Whitewater River	At confluence with Whitewater River	None	*622	
			At State Route 101	None	**624	
			Duck Creek	At confluence with Whitewater River	None	*670
				At Duck Creek Pond	None	*695

Maps available for inspection at the Courthouse, 459 Main Street, Brookville, Indiana.
 Send comments to Mr. William J. Losekamp, President of the Franklin County Board of Commissioners, 5516 Mueller Road, Cedar Grove, Indiana 47016.

Maine	Arundel (Town) York County.	Kennebunk River	Approximately 200 feet downstream of confluence of Goff Mill Brook.	None	*9
			Approximately 0.5 mile upstream of U.S. Route 1.	None	*58

Maps available for inspection at the Town Office, 1375 Limerick Road, Kennebunkport, Maine.
 Send comments to Mr. John Frazier, Arundel Town Manager, R.R. 1, 1375 Limerick Road, Kennebunkport, Maine 04046.

Maine	Auburn (City), Androscoggin County.	Little Androscoggin River .	Approximately 700 feet downstream of Lower Barker Mill Dam.	*137	*136
			Approximately 1,000 feet upstream of the upstream corporate limits.	*231	*227
		Taylor Brook	At the confluence with Little Androscoggin River.	*199	*197
			At the downstream side of Hotel Road	*247	*245
		Taylor Pond	Entire shoreline within the community	None	*247
			Bobbin Mill Brook	Approximately 300 feet upstream of North River Road.	None
	Approximately 120 feet upstream of Fair Street bridge.	None		*254	

Maps available for inspection at the Acting City Manager's Office, 45 Spring Street, Auburn, Maine.
 Send comments to Ms. Pat Finnegan, Acting City Manager for the City of Auburn, 45 Spring Street, Auburn, Maine 04210.

Maine	Howland (Town)	Piscataquis River	Upstream side of Howland Dam	*156	*157
			At the confluence of Maxy Brook	*171	*172

Maps available for inspection at the Town Hall, Main Street, Howland, Maine.
 Send comments to Ms. Glenna Armour, Howland Town Manager, P.O. Box 386, Howland, Maine 04448.

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified
Maine	Milo (Town), Piscataquis County.	Piscataquis River	Approximately 0.7 mile downstream of confluence of Stinking Brook (downstream corporate limits).	*278	*283
			At confluence of Meadow Brook (upstream corporate limits).	*290	*283
		Pleasant River	At downstream corporate limits	*278	*283
			At upstream corporate limits	*328	330
		Sebec River	At confluence with Piscataquis River	*285	*286
			Approximately 700 feet upstream of upstream corporate limits.	*292	*293
Meadow Brook	At confluence with Piscataquis River	*290	*294		
	Approximately 50 feet upstream of River Road.	*290	*294		

Maps available for inspection at the Town Hall, Pleasant Street, Milo, Maine.

Send comments to Ms. Jane Jones, Milo Town Manager, P.O. Box 218, Milo, Maine 04463.

Maine	Norridgewock (Town), Somerset County.	Kennebec River	Approximately 260 feet downstream of confluence of Ledge Brook.	*165	*174
			Approximately 0.4 mile upstream of confluence of Sandy River.	*184	*193
		Sandy River	At confluence with Kennebec River	*183	*193
			At upstream corporate limits	*197	*202
		Mill Stream	At confluence with Kennebec River	*170	*177
