

would serve the public convenience and necessity.

WIC states that it has not proposed to reallocate Columbia's responsibility for the system costs to other shippers. Accordingly, WIC intends to retain the exit fee payment from Columbia. WIC proposes to continue to market the capacity freedup by Columbia's exit, but based upon the presently-available markets for such capacity on a firm basis, WIC contends that it may well be years before WIC can find parties to replace Columbia. Should other shippers be found, WIC states that any ultimate reconciliation of exist-fee payment, payments by new shippers and the loss of Columbia's responsibility for system costs must take account of the fact that Columbia is paying only a fraction of the net present value of its contract.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 3, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the National Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the Protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be

unnecessary for WIC to appear or be represented at the hearing.

## **ENVIRONMENTAL PROTECTION AGENCY**

**[FRL-5141-6]**

### **Agency Information Collection Activities Under OMB Review**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected cost and burden; where appropriate, it includes the actual data collection instrument.

**DATES:** Comments must be submitted on or before March 1, 1995.

**FOR FURTHER INFORMATION CONTACT:** For further information, or to obtain a copy of this ICR, contact Sandy Farmer at 202-260-2740.

#### **SUPPLEMENTARY INFORMATION:**

##### **Office of Air and Radiation**

*Title:* New Source Performance Standard (NSPS) (40 CFR part 60, subpart E) for Municipal Incinerators-Reporting and Record Keeping Requirements. (EPA ICR No. 1058.05.; OMB No. 2060-0040). This is a request for renewal of a currently approved information collection.

*Abstract:* This ICR is for an extension of an existing information collection in support of the NSPS for Particulate Matter (PM) as established by the Clean Air Act. In accordance with the general requirements under 40 CFR 60.7-60.8, and the specific requirements for PM emissions by municipal incinerators under 40 CFR 60.5-60.54, subject facilities must comply with certain reporting, monitoring and recordkeeping requirements.

Owners and operators of new sources subject to this NSPS must submit to EPA: (1) Notification of the date of construction or reconstruction; (2) notification of the anticipated and actual dates of start-up; and (3) initial performance test results. The program is currently updating municipal

incinerator performance standards and anticipates no expansion of the reporting universe before the new regulations are released; the program expects no reporting burden for this ICR. Owners and operators of any existing facility must notify EPA of (1) any physical or operational change to their facility which may result in an increase in the regulated pollutant emission rate. All sources must also maintain records on the incinerator operation that include: (1) The occurrence and duration of any start-up, shutdowns and malfunctions; (2) initial performance test results; and (3) daily charging rates and operating hours. The information collected will be used by the EPA for compliance monitoring, inspection and enforcement efforts directed at ensuring facility compliance with this NSPS.

Presently, there are an estimated 93 facilities subject to the regulation. All subject facilities must maintain records related to compliance for two years.

*Burden Statement:* The public reporting burden for this collection of information is 0 hours and the recordkeeping burden for this collection of information is estimated to average 89 hours per facility annually. This estimate includes the time needed to review instructions, search existing data sources, gather and maintain the data needed, and complete and review the collection of information.

*Estimated No. of Recordkeepers:* 93.

*Estimated Total Annual Burden on Recordkeepers:* 8,277 hours.

*Frequency of Collection:* Daily for recordkeeping.

Send comments regarding the burden estimate, or any other aspect of the information collection, including suggestions for reducing the burden, to:

Ms. Sandy Farmer, U.S. Environmental Protection Agency, Information Policy Branch (2136), 401 M Street, SW., Washington, DC 20460.

and

Mr. Chris Wolz, Office of Management and Budget, Office of Information and Regulatory Affairs, 725 17th Street, NW., Washington, DC 20503.

Dated: January 20, 1995.
