§ 602.19 Records and Data

(a) In some cases, DOE will require submission of certain project records or data to facilitate mission-related activities. Recipients, therefore, must take adequate steps to ensure proper management, control, and preservation of all project records and data.

(b) Awardees must ensure that all project data is adequately documented. Documentation shall:

(1) Reference software used to compile, manage, and analyze data;

(2) Define all technical characteristics necessary for reading or processing the records;

(3) Define file and record content and codes;

(4) Describe update cycles or conditions and rules for adding or deleting information; and

(5) Detail instrument calibration effects, sampling and analysis, space and time coverage, quality control measures, data algorithms and reduction methods, and other activities relevant to data collection and assembly.

(c) Recipients agree to comply with designated DOE records and data

management requirements, including providing electronic data in prescribed formats and retention of specified records and data for eventual transfer to the Comprehensive Epidemiologic Data Resource or to another repository, as directed by DOE. Recipients will provide, as part of the final report, a description of records and data compiled during the project along with a plan for its preservation or disposition.

(d) Recipients agree to make project records and data available as soon as possible when requested by DOE.

FEDERAL RESERVE SYSTEM

12 CFR Parts 207, 220, 221 and 224

Securities Credit Transactions; List of Marginable OTC Stocks; List of Foreign Margin Stocks; Regulations G, T, U and X

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule; determination of applicability of regulations.

SUMMARY: The List of Marginable OTC Stocks (OTC List) is composed of stocks traded over-the-counter (OTC) in the United States that have been determined by the Board of Governors of the Federal Reserve System to be subject to the margin requirements under certain Federal Reserve regulations. The List of Foreign Margin Stocks (Foreign List) is composed of foreign equity securities that have met the Board's eligibility criteria under Regulation T. The OTC

List and the Foreign List are published four times a year by the Board. This document sets forth additions to and deletions from the previous OTC List and deletions from the previous Foreign List.

EFFECTIVE DATE: February 13, 1995.

FOR FURTHER INFORMATION CONTACT:

Peggy Wolfrum, Securities Regulation Analyst, Division of Banking Supervision and Regulation, (202) 452-2781, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. For the hearing impaired only, contact Dorothea Thompson, Telecommunications Device for the Deaf (TDD) at (202) 452-3544.

SUPPLEMENTARY INFORMATION: Listed below are additions to and deletions from the OTC List, which was last published on October 31, 1994 (59 FR 54381), and which became effective November 14, 1994. A copy of the complete OTC List is available from the Federal Reserve Banks.

The OTC List includes those stocks that meet the criteria in Regulations G, T and U (12 CFR Parts 207, 220 and 221, respectively). This determination also

affects the applicability of Regulation X (12 CFR Part 224). These stocks have the degree of national investor interest, the depth and breadth of market, and the availability of information respecting the stock and its issuer to warrant regulation in the same fashion as exchange-traded securities. The OTC List also includes any OTC stock designated for trading in the national market system (NMS security) under a rule approved by the Securities and Exchange Commission (SEC). Additional OTC stocks may be designated as NMS securities in the interim between the Board's quarterly publications. They will become automatically marginable upon the effective date of their NMS designation. The names of these stocks are available at the SEC and at the National Association of Securities Dealers, Inc. and will be incorporated into the Board's next quarterly publication of the OTC List.

Also listed below is one deletion from the Foreign List. There are no new additions to the Board's Foreign List, which was last published October 31, 1994 (59 FR 54381), and which became

effective November 14, 1994. The Foreign List includes those foreign securities that meet the criteria in § 220.17 of Regulation T and are eligible for margin treatment at broker-dealers on the same basis as domestic margin securities. A copy of the complete Foreign List is available from the Federal Reserve Banks.

Public Comment and Deferred Effective Date

The requirements of 5 U.S.C. 553 with respect to notice and public participation were not followed in connection with the issuance of this amendment due to the objective character of the criteria for inclusion and continued inclusion on the Lists specified in 12 CFR 207.6(a) and (b), 220.17(a), (b), (c) and (d), and 221.7(a) and (b). No additional useful information would be gained by public participation. The full requirements of 5 U.S.C. 553 with respect to deferred effective date have not been followed in connection with the issuance of this amendment because the Board finds that it is in the public interest to facilitate investment and credit decisions based in whole or in part upon the composition of these Lists as soon as possible. The Board has responded to a request by the public and allowed approximately a two-week delay before the Lists are effective.

List of Subjects

12 CFR Part 207

Banks, Banking, Credit, Margin, Margin requirements, National Market System (NMS Security), Reporting and recordkeeping requirements, Securities.
