

the criteria set forth at 7 CFR part 14, the Secretary of Agriculture has concluded that the cost-share payments for implementing approved practices under this program are made to eligible persons primarily for the purposes of conserving soil and water resources, protecting or restoring the environment, improving forests, and providing a habitat for wildlife.

Determination

As required by section 126(b) of the Internal Revenue Code, the authorizing legislation, regulations, and operating procedures regarding the Stewardship Incentive Program have been examined in accordance with the criteria set out at 7 CFR part 14. Based on this examination, I hereby determine that those cost-share payments made for planning and installing approved practices under this program are primarily for the purpose of conserving soil and water resources, protecting or restoring the environment, improving forests, and providing a habitat for wildlife. Subject to further determination by the Secretary of the Treasury, that payments made under these conservation programs do not substantially increase the annual income derived from the property benefited by these payments, this determination permits payment recipients to exclude from gross income, for Federal income tax purposes, all or part of the cost-share payments made under said program to the extent allowed by the Internal Revenue Service.
