

1994, compliance filing in this proceeding.

On October 6, 1994, Northwest made a filing with the Commission that proposed tariff language to provide for operational flow orders (OFOs) on Northwest's system. On November 4, 1994, the Commission accepted and suspended these tariff sheets, subject to refund and conditions, to be effective November 6, 1994. The November 4, 1994 order directed Northwest to make revisions to its tariff and specified certain other issues to be discussed further at a technical conference with results being reported to the Commission within 120 days of the issuance of the November 4, 1994 Order. The technical conference was held on January 10, 1995 and a follow up technical conference is scheduled for February 16, 1995.

Northwest states that a copy of this filing has been served upon all intervenors in Docket No. RP95-6, upon Northwest's jurisdictional customers and upon relevant state regulatory commissions.

Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.
