## Health Resources and Services Administration

### Final Special Consideration for Grants for Residency Training and Advanced Education in the General Practice of Dentistry for Fiscal Year 1995

The Health Resources and Services Administration (HRSA) announces the

final special consideration for fiscal year (FY) 1995 Grants for Residency Training and Advanced Education in the General Practice of Dentistry funded under the authority of section 749, title VII of the Public Health Service Act (the Act), as amended by the Health Professions Education Extension Amendments of 1992, Pub. L. 102-408, dated October 13, 1992.

#### Purpose

Section 749 of the PHS Act authorizes the Secretary to make grants to any public or nonprofit private school of dentistry or accredited postgraduate dental training institution (e.g., hospitals and medical centers) to plan, develop, and operate an approved residency or an approved advanced educational program in the general practice of dentistry; to provide financial assistance to participants in such a program who are in need of financial assistance and who plan to specialize in the practice of general dentistry; and to fund innovative, nontraditional models for the provision of postdoctoral General Dentistry training.

A special consideration for this program was proposed for public comment in the **Federal Register** on November 1, 1994 at 59 FR 54614. No comments were received during the 30-day comment period. Therefore, the proposed special consideration will be retained as follows:

#### Final Special Consideration

Special consideration will be given to approved applications based on the extent to which they address innovative means of providing advanced general dentistry education that can help meet the current and future demand of such training. This might include new sponsor/co-sponsor arrangements; different organizational and administrative structures; expanded private/public sector affiliations and setting linkages; and creative applications for current instructional telecommunications and computer technologies.

If additional programmatic information is needed, please contact:

Dr. Rosemary E. Duffy, Division of Associated, Dental, and Public Health Professions, Bureau of Health Professions, Health Resources and Services Administration, 5600 Fishers Lane, Room 8C-09, Rockville, Maryland 20857, Telephone: (301) 443-6837.

Grants for Residency Training and Advanced Education in the General Practice of Dentistry is listed at 93.897 in the *Catalog of Federal Domestic Assistance*. Applications submitted in response to this announcement

are not subject to the provisions of Executive Order 12372, Intergovernmental Review of Federal Programs (as implemented through 45 CFR part 100). This program is not subject to the Public Health System Reporting Requirements.

Dated: January 26, 1995.

## Federal Financial Assistance for Telemedicine Demonstration Project in Rural Western Nebraska

**AGENCY:** Health Resources and Services Administration (HRSA), Public Health Service (PHS), Health and Human Services (HHS).

**ACTION:** Notice of availability of funds.

**SUMMARY:** The Office of Rural Health Policy, HRSA, announces the availability of funds in FY 1995 for a grant to support a telemedicine demonstration project in rural western Nebraska. The purpose of the grant is to (1) develop a base of information that will contribute to a systematic evaluation of telemedicine systems serving rural areas; and (2) facilitate development of a rural health care network through the use of telemedicine.

#### Authority

The award will be made from funds appropriated under Public Law 103-333 (HHS Appropriation Act for FY 1995). The Senate Committee on Appropriations Report 103-318 included a set-aside to support a multipurpose telecommunication system in rural western Nebraska. In introducing the set-aside for this project, the Senate Report stated: "Communication systems that link physicians offices to hospitals are necessary for establishing functioning networks in rural areas." The Department agrees that the objectives of this set-aside are consistent with the general provisions of the Office of Rural Health Policy's telemedicine grant programs, which are authorized under Section 301 of the Public Health Service Act.

#### Justification for Other Than Full and Open Competition

In the Senate Committee on Appropriations Report 103-318, the Senate directed this demonstration to be awarded only to applicants in rural western Nebraska. The Senate Report does not specify the areas to be included in the definition of "rural western
