ENVIRONMENTAL PROTECTION AGENCY

[FRL-5148-2]

Intended Transfer of Confidential Business Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of intended transfer of confidential business information to contractors.

SUMMARY: The Environmental Protection Agency (EPA) intends to transfer confidential business information (CBI) collected from the organic chemicals, plastics and synthetic fibers (OCPSF) industries to Radian Corporation (Radian) and to Industrial Economics Incorporated (IEc). Radian and IEc adhere to EPA-approved security plans which describe procedures to protect confidential business information (CBI).

Transfer of this information will allow the contractors to assist EPA in evaluating the need for establishing regulations under the Resource Conservation Recovery Act (RCRA) for air emissions, leaks and sludges from treatment surface impoundments accepting wastes generated by the OCPSF industries that were, at point of generation, RCRA hazardous wastes, but which have been diluted so that the

RCRA hazardous characteristic is removed prior to placement in the wastewater treatment surface impoundment. The CBI that EPA intends to transfer to Radian and IEc was collected under the authority of section 308 of the Clean Water Act (CWA). Interested persons may submit comments on this intended transfer of CBI to the address noted below.

DATES: Comments on the transfer of data are due February 6, 1995.

ADDRESSES: Comments may be sent to Linda Martin (5305), EPA, 401 M Street SW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Linda Martin at the above address, or call (202) 260-0062.

SUPPLEMENTARY INFORMATION: EPA has previously transferred information to various contractors, including CBI, concerning certain industries that was collected under the authority of section 308 of the CWA. EPA determined at that time that the transfer was necessary to enable the contractors to perform their work in assisting EPA in developing effluent guidelines and standards for certain industries. Notice to this effect was provide to the affected industries.

Today, EPA is giving notice that it has entered into an additional contract with IEc (Cambridge, Massachusetts), contract number 68-W3-0028, and with Radian (Herndon, Virginia), contract number 68-W3-0001. These contracts arrange contractor support to assist EPA in evaluating the need to establish regulations under RCRA (specifically, under the Land Disposal Restrictions (LDR) program) for air emissions, leaks and sludges from treatment surface impoundments accepting wastes that were, at point of generation, RCRA hazardous wastes, but which have been diluted so that the RCRA hazardous characteristic is removed prior to placement in the wastewater treatment surface impoundment. The information that EPA intends to transfer to Radian and IEc consists primarily of data previously collected by EPA to support the development of effluent limitations

guidelines and standards under the CWA for OCPSF industries.

All EPA contractor personnel are bound by the requirements and sanctions contained in their contracts with EPA and in EPA's confidentiality regulations found at 40 CFR part 2, subpart B. Radian and IEc adhere to EPA-approved security plans which describe procedures to protect CBI. The security plans specify that contractor personnel are required to sign non-disclosure agreements and are briefed on appropriate security procedures before they are permitted access to CBI. No person is automatically granted access to CBI; a need to know must exist.

Dated: January 25, 1995.

Michael Shapiro,

Director, Office of Solid Waste.

[FRL-5148-1]

Wyoming; Partial Program Adequacy Determination of the State's Municipal Solid Waste Permit Program

AGENCY: Environmental Protection Agency (Region VIII).

ACTION: Notice of tentative determination on partial program application of Wyoming for partial program adequacy determination, public comment period, and public hearing.

SUMMARY: Section 4005(c)(1)(B) of the Resource Conservation and Recovery Act (RCRA), as amended by the Hazardous and Solid Waste Amendments (HSWA) of 1984, requires States to develop and implement permit programs to ensure that municipal solid waste landfills (MSWLFs) which may receive hazardous household waste or conditionally exempt small quantity generator waste will comply with the revised Federal MSWLF Criteria (40 CFR part 258). Section 4005(c)(1)(C) of RCRA requires the Environmental Protection Agency (EPA) to determine
