

conjunction with proposed infrastructure improvements.

Letters describing the proposed action and soliciting comments will be sent to the appropriate Federal, State, and local agencies and officials. A public information meeting and a public hearing will be held. Public notice will be given of the time and place of the meeting and hearing. The Draft EIS/MIS will be made available for public and agency review and comment. No formal scoping meeting is planned at this time.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS/MIS should be directed to FHWA at the address provided above.

(Catalog of Federal Domestic Assistant Program Number 20.205, Highway, Research, Planning, and Construction. The regulations implementing Executive Order 12372 regarding inter-governmental consultation of Federal programs and activities apply to this program).

Joe D. Wilkerson,

Division Administrator, Montgomery, Alabama.

Research and Special Programs Administration

Pipeline Safety User Fees

[Docket No. PS-138; Notice 1]

AGENCY: Research and Special Programs Administration, (RSPA), DOT.

ACTION: Notice of agency action and request for comments.

SUMMARY: This notice announces proposed changes in administering user fee assessments for natural gas, liquefied natural gas, and hazardous liquid pipeline facilities beginning with fiscal year 1995 (October 1, 1994) and solicits public comment on these changes.

DATES: Comments must be submitted on or before March 6, 1995: Comments may be mailed to the Dockets Branch, Room 8421, U.S. Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. All comments and docket material may be reviewed in the Dockets Branch, room 8426, Between the hours of 8:30 a.m. to 5:00 p.m. Monday through Friday, except federal holidays.

FOR FURTHER INFORMATION CONTACT: Lisa C. Kokoszka, (202) 366-4554 regarding the subject matter of this notice, or the Dockets Unit, (202) 366-5046, regarding

copies of this notice or other material that is referenced herein.

SUPPLEMENTARY INFORMATION:

I. Background:

Section 60301 of Title 49, United States Code¹ authorizes the assessment and collection of pipeline user fees to fund the pipeline safety activities conducted under Chapter 601 of that title². The Research and Special Programs Administration (RSPA) assesses each operator of regulated interstate and intrastate natural gas transmission pipelines (as defined in 49 CFR part 192), and hazardous liquid pipelines carrying petroleum, petroleum products, anhydrous ammonia and carbon dioxide (as defined in 49 CFR part 195), a share of the total Federal pipeline safety program costs in proportion to the number of miles of pipeline each operator has in service. The fee schedule for LNG facilities is based on the number of facilities each operator has in service and total storage capacity of those facilities.

RSPA is authorized to collect an amount equal to or 105% of the annual Congressional appropriation for pipeline safety. The fiscal year 1995 appropriation is \$37.424 million.

II. Administrative Clarifications and Proposals

RSPA is proposing several program clarifications and administrative changes described below. These proposals will insure that all operators are aware of the effects of certain terms and procedures on administering the program by the Office of Pipeline Safety (OPS). The public is specifically invited to comment on these proposals.

A. Definition of "In Service"

The annual assessment is for those gas transmission and hazardous liquid pipelines which are "in service". Over the last year some operators have requested clarification of the term "in service" as it pertains to calculating total mileage subject to assessment. As used in the assessment letter, the term "in service" applies to each pipeline that is: transporting a regulated commodity, or that has transported a regulated commodity and has not been abandoned during the assessment year,

¹ Formerly, section 7005 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (Pub.L. 99-272). The change in citation is the result of the enactment, on July 5, 1994, of Pub. L. 103-272, which recodified various transportation laws.

² Formerly, the Natural Gas Pipeline Safety Act of 1968 and the Hazardous Liquid Pipeline Safety Act of 1979. This change in citation is the result of the enactment, on July 5, 1994, of Pub.L. 103-272, which codified various transportation laws.

October 1 through September 30. This would mean that in order to be taken "out of service" a pipeline must be abandoned in accordance with applicable pipeline safety regulations found in 49 CFR Parts 192 and 195.

B. Procedures for Correcting Previous Mileage Reported

On occasion, operators discover that they have incorrectly reported their actual mileage or storage capacity. The operators may claim that these errors go back several years. Because the total collected is apportioned among all pipeline operators, a change in one operator's amount could conceivably affect the amount owed by all other pipeline operators. Therefore, RSPA has determined that adjustments of assessments will only be allowed for the current assessment year.

Reporting errors must be sent in writing to the Information Resources Manager, Research and Special Programs Administration, Office of Pipeline Safety, room 2335, 400 Seventh Street, SW., Washington, DC 20590. Gas operators should also submit a supplemental RSPA form 7100.2-1.

C. Assessment Procedures

Under the regulations implementing 31 U.S.C. 3717, governing debts owed to the Federal government, assessments are due 30 days after the date of the assessment. If payment cannot be made in full within the 30 day time frame, partial payments, installments, or extensions may be granted upon written request to the User Fee Manager, room 2335, 400 Seventh Street, SW., Washington, DC 20590. Interest, penalties, and administrative charges will be assessed on delinquent debts.

User fees are deposited in the Pipeline Safety Fund (the Fund) and since 1987, OPS expenditures have been made using appropriations from the Fund. Because in prior years OPS appropriations were lower than the Fund balance, RSPA was able to collect user fees late in each fiscal year (FY). However, the FY 1995 appropriation exceeds the amount currently in the Fund (approximately \$17 million), and future appropriations are likely to also exceed the amount in the Fund. Therefore, in order for OPS to have assured funding to operate without a shortfall later in the fiscal year, RSPA will need to collect user fees earlier. RSPA proposes to phase in the earlier assessment over a period of four years, as follows:

Fiscal year	Date of assessment
1995	March 1995.
1996	December 1995.
1997	November 1996.
1998	October 1997.

D. Low Stress Pipelines

A final rule on hazardous liquid pipelines operating at 20 percent or less of specified minimum yield strength (low stress pipelines), was published in the **Federal Register** on July 12, 1994. This rule became effective on August 11, 1994. Low Stress Pipelines include pipelines that carry highly volatile liquids (HVL), pipelines or pipeline segments in populated areas, and pipelines or pipeline segments in navigable waterways. Therefore, operators must incorporate these low stress mileage on the verification notice which were mailed to pipeline operators on or about November 30, 1994. Onshore rural gathering pipelines, pipelines that operate at less than 20% of SMYS (non-HVL located outside populated areas and navigable waterways), and other pipelines excluded from regulation by 49 CFR 195, should not be included.

Issued in Washington, DC on January 30, 1995.

George W. Tenley, Jr.,

Associate Administrator for Pipeline Safety.

BILLING CODE 4910-60-P

DEPARTMENT OF THE TREASURY

Departmental Offices; Freedom of Information Act

AGENCY: Departmental Offices, Treasury.
ACTION: Notice of mailing addresses for Separate Freedom of Information Act (FOIA) offices for components (Bureaus) of the Department of the Treasury.

SUMMARY: The Treasury Department gives notice of separate mailing addresses for the FOIA offices for the Departmental Offices and for each of the other Treasury components. Although this information may be found elsewhere, this notice is the first publication of the list of addresses in its entirety.

EFFECTIVE DATE: Notice will be effective February 3, 1995.

ADDRESS FOR COMMENTS: Comments should be sent to Disclosure Services, Room 1054 MT, 1500 Pennsylvania Avenue, NW., Washington, DC 20220. Comments will be made available for inspection and copying upon request at

the Department of the Treasury library, Room 5010, 1500 Pennsylvania Avenue, NW., Washington, DC 20220.

FOR FURTHER INFORMATION CONTACT: Alana Johnson, Assistant Director, Disclosure Services, (202) 622-0930.

SUPPLEMENTARY INFORMATION: The purpose of the Notice is to bring attention to the separate addresses for the individual FOIA offices of the Treasury Department's twelve components in accordance with Treasury regulations at 31 CFR part 1, stating that FOIA requests should be directed to the office maintaining the records. The notice identifies the individual components within the Treasury Department (ATF, IRS, etc.,) and the addresses of their own FOIA offices so that requesters may submit FOIA requests directly to the appropriate component.

BILLING CODE 4810-25-M

Departmental Offices

Privacy Act of 1974; System of Records

AGENCY: Departmental Offices, Treasury.

ACTION: Notice of proposed amendment of a Privacy Act system of records.

SUMMARY: The Treasury Department gives notice of a proposed amendment to a system of records currently entitled "Document Delivery Control System—Treasury/DO .194," which is subject to the Privacy Act of 1974, as amended by the Computer Matching and Privacy Protection Act of 1988.

DATES: Comments must be received no later than March 6, 1995. The amended system of records will be effective March 15, 1995, unless comments are received which result in a contrary determination.

ADDRESSES: Comments should be sent to Disclosure Services, 1500 Pennsylvania Avenue, NW., Washington, DC 20220. Comments will be made available for inspection and copying upon request at the Department of the Treasury library, room 5010, 1500 Pennsylvania Avenue, NW., Washington DC 20220.

FOR FURTHER INFORMATION CONTACT: Dale Underwood, Privacy Act Officer, Department of the Treasury, (202) 622-0930.

SUPPLEMENTARY INFORMATION: This is to give notice of alterations to an existing system of records, currently known as "Document Delivery Control System—Treasury/DO .194" which is subject to the Privacy Act of 1974, as amended, 5 U.S.C. 552a. The system notice was last published in its entirety at 57 FR 13923 on April 17, 1992.

A review of the existing system notice found that the notice no longer accurately reflected the operation of the system of records due to a system upgrade which has changed the system configuration. The alterations include changing the name of the system to "Circulation System—Treasury/DO .194" and the addition of the following routine use to the notice:

These records and information in these records may be used to disclose information to a congressional office in response to an inquiry made at the request of the individual to whom the record pertains.
