SUPPLEMENTARY INFORMATION: The NRC, in cooperation with the BLM and the BIA, has prepared a DEIS regarding the administrative action of authorizing Hydro Resources, Inc. (HRI), to conduct in-situ leach uranium mining, also known as solution mining, in compliance with a combined source and byproduct material license issued by the NRC, and minerals operating leases issued for Federal and Indian lands by the BLM and BIA. The license and leases would provide programmatic and regulatory oversight in administrative matters; impose operating restrictions and license conditions, as appropriate; and specify environmental monitoring, recordkeeping, and reporting requirements. The DEIS describes the evaluation by the interagency review group concerning (1) the purpose of and need for the proposed action, evaluated under NEPA and the agencies' implementing regulations, (2) alternatives considered, (3) existing environmental conditions, and (4) environmental consequences of the proposed action and proposed mitigating measures. This DEIS concludes, after weighing the environmental, and other benefits of the proposed project against the environmental and other costs, that the appropriate action is to issue the requested license and leases authorizing the applicant to proceed with the project as discussed in this DEIS.

A Notice of Availability and Notice of Opportunity for Hearing were published

previously (59 FR 56557, November 14, 1994). The notice offered members of the public an opportunity to comment upon the DEIS and to request an adjudicatory hearing on the licensing application. The closing date for requesting an Opportunity for Hearing on the pending licensing action expired on December 14, 1994; the date for submitting public comments on the DEIS originally expired on January 7, 1995. Several requests were received by the NRC to extend the 60-day public comment period. The NRC acceded to these requests and extended the comment period from January 7, 1995 to February 28, 1995.

The purpose of this notice is to inform the public that three public meetings will be held at the Chapter Houses in Crownpoint and Church Rock, New Mexico for the purpose of receiving comments on this DEIS. Written comments must be received by February 28, 1995. Comments received after this date will be considered to the extent practical. Any interested party may submit comments on this document for consideration by the staff.
