Notice of Issuance of Decisions and Orders; Week of October 17 Through October 21, 1994

During the week of October 17 through October 21, 1994 the decisions and orders summarized below were issued with respect to appeals and applications for other relief filed with

the Office of Hearings and Appeals of the Department of Energy. The following summary also contains a list of submissions that were dismissed by the Office of Hearings and Appeals.

Appeals

Dale N. Treweek, 10/19/94, LFA-0423

Dale N. Treweek filed an appeal from a partial denial of a request for information under the Freedom of Information Act issued by the DOE's Office of Engineering, Operations,

Security, and Transition Support (EOST). In response to the request, EOST released some documents and stated that it had found no further responsive documents. After Treweek filed the Appeal, he conducted discussions with representatives of the DOE that identified certain potentially responsive documents that had not been released. The DOE therefore granted the Appeal and remanded the case to EOST for further action.
