

500,000 gallons/day of generated wastes covered by this extension (i.e., those wastes currently mixed with the leachates) to meet BDAT standards without further treatment. As such, the planned treatment system is expected to have sufficient treatment capacity. Thus, EPA believes that Great Lakes has adequately demonstrated that the treatment unit to be constructed will provide the necessary treatment capacity to treat the entire quantity of these leachates for which Great Lakes is requesting a case-by-case extension.

Section 268.5(a)(5). The applicant provides a detailed schedule for obtaining operating and construction permits or an outline of how and when alternative capacity will be available.

Great Lakes has provided EPA with a detailed schedule for the construction and permitting of the treatment system to be constructed at its El Dorado, Arkansas facility. Although Great Lakes had planned to begin construction of the treatment system in March 1994, final approval of required State permits has not yet been received. Great Lakes continues to believe that the leachate treatment unit will achieve full operational status by June 30, 1995. EPA believes that Great Lakes has provided the necessary construction and permitting milestones for bringing its treatment system on-line and therefore meets the requirements of this demonstration.

Section 268.5(a)(6). The applicant has arranged for adequate capacity to manage its waste during an extension, and has documented the location of all sites at which the waste will be managed.

During the approved extension period, Great Lakes will inject these wastes into its on-site Class I wells it has been using for this purpose. Great Lakes has shown that these wells will have the necessary capacity available to manage these wastes during the approved extension. EPA believes that Great Lakes has met the requirements of this demonstration.

Section 268.5(a)(7). Any waste managed in a surface impoundment or landfill during the extension period will meet the requirements of 40 CFR 268.5(h)(2).

Great Lakes will not be using any surface impoundments or landfills to manage this waste during the extension period.

II. Response to Comments

Only one public comment was submitted in response to EPA's notice to propose approval of the case-by-case application submitted by Great Lakes. This sole comment was submitted by

the applicant, Great Lakes. Where appropriate in this notice, EPA has noted and addressed those issues raised by the applicant in its comments.

III. Consultation With State

In accordance with 40 CFR 268.5(e), EPA consulted with the State of Arkansas (Arkansas Department of Pollution Control and Ecology) to determine if the State had any permitting, enforcement, or other concerns regarding this respective facility that EPA should take into consideration in deciding to grant or deny Great Lakes' application for a case-by-case extension of the LDR effective date. The State of Arkansas encouraged EPA to approve the case-by-case application submitted by Great Lakes.

IV. EPA's Action

EPA believes that Great Lakes has made and is continuing to make a good-faith effort towards providing sufficient and appropriate treatment capacity for the K117, K118, K131, K132, and F039 wastes that are the subject of its case-by-case application. Therefore, EPA is approving an extension of the applicable LDR effective date for these wastes generated at the El Dorado, Arkansas facility, until June 30, 1995. As such, these wastes may be managed by underground injection until June 30, 1995 (unless the extension is renewed for up to one additional year, in which case the extension would expire no later than June 30, 1996), which the proposed treatment system is being constructed. This extension remains in effect unless the facility fails to make a good-faith effort to meet the schedule for completion, the Agency denies or revokes any required permit, conditions certified in the application change, or the facility violates any law or regulations implemented by EPA.

Having been granted this case-by-case extension of the LDR effective date, Great Lakes must immediately notify EPA of any change in the demonstrations made in the petition (40 CFR 268.5(f)). Great Lakes must also submit monthly progress reports that describe the progress being made towards obtaining adequate alternative capacity, identify any delay or possible delay in developing the capacity, and describe the mitigating actions being taken in response to the event (40 CFR 268.5(g)). (Sections 1006, 2002(a), 3001, and 3004 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. 6905, 6912(a), 6921, and 6924)).

Dated: January 31, 1995

O. Thomas Love,

Acting Director, Water Management Division.

FIFRA Scientific Advisory Panel; Open Meeting; Change of Agenda

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of open meeting.

SUMMARY: In the **Federal Register** of January 25, 1995, EPA announced a 1-day meeting of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) Scientific Advisory Panel (SAP) Subpanel on Plant Pesticides to review a set of scientific issues being considered by the Agency in connection with Monsanto's application for registration of a transgenic plant pesticide. This notice announces an agenda modification to the meeting. The Agency's original agenda focussed on the plant pesticide containing the active ingredient *Bacillus thuringiensis* subsp. tenebrionis delta endotoxin protein as produced by the CryIIIa gene and its controlling sequences in potatoes. The discussion will now include risk issues associated with the production of *Bacillus thuringiensis* tenebrionis delta endotoxin in other plants.

DATES: The meeting will be held on Wednesday, March 1, 1995, from 8:30 a.m. to 4:30 p.m.

ADDRESSES: The meeting will be held at: Crystal Mall #2, 11th Floor Conference Room (Fish Bowl), 1921 Jefferson Davis Highway, Arlington, VA 22202.

FOR FURTHER INFORMATION CONTACT: By mail: Robert B. Jaeger, Designated Federal Official, FIFRA Scientific Advisory Panel (7509C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location and telephone number: Rm. 819B, CM #2, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305-5369 or 7351.

Copies of documents may be obtained by contacting: By mail: Public Docket and Freedom of Information Section, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location and telephone number: Rm. 1128 Bay, CM #2, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305-5805 or 5454.

SUPPLEMENTARY INFORMATION: For additional information concerning data

that are available or the submission of public comments, refer to the **Federal Register** of January 25, 1995 (60 FR 4910), or contact Robert Jaeger at the address or telephone number listed under **FOR FURTHER INFORMATION CONTACT**.

Dated: February 1, 1995.

Daniel M. Barolo,

Director, Office of Pesticide Programs.

Label Review Manual; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: EPA is announcing the immediate availability of the Label Review Manual. The Label Review Manual was developed to serve as a training tool for new employees and as guidance for product team members who are responsible for performing label reviews. It is the goal of this manual to improve the quality of labels as well as increase the consistency of label reviews. Interested parties may order copies of the Label Review Manual as set forth in the **ADDRESSES** unit of this notice.

DATES: Copies of the Label Review Manual are now available.

ADDRESSES: Copies of the Label Review Manual may be ordered from the National Technical Information Service (NTIS). The order number is: PB 95-159828. By mail: National Technical Information Service, U.S. Department of Commerce, 5285 Port Royal Road, Springfield, VA 22161. Telephone and fax number: (703) 487-4650 and (703) 321-8547. The Label Review Manual is also available in electronic form on FedWorld, an information service of NTIS. Electronic access to FedWorld can be through Internet-telnet to: fedworld.gov; or connect via modem by dialing (703) 321-8020, with the settings Parity = none, Data Bits = 8, Stop Bit = (N-8-1), with terminal emulation = ANSI or VT 100. FedWorld accommodates speeds up to 9600 baud.

FOR FURTHER INFORMATION CONTACT: By mail: James A. Downing (7505W), Registration Division, Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location and telephone number: 6th Floor, Westfield Building, 2800 Crystal Drive, Arlington, VA, (703) 308-8318.

SUPPLEMENTARY INFORMATION: The Registration Division's Labeling Center for Excellence (LCE) within the Office of Pesticide Programs (OPP) developed this manual to serve as a training tool for its new employees and as guidance for product management team members who are responsible for performing label reviews. It is the goal of this manual to improve the quality of labels as well as increase the consistency of label reviews.

Information in this manual is presented in the order of use by reviewers. The first two chapters of this manual provide an overview concerning what is a pesticide and what constitutes a pesticide label and labeling. The third chapter discusses general label format and legibility requirements, identifies the major parts of the label and directs the user to the appropriate chapter which contains additional information. Other chapters provide the reader with step-by-step instructions for reviewing a pesticide label and any associated actions such as the Pesticide Registration Action Tracking System (PRATS) entries for label reviews and situations where the Confidential Statement of Formula affects the label language. The last chapter describes how unique labeling issues are handled.

The Label Review Manual will be updated on an "as needed" basis to reflect new and changing labeling policies.

List of Subjects

Environmental protection, Administrative practice and procedure, Pesticides and pests, and Pesticide labels.

Dated: February 1, 1995.

Stephen L. Johnson,

Director, Registration Division, Office of Pesticide Programs.

Open Meeting of the FACA Subcommittee for the Metal Finishing Industry Under the Common Sense Initiative

AGENCY: EPA.

ACTION: Notice.

SUMMARY: Pursuant to the Federal Advisory Committee Act (FACA), Public Law 92-463, notice is hereby given that the Environmental Protection Agency (EPA) is convening the second open meeting of the Metal Finishing Subcommittee of EPA's Common Sense Initiative (CSI) Council, on February 24,

1995. The meeting has several purposes: (1) to discuss outstanding procedural matters; (2) to hear reports from and discuss issues relating to the CSI metal finishing workgroups; and (3) to discuss other substantive issues of importance to this sector. The meeting is open to the public without need for advance registration.

DATES: The Subcommittee will meet on February 24, 1995. The meeting will begin at approximately 9 a.m. EST and run until about 5 p.m. Open workgroup discussions will occur on February 23rd, at the same location as the FACA meeting.

ADDRESSES: The Subcommittee will meet at the Sheraton Crystal City Hotel, located at 1800 Jefferson Davis Highway, Arlington, VA 22202. The hotel telephone number is (703) 486-1111.

FOR FURTHER INFORMATION CONTACT: Bob Benson of EPA's Office of Policy, Planning and Evaluation, at (202) 260-8668.

Dated: February 2, 1995.

Robert S. Benson,

CSI Metal Finishing Sector Staff Lead, Designated Federal Official.

Pesticide Tolerance Petitions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA announces the filing of pesticide petitions and food/feed additive petitions proposing the establishment of tolerances and/or regulations for residues of certain pesticide chemicals in or on certain agricultural commodities. EPA also announces the amendment of a pesticide petition and the withdrawal of a food/feed additive petition.

ADDRESSES: By mail, submit written comments to: Public Docket and Freedom of Information Section, Field Operations Division (7505C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. In person, bring comments to: Rm. 1132, CM #2, 1921 Jefferson Davis Hwy., Arlington, VA 22202.

Information submitted as a comment concerning this notice may be claimed confidential by marking any part or all of that information as "Confidential Business Information" (CBI). Information so marked will not be
