BILLING CODE 3710-08-M

Patient Availability for Exclusive or Partially Exclusive Licensing of U.S. Patent

AGENCY: U.S. Army Test and Evaluation Command, White Sands Missile Range—Electronic Proving Ground, DOD.

ACTION: Notice of availability.

SUMMARY: In accordance with 37 CFR 404.7(a)(1)(i), announcement is made of the following U.S. Patent for licensing. These patents are assigned to the United States of America as represented by the Secretary of the Army, Washington, DC. Any license granted shall comply with 35 U.S.C. 209 and 37 CFR Part 404

U.S. Patent 5,341,146, titled "Covert Remote Electronic Warfare Simulator." **ADDRESSES:** Commander, White Sands Missile Range, Electronic Proving Ground, ATTN: STEWS-EPG-TD, Fort Huachuca, AZ 85613-7110.

FOR FURTHER INFORMATION CONTACT: Mr. Michael J. O'Connor (602) 538-6068, or FAX (602) 538-6361.

SUPPLEMENTARY INFORMATION: This patent concerns a remotely controlled device which includes receiving and signal processing apparatus for simulating electromagnetic jamming signals. The simulator provides low power rf signals representative of a variety of jamming waveforms to a "victim" receiver. It includes variables representative of propagation effects and means to replay stored data representing the resulting signal(s) for detailed analysis. The technology is applicable to resting electronic systems that must work in a jamming environment and training operators of such equipment

Under authority of Section 11(a)(2) of the Federal Technology Transfer Act of 1986 (Public Law 99-502) and Section 207 of Title 35, United States Code, the Department of the Army as represented by the U.S. Army White Sands Missile Range—Electronic Proving Ground wishes to license the above mentioned United States Patent in a non-exclusive, exclusive, or partially exclusive manner to any party interested in manufacturing and selling devices covered by the above-mentioned patent.

Kenneth L. Denton,

Army Federal Register Liaison Officer.

BILLING CODE 3710-08-M

Intent To Prepare an Environmental Impact Statement for the Proposed Maple River Dam Project in Cass County, North Dakota

AGENCY: U.S. Army Corps of Engineers, Omaha District, DOD.

ACTION: Notice of intent.

SUMMARY: The proposed action is to construct a 70-foot high zoned earth embankment dam on the Maple River in Cass County, North Dakota. The dam would be 1850 feet long with a top width of 30 feet and an emergency spillway consisting of a concrete chute to handle the 100-year events; a second stage emergency spillway consisting of a 1300-foot earthen cut in the right abutment which will handle the 200± year flows. The project would be operated essentially as a dry dam, with a very small pool. The proposed dam and spillways would be located primarily in the NE ¼ Sec 14, T 137N, R 54 W of Cass County. This location is approximately 8 miles northeast of Enderlin, North Dakota. The dam and reservoir would reduce the frequency of the full range of potential floods and thereby reduce the potential damage associated with these floods. Reduction in flood flows and damages would be the greatest in the Maple River and Sheyenne River valleys downstream of the project. The primary areas affected by the flooding are urban, agricultural, and environmental in nature.

Approximately 15,000 acres are subject to flooding in addition to the urban areas of Durbin, and Mapleton, North Dakota as well as West Fargo and Harwood, North Dakota.

Alternatives which are anticipated to be evaluated include similar dam sites and combinations of multiple dam sites as well as "wet vs. dry" dam concepts. The "no action" alternatives will also be evaluated.

DATE OF SCOPING MEETING: Public Scoping Meeting, March 15, 1995, 7 p.m., Casselton Community Center, 701—1st Street North, Casselton, North Dakota.

ADDRESSES: Omaha District, Army Corps of Engineers, ATTN: CEMRO-PD-M, 215 North 17th Street, Omaha, Nebraska 68102-4978.

FOR FURTHER INFORMATION CONTACT: Mr. Robert S. Nebel, Chief, Environmental Analysis Branch, Planning Division (402) 221-4598.

SUPPLEMENTARY INFORMATION:

Future Schedule

Following review of comments received during scoping, data collection and analysis will begin for the Draft

Environmental Impact Statement (DEIS). The Corps anticipates that the DEIS will be released for public review in October 1995. A final Environmental Impact Statement is anticipated to be completed in early 1996.

Kenneth L. Denton,

Army Federal Register Liaison Officer.

BILLING CODE 3710-62-M

DEPARTMENT OF EDUCATION

Advisory Committee on Student Financial Assistance; Meeting

AGENCY: Advisory Committee on Student Financial Assistance, Education.

ACTION: Notice of upcoming meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda of a forthcoming meeting sponsored by the Advisory Committee on Student Finance Assistance. This notice also describes the functions of the Committee. Notice of this meeting is required under Section 10(a)(2) of the Federal Advisory Committee Act. This document is intended to notify the general public.

DATES AND TIMES: February 27, 1995, beginning at 9:00 a.m. and ending at 5:00 p.m.; and February 28, 1995, beginning at 9:30 a.m. and ending at 12:00 noon.

ADDRESSES: Dupont Plaza Hotel, 1500 New Hampshire Avenue NW., Washington, D.C. 20036.

FOR FURTHER INFORMATION CONTACT: Dr. Brian K. Fitzgerald, Staff Director, Advisory Committee on Student Financial Assistance, Portals Buildings, 1280 Maryland Avenue SW., Suite 601, Washington, D.C. 20202-7582 (202) 708-7439.

SUPPLEMENTARY INFORMATION: The Advisory Committee on Student Financial Assistance is established under Section 491 of the Higher Education Act of 1965 as amended by Public Law 100-50 (20 U.S.C. 1098). The Advisory Committee is established to provide advice and counsel to the Congress and the Secretary of Education on student financial aid matters, including providing technical expertise with regard to systems of need analysis and application forms, making recommendations that will result in the maintenance of access to postsecondary education for low- and middle-income students, conducting a study of institutional lending in the Stafford Student Loan Program, and an in-depth study of student loan simplification.
