An integral element of each agency's efforts to attain this goal is the development of an agencywide environmental justice strategy. NASA has requested that the National Environmental Justice Advisory Committee be afforded an opportunity to review and comment on the Agency's draft strategy before the NASA Final Environmental Justice Strategy is developed and issued. Similarly, to satisfy the intent of section 5-5(a) of the EO, public comments received will be taken into account in formulating the Agency's final strategy.
