1. Program Background and Objectives

The Center for Mental Health Services (CMHS) has been given a statutory

mandate to take a national leadership role in the development and demonstration of improved mental health services. Toward that end, Center activities involve facilitating the application of scientifically established findings and practice-based knowledge to prevent and treat mental disorders, improving access, reducing barriers and promoting high quality, effective programs and services for people with, or at risk for, these disorders.

2. Special Concerns

The CMHS will address a number of special concerns in 1995. Particular emphasis will be placed on helping localities design and implement comprehensive approaches to service delivery, networking, and coordination with other Federal and non-Federal programs. Special emphasis will be given to providing assistance for individuals in varied racial and ethnic groups; adolescents; early intervention programs; rural populations; adolescents involved in the juvenile justice system; and individuals with, or at risk for, HIV/AIDS.

3. Criteria for Review and Funding

Competing applications requesting funding under the specific project activities in Section 4 will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures.

Applications that are accepted for review will be assigned to an Initial Review Group (IRG) composed primarily of non-Federal experts. Applications will be recommended for approval or disapproval on the basis of technical merit. Applications recommended for approval will be assigned scores according to level of merit.

Notification of the IRG's recommendation will be sent to the applicant upon completion of the initial review. In addition, the IRG recommendations on technical merit of applications over \$50,000 will undergo a second level of review by the CMHS National Advisory Council, whose review may be based on policy considerations, as well as technical merit. Only applications recommended for approval by the Council may be considered for funding by CMHS.

3.1 General Review Criteria

As published in the **Federal Register** on July 2, 1993 (Vol. 58, No. 126), SAMHSA's "Peer Review and Advisory Council Review of Grant and Cooperative Agreement Applications and Contract Proposals," peer review groups will take into account, among

other factors as may be specified in the application guidance materials, the following general criteria:

- Potential significance of the proposed project;
- Appropriateness of the applicant's proposed objectives to the goals of the specific program;
- Adequacy and appropriateness of the proposed approach and activities;
- Adequacy of available resources, such as facilities and equipment;
- Qualifications and experience of the applicant organization, the project director, and other key personnel; and
- Reasonableness of the proposed budget.

3.2 Funding Criteria for Approved Applications

Applications recommended for approval by the peer review group and the CMHS National Advisory Council (if applicable) will be considered for funding on the basis of their overall technical merit as determined through the review process.

Other funding criteria will include;

- Availability of funds.
- Additional funding criteria specific to the programmatic activity may be included in the application guidance materials.

4. Special FY 1995 Mental Health Service Activities

Project activities are grouped in this notice under one section: Grants.

4.1 Grants

Four major activities for CMHS grant programs are discussed below.

4.1.1 Mental Health Care Provider Education In HIV/AIDS

- Application Deadline May 10, 1995.
- Purpose: The goal of the program is to enhance the Nation's ability to have an impact upon the HIV/AIDS epidemic by training the traditional mental health care providers and other health care workers who often are front-line providers of mental health services, such as medical students, primary care physicians, and the clergy and other spiritual providers.

Applicants will be expected to propose a comprehensive training program that addresses the mental health needs of people with HIV/AIDS. The program is to train traditional mental health providers (psychiatrists, psychologists, nurses, social workers, counselors, and marriage and family counselors), other first line providers of mental health services (e.g., medical students, primary care physicians), and nontraditional providers (e.g., the clergy and other spiritual providers, alternative

health care workers). Training programs proposed must target at least 5 provider groups. The program must address the neuropsychiatric and the psychosocial aspects of HIV/AIDS; coping with HIV/AIDS; and approaches to prevent the spread of HIV infection. Applicants shall make appropriate use of existing curricula.

- Priorities: None.
- Eligible Applicants: Applications may be submitted by any public or private nonprofit organization.
- Grants/Amounts: 5 to 6 awards, with individual awards varying from \$125,000 to \$200,000 for the first year.
- Catalog of Federal Domestic Assistance Number: 93.244.
- Program Contact: For programmatic or technical information contact: Barbara J. Silver, Ph.D., Director, HIV/AIDS Provider Education Program, Center for Mental Health Services, 5600 Fishers Lane, Room 15-81, Rockville, Maryland 20857, (301) 443-7817.
- Application kits and complete instructions for submitting an application may be obtained from: Global Exchange, Inc., 7910 Woodmont Avenue, Suite 400, Bethesda, Maryland 20814-3015, (301) 656-3100.

4.1.2 Evaluating Innovative Children's Mental Health Services

- Application Deadline: May 10, 1995.
- Purpose: The purpose of this announcement is to encourage demonstrations which focus on evaluating the effectiveness of innovative models of organizing, delivering, and financing mental health service systems of care for children and adolescents with or at risk for serious emotional, behavioral or mental disturbances and their families, especially those systems that include community-based services and interagency coordination.
- Priorities: None.
- Eligible Applicants: Centralized state assistance is often helpful in obtaining continued support for successful intervention projects. Therefore, State mental health authorities may choose to be direct applicants. Direct application for funding may also be made by political subdivisions of a State, and private nonprofit organizations such as community-based organizations, universities, colleges, and hospitals. In the case where an applicant is not the State mental health authority, the applicant will be required to obtain a letter of support from the State mental health authority.

- Grants/Amounts: 6 to 8 awards, with individual awards varying from \$300,000 to \$400,000 for the first year.

- Catalog of Federal Domestic Assistance Number: 93.125.
- Program Contact: For application kit and/or programmatic or technical information contact: Ms. Diane L. Sondheimer, Child, Adolescent and Family Branch, Center for Mental Health Services, 5600 Fishers Lane, Room 11C-17, Rockville, Maryland 20857, (301) 443-1333.

4.1.3 Demonstration Grants for Consumer and Family Networks

- Application Deadline: May 10, 1995.
- Purpose: The goals for these demonstration grants are to implement and evaluate strategies to: (1) Empower consumer and family networks and strengthen their ability to participate in State and local mental health service planning and health care reform policy activities related to improving community-based services for the target population; and (2) foster the financial self-sufficiency of consumer and family organizations.
- Priorities: None.
- Eligible Applicants: CMHS is limiting potential applicants for projects under this announcement to State mental health authorities. Multiple organizations are generally involved in implementing these initiatives; and the State mental health authorities are uniquely qualified to undertake the coordination function, since they work directly with the major consumer and family groups and oversee a wide range of mental health service providers.

Due to funding limitations, only States and territories that do not have a current, active Community Support Programs (CSP) Service Systems Improvement Demonstration (SSID) grant, or those that have an active CSP SSID grant with a project period that ends on or before August 31, 1995, excluding no-cost extensions, are eligible to apply.

- Grants/Amounts: 5 to 8 awards, with individual awards varying from \$125,000 to \$150,000 for the first year.
- Catalog of Federal Domestic Assistance Number: 93.125.
- Program Contact: For application kit and/or programmatic or technical information contact: Mr. Neal Brown, Chief, Community Support Programs Branch, Center for Mental Health Services, 5600 Fishers Lane, Room 11C-22, Rockville, Maryland 20857, (301) 443-3653.

4.1.4 National Consumer Technical Assistance Centers

- Application Deadline: May 10, 1995.
- Purpose: The goals of these Centers are to: (1) Serve as a resource center for consumers involved in the Community Support Programs (CSP) Service System Improvement Demonstration (SSID) grants, with a special emphasis on assisting the groups to achieve financial self-sufficiency; (2) operate a national resource center for consumers involved in developing consumer-operated services by reaching out to racial and ethnic minorities, assisting in planning, providing, and evaluating mental health services, and in planning for health care reform activities; and (3) facilitate the development of a coalition of national or multi-state consumer organizations involved in self-help and system improvement efforts.
- Priorities: It is CMHS's expectation that the TA Center(s) will be planned, directed, and operated by primary mental health consumers.
- Eligible Applicants: Applications may be submitted by States, political subdivisions of States, and private nonprofit agencies, as well as current CMHS/CSP TA Center grantees.
- Grants/Amounts: 1 to 2 awards, with individual amounts varying from \$300,000 to \$350,000 for the first year.
- Catalog of Federal Domestic Assistance Number: 93.125.
- Program Contact: For application kit and/or programmatic or technical information contact: Mr. Neal Brown, Chief, Community Support Programs Branch, Center for Mental Health Services, 5600 Fishers Lane, Room 11C-22, Rockville, Maryland 20857, (301) 443-3653.

5. Public Health System Reporting Requirements

The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

- a. A copy of the face page of the application (Standard form 424).

b. A summary of the project (PHSIS), not to exceed one page, which provides:

(1) A description of the population to be served.

(2) A summary of the services to be provided.

(3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements.

Application guidance materials will specify if a particular FY 1995 activity described above is not subject to the Public Health System Reporting Requirements.

6. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and cooperative agreement recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Specific application guidance materials may include more detailed guidance as to how the Center will implement SAMHSA's policy on promoting the non-use of tobacco.

7. Executive Order 12372

Applications submitted in response to most, if not all, of the FY 1995 activities listed above are subject to the intergovernmental review requirements of Executive Order (E.O.) 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Office of Extramural Activities Review, Substance Abuse and Mental Health Services Administration (SAMHSA), 5600 Fishers Lane, Room 13C-06, Rockville, Maryland 20857, ATTN: SPOC.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for

the receipt of applications. The CMHS does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Application guidance materials will specify if a particular FY 1995 activity described above is not subject to the provisions of Executive Order 12372.

Dated: February 3, 1995.

Richard Kopanda,

Acting Executive Officer, SAMHSA.
