Briefings on How To Use the Federal Register
For information on briefings in Washington, DC, and Dallas, TX, see announcement on the inside cover of this issue.

FEDERAL REGISTER Published daily, Monday through Friday, (not published on Saturdays, Sundays, or on official holidays), by the Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

The **Federal Register** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders and Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress and other Federal agency documents of public interest. Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless earlier filing is requested by the issuing agency.

The seal of the National Archives and Records Administration authenticates this issue of the **Federal Register** as the official serial publication established under the Federal Register Act. 44 U.S.C. 1507 provides that the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper, 24x microfiche and as an online database through *GPO Access*, a service of the U.S. Government Printing Office. The online database is updated by 6 a.m. each day the **Federal Register** is published. The database includes both text and graphics from Volume 59, Number 1 (January 2, 1994) forward. It is available on a Wide Area Information Server (WAIS) through the Internet and via asynchronous dial-in. The annual subscription fee for a single workstation is $375. Six-month subscriptions are available for $200 and one month of access can be purchased for $35. Discounts are available for multiple-workstation subscriptions. To subscribe, Internet users should telnet to swais.access.gpo.gov and login as newuser (all lower case); no password is required. Dial-in users should use communications software and modem to call (202) 512–1661 and login as swais (all lower case); no password is required; at the second login prompt, login as newuser (all lower case); no password is required. Follow the instructions on the screen to register for a subscription for the **Federal Register** Online via *GPO Access*. For assistance, contact the *GPO Access* User Support Team by sending Internet e-mail to help@eids05.eids.gpo.gov, or a fax to (202) 512–1262, or by calling (202) 512–1530 between 7 a.m. and 5 p.m. Eastern time, Monday through Friday, except Federal holidays.

The annual subscription price for the **Federal Register** paper edition is $494, or $544 for a combined **Federal Register**, Federal Register Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the Federal Register Index and LSA is $433. Six month subscriptions are available for one-half the annual rate. The charge for individual copies in paper form is $8.00 for each issue, or $8.00 for each group of pages as actually bound; or $1.50 for each issue in microfiche form. All prices include regular domestic postage and handling. International customers please add 25% for foreign handling. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA or MasterCard. Mail to: New Orders, Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250–7954.

There are no restrictions on the republication of material appearing in the **Federal Register.**

How To Cite This Publication: Use the volume number and the page number. Example: 60 FR 12345.

THE FEDERAL REGISTER

WHAT IT IS AND HOW TO USE IT

FOR: Any person who uses the Federal Register and Code of Federal Regulations.

WHO: The Office of the Federal Register.

WHAT: Free public briefings (approximately 3 hours) to present:

1. The regulatory process, with a focus on the Federal Register system and the public's role in the development of regulations.
2. The relationship between the Federal Register and Code of Federal Regulations.
3. The important elements of typical Federal Register documents.
4. An introduction to the finding aids of the FR/CFR system.

WHY: To provide the public with access to information necessary to research Federal agency regulations which directly affect them. There will be no discussion of specific agency regulations.

WASHINGTON, DC

(TWO BRIEFINGS)

WHEN: February 15 at 9:00 am and 1:30 pm
WHERE: Office of the Federal Register Conference Room, 800 North Capitol Street NW., Washington, DC (3 blocks north of Union Station Metro)
RESERVATIONS: 202–523–4538

DALLAS, TX

WHEN: March 30 at 9:00 am
WHERE: Conference Room 7A23
Earle Cabell Federal Building and Courthouse
1100 Commerce Street
Dallas, TX 75242
RESERVATIONS: 1–800–366–2998

Printed on recycled paper containing 100% post consumer waste

Title 3—

The President

Memorandum of February 7, 1995

Deterring Illegal Immigration

Memorandum for the Heads of Executive Departments and Agencies

It is a fundamental right and duty for a nation to protect the integrity of its borders and its laws. This Administration shall stand firm against illegal immigration and the continued abuse of our immigration laws. By closing the back door to illegal immigration, we will continue to open the front door to legal immigrants.

My Administration has moved swiftly to reverse the course of a decade of failed immigration policies. Our initiatives have included increasing overall Border personnel by over 50 percent since 1993. We also are strengthening worksite enforcement and work authorization verification to deter employment of illegal aliens. Asylum rules have been reformed to end abuse by those falsely claiming asylum, while offering protection to those in genuine fear of persecution. We are cracking down on smugglers of illegal aliens and reforming criminal alien deportation for quicker removal. And we are the first Administration to obtain funding to reimburse States for a share of the costs of incarcerating criminal illegal aliens.

While we already are doing more to stem the flow of illegal immigration than has any previous Administration, more remains to be done. In conjunction with the Administration's unprecedented budget proposal to support immigration initiatives, this directive provides a blueprint of policies and priorities for this Administration's continuing work to curtail illegal immigration. With its focus on strong border deterrence backed up by effective worksite enforcement, removal of criminal and other deportable aliens and assistance to states, this program protects the security of our borders, our jobs and our communities for all Americans—citizens and legal immigrants alike.

COMPREHENSIVE BORDER CONTROL STRATEGY

A. *Deterring Illegal Immigration At Our Borders*

I have directed the Attorney General to move expeditiously toward full implementation of our comprehensive border control strategy, including efforts at the southwest border. To support sustained long-term strengthening of our deterrence capacity, the Administration shall seek funding to add new Border Patrol agents to reach the goal of at least 7,000 agents protecting our borders by the year 2000.

Flexible Border Response Capacity

To further this strategy, the Department of Justice shall implement the capacity to respond to emerging situations anywhere along our national borders to deter buildups of illegal border crossers, smuggling operations, or other developing problems.

Strategic Use of High Technology

Through the strategic use of sensors, night scopes, helicopters, light planes, all-terrain vehicles, fingerprinting and automated recordkeeping, we have freed many Border Patrol agents from long hours of bureaucratic tasks and increased the effectiveness of these highly-trained personnel. Because these tools are essential for the Immigration and Naturalization Service (INS) to do its job, I direct the Attorney General to accelerate to the greatest

extent possible their utilization and enhancement to support implementation of our deterrence strategy.

Strong Enforcement Against Repeat Illegal Crossers

The Department of Justice shall assess the effectiveness of efforts underway to deter repeat illegal crossers, such as fingerprinting and dedicating prosecution resources to enforce the new prosecution authority provided by the Violent Crime Control and Law Enforcement Act of 1994.

The Department of Justice shall determine whether accelerated expansion of these techniques to additional border sectors is warranted.

B. *Deterring Alien Smuggling*

This Administration has had success deterring large ship-based smuggling directly to United States shores. In response, smugglers are testing new routes and tactics. Our goal: similar success in choking off these attempts by adjusting our anti-smuggling initiatives to anticipate shifting smuggling patterns.

To meet new and continuing challenges posed along transport routes and in foreign locations by smuggling organizations, we will augment diplomatic and enforcement resources at overseas locations to work with host governments, and increase related intelligence gathering efforts.

The Departments of State and Justice, in cooperation with other relevant agencies, will report to the National Security Council within 30 days on the structure of interagency coordination to achieve these objectives.

Congressional action will be important to provide U.S. law enforcement agencies with needed authority to deal with international smuggling operations. I will propose that the Congress pass legislation providing wiretap authority for investigation of alien smuggling cases and providing authorization to seize the assets of groups engaged in trafficking in human cargo.

In addition, I will propose legislation to give the Attorney General authority to implement procedures for expedited exclusion to deal with large flows of undocumented migrants, smuggling operations, and other extraordinary migration situations.

C. *Visa Overstay Deterrence*

Nearly half of this country's illegal immigrants come into the country legally and then stay after they are required by law to depart, often using fraudulent documentation. No Administration has ever made a serious effort to identify and deport these individuals. This Administration is committed to curtailing this form of illegal immigration.

Therefore, relevant departments and agencies are directed to review their policies and practices to identify necessary reforms to curtail visa overstayers and to enhance investigations and prosecution of those who fraudulently produce or misuse passports, visas, and other travel related documents. Recommendations for administrative initiatives and legislative reform shall be presented to the White House Interagency Working Group on Immigration by June 30, 1995.

REDUCING THE MAGNET OF WORK OPPORTUNITIES, WORKSITE ENFORCEMENT, AND DETERRENCE

Border deterrence cannot succeed if the lure of jobs in the United States remains. Therefore, a second major component of the Administration's deterrence strategy is to toughen worksite enforcement and employer sanctions. Employers who hire illegal immigrants not only obtain unfair competitive advantage over law-abiding employers, their unlawful use of illegal immigrants suppresses wages and working conditions for our country's legal workers. Our strategy, which targets enforcement efforts at employers and industries that historically have relied upon employment of illegal immigrants, will not only strengthen deterrence of illegal immigration, but better protect American workers and businesses that do not hire illegal immigrants.

Central to this effort is an effective, nondiscriminatory means of verifying the employment authorization of all new employees. The Administration fully supports the recommendation of the Commission on Legal Immigration Reform to create pilot projects to test various techniques for improving workplace verification, including a computer database test to validate a new worker's social security number for work authorization purposes. The Immigration and Naturalization Service (INS) and Social Security Administration are directed to establish, implement, monitor, and review the pilots and provide me with an interim report on the progress of this program by March 1, 1996.

In addition, the INS is directed to finalize the Administration's reduction of the number of authorized documents to support work verification for noncitizens. Concurrently, the Administration will seek further reduction legislatively in the number of documents that are acceptable for proving identity and work authorization. The Administration will improve the security of existing documents to be used for work authorization and seek increased penalties for immigration fraud, including fraudulent production and use of documents.

The Department of Labor shall intensify its investigations in industries with patterns of labor law violations that promote illegal immigration.

I also direct the Department of Labor, INS, and other relevant Federal agencies to expand their collaboration in cracking down on those who subvert fair competition by hiring illegal aliens. This may include increased Federal authority to confiscate assets that are the fruits of that unfair competition.

The White House Interagency Working Group on Immigration shall further examine the link between immigration and employment, including illegal immigration, and recommend to me other appropriate measures.

DETENTION AND REMOVAL OF DEPORTABLE ILLEGAL ALIENS

The Administration's deterrence strategy includes strengthening the country's detention and deportation capability. No longer will criminals and other high risk deportable aliens be released back into communities because of a shortage of detention space and ineffective deportation procedures.

A. *Comprehensive Deportation Process Reform*

The Department of Justice, in consultation with other relevant agencies, shall develop a streamlined, fair, and effective procedure to expedite removal of deportable aliens. As necessary, additional legislative authority will be sought in this area. In addition, the Department of Justice shall increase its capacity to staff deportation and exclusion hearings to support these objectives.

B. *National Detention and Removal Plan*

To address the shortage of local detention space for illegal aliens, the Administration shall devise a National Detention, Transportation, and Removal Policy that will permit use of detention space across the United States and improve the ability to remove individuals with orders of deportation. The Department of Justice, in consultation with other agencies as appropriate and working under the auspices of the White House Interagency Working Group on Immigration, shall finalize this plan by April 30, 1995.

The Administration will seek support and funding from the Congress for this plan and for our efforts to double the removal of illegal aliens with final orders of deportation.

C. *Identification and Removal of Criminal Aliens*

The Institutional Hearing Program is successfully expediting deportation of incarcerated criminal aliens after they serve their sentences.

To further expedite removal of criminal aliens from this country and reduce costs to Federal and State governments, the Department of Justice is directed to develop an expanded program of verification of the immigration status

of criminal aliens within our country's prisons. In developing this program, the viability of expanding the work of the Law Enforcement Support Center should be assessed and all necessary steps taken to increase coordination and cooperative efforts with State, and local law enforcement officers in identification of criminal aliens.

TARGETED DETERRENCE AREAS

Many of the Administration's illegal immigration enforcement initiatives are mutually reinforcing. For example, strong interior enforcement supports border control. While there have been efforts over the years at piecemeal cooperation, this Administration will examine, develop, and test a more comprehensive coordinated package of deterrence strategies in selected metropolitan areas by multiple Federal, State, and local agencies.

The White House Interagency Working Group on Immigration shall coordinate the development of this interagency and intergovernmental operation.

VERIFICATION OF ELIGIBILITY FOR BENEFITS

The law denies most government benefits to illegal aliens. The government has a duty to assure that taxpayer-supported public assistance programs are not abused. As with work authorization, enforcement of eligibility requirements relies upon a credible system of verification. The INS, working with the White House Interagency Working Group on Immigration as appropriate, shall review means of improving the existing benefits verification program. In addition, we will seek new mechanisms—including increased penalties for false information used to qualify for benefits—to protect the integrity of public programs.

ANTI-DISCRIMINATION

Our efforts to combat illegal immigration must not violate the privacy and civil rights of legal immigrants and U.S. citizens. Therefore, I direct the Attorney General, the Secretary of Health and Human Services, the Chair of the Equal Employment Opportunity Commission, and other relevant Administration officials to vigorously protect our citizens and legal immigrants from immigration-related instances of discrimination and harassment. All illegal immigration enforcement measures shall be taken with due regard for the basic human rights of individuals and in accordance with our obligations under applicable international agreements.

ASSISTANCE TO STATES

States today face significant costs for services provided to illegal immigrants as a result of failed policies of the past. Deterring illegal immigration is the best long-term solution to protect States from growing costs for illegal immigration. This is the first Administration to address this primary responsibility squarely. We are targeting most of our Federal dollars to those initiatives that address the root causes that lead to increased burdens on States.

The Federal Government provides States with billions of dollars to provide for health care, education, and other services and benefits for immigrants. This Administration is proposing increases for immigration and immigration-related spending of 25 percent in 1996 compared to 1993 levels. In addition, this Administration is the first to obtain funding from the Congress to reimburse States for a share of the costs of incarcerated illegal aliens.

This Administration will continue to work with States to obtain more Federal help for certain State costs and will oppose inappropriate cost-shifting to the States.

INTERNATIONAL COOPERATION

This Administration will continue to emphasize international cooperative efforts to address illegal immigration.

Pursuant to a Presidential Review Directive (PRD), the Department of State is now coordinating a study on United States policy toward international

refugee and migration affairs. I hereby direct that, as part of that PRD process, this report to the National Security Council include the relationship of economic development and migration in the Western Hemisphere and, in particular, provide recommendations for further foreign economic policy measures to address causes of illegal immigration.

The Department of State shall coordinate an interagency effort to consider expanded arrangements with foreign governments for return of criminal and deportable aliens.

The Department of State also shall seek to negotiate readmission agreements for persons who could have sought asylum in the last country from which they arrived. Such agreements will take due regard of U.S. obligations under the Protocol Relating to the Status of Refugees.

The Department of State further shall implement cooperative efforts with other nations receiving smuggled aliens or those used as transhipment points by smugglers. In particular, we will look to countries in our hemisphere to join us by denying their territory as bases for smuggling operations.

The Department of State shall initiate negotiations with foreign countries to secure authority for the United States Coast Guard to board source country vessels suspected of transporting smuggled aliens.

This directive shall be published in the **Federal Register**.

Rules and Regulations

Federal Register

Vol. 60, No. 28

Friday, February 10, 1995

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each week.

OFFICE OF PERSONNEL MANAGEMENT

5 CFR Part 185

RIN 3206–AF43

Implementation of the Program Fraud Civil Remedies Act of 1986

AGENCY: Office of Personnel Management.

ACTION: Final rule.

SUMMARY: The Office of Personnel Management (OPM) is publishing regulations to implement the Program Fraud Civil Remedies Act (PFCRA). Publication of these regulations will enable OPM to institute administrative proceedings against persons who have presented false claims or statements to OPM.

EFFECTIVE DATE: March 13, 1995.

FOR FURTHER INFORMATION CONTACT: Murray M. Meeker, Attorney, Office of the General Counsel, (202) 606–1980.

SUPPLEMENTARY INFORMATION: On October 21, 1986, Congress enacted the Program Fraud Civil Remedies Act (PFCRA), Public Law 99–509, 31 U.S.C. 3801–3812. Public Law 99–509 provides a statutory right for the Federal Government to take direct action against fraud, provided that proper notification is provided and that the procedures provided for in this part are followed. On May 12, 1994, OPM published these regulations as a proposed rule. 59 FR 24661. OPM received several oral comments from officials of other Federal agencies who were unclear about the scope of OPM's PFCRA regulations, i.e., they did not know whether the proposed regulations had Government-wide applicability. These commenters were advised that the proposed regulations were limited to programs administered by OPM. One commenter noted that on November 5, 1990, Congress enacted section 101(c)(1)(A)(ii) of Public Law 101–509 which provides that any reference outside of title 5 of the United States Code to ''the minimum rate of pay for grade GS–16 of the General Schedule'' shall be considered a reference to the minimum rate payable under section 5376 of title 5 of the United States Code. We have amended the definition of *reviewing official* in section 185.102 of the proposed regulations to reflect this enactment. OPM also received a written comment from an employee organization in which the organization commented that the proposed regulations were inconsistent with judicial decisions which have held that actions may only be taken against bargaining unit members in accordance with negotiated grievance procedures. In response to this comment, OPM requested guidance from the Justice Department and was advised that in implementing the PFCRA, there was no need to make an exception for bargaining unit employees, and that unlike overtime pay disputes, PFCRA proceedings are not processed as grievances. The Department of Justice did confirm the organization's recommendation that proposed section 185.108(a) refer to Rule 4 of the Federal Rules of Civil Procedure rather than Rule 4(d). This change has been made in the final regulations.

Executive Order 12866, Regulatory Review

This rule has been reviewed by the Office of Management and Budget in accordance with Executive Order 12866.

Regulatory Flexibility Act

I certify that these regulations will not have a significant economic impact on a substantial number of small entities because the effects are limited primarily to federal employees and other entities who do business with OMB.

Lorraine A. Green,

Deputy Director.

Accordingly, OPM is adding part 185 of title 5, Code of Federal Regulations as follows:

PART 185—PROGRAM FRAUD CIVIL REMEDIES

Sec.

185.101 Purpose.
185.102 Definitions.
185.103 Basis for civil penalties and assessments.
185.104 Investigation.
185.105 Review by the reviewing official.
185.106 Prerequisites for issuing a complaint.
185.107 Complaint.
185.108 Service of complaint.
185.109 Answer.
185.110 Default upon failure to file an answer.
185.111 Referral of complaint and answer to the ALJ.
185.112 Notice of hearing.
185.113 Location of hearing.
185.114 Parties to the hearing.
185.115 Separation of functions.
185.116 Ex parte contacts.
185.117 Disqualification of reviewing official or ALJ.
185.118 Rights of parties.
185.119 Authority of the ALJ.
185.120 Prehearing conferences.
185.121 Disclosure of documents.
185.122 Discovery.
185.123 Exchange of witness lists, statements and exhibits.
185.124 Subpoenas for attendance at hearing.
185.125 Protective order.
185.126 Evidence.
185.127 Fees.
185.128 Form, filing and service of papers.
185.129 Computation of time.
185.130 Motions.
185.131 Sanctions.
185.132 The hearing and burden of proof.
185.133 Determining the amount of penalties and assessments.
185.134 Witnesses.
185.135 The record.
185.136 Post-hearing briefs.
185.137 Initial decision.
185.138 Reconsideration of initial decision.
185.139 Appeal to authority head.
185.140 Stays ordered by the Department of Justice.
185.141 Stay pending appeal.
185.142 Judicial review.
185.143 Collection of civil penalties and assessments.
185.144 Right to administrative offset.
185.145 Deposit in Treasury of the United States.
185.146 Compromise or settlement.
185.147 Limitations.

Authority: 31 U.S.C. 3801–3812.

§ 185.101 Purpose.

This subpart implements the Program Fraud Civil Remedies Act of 1986, Public Law 99–509, 6101–6104, 100 Stat. 1874 (October 21, 1986), codified

at 31 U.S.C. 3801–3812. Section 3809 requires each authority head to promulgate regulations necessary to implement the provisions of the statute. The subpart establishes administrative procedures for imposing civil penalties and assessments against persons who make, submit, or present, or cause to be made, submitted, or presented, false, fictitious, or fraudulent claims or written statements to authorities or to their agents, and specifies the hearing and appeal rights of persons subject to allegations of liability for such penalties and assessments. The moneys collected as a result of these procedures are deposited as miscellaneous receipts in the Treasury of the United States.

§ 185.102 Definitions.

For the purposes of this part—

ALJ means an Administrative Law Judge in the authority appointed pursuant to 5 U.S.C. 3105 or detailed to the authority pursuant to 5 U.S.C. 3344.

Authority means the Office of Personnel Management (OPM).

Authority head means the Director of the Office of Personnel Management or the Director's designee.

Benefit is very broad, and is intended to cover anything of value, including but not limited to any advantage, preference, privilege, license, permit, favorable decision, ruling, status or loan guarantee.

Claim means any request, demand, or submission—

(a) Made to the authority for property, services, or money (including money representing benefits, grants, loans or insurance);

(b) Made to a recipient of property, services, or money from the authority or to a party to a contract with the authority:

(1) For property or services if the United States—

(i) Provided such property or services;

(ii) Provided any portion of the funds for the purchase of such property or services; or

(iii) Will reimburse such recipient or party for the purchase of such property or services; or

(2) For the payment of money (including money representing grants, loans, insurance, or benefits) if the United States:

(i) Provided any portion of the money requested or demanded; or

(ii) Will reimburse such recipient or party for any portion of the money paid on such request or demand; or

(c) Made to the authority which has the effect of decreasing an obligation to pay or account for property, services, or money.

Complaint means the administrative complaint served by the reviewing official on the defendant under § 185.107.

Defendant means any person alleged in a complaint under § 185.107 to be liable for a civil penalty or assessment under § 185.103.

Government means the United States Government.

Individual means a natural person.

Initial decision means the written decision of the ALJ required by § 185.110 or § 185.137, and includes a revised initial decision issued following a remand or a motion for reconsideration.

Investigating Official means the Inspector General or the Inspector General's designee.

Knows or has reason to know means that a person, with respect to a claim or statement:

(a) Has actual knowledge that the claim or statement is false, fictitious, or fraudulent;

(b) Acts in deliberate ignorance of the truth or falsity of the claim or statement; or

(c) Acts in reckless disregard of the truth or falsity of the claim or statement.

Makes shall include the terms presents, submits, and causes to be made, presented, or submitted. As the context requires, making or made, shall likewise include the corresponding forms of such terms.

Person means any individual, partnership, corporation, association, or private organization, and includes the plural of that term.

Representative means an attorney who is in good standing of the bar of any State, Territory, or possession of the United States or of the District of Columbia or the Commonwealth of Puerto Rico or other individual designated in writing by the defendant.

Reviewing Official means the General Counsel of OPM or the General Counsel's designee. For the purposes of § 185.105 of these rules, the General Counsel personally, or members of the General Counsel's immediate staff, shall perform the functions of the reviewing official provided that such person or persons serve in a position for which the rate of basic pay is not less than the minimum rate payable under section 5376 of title 5 of the United States Code. All other functions of the reviewing official, including administrative prosecution under these rules, shall be performed on behalf of the General Counsel by members of the Office of the General Counsel.

Statement means any representation, certification, affirmation, document, record, or accounting or bookkeeping entry made:

(a) With respect to a claim or to obtain the approval or payment of a claim (including relating to eligibility to make a claim); or

(b) With respect to (including relating to eligibility for):

(1) A contract with, or a bid or proposal for a contract with; or

(2) A grant, loan, or benefit from, the authority, or any State, political subdivision of a State, or other party, if the United States Government provides any portion of the money or property under such contract or for such grant, loan, or benefit, or if the Government will reimburse such State, political subdivision, or party for any portion of the money or property under such contract or for such grant, loan, or benefit.

§ 185.103 Basis for civil penalties and assessments.

(a) In addition to any other remedy that may be prescribed by law, any person shall be subject to a civil penalty of not more than $5,000, where the person makes a claim and knows or has reason to know that the claim:

(1) In false, fictitious, or fraudulent;

(2) Includes, or is supported by, any written statement which asserts a material fact which is false, fictitious, or fraudulent;

(3) Includes, or is supported by, any written statement that:

(i) Omits a material fact;

(ii) Is false, fictitious, or fraudulent as a result of such omission; and

(iii) Is a statement in which the person making such statement has a duty to include such material fact; or

(4) Is for payment for the provision of property or services which the person has not provided as claimed.

(b) Each voucher, invoice, claim form, or other individual request or demand for property, services, or money constitutes a separate claim.

(c) A claim shall be considered made to the authority, recipient, or party when such claim is actually made to an agent, fiscal intermediary, or other entity, including any State or political subdivision thereof, acting for or on behalf of the authority, recipient, or party.

(d) Each claim for property, services, or money is subject to a civil penalty regardless of whether such property, services, or money is actually delivered or paid.

(e) If the Government has made any payment (including transferred property or provided services) on a claim, a person subject to a civil penalty under paragraph (a)(1) of this section may also be subject to an assessment of not more than twice the amount of such claim or

that portion thereof that is determined to be in violation of paragraph (a)(1) of this section. Such assessment shall be in lieu of damages sustained by the Government because of such claim.

(f) Any person who makes a written statement that:

(1) The person knows or has reason to know:

(i) Asserts a material fact which is false, fictitious, or fraudulent; or

(ii) Is false, fictitious, or fraudulent because it omits a material fact that the person making the statement has a duty to include in such statement; and

(2) Contains, or is accompanied by, an express certification or affirmation of the truthfulness and accuracy of the contents of the statement may be subject, in addition to any other remedy that may be prescribed by law, to a civil penalty of not more than $5,000 for each such statement.

(g) Each written representation, certification, or affirmation constitutes a separate statement.

(h) A statement shall be considered made to the authority when such statement is actually made to an agent, fiscal intermediary, or other entity, including any State or political subdivision thereof, acting for or on behalf of the authority.

(i) No proof of specific intent to defraud is required to establish liability under this section.

(j) In any case in which it is determined that more than one person is liable for making a claim or statement under this section, each such person may be held liable for a civil penalty under this section.

(k) In any case in which it is determined that more than one person is liable for making a claim under this section on which the Government has made payment (including transferred property or provided services), an assessment may be imposed against any such person or jointly and severally against any combination of such persons.

§ 185.104 Investigation.

(a) If an investigating official concludes that a subpoena pursuant to the authority conferred by 31 U.S.C. 3804(a) is warranted, he or she may issue a subpoena.

(1) The subpoena so issued shall notify the person to whom it is addressed of the authority under which the subpoena is issued and shall identify the records or documents sought;

(2) The investigating official may designate a person to act on his or her behalf to receive the documents sought; and

(3) The person receiving such subpoena shall be required to tender to the investigating official, or the person designated to receive the documents, a certification that

(i) The documents sought have been produced;

(ii) Such documents are not available and the reasons therefor; or

(iii) Such documents, suitably identified, have been withheld based upon the assertion of an identified privilege.

(b) If the investigating official concludes that an action under the Program Fraud Civil Remedies Act may be warranted, the investigating official shall submit a report containing the findings and conclusions of such investigation to the reviewing official.

(c) Nothing in this section shall preclude or limit an investigating official's discretion to refer allegations directly to the Department of Justice for suit under the False Claims Act or other civil relief, or to defer or postpone a report or referral to the reviewing official to avoid interference with a criminal investigation or prosecution.

(d) Nothing in this section modifies any responsibility of an investigating official to report violations of criminal law to the Attorney General.

§ 185.105 Review by the reviewing official.

If, based on the report of the investigating official under § 185.104(b), the reviewing official determines that there is adequate evidence to believe that a person is liable under § 185.103, the reviewing official shall transmit to the Attorney General a written notice of the reviewing official's intention to have a complaint issued under § 185.107. Such notice shall include:

(a) A statement of the reviewing official's reasons for issuing a complaint;

(b) A statement specifying the evidence that supports the allegations of liability;

(c) A description of the claims or statements upon which the allegations of liability are based;

(d) An estimate of the amount of money, or the value of property, services, or other benefits, requested or demanded in violation of § 185.103;

(e) A statement of any exculpatory or mitigating circumstances that may relate to the claims or statements known by the reviewing official or the investigating official; and

(f) A statement that there is a reasonable prospect of collecting an appropriate amount of penalties and assessments.

§ 185.106 Prerequisites for issuing a complaint.

(a) The reviewing official may issue a complaint under § 185.107 only if:

(1) The Department of Justice approves the issuance of a complaint in a written statement described in section 3803(b)(1) of title 31 of the United States Code, and

(2) In the case of allegations of liability under § 185.103(a) with respect to a claim, the reviewing official determines that, with respect to such claim or a group of related claims submitted at the same time such claim is submitted (as defined in paragraph (b) of this section), the amount of money, or the value of property or services, demanded or requested in violation of § 185.103(a) does not exceed $150,000.

(b) For the purposes of this section, a related group of claims submitted at the same time shall include only those claims arising from the same transaction (e.g., grant, loan, application, or contract) that are submitted simultaneously as part of a single request, demand, or submission.

(c) Nothing in this section shall be construed to limit the reviewing official's authority to join in a single complaint against a person, claims that are unrelated or were not submitted simultaneously, regardless of the amount of money, or the value of property or services, demanded or requested.

§ 185.107 Complaint.

(a) On or after the date the Department of Justice approves the issuance of a complaint in accordance with section 3803(b)(1) of title 31 of the United States Code, the reviewing official may serve a complaint on the defendant, as provided in § 185.108.

(b) The complaint shall state the following:

(1) The allegations of liability against the defendant, including the statutory basis for liability, an identification of the claims or statements that are the basis for the alleged liability, and the reasons why liability allegedly arises from such claims or statements;

(2) The maximum amount of penalties and assessments for which the defendant may be held liable;

(3) Instructions for filing an answer, including a specific statement of the defendant's right to request a hearing and to be represented by a representative; and

(4) The fact that failure to file an answer within 30 days of service of the complaint will result in the imposition of the maximum amount of penalties and assessments without right to appeal, as provided in § 185.110.

(c) At the same time the reviewing official serves the complaint, he or she shall serve the defendant with a copy of these regulations.

§ 185.108 Service of complaint.

(a) Service of a complaint must be made by certified or registered mail or by delivery in any manner authorized by Rule 4 of the Federal Rules of Civil Procedure. Service is complete upon receipt.

(b) Proof of service, stating the name and address of the person on whom the complaint was served, and the manner and date of service, may be made by:

(1) Affidavit of the individual serving the complaint by delivery;

(2) A United States Postal Service return receipt card acknowledging receipt; or

(3) Written acknowledgment of receipt by the defendant or his or her representative.

§ 185.109 Answer.

(a) The defendant may request a hearing in the answer filed with the reviewing official within 30 days of service of the complaint.

(b) In the answer, the defendant:

(1) Shall admit or deny each of the allegations of liability made in the complaint;

(2) Shall state any defense on which the defendant intends to rely;

(3) May state any reasons why the defendant contends that the penalties and assessments should be less than the statutory maximum; and

(4) Shall state the name, address, and telephone number of the person authorized by the defendant to act as defendant's representative, if any.

(c) If the defendant is unable to file an answer meeting the requirements of paragraph (b) of this section within the time provided, the defendant may, before the expiration of 30 days from service of the complaint, file with the reviewing official a general answer denying liability and requesting a hearing, and a request for an extension of time within which to file an answer meeting the requirements of paragraph (b) of this section. The reviewing official shall file promptly with the ALJ the complaint, the general answer denying liability, and the request for an extension of time as provided in § 185.110. For good cause shown, the ALJ may grant the defendant up to 30 additional days within which to file an answer meeting the requirements of paragraph (b) of this section. The ALJ shall decide expeditiously whether the dependent shall be granted an additional period of time to file such answer.

§ 185.110 Default upon failure to file an answer.

(a) If the defendant does not file an answer within the time prescribed in § 185.109(a), the reviewing official may refer the complaint to the ALJ.

(b) Upon the referral of the complaint, the ALJ shall promptly serve on the defendant in the manner prescribed in § 185.108, a notice that an initial decision will be issued under this section.

(c) The ALJ shall assume the facts alleged in the complaint to be true and, if such facts establish liability under § 185.103, the ALJ shall issue an initial decision imposing the maximum amount of penalties and assessments allowed under the statute.

(d) Except as otherwise provided in this section, by failing to file a timely answer the defendant waives any right to further review of the penalties and assessments imposed under paragraph (c) of this section and the initial decision shall become final and binding upon the parties 30 days after it is issued.

(e) If, before such an initial decision becomes final, the defendant files a motion with the ALJ seeking to reopen on the grounds that extraordinary circumstances prevented the defendant from filing an answer, the initial decision shall be stayed pending the ALJ's decision on the motion.

(f) If, on such motion, the defendant can demonstrate extraordinary circumstances excusing the failure to file a timely answer, the ALJ shall withdraw the initial decision in paragraph (c) of this section, if such a decision has been issued, and shall grant the defendant an opportunity to answer the complaint.

(g) A decision of the ALJ denying a defendant's motion under paragraph (e) of this section is not subject to reconsideration under § 185.138.

(h) The defendant may appeal to the authority head the decision denying a motion to reopen by filing a notice of appeal with the authority head within 15 days after the ALJ denies the motion. The timely filing of a notice of appeal shall stay the initial decision until the authority head decides the issue.

(i) If the defendant files a timely notice of appeal with the authority head, the ALJ shall forward the record of the proceeding to the authority head.

(j) The authority head shall decide expeditiously whether extraordinary circumstances excuse the defendant's failure to file a timely answer based solely on the record before the ALJ.

(k) If the authority head decides that extraordinary circumstances excused the defendant's failure to file a timely answer, the authority head shall remand the case to the ALJ with instructions to grant the defendant an opportunity to answer.

(l) If the authority head decides that the defendant's failure to file a timely answer is not excused, the authority head shall reinstate the initial decision of the ALJ, which shall become final and binding upon the parties 30 days after the authority head issues such decision.

§ 185.111 Referral of complaint and answer to the ALJ.

Upon receipt of an answer, the reviewing official shall file the complaint and answer with the ALJ.

§ 185.112 Notice of hearing.

(a) When the ALJ receives the complaint and answer, the ALJ shall promptly serve a notice of hearing upon the defendant in the manner prescribed by § 185.108. At the same time, the ALJ shall send a copy of such notice to the reviewing official or his or her designee.

(b) Such notice shall include:

(1) The tentative time and place, and the nature of the hearing;

(2) The legal authority and jurisdiction under which the hearing is to be held;

(3) The matters of fact and law to be asserted;

(4) A description of the procedures for the conduct of the hearing;

(5) The name, address, and telephone number of the representative of the Government and of the defendant, if any; and

(6) Such other matters as the ALJ deems appropriate.

§ 185.113 Location of hearing.

(a) The hearing may be held:

(1) In any judicial district of the United States in which the defendant resides or transacts business;

(2) In any judicial district of the United States in which the claim or statement in issue was made; or

(3) In such other place as may be agreed upon by the parties and the ALJ.

(b) Each party shall have the opportunity to present argument with respect to the location of the hearing.

(c) The hearing shall be held at the place and at the time ordered by the ALJ.

§ 185.114 Parties to the hearing.

(a) The parties to the hearing shall be the defendant and OPM.

(b) Except where the authority head designates another, OPM shall be represented by the members of the Office of the General Counsel.

(c) Pursuant to section 3730(c)(5) of title 31, United States Code, a private

plaintiff under the False Claims Act may participate in these proceedings to the extent authorized by the provisions of that Act.

§ 185.115 Separation of functions.

(a) The investigating official, the reviewing official, and any employee or agent of the authority who takes part in investigating, preparing, or presenting a particular case may not, in such case or a factually related case:

(1) Participate in the hearing as the ALJ;

(2) Participate or advise in the initial decision or the review of the initial decision by the authority head, except as a witness or a representative in public proceedings; or

(3) Make the collection of penalties and assessments under section 3806 of title 31, United States Code.

(b) The ALJ shall not be responsible to or subject to the supervision or direction of the investigating official or the reviewing official.

§ 185.116 Ex parte contacts.

No party or person (except employees of the ALJ's office) shall communicate in any way with the ALJ on any matter at issue in a case, unless on notice and opportunity for all parties to participate. This provision does not prohibit a person or party from inquiring about the status of a case or asking routine questions concerning administrative functions or procedures.

§ 185.117 Disqualifications of reviewing official or ALJ.

(a) A reviewing official or ALJ in a particular case may disqualify himself or herself at any time.

(b) A party may file with the ALJ a motion for disqualification of a reviewing official or an ALJ. Such motion shall be accompanied by an affidavit alleging personal bias or other reason for disqualification.

(c) Such motion and affidavit shall be filed promptly upon the party's discovery of reasons requiring disqualification, or such objections shall be deemed waived.

(d) Such affidavit shall state specific facts that support the party's belief that personal bias or other reason for disqualification exists and the time and circumstances of the party's discovery of such facts. It shall be accompanied by a certificate of the representative of record that it is made in good faith.

(e) Upon the filing of such a motion and affidavit, the ALJ shall proceed no further in the case until he or she resolves the matter of disqualification in accordance with this section.

(1) If the ALJ determines that a reviewing official is disqualified, the ALJ shall dismiss the complaint without prejudice.

(2) If the ALJ disqualifies himself or herself, the case shall be reassigned promptly to another ALJ.

(3) If the ALJ denies a motion to disqualify, the authority head may determine the matter only as part of his or her review of the initial decision upon appeal, if any.

§ 185.118 Rights of parties.

Except as otherwise limited by this part, all parties may:

(a) Be accompanied, represented, and advised by a representative;

(b) Participate in any conference held by the ALJ;

(c) Conduct discovery as provided under § 185.122;

(d) Agree to stipulations of fact or law, which shall be made a part of the record;

(e) Present evidence relevant to the issues at the hearing;

(f) Present and cross-examine witnesses;

(g) Present oral arguments at the hearing as permitted by the ALJ; and

(h) Submit written briefs and proposed findings of fact and conclusions of law after the hearing.

§ 185.119 Authority of the ALJ.

(a) The ALJ shall conduct a fair and impartial hearing, avoid delay, maintain order, and assure that a record of the proceeding is made.

(b) The ALJ has the authority to:

(1) Set and change the date, time, and place of the hearing upon reasonable notice to the parties;

(2) Continue or recess the hearing in whole or in part for a reasonable period of time;

(3) Hold conferences to identify or simplify the issues, or to consider other matters that may aid in the expeditious disposition of the proceeding;

(4) Administer oaths and affirmations;

(5) Issue subpoenas requiring the attendance of witnesses and the production of documents at depositions or at hearings;

(6) Rule on motions and other procedural matters;

(7) Regulate the scope and timing of discovery;

(8) Regulate the course of the hearing and the conduct of representatives and parties;

(9) Examine witnesses;

(10) Receive, rule on, exclude, or limit evidence;

(11) Upon motion of a party, take official notice of facts;

(12) Upon motion of a party, decide cases, in whole or in part, by summary judgment where there is no disputed issue of material fact;

(13) Conduct any conference, argument, or hearing on motions in person or by telephone; and

(14) Exercise such other authority as is necessary to carry out the responsibilities of the ALJ under this part.

(c) The ALJ does not have the authority to find Federal statutes or regulations invalid.

§ 185.120 Prehearing conferences.

(a) The ALJ may schedule prehearing conferences as appropriate.

(b) Upon the motion of any party, the ALJ shall schedule at least one prehearing conference at a reasonable time in advance of the hearing.

(c) The ALJ may use prehearing conferences to discuss the following:

(1) Simplification of the issues;

(2) The necessity or desirability of amendments to the pleadings, including the need for a more definite statement;

(3) Stipulations and admissions of fact or as to the contents and authenticity of documents;

(4) Whether the parties can agree to submission of the case on a stipulated record;

(5) Whether a party chooses to waive appearance at an oral hearing and to submit only documentary evidence (subject to the objection of other parties) and written argument;

(6) Limitation of the number of witnesses;

(7) Scheduling dates for the exchange of witness lists and of proposed exhibits;

(8) Discovery;

(9) The time and place for the hearing; and

(10) Such other matters as may tend to expedite the fair and just disposition of the proceedings.

(d) The ALJ may issue an order containing all matters agreed upon by the parties or ordered by the ALJ at a prehearing conference.

§ 185.121 Disclosure of documents.

(a) Upon written request to the reviewing official, generally prior to the filing of an answer, the defendant may review any relevant and material documents, transcripts, records, and other materials that relate to the allegations set out in the complaint and upon which the findings and conclusions of the investigating official under § 185.104(b) are based, unless such documents are subject to a privilege under Federal law. Upon payment of fees for duplication, the defendant may obtain copies of such documents.

(b) Upon written request to the reviewing official, the defendant, may

also obtain a copy of all exculpatory information in the possession of the reviewing official or investigating official relating to the allegations in the complaint, even if it is contained in a document that would otherwise be privileged. If the document would otherwise be privileged, only that portion containing exculpatory information must be disclosed.

(c) The notice sent to the Attorney General from the reviewing official as described in § 185.105 is not discoverable under any circumstances.

(d) The defendant may file a motion to compel disclosure of the documents subject to the provisions of this section. Such a motion may only be filed with the ALJ following the filing of an answer pursuant to § 185.109.

§ 185.122 Discovery.

(a) The following types of discovery are authorized:

(1) Requests for production of documents for inspection and copying;

(2) Requests for admissions of the authenticity of any relevant document or of the truth of any relevant fact;

(3) Written interrogatories; and

(4) Depositions.

(b) For the purpose of this section and § 185.123, the term *documents* includes information, documents, reports, answers, records, accounts, papers, and other data and documentary evidence. Nothing contained herein shall be interpreted to require the creation of a document.

(c) Unless mutually agreed to by the parties, discovery is available only as ordered by the ALJ. The ALJ shall regulate the timing of discovery.

(d) Motions for discovery are to be handled according to the following procedures:

(1) A party seeking discovery may file a motion with the ALJ. Such a motion shall be accompanied by a copy of the requested discovery, or in the case of depositions, a summary of the scope of the proposed deposition.

(2) Within 10 days of service, a party may file an opposition to the motion and/or a motion for protective order as provided in § 185.125.

(3) The ALJ may grant a motion for discovery only if he or she finds that the discovery sought:

(i) Is necessary for the expeditious, fair, and reasonable consideration of the issues;

(ii) Is not unduly costly or burdensome;

(iii) Will not unduly delay the proceeding; and

(iv) Does not seek privileged information.

(4) the burden of showing that discovery should be allowed is on the party seeking discovery.

(5) The ALJ may grant discovery subject to a protective order under § 185.125.

(e) Depositions are to be handled in the following manner:

(1) If a motion for deposition is granted, the ALJ shall issue a subpoena for the deponent, which may require the deponent to produce documents. The subpoena shall specify the time and place at which the deposition will be held.

(2) The party seeking to depose shall serve the subpoena in the manner prescribed in § 185.108.

(3) The deponent may file with the ALJ within 10 days of service a motion to quash the subpoena or a motion for a protective order.

(4) The party seeking to depose shall provide for the taking of a verbatim transcript of the deposition, which it shall make available to all other parties for inspection and copying.

(f) Each party shall bear its own costs of discovery.

§ 185.123 Exchange of witness lists, statements and exhibits.

(a) At least 15 days before the hearing or at such other time as may be ordered by the ALJ, the parties shall exchange witness lists, copies of prior statements of proposed witnesses, and copies of proposed hearing exhibits, including copies of any written statements that the party intends to offer in lieu of live testimony in accordance with § 185.133(b). At the time the above documents are exchanged, any party that intends to rely on the transcript or deposition testimony in lieu of live testimony at the hearing, if permitted by the ALJ, shall provide each party with a copy of the specific pages of the transcript it intends to introduce into evidence.

(b) If a party objects, the ALJ may not admit into evidence the testimony of any witness whose name does not appear on the witness list or any exhibit not provided to the opposing party as provided above unless the ALJ finds good cause for the failure or that there is no prejudice to the objecting party.

(c) Unless another party objects within the time set by the ALJ, documents exchanged in accordance with paragraph (a) of this section shall be deemed to be authentic for the purpose of admissibility at the hearing.

§ 185.124 Subpoenas for attendance at hearing.

(a) A party wishing to procure the appearance and testimony of any individual at the hearing may request that the ALJ issue a subpoena.

(b) A subpoena requiring the attendance and testimony of an individual may also require the individual to produce documents at the hearing.

(c) A party seeking a subpoena shall file a written request therefor not less than 15 days before the date fixed for the hearing unless otherwise allowed by the ALJ upon a showing of good cause. Such request shall specify any documents to be produced and shall designate the witnesses and describe the address and location thereof with sufficient particularity to permit such witnesses to be found.

(d) The subpoena shall specify the time and place at which the witness is to appear and any documents the witness is to produce.

(e) The party seeking the subpoena shall serve it in the manner prescribed in § 185.108. A subpoena on a party or upon an individual under the control of a party may be served by first class mail.

(f) A party or the individual to whom the subpoena is directed may file with the ALJ a motion to quash the subpoena within 10 days after service or on or before the time specified in the subpoena for compliance if it is less than 10 days after service.

§ 185.125 Protective order.

(a) A party or a prospective witness or deponent may file a motion for a protective order with respect to discovery sought by an opposing party or with respect to the hearing, seeking to limit the availability or disclosure of evidence.

(b) In issuing a protective order, the ALJ may make any order which justice requires to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, including one or more of the following:

(1) That the discovery not be had;

(2) That the discovery may be had only on specified terms and conditions, including a designation of the time or place;

(3) That the discovery may be had only through a method of discovery other than that requested;

(4) That certain matters not be the subject of inquiry, or that the scope of discovery be limited to certain matters;

(5) That discovery be conducted with no one present except persons designated by the ALJ;

(6) That the contents of discovery or evidence be sealed;

(7) That a sealed deposition be opened only by order of the ALJ;

(8) That a trade secret or other confidential research, development,

commercial information, or facts pertaining to any criminal investigation, proceeding, or other administrative investigation not be disclosed or be disclosed only in a designated way; or

(9) That the parties simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the ALJ.

§ 185.126 Evidence.

(a) The ALJ shall determine the admissibility of evidence.

(b) Except as provided in this part, the ALJ shall not be bound by the Federal Rules of Evidence. However, the ALJ may apply the Federal Rules of Evidence where appropriate, e.g. to exclude unreliable evidence.

(c) The ALJ shall exclude irrelevant and immaterial evidence.

(d) Although relevant, evidence may be excluded if its probative value is substantially outweighed by the danger of unfair prejudice, confusion of the issues, or by considerations of undue delay or needless presentation of cumulative evidence.

(e) Although relevant, evidence may be excluded if it is privileged under Federal law.

(f) Evidence concerning offers of compromise or settlement shall be inadmissible to the extent provided in Rule 408 of the Federal Rules of Evidence.

(g) The ALJ shall permit the parties to introduce rebuttal witnesses and evidence.

(h) All documents and other evidence offered or taken for the record shall be open to examination by all parties, unless otherwise ordered by the ALJ pursuant to § 185.125.

§ 185.127 Fees.

The party requesting a subpoena shall pay the cost of the fees and mileage of any witness subpoenaed in the amounts that would be payable to a witness in a proceeding in United States District Court. A check for witness fees and mileage shall accompany the subpoena when served, except that when a subpoena is issued on behalf of the authority, a check for witness fees and mileage need not accompany the subpoena.

§ 185.128 Form, filing and service of papers.

(a) *Form*. Documents filed with the ALJ shall include an original and two copies. Every pleading and paper filed in the proceeding shall contain a caption setting forth the title of the action, the case number assigned by the ALJ, and a designation of the paper (e.g., motion to quash subpoena). Every pleading and paper shall be signed by, and shall contain the address and telephone number of the party or the person on whose behalf the paper was filed, or his or her representative.

(b) *Filing.* Papers are considered filed when they are mailed. Date of mailing may be established by a certificate from the party or its representative or by proof that the document was sent by certified or registered mail.

(c) *Service.* A party filing a document with the ALJ shall, at the time of filing, serve a copy of such document on every other party. Service upon any party of any document other than those required to be served as prescribed in § 185.108 shall be made by delivering a copy or by placing a copy of the document in the United States mail, postage prepaid and addressed, to the party's last known address. When a party is represented by a representative, service shall be made upon such representative in lieu of the actual party.

(d) *Proof of service.* A certificate of the individual serving the document by personal delivery or by mail, setting forth the manner of service, shall be proof of service.

§ 185.129 Computation of time.

(a) In computing any period of time under this part or in an order issued thereunder, the time begins with the day following the act, event, or default, and includes the last day of the period, unless it is a Saturday, Sunday, or legal holiday observed by the Federal Government, in which event it includes the next business day.

(b) When the period of time allowed is less than 7 days, intermediate Saturdays, Sundays, and legal holidays observed by the Federal Government shall be excluded from the computation.

(c) Where a document has been served or issued by placing it in the mail, an additional 5 days will be added to the time permitted for any response.

§ 185.130 Motions.

(a) Any application to the ALJ for an order or ruling shall be by motion. Motions shall state the relief sought, the authority relied upon, and the facts alleged, and shall be filed with the ALJ and served on all other parties.

(b) Except for motions made during a prehearing conference or at the hearing, all motions shall be in writing. The ALJ may require that oral motions be reduced to writing.

(c) Within 15 days after a written motion is served, or such other time as may be fixed by the ALJ, any party may file a response to such motion.

(d) The ALJ may not grant a written motion before the time for filing responses thereto has expired, except upon consent of the parties or following a hearing on the motion, but may overrule or deny such motion without awaiting a response.

(e) The ALJ shall make a reasonable effort to dispose or all outstanding motions prior to the beginning of the hearing.

§ 185.131 Sanctions.

(a) The ALJ may sanction a person including any party or representative for the following reasons:

(1) Failure to comply with an order, rule, or procedure governing the proceeding;

(2) Failure to prosecute or defend an action; or

(3) Engaging in other misconduct that interferes with the speedy, orderly, or fair conduct of the proceeding.

(b) Any such sanction, including but not limited to those listed in paragraphs (c), (d), and (e) of this section, shall reasonably relate to the severity and nature of the failure or misconduct.

(c) When a party fails to comply with an order, including an order for taking a deposition, the production of evidence within the party's control, or a request for admission, the ALJ may

(1) Draw an inference in favor of the requesting party with regard to the information sought;

(2) In the case of requests for admission, deem each matter of which an admission is requested to be admitted;

(3) Prohibit the party failing to comply with such order from introducing evidence concerning, or otherwise relying upon, testimony relating to the information sought; and

(4) Strike any part of the pleadings or other submissions of the party failing to comply with such request.

(d) If a party fails to prosecute or defend an action under this part commenced by service of a notice of hearing, the ALJ may dismiss the action or may issue an initial decision imposing penalties and assessments.

(e) The ALJ may refuse to consider any motion, request, response, brief or other document which is not filed in a timely fashion.

§ 185.132 The hearing and burden of proof.

(a) Where requested in accordance with § 185.109 the ALJ shall conduct a hearing on the record in order to determine whether the defendant is liable for a civil penalty or assessment under § 185.103 and, if so, the appropriate amount of any such civil penalty or assessment considering any aggravating or mitigating factors.

(b) The authority shall prove defendant's liability and any aggravating factors by a preponderance of the evidence.

(c) The defendant shall prove any affirmative defenses and any mitigating factors by a preponderance of the evidence.

(d) The hearing shall be open to the public unless otherwise closed by the ALJ for good cause shown.

§ 185.133 Determining the amount of penalties and assessments.

(a) In determining an appropriate amount of civil penalties and assessments, the ALJ and the authority head, upon appeal, should evaluate any circumstances that mitigate or aggravate the violation and should articulate in their opinions the reasons that support the penalties and assessments they impose. Because of the intangible costs of fraud, the expense of investigating such conduct, and the need to deter others who might be similarly tempted, double damages and a significant civil penalty ordinarily should be imposed.

(b) Although not exhaustive, the following factors are among those that may influence the ALJ and the authority head in determining the amount of penalties and assessments to impose with respect to the misconduct (i.e., the false, fictitious, or fraudulent claims or statements) charged in the complaint;

(1) The number of false, fictitious or fraudulent claims or statements;

(2) The time period over which such claims or statements were made;

(3) The degree of the defendant's culpability with respect to the misconduct;

(4) The amount of money or the value of the property, services, or benefit falsely claimed;

(5) The value of the Government's actual loss as a result of the misconduct, including foreseeable consequential damages and the costs of investigation;

(6) The relationship of the amount imposed as civil penalties to the amount of the Government's loss;

(7) The potential or actual impact of the misconduct upon public confidence in the management of Government programs and operations;

(8) Whether the defendant has engaged in a pattern of the same or similar misconduct;

(9) Whether the defendant attempted to conceal the misconduct;

(10) The degree to which the defendant has involved others in the misconduct or in concealing it;

(11) Where the misconduct of employees or agents is imputed to the defendant, the extent to which the defendant's practices fostered or attempted to preclude such misconduct;

(12) Whether the defendant cooperated in or obstructed an investigation of the misconduct;

(13) Whether the defendant assisted in identifying and prosecuting other wrongdoers;

(14) The complexity of the program or transaction, and the degree of the defendant's sophistication with respect to it, including the extent of the defendant's prior participation in the program or in similar transactions;

(15) Whether the defendant has been found, in any criminal, civil, or administrative proceeding to have engaged in similar misconduct or to have dealt dishonestly with the Government of the United States or of a State, directly or indirectly;

(16) The need to deter the defendant and others from engaging in the same or similar misconduct; and

(17) The potential impact of the misconduct on the rights of others.

(c) Nothing in this section shall be construed to limit the ALJ or the authority head from considering any other factors that in any given case may mitigate or aggravate the offense for which penalties and assessments are imposed.

§ 185.134 Witnesses.

(a) Except as provided in paragraph (b) of this section, testimony at the hearing shall be given orally by witnesses under oath or affirmation.

(b) At the discretion of the ALJ, testimony may be admitted in the form of a written statement or deposition. Any such written statement must be provided to all others parties along with the last known address of such witness, in a manner which allows sufficient time for other parties to subpoena such witness for cross-examination at the hearing. Prior written statements of witnesses proposed to testify at the hearing and deposition transcripts shall be exchanged as provided in § 185.123(a).

(c) The ALJ shall exercise reasonable control over the mode and order of interrogating witnesses and presenting evidence so as to—

(1) Make the interrogation and presentation effective for the ascertainment of the truth,

(2) Avoid needless consumption of time, and

(3) Protect witnesses from harassment or undue embarrassment.

(d) The ALJ shall permit the parties to conduct such cross-examination as may be required for a full and true disclosure of the facts.

(e) At the discretion of the ALJ, a witness may be cross-examined on matters relevant to the proceedings without regard to the scope of his or her direct examination. To the extent permitted by the ALJ, cross-examination on matters outside the scope of direct examination shall be conducted in the manner of direct examination and may proceed by leading questions only if the witness is a hostile witness, an adverse party, or a witness identified with an adverse party.

(f) Upon motion of any party, the ALJ shall order witnesses excluded so that they cannot hear the testimony of other witnesses. This rule does not authorize exclusion of the following:

(1) A party who is an individual;

(2) In the case of a party that is not an individual, an officer or employee of the party designated by the party's representative; or

(3) An individual whose presence is shown by a party to be essential to the presentation of its case, including an individual employed by the Government engaged in assisting the representative for the Government.

§ 185.135 The record.

(a) The hearing shall be recorded and transcribed. Transcripts may be obtained following the hearing from the ALJ at a cost not to exceed the actual cost of duplication.

(b) The transcript of testimony, exhibits and other evidence admitted at the hearing, and all papers and requests filed in the proceeding constitute the record for the decision by the ALJ and the authority head.

(c) The record may be inspected and copied (upon payment of a reasonable fee) by anyone, unless otherwise ordered by the ALJ pursuant to § 185.125.

§ 185.136 Post-hearing briefs.

The ALJ may require the parties to file post-hearing briefs. In any event, any party may file a post-hearing brief. The ALJ shall fix the time for filing such briefs, not to exceed 60 days from the date the parties receive the transcript of the hearing or, if applicable, the stipulated record. Such briefs may be accompanied by proposed findings of fact and conclusions of law. The ALJ may permit the parties to file reply briefs.

§ 185.137 Initial decision.

(a) The ALJ shall issue an initial decision based only on the record, which shall contain findings of fact, conclusions of law, and the amount of any penalties and assessments imposed.

(b) The findings of fact shall include a finding on each of the following issues:

(1) Whether the claims or statements identified in the complaint, or any portions thereof, violate § 185.103.

(2) If the person is liable for penalties or assessments, the appropriate amount of any such penalties or assessments considering any mitigating or aggravating factors that he or she finds in the case, such as those described in § 185.133.

(c) The ALJ shall promptly serve the initial decision on all parties within 90 days after the time for submission of post-hearing briefs and reply briefs (if permitted) has expired. The ALJ shall at the same time serve all parties with a statement describing the right of any defendant determined to be liable for a civil penalty or assessment to file a motion for reconsideration with the ALJ or a notice of appeal with the authority head. If the ALJ fails to meet the deadline contained in this paragraph, he or she shall notify the parties of the reason for the delay and shall set a new deadline.

(d) Unless the initial decision of the ALJ is timely appealed to the authority head, or a motion for reconsideration of the initial decision is timely filed, the initial decision shall constitute the final decision of the authority head and shall be final and binding on the parties 30 days after it is issued by the ALJ.

§ 185.138 Reconsideration of initial decision.

(a) Except as provided in paragraph (d) of this section, any party may file a motion for reconsideration of the initial decision within 20 days of receipt of the initial decision. If service was made by mail, receipt will be presumed to be 5 days from the date of mailing in the absence of contrary proof.

(b) Every such motion must set forth the matters claimed to have been erroneously decided and the nature of the alleged errors. Such motion shall be accompanied by a supporting brief.

(c) Responses to such motions shall be allowed only upon request of the ALJ.

(d) No party may file a motion for reconsideration of an initial decision that has been revised in response to a previous motion for reconsideration.

(e) The ALJ may dispose of a motion for reconsideration by denying it or by issuing a revised initial decision.

(f) If the ALJ denies a motion for reconsideration, the initial decision shall constitute the final decision of the authority head and shall be final and binding on all parties 30 days after the ALJ denies the motion, unless the initial decision is timely appealed to the authority head in accordance with § 185.139.

(g) If the ALJ issues a revised initial decision, that decision shall constitute the final decision of the authority head and shall be final and binding on the parties 30 days after it is issued, unless it is timely appealed to the authority head in accordance with § 185.139.

§ 185.139 Appeal to authority head.

(a) Any defendant who has filed a timely answer and who is determined in an initial decision to be liable for a civil penalty or assessment may appeal such decision to the authority head by filing a notice of appeal with the authority head in accordance with this section.

(1) A notice of appeal may be filed at any time within 30 days after the ALJ issues an initial decision. However, if another party files a motion for reconsideration under § 185.138, consideration of the appeal shall be stayed automatically pending resolution of the motion for reconsideration.

(2) If a motion for reconsideration is timely filed, a notice of appeal shall be filed within 30 days after the ALJ denies the motion or issues a revised initial decision, whichever applies.

(3) If no motion for reconsideration is timely filed, a notice of appeal must be filed within 30 days after the ALJ issues the initial decision.

(4) The authority head may extend the initial 30-day period for an additional 30 days if the defendant files with the authority head a request for an extension within the initial 30-day period and shows good cause.

(b) If the defendant files a timely notice of appeal with the authority head and the time for filing motions for reconsideration under § 185.138 has expired, the ALJ shall forward the record of the proceeding to the authority head.

(c) A notice of appeal shall be accompanied by a written brief specifying exceptions to the initial decision and reasons supporting the exceptions.

(d) The representative for OPM may file a brief in opposition to exceptions within 30 days of receiving the notice of appeal and accompanying brief.

(e) There is no right to appear personally before the authority head.

(f) There is no right to appeal an interlocutory ruling by the ALJ.

(g) In reviewing the initial decision the authority head shall not consider any objection that was not raised before the ALJ unless the objecting party can demonstrate extraordinary

(h) If any party demonstrates to the satisfaction of the authority head that additional evidence not presented at such hearing is material and that there were reasonable grounds for the failure to present such evidence at such hearing, the authority head shall remand the matter to the ALJ for consideration of such additional evidence.

(i) The authority head may affirm, reduce, reverse, compromise, remand or settle any penalty or assessment determined by the ALJ in any initial decision.

(j) The authority head shall promptly serve each party to the appeal with a copy of the decision of the authority head and a statement describing the right of any person determined to be liable for a penalty or assessment to seek judicial review.

(k) Unless a petition for review is filed as provided in section 3805 of title 31, United States Code, after a defendant has exhausted all administrative remedies under this part and within 60 days after the date on which the authority head serves the defendant with a copy of the authority head's decision, a determination that a defendant is liable under § 185.103 is final and not subject to judicial review.

§ 185.140 Stays ordered by the Department of Justice.

If, at any time, the Attorney General or an Assistant Attorney General designated by the Attorney General transmits to the authority head a written finding that continuation of the administrative process described in this part with respect to a claim or statement may adversely affect any pending or potential criminal or civil action related to such claim or statement, the authority head shall stay the process immediately. The authority head may order the process resumed only upon receipt of the written authorization of the Attorney General or of the Assistant Attorney General who ordered the stay.

§ 185.141 Stay pending appeal.

(a) An initial decision is stayed automatically pending disposition of a motion for reconsideration or of an appeal to the authority head.

(b) No administrative stay is available following a final decision of the authority head.

§ 815.142 Judicial review.

Section 3805 of title 31, United States Code, authorizes judicial review by an appropriate United States District Court of a final decision of the authority head imposing penalties and/or assessments under this part and specifies the procedures for such review.

§ 185.143 Collection of civil penalties and assessments.

Sections 3806 and 3808(b) of title 31, United States Code, authorize actions

for collection of civil penalties and assessments imposed under this part and specify the procedures for such actions.

§ 185.144 Right to administrative offset.

The amount of any penalty or assessment which has become final, or for which a judgment has been entered under § 185.142 or § 185.143, or any amount agreed upon in a compromise or settlement under § 185.146, may be collected by administrative offset under section 3716 of title 31, United States Code, except that an administrative offset may not be made under section 3716 against a refund of an overpayment of Federal taxes, then or later owing by the United States to the defendant.

§ 185.145 Deposit in Treasury of the United States.

All amounts collected pursuant to this part shall be deposited as miscellaneous receipts in the Treasury of the United States, except as provided in section 3806(g) of title 31, United States Code.

§ 185.146 Compromise or settlement.

(a) Parties may make offers of compromise or settlement at any time.

(b) The reviewing official has the exclusive authority to compromise or settle a case under this part at any time after the date on which the reviewing official is permitted to issue a complaint and before the date on which the ALJ issues an initial decision.

(c) The authority head has exclusive authority to compromise or settle a case under this part at any time after the date on which the ALJ issues an initial decision, except during the pendency of any review under § 185.142 or during the pendency of any action to collect penalties and assessments under § 185.143.

(d) The Attorney General has exclusive authority to compromise or settle a case under this part during the pendency of any review under § 185.142 or of any action to recover penalties and assessments under section 3806 to title 31, United States Code.

(e) The investigating official may recommend settlement terms to the reviewing official, the authority head, or the Attorney General, as appropriate. The reviewing official may recommend settlement terms to the authority head, or the Attorney General, as appropriate.

(f) Any compromise or settlement must be in writing.

§ 185.147 Limitations.

(a) The notice of hearing with respect to a claim or statement must be served in the manner specified in § 185.108 within 6 years after the date on which such a claim or statement is made.

(b) If the defendant fails to file a timely answer, service of a notice under § 185.110(b) shall be deemed a notice of hearing for purposes of this section.

(c) the statute of limitations may be executed by written agreement of the parties.

BILLING CODE 6325–01–M

NUCLEAR REGULATORY COMMISSION

10 CFR Part 20

RIN 3150–AF08

Frequency of Medical Examinations for Use of Respiratory Protection Equipment

AGENCY: Nuclear Regulatory Commission.

ACTION: Final rule.

SUMMARY: The Nuclear Regulatory Commission (NRC) is amending its regulations concerning the frequency at which medical fitness determinations are required to ensure the safe use of respiratory protection equipment. Section 10 CFR 20.1703(a)(3)(v) currently requires the determination by a physician prior to initial fitting of respirators, and at least every 12 months thereafter, that the individual user is physically able to use the respiratory protection equipment. The amended rule requires determination by a physician prior to initial fitting of respirators and either every 12 months thereafter or periodically at a frequency determined by a physician, that the individual user is medically fit to use the respiratory protection equipment. The final rule reduces the burden on licensees without adversely impacting public health and safety.

EFFECTIVE DATE: March 13, 1995.

FOR FURTHER INFORMATION CONTACT: Alan K. Roecklein, Office of Nuclear Regulatory Research, U.S. Nuclear Regulatory Commission, Washington, DC 20555, telephone (301) 415–6223.

SUPPLEMENTARY INFORMATION:

Background

The requirement for an annual medical examination to ensure safe use of respiratory equipment has been in the regulations for some time. The need for these examinations was reconfirmed by the American National Standards Institute (ANSI) in ANSI Z88.2–1992. However, considerable experience with implementation of the requirement has indicated that the annual frequency of medical examinations is costly and could be reduced significantly with no adverse impact on health and safety. The NRC Regulatory Review Group reviewed the existing requirement and concluded that the frequency of medical examinations could be reduced without adverse impact on worker safety. This change was recommended to the Commission as a candidate for licensee burden reduction in SECY–94–003 and supported by the Commission by memorandum from Samuel J. Chilk to James M. Taylor dated February 14, 1994.

The ANSI reviewed this issue and, in ANSI Z88.6 1984, published a recommendation that the frequency of medical examination should be determined by a physician and should be reduced based on age of the worker. ANSI recommended an examination every 5 years up to age 35, every 2 years up to age 45, and annually thereafter. ANSI also recommended special additional evaluations after prolonged absence from work for medical reasons or whenever a functional disability has been identified. These ANSI recommendations were reconfirmed in ANSI Z88.2–1992.

A proposed rule was published in the **Federal Register** on September 16, 1994 (59 FR 47565), for public comment. Ten letters of comment were received, all supporting the proposed rule. Consequently the NRC is codifying the rule as it was proposed.

The final rule provides for periodic medical examinations at either the 12-month interval as currently required or optionally at a frequency determined by a physician. Under this rule, licensees can elect to have the physician include in the initial medical examination or at the next 12-month reexamination, a determination of when each individual would need to be reexamined. Part 20 requires written procedures for use of respiratory protection equipment. Consequently, current procedures and license conditions likely include the annual frequency and a change in procedures or license conditions will be needed to implement a change in frequency of reexamination. The recommended frequencies contained in the ANSI standard may provide guidance on determining an appropriate frequency of reexamination which may be useful to physicians in determining frequency of reexamination. However, the Commission is not endorsing this standard. Rather the Commission believes that the frequency of reexamination should be determined by the examining physician.

The final rule uses the terminology ''medically fit'' rather than ''physically able'' to use a respirator. As indicated in

the proposed rule, this terminology has been substituted because it more accurately reflects the purpose of the medical examination. None of the public commenters objected to this change.

ANSI Z88.6–1984 also provides guidelines for the scope of an examination which would demonstrate that a worker was medically fit to use respiratory protection devices. The guidelines include consideration of pulmonary function, cardiovascular factors, neurological and psychological conditions, among others. The NRC staff believes that these guidelines provide an acceptable working definition of the term ''medically fit.''

It should be noted that the NRC staff position is that a complete physical examination of each respirator user is not required, only an initial medical examination and annual or periodic review of medical status and that physicians need not administer each test personally, but may designate individuals such as office nurses as long as the physician is responsible for the program. It is also important to note that Occupational Safety and Health Administration (OSHA), State and other requirements regarding use of respirators and fitness evaluation for exposure to other toxic materials are not waived by this rulemaking.

Agreement States

The amendment applies to all NRC licensees. Agreement States must establish and maintain compatible regulations and programs. Most radiation protection provisions in 10 CFR part 20 are classified as Division I matters of compatibility. However, this rulemaking defines minimum procedures needed to ensure health and safety. As such, an Agreement State should have the flexibility to keep the 12-month frequency or to impose an alternate frequency of examinations if considerations in their State warrant such an approach. The rule is therefore a Division II matter of compatibility. This rulemaking was discussed with representatives of Agreement States at the Organization of Agreement State Managers Workshop and Public Meeting on Rulemaking in Herndon, VA, on July 12, 1994. No comments or objections were offered by the States. Although Agreement States had the opportunity to comment on this proposed change during the public comment period, none submitted comments.

Description

The provisions of 10 CFR 20.1703 (a)(3)(v) are changed to require determination by a physician prior to initial fitting of respirators, and periodically thereafter, either every 12 months or at a frequency determined by a physician, that the individual user is medically fit to use the respiratory protection equipment. Frequency of reexamination is changed from ''at least every 12 months,'' to ''either every 12 months thereafter or periodically at a frequency determined by a physician,'' and the term ''medically fit'' is substituted for the current term ''physically able,'' to make clearer the purpose of the medical determination.

Impact

The Commission believes that this change constitutes a reduction of regulatory burden and an increase in flexibility for licensees, without any significant reduction in worker health or safety. The medical profession contributed significantly to development of the reduced frequencies recommended by ANSI and it is therefore expected that physicians performing examinations will be guided by the ANSI recommendations. ANSI recommended a frequency of reexamination based on age: every 5 years up to age 35; every 2 years up to age 45; and annually thereafter. A change in procedures or license conditions will be needed to implement a change in frequency of reexamination.

The respiratory use medical examination is estimated to cost approximately $150 per examination. The number of examinations performed during an outage at a nuclear power plant is estimated to be 500. If 60 plants have outages each year, the current cost for annual medical examinations is at least $4,500,000. An examination of the demographics of the nuclear workforce (½ <35 years; ⅓ >35 but <45; ⅙ >45) suggests that the number of medical examinations could easily be halved thus saving $2.25 million each year just during maintenance or refueling outages at nuclear power plants. Clearly, considerable savings will be realized by this change freeing resources for more effective health and safety efforts.

Certain materials licensees such as fuel cycle facilities, some research facilities including broad scope academic licensees, and some manufacturing groups also have respiratory protection programs. The impacts on these licensees are minimal because the number of respirator users is small. The rule is expected to result in a reduction in costs due to a reduced frequency of medical reexamination for these licensees.

Although some costs will be incurred by licensees in making revisions to procedures and license conditions, these costs will be offset by the increased flexibility and savings resulting from reduced reexamination frequency.

Ten letters of public comment were received on the proposed rule: The Nuclear Energy Institute (NEI) and seven nuclear utilities including Tennessee Valley Authority (TVA), the University of Texas System, and the National Institute for Occupational Safety and Health (NIOSH) of the Department of Health and Human Services (HHS).

NEI, the seven nuclear utilities, and the University of Texas System all supported the proposed rule. These commenters agreed that the proposed changes would constitute a reduction of regulatory burden and an increase in flexibility for licensees and Agreement States, without any significant reduction in worker health and safety. Several agreed that the recommended age-related frequencies for reexamination found in ANSI Z88.6–1984 should not be codified and should continue to provide useful guidance to physicians and other professionals in determining the suitability of individuals for respirator use. The proposed rule was characterized as appropriately performance-based and as not restricting the exercise of professional medical judgment.

Several commenters agreed that the initial determination by a physician should occur prior to initial fitting of respirators, rather than prior to first field use. These commenters observed that although this change would provide further reduction in burden, there is no clear evidence that such a change would not adversely impact the current level of protection of public health and safety. Others agreed that considerable liability would result if a worker were to experience an adverse reaction to a respirator during an initial fit-test without having had the requisite medical determination.

NIOSH supported the NRC goal of reducing the time and effort in the medical fitness determination process. They suggested however, that the NRC should use the word ''evaluation'' rather than ''examination'' when discussing the determination of medical fitness. NIOSH said that the content of an evaluation could include, medical history, questionnaire, physical examination, laboratory tests (such as dextrocardiogram, spirometry, or exercise testing) and results of a monitored worker trial period.

NIOSH recommended that a medical fitness evaluation be performed initially, and annually thereafter or after any significant illness, injury or surgery

that might affect a worker's fitness to use respirators. However, the content of the reevaluations would be determined by a physician and would not necessarily include a physical examination. For example, a questionnaire could be used by a physician to determine whether or not more extensive reevaluations were necessary.

NOISH also recommended that the initial evaluation include at least a limited physical examination that could be performed by a physician or by a non-physician health professional.

The NRC staff believes that its intent is in substantial agreement with NIOSH. Several NRC staff documents have discussed the medical fitness determination in a manner consistent with the NIOSH suggestion. The NRC position continues to be that a complete physical examination of each respirator user is not required, only an initial medical examination and an annual review of medical status (or less frequently as determined by a physician).

The physician might or might not require a physical examination as part of the health assessment. The NRC staff believes that physicians need not administer each test personally, but that the physician may designate someone such as an office nurse to certify medical fitness as long as it is clear that the physician is ultimately responsible for the fitness determination. Likewise, the NRC staff believes that the physician should be involved in the supervision of the fitness program, the review of overall results and individual cases that fall outside certain physician determined parameters, and supervision of personal performing the tests.

The final rule retains the language ''* * * determination by a physician prior to the initial fitting of respirators, and either every 12 months thereafter or periodically at a frequency determined by a physician, that the individual user is medically fit to use the respiratory protection equipment.'' The rule, as codified by this action, does not use the terms examination or evaluation. The NRC does not believe that the level of detail suggested by NIOSH is necessary in the regulations because all of the activities fall within the framework of the ''determination'' by a physician and would be considered as acceptable practice. The discussion in this statement of consideration makes it clear that the fitness determination can consist of several instruments and methods, as suggested by NIOSH.

Finding of No Significant Environmental Impact: Availability

The NRC has determined under the National Environmental Policy Act of 1969, as amended, and the Commission's regulations in subpart A of 10 CFR part 51, that this rule will not be a major Federal action significantly affecting the quality of the human environment and therefore, an environmental impact statement is not required.

The NRC has not prepared a separate environmental assessment. The following discussion in conjunction with the regulatory analysis which follows constitutes the assessment. Performing a medical examination to determine that a worker is medically fit to use respiratory protection equipment generates minimal waste, results in small recordkeeping burden, and has no other identifiable environmental impact. The effect of this rulemaking is to allow a reduction in the frequency of such examinations, thus reducing any conceivable environmental impact even further. No comments on the draft assessment in the proposed rule notice were received.

Paperwork Reduction Act Statement

This final rule does not contain a new or amended information collection requirement subject to the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 et seq.). Existing requirements were approved by the Office of Management and Budget, approval number 3150–0014.

Regulatory Analysis

The regulatory analysis for this rulemaking is as follows:

1. Alternatives

No Action.

The annual medical examination requirement has been in place for a number of years, and is considered by the NRC staff to provide adequate health and safety to workers. However, the annual requirement consumes considerable resources with little demonstrated improvement in worker health or safety when compared to longer examination intervals. The ANSI committee and a peer review of the proposed standard Z88.6 (1984) found no reasons for not reducing the frequency of medical examination. Thus, it would appear that the frequency of medical examination can be significantly reduced at considerable savings and with no adverse impact on worker health and safety. The ''no-action'' alternative is not preferable in view of the cost of compliance relative to the minimal risk reduction observed.

Regulatory Guidance

The alternative of modifying the guidance in Regulatory Guide 8.15 is not considered a viable alternative for providing regulatory relief because the existing rule is very specific, and requirements in the regulations cannot be revised by modifying a regulatory guide.

Changes to Regulation

Because the problem is a specific requirement in a rule, the most effective solution providing regulatory relief is to modify the rule. Other alternatives such as issuance of an order, modifying license conditions or discretionary enforcement were considered. These alternatives are usually interim and are used when immediate action is deemed necessary. Because a permanent correction is desired and there is no reason for immediate action, these other alternatives were not selected.

2. Impact of Proposed Action

Licensees

Licensees that have respiratory protection programs will continue to be required to provide medical examinations to workers. The change is to permit reducing the frequency at which the examinations are required based on determination by a physician. This action constitutes a reduction in burden and costs. Although minor changes in procedures or license conditions will be needed, the related costs are a one time cost that will be offset by the savings in medical reexamination costs.

Workers

Workers will be subject to medical examinations for respirator use less frequently. As found by the ANSI review, experience with the annual respiratory medical examination requirement has shown that less frequent examinations for younger workers, with special examinations if conditions change, will be adequate to identify any medical reasons for not using respirators. The action does not impact medical examination requirements adopted by licensees for other reasons. Licensees will continue to be required to conduct medical examinations.

NRC Resources

It is estimated that 0.4 staff years of effort by NRC staff will have been expended to complete this rulemaking.

Regulatory Flexibility Certification

In accordance with the Regulatory Flexibility Act, 5 U.S.C. 605(b), the NRC

certifies that this rule will not have a significant economic impact upon a substantial number of small entities. The amendments apply to all NRC and Agreement State licensees. Because these amendments reduce burden, they are considered to have no adverse economic impact on any large or small entities.

Backfit Analysis

Because 10 CFR part 20 applies to all NRC licensees, any changes to this part must be evaluated to determine if these changes constitute backfitting for reactor licensees such that the provisions of 10 CFR 50.109 apply. The following discussion addresses that evaluation.

The 10 CFR 50.109 definition of ''Backfit'' includes any modification of the procedures required to operate a facility resulting from an amended provision in the Commission's rules. Because this rule will permit but not require nuclear power reactor licensees to modify their procedures regarding the frequency of respiratory medical examinations, the NRC staff believes that the change does not constitute a backfit. In addition, the effect of these changes is to increase flexibility and reduce the frequency at which medical examinations for respiratory use are required. It is estimated that this rule change will save the nuclear power industry and other NRC and State licensees several million dollars per year with no adverse impact on worker health and safety.

Some minor changes in procedures or license conditions will be necessary if a more flexible frequency of examination is adopted. However, the costs will be offset by the savings in reduced frequency of examination. Thus, the NRC believes that the modifications are not backfits. No comments were received on this issue during the public comment period for the proposed rule.

List of Subjects 10 CFR Part 20

Byproduct material, Criminal penalties, Licensed material, Nuclear materials, Nuclear power plants and reactors, Occupational safety and health, Packaging and containers, Radiation protection, Reporting and recordkeeping requirements, Source material, Special nuclear material, Waste treatment and disposal.

For the reasons set out in the preamble and under the authority of the Atomic Energy Act of 1954, as amended; the Energy Reorganization Act of 1974, as amended; and 5 U.S.C. 552 and 553; the NRC is adopting the following amendments to 10 CFR part 20.

PART 20—STANDARDS FOR PROTECTION AGAINST RADIATION

1. The authority citation for part 20 continues to read as follows:

Authority: Secs. 53, 63, 65, 81, 103, 104, 161, 182, 186, 68 Stat. 930, 933, 935, 936, 937, 948, 953, 955, as amended, (42 U.S.C. 2073, 2093, 2095, 2111, 2133, 2134, 2201, 2232, 2236, 2282); sec. 201, as amended, 202, 206, 88 Stat. 1242, as amended, 1244, 1246 (42 U.S.C. 5841, 5842, 5846).

2. In § 20.1703, the introductory text of paragraphs (a) and (a)(3) is restated and paragraph (a)(3)(v) is revised to read as follows:

§ 20.1703 Use of individual respiratory protection equipment.

(a) If the licensee uses respiratory protection equipment to limit intakes pursuant to § 20.1702—

* * * * *

(3) The licensee shall implement and maintain a respiratory protection program that includes—

* * * * *

(v) Determination by a physician prior to the initial fitting of respirators, and either every 12 months thereafter or periodically at a frequency determined by a physician, that the individual user is medically fit to use the respiratory protection equipment.

* * * * *

Dated at Rockville, Maryland, this 1st day of February 1995.

For the Nuclear Regulatory Commission.

James M. Taylor,

Executive Director for Operations.

BILLING CODE 7590–01–P

DEPARTMENT OF THE TREASURY

Office of the Comptroller of the Currency

12 CFR Part 3

[Docket No. 95–02]

RIN 1557–AB14

Capital Adequacy: Deferred Tax Assets

AGENCIES: Office of the Comptroller of the Currency, Treasury.

ACTION: Final rule.

SUMMARY: The Office of the Comptroller of the Currency (OCC) is amending its capital adequacy rules with respect to deferred tax assets. This final rule limits the amount of certain deferred tax assets that a bank may include in Tier 1 capital for risk-based capital and leverage capital purposes.

The OCC, in consultation with the Board of Governors of the Federal Reserve System (FRB), the Federal Deposit Insurance Corporation (FDIC), and the Office of the Thrift Supervision (OTS) (banking agencies), developed this final rule in response to the Financial Accounting Standards Board's (FASB) issuance of Statement of Financial Accounting Standards No. 109, ''Accounting for Income Taxes'' (FAS 109), in February 1992. The banking agencies adopted the provisions of FAS 109 for reporting in quarterly Consolidated Reports of Condition and Income (Call Reports) beginning January 1, 1993. This reporting change increased the amount of net deferred tax assets that a bank may record on its balance sheet. This final rule will ensure that national banks do not place excessive reliance on deferred tax assets to satisfy the minimum capital adequacy requirements.

EFFECTIVE DATE: April 1, 1995.

FOR FURTHER INFORMATION CONTACT: Thomas G. Rees, Professional Accounting Fellow, Office of the Chief National Bank Examiner, (202) 874–5180; Eugene W. Green, Deputy Chief Accountant, Office of the Chief National Bank Examiner, (202) 874–5180; Roger Tufts, Senior Economic Advisor, Office of the Chief National Bank Examiner, (202) 874–5070; Ronald Shimabukuro, Senior Attorney, Legislative and Regulatory Activities Division, (202) 874–5090, Office of the Comptroller of the Currency, Washington, DC 20219.

SUPPLEMENTARY INFORMATION:

Background

In February 1992, the FASB issued FAS 109. FAS 109 provides guidance on how to account for income taxes, including deferred tax assets, and was effective for fiscal years beginning on or after December 15, 1992. FAS 109 generally allows a bank to report certain deferred tax assets it could not previously recognize, which has the effect of increasing bank capital levels. Consequently, the OCC and the other banking agencies were concerned about the impact of the change on the financial institutions they regulate, especially regarding their reported capital levels.

FAS 109—Deferred tax assets are assets that reflect, for financial reporting purposes, the benefits of certain aspects of tax laws and rules. Under FAS 109, a bank reports deferred tax assets that arise from: (1) Tax carryforwards, and (2) deductible temporary differences. Tax carryforwards are deductions or credits that a bank cannot use for current tax purposes, but may carry forward to reduce taxable income or income taxes payable in a future period

or periods. For example, when a bank's tax deductions exceed its tax revenues, the result is a net operating loss. Such losses may be used to recover taxes paid in prior years (the carryback period) or may be carried forward to reduce a bank's taxable income in a future period. The situation is similar for some tax credits that a bank cannot use in the current tax period. The bank will realize the benefit of deferred tax assets arising from tax carryforwards if it generates sufficient taxable income in the permissible carryforward period.

Temporary differences arise when a bank records financial events or transactions in one period on the bank's books and recognizes them in another period, or periods, on its tax return. There are two types of temporary differences—deductible and taxable. Deductible temporary differences reduce a bank's future taxable income. When a bank records an addition to its allowance for loan and lease losses, it records that amount as an expense on its books. However, the bank may be unable to take the tax deductions for such losses until it charges off the loans and realizes the losses. The chargeoffs typically occur in subsequent periods. Thus, a bank creates a deferred tax asset when it adds an amount to the allowance on the books, but charges it off in a future period.

Taxable temporary differences produce additional taxable income in future periods. For example, a bank may depreciate its bank building using an accelerated depreciation method on its tax return but may use a straight-line method when recording depreciation on its books. As a result, the bank's tax depreciation will be less than its book depreciation in certain future periods. This taxable temporary difference will cause the bank to have higher taxable income in those future periods.

A bank may only realize deferred tax assets arising from deductible temporary differences by: (1) Recovering taxes paid in prior years, (2) offsetting taxable temporary differences, or (3) earning sufficient future taxable income. Consequently, if deferred tax assets arise from deductible temporary differences and exceed the amount of recoverable taxes paid in prior years plus offsetting taxable temporary differences, the bank will only realize such deferred tax assets if it generates sufficient taxable income in the carryforward period. Hereafter, these deferred tax assets, and deferred tax assets arising from tax carryforwards, will be called ''deferred tax assets that are dependent upon future taxable income.''

FAS 109 allows a bank to record deferred tax assets that are dependent upon future taxable income. However, the bank must establish a reserve to adjust the recorded deferred tax asset to the amount that it is more likely than not (i.e., likelihood of more than 50 percent) to realize. A bank assesses the probability of realization based on its prospects of earning taxable income in the future. The statutory carryforward period of 15 years provides a limit on the amount of the assessment.

Supervisory Concerns Regarding Deferred Tax Assets

Before adoption of FAS 109, regulatory policy generally limited the recognition of net deferred tax assets to the bank's potential tax carryback amount. In other words, a bank could only record an asset to the extent it potentially could file for a tax refund if all book and tax timing differences reversed at the report date.

Because FAS 109 allows a bank to record a greater amount of deferred tax assets than under previous policy, the OCC and the other banking agencies were concerned about the effect of the accounting standard on bank capital adequacy. Specifically, the OCC was concerned that FAS 109 would allow banks to include excessive amounts of deferred tax assets that are dependent upon future taxable income as part of regulatory capital.

Whether a bank can realize such assets depends on whether it generates enough taxable income during the carryforward period. As new products evolve and market conditions change, a bank's current financial condition and outlook for future income can change rapidly. Such changes make predicting future taxable income more difficult. For many banks, including sound and well-managed banks, the judgment about the likelihood that the bank will realize deferred tax assets that are dependent upon future taxable income is highly subjective. Inaccurate estimates could cause a bank to overstate its deferred tax assets and its capital position. Therefore, allowing banks to recognize significant amounts of assets based on subjective estimates could pose a risk to the deposit insurance funds.

Additionally, the OCC is concerned about the effect of these changes on a bank that is experiencing financial difficulty. Such banks often have net operating loss carryforwards. As a result, these troubled institutions potentially could record deferred tax assets under FAS 109, even though their realistic prospects for generating sufficient future taxable income are uncertain. As a troubled bank's condition deteriorates, it is less likely to realize the financial benefit of deferred tax assets that are dependent upon future taxable income. In such instances, FAS 109 generally requires the bank to reduce its recorded net deferred tax asset by increasing the asset's valuation allowance. The result is a charge to earnings that will reduce the bank's regulatory capital at precisely the time it needs capital the most.

To address these concerns, on August 3, 1992, under the auspices of the Federal Financial Institutions Examination Council (FFIEC), the OCC, along with the other banking agencies requested public comment (57 FR 34135) on alternative approaches for the regulatory capital and reporting treatment of deferred tax assets. Based on the comments received, the FFIEC agreed to adopt FAS 109 for regulatory reporting effective January 1, 1993.

After discussing the comments and suggestions received, the OCC and the other banking agencies remained concerned about the impact of deferred tax assets that are dependent upon future taxable income on regulatory capital. The OCC believes that many financially sound banks will have net deferred tax assets arising from deductible temporary differences that exceed their taxable temporary differences and the bank's carryback potential. Since many of these deferred tax assets will be realized, the OCC agreed that banks should recognize some amount of these assets in regulatory capital. The OCC and the other banking agencies concluded they could adequately address their supervisory concerns by placing a limit on the amount of such assets that a bank could include in regulatory capital. This approach maintained consistency between generally accepted accounting principles (GAAP) and regulatory reporting.

Proposed Rule—In December 1993, the OCC issued a proposed rule to amend its capital adequacy rules with respect to deferred tax assets (58 FR 68065, December 23, 1993). The FRB (58 FR 8007, February 11, 1993), and the FDIC (58 FR 26701, May 5, 1993) published similar proposed rules.

The OCC proposed to limit the amount of deferred tax assets that are dependent upon future taxable income that a bank may include in regulatory capital to the lesser of:

(1) The amount of deferred tax assets expected to be realized within one year of the quarter-end report date, based on a bank's projection of future taxable income (exclusive of tax carryforwards and reversals of existing temporary differences) for that year, including the effect of tax-planning strategies

expected to be implemented during that year, or

(2) 10 percent of Tier 1 capital net of goodwill and other disallowed intangible assets.

Banks have been calculating and reporting the amount of ''Deferred tax assets disallowed for regulatory capital purposes'' in the Call Reports since March 31, 1993.

Comments Received on the Proposed Rule—The comment period for the OCC's proposed rule closed on January 24, 1994. The OCC received a total of 17 comments on the proposed rule. The commenters consisted of 13 banks, three trade groups, and one public accounting firm.

All but one commenter expressed opposition to some portion or all of the proposed rule. Eleven of the commenters indicated that a limit on the amount of deferred tax assets included in regulatory capital was unnecessary. However, six commenters agreed that some form of limit on deferred tax assets was appropriate.

The primary concern of the commenters is that the adoption of a deferred tax limit could increase regulatory burden because regulatory capital policy would be more restrictive than GAAP. Several commenters indicated that no limit on deferred tax assets is necessary because FAS 109 only permits the reporting of deferred tax assets that have a better than 50% probability of being realized. Other commenters indicated that the proposed one year limit was too restrictive because there is a 15-year carryforward period in which a bank could realize the deferred tax assets.

After carefully considering the comments, the OCC believes that a limit on deferred tax assets is necessary. Estimates of future taxable income are very subjective. If a bank does not realize these estimates, the bank insurance fund is exposed to losses because bank capital would be overstated. Moreover, unlike certain types of intangible assets that a bank can include in regulatory capital at a higher allowable percentage, a bank cannot sell deferred tax assets.

The GAAP standard allows a bank to record deferred tax assets that they may not realize for up to 15 years. The OCC believes that allowing deferred tax assets to constitute a significant portion of a bank's capital is inappropriate, since deferred tax assets may have only a slightly better than 50% possibility of realization. Furthermore, other than the likelihood of realization, there is no specific limit under GAAP on the amount of deferred tax assets that a bank can record. Without a limit on deferred tax assets, a bank could include significant amounts of deferred tax assets in capital.

In addition, the OCC believes that GAAP should guide rather than establish regulatory capital policy. When formulating GAAP, the accounting policy makers do not consider the safety and soundness objectives of the capital standards applicable to banks. Therefore, differences between the GAAP and regulatory capital definitions are justified.

Final Rule

The OCC believes that since banks can only realize deferred tax assets that are dependent upon future taxable income when they achieve positive taxable earnings, a limit based on estimated future earnings is rational. In general, a bank's projections up to 12 months into the future are reliable. However, the OCC believes the reliability of such projections decreases significantly for periods further in the future. Therefore, having a one year cutoff reduces the risk of a bank misstating its deferred tax assets because its estimate of future income is inaccurate. Furthermore, the one year cutoff increases the likelihood of a bank achieving the earnings required to realize the recorded deferred tax asset.

The OCC believes that this final rule will ensure that such deferred tax assets do not make up an unduly large portion of a bank's regulatory capital base. The upper limit of 10 percent of Tier 1 capital provides a ''backstop'' that addresses this concern. This requirement also reduces the risk that an overly optimistic estimate of future taxable income will cause the bank to significantly misstate the deferred tax asset.

The OCC believes that the combination of the one year future income approach and the 10% of Tier 1 capital approach will provide an effective and efficient limit on deferred tax assets. Consequently, under the final rule, the amount of deferred tax assets that are dependent upon future taxable income that a bank may include in its regulatory capital is limited to the lesser of:

(1) The amount of deferred tax assets the institution expects to realize within one year of the quarter-end report date, based on its projection of future taxable income (exclusive of tax carryforwards and reversal of existing temporary differences for that year), or

(2) 10 percent of Tier 1 capital, net of goodwill and all identifiable intangible assets other than purchased mortgage servicing rights and purchased credit card relationships, and before any disallowed deferred tax assets are deducted.

Banks should note that under this final rule there is no limit on deferred tax assets that a bank can realize from taxes paid in prior carryback years and from reversals of existing taxable temporary differences. In addition, to determine the limit on deferred tax assets, a bank should assume that all temporary differences fully reverse as of the report date. Also, estimates of future taxable income should include the effect of tax planning strategies the bank is planning to implement within one year of the quarter-end report date to realize net operating loss or tax credit carryforwards that will otherwise expire during the year. With respect to the Call Reports, banks will continue to report deferred tax assets according to GAAP.

The OCC believes that the limit on deferred tax assets will pose little or no additional burden on banks. Banks already follow FAS 109 for Call Report purposes and already are making projections of taxable income. Additionally, the OCC has revised the 10 percent Tier 1 capital calculation to be more straightforward and less burdensome. Under the proposed rule, the 10 percent of Tier 1 capital calculation is based on Tier 1 capital net of goodwill and other disallowed intangible assets. As proposed, the 10 percent of Tier 1 capital calculation would have required banks to first determine the amount of disallowed intangible assets. After consideration of this matter, the OCC believes that this additional computation is not necessary. Consequently, the final rule requires that the 10 percent of Tier 1 capital calculation be based on Tier 1 capital net of goodwill and all identifiable intangible assets other than purchased mortgage servicing rights and purchased credit card relationships, and before any disallowed deferred tax assets are deducted. While this calculation may result in a slightly higher Tier 1 capital base, the OCC believes that this calculation is simpler and imposes less burden on banks.

In response to the comments received, the OCC has decided to incorporate the following additional provisions to reduce the regulatory burden of this final rule.

Method of Estimating Future Income—In Banking Bulletin 93–15, Supplement 1 (BB 93–15), the OCC specified a method of estimating future taxable income. BB 93–15 provided a specific method for treating originating and reversing tax timing differences in the calculation of one year's future taxable income. Several commenters

stated that other less restrictive methods of estimating future taxable income, which are acceptable under GAAP, should also be allowed.

After considering these comments, the OCC concluded that banks may calculate one year's future taxable income based on either the specific method in BB 93–15 or another reasonable method that is consistent with GAAP. Since banks routinely make their own projections of future taxable income and have this information readily available, this modification reduces regulatory burden.

Gross-up of Intangibles—FAS 109 requires a bank to record higher amounts of intangible assets acquired in nontaxable purchase business combinations than they would record under previous GAAP for the same transaction. The OCC capital adequacy rules require banks to deduct certain intangible assets from regulatory capital. Consequently, under FAS 109, a bank acquiring such assets would reflect a lower amount of regulatory capital after deducting these disallowed intangibles than it would have under previous accounting standards even though there is no additional risk to capital.

Several commenters indicated that the OCC should not require banks to deduct the additional amounts of identifiable intangible assets required by FAS 109. The OCC agrees with these commenters. Since the higher intangible amounts occur simply because of an accounting rule change, the higher amounts do not present additional risk to capital. Therefore, because the increased value of the intangible assets pose no additional risk to capital adequacy, this final rule permits a bank to net the deferred tax liability associated with a disallowed intangible asset against that intangible asset in the calculation of its limit on deferred tax assets.

Under this approach, a bank would only deduct the net amount of the disallowed intangible from Tier 1 capital. Netting is not allowed against purchased mortgage servicing rights and purchased credit card receivables since a bank deducts these assets for capital adequacy purposes only if they exceed specified limits on intangible assets. Consequently, this final rule results in the same treatment for intangibles resulting from purchase business combinations as under previous GAAP. However, to ensure this benefit is not double counted, a deferred tax liability netted in this manner could not also be netted against deferred tax assets when determining the amount of deferred tax assets that are dependent upon future taxable income.

Leveraged Leases—Similar to the ''gross up of intangibles'' issue, the OCC agrees with one commenter who recommended that the final rule include a specific provision relating to the accounting treatment for leveraged leases. The commenter noted the valuation of a leveraged lease acquired in a purchase business combination gives recognition to the estimated future tax effect of the remaining cash flows of the lease. Therefore, any future tax liabilities related to acquired leveraged leases are included in the valuation of the leveraged leases and are not shown on the balance sheet as deferred taxes payable. This artificially increases the amount of deferred tax assets for institutions that acquire a leveraged lease portfolio. The commenter suggested that banks treat the future taxes payable included in the valuation of a leverage lease portfolio as a reversing taxable temporary difference available to support the recognition of deferred tax assets.

Although this situation will not affect many banks, the OCC agrees with this commenter. Accordingly, when applying the limit on deferred tax assets, a bank may use the deferred tax liabilities embedded in the carrying value of a leveraged lease to reduce the amount of deferred tax assets subject to the limit.

Tax Jurisdictions—In a response to the proposed rule, a commenter suggested that a bank calculate one overall limit on deferred tax assets to cover all tax jurisdictions in which the bank operates. This provision would reduce burden on large banks that operate in numerous jurisdictions because they would not need to separately calculate a limit on deferred tax assets for each jurisdiction. FAS 109 already requires a jurisdiction-by-jurisdiction approach. The OCC agrees with the commenter that the separate tax jurisdiction requirement in the overall limit on deferred tax assets is unnecessary. Therefore, to reduce regulatory burden, a bank may calculate one overall limit on deferred tax assets that covers all tax jurisdictions in which the bank operates.

Timing—A bank may use the future taxable income projections for its closest fiscal year (adjusted for any significant changes that have occurred or are expected to occur) when applying the limit on deferred tax assets at a report date other than year-end. Therefore, a bank will not have to prepare a new projection each quarter. Several commenters requested this treatment because it reduces the frequency that a bank is required to revise their estimate of future taxable income.

Except for these provisions, banks should follow FAS 109 in determining regulatory capital. Net deferred tax assets included in bank Call Reports under FAS 109, that exceed the limit on deferred tax assets, should be deducted from Tier 1 capital. Banks should also deduct the amount of disallowed deferred tax assets from both total assets and from risk-weighted assets in determining their leverage capital and risk-based capital ratios. Deferred tax assets included in risk-based capital continue to have a risk weight of 100%.

Other Considerations

Separate Entity Method—Consistent with the policy of applying GAAP individually to banks of a holding company, each subsidiary bank must determine its limit on deferred tax assets separately from the holding company. Under this ''separate entity method,'' a subsidiary of a holding company is treated as a separate taxpayer, and its tax provision is calculated on this basis.

In some cases, a bank's holding company may not have the financial capability to reimburse the bank for tax benefits derived from the bank's carryback of net operating losses or tax credits. In these cases, the amount of carryback potential the bank may consider in calculating the limit on deferred tax assets is limited to the amount which it could reasonably expect to have refunded by its parent.

Several commenters suggested that the OCC eliminate the separate entity approach because GAAP does not require it and because the approach ignores Federal tax law and binding intercompany tax settlement agreements. The OCC considered these comments. However, the banking agencies generally require banks to file regulatory reports using a separate entity approach, and consistency between the reports would be reduced if the OCC permitted a bank to use other methods for calculating deferred tax assets. Therefore, the OCC decided that banks must continue to report and calculate the limit on deferred tax assets under the separate entity method.

Tax Effects of Financial Accounting Standard 115 (FAS 115)—The OCC, along with the other banking agencies, adopted Statement of Financial Accounting Standards No. 115, ''Accounting for Certain Investments in Debt and Equity Securities'' (FAS 115), for regulatory reporting purposes effective January 1, 1994. FAS 115 requires net unrealized holding gains and losses on available-for-sale securities to be recorded net of taxes. Consequently, when a bank recognizes

the FAS 115 unrealized holding gains and losses on available-for-sale securities in financial reports, it also must include any deferred tax effects of these unrealized gains and losses in its determination of the deferred tax asset.

For example, if a bank has an unrealized gain in the available-for-sale portfolio, it must record a deferred tax liability for the taxes that would be due if they sold the assets and realized the gain. On the other hand, if a bank has an unrealized loss in the available-for-sale portfolio, the bank should include the tax benefits from realizing that loss when it records its deferred tax asset.

The OCC and the other banking agencies recently agreed that banks should exclude the net unrealized holding gains and losses on available-for-sale debt securities from regulatory capital calculations. Therefore, it would be consistent to exclude the deferred tax assets and liabilities relating to the FAS 115 gains and losses on available-for-sale debt securities in the calculation of the allowable amount of deferred tax assets for regulatory capital.

It has been argued that failure to eliminate these FAS 115 deferred tax effects would cause a bank to overstate or understate the amount of deferred tax assets disallowed for regulatory capital purposes. For example, a bank with a net unrealized loss in its available-for-sale account would report a related deferred tax asset in its Call Report. If the bank does not remove the deferred tax asset relating to the net unrealized loss, and has net deferred tax assets that exceed the allowable amount stipulated in this final rule, the bank will overstate the amount of deferred tax assets that it must deduct from regulatory capital. Conversely, if the bank has a net unrealized gain on available-for-sale securities, and does not remove its deferred tax effect, the calculation of the limit on deferred tax assets will understate the amount of deferred tax assets the bank must deduct from regulatory capital.

The OCC believes that identifying and removing the deferred tax components that specifically relate to FAS 115 may be very complicated, and in some situations may place significant burden on banks. Therefore, the OCC has decided to allow, but not require, banks to eliminate the FAS 115 deferred tax items before calculating the limit on deferred tax assets. Consequently, a bank that does not want to deal with the complexity of the adjustment can reduce its implementation burden. On the other hand, a bank that wants to achieve greater precision may make such adjustments. Whether or not a bank chooses to adjust for the FAS 115 deferred tax effects, it must apply that approach consistently in future calculations of the limit on deferred tax assets.

Regulatory Flexibility Act

Pursuant to section 605(b) of the Regulatory Flexibility Act, it is hereby certified that this regulation will not have a significant economic impact on a substantial number of small entities. Accordingly, a regulatory flexibility analysis is not required. When considered with the change in the reporting of deferred tax assets in the Call Report, this final rule permits banks to include more deferred tax assets in regulatory capital than under previous policy. However, this change will not significantly impact banks of any size.

Executive Order 12866

The OCC has determined that this final rule is not a significant regulatory action under Executive Order 12866.

List of Subjects in 12 CFR Part 3

Administrative practice and procedure, National banks, Reporting and recordkeeping requirements.

Authority and Issuance

For the reasons set out in the preamble, part 3 of title 12, chapter I, of the Code of Federal Regulations is amended as set forth below.

PART 3—MINIMUM CAPITAL RATIOS; ISSUANCE OF DIRECTIVES

1. The authority citation for part 3 continues to read as follows:

Authority: 12 U.S.C. 93a, 161, 1818, 1828(n), 1828 note, 1831n note, 3907, and 3909.

2. Paragraph (a) of § 3.2 is revised to read as follows:

§ 3.2 Definitions.

* * * * *

(a) *Adjusted total assets* means the average total assets figure required to be computed for and stated in a bank's most recent quarterly *Consolidated Report of Condition and Income* (Call Report) minus end-of-quarter intangible assets and deferred tax assets that are deducted from Tier 1 capital. The OCC reserves the right to require a bank to compute and maintain its capital ratios on the basis of actual, rather than average, total assets when necessary to carry out the purposes of this part.

* * * * *

3. In appendix A to part 3, section 1, paragraphs (c)(9) through (c)(29) are redesignated as paragraphs (c)(10) through (c)(30) and a new paragraph (c)(9) is added to read as follows:

Appendix A to Part 3—Risk-Based Capital Guidelines

Section 1. Purpose, Applicability of Guidelines, and Definitions.

* * * * *

(c) * * *

(9) *Deferred tax assets* means the tax consequences attributable to tax carryforwards and deductible temporary differences. Tax carryforwards are deductions or credits that cannot be used for tax purposes during the current period, but can be carried forward to reduce taxable income or taxes payable in a future period or periods. Temporary differences are financial events or transactions that are recognized in one period for financial statement purposes, but are recognized in another period or periods for income tax purposes. Deductible temporary differences are temporary differences that result in a reduction of taxable income in a future period or periods.

* * * * *

4. In appendix A to part 3, section 2, paragraph (c)(1) is revised, a new paragraph heading is added to paragraph (c)(2), paragraph (c)(3) is redesignated as paragraph (c)(4) and a heading is added to newly designated paragraph (c)(4) and the introductory text is revised, and a new paragraph (c)(3) is added, to read as follows:

* * * * *

Section 2. Components of Capital.

* * * * *

(c) * * *

(1) *Deductions from Tier 1 capital.* The following items are deducted from Tier 1 capital before the Tier 2 portion of the calculation is made:

(i) All goodwill subject to the transition rules contained in section 4(a)(1)(ii) of this appendix A;

(ii) Other intangible assets, except as provided in section 2(c)(2) of this appendix A; and

(iii) Deferred tax assets, except as provided in section 2(c)(3) of this appendix A, that are dependent upon future taxable income, which exceed thelesser of either:

(A) The amount of deferred tax assets that the bank could reasonably expect to realize within one year of the quarter-end call report, based on its estimate of future taxable income for that year; or

(B) 10% of Tier 1 capital, net of goodwill and all intangible assets other than purchased mortgage servicing rights and purchased credit card relationships, and before any disallowed deferred tax assets are deducted.

(2) *Qualifying intangible assets.* * * *

(3) *Deferred tax assets*—(i) Net unrealized gains and losses on available-for-sale securities. Before calculating the amount of deferred tax assets subject to the limit in section 2(c)(1)(iii) of this appendix A, a bank may eliminate the deferred tax effects of any net unrealized holding gains and losses on available-for-sale debt securities. Banks report these net unrealized holding gains and losses in their Call Reports as a separate component of equity capital, but exclude them from the definition of common stockholders' equity for regulatory capital

purposes. A bank that adopts a policy to deduct these amounts must apply that approach consistently in all future calculations of the amount of disallowed deferred tax assets under section 2(c)(1)(iii) of this appendix A.

(ii) *Consolidated groups.* The amount of deferred tax assets that a bank can realize from taxes paid in prior carryback years and from reversals of existing taxable temporary differences generally would not be deducted from capital. However, for a bank that is a member of a consolidated group (for tax purposes), the amount of carryback potential a bank may consider in calculating the limit on deferred tax assets under section 2(c)(1)(iii) of this appendix A, may not exceed the amount that the bank could reasonably expect to have refunded by its parent holding company.

(iii) *Nontaxable Purchase Business Combination.* In calculating the amount of net deferred tax assets under section 2(c)(1)(iii) of this appendix A, a deferred tax liability that is specifically associated with an intangible asset (other than purchased mortgage servicing rights and purchased credit card relationships) due to a nontaxable purchase business combination may be netted against that intangible asset. Only the net amount of the intangible asset must be deducted from Tier 1 capital. Deferred tax liabilities netted in this manner cannot also be netted against deferred tax assets when determining the amount of net deferred tax assets that are dependent upon future taxable income.

(iv) *Estimated future taxable income.* Estimated future taxable income does not include net operating loss carryforwards to be used during that year or the amount of existing temporary differences expected to reverse within the year. A bank may use future taxable income projections for their closest fiscal year, provided it adjusts the projections for any significant changes that occur or that it expects to occur. Such projections must include the estimated effect of tax planning strategies that the bank expects to implement to realize net operating losses or tax credit carryforwards that will otherwise expire during the year.

(4) *Deductions from total capital.* The following items are deducted from total capital:

* * * * *

Dated: February 3, 1995.

Eugene A. Ludwig,

Comptroller of the Currency.

BILLING CODE 4810–33–P

DEPARTMENT OF DEFENSE

Defense Mapping Agency

32 CFR part 320

[DMA Instruction 5400.11]

Privacy Program

AGENCY: Defense Mapping Agency, DOD.

ACTION: Final rule.

SUMMARY: The Defense Mapping Agency is amending its Privacy Act Regulation by removing three exemption rules, updating request for information procedures, and the list of organizational addressees.

EFFECTIVE DATE: February 3, 1995.

FOR FURTHER INFORMATION CONTACT: Ms. Helen Sharetts-Sullivan at (703) 285-9315.

SUPPLEMENTARY INFORMATION: Executive Order 12866. The Director, Administration and Management, Office of the Secretary of Defense has determined that this Privacy Act rule for the Department of Defense does not constitute 'significant regulatory action'. Analysis of the rule indicates that it does not have an annual effect on the economy of $100 million or more; does not create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; does not materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; does not raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in Executive Order 12866 (1993).

Regulatory Flexibility Act of 1980. The Director, Administration and Management, Office of the Secretary of Defense certifies that this Privacy Act rule for the Department of Defense does not have significant economic impact on a substantial number of small entities because it is concerned only with the administration of Privacy Act systems of records within the Department of Defense.

Paperwork Reduction Act. The Director, Administration and Management, Office of the Secretary of Defense certifies that this Privacy Act rule for the Department of Defense imposes no information requirements beyond the Department of Defense and that the information collected within the Department of Defense is necessary and consistent with 5 U.S.C. 552a, known as the Privacy Act of 1974.

List of Subjects in 32 CFR Part 320

Privacy

For reasons set forth in the Preamble, 32 CFR part 320 is amended as follows:

PART 320 - DEFENSE MAPPING AGENCY (DMA) PRIVACY PROGRAM

1. The authority citation for 32 CFR part 320 continues to read as follows:

Authority: Pub. L. 93–579, 88 Stat 1896 (5 U.S.C. 552a).

2. The heading of 32 CFR part 320 is revised to read as set forth above.

3. Section 320.3 is amended by revising paragraph (b), introductory text, paragraph (c), introductory text, paragraph (c)(2), and (e) to read as follows;

§ 320.3 Procedures for requests for information pertaining to individual records in a record system.

* * * * *

(b) Any individual requesting such information in person may present himself at HQ DMA or at the principal office of the DMA Component or Staff Office (please refer to the DMA address list at paragraph (e) of this section) thought to maintain the record in question and shall provide:

* * * * *

(c) Any individual requesting such information by mail shall address his request to the Director, Defense Mapping Agency, or to the Director of the DMA Component or Staff Office (refer to paragraph (e) of this section) thought to maintain the record in question and shall include in such request the following:

* * * * *

(2) A notarized statement or unsworn declaration in accordance with 28 U.S.C. 1746 to verify his identify, if, in the opinion of the DMA custodian of the record, the sensitivity of the material involved warrants.

* * * * *

(e) HQ DMA and Component address list:

(1) Director, ATTN: GCI St A–7, Defense Mapping Agency, 8613 Lee Highway, Fairfax, VA 22031–2137.

(2) DMA Aerospace Center, 3200 South Second Street, St. Louis, MO 63118–3399.

(3) DMA Hydrographic/Topographic Center, 4600 Sangamore Road, Bethesda, MD 20816–5003.

(4) DMA Combat Support Center, 6001 MacArthur Boulevard, Bethesda, MD 20816–5501.

(5) DMA Reston Center, 12310 Sunrise Valley Drive, Reston, VA 22091–3414.

(6) DMA Systems Center, 4600 Sangamore Road, Bethesda, MD 20816–5003.

(7) Comptroller, St A–4, Defense Mapping Agency, 8613 Lee Highway, Fairfax, VA 22031–2137.

(8) Deputy Director for Human Resources, St A–8, Defense Mapping Agency, 8613 Lee Highway, Fairfax, VA 22031–2137.

(9) Deputy Director for International Programs, St A–20, Defense Mapping Agency, 8613 Lee Highway, Fairfax, VA 22031–2137.

(10) General Counsel, St A–7, Defense Mapping Agency, 8613 Lee Highway, Fairfax, VA 22031–2137.

(11) Deputy Director for Acquisition, St A-3, Defense Mapping Agency, 8613 Lee Highway, Fairfax, VA 22031–2137.

(12) Deputy Director for Command Information, St A–11, Defense Mapping Agency, 8613 Lee Highway, Fairfax, VA 22031–2137.

* * * * *

4. Section 320.11 is revised to read as follows:.

§ 320.11 Specific exemptions.

All systems of records maintained by the Defense Mapping Agency and its components shall be exempt from the requirements of 5 U.S.C. 552a(d) pursuant to 5 U.S.C. 552a(k)(1), to the extent that the system contains any information properly classified under Executive Order 12356 and that is required by that Executive Order to be kept secret in the interest of national defense or foreign policy. This exemption is applicable to parts of all systems of records including those not otherwise specifically designated for exemptions herein which contain isolated items of properly classified information.

Dated: February 2, 1995.

L. M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5000–04–F

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Part 165

[COTP St. Louis 95–001]

RIN 2115–AA97

Safety Zone; Mississippi River, mile 57.8 to mile 55.8

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a safety zone on the Mississippi River. This regulation is needed to control vessel traffic in the regulated area to facilitate construction of stone filled weirs in or near the navigable channel to ensure the safety of the construction workers. The regulation will restrict navigation in the regulated area.

EFFECTIVE DATE: This regulation is effective on January 30, 1995 and will terminate on March 31, 1995.

FOR FURTHER INFORMATION CONTACT: LT Siddall, Operations Officer, Captain of the Port, St. Louis, Missouri at (314) 539–3823.

SUPPLEMENTARY INFORMATION:

Drafting Information

The drafters of this regulation are LTJG Andrew Cheney, Project Officer, Marine Safety Office, St. Louis, Missouri and LT S. M. Moody, Project Attorney, Second Coast Guard District Legal Office.

Regulatory History

In accordance with 5 U.S.C. 553, a notice of proposed rulemaking has not been published for this regulation and good cause exists for making it effective in less than 30 days from the date of publication. Following normal rulemaking procedures would have been impracticable. Specifically, the construction of the weirs can only be undertaken below certain river stages and due to the dynamic nature of the river, insufficient time exists to publish a notice of proposed rulemaking. As a result, the Coast Guard deems it to be in the public's best interest to issue a regulation immediately.

Background and Purpose

The Army Corps of Engineers continues to improve channel maintenance through constructing passive channelizing structures. The construction of the stone filled weirs is necessary in this historically troublesome area. As a result of this construction this regulation is necessary to provide safe working conditions and navigation within the affected area.

Regulatory Evaluation

This regulation is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this regulation to be so minimal that a full Regulatory Evaluation under paragraph 10E of the regulatory policies and procedures of DOT is unnecessary because the restrictions are anticipated to be of short duration. Changes will be announced by Marine Safety Information Radio Broadcast on VHF Marine Band Radio, Channel 22 (157.1 MHZ). Mariners may also call the Port Operations Officer, Captain of the Port, St. Louis, Missouri at (314) 539–3823 for current information.

Small Entities

The Coast Guard finds that the impact on small entities, if any, is not substantial. Therefore, the Coast Guard certifies under section 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq*) that this temporary rule will not have a significant economic impact on a substantial number of small entities.

Collection of Information

This rule contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq*).

Federalism Assessment

The Coast Guard has analyzed this regulation under the principles and criteria contained in Executive Order 12612 and has determined that it does not raise sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard considered the environmental impact of this regulation and concluded that, under section 2.B.2. of Commandant Instruction M16475.1B, this regulation is categorically excluded from further environmental documentation.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Records and recordkeeping requirements, Security measures, Waterways.

Temporary Regulation

In consideration of the foregoing, Subpart F of Part 165 of Title 33, Code of Federal Regulations, is amended as follows:

PART 165—[AMENDED]

1. The authority citation for Part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; 49 CFR 1.46.

2. A temporary section 165.T02–027 is added, to read as follows:

§ 165.T02–027 Safety Zone: Mississippi River.

(a) *Location.* The Mississippi River between mile 57.8 and 55.8 is established as a safety zone.

(b) *Effective Dates.* This section becomes effective on January 30, 1995 and will terminate on March 31, 1995.

(c) *Regualtions.* The general regulations under § 165.23 which prohibit entry into the described zone without the authority of the Captain of the Port, St. Louis, apply.

Dated: January 25, 1995.

S.P. Cooper,

Captain, U.S. Coast Guard, Captain of the Port, St. Louis, Missouri.

[FR Doc. 95–3431 Filed 2–9–95; 8:45 am]

BILLING CODE 4910–14–M

33 CFR Part 165

[COTP Huntington 95–001]

RIN 2115–AA97

Safety Zone; Ohio River, Mile 308.0 to 310.0, Symmes Creek, Chesapeake, OH, and Adjacent Landside Areas

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a safety zone on the Ohio River, at the entrance to Symmes Creek, Chesapeake, Ohio, and all adjacent landside areas within a 1,000 foot radius of each specific explosive detonation site. This regulation is needed to control vessel, vehicular, and pedestrian traffic in the regulated area to prevent potential safety hazards for transiting vessels and the general public resulting from the demolition of the 6th Street Bridge at mile 308.7, Ohio River, Huntington, West Virginia. Vessel movements within this safety zone are permitted under the criteria set forth in this regulation.

EFFECTIVE DATES: This regulation is effective at 6 a.m. EST on February 1, 1995. It terminates on June 1, 1995 at 8 p.m. EDT, unless terminated sooner by the Captain of the Port Huntington.

FOR FURTHER INFORMATION CONTACT: LT Sean Moon, Chief of the Port Operations Department, Captain of the Port, Huntington, West Virginia at (304) 529–5524.

SUPPLEMENTARY INFORMATION:

Drafting Information

The drafters of this regulation are LT Sean Moon, Project Officer, Marine Safety Office, Huntington, West Virginia and LT S. Moody, Project Attorney, Second Coast Guard District Legal Office.

Regulatory History

In accordance with 5 U.S.C. 553, a notice of proposed rulemaking was not published for this regulation and good cause exists for making it effective in less than 30 days after **Federal Register** publication. Following normal rulemaking procedures would have been impracticable. Specifically, anticipated demolition operations, including explosive detonations, as part of a bridge removal project at mile 308.7, Ohio River, Huntington, West Virginia, have created a situation which presents an immediate hazard to navigation, life, and property. As a result, the Coast Guard deems it to be in the public's best interest to issue a regulation immediately.

Background and Purpose

The activity requiring this regulation is a bridge demolition undertaken as a part of the new bridge construction under United States Coast Guard Bridge Permit Number 4–90–2 dated May 25, 1990. The Captain of the Port Huntington did not receive notice of the explosive and demolition operations until January 18, 1995. C.J. Mahan Construction Company of Grove City, Ohio, working under contract for the State of West Virginia, completed construction of the new bridge on November 2, 1994. The bridge permit included the requirement that the old bridge be demolished within 180 days of completion of the new bridge. Landside dismantling of the old bridge began shortly after completion of the new bridge. Waterside demolition operations, involving the use of crane barges and explosives in and near the navigation channel, will begin on or about February 1, 1995 at mile 308.7 on the Ohio River. Completion of the bridge removal is expected to occur on or before June 1, 1995. Bridge spans and bridge piers will be removed in sections, one at a time, over a period of several months. In addition to the explosive hazard associated with several different detonations, the regular presence of a crane barge, tow boats and submerged steel will pose an obstructive hazard to waterborne traffic operating in the vicinity of the project work site. In order to provide for the safety of vessel and vehicular traffic and the general public, the Captain of the Port Huntington intends to regulate vessel traffic in that portion of the Ohio River and Symmes Creek where the explosives and steel removal operations will be taking place, and to work with local law enforcement officials to secure all landside areas within a 1,000 foot radius of each specific blast site until the hazard from the explosive detonations is mitigated.

During critical phases of the demolition project, the affected portions of the Ohio River, the entrance to Symmes Creek, and adjacent landside areas in proximity to the blast site will be subject to periodic closures. No vessels will be allowed to transit either waterway when blasting and steel removal operations will affect safe navigation. Additionally, local law enforcement officials will secure landside areas as appropriate to safeguard the general public from the explosive hazard during detonations.

Notification of river and creek closure will be made via Broadcast Notice to Mariners at periods 24 hours, 2 hours, and 5 minutes prior to each blast. Notification will be via VHF radio channel 16.

During all river and creek entrance closures, two boats will be available for the security of the closed river area. The boats will be placed up and down river of the blasting area. These boats will patrol and warn any recreational/commercial vessel traffic of the impending blast.

No blasting will be permitted unless all river and creek traffic is removed to a safe location outside of the blasting area. No blasting will take place when there is restricted visibility (the contractor must be able to see from bank to bank before blasting). No blasting will take place unless the river stage is at or below 5 feet above normal pool and falling.

Unless overtaken by circumstances, periodic river and creek closures will be less than 24 hours in duration. Closures of Symmes Creek will be very abbreviated, during blasting operations only. Closures of the Ohio River will be during blasting and clearing operations and will remain in effect until the river is cleared and the safety of transiting vessels is ensured. Local law enforcement officials will restrict access and secure landside areas as necessary to protect the public from explosive hazards. Road closures, evacuations, and other appropriate security measures will be imposed for abbreviated periods only.

When the blasting and obstructive hazards have been mitigated, the Captain of the Port Huntington will reopen the river and creek. Notification of the reopening of the river and creek will be via VHF radio on channel 16. The entrance to Symmes Creek will be reopened to vessel traffic entering the Ohio River upon the conclusion of each blasting operation. Vessels transiting to or from Symmes Creek must contact the on scene contractor vessels for passing instructions to ensure safe operation within the safety zone. Local law enforcement officials will reopen landside areas immediately upon conclusion of blasting operations.

Notice of this safety zone and updates on periodic closures will also be published in the Local Notice to Mariners.

The establishment of this safety zone regulation ensures that vessels will not transit on the Ohio River in the vicinity of the blasting area during explosive detonations or when the main channel is obstructed by submerged steel to eliminate attendant risks associated with these operations. The Captain of the Port will also work with local law enforcement officials to protect the safety of the general public in adjacent landside areas. The safety zone also ensures that communication is established between the contractors and vessels transiting the waters within the safety zone during the non-critical phases of the demolition project. With proper communication between both parties, the contractor is assured of having ample time to comply with any request to relocate work boats temporarily to allow a vessel to navigate through the safety zone.

Regulatory Evaluation

This regulation is not a significant regulatory action under section 3(f) of Executive Order 12866 an does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this regulation to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary, due to the limited duration of actual river closures.

Small Entities

The Coast Guard finds that the impact on small entities is not substantial. Therefore, the Coast Guard certifies under section 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq*) that this temporary rule will not have a significant economic impact on a substantial number of small entities.

Collection of Information

This rule contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq*).

Federalism Assessment

The Coast Guard has analyzed this regulation under the principles and criteria contained in Executive Order 12612 and has determined that it does not raise sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard considered the environmental impact of this regulation and concluded that, under section 2.B.2 of Commandant Instruction M16475.1B, this regulation is categorically excluded from further environmental documentation. A Categorical Exclusion Determination is available in the docket for inspection.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

Temporary Regulation

In consideration of the foregoing, Subpart F of Part 165 or Title 33, Code of Federal Regulations, is amended as follows:

PART 165—[AMENDED]

1. The authority citation for Part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05–1(g), 6.04–1, 6.04–6, and 160.5; 49 CFR 1.46.

2. A temporary section 165.T02–002 is added, to read as follows:

§ 165.T02–002 Safety Zone: Ohio River, Symmes Creek, and Adjacent Landside Areas

(a) *Location.* The Ohio River between 308.0 and 310.0, the entrance to Symmes Creek, Chesapeake, Ohio, and adjacent landside areas within 1,000 feet of each specific blast site are established as a safety zone.

(b) *Effective dates.* This section becomes effective on February 1, 1995 at 6 a.m. EST. It terminates on June 1, 1995 at 8 p.m. EDT, unless terminated sooner by the Captain of the Port Huntington.

(c) *Regulations.* (1) Except with the permission of the Captain of the Port, all vessels must:

(i) Remain outside the safety zone during all periods of closure, as announced by Coast Guard Broadcast Notice to Mariners and as enforced on scene by personnel from the Coast Guard Marine Safety Office Huntington, WV.

(ii) Communicate with the contract vessel M/V MISS MAY or M/V MICHAEL D on channel 16 VHF–FM to arrange for safe passage through the safety zone at all other times, providing at least twenty (20) minutes advance notice prior to transiting through the regulated area.

(iii) Provide the contract vessel M/V MISS MAY or M/V MICHAEL D at least twenty (20) minutes advance notice to move/suspend operations in any case where the transiting vessel operator believes the safe passage of any vessel or tow is jeopardized by the presence/operation of the crane barge during operations not involving river closure.

(2) Except with the permission of the Captain of the Port, vessels involved with the 6th Street Bridge demolition operations must:

(i) M/V MISS MAY or M/V MICHAEL D: Communicate with and arrange safe passage through the safety zone for all vessels not involved in the demolition project.

(ii) M/V MISS MAY or M/V MICHAEL D: Initiate appropriate broadcast notices to local mariners over channel 16 VHF–FM 24 hours, 2 hours, and 5 minutes prior to initiation of blasting operations.

(iii) M/V MISS MAY or M/V MICHAEL D: Ensure that all vessel traffic is outside the area of the safety zone and the waterside blast area is secured prior to any explosive detonation, with that information effectively communicated to the contractors conducting the blasting.

(iv) M/V MISS MAY or M/V MICHAEL D: Monitor operations involving steel and debris removal after each detonation and, following clearance of the river, the conduct of subsequent subsurface sweeps of the main channel.

(v) M/V MISS MAY or M/V MICHAEL D: Notify the Coast Guard Captain of the Port Huntington once a successful sweep has determined that the Ohio River main shipping channel is clear (a minimum underwater clearance of 20 feet below normal river pool), with no obstructions to impede the safe navigation of vessels.

(vi) All other contract vessels: Relocate to a safe area prior to any blasting operations.

(3) Except with the permission of the Captain of the Port, C. J. MAHAN CONSTRUCTION COMPANY must:

(i) Not detonate explosives if a vessel not involved with the blasting operation is inside the safety zone, or if any contract vessel has not relocated to a safe distance away from the blast area, as verified and communicated by the M/V MISS MAY or M/V MICHAEL D.

(ii) Not initiate any blasting operations until local law enforcement officials have verified and communicated that landside security is established and that landside portions of the safety zone are clear.

(iii) Not initiate any blasting operations in periods of restricted visibility (operator must ensure there is clear bank-to-bank visibility).

(4) Except with the permission of the Captain of the Port, all pedestrians and vehicular traffic must remain outside the affected landside portions of the safety zone, as enforced by local law enforcement officials.

(5) The Captain of the Port may, upon request, authorize a deviation from any rule in this section if he determines that the proposed operations can be done safely.

(6) The Captain of the Port may direct the movement of any vessel within the safety zone as appropriate to ensure the safe navigation of vessels through the safety zone.

Dated: January 23, 1995, 5 pm e.s.t.

F.A. Nyhuis,

Commander, U.S. Coast Guard, Captain of the Port, Huntington, WV.

BILLING CODE 4910–14–M

POSTAL SERVICE

39 CFR Part 20

Discontinuation of Authorization to Use Domestic Postal Money Orders Internationally

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: The Postal Service is discontinuing the Semidomestic Money Order Service. The domestic money order form is no longer being used for payments to Anguilla; Antigua and Barbuda; Bahamas; Barbados; Belize; British Virgin Islands; Canada; Dominica; Grenada; Jamaica; Montserrat; St. Christopher and Nevis; St. Lucia; St. Vincent and the Grenadines; and Trinidad and Tobago. In place of the domestic form, the Postal Service will use the international postal money order form (MP1) when issuing a money order for payment in these countries.

EFFECTIVE DATE: March 1, 1995.

FOR FURTHER INFORMATION CONTACT: Al Gillum, (703) 905–3818.

SUPPLEMENTARY INFORMATION: The Postal Service has received numerous complaints from foreign postal administrations regarding the acceptance of domestic postal money orders by the banking system in those countries. This practice circumvents the policies and procedures regarding the acceptance of international postal money orders agreed to within the Universal Postal Union.

The Postal Service is committed to enforcing the agreements with its foreign partners. A concerted effort is being made to restrict the negotiation of domestic postal money orders to the United States and its possessions and territories, and the Freely Associated States (FAS). Possessions and territories are American Samoa (including Manua Island, Swain's Island, Tutuila Island); Baker Island; Guam; Howland Island; Jarvis Island; Johnston Island; Kingman Reef; Midway Island; Navassa Island; Northern Mariana Islands (including Rota Island; Saipan Island, Tinian Island); Palmyra Island; Puerto Rico; Sand Island; U.S. Virgin Islands (including St. Croix Island; St. John Island, St. Thomas Island); and Wake Island. The FAS are Marshall Islands (including Ebeye Island, Majuro Island); Palau (including Koror Island); and Micronesia (including Chuuk (Truk) Island, Kosrae Island, Pohnepi Island, Yap Island).

Semidomestic Money Order Service permits the negotiation of domestic postal money orders in the countries listed in the Summary. In order to restrict uniformly the negotiation of domestic postal money orders to the United States and its possessions and territories and to the FAS, it is necessary to discontinue Semidomestic Money Order Service.

In light of the foregoing, the Postal Service hereby adopts the following amendments to the International Mail Manual, which is incorporated by reference in the Code of Federal Regulations. See 39 CFR 20.1.

List of Subjects in 39 CFR Part 20

Foreign relations, International postal service.

PART 20—[AMENDED]

1. The authority citation for 39 CFR part 20 continues to read as follows:

Authority: 5 U.S.C. 552(a); 39 U.S.C. 401, 404, 407, 408.

2. Chapter 3 of the International Mail Manual is amended by revising subchapter 390 as follows:

CHAPTER 3—SPECIAL SERVICES

* * * * *

390 Supplementary Services

391 International Money Orders

* * * * *

[Revise section 391.11 by deleting ''and Semi-Direct Service'' to read as follows:]

International postal money order service is available to transfer funds to individuals or firms in countries that have entered into agreements with the United States Postal Service for the exchange of postal money orders. International postal money orders sent by Direct Service may be sent by letter mail or Express Mail International Service (EMS).

* * * * *

[Revise section 391.2 by replacing ''three'' in the first sentence with ''two''; by deleting section 391.2a in its entirety and renumbering sections 391.2b and 391.2c to sections 391.2a and 391.2b, respectively; and by adding the countries in the Summary to the renumbered section 391.2b to read as follows:]

Postal money orders are exchanged with countries in one of two ways:

a. Standard international postal money orders. This method uses the Authorization to Issue an International Money Order form set. See Individual Country Listings.

b. Direct international postal money orders. This method uses the pink international postal money order form (MP1). The following countries accept this form: Anguilla, Antigua and Barbuda, Bahamas, Barbados, Belize, Bolivia, British Virgin Islands, Canada, Cape Verde, Costa Rica, Dominica, Dominican Republic, Ecuador, El Salvador, Grenada, Guyana, Honduras, Jamaica, Japan, Mali, Mexico, Montserrat, Nigeria, Panama, St. Christopher and Nevis, St. Lucia, St. Vincent and the Grenadines, Sierra Leone, and Trinidad and Tobago. Money orders issued by these countries in U.S. dollars, with the exception of Jamaica and Trinidad and Tobago, are negotiable in the United States. There will be no money orders issued in Bolivia, Cape Verde, Dominican Republic, Ecuador, Honduras, Mexico, Nigeria, Panama, and Sierra Leone for payment in the United States. The MP1 cards issued in Japan for payment in the United States must be shown in U.S. dollars preceded by the capital letters ''USD.''

Money orders issued in Mali for payment in the United States will be the standard international postal money order.

[Revise section 391.3 by replacing ''three'' with ''two'' in the first sentence; by deleting section 391.3a in its entirety and renumbering section 391.3c to section 391.3a; and by adding the countries in the Summary to the renumbered section 391.3a to read as follows:]

There are two separate fees for international money orders:

a. The fee for money orders payable in countries that accept the pink international postal money order form (MP1) is $3 per money order. These countries are:

Anguilla

Antigua and Barbuda
Bahamas
Barbados
Belize
Bolivia
British Virgin Islands
Canada
Cape Verde
Costa Rica
Dominica
Dominican Republic
Ecuador
El Salvador
Grenada
Guyana
Honduras
Jamaica
Japan
Mali
Mexico
Montserrat
Nigeria
Panama
St. Christopher and Nevis
St. Lucia
St. Vincent and the Grenadines
Sierra Leone
Trinidad and Tobago

* * * * *

[Delete section 391.411 in its entirety.]
[Renumber former section 391.412 as 391.411.]
[Renumber former section 391.413 as 391.412 and add the countries in the Summary to read as follows:]

Use the pink international money order form (MP1) for money orders payable in Anguilla, Antigua and Barbuda, Bahamas, Barbados, Belize, Bolivia, British Virgin Islands, Canada, Cape Verde, Costa Rica, Dominica, Dominican Republic, Ecuador, El Salvador, Grenada, Guyana, Honduras, Jamaica, Japan, Mali, Mexico, Montserrat, Nigeria, Panama, St. Christopher and Nevis, St. Lucia, St. Vincent and the Grenadines, Sierra Leone, and Trinidad and Tobago. Follow the issuance procedures in DMM S020.

Note: Money orders payable in Canada, the amount of the money order must be expressed in U.S. currency only. Issuing clerks must use the money order imprinter in the usual manner, printing the amount received in U.S. currency. Clerks must not write the word ''Canadian,'' followed by the equivalent amount in Canadian currency, on the money order.

* * * * *

[Revise section 391.421 by deleting ''the domestic money order or'' from the first sentence to read as follows:]

When the international postal money order form (MP1) is used to send funds, the purchaser should complete the information requested on both the money order and the customer's receipt. The Postal Service is not liable for money orders that are lost before the purchaser completes this information. Money orders may be made payable to the purchaser, a person or a firm, or a payee by official title. (Example: Director of Publications, Canada.)

* * * * *

[Revise section 391.423 by deleting country names to read as follows:]

Follow the instructions for preparing domestic money orders in DMM S020 when using the pink international postal money order form (MP1).

* * * * *

[Revise section 391.431 by deleting ''Domestic Postal Money Orders and'' from the title and by deleting country names to read as follows:]

391.431 International Postal Money Order Form (MP1)

Follow the instructions for preparing domestic money orders in DMM S020 when issuing the pink international postal money order form (MP1).

* * * * *

[Delete section 391.721 in its entirety.]

[Renumber former section 391.722 to 391.721.]

[Revise former section 391.723 by renumbering to section 391.722 and by deleting country names to read as follows:]

Use Form 6401, Domestic Money Order Inquiry, in accordance with DMM S020.2.14 when filing inquiries or requests for replacement of international postal money order form (MP1). Only the purchaser may file and receive payment. Replacement will not be made before 6 months after the date of issuance.

* * * * *

[Delete sections 391.9, 391.91, and 391.92 in their entirety.]

* * * * *

A transmittal letter making the changes in the pages of the International Mail Manual will be published and transmitted to subscribers automatically. Notice of issuance of the transmittal letter will be published in the **Federal Register** as provided by 39 CFR 20.3.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[TN–139–1–6667a; FRL–5140–9]

Approval and Promulgation of Air Quality Implementation Plans; Tennessee; Revision to New Source Review, Construction and Operating Permit Requirements

AGENCY: Environmental Protection Agency (EPA).

ACTION: Direct final rule.

SUMMARY: In this document, EPA is approving revisions to the State Implementation Plan (SIP) submitted by the State of Tennessee through the Tennessee Department of Environment and Conservation on August 17, 1994. The submittal included revisions to the State's new source review (NSR) regulations, which were promulgated to bring the State's regulations into compliance with the 1990 amendments to the Clean Air Act and the Federal regulations. EPA finds that the revised State rules meet the Federal nonattainment NSR permitting requirements of the Clean Air Act as amended in 1990 (CAA) for the State's ozone (O_3) nonattainment areas.

On January 15, 1993, in a letter from Patrick M. Tobin to Governor Ned McWherter, EPA notified the State of Tennessee that EPA had made a finding of failure to submit required programs for the nonattainment area. The revised State NSR rules satisfy those requirements for this area. Therefore, the sanctions clock was stopped by the complete submittal and the Federal implementation plan clock will be stopped at the time of this approval.

DATES: This final rule will be effective April 11, 1995 unless adverse or critical comments are received by March 13, 1995. If the effective date is delayed, timely notice will be published in the **Federal Register**.

ADDRESSES: Written comments should be addressed to: Ms. Karen Borel, at the Regional Office Address listed.

Copies of the material submitted by the State of Tennessee may be examined during normal business hours at the following locations:

Air and Radiation Docket and Information Center (Air Docket 6102), U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460.

Environmental Protection Agency, Region 4 Air Programs Branch, 345 Courtland Street, NE., Atlanta, Georgia 30365.

Tennessee Division of Air Pollution Control, 701 Broadway, Customs House, 4th Floor, Nashville, Tennessee 37247–1531.

FOR FURTHER INFORMATION CONTACT: Ms. Karen Borel, Regulatory Planning and Development Section, Air Programs Branch, Air, Pesticides & Toxics Management Division, Region 4 Environmental Protection Agency, 345 Courtland Street, NE., Atlanta, Georgia 30365. The telephone number is 404/347–3555, x4197. Reference file TN–139–1–6667a.

SUPPLEMENTARY INFORMATION:

A. Nonattainment NSR Requirements of the Amended Act

The air quality planning requirements for nonattainment NSR are set out in part D of title I of the CAA. EPA has issued a ''General Preamble'' describing EPA's preliminary views on how EPA intends to review SIPs and SIP revisions submitted under part D, including those state submittals containing nonattainment area NSR SIP requirements (see 57 FR 13498 (April 16, 1992) and 57 FR 18070 (April 28, 1992)). Because EPA is describing its interpretations here only in broad terms, the reader should refer to the General Preamble for a more detailed discussion of the interpretations of part D advanced in this document and the supporting rationale. A brief discussion of the specific elements required in a state's NSR program also is included in section II.B. of this document.

EPA is currently developing rule revisions to implement the changes under the 1990 Clean Air Act Amendments in the NSR provisions of parts C and D of title I of the CAA. EPA anticipates that the proposed rule will be published for public comment in the spring of 1995. If EPA has not taken final action on states' NSR submittals by that time, EPA may generally refer to the proposed rule as the most authoritative guidance available regarding the approvability of the submittals. EPA expects to take final action to promulgate the rule revisions to implement the part C and D changes in early 1996. Upon promulgation of those revised regulations, EPA will review NSR SIPs to determine whether additional SIP revisions are necessary to satisfy the requirements of the rulemaking.

Prior to EPA approval of the State's NSR SIP submission, the State may continue permitting only in accordance with the new statutory requirements for permit applications completed after the relevant SIP submittal date. This policy was explained in transition guidance memoranda from John Seitz dated March 11, 1991, and September 3, 1992.

As explained in the March 11, 1991, memorandum, EPA does not believe Congress intended to mandate the more stringent title I NSR requirements during the time provided for SIP development. States were thus allowed to continue to issue permits consistent with requirements in their current NSR SIPs during that period, or to apply 40 CFR part 51, appendix S for newly designated areas that did not previously have NSR SIP requirements.

The September 3, 1992, memorandum addressed the situation where states did not submit the part D NSR SIP revisions by the applicable statutory deadline. For permit applications complete by the SIP submittal deadline, states may issue final permits under the prior NSR rules, assuming certain conditions in the September 3, 1992, memorandum are met. However, for applications completed after the SIP submittal deadline, EPA will consider the source to be in compliance with the CAA where the source obtains, from the state, a permit that is consistent with the substantive new NSR part D provisions in the CAA. EPA believes this guidance continues to apply to permitting pending final action on Tennessee's NSR SIP submittal.

For O_3 nonattainment areas, section 182(a)(2)(C) of the CAA requires the states to submit to EPA by November 15, 1992, new or augmented NSR rules that meet the provisions of part D of title I of the CAA. The part D NSR permitting provisions applicable in O_3 nonattainment areas are generally in sections 172(c)(5), 173, 182, and 184 of the CAA. The State of Tennessee adopted regulatory revisions necessary to bring the State's NSR regulations in compliance with the CAA and amended Federal regulations, and submitted those revisions on August 17, 1994. The State also submitted revisions to the Nashville/Davidson County portion of the Tennessee SIP on September 27, 1994. The only rule revisions being approved in this action are the revised statewide rules submitted on August 17, 1994. The EPA will take action on the Nashville/Davidson County rule revisions in a separate **Federal Register** document.

B. Federal Implementation Plan (FIP) Clock

On January 15, 1993, in a letter from Patrick M. Tobin to Governor Ned McWherter, EPA notified the State of Tennessee that EPA had made a finding of failure to submit required programs for the nonattainment area. The revised State NSR rules satisfy those requirements for this area. Therefore, the sanctions clock was stopped by the complete submittal and the FIP clock will be stopped at the time of this approval.

C. Procedural Background

Section 110(k) of the CAA sets out provisions governing EPA's review of SIP submittals (see 57 FR 13565).

The State of Tennessee held a public hearing on February 22, 1994, on the proposed revisions to the SIP. Following the public hearing, the plan was adopted by the State and submitted by the Tennessee Department of Environment and Conservation on August 17, 1994, as a revision to the SIP.

Specifically, the State submitted revisions to its NSR permitting regulations in Tennessee's Chapter 1200–3 by submitting revised Paragraph 1200–3–9-.01(5) entitled Growth Policy. The revisions to the State's NSR regulations were made to bring the State's rules into compliance with the CAA, as amended in 1990, and Federal regulations.

The SIP revision was reviewed by EPA to determine completeness, and a letter of completeness, dated August 18, 1994, was forwarded to the State of Tennessee. EPA finds that the revisions provide for consistency with the CAA and corresponding Federal regulations, and that the revisions meet the new nonattainment NSR provisions for ozone nonattainment areas.

D. Nonattainment NSR Requirements of the CAA

The general statutory requirements for nonattainment NSR SIPs and permitting as amended by the 1990 Amendments are found in sections 172 and 173 of the CAA. Tennessee currently has nonattainment areas for O_3, sulfur dioxide, and lead. These requirements apply in all nonattainment areas. The State of Tennessee's nonattainment NSR regulations, which had been approved prior to the 1990 Amendments, were written to be nonattainment area-specific. The NSR permitting requirements applied to new or modified sources proposing to locate in any nonattainment area in the State, including those designated pursuant to enactment of the 1990 Amendments. Thus, in order to meet the nonattainment NSR program submittal requirements, the State needed to address the new NSR requirements of the amended CAA.

Many of the revisions to sections 172 and 173 of the CAA as discussed in the General Preamble clarified previously existing Federal regulations and policy.

The following represents EPA's review of the State's submitted regulations for meeting the requirements of the amended CAA:

(1) The CAA repealed the construction ban provisions previously found in section 110(a)(2)(I) with certain exceptions. No construction bans are currently imposed in Tennessee, so this provision is not applicable.

(2) Section 173(a)(1)(A) of the CAA requires a demonstration for permit issuance that the new source growth does not interfere with reasonable further progress (RFP) for the area (e.g., greater than 1:1 emission offsets should insure no interference with RFP). In addition, calculations of emissions offsets must be based on the same emissions baseline used in the demonstration of RFP. In Section 1200–3–9-.01(5)(b)(2)(iv) the State has established provisions that adequately address the requirements of section 173(a)(1).

(3) Section 173(c)(1) of the CAA requires that offsets must generally be obtained by the same source or other sources in the same nonattainment area. However, offsets may be obtained from other nonattainment areas if the following conditions are met: the area in which the offsets are obtained has an equal or higher nonattainment classification; and emissions from the nonattainment area in which the offsets are obtained contribute to a national ambient air quality standard (NAAQS) violation in the area in which the source would construct. In Chapter 1200–3–9-.01(5)(b)(2)(v)(1), the State has established provisions that adequately meet these requirements of section 173(c)(1).

(4) Section 173(c)(1) of the CAA requires that any emissions offsets obtained in conjunction with the issuance of a permit to a new or modified source must be in effect and enforceable by the time the new or modified source commences operation and that any emission increases from new or modified major stationary sources must be offset by reductions in actual emissions. In Chapter 1200–3–9-.01(5)(b)(2)(v), the State has established provisions that adequately meet these requirements of section 173(c)(1).

(5) Section 173(c)(2) of the CAA prohibits emissions reductions otherwise required by the CAA from being credited for purposes of satisfying the part D offset requirements. In Chapter 1200–3–9-.01(5)(b)(2)(v)(VII), the State has established provisions that adequately meet the requirements of section 173(c)(2).

(6) Revised sections 172(c)(4), 173(a)(1)(B), and 173(b) of the CAA limit or invalidate use of certain growth allowances in nonattainment areas. In Chapter 1200–3–9-.01(5)(b)(2)(iv)(1), the State has established provisions that adequately meet the requirements of sections 172(c)(4), 173(a)(1)(B), and 173(b).

(7) Revised section 173(a)(5) of the CAA requires that, as a prerequisite to issuing any part D permit, an analysis of alternative sites, sizes, production processes, and environmental control techniques for a proposed source must be completed, which demonstrates that the benefits of the proposed source significantly outweigh the environmental and social costs imposed as a result of its location, construction, or modification. In Chapter 1200–3–9-.01(5)(b)(2)(vi), the State has established provisions that adequately meet the requirements of section 173(a)(5).

(8) Section 173(d) of the CAA requires States to submit control technology information from permits to EPA for the purposes of making such information available through the RACT/BACT/LAER clearinghouse. In Chapter 1200–3–9-.01 (5)(b)(2)(iii)(V), the State has established provisions that adequately meet the requirements of section 173.

(9) In Chapter 1200–3–9-.01(5)(b)(xviii) the State has submitted a revised definition for the lowest achievable emission rate (LAER). In the previously approved SIP, LAER is defined for the prevention of significant deterioration (PSD) in subparagraph 1200–3–9-.01(4)(o)(5)(b)(3), and for new sources in subparagraph 1200–3–9-.01(5)(b)(3). The same definition is used in both places. LAER is defined as that rate of emissions which reflects the most stringent emission limitation which is achieved in practice by such class or category of sources. In no event shall a new or modified source emit any pollutant in excess of the applicable New Source Performance Standards (NSPS).

Revisions to Tennessee's PSD regulations, which have been submitted to EPA, but not yet acted upon, delete the definition of LAER from paragraph 1200–3–9-.01(4) and add it to the general definitions for the issuance of construction permits, which will be found in subparagraph 1200–3–9-.01(2)(e). This section defines LAER, for any major stationary source or major modifications, as the more stringent rate of emissions based on the following: (1) The most stringent emissions limitation which is contained in the applicable standards under this Division 1200–3, or in any SIP for such class or category of stationary source, unless the owner or operator of the proposed source demonstrates that such limitations are not achievable; or (2) The most stringent emissions limitation which is achieved in practice by such class or category of stationary source. This limitation, when applied to a modification, means the lowest achievable emissions rate for the new or modified emissions units within the stationary source. In no event shall the application of this term permit a proposed new or modified stationary source to emit any air contaminant in excess of the amount allowable under applicable new source standards of performance.

The State previously submitted revisions to their volatile organic compound (VOC) regulations on June 22, 1993, which included a request for the deletion of rule 1200–3–18-.03 Standard for New Sources. This rule includes a definition of LAER which means for any source, that rate of emissions which reflects the most stringent emission limitation which is achieved in practice by such class or category of source. In no event shall a new or modified source emit any pollutant in excess of the applicable NSPS. This deletion was previously disapproved by EPA (see 59 FR 18310) because Tennessee did not have federally approved NSR regulations which would apply to some of the sources covered by that chapter. In 59 FR 18310 EPA recommended that Tennessee submit the deletion of this rule with the submittal of their revised NSR regulations.

The revised NSR rules define LAER as the more stringent rate of emissions of the most stringent emissions limitation contained in Division 1200–3 of the state rules or in any SIP for such class or category of source. In no event may LAER be in excess of the applicable NSPS. This revised definition closely parallels the statutory definition of LAER in section 171(3) of the CAA and eliminates the previous discrepancy between the state definition and the statutory, and EPA approves the revision as satisfying part D requirements.

In addition to all of the general nonattainment NSR provisions mentioned above, there are also nonattainment area-specific NSR provisions in subparts 2, 3, and 4 of part D of the CAA, some of which supersede general NSR provisions. The following provisions are additional NSR provisions that apply in Tennessee's nonattainment areas.

1. Ozone Nonattainment Areas

The State has adopted the appropriate major source threshold in Rule 1200–3–9-.01(5)(b)(1)(iv), 100 tons per year (tpy),

for the nonattainment areas in the state, including the ozone nonattainment areas, which are currently classified as marginal and moderate ozone nonattainment areas. Because it has not adopted the applicable lower major thresholds for serious, severe, and extreme ozone nonattainment areas, the State would be required to revise its rules if an ozone nonattainment area becomes classified as serious, severe, or extreme. In accordance with section 182 of the CAA, the State has adopted the applicable emissions offset ratios for increases in emissions of VOCs or NO_x in section 1200–3–9-.01(5)(b)(2)(v)(III), namely: marginal–at least 1.1 to 1, moderate–at least 1.15 to 1, serious–at least 1.2 to 1, severe–at least 1.3 to 1, and extreme–at least 1.5 to 1. The State has adopted provisions in Rule 1200–3–9-.01(5)(b)(1)(iv-v, x, and xxxiii) to ensure that any new or modified major source of NO_x satisfies the requirements applicable to any major source of VOCs, unless a special exemption is granted by the Administrator under section 182(f).

2. Carbon Monoxide Nonattainment Areas

The State of Tennessee had one carbon monoxide (CO) nonattainment area, which was designated as low moderate; this was the Memphis-Shelby County area. (See 40 CFR 81.343 for Tennessee's CO nonattainment area designations). However, this area was redesignated as an attainment area on August 31, 1994 (59 FR 44938); NSR is not required for the CO maintenance plan.

3. Other Revisions to NSR Regulations

Other revisions to the State's regulations were made to bring the State's regulations into compliance with the CAA as amended in 1990. EPA is approving these revisions because they provide for clarity and consistency with the Federal requirements in the CAA and 40 CFR 51.165 and 51.166. For further information on the revisions addressed in this submittal, please see the Technical Support Document (TSD) accompanying this document.

4. Deletion of Previous Disapproval to Delete Rule 1200–3–18-.03

The State previously submitted revisions to their VOC regulations on June 22, 1993, which included a request for the deletion of rule 1200–3–18-.03 Standard for New Sources. This deletion was disapproved by EPA (see 59 FR 18310) because Tennessee did not have federally approved NSR regulations that would apply to some of the sources covered by that rule. As recommended by EPA, Tennessee resubmitted the deletion of this rule together with their revised NSR regulations (see 59 FR 18310). The deletion of Rule 1200–3–18-.03 is approved, and the earlier EPA disapproval is deleted, in conjunction with the approval of the State's revised NSR regulations.

Rule 1200–3–18-.03 provided that: new or modified sources anywhere in the State which emit or have the potential to emit 100 tpy or more of VOCs must utilize LAER, as then defined; new or modified sources in Davidson, Shelby, and Hamilton Counties with the potential to emit less than 100 tpy must utilize BACT; and new or modified sources in other counties with the potential to emit less than 100 tpy must utilize reasonable and proper controls. The revised NSR rules for VOC sources, which would replace Rule 1200–3–18-.03, provides that: in ozone nonattainment areas, new or major modifications of sources which emit or have the potential to emit 100 tpy must utilize LAER, as defined in a revised definition; in ozone nonattainment areas, new or modified sources which have the potential to emit less than 100 tpy must utilize BACT; and in ozone attainment areas, the PSD rules, rather than the nonattainment NSR rules, apply.

Tennessee's revised NSR rules closely follow the statutory NSR requirements of part D, and provide additional protection in nonattainment areas by requiring BACT for minor sources and minor modifications. As discussed above, the revised definition of LAER also follows the CAA. Although the State will no longer impose a 100 tpy major source threshold for all source categories or require LAER in ozone attainment areas, based on a review of the deletion of rule 1200–3–18-.03 and the revised NSR rules, EPA concludes that the revisions satisfy the requirements of part D and the General Savings Clause in section 193 of the CAA. However, sources that were permitted under rule 1200–3–18-.03 will remain under the controls previously specified in their permits pursuant to that rule. Additionally, all sources located in attainment areas with the potential to emit 100 tpy or greater uncontrolled are required to implement Reasonably Available Control Technology (RACT).

Final Action

EPA is approving the revised Tennessee Chapter 1200–3–9-.01(5) Growth Policy, which is a replacement for the State's current federally approved Chapter 1200–3–9-.01(5). Specifically, EPA is approving the State's submittal as meeting the NSR requirements of the CAA as amended in 1990 for the State's ozone nonattainment areas. EPA is also rescinding the previous disapproval (59 FR 18310) of the deletion of rule 1200–3–18-.03 Standard for New Sources and is approving the deletion.

EPA is publishing this action without prior proposal because the Agency views this as a noncontroversial action and anticipates no adverse comments. However, in a separate document in this **Federal Register** publication, EPA is proposing to approve the SIP revision should adverse or critical comments be submitted. This action will be effective on April 11, 1995 unless, by March 13, 1995, adverse or critical comments are received.

If EPA receives such comments, this action will be withdrawn before the effective date by publishing a subsequent document that will withdraw the final action. All public comments received will then be addressed in a subsequent final rule based on this action serving as a proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. If no such comments are received, the public is advised that this action will be effective on April 11, 1995.

Under section 307(b)(1) of the CAA, 42 U.S.C. 7607 (b)(1), petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by April 11, 1995. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2) of the CAA, 42 U.S.C. 7607 (b)(2)).

The Office of Management and Budget (OMB) has exempted these actions from review under Executive Order 12866.

Nothing in this action should be construed as permitting or allowing or establishing a precedent for any future request for revision to any SIP. Each request for revision to any SIP shall be considered separately in light of specific technical, economic, and environmental factors and in relation to relevant statutory and regulatory requirements.

Under the Regulatory Flexibility Act, 5 U.S.C. 600 *et seq.*, EPA must prepare a regulatory flexibility analysis assessing the impact of any proposed or final rule on small entities. 5 U.S.C. 603

and 604. Alternatively, EPA may certify that the rule will not have a significant economic impact on a substantial number of small entities. Small entities include small business, small not-for-profit enterprises, and government entities with jurisdiction over populations of less than 50,000.

SIP approvals under section 110 and subchapter I, part D of the CAA do not create any new requirements, but simply approve requirements that the State is already imposing. Therefore, because the Federal SIP-approval does not impose any new requirements, I certify that it does not have a significant impact on any small entities affected. Moreover, due to the nature of the Federal-state relationship under the CAA, preparation of a regulatory flexibility analysis would constitute Federal inquiry into the economic reasonableness of state action. The CAA forbids EPA to base its actions concerning SIPs on such grounds. *Union Electric Co.* v. *E.P.A.*, 427 U.S. 246, 256–66 (S.Ct. 1976); 42 U.S.C. 7410(a)(2).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Hydrocarbons, Incorporation by reference, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements.

Dated: January 9, 1995.

Patrick M. Tobin,

Acting Regional Administrator.

Part 52, of chapter I, title 40, Code of Federal Regulations, is amended as follows:

PART 52—[AMENDED]

1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401–7671q.

Subpart RR—Tennessee

2. Section 52.2220 is amended by adding paragraph (c)(124) to read as follows:

§ 52.2220 Identification of plan.

* * * * *

(c) * * *

(124) On August 17, 1994, the Tennessee Department of Environment and Conservation submitted revisions to the new source review requirements in the Tennessee Division of Air Pollution Control Regulations. These revisions incorporate changes to Chapter 1200–3–9 by substituting for the present paragraph 1200–3–9-.01(5) of the Tennessee SIP with new requirements, which are required in the Clean Air Act as amended in 1990 and 40 CFR part 51, subpart I.

(i) Incorporation by reference. Tennessee Division of Air Pollution Control Regulations, Chapter 1200–3–9-.01(5) Growth Policy, effective August 15, 1994.

(ii) Other material. None.

3. Section 52.2228 is amended by adding a new paragraph (f) to read as follows:

§ 52.2228 Review of new sources and modifications.

* * * * *

(f) The State of Tennessee proposed to delete rule 1200–3–18-.03 ''Standard for New Sources'' from the Tennessee State Implementation Plan (SIP). In paragraph (e) of this section, EPA disapproved the deletion of this rule because Tennessee did not have federally approved New Source Review (NSR) regulations that applied to some of the sources in this chapter. EPA is hereby approving the deletion of section 1200–3–18-.03 of the Tennessee SIP, and is deleting EPA's earlier disapproval in paragraph (e) of this section.

BILLING CODE 6560–50–F

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 672

[Docket No. 941249–4349; I.D. 020695B]

Groundfish of the Gulf of Alaska; Pollock in Area 62

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Modification of a closure.

SUMMARY: NMFS is terminating the closure to directed fishing for pollock in Statistical Area 62 in the Gulf of Alaska (GOA) to allow a 48–hour directed fishery. This action is necessary to fully utilize the total allowable catch (TAC) of pollock in that area.

EFFECTIVE DATE: Effective 12 noon, Alaska local time (A.l.t.), February 8, 1995, the closure to directed fishing for pollock in Statistical Area 62 of the GOA is terminated and the fishery is reopened. Effective 12 noon A.l.t., February 10, 1995, the closure to directed fishing for pollock in Statistical Area 62 of the GOA is reinstated and directed fishing is prohibited; this closure is effective until 12 noon, A.l.t., April 1, 1995, or until changed by subsequent notification in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Andrew N. Smoker, 907–586-7228.

SUPPLEMENTARY INFORMATION: The groundfish fishery in the GOA exclusive economic zone is managed by NMFS according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson Fishery Conservation and Management Act. Fishing by U.S. vessels is governed by regulations implementing the FMP at 50 CFR parts 620 and 672.

The interim specification of the pollock TAC in Statistical Area 62 was established by interim specifications (59 FR 65975, December 22, 1994) as 3,827 metric tons (mt), determined in accordance with § 672.20(c)(1)(ii)(A). The directed fishery for pollock in Statistical Area 62 of the GOA was closed under § 672.20(c)(2)(ii) on January 24, 1995, (60 FR 5337, January 27, 1995). Therefore, NMFS is terminating the closure of January 24, 1995 (60 FR 5337, January 27, 1995).

The Director, Alaska Region, NMFS, (Regional Director) in accordance with § 672.20(c)(2)(ii), has determined that the remaining interim specification of pollock TAC in Statistical Area 62 is sufficient to allow a 48–hour directed fishery.

As the interim specification of pollock TAC catch in Statistical Area 62 of the GOA will be reached before the end of the year, the Regional Director, in accordance with § 672.20(c)(2)(ii), established a directed fishing allowance of 3,627 mt, with consideration that 200 mt will be taken as incidental catch in directed fishing for other species in that area. The Regional Director has determined that the directed fishing allowance of pollock in Area 62 will be reached within a 48–hour directed fishery. Consequently, NMFS is prohibiting directed fishing for pollock in Statistical Area 62 of the GOA, effective from 12 noon, A.l.t., February 10, 1995, until the end of the first quarter unless superseded by subsequent notification in the **Federal Register**.

Classification

This action is taken under § 672.20 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 7, 1995.

David S. Crestin,

Acting Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.

Proposed Rules

Federal Register
Vol. 60, No. 28
Friday, February 10, 1995

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. 94–CE–31–AD]

Airworthiness Directives; Beech Aircraft Corporation Models 1900, 1900C, and 1900D Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This document proposes to supersede Airworthiness Directive (AD) 91–24–15, which currently requires modifying the instrument air plumbing system on Beech Aircraft Corporation (Beech) Models 1900 and 1900C airplanes. The proposed action would require an additional modification to the plumbing of the instrument air system on the Models 1900 and 1900C airplanes, and would add the Model 1900D airplanes to the applicability. Eight reports of moisture freezing in this system on airplanes with the modification required by AD 91–24–15 incorporated prompted the proposed action. In addition, recent testing on the Model 1900D indicates that the design of the instrument air system on these airplanes is also conducive to moisture freeze-ups. The actions specified by the proposed AD are intended to prevent ice formation in the plumbing of the instrument air system, which, if not detected and corrected, could result in aerodynamic problems and subsequent loss of control of the airplane.

DATES: Comments must be received on or before April 21, 1995.

ADDRESSES: Submit comments in triplicate to the Federal Aviation Administration (FAA), Central Region, Office of the Assistant Chief Counsel, Attention: Rules Docket No. 94–CE–31–AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106. Comments may be inspected at this location between 8 a.m. and 4 p.m., Monday through Friday, holidays excepted.

Service information that applies to the proposed AD may be obtained from the Beech Aircraft Corporation, P.O. Box 85, Wichita, Kansas 67201–0085. This information also may be examined at the Rules Docket at the address above.

FOR FURTHER INFORMATION CONTACT: Mr. Harvey E. Nero, Aerospace Engineer, Wichita Aircraft Certification Office, FAA, 1801 Airport Road, Mid-Continent Airport, Wichita, Kansas 67209; telephone (316) 946–4137; facsimile (316) 946–4407.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket number and be submitted in triplicate to the address specified above. All communications received on or before the closing date for comments, specified above, will be considered before taking action on the proposed rule. The proposals contained in this notice may be changed in light of the comments received.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the proposed rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this proposal will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this notice must submit a self-addressed, stamped postcard on which the following statement is made: ''Comments to Docket No. 94–CE–31–AD.'' The postcard will be date stamped and returned to the commenter.

Availability of NPRMs

Any person may obtain a copy of this NPRM by submitting a request to the FAA, Central Region, Office of the Assistant Chief Counsel, Attention: Rules Docket No. 94–CE–31–AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106.

Discussion

AD 91–24–15, Amendment 39–8173 (57 FR 3927, February 3, 1992), currently requires modifying the plumbing of the instrument air system on Beech Models 1900 and 1900C airplanes. Several reports of moisture freezing in the plumbing of the instrument air system on the affected airplanes prompted that AD.

Since issuance of AD 91–24–15, the FAA has received eight reports of moisture freezing in the plumbing of the instrument air system on airplanes in compliance with that AD. In addition, recent testing on the Beech Model 1900D indicates that the design of the instrument air systems on these airplanes is also conducive to moisture freeze-ups.

Beech has developed kits that, upon installation, make plumbing changes in the instrument air system, add additional insulation, and make wing leading edge core modifications. Installation of the applicable kit on an affected airplane will maintain the air temperatures in the instrument air system at 50 degrees or higher, and help eliminate the possibility of moisture freezing in this system in cold humid environments. The following presents each kit and the applicable airplane model each kit applies to:

Models	Kit No.
1900 and 1900C.	118–9003–1 or 118–9003–3.
1900D	129–9010–1 or 129–9010–3.

After examining the circumstances and reviewing all available information related to the incidents described above, the FAA has determined that AD action should be taken to prevent ice formation in the plumbing of the instrument air system, which, if not detected and corrected, could result in aerodynamic problems and subsequent loss of control of the airplane.

Since an unsafe condition has been identified that is likely to exist or develop in other Beech Model 1900, 1900C, and 1900D airplanes of the same type design, the proposed AD would supersede AD 91–24–15, Amendment 39–8173, with a new AD that would require modifying the plumbing of the

instrument air system in accordance with the instructions provided with the kits specified above.

The FAA estimates that 370 airplanes in the U.S. registry would be affected by the proposed AD, that it would take approximately 30 workhours per airplane to accomplish the proposed action, and that the average labor rate is approximately $60 an hour. The cost of the applicable kit ranges from $505 to $2,261 depending on the airplane model. Based on these figures (using a $2,261 part cost for all affected airplanes), the total cost impact of the proposed AD on U.S. operators is estimated to be $1,502,570.

Beech will provide parts free of charge until December 31, 1995. If all owners/operators would incorporate this modification by that date, then the cost impact of the proposed AD upon the public would be reduced by $836,570 (370 airplanes × $2,261) from $1,502,570 to $666,000.

In addition, Beech has informed the FAA that it has distributed approximately 18 kits. Assuming that each of these distributed kits is incorporated on one of the affected airplanes and that each of the remaining airplanes would have one of the kits incorporated by December 31, 1995, the cost of the proposed AD would be further reduced by $32,400 (30 workhours × $60 × 18 airplanes) from $666,000 to $633,600.

The regulations proposed herein would not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this proposal would not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

For the reasons discussed above, I certify that this action (1) Is not a ''significant regulatory action'' under Executive Order 12866; (2) is not a ''significant rule'' under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A copy of the draft regulatory evaluation prepared for this action has been placed in the Rules Docket. A copy of it may be obtained by contacting the Rules Docket at the location provided under the caption **ADDRESSES**.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Safety.

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration proposes to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. App. 1354(a), 1421 and 1423; 49 U.S.C. 106(g); and 14 CFR 11.89.

§ 39.13 [Amended]

2. Section 39.13 is amended by removing AD 91–24–15, Amendment 39–8173 (57 FR 3927, February 3, 1992), and by adding a new airworthiness directive to read as follows:

Beech Aircraft Corporation: Docket No. 94–CE–31–AD; Supersedes AD 91–24–15, Amendment 39–8173.

Applicability: The following airplane models and serial numbers, certificated in any category:

Model	Serial No.
1900	UA–2 and UA–3.
1900C	UB–1 through UB–74 and UC–1 through UC–174.
1900C (C12J)	UD–1 through UD–6.
1900D	UE–2 through UE–115.

Compliance: Required within the next 1,000 hours time-in-service after the effective date of this AD, unless already accomplished.

To prevent ice formation in the plumbing of the instrument air system, which, if not detected and corrected, could result in aerodynamic problems and subsequent loss of control of the airplane, accomplish the following:

(a) Modify the plumbing of the instrument air system in accordance with the instructions provided with the following kits, as applicable:

Models	Kit No.
1900 and 1900C.	118–9003–1 or 118–9003–3.
1900D	129–9010–1 or 129–9010–3.

Note 1: Beech Service Bulletin (SB) No. 2539 and Beech SB No. 2591, both dated December 1994, reference the kits specified above.

Note 2: Beech will provide parts free of charge to the owner/operator until December 31, 1995.

(b) Special flight permits may be issued in accordance with §§ 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

(c) An alternative method of compliance or adjustment of the compliance time that provides an equivalent level of safety may be approved by the Manager, Wichita Aircraft Certification Office (ACO), 1801 Airport Road, Room 100, Mid-Continent Airport, Wichita, Kansas 67209. The request shall be forwarded through an appropriate FAA Maintenance Inspector, who may add comments and then send it to the Manager, Wichita ACO.

Note 3: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Wichita ACO.

(d) All persons affected by this directive may obtain copies of the document referred to herein upon request to the Beech Aircraft Corporation, P.O. Box 85, Wichita, Kansas 67201–0085; or may examine this document at the FAA, Central Region, Office of the Assistant Chief Counsel, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106.

(e) This amendment supersedes AD 91–24–15, Amendment 39–8173.

Issued in Kansas City, Missouri, on February 6, 1995.

Michael K. Dahl,

Acting Manager, Small Airplane Directorate, Aircraft Certification Service.

[FR Doc. 95–3359 Filed 2–9–95; 8:45 am]

BILLING CODE 4910–13–U

14 CFR Part 39

[Docket No. 92–CE–13–AD]

Airworthiness Directives; Jetstream Aircraft Limited (Formerly British Aerospace, Regional Aircraft Limited) Jetstream Models 3101 and 3201 Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Supplemental notice of proposed rulemaking (NPRM); reopening of the comment period.

SUMMARY: This document proposes to reopen the comment period of an earlier proposed airworthiness directive (AD), which would have proposed to require modifying the shear fitting at the top of each escape hatch on certain Jetstream Aircraft Limited (JAL) Jetstream Models 3101 and 3201 airplanes. A report of interference between the shear fitting on an escape hatch and a ceiling panel found while removing the escape hatch on one of the affected airplanes prompted the earlier proposal. Since publication of that proposal, the Federal Aviation Administration (FAA) has re-examined various service difficulty reports on the affected airplanes, and

determined that the proposed modification is still a valid safety issue (but not an urgent safety of flight issue). Since sufficient time has passed (more than 12 months) since the issuance of the original proposal, the FAA is allowing additional time for the public to comment on this action. The proposed actions are intended to prevent the inability to utilize an escape hatch during an emergency situation because of interference.

DATES: Comments must be received on or before April 14, 1995.

ADDRESSES: Submit comments in triplicate to the FAA, Central Region, Office of the Assistant Chief Counsel, Attention: Rules Docket No. 92–CE–13–AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106. Comments may be inspected at this location between 8 a.m. and 4 p.m., Monday through Friday, holidays excepted.

Service information that applies to the proposed AD may be obtained from Jetstream Aircraft Limited, Manager Product Support, Prestwick Airport, Ayrshire, KA9 2RW Scotland; telephone (44–292) 79888; facsimile (44–292) 79703; or Jetstream Aircraft Inc., Librarian, P.O. Box 16029, Dulles International Airport, Washington, DC 20041–6029; telephone (703) 406–1161; facsimile (703) 406–1469. This information also may be examined at the Rules Docket at the address above.

FOR FURTHER INFORMATION CONTACT: Mr. Raymond A. Stoer, Program Officer, Brussels Aircraft Certification Office, FAA, Europe, Africa, and Middle East Office, c/o American Embassy, B–1000 Brussels, Belgium; telephone (322) 513.3830; facsimile (322) 230.6899; or Mr. John P. Dow, Sr., Project Officer, Small Airplane Directorate, Airplane Certification Service, FAA, 1201 Walnut, suite 900, Kansas City, Missouri 64106; telephone (816) 426–6932; facsimile (816) 426–2169.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket number and be submitted in triplicate to the address specified above. All communications received on or before the closing date for comments, specified above, will be considered before taking action on the proposed rule. The proposals contained in this notice may be changed in light of the comments received.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the proposed rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this proposal will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this notice must submit a self-addressed, stamped postcard on which the following statement is made: ''Comments to Docket No. 92–CE–13–AD.'' The postcard will be date stamped and returned to the commenter.

Availability of NPRMs

Any person may obtain a copy of this NPRM by submitting a request to the FAA, Central Region, Office of the Assistant Chief Counsel, Attention: Rules Docket No. 92–CE–13–AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106.

Discussion

A proposal to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) to include an AD that would apply to certain JAL Jetstream Models 3101 and 3201 airplanes was published in the **Federal Register** on March 30, 1992 (57 FR 10743). The action proposed to require modifying the shear fitting at the top of each escape hatch in accordance with the ACCOMPLISHMENT INSTRUCTIONS section of Jetstream Service Bulletin 52–JM 7752, dated December 17, 1991.

Interested persons have been afforded an opportunity to participate in the making of this amendment. No comments were received on the proposed rule or the FAA's determination of the cost to the public.

Since publication of the proposal, the FAA has re-examined various service difficulty reports on the affected airplanes, and determined that the proposed modification is still a valid safety issue, but is not considered an urgent safety of flight issue. Since sufficient time has passed (more than 12 months) since the issuance of the original proposal, the FAA is reopening the comment period to provide additional time for public comment.

The FAA estimates that 120 airplanes in the U.S. registry would be affected by the proposed AD, that it would take approximately 3 workhours per airplane to accomplish the proposed action, and that the average labor rate is approximately $60 an hour. Rework of existing parts would cost approximately $165 per airplane. Based on these figures, the total cost impact of the proposed AD on U.S. operators is estimated to be $41,400. This figure is based on the assumption that no affected owner/operator has accomplished the proposed modification. The FAA has no way of determining how many airplanes have incorporated this modification (reworked the existing parts), but anticipates that numerous operators have already reworked the existing parts. This would reduce the cost impact of the proposed AD on U.S. operators.

The regulations proposed herein would not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this proposal would not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

For the reasons discussed above, I certify that this action (1) is not a ''significant regulatory action'' under Executive Order 12866; (2) is not a ''significant rule'' under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A copy of the draft regulatory evaluation prepared for this action has been placed in the Rules Docket. A copy of it may be obtained by contacting the Rules Docket at the location provided under the caption **ADDRESSES**.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Safety.

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration proposes to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. App. 1354(a), 1421 and 1423; 49 U.S.C. 106(g); and 14 CFR 11.89.

§ 39.13 [Amended]

2. Section 39.13 is amended by adding a new AD to read as follows:

Jetstream Aircraft Limited: Docket No. 92–CE–13–AD.

Applicability: Jetstream Models 3101 and 3201 airplanes (serial numbers 757 through 912), certificated in any category.

Compliance: Required within the next 50 hours time-in-service after the effective date of this AD, unless already accomplished.

To prevent occupant injury during an emergency situation because of the inability to remove an escape hatch, accomplish the following:

(a) For both Models 3101 and 3201 airplanes, modify the shear fitting at the top of the right-hand escape hatch in accordance with PART A of the ACCOMPLISHMENT INSTRUCTIONS section of Jetstream Service Bulletin (SB) 52–JM 7752, dated December 17, 1991.

(b) For Model 3201 airplanes, modify the shear fitting at the top of the left-hand escape hatch in accordance with PART B of the ACCOMPLISHMENT INSTRUCTIONS section of Jetstream SB 52–JM 7752, dated December 17, 1991.

(c) Special flight permits may be issued in accordance with §§ 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

(d) An alternative method of compliance or adjustment of the compliance times that provides an equivalent level of safety may be approved by the Manager, Brussels Aircraft Certification Office (ACO), FAA, Europe, Africa, and Middle East Office, c/o American Embassy, B–1000 Brussels, Belgium. The request should be forwarded through an appropriate FAA Maintenance Inspector, who may add comments and then send it to the Manager, Brussels ACO.

Note: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Brussels ACO.

(e) All persons affected by this directive may obtain copies of the documents referred to herein upon request to Jetstream Aircraft Limited, Manager Product Support, Prestwick Airport, Ayrshire, KA9 2RW Scotland; telephone (44–292) 79888; or Jetstream Aircraft Inc., Librarian, P.O. Box 16029, Dulles International Airport, Washington, DC 20041–6029; or may examine these documents at the FAA, Central Region, Office of the Assistant Chief Counsel, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106.

Issued in Kansas City, Missouri, on February 6, 1995.

Michael K. Dahl,

Acting Manager, Small Airplane Directorate, Aircraft Certification Service.

[FR Doc. 95–3360 Filed 2–9–95; 8:45 am]

BILLING CODE 4910–13–U

14 CFR Part 39

[Docket No. 90–CE–67–AD]

Airworthiness Directives; Jetstream Aircraft Limited (Formerly British Aerospace, Regional Aircraft Limited) Jetstream Models 3101 and 3201 Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Supplemental notice of proposed rulemaking (NPRM); reopening of the comment period.

SUMMARY: This document reopens the comment period for an earlier proposed airworthiness directive (AD) that proposed to supersede AD 90–13–12, which currently requires modifying the airplane electrical system and revising the emergency procedures section of the Airplane Flight Manual (AFM) on certain Jetstream Aircraft Limited (JAL) Jetstream Models 3101 and 3201 airplanes. The proposal would have retained the requirements of that AD for those airplanes that have not installed modified inverters and restored the inverted transfer function. Since publication of that proposal, the Federal Aviation Administration (FAA) has re-examined various service difficulty reports on the affected airplanes, and determined that the proposed modification is still a valid safety issue (but not an urgent safety of flight issue). Since sufficient time has passed (more than 12 months) since the issuance of the original proposal, the FAA is allowing additional time for the public to comment. The proposed actions are intended to prevent alternating current system failures, which, if not detected and corrected, could result in damage to the airplane navigational systems.

DATES: Comments must be received on or before April 14, 1995.

ADDRESSES: Submit comments in triplicate to the FAA, Central Region, Office of the Assistant Chief Counsel, Attention: Rules Docket No. 90–CE–67–AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106. Comments may be inspected at this location between 8 a.m. and 4 p.m., Monday through Friday, holidays excepted.

Service information that applies to the proposed AD may be obtained from Jetstream Aircraft Limited, Manager Product Support, Prestwick Airport, Ayrshire, KA9 2RW Scotland; telephone (44–292) 79888; facsimile (44–292) 79703; or Jetstream Aircraft Inc., Librarian, P.O. Box 16029, Dulles International Airport, Washington, DC 20041–6029; telephone (703) 406–1161; facsimile (703) 406–1469. This information also may be examined at the Rules Docket at the address above.

FOR FURTHER INFORMATION CONTACT: Mr. Raymond A. Stoer, Program Officer, Brussels Aircraft Certification Office, FAA, Europe, Africa, and Middle East Office, c/o American Embassy, B–1000 Brussels, Belgium; telephone (322) 513.3830; facsimile (322) 230.6899; or Mr. John P. Dow, Sr., Project Officer, Small Airplane Directorate, Airplane Certification Service, FAA, 1201 Walnut, suite 900, Kansas City, Missouri 64106; telephone (816) 426–6932; facsimile (816) 426–2169.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested persons are invited to participate in the making of the proposed rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket number and be submitted in triplicate to the address specified above. All communications received on or before the closing date for comments, specified above, will be considered before taking action on the proposed rule. The proposals contained in this notice may be changed in light of the comments received.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the proposed rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this proposal will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this notice must submit a self-addressed, stamped postcard on which the following statement is made: ''Comments to Docket No. 90–CE–67–AD.'' The postcard will be date stamped and returned to the commenter.

Availability of NPRMs

Any person may obtain a copy of this NPRM by submitting a request to the FAA, Central Region, Office of the Assistant Chief Counsel, Attention: Rules Docket No. 90–CE–67–AD, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106.

Discussion

A proposal to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) to include an AD that would

apply to certain JAL Jetstream Models 3101 and 3201 airplanes was published in the **Federal Register** on March 30, 1992 (57 FR 10747). The action proposed to supersede AD 90–13–12 with a new AD that would (1) retain the requirements of modifying the airplane electrical system and revising the emergency procedures section of the AFM required by AD 90–13–12; and (2) require these modification and revisions only for those airplanes that have not installed modified inverters, P/N 1B350–1B1–3, in accordance with the instructions in Jetstream Service Bulletin (SB) 24–JM 7740, dated November 15, 1990, and have not restored the inverter transfer function in accordance with the instructions in Jetstream SB 24–JA 900941, dated November 14, 1990; or Jetstream SB 24–JA 900941, Revision 1, dated February 18, 1992. The proposed airplane electrical modifications would be accomplished in accordance with Jetstream Alert Service Bulletin (ASB) 24–A–JA 900443, Revision 1, dated May 1, 1990; and Jetstream ASB 24–A–JM 7708, Revision 1, dated May 22, 1990.

Interested persons have been afforded an opportunity to participate in the making of this amendment. No comments were received on the proposed rule or the FAA's determination of the cost to the public.

Since publication of the proposal, the FAA has re-examined various service difficulty reports on the affected airplanes, and determined that the proposed modification is still a valid safety issue, but is not considered an urgent safety of flight issue. Since sufficient time has passed (more than 12 months) since the issuance of the original proposal, the FAA is reopening the comment period to provide additional time for public comment.

The FAA estimates that 180 airplanes in the U.S. registry would be affected by the proposed AD, that it would take approximately 10 workhours per airplane to accomplish the proposed action, and that the average labor rate is approximately $60 an hour. Based on these figures, the total cost impact of the proposed AD on U.S. operators is estimated to be $108,000. This figure is based on the assumption that no affected owner/operator has accomplished the required modification.

Since AD 90–13–12, which would be superseded by this action, required the same actions (except for a limit in the airplane applicability), there is no additional cost of this AD on U.S. operators. The $28,800 cost difference between this AD (estimated $108,000) and superseded AD 90–04–04 (estimated $79,200) is a result of inflationary costs used in determining the costs of labor ($60 per hour as opposed to $40 per hour).

The regulations proposed herein would not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 12612, it is determined that this proposal would not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

For the reasons discussed above, I certify that this action (1) is not a ''significant regulatory action'' under Executive Order 12866; (2) is not a ''significant rule'' under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A copy of the draft regulatory evaluation prepared for this action has been placed in the Rules Docket. A copy of it may be obtained by contacting the Rules Docket at the location provided under the caption **ADDRESSES**.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Safety.

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration proposes to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

PART 39—AIRWORTHINESS DIRECTIVES

1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. App. 1354(a), 1421 and 1423; 49 U.S.C. 106(g); and 14 CFR 11.89.

§ 39.13 [Amended]

2. Section 39.13 is amended by removing AD 90–13–12, Amendment 39–6629 (55 FR 23890, June 13, 1990), and adding a new AD to read as follows:

Jetstream Aircraft Limited: Docket No. 90–CE–67–AD.

Applicability: Jetstream Models 3101 and 3201 airplanes (serial numbers 697 through 904), certificated in any category, that have not accomplished the following:

1. Installed two modified inverters, part number (P/N) 1B350–1B1–3, in accordance with the instructions in Jetstream Service Bulletin (SB) 24–JM 7740, dated November 15, 1990; and

2. Restored the inverter transfer function in accordance with the instructions in Jetstream SB 24–JA 900941, dated November 14, 1990; or Jetstream SB 24–JA 900941, Revision 1, dated February 18, 1992. Compliance: Required as indicated, unless already accomplished (compliance with superseded AD 90–13–12).

To prevent alternating current system failures, which, if not detected and corrected, could result in damage to the airplane navigational systems, accomplish the following:

(a) Within the next 50 hours time-in-service (TIS) after the effective date of this AD, modify the airplane electrical system and revise the emergency procedures section of the airplane flight manual in accordance with the instructions in Jetstream Alert Service Bulletin (ASB) 24–A–JA 900443, Revision 2, dated November 15, 1990, Section 2, ACCOMPLISHMENT INSTRUCTIONS; and APPENDIX C.

(b) Within the next 100 hours TIS after the effective date of this AD, modify the airplane electrical system in accordance with the instructions in Jetstream ASB 24–A–JM 7708, Revision 1, dated May 22, 1990, and revise the emergency procedures section of the airplane flight manual in accordance with the instructions in Jetstream ASB 24–A–JA 900443, Revision 2, dated November 15, 1990, APPENDIX C; or whichever of the following Advance Amendment Bulletins (AAB) is applicable:

Model	Publication
3101	AFM HP.4.10, Jetstream AAB number 6 with at least issue 1 status; and AFM HP.4.10, Jetstream AAB number 4 with at least issue 2 status.
3201	AFM HP.4.16, Jetstream AAB number 2 with at least issue 2 status, and removal of Jetstream AAB number 2, issue 1.

Note 1: Compliance with a previous revision level of the service bulletins referenced in this AD fulfills the applicable requirements of this AD and is considered ''unless already accomplished''.

(c) Replacement of both inverters, P/N 1B350–1B1–2, with modified inverters P/N 1B350–1B1–3 in accordance with the ''ACCOMPLISHMENT INSTRUCTIONS'' section of Jetstream SB 24–JM 7740, dated November 15, 1990, and restoration of the inverter transfer function in accordance with Jetstream ASB 24–JA 900941, dated November 14, 1990; or Jetstream ASB 24–JA 900941, Revision 1, dated February 18, 1992, is considered terminating action for the requirements of this AD.

(d) Special flight permits may be issued in accordance with §§ 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

(e) An alternative method of compliance or adjustment of the compliance times that

provides an equivalent level of safety may be approved by the Manager, Brussels Aircraft Certification Office ACO, FAA, Europe, Africa, and Middle East Office, c/o American Embassy, B–1000 Brussels, Belgium. The request should be forwarded through an appropriate FAA Maintenance Inspector, who may add comments and then send it to the Manager, Brussels ACO.

Note 2: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Brussels ACO.

(f) All persons affected by this directive may obtain copies of the documents referred to herein upon request to Jetstream Aircraft Limited, Manager Product Support, Prestwick Airport, Ayrshire, KA9 2RW Scotland; telephone (44–292) 79888; or Jetstream Aircraft Inc., Librarian, P.O. Box 16029, Dulles International Airport, Washington, DC 20041–6029; or may examine these documents at the FAA, Central Region, Office of the Assistant Chief Counsel, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106.

(g) This amendment supersedes AD 90–13–12, Amendment 39–6629.

Issued in Kansas City, Missouri, on February 6, 1995.

Michael K. Dahl,

Acting Manager, Small Airplane Directorate, Aircraft Certification Service.

[FR Doc. 95–3361 Filed 2–9–95; 8:45 am]

BILLING CODE 4910–13–U

14 CFR Part 39

[Docket No. 94–NM–70–AD]

Airworthiness Directives; McDonnell Douglas Model DC–10 Series Airplanes and Model KC–10A (Military) Airplanes

AGENCY: Federal Aviation Administration, DOT.

ACTION: Proposed rule; withdrawal.

SUMMARY: This action withdraws a notice of proposed rulemaking (NPRM) that proposed a new airworthiness directive (AD), applicable to all McDonnell Douglas Model DC–10 series airplanes and Model KC–10A (military) airplanes. That action would have required modification of the fuel crossfeed dump shutoff system. Since the issuance of the NPRM, the Federal Aviation Administration (FAA) has determined that other means are in place that adequately address the unsafe condition. Accordingly, the proposed rule is withdrawn.

FOR FURTHER INFORMATION CONTACT: Ray Vakili, Aerospace Engineer, Propulsion Branch, ANM–141L, FAA, Transport Airplane Directorate, Los Angeles Aircraft Certification Office, 3960 Paramount Boulevard, Lakewood, California 90712; telephone (310) 627–5262; fax (310) 627–5210.

SUPPLEMENTARY INFORMATION: A proposal to amend part 39 of the Federal Aviation Regulations (14 CFR part 39) to add a new airworthiness directive (AD), applicable to all McDonnell Douglas Model DC–10 series airplanes and Model KC–10A (military) airplanes, was published in the **Federal Register** as a Notice of Proposed Rulemaking (NPRM) on July 27, 1994 (59 FR 38141). The proposed rule would have required modification of the fuel crossfeed dump shutoff system. That action was prompted by an FAA determination that, in the event of a failure of the number 2 bus tie relay and subsequent loss of the electrical power source of the number 2 engine, an all-engine flameout event could occur due to fuel starvation during or shortly after a fuel dumping operation. The proposed actions were intended to prevent loss of the fuel crossfeed dump shutoff system due to a failure of the number 2 DC bus electrical relay and subsequent loss of the electrical power source of the number 2 engine.

Interested persons have been afforded an opportunity to comment on the proposal. Due consideration has been given to the comments received.

The majority of commenters request that the proposed rule be withdrawn for several reasons:

First, the commenters reference AD 92–22–06, amendment 39–8392 (57 FR 47570, October 19, 1992), applicable to Model MD–11 and DC–10 series airplanes and Model KC–10A (military) airplanes, which was cited in the preamble to the notice. That AD requires revising the Airplane Flight Manual (AFM) to include information to specify that electrical malfunctions may render the automatic fuel dump termination feature inoperative. That AD was prompted by an incident in which the fuel crossfeed dump shutoff system became inoperative, and fuel was dumped below the minimum allowable level. The commenters point out that the event that prompted the issuance of that AD occurred on a Model MD–11 airplane, not a Model DC–10 series airplane. Because the design of the fuel shutoff system of the Model DC–10 is similar to that of the Model MD–11, the FAA concluded that the potential unsafe condition could exist with regard to those airplanes; however, there was no service history relevant to the Model DC–10.

Second, the commenters indicate that the proposed modification of the fuel crossfeed dump shutoff system, which is described in McDonnell Douglas DC–10 Service Bulletin 28–208, would do nothing more than add a third level of redundancy to the crossfeed low level shutoff relay. In fact, the manufacturer, in its comments to the proposal, calls this modification merely ''a design enhancement'' to the automatic shut-off features of the fuel dump system; the manufacturer does not consider that an AD to mandate the modification is justified.

Third, the commenters consider that the Model DC–10 already has adequate redundancy present by means of a third crew member (the flight engineer), who has specific required duties to monitor fuel quantity and associated fault indication systems during fuel dump operations. The commenters consider that, with this additional crew member in the cockpit directly managing the fuel dumping process, there is adequate protection against dumping fuel below the minimum level. The commenters also point out that, even though AD 94–07–07 [amendment 39–8865 (59 FR 15853, April 5, 1994)] mandated a similar modification of the Model MD–11, those airplanes are operated by a two-man crew and, therefore, do not have the same level of redundancy as the Model DC–10 with its three-man crew.

For these reasons, the commenters contend that mandatory modification in accordance with the requirements of the proposed rule is not justified for Model DC–10 series airplanes.

Upon further consideration, the FAA concurs. The FAA has reviewed the service history of Model DC–10 series airplanes with regard to the fuel crossfeed dump shutoff system and finds that the unsafe condition previously specified in the proposal is addressed adequately by:

1. the current AFM revisions required by AD 92–22–06, and

2. the flight engineer having specific duties associated with monitoring minimum fuel during dumping operations.

Accordingly, the proposed rule is hereby withdrawn.

Withdrawal of this notice of proposed rulemaking constitutes only such action, and does not preclude the agency from issuing another notice in the future, nor does it commit the agency to any course of action in the future.

Since this action only withdraws a notice of proposed rulemaking, it is neither a proposed nor a final rule and therefore, is not covered under Executive Order 12866, the Regulatory Flexibility Act, or DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979).

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Safety.

The Withdrawal

Accordingly, the notice of proposed rulemaking, Docket 94–NM–70–AD, published in the **Federal Register** on July 27, 1994 (59 FR 38141), is withdrawn.

Issued in Renton, Washington, on February 6, 1995.

S.R. Miller,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910–13–U

COMMODITY FUTURES TRADING COMMISSION

17 CFR Part 1

Early Warning Reporting Requirements for Futures Commission Merchants

AGENCY: Commodity Futures Trading Commission.

ACTION: Extension of comment period.

SUMMARY: On December 28, 1994, the Commodity Futures Trading Commission (Commission) published in the **Federal Register** a request for public comment on proposed rules to amend the early warning reporting requirements for futures commission merchants (FCMs) set forth in Commission Rule 1.12. The original comment period expired on January 27, 1995. 59 FR 66822.

The proposed rules would require an FCM to report in accordance with Commission Rule 1.12 whenever: There is a reduction in adjusted net capital in excess of 20 percent of the amount reported in the last financial report filed with the Commission; [1] a margin call that exceeds the FCM's excess adjusted net capital remains unanswered by the close of business on the day following the issuance of the call; or the FCM's excess adjusted net capital is less than six percent of the maintenance margin required to support proprietary and noncustomer positions carried by the FCM.

The Securities Industry Association requested a thirty-day extension of the comment period in order that its Capital Committee may have sufficient opportunity to consider these proposals. In order to ensure that all interested parties have an adequate opportunity to submit meaningful comments, the Commission has determined to extend the comment period for an additional thirty days.

DATES: Comments must be received on or before February 27, 1995.

ADDRESSES: Comments should be sent to Jean A. Webb, Secretary of the Commission, Commodity Futures Trading Commission, 2033 K Street NW., Washington, DC 20581.

FOR FURTHER INFORMATION CONTACT: Paul H. Bjarnason, Jr., Chief Accountant, or Lawrence B. Patent, Associate Chief Counsel, Division of Trading and Markets, Commodity Futures Trading Commission, 2033 K Street, NW. Washington, DC 20581; telephone (202) 254–8955.

Issued in Washington, DC on February 6, 1995, by the Commission.

Jean A. Webb,

Secretary of the Commission.

BILLING CODE 6351–01–M

SUSQUEHANNA RIVER BASIN COMMISSION

18 CFR Parts 803, 804 and 805

Review and Approval of Projects; Special Regulations and Standards; Hearings/Enforcement Actions

AGENCY: Susquehanna River Basin Commission.

ACTION: Public hearing on rulemaking and addition to comprehensive plan.

SUMMARY: The Susquehanna River Basin Commission published in the **Federal Register** of June 8, 1994 (59 FR 29563) proposed rules on procedures for review of projects which also contained special review and approval requirements for consumptive uses of water, ground-water withdrawals and surface water withdrawals. Rules were also proposed setting special standards for water conservation and water use registration, and establishing hearing and enforcement procedures. A series of eight hearings were held during the summer of 1994 at various locations. This document announces: That the consumptive use portion of the proposed rulemaking action (§ 803.42) will be deferred pending further consultation with the regulated community; and that a final informal public hearing will be held on the non-consumptive use portion of the proposed rules.

DATES: The public hearing will be held on March 9, 1995, beginning at 9:00 a.m. Written comments on the non-consumptive use portion of the proposed rules should be submitted by March 9, 1995.

ADDRESSES: The public hearing will be held at the Radisson Penn Harris Hotel and Convention Center, room Keystone E, 1150 Camp Hill By-Pass, Camp Hill, PA. Comments should be addressed to Richard A. Cairo, General Counsel/ Secretary, Susquehanna River Basin Commission, 1721 N. Front Street, Harrisburg, PA 17102–2391.

FOR FURTHER INFORMATION CONTACT: Richard A. Cairo, General Counsel/ Secretary, SRBC, 717–238–0423.

SUPPLEMENTARY INFORMATION: The Susquehanna River Basin Commission will hold a final public hearing on the non-consumptive use portion of a proposed rulemaking action in conjunction with its regular meeting on March 9, 1995 at the Radisson Penn Harris Hotel and Convention Center, Room Keystone E, 1150 Camp Hill By-Pass, Camp Hill, PA., beginning at 9:00 a.m. This hearing will also cover a proposal to incorporate the proposed rules into the SRBC Comprehensive Plan. The proposed rules were published in the **Federal Register** on June 8, 1994 at p. 29563. Eight public hearings were held during the summer of 1994 at various locations throughout the basin.

In response to the comments received at these hearings, a number of changes have been made in the proposed rules, the most notable of which is the withdrawal of proposed § 803.42 on the consumptive use of water. In place of the proposed § 803.42, the Commission will substantially retain its present consumptive use regulation found in the Code of Federal Regulations at 18 CFR § 803.61. The Commission will continue the suspension of the consumptive use regulation with respect to agricultural consumptive uses while it works with representatives of the agricultural community to develop an appropriate approach to the management of agricultural related water use. Public water suppliers will also be consulted on the issue of consumptive use within their distribution systems.

The scope of this final public hearing will be limited to the non-consumptive use portion of the proposed rulemaking action. This portion of the regulation contains such items as a new surface water regulation, water use registration, approval durations, and new procedures for processing project applications. Procedures for notifying the public of pending applications and for holding public hearings are also strengthened.

The hearing will be informal in nature. *Comments should be limited to*

[1] When the Commission recently adopted rules concerning risk assessment for holding company systems, 59 FR 66674 (Dec. 28, 1994), it added a provision to Rule 1.12 requiring FCMs subject to the risk assessment rules to provide notice of adjusted net capital reductions in excess of 20 percent. The proposal would extend that requirement to all FCMs.

the non-consumptive use portion of the proposed regulations. The Commission reserves the right to limit oral testimony in the interest of time. Written comments submitted at or before the hearing will also be accepted and made a part of the hearing record. All written comments should be submitted by March 9, 1995.

Copies of the latest version of the proposed rules and a responsiveness document explaining why changes were made area available upon request to the Commission at 1721 N. Front Street, Harrisburg, PA. 17102–2391, 717/238–0423. Written comments may be submitted to and further information obtained from Richard A. Cairo, General Counsel/Secretary, at the same address and phone number.

Dated: February 3, 1995.

Paul O. Swartz,

Executive Director.

[FR Doc. 95–3263 Filed 2–9–95; 8:45 am]

BILLING CODE 7040–01–M

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

30 CFR Part 756

Navajo Nation Abandoned Mine Land Reclamation (AMLR) Plan

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Proposed rule; public comment period and opportunity for public hearing on proposed amendment.

SUMMARY: OSM is announcing receipt of a proposed amendment to the Navajo Nation AMLR plan (hereinafter referred to as the ''Navajo Nation plan'') under the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1201 *et seq.*) (SMCRA). The proposed amendment consists of the addition of interim program coal site provisions to the Navajo Nation's AMLR Code of 1987. The amendment is intended to revise the Navajo Nation plan to be consistent with SMCRA, and to improve operational efficiency.

DATES: Written comments must be received by 4:00 p.m., m.s.t., March 13, 1995. If requested, a public hearing on the proposed amendment will be held on March 7, 1995. Requests to present oral testimony at the hearing must be received by 4:00 p.m., m.s.t., February 27, 1995.

ADDRESSES: Written comments should be mailed or hand delivered to Thomas E. Ehmett at the address listed below.

Copies of the Navajo Nation plan, the proposed amendment, and all written comments received in response to this document will be available for public review at the addresses listed below during normal business hours, Monday through Friday, excluding holidays. Each requester may receive one free copy of the proposed amendment by contacting OSM's Albuquerque Field Office.

Thomas E. Ehmett, Acting Director, Albuquerque Field Office, Office of Surface Mining Reclamation and Enforcement, 505 Marquette Avenue, NW., Suite 1200, Albuquerque, New Mexico 87102;

The Navajo Nation, P.O. Box 308, Window Rock, Arizona 86515, Telephone: (602) 871–4941.

FOR FURTHER INFORMATION CONTACT: Thomas E. Ehmett, Telephone: (505) 766–1486.

SUPPLEMENTARY INFORMATION:

I. Background on Title IV of SMCRA

Title IV of SMCRA established an AMLR for the purposes of reclaiming and restoring lands and waters adversely affected by past mining. The program is funded by a reclamation fee levied on the production of coal. Lands and waters eligible for reclamation under Title IV are those that were mined or affected by mining and abandoned or inadequately reclaimed prior to August 3, 1977, and for which there is no continuing reclamation responsibility under State, Federal, Tribal, or other laws.

Title IV provides for State and Tribal submittal to OSM of an AMLR plan. The Secretary of the Interior adopted regulations at 30 CFR 870 through 888 that implement Title IV of SMCRA. Under these regulations, the Secretary reviewed the plans submitted by States and Tribes and solicited and considered comments of State and Federal agencies and the public. Based upon the comments received, the Secretary determined whether a State or Tribe had the ability and necessary legislation to implement the provisions of Title IV. After making such a determination, the Secretary decided whether to approve the State or Tribe program. Approval granted the State or Tribe exclusive authority to administer its plan.

Ordinarily, under section 405 of SMCRA, a State or Tribe must have an approved surface mining regulatory program prior to submittal of an AMLR plan to OSM. However, on July 11, 1987, the President signed a supplemental appropriations bill (Pub. L. 100–71) that authorized the Crow and Hopi Tribes and Navajo Nation to adopt AMLR programs without approval of Tribal surface mining regulatory programs.

Upon approval of a State's or Tribe's plan by the Secretary, the State or Tribe may submit to OSM, on an annual basis, an application for funds to be expended by that State or Tribe on specific projects that are necessary to implement the approval plan. Such annual requests are reviewed and approved by OSM in accordance with the requirements of 30 CFR Part 886.

II. Background on the Navajo Nation Plan

On May 16, 1988, the Secretary of the Interior approved the Navajo Nation plan. General background information on the Navajo Nation plan, including the Secretary's findings, the disposition of comments, and the approval of the Navajo Nation plan can be found in the May 16, 1988, **Federal Register** (53 FR 17186). Approval of the Navajo Nation plan is codified at 30 CFR 756.13. Subsequent actions concerning the Navajo Nation plan and plan amendments can be found at 30 CFR 756.14.

III. Proposed Amendment

By letter dated January 12, 1995, the Navajo Nation submitted the proposed amendment to its plan pursuant to SMCRA (administrative record No. NA–227). The Navajo Nation submited the proposed amendment at its own initiative and in response to the final rule **Federal Register** notice acknowledging that the Navajo Nation would amend its AMLR Code of 1987 to provide for the reclamation of interim program coal sites (59 FR 49178, 48181, finding No. 1(f), September 27, 1994; administrative record No. NA–225). The Navajo Nation proposes to add new language to its Code at section 404(b) to provide:

> Lands and waters also eligible for reclamation on the Navajo Nation are those which were damaged and abandoned after August 3, 1977 by coal mining processes if the Director finds in writing that:
>
> (1) They were mined for coal or affected by coal mining processes; and
>
> (2) The mining occurred and the site was left in either an unreclaimed or inadequately reclaimed condition between August 4, 1977 and September 18, 1984; or
>
> (3) The mining occurred and the site was left in either an unreclaimed or inadequately reclaimed condition between August 4, 1977 and ending on November 5, 1990, and that the surety of the mining operator became insolvent during such period and as of November 5, 1990, funds immediately available from proceedings relating to such insolvency or from any financial guarantee or other source are not sufficient to provide

adequate reclamation or abatement at the site; and

(4) The site qualifies as a priority site; and two site pursuant to section 403(a)(1) and (2) of SMCRA. Priority will be given to those sites which are in the immediate vicinity of a residential area or which have an adverse economic impact upon a community.

IV. Public Comment Procedures

In accordance with the provisions of 30 CFR 884.14 and 884.15(a), OSM is seeking comments on whether the proposed amendment satisfies the applicable plan approval criteria of 30 CFR 884.14. If the amendment is deemed adequate, it will become part of the Navajo Nation plan.

1. Written Comments

Written comments should be specific, pertain only to the issues proposed in this rulemaking, and include explanations in support of the commenter's recommendations. Comments received after the time indicated under ''DATES'' or at locations other than the Albuquerque Field Office will not necessarily be considered in the final rulemaking or included in the administrative record.

2. Public Hearing

Persons wishing to testify at the public hearing should contact the person listed under **FOR FURTHER INFORMATION CONTACT** by 4:00 p.m., m.s.t., February 27, 1995. Any disabled individual who has need for a special accommodation to attend a public hearing should contact the individual listed under **FOR FURTHER INFORMATION CONTACT.** The location and time of the hearing will be arranged with those persons requesting the hearing. If no one requests an opportunity to testify at the public hearing, the hearing will not be held.

Filing of a written statement at the time of the hearing is requested as it will greatly assist the transcriber. Submission of written statements in advance of the hearing will allow OSM officials to prepare adequate responses and appropriate questions.

The public hearing will continue on the specified date until all persons scheduled to testify have been heard. Persons in the audience who have not been scheduled to testify, and who wish to do so, will be heard following those who have been scheduled. The hearing will end after all persons scheduled to testify and persons present in the audience who wish to testify have been heard.

3. Public Meeting

If only one person requests an opportunity to testify at a hearing, a public meeting, rather than a public hearing, may be held. Persons wishing to meet with OSM representatives to discuss the proposed amendment may request a meeting by contacting the person listed under **FOR FURTHER INFORMATION CONTACT.** All such meetings will be open to the public and, if possible, notices of meetings will be posted at the locations listed under **ADDRESSES.** A written summary of each meeting will be made a part of the administrative record.

V. Procedural Determinations

1. Executive Order 12866

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

2. Executive Order 12778

The Department of the Interior has conducted the reviews required by section 2 of Executive Order 12778 (Civil Justice Reform) and has determined that this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State or Tribal AMLR plans and revisions thereof since each such plan is drafted and promulgated by a specific State or Tribe, not by OSM. Decisions on proposed State or Tribe AMLR plans and revisions thereof submitted by a State or Tribe are based on a determination of whether the submittal meets the requirements of Title IV of SMCRA (30 U.S.C. 1231–1243) and the applicable Federal regulations at 30 CFR Parts 884 and 888.

3. National Environmental Policy Act

No environmental impact statement is required for this rule since agency decisions on proposed State or Tribe AMLR plans and revisions thereof are categorically excluded from compliance with the National Environmental Policy Act (42 U.S.C. 4332) by the Manual of the Department of the Interior (516 DM 6, appendix 8, paragraph 8.4B(29)).

4. Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 *et seq.*).

5. Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). The Tribal submittal which is the subject of this rule is based upon Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic effect upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements established by SMCRA or previously promulgated by OSM will be implemented by the Tribe. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions in the analyses for the corresponding Federal regulations.

List of Subjects in 30 CFR Part 756

Abandoned mine land reclamation program, Indian lands.

Dated: February 2, 1995.

Charles E. Sandberg,

Acting Assistant Director, Western Support Center.

BILLING CODE 4310–05–M

DEPARTMENT OF TRANSPORTATION

Coast Guard

33 CFR Chapter I

[CGD 94–100]

Withholding of Vessel Clearances or Permits; Identification of Satisfactory Sureties in Lieu of Clearance or Permit Denial

AGENCY: Coast Guard, DOT.

ACTION: Request for comments.

SUMMARY: The Coast Guard is authorized, under several statutes, to request that the Customs Service refuse or revoke a vessel's clearance if the vessel's owner or operator may be subject to a penalty for violating the provisions of the authorizing statutes. These statutes also provide that the vessel may be cleared upon the filing of a bond or other surety satisfactory to the Coast Guard. However, because there are currently no uniform standards governing the form and terms of an acceptable surety, the policies applied have differed among the Coast Guard districts. The Coast Guard is requesting comments on what problems, if any, are created by these variations and what solutions, if any, are desirable. The Coast Guard may initiate rulemaking based upon the comments received.

DATES: Comments must be received on or before April 11, 1995.

ADDRESSES: Comments may be mailed to the Executive Secretary, Marine Safety Council (G–LRA/3406) (CGD 94–100),

U.S. Coast Guard Headquarters, 2100 Second Street SW., Washington, DC 20593–0001, or may be delivered to room 3406 at the same address between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays. The telephone number is (202) 267–1477. Comments will become part of this docket and will be available for inspection or copying at room 3406, U.S. Coast Guard Headquarters, between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: CDR David Dickman, Maritime and International Law Division (G–LMI), (202) 267–0095.

SUPPLEMENTARY INFORMATION:

Request for Comments

The Coast Guard encourages interested persons to submit written data, views, or arguments. Persons submitting comments should include their names and addresses, identify this request (CFD 94–100), and give the reason for each comment. Please submit two copies of all comments and attachments in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. Persons wanting acknowledgment of receipt of comments should enclose stamped, self-addressed postcards or envelopes.

Discussion of Issues

The following statutes authorize the Coast Guard to request that the Customs Service refuse or revoke the clearance required by 46 App. U.S.C. 91 of a vessel the owner or operator of which may be subject to a civil penalty for violation of these statutes:

(a) Federal Water Pollution Control Act (FWPCA) (33 U.S.C. 1321(b) (12)).

(b) Act to Prevent Pollution from Ships (APPS) (33 U.S.C. 1908(e)).

(c) Ports and Waterways Safety Act (PWSA) (33 U.S.C. 1232(f).

(d) Tank vessel operating or inspection requirements (46 U.S.C. 3718(e)).

(e) Inland Navigation Rules (33 U.S.C. 2072(d)).

In addition to the provisions that apply to potential liability for civil penalties, the Coast Guard has authority to request that the Customs Service withhold clearance to a vessel when the owner, operator, or person in charge may be liable for criminal fines for violations of APPS, which implements the provisions of MARPOL.

Clearance from the Customs Service is required before a U.S. or foreign flag vessel may proceed from a port or place in the United States to a foreign port or place, to another port or place in the United States, or to a hovering vessel outside the territorial sea or to receive or deliver merchandise outside the territorial sea. Clearance is not required for a U.S. vessel proceeding from a port or place in the United States to another port or place in the United States if the vessel does not have on board bonded merchandise or foreign merchandise for which entry has not been made (46 App. U.S.C. 91(a)(2)).

All of these statutes provide that the necessary clearance can be granted upon the posting of a bond or other surety satisfactory to the Coast Guard. Historically, the Coast Guard has accepted, as satisfactory, surety bonds, letters of undertaking, and cash placed in escrow in an amount equal to the maximum penalty or fine that could be assessed if a violation of the statute is found. However, the form and terms of the bonds and letters of undertaking have varied among Coast Guard marine safety offices and districts. This has resulted occasionally in some confusion among the marine industry, shipping agents, Protection and Indemnity clubs, and other entities that normally post the required sureties.

Based on these problems, the Coast Guard seeks comments, particularly on the following issues:

(a) Is it desirable to provide for nationwide uniformity in the format and content of bonds or other forms of surety accepted by the Coast Guard?

(b) Is there a need for regulations on this subject and, if so, what should be covered? If regulations are not needed, what alternative methods might be employed to remove the confusion noted above?

(c) What procedures should be incorporated in regulations or other methods for providing bonds or other forms of surety?

(d) What types of bonds or other forms of surety should be accepted and why?

(e) Should the Coast Guard develop standard forms for the sureties to be accepted or should only the basic necessary terms be identified, as in the regulations for Customs bonds under 19 CFR part 113?

(f) Should an option be provided to allow consideration to be given, on an ad hoc basis, to satisfactory sureties on terms not specified in the regulations? Alternatively, should the specified sureties or terms be exclusive?

(g) Should a letter of undertaking, as issued traditionally by P&I Clubs, continue to be accepted as a form of surety? If so, is the form used in general admiralty practice sufficient or are additional terms necessary to protect the interests of the government and vessel owners or operators? If letters of undertaking are acceptable, which individuals or entities should be liable in the event of a default in payment of the assessed penalty or fine?

(h) Are different terms required for acceptable forms of surety depending upon whether or not the statute establishes ''in rem'' liability of the vessel for civil penalties?

(i) If the owner or operator of the vessel may be subject to a criminal fine, would a letter of undertaking be an appropriate form of surety in light of the fact that, in general admiralty practice, letters of undertaking are used solely for civil liability purposes?

(j) If a letter of undertaking or other surety is determined by the Coast Guard to be acceptable for the purposes described, should the Coast Guard provide a list of acceptable corporate providers, similar to the listing for surety bonds published by the Department of the Treasury in Treasury Department Circular 570? Alternatively, should minimal qualifications for corporate providers of letters of undertaking or other satisfactory sureties be published without specifically listing acceptable providers?

(k) Should individuals or partnerships be authorized to provide bonds or other forms of surety? If so, what minimum qualifications should these providers be required to meet?

The Coast Guard may initiate rulemaking based upon the comments received.

Dated: February 3, 1995.

J.E. Shkor,

Chief Counsel.

RIN 2115–AE47

Drawbridge Operation Regulations; Little Potato Slough, CA

AGENCY: Coast Guard, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: At the request of the California Department of Transportation, the Coast Guard is considering amending the regulation for the Highway 12 Swing Bridge crossing over Little Potato Slough, mile 0.1 at Terminous, near Stockton, California. The existing regulation provides that the draw open upon demand from May 1 through October 31 from 6 a.m. to 10 p.m., and upon four hours advance notice at all other times. The proposed

regulation provides that the draw open on four hours advance notice at all times. This amendment will allow the bridge owner to reduce operating expenses, and should still provide for the reasonable needs of navigation.

DATES: Comments must be received on or before April 11, 1995.

ADDRESSES: Comments may be mailed to Commander (oan-br), Eleventh Coast Guard District, Building 10, Room 214, Coast Guard Island, Alameda, CA 94501–5100, or may be delivered to Room 214 at the same address between 7 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Christian G. Cerles, Bridge Section, Eleventh Coast Guard District, Alameda; telephone (510) 437–3514.

SUPPLEMENTARY INFORMATION:

Request for Comments

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written data, views, or arguments. Persons submitting comments should include their names and addresses, identify this rulemaking (CGD11–95–002) and the specific section of this proposal to which each comment applies, and give the reason for each comment. The Coast Guard requests that all comments and attachments be submitted in an unbound format suitable for copying and electronic filing. If not practical, a second copy of any bound material is requested. Persons wanting acknowledgment of receipt of comments should enclose a stamped, self-addressed postcard or envelope. The Coast Guard will consider all comments received during the comment period. It may change this proposal in view of the comments.

The Coast Guard plans no public hearing. Persons may request a public hearing by writing to Commander (oan-br), Eleventh Coast Guard District, at the address under **ADDRESSES**. The request should include reasons why a hearing would be beneficial. If it determines that the opportunity for oral presentations will aid this rulemaking, the Coast Guard will hold a public hearing at a time and place announced by a later notice in the **Federal Register**.

Drafting Information

The principal persons involved in drafting this regulation are Christian G. Cerles, Project Manager, Bridge Section, Eleventh Coast Guard District, and Lieutenant Robin Barber, Project Attorney, Eleventh Coast Guard District Legal Office.

Background and Purpose

The Little Potato Slough Bridge was built in 1991 to replace the swing bridge built at that location in 1936.

The old swing bridge had a vertical clearance of nine feet above Mean High Water (MHW) in a closed position. The present bridge has a vertical clearance of 35 feet above MHW when in the closed position.

Because of this greater vertical clearance, the number of bridge openings has dropped significantly with the present bridge, allowing most vessels to pass under the new bridge while the bridge was in a closed position. In 1982, the bridge opened 2300 times, with an annual growth rate of four percent prior to the reconstruction (an estimated 3145 openings in 1990). In 1993, the first full year of operation after reconstruction, the bridge opened 239 times. All but three of the openings were for recreational vessels. By further comparison, the nearby Mokelumne River Bridge, which crosses another recreational waterway and has a vertical clearance of seven feet, opened 3518 times in 1993.

Discussion of Proposed Regulation

The current regulation requires that the draw open on signal from 6 a.m. to 10 p.m. May 1 through October 31. The remainder of the time, the draw shall open upon signal provided that at least four hours notice to the drawtender at the Rio Vista bridge has been given. The proposed regulation would require a four-hour advance notice at all times. Because the vessel traffic requirements of the waterway are limited, requiring advance notice to request draw openings appears reasonable. This proposed amendment would allow the bridge owner to reduce operating expenses while still ensuring that all draw opening requests are accommodated and still provide for the reasonable needs of navigation.

Notice to open the draw would continue be given to the drawtender at the Rio Vista bridge. The Rio Vista bridge has a drawtender on duty at all times.

Regulatory Evaluation

This proposal is not a significant regulatory action under Section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under Section 6(a)(3) of that Order. It has been exempted from review by the Office of Management and Budget under that Order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this regulation to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the Department of Transportation regulatory policies and procedures is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this proposal would have a significant economic impact on a substantial number of small entities. ''Small entities'' include independently owned and operated small businesses that are not dominant in their field and that otherwise qualify as ''small business concerns'' under section 3 of the Small Business Act (15 U.S.C. 632). Because it expects the impact of this proposal to be minimal, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposal, if adopted, will not have a significant economic impact on a substantial number of small entities.

Collection of Information

This proposal contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this proposal in accordance with the principles and criteria contained in Executive Order 12612 and has determined that this proposal does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard considered the environmental impact of this proposal and concluded that, under section 2.B.2. of Commandant Instruction M16475.1B, the proposal is categorically excluded from further environmental documentation.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons set out in the preamble, the Coast Guard proposes to amend Part 117 of Title 33, Code of Federal Regulations, as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for Part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 49 CFR 1.46; 33 CFR 1.05–1(g); section 117.255 is also issued under the authority of Pub. L. 102–587, 106 Stat. 5039.

2. Section 117.167 is revised to read as follows:

§ 117.167 Little Potato Slough.

The draw of the California Department of Transportation highway bridge, mile 0.1 at Terminous, shall open on signal if at least four hours notice is given to the drawtender at the Rio Vista bridge across the Sacramento River, mile 12.8.

Dated: January 20, 1995.

D.D. Polk,

Captain, U.S. Coast Guard, Commander, Eleventh Coast Guard District, Acting.

BILLING CODE 4910–14–M

33 CFR Part 117

[CGD05–94–116]

RIN 2115–AE47

Drawbridge Operation Regulations; Wicomico River, Salisbury, MD

AGENCY: Coast Guard, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: At the request of the State Highway Administration, Maryland Department of Transportation, the Coast Guard is proposing to change the regulations that govern the operation of the Main Street and the US 50 drawbridges across the North Prong of the Wicomico River, mile 22.4, in Salisbury, Maryland. This proposal would extend the current rush hour restrictions by one hour in the morning and one hour in the afternoon, and require a three hour advance notice for commercial vessels needing a bridge opening during the hours of closure due to emergency situations. The existing 12 noon to 1 p.m. closure period would remain unaffected by this proposed change.

These changes to the drawbridge regulations are intended to reduce motor vehicle delays and congestion, while still providing for the reasonable needs of navigation.

DATES: Comments must be received on or before May 11, 1995.

ADDRESSES: Comments may be mailed to Commander (ob), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704–5004, or may be delivered to Room 109 at the same address between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays. The telephone number is (804) 398–6222. Comments will become part of this docket and will be available for inspection at Room 109, Fifth Coast Guard District.

FOR FURTHER INFORMATION CONTACT:

Ann B. Deaton, Bridge Administrator, Fifth Coast Guard District, at (804) 398–6222.

SUPPLEMENTARY INFORMATION:

Request for Comments

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written data, views, or arguments. Persons submitting comments should include their names and addresses, identify this rulemaking (CGD05–94–116) and the specific section of this proposal to which each comment applies, and give the reason for each comment. The Coast Guard requests that all comments and attachments be submitted in an unbound format suitable for copying and electronic filing. If not practical, a second copy of any bound material is requested. Persons wanting acknowledgment of receipt of comments should enclose a stamped, self-addressed postcard or envelope.

The Coast Guard will consider all comments received during the comment period. It may change this proposal in view of the comments.

The Coast Guard plans no public hearing. Persons may request a public hearing by writing to the Commander (ob) at the address under **ADDRESSES**. The request should include reasons why a hearing would be beneficial. If it determines that the opportunity for oral presentations will aid this rulemaking, the Coast Guard will hold a public hearing at a time and place announced by a later notice in the **Federal Register.**

Drafting Information

The principal persons involved in drafting this document are Linda L. Gilliam, Project Manager, Bridge Section, and LCDR C.A. Abel, Project Counsel, Fifth Coast Guard District Legal Office.

Background and Purpose

The State Highway Administration, Maryland Department of Transportation (MDOT), has requested that openings of the Main Street and US 50 drawbridges across the North Prong of the Wicomico River, mile 22.4, at Salisbury, Maryland, be further restricted during the morning and evening rush hours. This would help to reduce highway traffic congestion problems and relieve public safety and welfare concerns associated with frequent bridge openings caused by commercial boat traffic. Currently, these drawbridges open on signal except from 8 a.m. to 9 a.m., 12 noon to 1 p.m., and 4:30 p.m. to 5:30 p.m. during which time both remain closed to navigation. MDOT's request is to change the hours of bridge closures to 7 a.m. to 9 a.m. in the morning and to 4 p.m. to 6 p.m. in the afternoon. The existing 12 noon to 1 p.m. closure would remain the same.

A review of the bridge logs provided by MDOT revealed that the bridge openings during 1992–1993 from 7 a.m. to 8 a.m. in the morning and from 4–4:30 p.m. to 5:30–6 p.m. in the evening were caused by tugs and tugs with tows. These openings are frequent enough to cause highway traffic to back up on each side of the bridge resulting in congestion and delays.

This request is based on an analysis MDOT conducted on highway traffic and marine traffic data, along with a waterway user and property owner survey that was conducted in 1993. Adjacent property owners had no objection to the extended morning and evening rush hours. According to DELMARVA Water Transport Committee, Inc., only two commercial businesses are located upstream of the bridge and one of these businesses has expressed concern over extending the periods of closure for these bridges. Based on this concern, DELMARVA has requested that the Coast Guard include in the proposed rule a three hour advance notice requirement for commercial vessels needing passage through the bridge during the hours of restriction. This advance notice requirement would only apply to tugs and barges unable to reach the bridges except during the hours of closure due to severe inclement weather or other emergency or unforeseen circumstances.

DELMARVA also contacted MDOT with this request and MDOT agreed that this provision should be added to the proposed rule, provided commercial vessels adhere to the ''emergency only'' requirement when taking advantage of the three hour advance notice exception. Based on DELMARVA's request and MDOT's approval of this request, the proposed rule will include a provision requiring commercial vessels to provide a three hour advance notice for a bridge opening during the hours of closure only if their transit is delayed by inclement weather or other emergency or unforeseen circumstances. Other than this, commercial vessels will be required to transit through these bridges during the open-on-demand hours.

The Administrative Director of Wicomico County, Maryland notified the Coast Guard that the county supports MDOT's request because of the increase in highway traffic crossing these bridges as a result of substantial residential growth. The Salisbury Area Chamber of Commerce also supports these changes to the operating schedule

of the Main Street and US 50 drawbridges.

This proposed change to the existing regulations is intended to establish a schedule that will meet the reasonable needs of the waterway users and, at the same time, diminish delays to and improve the flow of motor vehicles crossing the bridge.

Based on this information, the Coast Guard believes these proposed regulations will not unduly restrict recreational and commercial vessels passage through these bridges since they can plan their transits around the periods of closures.

Regulatory Evaluation

This proposed action is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this proposal, if adopted, will have a significant economic impact on a substantial number of small entities. ''Small entities'' include independently owned and operated small businesses that are not dominant in their field and that otherwise qualify as ''small business concerns'' under section 3 of the Small Business Act (15 U.S.C. 632). Because it expects the impact of this proposal to be minimal, the Coast Guard certifies under 5 U.S.C. 605(b) that this proposal, if adopted, will not have a significant economic impact on a substantial number of small entities.

Collection of Information

This proposal contains no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

The Coast Guard has analyzed this proposal under the principals and criteria contained in Executive Order 12612, and it has determined that this proposal will not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environment

The Coast Guard considered the environmental impact of this proposal and concluded that under section 2.B.2.E.(32)(e) of Commandant Instruction M16475.1B, this proposal is categorically excluded from further environmental documentation. A Categorical Exclusion Determination statement and checklist has been prepared and placed in the rulemaking docket.

List of Subjects in 33 CFR Part 117

Bridges.

Regulations

In consideration of the foregoing, the Coast Guard proposes to amend Part 117 of Title 33, Code of Federal Regulations to read as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for Part 117 continues to read as follows:

Authority: 33 U.S.C. 499, 49 CFR 1.46; 33 CFR 1.05–1(g)

2. Section 117.579 is revised to read as follows:

§ 117.579 Wicomico River (North Prong).

The draws of the Main Street and US 50 bridges, mile 22.4, at Salisbury, Maryland shall open on signal, except;

(a) From 7 a.m. to 9 a.m., from 12 noon to 1 p.m., and from 4 p.m. to 6 p.m., the draw need not be opened for the passage of vessels, except

(b) for tugs with tows, if at least three hours advance notice is given, and the reason for opening during a closure period described in paragraph (a) of this section is due to delays caused by inclement weather or other emergency or unforeseen circumstances.

Dated: January 20, 1995.

M.K. Cain,

Captain, U.S. Coast Guard, Commander, Fifth Coast Guard District, Acting.

[FR Doc. 95–3432 Filed 2–9–95; 8:45 am]

BILLING CODE 4910–14–M

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Chapter I

[FRL–5153–2]

Notice and Open Meeting of the Negotiated Rulemaking Advisory Committee for Small Nonroad Engine Regulations

AGENCY: Environmental Protection Agency.

ACTION: FACA Committee Meeting—Negotiated Rulemaking on Small Nonroad Engine Regulations.

SUMMARY: As required by section 9(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), EPA is giving notice of the next meeting of the Advisory Committee to negotiate a rule to reduce air emissions from small nonroad engines. The meeting is open to the public without advance registration. The purpose of the meeting is to continue identification and discussion of issues, discuss interests of committee members, and hear reports from task groups.

DATES: The committee will meet on February 21 and 22, 1995 from 10 a.m. to 6 p.m.

ADDRESSES: The location of the meeting will be the Holiday Inn East, 3750 Washtenaw, Ann Arbor, MI 48104, (313) 971–2000.

FOR FURTHER INFORMATION CONTACT: Persons needing further information on the technical and substantive matters of the rule should contact Betsy McCabe, National Vehicle and Fuel Emissions Laboratory, 2565 Plymouth Rd., Ann Arbor, Michigan 48105, (313) 668–4344. Persons needing further information on committee procedes should call Deborah Dalton, Consensus and Dispute Resolution Program, Environmental Protection Agency, 401 M Street, S.W. Washington, DC 20460, (202) 260–5495, or the Committee's facilitator, Lucy Moore or John Folk-Williams, Western Network, 616 Don Gaspar, Santa Fe, New Mexico, 87501, (505) 982–9805.

Dated: February 6, 1995.

Chris Kirtz,

Acting Designated Federal Official, Deputy Director, Consensus and Dispute Resolution Program.

Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision, Bay Area Air Quality Management District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: EPA is proposing to approve revisions to the California State Implementation Plan (SIP) which concern the control of volatile organic compound (VOC) emissions from light

and medium duty motor vehicle assembly plants, from the surface coating of large appliances and metal furniture, from wood coating operations, and from air stripping and soil vapor extraction operations.

The intended effect of proposing approval of these rules is to regulate emissions of VOCs in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). EPA's final action on this notice of proposed rulemaking (NPRM) will incorporate these rules into the federally approved SIP. EPA has evaluated each of these rules and is proposing to approve them under provisions of the CAA regarding EPA action on SIP submittals, SIPs for national primary and secondary ambient air quality standards and plan requirements for nonattainment areas.

DATES: Comments must be received on or before March 13, 1995.

ADDRESSES: Comments may be mailed to: Daniel A. Meer, Rulemaking Section (A–5–3), Air and Toxics Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105–3901.

Copies of the rules and EPA's evaluation report of each rule are available for public inspection at EPA's Region 9 office during normal business hours. Copies of the submitted rules are also available for inspection at the following locations:

California Air Resources Board, Stationary Source Division, Rule Evaluation Section, 2020 ''L'' Street, Sacramento, CA 95814

Bay Area Air Quality Management District, 939 Ellis Street, San Francisco, CA 94109

FOR FURTHER INFORMATION CONTACT: Nikole Reaksecker, Rulemaking Section (A–5–3), Air and Toxics Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105–3901. (415) 744–1187.

SUPPLEMENTARY INFORMATION:

Applicability

The rules being proposed for approval into the California SIP include: Bay Area Air Quality Management District (BAAQMD), Regulation 8, Rule 13 (Rule 8–13), Light and Medium Duty Motor Vehicle Assembly Plants; Regulation 8, Rule 14 (Rule 8–14), Surface Coating of Large Appliances and Metal Furniture; Regulation 8, Rule 23 (Rule 8–23), Coating of Flat Wood Paneling and Wood Flat Stock; and Regulation 8, Rule 47 (Rule 8–47), Air Stripping and Soil Vapor Extraction Operations. These rules were submitted by the California Air Resources Board (CARB) to EPA on September 28, 1994.

Background

On March 3, 1978, EPA promulgated a list of ozone nonattainment areas under the provisions of the Clean Air Act, as amended in 1977 (1977 CAA or pre-amended Act), that included the San Francisco Bay Area. 43 FR 8964; 40 CFR 81.305. Because this area was unable to meet the statutory attainment date of December 31, 1982, California requested under section 172(a)(2), and EPA approved, an extension of the attainment date to December 31, 1987. (40 CFR 52.222) On May 26, 1988, EPA notified the Governor of California, pursuant to section 110(a)(2)(H) of the pre-amended Act, that the above district's portion of the California SIP was inadequate to attain and maintain the ozone standard and requested that deficiencies in the existing SIP be corrected (EPA's SIP-Call). On November 15, 1990, the Clean Air Act Amendments of 1990 were enacted. Public Law 101–549, 104 Stat. 2399, codified at 42 U.S.C. 7401–7671q. In amended section 182(a)(2)(A) of the CAA, Congress statutorily adopted the requirement that nonattainment areas fix their deficient reasonably available control technology (RACT) rules for ozone and established a deadline of May 15, 1991 for states to submit corrections of those deficiencies.

Section 182(a)(2)(A) applies to areas designated as nonattainment prior to enactment of the amendments and classified as marginal or above as of the date of enactment. It requires such areas to adopt and correct RACT rules pursuant to pre-amended section 172(b) as interpreted in pre-amendment guidance.[1] EPA's SIP-Call used that guidance to indicate the necessary corrections for specific nonattainment areas. The San Francisco Bay Area is classified as moderate;[2] therefore, this area was subject to the RACT fix-up requirement and the May 15, 1991 deadline.

The State of California submitted many revised RACT rules for incorporation into its SIP on September 28, 1994, including the rules being acted on in this document. This document addresses EPA's proposed action for BAAQMD's Rules 8–13, 8–14, 8–23, and 8–47. BAAQMD adopted Rule 8–14 on June 1, 1994, and adopted Rules 8–13, 8–23 and 8–47 on June 15, 1994. These submitted rules were found to be complete on November 22, 1994 pursuant to EPA's completeness criteria that are set forth in 40 CFR part 51, appendix V[3] and are being proposed for approval into the SIP.

Rule 8–13 controls VOC emissions from light and medium duty motor vehicle assembly plants. Rule 8–14 controls VOC emissions from the surface coating of large appliances and metal furniture. Rule 8–23 controls VOC emissions from the coating of flat wood paneling and wood flat stock. Rule 8–47 limits VOC emissions from new and modified air stripping and soil vapor extraction equipment used for the treatment of contaminated groundwater and soil. VOCs contribute to the production of ground level ozone and smog. The rules were adopted as part of the District's efforts to achieve the National Ambient Air Quality Standard (NAAQS) for ozone and in response to EPA's SIP-Call and the section 182(a)(2)(A) CAA requirement. The following is EPA's evaluation and proposed action for these rules.

EPA Evaluation and Proposed Action

In determining the approvability of a VOC rule, EPA must evaluate the rule for consistency with the requirements of the CAA and EPA regulations, as found in section 110 and part D of the CAA and 40 CFR part 51 (Requirements for Preparation, Adoption, and Submittal of Implementation Plans). The EPA interpretation of these requirements, which forms the basis for today's action, appears in the various EPA policy guidance documents listed in footnote 1. Among those provisions is the requirement that a VOC rule must, at a minimum, provide for the implementation of RACT for stationary sources of VOC emissions. This requirement was carried forth from the pre-amended Act.

For the purpose of assisting state and local agencies in developing RACT rules, EPA prepared a series of Control Technique Guideline (CTG) documents. The CTGs are based on the underlying requirements of the Act and specify the presumptive norms for what is RACT

[1] Among other things, the pre-amendment guidance consists of those portions of the proposed Post-1987 ozone and carbon monoxide policy that concern RACT, 52 FR 45044 (November 24, 1987); ''Issues Relating to VOC Regulation Cutpoints, Deficiencies, and Deviations, Clarification to Appendix D of November 24, 1987 **Federal Register** Notice'' (Blue Book) (notice of availability was published in the **Federal Register** on May 25, 1988); and the existing control technique guidelines (CTGs).

[2] The San Francisco Bay Area retained its designation of nonattainment and was classified by operation of law pursuant to sections 107(d) and 181(a) upon the date of enactment of the CAA. See 55 FR 56694 (November 6, 1991).

[3] EPA adopted the completeness criteria on February 16, 1990 (55 FR 5830) and, pursuant to section 110(k)(1)(A) of the CAA, revised the criteria on August 26, 1991 (56 FR 42216).

for specific source categories. Under the CAA, Congress ratified EPA's use of these documents, as well as other Agency policy, for requiring States to ''fix-up'' their RACT rules. See section 182(a)(2)(A). The CTG applicable to BAAQMD's Rule 8–13 is entitled ''Control of Volatile Organic Emissions from Stationary Sources—Volume II: Surface Coating of Cans, Coils, Paper, Fabrics, Automobiles, and Light-Duty Trucks'', EPA–450/2–77–008. The CTGs applicable to BAAQMD's Rule 8–14 are entitled ''Control of Volatile Organic Emissions from Existing Stationary Sources—Volume V: Surface Coating of Large Appliances'', EPA–450/2–77–034, and ''Control of Volatile Organic Emissions from Existing Stationary Sources—Volume III: Surface Coating of Metal Furniture'', EPA–450/2–77–032. The CTG applicable to BAAQMD's Rule 8–23 is entitled ''Control of Volatile Organic Emissions from Existing Stationary Sources—Volume VII: Factory Surface Coating of Flat Wood Paneling'', EPA–450/2–78–032. Rule 8–47 controls emissions from a source category for which EPA has not developed a CTG. Consequently, Rule 8–47 was evaluated against the general RACT requirements of the Clean Air Act (section 110 and part D), 40 CFR part 51, and other EPA policy including the EPA Region IX/CARB document entitled, *Guidance Document for Correcting VOC Rule Deficiencies,* April 1991. Further interpretations of EPA policy are found in the Blue Book, referred to in footnote 1. In general, these guidance documents have been set forth to ensure that VOC rules are fully enforceable and strengthen or maintain the SIP.

BAAQMD's submitted Rule 8–13 includes the following significant changes from the current SIP:

- deletes exemptions for miscellaneous coatings and constrained coating lines,
- incorporates applicable coating limits from two other BAAQMD rules (Rules 8–19 and 8–31) into Rule 8–13,
- establishes VOC limits on a ''solids-applied basis'',
- adds and changes several definitions,
- develops a new compliance schedule,
- revises recordkeeping section to require monthly records instead of annual records,
- adds recordkeeping requirements for air pollution abatement equipment,
- includes EPA Test Methods 24 and 24A as test methods that can be used to determine compliance.

BAAQMD's submitted Rule 8–14 includes the following significant changes from the current SIP:

- reduces low usage coating exemption amount to 55 gallons,
- adds a definition for key system operating parameter,
- adds recordkeeping requirements for air pollution abatement equipment,
- includes EPA suggested language referencing EPA Test Methods 25 and 25A as test methods that can be used to determine compliance.

BAAQMD's submitted Rule 8–23 includes the following significant changes from the current SIP:

- mandates that air pollution abatement equipment have an abatement device efficiency of at least 90% and meet the requirements of Regulation 2, Rule 1,
- requires persons operating air pollution abatement equipment to record key system operating parameters on a daily basis,
- includes EPA suggested language referencing EPA Test Methods 25 and 25A as test methods that can be used to determine compliance.

BAAQMD's Rule 8–47 is a new rule which was adopted to limit the VOC emissions from air stripping and soil vapor extraction equipment used for the treatment of contaminated groundwater and soil. The rule strengthens the SIP by:

- regulating a previously unregulated source,
- requiring any air stripping and soil vapor extraction operations which emit benzene, vinyl chloride, perchloroethylene, methylene chloride and/or trichloroethylene to be vented to a control device which reduces emissions to the atmosphere by at least 90% by weight,
- mandating that any air stripping and soil vapor extraction operations with a total organic compound emission greater than 15 pounds per day be vented to a control device which reduces emissions to the atmosphere by at least 90% by weight,
- requiring sources to apply for permits and/or to provide written notification of intention to operate and to maintain records of water analysis and vapor monitoring results,
- providing test methods for air stripper water samples, organic compound concentration in the water, and the determination of emissions,
- exempting small operations, air stripping and soil vapor extraction operations with total emissions of less than one pound per day, sewage treatment facilities, and industrial wastewater treatment facilities.

EPA has evaluated the submitted rules and has determined that they are consistent with the CAA, EPA regulations, and EPA policy. Therefore, BAAQMD's Rule 8–13, Light and Medium Duty Motor Vehicle Assembly Plants, Rule 8–14, Surface Coating of Large Appliances and Metal Furniture, Rule 8–23, Coating of Flat Wood Paneling and Wood Flat Stock, and Rule 8–47, Air Stripping and Soil Vapor Extraction Operations, are being proposed for approval under section 110(k)(3) of the CAA as meeting the requirements of section 110(a) and part D.

Nothing in this action should be construed as permitting or allowing or establishing a precedent for any future request for revision to any state implementation plan. Each request for revision to the state implementation plan shall be considered separately in light of specific technical, economic, and environmental factors and in relation to relevant statutory and regulatory requirements.

Regulatory Process

Under the Regulatory Flexibility Act, 5 U.S.C. 600 *et seq.*, EPA must prepare a regulatory flexibility analysis assessing the impact of any proposed or final rule on small entities. 5 U.S.C. 603 and 604. Alternatively, EPA may certify that the rule will not have a significant impact on a substantial number of small entities. Small entities include small businesses, small not-for-profit enterprises and government entities with jurisdiction over populations of less than 50,000.

SIP approvals under sections 110 and 301 and subchapter I, part D of the CAA do not create any new requirements, but simply approve requirements that the State is already imposing. Therefore, because the Federal SIP-approval does not impose any new requirements, it does not have a significant impact on any small entities affected. Moreover, due to the nature of the Federal-state relationship under the CAA, preparation of a regulatory flexibility analysis would constitute Federal inquiry into the economic reasonableness of state action. The CAA forbids EPA to base its actions concerning SIPs on such grounds. *Union Electric Co.* v. *U.S. E.P.A.*, 427 U.S. 246, 256–66 (S.Ct. 1976); 42 U.S.C. 7410(a)(2).

The OMB has exempted this action from review under Executive Order 12866.

Approval and Promulgation of Air Quality Implementation Plans; Tennessee; Revision to New Source Review, Construction and Operating Permit Requirements

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of Tennessee for the purpose of bringing the State's new source review (NSR) regulations into compliance with the 1990 amendments to the Clean Air Act (CAA) and the Federal regulations. In the final rules section of this **Federal Register**, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by March 13, 1995.

ADDRESSES: Written comments should be addressed to: Ms. Karen Borel, at the Regional Office Address listed.

Copies of the material submitted by the State of Tennessee may be examined during normal business hours at the following locations:

Air and Radiation Docket and Information Center (Air Docket 6102), U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460.

National Oil and Hazardous Substance Contingency Plan; National Priorities List Update

AGENCY: Environmental Protection Agency.

ACTION: Notice of intent to delete Wilson Concepts Site from the National Priorities List (NPL); request for comments.

SUMMARY: EPA, Region IV, announces its intent to delete the Wilson Concepts Superfund Site (Site) in Pompano Beach, Broward County, Florida, from the NPL and requests public comment on this action. The NPL constitutes appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA), as amended. EPA and the State of Florida (State) have determined that all appropriate response actions under CERCLA have been implemented and that no further cleanup by responsible parties is appropriate. Moreover, EPA and the State have determined that the remedial actions conducted at the Site to date have been protective of public health, welfare, and the environment.

DATES: Comments on the proposed deletion from the NPL should be submitted no later than March 13, 1995.

ADDRESSES: Comments may be mailed to Olga Perry, Remedial Project Manager, South Superfund Remedial Branch, Waste Management Division, U.S. Environmental Protection Agency, Region IV, 345 Courtland Street, NE., Atlanta, GA 30365.

Comprehensive information on this Site is available through the EPA Region IV public docket, which is located at EPA's Region IV office and is available for viewing by appointment from 9:00 a.m. to 4:00 p.m., Monday through Friday, excluding holidays. Requests for appointments or copies of the background information from the regional public docket should be directed to the EPA Region IV docket office.

The address for the regional docket office is Ms. Debbie Jourdan, U.S. Environmental Protection Agency, Region IV, 345 Courtland Street, NE., Atlanta, Georgia 30365, telephone No.: (404) 347–5059, ext. 6217.

Background information from the regional public docket is also available for viewing at the Site information repository located at the Broward County Main Library, Government Documents, 100 South Andrews Avenue NE., Fort Lauderdale, Florida 33301.

FOR FURTHER INFORMATION CONTACT: Ms. Olga Perry, U.S. Environmental Protection Agency, Region IV, 345 Courtland Street, NE., Atlanta, Georgia 30365, (404) 347–2643, ext. 6249.

SUPPLEMENTARY INFORMATION:

Table of Contents

I. Introduction
II. NPL Deletion Criteria
III. Deletion Procedures
IV. Basis for Intended Site Deletions

I. Introduction

EPA, Region IV, announces its intent to delete the Site from the NPL, which constitutes Appendix B of the NCP, and requests comments on this proposed deletion. EPA identifies sites that appear to present a significant risk to public health, welfare, or the environment and maintains the NPL as the list of those sites. Sites on the NPL may be the subject of remedial actions financed by the Hazardous Substances Superfund (Fund). Pursuant to § 300.425(e)(3) of the NCP, any site deleted from the NPL remains eligible for Fund-financed Remedial Actions in the unlikely event that conditions at the site warrant such action.

EPA will accept comments concerning this Site until March 13, 1995.

Section II of this notice explains the criteria for deleting sites from the NPL. Section III discusses procedures that EPA is using for this action. Section IV discusses how the Site meets the deletion criteria.

II. NPL Deletion Criteria

The NCP establishes the criteria that the Agency uses to delete sites from the NPL. In accordance with 40 CFR 300.425(e), releases may be deleted from the NPL where no further response is appropriate. In making this determination, EPA will consider, in consultation with the State, whether any of the following criteria have been met:

(i) Responsible or other parties have implemented all appropriate response actions required; or

(ii) All appropriate Fund-financed responses under CERCLA have been implemented and no further cleanup by responsible parties is appropriate; or

(iii) The remedial investigation has shown that the release poses no significant threat to public health or the environment and, therefore, taking of remedial measures is not appropriate.

III. Deletion Procedures

EPA Region IV will accept and evaluate public comments before making a final decision to delete. Comments from the local community may be the most pertinent to deletion decisions. The following procedures were used for the intended deletion of this Site:

(1) EPA, Region IV, has recommended deletion and has prepared the relevant documents. (2) The State has concurred with deletion decision. (3) Concurrent with this National Notice of Intent to Delete, a local notice has been published in local newspapers and has been distributed to appropriate federal, state, and local officials, and other interested parties. (4) The Region has made all relevant documents available in the Regional Office and local site information repository.

Deletion of a site from the NPL does not itself, create, alter, or revoke any individual rights or obligations. The NPL is designated primarily for information purposes and to assist Agency management. As mentioned in Section II of this document, 40 CFR 300.425(e)(3) provides that deletion of a site from the NPL does not preclude eligibility for future Fund-financed response actions.

The comments received during the notice and comment period will be evaluated before the final decision to delete. The Region will prepare a Responsiveness Summary, if necessary, which will address any comments received during the public comment period.

A deletion occurs when the EPA Regional Administrator publishes a notice in the **Federal Register**. The NPL will reflect any deletions in the next final update. Public notices and copies of the Responsiveness Summary will be made available to local residents by Region IV.

IV. Basis for Intended Site Deletion

The following summary provides the Agency's rationale for the intent to delete this Site from the NPL.

The Wilson Concepts Site occupies approximately two acres in a highly industrialized section of northeastern Broward County, Pompano Beach, Florida. Associated operations at the facility included precision machining, drilling, and milling of metal parts, vibratory deburring, degreasing, steam cleaning, and spray coating of parts. A variety of chemicals were used, including organic solvents, chlorinated solvents, petroleum products, paints, cyanides, acids, and bases.

From 1976 through 1989, several inspections were conducted by Broward County Environmental Quality Control Board (BCEQCB) which documented poor waste handling practices, including discharge of industrial wastes onto the ground. Raw materials usage at the Site was documented on two occasions over a period of 10 years. In the early 1980's, possibly as early as 1981, Wilson Concepts submitted a hazardous materials inventory list to the BCEQCB. The chemicals used at the Site included a variety of hydraulic and lubricating oils, metal protection agents, water coolants, methylene chloride, methyl ethyl ketone, and chemical cleaners (possibly corrosives). In August 1985, EPA conducted a Preliminary Assessment of the Site and in July 1986 requested its contractor, NUS, to perform a Sampling Investigation. The results of this sampling caused the Site to be proposed for the NPL in July 1988. In March 1989, the Wilson Concepts Site, of Florida, was formally included on the NPL.

The Remedial Investigation (RI) was conducted in two phases, phase I in 1990 and phase II in 1991. The groundwater contaminant levels detected at the Site during the RI were much lower than those detected during the Site Listing Investigation (SLI). Most of the contamination consisted of organic compounds which easily evaporate and/or naturally degrade. Trichloroethylene was detected in two monitoring wells during the first sampling event but was not detected above groundwater standards in phase II, indicating that no distinct groundwater contaminant plume existed. Chromium and strontium along with low levels of orgaincs including toluene were detected in Site soils. Chromium was observed in two locations in subsurface soils at elevated levels. Though similar organic contaminants were detected during the RI, the concentrations were much lower than previously detected and were within the range considered by EPA to be safe for human exposure. It is possible that the organic contamination was reduced by natural attenuation.

The Record of Decision (ROD), issued by EPA, Region IV, on September 22, 1992 selected alternatives consistent with the recommendation in the Feasibility Study. The remedy is a ''No Action'' remedy which included monitoring of on-site ground water, quarterly, for a one-year period to confirm the appropriateness of the no action remedy.

The EPA community relations activities at the Site included a public meeting in July 28, 1992 to present to the public the Agency's Proposed Plan for Remediation at the Site. Public comments received during a 30-day comment period were received and addressed in the Responsiveness Summary. The major concerns included the Site's affect on local wells and water bodies, residual dangers from the Site, what has happened to the contaminant concentrations that allowed the Site to be placed on the National Priorities List, how the monitoring will be conducted and what will happen when the monitoring is completed. The Responsiveness Summary was included as an appendix to the ROD.

A Post ROD Project Operations Plan for the Site was completed on May 25, 1993. Field work for Post ROD ground water monitoring begin on June 21, 1993, and was completed on July 18, 1994. Post ROD ground water monitoring confirmed that Site related contaminants had declined in concentration and are below maximum contaminant levels (MCLs). Sporadic detections of iron, manganese and aluminum do not appear site related. During the Remedial Investigation drums were left on the Site. Those drums since have been sampled. No contaminants of concern were detected in either the drummed soil or aqueous samples. The Agency for Toxic Substances and Disease Registry (ATSDR) completed a health assessment for the Site in May, 1990. ATSDR reviewed the surface water and ground water data and recommended that the Site should not be considered for follow-up health studies due to no present exposure to population.

No institutional controls are necessary for the Site. A five-year ground water review will not be conducted because contaminants of concerns have achieved levels below MCLs, which was verified

through Post ROD monitoring. These levels indicated that no future threats to the public health or environment exist. EPA and the State find that the remedy continues to provide adequate protection of human health and the environment. Therefore, EPA proposes to delete the Site from the NPL.

EPA, with concurrence of the State of Florida, has determined that all appropriate Fund-financed responses under CERCLA at the Wilson Concepts Site have been completed, and that no further cleanup by responsible parties is appropriate.

Dated: February 2, 1995.

Patrick M. Tobin,

Acting Regional Administrator, USEPA Region IV.

[I.D. 020395B]

New England Fishery Management Council; Public Meetings and Hearings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Public meetings and hearings.

SUMMARY: The New England Fishery Management Council (Council) will hold a 2-day public meeting and hearing to consider actions affecting the New England fisheries in the exclusive economic zone (EEZ).

DATES: The meetings are scheduled as follows:

1. February 15, 1995, 10 a.m.
2. February 16, 1995, 8:30 a.m.

ADDRESSES: The meetings will be held at King's Grant Inn, Route 128 and Trask Lane, Danvers, MA 01923; telephone: 508–774–6800.

FOR FURTHER INFORMATION CONTACT: Douglas G. Marshall, Executive Director, New England Fishery Management Council, 5 Broadway, Saugus, MA 01906, telephone: 617–231–0422.

SUPPLEMENTARY INFORMATION:

Wednesday, February 15, 1995

The meeting will begin with a report on the 19th Northeast Regional Stock Assessment Workshop. Information concerning Gulf of Maine cod and Gulf of Maine/Georges Bank white hake will be presented. Following the stock assessment report, the Council's Northeast Multispecies Groundfish Committee (Groundfish Committee) will present an update on the development of Framework Adjustment 9 to the Fishery Management Plan (FMP) for the Northeast Multispecies Fishery that would permanently extend the groundfish emergency rule and its amendment, which are currently in effect, with some modifications (see below).

As part of Amendment 7 to the FMP for the Northeast Multispecies Fishery, the Council will discuss the recommendations of the Groundfish Committee to protect overfished groundfish stocks. These may include time/area closures, catch quotas, the impacts of fishing effort displacement, Canadian harvest of transboundary stocks, and other measures. The discussion of Amendment 7 may continue through the afternoon.

If time is available during the afternoon reports will be given by the Council Chairman; Council Executive Director; Director, Northeast Region, NMFS (Regional Director); Northeast Fisheries Science Center Liaison; Mid-Atlantic Fishery Management Council Liaison; and a representative from the U.S. Coast Guard.

Any remaining reports will be covered on Thursday, February 16, 1995, in the morning.

Thursday, February 16, 1995

The Lobster Committee will present recommendations on the management strategies drafted by its Effort Management Teams for inclusion in Amendment 6 to the FMP for the American Lobster Fishery. The Lobster Committee will also initiate action on a framework adjustment to address criteria for limited access permits (see below).

The Sea Scallop Committee will finalize a framework adjustment to the FMP for the Atlantic Sea Scallop Fishery in which the Council proposes to allow only limited use of nets to harvest sea scallops and to restrict the size of twine tops used in sea scallop dredges. Any other relevant business will be addressed at the end of the discussion on the framework adjustment for sea scallops.

Abbreviated Rulemaking Action—Northeast Multispecies

The Council will consider final action on Framework Adjustment 9 to the FMP for the Northeast Multispecies Fishery under the framework procedure for abbreviated rulemaking contained in 50 CFR 651.40. At its December 7 and 8, 1994, meetings, the Council announced that it would initiate a framework adjustment that would permanently implement the emergency interim rule and the amendment to the emergency interim rule now in place for 3 months, with some modifications. These emergency actions close areas of Georges Bank and southern New England to all fishing and scalloping, with some stated exceptions, prohibit the possession of regulated multispecies finfish, and limit the possession of certain other species when using small-mesh nets. The public is invited to comment. If the Regional Director concurs with the Council's recommendations on Framework Adjustment 9, he could publish them as a proposed or a final rule in the **Federal Register**.

Abbreviated Rulemaking Action—Atlantic Sea Scallops

The Council will consider final action on an adjustment to the FMP for the Atlantic Sea Scallop fishery under the framework procedure for abbreviated rulemaking contained in 50 CFR 650.40. The Council proposes to allow only limited use of nets to harvest sea scallops and to restrict the size of twine tops used in sea scallop dredges. There will be final decisions on the issues of continued fishing during the permit appeals process, the use of nets while fishermen are not in the days-at-sea program, and final specification of the twine top restriction. This framework was reviewed at the December 7 and 8, 1994, and January 11 and 12, 1995, Council meetings, but comments from the public will again be accepted on February 16, 1995. If the Regional Director concurs with the Council's recommendations on this framework adjustment, he could publish them as a proposed or a final rule in the **Federal Register**.

Abbreviated Rulemaking Action—American Lobster

The Council will consider initial action on an adjustment to the American Lobster FMP under the framework procedure for abbreviated rulemaking contained in 50 CFR 649.43. At its January 11 and 12, 1995, meeting, the Council announced that it would initiate a framework adjustment that would modify eligibility criteria for lobster limited access permits to address the following circumstances: (1) The eligibility of fishermen who fished for lobsters in the EEZ prior to the January 9, 1991, control date, but who did not have a Federal lobster permit; (2) permit holders who leased their federally endorsed lobster permits to another person; (3) a captain with a federally

endorsed lobster permit who operated a vessel for an individual who did not have a permit; (4) transfers of federally endorsed state lobster permits that occurred some time between the control date and the implementation date of Amendment 5 to the FMP for the American lobster fishery; (5) holders of federally endorsed lobster permit who fished on the same vessel together; and (6) a person who inherits a vessel once owned by an individual with a federally endorsed permit. Final action is expected at the March 29 and 30, 1995, Council meeting. The public will be encouraged to attend these meetings and provide comments or submit them in writing. If the Regional Director concurs with Council's recommendations on this framework adjustment, he could publish them as a proposed or a final rule in the **Federal Register**.

Special Accommodations

The meetings on February 15–16, 1995, are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Douglas G. Marshall at 617–231–0422, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 6, 1995.

David S. Crestin,

Acting Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.

Friday, February 10, 1995

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forest Service

Cedar Gulch Timber Sale, Kootenai National Forest; Sanders County; Montana

AGENCY: Forest Service, USDA.

ACTION: Revised Notice of Intent to prepare an Environmental Impact Statement (original notice of intent published 3/25/94, 59 FR 14134).

SUMMARY: Due to personnel changes, the DEIS for the Cedar Gulch Timber Sale is expected to be filed with the Environmental Protection Agency (EPA) and available for public review by June 15, 1995 instead of the September 1994 date published in the original Notice of Intent. Accordingly, the FEIS is re-scheduled for completion by September 30, 1995. All other information provided at 59 FR 14134 is still accurate. Additional comments on the project should be received within 30 days from the date this notice is published to receive timely consideration in preparation of the Draft EIS.

FOR FURTHER INFORMATION OR TO SUBMIT COMMENTS CONTACT: James I. Mershon, District Ranger, Cabinet Ranger District, Kootenai National Forest, 2693 Highway 200, Trout Creek, MT 59874.

Dated: January 31, 1995.

BILLING CODE 3410–11–M

CENTRAL INTELLIGENCE AGENCY

Sources Sought for Advanced Information Technologies and New Information and Data Sources

AGENCY: Central Intelligence Agency.

ACTION: Notice of Government/Industry Conference.

SUMMARY: To expand their knowledge of vendor capabilities and to open communication about federal information management requirements, the federal, scientific and technical information community through CENDI, (the interagency group composed of Commerce, Energy, NASA, National Library of Medicine and Defense Information managers), in collaboration with Community Open Source Program Office (COSPO), among others, will sponsor a government-industry conference in May or June 1995 in the Washington, DC area. The purpose of the conference is to discuss government user needs, exchange ideas and demonstrate off-the-shelf tools, methods, technologies and information products suitable to meet these needs.

The meeting will focus on available off the shelf technologies, and information and data sources. Technologies for working with sources of information located outside the United States and in non-English languages are a particular focus for part of the federal audience at this conference. A secondary focus is mid-term technology development efforts. Products that will not be available within five years are beyond the scope of this meeting. Interested private and public sector organizations are invited to submit proposal to make a formal presentation and/or participate through exhibits or poster sessions at the conference. The event will present an opportunity to showcase developments. This is not a procurement action, nor does the U.S. Government intend to pay for the supplied information.

Offerings should be compatible with existing platforms and open systems, e.g. UNIX and DOS.

The areas of immediate interest include but are not limited to the following:

Interest Areas

Technical Infrastructure for Information Distribution

Security

* Fire-walls and secure protocols

* Assurance for simultaneous connection of a single workstation to classified and unclassified networks (R&D to permit a policy determination)

* Products that prevent data-driven attacks

* Protection for transfer of sensitive information via the Internet (e.g., credit card, limited proprietary data)

* Encryption on the Internet

* Monitoring unauthorized access attempts

Communications (Telecommunications and Networking)

* Wireless communications

* Enabling devices that operate in a carrier's geographic coverage area

—Technology to support tariffs and billing

—Capabilities beyond existing switching technology

—Technology to resolve regulatory issues

* Technology to connect wireless to terrestrial systems

* Bandwidth to transmit multimedia information

* Compression technologies for multimedia delivery

* Electronic billing via Internet

* Audiovisual (video conference) technology, including file sharing during sessions

Information Collection/Acquisition/ Discovery/Retrieval

''Smart'' search techniques for automation-aided information retrieval

* Gateways and directory navigation (''pull technologies'') operating over a WAN

—Information locators worms, web crawlers, etc.

—Intelligence software agents (knowbots, drones, ''probots'' {proactive knowbots}, etc.)

—Knowledge discovery to extract implicit, previously unknown, and potentially useful information from data

- Dependency detection
- Analysis of changes
- Detection of anomalies

—Data summarization

—Clustering, (i.e., grouping of related items for browsing of multimedia data, (e.g. images, video)

* Navigating and searching across distributed, multiple heterogeneous databases

* Presentation of integrated result sets of heterogeneous data types

Information Processing (Post-[Retrieval, Pre-analysis] Processing)

Conversion/Integration Technologies

* Hardcopy conversion concept of operations
* Data fusion, integration (text, data, images) and presentation
* Automatic generation of metadata (i.e., data about data) and other automation-aided indexing
* Media conversion (microfiche to electronic form, using scanning and OCR)
* Tagging (e.g., SGML) of multi-media (especially images) data
* Integration of geographic information systems (GIS) technology
* Scanning technology—OCR and other
* Multi-lingual OCR with high accuracy for poor print and copy test
* Automated correction tools for OCR errors for multiple languages

—Tools using syntax, linguistics, and grammars

—Lexicons for spell checking and keyword extraction in specialized areas of interest

Machine Translation

* Machine-aided translation
* Translation of languages (other than Russian, German, Romance)

Document management in a full-text electronic (digital library) environment, including input, storage, retrieval, and dissemination.

* ''Push'' technologies
* Publishing (including multi-media authoring and presentation)
* CD–ROM production (low-cost, in-house, one copy)
* Multi-format support (conversion technologies)
* Compound documents
* Client/server compatibility
* Support for object technology (including object linking and embedding capabilities)
* Archiving
* Massive digital data storage (optical disk and other technology)
* Compression technologies for multimedia products
* Workflow management

Exploitation Tools for Production/ Analysis/Use

Tools sets and capabilities

* Scalability (upwards in terms of volume and complexity of material) for current profiling tools, retrieval, and filtering algorithms
* Hardware for advance visualization, summarization, or input
* Intergrating visualization tools with language-based tools
* Robust speech and language understanding technology
* User-friendly/GUI interfaces and human-computer interfaces for all of the above exploitation technologies
* Natural language understanding, especially to extract names, places, and relationships
* Natural language queries in English on foreign language databases (response in English)

Sources of Information and Data

There is also interest in expanding the acquisition and utilization of open source data on foreign subjects from domestic and foreign sources. To that end, information is sought on new sources for all geographic and topical subjects. Specific areas of interest include foreign developments dealing with:

* National, bilateral, and multi-lateral economic trends and activities
* National political events and organizations
* Environmental developments and governments actions
* Scientific and technology developments and breakthroughs
* Military and security forces organizations, capabilities and locations
* National infrastructures (air, land, sea, communications)
* Industries and their products/ customers
* Political, industrial, economic, social and governmental information on Africa and Latin America

Technology providers or information providers who work with technology providers are encouraged to respond to this announcement with product information.

Audience

The audience will be composed primarily of Federal Managers and major operating contractors who have information-related responsibilities and who are able to commit resources to address their information needs, and acquire appropriate solutions. They will represent components engaged in acquiring information in a multi-media environment, providing intermediary information processing services, and using the information for analysis/ research, support to policy and decision makers, and operations.

If you are interested, send two abstracts of your offerings with a set of three to six key terms or phrases that categorize your presentation or exhibit subject. You should use the phrases listed above in the noted interest areas or offer additional, but relevant concepts. With the abstract sent two copies of more detailed descriptions of offerings including duplicate copies of attachment to:

MITRE Corporation, 7525 Colshire Drive, McLean, Virginia 22102, Attention: Open Source Industry Day (Mail Stop Z–160)

Your response must arrive no later than 15 March 1995.

Depending on the responses received, the length of the meeting, and the specific session structure will be determined. All respondents will be contracted as the planning of the conference proceeds.

FOR FURTHER INFORMATION CONTACT: Paul F. Wallner, Deputy Director, Community Open Source Program Office, Central Intelligence Agency, Washington, DC 20505; Telephone: (703) 281–8920.

Approved: February 6, 1995.

Frank J. Ruocco,

Deputy Director for Administration.

[FR Doc. 95–3365 Filed 2–9–95; 8:45 am]

BILLING CODE 6310–02–M

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 2–95]

Proposed Foreign-Trade Zone—Sebring, Florida; Application and Public Hearing

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Sebring Airport Authority, requesting authority to establish a general-purpose foreign-trade zone in Sebring, Florida, adjacent to the Port Manatee Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on February 2, 1995. The applicant is authorized to make the proposal under § 288.36, Florida Statutes Annotated (1993).

The proposed zone would be the second general-purpose zone in the Port Manatee Customs port of entry area. The existing zone is FTZ 169 in Palmetto, Florida (Grantee: Manatee County Port Authority, Board Order 492, 55 FR 50339, 12/6/90).

The proposed zone site is located at the Sebring Regional Airport complex (1,893 acres), 128 Authority Lane, Sebring. The complex includes airport facilities, an industrial park, and the Sebring International Raceway, owned by the applicant. The airport is a general-purpose regional airport and the industrial park can accommodate a variety of operations ranging from warehousing activities to heavy

manufacturing. The Sebring International Raceway is used for automotive and automotive parts research, testing, and demonstration activities.

The application contains evidence of the need for additional zone services in the Sebring area. Several firms have indicated an interest in using zone procedures within the proposed project for warehousing/distribution of such items as automobiles and automotive parts and accessories, wood, pulp and paper products, caladium tubers, and light aircraft engine parts and accessories. Specific manufacturing approvals are not being sought at this time. Requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations (as revised, 56 FR 50790–50808, 10–8–91), a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

As part of the investigation, the Commerce examiner will hold a public hearing on March 8, 1995, at 9 a.m., Sebring Regional Airport, Board Room, 128 Authority Lane, Sebring, Florida.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 11, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to April 26, 1995).

A copy of the application and accompanying exhibits will be available during this time for public inspection at the following locations:

Sebring Regional Airport, Administrative Offices, 128 Authority Lane, Sebring, Florida 33870;

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th & Pennsylvania Avenue, NW., Washington, DC 20230.

Dated: February 3, 1995.

John J. Da Ponte, Jr.,

Executive Secretary.

[FR Doc. 95–3427 Filed 2–9–95; 8:45 am]

BILLING CODE 3510–DS–P

International Trade Administration

University of Wisconsin-Madison, Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89–651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 94–134. *Applicant:* University of Wisconsin-Madison, Madison, WI 53706. *Instrument:* Heating and Cooling Stage for Petrographic Microscope, Model THMSG 600. *Manufacturer:* Linkam Scientific Instruments Ltd., United Kingdom. *Intended Use:* See notice at 59 FR 63762, December 9, 1994.

Comments: None received. *Decision:* Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States. *Reasons:* The foreign instrument provides: (1) operation without glass in the microscope beam path (no infrared absorption) for FTIR spectroscopy, (2) temperature range from -196°C to 600°C and (3) computer control for precise regulation of temperature and generation of video text overlay on data images. The U.S. Geological Survey advised on January 17, 1995 that (1) this capability is pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use.

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.

Pamela Woods

Acting Director, Statutory Import Programs Staff

National Oceanic and Atmospheric Administration

[Docket No. 950117016–5016–01; I.D. 010995C]

RIN 0648–ZA13

Financial Assistance for Research and Development Projects to Provide Information for the Full and Wise Use and Enhancement of Fishery Resources in the Gulf of Mexico and off the U.S. South Atlantic Coastal States; MARFIN

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of proposed areas of program emphasis; request for comments.

SUMMARY: Funds are expected to be available for the fiscal year (FY) 1996 Marine Fisheries Initiative (MARFIN) financial assistance program to assist persons in carrying out research projects that optimize the use of the U.S. fishing industry (recreational and commercial), in the Gulf of Mexico (Gulf) and South Atlantic (North Carolina to Florida), including fishery biology, resource assessment, social-economic assessment, management and conservation, selective harvesting methods, and fish handling and processing. Emphasis is on research that will enhance social and economic benefits from living marine resources. NMFS issues this notice to solicit public comments on proposed emphasis areas for the FY 1996 financial assistance program. This is not a solicitation for proposals.

DATES: Public comment on the proposed areas of program emphasis for the FY 1996 MARFIN solicitation will be accepted until March 13, 1995.

ADDRESSES: Send comments to Ms. Ellie Roche, Competitive Programs Manager, Cooperative Programs Division, Southeast Regional Office, National Marine Fisheries Service, 9721 Executive Center Drive North, St. Petersburg, FL 33702. For availability of documents referenced in this notice, contact the Southeast Regional Office.

FOR FURTHER INFORMATION CONTACT: Ms. Ellie Roche, 813–570–5324.

SUPPLEMENTARY INFORMATION:

I. Introduction

The Secretary of Commerce (Secretary) is authorized under 15 U.S.C. 713c–3(d) to enter into cooperative agreements for research and development addressed to all aspects of U.S. fisheries. Funding is expected to be available in FY 1996 for financial assistance under the MARFIN program to manage and enhance the use of fishery resources in the Gulf and off the South Atlantic States of North Carolina, South Carolina, Georgia and Florida. U.S. fisheries include any marine fishery that is or may be engaged in by U.S. citizens and citizens of the Northern Mariana Islands. The phrase ''fishing industry'' includes both the commercial and recreational sectors of U.S. fisheries. This program is described in the Catalog of Federal Domestic Assistance under program number

11.433 Marine Fisheries Initiative. (See **ADDRESSES** for document availability.)

A notice of availability of financial assistance for the FY 1996 MARFIN program is expected to be published in the **Federal Register** after public comments have been received on the proposed areas of emphasis in this notice.

II. Proposed Areas of Emphasis for the FY 1996 MARFIN Program

Research needs identified in fishery management plans (FMPs) and amendments prepared by the Gulf and South Atlantic Fishery Management Councils (Councils) and the Gulf and Atlantic States Marine Fisheries Commissions (Commissions) are included. For availability of these and other documents referenced here, see **ADDRESSES**. Proposed areas of special emphasis for FY 1996 include:

A. Bycatch.

The bycatch of biological organisms by various fishing gears can have wide-reaching impacts from a fisheries management and an ecological standpoint, with the following major concerns:

1. *Shrimp trawl bycatch*. Studies are needed to contribute to the regional shrimp trawler bycatch program (including the rock shrimp fishery) being conducted by NMFS in cooperation with state fisheries management agencies, commercial and recreational fishing organizations and interests, environmental organizations, universities, Councils, and Commissions. Specific guidance and research requirements are contained in the Regional Bycatch Plan available from NMFS. In particular, the studies should address:

a. Data collection and analyses to expand and update current bycatch estimates temporally and spatially from offshore, nearshore, and inshore waters, emphasizing areas of greatest impact by shrimping. Sampling effort should include estimates of numbers, weight and random samples of size (age) structure of associated bycatch complex with emphasis on those overfished species under the jurisdiction of the Councils.

b. Assessment of the status and condition of fish stocks significantly impacted by shrimp trawler bycatch, with emphasis given to overfished species under the jurisdiction of the Councils. Other sources of fishing and nonfishing mortality should be considered and quantified as well.

c. Identification, development, and evaluation of gear, non-gear and tactical fishing options to reduce bycatch.

d. Improved methods for communicating with and improving technology and information transfer to the shrimp industry.

e. Social and economic impacts of management options to reduce shrimp fishery bycatch.

2. *Pelagic longline fisheries*. A number of pelagic longline fisheries exist in the Gulf and South Atlantic, targeting highly migratory species such as tunas, sharks, billfish and swordfish. Priority areas include:

a. Development and evaluation of gear and fishing tactics to minimize bycatch of undersized and unwanted species, including sea turtles, marine mammals and overfished finfish species/stocks.

b. Assessment of the impact of longline bycatch on related fisheries, including biological, social, and economic factors and effects.

3. *Reef fish fisheries*. The reef fish complex is exploited by a variety of fishing gear and tactics. The following research on bycatch of reef fish species is needed:

a. Development and evaluation of gear and fishing tactics to minimize the bycatch of undersized and unwanted species, including sea turtles and marine mammals.

b. Characterization and assessment of the impact of longline, bandit gear and trap bycatch of undersized target species, including release mortality.

4. *Finfish trawl fisheries*. Studies are needed on quantification and qualification of the bycatch in finfish trawl fisheries, such as the flounder and fly-net fisheries in the South Atlantic.

5. *Gillnet fisheries*. Studies are needed on quantification and qualification of the bycatch in coastal and shelf gillnet fisheries for sciaenids, scombrids, bluefish, dogfish, clupeids and sharks of the South Atlantic area (particularly interaction with sea turtles and marine mammals), and sea turtle bycatch for the coastal gillnet fishery off Louisiana.

B. Reef Fish.

Some species within the reef fish complex are showing signs of being overfished, either through directed efforts or because they are bycatch of other fisheries. The ecology of reef fish makes them vulnerable to overfishing, because they tend to concentrate over specific types of habitat with patchy distribution. This behavior pattern can make traditional fishery statistics misleading. Priority research areas include:

1. Collection of basic biological data for species in commercially and recreationally important fisheries.

a. Age and growth of reef fish.

(1) Description of age and growth patterns, especially for red, vermilion, gray, and cubera snappers; gray triggerfish; gag; black grouper; spottail pinfish; hogfish; red porgy and other less dominant forms in the management units for which data are lacking.

(2) Contributions to the development of annual age-length keys and description of age structures for exploited populations for all species in the complex addressed in the Reef Fish Management Plans for the Gulf and South Atlantic, prioritized by importance in the total catch.

(3) Design of sampling systems to provide a production-style aging program for the reef fish fishery. Effective dockside sampling programs are needed over a wide geographic range, especially for groupers, to collect information on reproductive state, size, age, and sex. These research needs are discussed in the report of the workshop on grouper reproduction held in Panama City, FL, in November 1993.

b. Reproduction studies of reef fish.

(1) Maturity schedules, fecundity and sex ratios of commercially and recreationally important reef fish, especially gray triggerfish, gag, and red porgy in the Gulf and South Atlantic.

(2) Studies of all species to characterize the actual reproductive contribution of females, by age.

(3) Identification and characterization of spawning aggregations by species, area, size group and season. Information on the effects of fishing on changes of sex ratios for gag, red grouper, and scamp, and disruption of aggregations is especially needed.

(4) Investigations of the reproductive biology of gag, red grouper and other grouper species as addressed in the recommendations of the workshop on grouper reproduction held in Panama City, FL, in November 1993.

c. Recruitment of reef fish.

(1) Source of recruitment in Gulf and South Atlantic waters, especially for snappers, groupers and amberjacks.

(2) Annual estimation of the absolute or relative recruitment of juvenile gag, gray snapper and lane snapper to estuarine habitats off the west coast of Florida and to similar estuarine nursery habitats along the South Atlantic Bight; development of an index of juvenile gag recruitment for the South Atlantic based on historical databases and/or field studies.

(3) Research to evaluate the contribution of live-bottom habitat and the habitat areas of particular concern (*Oculina* banks) off Fort Pierce, FL, to reef fish recruitment.

d. Stock structure of reef fish.

(1) Movement and migration patterns of commercially and recreationally valuable reef fish species, especially gag in the Gulf and South Atlantic and greater amberjack between the South Atlantic and Gulf.

(2) Biochemical/immunological techniques to allow field separation of lesser amberjack, almaco jack, and banded rudderfish from greater amberjack to facilitate accurate reporting of catch.

(3) Stock structure for wreckfish in the South Atlantic, and for greater amberjack in the Gulf and South Atlantic.

2. Population assessment of reef fish.

a. Effect of reproductive mode and sex change (protogynous hermaphroditism) on population size and characteristics, with reference to sizes of fish exploited in the fisheries and the significance to proper management.

b. Source and quantification of natural and human-induced mortalities, including release mortality estimates for charter, headboat and private recreational vessels, especially for red snapper and the grouper complex.

c. Determination of the habitat and limiting factors for important reef fish resources in the Gulf and South Atlantic.

d. Description of habitat and fish populations in the deep reef community and the prey distributions supporting the community.

e. Development of statistically valid indices of abundance for important reef fish species in the South Atlantic and Gulf, especially red grouper, jewfish and Nassau grouper.

f. Assessment of tag performance on reef fish species, primarily snappers and groupers. Characteristics examined should include shedding rate, effects on growth and survival, and ultimately, the effects of these characteristics on estimations of vital population parameters.

g. Stock assessments to establish the status of major recreational and commercial species. Innovative methods are needed for stock assessments of aggregate species, including the effect of fishing on genetic structure and the incorporation of sex change for protogynous hermaphrodites into stock assessment models.

h. Fishery-independent assessments of spawning aggregations of gag, scamp, yellowedge and other groupers, using hydroacoustic and underwater video technology.

i. Assessment of Florida Bay recovery actions on reef fish recruitment and survival.

3. Management of reef fish.

a. Research in direct support of management, including catch-and-release mortalities, by gear and depth.

b. Evaluation of the use of reef fish marine reserves as an alternative or supplement to current fishery management measures and practices, especially in the South Atlantic. Field studies should focus on the Experimental Oculina Reef Reserve and Florida Keys National Marine Sanctuary sites and contrast these with control open sites.

c. Characterization and evaluation of the biological, economic, and social impacts.

d. Evaluation of vessel logs and log data for monitoring the fishery; for providing biological, economic, and social information for management; and matching log data to Trip Information Program samples for indices of effort.

C. Sharks.

The Secretarial fishery management plan (FMP) for sharks identifies a number of research needs, including:

1. Characterization of the commercial and recreational fisheries from historical and current databases. Emphasis should be on species composition, bycatch, stock identification, size, sex ratios and catch-per-unit-effort by season, area, and gear type.

2. Collection and analysis of basic biological data on movements, habitats, growth rates, mortality rates, age structure and reproduction parameters. These data are of particular importance for blacktip and sandbar sharks.

3. Determination of baseline cost and returns for commercial fisheries that land sharks, and estimations of demand curves for shark products and recreational shark fisheries.

4. Development of species profiles and stock assessments for sharks taken in significant quantities by commercial, recreational, and bycatch fisheries. Assessments can be species-specific or for species groups, following those identified in the Atlantic Sharks FMP.

5. Identification of coastal sharks using laboratory methodologies.

6. Identification of nursery area and methods to protect young sharks.

7. Evaluation of present regulations and improvement of methods to determine landings.

D. Coastal Migratory Pelagic Fisheries.

The commercial and recreational demand for migratory coastal pelagics has led to overfishing for certain species, including some stocks of king and Spanish mackerel. Additionally, some are transboundary with Mexico and other countries and may ultimately demand international management attention. Current high priorities include:

1. Recruitment indices for king and Spanish mackerel, cobia, dolphin, and bluefish, primarily from fishery-independent data sources.

2. Assessment and management models for coastal pelagic resources that are dominated by single year classes, such as Spanish mackerel, dolphin, and bluefish.

3. Fishery-independent methods of assessing stock abundance of king and Spanish mackerel.

4. Release mortality data for all coastal pelagic species.

5. Improved catch statistics for all species in Mexican waters, with special emphasis on king mackerel. This includes length-frequency and life history information.

6. Information on populations of coastal pelagics overwintering off Gulf of Mexico and the South Atlantic States of North Carolina, South Carolina, Georgia, and Florida, especially concerning population size, age and movement patterns.

7. Development of a practical method for aging dolphin.

8. Basic biostatistics for cobia and dolphin to develop age-length keys and maturation schedules for stock assessments.

9. Impact of bag limits on total catch and landings of king and Spanish mackerel.

10. Demand and supply functions for recreational and commercial king mackerel fisheries. Emphasis should be on changes in marginal values of producer and consumer surplus, since the studies would be used in allocation frameworks where total values are not necessarily required.

11. Determination of the stock structure of king mackerel from South Atlantic and Gulf waters.

12. Sociological and anthropological surveys of coastal pelagic fisheries.

13. Economic surveys of coastal pelagic fisheries.

E. Highly Migratory Pelagic Species.

A number of pelagic fisheries exist in the Gulf and South Atlantic that target highly migratory species such as tunas, sharks, and swordfish. Changes in the temporal and spatial components of fishing effort, and fishing gear and tactics need to be characterized and the effects quantified. Priority areas include:

1. Characterization of specific longline fisheries, including targeted species, stock identification, catch-per-unit- effort, and biological parameters (e.g., sex ratios and reproductive state) by gear type, area and season.

2. Evaluation of vessel log data for monitoring the fisheries.

3. Dependence of vessels and persons engaged in pelagic longlining on other fisheries. Particular emphasis should be placed on the extent to which the capital and/or labor engages in other fisheries at particular times of the year and reasons for this switching behavior.

F. Groundfish and Estuarine Fishes.

Substantial stocks of groundfish and estuarine species occur in the Gulf and South Atlantic. Most of the database for assessments comes from studies conducted by NMFS and state fishery management agencies. Because of the historic and current size of these fish stocks, their importance as predator and prey species, and their current or potential use as commercial and recreational fisheries, more information on their biology and life history is needed. General research needs are:

1. Red drum.

a. Size and age-structure of the offshore adult stock in the Gulf.

b. Life history parameters and stock structure for the Gulf and the South Atlantic. Research should include determination of migratory patterns, long-term changes in abundance, growth rates and age structure. Specific research needs for Atlantic red drum are fecundity estimates, as a function of length and weight, and improved coastwide coverage for age-length keys.

c. Catch-and-release mortality rates from inshore and nearshore waters.

2. Life history and stock structure for weakfish, menhaden, spot and croaker in the Gulf and the South Atlantic. Research should include determination of migratory patterns, long-term changes in abundance, growth rates and age structure, and comparisons of the inshore and offshore components of recreational and commercial fisheries.

3. Improved catch and effort statistics from recreational and commercial fisheries, including development of age-length keys for size and age structure of the catch, to develop production models.

G. Coastal Herrings.

Preliminary studies indicate that substantial stocks of coastal herrings occur in the Gulf and South Atlantic. Most of the available data are generated from fishery-independent surveys conducted by NMFS and state fishery management agencies. Because of the size of these stocks; their importance as prey, and in some instances, as predator species; their potential for development as commercial and recreational fisheries needs to be understood. General research needs include:

1. Collection, collation, and analysis of available fishery-independent and fishery-dependent data from state and Federal surveys, with emphasis on species and size composition, seasonal distribution patterns, biomass, bycatch, and environmental relationships.

2. Description and quantification of predator-prey relationships between coastal herring species and carnivores such as mackerels, tunas, swordfish, billfish, sharks, bluefish, and others in high demand by commercial and recreational fisheries.

H. Crabs and Lobsters.

1. Monitoring of fecundity and sex/size frequencies for examination of spawning potential in relation to overfishing criteria for stone crab and spiny lobster.

2. Development of recruitment, population assessment and management models for stone crab and spiny lobster.

3. Determination of the relationship between the reproductive cycle characteristics of spiny lobster in Florida and those in the Gulf.

4. Re-evaluation of spiny lobster short mortality to determine changes since effort restrictions were implemented.

5. Estimation of stone crab regenerated claw production versus new recruits to the fishery from landings observations.

6. Evaluation of spiny lobster catches from North Carolina, South Carolina, and Georgia.

I. Sea Turtle Conservation.

The conservation of endangered and threatened sea turtles in the Southeast Region requires further investigation into life history parameters and ecological requirements. The interaction of sea turtles, fishing gear (excluder devices) and inshore/offshore fisheries also needs further refinement.

J. General.

There are many other areas of research that need to be addressed for improved understanding and management of fishery resources. These include methods for data collection, management, analysis, and better conservation. Examples of high-priority research needs include:

1. Assessment of the changes in recreational and commercial values that have resulted from past management practices for red drum, shrimp, mackerel, and reef fish.

2. Development of improved methods and procedures for transferring technology and educating of constituency groups concerning fishery management and conservation programs. Of special importance are programs concerned with controlled access and introduction of conservation gear.

3. Compilation of baseline socio-demographic data for describing the social and cultural framework of managed fisheries.

4. Design and evaluation of innovative approaches to fishery management with special attention given to those approaches that control access to specific fisheries.

Authority: 15 U.S.C. 713C–3(d)

Dated: February 2, 1995.

Gary Matlock,

Program Management Officer, National Marine Fisheries Service.

BILLING CODE 3510–22–F

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List Addition

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Addition to the Procurement List.

SUMMARY: This action adds to the Procurement List a service to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

EFFECTIVE DATE: March 13, 1995.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403, 1735 Jefferson Davis Highway, Arlington, Virginia 22202–3461.

FOR FURTHER INFORMATION CONTACT: Beverly Milkman (703) 603–7740.

SUPPLEMENTARY INFORMATION: On December 16, 1994, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice (59 F.R. 65026) of proposed addition to the Procurement List. Comments were received from the current contractor for this service in response to a request for sales data. The contractor indicated that addition of the service to the Procurement List would have a severe financial impact on the company and would cause the displacement of several workers.

The Committee has been informed that if the Committee did not add this service to the Procurement List, the Government contracting activity intended to set it aside for performance by a small disadvantaged business under the Small Business Administration's 8(a) program. The

current contractor is not eligible to participate in that program. Consequently, any impact on the contractor would occur whether or not the service was added to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the service, fair market price, and impact of the addition on the current or most recent contractors, the Committee has determined that the service listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the service to the Government.

2. The action does not appear to have a severe economic impact on current contractors for the service.

3. The action will result in authorizing small entities to furnish the service to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the service proposed for addition to the Procurement List.

Accordingly, the following service is hereby added to the Procurement List:

Janitorial/Custodial
U.S. Coast Guard Air Station
Cape Cod
Otis ANGB, Massachusetts

This action does not affect current contracts awarded prior to the effective date of this addition or options exercised under those contracts.

Beverly L. Milkman,

Executive Director.

[FR Doc. 95–3419 Filed 2–9–95; 8:45 am]

BILLING CODE 6820–33–P

Procurement List Proposed Additions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Proposed additions to procurement list.

SUMMARY: The Committee has received proposals to add to the Procurement List commodities and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

COMMENTS MUST BE RECEIVED ON OR BEFORE: March 13, 1995.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403, 1735 Jefferson Davis Highway, Arlington, Virginia 22202–3461.

FOR FURTHER INFORMATION CONTACT: Beverly Milkman, (703) 603–7740.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to 41 U.S.C. 47(a)(2) and 41 CFR 51–2.3. Its purpose is to provide interested persons an opportunity to submit comments on the possible impact of the proposed actions.

If the Committee approves the proposed additions, all entities of the Federal Government (except as otherwise indicated) will be required to procure the commodities and services listed below from nonprofit agencies employing persons who are blind or have other severe disabilities.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities and services to the Government.

2. The action does not appear to have a severe economic impact on current contractors for the commodities and services.

3. The action will result in authorizing small entities to furnish the commodities and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the commodities and services proposed for addition to the Procurement List.

Comments on this certification are invited. Commenters should identify the statement(s) underlying the certification on which they are providing additional information.

The following commodities and services have been proposed for addition to Procurement List for production by the nonprofit agencies listed:

Commodities

Side Rack, Vehicle
2510–00–179–7093
NPA: Tuscola County Community Mental Health Services Caro, Michigan

Corrosion Preventive Compound
8030–00–262–7358
8030–00–260–1053
NPA: Lighthouse for the Blind, St. Louis, Missouri at its facility in Berkeley, MO

Services

Commissary Shelf Stocking, Custodial and Warehousing
Naval Station Everett
Smoky Point Commissary
Marysville, Washington
NPA: Custom Industries, Bellevue, Washington

Grounds Maintenance
Woodford U.S. Army Reserve Center

BILLING CODE 6820–33–P

Procurement List Additions and Deletions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to and deletions from the procurement list.

SUMMARY: This action adds to the Procurement List commodities and a service to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes from the Procurement List commodities and services previously furnished by such agencies.

EFFECTIVE DATE: March 13, 1995.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403, 1735 Jefferson Davis Highway, Arlington, Virginia 22202–3461.

FOR FURTHER INFORMATION CONTACT: Beverly Milkman (703) 603–7740.

SUPPLEMENTARY INFORMATION: On July 15, August 19, 26, October 21, November 18, 1994, the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (59 F.R. 36168, 42822, 44133, 53141 and 59758) of proposed additions to and deletions from the Procurement List:

Additions

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodities and service, fair market price, and impact of the additions on the current or most recent contractors, the Committee has determined that the commodities and service listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities and service to the Government.

2. The action does not appear to have a severe economic impact on current contractors for the commodities and service.

3. The action will result in authorizing small entities to furnish the commodities and service to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the commodities and service proposed for addition to the Procurement List. Accordingly, the following commodities and service are hereby added to the Procurement List:

Commodities

Shelter, Complete
8340–00–NSH–0002 (Rainfly-Olive Drab)
8340–00–NSH–0003 (Rainfly-Tan)
8340–00–NSH–0005 (Spare Parts Kit)
(Requirements of the U.S. Marine Corps, Quantico, Virginia)

Tea Mix, Instant
8955–00–823–7016

Service

Grounds Maintenance
Vandenberg Air Force Base, California

This action does not affect current contracts awarded prior to the effective date of this addition or options exercised under those contracts.

Deletions

After consideration of the relevant matter presented, the Committee has determined that the commodities and services listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4. Accordingly, the following commodities and services are hereby deleted from the Procurement List:

Commodities

Pallet, Wood
3990–00–NSH–0069

Test Set, Lead
6625–00–553–1442

Services

Cardboard and Paper Scrap Recovery
New Cumberland Army Depot, Pennsylvania

Commissary Shelf Stocking and Custodial
Lowry Air Force Base, Colorado

Janitorial/Custodial
Defense Logistics Agency
Defense National Stockpile Zone
HMW-New Haven Depot
State Route 14, 3 Miles East of New Haven
New Haven, Indiana

Janitorial/Custodial
U.S. Army Reserve Center
200 Baker Road
Pittsfield, Massachusetts

Janitorial/Custodial
U.S. Army Reserve Center
Anderson, South Carolina

BILLING CODE 6820–33–P

DEPARTMENT OF DEFENSE

GENERAL SERVICES ADMINISTRATION

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[OMB Control No. 9000–0014]

Clearance Request for Statement and Acknowledgment (Standard Form 1413)

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for an extension to an existing OMB clearance (9000–0014).

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1980 (44 U.S.C. 3501), the Federal Acquisition Regulation (FAR) Secretariat has submitted to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning Statement and Acknowledgment (Standard Form 1413).

FOR FURTHER INFORMATION CONTACT: Beverly Fayson, Office of Federal Acquisition Policy, GSA (202) 501–4755.

SUPPLEMENTARY INFORMATION:

A. Purpose

Standard Form 1413, Statement and Acknowledgment, will be used by all Executive Agencies, including the Department of Defense, to obtain a statement from contractors that the proper clauses have been included in subcontracts. The form includes a signed contractor acknowledgment of the inclusion of those clauses in the subcontract.

B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average *.15* hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to General Services Administration, FAR Secretariat, 18th & F Streets, NW., Room 4037, Washington, DC 20405, and to the FAR Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

The annual reporting burden is estimated as follows: Respondents, *2,000*; responses per respondent, *1.5*; total annual responses, *3,000*; preparation hours per response, *.15*; and total response burden hours, *450*.

OBTAINING COPIES OF PROPOSALS: Requester may obtain copies of OMB applications or justifications from the General Services Administration, FAR Secretariat (VRS), Room 4037, Washington, DC 20405, telephone (202) 501–4755. Please cite OMB Control No. 9000–0014, Statement and Acknowledgment, Standard Form 1413, in all correspondence.

Dated: February 6, 1995.

Beverly Fayson,

FAR Secretariat.

[FR Doc. 95–3393 Filed 2–9–95; 8:45 am]

BILLING CODE 6820–34–M

[OMB Control No. 9000–0094]

Clearance Request for Debarment and Suspension

AGENCIES: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for an extension to an existing OMB clearance (9000–0094).

SUMMARY: Under the provisions of the Paperwork Reduction Act of 1980 (44 U.S.C. 3501), the Federal Acquisition Regulation (FAR) Secretariat has submitted to the Office of Management and Budget (OMB) a request to review and approve an extension of a currently approved information collection requirement concerning Debarment and Suspension.

FOR FURTHER INFORMATION CONTACT: Beverly Fayson, Office of Federal Acquisition Policy, GSA (202) 501–4755.

SUPPLEMENTARY INFORMATION:

A. Purpose

The FAR requires contracts to be awarded to only those contractors determined to be responsible. Instances where a firm or its principals have been indicted, convicted, suspended, proposed for debarment, debarred, or had a contract terminated for default are critical factors to be considered by the contracting officer in making a responsibility determination. This certification would require the disclosure of this information.

B. Annual Reporting Burden

Public reporting burden for this collection of information is estimated to average 30 minutes per subcontractor and 5 minutes per prime contractor per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to General Services Administration, FAR Secretariat, 18th F Streets, NW., Room 4037, Washington, DC 20405, and to the FAR Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington DC 20503.

The annual reporting burden is estimated as follows: Respondents, *1,244,301*; responses per respondent, *1*; total annual responses, *1,244,301*; preparation hours per response, *30 min. sub., 5 min. prime*; and total response burden hours, *103,942*.

OBTAINING COPIES OF PROPOSALS: Requester may obtain copies of OMB applications or justifications from the General Services Administration, FAR Secretariat (VRS), Room 4037, Washington, DC 20405, telephone (202) 501–4755. Please cite OMB Control No. 9000–0094, Debarment and Suspension, in all correspondence.

Dated: February 6, 199.

Beverly Fayson,

FAR Secretariat.

Joint Advisory Committee on Nuclear Weapons Surety; Meeting

ACTION: Notice of Advisory Committee Meeting.

SUMMARY: The Joint Advisory Committee (JAC) on Nuclear Weapons Surety will meet in closed session on March 16–17, 1995, at the Science Applications International Corporation (SAIC), San Diego, California.

The Joint Advisory Committee is charged with advising the Secretary of Defense, Secretary of Energy, and the Joint Nuclear Weapons Council on nuclear weapons systems surety matters. At this meeting, the Joint Advisory Committee will receive classified briefings on the capability of the DoD to maintain nuclear readiness, the status of the Stockpile Stewardship program and conduct an independent review of the role of the Nevada Test Site (NTS) in supporting Defense programs.

In accordance with the Federal Advisory Committee Act (Pub. L. 92–463, as amended, Title 5, U.S.C. App. II, (1988)), this meeting concerns matters, sensitive to the interests of national security, listed in 5 U.S.C. section 552b (c)(1) and accordingly this meeting will be closed to the public.

Dated: February 6, 1995.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5000–04–M

Department of the Army

Notice of Availability of the Final Environment Impact Statement for Disposal and Reuse of Fort Benjamin Harrison, Indiana

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: In compliance with the National Environmental Policy Act of 1969 and the President's Council on Environmental Quality, the Army has prepared a Final Environmental Impact Statement (FEIS) for disposal of lands that will become surplus at Fort Benjamin Harrison, Indiana. The Primary Army action analyzed in the FEIS is the disposal of 2,357 acres of surplus property at Fort Benjamin Harrison (FBH). In addition, the FEIS analyzes impacts associated with potential reuse activities as a secondary action to be accomplished by other (non-Army) entities.

The Army disposal action is evaluated in the context of three alternatives: (1) the No Action Alternative (NAA) which analyzes the effects of maintaining the installation in caretaker status after closure; (2) the Encumbered Disposal (ED) Alternative which analyzes the effects of the Army disposing property with certain reuse constraints (encumbrances) on future owners as a condition of disposal and reuse; and (3) the Unencumbered Disposal (UD) Alternative which analyzes the effects of removing existing constraints to allow property disposal with less or no Army-imposed restrictions to future use. The EIS identifies the Encumbered Disposal Alternative as the preferred Army action. No significant adverse impacts are anticipated as a result of this Army action.

The Army does not have a preference regarding the reuse of FBH excess lands, nor does it have the ability to maintain direct control of the ultimate use of any property disposed. Therefore, surplus property reuse is analyzed as a secondary, non-Army action resulting from property disposal. The EIS evaluates three reuse alternatives that represent a range of reuse actions that could occur at FBH. The EIS identifies the type and relative magnitude of impacts that are expected to occur under each of the intensity-based reuse alternatives. In addition, the Fort Harrison Transition Task Force (FHTTF) submitted a Preliminary Community Concept Plan (PCCP) for reuse to the Army as part of their comments on the Draft EIS. A copy of the PCCP Executive Summary has been included as Appendix F of the FEIS; and an analysis of the impacts associated with the PCCP has been included as Appendix G. The FHTTF final reuse plan is not expected to change significantly from the PCCP.

DATES: The FEIS on the disposal and reuse of Fort Benjamin Harrison was distributed to interested agencies and the public prior to or simultaneously with filing of this Notice of Availability for the FEIS with the U.S. Environmental Protection Agency. Following a 30 day post-filing waiting period, the Department of the Army will prepare a Record of Decision which will become part of the environmental documentation presented for the final decision.

ADDRESSES: Questions regarding the FEIS, or a request for copies of the document may be directed to Mr. William Ray Haynes, U.S. Army Corps of Engineers, Louisville District, P.O. Box 59, Louisville, Kentucky 40201–0059, or call (502) 582–6475.

Dated: January 26, 1995.

Lewis D. Walker,

Deputy Assistant Secretary of the Army (Environment, Safety and Occupational Health) OASA (IL&E).

BILLING CODE 3710–08–M

DEPARTMENT OF EDUCATION

Recognition of an Accrediting Agency

AGENCY: Department of Education.

ACTION: Request for Comments on an Agency applying to the Secretary for a Change in the Agency's Requested Scope of Recognition. The Agency has also undergone a name change.

DATES: Commentors should submit their written comments by March 27, 1995 to the address below.

FOR FURTHER INFORMATION CONTACT: Carl S. Person, Chief, Accrediting Agency Evaluation Branch, U.S. Department of Education, 600 Independence Avenue SW., Room 3036 ROB–3, Washington, DC 20202–5171, telephone: (202) 708–7417.

SUBMISSION OF THIRD-PARTY COMMENTS: The Secretary of Education recognizes, as reliable authorities as to the quality of education offered by institutions or programs within their scope, accrediting agencies that meet certain criteria for recognition. The purpose of this notice is to invite interested third parties to present written comments on the agency listed in this notice which has applied for continued recognition.

The National Advisory Committee on Institutional Quality and Integrity (the ''Advisory Committee'') advises the Secretary of Education on the recognition of accrediting agencies and State approval agencies. The Advisory Committee is scheduled to meet May 24–26, 1995 in Washington, DC. All written comments received regarding the agency listed in this Notice will be considered by both the Advisory Committee and the Secretary.

The following agency will be reviewed during the May 1995 meeting of the Advisory Committee:

Nationally Recognized Accrediting Agencies and Associations

Request to Expand the Agency's Current Scope of Recognition

1. Commission on Occupational Education Institutions of the Council on Occupational Education [formerly the Southern Association of Colleges and Schools, Commission on Occupational

Education Institutions] (requested scope of recognition: for recognition with a national scope, instead of regional, for the accreditation and preaccreditation {''Candidate for Accreditation''} of postsecondary, pre-baccalaureate, (degree granting and non degree-granting), vocational education institutions).

An earlier request for comments regarding this agency was published in the **Federal Register** on Thursday, December 22, 1994 Vol. 59, No. 245, pp. 66009–66011. The December **Federal Register** Notice, however, listed the agency under its former name and did not include the agency's request for expansion of scope of recognition.

Public Inspection of Petitions and Third-Party Comments

Third-party comments received in advance of the meeting will be available for public inspection at the U.S. Department of Education, ROB–3, Room 3036, 7th and D Streets SW., Washington, DC 20202–5171, telephone (202) 708–7417 between the hours of 8 a.m. and 4:30 p.m., Monday through Friday. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service at 1–800–877–8339 between 8 a.m. and 7 p.m., Eastern time, Monday through Friday.

David A. Longanecker,

Assistant Secretary for Postsecondary Education.

[FR Doc. 95–3343 Filed 2–9–95; 8:45 am]

BILLING CODE 4000–01–M

National Advisory Council on Indian Education; Meeting

AGENCY: National Advisory Council on Indian Education, Education.

ACTION: Notice of closed meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda of a forthcoming meeting of the National Advisory Council on Indian Education. This notice also describes the functions of the Council. Notice of this meeting is required under section 10(a)(2) of the Federal Advisory Committee Act. This meeting will be closed to the public.

DATES AND TIME: February 23–24, 1995 from 9:00 a.m. to 5:00 p.m. daily.

ADDRESSES: The meeting will be held at the Quality Inn Capitol Hill, 415 New Jersey Avenue NW, Washington, DC; (202) 638–1616.

FOR FURTHER INFORMATION CONTACT: John W. Cheek, Acting Director, National Advisory Council on Indian Education, 330 C Street, SW, Room 4072, Switzer Building, Washington, DC 20202–7556. Telephone: 202/205–8353.

SUPPLEMENTARY INFORMATION: The National Advisory Council on Indian Education is established under section 5342 of the Indian Education Act of 1988 (25 U.S.C. 2642). The Council is established to, among other things, assist the Secretary of Education in carrying out responsibilities under the Indian Education Act of 1988 (Title V, Part C, Pub. L. 100–297) and to advise Congress and the Secretary of Education with regard to Federal education programs in which Indian children or adults participate or from which they can benefit.

Under section 5342 of the Indian Education Act of 1988, the Council is directed to make recommendations to the Secretary of Education for filling the position of Director, Office of Indian Education, whenever a vacancy occurs. The purpose of the meeting will be to interview candidates for the position.

Subsequently, the Council will submit recommendations to the Secretary of Education for filling such vacancy. Interviews with the candidates and discussions held in conjunction with the selection process will involve matters which relate solely to the internal personnel rules and practices of an agency and are likely to disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy if conducted in open session. Such matters are protected by exemptions (2) and (6) of section 552b(c) of the Government in the Sunshine Act (Pub. L. 94–409; 5 U.S.C. 552b(c)).

The public is being given less than 15 days notice due to problems in scheduling this meeting.

Records are kept of all Council proceedings and are available for public inspection at the office of the National Advisory Council on Indian Education, located at 330 C Street SW, Room 4072, Washington, DC 20202–7556 from the hours of 9:00 a.m. to 4:30 p.m. Monday through Friday, except holidays. A summary of activities of this closed meeting which are informative to the public consistent with the policy of Title 5 U.S.C. 552b will be available for public inspection within 14 days of the meeting.

Dated: February 7, 1995.

John W. Cheek,

Acting Director, National Advisory Council on Indian Education.

[FR Doc. 95–3508 Filed 2–9–95; 8:45 am]

BILLING CODE 4000–01–M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EG95–28–000 et al.]

Dominion Energy Services Co. Inc., et al.; Electric Rate and Corporate Regulation Filings

February 3, 1995.

Take notice that the following filings have been made with the Commission:

1. Dominion Energy Services Company, Inc.

[Docket No. EG95–28–000]

On January 30, 1995, Dominion Energy Services Company, Inc. (DESCO), filed with the Federal Energy Regulatory Commission an application for determination of exempt wholesale generator status pursuant to Part 365 of the Commission's regulations.

DESCO, a Virginia corporation, is a wholly-owned subsidiary of Dominion Energy, Inc., which is a wholly-owned subsidiary of Dominion Resources, Inc.

DESCO will operate a hydroelectric generating station consisting of three 8.4 MW turbogenerators and a concrete diversion structure (the ''Facility''). The Facility is located on the Macal River in Cayo District, Belize, Central America.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice. The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the application.

2. EDC Power Marketing, Inc.

[Docket No. ER94–1538–001]

Take notice that on January 17, 1995, EDC Power Marketing, Inc. tendered its quarterly informational filing pursuant to the above-captioned docket.

3. Dayton Power and Light Company

[Docket No. ER95–83–000]

Take notice that on January 27, 1995, Dayton Power and Light Company tendered for filing an amendment in the above-referenced docket.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

4. Wisconsin Electric Power Company

[Docket No. ER95–251–000]

Take notice that on January 17, 1995, Wisconsin Electric Power Company tendered filing an amendment in the above-referenced docket.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

5. New England Power Company

[Docket No. ER95–491–000]

Take notice that on January 31, 1995, New England Power Company (NEP), in accordance with the Commission's Policy Statement and Interim Rule Regarding Ratemaking Treatment of the Cost of Emissions Allowances in Coordination Rates (Docket No. PL95–1–000), tendered for filing amendments to its coordination transaction rate schedules and tariffs which permit the recovery of incremental or out-of-pocket costs. According to NEP, its filing complies in all respects with the Commission's guidelines for abbreviated filings pursuant to the Policy Statement and Interim Rule. NEP has certified that it has served notice of its filing on all parties affected thereby.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

6. Southern California Edison Company

[Docket No. ER95–492–000]

Take notice that on January 30, 1995, Southern California Edison Company (Edison) tendered for filing the following Interruptible Transmission Service Agreement (Agreement) with Rainbow Energy Marketing Corporation (Rainbow) as an initial rate schedule:

Edison-Rainbow Interruptible Transmission Service Agreement (Matrix) Between Southern California Edison Company And Rainbow Energy Marketing Corporation

This Agreement sets forth the terms and conditions under which Edison shall provide Rainbow with interruptible transmission service between various points of delivery and receipt for the delivery of power to various wholesale customers of Rainbow.

Copies of this filing were served upon the Public Utilities Commission of the State of California and all interested parties.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

7. Madison Gas and Electric Company

[Docket No. ER95–493–000]

Take notice that on January 30, 1995, Madison Gas and Electric Company (MGE), tendered for filing a service agreement with Dairyland Power Cooperative under MGE's Power Sales Tariff. MGE requests an effective date of February 1, 1995.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

8. Indianapolis Power & Light Co.

[Docket No. ER95–495–000]

Take notice that on January 30, 1995, Indianapolis Power & Light Company (IPL), tendered for filing amendments to existing Interconnection Agreements providing for cost recovery of $S0_2$ emissions allowances in energy sales. These amendments are limited to coordination sales tariffs contained in the agreements.

Copies of this filing were sent to Indiana Michigan Power Company, PSI Energy, Inc., Southern Indiana Gas & Electric Company, Hoosier Energy Rural Electric Cooperative, Inc., Wabash Valley Power Association, Inc., Indiana Municipal Power Agency, and the Indiana Utility Regulatory Commission.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

9. Appalachian Power Co.

[Docket No. ER95–496–000]

Take notice that on January 30, 1995, American Electric Power Service Corporation (AEPSC), tendered for filing on behalf of Appalachian Power Company (APCO): (1) a transmission service agreement (TSA), dated January 1, 1995, and (2) an amendment to an electric service agreement (ESA) between APCO and the City of Danville, Virginia (Danville), previously designated as APCO Rate Schedule FERC No. 124. The TSA provides for transmission service to be made available to Danville pursuant to AEPSC FERC Electric Tariff Original Volume No. 1. The ESA accommodates the power and energy to be transmitted pursuant to the TSA. An effective date of January 1, 1995, was requested for both agreements.

A copy of the filing was served upon the Danville and Virginia State Corporation Commission.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

10. American Electric Power Service Corp.

[Docket No. ER95–497–000]

Take notice that on January 30, 1995, the American Electric Power Service Corporation (AEPSC), tendered for filing, a Rate Schedule Supplement, for the AEP System Operating Companies which unilaterally amends: 1) 26 interconnection agreements between the AEP Companies and their interconnected neighboring utilities, 2) eight agreements pursuant to which the AEP Companies provide short term transmission service to power marketers, and 3) one network transmission and interchange agreement with an interconnected public power authority.

The Rate Schedule Supplement details the AEP companies' method for recovery of emission allowance costs in coordination power sales. AEPSC requests an effective date of January 1, 1995.

A copy of the filing was served upon the affected companies listed in Exhibit I of the filing and the state regulatory commissions of Ohio, Indiana, Michigan, Virginia, West Virginia, Kentucky, and Tennessee.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

11. The Toledo Edison Co.

[Docket No. ER95–498–000]

Take notice that on January 30, 1995, The Toledo Edison Company (Toledo), tendered for filing an amendment to the coordinated sales agreements between Toledo and Ohio Power Company, American Municipal Power-Ohio, the parties to the Operating Agreement with the Michigan Companies (namely, Consumers Power Company and Detroit Edison Company), Ohio Valley Electric Corporation, and the parties to the CAPCO Basic Operating Agreement (namely, Duquesne Light Company, Ohio Edison Company, Pennsylvania Power Company and The Cleveland Electric Illuminating Company).

This is an abbreviated filing limited to an amendment to a coordination rate to reflect the cost of emissions allowances incurred by Toledo in compliance with the requirements of Title IV of the Clean Air Act Amendments of 1990.

Toledo will commence recovery of emissions allowance costs in rates effective January 1, 1995 subject to refund pending the Commission's order accepting the filing.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

12. The Cleveland Electric Illuminating Co.

[Docket No. ER95–499–000]

Take notice that on January 30, 1995, The Cleveland Electric Illuminating Company (CEI), tendered for filing an amendment to the coordinated sales agreements between CEI and Ohio Power company, American Municipal Power-Ohio, Cleveland Public Power, Pennsylvania-New Jersey-Maryland Interconnection, the City of Painesville, and the parties to the CAPCO Basic Operating Agreement (namely, Duquesne Light Company, Ohio Edison Company, Pennsylvania Power

Company and The Toledo Edison Company).

This is an abbreviated filing limited to an amendment to a coordination rate to reflect the cost of emissions allowances incurred by CEI in compliance with the requirements of Title IV of the Clean Air Act Amendments of 1990.

CEI will commence recovery of emissions allowance costs in rates effective January 1, 1995 subject to refund pending the Commission's order accepting the filing.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

13. Atlantic City Electric Co.

[Docket No. ER95–500–000]

Take notice that on January 30, 1995, Atlantic City Electric Company (ACE), tendered for filing an Agreement for Short-Term Energy Transactions between ACE and Citizens Power and Light Corporation. ACE requests that the Agreement be accepted to become effective January 31, 1995. Copies of the filing were served on the New Jersey Board of Regulatory Commissioners.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

14. Allegheny Power Service Corporation on behalf of Monongahela Power Company, The Potomac Edison Company, and West Penn Power Company (the APS Companies)

[Docket No. ER95–510–000]

Take notice that on January 31, 1995, Allegheny Power Service Corporation on behalf of Monongahela Power Company, The Potomac Edison Company and West Penn Power Company (the APS Companies) filed a Standard Generation Service Rate Schedule under which the APS Companies will offer standard generation and emergency service to customers on an hourly, daily, weekly, monthly or yearly basis.

Copies of the filing have been provided to the Public Utilities Commission of Ohio, the Pennsylvania Public Utility Commission, the Maryland Public Service Commission, the Virginia State Corporation Commission, the West Virginia Public Service Commission, and all parties of record.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

15. Northeast Utilities Service Co.

[Docket No. ER95–513–000]

Take notice that on January 31, 1995, Northeast Utilities Service Company (NUSCO), tendered for filing, on behalf of The Connecticut Light and Power Company, Western Massachusetts Electric Company, Holyoke Water Power Company (including Holyoke Power and Electric Company), and Public Service Company of New Hampshire (together, the NU System Companies), a Third Amendment to System Power Sales Agreement (Amendment) and Bozrah Light and Power Company (BL&P) and a Service Agreement between NUSCO and the NU System Companies for service under NUSCO's Short-Term Firm Transmission Service Tariff No. 5. The transaction extends the System Power Sale from February 1, 1995 through March 31, 1995.

NUSCO requests that the rate schedule become effective on February 1, 1995. NUSCO states that copies of the rate schedule have been mailed or delivered to the parties to the Amendment.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

16. New England Power Service Co.

[Docket No. ER95–515–000]

Take notice that on January 31, 1995, New England Power Company (NEP), tendered for filing a notice of termination of transmission services provided under NEP's FERC Electric Tariff, Original Volume No. 3, from CPC Lowell Cogeneration Unit to Commonwealth Electric Company.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

17. New England Power Service Co.

[Docket No. ER95–516–000]

Take notice that on January 31, 1995, New England Power Service Company, tendered for filing a revised Service Agreement between New England Power Service Company and UNITIL Power Corporation for transmission service under NEPS's FERC Electric Tariff, Original Volume No. 3.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

18. Southwestern Public Service Co.

[Docket No. ER95–517–000]

Take notice that Southwestern Public Service Company (Southwestern), on January 31, 1995, tendered for filing the proposed amendments to its rate schedule for service to Cap Rock Electric Cooperative, Inc. (Cap Rock).

The proposed amendments relate to agreements between Southwestern and Cap Rock in connection with Southwestern's guarantee of certain finance arrangements obtained by Cap Rock. The agreements will be used by Cap Rock to construct additional transmission facilities on its system to increase its reliability and to facilitate purchases of full requirements power and energy from Southwestern.

The two amendments reallocate funding available to different construction segments and increases the overall guarantee of the loan.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

19. Tucson Electric Power Co.

[Docket No. ER95–518–000]

Take notice that on January 31, 1995, Tucson Electric Power Company (Tucson), tendered for filing a Wholesale Power Supply Agreement, dated January 9, 1995 (the Agreement) between Tucson and Citizens Utilities Company (Citizens). The Agreement provides for the sale by Tucson to Citizens of firm capacity and energy in amounts not to exceed Citizens loads in a specified service area of southern Arizona. The Agreement provides for service beginning February 1, 1995 and ending on the date that Citizens places in service certain distribution facilities. Tucson requests an effective date of February 1, 1995 and therefore requests waiver of the Commission's regulations with respect to notice of filing.

Copies of this filing have been served upon all parties affected by this proceeding.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

20. Commonwealth Edison Co.

[Docket No. ER95–519–000]

Take notice that on January 31, 1995, Commonwealth Edison Company (ComEd), submitted addenda, dated January 31, 1995, to Com Ed's interconnection agreements with Central Illinois Light Company (CILCO), Central Illinois Public Service Company (CIPS), Illinois Power Company (IP), Indiana and Michigan Electric Company (I&M), Iowa-Illinois Gas and Electric Company (IIGE), Northern, Indiana Public Service Company (NIPSCO) and Commonwealth Edison Company of Indiana, Inc. (CECI), Wisconsin Electric Power Company (WEPCO) and Wisconsin Power and Light Company (WP&L). The addenda change ComEd's transmission adder for purchase and resale transactions to ''up to'' rates, the ceiling being the existing approved rate.

Edison requests an effective date of January 30, 1995 and accordingly seeks

waiver of the Commission's notice requirements. Copies of this filing were served upon CILCO, CIPS, IP, I&M, IIGE, NIPSCO and CECI, WEPCO, WP&L and the Illinois Commerce Commission.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

21. Commonwealth Edison Co.

[Docket No. ER95–520–000]

Take notice that on January 31, 1995, Commonwealth Edison Company (ComEd), submitted an abbreviated rate filing to amend ComEd's rate for coordination sales, as permitted by the Commission's ''Policy Statement and Interim Rule Regarding Ratemaking Treatment of the Cost of Emission Allowances in Coordination Rates.'' Com Ed proposes to include the incremental cost of sulfur dioxide emission allowances in coordination rates for those rates which already provide for the recovery of other variable costs on an incremental basis.

As contemplated by the Interim Rule, ComEd requests an effective date of January 1, 1995, and accordingly, requests waiver of the Commission's notice requirements. ComEd agrees that revenues collected with respect to allowance-related charges, assessed between January 1, 1995 and the date the Commission issues an order accepting this filing without investigation or hearing, will be subject to refund.

Copies of this filing were served upon all of ComEd's coordination sales service customers and the Illinois Commerce Commission.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

22. Delmarva Power & Light Co.

[Docket No. ER95–521–000]

Take notice that on January 31, 1995, Delmarva Power & Light Company (Delmarva), of Wilmington, Delaware, filed under the provisions of Section 205 of the Federal Power Act an eight year power supply contract (the Service Agreement) under which Delmarva will provide requirements service to the City of Seaford, Delaware (Seaford). Delmarva states that the Service Agreement supersedes Delmarva's Rate Schedule No. 62 under which Seaford currently receives service.

Delmarva, with Seaford's concurrence, requests an effective date of February 1, 1995.

The Service Agreement provides for the continuation of the requirements service previously furnished Seaford under Rate Schedule No. 62, but changes certain terms and conditions. The chief differences between the Service Agreement and Rate Schedule No. 62 are that the Service Agreement establishes a new rate for Seaford which is below the level of the rate currently charged Seaford and provides for future adjustments to the Seaford rate based on changes in the level of Delmarva's retail rates. The Service Agreement has an eight-year term.

Delmarva states that the filing has been posted and has been served upon the affected customer and the Delaware Public Service Commission.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

23. Central Maine Power Co.

[Docket No. ER95–522–000]

Take notice that on January 31, 1995, Central Maine Power Company (CMP), tendered for filing an Amendment to Second Amended Transmission Service Agreement between CMP and Maine Public Service Company, Inc., (MPS) dated as of January 26, 1995 (the Agreement). The amendment is designed to allow MPS to wheel non-firm energy to MPS from energy suppliers south of the CMP transmission system.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

24. Tex-La Electric Coop. of Texas, Inc.

[Docket No. TX94–4–000]

Take notice that on January 4, 1995, Tex-La Electric Coop. of Texas, Inc. tendered for filing an amendment in the above-referenced docket.

Comment date: February 17, 1995, in accordance with Standard Paragraph E at the end of this notice.

25. American Municipal Power-Ohio, Inc. v. Ohio Edison Company

[Docket No. TX95–4–000]

On January 24, 1995, American Municipal Power-Ohio, Inc. (AMP-Ohio), 601 Dempsey Road, P.O. Box 549, Westerville, Ohio, filed with the Federal Energy Regulatory Commission an application requesting that the Commission order Ohio Edison Company to provide transmission services pursuant to Section 211 of the Federal Power Act.

Specifically, AMP-Ohio requests that the Commission order Ohio Edison to improve the reliability of the transmission service it provides to AMP-Ohio and its members—rendering such service comparable with service Ohio Edison provides to itself. AMP-Ohio requests that the Commission order Ohio Edison (1) to establish additional delivery points for certain AMP-Ohio members, and (2) to modify its filed tariff to permit the addition of delivery points in the future upon request.

Comment date: March 6, 1995, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraphs

E. Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

[FR Doc. 95–3348 Filed 2–9–95; 8:45 am]

BILLING CODE 6717–01–P

[Docket No. EL95–24–000, et al.]

Golden Spread Electric Cooperative Inc., et al.; Electric Rate and Corporate Regulation Filings

February 2, 1995.

Take notice that the following filings have been made with the Commission:

1. Golden Spread Electric Cooperative, Inc. v. Southwestern Public Service Co.

[Docket No. EL95–24–000]

Take notice that on January 25, 1995, Golden Spread Electric Cooperative, Inc. (Golden Spread) tendered for filing a complaint alleging that Southwestern Public Service Company (SPS), has failed and is failing to properly calculate credits to Golden Spread pursuant to a Coordination Sales Benefit Credit Rider that is part of SPS' filed rate for wholesale sales to Golden Spread.

Comment date: March 6, 1995, in accordance with Standard Paragraph E at the end of this notice.

2. Potomac Edison Co.

[Docket No. ER95–39–001]

Take notice that on January 25, 1995, Potomac Edison Company, tendered for

filing its compliance filing in the above-referenced docket.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

3. Public Service Company of New Mexico

[Docket No. ER95–329–000]

Take notice that on January 24, 1995, Public Service Company of New Mexico tendered for filing an amendment in the above-referenced docket.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

4. Baltimore Gas and Electric Co.

[Docket No. ER95–466–000]

Take notice that on January 23, 1995, Baltimore Gas and Electric Company (BGE), tendered for filing as an initial rate schedule an agreement (Agreement) between Public Service Electric and Gas Company (PSE&G) and BGE. The Agreement provides for the sale by BGE of energy from its system (system energy) to PSE&G on a daily, weekly, or monthly basis (transaction). Each transaction is fully interruptible. BGE states that the timing of the transactions cannot be accurately estimated but that BGE will provide the system energy to PSE&G at a negotiated rate upon which the parties will agree prior to each transaction when it is economical for each party to do so. PSE&G will pay a Reservation Charge to BGE for each transaction in an amount equal to the megawatthours of system energy reserved for PSE&G by BGE during a transaction multiplied by a Reservation Charge Rate negotiated prior to each transaction. The Reservation Charge Rate will be subject to a cost justified ceiling. PSE&G will pay an Energy Charge for each transaction in an amount equal to the megawatthours delivered by BGE during such transaction multiplied by an Energy Charge Rate. The Energy Charge Rate will be BGE's estimated incremental cost to supply the transaction, to be charged for each hour of the transaction in which BGE supplies energy.

Pursuant to § 35.11 of the Commission's regulations, BGE requests that the Commission waive the prior notice requirement and allow the Agreement to become effective January 25, 1995. PSE&G has concurred with this rate schedule by its execution of the Agreement.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

5. Northeast Utilities Service Co.

[Docket No. ER95–467–000]

Take notice that on January 23, 1995, Northeast Utilities Service Company (NUSCO), tendered for filing a Service Agreement with Louis Dreyfus Electric Power Inc. (Dreyfus) under the NU System Companies System Power Sales/ Exchange Tariff No. 6.

NUSCO states that a copy of this filing has been mailed to Dreyfus.

NUSCO requests that the Service Agreement become effective on January 16, 1995.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

6. Niagara Mohawk Power Corp.

[Docket No. ER95–477–000]

Take notice that on January 26, 1995, Niagara Mohawk Power Corporation (Niagara Mohawk), tendered for filing a Service Agreement between Niagara Mohawk and Gulfstream Energy, LLC under Niagara Mohawk's FERC Electric Tariff Original Volume No. 2.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

7. Niagara Mohawk Power Corp.

[Docket No. ER95–478–000]

Take notice that on January 26, 1995, Niagara Mohawk Power Corporation (Niagara Mohawk), tendered for filing a Service Agreement between Niagara Mohawk and Electric Clearinghouse, Inc. under Niagara Mohawk's FERC Electric Tariff Original Volume No. 2.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

8. Niagara Mohawk Power Corp.

[Docket No. ER95–479–000]

Take notice that on January 26, 1995, Niagara Mohawk Power Corporation (Niagara Mohawk), tendered for filing a Service Agreement between Niagara Mohawk and Coastal Electric Services Company under Niagara Mohawk's FERC Electric Tariff Original Volume No. 2.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

9. The Montana Power Co.

[Docket No. ER95–481–000]

Take notice that on January 26, 1995, The Montana Power Company (Montana), tendered for filing with the Federal Energy Regulatory Commission pursuant to 18 CFR 35.13, a Form of Service Agreement with Associated Power Services, Inc. (APSI) under FERC Electric Tariff, Second Revised Volume No. 1 (M–1 Tariff), as well as a revised Index of Purchasers under said Tariff and a Certificate of Concurrence from APSI.

A copy of the filing was served upon APSI.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

10. Wisconsin Power and Light Co.

[Docket No. ER95–482–000]

Take notice that on January 26, 1995, Wisconsin Power and Light Company (WP&L), tendered for filing an Agreement dated December 28, 1994, establishing MidCon Power Services Corp. as a customer under the terms of WP&L's Transmission Tariff T–2.

WP&L requests an effective date of December 28, 1994, and accordingly seeks waiver of the Commission's notice requirements. A copy of this filing has been served upon the Public Service Commission of Wisconsin.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

11. New York State Electric & Gas Corp.

[Docket No. ER95–483–000]

Take notice that on January 26, 1995, New York State Electric & Gas Corporation (NYSEG), tendered for filing pursuant to § 35.12, as an initial rate schedule, an agreement with Louis Dreyfus Electric Power Inc. (LDEP). The agreement provides a mechanism pursuant to which the parties can enter into separately scheduled transactions under which NYSEG will sell to LDEP and LDEP will purchase form NYSEG either capacity and associated energy or energy only as the parties may mutually agree.

NYSEG requests that the agreement become effective on January 27, 1995, so that the parties may, if mutually agreeable, enter into separately scheduled transactions under the agreement. NYSEG has requested waiver of the notice requirements for good cause shown.

NYSEG served copies of the filing upon the New York State Public Service Commission and LDEP.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

12. Pennsylvania Power & Light Co.

[Docket No. ER95–484–000]

Take notice that on January 27, 1995, Pennsylvania Power & Light Company (PP&L), tendered for filing with the Federal Energy Regulatory Commission an Electrical Output Sales Agreement (Agreement) between PP&L and PECO

Energy Company (PECO) dated January 10, 1995. The Agreement provides for the sale by PP&L to PECO of electrical output solely for PECO's use in wholesale bulk power transactions.

PP&L has requested an effective date of January 28, 1995 for the Agreement. In accordance with 18 CFR 35.11, PP&L has requested waiver of the sixty day notice period in 18 CFR 35.2(e).

PP&L states that a copy of its filing was provided to PECO and to the Pennsylvania Public Utility Commission.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

13. Pennsylvania Power & Light Co.

[Docket No. ER95–485–000]

Take notice that on January 27, 1995, Pennsylvania Power & Light Company (PP&L), tendered for filing with the Federal Energy Regulatory Commission an Electrical Output Sales Agreement (Agreement) between PP&L and Catex Vitol Electric Inc. (Catex), dated January 25, 1995. The Agreement provides for the sale by PP&L to Catex of electrical output solely for Catex's use in wholesale bulk power transactions.

PP&L has requested an effective date of January 28, 1995 for the Agreement. In accordance with 18 CFR 35.11, PP&L has requested waiver of the sixty day notice period in 18 CFR 35.2(e).

PP&L states that a copy of its filing was provided to Catex and to the Pennsylvania Public Utility Commission.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

14. Union Electric Co.

[Docket No. ER95–487–000]

Take notice that on January 27, 1995, Union Electric Company tendered for filing an Interchange Agreement dated June 10, 1994, between the United States of America, as represented by the Administrator, Southwestern Power Administration (SPA) and Union Electric Company (UE). UE asserts that the agreement provides for the exchange of power and energy between the parties.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

15. Consolidated Edison Company of New York, Inc.

[Docket No. ER95–488–000]

Take notice that on January 27, 1995, Consolidated Edison Company of New York, Inc. (''Con Edison''), tendered for filing an agreement with CNG Energy Services Corporation Agent and Attorney in Fact for R.J. Dahnke and Associates (''CNG''), to provide for the sale of energy and capacity. For energy sold by Con Edison the ceiling rate is 100 percent of the incremental energy cost plus up to 10 percent of the SIC (where such 10 percent is limited to 1 mill per Kwhr when the SIC in the hour reflects a purchased power resource). The ceiling rate for capacity sold by Con Edison is $7.70 per megawatt hour. For energy and capacity sold by CNG the rates will be market based.

Con Edison states that a copy of this filing has been served by overnight delivery upon CNG.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

16. Consolidated Edison Company of New York, Inc.

[Docket No. ER95–489–000]

Take notice that on January 27, 1995, Consolidated Edison Company of New York, Inc. (''Con Edison''), tendered for filing an agreement with Louis Dreyfus Electric Power, Inc. (''LDEP''), to provide for the sale of energy and capacity. For energy sold by Con Edison the ceiling rate is 100 percent of the incremental energy cost plus up to 10 percent of the SIC (where such 10 percent is limited to 1 mill per Kwhr when the SIC in the hour reflects a purchased power resource). The ceiling rate for capacity sold by Con Edison is $7.70 per megawatt hour. For energy and capacity sold by LDEP the rates will be market based.

Con Edison states that a copy of this filing has been served by overnight delivery upon LDEP.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

17. Iowa-Illinois Gas and Electric Co.

[Docket No. ER95–490–000]

Take notice that on January 30, 1995, Iowa-Illinois Gas and Electric Company (Iowa-Illinois), 206 East Second Street, P.O. Box 4350, Davenport, Iowa 52808, tendered for filing pursuant to § 205 of the Federal Power Act and §§ 2.25, 35.13 and 35.23 of the Commission's Rules and Regulations, an abbreviated filing consisting of a rate schedule change to provide a mechanism to recover the incremental costs of emissions allowances in coordination rates as authorized by the Commission's Policy Statement and Interim Rule issued on December 15, 1994 in Docket No. PL95–1–000.

Iowa-Illinois states that this rate schedule change applies to various coordination agreements entered into by Iowa-Illinois with Commonwealth Edison Company, Illinois Power Company, Union Electric Company, City of Genesseo (Illinois), Illinois Municipal Electric Agency, Wisconsin Power & Light Company, Waverly Municipal Electric Utility, City of Tipton (Iowa), City of Pella (Iowa), Eldridge Electric and Water Utility Board and the members of the Mid-Continent Area Power Pool.

Iowa-Illinois proposes to make the rate schedule change effective on January 1, 1995. Pursuant to the Commission's statements on page 33 of the Policy Statement and Interim Rule issued on December 15, 1994 in Docket No. PL95–1–000, Iowa-Illinois requests a waiver of the Commission's 60-day notice period required for the filing of rate changes and, in return for the Commission's grant of such waiver, Iowa-Illinois agrees that revenues collected pursuant to the rate schedule change based on assessments for the period from January 1, 1995 through the date on which the Commission issues an order accepting the rate schedule change shall be subject to refund.

Copies of the filing were served upon the Iowa Utilities Board, the Illinois Commerce Commission, Mid-Continent Area Power Pool, Enerex, Commonwealth Edison Company, Illinois Power Company, Union Electric Company, City of Genesseo (Illinois), Illinois Municipal Electric Agency, Wisconsin Power & Light Company, Waverly Light and Power, City of Tipton (Iowa), City of Pella (Iowa), City of Eldridge (Iowa) and the members of the Mid-Continent Area Power Pool.

Comment date: February 16, 1995, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraphs

E. Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the

Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

BILLING CODE 6717–01–P

[Docket Nos. CP93–258–000 et al.]

Mojave Pipeline Co.; Notice of Availability of the Draft Environmental Impact Statement for the Proposed Mojave Northward Expansion Project

February 6, 1995.

The staffs of the Federal Energy Regulatory Commission (FERC) and California State Lands Commission (SLC) have prepared this draft environmental impact report/environmental impact statement (EIR/EIS) on the natural gas pipeline facilities proposed by Mojave Pipeline Operating Company (Mojave) in the above dockets.

The draft EIR/EIS was prepared to satisfy the requirements of the National Environmental Policy Act and the California Environmental Quality Act. The staffs of the FERC and SLC believe, subject to public comment, that approval of the proposed project, with appropriate mitigation measures and receipt of necessary permits and approvals, has the potential to significantly impact the environment. The draft EIR/EIS includes an evaluation of the proposal.

The FERC and SLC staffs assessed the potential environmental effects of the construction and operation of the proposed Mojave Northward Expansion Project, which consists of between 660 and 681 miles of pipeline, depending on final project configuration, including the following facilities:

- A North Mainline about 290 miles long from near Bakersfield northward to Martinez.
- A Sacramento Mainline about 63 miles long from Ripon to southwest Sacramento.
- Shorter segments, which may include segments to Lindsay, Famoso, Coalinga, Kingsburg, Sanger, Livingston, Turlock, Ceres, Modesto, Tracy, Oakland, Antioch, Fremont, McFarland, Malaga, Madera, Fairmead, Ripon, Lathrop, Hunters Point, and San Francisco.
- A maximum of about 100 miles of pipeline loops on the existing Mojave Mainline, Mojave-Kern River East Side Lateral, and Mojave-Kern River Commonline.
- A total of 62,588 to 78,758 horsepower (hp) of compression at three new compressor stations in California at Amboy, Daggett, and either Famoso or Lindsay plus the addition of 24,470 hp of compression to Mojave's existing compressor station at Topock, Arizona.
- Either 55 or 58 new meter stations depending on the final project configuration.

The draft EIR/EIS has been placed in the public files of the FERC and SLC and is available for public inspection at the following locations:

Federal Energy Regulatory Commission, Division of Public Information, 941 North Capitol Street NE., Room 3104, Washington, DC 20426, (202) 208–1371

California State Lands Commission, 1807—13th Street, Sacramento, CA 95814, (916) 322–0530.

Copies have been mailed to Federal, state, and local agencies, public interest groups, interested individuals, public libraries, newspapers, and parties to this proceeding.

A limited number of copies of the draft EIR/EIS are available from either of the following individuals:

Mr. Michael Boyle, Federal Energy Regulatory Commission, Environmental Project Manager, Office of Pipeline Regulation, Room 7312, 825 North Capitol Street NE., Washington, DC 20426, (202) 208–0839

Ms. Mary Griggs, California State Lands Commission, Environmental Project Manager, 1807–13th Street, Sacramento, CA 95814 (916) 322–0354.

Any person wishing to comment on the draft EIR/EIS may do so. Written comments must reference Docket Nos. CP93–258–000 *et al.* Comments should be addressed to: Office of the Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, DC 20426.

Comments should be filed as soon as possible but must be received no later than March 27, 1995, to ensure consideration prior to a FERC and SLC decision on this proposal. A copy of any comments should also be sent to either Mr. Michael Boyle, FERC Environmental Project Manager, or Ms. Mary Griggs, SLC Environmental Project Manager at their respective addresses given above.

Comments will be considered by the FERC and SLC but will not serve to make the commentor a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the FERC's Rules of Practice and Procedure (18 CFR 385.214).

In addition to asking for written comments, we invite you to attend any of the public meetings that will be held at the times and locations listed below. The meetings will be designed to provide you with more detailed information and another opportunity to offer your comments on the draft EIR/EIS. Those wanting to speak at the meetings can call the FERC and SLC Environmental Project Managers to preregister their names on the speakers' list. Those people on the speakers' list prior to the date of the meeting will be allowed to speak first. Priority will be given to people representing groups. A transcript of each meeting will be made so that your comments will be accurately recorded.

Additional information about this project is available from Mr. Michael Boyle, FERC Environmental Review and Compliance Branch I, Office of Pipeline Regulation, at (202) 208–0839 on from Ms. Mary Griggs, SLC, at (916) 322–0354.

Lois D. Cashell,

Secretary.

Schedule for Draft EIR/EIS Public Meetings

San Francisco, California, February 27, 1995; 3:00 pm to 7:00 pm
Earl P. Mills Community Center, 100 Whitney Young Circle, San Francisco, California

Livermore, California, February 28, 1995; 7:00 pm
Junction Middle School, 298 Junction Avenue, Livermore, California

Fresno, California, March 1, 1995; 7:00 pm
Holiday Inn—Fresno Airport, 5090 E. Clinton Way @ Gateway, Fresno, California

Barstow, California, March 2, 1995; 7:00 pm
Holiday Inn—Barstow, 1511 East Main Street, Barstow, California.

BILLING CODE 6717–01–M

[Project Nos. 11181–002, et al.]

Hydroelectric Application [Energy Storage Partners, et al.]; Notice of Applications

Take notice that the following hydroelectric applications have been filed with the Commission and are available for public inspection:

1 a. Type of Application: Major License (Tendering Notice).

b. Project No.: 11181–002.

c. Date filed: November 28, 1994.

d. Applicant: Energy Storage Partners.

e. Name of Project: Lorella Pumped Storage.

f. Location: On Bureau of Land Management land, near the towns of

Lorella and Malin, in Klamath County, Oregon. T39S, R11E, section 35, T40S, R12E, section 2, T40S, R12E, section 1, T40S, R12E, section 12, T40S, R12E, section 11, T40S, R12E section 14, T40S, R12E, section 22.

g. Filed Pursuant to: Federal Power Act 16 USC §§ 791(a)–825(r).

h. Applicant Contact: Mr. Douglas Spaulding, Energy Storage Partners, c/o Independent Hydro Developers, 5402 Parkdale Drive, Minneapolis MN 55416, (612) 525–1445.

i. FERC Contact: Michael Spencer at (202) 219–2846.

j. Description of Project: The proposed pump storage project would consist of: (1) an upper storage reservoir formed behind two 178-foot-high embankment dams, with a maximum surface area of 199 acres, a total reservoir capacity of 16,519 acre-feet, and a maximum surface elevation of 5,523 feet msl; (2) a 24-foot-diameter, 4,526-foot-long tunnel, joining a penstock mainfold which divides the power tunnel into 4 penstocks; (3) each penstock will have a 12-foot-diameter, and 355-foot-length; (4) a powerhouse/pump station containing 4 motor/generator and pump/turbine units with a total installed capacity of 1,000 MW and producing an estimated average annual generation of 1,927 Gwh; (5) a 1,500-foot-long, 38-foot-square D-shaped concrete tailrace tunnel; (6) a lower storage reservoir formed behind a 57-foot-high embankment dam, with a maximum surface area of 405 acres, a total reservoir capacity of 18,646 acre-feet, and a maximum surface elevation of 4,191 feet msl; (7) an 4-mile-long, 500–Kv transmission line interconnecting with the existing area transmission system; and (8) appurtenant facilities. Water for the project would be supplied by three wells. The cost of the project is estimated at $1,174,249,000.

k. With this notice, we are initiating consultation with the *STATE HISTORIC PRESERVATION OFFICER (SHPO)*, as required by section 106, National Historic Preservation Act, and the regulations of the Advisory council on Historic Preservation, 36 CFR § 800.4.

l. Under Section 4.32 (b)(7) of the Commission's regulations (18 CFR), if any resource agency, Indian Tribe, or person believes that the applicant should conduct an additional scientific study to form an adequate factual basis for a complete analysis of the application on its merits, they must file a request for the study with the Commission, not later than 60 days after the date of this notice, and must serve a copy of the request on the applicant.

2 a. Type of Application: Surrender of Exemption (5MW of Less).

b. Project No: 10325–005.

c. Date Filed: November 17, 1994.

d. Applicant: Draper Irrigation Company.

e. Name of Project: Big Willow Creek Project.

f. Location: Big Willow Creek in Salt Lake County, Utah.

g. Filed Pursuant to: Federal Power Act, 16 U.S.C. § 791(a)–825(r).

h. Applicant Contact: W. S. Mickelsen, Draper Irrigation Company 12421 South 800 East, P. O. Box 275, Draper, UT 84 020, (801) 571–2232.

i. FERC Contact: Tom Papsidero, (202) 219–2715.

j. Comment Date: February 28, 1995.

k. Description of Proposed Action: The project is entirely unconstructed and was proposed to consist of a powerhouse at elevation 4,990 feet m.s.l. containing a single generating unit with an installed capacity of 550 Kw. Water discharged from the powerhouse was to enter the Draper Irrigation Company water treatment facility. The average annual energy production was estimated by the applicant to be 2,107 Mwh.

The exemptee is requesting surrender of the exemption because the project is not economically feasible.

l. This notice also consists of the following standard paragraphs: B, C1, and D2.

3 a. Type of Application: Preliminary Permit.

b. Project No.: 11510–000.

c. Date filed: December 6, 1994.

d. Applicant: Alaska Business and Industrial Development Corp.

e. Name of Project: Allison Lake.

f. Location: On Allison Lake, near the town of Valdez, in the Third Judicial District, Alaska.

g. Filed Pursuant to: Federal Power Act 16 USC §§ 791(a)–825(r).

h. Applicant Contact: Mr. Fred G. Brown, AK BIDCORP, 1459 Holy Cross Drive, Fairbanks, AK 99701, (907) 451–2898.

i. FERC Contact: Michael Spencer at (202) 219–2846.

j. Comment Date: April 14, 1995.

k. Description of Project: The proposed project would consist of: (1) a lake tap on the state of Alaska's Allison Lake, which has a surface area of 258 acres and 19,980 acre-feet of useable storage; (2) a 10,200-foot-long, 8-foot-diameter power tunnel; (3) a 2,450-foot-long, 48-inch-diameter penstock; (4) a powerhouse containing two generating units with a combined capacity of 8.0 MW and an average annual generation of 37.25 Gwh; and (5) a 3.5-mile-long transmission line.

No new access road will be needed to conduct the studies. The applicant estimates that the cost of the studies to be conducted under the preliminary permit would be $50,000.

l. Purpose of Project: Project power would be sold.

m. This notice also consists of the following standard paragraphs: A5, A7, A9, A10, B, C, and D2.

4 a. Type of Application: Revised Recreation Plan.

b. Project No: 2310–073.

c. Date Filed: January 6, 1995.

d. Applicant: Pacific Gas & Electric Company.

e. Name of Project: Drum-Spaulding Hydroelectric Project.

f. Location: In Placer and Nevada Counties, California, including the following water bodies: Carr Lake; Upper Feeley Lake; Middle and Lower Lindsey Lakes; Culbertson Lake; Upper and Lower Rock Lakes; Lake Spaulding; Fuller Lake; Rucker Lake; Blue Lake; Lake Valley Reservoir; Kelly Lake; Meadow Lake; Lake Fordyce; Lake Sterling; White Rock Lake; Halsey Forebay; Rock Creek Reservoir; Halsey Afterbay; Alta Forebay; Drum Forebay; and Deer Creek Forebay.

g. Filed Pursuant to: 18 CFR 4.200.

h. Applicant Contact: Ms. Rhonda Shiffman Pacific Gas & Electric Company, 201 Mission Street, Room 1012, San Francisco, CA 94177, (415) 973–5310.

i. FERC Contact: Steve Hocking (202) 219–2656.

j. Comment Date: March 17, 1995.

k. Description of Amendment: Pacific Gas & Electric Company (PG&E) filed a revised recreation plan for the Drum-Spaulding Hydroelectric Project. PG&E requests Commission approval of the plan which would allow PG&E to construct new, and improve existing, facilities at many recreation sites throughout the Drum-Spaulding project area. The plan includes the following type of proposed changes: new dispersed camping areas; added trailhead parking; rehabilitation of existing campgrounds; added signage, fencing, and fishing access. For complete information on the proposed changes to individual recreation sites, please call the applicant or FERC contact listed above.

l. This notice also consists of the following standard paragraphs: B, C1, and D2.

5 a. Type of Application: Major License.

b. Project No.: 11080–003.

c. Date filed: April 29, 1994.

d. Applicant: Eagle Crest Energy Company.

e. Name of Project: Eagle Mountain.

f. Location: On lands administered by the Bureau of Land Management in Riverside County, California. Township 4 S Range 14 E.

g. Filed Pursuant to: Federal Power Act 16 USC §§ 791(a)–825(r).

h. Applicant Contact: Mr. Art Lowe, Eagle Crest Energy Company, 19800 Macarthur Blvd., Irvine, CA 92715, (714) 222–2820.

i. FERC Contact: Michael Spencer at (202) 219–2846.

j. Deadline Date for Protests and Interventions: April 14, 1995.

k. Status of Environmental Analysis: This application is not ready for environmental analysis at this time—see attached paragraph D7.

l. Description of Project: The proposed pump storage project would consist of: (1) an upper storage reservoir formed behind two embankments, one a 77-foot-high dam and the other a 27-foot-high dam, with a maximum surface area of 157 acres, a total reservoir capacity of 14,200 acre-feet, and a maximum surface elevation of 2,446 feet msl; (2) a 29-foot-diameter, 5,700-foot-long tunnel, joining a 33-foot-diameter, 1,500-foot-long tunnel; (3) a powerhouse/pump station containing 3 motor/generator and pump/turbine units with a total installed capacity of 1,000 MW and producing an estimated average annual generation of 1,752 Gwh; (4) a 29-foot-diameter, 7,200-foot-long tailrace tunnel; (5) a lower storage reservoir formed within the east pit of the Eagle Mountain Mine, with a maximum surface area of 107 acres, a total reservoir capacity of 15,700 acre-feet, and a maximum surface elevation of 1,044 feet msl; (6) an 83-mile-long, 500–Kv transmission line interconnecting with the existing area transmission system; and (7) appurtenant facilities. Water for the project would be supplied by three wells using a 12-inch-diameter pipeline. The cost of the project is estimated at $691,000,000.

m. Purpose of Project: Project power would be sold.

n. This notice also consists of the following standard paragraphs: A2, A9, B1, D7.

6 a. Type of Application: Amendment of License.

b. Project No: 10551–045.

c. Date Filed: 12/15/94.

d. Applicant: City of Oswego.

e. Name of Project: High Dam Project.

f. Location: On the Oswego River, in Oswego County, New York.

g. Filed Pursuant to: Federal Power Act, 16 U.S.C. § 791(a)–825(r).

h. Applicant Contact: Paul Nolan, Esq. 5515 North 17th Street, Arlington, VA 22205, (703) 534–5509.

i. FERC Contact: Mohamad Fayyad, (202) 219–2665.

j. Comment Date: March 23, 1995.

k. Description of Amendment: Licensee proposes to install a new 100 cfs, 150–Kw unit within an existing bay adjacent to the powerhouse. The new unit would use flow releases required by the license for attraction of fish into the project's fish passage facility. At the intake, licensee proposes a trashrack using ¼-inch thick wedge-bar with ½-inch clear spacing on the upstream face.

l. This notice also consists of the following standard paragraphs: B, C1, and D2.

Standard Paragraphs

A2. Development Application—Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

A5. Preliminary Permit—Anyone desiring to file a competing application for preliminary permit for a proposed project must submit the competing application itself, or a notice of intent to file such an application, to the Commission on or before the specified comment date for the particular application (see 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.30(b)(1) and (9) and 4.36.

A7. Preliminary Permit—Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30 (b)(1) and (9) and 4.36.

A9. Notice of intent—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

A10. Proposed Scope of Studies under Permit—A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit with be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

B. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file aa motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

B1. Protests or Motions to Intervene—Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

C. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title ''COMMENTS'', ''NOTICE OF INTENT TO FILE COMPETING APPLICATION', ''COMPETING APPLICATION'', ''PROTEST'', ''MOTION TO INTERVENE'', as applicable, and the Project Number of the particular

application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. An additional copy must be sent to Director, Division of Project Review, Federal Energy Regulatory Commission, Room 1027, at the above-mentioned address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

C1. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title ''COMMENTS'', ''RECOMMENDATIONS FOR TERMS AND CONDITIONS'', ''PROTEST'', OR ''MOTION TO INTERVENE'', as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D2. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's must also be sent to the Applicant's representatives.

D7. Filing and Service of Responsive Documents—The application is not ready for environmental analysis at this time; therefore, the Commission is not now requesting comments, recommendations, terms and conditions, or prescriptions.

When the application is ready for environmental analysis, the Commission will issue a public notice requesting comments, recommendations, terms and conditions, or prescriptions.

All filings must (1) bear in all capital letters the title ''PROTEST'' or ''MOTION TO INTERVENE,'' ''NOTICE OF INTENT TO FILE COMPETING APPLICATION,'' or ''COMPETING APPLICATION;'' (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. Any of these documents must be filed by providing the original and the number of copies required by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. An additional copy must be sent to Director, Division of Project Review, Office of Hydropower Licensing, Federal Energy Regulatory Commission, Room 1027, at the above address. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application.

Dated: February 2, 1995, Washington, DC.

Lois D. Cashell,

Secretary.

[FR Doc. 95–3316 Filed 2–9–95; 8:45 am]

BILLING CODE 6717–01–P

[Docket No. CP95–181–000, et al.]

Columbia Gas Transmission Corporation, et al.; Natural Gas Certificate Filings

February 2, 1995.

Take notice that the following filings have been made with the Commission:

1. Columbia Gas Transmission Corporation

[Docket No. CP95–181–000]

Take notice that on January 27, 1995, Columbia Gas Transmission Corporation (Columbia), 1700 MacCorkle Avenue, S.E., Charleston, West Virginia 25314, filed an application with the Commission in Docket No. CP95–181–000 pursuant to Section 7(b) of the Natural Gas Act (NGA) for authorization to abandon approximately 15.7 miles of deteriorating pipeline facilities and for authorization pursuant to Section 7(c) of the NGA to construct and operate approximately 10.9 miles of storage pipelines and appurtenant facilities (which would replace the abandoned facilities) at the Coco ''A'' Storage Field in Kanawha County, West Virginia, all as more fully set forth in the application which is open to the public for inspection.

Columbia proposes to abandon approximately 0.2 mile of 16-inch diameter pipe, 0.8 mile of 14-inch diameter pipe, 2.8 miles of 10-inch diameter pipe, 2.3 miles of 8-inch diameter pipe, 3.4 miles of 6-inch diameter pipe, and 6.2 miles of 4-inch pipe within the Coco ''A'' Storage Field.

Columbia proposes to replace its abandoned facilities by constructing and operating 3.1 miles of 20-inch diameter pipe, 1.4 miles of 10-inch diameter pipe, 0.9 mile of 8-inch diameter pipe, 2.9 miles of 6-inch diameter pipe, and 2.7 miles of 4-inch pipe within the Coco ''A'' Storage Field. Columbia states that it would cost approximately $11,937,000 to construct the proposed replacement facilities.

Columbia states that it does not request authorization for any new or additional service. Columbia also states that the pipeline segments to be replaced have become physically deteriorated to the extent that replacement would be advisable.

Comment date: February 23, 1995, in accordance with Standard Paragraph F at the end of this notice.

2. East Tennessee Natural Gas Company

[Docket No. CP95–182–000]

Take notice that on January 30, 1995, East Tennessee Natural Gas Company (East Tennessee), P.O. Box 2511, Houston, Texas 77252, filed in Docket No. CP95–182–000 a request pursuant to §§ 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to establish a new delivery point for its firm transportation customer, Loudon Utilities Gas Department (Loudon) under East Tennessee's blanket certificate issued in Docket No. CP82–412–000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

East Tennessee proposes to establish a new delivery point at M.P. 3218D–101+7.39 in Loudon County, Tennessee as requested by Loudon. East Tennessee will install, own, operate, and maintain a 3-inch hot tap assembly and interconnecting pipe on its existing right-of-way. Further, East Tennessee will install, own, operate, and maintain a meter station and DAC equipment on a site provided by Loudon adjacent to East Tennessee's right-of-way.

Comment date: March 20, 1995, in accordance with Standard Paragraph G at the end of this notice.

3. Florida Gas Transmission Company

[Docket No. CP95–183–000]

Take notice that on January 30, 1995, Florida Gas Transmission company (FGT), 1400 Smith Street, P.O. Box 1188, Houston, Texas 77251–1188, filed in Docket No. CP95–183–000 a request pursuant to §§ 157.205 and 157.212 of

the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.212) for authorization to construct and operate a new delivery point and appurtenant facilities in San Patricio County, Texas to accommodate natural gas deliveries to Onyx Gathering Company, L.C. (onyx), under the blanket certificate issued in Docket No. CP82–553–000, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

FGT asserts that the proposed delivery point will permit FGT to accommodate natural gas deliveries on an interruptible basis, pursuant to Part 284 of the Commission's Regulations. FGT states that the proposed delivery point will be constructed on its existing 12-inch Encinal Channel Lateral. FGT asserts that the proposed delivery point will include a new 6-inch tap, a 6-inch valve assembly, and any other necessary appurtenant facilities necessary to deliver up to 15,000 MMBtu per day to Onyx. FGT states that Onyx will provide the surface site for the proposed delivery point.

FGT estimates that the total cost of the proposed construction will be $41,487, inclusive of tax gross-up. FGT claims that Onyx will reimburse FGT for all costs directly and indirectly incurred by FGT for the construction of the proposed delivery point. Additionally, FGT states that Onyx will construct and FGT will own and operate a meter tube, electronic flow measurement equipment, telemetry instrumentation, and approximately 100 feet of 6-inch connecting pipe, as well as any other necessary facilities for Onyx to receive up to 15,000 MMBtu per day. FGT states that the proposed gas deliveries will not have an impact on FGT's peak day delivery, however, annual deliveries could be affected, up to 5,475,000 MMBtu. FGT notes that the ultimate end-use of the gas will be primarily commercial and industrial.

Comment date: March 20, 1995, in accordance with Standard Paragraph G at the end of this notice.

4. K N Interstate Gas Transmission Company

[Docket No. CP95–187–000]

Take notice that on January 31, 1995, K N Interstate Gas Transmission Company (K N Interstate), P. O. Box 281304, 370 Van Gordon Street, Lakewood Colorado 80228 filed, in Docket No. CP95–187–000, an application pursuant to Section 7(b) of the Natural Gas Act and Part 157 of the Commission's Regulations for permission and approval to abandon three of its gas storage fields: The pipeline, compressor, and appurtenant facilities constituting its Adolph Storage Field in Rush and Barton Counties, Kansas; its Big Springs Storage Field in WP County, Nebraska; and its Springdale Storage Field in Logan County, Colorado (Excess Gas Storage Facilities), all by transfer to K N Natural Gas, Inc. (KNNG), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

K N Interstate states, that, as a result of its corporate reorganization and restructuring of service pursuant to Order No. 636, it no longer has sufficient storage demand to fully utilize all of its existing storage capacity. K N Interstate claims that its Huntsman Storage Field has sufficient capacity to meet its storage requirements and that, by abandoning the storage fields proposed herein, it will eliminate the expenses and inefficiencies associated with the operation of excess storage capacity. K N Interstate asserts that, by abandoning the storage facilities proposed herein, and removing all of their associated costs from its jurisdictional cost of service, its gas storage service rate and the storage component of no-notice and small customer service rates will be reduced by 29 percent. K N Interstate further states that the abandonment of the excess storage facilities will not adversely affect the services or rates to any shipper or other customer on its system.

K N Interstate states that the Excess Gas Storage Facilities would be abandoned by transfer at net book cost to KNNG, a subsidiary of K N Energy, Inc., and KNNG would become responsible for all associated costs.

K N Interstate explains that abandonment authorization will return the Excess Gas Storage Facilities to their original state as a producing field, and therefore, they would be exempt from the Commission's jurisdiction pursuant to Section 1(b) of the NGA. K N Interstate says it recognizes that, after abandonment, no gas could be injected for storage purposes without first obtaining certificate authorization from the Commission.

K N Interstate states it does not propose to recover, now or in any future Commission proceedings, any stranded storage costs related to the abandoned Excess Gas Storage Facilities pursuant to the recovery mechanisms provided under FERC Order No. 636, *et seq.* K N Interstate further states that approval of this application will remove from K N Interstate and its customers all expenses, risk, and uncertainty related to the realignment and disposition of the Excess Gas Storage Facilities and will place that responsibility and incentive on KNNG.

K N Interstate states that, within 30 days of the date of issuance of a final Commission order approving this abandonment application, it will make a limited NGA Section 4 compliance filing to put into effect the rates and tariff sheets which are consistent with the *pro forma* sheets attached to the application.

K N Interstate indicates that when abandonment approval is received, some continued gas withdrawals may be required in order to redeliver customer-owned working gas from the abandoned facilities. K N Interstate requests such limited authorization as may be required to operate the Excess Gas Storage Facilities after abandonment approval to the extent necessary to withdraw any customer-owned working gas quantities remaining in the facilities at the time of abandonment. K N Interstate asserts this will not affect the immediate implementation of the rate reductions.

Comment date: February 23, 1995, in accordance with Standard Paragraph F at the end of this notice.

5. El Paso Natural Gas Company

[Docket No. CP95–188–000]

Take notice that on January 31, 1994, El Paso Natural Gas Company (El Paso), Post Office Box 1492, El Paso, Texas 79978, filed in Docket No. CP95–188–000 an application pursuant to Section 7(b) of the Natural Gas Act for authorization to abandon by sale to Leapartners, L.P. (Leapartners), two segments of pipeline facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

El Paso states that, as a part of its ongoing review of its interstate transmission system, it has determined that approximately 12.9 miles of its 16-inch Jal-El Paso ''B'' Line located in Culbertson County, Texas and Eddy County, New Mexico and approximately 46.4 miles of its 16-inch Jal Plant-Pecos River Line located in Lea and Eddy Counties, New Mexico are no longer required for interstate transmission service. It is indicated that, based upon this determination, Leapartners has agreed to purchase the two facilities for use a part of its integrated non-jurisdictional gathering system at a price of $236,000. El Paso states that the proposed abandonment would not result in or cause any interruption, reduction, or termination of service currently rendered by El Paso.

Comment date: February 23, 1995, in accordance with Standard Paragraph F at the end of this notice.

Standard Paragraphs

F. Any person desiring to be heard or to make any protest with reference to said application should on or before the comment date, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate and/or permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for applicant to appear or be represented at the hearing.

G. Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,

Secretary.

[FR Doc. 95–3350 Filed 2–9–95; 8:45 am]

BILLING CODE 6717–01–P

[Docket No. RP94–73–004]

ANR Pipeline Co.; Notice of Refund Report

February 6, 1995.

Take notice that on January 6, 1995, ANR Pipeline Company (ANR), tendered for filing with the Federal Energy Regulatory Commission (Commission) its Refund Report made pursuant to the Commission's letter dated September 30, 1994, in Docket No. RP94–73–003.

ANR states that it made a refund totalling $64,380.05, including $2,047.18 in interest, to High Island Offshore System (HIOS) for services at the Grand Chenier facilities under Rate Schedule X–64 for the period of January 1, 1994 through December 31, 1994.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests should be filed on or before February 13, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

[FR Doc. 95–3318 Filed 2–9–95; 8:45 am]

BILLING CODE 6717–01–M

[Docket No. RP95–153–000]

East Tennessee Natural Gas Co., Notice of Proposed Changes in FERC Gas Tariff

February 6, 1995.

Take notice that on February 2, 1995, East Tennessee Natural Gas Company (East Tennessee), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following sheets and requested effective dates:

Tariff sheet	Effective date
Third Substitute Original Sheet No. 4.	Nov. 1, 1993.
Second Substitute First Revised Sheet No. 4.	Jan. 1, 1994
Substitute Second Revised Sheet No. 4.	Oct. 1, 1994
Substitute Third Revised Sheet No. 4.	Nov. 1, 1994.

East Tennessee states that it is making this filing pursuant to its Rate Schedule LMS–MA, Section 1.5 which requires East Tennessee to reflect in its no-notice, Daily Demand Service (DDS) rates changes in the Daily Demand Service rates of its upstream transporter, Tennessee Gas Pipeline Company (Tennessee). East Tennessee further states that consistent with that language, East Tennessee seeks to revise its Daily Variance Charge. The revised tariff sheets reflect the increase in Tennessee's Rate Schedule LMS–MA Daily Demand Service and Daily Variance Charge rates pursuant to Tennessee's implementation of its cost of service settlement in Docket Nos. RP91–203, RP92–132 and RS92–23 (consolidated).

East Tennessee states that copies of the filing have been mailed to all affected customers and state regulatory commissions.

Any person desiring to be heard or to make any protest with reference to said filing should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with Sections 211 and 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211 and 385.214. All such petitions or protests should be filed on or before February 13, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to this proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file and available for public inspection.

Excel Energy Services; Correction to Notice of Succession

February 6, 1995.

Take notice that the following paragraph was omitted from the Notice of Succession issued on January 25,

1995, (60 FR 6078, February 1, 1995), in the above-referenced docket:

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before February 21, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

BILLING CODE 6717–01–M

[Docket No. CP95–192–000]

Gas Transport, Inc.; Notice of Application

February 6, 1995.

Take notice that on February 1, 1995, Gas Transport, Inc. (Gas Transport), 109 N. Broad Street, Lancaster, OH 43130 filed in Docket No. CP95–192–000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon a gas transportation and exchange service between Columbia Gas Transmission Corporation (Columbia), all as more fully set forth in the application on file with the Commission and open to public inspection.

Specifically, Gas Transport proposes to abandon its Rate Schedule X–2, which represents the transportation and exchange service between Columbia. Gas Transport and Columbia have not transported volumes under this agreement since July 1991, as the exchange services are no longer utilized or needed by the parties.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 27, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

BILLING CODE 6717–01–M

[Docket No. MT95–6–000]

K N Interstate Gas Transmission Co.; Notice of Change in Order No. 497 Compliance Information

February 6, 1995.

Take notice that on February 1, 1995, K N Interstate Gas Transmission Company (KNI), tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1–B, Fourth Revised Sheet No. 53, to update information concerning its Order No. 497 compliance information. Specifically, KNI filed revised tariff sheets updating the list of marketing affiliates that conduct transportation on the pipeline to include Anthem Energy Company, L.P.

KNI states that copies of the filing have been served on all of KNI's customers.

Any person desiring to be heard or to make any protest with reference to said filing should file a petition to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street N.E., Washington, DC 20426, in accordance with Sections 211 and 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211 and 385.214. All such petitions or protests should be filed on or before February 13, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to this proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file and available for public inspection.

BILLING CODE 6717–01–M

[Docket Nos. RP91–47–000, et al.]

National Fuel Gas Supply Corp.; Notice of Compliance Filing

February 6, 1995.

Take notice that on February 1, 1995, National Fuel Gas Supply Corporation (National), tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, proposed Original Sheet No. 215B.

National states that this tariff sheet is filed in compliance with the order issued by the Federal Energy Regulatory Commission (Commission) on May 4, 1994. National states that the May 4 Order requires that it submit an allocation methodology to reallocate the take-or-pay (TOP) costs billed to National by its former pipeline-supplier, CNG Transmission Corporation (CNG).

National further states that it proposes to allocate to its customers their share of the fixed TOP charges from CNG using the 1988 WRQ components which approximates the CNG flowthrough methodology.

Any person desiring to protest said compliance filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protest should be filed on or before February 13, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

NorAm Gas Transmission Co.; Notice of Informal Settlement Conference

February 6, 1995.

Take notice that an informal settlement conference will be convened in this proceeding on February 23, 1995, at 10:00 a.m., at the offices of the Federal Energy Regulatory Commission, 810 First Street, NE., Washington, DC 20426, for the purpose of exploring the possible settlement of the above-referenced docket.

Any party, as defined by 18 CFR 385.102(c), or any participant as defined by 18 CFR 385.102(b) is invited to attend. Persons wishing to become a party must move to intervene and receive intervenor status pursuant to the Commission's regulations (18 CFR 385.214).

For additional information, contact Donald Williams at (202) 208–0743 or Irene Szopo at (202) 208–1602.

Lois D. Cashell,

Secretary.

[FR Doc. 95–3324 Filed 2–9–95; 8:45 am]

BILLING CODE 6717–01–M

[Docket No. ER95–514–000]

Northeast Utilities Service Company; Filing

February 3, 1995.

Take notice that on January 31, 1995, Northeast Utilities Service Company (NUSCO), tendered for filing on behalf of The Connecticut Light and Power Company (CL&P), a Fourth Amendment to Capacity, Transmission and Energy Service Agreement with Green Mountain Power Corporation (GMP). The Amendment provides for changes necessary to accommodate GMP's termination of its contract with Rochester Gas and Electric.

NUSCO requests that the rate schedule become effective on January 31, 1995. NUSCO states that copies of the rate schedule have been mailed or delivered to the parties to the Fourth Amendment.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before February 17, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL–5151–4]

Agency Information Collection Activities Under OMB Review

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected cost and burden.

DATES: Comments must be submitted on or before March 13, 1995.

FOR FURTHER INFORMATION CONTACT OR A COPY OF THIS ICR CONTACT: Sandy Farmer at EPA, (202) 260–2740.

SUPPLEMENTARY INFORMATION:

Office of Solid Waste and Emergency Response

Title: Recordkeeping and Reporting Requirements for Compliance with the 40 CFR Part 258 solid Waste Disposal Facility Criteria (EPA No. 1381.04). This ICR is a renewal of an approved collection (OMB No. 2050–0122).

Abstract: This ICR details the information collection activities associated with the revised solid waste disposal facility criteria promulgated on October 9, 1991, as provided in 40 CFR Part 258. The revised criteria establish minimum federal standards for owners and operators of municipal solid waste landfills (MSWLFs) to ensure that such facilities are designed and operated in a manner that is protective of human health and the environment, as well as recordkeeping and notification requirements for MSWLF owners and operators to ensure compliance with the revised criteria.

Specifically, MSWLF owners/operators must record and maintain in an operating record, and make available to the States upon request: Location restriction demonstrations; inspection records, training and notification procedures; gas monitoring results and remediation plans; unit design documentation for leachate and gas condensate recirculation; monitoring, testing or analytical data; closure/post-closure care plans; and cost estimates and financial assurance documentation.

Notification requirements for MSWLF owners/operators include notifying the State when: A regulated hazardous waste or PCB waste is discovered at the facility; methane gas concentrations exceed specified limits; and when ground-water contamination is detected.

The information collected will be used to regulate and insure that MSWLFs are complying with the Part 258 Criteria. The program is administered by the States and all information is submitted to the States. State burden consists of MSWLF notifications, MSWLFs demonstrations review, and requirements certification. EPA has enforcement authority in States where EPA has made a determination that the State is not approved and may request information from the MSWLFs owner or operator.

Burden Statement: The public reporting burden for this collection of information is estimated to average 109 hours per response and includes time for reviewing instructions, searching existing information sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Respondents: Owners and Operators of Municipal Solid Waste Landfills, States.

Estimated Number of Respondents: 4,000.

Frequency of Collection: On occasion, annually.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden: 438,100 hours.

Send comments regarding the burden estimate, or any other aspect of this collection of information, including suggestions for reducing the burden, to:

Sandy Farmer, U.S. Environmental Protection Agency, Information Policy Branch (2136), 401 M Street, SW., Washington, DC 20460

and

Jonathan Gledhill, Office of Management and Budget, Office of Information and Regulatory Affairs, 725 17th St., NW., Washington, DC 20503.

Dated: February 6, 1995.

Paul Lapsley,

Director, Regulatory Management Division.

BILLING CODE 6560–50–M

[FRL–5152–6]

Clean Air Act; Acid Rain Provisions

AGENCY: Environmental Protection Agency.

ACTION: Notice of the 1995 EPA SO_2 allowance auctions.

SUMMARY: Pursuant to Title IV of the Clean Air Act and 40 CFR part 73, the EPA is responsible for implementing a program to reduce emissions of sulfur dioxide (SO_2), a precursor of acid rain. The centerpiece of the SO_2 control program is the allocation of transferable allowances, or authorizations to emit SO_2, which are distributed in limited quantities for existing utility units and which eventually must be held by virtually all utility units to cover their SO_2 emissions. These allowances may be transferred among polluting sources and others, so that market forces may govern their ultimate use and distribution, resulting in the most cost-effective sharing of the emissions control burden. In addition, EPA is directed under Section 416 of the Act to conduct annual sales and auctions of a small portion of allowances (2.8%) withheld from the total allowances allocated to utilities each year. Sales and auctions are expected to stimulate and support such a market in allowances and to provide a public source of allowances, particularly to new units for which no allowances are allocated. Today, the Acid Rain Division is giving notice of the third annual SO_2 allowance auctions. The regulations governing the auctions and sales were promulgated on December 17, 1991 (40 CFR part 73, subpart E).

EPA has delegated the administration of the EPA allowance auctions to the Chicago Board of Trade (CBOT). The auctions will be conducted under the regulations cited above. Anyone can participate in the EPA auctions and bidders are not restricted as to the quantity or price of their bid. Allowances sold at the auctions will be sold to the highest bidder until no allowances remain. The 1995 auctions will consist of one ''spot'' auction and two ''advance'' auctions. Allowances sold in the spot auction are useable for compliance beginning in 1995. Allowances sold in the 6-year advance auction are useable for compliance beginning in 2001; allowances sold in the 7-year advance auction are useable for compliance beginning in 2002. 25,000 allowances will be sold in the 6-year advance auction, which are the unsold allowances from the 1994 direct sale. 50,000 spot allowances will be sold in the spot auction and 100,000 allowances will be sold in the 7-year advance auction. Bid Forms for the 1995 auctions must be received by the CBOT by the close of business on March 21, 1995. The auctions themselves will be conducted on March 27, 1995, with the results announced the next day.

CBOT will also sell in the 1995 auctions any spot, 6-year advance, or 7-year advance allowances that are offered by others holding allowances in EPA's Allowance Tracking System. However, offered allowances will be sold after the allowances that were withheld from the utilities, so offered allowances will consequently be sold at a lower price than the withheld allowances. Owners of offered allowances may set a minimum price for their allowances. To offer allowances in the EPA auctions, owners of allowances must submit a SO_2 Allowance Offer Form to EPA by the close of business on March 3, 1995. The auction and sale regulations require that offer forms be received by EPA no later than 15 business days prior to the date of the auctions.

ADDRESSES:

U.S. EPA Acid Rain Division (6204J), Attn: Auctions and Sales, 401 M St., S.W., Washington, DC 20460.

Chicago Board of Trade, Attn: EPA Auctions, 141 W. Jackson Blvd., Suite 2240, Chicago, IL 60604.

Forms needed to participate in the EPA auctions are available from the Acid Rain Division. To obtain forms, call the Acid Rain Hotline at (202) 233–9620.

FOR FURTHER INFORMATION CONTACT: Information on bidding in the 1994 EPA auctions can be found in the brochure ''How to Bid in the EPA SO_2 Allowance Auctions, Third Annual Auctions—March 27, 1995;'' general information on the EPA auctions can be found in the ''Acid Rain Program Allowance Auctions and Direct Sales'' fact sheet. These publications can be obtained by calling the Acid Rain Hotline or by writing to EPA at the address listed above.

Dated: February 1, 1995.

Brian J. McLean,

Director, Acid Rain Division.

BILLING CODE 6560–50–P

[FRL–5152–4]

Public Water System Supervision Program; Program Revision for the State of Hawaii

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of decision and opportunity for hearing.

SUMMARY: Notice is hereby given that the State of Hawaii is revising its approved State Public Water System Supervision Program. Hawaii has adopted new regulations to address new/revised organic and inorganic compounds in drinking water. The state regulations correspond to National Primary Drinking Water Regulations promulgated by EPA on January 30, 1991 (56 FR 3583) and on July 1, 1991 (56 FR 30277). EPA has determined that the state program revision is no less stringent than the corresponding Federal rules. Therefore, EPA has tentatively decided to approve the state program revision.

All interested parties are invited to request a public hearing. A request for a public hearing must be submitted by March 13, 1995 to the Regional Administrator at the address shown below. Insubstantial requests for a hearing may be denied by the Regional Administrator. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall become effective March 13, 1995.

Any request for a public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; (2) a brief

statement of the requesting person's interest in the Regional Administrator's determination and ofinformation that the requesting person intends to submit at such hearing; and (3) the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or entity.

ADDRESSES: All documents relating to this determination are available for inspection between the hours of 8:30 a.m. and 4 p.m., Monday through Friday, at the following offices: Hawaii Department of Health, Safe Drinking Water Branch, 919 Ala Moana Blvd., room 308, Honolulu, Hawaii 96814; and EPA, Region IX, Water Management Division, Drinking Water Section (W–6–1), 75 Hawthorne Street, San Francisco, California 94105.

FOR FURTHER INFORMATION CONTACT: Corine Li, EPA, Region IX, at the San Francisco address given above or by telephone at (415) 744–1858.

(Section 1413 of the Safe Drinking Water Act as amended (1986); and 40 CFR 142.10 of the National Primary Drinking Water Regulations)

Dated: January 30, 1995.

John Wise,

Acting Regional Administrator.

Environmental Impact Statements; Notice of Availability

RESPONSIBLE AGENCY: Office of Federal Activities, General Information (202) 260–5076 OR (202) 260–5075.

ACTION: Weekly receipt of Environmental Impact Statements Filed January 20, 1995 Through February 03, 1995 Pursuant to 40 CFR 1506.9.

EIS No. 940532, DRAFT EIS, AFS, ID, Boise River Wildfire Recovery Project, Implementation, North Fork Boise River and Mores Creek Drainages, Boise National Forest, Idaho City and Mountain Home Ranger Districts, Boise and Elmore Counties, ID, Due: February 06, 1995, Contact: Terry Padilla (208) 364–4330.

Due to an Administrative oversight in the forwarding of the above EIS the Notice of Availability did not appear in the 12–23–94 **Federal Register**. All requirements under Sections 1506.9 and 1506.10 of the CEQ Regulations were satisfied and have been certified by the Regional Forester for Region 4. For further information contact Mr. Glenn Casamassa at (801) 625–5763.

EIS No. 950035, DRAFT EIS, AFS, ID, Hobo Cornwall Project Area Timber Sale and Ecosystem Management Plan, Implementation, Idaho Panhandle National Forests, St. Joe Ranger District, Shoshone County, ID, Due: March 27, 1995, Contact: Tracy Gravelle (208) 245–2531.

EIS No. 950036, FINAL EIS, FHW, NB, Omaha Northwest Connector/ Sorensen Parkway Improvements, Construction between 72nd Street and Blair High Road and south of I–680, Funding and COE Section 404 Permit, City of Omaha, Douglas County, NB, Due: March 13, 1995, Contact: Philip Barnes (402) 437–5521.

EIS No. 950037, FINAL EIS, USA, IN, Fort Benjamin Harrison Disposal and Reuse, Implementation, City of Lawrence, Marion County, IN, Due: March 13, 1995, Contact: William Ray Haynes (502) 582–6475.

EIS No. 950038, FINAL EIS, FHW, WV, US 19/Corridor L Improvements from Nicholas County High School to I–79, Funding and COE Section 404 Permit, Nicholas and Braxton Counties, WV, Due: March 13, 1995, Contact: Bobby W. Blackman (304) 348–3093.

EIS No. 950039, DRAFT EIS, FRC, CA, Mojave Natural Gas Pipeline Northward Expansion Project, Construction and Operation, Approvals and Permits Issuance, San Joaquin Valley, San Francisco Bay Area and Sacramento, CA, Due: March 27, 1995, Contact: Michael Boyle (202) 208–0839.

EIS No. 950040, DRAFT EIS, AFS, CA, California Spotted Owl Habitat Management Plan, Implementation, Sierra Nevada National Forests, CA, Due: May 10, 1995, Contact: Janice Gauthier (916) 979–2020.

EIS No. 950041, DRAFT EIS, SFW, NV, Desert Tortoises (Gopherus agassizii) Habitat, Issuance of Permit to Allow Incidental Take, Federal Land and Non-Federal Land, Clark County, NV, Due: March 27, 1995, Contact: Sherry Barrett (702) 784–5227.

EIS No. 950042, FINAL SUPPLEMENT, UAF, MA, Westover Air Force Base, Air Force Reserve Mission Change/ Aviation Operation, Updated Information on Military (C–5) and Civil Aircraft Operations, Hampden County, MA March 13, 1995, Contact: Ms. Toni Thorne (912) 327–1073.

Dated: February 7, 1995.

Richard E. Sanderson,

Director, Office of Federal Activities.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared January 9, 1995 through January 13, 1995 pursuant to the Environmental Review Process (ERP), under Section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at (202) 260–5076.

An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in FR dated April 10, 1994 (59 FR 16807).

Draft EISs

ERP No. D–NPS–E64015–TN

Rating EC2, Obed Wild and Scenic River, General Management Plan and Development Concept Plan, Implementation, Morgan and Cumberland Counties, TN.

Summary: EPA expressed environmental concerns about adverse effects from cumulative impacts from trail expansions and the potential impairment of the free-flowing condition and resource value of the OBED WSR. EPA encouraged a basin-wide regional comprehensive water resources plan be conducted concurrently with the OBED designation.

ERP No. D–NRC–A09822–00

Rating EC2, 10 CFR Part 20: Support of Rulemaking on Radiological Criteria for Decommissioning of NRC-Licensed Nuclear Facilities (NUREG–1496), Implementation, Generic EIS.

Summary: EPA expressed environmental concerns with the level of detail in the proposed rule regarding the scope of material covered, assurance requirement, public participation requirements and ground water protection.

ERP No. DS–AFS–L65208–AK

Rating EC2, Shamrock Timber Sales, Timber Harvesting and Road Construction, Updated Information, Stikine Area, Kupreanof Island, Tongass National Forest, Implementation, AK.

Summary: EPA expressed environmental concerns with this draft supplemental EIS based on EPA's previous review and the additional information provided. EPA encouraged increased use of alternative silviculture techniques and additional information on cumulative effects and monitoring.

ERP No. DS–NRC–E06008–TN

Rating EC2, Watts Bar Nuclear Plant, Unit 1 and 2, Updated Information, Related to the Operations, Approval for Application for a Facility Operating License and NPDES Permit, Rhea County, TN.

Summary: EPA expressed environmental concerns regarding low level waste disposal pollution prevention and noise. Additional information on these issues was requested.

Final EISs

ERP No. F–BLM–A60116–00

Rangeland Reform 1994 Program, Implementation, Land Acquisition and Permits Approval.

Summary: EPA expressed environmental concerns over the Forest Service's reluctance to implement national standards and guidelines (S&Gs), inadequate information on how to include state and private lands, lack of detail on monitoring and instituting adaptive management, the use of range betterment funds and the need for a specific S&G to fully evaluate air quality consequences. However, the final EIS was responsive to many of EPA's comments made on the draft EIS.

ERP No. F–DOE–E09800–SC

F-Canyon Plutonium Solutions Stabilization Project, Implementation, Savannah River Site, Aiken and Barnwell Counties, SC.

Summary: EPA's issues were addressed except in the F-Canyon area where EPA expects minimal impacts.

Dated: February 7, 1995.

Richard E. Sanderson,

Director, Office of Federal Activities.

Office of Research and Development

Pacific Northwest Ecosystem Management Research Program

AGENCY: Environmental Protection Agency, Environmental Research Laboratory, Corvallis, Oregon.

ACTION: Notice of Request for Pre-applications.

SUMMARY: The United States Environmental Protection Agency (USEPA), Environmental Research Laboratory at Corvallis, Oregon, is requesting assistance pre-applications for a cooperative agreement on ecosystem management research in the Pacific Northwest (primarily Oregon and Washington).

DATES: Pre-applications will be due April 7, 1995.

FOR FURTHER INFORMATION CONTACT: Dr. Joan P. Baker, USEPA, Environmental Research Laboratory, 200 SW 35th Street, Corvallis, Oregon 97333, (503) 754–4517, FAX (503) 754–4716, or internet joan@mail.cor.epa.gov.

SUPPLEMENTARY INFORMATION: The purpose of this cooperative agreement is to stimulate the broad range of ecological research needed to improve the scientific information, understanding, analyses, and methods required to implement ecosystem management effectively in the region. Important parts of the agreement will be the integration of research across scientific disciplines, ecosystem types, spatial scales, and geographic areas and the active involvement of the broad ecological research component with relevant expertise. Research areas include regional biodiversity, watershed/ecoregion-scale assessments, ecological functions of riparian areas, coastal estuaries, extrapolation, integrated monitoring design, and ecological/socioeconomic linkages. USEPA scientists will collaborate with the recipient on the design, conduct, and interpretation of research funded through this agreement.

The cooperative agreement will have a period of performance up to five years. Annual funding will range between $1,000,000 and $3,000,000 per year. Pre-applications must be received by April 7, 1995. An independent peer review panel will evaluate all assistance pre-aplications. Based on this review, one or more applicants will be requested to submit full assistance applications. A single applicant will be selected for funding based on peer review of these full assistance applications. Eligible applicants include members of academic and nonprofit institutions located in the United States.

Federal grant regulation 40 CFR 30.307 requires that all recipient institutions provide a minimum of 5 percent of the total project cost, which shall not be from Federal sources. Statutory authority for EPA funding of the specified research is authorized in the Clean Water Act, Sections 104 (a), (b), (g), (h), and (i). Interested applicants must be eligible to receive Federal Assistance under these statutory authorities and 40 CFR 30—General Regulation for Assistance Programs, and 40 CFR 40—Research and Demonstration Grants. Only nonprofit research institutions of higher education or nonprofit research organizations eligible to receive Federal assistance under these acts should submit applications.

To obtain a more detailed statement of the research and instructions for assistance pre-applications, contact Dr. Joan Baker, at the address listed above. An optional information meeting, to answer questions about this solicitation, will be held March 1 at the USEPA Environmental Research Laboratory in Corvallis. If you plan to attend this meeting (in person or via teleconferencing), call Patricia Hawk at (503) 754–4504 to reserve a space and receive directions.

Dated: February 6, 1995.

Robert J. Huggett,

Assistant Administrator for Research and Development.

Effluent Guidelines Task Force Open Meeting

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: The Effluent Guidelines Task Force, an EPA advisory committee, will hold a meeting to discuss improvements to the Agency's Effluent Guidelines Program. The meeting is open to the public.

DATES: The meeting will be held on Tuesday, February 28, from 8:30 am to 5:00 pm, and Wednesday, March 1, 1995, from 8:30 am to 3:00 pm.

ADDRESSES: The meeting will take place at the Dupont Plaza Hotel, 1500 New Hampshire Avenue NW., Washington, DC.

FOR FURTHER INFORMATION CONTACT: Shelia Frace, Acting Effluent Guidelines Task Force Staff Director, Office of Water (4303), 401 M Street SW., Washington, DC 20460; telephone 202–260–7120, fax 202–260–7185.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act (Pub. L. 92–463), the Environmental Protection Agency gives notice of a meeting of the Effluent Guidelines Task Force (EGTF). The EGTF is a subcommittee of the National Advisory Council for Environmental Policy and Technology (NACEPT), the external policy advisory board to the Administrator of EPA.

The EGTF was established in July of 1992 to advise EPA on the Effluent Guidelines Program, which develops regulations for dischargers of industrial

wastewater pursuant to Title III of the Clean Water Act (33 U.S.C. 1251 et seq.). The Task Force consists of members appointed by EPA from industry, citizen groups, state and local government, the academic and scientific communities, and EPA regional offices. The Task Force was created to offer advice to the Administrator on the long-term strategy for the effluent guidelines program, and particularly to provide recommendations on a process for expediting the promulgation of effluent guidelines. The Task Force generally does not discuss specific effluent guideline regulations currently under development.

The meeting agenda will include a presentation on the Task Force accomplishments to date, and a discussion of life-cycle analysis and effluent guidelines regulations. Much of the meeting time will be set aside as working time for the three work groups initiated at the last meeting: selecting industries for regulation; co-regulation (cross-media); and pretreatment (pass-through determination).

The meeting will be open to the public. Limited seating for the public is available on a first-come, first served basis. The public may submit written comments to the Task Force regarding improvements to the Effluent Guidelines program. Comments should be sent to Sheila Frace at the above address. Comments submitted by February 21 will be considered by the Task Force at or subsequent to the meeting.

Eric Strassler,

Designated Federal Official.

Acid Deposition Standard Feasibility Study

AGENCY: U.S. Environmental Protection Agency (EPA).

ACTION: Notice of Draft Report for Public Comment.

SUMMARY: EPA announces availability of the draft report entitled *The Acid Deposition Standard Feasibility Study* for public comment. The report is required by Section 404, Appendix B of the Clean Air Act (CAA). A 30 day public comment period commences today for this draft report. The study addresses the environmental effectiveness and feasibility of an acid deposition standard or standards to protect critically sensitive aquatic and terrestrial resources.

The technical methodologies and tools (models) used in this report have been peer reviewed. A peer review on the comprehensive draft report will also occur to consider the use of the models as they relate to the integration of the study components.

DATES: The draft Acid Deposition Standard Feasibility Study will be available for review and comment for 30 days after publication in the **Federal Register**. Delivery of this report to Congress is under a court-ordered deadline making it particularly important that comments be received within the 30 day period.

ADDRESSES: *Availability:* To obtain a copy of the draft Report to Congress contact the Office of Air and Radiation Docket and Information Center at 202–260–7548 or 202–260–7549 or by fax at 202–260–4400. Refer to Docket # AR–95–01.

Comments: Written statements should be submitted (in duplicate if possible) to: Rona Birnbaum, Acid Rain Division (6204–J), U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: Rona Birnbaum, Acid Rain Division (6204–J), Office of Atmospheric Programs, Office of Air and Radiation. U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460. Telephone (202) 233–9076.

Dated: February 6, 1995.

Coast Wood Preserving Site; Notice of Proposed Administrative Settlement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for public comment.

SUMMARY: In accordance with section 122(i) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), as amended by the Superfund Amendments and Reauthorization Act (SARA), notice is hereby given of the proposed administrative cost recovery settlement entered into by EPA Region IX and the Respondents listed in Appendix A, set forth below. The proposed settlement was entered into under the authority granted EPA in section 122(h) of CERCLA, and provides that the Respondents will reimburse the EPA $161,000.00 of the costs incurred at, or in connection with, response actions conducted at the Coast Wood Preserving Superfund Site, located in Ukiah, California, through February 28, 1994.

For thirty (30) days following the date of publication of this notice, EPA will receive written comments relating to the settlement. EPA may withdraw from or modify the proposed settlement should such comments disclose facts or considerations which indicate the proposed settlement is inappropriate, improper or inadequate. The Agency's response to any comments received will be available for inspection at the U.S. Environmental Protection Agency, Region IX, (RC–1), 75 Hawthorne Street, San Francisco, CA. 94105, Attention: Steve Armsey, Regional Hearing Clerk.

ADDRESSES: A Copy of the proposed settlement may be obtained from Steve Armsey, U.S. EPA Region IX Hearing Clerk (RC–1), 75 Hawthorne St., San Francisco, CA. 94105. Comments should reference the Coast Wood Preserving Superfund Site and EPA Docket No. 95–06.

FOR FURTHER INFORMATION CONTACT: David Rabbino, Office of Regional Counsel, U.S. EPA, Region IX, 75 Hawthorne St., San Francisco, CA 94105, Telephone: (415) 744–1336.

Dated: February 1, 1995.

David Jones,

Acting Director, Hazardous Waste Management Division.

[FRL–5152–5]

Proposed Administrative Order on Consent; Lowry Landfill Site, Arapahoe County, CO

AGENCY: U.S. Environmental Protection Agency (USEPA).

ACTION: Proposed *de minimis* settlement.

SUMMARY: In accordance with the requirements of section 122(i)(1) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended (CERCLA), notice is hereby given of a proposed *de minimis* settlement under section 122(g) concerning the Lowry Landfill Site in Arapahoe County, Colorado (the Site). The proposed Administrative Order on Consent (AOC) requires potentially responsible party (PRP) Rockwell International (Rockwell) to pay a total of $314,587.65 to resolve its liability to the USEPA related to response actions taken or to be taken at the Site.

DATES: Comments must be submitted on or before March 13, 1995.

ADDRESSES: Comments should be addressed to Marc Herman (8HWM–SR), Remedial Project Manager, U.S. Environmental Protection Agency, Region VIII, 999 18th Street, suite 500, Denver, Colorado 80202–2466, and should refer to: In the Matter of: Lowry Landfill Site *De Minimis* Settlement, EPA Docket No. CERCLA VIII–94–26.

FOR FURTHER INFORMATION CONTACT: Jessie Goldfarb (8RC), Assistant Regional Counsel, U.S. Environmental Protection Agency, Region VIII, 999 18th Street, suite 500, Denver, Colorado 80202–2466, (303) 294–7592.

SUPPLEMENTARY INFORMATION: Notice of section 122(g) *De Minimis* Settlement: In accordance with section 122(i)(1) of CERCLA, notice is hereby given that the terms of an Administrative Order on Consent (AOC) have been agreed to by settling party Rockwell International.

By the terms of the proposed AOC, Rockwell International will pay $314,587.65 to the EPA Hazardous Substance Superfund. In exchange for payment, USEPA will provide Rockwell with a covenant not to sue for liability under sections 106 and 107(a) of CERCLA, and section 7003 of the Solid Waste Disposal Act, as amended (also known as the Resource Conservation and Recovery Act (RCRA)).

The amount that Rockwell International will pay was determined by dividing the original estimated response costs for the Site ($536,000,000) by the original estimated volume of waste disposed of at the Site (142,295,420 gallons). This per gallon charge of $3.77 was then multiplied by the volume of waste Rockwell sent to the Site from the Rocky Flats Plant (55,630 gallons), resulting in a Base Amount ($209,725.10). The premium selected by Rockwell (50% of the Base Amount) was then added to the Base Amount to derive Rockwell's total settlement payment of $314,587.65.

Because the proposed settlement is an extension of the previous Lowry Landfill Site *de minimis* settlements, and to ensure consistency with those settlements, the original estimated response costs for the Site and original estimated volume of waste disposed of at the Site were retained from the previous settlements.

USEPA will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed *de minimis* settlement.

A copy of the proposed AOC may be obtained in person or by mail from Marc Herman (8HWM–SR), Remedial Project Manager, U.S. Environmental Protection Agency, Region VIII, 999 18th Street, suite 500, Denver, Colorado, 80202–2466, (303) 293–1625. Additional background information relating to the *de minimis* settlement is available for review at the Superfund Records Center at the above address, and at the Aurora Central Public Library located at 14949 East Alameda Drive, Aurora, Colorado.

Dated: January 24, 1995.

William P. Yellowtail,

Regional Administrator.

BILLING CODE 6560–50–M

[OPPTS–83002O; FRL–4935–2]

Receipt of Request for Waiver from Testing

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of receipt of request for waiver from testing.

SUMMARY: Regulations issued by EPA under section 4 of the Toxic Substances Control Act require that specified chemical substances be tested to determine if they are contaminated with halogenated dibenzo-*p*-dioxins (HDDs) or halogenated dibenzofurans (HDFs), and that results be reported to EPA. However, provisions have been made for exclusion and waiver from these requirements if an appropriate application is submitted to EPA and is approved. EPA has received a request for a waiver from these requirements from Hoechst Celanese and will accept comments on this request. EPA will publish another **Federal Register** notice announcing its decisions on this request.

DATES: Submit written comments on or before February 27, 1995.

ADDRESS: Submit written comments in triplicate, identified with the document control number OPPTS–83002O, to: TSCA Public Docket Office, Att: TSCA Docket Receipt, Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. G–99, 401 M St., SW., Washington, DC 20460.

FOR FURTHER INFORMATION CONTACT: James Willis, Acting Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Rm. E–543, 401 M St., SW., Washington, DC 20460, (202) 554–1404, TDD (202) 554–0551.

SUPPLEMENTARY INFORMATION: Under 40 CFR part 766 (52 FR 2112, June 5, 1987), EPA requires testing of certain chemical substances to determine whether they may be contaminated with HDDs and HDFs. Under 40 CFR 766.32(a)(2)(i), a waiver may be granted if a responsible company official certifies that the chemical substance is produced only in quantities of 100 kilograms or less per year, and only for research and development purposes.

Under 40 CFR 766.32(b), a request for a waiver must be made 60 days before resumption of manufacture or importation of a chemical substance not being manufactured, imported, or processed as of June 5, 1987.

Hoechst Celanese requests a waiver under 40 CFR 766.32(a)(2)(i). Hoechst Celanese plans to import chloranil (CAS No. 118–75–2), a substance subject to testing under 40 CFR part 766, to provide samples of its products to its customers for research and development. Hoechst Celanese will limit its import of chloranil to 100 kilograms per calendar year.

A public version of the record for this action, from which confidential business information has been deleted, is available for inspection in the TSCA Nonconfidential Information Center, Monday through Friday, excluding legal holidays, in Rm. NE B607, 40l M St., SW., Washington, DC 20460 from 12 p.m. to 4 p.m.

Dated: February 2, 1995.

Charles M. Auer,

Director, Chemical Control Division, Office of Pollution Prevention and Toxics.

[FR Doc. 95–3388 Filed 2–9–95; 8:45 am]

BILLING CODE 6560–50–F

FEDERAL FINANCIAL INSTITUTIONS EXAMINATION COUNCIL

Implementation Issues Arising from FASB Statement No. 114, ''Accounting by Creditors for Impairment of a Loan''

AGENCY: Federal Financial Institutions Examination Council.

ACTION: Final action.

SUMMARY: The Federal Financial Institutions Examination Council (FFIEC) [1] has decided that the portion of an institution's allowance established pursuant to Statement of Financial Accounting Standards No. 114, ''Accounting by Creditors for Impairment of a Loan'' (FAS 114),

[1] The FFIEC consists of representatives from the Board of Governors of the Federal Reserve System (FRB), the Federal Deposit Insurance Corporation (FDIC), the Office of the Comptroller of the Currency (OCC), the Office of Thrift Supervision (OTS) (referred to as the ''agencies''), and the National Credit Union Administration. However, this guidance is not directed to credit unions. Section 1006(c) of the Federal Financial Institutions Examination Council Act requires the FFIEC to develop uniform reporting standards for federally-supervised financial institutions.

should be reported as part of the general allowance, which is includible in Tier 2 capital subject to current limitations. In concluding that the FAS 114 allowance is general in nature, the FFIEC has also reaffirmed existing regulatory reporting policies that require banks to promptly charge-off identified losses. Similarly, savings associations are required to promptly charge-off identified losses, or create specific allowances which are reported separately from general allowances. With respect to impaired collateral-dependent loans, any portion of the loan balance that exceeds the amount that is adequately secured by the fair value of the collateral is generally classified as loss by examiners. Consequently, such losses on collateral-dependent loans are excluded from the general allowance and Tier 2 capital. Because of the conclusions on the treatment of FAS 114 allowances, no changes are required in the federal banking agencies' regulatory capital rules. In addition, the FFIEC has decided to maintain its existing regulatory nonaccrual standards.

EFFECTIVE DATE: For regulatory reports prepared as of March 31, 1995, unless an institution has elected to adopt FAS 114 and the guidance in this notice as of an earlier date.

FOR FURTHER INFORMATION CONTACT:
At the FRB: Gerald A. Edwards, Jr., Assistant Director (202) 452–2741 or Charles H. Holm, Project Manager (202) 452–3502. For questions pertaining to regulatory capital issues, Rhoger H. Pugh, Assistant Director (202) 728–5883, or Kevin M. Bertsch, Supervisory Financial Analyst (202) 452–5265.
At the FDIC: Doris L. Marsh, Examination Specialist, Accounting Section, Division of Supervision (202) 898–8905, or Robert F. Storch, Chief, Accounting Section, Division of Supervision (202) 898–8906.
At the OCC: Eugene W. Green, Deputy Chief Accountant, (202) 874–4933, or Frank Carbone, National Bank Examiner (202) 874–5170.
At the OTS: Timothy Stier, Deputy Chief Accountant (202) 906–5699.

SUPPLEMENTARY INFORMATION:

I. Background

A. Summary of FAS 114

FAS 114 was adopted in May 1993 by the Financial Accounting Standards Board (FASB). The statement applies to all creditors and to all loans that are identified for evaluation of collectibility, except: (1) large groups of smaller-balance homogeneous loans that are collectively evaluated for impairment (such as credit card, residential mortgage, and consumer installment loans), (2) loans that are measured at fair value or at the lower of cost or fair value (such as loans held for sale), (3) leases, and (4) debt securities. FAS 114 does not specify how an institution should identify loans that are to be evaluated for collectibility. An institution should apply its normal loan review procedures in making that judgment.

Under FAS 114, a loan is impaired when it is probable that a creditor will be unable to collect all amounts due (including interest and principal) according to the contractual terms of the loan agreement. When a loan is impaired, a creditor must measure the extent of that impairment by determining the present value of expected future cash flows discounted at the loan's effective interest rate. However, as practical expedients, the creditor may measure impairment based on either the loan's observable market price, or the fair value of the collateral for the loan if the loan is collateral dependent. Although under FAS 114 a creditor is generally allowed to use any of these three measurement methods to determine the amount of impairment, a creditor must measure impairment based on the fair value of collateral when the creditor determines that foreclosure is probable.

FAS 114 does not address when a creditor should record a charge-off of an impaired loan. Furthermore, FAS 114, as amended by Statement of Financial Accounting Standards No. 118, ''Accounting by Creditors for Impairment of a Loan—Income Recognition and Disclosures'' (FAS 118), in October 1994, does not address how a creditor should recognize interest income on an impaired loan.

B. FFIEC Guidance on FAS 114 Announced in May 1994

The May 17, 1994, **Federal Register** (59 FR 25656) stated that ''the FFIEC and the agencies are requiring institutions to adopt FAS 114 as of its effective date for purposes of reporting on the Call Report and TFR. Furthermore, the agencies will permit early adoption.'' This regulatory reporting treatment is consistent with the requirements of Section 37 of the Federal Deposit Insurance Act (12 U.S.C. 1831n).

While institutions are required to adopt FAS 114 for regulatory reporting purposes, the ''Interagency Policy Statement on the Review and Classification of Commercial Real Estate Loans,'' issued on November 7, 1991, will remain in effect. Therefore, impaired, collateral-dependent loans must be reported at the fair value of collateral in regulatory reports. This treatment is to be applied to all collateral-dependent loans, regardless of the type of collateral.

The FFIEC and the agencies also announced that they do not plan to automatically require additional allowances for credit losses on impaired loans over and above what is required on these loans under FAS 114.[2] However, an additional allowance on impaired loans may be necessary based on consideration of institution-specific factors, such as historical loss experience compared with estimates of such losses, concerns about the reliability of cash flow estimates, or the quality of an institution's loan review function and controls over its process for estimating its FAS 114 allowance.

C. Issues on Which the FFIEC Sought Public Comment

In the May 17, 1994, **Federal Register**, the FFIEC sought public comment on two primary reporting issues and certain other matters related to FAS 114.

1. The Character of the FAS 114 Allowance

Should that portion of an institution's allowance established pursuant to FAS 114 be reported and considered as a specific allowance and, thus, not be eligible for inclusion in Tier 2 capital under the agencies' current capital rules? Alternatively, should the FAS 114 allowance be regarded as a general allowance which would be eligible for inclusion in Tier 2 capital subject to existing limits?[3]

2. Maintenance of Nonaccrual Reporting Requirements

Should regulatory nonaccrual standards be maintained for loans subject to FAS 114?

3. Other Issues

a. Comment was sought on (i) how much the adoption of FAS 114 is expected to change overall allowance

[2] FAS 114 does not address the overall adequacy of the ALLL. However, in addition to requiring an allowance for credit losses on impaired loans, FAS 114 requires each institution to continue to maintain an overall allowance that complies with Statement of Financial Accounting Standards No. 5, ''Accounting for Contingencies.'' Thus, consistent with existing regulatory policy, the ALLL should be adequate to cover all estimated credit losses arising from the loan and lease portfolio, including losses on loans that do not meet FAS 114's impairment criterion.

[3] Under the agencies' risk-based capital rules, general allowances includible in Tier 2 capital are limited to 1.25 percent of gross risk-weighted assets and an institution's Tier 2 capital cannot exceed its Tier 1 capital.

levels, and (ii) what portion of total overall allowances are expected to be related to impaired loans evaluated pursuant to FAS 114.

b. Comment was sought on implementation issues arising from FAS 114 to the extent they relate to U.S. branches and agencies of foreign banks. These entities are required to file quarterly the Report of Assets and Liabilities of U.S. Branches and Agencies of Foreign Banks (002 Report), which in many respects is similar to the bank Call Report. The 002 Report requires U.S. branches and agencies of foreign banks to report the amount of nonaccrual loans (see issue 2, ''Maintenance of Nonaccrual Reporting Requirements'').

c. Comment was sought on how FAS 114 might affect an institution's internal loan review process and its internal loan classification system for loans subject to FAS 114. In this regard, the FFIEC noted that, according to the December 21, 1993, Interagency Policy Statement on the Allowance for Loan and Lease Losses, each institution should ensure that it has a formal credit grading system that can be reconciled with the classification framework used by the agencies.

II. Public Comments

The FFIEC received 85 comment letters concerning the regulatory implementation issues arising from FAS 114. Seventy letters came from banking and thrift institutions. Eight financial institution trade associations, one professional association for accountants, three state banking departments, a state banking supervisors' conference, and two accounting firms also offered comments.

A. The Character of the FAS 114 Allowance

58 of the 70 commenters who addressed this issue indicated that an institution's allowance established pursuant to FAS 114 should be reported as a general allowance and be eligible for inclusion in Tier 2 capital. Many commenters stated that they believe that the FAS 114 allowance is a general allowance because of its availability to absorb any losses in the loan portfolio. Others noted that the banking agencies' current policy of requiring prompt charge-offs supports the idea that an institution's allowance for loan and lease losses (ALLL) does not contain identified losses and that any FAS 114 allowances included in the ALLL would be general. Respondents also indicated that the methodology required by FAS 114 is similar to that recommended in the agencies' current policies for determining an adequate ALLL and that other allocations of the ALLL for analytical purposes are currently disclosed in documents filed with the Securities and Exchange Commission without implying that they are specific allowances.

12 of the commenters recommended that the FAS 114 allowance be considered a ''specific allowance'' and not be eligible for inclusion in Tier 2 capital. These commenters indicated that they believe that FAS 114 relates to identified losses of particular loans and groups of loans. One commenter stated that, because of the current limit on the amount of the ALLL that may be included in Tier 2 capital (i.e., 1.25 percent of gross risk-weighted assets), the current impact on institutions of a decision to treat the FAS 114 allowance as a specific allowance would be minimal. At the same time, this commenter noted that considering the FAS 114 allowance to be specific would promote consistency in the application and analysis of financial accounting, regulatory reporting, and capital standards. In addition, the commenter suggested that viewing the FAS 114 allowance as specific would add discipline to the loan review process.

B. Maintenance of Nonaccrual Reporting Requirements

51 of the 60 commenters addressing this reporting issue agreed that the agencies should maintain existing nonaccrual policies for regulatory reporting purposes. Many respondents stated that, since nonaccrual policies are widely recognized, used, and understood, no change in these policies was needed. Some respondents indicated that institutions should not be required to modify their accounting systems until a change in income recognition methods for loans, if any, is made by FASB.

9 of the commenters did not believe the agencies should retain existing nonaccrual policies. One respondent stated that the agencies' nonaccrual policies did not improve the safety and soundness of institutions, but rather forced the cost recovery method of accounting for all funds collected on these loans. Some commenters suggested modifications to the current nonaccrual policies.

C. Specific Questions Raised by the Agencies

1. Allowance Levels

Commenters were asked how much the adoption of FAS 114 was expected to change overall allowance levels. Of the 41 commenters who responded, almost all stated that there would be little change in their allowance level. Other respondents indicated that they had not yet studied the impact of FAS 114.

Thirteen respondents answered the question about what portion of the overall ALLL is expected to be related to impaired loans evaluated pursuant to FAS 114. Several commenters simply indicated that they expected the FAS 114 portion of their ALLL to be small, while three provided separate specific estimates of less than 25 percent, 10 percent, and 5 percent. One stated that the FAS 114 allowance would be less than its existing ALLL and another indicated that its size would depend on the types of loans in portfolio. One commenter suggested that the FAS 114 allowance would be larger if assessed during an economic downturn.

2. U.S. Branches and Agencies of Foreign Banks

Four of nine commenters on this subject suggested that nonaccrual standards should be maintained for these branches and agencies. Three suggested that the same rules should apply to all institutions operating in the U.S. so that institutions chartered in the U.S. are not placed at a competitive disadvantage. Two commenters stated that branches and agencies of foreign banks should not have to record an ALLL at the branch. One commenter also requested that the agencies make no changes to the 002 Report.

3. Internal Review Systems

About half of the 55 institutions commenting on how FAS 114 might affect an institution's internal loan review process and its internal loan classification system said that FAS 114 will have little or no effect. Another third indicated that it will cause some operating and reporting changes with accompanying cost, but little or no perceived benefit. Changes that may be needed include more analysis and monitoring of loans, more time estimating cash flows and reviewing cash flow estimates, and more time estimating cash flows and reviewing cash flow estimates, and more documentation of the work performed.

III. Decisions on FAS 114 Implementation Issues

After review of the comments received and further consideration of the issues involved, the FFIEC has made the following decision on implementation issues arising from FAS 114.

A. The Character of the FAS 114 Allowance

The FFIEC has concluded that FAS 114 sets forth a method for estimating a portion of an institution's allowance for loan and lease losses. Therefore, the regulatory capital treatment of the ALLL for institutions will not be affected by the adoption of FAS 114 for regulatory reporting purposes. Consistent with this determination, the ALLL of institutions will continue to be reported net of any identified losses and will be includible in Tier 2 capital, subject to current limits.

In concluding that the portion of the allowance established pursuant to FAS 114 is general in nature, the FFIEC notes that FAS 114 in no way affects regulatory charge-off policies and is reiterating that these policies require banks to promptly charge-off all identified losses and require thrifts to either promptly charge-off identified losses or provide for them using separate, specific allowances that may not be included in regulatory capital. With respect to impaired collateral-dependent loans, any portion of the loan balance that exceeds the amount that is adequately secured by the fair value of the collateral is generally classified as loss by examiners. Consequently, the FFIEC notes that such losses on collateral-dependent loans are excluded from the general allowance and Tier 2 capital. Because of the conclusions on the treatment of FAS 114 allowances, no changes are required in the agencies' regulatory capital rules. The FFIEC further notes that the portion of the allowance established pursuant to FAS 114 is available to meet losses in any part of the loan and lease portfolio and that institutions currently use a number of techniques in estimating the overall adequacy of their ALLL.

B. Nonaccrual Policies

The FFIEC has also decided to retain its existing nonaccrual policies governing the recognition of interest income. As noted above, FASB has amended FAS 114 by issuing FAS 118 to remove the provisions describing how income on an impaired loan should be reported. Thus, the agencies' nonaccrual standards are not inconsistent with GAAP. Furthermore, as noted in the request for comment included in the **Federal Register** of May 17, 1994, the agencies' nonaccrual policies also provide many supervisory benefits, and retention of nonaccrual policies reduces regulatory burden by permitting institutions to continue their current reporting systems.

Consistent with its determinations with respect to the Call Report, the FFIEC is not recommending any changes to regulatory nonaccrual standards in the 002 Report as a result of FAS 114. Accordingly, current regulatory nonaccrual standards will continue to apply to U.S. branches and agencies of foreign banks.

Dated: February 7, 1995.

Keith J. Todd,

Assistant Executive Secretary, Federal Financial Institutions Examination Council.

BILLING CODE 6210–01–M

FEDERAL RESERVE SYSTEM

Federal Open Market Committee; Domestic Policy Directive of December 20, 1994

In accordance with § 271.5 of its rules regarding availability of information (12 CFR part 271), there is set forth below the domestic policy directive issued by the Federal Open Market Committee at its meeting held on December 20, 1994.[1] The directive was issued to the Federal Reserve Bank of New York as follows:

The information reviewed at this meeting suggests a further pickup in economic growth in recent months. Nonfarm payroll employment rose sharply in November, and the civilian unemployment rate declined to 5.6 percent. Industrial production registered another large increase in November and capacity utilization moved up further from already high levels. Retail sales have continued to rise rapidly. Housing starts increased appreciably in November. Orders for nondefense capital goods point to a continued strong expansion in spending on business equipment; permits for nonresidential construction have been trending higher. The nominal deficit on U.S. trade in goods and services widened somewhat in October from its average rate in the third quarter. Prices of many materials have continued to move up rapidly, but broad indexes of prices for consumer goods and services have increased moderately on average over recent months.

On November 15, 1994, the Board of Governors approved an increase from 4 to 4-3/4 percent in the discount rate, and in line with the Committee's decision the increase was allowed to show through fully to interest rates in reserve markets. In the period since the November meeting, short-term interest rates have risen considerably while long-term rates have declined slightly. The trade-weighted value of the dollar in terms of the other G-10 currencies recovered further over the intermeeting period.

Growth of M2 resumed in November after several months of decline, while M3 expanded moderately further. For the year through November, M2 grew at a rate at the bottom of the Committee's range for 1994 and M3 at a rate in the lower half of its range for the year. Total domestic nonfinancial debt has continued to expand at a moderate rate in recent months and for the year-to-date it has grown at a rate in the lower half of its monitoring range.

The Federal Open Market Committee seeks monetary and financial conditions that will foster price stability and promote sustainable growth in output. In furtherance of these objectives, the Committee at its meeting in July reaffirmed the ranges it had established in February for growth of M2 and M3 of 1 to 5 percent and 0 to 4 percent respectively, measured from the fourth quarter of 1993 to the fourth quarter of 1994. The Committee anticipated that developments contributing to unusual velocity increases could persist during the year and that money growth within these ranges would be consistent with its broad policy objectives. The monitoring range for growth of total domestic nonfinancial debt was maintained at 4 to 8 percent for the year. For 1995, the Committee agreed on tentative ranges for monetary growth, measured from the fourth quarter of 1994 to the fourth quarter of 1995, of 1 to 5 percent for M2 and 0 to 4 percent for M3. The Committee provisionally set the associated monitoring range for growth of domestic nonfinancial debt at 3 to 7 percent for 1995. The behavior of the monetary aggregates will continue to be evaluated in the light of progress toward price level stability, movements in their velocities, and developments in the economy and financial markets.

In the implementation of policy for the immediate future, the Committee seeks to maintain the existing degree of pressure on reserve positions. In the context of the Committee's long-run objectives for price stability and sustainable economic growth, and giving careful consideration to economic, financial, and monetary developments, somewhat greater reserve restraint would or slightly lesser reserve restraint might be acceptable in the intermeeting period. The contemplated

[1] Copies of the Minutes of the Federal Open Market Committee meeting of December 20, 1994, which include the domestic policy directive issued at that meeting, are available upon request to the Board of Governors of the Federal Reserve System, Washington, D.C. 20551. The minutes are published in the Federal Reserve Bulletin and in the Board's annual report.

reserve conditions are expected to be consistent with modest growth in M2 and M3 over coming months.

By order of the Federal Open Market Committee, February 6, 1995.

Donald L. Kohn,

Secretary, Federal Open Market Committee.

Foxdale Bancorp, Inc., et al.; Formations of; Acquisitions by; and Mergers of Bank Holding Companies

The companies listed in this notice have applied for the Board's approval under section 3 of the Bank Holding Company Act (12 U.S.C. 1842) and § 225.14 of the Board's Regulation Y (12 CFR 225.14) to become a bank holding company or to acquire a bank or bank holding company. The factors that are considered in acting on the applications are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

Each application is available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank or to the offices of the Board of Governors. Any comment on an application that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute and summarizing the evidence that would be presented at a hearing.

Unless otherwise noted, comments regarding each of these applications must be received not later than March 6, 1995.

A. Federal Reserve Bank of Chicago (James A. Bluemle, Vice President) 230 South LaSalle Street, Chicago, Illinois 60690:

1. Foxdale Bancorp, Inc., South Elgin, Illinois; to become a bank holding company by acquiring 100 percent of the voting shares of Foxdale Bank (in organization), South Elgin, Illinois, a *de novo bank*.

B. Federal Reserve Bank of Dallas (Genie D. Short, Vice President) 2200 North Pearl Street, Dallas, Texas 75201-2272:

1. CRB Financial Corp., San Antonio, Texas; to become a bank holding company by acquiring 100 percent of the voting shares of Camino Real Delaware, Inc., Wilmington, Delaware, and thereby indirectly acquire Camino Real Bancshares, Inc., San Antonio, Texas, and Camino Real Bank, N.A., Eagle Pass, Texas.

Board of Governors of the Federal Reserve System, February 6, 1995.

Jennifer J. Johnson,

Deputy Secretary of the Board.

BILLING CODE 6210–01–F

North Fork Bancorporation, Inc.; Formation of, Acquisition by, or Merger of Bank Holding Companies; and Acquisition of Nonbanking Company

The company listed in this notice has applied under § 225.14 of the Board's Regulation Y (12 CFR 225.14) for the Board's approval under section 3 of the Bank Holding Company Act (12 U.S.C. 1842) to become a bank holding company or to acquire voting securities of a bank or bank holding company. The listed company has also applied under § 225.23(a)(2) of Regulation Y (12 CFR 225.23(a)(2)) for the Board's approval under section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) and § 225.21(a) of Regulation Y (12 CFR 225.21(a)) to acquire or control voting securities or assets of a company engaged in a nonbanking activity that is listed in § 225.25 of Regulation Y as closely related to banking and permissible for bank holding companies, or to engage in such an activity. Unless otherwise noted, these activities will be conducted throughout the United States.

The application is available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the question whether consummation of the proposal can ''reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices.'' Any request for a hearing on this question must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.

Comments regarding the application must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than February 24, 1995.

A. Federal Reserve Bank of New York (William L. Rutledge, Senior Vice President) 33 Liberty Street, New York, New York 10045:

1. North Fork Bancorporation, Inc., Mattituck, New York; to acquire 19.9 percent of the voting shares of Suffolk Bancorp, Riverhead, New York, and thereby indirectly acquire Suffolk County National Bank, Riverhead, New York.

In connection with this application, Applicant also has applied to acquire Island Computer Corporation of New York, Inc., Bohemia, New York, a subsidiary of Suffolk Bancorp, and thereby engage *de novo* in data processing actitivites, pursuant to § 225.25(b)(7) of the Board's Regulation Y.

Board of Governors of the Federal Reserve System, February 6, 1995.

Jennifer J. Johnson,

Deputy Secretary of the Board.

FEDERAL SERVICE IMPASSES PANEL

Information Collection Under OMB Review

AGENCY: Federal Labor Relations Authority.

ACTION: Notice.

SUMMARY: The Federal Service Impasses Panel submits the following information collection requirement to OMB for review and clearance under the Paperwork Reduction Act (44 U.S.C. chapter 35).

DATE: February 10, 1995.

This document lists the following information: (1) The title of the information collection, and the Agency's form number; (2) identification of the parties and individuals authorized to act on their behalf; (3) statement of issues at impasse and the summary positions of the initiating party or parties with respect to those issues; (4) a description of the bargaining unit along with the number of employees included; (5) the expiration date of the parties' labor agreement; (6) the number, length, and dates of negotiation and mediation sessions held, including the nature and extent of all other voluntary arrangements utilized; (7) if approval of binding arbitration is requested, a statement that the proposals to be submitted to the arbitrator contain no questions concerning the duty to bargain; (8) a description of the arbitration procedures to be used; (9) the name and signature of the party or parties filling the request; and (10) an estimate of the total annual reporting hours, and recordkeeping burden.

Additional information or comments: Copies of the proposed forms and supporting documents may be obtained from Linda A. Lafferty, Executive Director, 607 14th Street, NW., Suite 220, Washington, DC 20424–0001, (202) 482–6670.

Linda A. Lafferty,

Executive Director.

BILLING CODE 6727–01–M

FEDERAL TRADE COMMISSION

Granting of Request for Early Termination of the Waiting Period Under the Premerger Notification Rules

Section 7A of the Clayton Act, 15 U.S.C. 18a, as added by Title II of the Hart-Scott-Rodino Antitrust Improvements Act of 1976, requires persons contemplating certain mergers or acquisitions to give the Federal Trade Commission and the Assistant Attorney General advance notice and to wait designated periods before consummation of such plans. Section 7A(b)(2) of the Act permits the agencies, in individual cases, to terminate this waiting period prior to its expiration and requires that notice of this action be published in the **Federal Register.**

The following transactions were granted early termination of the waiting period provided by law and the premerger notification rules. The grants were made by the Federal Trade Commission and the Assistant Attorney General for the Antitrust Division of the Department of Justice. Neither agency intends to take any action with respect to these proposed acquisitions during the applicable waiting period.

BILLING CODE 6750–01–M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Fernald Dosimetry Reconstruction Project: Public Meeting

The National Center for Environmental Health (NCEH) of the Centers for Disease Control and Prevention (CDC) and the Agency for Toxic Substances and Disease Registry (ATSDR) announce the following meeting.

Name: Fernald Dosimetry Reconstruction Project.

Time and Date: 10 a.m.–5 p.m., February 25, 1995.

Place: The Plantation, Oak Room, 9660 Dry Fork Road, Harrison, Ohio 45020.

Status: Open to the public for observation and comment, limited only by space available. The meeting room accommodates approximately 75 people.

Purpose: The department of Health and Human Services (HHS) and the Department of Energy (DOE) have two Memoranda of Understanding (MOU) for public health activities and research at DOE sites. One transferred the responsibility for the management and conduct of energy-related analytic epidemiologic research to HHS. HHS has delegated program responsibility to CDC.

The Office of Environmental Restoration and Waste Management and the Office on Environment, Safety, and Health within DOE have a separate MOU with ATSDR. This MOU addresses ATSDR public health responsibilities around DOE sites. In addition, ATSDR is required by law (Sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act) to conduct public health assessments and where appropriate other health activities (for example, health studies, health surveillance, exposure registries), many of which are conducted at DOE sites.

Implementing these MOUs requires significant interaction with communities living in proximity to DOE sites. Community involvement is a critical part of the HHS energy-related research and activities. With an environmental dose reconstruction for DOE's Feeds Material Production Center near Fernald, Ohio, as well as a worker study at the same site, the availability of a formal site-specific advisory committee is necessary. On December 1, 1994, the ''Citizens Advisory Committee on Public Health Service Activities and Research at DOE Sites'' was chartered. This charter is in response to the requests by representatives of the communities surrounding DOE sites to provide consensus advice and recommendations on community concerns related to CDC's and ATSDR's activities related to the sites. Members will be selected from individuals knowledgeable of community, Native American Tribal, and labor concerns and from diverse community viewpoints and interests.

CDC and ATSDR are holding a series of public meetings to begin developing operational guidelines at specific DOE sites. The purpose of these public meetings is to update the public on the status of CDC's and ATSDR's community involvement plans and to seek individual advice and recommendations from interested parties concerning operational guidelines.

Agenda items are subject to change as priorities dictate.

Contact person for a Copy of the Charter or for More Information: Steven A. Adams, Radiation Studies Branch, Division of Environmental Hazards and Health Effects, NCEH, CDC, 4770 Buford Highway, NE, (F–35), Atlanta, Georgia 30341–3724, telephone 404/488–7040, FAX 404/488–7044.

Dated: February 3, 1995.

William H. Gimson,

Acting Associate Director for Policy Coordination, Centers for Disease Control and Prevention (CDC).

[Docket No. 95F–0021]

M & G Ricerche S.p.A.; Filing of Food Additive Petition

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that M & G Ricerche S.p.A. has filed a petition proposing that the food additive regulations be amended to provide for the safe food contact use of ethylene terephthalate-isophthalate copolymers prepared with pyromellitic dianhydride such that the finished copolymers contain at least 95 weight percent of polymer units derived from ethylene terephthalate.

DATES: Written comments on the petitioner's environmental assessment by March 13, 1995.

ADDRESSES: Submit written comments to the Dockets Management Branch (HFA–305), Food and Drug Administration, rm. 1–23, 12420 Parklawn Dr., Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: Richard H. White, Center for Food Safety and Applied Nutrition (HFS–216), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202–418–3094.

SUPPLEMENTARY INFORMATION: Under the Federal Food, Drug, and Cosmetic Act (sec. 409(b)(5) (21 U.S.C. 348(b)(5))), notice is given that a petition (FAP 5B4444) has been filed by M & G Ricerche S.p.A., c/o 7910 Woodmont Ave., suite 1000, Bethesda, MD 20814. The petition proposes to amend the food additive regulations in § 177.1630 *Polyethylene phthalate polymers* (21 CFR 177.1630) to provide for the safe food contact use of ethylene terephthalate-isophthalate copolymers prepared with pyromellitic dianhydride such that the finished copolymers contain at least 95 weight percent of polymer units derived from ethylene terephthalate.

The potential environmental impact of this action is being reviewed. To encourage public participation consistent with regulations promulgated under the National Environmental Policy Act, (40 CFR 1501.4(b)), the agency is placing the environmental assessment submitted with the petition that is the subject of this notice on public display at the Dockets Management Branch (address above) for public review and comment. Interested persons may, on or before March 13, 1995, submit to the Dockets Management Branch (address above) written comments. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday. FDA will also place on public display any amendments to, or comments on, the petitioner's environmental assessment without further announcement in the **Federal Register**. If, based on its review, the agency finds that an environmental impact statement is not required and this petition results in a regulation, the notice of availability of the agency's finding of no significant impact and the evidence supporting that finding will be published with the regulation in the **Federal Register** in accordance with 21 CFR 25.40(c).

Dated: February 3, 1995.

Alan M. Rulis,

Acting Director, Office of Premarket Approval, Center for Food Safety and Applied Nutrition.

[Docket No. 95N–0029]

Drug Export; Chloraprep Frepp® and Chloraprep Sepps® (Chlorhexidine Gluconate 0.5% w/v Isopropyl Alcohol 70% w/v)

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that Medi-Flex Hospital Products, Inc., has filed an application requesting approval for The export of the human drug ChloraPrep Frepp® and ChloraPrep Sepps® (chlorhexidine gluconate 0.5% w/v Isopropyl Alcohol 70% w/v) to Canada.

ADDRESSES: Relevant information on this application may be directed to the Dockets Management Branch (HFA–305), Food and Drug Administration, rm. 1–23, 12420 Parklawn Dr., Rockville, MD 20857, and to the contact person identified below. Any future inquiries concerning the export of human drugs under the Drug Export Amendments Act of 1986 should also be directed to the contact person.

FOR FURTHER INFORMATION CONTACT: James E. Hamilton, Center for Drug Evaluation and Research (HFD–310), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301–594–2073.

SUPPLEMENTARY INFORMATION: The drug export provisions in section 802 of the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 382) provide that FDA may approve applications for the export of drugs that are not currently approved in the United States. Section 802(b)(3)(B) of the act sets forth the requirements that must be met in an application for approval.Section 802(b)(3)(C) of the act requires that the agency review the application within 30 days of its filing to determine whether the requirements of section 802(b)(3)(B) have been satisfied. Section 802(b)(3)(A) of the act requires that the agency publish a notice in the **Federal Register** within 10 days of the filing of an application for export to facilitate public participation in its review of the application. To meet this requirement, the agency is providing notice that Medi-Flex Hospital Products, Inc., 19 Butterfield Trial Blvd., El Paso, TX 79906, has filed an application requesting approval for the export of the human drug ChloraPrep Frepp® and ChloraPrep Sepps® (chlorhexidine gluconate 0.5% w/v Isopropyl Alcohol 70% w/v) to Canada. This product is indicated for the topical use on peripheral, central venous and arterial

catheter sites and other surgical procedures as a film forming skin preparation with persistent broad spectrum antimicrobial activity. The application was received and filed in the Center for Drug Evaluation and Research on October 21, 1994, which shall be considered the filing date for purposes of the act.

Interested persons may submit relevant information on the application to the Dockets Management Branch (address above) in two copies (except that individuals may submit single copies) and identified with the docket number found in brackets in the heading of this document. These submissions may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

The agency encourages any person who submits relevant information on the application to do so by February 21, 1995, and to provide an additional copy of the submission directly to the contact person identified above, to facilitate consideration of the information during the 30-day review period.

This notice is issued under the Federal Food, Drug, and Cosmetic Act (sec. 802 (21 U.S.C. 382)) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.10) and redelegated to the Center for Drug Evaluation and Research (21 CFR 5.44).

Dated: January 31, 1995.

Kathy P. Miracco,

Acting Director, Office of Compliance, Center for Drug Evaluation and Research.

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that Angelini Pharmaceuticals, Inc., has filed an application requesting approval for the export of the human drug Remydrial® two component system containing Dapiprazole Hydrochloride 50 milligram (mg) in 260 mg Lyophilized powder and solvent containing 1.0 mg Benzalkonium Chloride in 10 milliliter (mL) bottle to Germany.

ADDRESSES: Relevant information on this application may be directed to the Dockets Management Branch (HFA–305), Food and Drug Administration, rm. 1–23, 12420 Parklawn Dr., Rockville, MD 20857, and to the contact person identified below. Any future inquiries concerning the export of human drugs under the Drug Export Amendments Act of 1986 should also be directed to the contact person.

FOR FURTHER INFORMATION CONTACT: James E. Hamilton, Center for Drug Evaluation and Research (HFD–310), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301594–2073.

SUPPLEMENTARY INFORMATION: The drug export provisions in section 802 of the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 382) provide that FDA may approve applications for the export of drugs that are not currently approved in the United States. Section 802(b)(3)(B) of the act sets forth the requirements that must be met in an application for approval. Section 802(b)(3)(C) of the act requires that the agency review the application within 30 days of its filing to determine whether the requirements of section 802(b)(3)(B) have been satisfied. Section 802(b)(3)(A) of the act requires that the agency publish a notice in the **Federal Register**

within 10 days of the filing of an application for export to facilitate public participation in its review of the application. To meet this requirement, the agency is providing notice that Angelini Pharmaceuticals, Inc., 70 Grand Ave., River Edge, NJ 07661, has filed an application requesting approval for the export of the human drug Remydrial® two component system containing Dapiprazole Hydrochloride 50 mg in 260 mg Lyophilized powder and solvent containing 1.0 mg Benzalkonium Chloride in 10 mL bottle to Germany. The firm currently holds an approved new drug application for this product, however, this preparation contains modifications which consists of a formulation change in the solvent for isotonicity, a change in the package size and design for ease of use, and a change in the manufacturer. This product is used for the reversal of medicine-induced pupil dilation. The application was received and filed in the Center for Drug Evaluation and Research on November 22, 1994, which shall be considered the filing date for purposes of the act.

Interested persons may submit relevant information on the application to the Dockets Management Branch (address above) in two copies (except that individuals may submit single copies) and identified with the docket number found in brackets in the heading of this document. These submissions may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

The agency encourages any person who submits relevant information on the application to do so by February 21, 1995, and to provide an additional copy of the submission directly to the contact person identified above, to facilitate consideration of the information during the 30-day review period. This notice is issued under the Federal Food, Drug, and Cosmetic Act (sec. 802 (21 U.S.C. 382)) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.10) and redelegated to the Center for Drug Evaluation and Research (21 CFR 5.44).

Dated: January 31, 1995.

Kathy P. Miracco,

Acting Director, Office of Compliance, Center for Drug Evaluation and Research.

Drug Export; Valacyclovir Hydrochloride Bulk Drug Substance

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that Burroughs Wellcome Co. has filed an application requesting conditional approval for the export of the bulk drug substance valacyclovir hydrochloride to the United Kingdom.

ADDRESSES: Relevant information on this application may be directed to the Dockets Management Branch (HFA–305), Food and Drug Administration, rm. 1–23, 12420 Parklawn Dr., Rockville, MD 20857, and to the contact person identified below. Any future inquiries concerning the export of human drugs under the Drug Export Amendments Act of 1986 should also be directed to the contact person.

FOR FURTHER INFORMATION CONTACT: James E. Hamilton, Center for Drug Evaluation and Research (HFD–310), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301–594–2073.

SUPPLEMENTARY INFORMATION: The drug export provisions in section 802 of the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 382) provide that FDA may approve applications for the export of drugs that are not currently approved in the United States. Section 802(b)(3)(B) of the act sets forth the requirements that must be met in an application for approval. Section 802(b)(3)(C) of the act requires that the agency review the application within 30 days of its filing to determine whether the requirements of section 802(b)(3)(B) have been satisfied. Section 802(b)(3)(A) of the act requires that the agency publish a notice in the **Federal Register** within 10 days of the filing of an application for export to facilitate public participation in its review of the application. To meet this requirement, the agency is providing notice that Burroughs Wellcome Co., 3030 Cornwallis Rd., Research Triangle Park, NC 27709, has filed an application requesting conditional approval for the export of the bulk drug substance valacyclovir hydrochloride to the United Kingdom. The product is indicated for the treatment of herpes zoster (shingles). The application was received and filed in the Center for Drug Evaluation and Research on October 13, 1994, which shall be considered the filing date for purposes of the act.

Interested persons may submit relevant information on the application to the Dockets Management Branch (address above) in two copies (except that individuals may submit single copies) and identified with the docket number found in brackets in the heading of this document. These submissions may be seen in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

The agency encourages any person who submits relevant information on the application to do so by February 21, 1995, and to provide an additional copy of the submission directly to the contact person identified above, to facilitate consideration of the information during the 30-day review period.

This notice is issued under the Federal Food, Drug, and Cosmetic Act (sec. 802 (21 U.S.C. 382)) and under authority delegated to the Commissioner of Food and Drugs (21 CFR 5.10) and redelegated to the Center for Drug Evaluation and Research (21 CFR 5.44).

Dated: January 31, 1995.

Kathy P. Miracco,

Acting Director, Office of Compliance, Center for Drug Evaluation and Research.

BILLING CODE 4160–01–F

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Fiscal Year (FY) 1995 Funding Opportunities for Grants From the Center for Mental Health Services

AGENCY: Center for Mental Health Services, Substance Abuse and Mental Health Services Administration (SAMHSA), HHS

ACTION: Notice of funding availability.

SUMMARY: The Center for Mental Health Services (CMHS), SAMHSA, announces that FY 1995 funds are available for grants for the following activities. These activities are discussed in more detail under Section 4 of this notice.

Activity	Application deadline	Estimated funds available	Estimated number of awards	Project period (years)
AIDS Provider Educ	05/10/95	$980,000	5–6	3
Innovative Child Services	05/10/95	$2.6 million	6–8	3
Consumer/Family Networks	05/10/95	$750,000–1.2 million	5–8	3
Consumer TA Center(s)	05/10/95	$350,000–700,000	1–2	3

The actual amount available for awards and their allocation may vary, depending on unanticipated program requirements and the volume and quality of applications. Awards are made for grant periods which generally run from 1 up to 3 years in duration. FY 1995 funds for mental health services and demonstration programs are appropriated by the Congress under Public Law 103–333. SAMHSA's policies and procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126) on July 2, 1993.

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a PHS-led national activity for setting priority areas. The Center's mental health services and demonstration activities address issues related to Healthy People 2000 objectives: to promote the physical, social, psychological and economic well-being of adults with mental disorders and children and adolescents with or at risk for a serious emotional, behavioral, or mental disorder.

Potential applicants may obtain a copy of Healthy People 2000 (Full Report: Stock No. 017–001–00474–0) or Summary Report: Stock No. 017–001–00473–1) through the Superintendent of Documents, Government Printing Office, Washington, DC 20402–9325 (Telephone: (202) 783–3238).

GENERAL INSTRUCTIONS: Applicants for grants must use application form PHS 5161–1 (Rev. 7/92; OMB No. 0937–0189). The Application Kit contains the PHS 5161–1, Standard Form 424 (Face Page) and *complete instructions* for preparing and submitting applications. The Kit may be obtained from the contact person identified for each activity covered by this notice (see Section 4).

When requesting an Application Kit, the applicant must specify the particular activity(ies) for which detailed information is desired. This is to ensure receipt of all necessary forms and information, including any specific program review and award criteria.

APPLICATION SUBMISSION: Applications must be submitted to: Center for Mental Health Services Programs, Division of Research Grants, NIH, Westwood Building, Room 240, 5333 Westbard Avenue, Bethesda, Maryland 20892.*

APPLICATION DEADLINES: The deadlines for receipt of applications are listed in the table above.

Competing applications must be received by the indicated receipt dates to be accepted for review. An

*If an overnight carrier or express mail is used, the Zip Code is 20816.

application received after the deadline may be acceptable if it carries a legible proof-of-mailing date assigned by the carrier and that date is not later than one week prior to the deadline date. Private metered postmarks are not acceptable as proof of timely mailing. If the receipt date falls on a weekend, it will be extended to Monday; if the date falls on a national holiday, it will be extended to the following work day.

Applications received after the receipt date(s) or those sent to an address other than the address specified above *will be returned to the applicant without review.*

FOR FURTHER INFORMATION CONTACT: Requests for activity-specific technical information should be directed to the contact person identified for each activity covered by this notice (see Section 4). Requests for information concerning business management issues should be directed to: Grants Management Office, Center for Mental Health Services, 5600 Fishers Lane, Room 15C–05, Rockville, Maryland 20857, (301) 443–4456.

SUPPLEMENTARY INFORMATION: To facilitate the use of this Notice of Funding Availability, information in this section has been organized, as outlined in the Table of Contents below. In addition, the discussion of the specific FY 1995 funding activities is presented under the following headings:

- Application Deadline.
- Purpose.
- Priorities.
- Eligible Applicants.
- Grants/Amounts.
- Catalog of Federal Domestic Assistance Number.
- Program Contact.

Table of Contents

1. Program Background and Objectives
2. Special Concerns
3. Criteria for Review and Funding
   3.1 General Review Criteria
   3.2 Funding Criteria for Approved Applications
4. Special FY 1995 Mental Health Services Activities
   4.1 Grants
   4.1.1 Mental Health Care Provider Education In HIV/AIDS Program
   4.1.2 Evaluating Innovative Children's Mental Health Services
   4.1.3 Grants for Consumer and Family Networks
   4.1.4 National Consumer Technical Assistance Centers
5. Public Health System Reporting Requirements
6. PHS Non-use of Tobacco Policy Statement
7. Executive Order 12372

1. Program Background and Objectives

The Center for Mental Health Services (CMHS) has been given a statutory mandate to take a national leadership role in the development and demonstration of improved mental health services. Toward that end, Center activities involve facilitating the application of scientifically established findings and practice-based knowledge to prevent and treat mental disorders, improving access, reducing barriers and promoting high quality, effective programs and services for people with, or at risk for, these disorders.

2. Special Concerns

The CMHS will address a number of special concerns in 1995. Particular emphasis will be placed on helping localities design and implement comprehensive approaches to service delivery, networking, and coordination with other Federal and non-Federal programs. Special emphasis will be given to providing assistance for individuals in varied racial and ethnic groups; adolescents; early intervention programs; rural populations; adolescents involved in the juvenile justice system; and individuals with, or at risk for, HIV/AIDS.

3. Criteria for Review and Funding

Competing applications requesting funding under the specific project activities in Section 4 will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures.

Applications that are accepted for review will be assigned to an Initial Review Group (IRG) composed primarily of non-Federal experts. Applications will be recommended for approval or disapproval on the basis of technical merit. Applications recommended for approval will be assigned scores according to level of merit.

Notification of the IRG's recommendation will be sent to the applicant upon completion of the initial review. In addition, the IRG recommendations on technical merit of applications over $50,000 will undergo a second level of review by the CMHS National Advisory Council, whose review may be based on policy considerations, as well as technical merit. Only applications recommended for approval by the Council may be considered for funding by CMHS.

3.1 General Review Criteria

As published in the **Federal Register** on July 2, 1993 (Vol. 58, No. 126), SAMHSA's ''Peer Review and Advisory Council Review of Grant and Cooperative Agreement Applications and Contract Proposals,'' peer review groups will take into account, among other factors as may be specified in the application guidance materials, the following general criteria:

- Potential significance of the proposed project;
- Appropriateness of the applicant's proposed objectives to the goals of the specific program;
- Adequacy and appropriateness of the proposed approach and activities;
- Adequacy of available resources, such as facilities and equipment;
- Qualifications and experience of the applicant organization, the project director, and other key personnel; and
- Reasonableness of the proposed budget.

3.2 Funding Criteria for Approved Applications

Applications recommended for approval by the peer review group and the CMHS National Advisory Council (if applicable) will be considered for funding on the basis of their overall technical merit as determined through the review process.

Other funding criteria will include;

- Availability of funds.

Additional funding criteria specific to the programmatic activity may be included in the application guidance materials.

4. Special FY 1995 Mental Health Service Activities

Project activities are grouped in this notice under one section: Grants.

4.1 Grants

Four major activities for CMHS grant programs are discussed below.

4.1.1 Mental Health Care Provider Education In HIV/AIDS

- Application Deadline May 10, 1995.
- Purpose: The goal of the program is to enhance the Nation's ability to have an impact upon the HIV/AIDS epidemic by training the traditional mental health care providers and other health care workers who often are front-line providers of mental health services, such as medical students, primary care physicians, and the clergy and other spiritual providers.

Applicants will be expected to propose a comprehensive training program that addresses the mental health needs of people with HIV/AIDS. The program is to train traditional mental health providers (psychiatrists, psychologists, nurses, social workers, counselors, and marriage and family counselors), other first line providers of mental health services (e.g., medical students, primary care physicians), and nontraditional providers (e.g., the clergy and other spiritual providers, alternative

health care workers). Training programs proposed must target at least 5 provider groups. The program must address the neuropsychiatric and the psychosocial aspects of HIV/AIDS; coping with HIV/AIDS; and approaches to prevent the spread the of HIV infection. Applicants shall make appropriate use of existing curricula.

- Priorities: None.
- Eligible Applicants: Applications may be submitted by any public or private nonprofit organization.
- Grants/Amounts: 5 to 6 awards, with individual awards varying from $125,000 to $200,000 for the first year.
- Catalog of Federal Domestic Assistance Number: 93.244.
- Program Contact: For programmatic or technical information contact: Barbara J. Silver, Ph.D., Director, HIV/AIDS Provider Education Program, Center for Mental Health Services, 5600 Fishers Lane, Room 15–81, Rockville, Maryland 20857, (301) 443–7817.
- Application kits and complete instructions for submitting an application may be obtained from: Global Exchange, Inc., 7910 Woodmont Avenue, Suite 400, Bethesda, Maryland 20814–3015, (301) 656–3100.

4.1.2 Evaluating Innovative Children's Mental Health Services

- Application Deadline: May 10, 1995.
- Purpose: The purpose of this announcement is to encourage demonstrations which focus on evaluating the effectiveness of innovative models of organizing, delivering, and financing mental health service systems of care for children and adolescents with or at risk for serious emotional, behavioral or mental disturbances and their families, especially those systems that include community-based services and interagency coordination.
- Priorities: None.
- Eligible Applicants: Centralized state assistance is often helpful in obtaining continued support for successful intervention projects. Therefore, State mental health authorities may choose to be direct applicants. Direct application for funding may also be made by political subdivisions of a State, and private nonprofit organizations such as community-based organizations, universities, colleges, and hospitals. In the case where an applicant is not the State mental health authority, the applicant will be required to obtain a letter of support from the State mental health authority.
- Grants/Amounts: 6 to 8 awards, with individual awards varying from $300,000 to $400,000 for the first year.
- Catalog of Federal Domestic Assistance Number: 93.125.
- Program Contact: For application kit and/or programmatic or technical information contact: Ms. Diane L. Sondheimer, Child, Adolescent and Family Branch, Center for Mental Health Services, 5600 Fishers Lane, Room 11C–17, Rockville, Maryland 20857, (301) 443–1333.

4.1.3 Demonstration Grants for Consumer and Family Networks

- Application Deadline: May 10, 1995.
- Purpose: The goals for these demonstration grants are to implement and evaluate strategies to: (1) Empower consumer and family networks and strengthen their ability to participate in State and local mental health service planning and health care reform policy activities related to improving community-based services for the target population; and (2) foster the financial self-sufficiency of consumer and family organizations.
- Priorities: None.
- Eligible Applicants: CMHS is limiting potential applicants for projects under this announcement to State mental health authorities. Multiple organizations are generally involved in implementing these initiatives; and the State mental health authorities are uniquely qualified to undertake the coordination function, since they work directly with the major consumer and family groups and oversee a wide range of mental health service providers.

Due to funding limitations, only States and territories that do not have a current, active Community Support Programs (CSP) Service Systems Improvement Demonstration (SSID) grant, or those that have an active CSP SSID grant with a project period that ends on or before August 31, 1995, excluding no-cost extensions, are eligible to apply.

- Grants/Amounts: 5 to 8 awards, with individual awards varying from $125,000 to $150,000 for the first year.
- Catalog of Federal Domestic Assistance Number: 93.125.
- Program Contact: For application kit and/or programmatic or technical information contact: Mr. Neal Brown, Chief, Community Support Programs Branch, Center for Mental Health Services, 5600 Fishers Lane, Room 11C–22, Rockville, Maryland 20857, (301) 443–3653.

4.1.4 National Consumer Technical Assistance Centers

- Application Deadline: May 10, 1995.
- Purpose: The goals of these Centers are to: (1) Serve as a resource center for consumers involved in the Community Support Programs (CSP) Service System Improvement Demonstration (SSID) grants, with a special emphasis on assisting the groups to achieve financial self-sufficiency; (2) operate a national resource center for consumers involved in developing consumer-operated services by reaching out to racial and ethnic minorities, assisting in planning, providing, and evaluating mental health services, and in planning for health care reform activities; and (3) facilitate the development of a coalition of national or multi-state consumer organizations involved in self-help and system improvement efforts.
- Priorities: It is CMHS's expectation that the TA Center(s) will be planned, directed, and operated by primary mental health consumers.
- Eligible Applicants: Applications may be submitted by States, political subdivisions of States, and private non-profit agencies, as well as current CMHS/CSP TA Center grantees.
- Grants/Amounts: 1 to 2 awards, with individual amounts varying from $300,000 to $350,000 for the first year.
- Catalog of Federal Domestic Assistance Number: 93.125.
- Program Contact: For application kit and/or programmatic or technical information contact: Mr. Neal Brown, Chief, Community Support Programs Branch, Center for Mental Health Services, 5600 Fishers Lane, Room 11C–22, Rockville, Maryland 20857, (301) 443–3653.

5. Public Health System Reporting Requirements

The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

a. A copy of the face page of the application (Standard form 424).

b. A summary of the project (PHSIS), not to exceed one page, which provides:

(1) A description of the population to be served.

(2) A summary of the services to be provided.

(3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements.

Application guidance materials will specify if a particular FY 1995 activity described above is not subject to the Public Health System Reporting Requirements.

6. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and cooperative agreement recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Specific application guidance materials may include more detailed guidance as to how the Center will implement SAMHSA's policy on promoting the non-use of tobacco.

7. Executive Order 12372

Applications submitted in response to most, if not all, of the FY 1995 activities listed above are subject to the intergovernmental review requirements of Executive Order (E.O.) 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to: Office of Extramural Activities Review, Substance Abuse and Mental Health Services Administration (SAMHSA), 5600 Fishers Lane, Room 13C–06, Rockville, Maryland 20857, ATTN: SPOC.

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. The CMHS does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Application guidance materials will specify if a particular FY 1995 activity described above is not subject to the provisions of Executive Order 12372.

Dated: February 3, 1995.

Richard Kopanda,

Acting Executive Officer, SAMHSA.

BILLING CODE 4162–20–P

Fiscal Year (FY) 1995 Funding Opportunities for Grants and Cooperative Agreements From the Center for Substance Abuse Prevention

AGENCY: Center for Substance Abuse Prevention, Substance Abuse and Mental Health Services Administration (SAMHSA), HHS.

ACTION: Notice of funding availability.

SUMMARY: The Center for Substance Abuse Prevention (CSAP), SAMHSA, announces that FY 1995 funds are available for grants and cooperative agreements for the following activities. These activities are discussed in more detail under Section 4 of this notice.

Activity	Application deadline	Estimated funds available (000's)	Estimated No. of awards	Project period (years)
Knowledge Dissemination Conference Grants	05/10/95 09/10/95	$1,000	20	1
High-Risk Youth Demonstration Grants:				
High Risk Youth	05/10/95	11,478	36	3
Adolescent Females	05/10/95	4,079	13	3
Replications	05/10/95	4,000	12	3
Community Prevention Coalition Demonstration Grants	05/10/95	33,000	100–125	3
Faculty Development Grants	05/10/95	2,000	8	3
Communications Cooperative Agreements	05/10/95	2,300	11	3

The actual amount available for awards and their allocation may vary, depending on unanticipated program requirements and the volume and quality of applications. Awards are made for grant periods which generally run from 1 up to 3 years in duration. FY 1995 funds for services demonstration activities are appropriated by the Congress under Public Law 103–333. SAMHSA's policies and procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126, page 35962) on July 2, 1993.

The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of Healthy People 2000, a PHS-led national activity for setting priority areas. The Center's services demonstration activities address issues related to Healthy People 2000 objectives for reducing the risk for using and abusing alcohol, tobacco and other drugs.

Additional themes include community empowerment; changes in the services delivery system to effect closer collaboration among substance abuse prevention activities, mental health services and the health care system; prevention and reduction of violent actions; cultural competence of prevention strategies; and encouragement to reach out to female adolescents at risk for substance abuse and not generally served by traditional programs.

Potential applicants may obtain a copy of Healthy People 2000 (Full Report: Stock No. 017–001–00474–0) or Summary Report: Stock No. 017–001–00473–1) through the Superintendent of Documents, Government Printing Office, Washington, DC 20402–9325 (Telephone: 202–783–3238).

GENERAL INSTRUCTIONS: Applicants for grants and cooperative agreements must use application form PHS 5161–1 (Rev. 7/92; OMB No. 0937–0189). The Application Kit contains the PHS 5161–1, Standard Form 424 (Face Page) and

complete instructions for preparing and submitting applications. The Kit may be obtained from: National Clearinghouse for Alcohol and Drug Information P.O. Box 2345, Rockville, Maryland 20847–2345, 1–800–729–6686, 1–800–468–2600 (local calls), 1–800–487–4889 TDD, Internet: telnet ncadi.health.org user-id:new,

When requesting an Application Kit, the applicant must specify the particular activity(s) for which detailed information is desired. This is to ensure receipt of all necessary forms and information, including any specific program review and award criteria.

APPLICATION SUBMISSION: Applications must be submitted to: Center for Substance Abuse Prevention Programs, Division of Research Grants, NIH, Westwood Building, Room 240, 5333 Westbard Avenue, Bethesda, Maryland 20892.*

APPLICATION DEADLINES: The deadlines for receipt of applications are listed in the table above. Please note that the deadlines may differ for the individual categories of grants and cooperative agreements.

Competing applications must be received by the indicated receipt dates to be accepted for review. An application received after the deadline may be acceptable if it carries a legible proof-of-mailing date assigned by the carrier and that date is not later than one week prior to the deadline date. Private metered postmarks are not acceptable as proof of timely mailing. If the receipt date falls on a weekend, it will be extended to Monday; if the date falls on a national holiday, it will be extended to the following work day.

Applications received after the receipt date(s) or those sent to an address other than the address specified above will be returned to the applicant without review.

FOR FURTHER INFORMATION CONTACT: Requests for activity-specific technical information should be directed to the contact person identified for each activity covered by this notice (see Section 4).

Requests for information concerning business management issues should be directed to: Mary Lou Dent, Grants Management Office, Center for Substance Abuse Prevention, Rockwall II Building, Room 640, 5600 Fishers Lane, Rockville, Maryland 20857, (301) 443–3958.

SUPPLEMENTARY INFORMATION: To facilitate the use of this Notice of Funding Availability, information has been organized, as outlined in the Table of Contents below. Grants and cooperative agreements are discussed separately and, for each activity, the following information is provided:

- Application Deadline
- Purpose
- Priorities
- Eligible Applicants
- Grants/Amounts
- Catalog of Federal Domestic Assistance Number
- Program Contact

1. Program Background and Objectives

The Center for Substance Abuse Prevention (CSAP) in the Substance Abuse and Mental Health Services Administration (SAMHSA) was legislatively authorized to conduct a full range of activities directed toward reducing the incidence and prevalence of alcohol, tobacco and other drug (ATOD) use/abuse. The etiology of ATOD use/abuse is complex and multifaceted. From the research on correlates of ATOD use/abuse, it has become clear that the factors that place individuals at risk for ATOD use/abuse may be found at the individual, family, school, peer group, workplace, neighborhood/community, and society levels. The ubiquitous nature of these risk factors calls for a multi-level, all-pervasive prevention response.

CSAP's substance abuse prevention program is designed to develop such a multi-level, all pervasive prevention response. Thus, CSAP supports demonstration grants, conference grants, training grants, and cooperative agreements in an effort to generate new knowledge and share and disseminate what is known about effective strategies for preventing ATOD use/abuse. CSAP's approach is comprehensive and multifaceted whether it is from the perspective of the individual, the community, training of health providers, or in designing its communication messages for targeted populations. Recognizing that substance abuse has a pervasive impact on education, violence, delinquency, teen-age pregnancy, health care, school dropouts, mental health, homelessness, and other social problems, CSAP's orientation is to foster linkages with the human service providers in these related fields and to ask its grantees to explore mechanisms for linking with managed care providers in their area.

2. Special Concerns

SAMHSA's CSAP will address a number of special concerns in FY 1995. Emphasis is placed on comprehensive approaches to prevention and coordination with other programs and organizations in the public and private sectors that attend to the human service needs of populations at high risk for substance use/abuse. Emphasis is also placed on quality evaluation design and implementation so as to add to knowledge of what strategies are effective and ineffective in preventing substance use/abuse. For individual-focused (in contrast to community focused) approaches, emphasis is placed on using a well-conceptualized risk factor approach in designing and evaluating prevention strategies. Under two activities, special consideration will be given to applicants serving communities characterized by high levels of poverty and other forms of socio-economic distress and who are located in formally designated Empowerment Zones or Enterprise Communities.

Populations that have been targeted for grants or cooperative agreements include high risk youth, adolescent females and Native Americans. Of particular interest is the effectiveness of strategies designed to deal with the impact of victimization and physical and sexual abuse that places females at particular high risk for self-destructive disorders such as substance abuse, eating disorders, and suicide. With respect to the Native American population, a major interest is the development of strategies to reach and reduce the high rate of babies with Fetal Alcohol Syndrome (FAS) or Fetal Alcohol Effects (FAE) born to Native American women.

From the perspective of community strategies, a special area of concern

(*If an overnight carrier or express mail is used, the Zip Code is 20816.)

involves ascertaining the efficiency and effectiveness of developing coalitions of community partnerships to eliminate duplication of services, fill gaps in services, and generally improve the comprehensiveness and cost efficiency of community partnerships. Of additional interest is how such coalitions and partnerships can relate to managed care organizations.

3. Criteria for Review and Funding

Competing applications requesting funding under the specific project activities in Section 4 will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures.

Applications that are accepted for review will be assigned to an Initial Review Group (IRG) composed primarily of non-Federal experts.

Applications will be recommended for approval or disapproval on the basis of technical merit. Applications recommended for approval will be assigned scores according to the level of merit.

Notification of the IRG's recommendation will be sent to the applicant upon completion of the initial review. In addition, the IRG recommendations on technical merit of applications over $50,000 will undergo a second level of review by the CSAP National Advisory Council whose review may be based on policy considerations as well as technical merit. Only applications recommended for approval by the Council may be considered for funding by CSAP.

3.1 General Review Criteria

As published in the **Federal Register** on July 2, 1993 (Vol. 58, No. 126, page 35962), SAMHSA's ''Peer Review and Advisory Council Review of Grant and Cooperative Agreement Applications and Contract Proposals,'' peer review groups will take into account, among other factors as may be specified in the application guidance materials, the following general criteria:

- Potential significance of the proposed project;
- Appropriateness of the applicant's proposed objectives to the goals of the specific program;
- Adequacy and appropriateness of the proposed approach and activities;
- Adequacy of available resources, such as facilities and equipment;
- Qualifications and experience of the applicant organization, the project director, and other key personnel; and
- Reasonableness of the proposed budget.

3.2 Funding Criteria for Approved Applications

Applications recommended for approval by the peer review group and the appropriate Advisory Council (if applicable) will be considered for funding on the basis of their overall technical merit as determined through the review process.

Other funding criteria will include;

- Availability of funds and geographic distribution of grants throughout the United States.

Additional funding criteria specific to the programmatic activity may be included in the application guidance materials.

4. Special FY 1995 Substance Abuse Prevention Activities

Project activities are grouped in this notice under two sections: Grants and Cooperative Agreements.

4.1 Grants

Four major activities for CSAP grant programs are discussed below.

4.1.1 Knowledge Dissemination Conference Grants

◆ Application Deadlines: May 10 and September 10, 1995.

◆ Purpose: To provide support for conferences relating to the prevention of alcohol, tobacco and other drug use/abuse and related problems such as violence, HIV/AIDS among multiple high risk populations (including gay/lesbian/bisexual youth, persons with disabilities, etc.) for the purpose of increasing awareness, conveying knowledge, improving prevention activities in communities and the workplace, and exchanging and disseminating new research findings and effective prevention strategies to the field, communities and the general public.

◆ Priorities: Conference planners are encouraged to be creative in linking with existing regional efforts, relevant grassroots organizations and agencies, CSAP Community Partnerships and High Risk Youth grantees in the region, the Regional Alcohol and Drug Awareness Resource Network (RADAR) liaisons, and representation from the target population on which the conference is focused.

◆ Eligible Applicants: Public and private nonprofit and for-profit organizations including existing CSAP grantees for the purpose of disseminating the results of their projects.

◆ Grants/Amounts: Approximately 20 awards during FY 1995. Individual awards may not exceed $50,000 in direct costs. Indirect costs are not allowable under this announcement.

◆ Catalog of Federal Domestic Assistance Number: 93.174.

◆ Program Contact: Luisa del Carmen Pollard, Division of Public Education and Dissemination, Center for Substance Abuse Prevention, Rockwall II Building, Suite 800, 5600 Fishers Lane, Rockville, Maryland 20857, (301) 443–0377.

4.1.2 Substance Abuse Prevention Demonstration Grants for High Risk Populations

The High-Risk Youth Demonstration Grants are divided into the following 3 modules:

Module A: High-Risk Youth
Module B: Adolescent Females
Module D: Replications

A description of each module follows.

[**Note:** Module C, Alcohol and other Drug Related Violence, is not included because this program did not receive funds for new starts in FY 1995.]

♦ Application Deadline: May 10, 1995.

♦ Purpose:

Module A: High-Risk Youth. To ascertain the effectiveness of multifaceted interventions that address multiple factors in at least three of six important life areas or ''domains'' (individual, family, school, peer group, neighborhood/community and society) that place youth at risk for or protect them from using alcohol, tobacco, and other drugs (ATOD).

Module B: Adolescent Females. To ascertain the effectiveness of multifaceted interventions that address factors more specific to adolescent females ages 10–21 such as sexual abuse, victimization, post traumatic stress syndrome, and depression that places them at risk for ATOD use/abuse as well as other self-destructive behaviors such as eating disorders, suicide, and prostitution.

Module D. Replications. To ascertain whether a program of prevention strategies that has been shown to be promising in modifying ATOD use on a given population in one location can be replicated by the original program developer (self-replication) or another investigator, using a similar population in another location. Please note that Module D is designed as a cooperative agreement.

♦ Priorities.

In making award decisions, CSAP will consider applications recommended for approval by the IRG and the CSAP National Advisory Council. Other award considerations will include:

Prevention projects that are directed at children of substance abusers,

latchkey children, children at risk of abuse or neglect, preschool children eligible for services under the Head Start Act, children at risk of dropping out of school, children at risk of becoming adolescent parents, and children who do not attend school and who are at risk of being unemployed.

Applicants from communities characterized by high levels of poverty and other forms of socio-economic distress; who are engaged in a community strategic planning process as evidenced by the preparation or submission of an Empowerment Zone/Enterprise Community application to the U.S. Department of Housing and Urban Development and the U.S. Department of Agriculture; or who provide services to communities that have been designated as Empowerment Zones or Enterprise Communities.

Applications From Community Based Organizations

♦ Eligible Applicants.

Modules A and B: Public and private non-profit organizations e.g., units of State or local governments, community-based organizations, universities, hospitals, colleges, and Indian Tribes/Tribal organizations.

Module D: In order for CSAP to fully inform the public on what type of prevention programs work among high risk youth, it must assess the program's replicability. Five projects were selected for replication because, on the basis of an initial evaluation, these projects appear particularly promising for preventing ATOD use among high risk youth. Self-replication is limited to only those 5 CSAP projects selected for replication. This is to permit a comparison of the project as implemented by the original and new project leadership in order to ascertain whether the positive outcomes are a function of the prevention strategies employed or the designers and leadership of the project. Replication of any one of these 5 programs by other investigators is open to the same categories of eligible applicants identified above for Modules A and B.

♦ Grants/Amounts.

Approximately $19.6 million will be available to support approximately 60 awards in FY 1995 under this program as follows:

Module A. High Risk Youth. Approximately 36 awards averaging about $300,000 for a total cost of about $11.478 million

Module B. Adolescent Females. Approximately 13 grants averaging about $300,000 for a total cost of about $4.079 million.

Module D. Replications. Three (3) awards for self-replication of any one of the CSAP designated replication models, averaging about $330,000, for a total cost of about $1 million; Nine (9) awards for the replication of any one of the CSAP designated replication models by another investigator, averaging about $330,000, for a total cost of $3 million.

♦ Catalog of Federal Domestic Assistance Number: 93.144.

♦ Program Contacts:

Module A: F. Tommie Johnson, Deputy Chief, High Risk Youth Branch, (301) 443–0353

Module B: Ulonda B. Shamwell, M.S.W., Chief, Perinatal Addiction Prevention Branch, (301) 443–4564

Module D: Judy Coulter, High Risk Youth Branch, (301) 443–0353

Address: Division of Demonstrations for High Risk Populations Center for Substance Abuse Prevention Rockwall II Building, Room 9B–03 5600 Fishers Lane Rockville, Maryland 20857

4.1.3 Community Prevention Coalitions Demonstration Grant Program

♦ Application Deadline: May 10, 1995.

♦ Purpose: To ascertain the feasibility and effectiveness of establishing and developing coalitions of multiple community partnerships that would work effectively to develop, implement, and coordinate programs directed toward: reducing the incidence and prevalence of ATOD use and abuse in their communities as well as the problems accompanying such behavior such as violence, adolescent pregnancy, infants born with FAS/FAE, drug related mortality and morbidity, HIV/AIDs, drug related injuries in the workplace, substance abuse related crime, mental illness, and in general, improve the health and safety of the communities under the aegis of the coalition.

♦ Priorities: In making award decisions, CSAP will consider applications recommended for approval by the IRG and the CSAP National Advisory Council. Other award considerations will include: applicants from communities characterized by high levels of poverty and other forms of socio-economic distress; who are engaged in a community strategic planning process as evidenced by the preparation or submission of an Empowerment Zone/Enterprise Community application to the U.S. Department of Housing and Urban Development and the U.S. Department of Agriculture; or who provide services to communities that have been designated as Empowerment Zones or Enterprise Communities.

♦ Eligible Applicants: Public agencies such as local, State and Tribal Governments; community-based or state-wide private non-profit organizations/agencies. In either case, the applicant must be part of an existing community partnership and must be designated to act on behalf of the larger evolving coalition of multiple partnerships proposed in the grant application.

♦ Grants/Amounts: Approximately $33 million will be available to support approximately 100–125 awards. CSAP generally will expect grants not to exceed $300,000 (for both direct and indirect costs). Actual funding levels will depend upon the program design and availability of appropriated funds.

♦ Catalog of Federal Domestic Assistance Number: 93.194.

♦ Program Contact:

David Robbins, Chief, Community Prevention and Demonstration Branch, (301) 443–2068

Dan Fletcher, Chief, Western Section, (301) 443–5660

Adrienne Terry Goode, Chief, Eastern Section, (301) 443–0532

Address: Division of Community Prevention and Training, Center for Substance Abuse Prevention, Rockwall II Building, Room 9D–18, 5600 Fishers Lane, Rockville, Maryland 20857.

4.1.4 Faculty Development Grants for Preventing Alcohol, Tobacco, and Other Drug Abuse

♦ Application Deadline: May 10, 1995.

♦ Purpose: To support training in substance abuse prevention for health care professionals (faculty fellows) located in academic institutions.

♦ Priority: The recruitment of minority faculty candidates and women and the inclusion of ethnic and cultural diversity issues in the training curriculum.

♦ Eligible Candidates: Because previously developed alcohol, tobacco, and drug abuse curriculum guidelines and materials can be readily adapted for use by the following health professions training programs, CSAP is limiting potential applicants to: accredited schools of medicine, osteopathy, public health, nursing, and dentistry; schools or departments of social work offering accredited master's/doctoral programs; university based departments or schools of psychology with appropriate accreditation for doctoral level training in clinical and/or counseling psychology. These materials were developed through (1) the joint National Institute on Alcohol Abuse and Alcoholism and the National Institute

on Drug Abuse Curriculum Models Program; and (2) the preceding Faculty Development Program. CSAP encourages applications from Historically Black Colleges and Universities and other health profession schools, as described above, which can show an enrollment of 25% or higher of minority students.

♦ Grants/Amounts. Approximately 8 grants averaging about $250,000 each for a total cost of approximately $2 million.

♦ Catalog of Federal Domestic Assistance Number: 93.274.

♦ Program Contact: Lucille C. Perez, M.D., Associate Director, Medical and Clinical Affairs, Center for Substance Abuse Prevention, Rockwall II Building, Room 9D–10, 5600 Fishers Lane, Rockville, Maryland 20857, (301) 443–9351.

Note: Complete guidelines for preparing and submitting an application under this activity will be available on February 24, 1995.

4.2 Cooperative Agreements

CSAP's Communications cooperative agreement program is discussed below. Substantive Federal programmatic involvement is required in cooperative agreement programs. Federal involvement will include planning, guidance, coordination, and participating in programmatic activities (e.g., participation in publication of findings) and on steering committees. Periodic meetings, conferences and/or communications with the award recipients may be held to review mutually agreed-upon goals and objectives and to assess progress. Additional details on the degree of Federal programmatic involvement will be included in the application guidance materials.

4.2.1 Communications Programs for Demonstrating the Prevention of Alcohol, Tobacco, and Other Drug Problems

♦ Application Deadline: May 10, 1995.

♦ Purpose: To demonstrate that alcohol, tobacco, and other drug problems can be reduced through effective communication strategies.

♦ Priorities: CSAP has identified two (2) priority populations: (1) adolescent females ages 12–20 and (2) Native Americans, particularly in relation to reducing the incidence of FAS/FAE among the infants of Native American women. In addition, other field identified and justified high-risk populations may be targeted for the development and evaluation of communications strategies in response to this cooperative agreement.

♦ Eligible Candidates: Public organizations such as units of State or local governments and private nonprofit and for-profit organizations such as universities, colleges, hospitals, and community-based organizations. Indian Tribes/tribal organizations are eligible applicants.

♦ Grants/Amounts: Approximately $1 million has been designated for female adolescents to support up to five (5) cooperative agreements averaging $200,000 each;

Approximately $500,000 has been designated for up to two (2) cooperative agreements for Native Americans;

Approximately $800,000 has been designated for up to five (5) cooperative agreements, averaging $160,000 each, for field-specified target population.

♦ Catalog of Federal Domestic Assistance Number: 93.901.

♦ Program Contact: Bob Vollinger, Linda Bass, or Javier Cordova, Division of Public Education and Dissemination Center for Substance Abuse Prevention, Rockwall II Building, Suite 800, 5600 Fishers Lane, Rockville, Maryland 20857, (301) 443–9936.

Note: Complete guidelines for preparing and submitting an application under this activity will be available on February 17, 1995.

5. Public Health System Reporting Requirements

The Public Health System Impact Statement (PHSIS) is intended to keep State and local health officials apprised of proposed health services grant and cooperative agreement applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental service providers who are not transmitting their applications through the State must submit a PHSIS to the head(s) of the appropriate State and local health agencies in the area(s) to be affected not later than the pertinent receipt date for applications. This PHSIS consists of the following information:

a. A copy of the face page of the application (Standard form 424).

b. A summary of the project (PHSIS), not to exceed one page, which provides:

(1) A description of the population to be served.

(2) A summary of the services to be provided.

(3) A description of the coordination planned with the appropriate State or local health agencies.

State and local governments and Indian Tribal Authority applicants are not subject to the Public Health System Reporting Requirements.

6. PHS Non-use of Tobacco Policy Statement

The PHS strongly encourages all grant and cooperative agreement recipients to provide a smoke-free workplace and promote the non-use of all tobacco products. This is consistent with the PHS mission to protect and advance the physical and mental health of the American people.

Specific application guidance materials may include more detailed guidance as to how the Center will implement SAMHSA's policy on promoting the non-use of tobacco.

7. Executive Order 12372

Applications submitted in response to most, if not all, of the FY 1995 activities listed above are subject to the intergovernmental review requirements of Executive Order 12372, as implemented through DHHS regulations at 45 CFR Part 100. E.O. 12372 sets up a system for State and local government review of applications for Federal financial assistance. Applicants (other than Federally recognized Indian tribal governments) should contact the State's Single Point of Contact (SPOC) as early as possible to alert them to the prospective application(s) and to receive any necessary instructions on the State's review process. For proposed projects serving more than one State, the applicant is advised to contact the SPOC of each affected State. A current listing of SPOCs is included in the application guidance materials. The SPOC should send any State review process recommendations directly to:

Office of Review, Substance Abuse and Mental Health Services Administration, Rockwall II Building, suite 630, 5600 Fishers Lane, Rockville, Maryland 20857

The due date for State review process recommendations is no later than 60 days after the specified deadline date for the receipt of applications. The CSAP does not guarantee to accommodate or explain SPOC comments that are received after the 60-day cut-off.

Application guidance materials will specify if a particular FY 1995 activity described above is not subject to the provisions of Executive Order 12372.

Dated: February 7, 1995.

Richard Kopanda,

Acting Executive Officer, SAMHSA.

[FR Doc. 95–3421 Filed 2–9–95; 8:45 am]

BILLING CODE 4162–20–P

Public Health Service

Agency Forms Undergoing Paperwork Reduction Act Review

Each Friday the Public Health Service (PHS) publishes a list of information collection requests under review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the PHS Reports Clearance Office on 202–690–7100.

The following requests have been submitted for review since the list was last published on Friday, February 3.

1. Physician and Patient Surveys to Evaluate the AHCPR Sponsored Clinical Practice Guidelines for Benign Prostatic Hyperplasia—0935–0088 (Reinstatement)—Data are needed to evaluate physician and patient awareness of and attitudes toward AHCPR-sponsored guidelines for benign prostastic hyperplasia (BPH) and quality and utilization review criteria based on the guidelines. A mail survey will be conducted. Respondents: Individuals or households; Number of Respondents: 850; Number of Responses per Respondent: 1; Average Burden per Response: .66 hour; Estimated Annual Burden: 561 hours. Send comments to Shannah Koss, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503.

2. Hanford Thyroid Disease Study—0920–0296 (Reinstatement)—An epidemiologic study will be conducted to determine whether thyroid disease is increased among persons exposed as young children to radioactive iodine release from the Hanford Nuclear Site. Following an expanded Pilot Study, this study will collect data on past residences, work and medical history of persons born during 1940–1946 near the Hanford site. Respondents: Individuals or households; Number of Respondents: 1,274; Number of Responses per Respondent: 1; Average Burden per Response: 1.8 hours; Estimated Annual Burden: 2,296 hours. Send comments to Shannah Koss, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503.

3. Cardiovascular Health Study—0925–0334 (Extension)—A random sample of 5,888 men and women aged 65 and older have been selected from four communities. They will continue to provide medical, social, and demographic information and participate in clinical examinations to study risk factors for the onset and progression of clinical coronary heart disease, stroke, and related preclinical conditions. Respondents: Individuals or households, Businesses or other for-profit. Send comments to James Scanlon, Office of the Assistant Secretary for Health, Room 737–F, Humphrey Building, 200 Independence Avenue, SW., Washington, DC 20201

Title	Number of respondents	Number of responses per respondent	Average burden per response (hours)
Cohort Members	4,818	2	1.77
Physicians	83	1.00	0.10
Next-of-Kin	105	1.00	0.25

Estimated Total Annual Burden: 17,055 hours.

Written comments and recommendations concerning the proposed information collections should be sent within 30 days of this notice directly to the individual designated.

Dated: February 6, 1995.

James Scanlon,

Director, Data Policy Staff, Office of the Assistant Secretary for Health and PHS Reports Clearance Officer.

[FR Doc. 95–3368 Filed 2–9–95; 8:45 am]

BILLING CODE 4160–17–M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of the Assistant Secretary for Community Planning and Development

[Docket No. N–95–1917; FR–3778–N–23]

Federal Property Suitable as Facilities to Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

ADDRESSES: For further information, contact William Molster, room 7254, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410; telephone (202) 708–1226; TDD number for the hearing- and speech-impaired (202) 708–2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1–800–927–7588.

SUPPLEMENTARY INFORMATION: In accordance with 56 FR 23789 (May 24, 1991) and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD reviewed in 1994 for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property.

In accordance with 56 FR 23789, § _____ .3(b) landholding agencies are required to notify HUD by December 31, 1994, the current availability status and classification of each property controlled by the Agencies that were published by HUD as suitable and available which remain available for application for use by the homeless.

Pursuant to 56 FR 23789, § _____.8(d)(e) HUD is required to publish a list of those properties reported by the Agencies and a list of suitable/unavailable properties including the reasons why they are not available.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Judy Breitman, Division of Health Facilities Planning, U.S. Public Health Service, HHS, room 17A–10, 5600 Fishers Lane, Rockville, MD 20857; (301) 443–2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 56 FR 23789 (May 24, 1991).

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: U.S. Army: Elaine Sims, CECPW–FP, U.S. Army Center for Public Works, 7701 Telegraph Road, Alexandria, VA 22310–3862; (703) 355–3475; Corps of Engineers: Bob Swieconek, Headquarters, Army Corps of Engineers, Attn: CERE–MC, Room

4224, 20 Massachusetts Ave. NW., Washington, DC 20314–1000; (202) 272–1750; U.S. Navy: John J. Kane, Deputy Division Director, Dept. of Navy, Real Estate Operations, Naval Facilities Engineering Command, 200 Stovall Street, Alexandria, VA 22332–2300; (703) 325–0474; U.S. Air Force: Bob Menke, Air Force Real Estate Agency (Area/MI), Bolling AFB, 172 Luke Avenue, Suite 104, Washington, DC 20332–5113; (202) 767–6235; GSA: Leslie Carrington, Federal Property Resources Services, GSA, 18th and F Streets NW., Washington, DC 20405; (202) 208–0619; Dept. of Veterans Affairs: Michael Reynolds, Management Analyst, Dept. of Veterans Affairs, room 414 Lafayette Bldg., 811 Vermont Ave. NW., Washington, DC 20420; (202) 233–5026; Dept. of Transportation: Ronald D. BILLING CODE 4210–29–M

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[MT–060–05–1610–00]

Availability of the Draft Sweet Grass Hills Resource Management Plan Amendment and Environmental Impact Statement; Liberty and Toole Counties, MT

AGENCY: Department of the Interior, Bureau of Land Management.

ACTION: Notice of Availability of the Draft Sweet Grass Hills Resource Management Plan Amendment and Environmental Impact Statement.

SUMMARY: The draft Amendment and Environmental Impact Statement (EIS) addresses future management options for land tenure adjustment, off-road vehicle use, oil and gas leasing, and locatable mineral development for lands and minerals administered by the Bureau of Land Management (BLM) in the Sweet Grass Hills in Toole and Liberty Counties, Montana, and amends the West HiLine Resource Management Plan (1988 and 1992). This includes approximately 7,717 surface acres, 19,765 acres of all mineral estate, and 1,644 acres of only oil and gas estate. These lands are administered by the BLM through the Great Falls Resource Area. The draft preferred alternative and three other alternatives have been developed to provide management options for the Sweet Grass Hills.

PUBLIC PARTICIPATION: Copies of the draft Amendment/EIS will be available from the Lewistown District Office, P.O. Box 1160, Lewistown, MT 59457–1160, (406) 538–7461. Public reading copies will be available for review at the following BLM locations: Office of External Affairs, Main Interior Building, Room 5600, 18th and C Streets, NW., Washington, DC 20240; External Affairs Office, Montana State Office, P.O. Box 36800, 222 North 32nd Street, Billings, MT 59107; Lewistown District Office, Airport Road, P.O. Box 1160, Lewistown, MT 59457–1160; and Great Falls Resource Area, 812 14th St. N., Great Falls, MT 59401.

Written comments on the draft Amendment/EIS will be accepted for 90 days following the date the Environmental Protection Agency publishes the Notice of Filing of the Draft in the **Federal Register**. Comments can also be presented at four public meetings to be held at: Shelby, MT, Shelby High School Auditorium, February 27, 1995, 7 p.m.; Browning, MT, Browning High School Annex, February 28, 1995, 7 p.m.; Chester, MT, Chester High School Auditorium, March 1, 1995, 7 p.m.; and, Rocky Boy, MT, Community Hall, March 2, 1995, 10 a.m.

ADDRESSES: Written comments on the document should be addressed to Richard Hopkins, Area Manager, Great Falls Resource Area, 812 14th St. N., Great Falls, MT 59401.

FOR FURTHER INFORMATION CONTACT: Tad Day, Team Lead, Great Falls Resource Area, 812 14th St. N., Great Falls, MT 59401, (406) 727–0503.

SUPPLEMENTARY INFORMATION: In August 1993, the BLM segregated the Federal mineral estate in the Sweet Grass Hills for a two-year period which closed the area to the location of new mining claims until August 1995. The BLM also began amending the West HiLine Resource Management Plan to reevaluate current management decisions for the Sweet Grass Hills. The amendment to the West HiLine Resource Management Plan will provide specific direction concerning locatable mineral development and will recommend whether some or all of the area should be closed to mining claim location. If the final amendment and record of decision recommends closure, the BLM would begin processing a 20-year term withdrawal.

Dated: February 7, 1995.

Gary Slagel,

Acting District Manager.

BILLING CODE 4310–DN–P

Fish and Wildlife Service

Availability of an Environmental Assessment and Receipt of an Application for an Incidental Take Permit From Mr. Robert Farr, in Baldwin County, AL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: Mr. Robert Farr (Applicant), has applied to the Fish and Wildlife Service (Service) for an incidental take permit pursuant to Section 10(a)(1)(B) of the Endangered Species Act (Act). The proposed permit would authorize for a period of 30 years the incidental take of an endangered species, the Alabama beach mouse (*Peromyscus polionotus ammobates*), known to occupy lands owned by the Applicant in Baldwin County, Alabama. The Application proposed to construct and use a single family residence on less than 0.5 acres of privately owned land, which is in the Cabana Beach subdivision.

The Service also announces the availability of an environmental assessment (EA) and habitat conservation plan (HCP) for the incidental take application. Copies of the EA or HCP may be obtained by making requests to the addresses below. The Service is soliciting data on *Peromyscus polionotus ammobates* in order to assist in the requirement of the intra-Service consultation. This notice also advices the public that the Service has made a preliminary determination that issuing the incidental take permit is not a major Federal action significantly affecting the quality of the human environment within the meaning of Section 102(2)(C) of the National Environmental Policy Act of 1969, as amended. The Finding of No Significant Impact is based on information contained in the EA and HCP. The final determination will be made no sooner than 30 days from the date of this notice. This notice is provided pursuant to Section 10(c) of the Act and National Environmental Policy Act Regulations (40 CFR 1506.6).

DATES: Written comments on the permit application, EA and HCP should be received on or before March 13, 1995.

ADDRESSES: Persons wishing to review the application may obtain a copy by writing the Service's Southeast Regional Office, Atlanta, Georgia. Persons wishing to review the EA or HCP may obtain a copy by writing the Regional Office or the Jackson, Mississippi, Field Office. Documents will also be available for public inspection, by appointment, during normal business hours at the Regional Office, or the Field Office. Written data or comments concerning the application, EA, or HCP should be submitted to the Regional Office. Please reference permit under PRT–798697 in such comments.

Regional Permit Coordinator (TE), U.S. Fish and Wildlife Service, 1875 Century Boulevard, Suite 210, Atlanta, Georgia 30345, (telephone 404/679–7110, FAX 404/679–7280).

Field Supervisor, U.S.Fish and Wildlife Service, 6578 Dogwood View Parkway, Suite A, Jackson, Mississippi 39213 (telephone 601/965–4900, FAX 601/965–4340).

FOR FURTHER INFORMATION CONTACT: Will McDearman at the above Jackson, Mississippi, Field Office.

SUPPLEMENTARY INFORMATION: The Alabama beach mouse (AMB), *Peromyscus polionotus ammobates,* is a subspecies of the common oldfield mouse *Peromyscus polionotus* and is restricted to the dune systems of the Gulf Coast of Alabama. The know current range of ABM extends from Fort Morgan eastward to the western terminus of Alabama Highway 182, including the Perdue Unit on the Bon Secour National Wildlife Refuge. The sand dune systems inhabited by this species are not uniform; several habitat types are distinguishable. The species inhabits primary dunes, interdune areas, secondary dunes, and scrub dunes. The depth and area of these habitats from the beach inland varies. Population surveys indicate that this subspecies is usually more abundant in primary dunes than in secondary dunes, and usually more abundant in secondary dunes than in scrub dunes. Optimal habitat consists of dune systems with all dune types. Though fewer ABM inhabit scrub dunes, these high dunes can serve as refugia during devastating hurricanes that overwash, flood, and destroy or alter secondary and frontal dunes. ABM surveys have not been conducted on the Applicant's property. Suitable habitat in the form of secondary and scrub dunes exist on the Applicant's property. These habitats are likely to be occupied by ABM. The Applicant's property resides in designated critical habitat for the ABM. Construction of the single family residence on about 0.1–0.2 acres of the Applicant's property may result in the death of, or injury to, ABM. Habitat alterations due to house placement and its subsequent use may reduce available habitat for food, shelter, and reproduction.

The EA considers the environmental consequences of three alternatives. The proposed action alternative is the issuance of the incidental take permit. This provided for restrictions that include house placement landward of the frontal crest of the scrub dune line, establishment of a walkover structure across that scrub dune, a prohibition against housing or keeping pet cats, scavenger-proof garbage containers, no landscaping, and the minimization and control of outdoor lighting. The HCP provides a funding source for these mitigation measures.

Dated: February 3, 1995.

Jerome M. Butler,

Acting Regional Director.

BILLING CODE 4310–55–P

Availability of an Environmental Assessment and Receipt of an Application for an Incidental Take Permit for a Project Called Cypress Creek (Phase I), a Single Family Residence Subdivision, in Brevard County, FL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: RNR Properties, Ltd., (Applicant), is seeking an incidental take permit from the Fish and Wildlife Service (Service), pursuant to Section 10(a)(1)(B) of the Endangered Species Act of 1973 (Act), as amended. The permit would authorize the take of two families of the threatened Florida scrub jay, *Aphelocoma coerulescens coerulescens* in Brevard County, Florida, for a period of 10 years. The proposed taking is incidental to construction of 148 single family homes, including the necessary infrastructure, on approximately 225 acres (Project). Within the Project, 28.7 acres are occupied by Florida scrub jays and will be permanently altered. The Project is called Cypress Creek (Phase I), and it is located on the mainland of Brevard County, in the Town of Grant.

The Service also announces the availability of an environmental assessment (EA) and habitat conservation plan (HCP) for the incidental take application. Copies of the EA or HCP may be obtained by making a request to the Regional Office address below. This notice also advises the public that the Service has made a preliminary determination that issuing the incidental take permit is not a major

Federal action significantly affecting the quality of the human environment within the meaning of Section 102(2)(C) of the National Environmental Policy Act of 1969, as amended. The Finding of No Significant Impact is based on information contained in the EA and HCP. The final determination will be made no sooner than 30 days from the date of this notice. This notice is provided pursuant to Section 10(c) of the Act and National Environmental Policy Act Regulations (40 CFR 1506.6).

DATES: Written comments on the permit application, EA and HCP should be received on or before March 13, 1995.

ADDRESSES: Persons wishing to review the application, HCP, and EA may obtain a copy by writing the Service's Southeast Regional Office, Atlanta, Georgia. Documents will also be available for public inspection by appointment during normal business hours at the Regional Office, or the Jacksonville, Florida, Field Office. Written data or comments concerning the application, EA, or HCP should be submitted to the Regional Office. Please reference permit under PRT–798698 in such comments.

Regional Permit Coordinator, U.S. Fish and Wildlife Service, 1875 Century Boulevard, Suite 210, Atlanta, Georgia 30345, (telephone 404/679–7110, fax 404/679–7280).

Field Supervisor, U.S. Fish and Wildlife Service, 6620 Southpoint Drive, South, Suite 310, Jacksonville, Florida 32216–0912, (telephone 904/232–2580, fax 904/232–2404).

FOR FURTHER INFORMATION CONTACT: Dawn Zattau at the Jacksonville, Florida, Field Office, or Rick G. Gooch at the Atlanta, Georgia, Regional Office.

SUPPLEMENTARY INFORMATION: *Aphelocoma coerulescens coerulescens* is geographically isolated from other subspecies of scrub jays found in Mexico and the Western United States. The Florida scrub jay is found almost exclusively in peninsular Florida and is restricted to scrub habitat. The total estimated population is between 7,000 and 11,000 individuals. Due to habitat loss and degradation throughout the State of Florida, it has been estimated that the Florida scrub jay population has been reduced by at least half in the last 100 years. Surveys have indicated that two families of Florida scrub jays inhabit the Project site. Construction of the Project's infrastructure and subsequent construction of the individual homesites will likely result in death of, or injury to, *Aphelocoma coerulescens coerulescens* incidental to the carrying out of these otherwise lawful activities. Habitat alteration associated with property development will reduce the availability of feeding, shelter, and nesting habitat.

The EA considers the environmental consequences of three alternatives. The no action alternative may result in loss of habitat for *Aphelocoma coerulescens coerulescens* and exposure of the Applicant under Section 9 of the Act. A third alternative is the proposed Project that is designed to reduce the impacts to *Aphelocoma coerulescens coerulescens* by restricting the Project's total buildable area. The proposed action alternative is issuance of the incidental take permit. This provides for restrictions of construction activity, purchase of off-site habitat for the Florida scrub jay, the establishment of an endowment fund for the off-site acquired habitat, and donation of additional off-site habitat. The HCP provides a funding mechanism for these mitigation measures.

Dated: February 3, 1995.

BILLING CODE 4310–55–P

Endangered and Threatened Species Permit Application

AGENCY: Forest Service, Interior.

ACTION: Notice of availability.

Availability of a Draft Environmental Impact Statement and Receipt of an Application for an Incidental Take Permit for Desert Tortoises in Clark County, Nevada.

SUMMARY: This notice advises that Clark County; the cities of Mesquite, Las Vegas, North Las Vegas, Henderson, and Boulder City; and Nevada Department of Transportation (Applicants) have applied to the U.S. Fish and Wildlife Service (Service) for an incidental take permit pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act). The proposed permit would authority the incidental take of the threatened desert tortoise (*Gopherus agassizii*). The permit application is accompanied by a Habitat Conservation Plan (HCP) entitled the *Clark County Desert Conservation Plan* (CCDCP) and an implementing agreement.

The Service also announces the availability of a draft Environmental Impact Statement (EIS) for the incidental take permit application. This EIS, the CCDCP, and the implementing agreement are available for public review. This notice is provided pursuant to section 10(c) of the Endangered Species Act of 1973, as amended, and National Environmental Policy Act (NEPA) regulations (40 CFR 1506.6). Comments and suggestions are requested.

The permitted take would be in association with various proposed public and private development projects. Two alternatives are being considered. The proposed action would allow for development to occur on up to 113,900 acres of desert tortoise habitat. Take would be minimized through a pick-up and collection service for desert tortoises encountered in harm's way, implementation of a public information and education program, and specific measures for Nevada Department of Transportation to implement during roadway maintenance and construction. The Applicants propose to mitigate impacts to desert tortoise by providing at least $1 million per year for State and Federal resource managers to implement desert tortoise recovery measures recommended in the *Desert Tortoise (Mojave Population) Recovery Plan*), providing funding to address the needs of other sensitive plants and animals in Clark County, and purchasing a conservation easement for more than 85,000 acres of non-Federal land in Clark County.

DATES: Written comments are requested by April 11, 1995.

ADDRESSES: Comments should be addressed to: Sheryl L. Barrett, U.S. Fish and Wildlife Service, 4600 Kietzke Lane, Building C, Room 125, Reno, Nevada 89502.

FOR FURTHER INFORMATION CONTACT: Sheryl L. Barrett at the above Reno, Nevada address, telephone (702) 784–5227. Individuals wishing copies of the permit application, HCPURPA, implementing agreement, and draft EIS for review should immediately contact the above individual or Dr. Dolores Savignano at U.S. Fish and Wildlife Service, 1500 North Decatur Boulevard, #01, Las Vegas, Nevada 89108, telephone (702) 646–3499. Copies of the above documents have been sent to all agencies and individuals who participated in the scoping process and to all others who have already requested copies.

SUPPLEMENTARY INFORMATION: On April 2, 1990, the Service issued a final rule that determined the desert tortoise to be a threatened species (55 FR 12178). This regulation became effective on the date of its publication in the Federal Register. Because of its listing as a threatened species, the desert tortoise is protected by the Act's prohibition against ''taking.'' The act defines ''take'' to mean: to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or

collect, or to attempt to engage in such conduct. ''Harm'' is further defined by regulation as any act that kills or injures wildlife including significant habitat modification or degradation where it actually kills or injures wildlife by significantly impairing essential behavioral patterns, including breeding, feeding, or sheltering (50 CFR 17.3)

The Service, however, may issue permits to carry out otherwise lawful activities involving take of endangered and threatened wildlife under certain circumstances. Regulations governing permits are at 50 CFR 17.22, 17.23, and 17.32. For threatened species, such permits are available for scientific purposes, enhancing the propagation or survival of the species, economic hardship, zoological exhibition or educational purposes, incidental taking, or special purposes consistent with the purposes of the Act.

Clark County; the cities of Las Vegas, North Las Vegas, Henderson, Mesquite, and Boulder City; and Nevada Department of Transportation (NDOT) (Applicants) submitted an application to the Service for a permit to incidentally take desert tortoises (*Gopherus agassizii*), pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (Act), in association with various proposed public and private projects in Clark County, Nevada. The proposed permit would allow incidental take of desert tortoises for a period of 30 years, resulting from development on up to 113,900 acres of private lands with Clark County, Nevada. The permit application was received September 28, 1994, and was accompanied by the *Clark County Desert Conservation Plan* (CCDCP), which serves as the Applicant's habitat conservation plan and details their proposed measures to minimize, monitor, and mitigate the impacts of the proposed take on the desert tortoise.

To minimize the impacts of take, the Applicants propose to provide a free pick-up and collection service for desert tortoises encountered in harm's way within Clark County. These desert tortoises will be made available for beneficial uses such as translocation studies and programs, research, education, zoos, museums, or other programs approved by the Service and Nevada Division of Wildlife. Sick or injured desert tortoises will be humanely euthanized. NDOT will incorporate specific measures into its operations to avoid or minimize impacts to desert tortoises. Clark County will also implement a public information and education program to benefit the desert tortoise and the desert ecosystem.

To mitigate the impacts of take, the Applicants propose to provide funding of between $1 million and $1.325 million per year for State and Federal resource managers to implement desert tortoise recovery measures recommended in the *Desert Tortoise (Mojave Population) Recovery Plan* and for the planning and management of lands both within and outside of desert wildlife management areas to address the needs of other plant and wildlife resources to avoid the need to list these species as threatened or endangered under the Act in the future. The Applicants also propose to purchase a conservation easement that preserves, protects, and assures the management and study of the conservation values, and in particular the habitat of the desert tortoise, of more than 85,000 acres of non-Federal land in Clark County.

Clerk County or the cities would approve the issuance of land development permits for otherwise lawful public and private project proponents during the 30-year period in which the proposed Federal permit would be in effect. Clark County or the cities would impose, and NDOT would pay, a fee of $550 per acre of habitat disturbance to fund the measures to minimize and mitigate the impacts of the proposed action on desert tortoises.

The underlying purpose or goal of the proposed action is to develop a program designed to ensure the continued existence of the species, while resolving potential conflicts that may arise from otherwise lawful private and public improvement projects.

Two alternatives are under consideration. Issuance of the permit with the mitigation, minimization, and monitoring measures outlined in the CCDCP is the Service's preferred action and is discussed above. The EIS also outlines alternative measures that may be considered by the Service in issuing the permit. The other alternative selected for detailed evaluation is a No Action alternative. The No Action alternative was not identified as the preferred alternative because it would diffuse existing regional conservation planning efforts for the desert tortoise and possible concentrate activity on individual project needs and not meet the purpose and need of the applicants. Additionally, the No Action alternative could result in adverse impacts to the social environment within Clark County due to constraints on land-use activities that would impact the desert tortoise.

In the development of this draft EIS, the Service initiated action to ensure compliance with the purpose and intent of the National Environmental Policy Act of 1969, as amended. Scoping activities were undertaken preparatory to developing the EIS with a variety of Federal, State, and local entities. A Notice of Intent to prepare the EIS was published February 4, 1994 (59 FR 5439), and a public scoping meeting was held February 14, 1994.

Key issues addressed in this draft EIS are identified as the effects that implementation of the alternatives would have upon: (1) The desert tortoise, (2) plant communities of concern, (3) other species of concern, (4) land uses, (5) socioeconomics, and (6) cultural resources.

Eight alternatives were considered before limiting the alternatives to be advanced for further study. Alternatives considered but not advanced for detailed analysis included: (1) A multiple-species plan, (2) a statewide plan, (3) a range-wide plan, (4) mitigation on non-Federal land, and (5) continuation of the short-term HCP. Alternatives advanced for detailed analysis include: (1) Issuing the permit with the mitigation, minimization, and monitoring measures outlined in the CCDCP or with one or more of the alternative measures provided and (2) a No Action Alternative. Alternative 1 is the Service's preferred alternative.

The No Action alternative would benefit individual desert tortoises on private lands in the short-term, however, it has been determined that viable populations of desert tortoises will not persist in the urban areas over the long-term. The No Action alternative would, therefore, not provide the benefits of the long-term recovery efforts for the desert tortoise identified in the CCDCP. In addition, the No action alternative would diffuse existing regional conservation planning efforts for the desert tortoise and possibly concentrate activity on individual project needs and not meet the purpose and need of the applicants. The No Action alternative could also result in adverse impacts to the social environment within Clark County due to constraints on land-use activities that would impact the desert tortoise.

Dated: February 1, 1995.

Thomas Dwyer,

Deputy Regional Director, Region 1, Portland, Oregon.

National Park Service

Sudbury, Assabet and Concord Rivers Study Committee; Notice of Meeting

Notice is hereby given in accordance with the Federal Advisory Committee Act (Pub. L. 92–463, 86 Stat. 770, 5 U.S.C. App. 1 section 10), that there will be a meeting of the Sudbury, Assabet and Concord Rivers Study Committee on Thursday, March 16, 1995.

The Committee was established pursuant to Public Law 101–628. The purpose of the Committee is to consult with the Secretary of the Interior and to advise the Secretary in conducting the study of the Sudbury, Assabet and Concord River segments specified in Section 5(a)(110) of the Wild and Scenic Rivers Act. The Committee shall also advise the Secretary concerning management alternatives, should some or all of the river segments studied be found eligible for inclusion in the National Wild and Scenic Rivers System.

The meeting will be held at 7:30 p.m., Thursday, March 16, 1995, Driving Directions: From south, take Rte. 27 to Water Row in Sudbury, turn right at end on to Lincoln Rd., left on Weir Hill Rd., follow signs to GMNWR Headquarters. From north, take Concord Rd. to Lincoln Rd., turn left, follow Lincoln Rd. to Weir Hill Rd., turn left, follow signs to headquarters building. Or, take Rte 126 north or south to Sherman's Bridge Rd. in Wayland, cross Sudbury River, turn right on Weir Hill Rd.

Agenda

I. Welcome and introductions, approval of minutes from 2/23/95 meeting—Bill Sullivan, Chairman
II. Brief questions and comments from public
III. Management Plan: Vote to accept Final Draft
IV. Report on Town Meeting Warrant Articles and Agenda: Julia Blatt, Outreach Coordinator and town reps.
V. Issues of local concern
VI. Other Business—Next meeting date and location

Interested persons may make oral/written presentations to the Committee during the business meeting or file written statements. Further information concerning the meeting may be obtained from Cassie Thomas, Planner, National Park Service, 15 State Street, Boston, MA 02109 or call (617) 223–5014.

Dated: February 3, 1995.

Chrysandra L. Walter,

Acting Deputy Regional Director.

INTERSTATE COMMERCE COMMISSION

Agricultural Cooperative Notice to the Commission of Intent to Perform Interstate Transportation for Certain Nonmembers

The following Notices were filed in accordance with section 10526(a)(5) of the Interstate Commerce Act. The rules provide that agricultural cooperatives intending to perform nonmember, nonexempt, interstate transportation must file the Notice, Form BOP–102, with the Commission within 30 days of its annual meeting each year. Any subsequent change concerning officers, directors, and location of transportation records shall require the filing of a supplemental Notice within 30 days of such change.

The name and address of the agricultural cooperative (1) and (2), the location of the records (3), and the name and address of the person to whom inquiries and correspondence should be addressed (4), are published here for interested persons. Submission of information which could have bearing upon the propriety of a filing should be directed to the Commission's Office of Compliance and Consumer Assistance, Washington, DC 20423. The Notices are in a central file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, DC.

(1) Harvest States Cooperatives.
(2) P.O. Box 64594, St. Paul, MN 55164.
(3) 1667 N. Snelling Ave., St. Paul, MN 55108.
(4) Allen J. Anderson, Senior Vice President, Admin. and Public Affairs, P.O. Box 64594, St. Paul, MN 55164.

Vernon A. Williams,

Secretary.

DEPARTMENT OF LABOR

Employment and Training Administration

Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance and NAFTA Transitional Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA–W) issued during the period of January, 1995.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of Section 222 of the Act must be met.

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) That sales or production, or both, of the firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

Negative Determinations for Worker Adjustment Assistance

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers indicated that increased imports did not contribute importantly to worker separations at the firm.

TA–W–30,507; A. P. Green Refractories, Inc., Warren, OH

TA–W–30,575; C. McDowell Oil, Inc., Albion, IL

TA–W–30,492; Wiener Laces (Wiener), Clifton, NJ

TA–W–30,512; Webb-Norfolk Conveyor Div., Cohasset, MA

TA–W–30,505; Cushman Industries, Inc., Hartford, CT

In the following cases, the investigation revealed that the criteria for eligibility have not been met for the reasons specified.

TA–W–30,468; Pontiac Weaving Corp., Cumberland, RI

Increased imports did not contribute importantly to worker separations at the firm.

TA–W–30,538; Lone Star Industries, Inc., Nazareth Cement Corp., Nazareth, PA

Increased imports did not contribute importantly to worker separations at the firm.

TA–W–30,485; Lockheed Fort Worth Co., Wire Harness Production, Fort Worth, TX

Increased imports did not contribute importantly to worker separations at the firm.

TA–W–30,496; Sunbrite Dye Co., Passaic, NJ

Increased imports did not contribute importantly to worker separations at the firm.

TA–W–30,535; Dow Brands, Inc., Greenville, TX

Production at the subject plant is being transferred to another affiliated domestic facility in order to improve customer service.

TA–W–30,510; Enron Operations Corp., (EOC) Houston Pipe Line (HPL), Corpus Christi, TX

The workers' firm does not produce an article as required for certification under Section 222 of the Trade Act of 1974.

TA–W–30,519; Herman Miller, Inc., Dayton, NJ

The investigation revealed that the planned shut down of the Herman Miller's Dayton, NJ facility is attributable to a consolidation of domestic operations.

TA–W–30,523; Xerox Corporation, Canadian, Latin American Manufacturing Organization, Pittsford, NY

The workers' firm does not produce an article as required for certification under Section 222 of the Trade Act of 1974.

TA–W–30,482; Dana Corp., Chelsea Plant, Chelsea, MI

The investigation revealed that production at the subject plant was transferred domestically during the relevant period.

TA–W–30,479; Mobil Chemical Co., Consumer Products Div., Washington, NJ

Predominate reason for layoffs of workers at the subject firm was due to over capacity at Mobil Chemical Co., Consumer Products Div. The division does not import nor did it experience a decline in sales in the relevant period prior to the closing of the firm in 1994.

TA–W–30,625; Alscom, Inc., Anchorage, AK

The workers' firm does not produce an article as required for certification under Section 222 of the Trade Act of 1974.

TA–W–30,499; Martin Marietta Corp., Regional Electronics Center, Conklin, NY

Increased imports did not contribute importantly to worker separations at the firm.

TA–W–30,513; Telescope Casual Furniture, Grainville, NY

Increased imports did not contribute importantly to worker separations at the firm.

Affirmative Determinations for Worker Adjustment Assistance

TA–W–30,497; Sybron Dental Specialties, Romulus, MI

A certification was issued covering all workers separated on or after November 3, 1993.

TA–W–30,498; RB & W Corp., Kent, OH

A certification was issued covering all workers separated on or after October 28, 1993.

TA–W–30,503; Clopay E & I Door, Shawano, WI

A certification was issued covering all workers separated on or after November 9, 1993.

TA–W–30,526; Henson Kickernick, AKA Bali Co., Atlanta, TX

A certification was issued covering all workers separated on or after November 18, 1993.

TA–W–30,530; S & A Casuals, New York, NY

A certification was issued covering all workers separated on or after November 23, 1993.

TA–W–30,217; Portland Provision Meat Co., Portland, OR

A certification was issued covering all workers separated on or after July 25, 1993.

TA–W–30,525; Independent Leather Manufacturing Corp., Gloversville, NY

A certification was issued covering all workers separated on or after November 10, 1993.

TA–W–30,506; AST Research, Inc., Instrument Plant, Ft. Worth, TX

A certification was issued covering all workers separated on or after September 29, 1993.

TA–W–30,467; SGS–Thomson Micoelectronics, Inc., Montgomeryville, PA

A certification was issued covering all workers separated on or after November 7, 1993.

TA–W–30,481; Component Technology Corp., Erie, PA

A certification was issued covering all workers separated on or after October 31, 1993.

TA–W–30,534; California Manufacturing Co., Plant #3, St. James, MO

A certification was issued covering all workers separated on or after November 25, 1993.

TA–W–30,494 & TA–W–30,495; Yolanda Industries, New York, NY, Dandy Trimming Co., Inc., New York, NY

A certification was issued covering all workers separated on or after October 28, 1993.

TA–W–30,489 & TA–W–30,489A; Tape Measure Enterprises, Inc., Jersey City, NJ and New York, NY

A certification was issued covering all workers separated on or after November 2, 1993.

TA–W–30,474 & TA–W–30,475, TA–W–30,476, A & B; Wicker Park L.P., Herrin, IL, Chicago, IL, New York, NY, Prattville, AL, and Montgomery, AL

A certification was issued covering all workers separated on or after October 26, 1993.

TA–W–30,487; Philips Components, A.C.T. Div., Saguerties, NY

A certification was issued covering all workers separated on or after November 1, 1993.

TA–W–30,540; National Ceramics, Inc., Cunningham, KY

A certification was issued covering all workers separated on or after November 17, 1993.

TA–W–30,466; Weslock National, Inc., Sikeston, MO

A certification was issued covering all workers separated on or after October 21, 1993.

TA–W–30,520; Cameron Custom Carpets, Auburn, ME

A certification was issued covering all workers separated on or after November 15, 1993.

TA–W–30,486; Peridot Chemicals (New Jersey), Inc., Newark, NJ

A certification was issued covering all workers separated on or after November 3, 1993.

TA–W–30,501; General Porcelain Manufacturing Co., Inc., Trenton, NJ

A certification was issued covering all workers separated on or after September 13, 1993.

TA–W–30,490 & A; Trigg Drilling Co., Inc., Oklahoma City, OK & Operating at Various Locations in the State of Oklahoma

A certification was issued covering all workers separated on or after October 21, 1993.

TA–W–30,484; Freedom Fisheries, Endeavor Fisheries, New Bedford, MA

A certification was issued covering all workers separated on or after October 24, 1993.

TA–W–30,524; Miss Elaine, Inc., Bristow, OK

A certification was issued covering all workers separated on or after November 11, 1993.

TA–W–30,501; Dawson Home Fashions, Inc., Vienna, OH

A certification was issued covering all workers separated on or after November 10, 1993.

TA–W–30,580; Grange Springwall Chiropractic, Inc., LaConner, WA

A certification was issued covering all workers separated on or after November 30, 1993.

TA–W–30,455; Marathon Oil Co., Robinson, IL & Operating at Various Locations in the Following States: A; AL, B; AK, C; AZ, D; CA, E; CO, F; FL, G; GA, H; IL, I; IN, J; KS, K; KY, L; LA, M; MI, N; NM, O; OH, P; OK, Q; SC, R; TN S; TX, T; WI, U; WY.

A certification was issued covering all workers separated on or after October 18, 1993.

TA–W–30,455V; Marathon Oil Co., Houston, TX & Operating in The Following Other Locations: W; Cody, WY, X; Findlay, OH, Y; Midland, OH, Z; Oklahoma City, OK, AA; Ruston, LA, AB; Bridgeport, IL, AC; Lafayette, LA AD; Lindsey, OK, AE; Medicine Lodge, KS, AF; Shreveport, LA, AG; Anchorage, AK.

A certification was issued covering all workers separated on or after October 21, 1994.

Also, pursuant to Title V of the North American Free Trade Agreement Implementation Act (Pub. L. 103–182) concerning transitional adjustment assistance hereinafter called (NAFTA–TAA) and in accordance with Section 250(a) Subchapter D, Chapter 2, Title II, of the Trade Act as amended, the Department of Labor Presents summaries of determinations regarding eligibility to apply for NAFTA–TAA issued during the month of January, 1995.

In order for an affirmative determination to be made and a certification of eligibility to apply for NAFTA–TAA the following group eligibility requirements of Section 250 of the Trade Act must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, (including workers in any agricultural firm or appropriate subdivision thereof) have become totally or partially separated from employment and either—

(A) That sales or production, or both, of such firm or subdivision have decreased absolutely,

(B) That imports from Mexico or Canada of articles like or directly competitive with articles produced by such firm or subdivision have increased.

(C) That the increase in imports contributed importantly to such workers' separations or threat of separation and to the decline in sales or production of such firm or subdivision; or

(2) That there has been a shift in production by such workers' firm or subdivision to Mexico or Canada of articles like or directly competitive with articles which are produced by the firm or subdivision.

Negative Determinations NAFTA–TAA

NAFTA–TAA–00312; Frigidaire Co., Microwave Div., Dalton, GA

The investigation revealed that criteria (3) and criteria (4) were not met. There was no shift in production from the Microwave Division of the Frigidaire Co to Mexico or Canada during the period under investigation, nor did the Frigidaire Co import any microwave ovens from Mexico or Canada.

NAFTA–TAA–00294; Uarco, Inc., Adrian, MI

The investigation revealed that criteria (3) and criteria (4) were not met. There was no shift in production from the workers' firm to Canada or Mexico during the relevant period. A survey of customers of Uarco revealed that respondents did not import continuous stock computer paper.

NAFTA–TAA–00298; Carter-Wallace, Inc., Wampole Div., East Windsor, NJ

The investigation revealed that criteria (3) and criteria (4) were not met. There was no shift in production from Carter-Wallace, Inc. to Mexico or Canada during the period under investigation, nor did the Carter-Wallace, Inc. Import from Mexico or

Canada any articles that are like or directly competitive with over the counter and professional diagnostic test kits.

NAFTA–TAA–00308; A.B. Chance Co., Parkersburg Plant, Parkersburg, WV

The investigation revealed that criteria (3) and criteria (4) were not met. A survey results revealed that customers did not import electrical porcelain insulators from Mexico or Canada. There was not shift in production from the subject facility to Mexico or Canada during the period under investigation, nor did the company import electrical procelain insulators from Mexico or Canada.

NAFTA–TAA–00307; H. Grabell & Sons, Inc., Paterson, NJ

The investigation revealed that criteria (3) and criteria (4) were not met. There was no shirt in production from the subject facility to Mexico or Canada during the period under investigation, nor did the company increase imports of lamp shades from Mexico or Canada. Survey results revealed that customers did not import lamp shades from Canada or Mexico.

Affirmative Determinations NAFTA–TAA

NAFTA–TAA–00309; Eutectic Corp., Flushing, NY

A certification was issued covering all workers engaged in the production of welding consumables, such as electrodes and fluxes at Eutectic Corp., Flushing, NY separated on or after December 8, 1993.

NAFTA–TAA–00297; D&R Lumber Corp D/B/A Blaney Lumber & Manufacturing, Bethesda, OH

A certification was issued covering all workers of D&R Lumber d/b/a Blaney Lumber & Manufacturing, Bethesda, OH on or after December 8, 1993.

NAFTA–TAA–00303; Iowa Assemblies, Inc., Lucas, IA

A certification was issued covering all workers related to the production of wiring harnesses & assembly of Iowa Assemblies, Inc., at the Lucas, Mt. Ayr and Osceola facilities separated on or after December 8, 1993.

NAFTA–TAA–00299; Best Shingle Co., Hoguiam/Aberdeen, WA

A certification was issued covering all workers of Best Shingle Co., Hoquiam/Aberdeen, WA separated on or after December 8, 1993.

NAFTA–TAA–00314; Gannett Outdoor Co., Outdoor Advertising Div., Denver, CO

A certification was issued covering all workers of Gannett Outdoor Co., Outdoor Advertising Div., Denver, CO separated on or after December 8, 1993.

NAFTA–TAA–00313; Yocom Knitting Co., Stowe, PA NAFTA–TAA–00313A; Linden Knitting Wear, Mohrsville, PA

A certification was issued covering all workers engaged in the production of activewear apparel, at the Yocom Knitting Co plant in Stowa, PA and Linden Knitting Wear plant in Morhrsville, PA separated on or after December 8, 1993.

I hereby certify that the aforementioned determinations were issued during the month of January, 1995. Copies of these determinations are available for inspection in Room C–4318, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210 during normal business hours or will be mailed to persons who write to the above address.

Dated: January 27, 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade, Adjustment Assistance.

[TA–W–30,681]

Caron International Rochelle, IL; Notice of Termination of Investigation

Pursuant to Section 221 of the Trade Act of 1974, an investigation was initiated on January 23, 1995 in response to a worker petition which was filed on behalf of workers at Caron International, Rochelle, Illinois.

The petitioner has requested that the petition be withdrawn. Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed in Washington, DC this 27th day of January, 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

BILLING CODE 4510–30–M

[TA–W–29,931]

Dresser Industries, Inc., Guiberson-Ava Division, Dallas, TX; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In the matter of Dresser Industries, Inc. Operating at Various Locations in the Following States: TA–W–29,931A Alaska, TA–W–29,931B California, TA–W–29,931C Colorado, TA–W–29,931D Illinois, TA–W–29,931E Kansas, TA–W–29,931F Louisiana, TA–W–29,931G New Mexico, TA–W–29,931H North Dakota, TA–W–29,931I Ohio, TA–W–29,931J Oklahoma, TA–W–29,931K Texas except Dallas, TA–W–29,931L Wyoming.

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on December 2, 1994, applicable to all workers of the subject firm. The certification was published in the **Federal Register** on December 16, 1994 (59 FR 65075).

At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. New findings show that worker separations occurred at various locations in other States.

Accordingly, the Department is amending the certification to properly reflect the correct worker group.

The intent of the Department's certification is to include all workers of the Guiberson-Ava Division of Dresser Industries, Inc., who were adversely affected by increased imports of crude oil.

The amended notice applicable to TA–W–29,931 is hereby issued as follows:

All workers of the Guiberson-Ava Division of Dresser Industries, Inc., Dallas, Texas and operating at various locations in the following States: Alaska, California, Colorado, Illinois, Kansas, Louisiana, New Mexico, North Dakota, Ohio, Oklahoma, Texas (except Dallas) and Wyoming who became totally or partially separated from employment on or after May 20, 1993 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC, this 27th day of January 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

BILLING CODE 4510–30–M

[TA–W–30,539]

Marathon Oil Company; Cody, WY; Notice of Termination of Investigation

Pursuant to Section 221 of the Trade Act of 1974, an investigation was initiated on December 5, 1994 in response to a worker petition which was filed on behalf of workers and former workers at Marathon Oil Company, located in Cody, Wyoming (TA–W–30,539).

The investigation revealed that workers at Marathon Oil Company

located in various locations in the following States are currently covered under an existing certification: (1) Wyoming (TA–W–30,455U); (2) Ohio (TA–W–30,455O); and California (TA–W–30,455D).

Consequently, further investigation in this case would serve no purpose, and the investigation has been terminated.

Signed at Washington, DC this 1st day of February 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

BILLING CODE 4510–30–M

Investigations Regarding Certifications of Eligibility To Apply for Worker Adjustment Assistance

Petitions have been filed with the Secretary of Labor under Section 221 (a) of the Trade Act of 1974 (''the Act'') and are identified in the Appendix to this notice. Upon receipt of these petitions, the Director of the Office of Trade Adjustment Assistance, Employment and Training Administration, has instituted investigations pursuant to Section 221 (a) of the Act.

The purpose of each of the investigations is to determine whether the workers are eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act. The investigations will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing, provided such request is filed in writing with the Director, Office of Trade Adjustment Assistance, at the address show below, not later than February 21, 1995.

Interested persons are invited to submit written comments regarding the subject matter of the investigations to the Director, Office of Trade Adjustment Assistance, at the address shown below, not later than February 21, 1995.

The petitions filed in this case are available for inspection at the Office of the Director, Office of Trade Adjustment Assistance, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210.

Signed at Washington, DC this 23rd day of January, 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

BILLING CODE 4510–30–M

[TA–W–29,927; NAFTA–00120]

Walker Manufacturing Company Hebron, Ohio; Negative Determination on Reconsideration

On December 14, 1994 the United States Court of International Trade (USCIT) granted the Secretary of Labor's motion for a voluntary remand for further investigation in *UAW Local 1927 and Employees and Former Employees of Walker Manufacturing* v. *Secretary of Labor* (94–10–00584).

The workers filing under petition TA–W–29,927 were initially denied eligibility to apply for trade adjustment assistance (TAA) on September 2, 1994 (59 FR 45711) and denied on application for reconsideration on October 5, 1994 (59 52194). The Department's denial was based on the fact that increased import criterion and the ''contributed importantly'' test of the Worker Group Eligibility Requirements of the Trade Act were not met. U.S. imports of mufflers and exhaust pipes declined in 1993 compared to 1992 and in the latest twelve month period ending in May 1994 compared to the same twelve month period ending in May 1993.

The ''contributed importantly'' test is generally demonstrated through a survey of the workers' firm's customers. The Department's survey of Hebron's sole customer shows that the sole customer's import purchases were not important relative to Hebron's sales during the relevant period.

The workers were also denied under the NAFTA petition (NAFTA–00120) on June 30, 1994 (59 FR 3997) and on reconsideration on October 7, 1994 (59 FR 53213). The Department's denial was based on the fact that neither the increased import criterion from Mexico or Canada nor the shift in production to Mexico or Canada criterion of the Worker Group Eligibility Requirements of the NAFTA provisions of the Trade Act were met.

The record states that the Ohio Bureau of Employment Security (OBES) made a preliminary finding that the employment and production decline and the aggregate import criteria had been met. Under the NAFTA–TAA provisions, the State does not make a finding on the ''contributed importantly'' test.

On remand the Department contacted the plaintiff's counsel, and other witnesses to provide the Department with any information or documentation that would contradict the Department's negative determinations. The plaintiffs indicated that about 50 resonator workers were laid off in February, 1994 and that 40 percent of the plant's production was shipped to Mexico prior to the phasedown.

The remand findings show that the Walker plant in Mexico does not produce any products for the workers' firm's only customer.

The findings also show that no production was transferred to Mexico as a result of the closure of the Hebron plant. Only the production of resonator bodies was transferred to Canada; however, this accounted for only a very small portion of Hebron's total production and the workers were not separately identifiable by product. All other production was transferred to company owned domestic plants.

The Department's survey showed that Hebron's customers did not decease their purchases of exhaust systems from Hebron and increase their imports from Mexico or Canada in the relevant period.

The findings on remand show that as a result of the Hebron closure, the company is making its excess machinery available to other corporate North American plants including the one in Mexico. According to several company officials, the Hebron closing is the result of capacity issues within Walker Manufacturing in North America.

The transfer of machinery from a domestic plant to a Mexican or Canadian plant would not form a basis for a worker group certification under the NAFTA provisions of the Trade Act. The NAFTA provisions to the Trade Act specifically state that there must be a transfer of production from a domestic firm to a Mexican or Canadian plant to be eligible to apply for transitional adjustment assistance, not machinery associated with that or any other type of production.

Further, the Department has never considered in any of its investigations under the NAFTA provisions of the Trade Act that the transfer of machinery is tantamount to the transfer of production. Certification under the NAFTA provisions of the Trade Act is premised on increased imports of articles from Mexico or Canada that are like or directly competitive with those produced at the workers' firm or a shift in production to Mexico or Canada of articles that are like or directly competitive with those produced at the workers' firm. Accordingly a shift of machinery or other capital assets would not meet the shift in production criterion of the NAFTA Worker Group Eligibility Requirements.

Conclusion

After review of the application and investigative findings, I conclude that there has been no error or misinterpretation of the law or of the facts which would justify reconsideration of the Department of Labor's prior decision. Accordingly, the application is denied.

Signed at Washington, D.C., this 27th day of January 1995.

Victor J. Trunzo,

Program Director, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

BILLING CODE 4510–30–M

Job Training Partnership Act: Native American Programs; Proposed Total Allocations and Allocation Formulas for Program Year 1995 Regular Program and Calendar Year 1995 Summer Youth Employment and Training Program

AGENCY: Employment and Training Administration (ETA), Labor.

ACTION: Notice.

SUMMARY: The ETA of the Department of Labor (DOL) is publishing the proposed Native American allocations, distribution formulas and rationale, and individual grantee planning estimates for Program Year (PY) 1995 (July 1, 1995–June 30, 1996) for regular programs funded under Title IV–A of the Job Training Partnership Act (JTPA), and for Calendar Year (CY) 1995 for Summer Youth Employment and Training Programs (SYETP) funded under Title II–B of the JTPA.

DATES: Written comments on this proposal are invited and must be received on or before March 13, 1995.

ADDRESSES: Send written comments to: Mr. Paul A. Mayrand, Director, Office of Special Targeted Programs, Employment and Training Administration, room N–4641, 200 Constitution Avenue, NW., Washington, DC 20210.

FOR FURTHER INFORMATION CONTACT: Mr. Thomas M. Dowd, Phone: 202–219–8502 (this is not a toll free number).

SUPPLEMENTARY INFORMATION: Pursuant to Section 162 of the JTPA, ETA of the DOL publishes below for review and comment the proposed allocations and distribution formulas for areas to be served by Native American grantees to be funded under JTPA Section 401, and JTPA Title II, Part B. The amounts to be distributed are $64,080,040 for the JTPA Section 401 programs for PY 1995 (July 1, 1995–June 30, 1996); and $15,768,370 for the JTPA Title II, Part B, SYETP for the Summer of CY 1995. The planning estimates reflect the existing grantees and their currently assigned areas, and are subject to change for such reasons as Administrative Law Judge decisions, the possibility that a grantee will want to have its designation withdrawn, and legislative changes.

The formula for allocating JTPA Section 401 funds provides that 25 percent of the funding will be based on the number of unemployed Native Americans in the grantee's area, and 75 percent will be based on the number of poverty-level Native Americans in the grantee's area.

The formula for allocating SYETP funds divides the funds among eligible recipients based on the proportion that the number of Native American youths in a recipient's area bears to the total number of Native American youths in all eligible recipients' areas.

The rationale for the above formulas is that the number of poverty-level persons, unemployed persons, and youths among the Native American population is indicative of the need for training and employment funds.

Statistics on youths, unemployed persons, and poverty-level persons among Native Americans used in the above programs are derived from the Decennial Census of the Population, 1990.

Signed at Washington, D.C., this 6th day of February 1995.

Douglas Ross,

Assistant Secretary of Labor.

U.S. Department of Labor—Employment and Training Administration, PY 1995 Title IV–A and CY 1995 Title II–B (Summer 1995) Planning Estimates for Native American Grantees, (Date)

Investigations Regarding Certifications of Eligibility to Apply for NAFTA Transitional Adjustment Assistance

Petitions for transitional adjustment assistance under the North American Free Trade Agreement-Transitional Adjustment Assistance Implementation Act (Pub. L. 103–182), hereinafter called (NAFTA–TAA), have been filed with State Governors under Section 250(a) of Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended, are identified in the Appendix to this Notice. Upon notice from a Governor that a NAFTA–TAA petition has been received, the Director of the Office of Trade Adjustment Assistance (OTAA), Employment and Training Administration (ETA), Department of Labor (DOL), announces the filing of the petition and takes actions pursuant to paragraphs (c) and (e) of Section 250 of the Trade Act.

The purpose of the Governor's actions and the Labor Department's investigations are to determine whether the workers separated from employment after December 8, 1993 (date of enactment of Public Law 103–182) are eligible to apply for NAFTA–TAA under Subchapter D of the Trade Act because of increased imports from or the shift in production to Mexico or Canada.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing with the Director of OTAA at the U.S. Department of Labor (DOL) in Washington, DC, provided such request is filed in writing with the Director of OTAA not later than February 21, 1995.

Also, interested person are invited to submit written comments regarding the subject matter of the petitions to the Director of OTAA at the address shown below not later than February 21, 1995.

Petitions filed with the Governors are available for inspection at the Office of the Director, OTAA, ETA, DOL, Room C–4318, 200 Constitution Avenue, NW., Washington, DC 20210.

Signed at Washington, DC, this 31st day of January, 1995.

Victor J. Trunzo,

Program Manager, Policy & Reemployment Services, Office of Trade, Adjustment Assistance.

[NAFTA–00271]

Nalley's Fine Foods, Tacoma, Washington; Amended Certification Regarding Eligibility To Apply for NAFTA Transitional Adjustment Assistance

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 U.S.C. 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on December 9, 1994, applicable to all workers of Curtice Burns Foods, Incorporated, a Division of Nalley's Fine Foods in Tacoma, Washington. The certification was published in the **Federal Register** January 3, 1995 (60 FR 149).

The Department, on its own motion, reviewed the certification for workers of the subject firm. The investigation findings show that the scope of the investigation is limited to Nalley's Fine Foods in Tacoma, Washington. Accordingly, the Department is amending the certification to properly reflect this matter.

The amended notice applicable to NAFTA–00271 is hereby issued as follows:

All workers of Nalley's Fine Foods, Tacoma, Washington who became totally or partially separated from employment on or after December 8, 1993 are eligible to apply for NAFTA–TAA under Section 250 of the Trade Act of 1974.

Signed in Washington, DC, this 31st day of January 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

BILLING CODE 4510–30–M

Employment Standards Administration

Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedeas decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled ''General Wage Determinations Issued

Under The Davis-Bacon And Related Acts,'' shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S–3014, Washington, D.C. 20210.

Supersedeas Decisions to General Wage Determination Decisions

The number of the decisions being superseded and their date of notice in the **Federal Register** are listed with each State. Supersedeas decision numbers are in parentheses following the number of decisions being superseded.

General Wage Determination Publication

General wage determinations issued under the Davis-Bacon and related Acts, including those noted above, may be found in the Government Printing Office (GPO) document entitled ''General Wage Determinations Issued Under The Davis-Bacon And Related Acts''. This publication is available at each of the 50 Regional Government Depository Libraries and many of the 1,400 Government Depository Libraries across the country. Subscriptions may be purchased from: Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, (202) 783–3238.

When ordering subscription(s), be sure to specify the State(s) of interest, since subscriptions may be ordered for any or all of the three separate volumes, arranged by State. Subscriptions include an annual edition (issued on or about January 1) which includes all current general wage determinations for the States covered by each volume. Throughout the remainder of the year, regular weekly updates will be distributed to subscribers.

Signed at Washington, D.C. this 6th day of February 1995.

Alan L. Moss,

Director, Division of Wage Determinations.

[FR Doc. 95–3328 Filed 2–9–95; 8:45 am]

BILLING CODE 4510–27–M

Pension and Welfare Benefits Administration

[Application No. D–09855, et al.]

Proposed Exemptions; PACCAR Inc. Savings Investment Plan, et al.

AGENCY: Pension and Welfare Benefits Administration, Labor.

ACTION: Notice of Proposed Exemptions.

SUMMARY: This document contains notices of pendency before the Department of Labor (the Department) of proposed exemptions from certain of the prohibited transaction restriction of the Employee Retirement Income Security Act of 1974 (the Act) and/or the Internal Revenue Code of 1986 (the Code).

Written Comments and Hearing Requests

All interested persons are invited to submit written comments or request for a hearing on the pending exemptions, unless otherwise stated in the Notice of Proposed Exemption, within 45 days from the date of publication of this **Federal Register** Notice. Comments and request for a hearing should state: (1) The name, address, and telephone number of the person making the comment or request, and (2) the nature of the person's interest in the exemption and the manner in which the person would be adversely affected by the exemption. A request for a hearing must also state the issues to be addressed and include a general description of the evidence to be presented at the hearing. A request for a hearing must also state the issues to be addressed and include a general description of the evidence to be presented at the hearing.

ADDRESSES: All written comments and request for a hearing (at least three copies) should be sent to the Pension and Welfare Benefits Administration, Office of Exemption Determinations, Room N–5649, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210. Attention: Application No. stated in each Notice of Proposed Exemption. The applications for exemption and the comments received will be available for public inspection in the Public Documents Room of Pension and Welfare Benefits Administration, U.S. Department of Labor, Room N–5507, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Notice to Interested Persons

Notice of the proposed exemptions will be provided to all interested persons in the manner agreed upon by the applicant and the Department within 15 days of the date of publication in the **Federal Register**. Such notice shall include a copy of the notice of proposed exemption as published in the **Federal Register** and shall inform interested persons of their right to comment and to request a hearing (where appropriate).

SUPPLEMENTARY INFORMATION: The proposed exemptions were requested in applications filed pursuant to section 408(a) of the Act and/or section 4975(c)(2) of the Code, and in accordance with procedures set forth in 29 CFR Part 2570, Subpart B (55 FR

32836, 32847, August 10, 1990). Effective December 31, 1978, section 102 of Reorganization Plan No. 4 of 1978 (43 FR 47713, October 17, 1978) transferred the authority of the Secretary of the Treasury to issue exemptions of the type requested to the Secretary of Labor. Therefore, these notices of proposed exemption are issued solely by the Department.

The applications contain representations with regard to the proposed exemptions which are summarized below. Interested persons are referred to the applications on file with the Department for a complete statement of the facts and representations.

PACCAR Inc Savings Investment Plan (the Plan) Located in Bellevue, Washington

[Application No. D–09855]

Proposed Exemption

The Department is considering granting an exemption under the authority of section 408(a) of the Act and section 4975(c)(2) of the Code and in accordance with the procedures set forth in 29 C.F.R. Part 2570, Subpart B (55 F.R. 32836, 32847, August 10, 1990). If the exemption is granted the restrictions of sections 406(a), 406(b)(1) and (b)(2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1) (A) through (E) of the Code, shall not apply to (1) the proposed guarantee (the Guarantee) by PACCAR Inc (the Employer), the sponsor of the Plan, of the Plan's investment in a guaranteed investment contract (the GIC) issued by Confederation Life Insurance Company (Confederation Life), including the potential extensions of credit to the Plan by the Employer (the Advances) pursuant to the Guarantee; and (2) the potential repayment of the Advances (the Repayments); provided that the following conditions are satisfied:

(A) All terms and conditions of the transactions are no less favorable to the Plan than those which the Plan could obtain in an arm's length transaction with an unrelated party;

(B) The Repayments are made only from GIC Proceeds, defined as the amounts actually received by the Plan (1) from Confederation Life or any other entity making payment with respect to Confederation Life's obligations under the terms of the GIC, or (2) from the sale or transfer of the GIC to unrelated third parties;

(C) The Repayments will be made only after the Plan has recovered, through the Advances plus GIC Proceeds, the amount guaranteed by the Employer with respect to the GIC; and

(D) To the extent the Advances exceed GIC Proceeds, Repayment of the difference will be waived.

Summary of Facts and Representations

Introduction

Confederation Life was recently placed in a receivership. As a result, the Confederation Life GIC owned by the Plan is frozen, and the future of Confederation Life is uncertain. The Employer, PACCAR Inc, proposes to protect the Plan from loss on its investment in the GIC, by guaranteeing the value of the GIC as of the commencement of the receivership, as described below.

1. The Employer is a publicly-owned Delaware corporation engaged in the production of class 8 trucks, winches, oil drilling equipment and retail auto parts. Its principal place of business is Bellevue, Washington. The Employer sponsors the Plan, which is a defined contribution 401(k) plan, providing for individually-directed participant accounts (the Accounts). As of September 21, 1994, the Plan had 4,816 participants and, as of July 31, 1994, total assets of approximately $211,979,510. The trustee of the Plan is Fidelity Management Trust Company of Boston, Massachusetts (the Trustee). Plan participants may invest their accounts in and among six investment funds, including an income fund (the I Fund) which consists of guaranteed investment contracts issued by insurance companies, a cash short-term investment fund, and units in a group trust maintained by the Trustee and designated as the Fidelity Managed Income Portfolio II of the Fidelity Group Trust for Employee Benefit Plans (the MI Portfolio).

2. Among the assets of the I Fund is the GIC, which is identified as Confederation Life Guaranteed Investment Contract No. 62185, issued to the Plan by Confederation Life on July 10, 1990 for a principal deposit of $6 million. The GIC is a single-deposit, non-benefit-responsive contract, with interest on principal at the annual rate of 9.67 percent, requiring payment to the Plan of $9.49 million on the maturity date of June 30, 1995 (the Maturity Date). On August 12, 1994 (the Receivership Date), Confederation life was placed in receivership (the Receivership) pursuant to rehabilitation proceedings by the State of Michigan.[1] Consequently, Confederation Life's assets and operations were frozen, and payments on all its guaranteed investment contracts, including the GIC held by the Plan, were suspended effective as of the Receivership Date. As of the Receivership Date, the total GIC principal and accumulated interest was $8.752 million (the Receivership Value), representing 17.92 percent of the assets of the I Fund.

3. In order to avoid liquidity problems in the I Fund, after the Receivership was announced, the Employer and the Trustee froze the I Fund assets invested in the GIC. The Employer represents that it appears unlikely that Confederation Life will make timely payment to the Plan upon the Maturity Date of the GIC. The Employer has notified Plan participants that it will undertake measures to protect the Accounts from adverse effects of any nonpayment of the GIC or from the effects of a lengthy rehabilitation of Confederation Life. Accordingly, the Employer proposes to guarantee the Plan's investment in the GIC plus interest, by means of potential extensions of credit to the Plan, and is requesting an exemption for these transactions under the terms and conditions described herein.

4. The terms of the Employer's guarantee (the Guarantee) of the Plan's investment in the GIC and the Employer's potential cash advances (the Advances) pursuant to the Guarantee will be evidenced in a written agreement between the Plan and the Employer.[2]

The Guarantee

In making the Guarantee, the Employer is undertaking to ensure that in the eventual resolution of the Receivership the Plan receives a total amount with respect to the GIC which is no less than its investment in the GIC as of the Receivership Date plus interest thereafter at a market rate. In accordance with this undertaking, the amount which the Employer proposes to guarantee (the Guarantee Amount) is the Receivership Value of the GIC, which is $8.752 million, less GIC Proceeds (defined as the amounts actually received by the Plan from Confederation Life or any other entity making payment with respect to Confederation Life's obligations under the terms of the GIC,

[1] The Department notes that the decisions to acquire and hold the GIC are governed by the fiduciary responsibility requirements of Part 4, Subtitle B, Title I of the Act. In this proposed exemption, the Department is not proposing relief for any violations of Part 4 which may have arisen as a result of the acquisition and holding of the GIC.

[2] The Department notes that this exemption, if granted, will not affect the rights of any participant or beneficiary with respect to claims under section 404 of the Act in connection with any aspect of the GIC transactions.

or from the sale or transfer of the GIC to unrelated third parties) and advances made by the Employer (Advances, as described below), plus interest on the net of the foregoing amount after the Receivership Date at the rate earned by the MI Portfolio (the Guarantee Rate), accrued on a daily basis. The Trustee's MI Portfolio is a diversified portfolio of short-term and long-term conventional and synthetic guaranteed investment contracts issued by insurance companies and other institutions. The average yield on the MI Portfolio Assets for the month of November, 1994, was 5.81 percent.

The Advances

Although the GIC is non-benefit-responsive, the Employer is concerned that the Receivership may result in an increase in transfers of Accounts out of the I Fund to other investment funds maintained by the Plan, posing potential liquidity problems for the I Fund. Accordingly, if as a result of Account transfers or withdrawals from the I Fund the Guarantee Amount commences to represent more than 30 percent of the I Fund, the Employer will make Advances to the I Fund in an amount sufficient to reduce the ratio to 30 percent.

Final Resolution

If the Receivership and any rehabilitation of Confederation Life are resolved and completed prior to the end of the year 2000, within 60 days of the Plan's receipt of final payment from or on behalf of Confederation Life with respect to the GIC, the Employer will honor the Guarantee by making a final Advance to the I Fund in an amount sufficient to cause the Guarantee Amount to equal zero. If the Receivership and any rehabilitation extend beyond the year 2000, the Employer will make a final Advance to the I Fund on the first business day in the year 2001 in the amount of the Guarantee Amount.

Repayments

Repayment of the final Advance and all previous Advances will be restricted to the GIC Proceeds. The Repayments will only be made after such time as the Plan has recovered, through the Advances plus the GIC Proceeds, the amount guaranteed by the Employer with respect to the GIC, as described above. To the extent the total Advances exceed GIC Proceeds, repayment will be waived.

5. In summary, the applicant represents that the proposed transactions satisfy the criteria of section 408(a) of the Act for the following reasons: (1) The Guarantee will enable the Employer to complete its commitment to Plan participants to protect the Plan from any loss of its investment in the GIC as of the Receivership Date; (2) The Advances will protect the I Fund from threats to its liquidity resulting from possible transfers and withdrawals of Accounts; (3) The Repayments will be made only from GIC Proceeds, and only after the Plan has recovered the amount guaranteed by the Employer; (4) After resolution of the Receivership, the Plan will be made whole with respect to the Guarantee by means of a final cash Advance; and (5) To the extent the Advances exceed the GIC Proceeds, Repayment of the difference will be waived.

Shippers Paper Products Company 401(k) Plan (the Plan) Located in Glenview, IL

[Application No. D–09866]

Proposed Exemption

The Department is considering granting an exemption under the authority of section 408(a) of the Act and section 4975(c)(2) of the Code and in accordance with the procedures set forth in 29 CFR part 2570, subpart B (55 FR 32836, 32847, August 10, 1990). If the exemption is granted, the restrictions of sections 406(a), 406(b)(1) and (b)(2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1)(A) through (E) of the Code shall not apply to the proposed sale by the Plan of Group Annuity Contract, No. GA–4725 (the GAC) issued by Mutual Benefit Life Insurance Company (Mutual Benefit) to Illinois Tool Works Inc., a party in interest with respect to the Plan; provided the following conditions are satisfied: (1) The sale is a one-time transaction for cash; (2) the Plan receives no less than the fair market value of the GAC at the time of the sale; (3) the Plan's trustee, acting as independent fiduciary for the Plan, has determined that the proposed sale price is not less than the current fair market value of the GAC; and (4) the Plan's trustee has determined that the proposed transaction is appropriate for and in the best interests of the Plan and its participants and beneficiaries.

Summary of Facts and Representations

1. The Plan is sponsored by the Shippers Paper Products Company, which is an wholly-owned subsidiary of Illinois Tool Works Inc. (the Applicant). The Plan is a defined contribution plan with a salary reduction feature. There were 91 participants as of October 20, 1994. As of September 30, 1994, the Plan's total assets were $635,695.00. The Plan is administered by the Employee Benefits Committee of the Board of Directors of the Applicant (the Committee). The Plan's trustee, Northern Trust Company (the Trustee), manages the investment of Plan funds at the direction of the Committee. The GAC, which is the sole asset of the Plan, was effective as of July 1, 1985.[3] The Applicant represents that the GAC was scheduled to terminate only after disbursement of the final annuity payment thereunder and, therefore, had no stated maturity date. The terms of the GAC provided for a minimum annual interest rate of 4.0%.

2. On July 16, 1991, Mutual Benefit was placed into rehabilitation proceedings by the New Jersey Commissioner of Insurance. As a result of these proceedings, the Plan's assets have been frozen.[4] The Applicant represents that it wishes to enter into the proposed transaction in order to protect the accounts of Plan participants and beneficiaries from the risk of investment loss associated with the GAC. The Applicant further represents that the Plan needs to sell its interest in

[3] The Department notes that the decisions to acquire and hold the GAC are governed by the fiduciary responsibility requirements of Part 4, Subtitle B, Title I of the Act. In this regard, the Department is not herein proposing relief for any violations of Part 4 which may have arisen as a result of the acquisition and holding of the GAC issued by Mutual Benefit.

[4] Following the cessation of payments by Mutual Benefit with respect to the GAC, Shippers Paper Products Company made the decision to make periodic advances to the Plan to enable the payment of distributions to terminating and retiring participants and the payment of certain in-service withdrawals to current participants. The Applicant represents that, as of November 30, 1994, the periodic advances to the Plan totaled approximately $178,595. The Applicant also represents that the terms of those periodic advances satisfy the conditions of PTE 80–26 (45 FR 28545, April 29, 1980). This conditional class exemption permits a party in interest to make an interest-free loan to an employee benefit plan, and the repayment of such loan. Specifically, the exemption states, in relevant part, that effective January 1, 1975, the restrictions of section 406(a)(1)(B) and (D) and section 406(b)(2) of the Act and the taxes imposed by section 4975(a) and (b) of the Code by reason of section 4975(c)(1)(B) and (D) of the Code, shall not apply to the lending of money from a party in interest to an employee benefit plan, nor to the repayment of such loan in accordance with its terms, if no interest or other fee is charged to the plan, the loan is unsecured, and the loan proceeds are used only for the payment of ordinary operating expenses of the plan, including the payment of benefits in accordance with the terms of the plan. In this proposed exemption the Department expresses no opinion as to whether the periodic advances satisfy the provisions of PTE 80–26.

the GAC in order to give the Plan more investment flexibility to direct the investment of participant account balances to safer and more prudent investments. The Applicant also represents that the Plan will not incur any expenses with respect to the sale of the GAC.

3. The Applicant proposes to protect the interests of the affected participants by purchasing the GAC from the Plan. The purchase price for the GAC will be the contract balance of the GAC as of September 30, 1994, as determined by Mutual Benefit using the following interest rates: (1) Interest is credited at the rate of 10.35% for the period from July 1, 1986 through June 30, 1990; (2) interest is credited at the rate of 8.7% for the period from July 1, 1990 through June 30, 1991; (3) interest is credited at the rate of 8.35% for the period from July 1, 1991 through December 31, 1991. These are the rates of interest actually earned under the GAC until December 31, 1991. After December 31, 1991, pursuant to the terms of the proposed plan of rehabilitation set forth by the Superior Court of New Jersey, interest is credited at a rate equal to 5.75% for 1992, 5.25% for 1993, and at a rate equal to 5.10% for 1994. The purchase price will be adjusted to reflect any contract distributions and additional interest earned from September 30, 1994 to the date the actual purchase takes place.[5] From January 1, 1995 through December 31, 1999, the GAC will earn interest based on Mutual Benefit's actual investment performance, with a minimum annual rate of 3.5%.

4. The Trustee has reviewed the proposed transaction on behalf of the Plan. The Trustee represents that it has determined that the proposed purchase price for the GAC is at least equal to the fair market value of the GAC. In addition, the Trustee represents that it has determined that the proposed transaction is appropriate for the Plan and in the best interests of its participants and beneficiaries.

5. In summary, the Applicant represents that the proposed transaction satisfies the criteria of section 408(a) of the Act because: (1) The Plan will receive cash for the GAC in the amount of the contract balance of the GAC, as determined by Mutual Benefit as of the date of the sale; (2) the transaction will enable the Plan and its participants and beneficiaries to avoid any risk associated with the continued holding of the GAC, and to exercise all of their rights under the Plan to request distributions and withdrawals from the Plan; and (3) the Plan's trustee, acting as the Plan's independent fiduciary, has determined that the sale at the proposed price is in the best interests of the participants and beneficiaries of the Plan, and that the proposed price is not less than the fair market value of the GAC.

[5] The Applicant represents that, following the sale of the GAC to the Applicant, the Plan will repay any amounts due Shippers Paper Products Company in connection with the periodic advances discussed above.

Manke Lumber Company, Inc. Profit Sharing Plan (the Plan) Located in Tacoma, Washington

[Exemption Application No. D–09897]

Proposed Exemption

The Department is considering granting an exemption under the authority of section 408(a) of the Act and section 4975(c)(2) of the Code and in accordance with the procedures set forth in 29 CFR Part 2570, Subpart B (55 FR 32836, August 10, 1990). If the exemption is granted, the restrictions of sections 406(a), 406(b)(1) and (b)(2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1)(A) through (E) of the Code, shall not apply to the proposed cash sale (the Sale) by the Plan of certain real property (the Property) to Manke Family Resources, Limited Partnership (MFR).

This proposed exemption is conditioned upon the following requirements: (1) All terms and conditions of the Sale are at least as favorable to the Plan as those obtainable in an arm's length transaction with an unrelated party; (2) the Sale is a one-time cash transaction; and (3) the Plan is not required to pay any commissions, costs or other expenses in connection with the Sale; and (4) the Plan receives a sales price equal to the greater of: (a) The fair market value of the Property on the date of the Sale; or (b) the Plan's aggregate costs of acquiring and holding the Property.

Summary of Facts and Representations

1. Manke Lumber Company, Inc. (Manke) sponsors the Plan, a profit sharing plan which was established on May 1, 1971. The Plan was amended, effective May 1, 1988, to include 401(k) features which allow participants to direct the investments of their accounts. As of April 30, 1993, approximately eighty-eight percent of Plan assets were held as general assets while the remaining twelve percent were subject to participant direction. As of the same date, the Plan had assets totalling $9,360,468 and approximately 520 participants.

West One Trust Company (the Trustee) serves as the trustee of the Plan and has the sole investment discretion with respect to the Property and certain other non-liquid assets. Piper Capital Management, a registered investment adviser, has investment management discretion over the marketable securities and other liquid assets of the Plan. Under the terms of the Plan, Manke appoints an Advisory Committee (the Advisory Committee) which is responsible for setting the funding policy for the Plan. The Advisory Committee does not have any investment discretion. As of January 9, 1995, the Advisory Committee consisted of two Manke employees—J. Randal Jordan and Milton Farvour.

2. Manke is a Washington corporation engaged in the manufacturing and sale of lumber and other wood products. In addition, Manke also owns and manages timberland. The principal shareholders of Manke include Charles Manke, Virgil Manke and James Manke, who also comprise the Board of Directors (the Directors) and are the officers of Manke.

MFR is a Washington limited partnership engaged in the business of owning, utilizing and developing timberland and personal property related to the timber business. Tacoma Timber Co. (Tacoma Timber), a Washington corporation, serves as the general partner of MFR. Both MFR and Tacoma Timber are wholly owned by sons and daughters of the Directors, who are parties in interest with respect to the Plan. In addition, the owners of MFR and Tacoma Timber also own small amounts of Manke stock.

3. Among the general assets of the Plan is the Property, which consists of approximately 275 acres of land and timber located in Clallam County, Washington. The Property lies contiguous to a forty acre parcel of property owned by Manke. The Plan acquired the Property on September 25, 1975 for $200,709 from Raymond B. Fife, an unrelated party. Since its acquisition, the Plan has held the Property as timberland, and it has not been utilized by, or leased to, any related or unrelated party. As of December 9, 1994, the Plan had expended a total of $14,384 in connection with the Property for taxes and other expenses such as surveying and insurance.

4. Steven D. Lodge of Shorett & Riely, a real estate appraising and consulting firm located in Seattle, Washington, appraised the Property. Mr. Lodge is a Washington State-certified General Real Estate Appraiser and has fifteen years of

experience in appraising real estate. Mr. Lodge represents that both he and Shorett & Riely are independent of, and unrelated to, Manke, MFR, Tacoma Timber and the Directors.

Because the timber located on the Property has a substantial value apart from the underlying land, Mr. Lodge valued the two components of the Property, the timber and the land, separately and then as one. Based upon a report prepared by Washington Timberland Management, Inc., which estimates harvestable area, timber volume and timber value, Mr. Lodge placed the fair market value of the timber at $1,519,283 as of April 30, 1994. In addition, based upon comparable sales of properties located in the Tacoma area, Mr. Lodge placed the fair market value of the land within a range of $220,456 and $385,798 as of April 30, 1994. Finally, as of result of these two valuations, Mr. Lodge placed the fair market value of the Property at $1,700,000 as of April 30, 1994.

5. The Trustee attempted to sell the Property on October 7, 1994 in a written/oral bid auction sale. Beginning on September 2, 1994, the Trustee circulated a written bid proposal, to approximately 100 prospective bidders. The written bid proposal set the minimum bid at $2,000,000 in cash. None of the prospective bidders submitted an oral or written bid in response to the written bid proposal, and, as a result, the Property was not sold. Despite this, the Trustee believes that a new proposal will result in a sale of the Property and, therefore, proposes to attempt to sell the Property again through a written/oral bid auction sale.

Because of its need for timberland, MFR desires to purchase the Property from the Plan provided that it is the highest bidder. MFR represents that the Sale price will be at least the greater of: (a) The fair market value of the Property on the date of the Sale; or (b) the Plan's aggregate costs of acquiring and holding the Property. Accordingly, the Advisory Committee of the Plan requests an administrative exemption from the Department to permit the Sale of the Property under the terms and conditions described herein. The Sale will be a one-time cash transaction, and the Plan will not be required to pay any fees, commissions or expenses in connection with the Sale.

6. The Trustee has indicated that the bid auction sale for the Property will be conducted sometime in 1995. In preparation of such auction, the Advisory Committee represents that the Trustee will circulate a written bid proposal to approximately 100 prospective bidders which will allow them to bid either in writing prior to the auction or orally at the action. The minimum bid set forth in the bid proposal will be at least the Property's fair market value as of the date of such proposal. The Property will be sold to the highest bidder, which may or may not be MFR, only if the highest bid exceeds the minimum bid set by the Trustee. Acceptance of the highest bidder's offer is subject to final acceptance and approval by the Trustee's Trust Committee. For purposes of condition #4 of this proposed exemption, the fair market value of the Property on the date of the Sale will be determined in the following manner. If the Trustee receives two or more bids from unrelated individuals or entities, the highest bid will be deemed to be the Property's fair market value on the date of the Sale. If the Trustee receives less than two bids from unrelated individuals or entities, the fair market value on the date of the Sale will be determined by an independent, qualified appraiser. In this event, MFR's bid cannot be less than the fair market value of the Property as determined by the independent, qualified appraiser on the date of the Sale.

7. In summary, it is represented that the transaction will satisfy the statutory criteria of section 408(a) of the Act because: (a) All terms and conditions of the Sale will be at least as favorable to the Plan as those obtainable in an arm's length transaction; (b) the Sale will be a one-time cash transaction; (c) the Plan will not be required to pay any commissions, costs or other expenses in connection with the Sale; and (d) the Plan will receive a sales price equal to the greater of: (1) The fair market value of the Property on the date of the Sale; or (2) the Plan's aggregate costs of acquiring and holding the Property.

FOR FURTHER INFORMATION CONTACT: Kathryn Parr of the Department, telephone (202) 219–8971. (This is not a toll-free number.)

Virginia Fibre Corporation Employees Retirement Savings Plan (the Plan) Located in Amherst, Virginia

[Application No. D–09901]

Proposed Exemption

The Department is considering granting an exemption under the authority of section 408(a) of the Act and section 4975(c)(2) of the Code and in accordance with the procedures set forth in 29 CFR Part 2570, Subpart B (55 FR 32836, 32847, August 10, 1990). If the exemption is granted the restrictions of sections 406(a), 406 (b)(1) and (b)(2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1)(A) through (E) of the Code, shall not apply, effective February 1, 1995, to (1) The proposed purchase from the Plan (the Purchase) by the Virginia Fibre Corporation (the Employer), the sponsor of the Plan, of a guaranteed investment contract (the GIC) issued by the Confederation Life Insurance Company (Confederation Life); or, in the alternative, (2) the proposed interest-free loan to the Plan by the Employer (the Loan) with respect to the GIC, including repayment of the Loan; provided that the following conditions are satisfied:

(A) All terms and conditions of the transactions are at least as favorable to the Plan as those which the Plan could obtain in an arm's-length transaction with an unrelated party;

(B) In the event of the Purchase, the Plan receives a cash purchase price which is no less than the greater of (1) The fair market value of the GIC as of the sale date, or (2) the GIC's Maturity Payment, as described below;

(C) In the event of the Loan: (1) The Loan is in the amount of the GIC's Maturity Payment, as described below; (2) the Loan is repaid only from GIC Proceeds, defined as the amounts paid by or on behalf of Confederation Life or any other entity making payment with respect to Confederation Life's obligations under the GIC; (3) the Plan incurs no expenses or interest with respect to the Loan; and (4) repayment of the Loan is waived to the extent the Loan exceeds the GIC Proceeds.

EFFECTIVE DATE: This exemption, if granted, will be effective as of Febraury 1, 1995.

Summary of Facts and Representations

1. The Employer is a Virginia corporation engaged in the manufacture of corrugating medium and liner board, with its principal place of business in Amherst, Virginia, and is wholly owned by the Grief Bros. Corporation, located in Delaware, Ohio. The Plan is a defined contribution 401(k) plan with 240 participants and total assets of approximately $5,510,972 as of September 30, 1994. The Plan's assets are held, managed and invested by its trustee, Society National Bank in Cleveland, Ohio.

2. The Plan provides for individual participant accounts (the Accounts) and participant-directed investment of the Accounts. The Plan participants may direct the investment of their Accounts among various investment options offered by the Trustee, including the Virginia Fibre MAGIC Fund (the M Fund), which invests in, among other things, guaranteed investment contracts issued by insurance companies. Of the Plan's 280 participants, 168 Accounts are invested in the M Fund. Among the

assets in the M Fund is the GIC, a single-deposit, non-benefit-responsive guaranteed investment contract issued to the Plan on February 2, 1990 by Confederation Life, a Canadian life insurance company doing business in the United States through subsidiaries in Michigan and Georgia. The GIC was purchased by the Plan for an initial principal deposit of $250,000 (the GIC Principal), which earns interest at the rate of 9.18 percent per annum (the Contract Rate). The GIC terms provide for annual interest payments (the Annual Payments) on February 1 each year, commencing 1991 through 1995. All Annual Payments through 1994 have been made by Confederation Life and received by the Plan. The GIC provides for no pre-maturity withdrawals of principal, and has a maturity date of February 1, 1995 (the Maturity Date). Upon the Maturity Date, the Plan is due a final Annual Payment plus the total GIC Principal, for a total of $272,950 (the Maturity Payment).

3. On August 12, 1994, Confederation life was placed in receivership (the Receivership) pursuant to rehabilitation proceedings by the State of Michigan.[6] Consequently, Confederation Life's assets and operations were frozen, and payments on all its guaranteed investment contracts were suspended effective as of the Receivership commencement. The Employer represents that under the prevailing circumstances, it is unlikely that the Maturity Payment will be made to the Plan when due on February 1, 1995. The Employer is also concerned that the Plan may never recover the full Maturity Payment in its entirety. The Employer desires to protect Plan participants and beneficiaries from any loss resulting from the Receivership, by purchasing the GIC from the Plan, if allowable, or by lending the Plan the amount of the Maturity Payment, if the purchase is not allowable. The Employer is requesting an exemption for such transactions under the terms and conditions described herein.

4. The Employer prefers to purchase the GIC from the Plan on February 1, 1995 for the amount of the Maturity Payment due the Plan on that date. However, the terms of the GIC include a prohibition against assignment of the GIC. The Employer and the Trustee represent that they have initiated the process of obtaining a release from this contractual prohibition. If a release is obtained to enable the GIC's transfer to the Employer, the Employer will purchase the GIC on February 1, 1995 for cash in the amount of the Maturity Payment due on that date. The Plan will incur no expenses with respect to this proposed sale transaction.

In the event the parties are unable to obtain a release from the prohibition on assignability of the GIC, on February 1, 1995 the Employer will make a cash loan to the Plan (the Loan) in the amount of the Maturity Payment due on that date. The Loan will be interest-free, and the Plan will incur no expenses related to the Loan. Repayment of the Loan will be restricted to the amounts which the Plan receives from Confederation Life or any other entity making payment with respect to Confederation Life's obligations under the GIC (the GIC Proceeds). To the extent the Loan exceeds the GIC Proceeds, repayment of the Loan will be waived.

5. In summary, the applicant represents that the proposed transactions satisfy the criteria of section 408(a) of the Act for the following reasons: (1) The transactions will protect the Plan from any loss on the GIC's full Maturity Payment which might result from the Receivership; (2) The Employer's proposed purchase of the GIC will be a one-time transaction for cash in which the Plan receives no less than the greater of the fair market value of the GIC or the Maturity Payment; (3) If a release is not obtained to enable the purchase of the GIC, the Plan will still receive the Maturity Payment when due, in the form of the Loan; (4) If the Loan is made, its repayment will be restricted to GIC Proceeds; (5) To the extent the Loan exceeds GIC Proceeds, the repayment of the Loan will be waived; and (6) The Plan will pay no interest or incur any expenses with respect to the proposed transactions.

FOR FURTHER INFORMATION CONTACT: Ronald Willett of the Department, telephone (202) 219–8881. (This is not a toll-free number.)

Profit Sharing Plan for Employees of Annis, Mitchell, Cockey, Edwards & Roehn, P.A. (the Plan) Located in Tampa, Florida

[Application No. D–09906]

Proposed Exemption

The Department is considering granting an exemption under the authority of section 408(a) of the Act and section 4975(c)(2) of the Code and in accordance with the procedures set forth in 29 CFR Part 2570, Subpart B (55 FR 32836, 32847, August 10, 1990). If the exemption is granted, the restrictions of sections 406(a), 406 (b)(1) and (b)(2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1) (A) through (E) of the Code, shall not apply to the proposed sale by the Plan to Annis, Mitchell, Cockey, Edwards & Roehn, P.A. (the Employer), of the Plan's interest (the Interest) in a limited partnership, for $40,000 in cash, provided the following conditions are satisfied: (a) The sale is a one-time transaction for cash; (b) no commissions or other expenses are paid by the Plan in connection with the sale; and (c) the Plan receives not less than the fair market value of the Interest as of the date of the sale as determined by a qualified, independent expert.

Summary of Facts and Representations

1. The Plan is a defined contribution, profit sharing plan which currently has approximately 105 participants. As of September 30, 1994, the aggregate fair market value of the Plan's assets was $3,378,407. The Employer is a professional association engaged in the practice of law in Tampa, Florida.

2. On June 30, 1988 the Plan acquired the Interest, which is a one-half unit of limited partnership interest in Hunter's Ridge Associates, Ltd. (the Partnership). The business of the Partnership is to acquire, own, operate, improve and otherwise deal with an apartment complex located in Winter Park, Florida. The Partnership units were not registered with the Securities and Exchange Commission or the Florida Division of Securities, but rather were privately placed. The total number of units offered and sold was 35. No shareholder or employee of the Employer individually purchased an interest in the Partnership.

3. The Plan has now been modified to permit individual investment selections by the Plan participants. The Plan's investment in the Interest is illiquid, difficult to accurately value and hard to allocate among participants. In order to improve the Plan's liquidity and to reduce accounting costs for the Plan attributable to this investment, the Plan would like to sell the Interest to the Employer.

4. If the exemption proposed herein is granted, the Plan will assign the Interest to the Employer as a substitute investor in the Partnership, in exchange for a lump sum cash payment equivalent to the current fair market value of the Interest from the Employer. Participants' accounts will receive an allocation in cash exactly equal to the most recent valuation of the Interest. No broker fees

[6] The Department notes that the decisions to acquire and hold the GIC are governed by the fiduciary responsibility requirements of Part 4, Subtitle B, Title I of the Act. In this proposed exemption, the Department is not proposing relief for any violations of Part 4 which may have arisen as a result of the acquisition and holding of the GIC.

or administrative fees will be incurred by the Plan since the Employer will absorb the cost of the transfer.

5. Mr. Richard D. Schofield, a registered real estate broker who has been in the real estate business for 17 years, is the general partner of the Partnership. Mr. Schofield represents that as of January 5, 1995, the Interest would be appraised as having a fair market value at its original cost, or $40,000. This is the purchase price that the Employer proposes to pay to the Plan for the Interest.

6. In summary, the applicant represents that the proposed transaction satisfies the criteria contained in section 408(a) of the Act because: (a) The sale is a one-time transaction for cash; (b) the Plan will pay no commissions or fees in connection with the transaction; (c) the Plan will receive not less than the current fair market value of the Interest at the time of the sale; and (d) the fair market value for the Interest has been determined by Mr. Schofield, a qualified, independent expert who is the general partner of the Partnership.

FOR FURTHER INFORMATION CONTACT: Gary H. Lefkowitz of the Department, telephone (202) 219–8881. (This is not a toll-free number.)

General Information

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest of disqualified person from certain other provisions of the Act and/or the Code, including any prohibited transaction provisions to which the exemption does not apply and the general fiduciary responsibility provisions of section 404 of the Act, which among other things require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(b) of the act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

(2) Before an exemption may be granted under section 408(a) of the Act and/or section 4975(c)(2) of the Code, the Department must find that the exemption is administratively feasible, in the interests of the plan and of its participants and beneficiaries and protective of the rights of participants and beneficiaries of the plan;

(3) The proposed exemptions, if granted, will be supplemental to, and not in derogation of, any other provisions of the Act and/or the Code, including statutory or administrative exemptions and transitional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

(4) The proposed exemptions, if granted, will be subject to the express condition that the material facts and representations contained in each application are true and complete, and that each application accurately describes all material terms of the transaction which is the subject of the exemption.

Signed at Washington, DC, this 7th day of February, 1995.

Ivan Strasfeld,

Director of Exemption Determinations, Pension and Welfare Benefits Administration, Department of Labor.

[FR Doc. 95–3407 Filed 2–9–95; 8:45 am]

BILLING CODE 4510–29–P

[Prohibited Transaction Exemption 95–09; Exemption Application No. D–09462, et al.]

Grant of Individual Exemptions; Peoples Security Life Insurance Company, et al.

AGENCY: Pension and Welfare Benefits Administration, Labor.

ACTION: Grant of Individual Exemptions.

SUMMARY: This document contains exemptions issued by the Department of Labor (the Department) from certain of the prohibited transaction restrictions of the Employee Retirement Income Security Act of 1974 (the Act) and/or the Internal Revenue Code of 1986 (the Code).

Notices were published in the **Federal Register** of the pendency before the Department of proposals to grant such exemptions. The notices set forth a summary of facts and representations contained in each application for exemption and referred interested persons to the respective applications for a complete statement of the facts and representations. The applications have been available for public inspection at the Department in Washington, DC. The notices also invited interested persons to submit comments on the requested exemptions to the Department. In addition the notices stated that any interested person might submit a written request that a public hearing be held (where appropriate). The applicants have represented that they have complied with the requirements of the notification to interested persons. No public comments and no requests for a hearing, unless otherwise stated, were received by the Department.

The notices of proposed exemption were issued and the exemptions are being granted solely by the Department because, effective December 31, 1978, section 102 of Reorganization Plan No. 4 of 1978 (43 FR 47713, October 17, 1978) transferred the authority of the Secretary of the Treasury to issue exemptions of the type proposed to the Secretary of Labor.

Statutory Findings

In accordance with section 408(a) of the Act and/or section 4975(c)(2) of the Code and the procedures set forth in 29 CFR Part 2570, Subpart B (55 FR 32836, 32847, August 10, 1990) and based upon the entire record, the Department makes the following findings:

(a) The exemptions are administratively feasible;

(b) They are in the interests of the plans and their participants and beneficiaries; and

(c) They are protective of the rights of the participants and beneficiaries of the plans.

Peoples Security Life Insurance Company (Peoples) Located in Durham, North Carolina

[Exemption Application No.: D–09462]

Commonwealth Life Insurance Company (Commonwealth) Located in Louisville, Kentucky

[Prohibited Transaction Exemption 95–09; Exemption Application No.: D–09463]

Exemption

The restrictions of section 406(a) of the Act and the sanctions resulting from the application of section 4975(c)(1) (A) through (D) of the Code, shall not apply, effective March 1, 1992, to: (1) The extension of credit by Peoples or Commonwealth (the Applicants), the sponsors of an investment product (the Group Annuity Contract or GAC) in connection with a plan's investment in the GAC; and (2) the reimbursement of Peoples or Commonwealth for benefit payments made to investing plans from the cashflow generated by the investments in the plans' Custodian Accounts which are set up by a plan pursuant to the GAC, or (3) the reimbursement of Peoples or Commonwealth for benefit payments made to investing plans from the proceeds generated by liquidation of investments in the Custodial Accounts upon termination of the Group Annuity Contract provided:

1. The decision to enter into the Group Annuity Contract will be made

by a plan fiduciary who is independent of Peoples and Commonwealth and any affiliates of such entities (the Independent Fiduciary).

2. Prior to a plan's investment in the Group Annuity Contract, the Independent Fiduciary for such plan receives full and detailed written disclosures of all features of the Group Annuity Contract including all applicable premium charges.

3. Neither Peoples nor Commonwealth or any of their affiliates has discretionary authority or control with respect to the decision to invest plan assets in the investment product described herein or renders investment advice (within the meaning of 29 CFR 2510.3–21(a)) with respect to those assets.

4. Neither Peoples nor Commonwealth or any of their affiliates exercises any discretion or renders investment advice on behalf of a plan with respect to the ongoing acquisition, management or disposition of Custodian Account assets.

5. For all transactions that occur after the date of publication of the proposed and final exemptions, Peoples and Commonwealth provide copies of the proposed and final exemptions as published in the **Federal Register** to each plan which invests in a Group Annuity Contract.

6. The premiums charged by Peoples and Commonwealth for the GAC (including early termination charges assessed in the event of early contract termination) will not be in excess of ''reasonable compensation'' within the meaning of section 408(b)(2) of the Act and will constitute the only fees charged by Peoples or Commonwealth in connection with such contract other than accrued interest on unreimbursed benefit payments.

7. Peoples and Commonwealth maintain or cause to be maintained, for a period of six years, the records necessary to enable the persons described in paragraph (8) of this section to determine whether the conditions of this exemption have been met, except that (a) a prohibited transaction will not be considered to have occurred if, due to circumstances beyond the control of Peoples or Commonwealth or its agents, the records are lost or destroyed prior to the end of the six year period, and (b) no party in interest other than Peoples or Commonwealth shall be subject to the civil penalty that may be assessed under section 502(i) of the Act, or to the taxes imposed by section 4975(a) and (b) of the Code, if the records are not maintained, or are not available for examination as required by paragraph (8) below.

8(a). Except as provided in section (b) of the paragraph and notwithstanding any provisions of subsections (a)(2) and (b) of section 504 of the Act, the records referred to in paragraph 7 of this section shall be unconditionally available at their customary location during normal business hours by:

(1) Any duly authorized employee or representative of the Department or the Internal Revenue Service (the Service);

(2) Any fiduciary of an investing Plan or any duly authorized representative of such fiduciary;

(3) Any contributing employer to an investing Plan or any duly authorized employee or representative of such employee; and

(4) Any participant or beneficiary of an investing Plan, or any duly authorized representative of such participant or beneficiary.

(b) None of the persons described above in subparagraph (2)–(4) of this paragraph 8 shall be authorized to examine the trade secrets of Peoples or Commonwealth or its affiliates or commercial or financial information which is privileged or confidential.

For purposes of this exemption, affiliate means:

(a) Any person directly or indirectly through one or more intermediaries, controlling, controlled by, or under common control with such other person;

(b) Any officer, director or partner, in such other person; and

(c) Any corporation or partnership of which such other person is an officer, director or partner.

Control means the power to exercise a controlling influence over the management or policies of a person other than an individual.

Written Comments

In the Notice of Proposed Exemption (the Notice), the Department invited all interested persons to submit written comments on the proposed exemption within 45 days from the date of publication of the Notice in the **Federal Register**. All written comments were to have been received by the Department by December 29, 1994. The Department received one written comment submitted by the Applicants. The issue addressed in the comment and the Department's response are summarized as follows:

The application for exemption submitted by the Applicants requested a March 1, 1992 effective date for the requested exemption. The effective date was not specified in the notice of proposed exemption published in the **Federal Register** on November 14, 1994 (59 FR 5655). Accordingly, the Applicants request that the Department clarify that the final exemption is effective as of March 1, 1992.

The Department concurs with the Applicants' comment and notes that, in order for the exemption to apply to a covered transaction, all of the conditions in the exemption except condition 5 (relating to the provision of copies of the proposed and final exemption to plan investors) must have been met.

FOR FURTHER INFORMATION CONTACT: Lyssa E. Hall of the Department, telephone (202) 219–8971. (This is not a toll-free number.)

CNA Employees' Retirement Trust (the Trust) Located in Chicago, Illinois

[Prohibited Transaction Exemption 95–10; Exemption Application Nos. D–09539 through D–09544]

Exemption

The restrictions of sections 406(a), 406 (b)(1) and (b)(2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1) (A) through (E) of the Code, shall not apply, effective January 17, 1992, to fifteen past sales and purchases by the Trust of twelve issues of short-term commercial paper (the CNA Transactions), as identified in the Notice of Proposed Exemption, involving the Continental Casualty Company, the Continental Assurance Company, the Continental Assurance Company Guaranteed Investment Fund, the Valley Forge Life Insurance Company, Valley Forge Insurance Company, and the American Casualty Company of Reading, Pennsylvania (collectively, the CNA Companies), each of which is a party in interest with respect to the CNA Employees' Retirement Plan, whose assets are held by the Trust; provided that the following conditions are satisfied:

(A) In each of the CNA Transactions, the Trust paid no more, or received no less, than the fair market value of the commercial paper involved in the transaction;

(B) The CNA Transactions constituted, in the aggregate, less than four percent of all commercial paper transactions of the Trust during 1992; and

(C) The CNA Companies have undertaken efforts to prevent any recurrence of direct or indirect transactions involving the Trust and the CNA Companies, including the appointment of an independent investment manager of all the Trust's commercial paper investments.

EFFECTIVE DATE: This exemption is effective as of January 17, 1992.

For a more complete statement of the facts and representations supporting the

Department's decision to grant this exemption, refer to the notice of proposed exemption published on November 28, 1994 at 59 FR 60843.

Written Comments

The Department received one written comment, which included a request for a hearing. The comment did not address substantively the transactions which were the subject of the proposed exemption. Subsection (b) of 29 CFR 2570.46, in the prohibited transaction exemption procedure, states that the Department will grant a request for a hearing where a hearing is necessary to fully explore material factual issues identified by the person requesting the hearing. The Department has determined that no issues have been identified which would require the convening of a hearing, and, accordingly, has determined not to hold a public hearing.

After careful consideration of the entire record, the Department has determined to grant the exemption.

FOR FURTHER INFORMATION CONTACT: Ronald Willett of the Department, telephone (202) 219–8881. (This is not a toll-free number.)

Hospital Supplies, Inc. Pension Plan (the Plan) Located in Radnor, Pennsylvania

[Prohibited Transaction Exemption 95–11; Application No. D–09727]

Exemption

The sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1) (A) through (E) of the Code, shall not apply to the cash sale of two adjacent parcels of real property (the Properties) by the Plan to Armond J. Civera, Jr. (Mr. Civera),[1] a disqualified person with respect to the Plan, provided that the following conditions are satisfied:

(a) The sale will be a one-time cash transaction;

(b) The Plan will receive for each Property the current fair market value established at the time of the sale by an independent qualified appraiser;

(c) The Plan will pay no expenses associated with the sale.

For a more complete statement of the facts and representations supporting the Department's decision to grant this exemption refer to the notice of proposed exemption published on January 4, 1995 at 60 FR 486/487.

[1] Because Mr. Civera is the only participant in the Plan and the Employer is wholly owned by Mr. Civera there is no jurisdiction with respect to the Plan under Title I of the Act pursuant to CFR 2510.3–3(b) and (c). However, there is jurisdiction under Title II of the Act pursuant to section 4975 of the Code.

FOR FURTHER INFORMATION CONTACT: Ekaterina A. Uzlyan of the Department at (202) 219–8883. (This is not a toll-free number.)

Clarence E. Coker, Jr. and the Clarendon Family Practice, PA Employee Retirement Plan (the Plan) Located in Manning, South Carolina

[Prohibited Transaction Application 95–12; Exemption Application No. D–09736]

Exemption

The restrictions of sections 406(a), 406 (b)(1) and (b)(2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1) (A) through (E) of the Code, shall not apply to the sale of approximately eight acres of unimproved land (the Land) by the Plan to Dr. Clarence E. Coker, Jr., (Dr. Coker), a party in interest with respect to the Plan; provided that the following conditions are satisfied:

(a) The sale will be a one-time cash transaction;

(b) The Plan will receive the higher of: (1) the original acquisition cost; [2] or (2) the current fair market value plus a certain premium related to the adjacency of the Land to other real property owned by Dr. Coker, established at the time of the sale by an independent qualified appraiser; and

(c) The Plan will pay no expenses associated with the sale. For a more complete statement of the facts and representations supporting the Department's decision to grant this exemption refer to the notice of proposed exemption published on December 19, 1994 at 59 FR 65396/65397.

Alucobond Technologies, Incorporated Employees' Savings Plan (the Plan) Located in St. Louis, Missouri

[Prohibited Transaction Exemption 95–13; Application No. D–09834]

Exemption

The restrictions of sections 406(a), 406 (b)(1) and (b)(2) of the Act and the sanctions resulting from the application of section 4975 of the Code, by reason of section 4975(c)(1) (A) through (E) of the Code shall not apply to (1) the interest-free loan to the Plan (the Loan) by Alucobond Technologies, Incorporated (the Employer), a party in interest with respect to the Plan, and (2) the Plan's potential repayment of the Loan upon the receipt by the Plan of payments under Guaranteed Investment Contract No. CG01285A3A (the GIC) issued by Executive Life Insurance Company (Executive Life); provided the following conditions are satisfied:

(A) No interest or expenses are paid by the Plan in connection with the transaction;

(B) The Loan will be repaid only out of amounts paid to the Plan by Executive Life, its successors, or any other responsible third party; and

(C) Repayment of the Loan is waived with respect to the amount by which the Loan exceeds GIC proceeds.

For a more complete statement of the facts and representations supporting the Department's decision to grant this exemption, refer to the notice of proposed exemption published on December 19, 1994 at 59 FR 65393.

FOR FURTHER INFORMATION CONTACT: Virginia J. Miller of the Department, telephone (202) 219–8971. (This is not a toll-free number.)

General Information

The attention of interested persons is directed to the following:

(1) The fact that a transaction is the subject of an exemption under section 408(a) of the Act and/or section 4975(c)(2) of the Code does not relieve a fiduciary or other party in interest or disqualified person from certain other provisions to which the exemptions does not apply and the general fiduciary responsibility provisions of section 404 of the Act, which among other things require a fiduciary to discharge his duties respecting the plan solely in the interest of the participants and beneficiaries of the plan and in a prudent fashion in accordance with section 404(a)(1)(B) of the Act; nor does it affect the requirement of section 401(a) of the Code that the plan must operate for the exclusive benefit of the employees of the employer maintaining the plan and their beneficiaries;

(2) These exemptions are supplemental to and not in derogation of, any other provisions of the Act and/or the Code, including statutory or administrative exemptions and transactional rules. Furthermore, the fact that a transaction is subject to an administrative or statutory exemption is not dispositive of whether the transaction is in fact a prohibited transaction; and

(3) The availability of these exemptions is subject to the express condition that the material facts and representations contained in each application accurately describes all

[2] The original acquisition cost is determined as follows: (original purchase price+aggregate real estate taxes)−aggregate rental income=original acquisition cost.

material terms of the transaction which is the subject of the exemption.

Signed at Washington, D.C., this 7th day of February, 1995.

Ivan Strasfeld,

Director of Exemption Determinations, Pension and Welfare Benefits Administration, Department of Labor.

BILLING CODE 4510–29–P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration, Office of Records Administration.

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Records schedules identify records of sufficient value to warrant preservation in the National Archives of the United States. Schedules also authorize agencies after a specified period to dispose of records lacking administrative, legal, research, or other value. Notice is published for records schedules that (1) propose the destruction of records not previously authorized for disposal, or (2) reduce the retention period for records already authorized for disposal. NARA invites public comments on such schedules, as required by 44 USC 3303a(a).

DATES: Request for copies must be received in writing on or before March 27, 1995. Once the appraisal of the records is completed, NARA will send a copy of the schedule. The requester will be given 30 days to submit comments.

ADDRESSES: Address requests for single copies of schedules identified in this notice to the Records Appraisal and Disposition Division (NIR), National Archives and Records Administration, College Park, MD 20740. Requesters must cite the control number assigned to each schedule when requesting a copy. The control number appears in the parentheses immediately after the name of the requesting agency.

SUPPLEMENTARY INFORMATION: Each year U.S. Government agencies create billions of records on paper, film, magnetic tape, and other media. In order to control this accumulation, agency records managers prepare records schedules specifying when the agency no longer needs the records and what happens to the records after this period. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. These comprehensive schedules provide for the eventual transfer to the National Archives of historically valuable records and authorize the disposal of all other records. Most schedules, however, cover records of only one office or program or a few series of records, and many are updates of previously approved schedules. Such schedules also may include records that are designated for permanent retention.

Destruction of records requires the approval of the Archivist of the United States. This approval is granted after a thorough study of the records that takes into account their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and historical or other value.

This public notice identifies the Federal agencies and their subdivision requesting disposition authority, includes the control number assigned to each schedule, and briefly describes the records proposed for disposal. The records schedule contains additional information about the records and their disposition. Further information about the disposition process will be furnished to each requester.

Schedules Pending

1. Department of the Air Force (N1–AFU–95–3). Routine records of closing bases.

2. Department of the Army (N1–AU–94–23). Working papers and background material related to the Army Foreign Materiel Program.

3. Department of Housing and Urban Development (N1–207–94–1). Administrative Adjudication Case Files.

4. Department of Justice, Federal Bureau of Investigation (N1–65–94–2). Records relating to the Violent Crime Apprehension Program.

5. Department of State, Bureau of Economic and Business Affairs (N1–59–94–30 through –33). Routine, facilitative, and duplicative records relating to transportation, aviation, and maritime and land transport.

6. National Oceanic and Atmospheric Administration (N1–370–90–2). Portions of an agency-wide records schedule covering Scientific and Technical records, International Affairs records, Sea Grant Program records, and Records Common to All Offices.

7. Peace Corps (N1–490–95–1, –2, –3, –4 and –5). Automated records systems.

Dated: January 31, 1995.

Trudy Huskamp Peterson,

Acting Archivist of the United States.

NATIONAL SCIENCE FOUNDATION

Advisory Panel for Anthropological and Geographic Sciences; Meeting

In accordance with the Federal Advisory Committee Act (Pub. L. 92–463, as amended), the National Science Foundation (NSF) announces the following meeting:

Name: Advisory Panel for Anthropological and Geographic Sciences (#1757).

Date and Time: March 3–4, 1995; 9:00 a.m.–5:00 p.m.

Place: Port Orchard Room, Seattle Westin, 1900 5th Avenue, Seattle, Washington 98101.

Type of Meeting: Closed.

Contact Person: J.W. Harrington, Program Director for Geography and Regional Sciences, National Science Foundation, 4201 Wilson Boulevard, Room 995 Arlington, VA 22230. Telephone: (703) 306–1754.

Purpose of Meeting: To provide advice and recommendations concerning proposals submitted to the NSF Geography and Regional Sciences Program for financial support.

Agenda: To review and evaluate Geography and Regional Sciences Dissertation Research Improvement proposals as part of the selection process for awards.

Reason for Closing: The proposals being reviewed include information of a proprietary or confidential nature, including technical information; financial data, such as salaries; and personal information concerning individuals associated with the proposals. These matters are exempt under 5 U.S.C. 552b(c) (4) and (6) of the Government Sunshine Act.

Dated: February 7, 1995.

M. Rebecca Winkler,

Committee Management Officer.

BILLING CODE 7555–01

NUCLEAR REGULATORY COMMISSION

Documents Containing Reporting or Recordkeeping Requirements: Office of Management and Budget Review

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of the Office of Management and Budget Review of Information Collection.

SUMMARY: The Nuclear Regulatory Commission has recently submitted to the Office of Management and Budget (OMB) for review the following proposal

for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

1. Type of submission, new, revision or extension: Revision.

2. The title of the information collection: ''License Event Report.''

3. The form number if applicable: NRC Forms: 366, 366A, and 366B.

4. How often the collection is required: On occasion.

5. Who will be required or asked to report: Holders of Operating Licenses for Commercial Nuclear Power Plants.

6. An estimate of the number of responses: 1,500 per year.

7. An estimate of the total number of hours needed annually to complete the requirement or request: Approximately 50 hours per response. The total industry burden is 75,000 hours.

8. An indication of whether Section 3504(h), Pub. L. 96–511 applies: Not Applicable.

9. Abstract: NRC collects reports of operational events at commercial nuclear power plants in order to incorporate lessons of that experience in the licensing process and to feed back the lessons of that experience to the nuclear industry.

Copies of the submittal may be inspected or obtained for a fee from the NRC Public Document Room, 2120 L Street, NW., Lower Level, Washington, DC 20037. Comments and questions can be directed by mail to the OMB reviewer:

Troy Hillier, Office of Information and Regulatory Affairs (3150–0104), NEOB–10202, Office of Management and Budget, Washington, DC 20503

Comments can also be submitted by telephone at (202) 395–3084.

The NRC Clearance Officer is Brenda Jo Shelton, (301) 415–7230.

Dated at Rockville, Maryland this 6th day of February 1995.

For the Nuclear Regulatory Commission.

Gerald F. Cranford,

Designated Senior Official for Information Resources Management.

BILLING CODE 7590–01–M

[Docket Nos. 50–313/368, 72–1007]

In the Matter of Entergy Operations, Inc. (Arkansas Nuclear One); Sierra Nuclear Corporation; Director's Decision Under 10 CFR 2.206 (DD–95–03)

Notice is hereby given that the Director, Office of Nuclear Material Safety and Safeguards, has taken action with regard to the Petition of July 5, 1994, by Dennis Dums, on behalf of the Wisconsin Citizen's Utility Board, requesting that the Chairman exercise his authority to: (1) Determine the applicability of 10 C.F.R. 72.48 to 10 C.F.R. part 72 subparts K and L; (2) determine whether Entergy Operations, Inc. (Entergy) is in violation of any U.S. Nuclear Regulatory Commission regulations regarding use of 10 C.F.R. 72.48 to make modifications to the VSC–24 cask for use at Arkansas Nuclear One (ANO); (3) order ANO to cease using 10 C.F.R. 72.48 until NRC determines whether or not it is applicable; (4) order Sierra Nuclear Corporation to cease construction of VSC–24 casks for use at ANO that are being constructed based on ANO's 10 C.F.R. 72.48 evaluation. Notice of Receipt of Petition for Director's Decision under 10 C.F.R. 2.206, dated August 16, 1994, was published in the **Federal Register** on August 24, 1994 (59 FR 43594).

The Director of the Office of Nuclear Material Safety and Safeguards has determined to grant in part and deny in part the actions requested by the Petition. The reasons for this decision are explained in the ''Director's Decision under 10 C.F.R. 2.206'' (DD–95–03), which is published below.

A copy of the decision will be filed with the Office of the Secretary for the Commission in accordance with 10 C.F.R. 2.206(c) of the Commission's regulations. As provided by this regulation, the decision will constitute the final action of the Commission 25 days after the date of issuance of the decision unless the Commission on its own motion institutes a review of the decision within that time.

Copies of the Petition, dated July 5, 1994, and the Notice of Receipt of Petition for Director's Decision under 10 C.F.R. 2.206 that was published in the **Federal Register** on August 24, 1994 (59 FR 43594), and other documents related to this Petition are available in the NRC Public Document Room, the Gelman Building, 2120 L Street, NW. (Lower Level), Washington, DC 20555 and Local Public Document Room at the Tomlinson Library, Arkansas Tech University, Russellville, Arkansas 72801.

Dated at Rockville, Maryland, this 31st day of January 1995.

For the Nuclear Regulatory Commission.

Robert M. Bernero,

Director, Office of Nuclear Material Safety and Safeguards.

Introduction

By Petition dated July 5, 1994 (Petition), Dennis Dums, on behalf of the Wisconsin Citizen's Utility Board (Petitioner), filed a request pursuant to 10 C.F.R. 2.206 that the U.S. Nuclear Regulatory Commission (NRC): (1) Determine the applicability of 10 C.F.R. 72.48 to 10 C.F.R. Part 72 Subparts K and L; (2) determine whether Entergy Operations, Inc. (Entergy) is in violation of any NRC regulations regarding use of 10 C.F.R. 72.48 to make modifications to the VSC–24 cask for use at Arkansas Nuclear One (ANO); (3) order ANO to cease using 10 C.F.R. 72.48 until NRC determines whether or not it is applicable; (4) order Sierra Nuclear Corporation (SNC) to cease construction of VSC–24 casks for use at ANO that are being constructed based on ANO's 10 C.F.R. 72.48 evaluation.

By letter to Mr. Dennis Dums, dated August 16, 1994, I acknowledged receipt of the Petition. Notice of receipt was published in the **Federal Register** on August 24, 1994 (59 FR 43594). For the reasons given below, I have now concluded that the Petitioner's request should be granted in part and denied in part.

Background

The Petitioner submitted its July 5, 1994, request to NRC in connection with an earlier letter to NRC dated June 2, 1994, from Entergy, an NRC licensee under 10 CFR part 50, which operates ANO Units 1 and 2 near Russellville, Arkansas. In its June 2 letter, Entergy had briefly described its plans for spent nuclear fuel storage at ANO, involving use of the VSC–24 dry cask, in accordance with the general license of 10 CFR Part 72, Subpart K. Entergy had also stated in the June 2 letter that its use of the VSC–24 would involve minor changes to the cask design. According to Entergy's July 2 letter, the specific changes involved lengthening the approximately eighteen foot VSC–24 by about 11 inches in order to accommodate the slightly longer ANO Unit 2 fuel.

The June 2 letter went on to advise NRC of Entergy's conclusions that section 72.48 of the Commission's regulations applied to the changes Entergy proposed to make to the cask for use at ANO. It was this statement by Entergy regarding the applicability of 72.48 that apparently prompted the Petition that is the subject of this decision.

Section 72.48 of the Commission's regulations covers ''Changes, tests, and experiments'' that may be made by the ''holder of a license issued under this part'' without prior Commission

approval.[1] Specifically with regard to its determination to use section 72.48, Entergy's June 2 letter contended that the minor changes proposed for the VSC–24 cask were covered by a ''plain reading'' of the regulations. It argued the general license issued under 10 CFR part 72 was a license ''issued under this part,'' and that the minor changes to the VSC–24 by Entergy, as the license ''holder,'' could therefore be made to address site-specific considerations ''as determined necessary'' by Entergy. It also contended its approach was consistent with the regulatory background of the general license, particularly the Commission's objective to provide for ''a regulatory framework allowing on-site spent fuel storage 'without, to the maximum extent practicable, the need for additional site-specific approvals by the Commission.' (55 FR 29181).'' Entergy Letter at 2.

It is the foregoing determination by Entergy with which the Petition takes issue.

The Petition asserts as bases for its requests that: Entergy is currently pursuing spent fuel storage at ANO through use of 10 CFR Subparts K and L; ANO currently intends to utilize the VSC–24 constructed by vendor SNC under an SAR submitted in October 1991, and safety evaluation report (SER), issued by the NRC in April 1993; and NRC response, dated January 31, 1994, to an October 13, 1993, public request for information, stated that Subparts K and L of 10 CFR Part 72 are silent on cask SAR and certificate changes after the final rule; an ANO request for a rule exemption to 10 CFR 72.234(c) was granted by the NRC to allow for the fabrication of four VSC–24 casks to the longer length prior to NRC approval of SNC's June 14, 1993, submittal of Revision 1 to the 1991 VSC–24 Cask SAR; a February 14, 1994, memorandum to NRC Assistant General Counsel Treby requested a legal interpretation of the applicability of 10 CFR 72.48 to general licenses issued under 10 CFR 72.210; a May 19, 1994, meeting was held regarding SNC's revisions to the VSC–24 SAR and the applicability of 10 CFR 72.48 to general license users, as well as a June 3, 1994, memorandum regarding this meeting which stated that ''the licensee can make its own interpretation of the regulations;'' and a letter dated June 2, 1994, from Entergy to the NRC which stated that Entergy has directed SNC to fabricate all fourteen planned casks with the increased length and that Entergy plans to continue to conduct evaluations in accordance with 10 CFR 72.48.

Entergy has not filed any comments with the NRC following publication of the Petition.

Discussion

As the discussion that follows will set forth in detail, we have determined that ANO, as a general licensee under 10 C.F.R. 72.210, can make use of 10 CFR 72.48. This determination is based first on the words of 10 C.F.R. 72.48 itself which are fully consistent with use of the authority in that section by a general licensee. Second, the determination is based on regulatory policy considerations. These include the extensive NRC safety review at the time of cask approval, the limited nature of the subsequent changes permitted under 10 C.F.R. 72.48, and the fact that NRC regulations in other contexts and over many years have permitted utilities such as ANO to make similar types of changes to nuclear facilities that involve safety issues previously reviewed by NRC.

This approach is well suited to the 10 C.F.R. Part 72 general license framework, especially given the Congressional purpose underlying the Nuclear Waste Policy Act of 1982 that directed the NRC to establish a licensing framework for spent fuel storage technologies that can be approved by the Commission for use at reactor sites ''without, to the maximum extent practicable, the need for additional site-specific approvals by the Commission'' (55 FR 29181). Because 10 C.F.R. 72.48 permits certain changes by a licensee without Commission approval, making it available to general licensee's will further this Congressional purpose.

A. The Language of Section 72.48.

An analysis of the pertinent NRC regulations regarding use of 10 C.F.R. 72.48 by a general licensee shows that ANO's use of that authority is covered by the regulations. The relevant regulations and our analysis of them are given below.

10 CFR 72.48(a)(1) provides as follows:

*The holder of a license issued under this part may: (i) Make changes in the ISFSI * * * described in the Safety Analysis Report,* * * (iii) * * * without prior Commission approval, unless the proposed change, test or experiment involves a change in the license conditions incorporated in the license, an unreviewed safety question, a significant increase in occupational exposure or a significant unreviewed environmental impact. (Emphasis added.)

Further 10 CFR 72.210 provides as follows:

A general license is hereby issued for the storage of spent fuel *in an independent spent fuel storage installation* at power reactor sites to persons authorized to possess or operate nuclear power reactors under Part 50 of this chapter. (Emphasis added.)

In order to determine whether 10 C.F.R. 72.48 can be interpreted to cover the general license in section 72.210, the first question is whether the general licensee is ''the holder of a license issued under this part,'' as required for the application of 10 CFR 72.48. We think the language of § 72.210 answers this question. The phrase ''[a] general license is hereby issued,'' leaves no doubt the general license is ''a license issued under this part.'' Because a general licensee is ''the holder of a license issued under this part,'' § 72.48(a)(1) therefore applies.

The second question, in order to determine if 10 CFR 72.48 can be interpreted to apply to a general license, is whether changes to a certified cask by a general licensee can appropriately be termed ''changes in the ISFSI * * * described in the Safety Analysis Report,'' as required for the application of 10 CFR 72.48. We think the language of § 72.210 also resolves this issue. Specifically, the regulatory language of the general license authorizes ''storage * * * *in an independent spent fuel storage installation* * * * *in casks approved under the provisions of this part.*''[2] (Emphasis added.) The ISFSI under the general license incorporates the NRC approved casks. Further the NRC's approved casks under the general license are ISFSI components described in a safety analysis report and, specifically, in the cask vendor safety analysis report (SAR).[3] Therefore, changes to an NRC-approved cask, used in an ISFSI, by the general licensee literally are ''changes in the ISFSI * * * described in the Safety Analysis Report,'' and therefore are reasonably

[1] In particular, section 72.48(a)(1) provides in pertinent part as follows:

The holder of a license issued under this part may:

(i) Make changes in the ISFSI [i.e., independent spent fuel storage installation] * * * described in the Safety Analysis Report * * *

* * * without prior Commission approval, unless the proposed change * * * involves a change in the license conditions incorporated in the license, an unreviewed safety question, a significant increase in occupational exposure or a significant unreviewed environmental impact.

[2] See 10 CFR 72.212(a)(2) (''This general license is limited to storage of spent fuel in casks approved under the provisions of this part.'')

[3] See 10 CFR 72.230(a)(''A safety analysis report describing the proposed cask design and how the cask should be used to store spent fuel safely must be included with the application.'')

covered by the words of section 72.48(a)(1).[4]

B. Regulatory Policy Considerations

The foregoing analysis of the applicable regulations is fully supported by the policy underlying NRC's program for generic cask approvals. In particular, NRC generic approval of a cask certifies the cask for use under a range of environmental conditions sufficiently broad to encompass most sites within the United States, by using conservative requirements that make safety of an approved cask independent of the effects of site-specific phenomena. During the review of the SAR, NRC considers all credible accidents that could harm the cask. We analyze: drops, tipovers, lighting, floods, high and low temperatures, tornadoes, explosions, and other conditions. Using the safety analyses relied on by the NRC for the generic approval, a general licensee must thereafter establish that the cask is suitable for the environmental conditions of the licensee's site. However, use of the generically approved cask does not require additional NRC site-specific approvals, provided the conditions in the general license and the cask certificate are met.

The NRC's generic approval of a dry cask, without any site-specific approval, fulfills the express intent of the Congress. In the Nuclear Waste Policy Act of 1982, Congress directed the government (NRC and the Department of Energy) to establish a program allowing the NRC to approve spent fuel storage technologies ''by rule * * * without, to the maximum extent practicable, the need for additional site-specific approvals by the Commission.'' 42 U.S.C. 10198(a). If NRC were to require site-specific Commission approval of every change to an approved cask by a general licensee—even changes that did not involve any site-specific unreviewed environmental condition or safety issue—then its action could be viewed as seriously undermining the statutory policy supporting general cask approvals without, to the maximum extent practicable, requiring additional NRC site-specific approvals.

10 CFR 72.48 is limited to changes that do not involve ''a change in the license conditions incorporated in the license, an unreviewed safety question,[5] a significant increase in occupational exposure or a significant unreviewed environmental impact.'' If the proposed change involves a generic change to the certificate of compliance or any of the certificate's conditions then an application must be filed with the Commission for approval for this generic change.

The general licensee must also satisfy other requirements under section 72.48. For example, 10 CFR 72.48 requires that a licensee must permanently ''maintain records of changes in the ISFSI'' which ''include a written safety evaluation that provides the bases for the determination that the change * * * does not involve an unreviewed safety question.'' The NRC may examine these records during an inspection and take appropriate action if the changes made by the licensee do not comply with the regulations. Additionally, 10 CFR 72.48 requires that the licensee must annually furnish the NRC a report containing a brief description of the changes.

The decision whether a proposed change involves an unreviewed safety question is made initially by the licensee but can be reviewed by the NRC. If the NRC disagrees with the licensee's decision, the agency may, upon review, take appropriate enforcement action. To facilitate review of a licensee's decision during subsequent inspections, the NRC promulgated the record keeping and reporting requirements described above, thus requiring the licensee to maintain records related to the licensee's decision under 10 CFR 72.48.

There is a similar rule under 10 CFR Part 50 for production and utilization facilities. 10 CFR 50.59 allows utilities to make changes to their power plants under circumstances comparable to those circumstances covered by 72.48. In particular, 10 CFR 50.59 specifically allows a reactor licensee to modify its facility without prior NRC approval unless the modification involves a change in the technical specifications incorporated in the facility license or involves an unreviewed safety question. The definition and criteria in 10 CFR 50.59 for identifying whether a proposed change involves an unreviewed safety question are identical to those in 10 CFR 72.48. If the proposed change does involve either an unreviewed safety question or a change in the technical specifications, then the licensee must apply for an amendment to its license. For decades the NRC has allowed its licensees in the first instance to review proposed changes in their facilities to determine whether changes in technical specifications are involved or unreviewed safety questions are presented. The NRC would not be sensibly allocating its limited resources if the agency itself were to expressly review and approve every single facility change, whether or not it raises an unreviewed safety question. Rather, NRC retains an oversight function for enforcement purposes, supported by requirements for licensees to retain and preserve all records of 50.59 changes, just as they must retain all records of 72.48 changes. See Kelley v. Selin, No. 93–3613, Slip opinion at 11 (6th Cir., Jan. 11, 1995) (''* * * NRC's historical method of regulation * * * has long allowed licensees to make initial determinations about changes to their facilities and has enabled the agency to retain its enforcement power. 10 CFR 50.59.'')

Thus, for all of the foregoing reasons, we have determined that ANO, and any other general licensee under Subpart K, can make use of the authority in 10 CFR 72.48 to make changes that comply with the requirements of that section. We accordingly have no basis and therefore are declining to take enforcement action against ANO at this time. However, in our continuing regulatory oversight of ANO and other general licensees, we reserve the right to review any change made under 10 CFR 72.48 and take appropriate followup action.

Conclusion

Based on a review of the regulations and taking into account the relevant policy considerations, NRC staff has determined that 10 CFR 72.48 can be used by all Part 72 licensees. Therefore, the Petitioner's request to (1) determine the applicability of 10 CFR 72.48 to 10 CFR Part 72, Subparts K and L; and (2) determine whether Entergy is in violation of any NRC regulations regarding use of 10 CFR 72.48 has been granted. Further, in light of the foregoing determination that Entergy can make use of 10 CFR 72.48, the Petitioner's request to (3) order ANO to cease using 10 CFR 72.48 until NRC determines whether or not it is applicable, and (4) order Sierra Nuclear Corporation to cease construction of VSC–24 casks for use at ANO has therefore been denied.

[4] Commission policy already permits changes to a cask design approved by NRC in a site-specific licensing proceeding; this determination results in similar treatment for designs approved in rulemaking.

[5] Under 10 CFR 72.48, a proposed change involves an unreviewed safety question if:

(i) the probability of occurrence or the consequences of an accident or malfunction of equipment important to safety previously evaluated in the Safety Analysis Report (SAR) may be increased;

(ii) the possibility for an accident or malfunction of a different type than any evaluated previously in the SAR may be created; or

(iii) the margin of safety as defined in the basis for any technical specification is reduced.

Dated at Rockville, Maryland, this 31st day of January 1995.

OFFICE OF MANAGEMENT AND BUDGET

Draft Security Tenets for the National Information Infrastructure

AGENCY: Office of Management and Budget.

ACTION: Notice and request for comments.

SUMMARY: OMB is publishing these draft Security Tenants for the National Information Infrastructure (NII) on behalf of the Security Issues Forum of the Information Infrastructure Task Force. The Tenets were developed by the Forum to help support the secure use of the NII. The Forum is chaired by OMB. OMB has not adopted these Security Tenets as policy, but is publishing them in the belief that they are worthy of public discussion.

DATES: Comments should be submitted no later than April 11, 1995.

ADDRESSES: Comments should be sent to the Security Issues Forum c/o the Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10236, Washington, DC 20503. The Tenets can be downloaded from the IIFT gopher/bulletin board system: 202–501–1920. The IITF gopher/bulletin board can be accessed through the Internet by pointing your gopher client to IITF.DOC.GOV or by telnet to IITF.DOC.GOV and logging in as GOPHER. Electronic comments may be sent to HUTH__V@A1.EOP.GOV. (Note: e-mail address is A1, not AL.

FOR FURTHER INFORMATION CONTACT: Ms. Virginia Huth, NII Security Issues Forum, Office of Management and Budget, Washington, DC 20503. Voice telephone: 202–395–3785. Facsimile: 202–395–5167. E-mail: HUTH__V@A1.EIP.GOV. (Note: e-mail address is A1, not AL.)

SUPPLEMENTARY INFORMATION: Government has an important public mission to support the secure use of the NII. In order for the support to be effective, the Government must cooperate with the private sector and with the public-at-large in setting legal and policy ground rules for security in the NII. The Security Issues Forum provides leadership for Federal NII security activities. The Security Tenets are an early step in the development of an ''NII Security Plan'' to define the security requirements for the NII and to determine needed policy, technology, and managerial controls, and what the Federal role will be to assure that those needs are fulfilled. The NII Security Plan will also incorporate the security principles developed by the Organization for Economic Cooperation and Development.

Sally Katzen,

Administrator, Office of Information and Regulatory Affairs.

Security Tenets for the National Information Infrastructure

Security is a critical component of the National Information Infrastructure (NII). NII participants must have confidence that the NII is a trustworthy, reliable system, or they will not use it.

NII security includes the integrity, confidentiality, and availability of the NII and of the information in the NII. In general, people who use the NII want to know that their information goes where and when they want it to, and nowhere else. From this general proposition flow five security tenets that the NII should provide the people who use it.

(1) The ability to control who sees (or cannot see) their information and under what terms;

(2) The ability to know who they are communicating with and that information received comes from who it says it is from;

(3) The ability to know that information stored or transmitted is unaltered;

(4) The ability to know when information and communication services will (or will not be) available; and

(5) The ability to block unwanted information or intrusions.

Two conditions attach to these security tenets:

(1) None of these tenets is absolute. For each tenet there may be valid societal reasons—such as an emergency or a need to protect another's rights—that cause the tenet to be conditional in some manner.

(2) Each tenet requires NII participants to take responsibility for establishing the terms and conditions under which they will exchange information. The distributed and empowered nature of this technology demands a greater level of responsibility. Education of NII participants is thus a critical task.

BILLING CODE 3110–01–M

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Meeting of the Advisory Committee on Trade Policy and Negotiations

AGENCY: Office of the United States Trade Representative.

ACTION: Notice that the February 9, 1995 meeting of the Advisory Committee on Trade Policy and Negotiation will be held from 10:00 a.m. to 2:00 p.m. The meeting will be closed to the public from 10:00 a.m. to :15 p.m. The meeting will be open to the public from 1:15 p.m. to 2:00 p.m.

SUMMARY: The Advisory Committee on Trade Policy and Negotiation will hold a meeting on December 6, 1994 from 10:00 a.m. to 2:00 p.m. The meeting will be closed to the public from 10:00 a.m. to 1:15 p.m. The meeting will include a review and discussion of current issues which influence U.S. trade policy. Pursuant to Section 2155(f)(2) of Title 19 of the United States Code, I have determined that this portion of the meeting will be concerned with matters

the disclosure of which would seriously compromise the development by the United States Government of trade policy, priorities, negotiating objectives or bargaining positions with respect to the operation of any trade agreement and other matters arising in connection with the development, implementation and administration of the trade policy of the United States. The meeting will be open to the public and press from 1:15 p.m. to 2:00 p.m. when trade policy issues will be discussed. Attendance during this part of the meeting is for observation only. Individuals who are not members of the committee will not be invited to comment.

DATES: The meeting is scheduled for February 9, 1995, unless otherwise notified.

ADDRESSES: The meeting will be held at the Sheraton-Carlton Hotel, located at 16th and K streets, NW., Washington, DC, unless otherwise notified.

FOR FURTHER INFORMATION CONTACT: Michaelle Burstin, Director of Public Liaison, Office of the United States Trade Representative, (202) 395–6120.

Michael Kantor,

United States Trade Representative.

BILLING CODE 3190–01–M

[Docket No. 301–98]

Initiation of Section 302 Investigation Concerning Certain Discriminatory Canadian Communications Practices; Proposed Determination; and Request for Public Comment

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of initiation of investigation under section 302(a) of the Trade Act of 1974, as amended (19 U.S.C. 2412(a)); notice of proposed determination; request for written comment.

SUMMARY: The United States Trade Representative (USTR) has initiated an investigation under section 302(a) of the Trade Act of 1974, as amended (the Trade Act), with respect to certain acts, policies and practices of the Government of Canada that have resulted in the denial of market access for U.S.-owned programming services to be distributed in Canada via cable carriage and in the termination of the authorization of a U.S.-owned programming service, Country Music Television (CMT), to be distributed in Canada via cable carriage. The USTR invites written comments from the public on the matters being investigated, particularly with respect to the amount of burden or restriction on U.S. commerce caused by the Canadian government's acts, policies and practices. In addition, the USTR is seeking public comment concerning a proposed determination that certain acts, policies and practices of Canada with respect to the granting or termination of authorizations for U.S.-owned programming services to be distributed in Canada via cable carriage are unreasonable or discriminatory and constitute a burden or restriction on U.S. commerce.

DATES: This investigation was initiated on February 6, 1995. Written comments from the public are due on or before noon on March 6, 1995.

ADDRESSES: Office of the United States Trade Representative, 600 17th Street, N.W., Washington, D.C. 20506.

FOR FURTHER INFORMATION CONTACT: Claude Burcky, Director for Canadian Affairs, (202) 395–3412, or Vanessa Sciarra, Assistant General Counsel, (202) 395–7305.

SUPPLEMENTARY INFORMATION: On December 23, 1994, CMT filed a petition pursuant to Section 302(a) of the Trade Act alleging that acts, policies and practices of the Canadian government regarding the authorization for distribution via cable carriage of U.S.-owned programming services are discriminatory and are actionable under Section 301.

Section 302(a) of the Trade Act authorizes the USTR to initiate an investigation under chapter 1 of Title III of the Trade Act (commonly referred to as ''section 301''), in response to the filing of a petition pursuant to Section 302(a)(1). Matters actionable under section 301 include, *inter alia,* acts, policies, and practices of a foreign country that are unreasonable or discriminatory and burden or restrict U.S. commerce. An act, policy or practice is unreasonable if the act, policy or practice, while not necessarily in violation of, or inconsistent with, the international legal rights of the United States, is otherwise unfair or inequitable. Unreasonable acts, policies or practices include, *inter alia,* denial of fair and equitable market opportunities.

On February 6, 1995, the USTR determined that an investigation should be initiated to determine whether certain acts, policies or practices of the Government of Canada that have resulted in the denial of market access for U.S.-owned programming services to be distributed in Canada via cable carriage and in the termination of the authorization of a U.S.-owned programming service to be distributed in Canada via cable carriage are unreasonable or discriminatory and burden or restrict U.S. commerce. The acts, policies or practices at issue include the policy of the Canadian Radio-television and Telecommunications Commission (CRTC), set forth in Public Notice CRTC 1984–81, to terminate authorizations of non-Canadian-owned programming services which, in the CRTC's opinion, could be considered either totally or partially competitive with existing or newly-available Canadian-owned programming services. This policy limits the ability of U.S.-owned programming services to compete in the Canadian market and acts as a disincentive to such service providers to attempt to enter the Canadian market.

Consultations and Proposed Determination

Pursuant to section 303(a) of the Trade Act, the USTR has requested consultations with the Government of Canada concerning the issues under investigation. USTR will seek information and advice from the appropriate representatives provided for under section 135 of the Trade Act in preparing the U.S. presentations for such consultations.

If the issues which are the basis of this investigation are not resolved expeditiously, the USTR proposes to determine pursuant to Section 304(a)(1) of the Trade Act that acts, policies and practices of the Canadian Government with respect to the granting or termination of authorizations for U.S.-owned programming services to be distributed in Canada via cable carriage are unreasonable or discriminatory and constitute a burden or restriction on U.S. commerce.

If this determination is affirmative, the USTR must also determine what action would be appropriate under the statute. Actions that would be permitted in the case of an affirmative determination include action to suspend, withdraw or prevent the application of benefits of trade agreement concessions to Canada; imposition of duties or other import restrictions on goods of Canada or fees or restrictions on services of Canada; and restriction or denial of service sector access authorizations with respect to services of Canada.

Public Comment: Requirements for Submissions

Interested persons are invited to submit written comments concerning the issues raised in the petition and any other submissions to USTR in this investigation. In particular, comments are invited regarding (i) The acts,

policies and practices of the Government of Canada that are the subject of this investigation; (ii) the amount of burden or restriction on U.S. commerce caused by these acts, policies and practices; (iii) the determinations required under section 304 of the Trade Act; and (iv) appropriate action under Section 301 which could be taken in response.

Comments must be filed in accordance with the requirements set forth in 15 CFR 2006.8(b) (55 FR 20593) and are due no later than noon on March 6, 1995. Comments must be in English and provided in twenty copies to: Sybia Harrison, Staff Assistant to the Section 301 Committee, Room 223, Office of the United States Trade Representative, 600 17th Street, NW, Washington, DC 20506.

Comments will be placed in a file (Docket 301–98) open to public inspection pursuant to 15 CFR 2006.13, except confidential business information exempt from public inspection in accordance with 15 CFR 2006.15. Confidential business information submitted in accordance with 15 CFR 2006.15 must be clearly marked ''BUSINESS CONFIDENTIAL'' in a contrasting color ink at the top of each page on each of 20 copies, and must be accompanied by a nonconfidential summary of the confidential information. The nonconfidential summary shall be placed in the file that is open to public inspection.

Copies of the public version of the petition and other relevant documents are available for public inspection in the USTR Reading Room. An appointment to review the docket (Docket No. 301–98) may be made by contacting Brenda Webb at (202) 395–6186. The USTR Reading Room is open to the public from 10 a.m. to 12 noon and 1 p.m. to 4 p.m., Monday through Friday, and is located in Room 101, Office of the United States Trade Representative, 600 17th Street, NW., Washington, DC 20506.

Irving A. Williamson,

Chairman, Section 301 Committee.

BILLING CODE 3190–01–M

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–35335; File No. SR–CHX–94–23]

Self-Regulatory Organizations; Chicago Stock Exchange, Inc.; Order Granting Approval to Proposed Rule Change Relating to Odd-Lot Transactions

February 6, 1995.

On November 10, 1994, the Chicago Stock Exchange, Inc. (''CHX'' or ''Exchange'') submitted to the Securities and Exchange Commission (''SEC'' or ''Commission''), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act'')[1] and Rule 19b–4 thereunder,[2] a proposed rule change to permit differentials to be charged for certain odd-lot trades..

The proposed rule change was published for comment in Securities Exchange Act Release No. 35048 (December 2, 1994), 59 FR 63844 (December 9, 1994). No comment letters were received.

Currently, Article XXXI, Rule 9 dealing with execution of odd-lot orders provides that odd-lots must be executed at the best bid or offer, similar to round lot executions. The rule does not permit odd-lot specialists to charge differentials. The rule change allows the Committee on Floor Procedure to determine that a differential may be charged for: (1) an odd-lot ''seller's option'' trade,[3] (2) an odd-lot order for cash or ''next day'' delivery, (3) an odd-lot order for additional settlement periods, and (4) an odd-lot order in an issue in which a differential is charged in the primary market. If the Committee on Floor Procedures determines to allow a differential to be charged under number 1, 2, or 3 above, all CHX odd-lot specialists may charge differentials under the specified condition. The Committee on Floor Procedures may also determine that the primary market is charging a differential in a particular security and allow the CHX specialist in the security also to charge a differential.

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b).[4] In particular, the Commission believes the proposal is consistent with the Section 6(b)(5) requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to remove impediments and to perfect the mechanism of a free and open market and a national market system, and in general, to protect investors and the public interest.

The Commission believes that the proposed rule change to allow differentials to be charged on specified odd-lot securities will make the rules of the Exchange consistent with those of the other securities exchanges.[5] In addition, the rule change will allow the CHX to authorize the charging of a differential in a security when the primary market is charging a differential in that security. This provision will ensure that the CHX market makers will be allowed to effect executions at competitive prices, which will contribute to the maintenance of a fair and orderly market in those securities trading on the primary market with a differential.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,[6] that the proposed rule change (SR–CHX–94–23) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.[7]

Margaret H. McFarland,

Deputy Secretary.

Self-Regulatory Organizations; The Depository Trust Company; Notice of Filing of Proposed Rule Change Establishing a Link Between the Institutional Delivery System and Other Compatible Electronic Trade Confirmation Systems

February 3, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act''),[1] notice is hereby given that on January 26, 1995, The Depository Trust Company (''DTC'') filed with the Securities and Exchange Commission (''Commission'') the proposed rule change as described in Items I, II, and III below, which Items have been prepared by DTC. The Commission is publishing this notice to solicit

[1] 15 U.S.C. 78s(b)(1) (1988).

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change establishes relationships between The Depository Trust Company (''DTC'') and trade confirmation systems operated by other organizations that would provide for, among other things, the automated settlement in DTC of transactions introduced to DTC by such other systems (e.g., confirmed and affirmed in such other systems). Under this proposal, DTC would link its Institutional Delivery (''ID'') system with another compatible electronic trade confirmation system (the ''Other System'').[2] DTC is prepared at this time to link the ID system with any Other System in the manner described below and estimates that a link in that manner could be implemented within three months from the time when the vendor of the Other System indicates a desire to establish the link. DTC will consider and may implement additional methods of linking the ID system which are different from the link described below.

Where a broker and its institutional customer in a trade use the Other System, and the agent (i.e., the institution's custodian) and/or any interested parties use the ID system, notice of order execution (sometimes called advice of execution), institution instructions (sometimes called trade allocation), confirmation and affirmation for the trade will occur in the Other System, in which case the Other System will transmit a confirmation, in DTC format, to the ID system. DTC will then process the trade in the ID system, which includes transmitting an ID system message to the Other System containing the ID system control number for the trade and transmitting confirmations to any agent and interested parties who use the ID system. DTC will not transmit confirmations to the broker and the institution. The Other System will transmit to the ID system the affirmation from the Other System, in DTC format, containing the ID system control number. If the trade involves a DTC-eligible issue, the trade will be settled by book-entry at DTC in the normal way for an affirmed trade in the ID system.

DTC will be responsible for all quality control reporting with respect to all trades processed through the link, and the vendor of the Other System will furnish DTC with whatever data from the Other System is needed for that purpose.

Except as stated in this paragraph, DTC will charge its usual ID system fees for a transaction processed through the link. In the above example, DTC will not charge confirmation fees to the broker or institution because it will not send confirmations to either of them. Fees for any services provided by the ID system directly to the broker or institution will continue to be billed to and paid by the appropriate party. In order to encourage the development of links between the ID system and Other Systems where both the broker and the institution use the Other System, the ID system fees charged in that case to the vendor of the Other System with respect to confirmation activity will be limited to $0.10 per trade during the period ending on December 31, 1995. DTC continually examines its fees, and the fees associated with the link between the ID system and Other Systems may be changed after December 31, 1995.[3]

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, DTC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may examined at the places specified in Item IV below. DTC has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

Currently, a large number of DTC users interact operationally with DTC through intermediaries selected by them, including ''service bureaus.'' Pursuant to standing instructions from these users, DTC currently links with these intermediaries in providing a wide range of DTC services to users, including the automated delivery and receipt of ID system confirmations and affirmations and related reports. In addition, DTC currently links the ID system with systems operated by the other two registered securities depositories in the United States on a ''private label'' basis. In those links, confirmation and affirmation for a trade occur in the ID system, but any parties involved in the trade who use the other depository's system submit all data and communications regarding the trade to the other depository and receive all such data and communications from the other depository. On behalf of those parties, the other depository submits to and receives from DTC on an omnibus basis all data and communications regarding the trade in the course of ID system processing. DTC is likely to enter into similar arrangements with other organizations in the United States and abroad.

The purpose of the proposed rule change is to establish a new method of linking the ID system in addition to the current arrangements.

DTC believes the proposed rule change is consistent with the requirements of the Securities Exchange Act of 1934 and the rules and regulations thereunder applicable to DTC since the proposed rule change will facilitate the processing of transactions in securities where different trade confirmation systems are involved. The proposed rule change will be implemented consistently with the safeguarding of securities and funds in DTC's custody or control or for which it is responsible since the proposed rule change relates to DTC's existing ID system.

(B) Self-Regulatory Organization's Statement on Burden on Competition

DTC perceives no adverse impact on competition by reason of the proposed rule change.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments from DTC Participants or others have not been solicited or received on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within thirty-five days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to ninety days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

[2] The establishment of the link between the ID system and the Other System would be subject to the Other Systems obtaining any necessary or appropriate approvals by regulatory agencies, such as approval in regard to compliance with Rule 10b–10 under the Securities Exchange Act of 1934 if the Other System will confirm transactions.

[3] Any such fee changes would be filed with the Commission in accordance with the requirements of the Securities Exchange Act of 1934.

(A) By order approve such proposed rule change or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. § 552, will be available for inspection and copying in the Commission's Public Reference Room, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of such filing will also be available for inspection and copying at the principal office of DTC. All submissions should refer to File No. SR–DTC–95–04 and should be submitted within March 3, 1995.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.[4]

Margaret H. McFarland,

Deputy Secretary.

[Release No. 34–35326; File No. SR–Phlx–95–07]

Self-Regulatory Organizations; Notice of Filing of Proposed Rule Change by the Philadelphia Stock Exchange Relating to the Listing and Trading of Options on the Phlx USTOP Index

February 3, 1995.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act''),[1] notice is hereby given that on January 30, 1995, the Philadelphia Stock Exchange, Inc. (''Phlx'' or ''Exchange'') filed with the Securities and Exchange Commission (''Commission'') the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Phlx. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Phlx, pursuant to Rule 19b–4 of the Act, proposes to list and trade options on the Phlx USTOP 100 Index, a broad-based index developed by the Phlx and comprised of 100 highly capitalized U.S. stocks representing a variety of industries (''USTOP 100 Index'' or ''Index''). Exchange Rules 1001A, 1006A and 1101A respecting position limits, exercise restrictions, trading hours and far term strike prices respectively will be amended to add references to the USTOP 100 Index. The test of the proposed rule changes is available at the Office of the Secretary, Phlx, and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Phlx has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

The Phlx proposes to list for trading European-style options[2] on the Index, a broad-based, capitalization-weighted index composed of 100 highly capitalized U.S. common stocks in a variety of industries, including but not limited to technology, manufacturing and the service industries. USTOP 100 Index options will be traded pursuant to current Phlx rules governing the trading of index options.[3]

The Phlx represents that the Index includes some of the largest and most widely-held U.S. common stocks. As of January 23, 1995, the Phlx represents that the market capitalization of the individual stocks in the Index ranged from a high of $86 billion to a low of $7.6 billion. The market capitalization of all of the stocks in the Index was approximately $2 trillion. As of that same date, no one stock accounted for more than 4.17% of the Index's total value and the percentage weighting of the five largest issues in the Index accounted for 17.28% of the Index's value. The percentage weighting of the lowest weighted stock was 0.37% of the Index's value.

The formula for calculating the value of the Index is as follows:[4]

$$\frac{(MV_1)+(MV_2)+\ldots+(MV_{100})}{\text{Divisor}}\times 100$$

Where:

MV_n=Price × Shares outstanding for each component of the Index

Divisor=Number calculated to achieve a base value of 370 for the Index as of the close of trading on December 14, 1994.

In order to maintain continuity in the value of the Index, the index divisor will be adjusted for changes in capitalization of any of the component issues resulting from, among other things, mergers, acquisitions, delistings, and substitutions. As the close of trading on January 27, 1995, the Index Value was 383.81.

The Index value will be updated dynamically at least once every 15 seconds during the trading day. The Phlx has retained Bridge Data, Inc. to compute the value of the Index. Pursuant to Phlx Rule 1100A, updated Index values will be disseminated and displayed by means of primary market prints reported by the Consolidated Tape Association and over the facilities of the Options Price Reporting Authority. The Index value will also be available on broker/dealer interrogation devices to subscribers of the option information.

In accordance with Phlx Rule 1009A, if any change in the nature of any stock in the Index occurs as a result of delisting, merger, acquisition or otherwise, the Exchange will take appropriate steps to delete that stock from the Index and replace it with another stock which the Exchange believes would be compatible with the intended market character of the Index. In making replacement determinations, the Exchange will also take into account

[4] 17 CFR 200.30–3(a)(12) (1994).

[1] 15 U.S.C. 78s(b)(1) (1988).

[2] European-style options can be exercised only during a specific time period prior to expiration of the options.

[3] *See* Phlx Rules 1000A through 1103A, and 1000 through 1070.

[4] The formula for calculating the value of the Index is the same as that previously approved by the Commission for calculating the value of the Phlx Big Cap Index. See Securities and Exchange Act Release No. 33973 (April 28, 1994), 59 FR 23245 (May 5, 1994). Telephone conversation between Michele Weisbaum, Associate General Counsel, Phlx, and Brad Ritter, Senior Counsel, Office of Market Supervision, Division of Market Regulation, Commission, on February 2, 1995.

the capitalization, liquidity, and volatility of a particular stock.

The Exchange represents that all of the stocks comprising the Index currently are options eligible [5] and have standardized options listed on them. If at any time, less than 90% of the components in the Index, by weight, are options eligible, the Exchange will submit a Rule 19b-4 filing for Commission approval before opening any new series of options on the Index for trading. Further, the Exchange will submit a Rule 19b-4 filing for Commission approval prior to opening any new series of options on the Index if the number of stocks in the Index ever increases to more than 120 or decreases to less than 80.

The settlement value for Index options will be based on the opening values of the component securities on the date prior to expiration. Index options will expire on the Saturday following the third Friday of the expiration month, and the last day for trading in an expiring series will be the second business day (ordinarily a Thursday) preceding the expiration date.

The Phlx proposes to employ position and exercise limits applicable to the Exchange's other broad-based indexes pursuant to Phlx Rule 1001A(b)(i) and 1002A, respectively. Specifically, the position limit will be $25,000 contracts total, of which no more than 15,000 contracts can be in the nearest expiration month.

Exercise price intervals will be set at five point intervals in terms of the current value of the Index except exercise prices in the far-term series shall be $25.00 unless demonstrated customer interest exists at $5.00 intervals. The Exchange represents that demonstrated customer interest will include institutional (firm), corporate or customer interest expressed directly to the Exchange or through the customer's floor brokerage unit but not interest expressed by a registered options trader (''ROT'') with respect to trading for the ROT's own account. Exchange Rule 1101A, Commentary .02, which already permits $25.00 intervals for the Exchange's other broad-based indexes, will be amended to include this treatment for the USTOP 100 Index. Additional exercise prices will be added in accordance with Phlx Rule 1101A(a).

As with the Exchange's other indexes, the multiplier for options on the USTOP 100 Index will be 100. Index options will trade during the Exchange's regular trading hours (9:30 a.m. through 4:15 p.m., Eastern time).

The Phlx will trade consecutive and cycle month series pursuant to Phlx Rule 1101A. Specifically, there will be three expiration months from the March, June, September, and December cycle plus two additional near-term months so that the three nearest term months will always be available.

Surveillance procedures currently used to monitor trading in each of the Exchange's other index options will also be used to monitor trading in options on the Index. These procedures include having complete access to trading activity in the securities underlying the Index, all of which are traded on either the New York Stock Exchange (''NYSE'') or the American Stock Exchange (''Amex''), or are Nasdaq National Market securities. In addition, the Intermarket Surveillance Group Agreement will be applicable to the trading of options on the Index.[6]

The Exchange believes that the proposed rule change is consistent with Section 6 of the Act, in general, and with Section 6(b)(5),[7] in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to facilitate transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Phlx does not believe that the proposed rule change will impose any inappropriate burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve such proposed rule change, or

(B) Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Section, 450 Fifth Street, N.W., Washington, D.C. Copies of such filing will also be available for inspection and copying at the principal office of the Phlx. All submissions should refer to File No. SR-Phlx-95–07 and should be submitted by March 3, 1995.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.[8]

[5] The Phlx's options listing standards, which are uniform among the options exchanges, provide that a security underlying an option must, among other things, meet the following requirements: (1) The public float must be at least 7,000,000 shares; (2) there must be a minimum of 2,000 stockholders; (3) trading volume in the U.S. must have been at least 2.4 million over the preceding twelve months; and (4) the U.S. market price must have been at least $7.50 for a majority of the business days during the preceding three calendar months. *See* Phlx Rule 1009, Commentary .01.

[6] The Intermarket Surveillance Group (''ISG'') was formed on July 14, 1983 to, among other things, coordinate more effectively surveillance and investigative information sharing arrangements in the stock and options markets. See Intermarket Surveillance Group Agreement, July 14, 1983. The most recent amendment to the ISG Agreement, which incorporates the original agreement and all amendments made thereafter, was signed by ISG members on January 29, 1990. See Second Amendment to the Intermarket Surveillance Group Agreement, January 29, 1990. The members of the ISG are: the Amex; the Boston Stock Exchange, Inc.; the Chicago Board Options Exchange, Inc.; the Chicago Stock Exchange, Inc.; the National Association of Securities Dealers, Inc.; the NYSE; the Pacific Stock Exchange, Inc.; and the Phlx. Because of potential opportunities for trading abuses involving stock index futures, stock options, and the underlying stock and the need for greater sharing of surveillance information for these potential intermarket trading abuses, the major stock index futures exchanges (e.g., the Chicago Mercantile Exchange and the Chicago Board of Trade) joined the ISG as affiliate members in 1990.

[7] 15 U.S.C. 78f(b)(5) (1988).

[8] 17 CFR 200.30–3(a)(12) (1994).

BILLING CODE 8010–01–M

[Investment Company Act Release No. 20882; 812–9356]

Nicholas-Applegate Mutual Funds, et al.; Notice of Application

February 6, 1995.

AGENCY: Securities and Exchange Commission (''SEC'').

ACTION: Notice of Application for Exemption under the Investment Company Act of 1940 (the ''Act'').

APPLICANTS: Nicholas-Applegate Mutual Funds (the ''Trust''), Nicholas-Applegate Capital Management (the ''Adviser''), and Nicholas-Applegate Securities (the ''Distributor'').

RELEVANT ACT SECTIONS: Order requested to amend a prior order under section 6(c) that granted an exemption from sections 2(a)(32), 2(a)(35), 22(c), and 22(d), and rule 22c–1.

SUMMARY OF APPLICATION: Applicants seek to amend an order permitting them to assess a contingent deferred sales charge (''CDSC'') on certain redemptions of shares of certain series of the Trust. The amended order would permit applicants to impose a CDSC on redemptions of shares of certain other series of the Trust not covered by the previous order.

FILING DATES: The application was filed on December 9, 1994, and amended on February 3, 1995.

HEARING OR NOTIFICATION OF HEARING: An order granting the application will be issued unless the SEC orders a hearing. Interested persons may request a hearing by writing to the SEC's Secretary and serving applicants with a copy of the request, personally or by mail. Hearing requests should be received by the SEC by 5:30 p.m. on March 6, 1995, and should be accompanied by proof of service on applicants, in the form of an affidavit or, for lawyers, a certificate of service. Hearing requests should state the nature of the writer's interest, the reason for the request, and the issues contested. Persons who wish to be notified of a hearing may request notification by writing to the SEC's Secretary.

ADDRESSES: Secretary, SEC, 450 5th Street, N.W., Washington, D.C. 20549. Applicants, 600 West Broadway, 30th Floor, San Diego, California 92101.

FOR FURTHER INFORMATION CONTACT: James J. Dwyer, Staff Attorney, at (202) 942–0581, or C. David Messman, Branch Chief, at (202) 942–0564 (Office of Investment Company Regulation, Division of Investment Management).

SUPPLEMENTARY INFORMATION: The following is a summary of the application. The complete application may be obtained for a fee at the SEC's Public Reference Branch.

Applicants' Representations

1. The Trust and Nicholas-Applegate Investment Trust (the ''Master Trust'') are open-end management investment companies organized as Delaware business trusts. Under a ''master-feeder'' structure, each of the Trust's portfolios invests all of its assets in a corresponding series of the Master Trust. The Adviser is a registered investment adviser that serves as investment adviser to the Master Trust. The Distributor serves as principal underwriter of the shares of the portfolios of the Trust.

2. On March 30, 1993, the SEC issued an order (the ''Existing Order'') [1] permitting certain existing portfolios of the Trust (the ''Portfolios'') to impose a CDSC on certain redemptions and waive the CDSC under certain circumstances. The application for the Existing Order sought, and accordingly the Existing Order granted, relief on behalf of the Trust only with respect to the Trust's Portfolio A Series, Portfolio B Series, and Money Market Portfolio. The Existing Order also applied to all other open-end management investment companies or series thereof that invest substantially all of their assets in a registered investment company for which the Adviser serves in the future as investment adviser and that are in the same ''group of investment companies'' as the Portfolios, as defined in rule 11a–3 under the Act, the shares of which will be distributed on substantially the same basis as those of the Portfolios.

3. Applicants seek to amend the Existing Order to permit other portfolios of the Trust (the ''Portfolio C Series'') to impose a CDSC. Shares of the Portfolio C Series would be offered at net asset value without a front-end sales load. The shares would be offered under a distribution plan and shareholder service plan, each adopted pursuant to rule 12b–1 under the Act. Under the distribution plan, each Portfolio C Series may pay the Distributor an amount equal to .75% of the average daily net assets of the series to compensate the Distributor for selling the shares of the series. Under the shareholder service plan, each series pays the Distributor an annual fee of up to .25% of the series' average daily net assets as reimbursement for certain expenses incurred in connection with shareholder services provided by the Distributor.

4. If the shares of a Portfolio C CDSC are redeemed within specified periods after their purchase date, the redemption proceeds will be reduced by a percentage of the lesser of the value of the shares redeemed or the total cost of such shares. The percentage will vary depending on the period the shares were held, as set forth in the applicable prospectus. The Distributor will retain the CDSC as compensation for dealer commissions paid with respect to sales of shares of the series and to recover a portion of the sales and marketing expenses incurred in marketing such shares. Applicants may in the future reduce the CDSC percentage, shorten the applicable holding period, or temporarily or permanently discontinue the CDSC.

5. No CDSC will be imposed on exchanges of shares of a Portfolio C Series for shares of other Portfolio C Series or for shares of the Trust's Money Market Portfolio Series. No CDSC will be imposed on the amount which represents a capital appreciation of shares, reinvestment of dividends, or capital gains distributions. In determining whether a CDSC is applicable, it will be assumed that a redemption is made first of shares not subject to the CDSC, including shares derived from reinvestment of dividends or capital gains distributions, and then of other shares in the order of purchase.

6. Applicants request relief to permit each investment company or series thereof that would assess a CDSC under the requested order to waive or reduce the CDSC in certain circumstances. Any waiver or reduction will comply with the conditions in paragraphs (a) through (d) of rule 22d–1. In addition, applicants will comply with rule 11a–3 with respect to any exchanges of shares.

7. The Distributor will refund out of its own assets any CDSC paid in connection with a redemption of shares of a Portfolio C Series upon reinvestment in a Portfolio C Series within 90 days of such redemption.

Applicants' Legal Analysis

Section 6(c) provides that the SEC may exempt any transactions from any transactions from any provision of the Act if such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act. For the reasons set forth in the

[1] Investment Company Act Release Nos. 19315 (March 5, 1993) (Notice) and 19367 (March 30, 1993) (order).

application for the Existing Order, applicants believe that the requested exemption satisfies the standards set forth in section 6(c).

Applicants' Condition

Applicants will comply with the provisions of proposed rule 6c–10 under the Act, Investment Company Act Release No. 16619 (Nov. 2, 1988), as such rule is currently proposed and as it may be reproposed, adopted or amended.

For the Commission, by the Division of Investment Management, under delegated authority.

Margaret H. McFarland,

Deputy Secretary.

SMALL BUSINESS ADMINISTRATION

[Declaration of Disaster Loan Area #2762]

North Carolina; Declaration of Disaster Loan Area

Buncombe County and the contiguous Counties of Haywood, Henderson, Madison, McDowell, Rutherford, Transylvania, and Yancey in the State of North Carolina constitute a disaster area as a result of damages caused by severe storms and flooding which occurred on January 14 and 15, 1995. Applications for loans for physical damage may be filed until the close of business on April 3, 1995 and for economic injury until the close of business on November 2, 1995 at the address listed below:

U.S. Small Business Administration, Disaster Area 2 Office, One Baltimore Place, Suite 300, Atlanta, GA 30308

or other locally announced locations.

The interest rates are:

	Percent
For Physical Damage:	
Homeowners with credit available elsewhere	8.000
Homeowners without credit available elsewhere	4.000
Businesses with credit available elsewhere	8.000
Businesses and non-profit organizations without credit available elsewhere	4.000
Others (including non-profit organizations) with credit available elsewhere	7.125
For Economic Injury:	
Businesses and small agricultural cooperatives without credit available elsewhere	4.000

The number assigned to this disaster for physical damage is 276206 and for economic injury the number is 844200.

(Catalog of Federal Domestic Assistance Program Nos. 59002 and 59008)

Dated: February 2, 1995.

Philip Lader,

Administrator.

BILLING CODE 8025–01–M

DEPARTMENT OF STATE

[Public Notice 2160]

United States International Telecommunications Advisory Committee (ITAC)—Ad Hoc on APEC; Meeting

The Department of State announces that the United States International Telecommunications Advisory Committee (ITAC) Ad Hoc on APEC Activities will meet March 2, 1995, in Room 1107, 1:30 to 4 p.m., at the Department of State, 2201 C Street NW., Washington, DC.

The meeting will review results of the APEC–OCED–PECC Symposium on Information Infrastructure and the meeting of the APEC Working Group on Telecommunications, which will be held February 20–24, in Vancouver. Specific topics to be discussed include: Asia-Pacific Information Infrastructure (APII); guidelines on equipment harmonization and trade in international value-added network services; mutual recognition of telecoms equipment test data; APEC telecommunications training programs; and handling of international property rights (IPR) in the APEC arena. The Ad Hoc will also commence preparations for the APEC Telecommunications Ministerial meeting. Questions regarding the agenda or Ad Hoc Activities in general may be directed to Gary DeVight, Department of State (202–647–3234).

Members of the general public may attend the meetings and join in the discussions, subject to the instructions of the chair and seating availability. In this regard, entry to the building is controlled. All persons planning to attend should advise the Department by leaving a message on 202–647–0201, no later than two days before the meeting. Enter through the main lobby on C Street. A picture ID will be required for admittance.

Dated: January 31, 1995.

Richard E. Shrum,

ITAC Executive Secretary.

[FR Doc. 95–3409 Filed 2–9–95; 8:45 am]

BILLING CODE 4710–45–M

[Public Notice 2161]

United States International Telecommunications Advisory Committee (ITAC); Meeting

The Department of State announces that the United States International Telecommunications Advisory Committee (ITAC) will meet March 2, 1995, in Room 1107, 10 a.m. to 1 p.m., at the Department of State, 2201 ''C'' Street, NW., Washington, DC.

The purpose of ITAC is to advise the Department on policy, technical and operational matters and to provide strategic planning recommendations, with respect to international telecommunications and information issues. To assist in preparations for related international meetings, the Department has established two ITAC Ad Hoc groups to deal respectively with activities of the Working Group on Telecommunications (TEL) of the Asia-Pacific Economic Cooperation (APEC), and the Committee for Information, Computer and Communications Policy (ICCP) of the Organization for Economic Development and Cooperation (OECD). The Ad Hoc on APEC will meet after the ITAC meeting (see separate notice for details).

The agenda of the ITAC meeting will include: (1) Report of ITAC's Ad Hoc on Refinement of ITU Sectors, and related developments; (2) review of the ITU Radio and Telecommunications Standards Advisory Groups (RAG/TSAG) results, January 1995; (3) status of and U.S. participation in other ITU Advisory Groups; (4) recommendations on agenda topics for the first ITU Policy Forum, scheduled for Fall of 1996 (Note: State Department will submit preliminary U.S. views on the Policy Forum agenda to the ITU Secretary General by March 15); (5) further development of an ITAC Work Program and Priorities for the 1995–96 time period; and (6) discussion of the new ITAC Ad Hocs dealing with APEC and OCED preparatory activities for upcoming meetings (to be taken up as the last item of the ITAC meeting). Questions regarding the agenda or ITAC activities in general may be directed to Richard Shrum, Department of State (phone 202–647–0050).

Members of the general public may attend the meetings and join in the discussions, subject to the instructions of the chair and seating availability. In this regard, entry to the building is controlled. All persons planning to attend should advise the Department by leaving a message on 202–647–0201, no later than two days before the meeting. Enter through the main lobby on C

Street. A picture ID will be required for admittance.

Dated: January 31, 1995.

Richard E. Shrum,

ITAC Executive Secretary.

BILLING CODE 4710–45–M

[Public Notice 2162]

Shipping Coordinating Committee, International Maritime Organization (IMO) Legal Committee; Meeting

The U.S. Shipping Coordinating Committee (SHC) will conduct an open meeting at 1:00 p.m., on Thursday, March 16, 1995, in Room 2415 of U.S. Coast Guard Headquarters, 2100 Second Street, SW., Washington, DC. The purpose of this meeting is to prepare for the 72nd Session of the International Maritime Organization (IMO) Legal Committee, to be held April 3–7, 1995, and to report on the results of the Seventh Session of the Joint Intergovernmental Group of Experts (JIGE VII), held December 5–9, 1994, in Geneva.

To facilitate the attendance of those participants who may be interested in only certain aspects of the public meeting, the first subject addressed will be the draft International Convention on Liability and Compensation for Damage in Connection with the Carriage of Hazardous and Noxious Substances by Sea (HNS Convention). The second major subject, which will be considered at approximately 2:30 p.m., will be possible revisions to the 1976 Convention on Limitation of Liability for Maritime Claims ('76 LLMC). The last major subject, which will be considered at approximately 3:00 p.m., will be the JIGE negotiations regarding possible revisions to the International Convention of the Unification of Certain Rules Related to the Arrest of Ships, 1952 (1952 Arrest Convention).

The Current draft of the HNS Convention imposes strict liability upon the shipowner with an additional international fund (second-tier fund) modeled after the International Oil Pollution Compensation Fund. The draft HNS Convention provides compensation for environmental damage as well as personal injury and property damage from a broad range of substances. At the 71st Session, the Legal Committee finalized decisions on several issues regarding the draft HNS Convention and agreed in principal on several others. However, other important questions remain to be resolved. Additionally, it is expected that the 72nd Session of Legal Committee will complete a final review of the draft articles of the HNS Convention, making it the last session for substantive work on the Convention before a scheduled 1996 Diplomatic Conference. The views of the public are requested.

The Legal Committee resumed deliberations on the '76 LLMC at the 71st Session. Several decisions were made, and discussions centered on a draft protocol which provides for raising the limits of liability, changes made necessary by a decision to link the HNS Convention to other limitation of liability regimes, and a streamlined tacit amendment procedure. Work will continue at the 72nd session. Although the United States has not ratified the '76 LLMC, interests within the United States—such as owners of foreign flag vessels and passengers on foreign flag vessels—may be affected by changes to the Convention. The views of the public are requested.

Several important decisions were made at JIGE VII regarding possible revisions to the 1952 Arrest Convention. The principle focus of JIGE VII was as follows: (1) Expanding of the list of maritime claims, consistent with the changes in the 1993 Maritime Liens and Mortgages Convention, for which a vessel may be arrested; (2) whether personal liability of the owner is a prerequisite to arrest, particularly when the claim is secured by a maritime lien; (3) whether the arrest should give the respective arresting court jurisdiction to decide the merits of the case; and (4) the extent to which the Convention should be applied to vessels of non-contracting states. The United States has not ratified the 1952 Arrest Convention. However, the interests of United States owners of foreign flag vessels, cargo owners, and maritime claimants and lienholders may be affected by changes to the Convention. The views of the public are requested.

Member of the public are invited to attend the SHC meeting, up to the seating capacity of the room. For further information or to submit views concerning the subjects of discussion, contact either Captain David J. Kantor or Lieutenant Commander Steven D. Poulin, U.S. Coast Guard (G–LMI), 2100 Second Street, SW., Washington, DC 20593, telephone (202) 267–1527, telefax (202) 267–4496.

Dated: February 1, 1995.

Charles A. Mast,

Chairman, Shipping Coordinating Committee.

BILLING CODE 4710–07–M

DEPARTMENT OF TRANSPORTATION

Aviation Proceedings; Agreements Filed During the Week Ended February 3, 1995

The following Agreements were filed with the Department of Transportation under the provisions of 49 U.S.C. 412 and 414. Answers may be filed within 21 days of date of filing.

Docket Number: 50106
Date filed: January 30, 1995
Parties: Members of the International Air Transport Association
Subject: TC23 Reso/P 0684 dated January 27, 1995 r–1 to r–3 TC23 Reso/P 0685 dated January 27, 1995 r–4 to r–12 Expedited Europe-South East Asia Resos
Proposed Effective Date: February 28/ March 1, 1995

Docket Number: 50113
Date filed: February 3, 1995
Parties: Members of the International Air Transport Association
Subject: COMP Telex Mail Vote 728 Reso 010cc—Cargo Currency Adjustment
Proposed Effective Date: April 1, 1995

Myrna F. Adams,

Acting Chief, Documentary Services Division.

BILLING CODE 4910–62–P

Federal Aviation Administration

Research, Engineering and Development Advisory Committee; Aviation Weather Subcommittee; Meeting

Pursuant to section 10(A)(2) of the Federal Advisory Committee Act (Public Law 92–362; 5 U.S.C. App. I), notice is hereby given of a meeting of the Aviation Weather Subcommittee of the Federal Aviation Administration (FAA) Research, Engineering and Development (R,E&D) Advisory Committee to be held Friday, February 24, 1995, 2 p.m. to 5 p.m. The meeting will take place at the Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC, in the MacCracken Room on the tenth floor.

The agenda for this meeting will include: a review and discussion of the task statement; discussion of work assignments for committee members; and consideration of issues to be discussed at the next meeting.

Attendance is open to the interested public, but limited to space available. With the approval of the subcommittee chairman, members of the public may present oral statements at the meeting. Persons wishing to present oral

statements, obtain information, or access the building to attend the meeting should contact Mr. Carl McCullough, ASE–10, 800 Independence Avenue, SW., Washington, DC, at (202) 287–8595, who will serve as the FAA Designated Federal Official to the Subcommittee.

Members of the public may present a written statement to the subcommittee at any time.

Issued in Washington, DC, on February 7, 1995.

Andres Zellweger,

Director, Office of Aviation Research.

[FR Doc. 95–3417 Filed 2–9–95; 8:45 am]

BILLING CODE 4910–13–M

Federal Highway Administration

[FHWA Docket No. 95–6]

Federal Highway Cost Allocation Study

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice; request for comments.

SUMMARY: This notice requests public comment on issues related to a new Federal highway cost allocation study (HCAS) that the FHWA is initiating. Comments on recommendations emanating from an October 1994 cost allocation workshop are requested, in addition to comments on other issues that should be considered in planning and conducting the new study. Preliminary copies of the workshop proceedings are available from Mr. James March, who may be contacted at the phone number shown below.

DATES: This docket will remain open until the study is completed. However, in order for comments responding to issues raised by this notice to be considered during critical early stages of the study, they should be received no later than April 11, 1995.

ADDRESSES: Submit written, signed comments to FHWA Docket No. 95–6, Federal Highway Administration, Room 4232, HCC–10, Office of the Chief Counsel, 400 Seventh Street, SW., Washington DC 20590. All comments received will be available for examination at the above address between 8:30 a.m. and 3:30 p.m., Monday through Friday, except Federal holidays. Those desiring notification of receipt of comments must include a self-addressed, stamped envelope or postcard.

FOR FURTHER INFORMATION CONTACT: Mr. James March, Office of Policy Development, at (202) 366–9237 or Mr. Steven Rochlis, Office of Chief Counsel, at (202) 366–0780, Federal Highway Administration, Department of Transportation, 400 Seventh Street, SW., Washington, DC 20590. Office hours are from 7:45 a.m. to 4:15 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

The last comprehensive Federal HCAS was conducted from 1978 to 1982, pursuant to Section 506 of the Surface Transportation Assistance Act (STAA) of 1978 (Pub. L. 95–599). That section stipulated that the study was to investigate the distribution of Federal highway program costs among the various classes of highway vehicles that occasion such costs. It also called for an assessment of current Federal user charges and recommendations for more equitable user charge alternatives. In addition, Section 506 directed the Congressional Budget Office (CBO) to develop guidelines for the cost allocation study, including procedures to be employed in determining the equitable allocation of highway costs and the information needed to apply those procedures.

Section 506 and the subsequent CBO guidelines established the general scope of the 1982 Federal highway cost allocation study. Specifically, the study was to focus on evaluating Federal highway program costs, not highway costs incurred by State and local transportation agencies. Also, the Federal user fee structure was to be evaluated on the basis of equity rather than economic efficiency, with equity measured in terms of the ratio of Federal user fees payments to Federal program costs occasioned by different vehicle classes.

The CBO guidelines listed several factors underlying the need for the 1982 Federal cost allocation study, including the effect of energy policies on fuel consumption and tax revenues, the shift in the Federal highway program's emphasis away from new construction and toward repair and rehabilitation, the long time that had elapsed since the last comprehensive Federal cost allocation study, and the fact that methods used in previous studies could be improved upon in a number of technical aspects and in the way they reflected the new mix of Federal highway programs.

Similar factors are relevant today and suggest that a new Federal cost allocation study would be timely. The last comprehensive highway cost allocation study was completed over 12 years ago and much of the data upon which that study was based are outdated. Energy and environmental initiatives continue to affect fuel tax receipts, and considerations leading up to reauthorization of the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991, Public Law 102–240, 105 Stat. 1914, may require changes in current highway user fees. The ISTEA made fundamental changes in the structure of the Federal-aid highway program that have significant implications for cost allocation. Proposals currently being discussed to consolidate Department of Transportation programs could have even greater ramifications for highway cost allocation.

The General Accounting Office recommended in its 1994 report, Highway User Fees: Updated Data Needed to Determine Whether All Users Pay Their Fair Share, (report number GAO/RCED–94–181) that a new Federal cost allocation study be conducted as the basis for assessing the equity of Federal highway user fees. Without explicit Congressional guidance on the scope of a new cost allocation study, and recognizing the many changes in the highway program since the last study was completed, the FHWA conducted a two-day workshop in October 1994 to discuss a range of policy and technical issues that might be considered in the study. Over 75 persons representing Federal and State transportation agencies, transportation industries, academic institutions, consulting firms, and other organizations participated in the workshop. Preliminary proceedings of that workshop, which include many specific recommendations made by workshop participants, will be available for inspection in the docket; copies may be requested by calling Mr. James March at the phone number listed above under ''For Further Information Contact:''. During the course of the cost allocation study, working papers and other interim work products will be placed in the docket.

Among other things, workshop participants recommended that the cost allocation study consider:

(1) External costs of highway use and operation, such as congestion, accident costs, and air and noise pollution costs, as well as traditional highway agency costs;

(2) Alternative cost allocation methods, especially a marginal cost approach, along with traditional cost allocation methods;

(3) Highway-related revenues and expenditures for all levels of government, not just Federal revenues and expenditures;

(4) Implications for highway cost allocation of multi-modal investment programs; and

(5) Life-cycle cost analysis principles for estimating future highway investment requirements.

Participants also recommended that, while many new issues deserve consideration in the cost allocation study, a primary focus of the study should be on allocating Federal costs using methods consistent with the 1982 study.

Comments are requested on these recommendations and on other technical issues and recommendations included in the workshop proceedings.

A preliminary plan for the new cost allocation study has been developed. The study will be divided into four phases: (1) Issues analysis and workplan development; (2) update and refinement of highway cost allocation data and methods; (3) analysis of highway cost responsibility and the equity of the user fee structure; and (4) evaluation of alternative cost allocation procedures. Work envisioned under each phase is summarized below. Comments are requested on this plan.

Phase I—Issues Analysis and Workplan Development

Many issues were raised at the October workshop concerning the scope of the next cost allocation study and the advantages and disadvantages of pursuing alternative highway cost allocation methods. Several issues could have major implications for the direction of the next study, including: (1) The extent to which marginal costs can and should be reflected in the study; (2) the extent to which revenues and expenditures by all levels of government can be estimated and incorporated in the study; and (3) the extent to which cost allocation can be applied to multi-modal transportation investment programs that will replace mode-specific investment programs in the future. White papers will be prepared to evaluate issues related to the analysis of these and other concerns in the next cost allocation study. An important factor that will affect the extent to which these issues can be considered is the availability of needed data and analytical methods. An assessment of data needs to evaluate the emerging cost allocation issues will be conducted during this initial phase of the study.

The FHWA has maintained a continuing research program to update highway cost allocation data and methods. Research has focused primarily on refining data and methods used in the 1982 study. A review of current cost allocation data and methods is already underway. Working papers will be prepared which discuss current methods for analyzing cost responsibility for: Pavement, bridge, and other highway costs; sources of data on vehicle miles of travel, operating weight distributions, and registered weight/operating weight distributions; estimates of highway user revenue contributions by each vehicle class; and other aspects of highway cost allocation. Additional research and data needs will be discussed in those working papers.

At the end of the first phase, the study work plan will be reviewed based on analysis and data needs identified in the white papers and technical working papers. Input from internal and external review committees will be sought.

Phase II—Update and Refine Highway Cost Allocation Data and Methods

Based upon the revised study plan developed in Phase I, data and analytical tools will be updated and refined. Among the areas where significant work already can be foreseen are improving pavement cost models, improving the consideration of life cycle costs, improving estimates of highway travel by different vehicle classes, improving operating weight distributions for different vehicle classes, improving estimates of operating weight/registered weight distributions, and improving other data needed to estimate revenues generated by different highway user fees. Data and information needed to apply alternative cost allocation approaches identified at the workshop will be collected, consistent with the relative importance of each approach and the resources available.

Phase III—Analyze Highway Cost Responsibility and the Equity of Alternative User Fee Structures

In this phase information from Phase II will be used to analyze the highway cost responsibility and user fee contributions of different vehicle classes and to evaluate the equity of the current user fee structure. Alternative user fee structures will be analyzed to evaluate improvements in equity and efficiency that potentially could be realized through changes in highway user fees. Sensitivity analyses will be performed throughout the course of this phase to evaluate the most critical factors that affect cost allocation results.

Phase IV—Evaluate Alternative Cost Allocation Procedures

In this phase alternative approaches to highway cost allocation will be evaluated, including application of a marginal cost approach, analysis of the responsibility of different vehicle classes for external highway costs and benefits, estimates of the overall responsibility of different vehicle classes for highway costs at all levels of government, evaluation of the overall equity of highway user fees imposed by all levels of government, and consideration of applying cost allocation principles to costs and revenues for all surface transportation modes. The level of analysis for these issues will depend on several factors, including the availability of data, the relevance of each issue to broader policy objectives, and the time and resources available to analyze the issues. Docket comments will be considered in evaluating the type and level of analysis required for these and other emerging cost allocation issues.

In addition to comments on this broad study plan, comments also are requested on the following questions that arose from the cost allocation workshop:

1. ISTEA provides greater flexibility in the use of Federal-aid highway funds for transit and other expenditures not directly related to the construction, operation, and maintenance of the highway system. Many of these newly eligible costs are intended to promote broad societal goals that extend beyond transportation goals. Should expenditures of Federal-aid highway funds for such non-transportation costs be allocated to highway users, and if so how? Is there a rationale for allocating certain transit expenditures to highway users and not others? Should all highway users share equally in such costs? Should fuel taxes for deficit reduction be considered in cost allocation, and if so, how?

2. Previous cost allocation studies have been criticized for using different approaches to allocate different types of costs. Should cost allocation methods be varied according to the types of costs and differences in the incidence of those costs among highway users or should the same approach be used for all types of costs?

3. The workshop did not explicitly consider alternative user fees, but user fee issues will be important considerations in the cost allocation study. Several alternative highway user fees were analyzed in the 1982 cost allocation study and in subsequent FHWA studies. Comments are requested on the advantages and disadvantages of potential modifications to the existing user fee structure including new types of fees that might be imposed, on the desirability of maintaining current tax exemptions such as for various

alternative fuels, and on other user fee issues.

Authority: 23 U.S.C. 315; 49 CFR 1.48.

Intelligent Transportation Society of America; Public Meeting

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of public meeting.

SUMMARY: The Intelligent Transportation Society of America (ITS America) will hold a meeting of its Coordinating Council on March 15, 1995. The session is expected to focus on: (1) Federal Intelligent Transportation Systems (ITS) Reports; (2) ITS America Executive Director's Report; (3) Discussion of a White Paper on ITS America's Role in Standards Development; (4) Discussion of a White Paper on an ITS Data Communications Strategy; (5) Report from the Policy and Deployment Task Force; (6) Report from the Commercial Vehicle Operations Committee; (7) ITS America Restructuring Report; (8) Report from the Benefits, Evaluation, and Costs Committee; and (9) Communications and Public Affairs Report. ITS America provides a forum for national discussion and recommendations on ITS activities including programs, research needs, strategic planning, standards, international liaison, and priorities. The charter for the utilization of ITS America establishes this organization as an advisory committee under the Federal Advisory Committee Act (FACA), 5 U.S.C. app. 2, when it provides advice or recommendations to DOT officials on ITS policies and programs. (56 FR 9400, March 6, 1991).

DATES: The Coordinating Council of ITS America will meet on March 15, 1995, from 8 a.m. to 11:30 a.m., e.t.

ADDRESSES: The Sheraton Washington Hotel, 2660 Woodley Road, NW., Washington, D.C. 20008, (202) 328–2000.

FOR FURTHER INFORMATION CONTACT: Materials associated with this meeting may be examined at the offices of ITS America, 400 Virginia Avenue, SW., Suite 800, Washington, D.C. 20024. Persons desiring further information or wishing to speak at this meeting should contact Mr. Chris Body at ITS America by telephone at (202) 484–4131, or by FAX at (202) 484–3483. The DOT contact is Mr. Gary Euler, FHWA, HVH–1, 400 Seventh St., SW., Washington, D.C. 20590, (202) 366–2201. Office hours are from 7:45 a.m. to 4:15 p.m., e.t., Monday through Friday, except for Federal holidays.

BILLING CODE 4910–22–P

Sunshine Act Meetings

Federal Register

Vol. 60, No. 28

Friday February 10, 1995

This section of the FEDERAL REGISTER contains notices of meetings published under the ''Government in the Sunshine Act'' (Pub. L. 94-409) 5 U.S.C. 552b(e)(3).

FEDERAL DEPOSIT INSURANCE CORPORATION

Notice of Agency Meeting

Pursuant to the provisions of the ''Government in the Sunshine Act'' (5 U.S.C. 552b), notice is hereby given that at 10:01 a.m. on Tuesday, February 7, 1995, the Board of Directors of the Federal Deposit Insurance Corporation met in closed session to consider the following matters:

Reports of the Office of Inspector General.

Recommendation regarding the liquidation of a depository institution's assets acquired by the Corporation in its capacity as receiver, liquidator, or liquidating agent of those assets:

Memorandum re: Various Failed Depository Institutions Nationwide (Case No. 550–01953–94–BOD)

Matters relating to the Corporation's supervisory and corporate activities.

In calling the meeting, the Board determined, on motion of Director Eugene A. Ludwig (Comptroller of the Currency), seconded by Vice Chairman Andrew C. Hove, Jr., concurred in by Director Jonathan L. Fiechter (Acting Director, Office of Thrift Supervision), and Chairman Ricki Tigert Helfer, that Corporation business required its consideration of the matters on less than seven days' notice to the public; that no earlier notice of the meeting was practicable; that the public interest did not require consideration of the matters in a meeting open to public observation; and that the matters could be considered in a closed meeting by authority of subsections (c)(2), (c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), (c)(9)(B), and (c)(10) of the ''Government in the Sunshine Act'' (5 U.S.C. 552b(c)(2), (c)(4), (c)(6), (c)(8), (c)(9)(A)(ii), (c)(9)(B), and (c)(10)).

The meeting was held in the Board Room of the FDIC Building located at 550—17th Street, N.W., Washington, DC.

Dated: February 7, 1995.

Federal Deposit Insurance Corporation.

Patti C. Fox,

Acting Deputy Executive Secretary.

SECURITIES AND EXCHANGE COMMISSION

Agency Meeting

Notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Pub. L. 94–409, that the Securities and Exchange Commission will hold the following meeting during the week of February 13, 1995.

An open meeting will be held on Tuesday, February 14, 1995, at 3:00 p.m., in Room 1C30.

Commissioners, Counsel to the Commissioners, the Secretary to the Commission, and recording secretaries will attend the closed meeting. Certain staff members who have an interest in the matters may also be present.

The General Counsel of the Commission, or his designee, has certified that, in his opinion, one or more of the exemptions set forth in 5 U.S.C. 552b(c)(4), (8), (9)(A) and (10) and 17 CFR 200.402(a)(4), (8), (9)(i) and (10), permit consideration of the scheduled matters at a closed meeting.

Commissioner Wallman, as duty officer, voted to consider the items listed for the closed meeting in a closed session.

The subject matter of the open meeting scheduled for Tuesday, February 14, 1995 at 3:00 p.m., will be:

Consideration will be given to whether to propose for public comment a new rule and form under the Investment Advisers Act of 1940 that would require certain investment advisers to provide clients with an annual report regarding their use of client brokerage,

including their receipt of research and other services in exchange for that brokerage. For further information, please contact Kenneth J. Berman at (202) 942–0721.

At times, changes in Commission priorities require alterations in the scheduling of meeting items. For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact: The Office of the Secretary (202) 942–7070.

Dated: February 8, 1995.

Jonathan G. Katz,

Secretary.

Department of Agriculture

Agricultural Marketing Service

7 CFR Part 110

Recordkeeping Requirements for Certified Applicators of Federally Restricted Use Pesticides; Final Rule

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 110

[SD–94–001]

RIN 0581–AB22

Recordkeeping Requirements for Certified Applicators of Federally Restricted Use Pesticides

AGENCY: Agricultural Marketing Service (AMS), USDA.

ACTION: Final rule.

SUMMARY: The Agricultural Marketing Service, United States Department of Agriculture, is amending its regulations governing recordkeeping of federally restricted use pesticides by certified applicators. The final regulations revise the definitions of the terms ''medical emergency'' and ''licensed health care professional,'' provide new requirements for recording the location of ''spot applications'' of federally restricted use pesticides, reduce the time period for a certified applicator to make a record of the application of a federally restricted use pesticide, clarify the circumstances under which licensed health care professionals may obtain, utilize, and release restricted use pesticide records or record information, and clarify the penalty provisions in the regulations. The changes to the rule ensure that the regulations are consistent with the objectives of section 1491 of the Food, Agriculture, Conservation, and Trade Act of 1990. The changes should further ensure accuracy of records of the application of federally restricted use pesticides, and improve the ability of licensed health care professionals to provide medical treatment to an individual who may have been exposed to a federally restricted use pesticide.

EFFECTIVE DATE: May 11, 1995.

FOR FURTHER INFORMATION CONTACT: Bonnie Poli, Chief, Pesticide Records Branch, Science Division, AMS, 8700 Centreville Road, Suite 200, Manassas, VA 22110, 703–330–7826.

SUPPLEMENTARY INFORMATION:

Executive Order 12866 and Regulatory Flexibility Act

This rule has been determined to be significant for purposes of Executive Order 12866 and therefore has been reviewed by OMB.

This rule also has been reviewed under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This rule will (1) revise certain definitions within the regulations; (2) require the location of spot applications of federally restricted use pesticides be designated as ''spot application'' followed by a concise description of location and treatment; (3) reduce the time period within which the information required by the regulations must be recorded; (4) clarify the availability of pesticide record information to facilitate medical treatment or first aid; (5) clarify the utilization and release of pesticide records or record information by licensed health care professionals; and (6) clarify the penalty provisions.

The Administrator of AMS has determined that approximately 1.3 million certified pesticide applicators (980,000 private and 300,000 commercial applicators) will be affected by this final rule. However, we do not anticipate that any of the revisions to the regulations or additional requirements will result in any significant additional economic impact on certified applicators of federally restricted use pesticides. The amendments to the rule will not increase the amount of time necessary for a certified applicator to record the information required by the regulations. Although the regulations will require certified applicators to record a concise description of the location of a ''spot application,'' this requirement does not significantly increase the time to make a record.

Under these circumstances, the Administrator of the Agricultural Marketing Service has determined that this action will not have a significant economic impact on a substantial number of small entities.

Executive Order 12778

This rule has been reviewed under Executive Order 12778, Civil Justice Reform. This rule: (1) will not preempt any state or local laws, regulations, or policies, unless they present an irreconcilable conflict with this rule; (2) will not have any retroactive effect; and (3) will not require administrative proceedings before parties may file suit challenging this rule.

Paperwork Reduction Act

In accordance with Section 3507 of the Paperwork Reduction Act of 1980 (44 U.S.C. 3507), the recordkeeping provisions included in this rule have been approved by the Office of Management and Budget (OMB), number 0581–0164.

Background

As part of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 136i-1), hereinafter referred to as the FACT Act, Congress mandated the establishment by the Secretary of Agriculture, in consultation with the Administrator of the Environmental Protection Agency, of requirements for recordkeeping by all certified applicators of federally restricted use pesticides.

The regulations at 7 CFR part 110, ''Recordkeeping Requirements for Certified Applicators of Federally Restricted Use Pesticides,'' (hereinafter referred to as the regulations) require certified pesticide applicators to maintain records of federally restricted use pesticide applications for a period of 2 years. The regulations also provide for access to pesticide records or record information by federal or state officials, or by licensed health care professionals when needed to treat an individual who may have been exposed to restricted use pesticides, and penalties for enforcement of the recordkeeping and access provisions. The regulations became effective on May 10, 1993.

After publication of the regulations, AMS proceeded with the implementation of a national program for recordkeeping of federally restricted use pesticides. Early in the implementation phase of the AMS recordkeeping program, state regulatory agencies and others raised issues involving specific interpretations of the regulations. A lawsuit was filed against the Secretary of Agriculture and the Administrator of the Environmental Protection Agency by the National Coalition Against the Misuse of Pesticides and others. The lawsuit challenged the substance of limited portions of the final regulations promulgated by AMS.

Proposed Rule

After a thorough review of the regulations and consideration of the issues raised by the lawsuit, we published a document on April 6, 1994, in the **Federal Register** (59 FR 16400–16403), proposing to amend the recordkeeping regulations for federally restricted use pesticides.

Comments on the Proposed Rule

AMS solicited comments concerning our proposal for a 60 day comment period ending June 6, 1994. We received 47 comments from certified pesticide applicators, medical professionals, agricultural and farmworker organizations, State Departments of Agriculture, State Cooperative Extension Services and other individuals and groups. The comments received and our responses to those comments are as follows.

Section 110.2—Definitions

Licensed Health Care Professional

The current regulations define ''licensed health care professional'' as ''a physician, nurse, emergency medical technician or other qualified individual, licensed by a State to provide medical treatment.''

AMS proposed to amend the definition of a ''licensed health care professional'' to mean ''a physician, nurse, emergency medical technician or other qualified individual, licensed or certified by a state to provide medical treatment.'' AMS proposed this amendment to clarify our intention to include qualified individuals who have been certified by a state to provide medical treatment in the definition of ''licensed health care professional.''

Many comments supported the proposed change in the definition citing the need to include all individuals who are either state certified or licensed, and are qualified to provide medical treatment in cases of pesticide related illness in the definition of ''licensed health care professional.'' For example, one commentor stated, ''the proposed definition recognizes the realities of modern health care, in that many tasks are performed by paraprofessionals and other persons working under the direction of licensed professionals.'' Another commentor stated, ''* * * often the first responder for medical emergencies or medical care is not a licensed health care professional. The definition needs to be broadened to include other professionals to ensure greater access to immediate and appropriate medical treatment.''

AMS agrees that under some circumstances certified individuals are qualified to provide medical treatment for pesticide related exposures. Some states use the term ''certified'' and ''licensed'' interchangeably. For example, a ''licensed nurse practioner'' in one state may be classified as a ''certified nurse practioner'' in another state. Therefore, this final rule amends the definition of ''licensed health care professional'' to include any qualified individuals certified by a state to provide medical treatment. However, individuals who have been certified only to provide first aid or cardiopulmonary resuscitation (CPR) through organizations such as the American Red Cross are not included in the definition of ''licensed health care professional'' in this final rule.

AMS also received comments which expressed concerns that allowing access by ''certified'' individuals would greatly expand access to private record information to individuals who are not qualified to provide proper treatment for pesticide related illnesses. One commentor stated, ''* * * there are 23 different health care professionals certified by the state including such professions as: Athletic Training, Chiropractic, Mental Health Practice, Physical Therapy and Psychology. Under the proposed changes, these professionals would be able to request records and release the information. This change would not increase health protection, but rather provide an avenue for non-related health care professionals to have access to private records.''

We agree with comments received expressing concerns that certified individuals such as physical or athletic therapists should not be able to request pesticide record information. We are addressing these concerns in section 110.5(a) by allowing only the attending licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, access to record information. This amendment to section 110.5(a) should eliminate the request for pesticide record information by individuals who are not qualified to provide medical treatment for pesticide related injuries or illness.

For these reasons, we are adopting the proposed language. ''Licensed health care professional'' shall be defined as ''a physician, nurse, emergency medical technician, or other qualified individual, licensed or certified by a State to provide medical treatment.''

Medical Emergency

The current regulations define ''medical emergency'' as ''injuries or illnesses which require immediate medical attention to prevent life-threatening or disabling conditions.''

AMS proposed to change the definition of ''medical emergency'' after concerns were raised that the definition was too restrictive and could hinder medical treatment by licensed health care professionals of individuals who may have been exposed to a federally restricted use pesticide. It was not the intent of AMS to limit medical treatment of persons who may have been exposed to a restricted use pesticide. Therefore, AMS proposed that the term ''medical emergency'' be defined as ''a situation that requires immediate medical treatment or first aid.''

AMS received 27 comments concerning the proposed change to the definition of ''medical emergency.'' The commentors who supported the proposed definition stated that the current definition was too restrictive. For example, one commentor stated that the proposed definition ''* * * ensures that all instances of pesticide related illnesses can be appropriately dealt with; that they do not get omitted inadvertently due to an overly narrow definition.'' Another commentor stated, ''Expanding this definition ensures the appropriate care and medical response for all pesticide related illnesses.''

Commentors who opposed the proposed change stated that the current and proposed definitions of ''medical emergency'' are too broad because they encompass illnesses or injuries that have nothing to do with possible pesticide poisonings. One of these commentors stated that ''The definition should refer to and be limited to the related pesticide situation to avoid confusion and misunderstanding.'' However, the comments opposing the change to the definition did support providing the record information when appropriate for pesticide related illness.

AMS agrees that the current definition of ''medical emergency'' is too restrictive and could hinder appropriate medical treatment to individuals who may have been exposed to a federally restricted use pesticide. After considering the comments, we have adopted a definition that is less restrictive than the current definition and provides for more appropriate access to record information for a medical emergency. The definition of ''medical emergency'' in the final rule encompasses situations that require immediate medical treatment or first aid as set forth in the proposal. Further, in response to the comments which stated that the definition was too broad, we added a phrase which limits the definition of medical emergency to situations that require treatment or first aid ''to treat possible symptoms of pesticide poisoning or exposure.''

Therefore, this final rule amends the definition of ''medical emergency'' to read as follows: ''A situation that requires immediate medical treatment or first aid to treat possible symptoms of pesticide poisoning or exposure.''

Section 110.3(a)(6)—Spot Applications

The current pesticide recordkeeping regulations provide reduced requirements for recording information for ''spot applications.'' Section 110.3(a)(6) provides that applications of restricted use pesticides made on the same day in a total area of less than one-tenth (1/10) of an acre require the following elements be recorded: (1) Brand or product name and EPA registration number; (2) total amount applied; (3) location must be designated as ''spot application''; and (4) the date of application. Section 110.3(a)(6) does

not apply to records maintained for greenhouse and nursery applications.

The reduced requirements for recordkeeping information for ''spot applications'' were intended to provide certified applicators with an incentive to record small spot applications on noxious weeds or similar type applications, without recording each location, due to the usually small amount of pesticide associated with a spot application.

After concerns were raised that the required spot application record information was not adequate for medical treatment because a specific location was not required to be recorded for each spot application, AMS proposed to delete section 110.3(a)(6), the spot application record element. By deleting section 110.3(a)(6), spot applications would be recorded in the same manner as all other federally restricted use pesticide applications.

AMS received 35 comments addressing the deletion of the spot application provision. Comments which supported the deletion of the spot application provision generally stated that specific locations can provide important information for medical treatments. For example one commentor stated, ''In cases where an individual may have been poisoned by a spot application, it may be critically important to know the specific location of the application.''

Comments opposing the proposed change stated that it would be extremely difficult to record the specific location of a spot application. For example one commentor stated that ''It would be very difficult, if not impossible, to provide the exact legal description of the area treated.'' Other commentors were concerned that the proposed change would be extremely burdensome to certified applicators, increase their workload and operating costs, and therefore have an economic impact. Other commentors stated that if the recordkeeping requirements become too burdensome, the net result would be non-compliance.

AMS recognizes the importance of location information where an entire field or area has been treated. AMS also recognizes that, in some instances, knowing that a spot application was performed could be valuable information when needed to determine if a possible pesticide exposure could have occurred in a field or area.

Moreover, because the purpose of a spot application is to apply pesticide to a small area targeting a specific pest, such as noxious weeds or an ant mound, it would be impractical to require certified applicators to supply a precise description of each application within a field or production area, in order to make an exact determination if a possible pesticide exposure occurred.

In order to provide information on the location of spot pesticide applications, and avoid a cumbersome recording requirement for such spot applications, this final rule maintains the spot application provision in the regulations, but requires a more detailed description of the location of spot applications to be recorded than is currently required by section 110.3(a)(6). This final rule requires the certified applicator to provide location, designated as ''spot application,'' followed by a concise description of the location and treatment for spot applications of a federally restricted use pesticide. For example, a certified applicator who applied pesticides for noxious weeds could record the location and treatment as ''spot application,'' followed by a concise description such as ''treated thistle over entire farm acreage;'' a certified applicator who treated for fire ants could record the location of the application by stating ''spot application, sprayed fire ant mounds on pastures of lower creek farm.'' The description of the location of spot applications should assist licensed health care professionals to determine whether an individual has been exposed to a federally restricted use pesticide.

Additionally we are making other changes for clarification and consistency between the recordkeeping requirements for spot applications and those for other applications set forth at section 110.3(a)(1–5) which is redesignated in this final rule as section 110.3(a). We are amending section 110.3(a)(6)(iv) from ''the date of application'' to ''the month, day, and year on which the restricted use pesticide application occurred.'' This language is consistent with that used in section 110.3(a)(4).

Accordingly, this final rule amends the spot application provision in section 110.3(a)(6), which is redesignated in this final rule as section 110.3(b), to require certified applicators to maintain records of applications of restricted use pesticides made on the same day in a total area of less than one-tenth (1/10) of an acre. These records must include, for the application, the brand or product name and EPA registration number; total amount applied; location, designated as ''spot application,'' followed by a concise description of location and treatment; and the month, day, and year on which the restricted use pesticide application occurred. This final rule does not change requirements as previously established for greenhouse and nursery applications of restricted use pesticides. The provisions for spot applications do not apply to applications of restricted use pesticides in greenhouses and nurseries. Instead, certified applicators who make applications in greenhouses and nurseries are required to keep all the data elements required by section 110.3(a).

Section 110.3(b)—Time for Making an Official Record

The current regulations provide that the information required for a record shall be recorded within 30 days following the pesticide application.

Concerns were raised regarding the accuracy of the records for both collecting information for a pesticide use data base and for medical treatment if application information was only required to be recorded within 30 days following the pesticide application. AMS responded by proposing that a record of the application of a restricted use pesticide be made within 7 days following the pesticide application.

AMS received 41 comments on this issue. Comments ranged from suggestions that a record be completed upon application, within 24 hours, shortened to 2 days, 3 days, 5 days, 14 days and maintained at the 30 day time period.

Some commentors supported requiring certified applicators to record the required pesticide information within 7 days or less after application of the pesticide in order to have information available for medical treatment of possible pesticide exposure. AMS supports the need to have accurate information available in cases of medical treatment and has addressed these concerns by requiring in section 110.5(a), as amended by this final rule, that certified applicators provide the record information promptly to the atttending licensed health care professional when necessary to provide medical treatment or first aid, and immediately when the attending licensed health care professional determines that there is a medical emergency.

AMS disagrees with those commentors who stated that pesticide application information must be recorded shortly after the pesticide has been applied so that it can be available for medical treatment. The current regulations require certified applicators to provide accurate record information for purposes of providing medical treatment or first aid, in accordance with section 110.5(a), whether or not the time to make a written record has elapsed. This final rule amends the

regulations by adding language which clarifies the certified applicator's responsibility to provide federally restricted use pesticide record information for medical treatment.

AMS also received comments supporting allowing 30 days to record pesticide application information because it was consistent with section 1491(a)(2) of the FACT Act which requires certified commercial applicators to provide a copy of a restricted use application record within 30 days of the application. Although the FACT Act requires certified commercial applicators to provide a copy of the record information to their clients within 30 days of application, it does not provide a time period within which a certified applicator, private or commercial, shall make a record.

In addition, numerous commentors supported the 30 day period to make a record because they believed the 7 days did not provide certified applicators adequate time to make a record in peak production periods. AMS has reevaluated the proposed 7 day time period and agrees that during peak production periods certified applicators could need more time to make accurate records due to the long hours many applicators spend in the field during those periods.

Therefore, to provide a balanced approach to assure accurate information for data collection on federally restricted use pesticides and provide adequate time for certified applicators to make a record, we are amending section 110.3(b), which is redesignated in this final rule as section 110.3(c), to require that certified applicators must complete the record within 14 days following the pesticide application. However, whether or not the written record has been completed, the certified applicator shall provide the information to be recorded in accordance with section 110.5(a).

AMS also received comments from certified commercial applicators objecting to the change in the time frame to provide copies of restricted use application records to clients from 30 days to the proposed 7 days. We did not propose to change, nor does this final rule change the time within which certified commercial applicators must provide clients with copies of records of restricted use applications. Certified commercial applicators are still given 30 days to provide a copy of the federally restricted use application record to their clients.

AMS also received comments requesting clarification of the use of the term ''official record'' in the supplementary information in the proposed rule. The use of the term ''official record'' was incorrect. Its use was our attempt to describe the recording of a pesticide application as required under 7 CFR part 110.

Section 110.5(a)—Availability of Records To Facilitate Medical Treatment

Currently, section 110.5(a) of the rule states: ''When a licensed health care professional determines that any record of the application of restricted use pesticide required to be maintained under § 110.3 of this part is necessary to provide medical treatment or first aid to an individual who may have been exposed to the restricted use pesticide for which the record is maintained, the certified applicator required to maintain the record shall provide the record information and any available label information promptly to the licensed health care professional. If it is determined by a licensed health care professional to be a medical emergency, the record information of the restricted use pesticide relating to the medical emergency shall be provided immediately.''

AMS proposed to amend section 110.5(a) to address concerns that if a strict interpretation was applied to this section, it would require the licensed health care professional to personally make the record information request and possibly hinder access to record information and medical treatment. AMS never intended to prevent an individual acting under the direction of the attending licensed health care professional from requesting record information. We are aware that, in some instances, the attending licensed health care professional may rely on a person acting under his/her direction to make the contacts necessary to obtain the pesticide record information.

In order to clarify the regulations concerning the availability of pesticide record information to facilitate medical treatment, AMS proposed to amend section 110.5(a) to provide that either the licensed health care professional or an individual acting under the direction of the attending licensed health care professional could request record information when necessary to provide medical treatment or first aid. The proposed amendment reads as follows: ''When a licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, determines that any record of the application of restricted use pesticide required to be maintained under § 110.3 of this part is necessary to provide medical treatment or first aid to an individual who may have been exposed to the restricted use pesticide for which the record is or will be maintained, the certified applicator required to maintain the record shall promptly provide the record information and any available label information. If it is determined by a licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, to be a medical emergency, the record information of the restricted use pesticide, relating to the medical emergency, shall be provided immediately.''

AMS received 28 comments regarding proposed section 110.5(a). Most of the commentors supported the proposed change. Additionally, several commentors supported the concept of the proposed amendment, but suggested changes in the proposed language to decrease the possibility of unqualified licensed health care professionals obtaining the record information.

After consideration of the comments, AMS agrees that the proposed language could be more specifically worded to address comments received regarding access to records by licensed health care professionals who may not be qualified to provide treatment for pesticide related illness. Therefore, we are adding the word ''attending'' to licensed health care professional to be consistent throughout the rule and help eliminate request for records or record information from individuals who may be licensed or certified by a state to provide medical treatment or first aid, but are not qualified to provide medical treatment for possible pesticide injury or illness. This final rule amends section 110.5(a) to read as follows:

When the attending licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, determines that any record of the application of a restricted use pesticide required to be maintained under § 110.3 is necessary to provide medical treatment or first aid to an individual who may have been exposed to the restricted use pesticide for which the record is or will be maintained, the certified applicator required to maintain the record shall promptly provide the record information and any available label information. If it is determined by the attending licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, to be a medical emergency, the record information of the restricted use pesticide, relating to the medical emergency, shall be provided immediately.

Section 110.5(b)—Release of Record Information by Licensed Health Care Professionals

Under the current regulations, licensed health care professionals may release record information obtained through section 110.5(a) only when necessary to provide medical treatment or first aid to an individual who may have been exposed to the restricted use pesticide for which the record is maintained. Section 110.5(b) provides: ''No licensed health care professional shall release any record or information from the record obtained under paragraph (a) of this section except as necessary to provide medical treatment or first aid to an individual who may have been exposed to the restricted use pesticide for which the record is maintained.''

Due to concerns that section 110.5(b) was too restrictive, AMS proposed to expand the circumstances under which the pesticide record information could be utilized and released, and to clarify who had the authority to release this information. Accordingly, AMS proposed to amend section 110.5(b) to provide: A licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, may utilize and release the record or record information obtained under paragraph (a) of this section when necessary to provide medical treatment or first aid to an individual or individuals who may have been exposed to the restricted use pesticide for which the record is or will be maintained. Further utilization and release of such record or record information is limited to licensed health care professionals who may use it: (1) To submit pesticide poisoning incident reports to appropriate State or Federal agencies, or (2) where consideration of medical ethics may necessitate such utilization and release.

In general, the comments received supported the proposed amendments to section 110.5(b). However, many comments expressed concern with the use of the term ''medical ethics'' as a criterion for the release of pesticide record information. One commentor stated, ''* * * matters of ethics are, in some respects, shared by a group, but are also inherently personal and subjective.'' Numerous commentors also thought that the use of ''medical ethics'' was vague and were opposed to the proposal unless the phrase was clarified as to what constitutes ''consideration of medical ethics.'' However, the comments generally supported the use of record information by the licensed health care professional if it would prevent further pesticide health hazards.

AMS agrees with the comments stating that the attending licensed health care professional in some instances should be able to utilize pesticide record information to prevent additional poisoning or injuries. AMS also agrees with the commentors that stated that the use of the term ''medical ethics'' is vague and open for broad interpretation. Therefore, the amended language deletes the use of the phrase ''medical ethics.'' Accordingly, this final rule provides the attending licensed health care professional with the ability to release pesticide record information to appropriate agencies when necessary to prevent further injury or illness.

In addition, comments expressed the need to allow licensed health care professionals the flexibility to meet requirements of pesticide poisoning incident reporting. Again, comments generally supported the concept. However, some commentors were concerned about the certified applicator's right to confidentiality in the process of reporting.

AMS agrees that the proposed language can be improved in order to address many of the comments and still provide the needed flexibility to assure that licensed health care professionals can utilize and release the pesticide record information for appropriate reasons.

Therefore, we are amending section 110.5(b) to read as follows:

(1) The attending licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, may utilize and release the record or record information obtained under paragraph (a) of this section when necessary to provide medical treatment or first aid to an individual who may have been exposed to the restricted use pesticide for which the record is or will be maintained. (2) The attending licensed health care professional may release the record or record information to appropriate federal or state agencies that deal with pesticide use or any health issue related to the use of pesticides when necessary to prevent further injury or illness. (3) A licensed health care professional may release the record or record information to submit pesticide poisoning incident reports to appropriate state or federal agencies.

Section 110.7—Penalties

Section 110.7 provides that ''any certified applicator who violates 7 U.S.C. 136i–1 (a), (b), or (c) shall be liable for a civil penalty of not more than $500 in the case of the first offense, and of not less than $1,000 in the case of each subsequent offense, except that the penalty shall be less than $1,000 for a second offense if the Administrator determines that the certified applicator made a good faith effort to comply with this part.''

Several state pesticide regulatory agencies had questions regarding the application of the penalty provisions in section 110.7. After reexamining the issue, AMS proposed to amend section 110.7 to eliminate any ambiguity and make it clear that the Administrator of AMS, or the Administrator's designee, has flexibility in assessing civil penalties. The proposed changes paralleled the language in subsection (d) of the FACT Act. AMS proposed to amend section 110.7 to provide that ''any certified applicator who violates the requirements of 7 U.S.C. 136i–1 (a), (b), or (c) shall be subject to a civil penalty of not more than $500 in the case of the first offense, and in the case of subsequent offenses, be subject to a fine of not less than $1,000 for each violation, except that the penalty shall be less than $1,000 if the Administrator, or his designee, determines that the certified applicator made a good faith effort to comply with this Part.''

Numerous comments supported the proposed amendment. For example, one commentor stated, ''* * * the flexibility to tailor penalties to specific situations and consider the effort made to comply with the regulations are essential elements of good program implementation and enforcement.''

Comments opposing the proposed change asserted that the Secretary of Agriculture should not have the discretion to waive the fine. AMS disagrees. The FACT Act provides the Secretary discretion to determine whether or not a penalty shall be assessed for violations of the FACT Act, and to assess a penalty of less than $1,000 if the Secretary determines that the certified applicator made a good faith effort to comply.

Therefore, we are adopting the proposed language, with some minor changes for clarity. This final rule amends section 110.7 to read as follows: ''Any certified applicator who violates the requirements of 7 U.S.C. 136i–1 (a), (b), or (c) or this part shall be subject to a civil penalty of not more than $500 in the case of the first offense, and in the case of subsequent offenses, be subject to a civil penalty of not less than $1,000 for each violation, except that the civil penalty shall be less than $1,000 if the Administrator determines that the certified applicator made a good faith effort to comply with 7 U.S.C. 136i–1 (a), (b), and (c) and this part.''

Other Comments

We also received a number of comments which are beyond the scope of this rulemaking proceeding, and therefore we are not addressing those comments in this final rulemaking document.

Conclusion

Based upon the rationale in the proposed rule and this rulemaking document, we are adopting the provisions of the proposal as a final rule, except as previously discussed in this document and except for minor editorial changes for clarity.

List of Subjects in 7 CFR Part 110

Pesticide and pests, reporting and recordkeeping requirements.

Therefore, 7 CFR part 110, is amended as follows:

PART 110—RECORDKEEPING ON RESTRICTED USE PESTICIDES BY CERTIFIED APPLICATORS; SURVEYS AND REPORTS

1. The authority citation for part 110 is revised to read as follows:

Authority: 7 U.S.C. 136a(d)(1)(c), 136i–1, and 450; 7 CFR 2.17, 2.50.

2. In § 110.2, the definition of the term ''licensed health care professional'' is amended by adding the phrase ''or certified'' immediately following the word ''licensed''.

3. In § 110.2, the definition of the term ''medical emergency'' is revised to read as follows:

§ 110.2 Definitions.

* * * * *

Medical emergency. A situation that requires immediate medical treatment or first aid to treat possible symptoms of pesticide poisoning or exposure.

* * * * *

4. In § 110.2, the definition of the word ''recordkeeping'' is amended by removing the reference to ''§ 110.3(a)(1) through (6) of this part'' and adding ''§ 110.3(a) and (b)'' in its place.

5. Section 110.3 is amended as follows:

a. Paragraph (a) is revised as set forth below.

b. Paragraphs (b) through (g) are redesignated as paragraphs (c) through (h) respectively.

c. New paragraph (b) is added to read as set forth below.

d. Redesignated paragraph (c) is revised as set forth below.

§ 110.3 Records, retention, and access to records.

(a) Certified applicators of restricted use pesticides shall maintain records of the application of restricted use pesticides. Except as provided in paragraph (b) of this section, these records shall include the following information for each application:

(1) The brand or product name, and the EPA registration number of the restricted use pesticide that was applied;

(2) The total amount of the restricted use pesticide applied;

(3) The location of the application, the size of area treated, and the crop, commodity, stored product, or site to which a restricted use pesticide was applied. The location of the application may be recorded using any of the following designations:

(i) County, range, township, and section;

(ii) An identification system utilizing maps and/or written descriptions which accurately identify location;

(iii) An identification system established by a United States Department of Agriculture agency which utilizes maps and numbering system to identify field locations; or

(iv) The legal property description.

(4) The month, day, and year on which the restricted use pesticide application occurred; and

(5) The name and certification number (if applicable) of the certified applicator who applied or who supervised the application of the restricted use pesticide.

(b) Certified applicators shall maintain records of the application of restricted use pesticides made on the same day in a total area of less than one-tenth (1/10) of an acre. Except for applications of restricted use pesticides in greenhouses and nurseries, to which the requirements of paragraph (a) of this section apply, these records shall include the following information for the application:

(1) The brand or product name, and the EPA registration number of the restricted use pesticide that was applied;

(2) The total amount of the restricted use pesticide applied;

(3) The location of the application, designated as ''spot application,'' followed by a concise description of location and treatment; and

(4) The month, day, and year on which the restricted use pesticide application occurred.

(c) The information required in this section shall be recorded within 14 days following the pesticide application. However, whether or not the written record has been completed, the certified applicator shall provide the information to be recorded in accordance with § 110.5(a).

* * * * *

6. Section 110.5 is revised to read as follows:

§ 110.5 Availability of records to facilitate medical treatment.

(a) When the attending licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, determines that any record of the application of any restricted use pesticide required to be maintained under § 110.3 is necessary to provide medical treatment or first aid to an individual who may have been exposed to the restricted use pesticide for which the record is or will be maintained, the certified applicator required to maintain the record shall promptly provide the record information and any available label information. If it is determined by the attending licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, to be a medical emergency, the record information of the restricted use pesticide, relating to the medical emergency, shall be provided immediately.

(b)(1) The attending licensed health care professional, or an individual acting under the direction of the attending licensed health care professional, may utilize and release the record or record information obtained under paragraph (a) of this section when necessary to provide medical treatment or first aid to an individual who may have been exposed to the restricted use pesticide for which the record is or will be maintained.

(2) The attending licensed health care professional may release the record or record information to appropriate federal or state agencies that deal with pesticide use or any health issue related to the use of pesticides when necessary to prevent further injury or illness.

(3) A licensed health care professional may release the record or record information to submit pesticide poisoning incident reports to appropriate state or federal agencies.

7. Section 110.7 is revised to read as follows:

§ 110.7 Penalties.

Any certified applicator who violates 7 U.S.C. 136i–1 (a), (b), or (c) or this part shall be subject to a civil penalty of not more than $500 in the case of the first offense, and in the case of subsequent offenses, be subject to a civil penalty of not less than $1,000 for each violation, except that the civil penalty shall be less

than $1,000 if the Administrator determines that the certified applicator made a good faith effort to comply with 7 U.S.C. 136i–1 (a) (b), and (c) and this part.

Dated: February 2, 1995.

Lon Hatamiya,

Administrator.

Department of Education

Office of Special Education and Rehabilitative Services; National Institute on Disability and Rehabilitation Research; Notice Reinventing Applications and of a Pre-Application Meeting for a New Award Under the Knowledge Dissemination and Utilization Program (D&U) for Fiscal Year (FY) 1995; Notice

DEPARTMENT OF EDUCATION

[CFDA No.: 84.133D]

Office of Special Education and Rehabilitative Services; National Institute on Disability and Rehabilitation Research; Notice Reinviting Applications and of a Pre-Application Meeting for a New Award Under the Knowledge Dissemination and Utilization Program (D&U) for Fiscal Year (FY) 1995

Purpose: On June 8, 1994 a notice was published in the **Federal Register** at 59 FR 29664 inviting applications for new awards under the D&U program for fiscal year 1995 to train persons with rights and duties under the Americans with Disabilities Act (ADA). Satisfactory applications were not received for the priority areas of (1) ADA Training for Independent Living Centers and (2) State and Local ADA Coordinators and Policymakers. On October 18, 1994 at 59 FR 52524 a notice was published in the **Federal Register** reinviting applications for the priority areas of (1) ADA Training for Independent Living Centers and (2) State and Local ADA Coordinators and Policymakers. Satisfactory applications were not received for the priority area of ADA Training for Independent Living Centers. There is a continuing need for the training project.

The purposes of this notice are to reinvite applications for an ADA training project for Independent Living Centers for fiscal year 1995 and to invite interested parties to participate in a pre-application meeting to discuss the funding priority and receive technical assistance through individual consultation and information about the funding priority. The notice of final funding priority establishing the required activities for this project was published on June 8, 1994 in the **Federal Register** at 59 FR 29664.

Note: The Rehabilitation Act Amendments of 1992 require that each applicant for a project under this competition must demonstrate in its application how it will address the needs of individuals from minority backgrounds who have disabilities.

Eligible Applicants: Parties eligible to apply for grants under this program are public and private nonprofit and for-profit agencies and organizations, including institutions of higher education and Indian tribes and tribal organizations.

Applications Available: April 11, 1995.

Pre-Application Meeting: March 2, 1995. Interested parties are invited to participate in a pre-application meeting to discuss the funding priority for an ADA training project for Independent Living Centers or to receive technical assistance through individual consultation and information about the funding priority. The pre-application meeting to discuss the funding priority will be held at the Department of Education, Office of Special Education and Rehabilitative Services, Switzer Building, Room 3065, 330 C St. SW, Washington, DC between 9 a.m. and 11 a.m. NIDRR staff will also be available at this location from 1:30 p.m. to 5 p.m. on that same day to provide technical assistance through individual consultation and information about the funding priority. NIDRR will make alternate arrangements to accommodate interested parties who are unable to attend the pre-application meeting in person.

Application Deadline: April 17, 1995.

Available Funds: $250,000 per year.

Estimated Number of Awards: 1.

Note: The estimates of funding levels and awards in this notice do not bind the Department of Education to a specific level of funding or number of grants, unless the amount is otherwise specified by statute or regulation.

Project Period: Up to 36 months.

Priority: The D&U ADA Training Project general requirements and final priority on Independent Living Centers published in the **Federal Register** on June 8, 1994 at 59 FR 29664 applies to this competition.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR), 34 CFR parts 74, 75, 77, 78, 80, 81, 82, 85, 86; (b) the regulations for this program in 34 CFR parts 350 and 355; and (c) the notice of final priorities published in the **Federal Register** on June 8, 1994 at 59 FR 29664.

FOR FURTHER INFORMATION CONTACT: In order to obtain further information about the funding priority and the pre-application meeting on March 2, 1995, contact David Esquith, U.S. Department of Education, Room 3424 Switzer Building, 600 Maryland Avenue, SW., Washington, DC 20202. Telephone: (202) 205–8801. Individuals who use a telecommunications device for the deaf (TDD) may call the TDD number at (202) 205–8133.

In order to obtain an application package, contact Dianne Villines, U.S. Department of Education, Room 3417 Switzer Building, 600 Maryland Avenue, SW., Washington, DC 20202. Telephone: (202) 205–9141. Individuals who use a telecommunications device for the deaf (TDD) may call the TDD number at (202) 205–8887.

Information about the Department's funding opportunities, including copies of application notices for discretionary grant competitions, can be viewed on the Department's electronic bulletin board (ED Board), telephone (202) 260–9950; or on the Internet Gopher Server at GOPHER.ED.GOV (under Announcements, Bulletins, and Press Releases). However, the official application notice for a discretionary grant competition is the notice published in the **Federal Register**.

Program Authority: 29 U.S.C. 761a and 762.

Dated: February 6, 1995.

Howard R. Moses,

Acting Assistant Secretary for Special Education and Rehabilitative Services.

Department of the Interior

Bureau of Indian Affairs

Costanoan Ohlone Rumsen-Mutsun Tribe; Receipt for Federal Acknowledgement of Existence as an Indian Tribe; Notice

DEPARTMENT OF THE INTERIOR

Bureau of Indian Affairs

Costanoan Ohlone Rumsen-Mutsun Tribe; Receipt of Petition for Federal Acknowledgment of Existence as an Indian Tribe

This is published in the exercise of authority delegated by the Secretary of the Interior to the Assistant Secretary—Indian Affairs by 209 DM 8.

Pursuant to 25 CFR 83.8(a)(formerly 25 CFR 54.8(a)) notice is hereby given that the

Costanoan Ohlone Rumsen-Mutsun Tribe, c/o Patrick Orozco, 110 Dick Phelps Road, Watsonville, California 95076

has filed a petition for acknowledgment by the Secretary of the Interior that the group exists as an Indian tribe. The petition was received by the Bureau of Indian Affairs (BIA) on December 7, 1994, and was signed by members of the group's governing body.

This is a notice of receipt of petition and does not constitute notice that the petition is under active consideration. Notice of active consideration will be sent by mail to the petitioner and other interested parties at the appropriate time.

Under § 83.8(d) (formerly § 54.8(d)) of the Federal regulations, interested parties may submit factual and/or legal arguments in support of or in opposition to the group's petition. Any information submitted will be made available on the same basis as other information in the BIA's files. Such submissions will be provided to the petitioner upon receipt by the BIA. The petitioner will be provided an opportunity to respond to such submissions prior to a final determination regarding the petitioner's status.

The petition may be examined, by appointment, in the Department of the Interior, Bureau of Indian Affairs, Branch of Acknowledgment and Research, Room 1362–MIB, 1849 C Street, NW., Washington, DC 20240, Phone: (202) 208–3592.

Dated: January 24, 1995.

Bureau of Indian Affairs

The Chicora-Waccamaw Indian People; Receipt for Federal Acknowledgment of Existence as an Indian Tribe; Notice

DEPARTMENT OF THE INTERIOR

The Chicora-Waccamaw Indian People; Receipt of Petition for Federal Acknowledgment of Existence as an Indian Tribe

This is published in the exercise of authority delegated by the Secretary of the Interior to the Assistant Secretary—Indian Affairs by 209 DM 8.

Pursuant to 25 CFR 83.8(a) (formerly 25 CFR 54.8(a)) notice is hereby given that the Chicora-Waccamaw Indian People, 1903 Oak Street Extension, Conway, South Carolina 29526, has filed a petition for acknowledgment by the Secretary of the Interior that the group exists as an Indian tribe. The petition was received by the Bureau of Indian Affairs (BIA) on October 5, 1994, and was signed by members of the group's governing body.

This is a notice of receipt of petition and does not constitute notice that the petition is under active consideration. Notice of active consideration will be sent by mail to the petitioner and other interested parties at the appropriate time.

Under Section 83.8(d) (formerly 54.8(d)) of the Federal regulations, interested parties may submit factual and/or legal arguments in support of or in opposition to the group's petition. Any information submitted will be made available on the same basis as other information in the BIA's files. Such submissions will be provided to the petitioner upon receipt by the BIA. The petitioner will be provided an opportunity to respond to such submissions prior to a final determination regarding the petitioner's status.

The petition may be examined, by appointment, in the Department of the Interior, Bureau of Indian Affairs, Branch of Acknowledgment and Research, Room 1362–MIB, 1849 C Street, N.W., Washington, D.C. 20240, Phone: (202) 208–3592.

Dated: January 24, 1995.

Ada E. Deer,

Assistant Secretary—Indian Affairs.

Benefit Reforms for Individuals Disabled Based on Drug Addiction or Alcoholism; Interim Final Rule

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Social Security Administration

20 CFR Parts 404 and 416

[Regulations Nos. 4 and 16]

RIN 0960–AD96

Federal Old-Age, Survivors, and Disability Insurance and Supplemental Security Income for the Aged, Blind, and Disabled; Benefit Reforms for Individuals Disabled Based on Drug Addiction or Alcoholism

AGENCY: Social Security Administration, HHS.

ACTION: Interim final rules with request for comments.

SUMMARY: The Social Security Independence and Program Improvements Act of 1994 contains provisions affecting the payment of benefits under titles II and XVI of the Social Security Act (the Act) to individuals whose drug addiction or alcoholism is a contributing factor material to the determination of disability. These interim final rules implement certain provisions related to limitations on benefit payments and the nonpayment and termination of benefits to these individuals.

DATES: These interim final rules are effective on March 1, 1995. To be sure that your comments are considered, we must receive them no later than April 11, 1995.

ADDRESSES: Comments should be submitted in writing to the Commissioner of Social Security, Department of Health and Human Services, P.O. Box 1585, Baltimore, MD 21235, sent by telefax to (410) 966–2830, or delivered to the Division of Regulations and Rulings, Social Security Administration, 3–B–1 Operations Building, 6401 Security Boulevard, Baltimore, MD 21235, between 8:00 a.m. and 4:30 p.m. on regular business days. Comments received may be inspected during these hours by making arrangements with the contact person shown below.

FOR FURTHER INFORMATION CONTACT: Regarding this **Federal Register** document—Richard M. Bresnick, Legal Assistant, Division of Regulations and Rulings, Social Security Administration, 6401 Security Boulevard, Baltimore, MD 21235, (410) 965–1758; regarding eligibility or filing for benefits—our national toll-free number, 1–800–772–1213.

SUPPLEMENTARY INFORMATION:

History

In 1972, Public Law (Pub. L.) 92–603 established the supplemental security income (SSI) program under title XVI of the Act. Aside from disability for children under age 18 and blindness, the Act provided the same definition of disability for individuals under title XVI as it does under title II. However, the SSI program included special provisions for disabled persons medically determined to be drug addicts or alcoholics. As implemented, those provisions applied to individuals whose drug addiction or alcoholism (DAA) was a contributing factor material to the determination that they were disabled (disabled based on DAA). The SSI provisions stated that an individual determined to be disabled based on DAA could receive SSI benefits only if he or she underwent appropriate treatment for the substance addiction when it was available and received payments through a representative payee.

The 1972 legislation also required the Secretary of Health and Human Services (the Secretary) to provide for the monitoring and testing of these individuals to assure compliance with treatment and to determine how the imposition of the treatment requirement contributes to the achievement of program purposes. The Secretary also was required to submit an annual report to Congress on the treatment and compliance of affected SSI recipients.

Prior to the passage of the Social Security Independence and Program Improvements Act of 1994, Pub. L. 103–296, enacted on August 15, 1994, there were no special program rules for Social Security beneficiaries whose medically determined drug addiction or alcoholism was a contributing factor material to the determination of disability.

New Legislation

The amendments made to the Act by section 201 of Pub. L. 103–296 introduced several new requirements and limitations for SSI recipients disabled based on DAA and applied similar requirements and limitations to Social Security beneficiaries disabled based on DAA, as well. These requirements and limitations are, in part, intended to discourage individuals from using Social Security or SSI benefits to support an addiction, as well as encourage the treatment and rehabilitation of individuals disabled based on DAA.

Section 201(a) of Pub. L. 103–296 contains the title II provisions related to DAA and section 201(b) contains the corresponding SSI provisions. The new requirements and changes under both programs for individuals disabled based on DAA include:

- Paying benefits to a representative payee;
- A preference for selecting certain types of organizational payees, inclusion of certain State and local government agencies as qualified organizations, making permanent the provision authorizing certain qualified organizations to collect a fee from beneficiaries for whom they serve as representative payees, and increasing the upper limit of the fee that organizational payees can charge persons disabled based on DAA;
- Requiring both Social Security and SSI recipients who are disabled based on DAA to undergo appropriate substance abuse treatment, if available;
- Suspending benefits for months in which there is a failure to comply with appropriate, available treatment and requiring that individuals must demonstrate compliance with that treatment for a specified period of time before payments can resume;
- Terminating benefits after 12 consecutive months of suspension for noncompliance (the individual may reapply and receive disability benefits based on DAA for the remainder of the 36-month limit described below);
- Monitoring and testing of individuals to assure compliance;
- Establishing at least one referral and monitoring agency (RMA) in every State to identify appropriate treatment placements, to refer individuals disabled based on DAA to treatment and to monitor compliance with such treatment;
- Paying past-due benefits in installments, with a limited exception for individuals with outstanding debts related to housing who are at a high risk of homelessness;
- A 36-month limit on the payment of benefits beginning with the March 1995 payment month, with some differences between the title II and SSI programs as to how the months are counted (months of suspension will not be counted in the 36 months for either program);
- A ''sunset date'' of September 2004 for the 36-month limit on the payment of benefits;
- Continued Social Security benefit payments to auxiliaries after a disabled wage earner's benefits are suspended for failure to comply with treatment requirements or when entitlement is terminated after the 36 months, as long as the wage earner continues to be disabled;

• Continuation of beneficiary status for purposes of Medicare and Medicaid coverage during periods of suspense for noncompliance and after eligibility or entitlement is terminated after 36 months of benefits are paid, as long as the individual remains disabled.

Many of these provisions are effective for benefits payable for months beginning March 1, 1995. Implementing regulations for certain statutory provisions must be issued by February 11, 1995, 180 days after enactment, and are included in these interim final rules. For those statutory provisions not requiring final regulations by February 1995, principally those concerning representative payment, we will publish a separate notice of proposed rulemaking (NPRM) in the **Federal Register**.

These interim final regulations affect all disabled individuals whose drug addiction or alcoholism is a contributing factor material to the determination of disability, including those who were found eligible for title II or SSI benefits before March 1, 1995. By March 1, 1995, the Social Security Administration (SSA) will have sent notices to these individuals of the changes in the Act which affect them, as required by section 201 of Pub. L. 103–296. At the same time, SSA also will have sent notices to the representative payees of these individuals who have them.

Congressional Direction to Consult With Experts

Section 201 of Pub. L. 103–296 directed the Secretary to consult with drug and alcohol treatment professionals in formulating regulations defining appropriate treatment for individuals subject to the new provisions and establishing guidelines for the review and evaluation of compliance and progress. On August 24–25, 1994, SSA convened a meeting in Hunt Valley, Maryland of substance abuse treatment professionals from across the nation to gain their individual views on devising the new and revised regulations. During this meeting, a wide range of substance abuse-related topics was discussed, but the focus was on the legislative requirements to treat and monitor this disabled population. In addition, SSA has written directly to numerous professional organizations, individual treatment professionals, public advocacy organizations, RMAs, and others with knowledge of substance abuse-related issues seeking their views on treatment and compliance questions and issues to gain balanced input on general contemporary treatment philosophies.

On October 17, 1994, SSA published in the **Federal Register** a Notice of Intent with Request for Comments (59 FR 52380) to solicit public comments about the legislative requirements imposed by Pub. L. 103–296 and the regulations SSA is required to promulgate. The comment period closed on November 16, 1994.

The comments we have received from all of these varied sources have proved to be invaluable in revising the rules relating to individuals under a disability when drug addiction or alcoholism is a contributing factor material to the determination of disability.

What the Experts and Other Public Commenters Told Us

We solicited the views of experts in the field of substance abuse treatment, as required by Pub. L. 103–296. We received valuable input from treatment professionals and administrators at the August 24–25 meeting and subsequently received written comments from many of the attendees. While we were interested in receiving the views of the experts and other members of the public on all issues related to the DAA provisions, we sought specific input from the discussions and the Notice of Intent published October 17, 1994, on the following issues:

• The definition of ''appropriate'' treatment for DAA;

• The definition of when treatment is ''available'';

• How to define and evaluate ''progress'' in treatment;

• How to evaluate ''compliance'' with treatment;

• The frequency with which RMAs should monitor an individual's compliance with his/her treatment plan;

• The definition of ''good cause'' for an individual's failure to comply with the treatment requirements; and

• The costs and benefits to be realized from the provisions.

In response to the Notice of Intent, we received comments from 56 individuals and groups. Commenters from State and local governments ranged from State RMAs to Social Service Agencies, Medicaid Agencies, and county government offices. Two national associations of directors of State governmental entities also provided comments. In addition, several treatment facilities, legal services organizations, and individual attorneys commented on the Notice of Intent.

We have carefully considered all of the comments in developing these interim final regulations.

Appropriate Treatment

Most commenters defined appropriate substance abuse treatment as a continuum of services to individuals with alcohol and other drug problems. Many commenters believed that appropriate treatment is that which serves the individual's needs in the least restrictive setting consistent with an individualized treatment plan. A significant number of commenters expressed the view that appropriate treatment can be defined only on an individualized basis by treatment professionals since there is no one modality that will work for every client disabled based on DAA. Accordingly, various commenters advised SSA to refrain from promulgating specific regulatory guidelines. Rather, they suggested that the determination of ''appropriate'' treatment should be within the purview of treatment professionals, circumscribed by very general guidelines provided by SSA. Many commenters stated that client participation in 12-step programs such as Alcoholics Anonymous is not, in and of itself, appropriate treatment. While such programs may be part of an overall treatment plan, because of their nature, they are not treatment.

Available Treatment

Many commenters believed that the definition of ''availability'' of substance abuse treatment should be a broadly inclusive definition to assure that the client can in fact avail himself or herself of appropriate treatment. Many commenters offered a list of factors that should be used in determining availability of treatment: location of the facility, availability and affordability of transportation, child care, the client's general health, particular condition and circumstances, language and cultural appropriateness.

There was a division among commenters as to whether one component of ''available'' should be whether the treatment was without cost to the client. Some commenters were of the view that treatment must be without cost in order to be ''available.'' Others thought that the client should be required to make some investment in the treatment program by paying for some or all of the cost of treatment, depending upon the type of treatment and the client's circumstances.

Evaluating Progress in Treatment

Generally, commenters posited that it would be difficult to construct one definition or method by which to measure individuals' progress in treatment. A large organization of State

program administrators and others commented that no universally accepted tool existed to measure individuals' progress in substance abuse treatment. Due to the lack of a universally acceptable tool to measure progress, other commenters were of the view that treatment professionals should evaluate whether progress is made according to very general rules set out by SSA. A few commenters provided suggestions for some of the elements in the measurement of progress, including abstinence from alcohol and drug use, a reduction in the use of emergency medical services, an increase in educational or vocational rehabilitation activities, and avoidance of criminal activity.

Evaluating Compliance With Treatment

The commenters favored general rather than specific rules governing compliance with the treatment requirements. Several commenters were of the view that compliance means that an individual follows his or her individual treatment plan. Accordingly, the treatment professional is in the best position to evaluate compliance. One legal services organization was concerned that SSA retain the ultimate responsibility for determining compliance. One aspect of compliance is the issue of requiring alcohol and drug testing. A few commenters recommended that SSA mandate drug tests for beneficiaries in treatment. Several commenters, including one of the large national organizations of State administrators, advised against mandatory drug testing. In their view, the need for and frequency of drug testing should be determined by the treatment professional in accordance with an individualized treatment plan. Concern was expressed about the cost of mandatory drug testing and inaccuracies inherent in drug testing results.

Good Cause for Failure to Comply With Treatment

Many commenters supported an expansive list of factors that would be considered ''good cause'' for noncompliance with the treatment requirements, such as medical problems, lack of transportation, or personal or family tragedies. Some commenters thought that the treatment provider was in the best position to evaluate if the client had ''good cause'' for noncompliance. A minority of commenters supported a very restrictive definition because of their concern that ''good cause'' factors could be manipulated by individuals in treatment.

Costs and Benefits

Few commenters provided information on the potential costs and benefits of the provisions. Commenters provided a range of estimated costs for drug testing expenses.

Other Comments

Many commenters expressed concerns regarding a number of operational issues which are not the subject of these regulations. Although these concerns are not regulatory issues, they have been considered carefully in the development of our operating procedures.

Explanation of Revisions

These interim final regulations amend §§ 404.315, 404.316, 404.321, 404.332, 404.335, 404.337, 404.350, 404.352, 404.402, 404.902, 416.202, 416.213, 416.262, 416.265, 416.535, 416.542, 416.558, 416.601, 416.610, 416.935, 416.936, 416.937, 416.938, 416.939, 416.1123, 416.1326, 416.1331, 416.1335, 416.1402 and 416.1725 and create new §§ 404.470, 404.480, 404.1535, 404.1536, 404.1537, 404.1538, 404.1539, 404.1540, 404.1541, 416.544, 416.940 and 416.941 to reflect the statutory changes.

Section 404.315 is revised to add a new paragraph explaining the prohibition against reentitlement to disability benefits based on DAA after receiving 36 months of disability benefits on the basis of that impairment.

Sections 404.316 and 404.321 have been amended to include an explanation of the 36-month benefit limit and the termination of benefits for 12 consecutive months of noncompliance in cases in which drug addiction or alcoholism is a contributing factor material to the determination of disability.

Section 404.332 is revised to state that, if the insured person is disabled based on DAA and benefits terminate because of noncompliance with treatment or because of the 36-month benefit limit, benefits to the spouse will continue, provided the insured person remains disabled.

Section 404.335 provides that, if benefits to a widow(er) who is disabled based on DAA are terminated after 36 months of benefits, that person cannot become entitled again to widow(er)'s benefits if drug addiction or alcoholism is a contributing factor material to the later determination of disability.

Section 404.337 explains that, if the widow(er)'s entitlement to benefits is based on DAA, benefits will terminate after 12 consecutive months of suspension for noncompliance with treatment or, unless otherwise disabled without regard to drug addiction or alcoholism, after having received 36 months of payment.

Section 404.350 is revised to state that, if the entitlement of a disabled child age 18 or over whose disability was based on DAA terminates because of the 36-month benefit limit, the child may not be entitled again to benefits based on a disability if drug addiction or alcoholism is a contributing factor material to the later determination of disability.

Section 404.352 states that, if the disability of a disabled child age 18 or over is based on DAA and his or her benefits have been suspended for a period of 12 consecutive months for failure to comply with treatment, those benefits will terminate with the month following the 12-month period of suspension. Likewise, if, after receiving 36 months of benefits based on DAA, the child would not otherwise be disabled without regard to drug addiction or alcoholism, benefits based on disability will be terminated with the month following the 36th month of payment. If the disabled child is receiving benefits on the record of a wage earner whose disability was based on DAA and benefits to the wage earner end because of noncompliance with treatment or 36 months of benefits have been paid, benefits to the child will continue, provided the insured person would have remained entitled to benefits but for the operation of this provision.

Section 404.402 is revised to include nonpayments because of drug addiction or alcoholism in the list of deductions, reductions, and adjustment events which are considered before computing any applicable reduction for the family maximum.

Sections 404.470 and 416.1725 explain the nonpayment ramifications for beneficiaries disabled based on DAA who fail to comply with the rules regarding available treatment for drug addiction or alcoholism. Benefits will be suspended beginning with the first month after we notify the individual of a determination of noncompliance with the treatment requirements. Benefits will be terminated after 12 consecutive months of suspension for noncompliance.

Sections 404.480 and 416.544 explain that past-due benefits must be paid in installments. Accrued unpaid benefits must be paid in installments so that the total monthly payment including the installment generally does not exceed two times the monthly benefit amount. These sections also explain the exception to the limitation if the

beneficiary has unpaid housing debts which put him or her at high risk of homelessness. We consider an individual to be at high risk of homelessness if continued nonpayment of housing expenses is likely to result in the individual losing a place to live. We also consider an individual who is already homeless to be among those at high risk of homelessness.

Section 404.902 is revised to expand the list of administrative actions that are initial determinations to include determinations about drug addiction or alcoholism.

Sections 404.1535 and 416.935 explain the process by which a determination is made that drug addiction or alcoholism is a contributing factor material to the determination of disability.

Sections 404.1536 and 416.936 explain the treatment requirements and the consequences of noncompliance with these requirements for individuals disabled based on DAA. For consistency between programs, especially for individuals who receive concurrent title II and SSI benefits, we extend to title II beneficiaries the current SSI policy that individuals referred for treatment generally are not expected to pay for the treatment.

Sections 404.1537 and 416.937 explain what we mean by appropriate treatment for these individuals and give examples of appropriate treatment modalities.

Sections 404.1538 and 416.938 explain what we mean by approved institutions or facilities for providing the appropriate treatment.

Sections 404.1539 and 416.939 describe the factors we will consider in determining the availability of treatment.

Sections 404.1540 and 416.940 explain how we intend to assess compliance with prescribed treatment, including measuring progress with the treatment.

Based upon our contact with treatment professionals and administrators, we deemed it best that our regulations not attempt to provide exhaustive guidelines for determining what constitutes appropriate treatment and definitive methods of measuring progress. These particular concepts are inherent parts of the treatment program, which must be developed by the treatment professional for each individual. Thus, in these regulatory sections, we have provided broad rather than narrow guidelines in these areas.

Sections 404.1541 and 416.941 delineate the functions and responsibilities of the RMAs. The RMAs' duties include making treatment referrals and monitoring compliance with prescribed treatment. The contractual agreements with the RMAs will set forth their functions and responsibilities in much more detail.

In carrying out their functions and responsibilities, the RMAs will work closely with State alcohol and other drug abuse agencies, which often are the focal point for the delivery of publicly funded services to SSI beneficiaries.

Section 416.202 has been revised to reflect the new provision that an individual disabled based on DAA is not eligible for SSI benefits if he or she has previously received 36 months of Social Security benefits when treatment was available or 36 months of SSI benefits based on DAA.

Section 416.213 is revised to state that an individual disabled based on DAA who refuses or does not follow available and appropriate treatment for drug addiction or alcoholism will not receive SSI benefits until he or she has demonstrated compliance with treatment requirements for the period specified in the revised rules in § 416.1326. The section also explains in detail the eligibility requirement that an individual cannot receive SSI benefits on the basis of disability based on DAA if he or she has already received 36 months of SSI or Social Security benefits on the same basis. The section contains references to other SSI and Social Security regulatory sections which explain how the 36 months are calculated for each of those programs.

Sections 416.262 and 416.265 have been revised to explain that individuals who are disabled based on DAA may be eligible for SSI payments, including special SSI cash benefits, and special SSI eligibility status for a total of 36 months.

Section 416.535 is revised to include cross-references to the SSI regulatory sections which state the rules on the installment payment of past-due benefits for individuals who are disabled based on DAA.

Section 416.542 is revised to explain that, if an underpaid recipient disabled based on DAA is alive, the amount of any underpayments due the recipient will be paid to his or her representative payee. No underpayments may be paid to the recipient.

Section 416.558 is revised by adding to paragraph (a) a reference to the new § 416.544, and by adding a new paragraph (c) to explain that, whenever a decision is made about the amount of any benefits due for a past period that should be paid in installments, the written notice which is sent to the individual and the individual's representative payee will also explain the amount of the installment payment and when an increased initial installment payment may be made.

The last sentence of paragraph (b)(1) of § 416.601 and paragraph (a)(3) of § 416.610 are revised to update the language referring to an individual ''medically determined to be a drug addict or an alcoholic.'' We now refer to individuals for whom ''drug addiction or alcoholism is a contributing factor material to the determination of disability.'' This does not change the meaning in any way; it merely makes the terminology consistent with that used throughout these regulations.

Paragraph (d) of § 416.1123, which discusses how we count retroactive monthly Social Security benefits as unearned income, is revised to address the counting of such benefits when they are paid in installments. New installment requirements for past-due benefits for individuals disabled based on DAA are explained in § 416.544. Because of those requirements, SSA generally will be precluded from paying at one time all past-due benefits remaining after reimbursing a State for interim assistance (when appropriate). Paragraph (d)(2) explains that the total of retroactive Social Security benefits paid in installments to individuals disabled based on DAA which is countable income after the rules in paragraph (d)(1) are applied will be counted as unearned income only in the first month they are paid.

In enacting section 201 of Pub. L. 103–296, Congress evidenced no intent to change the manner in which past-due Social Security benefits are counted for SSI purposes, but instead intended to reduce the likelihood that the past-due benefits would be used by the beneficiary in a way that would support continuing substance abuse. By counting retroactive benefits paid in installments as if received in a lump sum in the first month of payment, the SSI recipient will be at risk of losing SSI (and possibly Medicaid) eligibility for at most 1 month because of the receipt of those benefits, as is now the case. The alternative method of counting these past-due benefits—month by month as the installments are received—would result, in many cases, in the loss of eligibility for both SSI and Medicaid for the entire period during which the installments are paid. A loss of eligibility for Medicaid could severely limit the accessibility of treatment for drug addiction or alcoholism and thus undermine the intent of the legislation. Accordingly, these regulations make no change in the way past-due benefits are counted for SSI purposes; past-due benefits will continue to be counted as

if received in a lump sum even when received in installments.

Section 416.1326 has been revised to explain that SSI benefits for individuals disabled based on DAA will be suspended for noncompliance with treatment requirements effective the first month after notification of noncompliance. Suspension of SSI benefits will continue until the recipient demonstrates compliance with treatment for specified periods; a minimum of 2 months, 3 months, and 6 months, respectively, for the first, second, and third and additional determinations of noncompliance. Suspension of benefits for 12 consecutive months, for any reason, will result in termination of benefits.

Section 416.1331, which addresses termination of disability benefits, has been revised. New paragraph (c) discusses termination after 12 months of suspension for noncompliance. New paragraph (d) describes the limit of 36 months on benefits and that this limit is no longer effective for benefits for months beginning after September 2004. New paragraph (e) explains what months are counted in determining the 36 months of benefits.

Section 416.1335, which discusses termination due to continuous suspension for ineligibility, has been amended by changing the language to explain that SSI benefits will be terminated after 12 months of suspension, even when some or all of the suspension months are due to suspense for noncompliance, as defined in § 416.1326.

Paragraph (d) of § 416.1402 is revised to update the language referring to an individual ''determined to be a drug addict or an alcoholic.'' We now refer to an individual for whom ''drug addiction or alcoholism is a contributing factor material to the determination of disability.'' This does not change the meaning in any way; it merely makes the terminology consistent with that in the new legislation and used throughout these regulations.

Regulatory Procedures

The Department of Health and Human Services, even when not required by statute, as a matter of policy generally follows the Administrative Procedure Act (APA) NPRM and public comment procedures specified in 5 U.S.C. 553 in the development of its regulations. The APA provides exceptions to its notice and comment procedures when an agency finds that there is good cause for dispensing with such procedures on the basis that they are impracticable, unnecessary, or contrary to the public interest. In the case of these interim final rules, we have determined that under 5 U.S.C. 553(b)(B), good cause exists for waiving the NPRM procedures.

Pub. L. 103–296 was signed into law on August 15, 1994. Sections 201(a)(3)(E)(i) and 201(b)(3)(E)(i) of Pub. L. 103–296 require the Secretary to issue regulations necessary to carry out those amendments made by section 201 which are the subject of these interim final rules by February 11, 1995. In addition, the legislation requires that the Secretary consult with drug and alcohol treatment professionals in developing certain aspects of these regulations with regard to defining appropriate substance abuse treatment and establishing guidelines to review and evaluate compliance with treatment and measures of progress. Accordingly, to undertake the required consultation process and also issue these rules as an NPRM would have delayed issuance of final rules until well past the statutory deadline of February 11, 1995. In light of these constraints, we solicited public comments on the regulations needed to implement certain aspects of this new legislation by publishing a Notice of Intent with Request for Comments on October 17, 1994 (59 FR 52380), and allowed adequate time to give the comments received in response to that notice our full consideration.

In addition, publishing interim final regulations will permit the timely and effective implementation of the new provisions for recipients whose drug addiction or alcoholism is a contributing factor material to the determination of disability. Such implementation may allow some recipients to get into available treatment for their addictions sooner. This will benefit both the recipients and the public at large.

In light of the Congressional mandate that we issue regulations needed to carry out these statutory provisions no later than February 11, 1995, we believe that, under the APA, good cause exists for waiver of the prior notice procedures since issuance of proposed rules would be impracticable and contrary to the public interest. While we are issuing these rules as interim final regulations, we are interested in receiving public comments regarding the substance of these interim rules.

Executive Order 12866

These interim final rules reflect and implement most of the provisions of sections 201(a) and 201(b) of Pub. L. 103–296. The Office of Management and Budget (OMB) has reviewed these interim final rules and determined that they meet the criteria for a significant regulatory action under E.O. 12866. Therefore, we prepared and submitted to OMB, separately from the interim final rules, an assessment of the potential costs and benefits of this regulatory action. This document also contains an analysis of alternative policies we considered and chose not to adopt. This assessment is available for review by members of the public.

Regulatory Flexibility Act

We certify that these regulations will not have a significant economic impact on a substantial number of small entities because they affect individuals' eligibility for program benefits under the Social Security Act. Therefore, a regulatory flexibility analysis as provided in Pub. L. 96–354, the Regulatory Flexibility Act, is not required.

Paperwork Reduction Act

These interim final rules contain information collection requirements in §§ 404.480, 404.1540, 404.1541, 416.544, 416.940, and 416.941. As required by the Paperwork Reduction Act of 1980, we will submit a copy of these information collection requirements to OMB for its review. Organizations and individuals desiring to submit comments on these information collection requirements should direct them to the Office of Information and Regulatory Affairs, OMB, New Executive Office Building, Room 3208, Washington, D.C. 20503, Attention: Desk Officer for HHS. The public reporting burden for the collections of information in §§ 404.480 and 416.544 is estimated to average 4 minutes per response. The burden for §§ 404.1540, 404.1541, 416.940, and 416.941 is estimated to average 5 minutes per response for one form for each beneficiary annually, and 10 minutes per response for another form for each beneficiary monthly. These include the time it will take to read the instructions, gather the necessary facts, and provide the information. For §§ 404.480 and 416.544 we expect approximately 2,400 beneficiaries or recipients to provide responses and estimate the total annual burden to be 160 hours. For §§ 404.1540, 404.1541, 416.940, and 416.941 we expect responses from treatment providers through approximately 52 RMAs on behalf of approximately 184,000 beneficiaries or recipients and estimate the total annual burden to be 395,600 hours. If you have any comments or suggestions on these estimates, write to the Social Security Administration, Attention: Reports Clearance Officer, 1–A–21 Operations Building, 6401

Security Boulevard, Baltimore, MD 21235.

Dated: December 22, 1994.

Shirley S. Chater,

Commissioner of Social Security.

Approved: February 2, 1995.

Donna E. Shalala,

Secretary of Health and Human Services.

For the reasons set forth in the preamble, part 404, subparts D, E, J, and P of chapter III of title 20 of the Code of Federal Regulations are amended as set forth below.

PART 404—FEDERAL OLD-AGE, SURVIVORS, AND DISABILITY INSURANCE (1950–)

1. The authority citation for subpart D of part 404 is revised to read as follows:

Authority: Secs. 202, 203(a) and (b), 205(a), 216, 223, 225, 228(a) through (e), and 1102 of the Social Security Act; 42 U.S.C. 402, 403 (a) and (b), 405(a), 416, 423, 425, 428(a) through (e), and 1302.

2. Section 404.315 is amended by redesignating the introductory test as paragraph (a) and adding a heading to it, redesignating former paragraphs (a) through (d) as paragraphs (a)(1) through (a)(4), and adding a new paragraph (b) to read as follows:

§ 404.315 Who is entitled to disability benefits.

(a) *General.* * * *

* * * * *

(b) *Prohibition against reentitlement to disability benefits if drug addiction or alcoholism is a contributing factor material to the determination of disability.* You cannot be entitled to a period of disability payments if drug addiction or alcoholism is a contributing factor material to the determination of disability and your earlier entitlement to disability benefits on the same basis terminated after you received benefits for 36 months during which treatment was available.

3. Section 404.316 is amended by adding paragraphs (e) and (f) to read as follows:

§ 404.316 When entitlement to disability benefits begins and ends.

* * * * *

(e) If drug addiction or alcoholism is a contributing factor material to the determination of disability as described in § 404.1535, you may receive disability benefits on that basis for no more than 36 months regardless of the number of entitlement periods you may have. Not included in these 36 months are months in which treatment for your drug addiction or alcoholism is not available, months before March 1995, and months for which your benefit payments were suspended for any reason. Benefits to your dependents may continue after the 36 months of benefits if, but for the operation of this paragraph, you would otherwise be entitled to benefits based on disability. The 36-month limit is no longer effective for benefits for months beginning after September 2004.

(f) If drug addiction or alcoholism is a contributing factor material to the determination of disability as described in § 404.1535 and your disability benefits are suspended for 12 consecutive months because of your failure to comply with treatment requirements, your disability benefits will be terminated effective the first month after such 12-month period. Benefits to your dependents may continue after the 12-month period if, but for the operation of this paragraph, you would otherwise be entitled to benefits based on disability.

4. Section 404.321 is amended by adding paragraph (d) to read as follows:

§ 404.321 When a period of disability begins and ends.

* * * * *

(d) *When drug addiction or alcoholism is a contributing factor material to the determination of disability.* (1) Your entitlement to receive disability benefit payments ends the month following the month in which, regardless of the number of entitlement periods you may have had based on disability where drug addiction or alcoholism is a contributing factor material to the determination of disability (as described in § 404.1535)—

(i) You have received a total of 36 months of disability benefits. Not included in these 36 months are months in which treatment for your drug addiction or alcoholism is not available, months before March 1995, and months for which your benefits were suspended for any reason; or

(ii) Your benefits have been suspended for 12 consecutive months because of your failure to comply with treatment requirements.

(2) For purposes other than payment of your disability benefits, your period of disability continues until the termination month as explained in § 404.325.

5. Section 404.332 is amended by adding a sentence to the end of paragraph (b)(5) to read as follows:

§ 404.332 When wife's and husband's benefits begin and end.

* * * * *

(b) * * *

(5) * * * Exception: Your benefits will continue if the insured person was entitled to disability benefits based on a finding that drug addiction or alcoholism was a contributing factor material to the determination of his or her disability (as described in § 404.1535), the insured person's benefits ended after 36 months of benefits (see § 404.316(e)) or 12 consecutive months of suspension for noncompliance with treatment (see § 404.316(f)), and but for the operation of these provisions, the insured person would remain entitled to benefits based on disability.

* * * * *

6. Section 404.335 is amended by removing the word ''and'' at the end of paragraph (c)(2), adding the word ''and'' after the semicolon at the end of paragraph (c)(3), and adding a new paragraph (c)(4) to read as follows:

§ 404.335 Who is entitled to widow's or widower's benefits.

* * * * *

(c) * * *

* * * * *

(4) You have not previously received 36 months of payments based on disability when drug addiction or alcoholism was a contributing factor material to the determination of disability (as described in § 404.1535), regardless of the number of entitlement periods you may have had, or your current application for widow(er)'s benefits is not based on a disability where drug addiction or alcoholism is a contributing factor material to the determination of disability.

* * * * *

7. Section 404.337 is amended by adding a new sentence at the end of paragraph (b)(2) to read as follows:

§ 404.337 When widow's and widower's benefits begin and end.

* * * * *

(2) * * * If your widow's or widower's benefit is based on a finding that drug addiction or alcoholism is a contributing factor material to the determination of disability as described in § 404.1535, your entitlement to benefits will terminate the month after the 12th consecutive month of suspension for noncompliance with treatment or after 36 months of benefits on that basis when treatment is available regardless of the number of entitlement periods you may have had, unless you are otherwise disabled without regard to drug addiction or alcoholism.

* * * * *

8. Section 404.350 is amended by redesignating the introductory text as paragraph (a) and adding a heading to it, redesignating former paragraphs (a) through (e) as paragraphs (a)(1) through (a)(5), and adding a new paragraph (b) to read as follows:

§ 404.350 Who is entitled to child's benefits.

(a) *General.* * * *

* * * * *

(b) *Entitlement preclusion for certain disabled children.* If you are a disabled child as referred to in paragraph (a)(5) of this section, and your disability was based on a finding that drug addiction or alcoholism was a contributing factor material to the determination of disability (as described in § 404.1535) and your benefits ended after your receipt of 36 months of benefits, you will not be entitled to benefits based on disability for any month following such 36 months regardless of the number of entitlement periods you have had if, in such following months, drug addiction or alcoholism is a contributing factor material to the later determination of disability (as described in § 404.1535).

9. Section 404.352 is amended by adding a new sentence to the end of paragraph (b)(3), redesignating paragraphs (c) and (d) as paragraphs (d) and (e), and adding a new paragraph (c) to read as follows:

§ 404.352 When child's benefits begin and end.

* * * * *

(b) * * *

(3) * * * Exception: Your benefits will continue if the insured person was entitled to disability benefits based on a finding that drug addiction or alcoholism was a contributing factor material to the determination of his or her disability (as described in § 404.1535), the insured person's benefits ended after 36 months of payment (see § 404.316(e)) or 12 consecutive months of suspension for noncompliance with treatment (see § 404.316(f)), and the insured person remains disabled.

(c) If you are entitled to benefits as a disabled child age 18 or over and your disability is based on a finding that drug addiction or alcoholism was a contributing factor material to the determination of disability (as described in § 404.1535), your benefits also will terminate under the following conditions:

(1) If your benefits have been suspended for a period of 12 consecutive months for failure to comply with treatment, your benefits will terminate with the month following the 12 months unless you are otherwise disabled without regard to drug addiction or alcoholism (see § 404.470(c)).

(2) If you have received 36 months of benefits on that basis when treatment is available, regardless of the number of entitlement periods you may have had, your benefits will terminate with the month following such 36-month payment period unless you are otherwise disabled without regard to drug addiction or alcoholism.

* * * * *

10. The authority citation for subpart E of part 404 is revised to read as follows:

Authority: Secs. 202, 203, 204(a) and (e), 205(a) and (c), 222(b), 223(e), 224, 225, 227, and 1102 of the Social Security Act; 42 U.S.C. 402, 403, 404(a) and (e), 405(a) and (c), 422(b), 423(e), 424, 425, 427, and 1302.

11. Section 404.402 is amended by revising paragraph (a), introductory text, to read as follows:

§ 404.402 Interrelationship of deductions, reductions, adjustments, and nonpayment of benefits.

(a) *Deductions, Reductions, Adjustment.* Deductions because of earnings or work (see §§ 404.415 and 404.417); failure to have a child ''in her care'' (see § 404.421); refusal to accept rehabilitation services (see § 404.422); as a penalty for failure to timely report noncovered work outside the United States, failure by a woman to report that she no longer has a child ''in her care,'' or failure to timely report earnings (see §§ 404.451 and 404.453); because of unpaid maritime taxes (see § 404.457); or nonpayments because of drug addiction and alcoholism to individuals other than an insured individual who are entitled to benefits on the insured individual's earnings record are made:

* * * * *

12. A new § 404.470 is added to read as follows:

§ 404.470 Nonpayment of disability benefits due to noncompliance with rules regarding treatment for drug addiction or alcoholism.

(a) *Suspension of monthly benefits.* (1) For an individual entitled to benefits based on a disability (§ 404.1505) and for whom drug addiction or alcoholism is a contributing factor material to the determination of disability (as described in § 404.1535), monthly benefits will be suspended beginning with the first month after we notify the individual in writing that he or she has been determined not to be in compliance with the treatment requirements for such individuals (§ 404.1536).

(2) This rule applies to all individuals entitled to disability benefits (§ 404.315), widow(er)'s benefits (§ 404.335), and child's benefits based on a disability (§ 404.350) effective with benefits paid in months beginning on or after March 1, 1995.

(3) Benefit payments to any other person who is entitled on the basis of a disabled wage earner's entitlement to disability benefits are payable as though the disabled wage earner were receiving benefits.

(b) *Resumption of monthly benefits.* The payment of benefits may be resumed only after an individual demonstrates and maintains compliance with appropriate treatment requirements for:

(1) 2 consecutive months for the first determination of noncompliance;

(2) 3 consecutive months for the second determination of noncompliance; and

(3) 6 consecutive months for the third and all subsequent determinations of noncompliance.

(c) *Termination of benefits.* (1) A suspension of benefit payments due to noncompliance with the treatment requirements for 12 consecutive months will result in termination of benefits effective with the first month following the 12th month of suspension of benefits.

(2) Benefit payments to any other person who is entitled on the basis of a disabled wage earner's entitlement to disability benefits are payable as though the disabled wage earner were receiving benefits.

13. A new § 404.480 is added to read as follows:

§ 404.480 Paying benefits in installments: Drug addiction or alcoholism.

(a) *General.* For disabled beneficiaries who receive benefit payments through a representative payee because drug

addiction or alcoholism is a contributing factor material to the determination of disability (as described in § 404.1535), certain amounts due the beneficiary for a past period will be paid in installments. The amounts subject to payment in installments include:

(1) benefits due but unpaid which accrued prior to the month payment was effectuated;

(2) benefits due but unpaid which accrued during a period of suspension for which the beneficiary was subsequently determined to have been eligible; and

(3) any adjustment to benefits which results in an accrual of unpaid benefits.

(b) *Installment formula.* Except as provided in paragraph (c) of this section, the amount of the installment payment in any month is limited so that the sum of (1) the amount due for a past period (and payable under paragraph (a) of this section) paid in such month and (2) the amount of any benefit due for the preceding month under such entitlement which is payable in such month, does not exceed two times the amount of the beneficiary's benefit payment for the preceding month. In counting the amount of the beneficiary's benefit payment for the previous month, no reductions or deductions under this title are taken into account.

(c) *Exception to installment limitation.* An exception to the installment payment limitation in paragraph (b) of this section can be granted for the first month in which a beneficiary accrues benefit amounts subject to payment in installments if the beneficiary has unpaid housing expenses which result in a high risk of homelessness for the beneficiary. In that case, the benefit payment may be increased by the amount of the unpaid housing expenses so long as that increase does not exceed the amount of benefits which accrued during the most recent period of nonpayment. We consider a person to be at risk of homelessness if continued nonpayment of the outstanding housing expenses is likely to result in the person losing his or her place to live or if past nonpayment of housing expenses has resulted in the person having no appropriate personal place to live. In determining whether this exception applies, we will ask for evidence of outstanding housing expenses that shows that the person is likely to lose or has already lost his or her place to live. For purposes of this section, homelessness is the state of not being under the control of any public institution and having no appropriate personal place to live. Housing expenses include charges for all items required to maintain shelter (for example, mortgage payments, rent, heating fuel, and electricity).

(d) *Payment through a representative payee.* If the beneficiary does not have a representative payee, payment of amounts subject to installments cannot be made until a representative payee is selected.

(e) *Underpaid beneficiary no longer entitled.* In the case of a beneficiary who is no longer currently entitled to monthly payments, but to whom amounts defined in paragraph (a) are still owing, we will treat such beneficiary's monthly benefit for the last month of entitlement as the beneficiary's benefit for the preceding month and continue to make installment payments of such benefits through a representative payee.

(f) *Beneficiary currently not receiving Social Security benefits because of suspension for noncompliance with treatment.* If a beneficiary is currently not receiving benefits because his or her benefits have been suspended for noncompliance with treatment (as defined in § 404.1536), the payment of amounts under paragraph (a) will stop until the beneficiary has demonstrated compliance with treatment as described in § 404.470 and will again commence with the first month the beneficiary begins to receive benefit payments.

(g) *Underpaid beneficiary deceased.* Upon the death of a beneficiary, any remaining unpaid amounts as defined in paragraph (a) will be treated as underpayments in accordance with § 404.503(b).

14. The authority citation for subpart J of part 404 is revised to read as follows:

Authority: Secs. 201(j), 205(a), (b), and (d) through (h), 221(d), 225, and 1102 of the Social Security Act; 31 U.S.C. 3720A; 42 U.S.C. 401(j), 405(a), (b), and (d) through (h), 421(d), 425, and 1302; sec. 5 of Pub. L. 97–455, 96 Stat. 2500; sec. 6 of Pub. L. 98–460, 98 Stat. 1802.

15. Section 404.902 is amended by revising paragraph (o), redesignating paragraphs (p) through (v) as paragraphs (q) through (w), and adding a new paragraph (p) to read as follows:

§ 404.902 Administrative actions that are initial determinations.

* * * * *

(o) Whether the payment of your benefits will be made, on your behalf, to a representative payee, unless you are under age 18, legally incompetent, or you are disabled and drug addiction or alcoholism is a contributing factor material to the determination of disability (as described in § 404.1535);

(p) Your drug addiction or alcoholism;

* * * * *

16. The authority citation for subpart P of part 404 is revised to read as follows:

Authority: Secs. 202, 205(a), (b), and (d) through (h), 216(i), 221(a) and (i), 222(c), 223, 225, and 1102 of the Social Security Act; 42 U.S.C. 402, 405 (a), (b), and (d) through (h), 416(i), 421(a) and (i), 422(c), 423, 425, and 1302.

17. A new § 404.1535 is added to read as follows:

§ 404.1535 How we will determine whether your drug addiction or alcoholism is a contributing factor material to the determination of disability.

(a) *General.* If we find that you are disabled and have medical evidence of your drug addiction or alcoholism, we must determine whether your drug addiction or alcoholism is a contributing factor material to the determination of disability.

(b) *Process we will follow when we have medical evidence of your drug addiction or alcoholism.*

(1) The key factor we will examine in determining whether drug addiction or alcoholism is a contributing factor material to the determination of disability is whether we would still find you disabled if you stopped using drugs or alcohol.

(2) In making this determination, we will evaluate which of your current physical and mental limitations, upon which we based our current disability determination, would remain if you stopped using drugs or alcohol and then determine whether any or all of your remaining limitations would be disabling.

(i) If we determine that your remaining limitations would not be disabling, we will find that your drug addiction or alcoholism is a contributing factor material to the determination of disability.

(ii) If we determine that your remaining limitations are disabling, you are disabled independent of your drug addiction or alcoholism and we will find that your drug addiction or alcoholism is not a contributing factor material to the determination of disability.

18. A new § 404.1536 is added to read as follows:

§ 404.1536 Treatment required for individuals whose drug addiction or alcoholism is a contributing factor material to the determination of disability.

(a) If we determine that you are disabled and drug addiction or alcoholism is a contributing factor

material to the determination of disability (as described in § 404.1535), you must avail yourself of appropriate treatment for your drug addiction or alcoholism at an institution or facility approved by us when this treatment is available and make progress in your treatment. Generally, you are not expected to pay for this treatment. You will not be paid benefits for any month after the month we have notified you in writing that—

(1) You did not comply with the terms, conditions and requirements of the treatment which has been made available to you; or

(2) You did not avail yourself of the treatment after you had been notified that it is available to you.

(b) If your benefits are suspended for failure to comply with treatment requirements, your benefits can be reinstated in accordance with the rules in § 404.470.

19. A new § 404.1537 is added to read as follows:

§ 404.1537 What we mean by appropriate treatment.

By appropriate treatment, we mean treatment for drug addiction or alcoholism that serves the needs of the individual in the least restrictive setting possible consistent with your treatment plan. These settings range from outpatient counseling services through a variety of residential treatment settings including acute detoxification, short-term intensive residential treatment, long-term therapeutic residential treatment, and long-term recovery houses. Appropriate treatment is determined with the involvement of a State licensed or certified addiction professional on the basis of a detailed assessment of the individual's presenting symptomatology, psychosocial profile, and other relevant factors. This assessment may lead to a determination that more than one treatment modality is appropriate for the individual. The treatment will be provided or overseen by an approved institution or facility. This treatment may include (but is not limited to)—

(a) Medical examination and medical management;

(b) Detoxification;

(c) Medication management to include substitution therapy (e.g., methadone);

(d) Psychiatric, psychological, psychosocial, vocational, or other substance abuse counseling in a residential or outpatient treatment setting; or

(e) Relapse prevention.

20. A new § 404.1538 is added to read as follows:

§ 404.1538 What we mean by approved institutions or facilities.

Institutions or facilities that we may approve include—

(a) An institution or facility that furnishes medically recognized treatment for drug addiction or alcoholism in conformity with applicable Federal or State laws and regulations;

(b) An institution or facility used by or licensed by an appropriate State agency which is authorized to refer persons for treatment of drug addiction or alcoholism;

(c) State licensed or certified care providers;

(d) Programs accredited by the Commission on Accreditation for Rehabilitation Facilities (CARF) and/or the Joint Commission for the Accreditation of Healthcare Organizations (JCAHO) for the treatment of drug addiction or alcoholism;

(e) Medicare or Medicaid certified care providers; or

(f) Nationally recognized self-help drug addiction or alcoholism recovery programs (e.g., Alcoholics Anonymous or Narcotics Anonymous) when participation in these programs is specifically prescribed by a treatment professional at an institution or facility described in paragraphs (a) through (e) of this section as part of an individual's treatment plan.

21. A new § 404.1539 is added to read as follows:

§ 404.1539 How we consider whether treatment is available.

Our determination about whether treatment is available to you for your drug addiction or your alcoholism will depend upon—

(a) The capacity of an approved institution or facility to admit you for appropriate treatment;

(b) The location of the approved institution or facility, or the place where treatment, services or resources could be provided to you;

(c) The availability and cost of transportation for you to the place of treatment;

(d) Your general health, including your ability to travel and capacity to understand and follow the prescribed treatment;

(e) Your particular condition and circumstances; and

(f) The treatment that is prescribed for your drug addiction or alcoholism.

22. A new § 404.1540 is added to read as follows:

§ 404.1540 Evaluating compliance with the treatment requirements.

(a) *General.* Generally, we will consider information from the treatment institution or facility to evaluate your compliance with your treatment plan. The treatment institution or facility will:

(1) Monitor your attendance at and participation in treatment sessions;

(2) Provide reports of the results of any clinical testing (such as, hematological or urinalysis studies for individuals with drug addiction and hematological studies and breath analysis for individuals with alcoholism) when such tests are likely to yield important information;

(3) Provide observational reports from the treatment professionals familiar with your individual case (subject to verification and Federal confidentiality requirements); or

(4) Provide their assessment or views on your noncompliance with treatment requirements.

(b) *Measuring progress.* Generally, we will consider information from the treatment institution or facility to evaluate your progress in completing your treatment plan. Examples of milestones for measuring your progress with the treatment which has been prescribed for your drug addiction or alcoholism may include (but are not limited to)—

(1) Abstinence from drug or alcohol use (initial progress may include significant reduction in use);

(2) Consistent attendance at and participation in treatment sessions;

(3) Improved social functioning and levels of gainful activity;

(4) Participation in vocational rehabilitation activities; or

(5) Avoidance of criminal activity.

23. A new § 404.1541 is added to read as follows:

§ 404.1541 Establishment and use of referral and monitoring agencies.

We will contract with one or more agencies in each of the States, Puerto Rico and the District of Columbia to provide services to individuals whose disabilities are based on a determination that drug addiction or alcoholism is a contributing factor material to the determination of disability (as described in § 404.1535) and to submit information to us which we will use to make decisions about these individuals' benefits. These agencies will be known as referral and monitoring agencies.

Their duties and responsibilities include (but are not limited to)—

(a) Identifying appropriate treatment placements for individuals we refer to them;

(b) Referring these individuals for treatment;

(c) Monitoring the compliance and progress with the appropriate treatment of these individuals; and

(d) Promptly reporting to us any individual's failure to comply with treatment requirements as well as failure to achieve progress through the treatment.

For the reasons set forth in the preamble, part 416, subparts B, E, F, I, K, M, N, and Q of chapter III of title 20 of the Code of Federal Regulations are amended as set forth below.

PART 416—SUPPLEMENTAL SECURITY INCOME FOR THE AGED, BLIND, AND DISABLED

24. The authority citation for subpart B of part 416 continues to read as follows:

Authority: Secs. 1102, 1110(b), 1602, 1611, 1614, 1615(c), 1619(a), 1631, and 1634 of the Social Security Act; 42 U.S.C. 1302, 1310(b), 1381a, 1382, 1382c, 1382d(c), 1382h(a), 1383, and 1383c; secs. 211 and 212 of Pub. L. 93–66, 87 Stat. 154 and 155; sec. 502(a) of Pub. L. 94–241, 90 Stat. 268; and sec. 2 of Pub. L. 99–643, 100 Stat. 3574.

25. Section 416.202 is amended by redesignating paragraph (e) as paragraph (f) and adding a new paragraph (e) to read as follows:

§ 416.202 Who may get SSI benefits.

* * * * *

(e) You are disabled, drug addiction or alcoholism is a contributing factor material to the determination of disability (see § 416.935), and you have not previously received a total of 36 months of Social Security benefit payments when appropriate treatment was available or 36 months of SSI benefits on the basis of disability where drug addiction or alcoholism was a contributing factor material to the determination of disability.

* * * * *

26. Section 416.213 is revised to read as follows:

§ 416.213 You are disabled and drug addiction or alcoholism is a contributing factor material to the determination of disability.

(a) *If you do not comply with treatment requirements.* If you receive benefits because you are disabled and drug addiction or alcoholism is a contributing factor material to the determination of disability (see § 416.935), you must avail yourself of any appropriate treatment for your drug addiction or alcoholism at an approved institution or facility when this treatment is available and make progress in your treatment. You are not eligible for SSI benefits beginning with the month after the month you are notified in writing that we determined that you have failed to comply with the treatment requirements. If your benefits are suspended because you failed to comply with treatment requirements, you will not be eligible to receive benefits until you have demonstrated compliance with treatment for a period of time, as specified in § 416.1326. The rules regarding treatment for drug addiction and alcoholism are in subpart I of this part.

(b) *If you previously received 36 months of SSI or Social Security benefits.* You are not eligible for SSI benefits by reason of disability on the basis of drug addiction or alcoholism as described in § 416.935 if—

(1) You previously received a total of 36 months of SSI benefits on the basis of disability and drug addiction or alcoholism was a contributing factor material to the determination of disability for months beginning March 1995, as described in § 416.935. Not included in these 36 months are months before March 1995 and months for which your benefits were suspended for any reason. The 36-month limit is no longer effective for months beginning after September 2004; or

(2) You previously received a total of 36 months of Social Security benefits counted in accordance with the provisions of § 404.316, 404.337, and 404.352 by reason of disability on the basis of drug addiction or alcoholism as described in § 404.1535.

27. Section 416.262 is amended by removing the word ''and'' at the end of paragraph (c), redesignating paragraph (d) as paragraph (e), and adding a new paragraph (d) to read as follows:

§ 416.262 Eligibility requirements for special SSI cash benefits.

* * * * *

(d) If your disability is based on a determination that drug addiction or alcoholism is a contributing factor material to the determination of disability as described in § 416.935, you have not yet received SSI cash benefits, special SSI cash benefits, or special SSI eligibility status for a total of 36 months, or Social Security benefit payments when treatment was available for a total of 36 months; and

* * * * *

28. Section 416.265 is amended by revising paragraph (a) to read as follows:

§ 416.265 Requirements for the special SSI eligibility status.

* * * * *

(a) You are blind or you continue to have a disabling impairment which, if drug addiction or alcoholism is a contributing factor material to the determination of disability as described in § 416.935, has not resulted in your receiving SSI cash benefits, special SSI cash benefits, or special SSI eligibility status for a total of 36 months, or Social Security benefit payments when treatment was available for a total of 36 months;

* * * * *

29. The authority citation for subpart E of part 416 is revised to read as follows:

Authority: Secs. 1102, 1601, 1602, 1611(c), and (e), and 1631(a) through (d) and (g) of the Social Security Act; 42 U.S.C. 1302, 1381, 1381a, 1382 (c) and (e), and 1383 (a) through (d) and (g).

30. Section 416.535 is amended by redesignating paragraphs (b) and (c) as paragraphs (d) and (e) and adding a new paragraph (b) to read as follows:

§ 416.535 Underpayments and overpayments.

* * * * *

(b) *Additional rules for individuals whose drug addiction or alcoholism is a contributing factor material to the determination of disability.* When an individual whose drug addiction or alcoholism is a contributing factor material to the determination of disability, as described in § 416.935, receives less than the correct amount of SSI benefits, adjustment is effected as described in §§ 416.542 and 416.543 and the additional rule described in § 416.544 applies.

* * * * *

31. Section 416.542 is amended by revising paragraph (a) to read as follows:

§ 416.542 Underpayments—to whom underpaid amount is payable.

(a) *Underpaid recipient alive—underpayment payable.* (1) If an underpaid recipient is alive, the amount of any underpayment due him or her will be paid to him or her in a separate payment or by increasing the amount of his or her monthly payment.

(2) If an underpaid recipient whose drug addiction or alcoholism is a contributing factor material to the determination of disability (as described in § 416.935) is alive, the amount of any underpayment due the recipient will be paid through his or her representative payee in installment payments. No underpayment may be paid directly to the recipient. If the recipient dies before we have paid all benefits due through his or her representative payee, we will follow the rules which apply to underpayments for the payment of any remaining amounts due to any eligible survivor of a deceased recipient as described in paragraph (b) of this section.

* * * * *

32. A new § 416.544 is added to read as follows:

§ 416.544 Paying benefits in installments: Drug addiction or alcoholism.

(a) *General.* For disabled recipients who receive benefit payments through a representative payee because drug addiction or alcoholism is a contributing factor material to the determination of disability, certain amounts due the recipient for a past period will be paid in installments. The amounts subject to payment in installments include:

(1) benefits due but unpaid which accrued prior to the month payment was effectuated;

(2) benefits due but unpaid which accrued during a period of suspension for which the recipient was subsequently determined to have been eligible; and

(3) any adjustment to benefits which results in an accrual of unpaid benefits.

(b) *Installment formula.* Except as provided in paragraph (c) of this section, the amount of the installment payment in any month is limited so that the sum of (1) the amount due for a past period (and payable under paragraph (a) of this section) paid in such month and (2) the amount of any current benefit due cannot exceed twice the Federal Benefit Rate plus any federally-administered State supplementation payable to an eligible individual for the preceding month.

(c) *Exception to installment limitation.* An exception to the installment payment limitation in paragraph (b) of this section can be granted for the first month in which a recipient accrues benefit amounts subject to payment in installments if the recipient has unpaid housing expenses which result in a high risk of homelessness for the recipient. In that case, the benefit payment may be increased by the amount of the unpaid housing expenses so long as that increase does not exceed the amount of benefits which accrued during the most recent period of nonpayment. We consider a person to be at risk of homelessness if continued nonpayment of the outstanding housing expenses is likely to result in the person losing his or her place to live or if past nonpayment of housing expenses has resulted in the person having no appropriate personal place to live. In determining whether this exception applies, we will ask for evidence of outstanding housing expenses that shows that the person is likely to lose or has already lost his or her place to live. For purposes of this section, homelessness is the state of not being under the control of any public institution and having no appropriate personal place to live. Housing expenses include charges for all items required to maintain shelter (for example, mortgage payments, rent, heating fuel, and electricity).

(d) *Payment through a representative payee.* If the recipient does not have a representative payee, payment of amounts subject to installments cannot be made until a representative payee is selected.

(e) *Underpaid recipient no longer eligible.* In the case of a recipient who is no longer currently eligible for monthly payments, but to whom amounts defined in paragraph (a) of this section are still owing, we will continue to make installment payments of such benefits through a representative payee.

(f) *Recipient currently not receiving SSI benefits because of suspension for noncompliance with treatment.* If a recipient is currently not receiving SSI benefits because his or her benefits have been suspended for noncompliance with treatment (as defined in § 416.936), the payment of amounts under paragraph (a) of this section will stop until the recipient has demonstrated compliance with treatment as described in § 416.1326 and will again commence with the first month the recipient begins to receive benefits.

(g) *Underpaid recipient deceased.* Upon the death of a recipient, any remaining unpaid amounts as defined in paragraph (a) of this section will be treated as underpayments in accordance with § 416.542(b).

33. Section 416.558 is amended by revising paragraph (a) and adding a new paragraph (c) to read as follows:

§ 416.558 Notice relating to overpayments and underpayments.

(a) *Notice of overpayment and underpayment determination.* Whenever a determination concerning the amount paid and payable for any period is made and it is found that, with respect to any month in the period, more or less than the correct amount was paid, written notice of the correct and incorrect amounts for each such month in the period will be sent to the individual against whom adjustment or recovery of the overpayment as defined in § 416.537(a) may be effected or to whom the underpayment as defined in §§ 416.536 and any amounts subject to installment payments as defined in § 416.544 would be payable, notwithstanding the fact that part or all of the underpayment must be withheld in accordance with § 416.543. When notifying an individual of a determination of overpayment, the Social Security Administration will, in the notice, also advise the individual that adjustment or recovery is required, as set forth in § 416.571, except under certain specified conditions, and of his or her right to request waiver of adjustment or recovery of the overpayment under the provisions of § 416.550.

* * * * *

(c) *Notice relating to installment payments to individuals whose drug addiction or alcoholism is a contributing factor material to the determination of disability.* Whenever a determination is made concerning the amount of any benefits due for a period that must be paid in installments, the written notice will also explain the amount of the installment payment and when an increased initial installment payment may be made (as described in § 416.544). This written notice will be sent to the individual and his or her representative payee.

34. The authority citation for subpart F of part 416 continues to read as follows:

Authority: Secs. 1102 and 1631(a)(2) and (d)(1) of the Social Security Act; 42 U.S.C. 1302 and 1383(a)(2) and (d)(1).

35. Section 416.601 is amended by revising the last sentence of paragraph (b)(1) to read as follows:

§ 416.601 Introduction.

* * * * *

(b) *Policy used to determine whether to make representative payment.* * * * However, we must select a representative payee for an individual who is eligible for benefits solely on the basis of disability if drug addiction or alcoholism is a contributing factor material to the determination of disability.

* * * * *

36. Section 416.610 is amended by revising paragraph (a)(3) to read as follows:

§ 416.610 When payment will be made to a representative payee.

(a) * * *

(3) Eligible for benefits solely on the basis of disability and drug addiction or alcoholism is a contributing factor material to the determination of disability.

* * * * *

37. The authority citation for subpart I of part 416 is revised to read as follows:

Authority: Secs. 1102, 1611, 1614(a), 1619, 1631 (a), (c), and (d)(1), and 1633 of the Social Security Act; 42 U.S.C. 1302, 1382, 1382c(a), 1382h, 1383 (a), (c), and (d)(1), and 1383b; secs. 2, 5, 6, and 15 of Pub. L. 98–460, 98 Stat. 1794, 1801, 1802, and 1808.

38. Section 416.935 is revised to read as follows:

§ 416.935 How we will determine whether your drug addiction or alcoholism is a contributing factor material to the determination of disability.

(a) *General.* If we find that you are disabled and have medical evidence of your drug addiction or alcoholism, we must determine whether your drug addiction or alcoholism is a contributing factor material to the determination of disability, unless we find that you are eligible for benefits because of your age or blindness.

(b) *Process we will follow when we have medical evidence of your drug addiction or alcoholism.*

(1) The key factor we will examine in determining whether drug addiction or alcoholism is a contributing factor material to the determination of disability is whether we would still find you disabled if you stopped using drugs or alcohol.

(2) In making this determination, we will evaluate which of your current physical and mental limitations, upon which we based our current disability determination, would remain if you stopped using drugs or alcohol and then determine whether any or all of your remaining limitations would be disabling.

(i) If we determine that your remaining limitations would not be disabling, we will find that your drug addiction or alcoholism is a contributing factor material to the determination of disability.

(ii) If we determine that your remaining limitations are disabling, you are disabled independent of your drug addiction or alcoholism and we will find that your drug addiction or alcoholism is not a contributing factor material to the determination of disability.

39. Section 416.936 is revised to read as follows:

§ 416.936 Treatment required for individuals whose drug addiction or alcoholism is a contributing factor material to the determination of disability.

(a) If we determine that you are disabled and drug addiction or alcoholism is a contributing factor material to the determination of disability, you must avail yourself of appropriate treatment for your drug addiction or alcoholism at an institution or facility approved by us when this treatment is available and make progress in your treatment. Generally, you are not expected to pay for this treatment. You will not be paid benefits for any month after the month we have notified you in writing that—

(1) You did not comply with the terms, conditions and requirements of the treatment which has been made available to you; or

(2) You did not avail yourself of the treatment after you had been notified that it is available to you.

(b) If your benefits are suspended for failure to comply with treatment requirements, your benefits can be reinstated in accordance with the rules in § 416.1326.

40. Section 416.937 is revised to read as follows:

§ 416.937 What we mean by appropriate treatment.

By appropriate treatment, we mean treatment for drug addiction or alcoholism that serves the needs of the individual in the least restrictive setting possible consistent with your treatment plan. These settings range from outpatient counseling services through a variety of residential treatment settings including acute detoxification, short-term intensive residential treatment, long-term therapeutic residential treatment, and long-term recovery houses. Appropriate treatment is determined with the involvement of a State licensed or certified addiction professional on the basis of a detailed assessment of the individual's presenting symptomatology, psychosocial profile, and other relevant factors. This assessment may lead to a determination that more than one treatment modality is appropriate for the individual. The treatment will be provided or overseen by an approved institution or facility. This treatment may include (but is not limited to)—

(a) Medical examination and medical management;

(b) Detoxification;

(c) Medication management to include substitution therapy (e.g., methadone);

(d) Psychiatric, psychological, psychosocial, vocational, or other substance abuse counseling in a residential or outpatient treatment setting; or

(e) Relapse prevention.

41. Section 416.938 is revised to read as follows:

§ 416.938 What we mean by approved institutions or facilities.

Institutions or facilities that we may approve include—

(a) An institution or facility that furnishes medically recognized treatment for drug addiction or alcoholism in conformity with applicable Federal or State laws and regulations;

(b) An institution or facility used by or licensed by an appropriate State agency which is authorized to refer persons for treatment of drug addiction or alcoholism;

(c) State licensed or certified care providers;

(d) Programs accredited by the Commission on Accreditation for Rehabilitation Facilities (CARF) and/or the Joint Commission for the Accreditation of Healthcare Organizations (JCAHO) for the treatment of drug addiction or alcoholism;

(e) Medicare or Medicaid certified care providers; or

(f) Nationally recognized self-help drug addiction or alcoholism recovery programs (e.g., Alcoholics Anonymous or Narcotics Anonymous) when participation in these programs is specifically prescribed by a treatment professional at an institution or facility described in paragraphs (a) through (e) of this section as part of an individual's treatment plan.

42. Section 416.939 is revised to read as follows:

§ 416.939 How we consider whether treatment is available.

Our determination about whether treatment is available to you for your drug addiction or your alcoholism will depend upon—

(a) The capacity of an approved institution or facility to admit you for appropriate treatment;

(b) The location of the approved institution or facility, or the place where treatment, services or resources could be provided to you;

(c) The availability and cost of transportation for you to the place of treatment;

(d) Your general health, including your ability to travel and capacity to understand and follow the prescribed treatment;

(e) Your particular condition and circumstances; and

(f) The treatment that is prescribed for your drug addiction or alcoholism.

43. A new § 416.940 is added to read as follows:

§ 416.940 Evaluating compliance with the treatment requirements.

(a) *General.* Generally, we will consider information from the treatment institution or facility to evaluate your compliance with your treatment plan. The treatment institution or facility will—

(1) Monitor your attendance at and participation in treatment sessions;

(2) Provide reports of the results of any clinical testing (such as, hematological or urinalysis studies for individuals with drug addiction and hematological studies and breath analysis for individuals with

alcoholism) when such tests are likely to yield important information;

(3) Provide observational reports from the treatment professionals familiar with your individual case (subject to verification and Federal confidentiality requirements); or

(4) Provide their assessment or views on your noncompliance with treatment requirements.

(b) *Measuring progress.* Generally, we will consider information from the treatment institution or facility to evaluate your progress in completing your treatment plan. Examples of milestones for measuring your progress with the treatment which has been prescribed for your drug addiction or alcoholism may include (but are not limited to)—

(1) Abstinence from drug or alcohol use (initial progress may include significant reduction in use);

(2) Consistent attendance at and participation in treatment sessions;

(3) Improved social functioning and levels of gainful activity;

(4) Participation in vocational rehabilitation activities; or

(5) Avoidance of criminal activity.

44. A new § 416.941 is added to read as follows:

§ 416.941 Establishment and use of referral and monitoring agencies.

We will contract with one or more agencies in each of the States and the District of Columbia to provide services to individuals whose disabilities are based on a determination that drug addiction or alcoholism is a contributing factor material to the determination of disability (as described in § 416.935) and to submit information to us which we will use to make decisions about these individuals' benefits. These agencies will be known as referral and monitoring agencies. Their duties and responsibilities include (but are not limited to)—

(a) Identifying appropriate treatment placements for individuals we refer to them;

(b) Referring these individuals for treatment;

(c) Monitoring the compliance and progress with the appropriate treatment of these individuals; and

(d) Promptly reporting to us any individual's failure to comply with treatment requirements as well as failure to achieve progress through the treatment.

45. The authority citation for subpart K of part 416 continues to read as follows:

Authority: Secs. 1102, 1602, 1611, 1612, 1613, 1614(f), 1621, and 1631 of the Social Security Act; 42 U.S.C. 1302, 1381a, 1382, 1382a, 1382b, 1382c(f), 1382j, and 1383; sec. 211 of Pub. L. 93–66, 87 Stat. 154.

46. Section 416.1123 is amended by revising paragraph (d) to read as follows:

§ 416.1123 How we count unearned income.

* * * * *

(d) *Retroactive monthly social security benefits.* We count retroactive monthly social security benefits according to the rule in paragraph (d)(1) of this section, unless the exception in paragraph (d)(2) of this section applies:

(1) *Periods for which SSI payments have been made.* When you file an application for social security benefits and retroactive monthly social security benefits are payable on that application for a period for which you also received SSI payments (including federally-administered State supplementary payments), we count your retroactive monthly social security benefits as unearned income received in that period. Rather than reducing your SSI payments in months prior to your receipt of a retroactive monthly social security benefit, we will reduce the retroactive social security benefits by an amount equal to the amount of SSI payments (including federally-administered State supplementary payments) that we would not have paid to you if your social security benefits had been paid when regularly due rather than retroactively (see § 404.408b(b)). If a balance is due you from your retroactive social security benefits after this reduction, for SSI purposes we will not count the balance as unearned income in a subsequent month in which you receive it. This is because your social security benefits were used to determine the amount of the reduction. This exception to the unearned income counting rule does not apply to any monthly social security benefits for a period for which you did not receive SSI.

(2) *Social security disability benefits where drug addiction or alcoholism is a contributing factor material to the determination of disability.* If your retroactive social security benefits must be paid in installments because of the limitations on paying lump sum retroactive benefits to disabled recipients whose drug addiction or alcoholism is a contributing factor material to the determination of disability as described in § 404.480, we will count the total of such retroactive social security benefits as unearned income in the first month such installments are paid, except to the extent the rule in paragraph (d)(1) of this section would provide that such benefits not be counted.

* * * * *

47. The authority citation for subpart M of part 416 continues to read as follows:

Authority: Secs. 1102, 1611 through 1615, 1619, and 1631 of the Social Security Act; 42 U.S.C. 1302, 1382 through 1382d, 1382h, and 1383.

48. Section 416.1326 is revised to read as follows:

416.1326 Suspension for failure to comply with treatment for drug addiction or alcoholism.

(a) *Basis for Suspension.* If you are disabled and drug addiction or alcoholism is a contributing factor material to the determination of disability as described in § 416.935, we will refer you to appropriate treatment as defined in § 416.937. You will not be an eligible individual and we will suspend your benefits if you do not comply with the terms, conditions and requirements of treatment prescribed by the institution or facility. (See § 416.940 which explains how we evaluate compliance with treatment.)

(b) *Date of Suspension.* We will suspend your benefits for a period starting with the first month after we notify you in writing that you failed to comply with prescribed treatment.

(c) *Resumption of Benefits.* If you are complying with prescribed treatment and are otherwise eligible for benefits, we will resume benefits effective with the first day of the month after you demonstrate and maintain compliance with appropriate treatment for these periods—

(1) 2 consecutive months for the first determination of noncompliance;

(2) 3 consecutive months for the second determination of noncompliance; and

(3) 6 consecutive months for the third and all subsequent determinations of noncompliance.

49. Section 416.1331 is amended by adding new paragraphs (c), (d), and (e) to read as follows:

§ 416.1331 Termination of your disability or blindness payments.

* * * * *

(c) *When benefits terminate due to 12 consecutive suspension months for failure to comply with treatment for drug addiction or alcoholism.* If you are disabled and drug addiction or alcoholism is a contributing factor material to the determination of disability as described in § 416.935, your benefits will terminate after 12 consecutive months of suspension for

noncompliance with treatment requirements as described in § 416.1326.

(d) *When benefits terminate due to payment of 36 months of benefits based on disability when drug addiction or alcoholism is a contributing factor material to the determination of disability.* If you are disabled and drug addiction or alcoholism is a contributing factor material to the determination of disability as described in § 416.935, your benefits will terminate after you receive a total of 36 months of SSI benefits. The 36-month limit is no longer effective for benefits for months beginning after September 2004.

(e) *Months we count in determining the 36 months of benefits when drug addiction or alcoholism is a contributing factor material to the determination of disability.* Beginning March 1995, we will count all months for which you were paid an SSI benefit, a federally-administered State supplement, a special SSI cash benefit, or you were in special SSI eligibility status, toward the 36 months described in paragraph (d) of this section. Months for which you were not eligible for benefits will not count toward the 36 months.

50. Section 416.1335 is revised to read as follows:

§ 416.1335 Termination due to continuous suspension.

We will terminate your eligibility for benefits following 12 consecutive months of benefit suspension for any reason beginning with the first month you were no longer eligible for regular SSI cash benefits, federally-administered State supplementation, special SSI cash benefits described in § 416.262, or special SSI eligibility status described in § 416.265. We will count the 12-month suspension period either from the start of the first month you are no longer receiving your cash benefits (see § 416.1321(a)) or the start of the month after the month your special SSI eligibility status described in § 416.265 ended. This termination is effective with the start of the 13th month after the suspension began.

51. The authority citation for subpart N of part 416 continues to read as follows:

Authority: Secs. 1102, 1631, and 1633 of the Social Security Act; 42 U.S.C. 1302, 1383, and 1383b.

52. Section 416.1402 is amended by revising paragraph (d) to read as follows:

§ 416.1402 Administrative actions that are initial determinations.

* * * * *

(d) Whether payments will be made, on your behalf, to a representative payee, unless you are under age 18, legally incompetent, or you are disabled and drug addiction or alcoholism is a contributing factor material to the determination of disability;

* * * * *

53. The authority citation for subpart Q of part 416 is revised to read as follows:

Authority: Secs. 1102, 1611(e)(3), 1615, and 1631 of the Social Security Act; 42 U.S.C. 1302, 1382(e)(3), 1382d, and 1383.

54. Section 416.1725 is revised to read as follows:

§ 416.1725 Effect of your failure to comply with treatment requirements for your drug addiction or alcoholism.

(a) *Suspension of benefits.* Your eligibility for benefits will be suspended beginning with the first month after we notify you in writing that we have determined that you have failed to comply with the treatment requirements for your drug addiction or alcoholism as defined in § 416.940. Your benefits will be suspended and reinstated in accordance with the provisions in § 416.1326.

(b) *Termination of benefits.* If your benefits are suspended for 12 consecutive months for failure to comply with treatment in accordance with § 416.1326, your eligibility for disability benefits will be terminated in accordance with § 416.1331.

Department of Commerce

National Telecommunications and Information Administration

Telecommunications and Information Infrastructure Assistance Program (TIIAP); Notice

DEPARTMENT OF COMMERCE

[Docket Number: 950124024–5024–01]

RIN 0660–AA04

National Telecommunications and Information Administration

Telecommunications and Information Infrastructure Assistance Program (TIIAP)

CFDA: 11.552.

AGENCY: National Telecommunications and Information Administration, Commerce.

ACTION: Notice of availability of funds.

SUMMARY: The National Telecommunications and Information Administration (NTIA) announces the availability of funds to promote the widespread use of advanced telecommunications and information technologies in the public and non-profit sectors. By providing targeted, matching demonstration and planning grants, this program will help to develop a nationwide, interactive, multimedia information infrastructure that is accessible to all citizens, in rural as well as urban areas.

DATES: In order to facilitate planning for and scheduling of the review process, all applicants are required to send NTIA a non-binding letter of intent to submit an application. All letters of intent should be received by 5 p.m. est on March 23, 1995. Any exceptions to this policy will be determined on a case-by-case basis for good cause shown.

The 1995 TIIAP grant cycle will include three primary application categories. Program deadlines vary, depending on the category in which a proposal is being submitted.

For Category One applications requesting less than $1 million, and for all other categories, complete applications must be mailed or hand carried to the address indicated below and received by NTIA by 5 p.m. edt on April 20, 1995. NTIA anticipates that it will take between 4 and 6 months to process each application and make final funding determinations.

For Category One applications requesting $1 million or more from the TIIAP, applicants are required to submit abbreviated preliminary proposals. Preliminary proposals must be received by NTIA by 5 p.m. edt on April 6, 1995. The purpose of requiring preliminary proposals is to reduce the burden on the applicant by providing the applicant with feedback on the proposed project without requiring the applicant to submit a complete application.

Each preliminary proposal will be reviewed based on the criteria in this Notice by an expert panel, which will advise the TIIAP staff about whether or not to recommend that the applicant submit a full proposal. Note that the TIIAP's recommendation on submission of a full proposal is not binding; applicants whose preliminary proposals are not recommended may choose to submit full applications at their discretion. Furthermore, the review of a preliminary proposal will not prejudice the review of the subsequent full proposal. Full proposals for Category One applicants requesting $1 million or more from the TIIAP must be received at NTIA by 5 p.m. edt on June 22, 1995. No full proposals for Category One projects requesting $1 million or more will be accepted by the TIIAP unless a corresponding preliminary proposal was submitted by the April 6 deadline.

February–March—Regional workshops for prospective applicants (contact TIIAP for additional information about dates and locations)

March 23—Deadline for receipt of letters of intent (by 5 p.m. est)

April 6—Deadline for receipt of preliminary proposals in Category One (applies only to proposals requesting $1 million or more) (by 5 p.m. edt)

April 20—Deadline for receipt of proposals in Category One (proposals requesting less than $1 million), Category Two, and Category Three (by 5 p.m. edt)

June 22—Deadline for receipt of final proposals in Category One (proposals requesting $1 million or more) (by 5 p.m. edt)

ADDRESSES: Telecommunications and Information Infrastructure Assistance Program, National Telecommunications and Information Administration, United States Department of Commerce, 14th Street and Constitution Avenue NW., Room 6043 HCHB, Washington, D.C. 20230. Fax: 202/501–5136. Internet: tiiap@ntia.doc.gov.

FOR FURTHER INFORMATION CONTACT: Ms. Laura Breeden, Director of the Telecommunications and Information Infrastructure Assistance Program, Telephone: 202/482–2048; fax: 202/501–5136; e-mail: tiiap@ntia.doc.gov.

SUPPLEMENTARY INFORMATION:

Program Description

NTIA announces the second annual round of a competitive matching grant program, the TIIAP, created to promote the development and widespread availability of advanced telecommunications and information technologies to serve the public interest.

The TIIAP will provide matching grants to state and local governments, non-profit health care and public health providers, school districts, libraries, universities, public safety providers, community-based organizations, and other non-profit entities. Grants will be awarded after a competitive merit review process and will be used to fund projects that improve the quality of, and the public's access to, education and lifelong learning; reduce the cost, improve the quality, and/or increase the accessibility of health care and other social services; promote the accessibility and responsiveness of state and local governments to their citizens and encourage citizen participation in government; improve the efficiency and efficacy of government services; enhance public safety; and promote economic development in rural and urban areas.

NTIA expects that the level of competition will be extremely strong, as it was in fiscal year 1994, when NTIA received 1,088 applications, collectively requesting more than $550 million in grant funds. On October 12, 1994, the Department of Commerce announced 92 TIIAP awards amounting to a total of $24.4 million in Federal funds.

Eligibility Criteria

Eligible Organizations

The fiscal year 1995 TIIAP grant cycle is divided into three categories. State and local governments and non-profit entities are eligible to apply in all categories. Individuals and for-profit organizations are not eligible.

Interactive Services

All services and networks proposed under the TIIAP must be interactive; the program does not support the construction or augmentation of one-way networks.

Matching Funds Requirements

Grant recipients under this program will be required to provide matching funds toward the total project cost. A project will not be considered eligible for funding unless the applicant can document the capacity to supply matching funds. Matching funds may be in the form of cash or in-kind contributions (see OMB Circular A–110). Grant funds under this program will be released in direct proportion to local matching funds raised and/or documented. Except as noted below in the case of demonstration projects for which the request is $1 million or more in NTIA funding, NTIA will supply up to 50% of the total project cost, unless extraordinary circumstances warrant a

grant to up to 75%. Federal funds generally may not be used as matching monies. However, when authorized by Federal statute, other Federal funds may be used for cost sharing or matching. Please contact the TIIAP for more information, if you have questions about matching funds requirements.

For demonstration projects for which the request is $1 million or more, the following conditions apply. NTIA will supply up to 25% of the ''total NTIA-supported project cost'' (the total NTIA-supported project cost refers to the NTIA grant funds plus matching funds). However, if a proposed NTIA-supported project is a component of a more comprehensive initiative, for which the applicant has obtained or is seeking funding from another Federal agency or agencies, then NTIA will consider supplying up to one-third of the total NTIA-supported project cost. The proposal must clearly describe the scope of work supported by NTIA and be supported by a budget and a budget narrative indicating the expenditure of both NTIA and matching funds. The success of a proposal and the level of funding from NTIA may depend on the applicant's ability to have components funded through other Federal sources.

Past Performance

Unsatisfactory performance under prior Federal financial assistance awards may result in an application not being considered for funding.

Delinquent Federal Debts

No award of Federal funds shall be made to an applicant who has an outstanding delinquent Federal debt until either:

1. The delinquent account is paid in full;
2. A negotiated repayment schedule is established and at least one payment is received; or
3. Other arrangements satisfactory to the Department of Commerce are made.

No Funding for Sectarian Purposes

The Department of Commerce has a long standing policy of not funding projects for purposes the essential thrust of which is sectarian. Consistent with this policy. TIIAP will not fund projects the essential thrust of which is sectarian. Sectarian organizations, however, are eligible applicants and may request funds for non-sectarian purposes. [Cf. NTIA Public Telecommunications Facilities Program (PTFP) regulations at 15 C.F.R. §§ 2301.1 and 2301.22(d); *Fordham University* v. *Brown,* No. 93–2120 (CRR) (D.D.C. June 29, 1994), appeal docketed, No. 94–5229 (D.C. Cir. Aug. 22, 1994)]

Program Categories

Introduction

The 1995 TIIAP grant cycle is divided into three separate categories. Category One is comprised of Demonstration projects. Category Two is comprised of Access projects. Category Three is comprised of Planning projects. Categories One and Three are further divided into two sub-categories each.

NTIA will award approximately 60% of the funds in this program to support demonstration projects (Category One), with approximately 25% of the funds to support access projects (Category Two) and approximately 15% to support planning projects (Category Three), unless the quality and/or submissions in any category does not, in NTIA's judgment, merit the proposed allocation of funds.

All TIIAP proposals will be evaluated using the same criteria, as explained below, but the relative weights of the criteria vary from category to category. Please keep this in mind as you read the following section.

Note that while there is no upper limit on the amount of funds that any organization may request in Category One or in Category Three, the overall level of funding will place obvious limits on the amount of funding available for individual grants. The largest award made in fiscal year 1994 was $733,424.

Category One (Demonstration Projects)

Category One is for exemplary projects that involve the deployment, use, and attendant evaluation of the national information infrastructure to solve a particular problem or set of problems, and that have high potential to serve as models for other communities to follow. Category One is divided into two subcategories based on the amount of NTIA funds requested by the applicant. Proposals requesting $1 million or more from NTIA are subject to a different application process and to different matching funds requirements than proposals requesting less than $1 million. Applicants who choose to apply in Category One should read carefully the sections on Dates, Matching Funds Requirements, Application Forms, and Selection Process.

NTIA's priority in Category One is to leverage the Federal Government's investments by supporting demonstration projects that can serve as national models. Demonstration projects must involve the delivery of useful, practical services in real-world environments within the grant award period. Therefore, while some software development may be required to integrate existing systems or components, it may not be a major emphasis of any demonstration project. Similarly, the TIIAP will not support projects whose primary focus is the development of information content rather than the practical application of information infrastructure.

Projects proposed under this category must address important problems and must demonstrate high-impact, useful applications of information infrastructure. These projects should hold significant potential for replication in other communities. Applicants in this category must explain how their project will add to what is already known about the problems that the project addresses. Applicants must keep in mind that it is the application of the technology to specific needs or problems that is to be demonstrated, not the technology itself. Furthermore, the emphasis in this category is not on showing that an approach is technically feasible, but that the approach is cost effective and appropriate. Demonstration projects should be innovative to the extent that they represent promising approaches whose benefits and costs may not be fully understood.

By supporting demonstration projects, NTIA intends to stimulate the effective and efficient use of the NII. However, without a rigorous evaluation and active dissemination of results, the potential of any project to play such a catalyzing role is severely limited. Therefore, the TIIAP will use high standards in reviewing the evaluation and dissemination plans presented by proposals in this category.

Category Two (Access Projects)

In this category the TIIAP will support projects whose principal aim is to provide greater access to a national information infrastructure for underserved communities, populations, and/or geographic areas. The emphasis is on basic connectivity, rather than uniqueness or innovation. An access project may build on or emulate a successful model project, either one previously supported by the TIIAP or a model that has gained widespread acceptance in the field.

The primary goals of Category Two projects will be: (1) To reduce disparities in access to and use of the national information infrastructure; (2) to promote high levels of support from diverse members of the community; and (3) to support projects that are guided by the needs of end users. Applicants are strongly urged to provide the TIIAP with a thorough breakdown of the

various end user groups to be brought on-line; the services to be provided; the information resources to be made available; the public and private organizations and agencies that will participate in the project; and the mechanisms to be employed for informing end users about the existence of the system, ensuring that prospective end users possess adequate skills to use the system, and providing ongoing training for end users.

As in the case of demonstration projects, the emphasis is on the application of technology, rather than the technology itself. Proposals must include compelling evidence that the technology to be employed is both appropriate to the proposed task and cost-effective. Examples of applications in this category would include the establishment of community information networks; creation of wide-area networks within school systems or districts; and provision of Internet access to an isolated group or population. Projects that include extensive software or hardware development will not be considered.

Note: No award in Category Two will exceed $250,000.

Category Three (Planning Projects)

In this category the TIIAP will support planning processes in which organizations, or groups of organizations, develop strategies and plans for the enhanced application of information infrastructure. Planning projects are encouraged for rural or underserved populations where telecommunications could provide enhanced economic opportunity or where business development is insufficient to sustain growth.

Proposals in this category must include clear descriptions both of the planning process (or methodology) to be employed and of the expected outcomes of the process. Each planning project should address how end users will have access to information and will be connected to one another. Applicants should identify the anticipated end users of the information infrastructure and describe the number and diversity of end users, as well as the social and economic benefits expected from implementation.

In addition, NTIA encourages applications that demonstrate partnerships among groups, communities, and entities for the purpose of sharing or leveraging resources. These partnerships or coalitions should demonstrate that, if appropriate, they will continue to operate effectively once TIIAP support is concluded and/or the project plans are implemented. Applicants should also clearly document the administrative or institutional support that has been generated for any planning grant.

Planning grants are divided into two sub-categories:

1. Statewide or Local

This sub-category includes planning proposals that illustrate that the economic and social benefits from an advanced information infrastructure are many and can encompass many sectors, including business, education and training, public and social services, and environmental goals. Planning grants in this sub-category should be multidisciplinary in scope and should focus on the needs of several sectors (*e.g.*, education, health, public information, etc.). For example, the TIIAP awarded grants in fiscal year 1994 to state governments and universities to develop comprehensive statewide information infrastructure plans.

2. Regional or National

Planning activities in this subcategory may focus on a single sector or topic, as long as the project is regional (*i.e.*, involving multiple states) or national in scope. For example, the TIIAP awarded a grant in fiscal year 1994 to the Western Interstate Commission for Higher Education to develop a plan to build an ongoing capacity to ''broker'' the educational resources of western colleges and universities by using existing telecommunications networks to make higher education more widely available in rural areas of 15 states in the West.

Evaluation Criteria

Proposals will be reviewed according to the following evaluation criteria. The weight of each criterion will vary according to the category of the proposal, as explained below.

(1) Problem Definition

Applicants must clearly explain *why* the proposed project is needed, and *how* the project will meet the needs identified. This may seem obvious; however, a proposal will often fail to survive the competition because the applicant has spent too much effort on unnecessary rhetoric, and too little effort on clearly defining the *actual problem to be solved or the need to be addressed* by the project. It is essential that the problem definition present a convincing case as to why and how a particular problem, task, or social need can best be addressed through the application of information infrastructure.

(2) Applicant Qualifications

Every applicant must present evidence that it has both the experience and the expertise to bring the project to a successful conclusion. Applicants should take care to describe the qualifications of the participating organizations, the key personnel associated with the project, their relationship to the applicant organization, and the applicant's experience in addressing information-related issues. Experience may be demonstrated in a variety of ways, including projects successfully completed and participation in comprehensive planning activities. In addition, each applicant should present evidence that it is not only a capable organization but also an appropriate and credible organization to undertake the project it proposes.

(3) Support for End Users

Since the success of the NII will depend on both its accessibility and the value it offers to end users, projects supported by the TIIAP must demonstrate a high degree of attention to the needs, skills, and working conditions of the targeted end users. The program will look carefully at the degree of end user involvement in the design of proposed projects and at the plans for training users and/or upgrading their skills. Applicants should explain clearly how targeted end users will benefit from the services offered, or how the project will provide the public with easily accessible, useful and useable information. NTIA expects applicants to consider carefully safeguards to protect the privacy of the end users of the information infrastructure funded through this grant program. In addition, applicants proposing projects dealing with individually identifiable information (student grades, medical records, etc.) will be required to prescribe mechanisms for protecting the confidentiality of such information and the privacy of any individuals involved.

(4) Partnerships and Community Support

Broad community support is essential to the viability of TIIAP projects. Partnerships will diverse sectors of the community will be considered an integral part of the proposal. The most successful partnerships are those that create ''win-win'' situations for all parties involved; every partner both contributes to and benefits from the partnership. Partners must also demonstrate the ability to work together. Evidence of strong community support

also includes a solid commitment of a high-quality, non-Federal match. Beyond the mandatory commitment of a non-Federal match, TIIAP is concerned with the long term sustainability of a project. Applicants should discuss how they plan to sustain the project after the period of Federal funding is over. Finally, a representative sample of thoughtful letters of support from diverse elements of the community may provide evidence of solid support that will help assure the project's success.

(5) Reducing Disparities in Access to and Use of the Natural Information Infrastructure

One of the Administration's primary NII goals is reducing gaps between information ''haves'' and ''have-nots.'' Therefore, TIIAP will support projects that increase an underserved population's access to social services and information made available via information infrastructure. Of primary importance is the applicant's plan to redress disparities of access. For example, difficulties in access to information infrastructure may arise from living in a remote rural area or from economic hardship in the inner city. Redressing these disparities in access may involve unique sharing arrangements, innovative outreach strategies, or sensitivity to local conditions of populations that are traditionally underserved. Whatever a particular situation, the applicant must demonstrate that the project will reduce disparities of access and use.

(6) Technical Quality

Technical quality in the TIIAP focuses not on innovation for its own sake, but on consistency with the vision of a nationwide, seamless, interactive network of networks. Therefore, projects proposed to the TIIAP must demonstrate an awareness of, and a realistic approach to, questions of interoperability and scalability. The TIIAP will not support standalone small- or large-scale systems that cannot communicate effectively with other systems. Similarly, the program will not consider proposals for systems that are likely to limit rather than permit growth in the number of sites served, the number of end users accommodated, the number of institutions connected, or the range of information and communication services provided. Where feasible, applicants should seek to build upon existing information infrastructure. Applicants must demonstrate knowledge of existing information infrastructure in the area to be served by the project. Applicants must also address how they intend to deal with the issue of rapid obsolescence by describing their plans to accommodate advances in information and telecommunications technologies. In addition to demonstrating technological soundness, applicants must show that the approach proposed is both cost-effective and appropriate to the need or problem that is to be addressed. Proposals in Category Three (Planning Projects) will also be rated on the soundness of the planning methodology that is presented in the application.

(7) Evaluation and Dissemination

An evaluation of each project is critical in order to answer the essential question of whether or not the project has achieved its goals. Evaluation summaries will be particularly important as projects progress and comparisons can be made and conclusions drawn. For these reasons, every project proposed to the TIIAP must present a clearly defined evaluation strategy that offers rational criteria for measuring the effectiveness of the project in reaching its goals during the grant award period and identifies specific evaluation instruments to be employed. The applicant should also demonstrate adequate experience in arranging and conducting a project evaluation, with the attendant budget for a thorough and useful evaluation. In conjunction with the evaluation strategy, the TIIAP will review the applicant's plan to disseminate the knowledge gained as a result of implementing the project.

(8) Ability to Serve as a Model

In Category One, the TIIAP is interested in supporting projects whose ultimate impact will extend far beyond the scope of the activities funded. Therefore, the program will examine closely the degree to which a proposed project has the potential to serve as a model for others to follow. A focus of this criterion will be the extent to which a project is innovative, not necessarily in terms of the technology to be used, but rather in the application of the technology in a particular setting, in the service of a particular population, or in the solution of a particular problem. Projects will also be judged on whether they can be replicated in other communities and can serve as a catalyst or blueprint for other sectors of society or other providers of services. In addition, the program will examine whether a subsequent evaluation of the project can contribute significantly to our understanding of how the national information infrastructure can be used to improve the delivery of a wide range of social services and promote economic development. Implicit in this concept of a model project is financial viability. Therefore, applicants who intend for their projects to be considered as models must address the issue of the sustainability of the project beyond the grant period.

The above evaluation criteria are weighted as follows:

Criteria	Category one (percent)	Category two (percent)	Category three (percent)
(1) Problem Definition ..	10	10	10
(2) Applicant Qualifications	10	10	10
(3) Support for End Users	10	15	15
(4) Partnerships and Community Support	10	15	20
(5) Reducing Disparities	10	25	15
(6) Technical Quality	15	10	10
(7) Evaluation and Dissemination	15	10	10
(8) Ability to Serve as a Model	20	5	10

Selection Process

TIIAP grants are awarded on the basis of a competitive review process. Each application will be thoroughly reviewed by a panel of outside readers, who have demonstrated expertise in both the programmatic and technological aspects of the application. The review panels will evaluate applications according to the criteria listed in this Notice and make non-binding recommendations to the program staff. Under the guidance of the TIIAP Director, staff will prepare proposed slates of the highest rated projects to be funded for consideration by the NTIA Administrator, who is the selecting official.

The TIIAP Director will propose the slates to the NTIA Administrator in two stages: a slate of Category Two applications, and a slate of applications in Categories One and Three. Acting on these recommendations, the Administrator will select the applications to be negotiated for possible grant award.

In making their decisions, the Program Director and the Administrator will consider the following:

1. The evaluations of the outside reviewers;

2. The degree to which each slate of applications, taken as a whole, satisfies the program's stated purposes for the applicable program categories;

3. The geographic distribution of the proposed grant awards;

4. The diversity of the technologies employed by the proposed grant awards;

5. The diversity of projects represented by the proposed grant awards;

6. The promotion of equitable access to and use of the information infrastructure for traditionally disadvantaged or under-served groups;

7. Avoidance of redundancy and conflicts with the initiatives of other Federal agencies; and

8. The availability of funds.

After applications have been selected in this manner, negotiations will take place between TIIAP staff and the applicant. These negotiations are intended to resolve any differences that exist between the applicant's original request and what TIIAP proposes to fund. Not all applicants who are contacted for negotiation will necessarily receive a TIIAP award.

When the negotiations are completed for Category Two, the TIIAP Director will recommend final award actions to the NTIA Administrator. Applying the same factors listed above, the Administrator will then make the final selection of grant recipients from the pool of negotiated applications in Category Two. This process is repeated for the set of projects approved for negotiation in Categories One and Three.

Eligible Costs

Eligible Costs

Allowable costs incurred under approved projects shall be determined in accordance with applicable Federal costs principles, *i.e.*, OMB Circular A–21, A–87, or A–122. If included in the approved project budget, the TIIAP will allow costs for personnel, fringe benefits, computer hardware and software, other end-user equipment, telecommunication services and related equipment, consultants and other contractual services, travel, rental of office equipment, furniture and space, supplies, etc. that are reasonable and directly related to the project. Construction costs are not eligible.

Note that costs that are ineligible for TIIAP support may not be included as part of the applicant's matching fund contribution.

Indirect Costs

The total dollar amount of the indirect costs proposed in an application under TIIAP must not exceed the indirect cost rate negotiated and approved by a cognizant Federal agency prior to the proposed effective date of the award, or 100% of the total proposed direct costs dollar amount in the application, whichever is less.

Award Period

Successful applicants in Category One will have between 12 and 24 months to complete their projects. Successful applicants in Categories Two and Three will have between 12 and 18 months to complete their projects. The actual time will vary depending on the complexity of the project.

Other Information

Electronic Information

Information about NTIA and the TIIAP, including this document and the *Guidelines for Preparing Applications,* can be retrieved electronically via the Internet through ftp, gopher and the World Wide Web.

To reach the ftp server, ftp to ftp.ntia.doc.gov. Use the login name of 'anonymous' and use your email address as the password. Change to the /grantinfo directory to find TIIAP files.

To reach the gopher server, point your gopher client at gopher.ntia.doc.gov and login as 'gopher'.

To reach the www server, use http://www.ntia.doc.gov to reach the NTIA Home Page. Follow the link entitled 'What's New' to reach TIIAP information.

TIIAP can also be reached via electronic mail at tiiap@ntia.doc.gov.

Technical Assistance

TIIAP program staff are available to provide technical assistance to applicants on a first-come, first-served basis until the time that a proposal has been submitted to NTIA. All applicants are asked to read carefully both this Notice and the *Guidelines for Preparing Applications* before contacting staff for technical assistance. In addition to outreach through professional conferences and meetings, NTIA will be conducting a series of regional workshops to provide potential applicants with information on the program and application procedures. Information on these workshops is provided in the Dates section.

Application Forms

Standard Forms 424, Application for Federal Assistance; 424A, Budget Information—Non-Construction Programs; and 424B, Assurances—Non-Construction Programs, (Rev. 4–92), and other Department of Commerce forms shall be used in applying for financial assistance. These forms are included in the Guidelines for Preparing Applications, which can be obtained by contacting NTIA by telephone, fax, or electronic mail, as described in the **ADDRESS** section above. The TIIAP requires one original and five copies of the application. Applicants for whom the submission of five copies presents financial hardship may submit one original and two copies of the application.

Because of the high level of public interest in projects supported by the TIIAP, the program anticipates receiving requests for copies of applications. Applicants are hereby notified that the applications they submit are subject to the Freedom of Information Act. Applicants may identify sensitive information and label it ''confidential'' to assist NTIA in making disclosure determinations.

Abbreviated proposals under Category One do not need to include the above standard forms. Instructions for preparing an abbreviated proposal are included in the Guidelines for Preparing Applications.

As noted above, all applicants are required to submit a non-binding letter of intent in advance of submitting a full proposal. The letter of intent shall contain information on how to contact the applicant, the category in which the applicant intends to apply, the subject area of the intended proposal, and a brief description of the project that is to be proposed. Detailed instructions for preparing a letter of intent are included in the Guidelines for Preparing Applications.

Type of Funding Instrument

The funding instrument for awards under this program shall be a grant.

Authority and Funding Availability

The National Telecommunications and Information Administration (NTIA), Department of Commerce, serves as the President's principal adviser on telecommunications and information policy. NTIA's functions were codified as part of the Telecommunications Authorization Act of 1992, Pub. L. No. 102–538, 106 Stat. 3533, 47 U.S.C. §§ 901–04 (1993).

As specified in the Departments of Commerce, Justice, and State, the Judiciary and Related Agencies Appropriations Act of 1994, Pub. L. No. 103–317, 108 Stat. 1724, 1747 (1994), Congress has provided the Department of Commerce $64 million for the TIIAP for fiscal year 1995. The grant funds may be used for the planning and construction of telecommunications networks for the provision of

educational, cultural, health care, public information, public safety, or other social services (notwithstanding the requirements of 47 U.S.C. 392 (a) and (c)).

Federal Policies and Procedures

Recipients and subrecipients are subject to all applicable Federal laws and Federal and Department of Commerce policies, regulations, and procedures applicable to Federal financial assistance awards.

Purchase of American-Made Equipment and Products

Applicants are hereby notified that they will be encouraged, to the greatest extent practicable, to purchase American-made equipment and products with funding provided under this program in accordance with Congressional intent as set forth in the resolution contained in Public Law 103–317, Sections 607 (a) and (b).

Pre-Award Activities

If applicants incur any costs prior to an award being made, they do so solely at their own risk of not being reimbursed by the government. Applicants are hereby notified that, notwithstanding any oral or written assurance that they may have received, there is no obligation on the part of the Department of Commerce or NTIA to cover pre-award costs.

No Obligation for Future Funding

If an application is selected for funding, the Department of Commerce has no obligation to provide any additional future funding in connection with that award. Renewal of an award to increase funding or extend the period of performance is at the total discretion of the Department of Commerce. Receipt of a TIIAP grant, however, will not eliminate the recipient from consideration for future funding.

Name Check Review

All non-profit and for-profit applicants are subject to a name check review process. Name checks are intended to reveal if any key individuals associated with the applicant have been convicted of or presently facing criminal charges such as fraud, theft, perjury, or other matters that significantly reflect on the applicant's management, honesty, or financial integrity.

Primary Applicant Certifications

All primary applicants must submit a completed Form CD–511, ''Certifications Regarding Debarment, Suspension and Other Responsibility Matters; Drug-Free Workplace Requirements and Lobbying,'' and the following explanations are hereby provided:

1. Nonprocurement Debarment and Suspension—Prospective participants (as defined at 15 CFR Part 26, Section 105) are subject to 15 CFR Part 26, ''Nonprocurement Debarment and Suspension'' and the related section of the certification from prescribed above applies;

2. Drug-Free Workplace—Grantees (as defined at 15 CFR Part 26, Section 605) are subject to 15 CFR Part 26, Subpart F, ''Governmentwide Requirements for Drug-Free Workplace (Grants)'' and the related section of the certification form prescribed above applies;

3. Anti-Lobbying—Persons (as defined at 15 CFR Part 28, Section 105) are subject to the lobbying provisions of 31 U.S.C. 1352, ''Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions,'' and the lobbying section of the certification form prescribed above applies to applications/bids for grants, cooperative agreements, and contracts for more than $100,000, and loans and loan guarantees for more than $150,000, or the single family maximum mortgage limit for affected programs, whichever is greater; and

4. Anti-Lobbying Disclosure—Any applicant that has paid or will pay for lobbying in connection with a covered Federal action, such as the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement using any funds must submit an SF–LLL, ''Disclosure of Lobbying Activities,'' as required under 15 CFR part 28, Appendix B.

Lower Tier Certifications

Recipients shall require applicants/bidders for subgrants, contracts, subcontracts, or other lower tier covered transactions at any tier under the award to submit, if applicable, a completed Form CD–512, ''Certifications Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transactions and Lobbying'' and disclosure from SF-LLL, ''Disclosure of Lobbying Activities.'' Form CD–512 is intended for the use of recipients and should not be transmitted to DOC. SF-LLL submitted by any tier recipient or subrecipient should be submitted to DOC in accordance with the instructions contained in the award document.

False Statements

A false statement on an application is grounds for denial or termination of funds and grounds for possible punishment by a fine or imprisonment as provided in 18 U.S.C. § 1001.

Intergovernmental Review

Applications under this program are subject to Executive Order 12372, ''Intergovernmental Review of Federal Programs.'' This Notice was reviewed by the Office of Management and Budget under Executive Order 12866.

Definitions

Connectivity

The capacity of one system or device to link to a second system or device to complete a connection and provide continuing service. Connectivity is established among systems when it is possible for an end-user on one system to gain access to another system.

Content Development

The creation of information resources for the purpose of dissemination through one or more on-line services. Typically, content development involves the collection and organization of data, the design of an appropriate user interface, and the creation of software to allow information retrieval.

Demonstration Project

The deployment, use, and attendant evaluation of information infrastructure in the solution of a particular problem or set of problems.

End User

A person who customarily employs or seeks access to, rather than provides, information infrastructure. An end-user may be a consumer of information (e.g., a member of the public employing a touch-screen public access terminal); may be involved in an interactive communication with other end users; or may use information infrastructure to provide services to the public.

Information Infrastructure

The telecommunication networks, computers, other end-user devices, software, standards, and skills that collectively enable people to connect to each other and to a vast array of services and information resources.

Interactivity

The capacity of a communications system to allow end users to communicate directly with other users, either in real time (as in a video teleconference) or on a store-and-forward basis (as with electronic mail),

or to seek and gain access to information on an on-demand basis, as opposed to a broadcast basis.

Interoperability

The condition achieved among information and communication systems when information (i.e., data, voice, image, audio, or video) can be easily and cost-effectively shared across acquisition, transmission, and presentation technologies, equipment, and services.

Grant

Financial assistance award authorized by law to support autonomous projects or activities of state or local governments, or non-profit groups. This term does not include direct United States government cash assistance to an individual, a subsidy, a loan, a loan guarantee, or insurance.

Model

A project that employs a novel, innovative, and replicable approach. The ultimate impact of a model project should extend far beyond the community or communities to be served by the project itself.

National Information Infrastructure (NII) Initiative

A Federal policy initiative to facilitate and accelerate the development and utilization of the nation's information infrastructure. The Administration's vision for the NII is of a seamless web of communications networks, computers, databases, and consumer electronics that will put vast amounts of information at users' fingertips. For more detailed information on various aspects of the NII initiative, see e.g., The National Information Infrastructure: Agenda for Action, 58 FR 49,025 (September 21, 1993).

Planning Project

A deliberative process in which an organization, or group of organizations, develops plans and strategies for the enhanced application of information infrastructure. The outcome of a planning project should be a plan for improved delivery of social services, economic development, or increased citizen access to information resources.

Scalability

The ability of a system to accommodate a significant growth in the size of the system (i.e., services provided, end users served) without the need for substantial redesign. A scalable approach that is demonstrated on a small scale can also be applied on a larger scale.

Social Services

Activities performed by public or private entities to meet basic community needs. Examples include education, health care and public health, public information, public safety, and economic development.

Underserved

End users who are subject to barriers that limit or prevent their access to either social services or information infrastructure. In terms of information infrastructure, these barriers may be linguistic, geographic, economic, or cultural. A rural community may be physically isolated from circuits adequate to allow for data access; inner city neighborhoods may contain large numbers of potential end users for whom ownership of computer hardware is unlikely; residents of isolated ethnic communities may lack the requisite language skills to permit ease of access to on-line information resources.

Larry Irving,

Assistant Secretary for Communications and Information.

BILLING CODE 3510–60–M

Friday
February 10, 1995

Part XII

Department of Transportation

Federal Aviation Administration

14 CFR Parts 71 and 91

Class B, C, and E Airspace Areas and Special Visual Flight Rules, Colorado; VOR Federal Airways and Jet Routes; Final Rules

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 94–ANM–37]

Establishment of Class D Airspace; Denver, CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule, request for comments.

SUMMARY: This action establishes Class D airspace at Denver International Airport, Colorado, so cargo aircraft can operate safely within controlled airspace until the new Denver International Airport is commissioned. Accordingly, action is taken herein to establish Class D airspace preceding the effective date of Class B airspace, which is scheduled to be effective February 28, 1995.

DATES: Effective 0701 UTC, February 26, 1995.

Comment Date: Comments must be received prior to February 21, 1995.

ADDRESSES: Send comments on the rule in triplicate to: Manager, System Management Branch, Air Traffic Division, ANM–530, Federal Aviation Administration, Docket No. 94–ANM–37, 1601 Lind Avenue SW., Renton, Washington 98055–4056.

The official docket may be examined in the Office of the Assistant Chief Counsel for the Northwest Mountain Region, Suite 570, 1601 Lind Avenue SW., Renton, Washington 98055–4056; telephone: (206) 227–2007.

FOR FURTHER INFORMATION CONTACT: Ted Melland, System Management Branch, ANM–530, Federal Aviation Administration, Docket No. 94–ANM–37, 1601 Lind Avenue SW., Renton, Washington 98055–4056; telephone number: (206) 227–2536.

SUPPLEMENTARY INFORMATION:

History

On January 17, 1995, the City and County of Denver proposed to allow cargo airport operations at the new Denver International Airport prior to official commissioning. Denver anticipates commissioning the airport on February 28, 1995, but wishes to allow cargo aircraft to operate at the new airport before the new airport is officially commissioned. This action is necessary to provide controlled airspace until the Class B airspace becomes effective at the new airport. Class B airspace is scheduled to become effective at the new airport on February 28, 1995, when operations at Stapleton Airport are discontinued.

The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) establishes Class D airspace at the new Denver International Airport, Colorado to provide controlled airspace for operations.

Accordingly, action is taken herein to establish Class D airspace in order to provide for safe operations on February 26, 1995, until the new airport opens. The establishment of Class D airspace is required in the interest of flight safety. Under the circumstances presented, the FAA concludes that there is an immediate need to establish this Class D airspace area in order to promote the safe and efficient handling of air traffic in this area. Therefore, I find that notice and public procedures under 5 U.S.C. 553(b) are impracticable and contrary to the public interest.

The coordinates for this airspace docket are based on North American Datum 83. Class D airspace designations are published in Paragraph 5000 of FAA Order 7400.9B dated July 18, 1994, and effective September 16, 1994, which is incorporated by reference in 14 CFR 71.1. The Class D airspace designation listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a ''significant regulatory action'' under Executive Order 12866; (2) is not a ''significant rule'' under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. app. 1348(a), 1354(a), 1510: E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389; 49 U.S.C. 106(g); 14 CFR 11.69.

§ 71.1 [AMENDED]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9B, Airspace Designations and Reporting Points, dated July 18, 1994, and effective September 16, 1994, is amended as follows:

Paragraph 5000—General

* * * * *

ANM CO D Denver, CO [New]

Denver International Airport CO
(Lat. 39°51′30″ N, long. 104°40′01″ W)
Denver Stapleton International Airport, CO
(Lat. 39°46′28″ N, long. 104°52′47″ W)
Heckendorf Airport, CO
(Lat. 39°57′48″ N, long. 104°52′47″ W)

That airspace extending upward from the surface to and including 8,000 feet MSL within a 6.3-mile radius of the Denver International Airport excluding that airspace within the Denver Stapleton International Airport, CO, Class B airspace; and excluding that airspace south of lat. 39°48′44″ N and east of long. 104°35′00″ W; and excluding that airspace within a 1-mile radius of Heckendorf Airport, CO. This Class D airspace shall be effective until superseded by the new Denver International Airport Class B airspace.

* * * * *

Issued in Seattle, Washington, on January 23, 1995.

Bill H. Ellis,

Acting Assistant Manager, Air Traffic Division, Northwest Mountain Region.

[Airspace Docket Nos. 91–ANM–14, 91–ANM–16, 91–ANM–17, 93–ANM–1, 93–ANM–2, 93–ANM–3, and 93–ANM–5]

Establishment of Class E Airspace and Alteration of Class D and Class E Airspace Areas, VOR Federal Airways and Jet Routes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; Announcement of effective data.

SUMMARY: On February 28, 1995, the new Denver International Airport is scheduled to open, replacing Stapleton International Airport. This action supports the new Denver International Airport airspace structure by altering the Class D airspace area in Broomfield, CO; altering the Class D airspace and establishing Class E airspace in Aurora, CO; altering Class D and Class E

airspace areas in Englewood, CO; altering the Class E airspace area in Denver, CO: altering VOR Federal airways in Colorado, Nebraska, and Wyoming; and altering jet routes in Colorado, Idaho, Kansas, Nebraska, South Dakota, Utah, and Wyoming. These changes were delayed previously pending the opening of the new Denver International Airport. This airspace reconfiguration coincides with the scheduled opening date of the new airport.

EFFECTIVE DATE: The final rules at 58 FR 47041, 58 FR 47371, 58 FR 47372, 58 FR 47373, 58 FR 47631, 58 FR 47633, 58 FR 47635, as postponed at 58 FR 60552, corrected at 59 FR 1472, 59 FR 5080, 59 FR 6217, and as postponed at 59 FR 10743 and 59 FR 24914, are effective 0701 UTC, February 28, 1995.

FOR FURTHER INFORMATION CONTACT: Norman W. Thomas, Airspace and Obstruction Evaluation Branch (ATP–240), Airspace-Rules and Aeronautical Information Division, Air Traffic Rules and Procedures Service, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–9230.

SUPPLEMENTARY INFORMATION: On September 7, September 9, and September 10, 1993, the Federal Aviation Administration (FAA) published final rules altering and establishing Class D and Class E airspace areas, VOR Federal airways, and jet routes to support the new Denver International Airport airspace reconfiguration. On January 11, 1994, a correction was published on Airspace Docket No. 91–ANM–14 to incorporate an amendment to V–220 between Grand Junction, CO, and Meeker, CO. Additionally, on February 3 and February 10, 1994, corrections were published concerning J–54 in Airspace Docket No. 91–ANM–16 to reinstate a segment from Cherokee, WY, to Laramie, WY. Most recently, the FAA delayed these rules indefinitely pending the official opening of the Denver International Airport. The new Denver International Airport is scheduled to open on February 28, 1995. This airspace reconfiguration coincides with the opening date of the new airport.

Because the public needs to be made aware of the opening date immediately, notice and public procedure are impracticable and good cause exists for making this action effective in less than 30 days.

In consideration of the foregoing, Airspace Docket No. 93–ANM–1 modifying the Class D airspace area in Broomfield, CO (58 FR 47041; September 7, 1993); Airspace Docket No. 93–ANM–2 modifying the Class D airspace area and establishing a Class E airspace area in Aurora, CO (58 FR 47371; September 9, 1993); Airspace Docket No. 93–ANM–3 modifying the Class D and Class E airspace areas in Englewood, CO (58 FR 47372; September 9, 1993); Airspace Docket No. 93–ANM–5 modifying the Class E airspace areas at the Denver Centennial Airport, CO, Denver, CO, and Erie, CO (58 FR 47373; September 9, 1993); Airspace Docket No. 91–ANM–14 altering VOR Federal airways in Colorado, Nebraska, and Wyoming (58 FR 47631; September 10, 1993) as corrected at (59 FR 1472; January 11, 1994); Airspace Docket No. 91–ANM–16 altering jet routes in Colorado, Idaho, Kansas, Nebraska, South Dakota, Utah, and Wyoming (58 FR 47633; September 10, 1993) as corrected at 59 FR 5080 (February 3, 1994) and 59 FR 6217 (February 10, 1994); Airspace Docket No. 91–ANM–17 altering VOR Federal airways in Colorado and Wyoming (58 FR 47635; September 10, 1993), as postponed at 58 FR 60552 (November 17, 1993), as postponed at 59 FR 10743 (March 8, 1994), and as postponed at 59 FR 24914 (May 13, 1994), are effective February 28, 1995.

Issued in Washington, DC, on February 8, 1995.

Harold W. Becker,

Manager, Airspace-Rules and Aeronautical Information Division.

[Airspace Docket No. 93–ANM–20]

Alteration of Jet Route J–171; CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; announcement of effective date.

SUMMARY: On February 28, 1995, the new Denver International Airport is scheduled to open, replacing Stapleton International Airport. This action supports the new Denver International Airport airspace structure by altering Jet Route J–171 from Tobe, CO, to Hugo, CO. This airspace change was delayed previously pending the opening of the new Denver International Airport. This airspace reconfiguration coincides with the scheduled opening date of the new airport.

EFFECTIVE DATE: The final rule at 59 FR 1619, as postponed at 59 FR 10744 and 59 FR 24915, is effective 0701 UTC, February 28, 1995.

FOR FURTHER INFORMATION CONTACT: Norman W. Thomas, Airspace and Obstruction Evaluation Branch (ATP–240), Airspace-Rules and Aeronautical Information Division, Air Traffic Rules and Procedures Service, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–9230.

SUPPLEMENTARY INFORMATION: On January 12, 1994, the Federal Aviation Administration (FAA) published a final rule altering Jet Route J–171 from Tobe, CO, to Hugo, CO, to support the new Denver International Airport airspace reconfiguration.

Most recently, the FAA delayed this rule indefinitely pending the official opening of the new Denver International Airport. The new airport is scheduled to open on February 28, 1995. This airspace reconfiguration coincides with the opening date of the new airport.

Because the public needs to be made aware of the opening date immediately, notice and public procedure are impracticable and good cause exists for making this action effective in less than 30 days.

In consideration of the foregoing, Airspace Docket No. 93–ANM–20 altering Jet Route J–171 (59 FR 1619; January 12, 1994) as postponed at 59 FR 10744 (March 8, 1994) and 59 FR 24915 (May 13, 1994) is effective February 28, 1995.

Issued in Washington, DC, on February 8, 1995.

Harold W. Becker,

Manager, Airspace-Rules and Aeronautical Information Division.

RIN 2120–AE46

Alteration of the Denver Class B Airspace Area; CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; announcement of effective date.

SUMMARY: On February 28, 1995, the new Denver International Airport is scheduled to open, replacing Stapleton International Airport. This action supports the new Denver International Airport airspace structure by altering the Denver, CO, Class B airspace area.

This change was delayed previously pending the opening of the new Denver International Airport. This Class B airspace reconfiguration coincides with the scheduled opening date of the new airport.

EFFECTIVE DATE: The final rule at 58 FR 48722, as postponed at 58 FR 60552, as corrected at 59 FR 2953, and as postponed at 59 FR 10744 and 59 FR 24914, is effective 0701 UTC, February 28, 1995.

FOR FURTHER INFORMATION CONTACT:

Norman W. Thomas, Airspace and Obstruction Evaluation Branch (ATP–240), Airspace-Rules and Aeronautical Information Division, Air Traffic Rules and Procedures Service, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–9230.

SUPPLEMENTARY INFORMATION: On September 17, 1993, the Federal Aviation Administration (FAA) published a final rule altering the Denver, CO, Class B airspace area. On January 20, 1994, a correction to the final rule was published correcting an error in the coordinates for the airport reference point and the supporting Navigational Aid for the new Denver International Airport, and to reflect the upgrading of the Denver Very High Frequency Omnidirectional Range facility to a very high frequency omnidirectional range/tactical air navigational facility. Most recently, the FAA delayed these rules indefinitely pending the official opening of the Denver International Airport. The new Denver International Airport is scheduled to open on February 28, 1995. This airspace reconfiguration coincides with the opening date of the new airport.

Because the public needs to be made aware of the opening date immediately, notice and public procedure are impracticable and good cause exists for making this action effective in less than 30 days.

In consideration of the foregoing, Airspace Docket No. 91–AWA–3 altering the Class B airspace area in Denver, CO, 58 FR 48722 (September 17, 1993); as postponed at 58 FR 60552 (November 17, 1993), as corrected at 59 FR 2953 (January 20, 1994), and as postponed at 59 FR 10744 (March 8, 1994) and 59 FR 24914 (May 13, 1994) is effective February 28, 1995.

Issued in Washington, DC, on February 8, 1995.

Harold W. Becker,

Manager, Airspace-Rules and Aeronautical Information Division.

BILLING CODE 4910–13–M

14 CFR Part 91

[Docket No. 27583; Amendment No. 91–243]

Special Visual Flight Rules (SVFR); Denver, CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule announcement of effective date.

SUMMARY: On January 19, 1994, the Federal Aviation Administration (FAA) published a final rule to amend appendix D, part 91 of the Federal Aviation Regulations to accurately reflect the name of the new Denver, Colorado airport. This action was previously delayed pending the opening of the Denver International Airport. This amendment coincides with the scheduled opening date of the new airport.

EFFECTIVE DATE: The final rule at 59 FR 2918, as corrected at 59 FR 6547, as postponed at 59 FR 10958 and 59 FR 24915 is effective 0701 UTC, February 28, 1995.

FOR FURTHER INFORMATION CONTACT: Ellen E. Crum, Air Traffic Rules Branch (ATP–230), Airspace-Rules and Aeronautical Information Division, Air Traffic Rules and Procedures Service, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION: On January 19, 1994, the Federal Aviation Administration (FAA) published a technical amendment to sections 1 and 3 of appendix D, 14 CFR part 91, replacing the reference to Stapleton International Airport with the Denver International Airport (Amendment No. 91–236; 59 FR 2918). In the amendment, however, the FAA inadvertently indicated that the word ''Stapleton'' should be replaced with the word ''International''. The FAA issued a correcting amendment on February 11, 1994 (59 FR 6547). Most recently, the FAA delayed the rule indefinitely pending the official opening of the Denver International Airport. The new airport is scheduled to open on February 28, 1995. This action coincides with the opening of the new airport. Because the public needs to be made aware of the opening date immediately, notice and public procedure are impracticable and good cause exists for making this action effective in less than 30 days.

In consideration of the foregoing, the final rule (Docket No. 27583) amending the name of the Denver International Airport in appendix D of 14 CFR part 91 (59 FR 2918; January 19, 1994) and the final rule correction (59 CFR 6547, February 11, 1994) postponed at 59 FR 10958, March 9, 1994, and 59 FR 24915, May 13, 1994 is effective February 28, 1995.

Issued in Washington, DC, on February 8, 1995.

Harold W. Baker,

Manager, Airspace-Rules and Aeronautical Information Division.

BILLING CODE 4910–13–M

14 CFR Part 71

[Airspace Docket No. 95–ANM–7]

Alteration Jet Route J–20

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; clarification.

SUMMARY: This action reflects the name change of the Shreveport, LA, Very High Frequency Omnidirectional Range/Tactical Air Navigation (VORTAC) facility to the Belcher VORTAC in the airspace designation for Jet Route J–20. The description for J–20 was previously modified to support the airspace structure for the new Denver International Airport. That action was delayed pending the opening of the airport and reflected the old name for the Belcher, LA, VORTAC. This action clarifies that the Shreveport, LA, VORTAC is now named the Belcher VORTAC in the new description of J–20 which becomes effective on February 28, 1995.

EFFECTIVE DATE: 0701 UTC, February 28, 1995.

FOR FURTHER INFORMATION CONTACT: Norman W. Thomas, Airspace and Obstruction Evaluation Branch (ATP–240), Airspace-Rules and Aeronautical Information Division, Air Traffic Rules and Procedures Service, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–9230.

SUPPLEMENTARY INFORMATION:

The Rule

This amendment to part 71 of the Federal Aviation Regulations (14 CFR

part 71) reflects a change to the name of the Shreveport, LA, VORTAC to the Belcher VORTAC. The description for J–20 was previously modified in Docket 91–ANM–16 to support the opening of the new Denver International Airport; that action was delayed pending the opening of the airport. The description for J–20 in Docket 91–ANM–16 contained the old name for the Belcher VORTAC. The airspace configuration to support the opening of the new Denver International Airport will now become effective on February 28, 1995. This action is necessary to clarify the name change of the VORTAC from Shreveport, LA, to Belcher, LA, in the new description of J–20. This action is editorial in nature. I find that notice and public procedure under 5 U.S.C. 553(b) are unnecessary, because this action is a minor technical amendment in which the public is not particularly interested. Jet routes are published in paragraph 2004 of FAA Order 7400.9B dated July 18, 1994, and effective September 16, 1994, which is incorporated by reference in 14 CFR 71.1. The jet route listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a ''significant regulatory action'' under Executive Order 12866; (2) is not a ''significant rule'' under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. app. 1348(a), 1354(a), 1510; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389; 49 U.S.C. 106(g); 14 CFR 11.69.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9B, Airspace Designations and Reporting Points, dated July 18, 1994, and effective September 16, 1994, is amended as follows:

Paragraph 2004—Jet Routes

* * * * *

J–20 [Revised]

From Seattle, WA, via Yakima, WA; Pendleton, OR; Donnelly, ID; Pocatello, ID; Rock Springs, WY; Falcon, CO; Hugo, CO; Lamar, CO; Liberal, KS; INT Liberal 137° and Will Rogers, OK, 284° radials; Will Rogers; Belcher, LA; Jackson, MS; Montgomery, AL; Meridian, MS; Tallahassee, FL; INT Tallahassee 129° and Orlando, FL, 306° radials; Orlando; INT Orlando 154° and Fort Lauderdale, FL, 339° radials to Fort Lauderdale.
