

Towanda and the townships of Wysox, North Towanda, and Monroe; (2) the Mount Carmel, Pennsylvania area, which includes the Borough of Mount Carmel and the Township of Mount Carmel; and (3) the Pittston, Pennsylvania area, which includes the city of Pittston, the townships of Pittston and Jenkins, and the boroughs of Dupont, Avoca, Hughestown, Duryea, Yatesville, and Laflin, Pennsylvania. According to the draft complaint, these markets are highly concentrated and entry is difficult or unlikely. Penn Traffic's acquisition of Acme may reduce competition in these markets by eliminating the direct competition between Penn Traffic and Acme, by increasing the likelihood that Penn Traffic will become a dominant firm, and by increasing the likelihood of collusive behavior among the few remaining competitors.

The agreement containing consent order attempts to remedy the Commission's competitive concerns about the acquisition. Under the terms of the proposed order, Penn Traffic must divest three supermarkets within twelve-months, to a purchaser approved by the Commission. The three stores to be divested include the "Acme" supermarket located in Towanda, Pennsylvania, the "Acme" supermarket located in Pittston, Pennsylvania, and either the "Acme" or the Penn Traffic store located in Mount Carmel, Pennsylvania.

For a period of ten years from the date the order becomes final, the order also prohibits Penn Traffic from acquiring, without prior Commission approval, stock, or any other interest in any supermarket, or entity that owns or operates a supermarket, located in the areas of Towanda, Pittston, or Mount Carmel, Pennsylvania. This prohibition will not apply to the construction of new facilities or the leasing of facilities not operated as supermarkets within six months of the offer to lease.

The purpose of this analysis is to invite public comment concerning the consent order and any other aspect of this matter. This analysis is not intended to constitute an official interpretation of the agreement and order or to modify its terms in any way.

Donald S. Clark,

Secretary.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that Johnson Matthey Chemicals has filed a petition proposing that the food additive regulations be amended to provide for the safe use of silver chloride coated titanium dioxide.

DATES: Written comments on the petitioner's environmental assessment by March 15, 1995.

ADDRESSES: Submit written comments to the Dockets Management Branch (HFA-305), Food and Drug Administration, rm. 1-23, 12420 Parklawn Dr., Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: Diane E. Robertson, Center for Food Safety and Applied Nutrition (HFS-216), Food and Drug Administration, 200 C St. SW., Washington, DC 20204, 202-418-3089.

SUPPLEMENTARY INFORMATION: Under the Federal Food, Drug, and Cosmetic Act (sec. 409(b)(5) (21 U.S.C. 348(b)(5))), notice is given that a food additive petition (FAP 5B4442) has been filed by Johnson Matthey Chemicals, c/o 1000 Potomac St. NW., Washington, DC 20007. The petition proposes to amend the food additive regulations in § 176.170 *Components of paper and paperboard in contact with aqueous and fatty foods* (21 CFR 176.170) to provide for the safe use of silver chloride coated titanium dioxide.

The potential environmental impact of this action is being reviewed. To encourage public participation consistent with regulations promulgated under the National Environmental Policy Act, (40 CFR 1501.4(b)), the agency is placing the environmental assessment submitted with the petition that is the subject of this notice on public display at the Dockets Management Branch (address above) for public review and comment. Interested persons may, on or before March 15, 1995, submit to the Dockets Management Branch (address above) written comments. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the

heading of this document. Received comments may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday. FDA will also place on public display any amendments to, or comments on, the petitioner's environmental assessment without further announcement in the **Federal Register**. If, based on its review, the agency finds that an environmental impact statement is not required and this petition results in a regulation, the notice of availability of the agency's finding of no significant impact and the evidence supporting that finding will be published with the regulation in the **Federal Register** in accordance with 21 CFR 25.40(c).

Dated: February 3, 1995.

Alan M. Rulis,

Acting Director, Office of Premarket Approval, Center for Food Safety and Applied Nutrition.
