(These are not toll-free numbers.)

**SUPPLEMENTARY INFORMATION:** The Department of Labor (DOL or Department) is announcing Job Training Partnership Act (JTPA) allotments for Program Year (PY) 1995 (July 1, 1995-June 30, 1996) for JTPA Titles II-A, II-C, and III, and for the Summer Youth Employment and Training Program in Calendar Year (CY) 1995 for JTPA Title II-B; and, in accord with Section 6 of the Wagner-Peyser Act, preliminary planning estimates for public employment service (ES) activities under the Wagner-Peyser Act for PY 1995. The allotments and estimates are based on the appropriations for DOL for Fiscal Year (FY) 1995.

Attached are lists of the allotments for PY 1995 for programs under JTPA Titles II-A, II-C, and III; a list of the allotments for the CY 1995 Summer Youth Employment and Training Program under Title II-B of JTPA; and a list of preliminary planning estimates for public employment service activities under the Wagner-Peyser Act. The PY 1995 allotments for Titles II-A, II-C, and III and the ES preliminary planning estimates, are based on the funds appropriated by the Department of Labor Appropriations Act, 1995, Public Law 103-333, for FY 1995.

The base allotments for Title II-B total \$867,070,000. Included in these allotments are additional 1995 summer

funds in the amount of \$184,788,000 provided by Congress in the FY 1995 appropriation act. These funds were made available for obligation on July 1, 1995. The FY 1994 and FY 1995 funds available for the CY 1995 Summer Program will be issued separately through a Notice of Obligation (NOO).

These JTPA allotments will not be updated for subsequent unemployment data. The Employment Service preliminary estimates will be updated as final allotments to reflect CY 1994 data and published in the **Federal Register** at a later date.

**Title II-A Allotments**

Attachment I shows the PY 1995 JTPA Title II-A Adult Training Program allotments by State. For all States, Puerto Rico and the District of Columbia, the following data were used in computing the allotments:

- Data for areas of substantial unemployment (ASU) are averages for the 12-month period, July 1993 through June 1994.
- The number of excess unemployed individuals or the ASU excess (depending on which is higher) are averages for this same 12-month period.
- The economically disadvantaged adult data (age 22 to 72, excluding college students and military) are from the 1990 Census.

The allotments for the Insular Areas, including the Freely Associated States, are based on unemployment data from 1990 Census or, if not available, the most recent data available. A 90 percent relative share "hold-harmless" of the PY 1994 Title II-A allotments for these areas and a minimum allotment of \$75,000 were also applied in determining the allotments.

Title II-A funds are to be distributed among designated service delivery areas (SDAs) according to the statutory formula contained in Section 202(b) of JTPA, as amended by Title VII, Miscellaneous Provisions, of the Job Training Reform Amendments of 1992. (This Title VII provides an interim allocation methodology which applies to the PY 1995 allotments.) This is the same formula that has been used in previous program years; however, prior to PY 1993 a different definition of "economically disadvantaged" was used.

In determining any necessary hold-harmless levels for SDAs, the States of Kentucky, Minnesota, Montana, and Wisconsin shall not include any additional funds provided for Rural Concentrated Employment Programs (RCEPs).

**JTPA Title II-B Allotments**

Attachment II shows the CY 1995 JTPA Title II-B Summer Youth Employment and Training Program allotments by State based on total available appropriations for CY 1995 of \$867,070,000. The data used for these allotments are the same unemployment data as were used for Title II-A except that the data for the number for economically disadvantaged youth (age 16 to 21, excluding college students and military) from the 1990 Census was used.

For the Insular Areas and Native Americans, the allotments are based on the percentage of Title II-B funds each received during the previous summer.

Title II-B funds for the 1995 Summer Program are to be distributed among designated SDAs in accordance with the statutory formula contained in Section 252(b) of JTPA, as amended by Title VII, Miscellaneous Provisions, of the Job Training Reform Amendments of 1992. This Title VII provides an interim allocation methodology which applies to the PY 1995 allotments. The Title II-B formula is the same as for Title II-C. This is the same formula which was used in the previous program year.

In determining any necessary hold-harmless levels for SDAs, the State of Kentucky, Minnesota, Montana, and Wisconsin shall not include any additional funds provided for RCEPs.

**JTPA Title II-C Allotments**

Attachment III shows the PY 1995 JTPA Title II-C Youth Training Program allotments by State for a total appropriation of \$598,682,000. The amount is composed entirely of PY 1995 formula funds. For all States, the Insular Areas, Puerto Rico, and the District of Columbia, the data used in computing the allotments are the same data as were used for Title II-B allotments.

The allotments for the Insular Areas are based on unemployment data from the 1990 census or, if not available, the most recent data available. A 90 percent

relative share "hold-harmless" of the PY 1994 Title II-C allotments for those areas and a minimum allotment of \$50,000 were also applied in determining the allotments.

**JTPA Title III Allotments**

Attachment IV shows the PY 1995 JTPA Title III Dislocated Worker Program allotments by State, for a total of \$1,296,000,000. The total includes 80 percent allotted by formula to the States (\$1,036,800,000), and 20 percent (\$259,200,000) for the National Reserve, including funds allotted to the Insular Areas.

Title III formula funds are to be distributed to State and substate grantees in accordance with the provisions in Section 302 (c) and (d) of JTPA, as amended.

Except for the Insular Areas, the unemployment data used for computing these allotments, relative numbers of unemployed and relative numbers of excess unemployed, are averages for the October 1993 through September 1994 period. Long-term unemployed data used were for CY 1993.

Allotments for the Insular Areas are based on the PY 1995 Title II-A allotments for these areas.

A reallocation of these published Title III formula amounts, as provided for by Section 303 of JTPA, as amended, will be based on completed program year expenditure reports submitted by the States and received by October 1, 1995. The Title III allotment for each State will be adjusted upward or downward, based on whether the State is eligible to share in reallocated funds or is subject to recapture of funds.

**Wagner-Peyser Act Employment Service Preliminary Planning Estimates**

Attachment V shows planning estimates which have been produced using the formula set forth at Section 6 of the Wagner-Peyser Act, 29 U.S.C. 49e. These preliminary estimates are based on averages for the most current 12 months ending September 1994 for each

State's share of the civilian labor force (CLF) and unemployment. Final planning estimates will be issued based on CY 1994 data, as required by the Wagner-Peyser Act.

The total planning estimate includes \$22,019,700, or 2.603 percent of the total amount available, which is being withheld from distribution to States to finance postage costs associated with the conduct of Employment Service business of 1995.

The Secretary of Labor has set aside 3 percent of the total available funds to assure that each State will have sufficient resources to maintain statewide employment services, as required under Section 6(b)(4) of the Wagner-Peyser Act. In accordance with this provision, \$24,716,769 is set aside for administrative formula allocation. These setaside funds are included in the total planning estimate. Setaside funds are distributed in two steps to States which have lost in their relative share of resources from the prior year. In step one, States which have a CLF below one million and are below the median CLF density are maintained at 100 percent of their relative share of prior year resources. All remaining set-aside funds are distributed on a pro rata basis in step two to all other States losing in relative share from the prior year, but which do not meet the size and density criteria for step one.

Ten percent of the total sums allotted to each State shall be reserved for use by the Governor to provide performance incentives for public employment service offices, services for groups with special needs, and for the extra costs of exemplary models for delivering job services.

Signed at Washington, D.C., this 7th day of February, 1995.

**Footwear Management Company;  
Amended Certification Regarding  
Eligibility To Apply for NAFTA  
Transitional Adjustment Assistance**

In the matter of NAFTA—00252 Tony Lama Division, El Paso, TX; NAFTA—00252A Justin Boot Company, Fort Worth, TX; NAFTA—00252B Justin Boot Company, Cassville, MO; NAFTA—00252C Nacona Boot Company, Nacona, TX; NAFTA—00252D Justin Boot Company, Sarcoxie, MO; NAFTA—00252E Justin Boot Company, Carthage, MO

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 USC 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on November 14, 1994, applicable to all workers of the subject firm in El Paso, Texas.

At the request of the company, the Department reviewed the certification for workers of the subject firm. New investigation findings show that the production at Justin Boot Company in Sarcoxie, Missouri and Carthage, Missouri is integrated with the production at Justin Boot Company's plants in Fort Worth, Texas and Cassville, Missouri whose workers are certified by an amendment dated December 21, 1994 to the subject certification. The amendment was published in the **Federal Register** on January 4, 1995 (60 FR 482).

New findings show that sales, production and employment declined sharply at the Justin Boot Company's plants in Sarcoxie, Missouri and Carthage, Missouri in 1993 and 1994.

The intent of the Department's certification is to include all workers who were adversely affected by increased imports.

Accordingly, the Department is amending the certification to properly reflect this matter.

The amended notice applicable to NAFTA—00252 is hereby issued as follows:

All workers of the Tony Lama Division of Footwear Management Company, located in El Paso, Texas and all workers of the Justin Boot Company of Footwear Management Company in Fort Worth, Texas; Cassville, Missouri; Sarcoxie, Missouri and Carthage, Missouri and the Nacona Boot Company in Nacona, Texas who became totally or partially separated from employment on or after December 8, 1993 are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed in Washington, D.C., this 6th day of February, 1995.

[NAFTA-00325]

**Regency Vegetable House Naples, Florida; Termination of Investigation**

Pursuant to Title V of the North American Free Trade Agreement Implementation Act (P.L. 103-182) concerning transitional adjustment assistance, hereinafter called (NAFTA-TAA), and in accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 USC (2273), an investigation was initiated on January 9, 1995 in response to a petition filed on behalf of workers at Regency Vegetable House in Naples, Florida. The investigation revealed that workers of Regency Vegetable House were separated in June 1994 when production ceased and that the firm packaged and sold vegetables to substantially the same customers as Regency Packing Company (NAFTA-TAA-00227). On January 31, 1995 an amendment was made to NAFTA-TAA-00227 to include all workers of Regency Vegetable House in Naples, Florida. Because the subject workers have been included in the amendment certification of NAFTA-TAA-00227, further information in this case would serve no purpose, and the investigation has been terminated.

Signed at Washington, D.C., this 1st day of February 1995.
