[Docket No. CP95-198-000]

**Northern Natural Gas Co.; Request Under Blanket Authorization**

February 8, 1995.

Take notice that on February 3, 1995, Northern Natural Gas Company

(Northern), P.O. Box 3330, Omaha, Nebraska 68103-0330, filed in Docket No. CP95-198-000 a request pursuant to §§ 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205 and 157.212) for authorization to upgrade an existing delivery point to accommodate increased natural gas deliveries to Northern States Power (Minnesota) (NSP-M), under the blanket certificate issued in Docket No. CP82-401-000, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Northern proposes to upgrade an existing town border station (Kandiyohi #1 Town Border Station) located in Kandiyohi County, Minnesota, to accommodate increased natural gas deliveries to NSP-M for commercial, industrial and residential end-use under Northern's currently effective service agreement with NSP-M. Northern estimates increased peak day and annual volumes through the upgraded town border station of 720 Mcf and 91,980 Mcf, respectively. Northern estimates a cost of upgrading the delivery point of \$3,500 and indicates that the costs would be financed in accordance with the General Terms and Conditions of Northern's FERC Gas Tariff, Fifth Revised Volume No. 1.

Northern advises that the total volumes to be delivered to the customer after the request do not exceed the total volumes authorized prior to the request. Also, Northern indicates that the proposed activity is not prohibited by its existing tariff and that it has sufficient capacity to accommodate the changes proposed herein without detriment or disadvantage of Northern's other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to § 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for

authorization pursuant to Section 7 of the Natural Gas Act.
