

silicon carbide and tungsten carbide reinforcement technology in that it is applicable for machining ferrous materials and it uses plentiful raw materials with superior high temperature properties.

**SUPPLEMENTARY INFORMATION:** The Department of Energy has determined in accordance with 10 CFR 600.14(e)(1) that the unsolicited application for financial assistance submitted by Dr. John V. Milewski is meritorious based on the general evaluation required by 10 CFR 600.14(d) and the proposed project represents a unique idea that would not be eligible for financial assistance under a recent, current or planned solicitation. Estimates indicate a ten- to twenty-fold improvement in machining productivity can be expected from the use of this technology. The proposed project is not eligible for financial assistance under a recent, current or planned solicitation because the funding program, the Energy Related Invention Program (ERIP), has been structured since its beginning in 1975 to operate without competitive solicitations because the authorizing legislation directs ERIP to provide support for worthy ideas submitted by the public. The program has never issued and has no plans to issue a competitive solicitation.

**FOR FURTHER INFORMATION CONTACT:** Please write the U.S. Department of Energy, Office of Placement and Administration, ATTN: Rose Mason, HR-531.23, 1000 Independence Ave., S.W., Washington, D.C. 20585.

The anticipated term of the proposed grant is 18 months from the date of award.

Issued in Washington, D.C. on January 30, 1995.

### **Financial Assistance Award: Virginia Polytechnic Institute and State University**

**AGENCY:** Department of Energy.

**ACTION:** Notice of intent.

**SUMMARY:** The U.S. Department of Energy announces that pursuant to 10 CFR 600.6(a)(2) it is making a financial assistance award under Grant Number DE-FG01-95EE15584 to the Virginia Polytechnic Institute, Office of Sponsored Products. The proposed grant will provide funding in the estimated amount of \$99,743 by the Department of Energy for the purpose of

saving energy through the invention, "Tribopolymerization as an Anti-Wear Mechanism", a method for reducing both wear and friction between ceramic-ceramic and ceramic-metal surfaces in contact under pressure.

**SUPPLEMENTARY INFORMATION:** The Department of Energy has determined in accordance with 10 CFR 600.14(e)(1) that the unsolicited application by Dr. Michael J. Furey of the Mechanical Engineering Department of the Virginia Polytechnic Institute and State University is meritorious based on the general evaluation required by 10 CFR 600.14(d) and the proposed project represents a unique idea that would not be eligible for financial assistance under a recent, current or planned solicitation. The method is regarded as having the potential to play the role of an enabling technology in the development of adiabatic high-temperature ceramic engines that could improve efficiency by 50%. Laboratory tests show that this novel method is more effective at diminishing wear and lubrication needs of ceramic surfaces at higher temperatures than conventional methods. Current technology methods cannot effectively lubricate ceramic materials or operate at temperatures higher than 150 °C. Specifics used in this new process have already shown effectiveness at 250 °C. The proposed project is not eligible for financial assistance under a recent, current or planned solicitation because the funding program, the Energy Related Invention Program (ERIP), has been structured since its beginning in 1975 to operate without competitive solicitations because the authorizing legislation directs ERIP to provide support for worthy ideas submitted by the public. The program has never issued and has no plans to issue a competitive solicitation.

**FOR FURTHER INFORMATION CONTACT:** Please write the U.S. Department of Energy, Office of Placement and Administration, ATTN: Rose Mason, HR-531.23, 1000 Independence Avenue SW., Washington, D.C. 20585.

The anticipated term of the proposed grant is 18 months from the date of award.

Issued in Washington, D.C. on January 30, 1995.

### **Office of Fossil Energy**

[FE Docket No. 95-06-NG]

#### **ANR Pipeline Co.; Order Granting Blanket Authorization To Import Natural Gas From Canada**

**AGENCY:** Office of Fossil Energy, DOE.

**ACTION:** Notice of order.

**SUMMARY:** The Office of Fossil Energy of the Department of Energy gives notice that it has issued an order granting ANR Pipeline Company blanket authorization to import up to 350 Bcf of natural gas from Canada over a period of two years beginning on the date of first delivery after January 31, 1995. This order is available for inspection and copying in the Office of Fuels Programs Docket Room, Room 3F-056, Forrestal Building, 1000 Independence Avenue SW., Washington, DC 20585, (202) 586-9478. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

Issued in Washington, DC on January 30, 1995.

#### **1 Source Energy Services Company; Order Granting Blanket Authorization To Import and Export Natural Gas, Including Liquefied Natural Gas**

**AGENCY:** Office of Fossil Energy, DOE.

**ACTION:** Notice of order.

**SUMMARY:** The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice that it issued DOE/FE Order No. 1024 on January 31, 1995, granting 1 Source Energy Services Company (1SESC) blanket authorization to import a combined total of up to 200 Bcf of natural gas, including LNG, from Canada and Mexico. In addition, 1SESC is authorized to export a combined total of up to 200 Bcf of natural gas, including LNG, to Canada and Mexico. This authorization to import and export natural gas, including LNG, from and to Canada and Mexico is for a period of two years beginning on the date of the initial import or export delivery, whichever occurs first.

This order is available for inspection and copying in the Office of Fuels Programs Docket Room, 3F-056, Forrestal Building, 1000 Independence Avenue SW., Washington, DC 20585,

(202) 586-9478. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

Issued in Washington, DC on February 6, 1995.

**Selkirk Cogen Partners, L.P. ; Order Granting Blanket Authorization To Import and Export Natural Gas From and to Canada**

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of order.

**SUMMARY:** The Office of Fossil Energy of the Department of Energy gives notice that it has issued an order granting Selkirk Cogen Partners, L.P.

authorization to import from and to export to Canada up to a total of 57 Bcf of natural gas. The term of the authorization is for a period of two years, beginning on the date of first import or export after January 20, 1995.

Selkirk's order is available for inspection and copying in the Office of Fuels Programs Docket Room, 3F-056, Forrestal Building, 1000 Independence Avenue, S.W., Washington, D.C. 20585, (202) 586-9478. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

Issued in Washington, D.C., January 30, 1995.

BILLING CODE 6450-01-P

**Federal Energy Regulatory Commission**

[Docket No. ER95-524-000, et al.]

**Delmarva Power & Light Co., et al.; Electric Rate and Corporate Regulation Filings**

February 8, 1995.

Take notice that the following filings have been made with the Commission:

**1. Delmarva Power & Light Co.**

[Docket No. ER95-524-000]

Take notice that on January 31, 1995, Delmarva Power & Light Company (Delmarva) of Wilmington, Delaware, filed under the provision of § 205 of the Federal Power Act an eight year power supply contract (the Service Agreement) under which Delmarva will provide requirements service to four Delaware Municipal customers, Lewes, Milford, Newark, and New Castle, respectively. Delmarva states that the Service Agreement supersedes Delmarva's Rate Schedule Nos. 61, 66, 67 and 69 under which each customer previously received requirements served from Delmarva. In addition, Delmarva filed a dispatchable generation agreement between Delmarva and Lewes.

Delmarva, with the concurrence of the four Municipal customers, requests an effective date of February 1, 1995.

The Service Agreement provides for the continuation of the requirements service previously furnished the customer, but changes certain terms and conditions. The chief differences between the Service Agreement and the service currently furnished under each customers' currently effective rate schedule, are that the Service Agreement establishes a new rate for the customer which is below the level of the rate currently charged the customer and establish a base rate level for production service that is to apply when the service agreement becomes effective and provides for annual escalations in the base rate. The Service Agreement has an

eight-year term. The Dispatchable Service Agreement between Delmarva and Lewes provides the terms and conditions under which Lewes will supply a portion of its own energy needs and implements Article V of the Service Agreement between Delmarva and Lewes.

Delmarva states that the filing has been posted and has been served upon the affected customer and the Delaware Public Service Commission.

*Comment date:* February 22, 1995, in accordance with Standard Paragraph E at the end of this notice.

**2. Public Service Company of Oklahoma Southwestern Electric Power Company**

[Docket No. ER95-523-000]

Take notice that on January 30, 1995, Public Service Company of Oklahoma (PSO) and Southwestern Electric Power Company (SWEPCO), tendered for filing an executed service agreement with the Oklahoma Municipal Power Authority for transmission service under the SPP Interpool Transmission Service Tariff. Companies request that the filing be accepted to become effective as of January 1, 1995.

A copy of the filing has been served on the Oklahoma Corporation Commission.

*Comment date:* February 22, 1995, in accordance with Standard Paragraph E at the end of this notice.

**3. West Texas Utilities Co.**

[Docket No. ER95-525-000]

Take notice that on January 31, 1995, West Texas Utilities Company (WTU), submitted an executed Remote Control Area Load Agreement (the RCAL Agreement), dated January 30, 1995, between WTU and Texas Utilities Electric Company (TU Electric). WTU also submitted a service agreement, dated November 30, 1994, with Cap Rock Electric Cooperative, Inc. under its Coordination Sales Tariff.

WTU seeks an effective date for both agreements of February 1, 1995, and, accordingly, seeks waiver of the Commission's notice requirements. WTU served copies of the filing on TU Electric, Cap Rock, the Public Utility Commission of Texas and all parties to this docket. A copy of the filing is also available for inspection at WTU's offices in Abilene, Texas.

*Comment date:* February 22, 1995, in accordance with Standard Paragraph E at the end of this notice.

**4. PacifiCorp**

[Docket No. ER95-527-000]

Take notice that on February 1, 1995, PacifiCorp, tendered for filing in
