Availability of the Record of Decision (ROD) for the Environmental Impact Statement (EIS) for Closure and Disposal of Sacramento Army Depot, California

AGENCY: Department of the Army, DOD.

ACTION: Notice of availability.

SUMMARY: In accordance with Public Law 101-510, the Defense Base Closure and Realignment Act of 1990, the 1991 Defense Base Closure and Realignment Commission recommended the closure of Sacramento Army Depot and transfer of depot missions to other installations/agencies. Maintenance missions would be competed to determine location of transfer. In accordance with the Act, the Secretary of Defense must implement all recommendations for closure or realignment. The EIS focuses on the environmental and socioeconomic impacts and mitigations associated with the disposal and reuse of Sacramento Army Depot.

No long-term adverse ecological or environmental health effects are expected due to this action. The increase in population anticipated by the reuse and disposal activities is expected to have a net positive impact on the local economy. The preferred alternative, prepared with the cooperation of the local community, is not expected to significantly impact environmental resources.

DATES: Written public comments and suggestions can be submitted on or before March 16, 1995 to the address shown below.

ADDRESSES: Copies of the ROD can be obtained by writing to the United States Army Corps of Engineers, Sacramento District, ATTN: CESPK-ED-M (ISS), 1325 J Street, Sacramento, California 95814-2922.

FOR FURTHER INFORMATION CONTACT: Mr. Wandell Carlton (916) 557-7424.

Department of the Navy

Notice of Public Hearings for the Draft Environmental Impact Statement for Disposal and Reuse of Naval Hospital Long Beach, Long Beach, CA.

Pursuant to Council on Environmental Quality regulations (40 CFR Parts 1500-1508) implementing procedural provisions of the National Environmental Policy Act, the Department of the Navy has prepared and filed with the U.S. Environmental Protection Agency a Draft Environmental Impact Statement (DEIS) for disposal and reuse of Naval Hospital Long Beach.

In accordance with legislative requirements in the 1990 Base Closure and Realignment Act (Public Law 101-510) and the results of the 1991 Defense Base Closure and Realignment process, Naval Hospital Long Beach, California was directed to be closed and made available for reuse. Navy has analyzed the environmental effects of reasonably foreseeable reuse alternatives of existing buildings and for redevelopment of the site. Five alternatives for potential reuse have been identified by the City of Long Beach and through an extensive scoping process: (1) The Los Angeles County Office of Education (LACOE); (2) a Senior Health Care facility; (3) an industrial park; (4) retail use; and (5) residential use. Alternatives (1) and (2) would rehabilitate existing structures and facilities; alternatives (3) (4) and (5) would require demolition of existing structures and subsequent site redevelopment.

The DEIS has been distributed to various federal, state, and local agencies, elected officials, and special interest groups. Copies of the DEIS have also been placed in local libraries. A limited number of copies are available at the address listed at the end of this notice.

No implementation of the proposed action will occur until the National Environmental Policy Act process has been completed and the Navy releases a Record of Decision.

The Department of the Navy will hold two public hearings to inform the public of the DEIS findings and to solicit comments. The first meeting will be held on Wednesday, March 1, 1995

beginning at 7:00 PM in the Long Beach City College (Liberal Arts Campus) Auditorium. Long Beach City College is located at 4901 East Carson Street in Long Beach, California. The auditorium is located on Harvey Way between Clark and Faculty Avenues. The second meeting will be held on Thursday, March 2, 1995 beginning at 7:00 p.m. in the Lakewood Civic Center, Weingart Ballroom. The Civic Center is located at 5000 Clark Ave, Lakewood, California. Both meetings will be bilingual with a Spanish interpreter present.

The public hearings will be conducted by the Navy. Federal, state, and local agencies and interested parties are invited and urged to be present or represented at the hearing. Oral statements will be heard and transcribed by a stenographer; however, to assure accuracy of the record, all statements should be submitted in writing. All statements, both oral and written, will become part of the public record and equal weight will be given to both oral and written statements.

In the interest of available time, each speaker will be asked to limit their oral comments to five minutes. If longer statements are to be presented, they should be summarized at the public hearing and submitted in writing either at the hearing or mailed to the address listed at the end of this announcement. All written statements must be postmarked by 20 March 1995, to become part of the official record.

Additional information concerning this notice may be obtained by contacting Ms. Jo Ellen Anderson (Code 232.JA), Southwest Division, Naval Facilities Engineering Command, 1220 Pacific Highway, San Diego, California 93132-5190, telephone (619) 532-3912.

Dated: February 9, 1995.

LT, JAGC, USNR, Alternate Federal Register Liaison Officer.
