National Oil and Hazardous Substances Contingency Plan; National Priorities List Update

AGENCY: Environmental Protection Agency.

ACTION: Notice of deletion of the Olmsted County Sanitary Landfill Superfund Site from the National Priorities List (NPL).

SUMMARY: The Environmental Protection Agency (EPA) announces the deletion of the Olmsted County Sanitary Landfill site in Minnesota from the National Priorities List (NPL). The NPL is Appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Contingency Plan (NCP), which EPA promulgated pursuant to Section 105 of the Comprehensive Environmental Response,

Compensation, and Liability Act of 1980 (CERCLA), as amended. EPA and the State of Minnesota have determined that all appropriate Fund-financed responses under CERCLA have been implemented and that no further response by responsible parties is appropriate. Moreover, EPA and the State of Minnesota have determined that remedial actions conducted at the site to date remain protective of public health, welfare, and the environment.

EFFECTIVE DATE: February 15, 1995.

A Notice of Intent to Delete for this site was published October 13, 1994 (59 FR 51933). The closing date for comments on the Notice of Intent to Delete was November 12, 1994. EPA received no comments and therefore has not prepared a Responsiveness Summary.

The EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund-) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL in the unlikely event that conditions at the site warrant such action. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 24

[PP Docket No. 93-253]

Implementation of Section 309(j) of the Communications Act—Competitive Bidding

AGENCY: Federal Communications Commission.

ACTION: Final rule; correction.

SUMMARY: This document contains corrections to the Federal Register document containing the synopsis of the *Fifth Memorandum Opinion and Order* in PP Docket 93-253, which was published December 7, 1994 (59 FR 63210). The Federal Register document contained regulations related to the broadband PCS auction rules.

EFFECTIVE DATE: February 6, 1995.

FOR FURTHER INFORMATION CONTACT: Sue McNeil (202) 418-0620.

SUPPLEMENTARY INFORMATION:

Background

The **Federal Register** summary that is the subject of these corrections sets forth rules designed to ensure that small businesses, rural telephone companies and businesses owned by minorities and women have the opportunity to compete for and obtain licenses for broadband personal communications services (broadband PCS) and to attract the investment capital needed to have meaningful involvement in building and managing this nation’s broadband PCS infrastructure.

Need for Correction

As published, the **Federal Register** document inadvertently omitted portions of rules which need to be inserted to avoid confusion. The omitted rule portions were contained in the original document as released by the Federal Communications Commission on November 23, 1994.

Correction of Publication

Accordingly, the publication on December 7, 1994 of the Federal Register final rule, FR Doc. 94-30075, is corrected as follows:

1. Section 24.720(l)(3) introductory text and examples on page 63237, columns is corrected to read as follows:
