Address for the Regional Docket Office is Jan Pfundheller (H-7J), U.S. EPA, Region V, 77 W. Jackson Blvd., Chicago, IL 60604, (312) 353-5821.

**SUPPLEMENTARY INFORMATION:** The site to be deleted from the NPL is: Boise Cascade/Onan Corp./Medtronics, Inc., Minnesota

A Notice of Intent to Delete for this site was published October 26, 1994 (59 FR 53773). The closing date for comments on the Notice of Intent to Delete was November 25, 1994. EPA received no comments and therefore has not prepared a Responsiveness Summary.

The EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund (Fund-) financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425(e)(3) of the NCP states that Fund-financed actions may be taken at sites deleted from the NPL in the unlikely event that conditions at the site warrant such action. Deletion of a site from the NPL does not affect responsible party liability or impede agency efforts to recover costs associated with response efforts.

**FEDERAL COMMUNICATIONS COMMISSION**

**47 CFR Part 24**

[PP Docket No. 93-253]

**Implementation of Section 309(j) of the Communications Act—Competitive Bidding**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; correction.

**SUMMARY:** This document contains corrections to the Federal Register document containing the synopsis of the *Fifth Memorandum Opinion and Order* in PP Docket 93-253, which was published December 7, 1994 (59 FR 63210). The Federal Register document contained regulations related to the broadband PCS auction rules.

**EFFECTIVE DATE:** February 6, 1995.

**FOR FURTHER INFORMATION CONTACT:** Sue McNeil (202) 418-0620.

**SUPPLEMENTARY INFORMATION:**

**Background**

The **Federal Register** summary that is the subject of these corrections sets forth rules designed to ensure that small businesses, rural telephone companies and businesses owned by minorities and women have the opportunity to compete for and obtain licenses for broadband personal communications services (broadband PCS) and to attract the investment capital needed to have meaningful involvement in building and managing this nation’s broadband PCS infrastructure.

**Need for Correction**

As published, the **Federal Register** document inadvertently omitted portions of rules which need to be inserted to avoid confusion. The omitted rule portions were contained in the original document as released by the Federal Communications Commission on November 23, 1994.

**Correction of Publication**

Accordingly, the publication on December 7, 1994 of the Federal Register final rule, FR Doc. 94-30075, is corrected as follows:

1. Section 24.720(l)(3) introductory text and examples on page 63237, columns is corrected to read as follows:

**§ 24.720 Definitions.**

\* \* \* \* \*

(1) *Affiliate.*

\* \* \* \* \*

(3) *Identity of interest between and among persons.* Affiliation can arise

between or among two or more persons with an identity of interest, such as members of the same family or persons with common investments. In determining if the applicant controls or is controlled by a concern, persons with an identity of interest will be treated as though they were one person.

*Example 1.* Two shareholders in Corporation Y each have attributable interests in the same PCS application. While neither shareholder has enough shares to individually control Corporation Y, together they have the power to control Corporation Y. The two shareholders with these common investments (or identity of interest) are treated as though they are one person and Corporation Y would be deemed an affiliate of the applicant.

*Example 2.* One shareholder in Corporation Y, shareholder A, has an attributable interest in a PCS

application. Another shareholder in Corporation Y, shareholder B, has a nonattributable interest in the same PCS application. While neither shareholder has enough shares to individually control Corporation Y, together they have the power to control Corporation Y. Through the common investment of shareholders A and B in the PCS application, Corporation Y would still be deemed an affiliate of the applicant.

\* \* \* \* \*

3. Section 24.720(o) on page 63238, column 3, corrected to read as follows:

**§ 24.720 Definitions.**

\* \* \* \* \*

(o) *Preexisting entity; Existing investor.* A *preexisting entity* is an entity that was operating and earning revenues for at least two years prior to December 31, 1994. An *existing investor* is a person or entity that was an owner of

record of a *preexisting entity's* equity as of November 10, 1994, and any person or entity acquiring *de minimus* equity holdings in a *preexisting entity* after that date.

**Note:** In applying the term *existing investor* to *de minimus* interests in preexisting entities obtained or increased after November 10, 1994, the Commission will scrutinize any significant restructuring of the preexisting entity that occurs after that date and will presume that any change of equity that is five percent or less of the preexisting entity's total equity is *de minimis*. The burden is on the applicant (or licensee) to demonstrate that changes that exceed five percent are not significant.

Federal Communications Commission.

**William F. Caton,**

*Secretary.*
