

Therefore, parties now seeking to file late interventions must show good cause, as required by § 385.214(b)(3), why this time limitation should be waived. Environmental issues have been viewed as good cause for late intervention. You do not need intervenor status to have your scoping comments considered.

Additional information about the proposed project is available from Ms. Jennifer Goggin, EA Project Manager, at (202) 208-2226.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. CP95-199-000]

Transcontinental Gas Pipe Line Corp.; Notice of Application

February 10, 1995.

Take notice that on February 7, 1995, Transcontinental Gas Pipe Line Corporation (TGPL), P.O. Box 1396, Houston, Texas 77251, filed in Docket No. CP95-199-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon a firm gas transportation service to Natural Gas Pipeline Company of America (NGPL), which was authorized in Docket No. CP76-007-000, all as more fully set forth in the application on file with the Commission and open to public inspection.

TGPL states that it seeks authorization to abandon TGPL's Rate Schedule X-75, effective as of April 29, 1995. TGPL states that NGPL no longer needs such service, and TGPL and NGPL have mutually agreed to terminate Rate Schedule X-75.

Any person desiring to be heard or to make any protest with reference to said application should on or before March 3, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for TGPL to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. ER95-342-000]

PacifiCorp; Notice of Filing

February 9, 1994.

Take notice that on January 23, 1995, Sierra Pacific Power Company, tendered for filing a Certificate of Concurrence in above-referenced docket.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before February 23, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

BILLING CODE 6717-01-M

[Docket No. MG88-51-008]

Transcontinental Gas Pipe Line Corp.; Notice of Filing

February 10, 1995.

Take notice that on January 31, 1995, Transcontinental Gas Pipe Line Company (Transco) filed a revised Code of Conduct pursuant to Order Nos. 566 and 566-A.¹ Transco states that the purpose of the filing is to reflect certain changes in accordance with Order Nos. 566 and 566-A.

Transco states that copies of this filing have been mailed to all parties to Docket No. MG88-51.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street NE., Washington, DC 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure 918 CFR 385.211 or 385.214). All such motions to intervene or protest should be filed on or before February 27, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

[Docket Nos. CP94-196-002; and CP94-197-002]

**Williams Natural Gas Company
Williams Gas Processing—Mid-Continent Region Co.; Notice of Filing**

February 10, 1995.

Take notice that on February 3, 1995, Williams Natural Gas Company (WNG), Post Office Box 3288, Tulsa, Oklahoma 74101, tendered for filing a default contract to comply with the Commission's December 22, 1994, Order in Docket No. CP94-196-000, all as more fully set forth in the filing which

¹ Standards of Conduct and Reporting Requirements for Transportation and Affiliate Transactions, Order No. 566, 59 FR 32885 (June 27, 1994), III FERC Stats. & Regs. ¶ 30,997 (June 17, 1994); Order No. 566-A, *order on rehearing*, 59 FR 52896 (October 20, 1994), 69 FERC ¶ 61,044 (October 14, 1994); Order No. 566-B, *order on rehearing*, 59 FR 65707, (December 21, 1994); 69 FERC ¶ 61,334 (December 14, 1994); *appeal docketed sub nom. Conoco, Inc. v. FERC*, D.C. Cir. No. 94-1745 (December 13, 1994).

is on file with the Commission and open to public inspection.

The Commission in its December 22, 1994 Order, required WNG and Williams Gas Processing—Mid-Continent Region Company (WGP-MCR) to file a "default contract" to provide a transitional mechanism for any existing shippers who had not negotiated an agreement with WGP-MCR for gathering services. WNG asserts that WGP-MCR has negotiated and executed agreements with shippers representing approximately 80 percent of the volumes currently being gathered by WNG on the subject facilities. WNG states that the default contract will be offered to shippers representing the remaining 20 percent of the current volumes.

WNG asserts that it currently has 88 gathering agreements. WNG states that WGP-MCR has consolidated the negotiated agreements so that the same shipper only needs one agreement to provide for gas gathered in multiple gathering areas. Therefore, WNG claims that WGP-MCR's 21 negotiated agreements will replace 28 WNG agreements. WNG also states that 17 agreements have been terminated effective January 31, 1995, because they have been inactive for a year and the shippers agreed to discontinue these inactive accounts. Finally, WNG states that the remaining 43 gathering agreements, representing 20 percent of the volumes, could be replaced by the default contract. WNG states that WGP-MCR has provided the remaining customers with drafts of the default contract for their review, recognizing that the contract will require the Commission's approval before execution. WNG claims that the remaining customers will still have the opportunity to negotiate an agreement tailored to their needs or, if the desire, to select the default option.

WNG states that the proposed default contract is consistent with the form of gathering agreement filed with the Commission in WNG's restructuring proceedings, Docket No. RS92-12-000, *et al.* WNG notes that, while it was not required to file the form of gathering agreement in the tariff, in the review process many of the provisions were expressly approved by the Commission. WNG states that the entire default contract is consistent with the Commission's requirements in those orders. WNG states there was one oversight, in that the provision that limits both parties' liability was not removed from the gathering agreements that were sent to potential shippers. WNG states that the oversight was not discovered until the recent review of the

agreements in preparation of this default contract filing. Therefore, WNG states that it will send to all gathering shippers offers to amend the current agreements to remove that provision as soon as possible. Finally, WNG states that WGP-MCR has removed the particular provision from the default contract.

WNG states that the default contract specifically sets out the applicable provisions of WNG's Tariff General Terms and Conditions. Additionally, WNG claims that the default contract contains language clarifications to make it more applicable to gathering and more understandable, but results in no substantive language changes to the applicable provisions. WNG states that WGP-MCR proposes to add four additional provisions to the general terms and conditions of the default contract, due to the differences between traditional interstate pipeline services and gathering services. WNG states that the four provisions are: (1) Pass-Through of Unforeseen Costs Imposed by Government, to allow for the pass through of unforeseen government-imposed charges in fees or costs; (2) Capacity Curtailment, curtailment based on a straight pro rata basis; (3) Other Pipeline Requirements, because the gathering systems will be connected to multiple transmission pipelines, shippers will be required to comply with downstream requirements including bearing the resulting penalties for failure to comply; (4) Nominations, provides that the gathering fee and fuel are based on confirmed nominations rather than on receipt point volumes and this is for the convenience of all the parties.

WNG states that the default contract's general terms and conditions contain WNG's tariff imbalance penalty provisions. However, WNG states that neither it nor WGP-MCR will double charge penalties for transactions across separate gathering and transmission facilities that currently qualify for a single penalty on WNG's system.

WNG claims that the default contract rates have been determined utilizing the currently effective WNG rate methodology for WNG's rate case, Docket No. RP93-109-000. WNG states that the rates are a result of applying the currently effective rate methodology to the WNG facilities which will be conveyed to WGP-MCR to provide gathering service. WNG also notes that since it has not received a final order in Docket No. RP93-109-000, the currently effective gathering rates are subject to refund and WGP-MCR will refund amounts to the default contract customers if the Commission makes such a requirement in its final order.

WNG states that the rate is subject to an escalator, which uses the Gross Domestic Product fixed Weighted Price Index as published by the U.S. Department of Commerce. WNG states that WGP-MCR has not included discount language in the default contract because there are no remaining shippers receiving a discounted gathering rate from WNG. WNG asserts that any customers receiving discounted gathering rates from WNG have negotiated agreements with WGP-MCR and will not be using the default contract.

Any person desiring to be heard or to make a protest with reference to said application should, on or before March 3, 1995, file with the Federal Energy Regulatory Commission (825 North Capitol Street NE., Washington, D.C. 20426) a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Lois D. Cashell,

Secretary.
