

vessels. The harbor site in Anchorage Bay would require a rubblemound breakwater to protect an approximately 5-acre moorage basin. The harbor site is between two small streams and a freshwater marsh. Potential harbor impacts for any alternative are long-term generation of harbor related pollutants and commitment of tidelands to harbor development that would modify the habitat in the harbor area. The rock quarry would not be specified.

ADDRESSES: Alaska District Corps of Engineers, ATTN: Chief, Environmental Resources Section, P.O. Box 898, Anchorage, Alaska 99506-0898.

FOR FURTHER INFORMATION CONTACT:

Mr. Guy R. McConnell or Ms. Lizette Boyer (907) 753-2637.

SUPPLEMENTARY INFORMATION: A previous draft and final Environmental Impact Statement was written for this project in 1987 (Federal Register Notice ERP No. F-COE-L39045-AK). A Record of Decision was not signed. A notice to the **Federal Register** was published on June 12, 1989 for preparation of a DSEIS to discuss additional project changes. The final supplemental EIS was not circulated because the project lost local funding.

The project has been re-initiated. In addition to presenting all the project alternative, an alternatives plan is being proposed for study. The new alternative, at the previously selected site, would reposition the breakwater to include wave protection from the south-southwest as well as from the west. The analysis would study the best location for an entrance channel and tideland fill staging areas. Approximately 264,000 cubic yards of predominately sand would be dredged from the harbor basin.

The DSEIS would analyze the new harbor alternative, all other alternatives as necessary, and update information. Much of the information contained in the previous EIS will be incorporated by reference. The final EIS will be made available. Scoping of the EIS will include continued coordination with interested local, State, and Federal agencies, and other interested parties. Scoping meetings are not planned at this time.

Anticipated subjects to be addressed include, but are not limited to: water quality, juvenile salmon and other fish movement through the harbor, tideland fill, wetlands, rock quarry issues, and measures to minimize adverse impacts.

The expected completion date of the DSEIS is spring 1995.

Kenneth L. Denton,

Army Federal Register Liaison Officer.

BILLING CODE 3710-NL-M

Defense Logistics Agency

Privacy Act of 1974; Computer Matching Program Between the Department of Transportation and the Defense Manpower Data Center of the Department of Defense

AGENCY: Defense Manpower Data Center, Defense Logistics Agency, Department of Defense.

ACTION: Notice of a computer matching program between the Department of Transportation (DOT) and the Department of Defense (DoD) for public comment.

SUMMARY: Subsection (e)(12) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a) requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The DoD, as the matching agency under the Privacy Act is hereby giving constructive notice in lieu of direct notice to the record subjects of a computer matching program between DOT and DoD that their records are being matched by computer. The record subjects are DOT delinquent debtors who may be current or former Federal employees receiving Federal salary or benefit payments and who are delinquent in their repayment of debts owed to the United States Government under programs administered by DOT so as to permit DOT to pursue and collect the debt by voluntary repayment or by administrative or salary offset procedures under the provisions of the Debt Collection Act of 1982.

DATES: This proposed action will become effective March 20, 1995, and the computer matching will proceed accordingly without further notice, unless comments are received which would result in a contrary determination or if the Office of Management and Budget or Congress objects thereto. Any public comment must be received before the effective date.

ADDRESSES: Any interested party may submit written comments to the Director, Defense Privacy Office, Crystal Mall 4, Room 920, 1941 Jefferson Davis Highway, Arlington, VA 22202-4502.

FOR FURTHER INFORMATION CONTACT: Mr. Aurelio Nepa, Jr. at telephone (703) 607-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the DMDC and DOT have concluded an agreement to conduct a computer matching program between the agencies. The purpose of the match is to exchange personal data between the agencies for debt collection. The match will yield the identity and location of the debtors within the Federal government so that DOT can pursue recoupment of the debt by voluntary payment or by administrative or salary offset procedures. Computer matching appeared to be the most efficient and effective manner to accomplish this task with the least amount of intrusion of personal privacy of the individuals concerned. It was therefore concluded and agreed upon that computer matching would be the best and least obtrusive manner and choice for accomplishing this requirement.

A copy of the computer matching agreement between DOT and DMDC is available upon request to the public. Requests should be submitted to the address caption above or to the Chief, Financial Asset Management Staff, Department of Transportation, 400 7th Street, SW, Room 9130, Washington, DC 20590. Telephone (202) 366-6100.

Set forth below is the notice of the establishment of a computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on computer matching published in the **Federal Register** at 54 FR 25818 on June 19, 1989.

The matching agreement, as required by 5 U.S.C. 552a(r) of the Privacy Act, and an advance copy of this notice was submitted on February 1, 1995, to the Committee on Government Operations of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated July 15, 1994 (59 FR 37906, July 25, 1994). The matching program is subject to review by OMB and Congress and shall not become effective until that review period has elapsed.

Dated: February 8, 1995.

Patricia L. Toppings,
Alternate OSD Federal Register Liaison
Officer, Department of Defense.

**Notice of a Computer Program
Between the Department of
Transportation and the Department of
Defense for Debt Collection**

A. Participating agencies:

Participants in this computer matching program are the Department of Transportation (DOT) and the Defense Manpower Data Center (DMDC) of the Department of Defense (DoD). The DOT is the source agency, i.e., the activity disclosing the records for the purpose of the match. The DMDC is the specific recipient activity or matching agency, i.e., the agency that actually performs the computer matching.

B. Purpose of the match: Upon the execution of an agreement, the DOT will provide and disclose debtor records to DMDC to identify and locate any matched Federal personnel, employed or retired, who may owe delinquent debts to the Federal Government under certain programs administered by the DOD. The DOT will use this information to initiate independent collection of those debts under the provisions of the Debt Collection Act of 1982 when voluntary payment is not forthcoming. These collection efforts will include requests by the DOT of any employing Federal agency to apply administrative and/or salary offset procedures until such time as the obligation is paid in full.

C. Authority for conducting the match: The legal authority for conducting the matching program is contained in the Debt Collection Act of 1982 (Pub. L. 97-365), 31 U.S.C. Chapter 37, Subchapter I (General) and Subchapter II (Claims of the United States Government), 31 U.S.C. 3711 Collection and Compromise, 31 U.S.C. 3716 Administrative Offset, 5 U.S.C. 5514 Installment Deduction for Indebtedness (Salary Offset); 10 U.S.C. 136, Assistant Secretaries of Defense, Appointment Powers and Duties; section 206 of Executive Order 11222; 4 CFR Ch. II, Federal Claims Collection Standards (General Accounting Office - Department of Justice); 5 CFR 550.1101 - 550.1108 Collection by Offset from Indebted Government Employees (OPM); 49 CFR part 92, Recovering Debt to the United States by Salary Offset (DOT).

D. Records to be matched: The systems of records maintained by the respective agencies under the Privacy

Act of 1974, as amended, 5 U.S.C. 552a, from which records will be disclosed for the purpose of this computer match are as follows:

The DOT will use personal data from the Privacy Act record system identified as DOT/ALL 10, entitled, 'Debt Collection File', last published in the **Federal Register** at 59 FR 54941 on November 2, 1994.

DMDC will use personal data from the record systems identified as S322.11 DMDC, entitled 'Federal Creditor Agency Debt Collection Data Base,' last published in the **Federal Register** on February 22, 1993, at 58 FR 10875.

Sections 5 and 10 of the Debt Collection Act (Pub.L. 97-365) authorize agencies to disclose information about debtors in order to effect salary or administrative offsets. Agencies must publish routine uses pursuant to subsection (b)(3) of the Privacy Act for those systems of records from which they intend to disclose this information. Sections 5 and 10 of the Debt Collection Act will comprise the necessary authority to meet the Privacy Act's 'compatibility' condition. The systems of records described above contain an appropriate routine use disclosure between the agencies of the information proposed in the match. The routine use provisions are compatible with the purpose for which the information was collected.

E. Description of computer matching program: The DOT, as the source agency, will provide DMDC with a magnetic computer tape which contains the names of delinquent debtors in programs the DOT administers. Upon receipt of the magnetic computer tape file of debtor accounts, DMDC will perform a computer match using all nine digits of the SSN of the DOT file against a DMDC computer database. The DMDC database, established under an interagency agreement between DOD, OPM, OMB, and the Department of the Treasury, consists of employment records of Federal employees and military members, active, and retired. Matching records ('hits'), based on the SSN, will produce the member's name, service or agency, category of employee, and current work or home address. The hits or matches will be furnished to the DOT. The DOT is responsible for verifying and determining that the data on the DMDC reply tape file are consistent with the DOT source file and for resolving any discrepancies or inconsistencies on an individual basis. The DOT will also be responsible for making final determinations as to positive identification, amount of

indebtedness and recovery efforts as a result of the match.

The magnetic computer tape provided by DOT will contain data elements of the debtor's name, Social Security Number, debtor status and debt balance, internal account numbers and the total amount owed on approximately 2,100 delinquent debtors.

The DMDC computer database file contains approximately 10 million records of active duty and retired military members, including the Reserve and Guard, and the OPM government wide Federal civilian records of current and retired Federal employees.

F. Inclusive dates of the matching program: This computer matching program is subject to review by the Office of Management and Budget and Congress. If no objections are raised by either, and the mandatory 30 day public notice period for comment has expired for this **Federal Register** notice with no significant adverse public comments in receipt resulting in a contrary determination, then this computer matching program becomes effective and the respective agencies may begin the exchange of data 30 days after the date of this published notice at a mutually agreeable time and will be repeated annually. Under no circumstances shall the matching program be implemented before the 30 day public notice period for comment has elapsed as this time period cannot be waived. By agreement between DOT and DMDC, the matching program will be in effect and continue for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the other by written request to terminate or modify the agreement.

G. Address for receipt of public comments or inquiries: Director, Defense Privacy Office, Crystal Mall 4, Room 920, 1941 Jefferson Davis Highway, Arlington, VA 22202-4502. Telephone (703) 607-2943.

DEPARTMENT OF EDUCATION

Proposed Information Collection Requests

AGENCY: Department of Education.

ACTION: Notice of proposed information collection requests.

SUMMARY: The Director, Information Resources Group, invites comments on proposed information collection requests as required by the Paperwork Reduction Act of 1980.
