Subject: 1995 Discount Rates for OMB Circular No. A-94

On October 29, 1992, OMB issued a revision to OMB Circular No. A-94, "Guidelines and Discount Rates for Benefit-Cost Analysis of Federal Programs." The revision established new discount rate guidelines for use in benefit-cost and other types of economic analysis.

The revised Circular specifies certain discount rates that will be updated annually when the interest rate and inflation assumptions in the budget are changed. These discount rates are found in Appendix C of the revised Circular. The attachment to this memorandum is an update of Appendix C. It provides discount rates that will be in

effect for the period March 1995 through February 1996.

The rates presented in Appendix C do not apply to regulatory analysis. They are to be used for lease-purchase and cost-effectiveness analysis, as specified in the Circular.

(Revised January 1995)

Discount Rates for Cost-Effectiveness, Lease Purchase, and Related Analyses

Effective Dates. This appendix is updated annually around the time of the President's budget submission to Congress. This version of the appendix is valid through the end of February, 1996. Copies of the updated appendix and the Circular can be obtained from the OMB Publications Office (202-395-7332). Updates of this appendix are also available upon request from the Office of Economic Policy (202-395-3381), as is a table of past years' rates.

Nominal Discount Rates. Nominal interest rates based on the economic assumptions from the budget are presented in the table below. These nominal rates are to be used for discounting nominal flows, as in lease-purchase analysis.

NOMINAL INTEREST RATES ON TREASURY NOTES AND BONDS OF SPECIFIED MATURITIES (IN PERCENT)

3-year	5-year	7-year	10-year	30-year
7.3	7.6	7.7	7.9	8.1

Analyses of programs with terms different from those presented above may use a linear interpolation. For example, a four-year project can be evaluated with a rate equal to the average of the three-year and five-year rates. Programs with durations longer than 30 years may use the 30-year interest rate.

Real Discount Rates. Real interest rates based on the economic assumptions from the budget are presented below. These real rates are to be used for discounting real (constant-dollar) flows, as in cost-effectiveness analysis.

REAL INTEREST RATES ON TREASURY NOTES AND BONDS OF SPECIFIED MATURITIES (IN PERCENT)

3-year	5-year	7-year	10-year	30-year
4.2	4.5	4.6	4.8	4.9

Analyses of programs with terms different from those presented above may use a linear interpolation. For example, a four-year project can be evaluated with a rate equal to the average of the three-year and five-year rates. Programs with durations longer than 30 years may use the 30-year interest rate.

ADDRESSES: Written comments should be submitted in triplicate and should refer to File No. 265-20. Comments should be submitted to Jonathan G. Katz, Secretary, Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549.

FOR FURTHER INFORMATION CONTACT: Meridith Mitchell, Special Counsel, Office of the General Counsel, at 202-942-0890; Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549.

SUPPLEMENTARY INFORMATION: In accordance with the requirements of the Federal Advisory Committee Act, 5 U.S.C. App., the Securities and Exchange Commission has directed publication of this notice that Chairman Arthur Levitt, with the concurrence of the other members of the Commission, intends to establish the "Securities and Exchange Commission Advisory Committee on the Capital Formation and Regulatory Processes." Chairman Levitt certifies that he has determined that the creation of the Committee is necessary and in the public interest.

The Committee's charter directs the Committee to assist the Commission in evaluating the efficiency and effectiveness of the regulatory process and the disclosure requirements relating to public offerings of securities, secondary market trading and corporate reporting, and in identifying and

developing means to minimize costs imposed by current regulatory programs, from the perspective of investors, issuers, the various market participants, and other interested persons and regulatory authorities.

To achieve the Committee's goals, members will be appointed that can represent effectively the varied interests affected by the range of issues to be considered. The Committee's membership may include, among others, persons who can represent investors, issuers, market participants, independent public accountants, regulators and the public at large. The Commission expects that the Committee's members will represent a variety of viewpoints and have varying experience, and that the Committee will be fairly balanced in terms of points of view, backgrounds and tasks. The Chairman of the Committee will be Commissioner Steven M.H. Wallman.

The Committee will conduct its operations in accordance with the provisions of the Federal Advisory Committee Act. The duties of the Committee will be solely advisory. Determinations of action to be taken and policy to be expressed with respect to matters upon which the Advisory Committee provides advice or recommendations shall be made solely by the Commission.

The Committee will meet at such intervals as are necessary to carry out its functions. It is expected that meetings of the full Committee generally will occur no more frequently than nine times; meetings of subgroups of the full Advisory Committee will likely occur more frequently. The Securities and Exchange Commission will provide necessary support services to the Committee.

The Committee will terminate at the end of one year from the date of its establishment unless, prior to such time, its charter is renewed in accordance with the Federal Advisory Committee Act, or unless the Chairman, with the concurrence of the other members of the Commission, determines that continuance of the Committee is no longer in the public interest.

Fifteen days after publication of this notice in the **Federal Register**, a copy of the charter of the Committee will be filed with the Chairman of the Commission, the Senate Committee on Banking, Housing, and Urban Affairs and the House Committee on Commerce. A copy of the charter will also be furnished to the Library of Congress and placed in the Commission's Public Reference Room for public inspection.

The purpose of this meeting will be to discuss general organizational matters, to plan the progression of the Committee's work, and to begin discussion of the effects of the current regulatory scheme on capital formation in the United States.

Dated: February 13, 1995.

By the Commission.
