Harold W. Becker,

Manager, Airspace—Rules and Aeronautical Information Division.

[FR Doc. 95-4073 Filed 2-16-95; 8:45 am]

BILLING CODE 4910-13-P

14 CFR Part 71

[Airspace Docket No. 94-AGL-34]

Modification of Class E Airspace; Williston, ND

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies the Class E airspace area at Sloulin Field International Airport, Williston, ND, to

accommodate existing Standard Instrument Approach Procedures (SIAPs) to the airport. The intended effect of this action is to provide segregation of aircraft using instrument approach procedures in instrument conditions from other aircraft operating in visual weather conditions.

EFFECTIVE DATE: 0901 UTC, May 25, 1995.

FOR FURTHER INFORMATION CONTACT:

Jeffrey L. Griffith, Air Traffic Division, System Management Branch, AGL-530, Federal Aviation Administration, 2300 East Devon Avenue, Des Plaines, Illinois 60018, telephone (708) 294-7568.

SUPPLEMENTARY INFORMATION:

History

On November 30, 1994, the FAA proposed to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) to modify the Class E airspace area at Williston, ND (59 FR 61301). Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA. No comments objecting to the proposal were received.

The coordinates for this airspace docket are based on North American Datum 83. Class E airspace designations are published in Paragraph 6002 of FAA Order 7400.9B dated July 18, 1994, and effective September 16, 1994, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to part 71 of the Federal Aviation Regulations modifies the Class E airspace area at Sloulin Field International Airport, Williston, ND, to accommodate existing SIAPs to the airport. The intended effect of this action is to provide segregation of aircraft using instrument approach procedures in instrument conditions from other aircraft operating in visual weather conditions.

Aeronautical maps and charts will reflect the defined area which will enable pilots to circumnavigate the area in order to comply with applicable visual flight rule requirements.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44

FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only effect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. app. 1348(a), 1354(a), 1510; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389; 49 U.S.C. 106(g); 14 CFR 11.69.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9B, Airspace Designations and Reporting Points, dated July 18, 1994, and effective September 16, 1994, is amended as follows:

Paragraph 6002 Class E airspace areas designated as a surface area for an airport.

* * * * *

AGL ND E2 Williston, ND [Revised]

Williston, Sloulin Field International Airport, ND
(Lat. 48°10'41" N., long. 103°38'32" W.)
Williston, VORTAC
(Lat. 48°15'12" N., long. 103°45'02" W.)

Within a 4.1-mile radius of the Sloulin Field International Airport, and within 1.6 miles each side of the Williston VORTAC 135° radial, extending from the 4.1-mile radius to 5.9 miles southeast of the airport, and within 1.8 miles each side of the 124° bearing from the airport, extending from the 4.1-mile radius to 5.6 miles southeast of the airport, and within 1.3 miles each side of the Williston VORTAC 137° and 317° radials, extending from the 4.1-mile radius to 6.3 miles northwest of the airport.

BILLING CODE 4910–13–M

14 CFR Part 71

[Airspace Docket No. 94–ANM–23]

Establishment of Class E Airspace; Wenatchee, WA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; Request for comments.

SUMMARY: This action establishes Class E airspace at Wenatchee, Washington. Establishment of a new instrument approach procedure requires additional controlled airspace for the procedure. The area will be depicted on aeronautical charts for pilot reference.

EFFECTIVE DATE: 0901 UTC, March 30, 1995. Comments must be received on or before March 15, 1995.

ADDRESSES: Send comments on the proposal in triplicate to: Manager, System, Management Branch, ANM–530, 1601 Lind Avenue SW., Renton, WA 98055–4056.

FOR FURTHER INFORMATION CONTACT: Ted Melland, System Management Branch, ANM–530, Federal Aviation Administration, Docket No. 94–ANM–23, 1601 Lind Avenue S.W., Renton, Washington, 98055–4056; telephone number: (206) 227–2536.

SUPPLEMENTARY INFORMATION:

History

On December 5, 1994, the FAA proposed to amend part 71 of Federal Aviation Regulations (14 CFR part 71) to establish Class E airspace area at Pangborn Memorial Airport, Wenatchee, Washington (59 FR 62365). Interested parties were invited to participate in the rulemaking proceeding by submitting written comments on the proposal. No comments were received. However, in the proposal one line was inadvertently omitted in the airspace description. The line has been inserted and comments are again solicited. After review of any comments and, if the FAA finds that further changes are appropriate, it will initiate rulemaking proceedings to extend the effective date or to amend the regulation.

Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in evaluating the effects of the rule, and in determining whether additional rulemaking is required. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the rule which might suggest the need to modify the rule.

The coordinates for this airspace docket are based on North American

Datum 83. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in Paragraph 6005 of FAA Order 7400.9B dated July 18, 1994, and effective September 16, 1994, which is incorporated by reference in 14 CFR 71.1. This action is necessary to accommodate a new instrument approach procedure at Pangborn Memorial Airport. The area will be depicted on aeronautical charts for pilot reference. The Class E airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to part 71 of Federal Aviation Regulations amends Class E airspace at Wenatchee, Washington. The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the FAA amends 14 CFR part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. app. 1348(a), 1354(a), 1510; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389; 49 U.S.C. 106(g); 14 CFR 11.69.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9B, Airspace Designations and Reporting Points, dated July 18, 1994, and effective September 16, 1994, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth
