BILLING CODE 4910-13-M

14 CFR Part 97

[Docket No. 28073; Amdt. No. 1650]

Standard Instrument Approach Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under

instrument flight rules at the affected airports.

DATES: An effective date for each SIAP is specified in the amendatory provisions.

Incorporation by reference approved by the Director of the Federal Register on December 31, 1980, and reapproved as of January 1, 1982.

ADDRESSES: Availability of matters incorporated by reference in the amendment is as follows:

For Examination

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which the affected airport is located; or

3. The Flight Inspection Area Office which originated the SIAP.

For Purchase

Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

By Subscription

Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT: Paul J. Best, Flight Procedures Standards Branch (AFS-420), Technical Programs Division, Flight Standards Service, Federal Aviation Administration, 800 Independence Avenue, SW., Washington, DC 20591; telephone (202) 267-8277.

SUPPLEMENTARY INFORMATION: This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description of each SIAP is contained in official FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Federal Aviation Regulations (FAR). The applicable FAA Forms are identified as FAA Forms 8260-3, 8260-4, and 8260-5. Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The

provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to part 97 is effective upon publication of each separate SIAP as contained in the transmittal. Some SIAP amendments may have been previously issued by the FAA in a National Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts. The circumstances which created the need for some SIAP amendments may require making them effective in less than 30 days. For the remaining SIAPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Approach Procedures (TERPS). In developing these SIAPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs and safety in air commerce, I find that notice and public procedure before adopting these SIAPs are unnecessary, impracticable, and contrary to the public interest and, where applicable, that good cause exists for making some SIAPs effective in less than 30 days.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

[Docket No. 950126028-5028-01]

RIN 0690-AA22

Testimony by Employees and the Production of Documents in Legal Proceedings

AGENCY: Office of the Secretary, Department of Commerce.

ACTION: Final rule.

SUMMARY: The Department of Commerce is revising its regulations which prescribes policies and procedures to be followed with respect to the testimony of Department employees regarding official matters, and the production of Department documents in legal proceedings. These regulations will

serve as a statement of policy and the amendments expand the scope of the existing regulations and provide for more comprehensive standards and guidelines for Department components, employees, former employees, other federal agencies, and the public in general regarding the appropriate procedures concerning testimony and the production of documents.

EFFECTIVE DATE: March 20, 1995.

FOR FURTHER INFORMATION CONTACT: M. Timothy Conner or Donald J. Reed, (202) 482-1067.

SUPPLEMENTARY INFORMATION: Section 301 of Title 5, United States Code, provides that the head of an Executive department may prescribe regulations for the custody, use and preservation of its records. The Supreme Court has upheld the ability of Federal agencies to establish procedures in section 301 regulations governing the production of records and testimony in legal proceedings in which the United States is not a party. *United States ex rel. Touhy v. Ragen*, 340 U. S. 462 (1951).

These rules establish Department of Commerce (DOC) policies and procedures applicable to the production of DOC documents and/or testimony by DOC employees in legal proceedings. Basically, the legal proceedings addressed in the rules are any administrative or judicial activities traditionally conducted within the executive or judicial branches of Federal, state, local or foreign governmental entities in which the United States: (i) Is not a party; (ii) is not represented; (iii) does not have a direct and substantial interest; and (iv) is not providing representation to an individual or entity that is a party.

Similarly, the rules will not cover activities that are not legal proceedings such as Congressional request for records or testimony, or requests for records under the Freedom of Information Act, 5 U.S.C. 552. In addition, the rules will not infringe upon or displace responsibilities committed to the Department of Justice in conducting litigation on behalf of the United States.

Finally, the rules will not remove the need to comply with any applicable confidentiality provisions such as the Privacy Act, The Freedom of Information Act or the Trade Secrets Act. In fact, if the requirements of confidentiality statutes or regulations are not met, records or testimony cannot be provided even where the requirements of these regulations are satisfied.

A notice of proposed rule making was published on September 9, 1994, (59 FR

46598). One comment was received regarding the standing of the individual or business entity, from whom the information was obtained, to contest its production or release. This comment did not require a modification in the final rule. The Department of Commerce's *Touhy* regulations cannot, in and of themselves, provide standing to third parties. *Touhy* regulations only provide a procedure whereby the agency can determine whether any evidentiary privileges or statutory requirements of privacy or confidentiality apply, or if there is any other legal basis for withholding information.

This rule has been determined to be "not significant" for purposes of Executive Order 12866.

The Assistant General Counsel for Legislation and Regulation certified to the Chief Counsel for Advocacy of the Small Business Administration that this rule would not have a significant economic impact on a substantial number of small entities. This is because the rule is established to facilitate the Department's safeguarding, control and preservation of its records, information, papers and property. As a result, a regulatory flexibility analysis was not prepared.
