

Supplemental Security Income (SSI) childhood disability benefits and to consider alternative criteria. The Commission is chaired by the Honorable Jim Slattery and consists of 14 members.

II. Agenda

At its second meeting, the Commission will:

- Review other federal programs for children with disabilities;
- Review the 1990 *Sullivan v. Zebley* Supreme Court decision and analyze its requirements;
- Consider issues that have arisen in the Social Security Administration's implementation of the Individual Functional Assessment (IFA) required by the *Zebley* decision;
- Consider profiles of children with several specific disabilities, including mild mental retardation and Attention Deficit Hyperactivity Disorder (ADHD).

The meeting is open to the public to the extent that space is available. Public officials, representatives of professional and advocacy organizations, concerned citizens, and Social Security and SSI recipients may submit written comments on the issues considered by the Commission. The Commission will not take public testimony at this meeting but will provide ample opportunity for interested individuals and organizations to address it orally at future meetings. Interpreter services for persons with hearing impairments will be provided.

A transcript of the meeting will be available at an at-cost basis. Transcripts may be ordered from the information contact shown above. The transcript and all written submissions will become part of the record of these meetings.

Dated: February 14, 1995.

Ron Sribnik,

Social Security Administration Regulations Officer.

BILLING CODE 4190-29-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Receipt of Application(s) for Permit

The following applicant has applied for a permit to conduct certain activities with endangered species. This notice is provided pursuant to Section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531, *et seq.*)

PRT-798900

Applicant: Andy G. Grubbs, P.O. Box 208, San Marcos, Texas 78667

The applicant requests a permit to include take activities for the Bee Creek Cave harvestman (*Texella redelli*) for the purpose of scientific research and enhancement of propagation and survival of the species as prescribed by Service recovery documents.

ADDRESSES: Written data or comments should be submitted to the Assistant Regional Director, Ecological Services, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, New Mexico 87103, and must be received by the Assistant Regional Director within 30 days for the date of this publication.

Documents and other information submitted with this application are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents to the above office within 30 days of the date of publication of this notice. (See **ADDRESSES** above.)

Susan MacMullin,

Acting Regional Director, Region 2, Albuquerque, New Mexico.

BILLING CODE 4310-55-M

Availability of an Environmental Assessment/Habitat Conservation Plan and Receipt of 16 Applications for Incidental Take Permits for Construction of 16 Single Family Residences on Foxtree Cove, Section 4, Block D, Jester Point 2, Austin, Travis County, Texas

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: Howard L. Burris, Jr. (Applicant) has applied to the Fish and Wildlife Service (Service) for 16 incidental take permits pursuant to section 10(a) of the Endangered Species Act (Act). The Applicant has been assigned Permit Numbers PRT-798286 and PRT-798288 through PRT-798302. The requested permits, which are for a period of 5 years, would authorize the incidental take of the endangered golden-cheeked warbler (*Dendroica chrysoparia*). The proposed take would occur as a result of the construction of 16 single family residences on Foxtree Cove, Section 4, Block D, Jester Point 2, Travis County, Texas

The Service has prepared the final Environmental Assessment/Habitat Conservation Plans (EA/HCP) for the

incidental take applications. A determination of jeopardy to the species or a Finding of No Significant Impact (FONSI) will not be made before 30 days from the date of publication of this notice. This notice is provided pursuant to Section 10(c) of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

DATES: Written comments on the applications and EA/HCP should be received on or before March 23, 1995.

ADDRESSES: Persons wishing to review the applications may obtain a copy by writing to the Assistant Regional Director, Ecological Services, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, New Mexico 87103. Persons wishing to review the EA/HCP(s) may obtain a copy by contacting Joseph E. Johnston, Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, Texas 78758 (512)/490-0063). Documents will be available for public inspection by written request, by appointment only, during normal business hours (8:00 to 4:00) at the Southwest Regional Office, Division of Endangered Species/Permits, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, New Mexico 87103, or the Ecological Services Field Office (9:00 to 4:30), U.S. Fish and Wildlife Service, 10711 Burnet Road, Suite 200, Austin, Texas 78758. Written data or comments concerning the applications should be submitted to the Acting Field Supervisor, Ecological Services Field Office, Austin, Texas (see **ADDRESSES** above). Please refer to Permit Numbers PRT-798286 and PRT-798288 through PRT-798302 when submitting comments.

FOR FURTHER INFORMATION CONTACT: Joseph E. Johnston at the above Austin Ecological Service Field Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the golden-cheeked warbler. However, the Service, under limited circumstances, may issue permits to take endangered wildlife species incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Howard L. Burris, Jr. plans to construct single family residences on 16 lots on Foxtree Cove, Section 4, Block D, Jester Point 2 Subdivision, Travis County, Texas. This action will eliminate less than one-half acre of and indirectly impact less than one additional acre of golden-cheeked warbler habitat per residence. The applicant proposes to compensate for this incidental take of golden-cheeked warbler habitat by placing \$1,500 for

each permit application into the City of Austin Balcones Canyonlands Conservation Fund to acquire/manage lands for the conservation of the golden-cheeked warbler.

Alternatives to this action were rejected because selling or not developing the subject property with federally listed species present was not economically feasible.

James A. Young,

*Acting Regional Director, Region 2,
Albuquerque, New Mexico.*

BILLING CODE 4310-55-M

North American Wetlands Conservation Council; Availability of Document

AGENCY: Fish and Wildlife Service, Department of the Interior.

ACTION: Notice of availability.

SUMMARY: This notice advises the public that a final document, U.S. Grant Application Instructions Package For Funding Consideration Through the North American Wetlands Conservation Council Under Authority of North American Wetlands Conservation Act, is available.

DATES: Proposals may be submitted at any time. FY 1996 proposals will be accepted through August 4, 1995.

ADDRESSES: Copies of this document can be obtained by contacting the U.S. Fish and Wildlife Service, Publications Unit, Mail Stop 130 Webb, 4401 N. Fairfax Drive, Arlington, VA 22203 during normal business hours (7:45 am-4:15 pm) in writing or by phone (703) 358-1711.

FOR FURTHER INFORMATION CONTACT: Dr. Robert Streeter, Coordinator, North American Wetlands Conservation Council at (703) 358-1784.

SUPPLEMENTARY INFORMATION: This document provides the schedules, review criteria, definitions, description of information required in the proposal, and a format for proposals submitted for Fiscal Year 1996 funding. This document was prepared to comply with the "North American Wetlands Conservation Act." the Act established a North American Wetlands Conservation Council. This Federal-State-Private body annually recommends wetland acquisition, restoration, and enhancement conservation projects to the Migratory Bird Conservation Commission. These project recommendations will be selected from proposals made in accordance with this document. Proposals from State and private

sponsors require a minimum of 50 percent non-Federal matching funds.

Dated: January 17, 1995.

Mollie H. Beattie,

Director, Fish and Wildlife Service.

Bureau of Land Management

[NV-055-1150-00, 5-0151-LM]

Caliente Management Framework Plan Desert Tortoise Amendment

AGENCY: Bureau to Land Management, Interior.

ACTION: Notice to Extend Scoping Period.

SUMMARY: The Bureau of Land Management (BLM) is extending the public scoping period for the proposal to amend the Caliente Management Framework Plan to implement the U.S. Fish and Wildlife Service Desert Tortoise (Mojave Population) Recovery Plan, from February 17, 1995 to March 7, 1995.

DATES: The 30-day scoping period for public comment on the desert tortoise amendment is extended. Written comments must be submitted and postmarked no later than Tuesday, March 7, 1995.

ADDRESSES: Written comments should be addressed to: Curtis G. Tucker, Area Manager, Caliente Resource Area, P.O. Box 237, Caliente, Nevada, 89126.

FOR FURTHER INFORMATION CONTACT: Kyle Teel, Wildlife Biologist, at the above address or telephone 702-726-8100.

SUPPLEMENTARY INFORMATION: On January 30, 1995, notice was published to initiate a 30-day public scoping period on the subject amendment. The closing date for scoping is extended from February 17, 1995 to March 7, 1995. The 30-day public scoping period is being conducted to give the public opportunity to comment on the proposal to amend the Caliente Management Framework Plan for implementing the U.S. Fish and Wildlife Service Desert Tortoise (Mojave Population) Recovery Plan.

Federal, state and local agencies, and other individuals or organizations who are interested in/or affected by aspects of amending the Caliente Management Framework Plan to implement the desert tortoise recovery plan, are invited to participate in this planning process.

Dated: February 13, 1995.

Thomas V. Leshendok,

Acting State Director, Nevada.

[NV-010-1100-00]

Notice of Availability of the Wells Resource Management Plan Proposed Elk Amendment and Environment Assessment

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Wells Resource Management Plan Proposed Elk Amendment and Environmental Assessment is available to the public for a 30-day review and protest period. The proposed amendment analyzes the impacts of several alternatives for managing elk in the BLM's Wells Resource Area, Elko County, Nevada. **DATES:** A 30-day protest period begins on February 23, 1995. Any protests on the proposed plan amendment must be postmarked no later than March 24, 1995.

ADDRESSES: Protests must be filed with the Director, Bureau of Land Management, Resource Planning Team (WO-480), P.O. Box 65775, Washington, D.C. 20035.

Copies of the proposed amendment may be obtained by writing to: Wells Resource Area, Bureau of Land Management, P.O. Box 831, Elko, Nevada, 89803. Copies may also be picked up in person at the Elko District Office, 3900 E. Idaho Street, Elko, Nevada.

FOR FURTHER INFORMATION CONTACT: Bill Baker, Wells Resource Area Manager, at the above Elko, Nevada address or telephone (702) 753-0200.

SUPPLEMENTARY INFORMATION: Through a review of elk habitat management in the Wells Resource Area, it was determined that elk numbers and habitat use areas are expanding from those identified in the Wells Resource Management Plan Record of Decision, approved July 16, 1985. Elk are recognized as highly adaptable creatures and during recent years have pioneered from the Pilot Mountain Management Area, northwest Utah, and southern Idaho to adjacent previously unoccupied habitats in the Wells Resource Area.

The purpose of this amendment is to establish elk habitat management areas, identify habitat requirements and specific management objectives and practices, establish target elk population management levels, develop factors for
